

Sweet Wife 1841

### **Chapter 1841: was about to be repaid**

And now, she had been beaten back to her original state. What else could she have left to support?

No one in this world owed her anything?

But she owed a bunch of people. Otherwise, she wouldn't have used the rest of her life to repay them?

The injustice, the sharpness, and the dissatisfaction were all given to ye Jianguo, the only person in this world who might have loved her.

Sun Yuhan clenched her hands so hard that they almost penetrated her palms.

"Don't tell me that he's good to me." Sun Yuhan gripped the table so hard that her nails almost broke, "If he's really good to me, why didn't he save me? Why did he put me in prison? He's just a hypocrite and disgusting. He can even smash his own daughter's ashes. What good could he be?"

Fortunately, ye Jianguo was not here right now.

Fortunately, he did not hear this sentence.

Fortunately, he did not know about this matter

Otherwise, he would either be so angry that he vomited blood, or he would be directly angered to death here.

If there was no blood, there was no blood. If there was no blood, there was not even a word of gratitude?

Lu Yi placed his hands on the table. His gaze was always calm, and it was impossible to peek into the depths of his heart. He was like an ancient well, seemingly lifeless, but in fact, he was very deep inside.

"Where's That Thing?" He suddenly opened his mouth, and the words that came out of his mouth also made Sun Yuhan stunned.

"Thing, What Thing?"

"You don't have to play dumb with me here." Lu Yi's voice was still cold, but it was only directed at Sun Yuhan.

"The thing that you exchanged the cake from my car, it belongs to My Huanhuan." As he spoke, the fear and fear in Sun Yuhan's eyes were reflected in his dark eyes.

"Ye Jianguo doesn't know, but I do. Otherwise, do you think you can safely go to jail?" Of course, he wouldn't tell ye Jianguo about this because Yan Huan wouldn't acknowledge him. He knew Yan Huan's character too well, she had hurt her so much, so how could she acknowledge him, even if he was her biological grandfather.

Sun Yuhan lowered her head and clenched her fingers tightly. Even her left and right hands were hurting her.

“Give it to me.” Lu Yi sat up straight again. “You have no choice.”

Sun Yuhan raised her face and gave a strange smile.

“I’m already like this. It doesn’t matter if I give it to you or not. I’ll still be in prison for the rest of my life.”

“Or...” she showed her white teeth. “You want to let me out?”

“Fine, let me out now. I’ll give it to you right away.”

Lu Yi didn’t agree, nor did he say no. He just looked at Sun Shihan in silence, while Sun Yuhan turned her face away first. Compared to Lu Yi’s personality, she was still too young, and she was far from being Lu Yi’s opponent.

“Let You Out?” Lu Yi repeated these words indifferently.

“Are you sure?”

“Why wouldn’t I Be Sure?” Sun Yuhan’s expression was a little frantic, and her voice was also shrill. Only a fool would be willing to stay here.

“Here, you can live.”

Lu Yi leaned his back against her. “If you go out, you’ll die very quickly. You Don’t have any friends, you only have enemies.”

Sun Yuhan was stunned, and even the smile on her face froze.

That’s right, that’s right. Ye Jianguo used to value her as his granddaughter, and now he hated her as much as he did. Therefore, instead of going out and not knowing if she was dead or alive, she could at least stay alive in prison, even if she was struggling to survive.

Did she want to die? No, of course she didn’t want to die. Who Didn’t want to live? Who wanted to die? Even if she lived like a dog, she still wanted to live.

She was still afraid of death. She was also very afraid of death.

“Those things...” she suddenly had an ugly expression on her face.

“I’ve already burned them. I’ve torn them up. There’s nothing left.”

“Haha... Haha...”

She laughed sinisterly.

She would never give them those things. He would never give those things to them.

She would never let Yan Huan have a good life. She wanted to destroy Yan Huan’s last thoughts. Yan Huan would never be able to find out about the things that ye Rong left behind. He would never be able to find out about his own background.

And who was she?

“Haha, Haha...” she laughed along the way. It was strange, terrifying, and even more disgusting.

She pulled on one of her legs and returned to the place where she used to live. There was no time to change the breathing of the female prisoners in the small window. A toilet bowl was placed there, she also heard the sound of someone using the toilet.

After a while, there was the sound of farts, followed by a stench. This was the place where she would live in her next life. Her life would be spent in this iron window.

The women inside were walking around. Some were new, some were out, and some were dead.

The day before yesterday, there was an executioner who saw the woman crying. She did not speak, and no one came to see her for the last time. She had a good meal, changed into her old clothes, and put on makeup, she wanted to look better after she died.

At night, Sun Yuhan had a dream. She dreamed that she had become that woman. She also dreamed about the food that was obviously very good, but she had never thought about it.

She put on lipstick and her branded clothes. She changed into high heels. Her short legs had grown long. She had become the eldest daughter of the Ye family. She could have whatever she wanted?

Luxury cars, luxury goods, and traveling abroad. This was how her life should be.

She stepped on her high heels and walked forward with her chest puffed out.

Suddenly, a fruit knife with a long handle was pressed against her chest.

Sun Yuhan, you have eaten and drunk. Now You are ready to go on the road. In your next life, remember to invest in a wealthy family. Even if you don't have to use an imposter, you will still be a daughter of a rich family.

“You finally have to pay back what you owe others. In this life, you can use your life to pay back.”

As she said this, the sharp knife had already pierced into her chest.

Suddenly, she sat up. Her face was pale and she was covered in cold sweat. From time to time, the sound of female prisoners talking in their sleep could be heard. There was also the sound of people farting and grinding their teeth.

There were all kinds of smells in there. It was extremely unpleasant. Only from the top of the wall, there was some light coming from the small window. It also prevented her from being blind.

She lay down again.

There was only a simple wooden bed on her back. On the wooden board, there was only a mat. On the mat, there was a pillow and a thin quilt. It was unknown who was talking, but there was also the sound of scratching her skin.

There seemed to be some more skin fragments in the air. It was very disgusting.

This was really not a place for people to live. Didn't they say that they would get used to it after a long time? Didn't they say that they would get used to it after a long time? Didn't they say that they would get used to it after a long time?

But why did she feel that she might not be able to get used to it in her lifetime? It was because she would never forget how rich she was and how she spent money like water.

### **Chapter 1842: thought**

The same clothes, but different colors, she could take them all.

The same shoes, but different, she would take them all at once.

She no longer looked at the money, she did not look at anything, she lived like a queen, but now she was worse than a beggar, at least, the beggar could still see the sun from time to time.

And all she could see was this small window.

And there was not much light coming out of that small window.

What else could she do now? What else did she want to do? She would never be able to get out. How long could her hands be before she could reach out?

"Why? She didn't say anything, but why didn't she say anything?" Lei Qingyi hugged her arm. "Does she still want to keep this secret until she dies?"

"She's just unwilling. She doesn't want others to become the Ye family's granddaughter."

Lu Yi said indifferently. They Knew What Sun Yuhan was thinking.

"PFFT..." lei qingyi laughed. "Does she really think that everyone wants to be the Ye family's granddaughter? Does she really think that everyone wants to be a member of the Ye Family?"

Yan Huan was good at making money. She had her own dazzling jewels. She was already famous. Just the endorsement fee alone was enough for others to eat for their entire lives. She herself had a net worth of several billion.

She would not want the Ye family, and neither would Lu Yi.

The Lu family would not want it either. If they really wanted it, they would not have returned the Ye family's airport back then. They could have taken it for themselves.

Lu Yi wanted those things back, not because they could make Yan Huan the granddaughter of the Ye family.

It was only because they were the most important things that Yan Huan's mother had left for him.

It was also the last thing that she had left for Yan Huan. The things that might be revealed were Yan Huan's background, and the truth about Ye Rong running away from home. Or perhaps, there was something else here?

So they had to find these things.

But where would Sun Yuhan put these things?

Or was it really destroyed.

No, Lu Yi felt that Sun Yuhan wouldn't. That kind of woman would definitely leave these things behind. The more careful she was, the more she didn't dare to touch these things.

His intuition told him that these things were still there, and he trusted his intuition.

But where did he neglect? He placed his hand on his forehead and couldn't figure it out.

When he went back at night, he just opened the door and saw that Xun Xun was actually at home. The moment she saw her father, she ran towards him with her short legs.

"Shuai Shuai, Xun Xun is back."

Lu Yi put down the things in his hands and picked up his daughter with one hand.

"My Baby is back."

"MHM." Xun Xun stuck her little face to her father's face. She loved seeing her father.

"Ba Ba, Xun Xun loves Ba Ba the most."

Only now did Lu Yi know why he yibin and Lei Qingyi were always envious of him having a little cotton-padded jacket. Xiao Qi and Xiao Guang at home were very quiet, even though they were close to their father, however, they did not like to act coquettishly. On the contrary, they were very precocious, so much so that everyone treated them like big children and did not hug them much. However, Xun Xun could not do it. She was a little spoiled brat who loved to be hugged and also loved to act coquettishly, her entire person was soft and cute. Even the most heartless person could not help but become heartbroken in front of her.

Lu Yi reached out and gently pinched his daughter's little face.

Oh, she had gained weight

She had gained weight. Her little face was chubby and her eyes were round and bright, just like a small ball made of white flour.

"Ba Ba, can you play games with Xun Xun?"

Xun Xun tugged at her father's sleeve. Her little baby voice was really cute.

"Sure." Lu Yi put his daughter down and squatted down in front of her.

"What game do you want to play?"

Xun Xun rolled her eyes. "Shall we play hide-and-seek? Xun Xun, be a cat."

"Okay," Lu Yi promised his daughter and then closed his eyes.

Xun Xun hurriedly looked for a place to hide, but she was too young to be so calculative. She directly hid on the sofa.

“Is the treasure safe?” Lu Yi couldn’t help but laugh. A child was still a child. How much thought could she have? Just from the sound of her footsteps, he knew where the little fellow was hiding.

“Daddy, Xun Xun has already hidden.”

Just like that, she still had to expose her little target.

Yan Huan was still busy in the kitchen. Soon, she heard her daughter’s laughter. She and her father were having a good time.

However, after filming this scene, she had probably seen a lot of people, so her personality was a little livelier than before. She felt that she should still bring Xun Xun to the set. Xun Xun was very clingy with her family, but of course, she was also timid, she didn’t like to talk to outsiders.

This time, it was obvious that she was a lot braver.

Outside, Lu Yi was playing with his daughter. Suddenly, a light seemed to flash across his mind.

His eyes flashed as he thought of something?

However, he still played with his daughter. When she was tired, he would watch cartoons with her.

After they finished eating, Xun Xun rubbed her eyes and was about to sleep.

After Xun Xun fell asleep, Lu Yi walked to the door and changed into his shoes.

“You’re going out?” Yan Huan yawned sleepily. “What’s wrong? Didn’t you just come back and you’re going out?”

“Mm, you go to sleep first. I’ll be out in a while. I need to go out and take care of some things.”

Alright then. Yan Huan was very sleepy. She couldn’t even open her eyes. Not long after she laid her head on the pillow, she fell asleep. She hugged Xun Xun in her arms. The features of the mother and daughter were very similar. Even the curvature of their eyelashes.., were almost exactly the same.

Lu Yi couldn’t help but fold the blanket over and pull it up for them.

He then touched his daughter’s little face.

“Everyone says that you’re like a mother, but in fact, you’re more like a grandmother.”

“Your grandmother should be happy because she has a little granddaughter who looks so much like her.”

He walked out again and took out his car keys from the table. He remembered that there was a place where Sun Yuhan went the last time. According to Sun Yuhan’s personality at that time, she couldn’t go to that kind of place.., it wasn’t a high-class or luxurious residential area, and there must be a reason for her to appear there.

And he wanted to go over and take a look.

He drove straight there. As for the door lock, he found a locksmith and directly opened it. Lei Qingyi was very good at this, so she didn't need to explain anything to others?

After the locksmith opened the lock, Lu Yi pushed the door open.

With a click, the door opened. There was a small house inside. This should be the room Sun Yuhan used to live in, but it hadn't been there for a long time. When the door opened, there was a strong smell of dust, it could be seen that no one had been here for a long time, and no one had entered.

### **Chapter 1843: He had found**

Lu Yi fanned the air in front of him. The air was filled with the smell of dust. After a while, the air felt a little better. He walked in and stood beside the bookcase, he pulled the drawer above the bookcase. The drawer was locked and he did not have a key. He took a step back and kicked the cabinet with his foot. There was no expression on his face.

When the drawer was almost broken by his kick, the lock of the drawer was also broken by his kick.

He walked forward and pulled the drawer out. There were some things in the drawer and he picked them up.

There were photos inside.

He finally revealed a relaxed smile. That's right, these were the photos. When his Huanhuan was young, she really looked like xunxun. However, the more she grew up, the more she did not look like xunxun.

These were all very precious to Yan Huan. She thought that she didn't leave behind a single photo, but she was wrong. Every year on her birthday, she would take photos, and her mother had saved all these for her.

Sun Yuhan said that she tore them up, but it was unknown if she didn't forget them or if she didn't make it in time. In any case, she only left behind these, as for those that were torn up.

Lu Yi walked over to the rubbish bin. Sure enough, he found some waste paper and the like inside. He squatted down and picked up a shard from inside. It should be a photo and some paper with words written on it, but they were all torn up.

He picked up another shard of paper with words written on it. The handwriting on it was very delicate. This should be ye Rong's handwriting.

Lu Yi did not know what was written on it. Was it Yan Huan's background or something else? But no matter what it was, these were all left behind by Ye Rong for her daughter. It was also possible to uncover the secrets of Yan Huan, as well as the secrets that had been hidden for decades.

Why did ye Rong run away from home?

What happened to her back then?

Who Was Huanhuan's father?

Later on, she would rather stay in the outside world. Even when there was Huanhuan, she was unwilling to return to the ye family. She was even unwilling to leave behind a photo of herself, even on the tombstone.

He emptied the trash can. Other than a few fragments of the photo, there were also fragments of the letter. He carefully brought them back.

Yan Huan had stayed for two days after bringing Xun Xun back. Old Master Lu missed his granddaughter and insisted on meeting her.

After meeting her, Yan Huan still had to go out of town to film with Xun Xun.

Old Master Lu was filled with regret. Why did he let his granddaughter go to film? He could see her every day, but now he could only see her through a video.

He went for ten days to half a month. He wanted to fly there. What could an old man like him do? was he treated like a monkey? Even though he could be considered to have been on television, even though.., he also had Weibo and many fans. However, he did not fit in with that place. Even if he wanted to go, he could not.

Besides, filming was good for Xunfang. She had to meet many people every day, and Xunfang was very popular there. Her personality was much livelier than before, and she used to be quite quiet, now, she would chat with great-grandfather about what happened on the set. who pinched her little face, who liked to hug her, and even rode her like a horse.

Although Old Master Lu was very unwilling to part with his little great-granddaughter, he hoped that Xun Xun's personality would be more cheerful and she would like to talk more.

In the end, he could only send his little granddaughter to film with exaggerated tears.

"Grandfather, we'll be back in half a month."

Yan Huan really felt that old master Lu's expression was a little too exaggerated. It was not like he would never come back. He was already so old, yet he was still crying so much. What did it look like.

"What do you know?"

"Go, leave now."

Old Master Lu was so angry that he was about to bite someone. If he didn't leave now, could it be that he would really have to cry again later?

Alright, Yan Huan hurriedly carried Xun Xun and left. They still had to rush over to film. When the filming was over, her family's Little Xun Xun might really become a small celebrity. As expected, she was the one who gave birth to her.

She had inherited her acting skills. Now that she was a small actress, she would definitely be better than her in the future. Of course, this was only possible if Xun Xun liked this kind of life.

Their plane had already taken off. This time, it would take at least half a month before they could return home.

Lu Yi supported old master Lu and brought him back.

“The one you married is not bad.”

Although Old Master Lu was still in front of Yan Huan, his eyes were not his eyes, his nose was not his nose, and of course, he did not praise her at all, but he was already very satisfied with Yan Huan in his heart.

Not to mention his status, he really did have a prosperous family.

And there was only his favorite Little Xun.

“If you say it in front of her, she should be even happier.”

Lu Yi helped the old man sit down. Of course, his words were very direct. He knew that the old man was desperate for face.

The Lu father and son glared at their grandson.

“Would I say something like that?”

He was so old, yet he had such an old face. Could it be that he would lose it in front of the younger generation.

Lu Yi did not continue. Otherwise, it was possible that the old man would drag out countless old stories.

After Lu Yi returned to the residence, he took out a bag of things from a drawer. He found these things at Sun Yuhan’s place. They were the last things that Yan Huan’s mother left for Yan Huan.

He did not sleep for most of the night. It took him almost five days. He had finally pieced together the photos and letters. There were more than a dozen photos that had been torn apart. After piecing them together, he would find a professional to repair them, this way, when Yan Huan got his hands on them, they would be complete photos. The things that her mother had left behind for her would also be returned to their original owners.

As for the letters, he carefully put the letters back together on the table and read them one by one. The more he read, the more his brows furrowed. When he finished reading the last sentence, his expression was still calm, however, his heart was already in turmoil.

He sneered. So that’s how it was. So that’s how it was. He understood. He understood everything.

And the side of his face became gloomy once again.

Yan Huan’s disappearance last time was indeed related to the Su family.

If that was really the case, how long had these people schemed against Yan Huan and his daughter.

He carefully folded the letter and placed it in the safe at home. He stood up and prepared to go out and get someone to take care of those photos. When Yan Huan returned, he would give her a small surprise, and this surprise, he believed that Yan Huan would definitely like it.

As for the contents of the letter, he had yet to decide whether he should say it or not. However, he thought that it would be just like that letter. He would treat it as if it had been torn up. He believed that his little aunt would do the same.

#### **Chapter 1844: Was stimulated**

Such an outcome would be a form of injury to Yan Huan. Therefore, he would not say anything and just pretend that he did not know.

Yan Huan would never know that she had a grandfather, and that grandfather was none other than ye Jianguo, who had repeatedly harmed her.

Of course, there was also that one who almost killed her father with his own hands.

Yan Huan returned half a month later. When Lu Yi arrived at the airport, he saw Yan Huan pushing the luggage while Xun Xun sat obediently on the luggage. The little girl with red lips and white teeth was exceptionally beautiful, there were also many people who were taking pictures of Xun Xun with their cell phones. Xun Xun was a cold and aloof little princess. Her little hands were holding onto the luggage. Her little face was flat, but her pink little face., her chubby little hands and calves were still very cute.

“Pull pull pull...”Xun Xun’s eyes suddenly lit up. She had also seen Lu Yi. She stretched out her little hand and shook it vigorously at Lu Yi. Yan Huan stopped the luggage cart and let her go down on her own.

Xun Xun carefully climbed down from the luggage cart and ran towards Lu Yi. Her little arms and calves, although not too fat, had been out for a few months. The people in the production crew were feeding her mouthful by mouthful., finally, some meat had grown out.

Lu Yi carried his daughter up and pinched her little face.

“Did Xun Xun eat her food obediently?”

“Yes.”Xun Xun nodded her little head vigorously and stretched out her two little fingers. “Xun Xun eats two bowls of rice every day. Mother gave all the meat to Xun Xun, and Xun Xun also eats it.”

Yan Huan turned her face away. Actually, it was quite awkward.

She was really a rather heartless mother. Her daughter was so young, yet she knew how to trick her. She was clearly the one who didn’t want to eat meat, so she forced Xun Xun to eat it. Xun Xun was very obedient and very obedient to her mother, even though., she didn’t really like to eat meat, but her mother fed her, so she ate it. In fact, she really didn’t know that she was tricked by her mother.

Lu Yi held his daughter in one hand and pushed his luggage with the other. Xunxun was quite talkative after filming. She kept telling her father what she had done in her little baby voice. There were many little brothers and sisters on set., those uncles and aunts always liked to pinch her little face or something. At the end of the day, her poor little face was going to be pinched until it was red.

As she spoke, she even cupped her little face. Her little mouth was pursed and her eyes were misty. She was so adorable.

“My baby is so cute, so everyone likes you.” Lu Yi used his forehead to gently knock his daughter’s little head. In the past, he did not feel anything, but the photos that were placed at home now made him feel even more.., xun Xun really looked like Yan Huan when she was young. However, Yan Huan’s appearance was a little cold, and Xun Xun was cute. In the future, she would become a beautiful woman like her mother. Of course, she would also be warmer than her mother.., because his daughter had dimples.

By the time they returned home, there were already a lot of people at home. Old Master Lu, Lu Jin, Ye Shuyun, and the Lei family. Little Leizi also tiptoed from time to time. This depended on his sister.., it had been a long time since he had seen his younger sister. Now, he missed her so much.

And there was one more person among these people, which surprised Yan Huan quite a bit. This person was none other than ye Chuji.

“Xun Xun is here. Come and let uncle give her a good hug.” Ye Chuji directly took a step forward and hugged Xun Xun in his arms. When he saw Xun Xun’s small face grow a little, it also looked more and more like his younger sister when she was young.

Yes, that’s right. That’s right. This was his younger sister’s daughter. She was also his younger sister’s granddaughter.

Younger sister, did you see that? Your Daughter is married and she has a daughter. She really looks like you.

His eyes suddenly turned hot, as if they were about to burst into tears. However, a pair of hands quickly carried xunxun away.

He looked at his empty fingers and could not react for a long time.

When he turned around, he saw Old Master Lu hugging his little granddaughter as if he was guarding against a thief. He was guarding against ye Chuji, and his gaze was as if ye Chuji was a criminal who stole a child from somewhere.

“Who allowed you to carry my family’s Xun Xun?” Old Master Lu pressed Xun Xun’s little head into his arms, then pointed at ye Chuji’s nose and cursed, “I’m warning you, your ye family members are not allowed to touch my family’s Xun Xun.”

With that, he stood up and led his guards back to the Lu family. He felt that it was too dangerous to leave Xun Xun in the Liuyuan Garden. There were wolves in there, he would have snatched his family’s Xun Xun away just thinking about it.

His Xun Xun was the Lu family’s precious granddaughter that only appeared once every hundred years. She was his only granddaughter. As for Xiao Qi and Xiao Guang, they could carry whoever they wanted as long as it was not Xun Xun.

At this moment, Xun Xun bit her little finger and shook her little hand at the others. Then, she was carried away by her great-grandfather. After all, her great-grandfather had watched her grow up since she was young, she also liked to be with her great-grandfather. The Lu family was big, and there were many things to play with. There were also her little toys and her two brothers.

Ye Chuji's expression was really stupid at this moment. He looked at his hands and saw that Lu Jin was also doing the same thing as him. Not only did he sympathize with Lu Jin, but he also sympathized with himself.

Poor them. They might not even be able to see their granddaughter very often. Why was Lu Yuanyang so greedy? How could there be such a person? His granddaughter belonged to everyone. Why couldn't they hug her, only he could hug her every day.

Yan Huan looked at this and then looked at that. Then, she pulled Lu Yiyang to a place where no one was around.

"What's wrong with your uncle? Why does he suddenly seem to have changed? Is it here..." she pointed at her own head. "Because of Sun Yuhan's matter, he was stimulated?"

It couldn't really be because of the fake Sun Yuhan. Therefore, Ye Chuji was really stimulated and couldn't bear the blow. Therefore, he was dumbfounded. He had never been like this before. Although..., ye Chuji also doted on xunxun, but he didn't treat Xunxun as his own granddaughter like he did today. This feeling was like seeing his own granddaughter. A grown man was about to cry.

Wasn't this very shocking?

"Don't worry." Lu Yi suddenly smiled and then ruffled Yan Huan's hair. "Maybe it's because he's old and it's time to hold a grandson. That's why he likes children so much now."

"Is that so?" This reason seemed to make sense, but Yan Huan still felt that something was wrong. However, she couldn't tell what was wrong.

However, she tapped her chin.

"I feel that he'll be able to hold his grandson very soon."

#### **Chapter 1845: surprise gift**

"Why?"

Lu Yi didn't know when ye Xinyu had a girlfriend.

And his uncle's grandson could only be born from ye Xinyu.

"Ye Xinyu and Bai Zhi."

Yan leaned on Lu Yi's shoulder. "How do you think the two of them can be together? Bai Zhi will beat ye Xinyu to death." This wasn't a wild boyfriend in reality, this was a wild girlfriend.

Ye Xinyu absolutely could not beat Bai Zhi.

"Bai Zhi is his savior." Lu Yi did not find it strange.

"A human should repay the kindness of a Savior."

Yan Huan raised her delicate eyebrows. That was a human for a human.

However, Bai Zhi liked to be beautiful. Ye Xinyu took advantage of this point. At the very least, Bai Zhi was not that difficult to accept ye Xinyu.

Ye Xinyu was a little too pretty, so no woman liked him. Sometimes, she would think that if a woman looked at ye Xinyu's face every day, while she herself grew old day by day.., in the end, she became ye Xinyu's sister, aunt, and finally aunt. Perhaps they were all crazy.

As for the relationship between Bai Zhi and ye Xinyu, she was in favor of it with both hands.

Ye Xinyu's face was beautiful. She really shouldn't bury it. If she gave birth to a girl in the future, at least the ye family's good looks wouldn't go extinct here

"Oh right, I want to show you something." Lu Yi held Yan Huan's hand and brought her into the room.

"What is it?" Yan Huan's eyes lit up. When she was outside filming, she heard Lu Yi say that he had a surprise for her. He even said that she would definitely like it. And every day, she would think about what it was.

Lu Yi would often give her gifts, but he had never said anything like that. She would like it in a while.

Definitely, she would like it.

Lu Yi was a prosecutor. When he spoke and did things, he always paid attention to evidence. He was also straight to the point. If he was not certain, he would definitely not do it. Of course, he would not say anything.

And now, she wanted to know what Lu Yi's so-called surprise was?

"Come with me." Lu Yi held Yan Huan's hand tightly. Yan Huan stretched out her finger and pointed at the two children outside. Xun Xun had been taken away by Old Master Lu and wouldn't be back for the next few days, xiao Qi and Xiao Guang hadn't seen their mother for a few months. She was afraid that if she didn't show her presence in front of the two children, the two children wouldn't recognize her.

"They can't care about you now," Lu Yi turned Yan Huan's face over. "Let's go. Let's look at the presents first."

Yan Huan felt helpless. She turned around and looked at her two sons again. Indeed, it was not her turn. There were clearly three children. No matter what, it should be her turn. However, these three children.., from the moment they were born, there was almost no role for her as a mother.

Now, Ye Shuyun was holding Xiao Guang while ye Chuji was holding Xiao Qi tightly. Lu Jin's hands were still in the air. He had yet to hold a child, and he did not even have a granddaughter.., he had just returned home, Alright? Could he just give him a hug? He had not been able to hold his grandchildren for more than a month.

He looked at Yan Huan with some resentment. Yan Huan was suddenly stunned. Could that look mean that there were too few children at home? could he give birth to another one? No, three more granddaughters would be the best. That way, he could hold his granddaughter every day. Seeing that he was about to retire, he would bring his granddaughter to show off to others every day and sympathize with other people.

Yan Huan hurriedly held Lu Yi's hand tightly, and almost ran back to his room.

In any case, she would definitely not give birth again, and it was impossible because Lu Yi had already secretly undergone surgery. He was afraid that if she were to get pregnant again, it would be enough for them to have three children, there was no need to take any more risks.

Lu Yi closed the door and locked it.

Yan Huan suddenly thought of something, and a beautiful thought flashed through her heart. The so-called surprise that he mentioned, could it be..

That.

She raised her eyes, and her slightly narrowed eyes looked like Lu Yi was a pervert.

"What are you thinking about?" Lu Yi did not know whether to laugh or cry.

"A long absence is better than a new marriage. Dry Wood meets fire."

Yan Huan also felt that her skin had finally thickened.

"Don't worry," Lu Yi's eyes darkened, and the breath that leaned against her ear felt a little hot. "I'll definitely make you satisfied in a while."

Yan Huan felt her heart skip a beat, and then her face turned red, and her mouth and tongue became dry.

It really was just feeling warm and lustful.

At this moment, Lu Yi let go of her and let her sit properly. Then, he took out a box from the drawer and placed it in front of her.

"Is this my gift?"

Yan Huan knew from the moment she saw this small box that this was the gift that Lu Yi had given her. However, what would it be? She was really looking forward to it.

She hurriedly opened the small box. There were three layers inside and three layers outside. Fortunately, the boxes were all open. Otherwise, would she have to find a pair of scissors? Yes, a kitchen knife could also be used, but she was just afraid.., if she really carried a kitchen knife, she would scare people to death.

Until the thing inside was revealed. It was a photo album.

Was the photo album taken for Xun Xun and Xiao Qi Xiaoguang?

She picked up the photo album and opened the first page without thinking too much. When she saw the photo on it, her eyes instantly turned red.

This is..

She covered her mouth and couldn't make any sound for a long time.

These were photos of her mother and herself. Why were there so many?

She flipped through them one by one. Every photo was arranged according to the time.

When she was just born, she and her mother took their first birthday photo when she was one year old.

She was two years old, three years old. When she was fifteen years old, she took the last photo with her mother. After that, there were no more. There were only photos of her in her twenties. The colors of the photos were still very bright, it looked like it had just been taken.

Lu Yi stood beside her and placed his hand on her shoulder, "This is just a photo. I have also taken care of the negative. Put It in a very safe place. Don't worry, it will never be lost. "This is something your mother left for you. It has always been with Yi Ling. Even Yi Ling herself has forgotten about it. She only found it recently. Do you like this gift?"

"MHM."Yan Huan sniffed and hugged the photo album in her arms.

She choked and couldn't make a sound. However, she thanked Lu Yi. She really thanked Lu Yi. She originally thought that just one photo was already a huge blessing. However, she didn't expect that there would be so many more, almost every photo she took with her mother was here.

#### **Chapter 1846: was a very annoying person**

Her mother, she was a mother who could barely remember what she looked like.

Lu Yi gently stroked Yan Huan's hair. No one knew that this was the sound he also softly sighed with.

Little Aunt, do you know how hard Huanhuan's life was? In the previous life, if you had told these things earlier, Huanhuan might not have died, and the ye family would not have disappeared. However, fortunately, the heavens were still kind to Huanhuan. and aunt, was it you? It was you who protected her from behind, right?

The door outside was pushed lightly, and then a small head was stuck in, followed by another small head.

Yan Huan wiped her tears and put the photo album back into the cabinet. She turned around and saw Lu Qi and Lu Guang. The two children were both teary-eyed, and their small faces were flushed red, this gave Yan Huan a fright.

What was wrong with these two children? When did their overly mature, beautiful boys become so pitiful.

"Mommy..."the two children ran over and hugged Yan Huan's legs. They were so aggrieved that it was as if someone had snatched away their beloved toys.

"What's Wrong?"Yan Huan squatted down and hugged his two sons in his arms. weren't they fine just now? Why were they crying?

"Mommy, grandpa-in-law is a bad guy."

Xiao Qi sniffed her nose from time to time and then pointed at her little face. "He pinches Xiao Qi's face."

Xiao Guang was the same. She raised her red little face. "He pinches Xiao Guang too."

Yan Huan really wanted to cover her laughter now. Since when did ye Chuji like children so much? But when she saw the pitiful looks of the two children, her heart ached.

"It's Alright," she comforted the two little ones. "Uncle likes you two. It's just that he's a little too strong. He didn't do it on purpose."

However, the two little ones were still quite aggrieved. They hid in their mother's embrace and didn't come out.

Yan Huan was still very gratified. At the very least, her two sons still loved her the most as their mother. However, she had gone out for a few months this time and only brought Xun Xun along. She didn't take care of the two of them. She was already very sorry.., in the future, she would accompany them well.

They would grow up day by day and in the future, they would no longer need a mother. When she thought of this, she felt rather sad in her heart.

"What's Wrong?" Lu Yi walked over and carried his two sons. The two little fellows rubbed their eyes. They were about to sleep.

"It's nothing." Yan Huan turned around and helped the two children tidy up the bedding. She would coax the two of them to sleep in a while. "I was just thinking..." she said as she picked up the blankets.

"In the future, when they grow up, they won't need a mother anymore."

"When they grow up, we'll grow old too." Lu Yi put the two children down and carefully coaxed them to sleep. Then, he sat over and hugged Yan Huan's shoulders, "Isn't it enough to have me? They'll grow up eventually, and they'll have their own lives too."

When Yan Huan heard this, she burst out laughing again. That's right, what was she thinking about. Her children were only three years old. They still had more than 20 years to grow up. When they didn't need a mother, it meant that they had grown up. Wasn't that good?

People were born, and they had to grow up eventually. This process still belonged to her as a mother.

"Huanhuan, what do you think of Su Qingdong?"

Lu Yi suddenly asked. There seemed to be something hidden in his dark eyes, but Yan Huan did not notice it.

"Him?" Yan Huan twirled her nameless ring and answered without hesitation. Her tone was also filled with disgust, "That person is very annoying, and..." her lowered eyelashes also blocked some ridicule. The smile on her red lips was very cold.

"Very soon, you will see a good show."

Lu Yi frowned. It seemed that Yan Huan was hiding something from him.

"Huanhuan, is there something that you are not telling me?" He turned Yan Huan's face away. Every time Yan Huan mentioned Su Qingdong, she always had some special thoughts. If it was not for these thoughts, there would not be the complicated feelings of love and hate, he had thought for a few times

that Yan Huan knew about his background, but she didn't. She did have some thoughts that had something to do with Su Qingdong, but that had nothing to do with her background.

Therefore, he could be certain that Yan Huan didn't know about that. Otherwise, Yan Huan wouldn't be so calm.

"No, I know everything about you. I'll tell you everything."

Yan Huan folded the clothes on the side one by one, as if she didn't want to think too much about such a problem.

She lowered her eyes slightly, as if she was hiding something deep in her heart. There were some secrets behind these things, and it seemed that only she knew.

At night, Yan Huan was already asleep. After all, she had just gotten off the plane and had to take care of her two children. At this moment, she was sleeping with her two children. Xiao Qi and Xiao Guang were sleeping head to head, and their faces were similar, they slept in the same position. Sometimes, if they were wearing the same clothes, their hairstyles and shoes were the same. If they said the same thing, no one would be able to tell them apart from their own family members.

The three of them were actually very similar, especially their long eyelashes that swayed gently. It was so beautiful..

Lu Yi sat there, accompanying the three of them the entire time.

And at this moment, time was still, and it was about to stop.

Yan Huan carried the three children's small school bags on their backs, and then tidied up their clothes.

"Little Qi Xiaoguang, remember to protect your sister. Don't let others bully your sister, Understand?"

She squatted in front of her two sons and smiled as she told them that the three of them could go to kindergarten together again. In fact, he was still a little young, the youngest in kindergarten.., however, the children of the Lu family had always matured very early. Ever since they were young, Lu Yi had already brought them to enlightenment. The three children were very literate and sensible. They went to the toilet to eat, and now, almost no adults were allowed to control them.

Therefore, the intelligence of the children of the Lu family was really quite bullying. At the very least, they were bullying her as a mother.

The kindergarten was near the Lu family and was bilingual. The main reason was not to let the children learn anything. After all, they were still too young. They only thought that they could get in touch with more little friends and not just the three of them.

Yan Huan had actually discovered very early on that her three babies were different from others. Each of them was cold and aloof. When they went out, they would only watch over their younger sister and would not even look at the other children.

She was afraid that Xiao Qi and Xiao Guang would be like her father in the future. What would happen if they could not get a wife? She then thought about Lu Yi in her previous life. She did not know if he had bitten Fang Zhu in the end. Perhaps it was because he was too hard and could not bite into his mouth.

## Chapter 1847: Stepmother

Therefore, ever since she was young, she wanted her two little handsome men to be popular with women. She wanted the girls to follow behind him.

As for xunxun, she was not worried. Her little xunxun looked so much like her. She would definitely be a great beauty in the future. She was tall and looked like her father. She could be a model. If she looked like her, she could be an actress, or she could be a dancer.

She had discovered that xunxun's four limbs coordination was very good, and she could learn dance. Lu Qi looked like his father, and he had a quiet personality. He was also very good at math. Lu Guang was a destructive person, but his hands were very strong.

Although the three children in his family were triplets, their personalities were not the same at all.

Therefore, they went to kindergarten early in order to save their small talents from being buried at home.

Lu Qi and Lu Guang held their younger sister's little hand. The two of them were half a head taller than their younger sister, so they did not seem to be of the same age. Perhaps it was because of the Lu family's genes. The two children were slightly taller, but..., they weren't as exaggerated as Little Leizi, but it was also good that they could protect their little sister in the future.

After sending the three children to the kindergarten, she would be fine. In the afternoon, Ye Shuyun would bring the children to her place, and she would become the most idle person in the entire Lu family.

She propped up her face on the table, and the color in her eyes became slightly darker.

Sun Yuhan went in. She was a little bored now. Shouldn't she go find someone else to play with.

Coincidentally, when night fell, Zhu Meina came over. She slanted her eyes at her son-in-law and stared at Yan Huan for half a day.

What was wrong? Yan Huan picked up the cup on the table and took a sip. Although his actions were indifferent, they were beautiful in every way.

Did she not recognize her, or did she put on weight?

However, she did not seem to have changed much. Of course, she had not put on weight before.

"Since that imposter has been dealt with, what about the Su Family? Shouldn't you take action as well?"

"Yan Huan..." she stretched out her hand and placed it on Yan Huan's shoulder. Her tone was sincere and sincere.

"Don't be stupid. Be a saint and let them go. In the past, you had to deal with imposters, so you let them go first."

“You don’t know.”Zhu Meina pursed her lips, “Every time I see Zhu Xianglan and her daughter’s carefree look, I feel very uncomfortable. Why can they pretend that nothing happened after they hurt others? Why can they trample on other people’s lives so wantonly?”

“Also...”Zhu Meina blew on her fingers. “I hate some people. I’ve had enough of this kind of life. I want to take revenge.”

“Oh, is that so?”Yan Huan leaned back and took a pillow to hug in his arms. “Aren’t you living well in the Su Family?”

“Good my ass!”Zhu Meina rolled her eyes at her, “It’s not like you don’t know why I went back. I sacrificed my body for that evidence. Even if you want to settle the matter now, I don’t want to.”

“Did I say that I want to settle the matter?”

Yan Huan never thought that she would really let the Su family go. She was just waiting for an opportunity.

“Your personality is really weird. Ordinary people really don’t understand.”

Zhu Meina had indeed realized that Yan Huan’s personality was not only weird, but it was also really hard to understand. Everyone was obviously the same, but why was he so much more mature than her.

Compared to him, she was like a big idiot who was led by the nose.

“It’s good that someone understands me.”Yan Huan picked up his cup again. She drank the tea while he drank the tonic soup. Lu Yi was determined to make her into a big fatty.

“Who understands you?”

Zhu Meina really admired this person who could see through Yan Huan’s thoughts. who was so capable?

That’s right, who was this? He was really her big idol.

“My husband.”

Yan Huan placed the cup back on the table and tied his hair behind his head. Why did she feel as though Lu Yi knew something? He was just waiting for her to confess and be lenient.

This time, Zhu Meina didn’t even want to roll her eyes. It was true.

When she spoke to such a woman, she felt that her life would be short for a very long time.

Therefore, for the sake of her life, she felt that she had to cherish her life and stay away from Yan Huan.

For a woman like Yan Huan, her fate was so good that it made people jealous. Of course, those with strong fate also made people sigh. If it was any other woman, she would have long wanted to die and be reincarnated. Furthermore, she could still live well now.

“Oh right, I forgot to give you something.”

Yan Huan stood up and walked back to his room. Then, he took out a card and placed it in front of Zhu Meina.

“This is the card you gave me last time. I will return the original amount to you. I will also give you an additional five million interest. Thank you for your generous donation.”

Zhu Meina took it over without hesitation and threw it into her bag. Of course, she did not reject the five million. Yan Huan had always been generous. He would definitely not take other people’s things for free.

Moreover, she was not short of money now. She was already a billionaire.

Of course, Zhu Meina felt that compared to those things, Yan Huan’s greatest wealth was not in the amount of money, but in her three children.

Who could give birth to three children at once? They were all so smart and cute.

Zhu Meina’s eyes started to wander around. “Can I still see Xiao Guang next time?”

She had been here three times, but she did not see her godson each time.

“He wants to learn,” Yan Huan propped up his face again, his clear eyes still as clear as water.

“He’s still a child,” Zhu Meina stood up angrily when she heard Yan Huan’s words. She stretched out her finger and pointed straight at Yan Huan’s face.

“Yan Huan, tell me, are you really my biological mother?”

“I’m your biological mother,” Yan Huan said with an idiotic tone. Who would dare to say that her three children were born under the watch of Lu Yi, including those who were less than two catties at that time, they were all little girls who were about to make her father’s heart ache to death.

“I think you’re the Stepmother.”

Zhu Meina once again sat down. “They’re only three years old, and they already have to learn this and that. Did you treat them as your sons? Can’t you learn them later? You have to deprive them of their childhood.”

“Your Lu family will eat less and wear less? Don’t tell me you’re going to bring the money you earn into the coffin?”

“It’s because they are the children of the Lu family.” Yan Huan raised his eyelids. His eyes were as clear as day.

“They are the men of the Lu family. This is their identity and also their mission. They have their responsibilities. I let them learn this so that they can suffer less in the future.”

## **Chapter 1848: is it you**

The Lu family was born in the military. The two children would be like Lu Yi, who would become soldiers. They would become ordinary soldiers. They would become special forces. If they couldn’t even protect themselves well.., how could they protect the people around them in the future.

Lu Yi was also born in the Lu family. Could it be that he had always been living in luxury and didn't have any scars on his body?

Just because he was a member of the Lu family, he was shouldering the Lu family's hundred-year-old honor. Could it be that he had to look like Lu Qin, from head to toe?

Zhu Meina wasn't a member of the Lu family, so she didn't understand.

Xiao Qi and Xiao Guang were both very obedient children. They had received special education since young, so their minds matured earlier than children of the same age, and they were also much more mature.

They themselves knew that they would walk on a different path from others. Of course, they would have a childhood, but it was a childhood that was different from others.

And the only one in the Lu family who did not have to be forced to learn that every day was Xun Xun.

Zhu Meina was almost always scolding Yan Huan until he was drenched in blood. As for Yan Huan, she was sitting lazily. No one knew what was going on in her mind, so one of them was scolding while the other was daydreaming, the two of them did not seem to be on the same horizon.

After Zhu Meina left, Yan Huan was still daydreaming.

However, Yan Huan really did not know how he could become friends with an idiot like Zhu Meina.

In this world, one could only say that fate was wonderful.

Lu Yi took a basin of hot water and placed it on the ground. He then patted Yan Huan's face. "Come and wash your feet."

Yan Huan sat up and placed his feet in the basin.

Prosecutor Lu was squatting on the ground. Who would have thought that when he returned home, he would be a good man who lived at home. He would wash his daughter and wife's feet and tie their shoelaces, he would also wash their clothes and socks. He was a family brand.

However, it also depended on who he met.

If he met a woman like Fang Zhu, he could only treat her with respect like ice.

When Lu Yi returned, Yan Huan was still lying on the bed, reading the script. Actually, not to mention Yi Ling, even Yan Huan felt that he had a heavy burden on his shoulders. Even though she was really forced to do it., however, no matter how unwilling she was, she could not escape. She could not help but feel nervous.

She had to be nervous. It might be a few billion at the box office. Her recent momentum was just right. In addition to the establishment of the fund, she had been on the hot searches several times, she did not know how much contribution she could make to the box office.

However, there seemed to be something wrong?

What was wrong?

She rolled her eyes and moved the script to the back of her head.

“Don’t look at me, don’t look at me.”

She knew that it was Lu Yi who was at the side, and his gaze was rather strange.

Lu Yi walked over and pulled the script out from her hands and threw it to the side.

“Best Actress Yan, we need to have a good talk.”

Yan Huan pouted. “Can we not talk about it?”

“No.”

Lu Yi refused.

“You can’t be a turtle.”

But now, not only did Yan Huan want to be a turtle, she also wanted to be a cowardly turtle. Could she not listen?

“Yan Huan!”

It was done. She even called out her name.

And Lu Yi usually treated Yan Huan quite indulgently. He treated her like Xun Xun.

Hence, Xun Xun was the least afraid of her father. Of course, there was only one situation where the little lass would be so obedient that she would not even dare to move when Lu Yi called out Xun Xun’s name.

Even Xun Xun knew how to be afraid of a little lass. How could a grown woman like Yan Huan be so tactless.

She sat up and turned around.

“Alright, what’s the matter?”

Lu Yi took off his shoes and sat opposite Yan Huan. He did not smile, but his expression was very serious.

Yan Huan had known Lu Yi for not a year or two, but two lifetimes. No, it could be three lifetimes.

How could she not understand Lu Yi’s personality.

She had a very bad premonition at this moment.

“Alright, what do you want to know?”

Yan Huan raised her face. She was going all out.

“Why? There’s more than one thing you’re hiding from me?”

“There’s only one thing.” Yan Huan only realized now that she was too honest. She had told him the moment he asked, so she had to be honest.

“There’s only one thing?” Lu Yi narrowed his eyes.

“Yan Huan, be lenient if you confess. be strict if you resist.”

“Oh...” Yan Huan nodded. “I’ve saved some private money.”

“Who doesn’t have private money, right?”

The veins on Lu Yi’s forehead twitched.

“Is it this one?”

“Yes.” Yan Huan nodded. “What do you think?”

Lu Yi reached out and placed his hand on Yan Huan’s shoulder. He then pressed down with force. Yan Huan naturally felt the force under his finger as though he was trying to force something out of her body.

“Huanhuan...” Lu Yi narrowed his eyes, and his voice was cold.

“Tell me, how did you get to the Chen Village?”

Yan Huan’s Red Lips moved.

Sigh, she knew it.

He was indeed asking about this matter.

And she knew that it was impossible to hide it. However, she did not understand why Lu Yi would bring up this matter again. Didn’t he always not mention it?

The reason why Lu Yi, who she did not know, brought it up was not because of anything else. It was because he knew something. If there was something, he would not think about it. As long as he thought about it carefully, everything seemed to come out.

There was probably no one in this world whose bone marrow was more suitable for SU Muran than Yan Huan.

And now, he did not know. Who else would know about Yan Huan’s background other than him and Sun Yuhan?

“Huanhuan.” Lu Yi called Yan Huan’s name again.

“Did Su Qingdong extract your bone marrow? Were you the one who donated the bone marrow to Su Muran?”

“I didn’t donate it to her.” Yan Huan’s back was stiff and her voice was filled with hatred. She and Su Muran would not rest until one of them was dead. How could she possibly donate her bone marrow? They were the ones who kidnapped her, they were the ones who forcefully extracted her bone marrow. She had not forgotten the pain until now.

There were two types of pain that she remembered. In her previous life, the pain of having her child forcefully extracted was excruciating.

The second time was the pain when everyone in the Su family forcefully extracted her bone marrow. There was also Su Qingdong. He had actually abandoned her in Haijiang, allowing her to truly experience another devastating disaster.

She had not forgotten. She had never forgotten.

She had only hidden this hatred in the bottom of her heart. She just wanted to know if it was the Su family who had caused her two disappearances. She was only afraid. What else could they have done?

But now that one had been settled, there was only one Su family member left.

At this moment, her shoulders felt warm.

Lu Yi had already placed her shoulders in front of his chest.

“En, it’s fine. If you don’t want to say it, then don’t say it. I Won’t ask anymore, okay?”

### **Chapter 1849: she said it all**

Lu Yi might have also noticed that Yan Huan’s mood was not quite right.

Yan Huan had lost to the Su family for two lifetimes, especially in his previous life. Others might not know what kind of pain she had suffered, but he knew. Perhaps he had saved her once.., but he had not saved her first life.

Yan Huan still remembered the pain. She had never forgotten it.

Yan Huan gently breathed in and out. The violent undulations in her chest also gradually calmed down. Her heart also began to slowly calm down.

When Lu Yi lowered his head, he discovered that Yan Huan had already fallen asleep. Her long eyelashes gently trembled. Her fair face was still as young and beautiful as before. It had not changed in the slightest. Time had not left anything on her body.., it was as if she had forgotten about her existence.

She was still the same as when she was twenty years old, when she had just acted in the role of the Little Golden Silkworm.

She had never changed.

“Sleep.” Lu Yi carefully covered her with the blanket. He was a little regretful. He should have used another method to force her today. It might have been more tactful, but it would also have been easier to accept.

However, from Yan Huan’s loss of control, he could already tell that Yan Huan hated the Su family more than he had imagined. If she were to find out about that matter.

Then, to Yan Huan, this was even more unforgivable than ye Jianguo.

They were originally her closest relatives. However, they had harmed her time and time again.

How could she accept such a story and such a reality? How could she bear it?

“Lu Yi...”Yan Huan opened her eyes and held his hand tightly.

“What’s Wrong?”Lu Yi smiled at her and gently choked on the blanket for her.

“I want to eat the noodles you cooked.”

Yan Huan placed his hand on her face. “Can you cook the noodles for me?”

“Sure, I’ll Cook for you.”

Lu Yi placed her hand under the blanket again. “The weather is getting cold. Don’t catch a cold.”

“Alright.”Yan Huan curled herself under the blanket. Now, she was just waiting to eat Lu Yi’s bowl of noodles.

Lu Yi’s bowl of noodles had been made from her past life to this life. She hadn’t finished it in her past life, so she had to eat it for the rest of her life.

If someone asked her what she liked or disliked, then it was definitely Lu Yi who made this bowl of noodles. It was the most delicious thing she had ever eaten, and it was also the taste that left a deep impression in her memory.

When Lu Yi came in with another bowl of noodles, he saw Yan Huan holding a photo album and looking at it. This was a gift from him to Yan Huan. This was one of the few things that Yan Huan’s mother had left for Yan Huan. There were more than twenty of them, back then, Sun Yuhan had torn more than ten of them. He had spent a lot of effort to carefully piece the photos together. Then, he hired the best retoucher to repair them one by one, now, it was impossible to tell that they were actually torn into pieces.

Yan Huan cherished this book the most. Of course, she also cherished the one they had and the one she was saving for her three children.

“Let’s eat the noodles.”Lu Yi put down the noodles, then took some clothes and helped Yan Huan put them on.

Yan Huan had already picked up her chopsticks and started eating the noodles. She scooped up the poached egg from the bottom.

She loved eating this poached egg the most. How could it be so delicious? Yes, how could it be so delicious.

She raised her head and looked at Lu Yi opposite her. He was also eating the noodles, and his body was sitting very upright. He also ate without saying a word. It seemed that he had this habit as well.

“What’s wrong? is the noodles not good today?”Lu Yi pinned her hair to her ear.

Yan Huan shook his head at him. “No, it’s very good. You made it the best.”

“Then finish it.”

Lu Yi lowered his head again and stared at the portion of noodles that Yan Huan placed on the table. Yan Huan ate the noodles and then she gently exhaled. She did not eat the noodles but placed her chopsticks on the bowl instead.

“Lu Yi...”

“Mm.” Lu Yi did not eat it either.

“I’ll be honest with you.”

“Let’s eat the noodles first.” Lu Yi knew what Yan Huan wanted to say. However, this was not the time to talk about this. They should finish eating the noodles first. The noodles were not other things. If they were left for a while, they would not taste good. If they were left for a while longer..., they would not be able to eat anymore.

Only then did Yan Huan pick up her chopsticks and continue eating the noodles. It was not until she finished a bowl of noodles that she laid her head on Lu Yi’s lap. She was no longer sleepy.

It was the same for Lu Yi.

She did not know where to start. She flipped open the photo album again. The color of the photo was very good. It was as if it was taken yesterday. Lu Yi had told her that some of the colors in the photo had already faded, he was the one who had found a photo restorer and repaired it. The photo restorers in the security bureau were all very skilled, so she couldn’t tell that it had been repaired.

Right, she couldn’t tell. Of course, she also didn’t know how long Lu Yi had used to put these photos together. When the letters were put together, the letters were very good. They weren’t torn into many pieces, however, the photos were torn into too many pieces.

He didn’t want Yan Huan to lose any of them. After all, these were the only childhood memories that Yan Huan could leave behind. He just didn’t want Yan Huan to have any more regrets in his life.

He had worked hard, and the few restoration masters had also worked hard to repair the photos. Just these ten or so photos took a whole seven days. The three restoration masters had to work overtime for a few days and nights, in the end, it became the photo album in her hand

The photo album had all been sealed. This way, she could hold onto it for the rest of her life without fear of losing its color. Even if the photo album was destroyed, it would not damage the photos in the slightest.

The woman in the photo also became lively and familiar in Lu Yi’s mind.

That Was Ye Rong, his aunt, the aunt who had treated him the best in the past.

However, he had forgotten about her. It was only at the instant he saw that photo that the years that had passed began to rampage through the past, it was only then that his memories began to become clear bit by bit.

Yes, this was Ye Rong. She could not be wrong.

Yan Huan flipped to the last page before closing the photo album. Her gaze and focus were all on the photo album, so she didn't notice the overly complicated thoughts on Lu Yi's face, there was also that indescribable familiarity in his eyes.

Yan Huan sat up and then sat in front of Lu Yi.

"I was captured by Zhu Xianglan."

This was something she had never said before.

Lu Yi was listening and did not interrupt. In fact, it was similar to what he had predicted. It was really done by the SU family.

"They forcefully extracted my blood and also my bone marrow. They even used the most direct method." She placed her hand on her waist, "There were obviously safer methods that did not harm the body, but they insisted on using that method because the quality of the bone marrow extracted was good."

### **Chapter 1850: he deserved to die**

Lu Yi tightened his grip on her hand. "Also, how did you get to Chen Village?"

"How Else Could I go?" Yan Huan brought up this matter. Perhaps some things had really happened a long time ago, but every time he brought it up, the hatred never lessened.

"Su Qingdong pushed me into Hai Jiang."

Yan Huan hugged her legs. "They are bullying me because I don't have a mother and a father. If I had parents, would they still dare to?"

Everyone was raised by their parents. Could it be that the lives of orphans were really so despicable? In her previous life, they had schemed against her like this and taken her daughter's umbilical cord blood. If that child was replaced by xunxun.., she did not dare to imagine it.

At this moment, a pair of hands reached out from behind her. They also gave her a source of heat, a sense of peace, and a sense of safety.

Lu Yi did not speak, nor did he speak to comfort her. This was because Yan Huan had already passed the time of being comforted. She no longer needed comfort. Whether it was in her previous life or this life, they were all old wounds to her, she had been in pain, she had cried, and she had suffered.

She had already forgotten many things, and she had already forgiven many things. Of course, she would not forgive many more things.

Yan Huan raised her eyes. At that instant, her somewhat clear eyes were also covered by something.

She felt that Lu Yi might have something to say, but in the end, there was nothing.

"Do you need my help?"

After a long while, Lu Yi finally spoke.

“No.” Yan Huan clenched the large hand that he placed in front of her and turned her head around. “Will you support me?” She looked at Lu Yi like this, and Lu Yi’s shadow was reflected in her eyes, she believed that Lu Yi would agree.

“I will.” Lu Yi gently caressed her cheap and warm hand. “There will be justice in this world, and retribution will not be pleasant. No matter what the cause is, you will have to suffer the consequences. But remember...”

Lu Yi frowned slightly, and his voice sounded a little warning. “You can take revenge if you want. I Won’t ask what method you use, but remember to use proper means.”

“Your husband is a prosecutor,” Lu Yi reminded Yan Huan. “Don’t go too far. If you lose yourself, your reputation will be tarnished. That’s not a joke,” especially since she was so famous now.

Yan Huan propped up her face on Lu Yi’s leg. “I dare say that there are no clean spots on Su Qingdong’s body. You should have a way, right?”

Lu Yi pinched her face. “Big families are complicated to begin with. It’s like a big tree. There might be worms and rotten roots, but it’s still lush and luxuriant.”

Yan Huan didn’t understand. “Does that have anything to do with me seeking revenge on the Su Family?”

“Yes.” Lu Yi changed to another method, which was also another way of saying it.

“The Lu family’s businesses are all over the place.”

Yan Huan nodded. She understood this. “A lean camel is bigger than a horse. Don’t worry, I’ll pluck all the hair off this camel.”

“You and I are not on the same level.” Lu Yi’s gaze was like Yan Huan’s lack of intelligence.

Yan Huan directly pounced on prosecutor Lu.

“Lu Yi, you look down on my intelligence.”

Lu Yi was smoothly pushed down by her sudden movement. Yan Huan straightened her body and directly sat on his body.

“Although I’m not as smart as you, and certainly not as smart as the three children in the future, I’m not too stupid. My intelligence is a little lacking, but my eq is very high.”

Yes, she was a very ordinary woman, and her IQ was also ordinary, just like the general public. She did not have Lu Yi’s ability to change too much, such as his ability to never forget numbers. It was the same with the three kids, this point really made Yan Huan Hate and feel gratified. Fortunately, the kids were as smart as Lu Yi, and not as stupid as her.

It was better to be smarter. Yes, smarter. They would not be deceived by others.

Lu Yi really did not know whether to laugh or cry at Yan Huan’s unreasonable personality.

“Best actress Yan, when have I ever looked down on your IQ? Although you really aren’t considered smart.”

“Really?” Yan Huan felt that she was very smart. Of course, it had to be in certain aspects.

Also, she wasn’t stupid. Who hadn’t met a few scumbags in their entire lives.

“Alright.” Lu Yi sat up. He pulled up the hair on Yan Huan’s face and tucked it behind her ear.

“Let’s Be Serious. You can do whatever you want to Zhu Xianglan and Su Muran. They both deserve to be punished by the law. However, Su Qingdong can not die.”

“Oh...”

Yan Huan nodded.

“I feel that he should die.”

After talking for a long time, Lu Yi’s words were in vain.

There were some things that he did not want Yan Huan to know. However, with Lun Chang here, if Yan Huan really sent his biological father to the guillotine, it would be difficult for the heavens to accept it. He would never tell Yan Huan these things, he did not want these things to become the most unacceptable background in Yan Huan’s life.

Yan Huan didn’t have parents now, and he wouldn’t want a father like that.

“The SU family is also one of the big families in Hai City. They were once invincible during the anti-japanese war. Now, after several generations of accumulation, they have their own business.”

Yan Huan didn’t care much. “As long as Su Qingdong is gone, Su Muran will die in the end, and Su Xianglan won’t live for long.”

“Yes,” Lu Yi believed, and Lu Yi agreed.

“But, haven’t you thought about it?”

Lu Yi’s face turned serious, and his voice sounded very serious. “I’ve said it before. The Su family’s business is very chaotic. No one’s hands are clean. The Su family is the same, the Ye family is the same, and so am I.”

“But, haven’t you thought about how much impact the SU family’s collapse will have on Hai City’s economy? Even if they don’t occupy half of Hai City’s economy, they still have one-tenth of the sky.”

“How many employees do they have under them? Have you calculated?”

Yan Huan shook her head. She didn’t know how to calculate.

“A lot.” Lu Yi placed his hand on Yan Huan’s shoulder and gently shook it. “Miss Yan, you’re also the boss.”

Yan Huan nodded again. She now had two businesses, a Linlang and a children’s clothing store. Although she liked children’s clothing stores more, Linlang was only invested in the early stages, there were also

some necessary means in her previous life that allowed Linlang to quickly become a regular person. However, she had never cared about Linlang. Linlang had been supported by Luo Lin and Yi Ling.

Now, Linlang had her own set of operations. She could leave everything behind. As for Linlang, as a boss, she might as well be an old actress. When she had nothing to do, she would just make cameo appearances, she could be the empress dowager, a bad woman. Of course, she would also pick the role she liked.

As for the children's clothing store, she was the one who went the most. Her family's Little Xun Xun's clothes had never been duplicated. Moreover, she was so beautiful. Of course, the little girl had to dress well.
