

Sweet Wife 1851

### **Chapter 1851: she was really too kind**

The children's clothing store could be self-sufficient without her having to pay for it.

So speaking of which, she was the owner of two stores. There was no problem with this sentence.

And when Lu Yi saw that Yan Huan was listening seriously, he also seriously considered it. Only then did he continue, "Then you should also know how many employees there are in your two stores?"

Yan Huan furrowed her delicate eyebrows. There were indeed a lot of them, even though she had not counted them.

"The SU family has a listed company," Lu Yi continued, "If the Su family is like what you said and collapses, the stock of the Su family will plummet. Then, how many people will lose their jobs and how many people will be separated from their families because of this? You have to believe that people are all realistic. Of course, they won't be able to withstand the blow."

"Miss Yan," he placed his hand on her face again, and her entire face was slightly stunned

"You're the number one on the charity rankings. Do you really want to indirectly cause so many people to die?"

When Yan Huan heard this, she began to hesitate.

She had to think, she had to think carefully.

"Let's sleep first today." Lu Yi let her lie down, and then pulled the blanket for her.

Alright, the noodles have been eaten. Now, it's up to Yan Huan.

Lu Yi trusted Yan Huan very much. Yan Huan was a person who would never be too extreme. Her endurance was also much better than most people. As long as she could think it through.., then, his words were not in vain.

Yan Huan turned over and reached out his hand to pinch the corner of Lu Yi's shirt.

This was how she slept. She liked to hug things, and after she got used to holding things in her hands, she now liked to pull on his clothes.

Lu Yi tidied up her hair to make her sleep more at ease.

"She'll get better in the future. She won't have to suffer anymore."

Yes, she would get better in the future. All the dangers had left them. Now he finally understood why the fortune teller had given Yan Huan that order in the first place.

He said that Yan Huan had a hard life ahead of him, but in the future, he would live a long and rich life and have many children and grandchildren.

Lu Yi believed that they would.

When Yan Huan opened his eyes again, Lu Yi had already woken up. He had already moved to a new workplace, which happened to be under the Liuyuan Garden. And now, Lu Yi didn't even need to drive his car, of course, he could also get up for an hour less than before. and during this hour, he could do a lot of things. For example, he and Yan Huan would run around the mountain road and then go to work. When it was noon., because he had been quite busy recently, Yan Huan would always bring him food. This way, it was indeed much more convenient.

Lu Yi put a lot of meat into Yan Huan's bowl. "Eat more."

Yan Huan looked at the meat in his bowl. Indeed, he felt a little hopeless. He really didn't need to raise her like a pig.

"You have to pay what you owe." Lu Yi picked up a piece of meat for himself and put a knife on Yan Huan's heart.

Yan Huan knew that he had a good memory. How could he not remember that he still owed him two and a half months to eat meat.

After Lu Yi finished eating, he put down his bowl and chopsticks.

Alright, he was about to leave.

Yan Huan took his briefcase from the side. Lu Yi, who had changed into his uniform, really made her feel that he was the most handsome man in the world. A man in his thirties was when a man was most charming, at this moment, Lu Yi's entire body was filled with maturity and worldly wisdom. The tension in his body also decreased as he grew older. However, the shrewdness in his eyes never retreated, it also became more and more acute.

Of course, this was in front of outsiders. Prosecutor Lu already made people shudder and retreated without a fight. However, in front of his own family, he was a good man who could wash his wife's feet and tie her shoelaces, he was also a good man who had vowed to raise his wife into a pig.

In the end, he did not raise his wife into a pig. Instead, he raised his three children until they became fatter. However, they were children. If they became fatter, they would be cute.

Yan Huan passed Lu Yi's briefcase.

When Lu Yi was about to go out, Yan Huan grabbed his hand.

"What's Wrong?" Lu Yi stopped in his tracks. He wasn't in a hurry. He wasn't the type of person who had to make use of the time to go to work, so he had plenty of time on the road. If it was really late, he would drive there, there were still more than forty minutes left before he went to work. He would at most walk ten minutes on the road, and he still had thirty minutes to prepare.

Therefore, he was not in a hurry.

Yan Huan stood in front of Douyi at this moment. She felt that Lu Yi's clothes were pressing down on her so much that she could not breathe. It was as if countless people were criticizing her. She had done so much charity work., however, it seemed that she still could not afford to lose so many people's jobs. She had heard that some people would really jump off a building because of the drastic drop in the stock market.

There was also Lu Yi who said that his wife and family were separated.

She also believed it

This world was always so realistic.

“I...”She pulled Lu Yi’s arm again.

“I won’t touch Su Qingdong and the Su family, but I won’t let Zhu Xianglan and Su Mulan off.”Actually, as long as Zhu Xianglan and Su Mulan got their retribution, it seemed more interesting than dealing with Su Qingdong, moreover, don’t forget that the Su family still had Zhu Meina. If Zhu Meina didn’t cause the entire Su family to be turned upside down, her name wouldn’t be Zhu Meina.

And with Zhu Meina around, presumably, Su Qingdong wouldn’t have an easy time either.

The most important thing was that she couldn’t be too selfish. Yes, she couldn’t be too selfish. How could she eat all the meat and not leave a bite for Zhu Meina? Zhu Meina could be considered a friend who had a life-and-death relationship with her, other than having big breasts and no brain, she was also quite pleasing to the eye. She thought that Zhu Meina would rather use other methods to take revenge on Su Qingdong. For example, she would put a green hat on Su Qingdong and give birth to an heir, the more she thought about it, the more excited she became.

Right, the Su family couldn’t collapse, but she would give it to Zhu Meina.

Look at how good she is, how kind, how she is for the people and for the sake of Hai City. Hai City’s choice of her to be Hai City’s image was too correct.

When Lu Yi saw Yan Huan’s rolling eyes, he knew what she was thinking.

She wouldn’t take revenge on the Su family, but she wouldn’t let the Su family have a good time. He didn’t object to this, so he couldn’t really say that he would let it go. Otherwise, not to mention Yan Huan agreeing, he wouldn’t agree first either.

He just did not want Yan Huan to personally send his father in, and he also did not want her to destroy the Su family. As for whether the Su family would collapse in the future because there was no successor, or because of other reasons, that was all the Su family’s own business, it had nothing to do with Yan Huan at all.

Don’t think that Yan Huan was so easy to talk to. She was a person who would seek revenge for the smallest grievance. Moreover, she should not underestimate women. Women were the most terrifying. That was why she said that., in this world, only women and villains are the hardest to raise. There is also a saying, the sting of a wasp’s tail is the most poisonous to a woman’s heart.

### **Chapter 1852: Die-hard fans**

Yan Huan did not want to bring up such a bad topic, which made her mood even worse. She was clearly at the moment when she should be feeling proud of her life. Perhaps she would be able to create a miracle soon, and then be conferred a second title.

That, she did not want to think about it anymore. Why was she distracted again.

She did not even dare to touch Lu Yi's newspaper. She always felt that Lu Yi, who was wearing a uniform, was almost divine. Of course, he was also handsome.

"What are you going to eat for lunch? I'll send it over for you."

"Let's eat fried noodles." Lu Yi didn't have anything to choose from. He liked whatever Yan Huan made. It was just as simple as that.

"Okay." Yan Huan made a note of it.

Lu Yi adjusted his clothes again and went out. His car was parked outside and he wasn't going to drive. It was only a fifteen-to-sixteen-minute journey to the prosecutor's office. It was just a walk away.

When he arrived, Lu Yi didn't plan to rest. He was prepared to take care of all this work. It was good that he had more time to spare. It might be like this in the future.

"Mr. Lu, you're obviously not busy. Why Can't you stop?"

Yu Bo just didn't understand. He had just moved here and there wasn't so much to do. Why was Lu Yi still busy? He had just sent over a case to handle, but these were all tasks to be handled in the second half of the year. Wasn't Lu Yi a little too restless.

"Finish these first and free up the second half of the year."

This was a decision that Lu Yi had made long ago.

"Why?" Could it be that Mr. Lu wanted to take a long vacation in the second half of the year? Yu Bo touched his chin and asked. This seemed to be very possible. Lu Yi wanted to take a long vacation.

"You're right." Even though Lu Yi was talking to Yu Bo, his hands did not stop moving.

"My wife is starting filming in the second half of the year. It might take a little longer. I have to find time to accompany her."

This time, it was not in the film studio or anywhere else. It was in the primeval forest, and it was not accessible by plane, car, or train. They needed to use helicopters. It was not easy to go there once, it was even harder to come back.

The first time they filmed was when he had gone missing. He had not accompanied Yan Huan, and he had made her face all the difficult scenes alone. She had grown up in the mirror, and she had broken down in the face of adversity.

So this time, he wanted to take a long leave to accompany her to film this movie. The first two scenes were very tiring. Of course, the filming time was also very long. He did not know how long he could take the leave, at the very least, he needed to free up the second half of the year. Even if he took the leave, he would need to come back at any time. He might need to buy a helicopter.

Of course, this was also his initial idea. He did not know where the actual implementation would be.

Yu Bo understood the meaning immediately.

“Mr. Lu, the first two scenes are really going to be shot, right?” He had only heard that it was going to be shot, but this news was only gossip now. It could be trusted, but it could not be trusted.

And the news from Lu Yi must be the truth.

“It will be filmed in the second half of the year. What do you think?” Lu Yi asked Yu Bo. After following him for so long, how could he still not understand his character? Was he the type of person to talk nonsense?

“Really?” Yu Bo rubbed his hands, “It’s time to watch. I’m prepared to go a few more times this time to contribute a few more tickets to the first two. It will also allow our film career to enter the international arena. This is a good thing to bring glory to our country.”

At the first one, he had mobilized all the people around him — colleagues, friends, and family. He had contributed ten tickets alone. This time, he had to contribute even more than the last time.

“Are you a die-hard fan of hers?”

Lu Yi asked Yu Bo.

“Of course.” Yu Bo was too die-hard loyal to Yan Huan, especially when he saw her often. He was a die-hard fan.

“She’ll come over later. You can have a portion of her noodles.”

Lu Yi picked up the phone and prepared to let Yan Huan make another portion. Such a diehard fan, he naturally had to thank her.

“Is there really a portion for me today?” Yu Boke rubbed his hands. The food in the prosecutor’s office cafeteria was too unpalatable, especially since this place was too far from the city. If they wanted to eat, they would have to drive there, and they were all ordinary people, however, they all had to support their wives and children. Although he didn’t have children yet, he would soon have to save some for his future children. He didn’t have the same treatment as Lu Yi, and his new home was very close, it was a distance of more than ten minutes, and it was completely walkable. Even if he was really too busy, it didn’t matter. Wasn’t there still someone who would bring him food?

Moreover, every meal was varied and there was no repetition. The most important thing was that it was all personally made by Shadow Queen Yan. Such a good wife and mother, she was able to earn money, cook, and even give birth to three children in one go, how could he not meet such a woman.

However, he thought about it again. A woman like Yan Huan was indeed not a woman that an ordinary man could control. Of course, it was also not a woman that an ordinary man could marry. Without a certain level of ability, without a certain level of endurance.., however, he absolutely did not dare to marry such a woman.

Therefore, the most he could do was to dream in his heart. He did not dare to think about anything else.

When it was noon, Yan Huan came over.

She was still carrying two insulated lunch boxes in her hands. She had ridden a bicycle over, and she did not drive herself.

The security guards at the door also recognized her, so they saluted her and let her in.

Yan Huan happened to meet Yu Bo on the way, so he gave him a thermal lunch box.

“Your prosecutor asked me to give it to you. It’s homemade, and it doesn’t taste very good. Please don’t mind it.”

“Of course not.”

Yu Bo was embarrassed. He didn’t want to let go of the lunch box. It was personally made by Best Actress Yan. Do you want to eat it? Can you put it up?

Yan Huan carried the lunchbox and went into Lu Yi’s office. Lu Yi’s new office was very big and there was a small cubicle inside. There was a small washroom and a washroom.

There weren’t many things outside. There was only a table and a sofa. Smoking was prohibited here, so the air inside was very clean.

Yan Huan bought a lot of greenery for the inside. It was beautiful and pleasing to the eye, and there was a photo on Lu Yi’s table. It was a family photo of the five of them.

He, Yan Huan, and their three children were actually a family with just a glance.

Xiao Qi and Xiao Guang looked like their father, while Xun Xun looked exactly like her mother. She was smart and cute.

A family of five, if they didn’t have so many twists and turns, how happy would they be.

Perhaps it was because their future was too good, which was why they had to suffer these hardships when they were young.

Yan Huan took out all the rice in the lunchbox. She made fried noodles for Lu Yi. There was an egg on the fried noodles, and of course, there was a standard tomato and egg soup.

### **Chapter 1853: the ugliest female lead**

Yu Bo was embarrassed. He didn’t want to let go of the lunchbox. It was personally made by Best Actress Yan. Should he eat it or not?

Yan Huan carried the lunchbox and went to Lu Yi’s office. Lu Yi’s new office was very big and there was a small cubicle inside. There was a small washroom and a washroom.

There weren’t many things outside. There was only a table and a sofa. Smoking was prohibited here, so the air inside was very clean.

Yan Huan bought a lot of plants inside. They were beautiful and pleasing to the eye. There was also a photo on Lu Yi’s desk. It was a family photo of the five of them.

He, Yan Huan, and their three children could actually tell that they were a family with just a glance.

Xiao Qi and Xiao Guang looked like their father, while Xun Xun looked exactly like her mother. She was smart and cute.

A family of five. If there weren't so many twists and turns, how happy would they be.

Perhaps it was because their future was too good, which was why they had to suffer these hardships when they were young.

Yan Huan took out the rice from the box lunch. She made fried noodles for Lu Yi. There was an egg on the fried noodles, and of course, there was a standard tomato and egg soup.

This was Lu Yi's favorite food

Lu Yi walked over and picked up his chopsticks to eat. It was still the same taste. It was really delicious.

"Let's eat dumplings tomorrow, Okay?" Yan Huan propped up her face on the table. She had already eaten when she came, so she was not hungry, so she did not have to fight with Lu Yi for food.

She was also thinking, What Should We Eat Tomorrow?

"Sure." Speaking of dumplings, Lu Yi actually wanted to eat them at night. However, he had to go back to his parents' place for dinner, and he also had to go over to see his three children.

Since Xunxun had returned from filming, grandfather Lu was not willing to send Xunxun back. He said that Xunxun had been away from him for so long that he almost did not recognize him.

However, the moment Xunxun returned, it was grandfather great-grandfather great-grandfather who had called out to her.

How could it be that he did not recognize grandfather great-grandfather.

Grandfather Lu obviously did not know where this excuse came from. He did not want to return his daughter to Yan Huan. As for Xiao Qi and Xiao Guang, they had a lot of time now. They had to learn this and that every day, they did not have the time either.

However, who said that they didn't have a childhood? Their childhood was different. They didn't feel that they were different from other children. They liked to spend their childhood learning things, they didn't want to play.

Lu Yi finished his fried noodles and went back to work. Yan Huan was puzzled. Why didn't he have a vacation.

She couldn't help it. She could understand it. Procurator Lu's job was always like this. He had been so busy in his two lives, but he had never been idle for a day. The price of being idle for a day was that he had to work overtime the next day.

Yan Huan put the two lunch boxes in the frame of his bike and prepared to ride his bike home.

The mountain road here was not like the one in the mountains, where there were many twists and turns. Lu Yi paid for it himself and repaired the road here. Both sides of the road had high guardrails. This way, it was much safer. They did not forget it, it was a scene that existed in their memories. Lu Qin almost killed them.

Therefore, when Yan Huan woke up, Lu Yi had already repaired the road. Not only did he repair the fences, but he also planted a lot of trees. It was not as steep as it seemed, Yan Huan could ride her bicycle around every day.

She pushed her bicycle out and did not need to disguise herself. There were not many people here. Moreover, she only went up to stay behind. Everyone knew her.

She rode on her bicycle and even the wind that blew towards her seemed to be satisfied.

And this feeling was really good. She suddenly smiled.

This kind of smile was relaxed and simple.

After two lifetimes, she could finally be at ease.

Of course, there were some grudges that she had to take revenge on. It had been accumulated for two lifetimes and she wasn't someone who repaid grudges with kindness. Hence, if they had grudges, they would take revenge.

Lu Yi put down the pen in his hand. He stood up, picked up his coat, and walked out.

This was the largest prison in Hai City. The prisoners here were all felons of Hai City. Most of them were sentenced to death or life. Some of them could go from life to life because of good behavior. It could be 30 years, 20 years.., more than 10 years. However, as long as there was a chance, no one wanted to stay here for another day, let alone a lifetime.

As long as they were not sentenced to death, there was a chance for them to go out and see the light of day again. However, it depended on whether they were able to live up to their expectations and whether their family members were able to live up to their expectations.

There were also open and hidden struggles here. There was also society, and it was also a battlefield.

There were bosses, underlings, and of course, there were also bullies.

However, no matter what, there was a chance for them to go out, and there was a chance for them to reincarnate.

However, this was only targeted at a few people. Some people were destined to stay here for a lifetime. For example, there was Sun Yuhan, the daughter of a rich family who had everything in the past. Although she was not good-looking, she was also extremely famous in Hai City.

Of course, there were not many people who did not know her. She had acted in many television dramas, and they were all big movies. They were all female lead roles, and of course, they were also played by many Peerless Beauties, she was known as the ugliest female lead in history.

She was the kind of person who was popular as a male lead, a female supporting role, a male supporting role, and even the earrings she wore were red, but she was never popular alone.

That circle was the most cold and ruthless. It was not because of anything else, but just because it was a way of survival.

Her face was actually quite recognizable, but no one liked her, and those who weren't liked by others were gradually forgotten. Perhaps now, many people mentioned Sun Yuhan, but they also didn't know who she was?

Who would have thought that the former socialite of Hai City, the future successor of half of the Ye family, would have everything she wanted, rain or shine, and spend money without blinking, like flowing water.., she would actually be locked up in this dark place for the rest of her life, and she would not have any chance to make a name for herself. Yes, she would not have any chance to make a name for herself. Her head would be in there for the rest of her life.

She pulled on her short leg and queued up with her lunch box in her hand. Inside the prison, it was impossible to provide them with any delicious food. Sometimes, they would not even be able to see any profit for a month.

They had made a mistake in the first place. Those who had been abandoned by their family, friends, and lovers were merely living on the edge of death here.

The prison guard put some food into Sun Yuhan's bowl. It was cabbage and tofu. It did not look like it had been fried. Instead, it looked like it had been boiled. There was not even a speck of oil in it.

#### **Chapter 1854: Not Threatened**

The prison guards would beat some people up more, but they would beat some people up less. Those who beat up more might be specially taken care of by the prison guards. Of course, it was also possible that it was because of the family's hard work, it was also because the family did not give up and did not forget.

However, Sun Yuhan did not have any family. She was alone, so it was impossible for anyone to do anything for her. She just picked up her chopsticks and wanted to eat, but a hand reached out, it directly took away more than half of the dishes in her bowl.

Then, without hesitation, it left the dishes at the bottom of the Bowl to Sun Yuhan. However, Sun Yuhan didn't even dare to move.

Back then, she could have whatever she wanted and eat whatever she wanted. She was the only one who wanted to eat the tens of thousands of dishes on the table, but even so, she was still not satisfied. Usually, she would eat two mouthfuls, she was not willing to eat anymore. If it was now, she would eat all the leftovers, not to mention the dishes on the table.

These people were the bosses of the prison. Of course, they were not afraid. They had really killed people. Unlike her, she did not have the courage to do so. From the beginning to the end, she had never really killed anyone, she had only committed the crime of fraud, but it was such a crime. In the end, she had to stay here for a lifetime.

These people stole her food every day. If she did not give them, they would beat her

She had resisted.

She had caused trouble

She had done everything, but in the end, she still did not cause trouble for those people. In the end, what she got was her own flesh and blood suffering.

What human rights and dignity did she have to look for here.

When they were imprisoned here, they had been abandoned by the country. They had no political rights. They did not even have a name. They only had code names.

Now, Sun Yuhan no longer had any dreams of going out. She was no longer willing to daydream about being a celebrity or being a rich girl. These dreams were good, but after they were done, she realized that.., this was not a beautiful dream, but a nightmare.

No matter how good a dream was, it was just a dream. Sooner or later, she would be beaten back to her original state.

Right now, she only wanted to change to a better prison so that she could eat more food every day. However, she could not endure a day like this, not to mention the darkness in the prison.

Now, she was regretting being the granddaughter of the Ye family. If she had not been the granddaughter of the Ye family, she would not have let herself sit in this prison. When she got old, she would die.., she would have to be carried out of here.

She ate her bowl of rice. When she was done, her stomach growled.

At this moment, a prison guard walked over and said that someone wanted to see her.

Sun Yuhan stood up, still holding the empty bowl in her hand.

She put down the bowl and followed the warning. She walked into the empty room. At this moment, a man in a white uniform was sitting inside. He was just sitting there, he was also staring at her expressionlessly.

Sun Yuhan instinctively wanted to push her hair down.

But after touching it, how could she forget that her hair had been cut so short that it couldn't be any shorter.

She walked over and sat down as well.

You're looking for me for something, but she still raised her chin high. She still thought that she could negotiate with Lu Yi.

"I knew you would come looking for me." Sun Yuhan covered her mouth and laughed. Yes, she knew that this man would come looking for her, as long as she still had something in her hands.., then she could make her demands.

"You can have those photos too."

Sun Yuhan raised her head even higher. "As long as you can agree to my conditions..."

"I've already found those things," Lu Yi interrupted Sun Yuhan's voice indifferently.

"Ha..." Sun Yuhan didn't believe it, or absolutely didn't believe it. Who was she lying to?

“Victory Road, 27th floor, ninth floor.”

Lu Yi gave her an address indifferently. Sun Yuhan’s face froze for a moment. In an instant, it went from white to red, then from red to green, and finally, it turned ashen.

“How did you find it?” She couldn’t hold back the smile on her face.

“You don’t need to know that.”

Lu Yi sat up straight the whole time. “Remember, Sun Yuhan, I don’t accept any threats.”

Sun Yuhan’s face was still frozen.

“What do you want to know?”

She gritted her teeth. She knew that she didn’t have any bargaining chips now. Of course, she didn’t have the right to negotiate with Lu Yi?

And now she regretted it. If she didn’t want to control Lu Yi and get better things last time, she might not have had such a hard time now.

In the end, she lost a chance for nothing, and she wasn’t stupid.

Other than that, she didn’t have many things left. This might be her rare chance, or it might be her only chance.

She had her own thoughts on what to do, but her head had already lowered. Her so-called arrogance had finally turned into inferiority.

Lu Yi was an expert in negotiations, and Sun Yuhan was still too inexperienced in front of him, so it was easy for Lu Yi to figure out her thoughts.

He placed his hand on the table and lightly tapped it.

Sun Yuhan’s heart skipped a beat.

It was the feeling of a cat scratching her heart. It was uncomfortable, irritated, and irritable.

“Sun Yuhan, what’s the relationship between you and Zhu Xianglan? What kind of agreement did you two come up with?”

Sun Yuhan clenched her hands on her legs and clenched her teeth a few times.

“If I tell you, can you agree to a small condition?”

“I don’t accept threats,” Lu Yi rejected her coldly.

“It’s not a threat,” Sun Yuhan smiled miserably, “I’m exchanging conditions with you. Don’t worry, I’ll tell you everything you want to know. Besides, what I want isn’t anything difficult. I want to eat three meals a day. No, I just want to eat a full meal every day. One meal is enough. These aren’t difficult things for you, right? I Won’t make any excessive demands.”

All she wanted was a full meal. That was it, wasn’t it?

Lu Yi's uniform was so white that it almost pierced her eyes. Sun Yuhan couldn't help but turn her face away, not daring to look at his uniform.

"Speak." Lu Yi raised his wrist and looked at the watch on his wrist.

"Sun Yuhan, I don't have much time."

"Then my request..."

Sun Yuhan's hands were sweating nervously. "Can you agree?" "Yes, can he agree? And now she just wanted to know, could he agree?"

She knew clearly that if she missed this opportunity, then she wouldn't have another chance.

### **Chapter 1855: had nothing else to ask for**

"I promise you."

Lu Yi looked at her again. "But you better not play any tricks. I can make your life better, but I can also make your life worse than death."

Sun Yuhan smiled bitterly. "You don't have to remind me. I know."

She had long recognized the reality. She, Sun Yuhan, was not a phoenix. Even if she had been, she had still turned into a hairless pheasant in the end.

Lu Yi's eyes were calm, and there was no trace of her in them.

Sun Yuhan closed her eyes and took a deep breath.

"You've seen those photos, so you should know that not only is Yan Huan the granddaughter of the Ye family, she's also Su Qingdong's daughter. She's also Su Muran's half-sister, so the bone marrow of the two of them is the most suitable. There's no one in this world who has the same bone marrow as them and is suitable. I know that they took Yan Huan's bone marrow, and Zhu Xianglan knows that I'm a fake, so she once or twice threatened me to let Su Muran Act in my TV series."

"Does Su Qingdong know about these things?"

Lu Yi asked again. It was not much different from what he had imagined. What he wanted to know now was whether Su Qingdong, as a father, knew about the existence of Yan Huan in this world?

"I don't know," Sun Yuhan shook her head. "I have never thought about this matter, and I have never asked Zhu Xianglan. Moreover, even if I wanted to ask, she would not sue me."

No matter how nervous she was, she pressed her hands on the table and grabbed the table from time to time. Her stomach was rumbling.

"I've told you everything you need to know. Then I..."

Before she could finish her sentence, Lu Yi had already stood up and walked out in big strides.

Sun Yuhan's voice was as if it was stuck in her throat. Her teeth were about to break, but in the end, she still couldn't do anything for herself?

But now, she couldn't even cry. Tears in this place were cheap and annoying.

She was brought back by the prison guard.

She sat on her small wooden bed. There was a lot of smell in the air. The Woman's sweat, the smell of dirty hair, the skin that fell off her body, the smell of blood when she had her period, that small window.., it was completely useless.

"7056..."

Suddenly, she heard someone calling her. 7056. Yes, it was 7056. She did not have a name, only a code name. 7056 represented her. Perhaps very soon, she would even forget her own name, the only thing she could remember was the number 7056.

She hurriedly stood up,

"Report, 7056 is here."She raised her hand high.

"Pack your things and follow me."The prison guard stood outside the door, already waiting for her.

Sun Yuhan's body froze. Pack? Why did she have to pack? Did she make a mistake?

She didn't realize that other people were inexplicably envious and jealous of her.

Sun Yuhan put away her bedding. She only had one piece of clothing on her, and there was nothing left.

She followed behind the prison guard and carefully walked forward.

The prison guard opened a door. "This will be your place from now on. Pack up and I'll take you to work."

Sun Yuhan quickly put her luggage on an empty wooden bed. Finally, the corner of her lips that had been tense all this time lifted slightly. There was moisture in the corners of her eyes, however, they were all forcefully pushed back by her.

She had heard from the people here that in a prison like theirs, there were the most death penalty and life imprisonment. The best place to stay in the entire prison was the toy factory in the prison. They could work there for a long time, they had to work for 12 hours a day, but they were not bullied by others. In the future, when they went out, they could also learn some skills. However, it was not easy to enter this place. Only prisoners who performed extremely well could enter, and most people could not get in their entire lives.

Those who could work here were prisoners who had some face or were about to be released from prison. Although there was no salary here, the food they ate was different from other prisoners.

At the very least, it was not vegetables and tofu every day, nor was it boiled cabbage. Most of the time, they could eat meat. In other places, this was a job that made people envious. 12 hours a day. There was no salary, no bonus, and nothing at all. Only three meals a day was better than other places, and one could often eat meat.

Many people wanted to come in, but they could not. As for how Sun Yuhan could come in, it could only be said that her background was not bad.

Yes, her background was not bad. Ye Jianguo was her background and her backer, but he abandoned her. Now, she believed that only one person in this world could do it for her, he was willing to step up for her,

it was not because others were reluctant to part with her, nor was it because of her reputation.

It was because there was a man named Lu Yi, who might have done it to return her a favor.

In fact, there was no favor between them. In the end, it was all her own fault. It was her retribution that she ended up in this situation. However, she still could not understand her current situation, if she had known earlier, she would have told Lu Yi about this earlier. She wouldn't have thought that Lu Yi would come and beg her one day. Perhaps, she would have received better treatment now, or perhaps, she would have gotten a private residence. It was a pity that she didn't tell him at that time, and he no longer needed her to tell him.

It was time to go to work again. She pulled her long and short legs and walked forward step by step.

She didn't care about beauty and ugliness now. As long as she could eat a full meal a day, she had nothing else to ask for.

She wanted to use the time of her future life to pay back the money she had spent, and also to pay back the crime of confessing her family.

There was no light in the prison. It was dark and humid here.

Sun Yuhan suddenly turned around and looked back at the prison door. She just wanted to know if there would be anyone coming to visit her in the future. It seemed that she didn't have any secrets anymore, there was nothing she could use anymore.

What she could say was already said. What she could not say could also be found out by others.

So there should not be anyone else.

As for ye Jianguo, she no longer had any hope.

At this moment, Su Muran's mother and daughter had also returned to the Su family. Su Muran's complexion was not bad. Her face was glowing red.

Recently, she had returned to the entertainment industry and attended various activities as usual. She participated in various reality shows and her popularity gradually increased. Although it couldn't be compared to her past., as long as this continued, her popularity would definitely return to her past.

### **Chapter 1856: do you know where it is?**

After a few reality shows, she had taken on a few big films. Now, she was waiting for the filming to start.

Of course, she was secretly sneering at The Imposter Sun Yuhan. She thought she was really a princess in trouble, but it turned out to be a pheasant.

A pheasant was a pheasant. Where did it come from? In the end, it was beaten back to where it came from.

She didn't have to see that woman's ugly face anymore, so she could rest easy.

It was just that without Sun Yuhan, that stupid woman, paving the way for her, she didn't have the chance to shoot some films.

However, it didn't seem to have much effect on her. Anyway, she had accepted several films by accident. She didn't know if her luck had been too good recently, or if she wanted to accept any films.., every film was an olive branch for her.

She seemed to have sensed that she was about to stand on the international stage and take the trophy that belonged to her. She would stand at the top and look down at those people who were still struggling at the end of their lives.

"Mom, you said that Sun Yuhan is fake. Then who is she?"

Su Muran asked Zhu Xianglan. How did she turn out to be a fake in the end? Moreover, she was now in prison and would be in prison for the rest of her life.

She was curious. The people of the Ye family could not be so stupid as to recognize a fake granddaughter. If they did not investigate clearly, they would not have recognized her in the end. In the end, it turned out to be a fake.

She heard that they were still looking for that biological granddaughter a while ago.

If there was a fake, then there should be a real one, right?

It was just that she could not guess who the real one was.

"What did you say?" Zhu Xianglan only reacted after a long time. She was also in a daze just now, so she did not pay attention to what Su Muran said.

Su Muran sat closer to Zhu Xianglan.

"Mom, do you think that Sun Yuhan is so afraid of you because you know something? Do you know where the Ye family's biological granddaughter is?"

"What nonsense are you talking about? How would I know those things?" Zhu Xianglan's face darkened. When she heard this, she immediately raised her voice. Zhu Meina, who was rubbing her nails, also raised her face.

Her pair of eyes, which were painted with dark eye shadow, also narrowed.

There seemed to be something fishy going on here.

Meanwhile, Su Muran was also frightened by Zhu Xianglan's sudden cry.

"Mom, What's Wrong?"

She was really frightened. She didn't say anything. Why? Zhu Xianglan seemed to want to eat people.

"I'm fine." Zhu Xianglan secretly grabbed the corner of her clothes. Perhaps she also felt a little excited, so she sat down again and tried her best to maintain her image as a noblewoman, however, the contortions on her face had already ruined everything.

"Mom, do you really know about this?"

Su Mulan felt that Zhu Xianglan must know something.

"What can I know?" Zhu Xianglan stood up again. She didn't want to hear Su Mulan mention these things. No, she didn't like anyone mentioning this matter.

She had nothing to do with Sun Yuhan, so she did not know anything.

Her footsteps were a little hurried. In the end, she stumbled into the room and slammed the door shut. She locked herself in the room and breathed heavily from time to time.

Sun Yuhan, that useless woman, had actually been discovered by someone.

So now, did the Ye family know about Yan Huan's identity? What if Yan Huan's background was found out? She had not forgotten that the Su family's crisis was still there and had not disappeared.

There was also that secret in Yan Huan's hands. That secret was like a ticking time bomb.

After she found out about this matter, she began to feel uneasy. She did not know why, but her heart was like a bucket of water. It was also very uncomfortable, it was as if something was going to happen.

No, no, no, absolutely not. No one knew about that matter. Even Sun Yuhan might not know about it. The most she knew was that Yan Huan was Ye Rong's daughter and also Su Qingdong's daughter, but she shouldn't know anything about their past.

Moreover, wasn't the Ye family looking for their granddaughter? Then they should not have discovered that matter.

No, she had to go and ask Sun Yuhan. She also had to see Sun Yuhan.

However, after thinking about it, she still did not go. If she went, wouldn't she be telling others that she had some connection with Sun Yuhan? It was hard to guarantee that the Ye family would not find out about her.

If the matter that happened decades ago was found out, it would be her and Su Qingdong working together to force Ye Rong away.

Then, she sat on the ground weakly.

Everything would be over.

When it was time for dinner, Zhu Meina had been paying attention to Zhu Xianglan. Based on her understanding of Zhu Xianglan for so long, there must be something that Zhu Xianglan was hiding from her.

Right, it had something to do with Sun Yuhan. Could it really have something to do with Sun Yuhan.

“What are you looking at?” Zhu Xianglan had just raised her head when she noticed Zhu Xiangna sizing her up. At this moment, she had the urge to dig out Zhu Xiangna’s eyes.

“Who wants to see your old face?”

Zhu Xianglan was not polite, and Zhu Meina was naturally not polite either.

Su Xianglan was so angry that her chest hurt, and she almost bit her teeth off. The days that she had been living these past few days were simply the most sullen times of her life. Could it be that she had to endure Zhu Meina for the rest of her life.

Su Muran was also so angry that he threw his chopsticks down. He did not want to eat anymore.

Of course, Zhu Meina still ate the most of the dishes on the last table.

She picked up a piece of meat with her chopsticks and put it in her mouth. She didn’t eat such a delicious meal. The Su family was indeed rich. They ate half of the meal and poured the other half in as well.

Fine, no one ate it. She ate it herself.

Upstairs, Su Muran was about to go crazy from anger. She had forgotten about Zhu Meina when she was abroad. Why did this woman keep following her when she came back, “Mom, why isn’t she dead? Do we really have to live with her for the rest of our lives?”

“Don’t worry, she won’t. Mom won’t allow such a thing to happen. She won’t let that woman disgust us for the rest of our lives.” Not to mention Su Muran, even Zhu Xianglan was so angry that she vomited blood. She felt that.., she would definitely not die of old age in the future. Instead, she would die of anger from Zhu Meina.

Zhu Meina could not be kept alive.

“Mom, but how are we going to make a move on her?” Su Muran hated this point. They clearly hated her to the point of discomfort, but in the end, they still had to endure it.

### **Chapter 1857: She did not believe that it was true love**

Zhu Xianglan did not speak. However, her eyes were filled with dark and indescribable resentment.

These resentment and hatred could no longer be suppressed.

In addition, she had been worried for the past few days. Hence, her mind was a little chaotic.

Under extreme anger and suppression, people would often do a lot of wrong things.

And such wrong things could sometimes cause people to regret it for the rest of their lives.

And now, she didn’t care whether she would regret it or not in the future.

She would never let Zhu Meina off. Between her and Zhu Meina, it was either you die or I die.

Zhu Meina drove her red sports car to the entrance of the Liuyuan Garden. She stopped and went straight in.

As soon as she opened the door, she saw that the three children were there.

“Children, your Aunt Meimei is here. Come over and welcome her. I bought a lot of fun and delicious things for you.”

After all, children were children. No matter how precocious Xiao Guang and Xiao Qi were, they were still children. Of course, they could not resist the attraction of toys for them. And indeed, Zhu Meina was very good at buying toys for the children, every time, she could let them unwrap and play with them for a very long time.

Lu Qi and Lu Guang, these two little guys, liked these things.

The three children ran in front of Zhu Meina.

They were all soft and cute, making people love them dearly.

Meina hugged them one by one, and then bit their little faces a few times. Of course, she still loved Xiao Guang the most. This was her godson. Although Xiao Qi and Xiao Guang looked exactly the same, she still loved Xiao Guang a little more, who asked Xiao Guang to have problems with his eyes? It was not wrong for her to love him a little more.

However, the toys she gave to the two boys were the same. She would also put the toys in front of them and let them take them. She would definitely not favor any of the children.

Children’s hearts were very fragile. They had their own thoughts long ago. Sometimes, they would think too much. Don’t think that such a small head did not contain anything. Sometimes, they would think more than adults.

And adults really didn’t understand their thoughts.

As for xunxun, what she got was a doll with long hair. She could play house with it.

“Thank you, Aunty.”Xunxun thanked her politely and also hugged the doll in her arms. This small appearance was really too cute. If Zhu Meina hadn’t doted on Xiao Guang more., it was likely that she would not be able to escape Xunxun’s charm.

Especially when she smiled, two dimples would appear on her face. How could she be so cute.

It was no wonder. Even Yan Huan could not see his daughter often. He was occupied by the three elders at home because this child was really too cute, she was also a smart and obedient little girl.

Xun Xun ran over with the doll in her arms. She was also showing off her doll to her mother.

“Mommy, the doll aunt gave you is very beautiful.”

Xun Xun liked beautiful things. Of course, she also liked beautiful things. In this aspect, she was definitely like Yan Huan. Yan Huan also dressed her up very cutely. She did not change her clothes every day, and she did not cut her daughter’s hair, now that she was more than three years old, her hair had

grown to a very long length. Of course, Xunxun's hair was like Grandma's, dark and shiny. It was even better than her mother's.

This was no wonder. Everyone in the family liked her so much. Now, Ye Shuyun had a headache facing such a beautiful granddaughter all day long. Her child was ugly and anxious, and when her granddaughter was good-looking, she was even more worried.

She was afraid that others would target her little granddaughter and steal her away. What should she do?

Yan Huan pinched her daughter's little face and then pinched the doll's face. "Go play with your brother. Mommy and Auntie have something to say."

"Okay." Xun Xun obediently carried her new doll and went to look at the two big brothers' detachable robots. She ran over and sat between the two big brothers. Her little feet swayed back and forth.

Zhu Meina then walked over and sat down as well. She took the script from the side. It was the script for the first two chapters. "I think this is something that Su Muran would want to film even in his dreams."

Even though she was a layman, she knew how good and shocking the first two chapters would be when they were filmed. With a box office earnings of close to six billion, would she be afraid that the box office earnings would be low? Moreover, with such a large investment, Linlang had basically bet everything she earned in the past few years on it. Even if she wanted to surpass the first film, she also wanted to break the record that the first film had held for several years.

It was a pity that Linlang would not want Su Mulan, and Yan Huan would not cooperate with Su Mulan either.

"Oh right, I've discovered something very strange these past few days."

Zhu Meina kicked off her high heels as if she was at home. Yan Huan was already used to Zhu Meina's idiotic personality. What she could not understand the most was.., why was Zhu Meina wearing high heels at home.

Even now, she was wearing flats. Lu Yi did not allow her to wear high heels. Moreover, it was not good for a woman to wear too many high heels. She absolutely believed this.

Zhu Meina had not yet become flat-footed, and Yan Huan felt that it was unbelievable.

"Where was I?" Zhu Meina directly picked up an apple from the table and put it to her mouth and began to chew.

"You said that Zhu Xianglan has been a little strange recently."

Yan Huan reminded her.

"It's just strange." Zhu Meina took another bite of the apple.

"Yesterday, Su Muran asked Zhu Xianglan who the real granddaughter of the Ye family is? "Didn't we always think that Zhu Xianglan had something on Sun Yuhan? Otherwise, how could those two have been in cahoots for so long?"

So many characters were given to Su Muran in the end. Logically speaking, the two of them were enemies. This was the hatred of stealing a husband. I didn't believe that the two of them were in cahoots. It was true love.

Not to mention that Zhu Meina didn't believe it, Yan Huan also didn't believe it.

Of course, it was impossible for the two women to have such a relationship. Therefore, the most convincing thing was that Zhu Xianglan really had something on Sun Yuhan. and the biggest thing was also what Sun Yuhan was most afraid of, the thing she was most afraid of.

Was her identity.

"You say..."Zhu Meina asked Yan Huan again, "Does Zhu Xianglan know where the Ye family's biological granddaughter is?"

"It's possible,"Yan Huan reasoned logically, but he also felt that this was the most likely thing. Otherwise, how would Zhu Xianglan threaten Sun Yuhan, and why would Sun Yuhan be threatened by her, in the end, she compromised again.

"How do you think we can pry her mouth open?"

Zhu Meina pinched the apple in her hand hard.

"Why do I look for the granddaughter of the Ye Family?"Yan Huan still held the cup with both hands, and was also very quiet.

#### **Chapter 1858: was she**

"Don't forget..."Zhu Meina took another bite of the apple. "Didn't you want to take revenge on the granddaughter of the Ye Family? Let Old Ye have a taste of the pain of being unresponsive every day."

"Why? Have you forgotten, or do you not intend to take revenge?"

"Did I say that?"was Yan Huan someone who would forget his hatred? She had already remembered Su Muran's hatred for two lifetimes. It was not that she did not want to take revenge, but she did not have the time to deal with the Su family's matters.

However, she had to remember what she had to take revenge for, and she had to get back what she owed.

Sun Yuhan had returned the favor, and now it was Su Qingdong's family's turn.

"Then why didn't you arrest her?"Zhu Meina was eager to give it a try. It was almost as if she was going to arrest someone now.

"Arrest her?"Yan Huan looked at Zhu Meina as if she was a creature from outer space.

"My husband is a prosecutor. You want me to illegally detain her and torture her?"Her knowledge of the law was taught by Lu Yi, and her awareness of the law was very strong, therefore, she would not do anything that violated the law.

That was why the law was harsh.

Whether it was her or Linlang, they would not do anything that would be caught. She was a woman who loved herself very much, and of course, she would not cheat on her taxes.

As for kidnapping others and illegally detaining them, only a fool would do that.

And why would she do that?

That's right, why would she do that? She had a better idea. Why did she have to lose herself as well.

"Don't You Want Revenge?"

Zhu Meina was so anxious that she wanted to pinch someone. "Yan Huan, you can't let me down. Aren't you curious to know who the Ye family's real granddaughter is? When the time comes, you can take revenge on her."

"I want to," Yan Huan answered honestly,

"Then why don't you ask her?"

"Why should I ask her?" She wouldn't say it.

Yan Huan wasn't stupid, and Zhu Xianglan wasn't stupid either. How could she reveal the secret that she had kept for so many years? She wished that she could swallow this secret down her throat, no one would know about it for the rest of her life.

"Then what are you going to do?"

Zhu Meina was so anxious that she kicked her high heels a few meters away. Could Yan Huan really have a better idea?

Yan Huan put down the cup in his hand. "You should know Zhu Xianglan very well. She would do anything for her daughter."

Zhu Meina nodded. Yes, there was nothing good about that woman, Zhu Xianglan. She was also selfish, but there was only one thing that she could still be considered good.

That was, she had poured her heart and soul into Su Muran.

"She is a good mother." This was the conclusion of Zhu Meina.

"Is She?" Yan Huan used his fingers to gently caress the rim of the cup. "If I were to grow up to be like Su Muran, my mother would definitely beat me to death."

Zhu Meina glared at him. Where did this style come from

"Because she was raised askew."

Su Muran had snatched other people's men so naturally. She had seen many underhanded methods in her previous life, but in this life, Su Muran had not even had the chance to make a move on her, he had already contracted that disease. Of course, some things did not happen to her in the end, but to Zhu Meina.

It was only after Lu Yi had instilled some legal knowledge into her these past few years.

Only now did she know that the things Su Muran had done had far exceeded the scope of the law. And the things Su Qingdong had done was enough to lock him up for life. As for Zhu Xianglan...

If the upper beam was not upright and the lower beam was crooked, what kind of mother would she be? What kind of good daughter would she be teaching.

For Su Muran to become like this, other than having Zhu Xianglan's excellent bloodline, there was also the fact that she had been raised into a crooked tree.

And she would end up like her previous life, with a terrible death.

Yan Huan was very certain of this.

In his previous life, everyone's fate might have changed, but some things had not changed.

Mudslides, floods, earthquakes, and Su Mulan's illness. Some people had escaped, but some people still had not learned how to escape.

Yan Huan felt that she was the reason why she was able to escape.

She was the key to all of this.

Was she reborn to change all of this? As for why she was reborn, she did not know how to explain it. Of course, she could not explain it either.

She would not spread such supernatural things around.

Zhu Meina still did not understand what Yan Huan was trying to do. Why was everyone so mysterious? Why was she acting like a lunatic.

She grabbed her bag and said, "I'm not going to talk nonsense with you anymore. I'm going back." She found her high heels and put them on. Then, she twisted them and went to the children's place.

Then, she bit them a few times. Of course, she didn't forget to secretly bite Xiao Guang a few more times. She really wanted to carry Xiao Guang home to her own sheep. It was the Su family's place., even she didn't want to go because of it, let alone other people.

She twisted her high heels and went out again. Yan Huan looked at her feet for half a day and thought to himself, did Zhu Meina turn her feet? And now, she really admired these women who could run in high heels.

She had even forgotten that she had run in high heels in her previous life. It was just that she was really a little crippled by Lu Yi now.

"Mommy..." xunxun ran over and climbed onto the sofa in a flurry. She handed the doll in her arms to Yan Huan.

"Mommy, can you help xunxun comb the doll's hair?"

“Sure.” Yan Huan took the comb and started combing the doll’s hair. He did not know what the doll’s hair was made of, but to be honest, he did not know what it was made of. The material of the hair was pretty good. It did not tie a knot, so of course, it was easy to comb.

Yan Huan quickly combed the doll’s extremely beautiful hair. Xunxun carried the doll and climbed down the sofa to play with her brothers.

Yan Huan propped up his face and smiled as he looked at the three children at home.

These three children were really easy to raise.

Lu Qi and Lu Guang liked to dismantle toys the most. Sometimes, they would sit there for half a day, and their mental strength was very refined. They did not want to move their little butts even after sitting there for a day.

Xun Xun sat in the middle of her two older brothers. Although it might be baffling, the three siblings didn’t need adults to specially supervise them.

Even ye Shuyun sometimes said that these three children were easier to take care of than one of them. Otherwise, if they were really just a little more superficial, she wouldn’t have the time to do anything else.

Yan Huan picked up the Teacup on the table and placed it by his mouth. Yes, if it was just a little more superficial, she wouldn’t have a place to drink tea even if she made a scene or cried.

### **Chapter 1859: robbery**

Very soon, a good show began.

She was looking forward to it more and more. Of course, she was not Zhu Xianglan, nor was she su Muran. She would not secretly catch people and throw them into the river to feed the fish.

Her methods were brighter and gentler than theirs.

She liked to boil frogs in warm water.

And this frog had been boiled for more than a year. It should have been boiled to death a long time ago.

Yan Nan narrowed her eyes slightly. She suddenly smiled.

And her smile was somewhat ironic.

For the next few days, the weather was the same. Nothing seemed to have changed. Even the weather was the same, but one could find some coolness in the stuffy heat.

The old people said that this was the premonition of a storm coming.

Perhaps it would soon be a rain.

“Bang, Bang...”

The sound of banging on the door could be heard from outside.

What was going on? Who Didn't have eyes? who was causing trouble here? Aunt Gu hurriedly went over to open the door. However, just as she opened the door, she saw Zhu Meina rushing in. She adjusted her clothes, then, she went over to prepare to take a bite from each of the children.

Auntie gu hurriedly stopped Zhu Meina.

"Miss Zhu, you haven't washed your hands yet. The children's resistance is weak."

This was Auntie Gu's strict request. She didn't agree with Zhu Meina's soil, and it was even fragrant soil. Also, didn't she just leave? How long had it been since she came back? or could it be that she hadn't taken advantage of the three children and wanted to take advantage of them again.

Zhu Meina pursed her lips. Alright, she had business to attend to.

"Yan Huan, lend me your car. My Car is broken. I'll get someone to repair it tomorrow. It's already at this time, where can I find someone to repair my car?"

Yan Huan looked at the sky outside. Indeed, he could not find anyone to repair his car.

It was already dark.

"I'll get Bai Zhi to send you."

Yan Huan was still thinking that it was not safe for Zhu Meina to drive alone.

Bai Zhi also stood up from the side, picked up his car keys and left.

"Okay, thank you in advance."

Zhu Meina was also in a hurry to go back, so she naturally did not have the time to take advantage of the three children.

The night sky of Hai City was still so beautiful, especially when the lights of the entire city were reflected in the Hai River.

Hai city was originally a city along the river. At this time, Hai River was also so quiet. The air was also mixed with the water vapor that hai city was most familiar with.

However, for those who were busy, the so-called scenery was actually a little numb.

Just like Zhu Meina, she had not properly appreciated the scenery for a long time. Her mind was filled with calculations, and her eyes were filled with revenge.

The car stopped. Zhu Meina also took out Wei's bag, and Ah wore a pair of high heels and turned back.

However, Bai Zhi was sensitive to the fact that something was not right. This was her most intuitive judgment as a bodyguard.

She opened the car door and walked out.

Zhu Meina occasionally swung the bag in her hand. Although her image was quite good, even with the high heels limping, she was still able to ride the high heels safely without falling to her death.

However, suddenly, two men appeared in front of her.

“What are you guys doing?” Zhu Meina stopped shaking the bag in her hand and also hurriedly took a few steps back.

She was not stupid. In the middle of the night, someone was blocking her way..,

it was either robbery or robbery. Otherwise, she should not have gone out since she was so rich and so beautiful.

“I’ll give you the money.”

Zhu Meina had always known what it meant to be a wise man who knew how to adapt to circumstances. She quickly took out all the money in her bag.

There was a lot of money in her purse, at least 20,000 to 30,000 in cash.

She took a few more steps back.

The two men who had wrapped their bags tightly took large strides towards Chi Lai and took the money on the ground. Of course, the murder weapon in their hands.., it also made Zhu Meina feel her scalp go numb and her hair stand on end.

She turned around and ran forward. The high heels on her feet were really powerful. Even though she stepped on them, the heels did not break.

The two men exchanged a look and followed her.

At this moment, Zhu Meina was really afraid. What was going on? Did she really want to court death? She wanted to get out of the car here and not drive further. Could it be that she, Zhu Meina, was really going to lose her life here, the footsteps behind her were getting closer and closer, and Zhu Meina was also sweating profusely.

Suddenly, her shoes turned, and she finally completed her final mission. Zhu Meina did not even want to take off her high heels even when she was sleeping... she broke her heels.

The footsteps behind her were already close to her back. Zhu Meina hugged her head and screamed non-stop.

The night was cold. Even if she screamed her throat out, no one would come to save her.

After an unknown amount of time, a hand patted her shoulder.

But she still screamed at the top of her voice.

“Hey...”

That person patted her shoulder again.

Woman? Zhu Meina’s voice was like a car’s brakes, but it also came to a sudden stop. She looked up and saw Bai Zhi. Tears rolled down her face like they were free.

“Bai Zhi, sob sob...”

She hugged Bai Zhi.

Bai Zhi also patted her shoulder.

“Bai Zhi, so you’re so warm. I thought you had the same personality as Lu Yi. You still know how to comfort me,” Lu Yi was the kind of person who could not find a man with even the slightest bit of gentleness, otherwise, he wouldn’t have found her so annoying back then. He just left her at the door of the Su family without any intention of showing any mercy.

Bai Zhi also didn’t like to smile. Zhu Meina had never seen her smile. Perhaps the bodyguards all looked like this, but she finally saw a different Bai Zhi today.

“No,” Bai Zhi reached out and pushed Zhu Meina.

“Your Snot is all over my clothes. It’s very disgusting, do you know that?”

Zhu Meina”...”

Bai Zhi stood up and then looked at the two men who were lying on the ground behind him.

“Who told you to come?”

She asked the two people indifferently. Obviously, these two people had premeditated. They were waiting for Zhu Meina to go fishing. Otherwise, it wouldn’t be so coincidental.., moreover, these two people seemed to have known that Zhu Meina would come back in advance.

They had been waiting for a long time, and there were a few bumps on their foreheads.

However, they had calculated everything correctly, but they had not expected that their lives were really not that good. They had met Bai Zhi, a small character that Bai Zhi could deal with with one finger.

“We just want some money.” One of the men was about to cry after being beaten up. One of them touched the corner of his mouth. It was so painful that the corners of his eyes were twitching. He also hurriedly spoke.

### **Chapter 1860: Who else could have**

The other person chimed in as well.

“Yes, we just want some money. We really want some money.”

Zhu Meina stood up. One of her feet was hurting from being abducted. She took off her high heels and held them in her hands. Only then did she walk out limping.

Then, she squatted down in front of the two men and reached out her hand to slap one of the men’s face

“When I was a gangster, you didn’t even know where you were wearing open pants.”

She was someone who had planned her life in front of Brother Long. What was there to be afraid of and what had she not seen? Of course, she had learned some of brother Long’s methods, not to mention a few, even if it was just one.., it was enough for this kind of person to spend a good amount of time.

“Speak, who asked you to follow me?” She placed the high heels in her hand on the man’s face and used the sole of her shoe to slap the man’s face.

“No one asked us to come.”

These two men were already like this, but they still stubbornly refused to admit it.

“No?” Zhu Meina sneered. “This is a private residential area. Don’t tell me that you have the ability to avoid the guards outside? If it wasn’t for someone bringing you in, would you still be able to come in?”

“We’re really just robbing,” the other said, feeling like he was about to cry.

Where were the single women and the incompetent women? Where were the women who could be taken care of as long as they moved their fingers?

But who was going to tell them where the woman who could hit them came from?

Zhu Meina stood up, threw her high heels on the ground, and put on her shoes.

She really didn’t want to cry until she saw the coffin.

The man who was slapped in the face with the soles of her shoes also let out a sigh of relief and finally left.

However, he seemed to be happy too early

“Great-aunt, what are you going to do? What are you going to do?”

The man’s voice was trembling. He saw Zhu Meina put her high-heeled feet on a certain part of the man.

It was nothing. Zhu Meina blew at the dust on her fingers. She just wanted to let you know what pain was like when an egg broke.

The heel of her shoe stepped on it unceremoniously.

The man cried out, causing Bai Zhi’s forehead to jump as well.

He was really valiant. It seemed that the person who had fallen into her hands in the past was too lucky. He only had a broken arm and leg, but not a broken root. The arm and leg could still be reattached, but could this root still be reattached?

The man’s body trembled as he continuously screamed. The other man clamped his legs tightly. Even if he had not been stepped on, he knew how painful it was. They were both men, and this feeling was self-evident.

“Speak.” Zhu Meina walked in front of the man who did not have a broken root again. She had just lifted her foot when the man started to cry.

“You still want to rob me?” Zhu Meina really felt that her good mood today had been kissed by a dog.

“Speak!” No matter how she put down her foot, she also used her foot that did not have a broken heel to stomp on the ground. The heel also made a squeaking sound, the sound of the heel stomping on the

ground was so clear and pleasant that it could be completely imagined by others. How Strong was this heel? It did not matter if one was broken, or was there another one?

“Why, aren’t you going to tell me?” Zhu Meina was getting impatient.

“I’ll tell you, I’ll tell you, I’ll tell you everything.”

The man quickly hugged his own part, afraid that Zhu Meina’s foot would step on it again, and he would soon know what a sad egg was.

“A woman asked us to come. They gave us a sum of money.”

“What did they ask you to do?”

Zhu Meina moved her feet again. Actually, she didn’t need to guess to know who this person was. It was Zhu Xianglan, her dear aunt. Why? Didn’t she kill her last time? was she going to do the same thing again this time?

What did she do wrong? The biggest mistake was coming to the Su family. However, what did she do wrong to Zhu Xianglan? She was the one who plotted against her. She was the one who threw her onto Su Qingdong’s bed. Now, she was accusing her of being a mistress.

When the man saw Zhu Meina’s twisted face under the light, he was truly afraid.

“Speak, what does she want you to do?”

Zhu Meina raised her foot again. Don’t waste my time here. I’m in a bad mood.

“Rape first...”the man gulped again. “Mm, kill later.”

Zhu Meina walked over again and grabbed her bag from the ground

She looked calm, but only she knew how many waves of shock had appeared in her heart.

“I’ll leave them to you.” Zhu Meina tidied her clothes and hair, then left in her high heels. Although there were only roots on one side, she could still walk, and she could walk very seductively, she was really capable.

Bai Zhi’s opinion of Zhu Meina had changed a little.

This woman was tough enough, although sometimes she was also a bit lacking.

She took out her phone and said a few words to the phone. Then, she looked at a certain man with some sympathy. Did she still have any functions in the future? was she going to become a eunuch.

As for Zhu Meina, she swaggered back to the Su family. At this time, Zhu Xianglan was not asleep. She was still anxiously waiting for the news. Was That woman dead? Was she dead?

Right now, her heart was filled with anxiety and anxiety.

If those things were really like what Zhu Meina said, that if something happened to her, it would be made public, then what should she do?

Actually, Zhu Xianglan did not believe it. Yes, it was a lie. It must be a lie. Zhu Meina loved to lie since she was young, and she had a mouth full of lies.

This woman was dead, so they could rest easy. Only when that woman was gone could she rest assured. However, she seemed to have forgotten that Zhu Meina was not the only person in this world who would make her uneasy, she was also restless and afraid day and night.

There was another person, and that was Yan Huan. That was the person she wanted to get rid of the most, but she did not dare to move. She was also the person who did not have the opportunity to move.

The door outside creaked and a sound was heard.

Zhu Xianglan felt her heart skip a beat and she stood up as well.

The door opened and Zhu Meina walked in with a swagger. There was a faint smile on her face.

Zhu Xianglan's face stiffened at first, and then her entire face turned ashen.

Even if she denied that she had not found anyone and did not intend to rape and kill her first, Zhu Meina would not believe it.

"Why, does Auntie seem unhappy to see me?"

Zhu Xianglan snorted and went upstairs, but her footsteps were a little hurried, as if she was hiding from something.

A dog can not change its course, Zhu Meina sneered.
