

Chapter 1871: she wanted him to die

“How long can he last?” Su Qingdong asked the doctor. He still wanted to think of some other methods, but what methods could he think of? What methods had he not thought of last time? What things had he not done, so many people had been matched, but in the end, only Yan Huan was suitable. Otherwise, they would not have done such a thing and taken the risk of harming the Lu family.

Even if it was against the law, they had forcefully extracted Yan Huan’s bone marrow.

“At most two months?”

The doctor put down the pen in his hand. Miss Su’s illness this time was too severe. You had better hurry up. Otherwise, even if the transplant was successful, all the functions of her body would be damaged.

“Two months.”

Su Qingdong’s heart almost stopped beating because of this time difference. This was a double-edged sword, and it was God who gave them a difficult problem. At this time, the matter was exposed, and they had not solved it yet, however, Su Muran just had to find out about his previous illness at this time.

This time, it was not the last time.

Yan Huan wanted his entire family to die, so how could he lose his bone marrow to Su Muran again.

Moreover, time was so tight this time. Even if they wanted to think of other ways, they couldn’t. They didn’t have the ability to do so, and Su Muran couldn’t wait for too long.

“What should we do now?” Zhu Xianglan asked Su Qingdong while crying. “We only have one daughter. If anything happens to her, then as her mother, I won’t be able to live anymore.”

What else could Su Qingdong do? Zhu Xianglan’s cries made him feel that his head was about to explode from anger.

Misfortune does not come alone. It really does not come alone.

When Su Ancheng heard about this, he would occasionally hit his walking stick.

Retribution, it was really retribution.

The last person who transplanted her bone marrow was Yan Huan, and they were the ones who forcibly captured him. This time, they might not have the courage to do so. Moreover, if they really dared to do so, the people of the Lu family were not fools, as long as Yan Huan went missing, the first person they would look for would be the SU family.

“What should we do now?” Zhu Xianglan could only cry. However, crying now would not solve any problems. The Lu family was like fire and water with them now. How could they possibly save Su Mulan.

Su Qingdong's hair had already turned white. He looked as if he had aged more than ten years. At this moment, his skinny figure was not as spirited as before. He was old. This time, he was completely old.

He weakly sat up and hugged his head. Just like Zhu Xianglan, he only had one sentence, 'what should I do? What should I do?'

Lu Yi put down the stack of newspapers and sat in front of Yan Huan. Yan Huan combed her daughter's hair and put a small hair clip on her hair. A soft and cute little girl was really adorable.

She picked up her daughter and placed her in front of Lu Yi.

"Is she pretty?"

She showed off her daughter. The greatest masterpiece of her life was not the number of movies and TV shows she had made or the number of movie queens she had won. It was not the number of box office sales she had made in China or abroad, it was the fact that she had given birth to a beautiful daughter who made her little face so beautiful.

Lu Yi took the daughter and pinched her little face. "MMM, Beautiful."

Yes, his daughter was the most beautiful child. She was the most obedient and cute child in kindergarten, and also the one that the teacher liked the most.

He placed Xun Xun on top of her and touched the top of her little head.

"Xun Xun, look for your older brothers to play with."

"Okay." Xun Xun obediently went outside to look for her two older brothers to play with. She wanted to play with her older brother's plane. As long as she went, her older brother would give her all their toys.

After Xunxun left, Lu Yi hugged his arm and stared at Yan Huan without blinking.

Yes, he was waiting for her explanation, waiting for her to give him an explanation.

Yan Huan pulled out the hair on her forehead. She was a little embarrassed. Now that the truth had been exposed, Lu Yi also knew about it.

Lu Yi reached out and placed his hand on her shoulder. "Why didn't you tell me back then?"

"I want to take revenge on my own." Yan Huan had never intended to involve Lu Yi in this matter. Besides, Su Qingdong was an old fox. It wasn't easy for her to find this evidence, if Su Qingdong thought that this chapter was over, then he had really underestimated Yan Huan.

Some grudges would follow her life. If her life was there, then there would be grudges.

Moreover, she still had some reservations. She had let the Su family off. Of course, it could also be considered as indirectly letting Su Qingdong off. She did not force the SU family into a dead end, but she was the one who let them off, su Qingdong still had to pay the price for what he had done, and he also had to accept the punishment of the law.

Although it was said that he was late by about two years, those who were guilty would eventually be able to accept the punishment due to those crimes.

She hugged Lu Yi's arm.

"Lu Yi, what crime do you think Su Qingdong will be sentenced to? Will he be sentenced to death?"

"Do you want him to be sentenced to death?" Lu Yi asked Yan Huan in return. It was as if something had been added to his pair of black eyes. Yan Huan did not understand.

"Of course." Yan Huan could not wait for Su Qingdong to die a few more times. "If he doesn't die, he will rise from the Ashes again. Such a person does not have any integrity." Although she said that she had let him go., in fact, she still wanted to get rid of him.

"The highest penalty will be death. Lu Yi stood up and squatted in front of Yan Huan. He may also be sentenced to three to fifteen years in prison."

"Huanhuan..." he called Yan Huan's name seriously. "Do you really want him to die?"

"Why not?" Yan Huan laughed very coldly, "Shouldn't he die? "They treated me like an object. They took my blood, extracted my bone marrow, and threw me into the cold sea. The more she spoke, the more excited she became. Lu Yi, tell me, why are they still alive? Is it because I don't have a father or a mother, so I have to be bullied like this?"

"It's not your fault. It's all because they were too greedy." Lu Yi's voice was very dry. It had lost its moisture and he could only sigh. There were some things that he could not tell Yan Huan.

Just like that, it was fine if he did not know. If he knew, it would only be a psychological burden for her. There was really no need for him to tell her.

Yan Huan hugged Lu Yi's arm. I had already pushed them and myself into the limelight. I had used nearly two years to set up this trap. I had finally managed to lure them in. Of course, the manpower that she had spent., there were countless resources and wealth. If it wasn't for Sun Yuhan, would they still be able to survive for so long?

And no matter what the process was?

What she wanted was the result of the Su family.

She wanted their family to be destroyed.

Chapter 1872: thick-skinned

She wasn't ruthless. She was already merciful enough to make them pay with blood. Those videos hadn't been released yet, which gave the SU family a glimmer of hope. As long as Su Taidong was smart, he would naturally know what to do.

"HMPH!" She snorted coldly.

"Even if they don't die, I'll still make them spend more than ten years in prison, especially that woman, Zhu Xianglan." After more than ten years, the Sun and the Moon changed. It was unknown what kind of scene it was like. After losing more than ten years., by the time they came out, they would have nothing left.

Su Ancheng might have died a long time ago, and Su Qingdong was also at the end of his life. As for Su Muran, if she followed the trajectory of her previous life, she would still not be able to live past these few years.

Sure enough, Yan Huan's prediction was right. Su Muran was once again admitted into the hospital. Her illness was acting up, so she had become a vampire again. Every once in a while, she would suck human blood. Otherwise.., her life would end here.

However, the Su family was in grave danger now. They could not care about her even if they wanted to. Moreover, it was the second surgery. They could tie up Yan Huan for the first time, but there would not be a second time, and it was impossible for there to be a second time.

Su Muran's condition was getting more and more serious. It had reached the point where she had to have another bone marrow transplant. A simple blood transfusion was no longer enough to satisfy her current body's needs. It was also because of her rare blood type.., this was panda blood, not cabbage blood.

Su Qingdong and Su Ancheng stood at the entrance of the Lu family. However, they had been standing there for about half an hour, yet they still had not entered. They could not enter, nor could they enter. They were even too ashamed to enter.

"Let's go." Su Ancheng turned around and glared at his old son. He was supposed to be in a coffin at his age, but now he had to put on a brave face to clean up the mess Su Qingdong had made for him, if he went now and the Su family was destroyed, how could he face the ancestors of the Su family.

"Dad, I..."

Su Qingdong couldn't even take a step now. He felt that his old face was burning, almost burning his face.

"You what?" Elder su laughed coldly, "What? You have the guts to do it, but you don't have the guts to admit it? Even if I was in the Ye family in the past, I never thought of throwing people directly into the Sea River. Aren't you too bold?"

"I did all of this for the sake of dying. I only have one daughter." Su Qingdong still didn't feel that he had done anything wrong. Children were the debts of their parents. He did all these things for his daughter, it was understandable, wasn't it?

"But Your Daughter is still lying in the hospital. She's still half-dead." Su Ancheng stretched out his finger and pointed at the hospital with a trembling finger, "What's the use of doing so much? She's not dead, but your daughter is dying. You could have begged the Lu family back then."

"They wouldn't have agreed..."

Su Qingdong had never thought that the Lu family would beg Su Muran. Otherwise, he wouldn't have done such a thing back then. At this moment, he was extremely vexed. He had really underestimated Yan Huan and had taken his things, however, in the end, she had backstabbed him. He should have known that Yan Huan would not let them off so easily. So, she had only told him to lower his guard on the surface, but she had been secretly collecting those things, if he had known earlier, he would have strangled her to death and thrown her into the river.

When Su Ancheng saw the killing intent in his son's eyes, he knew what he was thinking?

At this moment, he looked at the sky not far away. At this moment, he really felt that the Su family was going to be finished. The Su family that he had guarded for his entire life, the thing that he had protected by hook or by crook for his entire life, was destroyed in the hands of his son just like that, moreover, the Su family was even broken in the hands of Su Muran.

Su Muran was the root of the Su family, but this root had rotted from the inside out.

But no matter what, he had to find a way to keep Su Muran's root from rotting. The Su family could live without an old man like him, but Su Muran, no matter what, he had to keep him alive.

Ding Dong, he pressed the doorbell. This old face of his was going all out. It was not the first time he had lost face. He would continue to lose it in the future. If he felt that he was too shameful now., he could really stay in the nursing home for the rest of his life.

Not long after, the door opened. It was the nanny of the Lu family who opened the door.

"Is mummy back?" A cute little voice sounded. Then, a little girl with dimples on her arms and legs ran over and hugged the nanny's legs, she also stuck her little head out from behind the nanny.

But when she saw that it wasn't her mommy, she pouted and ran back to her grandmother.

This was the first time Su Ancheng met the Lu family's granddaughter. He naturally knew that Lu Yuanyang had three grandchildren in one go. They were very rare triplets. He wasn't envious of other things, but only of the three children of the Lu family, Lu Yuanyang's grandsons.

People of their age had fought in wars and suffered. They were rich and powerful. They had gained power and respect. Their fame and status had also passed. Now, they only thought about their grandsons and grandsons, however, the Su family might have been cut off by Su Muman's generation. Su Muman's illness could not possibly give birth to a child. She did not use her life to exchange for the child's illness. Otherwise, the child would be born, it was also because of this severe anemia. He thought of his grandson who had not lived past the age of adulthood. Although the child had an illegitimate background, it was also a dishonorable existence.

However, he was still a grandson. In the end, he still could not keep it.

Lu Yuanyang was fine. He did not do anything. He had a bad temper and a loud voice. However, the other party had three great-grandsons all of a sudden. Moreover, all of them were smart and beautiful, especially that little girl, she was indeed too beautiful. He didn't have a biological grandson to begin with, but if he gave it to his grandson, it would still be a grandson.

But now, not only was he talking about great-grandsons, even his granddaughter was going to be lost.

Why was he here? Ye Shuyun carried Xun Xun up and asked the nanny to bring the three children into the room. The Su family didn't have any good people, and this had harmed Yan Huan, could it be that they were here to harm her three grandsons.

The three children were very obedient and went wherever they were told. Ye Shuyun also hurriedly asked Lu Jin and Lu Yi to come back. Oh right, there was also Old Master Lu. Since Su Ancheng had

come, their family had to produce one as well., otherwise, they would be separated by seniority, and it would be difficult for them to talk to him.

As for the father and son of the Su family, they were neither standing nor sitting. Their buttocks were like a piece of cactus, pricking them from time to time, making them want to stomp their feet and leave, but in the end, they could only sit shamelessly.

Chapter 1873: She would not agree

Su Ancheng also felt his face burning, especially the way ye Shuyun looked at him. It was as if he was a murderer. In fact, it was the same. Although he was not a murderer., he had a son who was a murderer.

Not long after, Lu Jin came over first. He was quite polite to the Su family, but his face was cold. Not long after Lu Jin returned, Old Master Lu also came over. However, he had a long face, especially that pair of sharp eyes, which made Su Qingdong break out in cold sweat. In this lifetime, Su Qingdong was getting old and dying, but he received such an insult. However, this was all his own fault, there were a few times when he wanted to get up and leave, but when he thought of Su Muran who was still lying in the hospital and the Su family whose business had plummeted, he could only bite the bullet. No matter how many times he was rolled his eyes, even if he died., he could not leave.

When Lu Yi returned, there was still no one in the living room who spoke. Old Master Lu was relatively calm. Every time he was about to curse someone, he would directly go and play with his three grandsons. As long as he heard the three children calling him great-grandfather in their childish voices, Old Master Lu's heart would swell. In an instant, he would lose all his anger.

He was nothing compared to others except for his great-grandsons. Now, who else was like him, Lu Yuanyang, who had three great-grandsons? Of course, there was also his Little Xun. Where could he find such a beautiful child?

Outside, Lu Jin's face had always been cold. He also wanted to play with his grandson. His grandson's little face was so beautiful. Why would he look at these old faces? However, he still needed someone to stay here, he could not let ye Shuyun face the Su family's father and son alone.

However, he really did not know where the Su family's people got such thick skin. How could they dare to come to the Su family's house? It was the Lu family's people who had the quality and manners. Otherwise, they would have coaxed them out long ago.

Lu Yi sat down and crossed his legs. At this time, a door opened and a little child ran out. She hugged her father's legs and refused to let go.

It was Xun Xun.

Xun Xun did not want anyone else when she saw her father.

Lu Yi patted his daughter's little face. The little girl raised her little face and tilted her head. Then, she stretched out her little arms for her father to hug her.

Lu Yi had no choice but to carry his daughter and let her sit on his lap.

“Is something the matter, elder Su?” Lu Jin looked at his little granddaughter. His eyes were slightly warm, but when he faced the Su father and son, his face turned cold again.

Su Ancheng coughed. No matter how thick his skin was, it was still hot and painful now.

“Actually, it’s nothing.” He coughed again. “The reason I came to visit you personally this time is because of Qingdong’s matter. Lu Jin, you and Qingdong can be considered to have grown up together.”

“I’m four levels higher than him,” Lu Jin reminded Su Ancheng, “He’s in business, and I’m in the army. His meaning is clear, right? He’s not familiar with Su Qingdong. Where did they grow up together? The two of them can’t even touch each other.”

Su Ancheng’s face stiffened. No matter how angry he was, he could only endure it. When had he ever suffered such a big insult? But now, even if the muscles on his face were jumping, he had to endure it.

Xun Xun was playing with her father. She wanted to say something, but Lu Yi shook his head at his daughter. Then, he handed his big hand to his daughter and let her play with it. Xun Xun used her small hand to hold her father’s finger, her small feet kicked and played on her father’s legs from time to time. Her small feet were so fleshy that they didn’t even have half of an adult’s palm. She really wanted to be bitten by someone.

At this time, the people from the Su family did not know what to say, but Lu Jin just felt bored. He wanted to play with his grandson. He did not come back once to see these two people. If he had time., he might as well teach his grandson to recite a few Tang poems.

Lu Yi handed the daughter in his arms to Lu Jin.

The moment Lu Jin held his granddaughter, his mood instantly improved. Xun Xun was still obedient and played with the buttons on Lu Jin’s body. She looked quite serious. No one knew what she was thinking, but it was true., she had grown taller and heavier. Of course, she had also grown more observant.

Lu Yi adjusted his sleeves. He had a coldness towards Su Qingdong that others did not understand. Of course, some things also changed like this.

“Uncle Lu, everyone is equal before the law,” he said faintly. The members of the Su family were not stupid. Naturally, they could hear that Lu Yi had not given up on suing Su Qingdong.

Su Qingdong gritted his teeth. The breath he exhaled was almost aimed at him.

“Attempted murder. The highest penalty is death. At least three years in prison.”

Lu Yi crossed his legs. His pair of calm eyes did not show anything from the beginning to the end?

“Uncle Su, you can rest assured.” His voice was still calm and cold.

“You won’t die.”

Su Qingdong’s face froze again. If he didn’t die, he would be sentenced to a fixed-term imprisonment. However, no matter how many years it was, when he came out, he would no longer be the SU Qingdong of the past.

He was already over fifty years old, and he was no longer young.

“I don’t care.” Su Qingdong laughed bitterly. “From the moment I did this, I felt that there would be such a day.” It wasn’t that he had no conscience, but there were some things that forced him to such a state.

And he had no choice but to do it.

He was a father,

a father whose daughter was seriously ill. Therefore, he did not regret doing those heartless things, and he would bear the consequences himself.

“I just want to ask you for one thing.”

He used the word ‘ask’. This was also the first time he had opened his mouth to speak after being here for so long. There were some things that he did not have the face to say. He did not have the right to say it, but he still said it. He was a father, just a father.

“My daughter, Mu ran, her illness is acting up. She needs a bone marrow transplant now, so I want to beg you to save her again. I don’t care what happens to me, but I beg you to save my daughter.”

Lu Yi pursed his thin lips. He would not agree to Su Qingdong’s request.

“Uncle Su, she won’t agree.”

What Lu Yi said was not at all out of the question. Yes, she would not agree. Yan Huan would not agree. It was impossible for her to save Su Mumiao. In his previous life, Lu Qin and the Su family had done everything to her, in this life, there was no one who knew better than him.

In this life, it was the same.

The pain was not caused by others, nor was it caused by others, none of them had a reason. They had a reason to agree to this matter.

Yan Huan would not save her. This was her personality.

She was waiting. She had been waiting for the day that Su Muran died. Now that Su Muran could finally die, why would she let Su Muran live.

Chapter 1874: She would not save him

Su Qingdong suddenly stood up. He bent his knees and knelt on the ground.

His kneeling shocked Ye Shuyun and Lu Jin. He quickly hugged Xun Xun and pressed her head against his chest.

Elder Su’s eyes also turned red. “If you are willing, I can also kneel to you. But I beg you, save my heartless granddaughter.”

Ye Shuyun felt that it was a disaster for her family to give birth to a daughter like Su Muran. If it weren’t for Su Muran, the Su family wouldn’t have become like this, and now, she was letting her father and grandfather kneel down to someone else.

What on earth did such a daughter and granddaughter want?

“If you want to kneel, go back to your house and kneel.”

With a bang, Old Master Lu opened the door. When he saw Su Qingdong kneeling on the ground, his face immediately elongated, “Are you taking advantage of your seniority? If kneeling can solve the problem, then I’ll kneel to you and get out of my house. Haven’t you done enough harm to my house?”

“You still want us to save your granddaughter? I’m telling you, in your dreams.”

Old Master Lu slapped the table beside him. Xun Xun pouted as she felt wronged. She was about to cry, but she was also frightened.

Not good. Lu Jin quickly handed his granddaughter to Lu Yi. “Dad, speak softer. Xun Xun is frightened by you.”

Old Master Lu wanted to chop off his own hand when he saw his little granddaughter’s tearful look. This stinky hand, why did he slap it? It had frightened Xun Xun. What if she cried?

She would have to cry at the top of her lungs. At that time, who would be able to coax her.

The door outside was gently pushed open. At that moment, the sound of soft footsteps rang in everyone’s ears. Then, when that person walked in front of Su Qingdong, Lu Yi turned around, he used his body to block Su Qingdong from behind.

“Why Are You Back?” Lu Yi asked Yan Huan. She was not in closed-door training.

“Prepare a few pieces of clothes.” Yan Huan smiled. The corner of her eyes fell on the Su father and son. Then, she reached out and took her daughter from Lu Yi’s arms.

Then, she scratched her little face.

“We’re all grown up. We Can’t Cry so easily. Be careful that we don’t become little crying bags in the future. Mommy took some very beautiful clothes today. I’ll let you change into them later, okay?”

“Okay.” Xunxun stopped crying when she heard that there were beautiful clothes to wear. However, tears still hung on her eyes. She looked innocent and pitiful.

Yan Huan Handed Xunxun over to Ye Shuyun again. Ye Shuyun tugged at Lu Jin’s sleeve. They didn’t have any use for them here now. They should just leave these matters to Lu Yi to handle. After all., this could be said to be Yan Huan’s private matter. Whether she wanted to sue him or not, whether she wanted to save him or not, they would not interfere too much.

“Mister Su, please get up first.”

Yan Huan sat down, but Lu Yi still stood in front of her without leaving a trace. He happened to be facing Su Qingdong’s direction. Yan Huan frowned. She did not understand what Lu Yi meant?

However, in the end, she still moved a little inside, so that she was separated from Su Qingdong. Otherwise, Su Qingdong would be kneeling in her direction.

Although she felt that Su Qingdong deserved to kneel, she did not have the habit of forcing people to kneel.

Su Qingdong stood up. At this moment, facing Yan Huan, he actually felt a little ashamed. He would not forget that when Yan Huan begged him back then, he also knelt like this. And now, this kneel, he gave it back to her, but.., she might not necessarily want it.

Su Qingdong was just about to speak when Yan Huan interrupted him. The moment he opened his mouth.

“I understand what Mister Su wants to say. However, I think that you don’t need to waste your effort anymore.” She placed her hand on the table and clenched it tightly. When her clear eyes were opened, it was not difficult to hide the trace of disgust.

“What does it have to do with me whether Su Muran is dead or Alive? She wants to take my life. Why should I save her life and let her harm my life time and time again?”

“Mr. Su, do you think I’m a good person, a saint, or an idiot?” She flatly went along with Su Qingdong, “If Mr. Su were me, would you save her? I think Mr. Su would understand the phrase ‘don’t do to others what you don’t want to do to others’?”

Su Qingdong opened his mouth, but before he could speak, he was interrupted by Yan Huan again.

“Mr. SU, it’s better for you to go to the hospital and spend the last days with Miss Su. Life is not easy, and you should cherish it.”

These words made Su Qingdong’s face turn pale. His entire body seemed to have been drained of all his strength as he slumped to the ground.

Yan Huan’s meaning was very obvious.

She did not save Su Muran. Whether su Muran was alive or dead, it had nothing to do with her. Moreover, it had nothing to do with her. Why did she have to hurt herself and save others?

After saying this, Yan Huan stood up and turned around to return to her room. As for the SU family members outside, they could stay as long as they wanted. That was their business. After all, the Lu family did not provide food.

The Su father and son came with hope, but what they brought back was only disappointment and despair.

Yan Huan did not save Su Muran, and the Lu family would not let the Su family off either. Therefore, Su Muran was finished, and the Su family was also finished.

The SU family was just like the Lu family in the past. It was not easy for the heavens, and there was no door to enter. Su Ancheng had practically begged everyone he could. Even ye Jianguo had begged, however, what ye Jianguo did was just like what he did to the Ye family in the past. He directly hung up on him. Now, there was nothing he could do. All he could do was wait for Su Qingdong to be captured and Su Muran to die.

In the hospital, Su Muran's illness became more and more serious. Compared to the last time, she had to meet the grim reaper almost every day. This time, her illness was almost always aggressive and did not give them any time to react, she was already at the point of incurable illness.

"Mom, save me. You have to save me. I don't want to die yet..."

Su Muran's eyes were wide open. At this moment, her body was so thin that it was almost skin and bones. She did not have any makeup on and there was no color in her blood. She was no longer a person. She was clearly a pile of bones.

"Okay, okay." Zhu Xianglan held her daughter's skinny hand. "Muran, don't worry. I will definitely save you. I will definitely not let you die. That Yan Huan can save you once. He can definitely save you a second time."

Su Muran moved her colorless lips. She might have wanted to say something, but in the end, she did not say anything

She closed her eyes again. She was tired and did not want to move anymore.

In a daze, she heard a noise beside her ear. It was a little noisy and she did not like it. She frowned and wanted to open her eyes, but she realized that she could not even lift her eyelids.

Chapter 1875: kneel down for her

No, not to mention her eyes, even her fingers did not have the slightest strength.

Was she going to die? was she really going to die?

No, that's not right. She would not die. She definitely would not die. She did not want to die. She was still young and her life was just beginning. How could she die? How could she die?

"How is it? Did they agree?" Zhu Lanxiang saw Su Qingdong coming over and hurriedly asked. When was the surgery scheduled? Dye's condition was getting worse and worse. The Doctor said that if she didn't have the surgery now..., she probably wouldn't be able to last for two months.

Su Qingdong sat weakly on a chair at the side. He looked at Su Muran, who was as thin as a ghost on the hospital bed. He didn't say anything, nor did he have any expression on his face.

"Tell me, what happened?"

Zhu Xianglan was about to go crazy from anxiety. If she continued to remain silent, she would really go crazy. Her daughter was still waiting for her life to be saved.

"Did they not agree?" Zhu Xianglan's voice suddenly trembled. Then, she ran over and tugged at Su Qingdong's sleeve. "Tell me, did they not agree? Did they not agree?"

Su Qingdong raised his head and glanced at Zhu Xianglan. The heavy gaze and despair in his eyes actually hurt Zhu Xianglan's heart.

Zhu Xianglan's heart trembled again. "How can they be so heartless? Our Tainan is about to die."

Heartless? Su Qingdong didn't know who was heartless now. Back then, he had thrown Yan Huan into the Sea River. wasn't he even more heartless? They could have her blood, they could have her bone marrow, and in the end, they could even have her life.

Yan Huan's words were right. If it was him, Su Qingdong, would he save his enemy? The answer was impossible. He couldn't have pretended to say that he would save her.

He couldn't even convince himself, let alone someone else.

Su Muran wanted to open her eyes from time to time, but her eyelids were very heavy. It was as if even her breathing was about to disappear. She kept struggling and crying, her soul seemed to be restrained in a place where no one was around. No matter how much she cried and made a fuss, she could not escape this silent hell.

When she woke up again, when the light outside pricked her eyes, she let out a sigh of relief.

She was still alive, and she thought that she was going to die.

And death was really scary. She did not want to die with each other. She had not lived long enough, so she could not die. She definitely could not die.

"Mom, Mom..." Su Muran's voice was hoarse, and she called Zhu Xianglan from time to time. Her voice was also very unpleasant, as if she had eaten a mouthful of sand. It was almost hoarse to the point that it was somewhat ear-piercing.

"Muran, you're Awake?" Zhu Xianglan hurriedly ran over. When she saw that her daughter was awake, she could not help but shed two streams of tears. She was scared to death. She was really scared to death, su Mu ran was pulled back from the brink of death by the doctor. She was just a little bit away. Yes, just a little bit away. Her heartbeat would never recover.

"Mom..." Su Mu ran wanted to hold Zhu Xianglan's hand, but her entire body could not move. As she turned her eyes, she saw that her entire body was filled with tubes, she was like an animal. She had no human rights and no personality. She was tortured like this by others. Besides her body, she was also tortured by her spirit.

She, Su Muran, was a movie queen, a movie queen from several worlds, and a famous person. But now, she was half-dead. She did not even have her own opinion. She just let others see and touch her, even her most basic physiological functions could not be controlled.

Then why was she still alive?

But how could she die? She was only in her thirties. She did not even have a child. She was the only child of the Su family and also the eldest daughter of the Su family. If she really died like this, she would not be reconciled. She would not be reconciled.

"Mom, save me. You save me. I don't want to die..."

Her hoarse voice was barely audible, and these words were filled with a heart-wrenching pain in Zhu Xianglan's eyes.

“Mom won’t let you die. Absolutely not.”Zhu Xianglan cried so much that her tears and Snot kept falling down. Even if she died, she wouldn’t let her daughter die.

“Mom, Where’s My Dad?”

Su Muran hadn’t seen Su Qingdong for half a day. She didn’t feel any sense of security at all. She had to have someone by her side. Zhu Xianglan had to be there, and Su Qingdong had to be there too. Otherwise.., she would feel like she had been abandoned

“Your Dad?”Zhu Xianglan couldn’t hold back her tears anymore when she mentioned Su Qingdong. She covered her face with both hands and almost burst into tears.

“Your father was taken away by the police for questioning. He might go to jail. Ranran, your father might go to jail.”

No, no, how could Su Muran let Su Qingdong go to jail? If Su Qingdong went to jail, then she would be finished together with him.

Without Su Qingdong, how could the SU family and her still exist?

Therefore, Su Qingdong couldn’t go to jail, and she couldn’t die either.

Suddenly, she thought of something and directly pulled up Zhu Xianglan’s clothes

“Mom, go and look for Yan Huan. She can’t not save me, and she can’t Sue Dad.”

Zhu Xianglan’s hands on her face were almost scratching her own face. She was powerless, and her heart was also suffocating

So what if she went to look for him? Even Su Ancheng had given up his old face to go over there. So what if he did? The people of the Lu family simply could not agree to it, how could her face be as useful as Su Ancheng’s? Even if she took her face over and let him kick it like a rubber ball, he might not be willing.

“Mom, go quickly.”Seeing that Zhu Xianglan didn’t move for a long time, Su Muran couldn’t help but urge her, “Mom, do you want me to lie here half-dead? Do you want my dad to go to jail? Do you want the Su family to be destroyed?”

Mom, aren’t you the most capable one? Go quickly, beg her, kneel for her, go to Hell..

At this moment, Su Muran’s eyes were red. The words that came out of his mouth were terrifying as if he had been possessed.

Zhu Xianglan’s hand trembled. She was actually frightened.

“Mother, go.”

Su Muran’s body suddenly twitched. The color of blood on Zhu Xianglan’s face also instantly disappeared.

“Okay, okay, I’ll go, I’ll go.”Zhu Xianglan gritted her teeth. She did not want this face anymore. She did not want anything else. Even if she had to kneel down for Yan Huan, she was willing. However, she did

not know.., not to mention that she had to kneel down for Yan Huan. Back then, Su Qingdong had also knelt down for Yan Huan, but the people of the Lu family still did not agree.

Her knees were definitely not as valuable as Su Qingdong's.

If she wanted to sue, she had to sue. If she did not save him, of course, she would not save him.

After Zhu Xianglan left, Su Muran could finally fall asleep. She could not help but laugh out loud. It was as if she could have the surgery tomorrow and Su Qingdong could also come back. At that time, she would still be the eldest daughter of the Su family, she would still be the sole heir of the Su family.

Chapter 1876: she is your younger sister

When Zhu Xianglan returned, her face did not look too good. Her fingers were cold from anger, and there was a mass of blackness under her eyes.

“Mom, how is it? When will she donate bone marrow to me?”

Su Muran sat up. Her pale face was also flushed from excitement, but it was still as white as a ghost.

Zhu Xianglan tugged at the corner of her lips. It was painful, but it was still very painful. Her cracked lips also cracked open, and she looked as if she had aged more than ten years.

What could she say? The Lu family did not allow her to enter. She did not even see Yan Huan, and she did not even see him. What else could she say to him?

She was certain that no matter how many days she went today, tomorrow, or the day after, the Lu family would not see her.

The Lu family could wait, and so could she. However, Su Qingdong could not wait, and neither could Su Muran. The doctor had said that if Su Muran did not undergo surgery, he would be sick, she would be able to hold on for at most two months, maybe even less than two months. When she saw how skinny her daughter was, how could she not feel heartache? How could she not feel uncomfortable?

However, she could not do anything, and it was impossible for her to kidnap Yan Huan again. She did not have the courage, nor did she have the power to do so. It was also impossible for her to find Yan Huan without anyone knowing.

Initially, Su Muran was in a good mood. She was just waiting for him to recuperate properly. When the time came, she would have to undergo the surgery. However, when she saw Zhu Xianglan's expression, she knew that the matter had not been resolved properly?

“Mother, she did not save me, right? How could she be so cold-blooded? She did not save me?” She shrieked as she jumped up. Her face was also contorted.

“Mom will think of another way.”

Zhu Xianglan quickly comforted Su Muran's hair. “Muran, we can't get through to the Lu family. It's better to find someone else. Perhaps there will be a similar bone marrow match for you.”

Su Muran suddenly slapped Zhu Xianglan's hand away.

"Mom, there is no one in this world who is more suitable for me than her bone marrow. Mom, she can't not save me, she can't not donate her bone marrow to me. If she doesn't donate, what will happen to me?"

As Su Muran spoke, she pulled the blanket off her body. She was about to go and find someone personally, but because her body was weak, with a loud bang, she fell heavily to the ground. Now, there was practically no flesh on her body.., it was a pile of bones and flesh, and the impact caused her to suck in a breath of cold air.

"Mom, Mom, go, go quickly. Go and kneel for them, go and beg..."Su Muran quickly looked for Zhu Xianglan. She used the last of her strength to push Zhu Xianglan outside.

However, when she pushed again, her entire body fell down. This time, it was even more terrifying than the crash. To Su Muran, it was almost as if the past few days had ruined her health

She couldn't even stand up.

"Muran, Muran..."

Zhu Xianglan quickly hugged su muran tightly, "Don't be afraid, it's fine, it's fine. Don't worry, she will save you. Mom will definitely let her save you. She doesn't dare to capture your father. She Won't, and she won't dare. That's something that the heavens will not tolerate. You will definitely not be harmed. You will be as healthy as Yi."

"Yes, she'll save you. You're sisters. You're biological sisters. She's also your father's daughter. She can't personally send your father to prison. She can definitely save you."

"Mom, what nonsense are you talking about?" ? Su Muran raised her eyelids helplessly. This was the only thing she could do. This was the funniest joke she had heard this year. It was really, really ridiculous. "Mom, I'm an only child. How can I have a sister? How can you have a daughter? She gave birth to a child around the same time as me. She's only a few months younger than me. Mom, could it be that you gave birth to two daughters and gave birth to twins? That's why she was able to give birth to three children?"

As she smiled, the smile on her face suddenly stopped. It was as if a rusty machine had cut off the electricity. Her face began to creak and distort.

Because she knew that what Zhu Xianglan was saying now was most likely true.

That Yan Huan was actually her sister. Haha, this was really a ridiculous thing.

Zhu Xianglan had originally planned to bring this matter into her own grave. She could not let the daughter of another person steal everything from her daughter. Not a single cent was allowed, especially the child born by that woman.

However, for the sake of her daughter, she could no longer keep it a secret. If Su Qingdong went to jail, the mother and daughter would also be finished. Therefore, her daughter could not die, and her dye could not be harmed, she had nothing now, only a daughter.

“Mom, she was born by someone else?”

Su Muran would occasionally land on the ground. “Who did you say gave birth to her? who exactly gave birth to her?” She could not accept such a thing. She could not accept her own sister.

No, she suddenly shivered. If it was her sister, then she should save her.

She suddenly laughed, and the skin on her face trembled.

Zhu Xianglan obviously had not noticed Su Muran’s strange behavior. She was still comforting her daughter.

“Don’t you care who gave birth to her?” Mother will definitely let her save you. She will.

“Mom, then go. Hurry up and go.”

Su Muran pushed Zhu Xianglan out again,

she didn’t care who gave birth to Yan Huan. She only wanted her bone marrow. Wouldn’t it be better if they were sisters? Then that woman, Yan Huan, would definitely save her. No matter how many times she asked for the bone marrow, Yan Huan had to give it to her.

Su Muran got up from the ground. Her ghost-like face also became ferocious.

“Mom, go, go quickly.” Su Muran pushed Zhu Xianglan out as if she had gone mad, “Go, go now. Tell her all this, tell her all this. This Way, Dad won’t have to go to jail, and I won’t have to die.”

She couldn’t lock her father up, and she couldn’t not save her biological sister

“Mom, go ahead.” She pushed Zhu Xianglan again. In any case, she knew that as long as Yan Huan knew about this, Su Qingdong would not go to jail, and she would also get the bone marrow that she wanted, so she would not die.

Zhu Xianglan stumbled and ran, wanting to go back, but in the end, she gritted her teeth. She thought of Su Qingdong, who was going to be sentenced, and then she thought of Su Muran, who might die if she did not have the surgery.

Su Qingdong could not be locked up, and Su Muran could not die.

This was a secret that she had been keeping for more than thirty years. She thought that she would never be able to say it out loud in this lifetime. However, God’s plan was not as good as man’s. How would she know that Ye Rong, that woman, had actually left behind a child, and that child of hers could actually save her daughter.

“Hehe...” she really wanted to laugh now

Chapter 1877: Father

“Ye Rong, even if you’re dead, you still left hope for my dye dye. If you knew that your daughter was my dye dye’s life-saving medicine, I don’t know if you would have crawled out of the ground and regretted giving birth to such a daughter. The winner was me, Zhu Xianglan. In this life, you lost. Yes, you lost. You

didn't get anything, but I did get Su Qingdong. I'm Su Qingtai. I'm still alive, but you're dead, dead, dead..."

The more she thought about it, the more twisted her expression became. It was almost as if her eyes were blocked. That Woman's daughter was once again lying on the operating table, pulling out her bone marrow and dyeing it for her.

She opened the door, opened the door, and forcefully knocked on the Lu family's door. Yes, she was no longer afraid. She was no longer afraid of anything. As long as Fang Huan had the blood of the Su family on him, then he would be a member of the Su family for the rest of his life, and he would owe the SU family, it was impossible for her biological father to be locked up in prison. It was also impossible for him not to save her biological sister.

There was the sound of banging on the door from outside. It made ye Shuyun want to take out a kitchen knife from the kitchen and go out to chop people.

Her three grandsons had just fallen asleep. When the children were asleep, they could not bear the shock. Otherwise, they would cry themselves to death. Whenever she thought of the tearful looks of the three children at home, her heart would ache.

Now, these three children were her life. They could not bear the pain.

Yan Huan came out from inside and locked the door. The sound inside was not too loud. Moreover, the three children were sleeping soundly. Otherwise, they would be crying now.

The banging on the door was still going on. It seemed like there was no end to it.

"Huanhuan, are you awake?" Ye Shuyun hurriedly asked Yan Huan. She was afraid that the three children would wake up.

Yan Huan shook his head. They were sound asleep. As long as they did not make too much noise, they would be fine.

"This Zhu Xianglan really doesn't want to live anymore." Ye Shuyun rolled up her sleeves. What the hell was going on? Why did she come here to cause trouble and smash the door? was she looking for a beating?

Ye Shuyun walked straight to the door. She suddenly pulled the door open. She had enough of this kind of noise. If this continued, not to mention the three children, she would be so annoyed that she would really chop people with a kitchen knife.

Outside, Zhu Xianglan was banging on the door with all her might, but the door refused to open. She was so angry that she went up with her hands and even her feet. However, just as her feet went up, they did not even touch the door, the door had already opened in front of her, and she did not stop her momentum. Her whole body also pounced forward.

Ye Shuyun was not so foolish as to be used as a human cushion. Her body moved to the side, and Zhu Xianglan's entire body was sprawled on the floor, in a posture that was not very good-looking.

She was already so old, and she was still wearing a short skirt. She did not even look at her fat figure to see if she could wear such a young outfit. It was black lace, and even her underwear was exposed. F * ck., it was actually a sexy black silk.

An old woman who was almost sixty years old was actually still wearing such clothes. It was truly disgusting.

Zhu Xianglan was also knocked unconscious from the fall. It took her a long time to regain her senses, and her pair of eyes had been fixed on Yan Huan, who was standing not far away. At this moment, Yan Huan's face was practically a copy of Ye Rong's. She had not felt it before, but the more she looked at it now, the more similar it was.

There was no mistake, and there was no mistake.

This was Ye Rong's daughter, the daughter that Ye Rong was pregnant with at that time. However, she did not expect that she would actually have a daughter. She actually had a daughter. And she was still alive until now.

Yan Huan turned around and placed his hand on the doorknob. He hated to see Zhu Xianglan's face.

"Yan Huan, you can't not save my daughter."

Zhu Xianglan quickly stood up and screamed at Yan Huan's back. You Can't send Su Qingdong to prison either.

Yan Huan had already twisted the doorknob. He was too lazy to waste time talking to this woman. She didn't want to see him, and she didn't want to hear his voice because it was too disgusting.

"Yan Huan..." Zhu Xianglan saw that Yan Huan was ignoring her, so she took another step forward and screamed.

"Su Qingdong is your biological father, and My Ranran is your biological sister. You Can't not save them. If you don't save them, you'll go to Hell."

Yan Huan's hand on the doorknob suddenly froze, and Ye Shuyun was stunned. Then, she slowly turned her head and looked at Zhu Xianglan as if she was looking at a lunatic.

"Madam Su, you haven't woken up yet. Are you crazy? You can even say such a ridiculous excuse. Do you think you're stupid, or do you think I'm Stupid?"

Yan Huan even sneered, but she couldn't be bothered to give one.

Her father was Su Qingdong. How was this possible? Where did this come from.

She didn't even know who her father was. Why did others come to tell her who her biological father was? She thought that she was only born from her mother and didn't have a father. But today, someone told her..., she was Su Qingdong's daughter and was Su Muman's biological sister.

This was really the best joke she had heard in her two lifetimes.

"No, I'm not crazy." Zhu Xianglan was at a loss for words at this moment. She didn't know whether she was nervous or afraid.,

“What I said is true. What I said is true. You Are Su Qingdong’s daughter. Otherwise, why would your bone marrow be so suitable for our muman? It’s not because of anything else. It’s because you and our muman are biological sisters. You are biological sisters. I have the test results for you and our Muman Dan. It Can’t be wrong that you are biological sisters.”

“Oh...”Yan Huan was still indifferent.

“You already have evidence, so when did you find out?”

“I already knew when you were successfully matched with my dye house...”Su Xianglan quickly said, but she did not realize that she had revealed almost all the information that she could not say.

She had discovered it at that time.

So, this is how you treat your love rival’s Daughter?

Yan Huan suddenly smiled. She could not tell what she felt in her heart. Perhaps she did not feel anything at all.

Su Qingdong was his father. This news came so suddenly.

However, there were no ripples in her heart.

It did not matter who her father, whom she had never met, was. She had never thought of acknowledging him.

Zhu Xianglan choked back the words that were in her throat.

“So, if you want your rival’s daughter to be in pain, if you want her to be in pain, you have to use the most evil mother’s method to extract the blood from her body. Her bone marrow?”

You still want her biological father to kill her with his own hands?

“So, you have to let your rival lose to you while she’s still alive. Even if her daughter dies, she has to lose to your daughter. Not only do you have to provide your son with blood, bone marrow, and her life?”

Zhu Xianglan could not answer a single question.

Chapter 1878: So what if it was

Because Yan Huan’s every word was dripping with blood.

Yan Huan walked over and stood in front of Zhu Xianglan. “Say, how good is your abacus? Do you think so? Of course, you did the same.”

Zhu Xianglan did not know what to say for a long time, and she could not refute because that was what she did. But what was wrong with what she did? What was wrong with her?

She was only protecting her wife and her home. She was not wrong.

Yan Huan smiled coldly at Zhu Xianglan again. His eyes were still as calm as a Dead Sea. Whether it was Su Muran or Su Qingdong, she would not be in her eyes, nor would she leave too much of an impression.

She turned around. In that instant, she realized that she was ruthless and cold

“Yan Huan, Ranran is your biological sister. You Can’t not save her.”

When Zhu Xianglan saw that Yan Huan was about to leave, she hurriedly took another step forward.

Yan Huan stopped again. He still had the same expressionless face as before. There was also that cold smile hanging from the corner of his eyes.

Half a day later, she lifted her red lips slightly. There were also traces of a smile on her face. It was extremely cold.

“So What?”

Yes, so what?

She still had to lock up the people she wanted to lock up. She still had to die. What did all of this have to do with her. She was Yan Huan. Her mother’s surname was also Yan. Her father had died a long time ago.

And she did not want to hear Zhu Xianglan say anything else. For example, she was Su Qingdong’s biological daughter.

Ha... This was really the funniest and most shameless joke she had heard in her two lifetimes.

She was actually Su Qingdong’s daughter. Who Was Su Qingdong? He was a member of the Su family. In his previous life, the Su family was a tyrant in hai city. Now, even if they collapsed, a camel that died of thin death would still be bigger than a horse.

Her mother was just an ordinary working woman. She worked as a nanny for others, washed dishes for others, and raised her painstakingly. When did she become the daughter of the famous Su family in Hai City? This was simply a joke.

If that was really the case, her sister lived like a princess in the Su family. She got what she wanted, wore the best clothes, and went to the best school. However, her sister lived a poor life with her mother, in the end, she was even forced to die by that sister.

How could such a thing happen in this world? Not to mention, that so-called biological father almost killed her.

Did he take her for a fool?

No matter how foolish she was, she could not believe such a boring joke. It was a cold joke that no one could laugh at.

She opened the door and closed it with a bang.

“Yan Huan, Yan Huan...”Zhu Xianglan shouted at the door again. “I’m not lying. I’m really not lying. Your father is Su Qingdong. You are our ran ran’s biological sister. Your Mother’s name is Ye...”

Just as he was about to shout again, a hand came up and covered her mouth tightly

Zhu Xianglan raised her face and met Lu Yi’s ice-cold gaze, which almost took her life. In an instant, she was about to be frozen into ice.

Yan Huan pressed his back against the door behind him. Then, she turned around and twisted the doorknob. She locked it from the inside. Only then did she walk to the cabinet. She opened the drawer and took out a photo album.

She opened the first page of the photo album. On it were the photos of her mother and her childhood.

At that time, she was still young and probably hadn’t grown up yet.

Her mother loved her very much. She knew that even though she didn’t have a father and her family didn’t have much money, her mother had never made her suffer. As long as it was something that others had, she would want it no matter how difficult it was, even if she gritted her teeth, her mother would still help her buy it back.

Therefore, her childhood might not have been very rich, but it was not difficult.

Her real suffering was when her mother was not around. She and Yi Ling went to the party every day to earn money and pay back the money. The most difficult time for her was when she married Lu Qin in her previous life. When she married Lu Qin, she felt the most pain, it was when Lu Qin drew her blood. It was when Lu Qin cut open her stomach in order to treat Su Muman’s illness.

But one day, someone actually told her that she was Su Qingdong’s daughter. And this Su Muman, who had repeatedly humiliated and bullied her and wanted her life for two lifetimes, was her biological sister. In her previous life, she had died, in this life, she had almost died.

Was there any joke in this world that was more ridiculous than this?

The people of the Su family were simply crazy. They could even say such shameless words.

Her mother’s surname was obviously Yan. Her family was an ordinary family. How could her mother fall for a hypocrite like Su Qingdong? Such a shameless man. Her mother was not blind.

She put the photo album back into the drawer and closed it. She refused such things, whether they were true or false.

The door was pushed open gently from the outside.

Yan Huan raised her eyes, but she did not even change her movements.

A man walked over and placed his hand on her hair.

Yan Huan raised her face and wanted to smile. However, she could not smile no matter how hard she tried.

She seemed to know, and also seemed to have guessed something?

She remembered what Lu Yi had said to her not long ago. No matter what kind of excuse it was, in the end, it seemed to be for only one reason, which was to ask her not to be ruthless toward Su Qingdong. Wasn't it obvious?

Lu Yi would not sympathize with that kind of person. But in the end, he had asked her to let Su Qingdong go, to let the Su family go..

"Did you already know?"

She leaned half of her body into the man's arms and then laid on his lap. She was so lazy that she didn't seem to have any energy.

"It wasn't early." Lu Yi gently stroked her hair. "It wasn't that long ago."

Yan Huan tugged at her red lips, but the pain was in her heart. She couldn't laugh or cry.

Was there anything more boring than this.

It wasn't just boring, it was shameless.

She lay on Lu Yi's lap, nibbling at her fingernails. Those who were familiar with her knew that when she was at her wit's end, she would subconsciously act like this. She was actually much better now.., in the beginning, she almost nibbled her fingernails until they protruded. It had been a long time since she was at her wit's end and afraid.

Yes, she was afraid.

She was afraid that it would be like what Zhu Xianglan had said. She had a sister who always schemed against her, a father who almost killed her. Then, what role did her mother play? Also.., who was her mother? did her mother have any relatives? How did she get here? First, she had Su Muran, then she had her.

Chapter 1879: she was Su Qingdong's daughter

Was her mother a third party?

No, she shook her head. She shook her head hard. Her mother was not a third party. Her mother was definitely not a third party.

Her mother was the best mother in the world. She was so gentle and kind. She would never do anything bad.

So her mother would not be a third party in someone else's marriage.

"Who is my mother?"

He raised his head and asked Lu Yi. She wanted to know who her mother was. was her mother's surname Really Yan? And how did her mother know Su Qingdong?

Lu Yi pressed his chin against the top of her head. He really wanted to hide his identity from her for the rest of his life. It was fine if he did not know, but he did not expect that Su Mumun's illness would make

Zhu Xianglan so desperate that she would spit out so many things. It also let her know that he had been hiding things from her.

“Is my mother a third party?”

Yan Huan smiled bitterly. She wasn't a third party, was she?

Yes, she wasn't. Lu Yi comforted her hands that were holding his arms tightly.

“We've been talking about your mother's name, and you've been listening to it.”

“What's her name?”

Yan Huan couldn't remember what her mother's name was?

“Her name is...” Lu Yi gently stroked her hair.

“Her name is Ye Rong.”

Yan Huan suddenly felt her nose turn sour. It was her, it was actually her, that was her mother.

She squeezed her eyes just like that, and she also squeezed out a bean-sized tear. It was not for herself, but for her mother, who was clearly a rich young lady, but had worked hard for her entire life, and also for that.., mother who was smashed into pieces by her biological father.

If that was really the case, then she would rather not have any relatives. She would just stay by her mother. She would rather have her mother be an ordinary woman and not some Ye Rong.

If it was Ye Rong, then she would have to bear the fact that her daughter had been schemed against all this time. Not only was she schemed against by her father, but she was also schemed against by that man, as well as that man's daughter. If that was really the case, then tell her.., she, who bore the surname of the ye family, would probably regret giving birth to this daughter because her daughter seemed to have been born to live for someone else.

It had already been a lifetime. That should be enough.

Lu Yi's fingers gently ran through her hair. Then, he sighed softly. Your mother is Ye Rong. She is my aunt.

Yan Huan could not laugh nor cry. She did not even feel anything.

“Do you want to know about them?”

Lu Yi asked Yan Huan. If she wanted to know, he would tell her. If she did not want to know, then it was good that she did not know.

Yan Huan sat up. She gnawed on her nails about the past and her mother. She did not want to know. She still wanted to be Yan Huan. She wanted to be an ordinary Yan Huan. Her parents were both dead and she did not have any relatives, she had been an orphan for two lifetimes, so she had to do everything herself. But one day, someone told her that her mother was a rich young lady. She had a father who wanted her life, a sister who humiliated her and killed her, and a grandfather who wanted to kill her repeatedly.

She didn't accept such a family.

But she knew that Lu Yi wouldn't lie to her. She might not believe everything that came out of Zhu Xianglan's mouth, but if it came out of Lu Yi's mouth, then it had to be true.

The secret about her and her mother that had been hidden for her entire life.

She frowned and thought for a moment before nodding. "I want to know."

Yes, she wanted to know why her mother had left the ye family at that time. Even when she died, she did not want others to know of her existence. She did not understand why her mother did not want her to leave any pictures on the tombstone, it turned out that it was not for anything else, but for the Ye family.

She did not want the Ye family to know of her existence, and it was also because she was too ashamed to face the ye family.

Lu Yi stood up and opened the safe at the side. Then, he took out something from the safe and placed it in front of Yan Huan.

"I didn't want to show you this at first. Actually, it's good that you don't know. There are some things that can be let go. I think the reason why aunt did not tell you was because she hoped that you could simply live on safely."

However, simplicity was something that others could easily obtain. However, for Yan Huan, it was extremely difficult.

She had already been reborn once. Would she still have simplicity?

It seemed that from the moment she was born, she was destined to meet the Ye family, the Lu family, and the Ye family. If ye Rong knew how Yan Huan died in her previous life., would she regret not telling Yan Huan these things back then, resulting in Yan Huan's untimely death in her previous life.

Yan Huan opened the box. There was nothing else in the box, only a letter. This letter was glued properly. It should have been torn into pieces and carefully glued back together.

There were so many pieces, but in the end, they were all glued together bit by bit. It could be seen how much effort the person who had stuck the letter had put in.

She carefully took the letter out. The moment she opened it, an inexplicable sour aura flowed into her eyeballs, causing the tip of her nose to ache, she was almost forced out of the corner of her eyes.

This was her mother's handwriting.

Yes, it was her mother's. She had forgotten everything, and it was impossible for her to forget her mother's handwriting. When she was still very young, it was her mother who taught her to speak and write. Her mother's handwriting was very beautiful, however, her writing was average.

Her mother in the past was a well-bred lady. Her smile was very beautiful, but in the end, in order to raise her daughter, she did things that were inferior to others. She acted as a nanny for others and took

care of others' children, she washed dishes for others. At that time, her mother had rarely written. Every day, she was burdened by life and her daughter. Until her death, she did not have a good day.

She placed the letter in front of her eyes and read it one by one.

This was the last letter her mother wrote to her. It might have been written when she was seriously ill. If she did not know that she might not be able to take care of her daughter in the future, she might not have written such a letter.

It was true. Her background was just as Zhu Xianglan had said. She was Su Qingdong's daughter. Her mother was Ye Rong, the daughter of the Ye family. Her mother, her poor mother, she was not a third party, she had never been a third party. She was the most innocent person. She had all been harmed by Su Qingdong. She could imagine that her mother's sincere efforts back then had been rewarded in the end, however, it was Su Qingdong who had purposefully deceived and approached her. She had always been gentle and kind, so how could she bear such harm? Furthermore, she also had a child in her belly.

Chapter 1880: his extra daughter

She knew that if she stayed in the Ji family, she would not be able to keep the child. She could not bear to part with the child in her belly, so she could only run away from home until she met the Yan family, she used her identity as a member of the Yan family to survive, but she was still afraid that the Ye family would find her. When that time came, she would tarnish the name of her family, so in the end, she could only hide her identity for the rest of her life, until she died, she had left this letter for her daughter. If she really had no way out, she hoped that the Ye family would give Yan Huan a way out on account of her.

However, in her previous life, there was no way out for the Ye family, let alone Yan Huan.

In this life, everything had changed, but the only thing that had not changed was that Ye Rong had still left the world long ago. Just like in her previous life, she had left her daughter whom she was worried about, a daughter who had suffered for her entire life.

Yi Ling had originally intended to hand the letter and the photos to Yan Huan, but in the end, Sun Yuhan had switched them. Therefore, Sun Yuhan became Ye Rong's daughter, while Yan Huan's parents were still dead.

And now, the truth had been revealed. However, Yan Huan only felt that it was ironic that the truth had been revealed.

She did not want that kind of grandfather, nor did she want that kind of father.

And now she finally understood why Lu Yi had insisted on standing in front of her when Su Qingdong was kneeling on the ground. No matter what Su Qingdong had done, her life was all thanks to Su Qingdong.

But Yan Huan would never think that way. Because in her heart, even if Su Qingdong had given her a life, the one who had truly raised her and allowed her to live on was not Su Qingdong, nor was it anyone from the Su family, it was Ye Rong, her mother. Even if she owed him, she had already used her life in

her previous life and paid for her child. In this life, she had also used her own blood and bone marrow to pay him back.

Her bones were her mother's, and her blood was also her mother. It had nothing to do with the Su family,

and she, Yan Huan, was not born to save Su Muran.

If that was the case, Ye Rong would not have given birth to her daughter, because she would not let her daughter grow so big. She was living for someone else.

Yan Huan carefully folded the letter and put it back into the box. Then, she closed the box and hugged it to her chest. It seemed like this way, she could be closer to her mother. It seemed like this was the only way.., she could also sense her mother's aura.

"Have you thought about it?" Lu Yi gently stroked Yan Huan's hair. Yan Huan was still lying on his lap. He did not say anything and no one knew what he was thinking.

Yes, Yan Huan did not understand. What was he thinking?

"Do we still want to let him go to jail?" Lu Yi was referring to Su Qingdong. Now that she knew everything, what was her decision?

"Sit. Why Not?" Yan Huan sat up and hugged the box in her arms tightly, "I don't know him. It's his business if he goes to jail. Besides, he should have done it already. I didn't take her life. If someone does something bad, they won't be punished by the law. Is there still any justice in this world?"

She lowered her head and her fingers gently swept across the photo album in her arms again. What he did now was going to be added to the list. I originally wanted to say that I would just lock him up for a few years, but now I've changed my mind. She owes me.., she owes me, my mother. This time, she will pay me back.

There will always be retribution in this world. It's not that it's not yet, it's just that the time hasn't come yet.

"It's good that you've decided." Lu Yi understood Yan Huan, so he wouldn't advise Yan Huan. It was just like how he didn't let Yan Huan know about this matter back then. After she found out about it, she definitely wouldn't be happy or excited.., she would definitely not let her feel that she had a family.

Yan Huan would rather not have such a family. Even if she was a child without parents, she would not want such a father, such a home.

"Mm, I've decided." Yan Huan smiled. She closed her eyes and hugged her mother's letter and photo album. No one knew that under her calm appearance, there was a deep hatred that was seething.

Regardless of whether it was her father or not, she, Yan Huan, would not accept it if he wanted to play the family card with her.

She did not have a father. She only had a mother.

And such a father lied to her mother and almost killed her. What was she going to do? was she stupid or stupid.

“What did you say?” Su Qingdong stood up with a cry. The color on his face quickly faded. He had just been bailed out from there and had yet to recover, he had heard such a thing that was about to turn his life upside down again.

This was impossible. How was this possible?

Zhu Xianglan hurriedly stepped forward and pulled on his sleeve.

“Qingdong, you must save Ranran. You are the only one in this world who can save her. Yanhuan is your daughter. She is your daughter. She will definitely listen to your words, right?”

Su Qingdong seemed to have been drained of all his strength as he fell onto the chair. At this moment, the hair on his temples had turned white, and his entire person seemed to have aged too much, he was so old that it seemed as if he had aged.

Yan Huan was Ye Rong’s daughter, which was also his daughter.

However, when he looked at his hands, his fingers were actually trembling unnaturally.

Ye Rong, the woman who had been in his heart all his life. That year, she had left. The Ye family could not find her, and he could not find her either. Therefore, he wanted to destroy the Ye family because the Ye family did not look after Ye Rong well, it was also because of the Ye family that he had found Ye Rong. He had plotted against Ye Rong, but he did not know that he had also plotted against his own heart.

“You want to save our daughter, you want to save Ranran.”

Zhu Xianglan held on tightly to Dong Qingdong’s sleeve and refused to let go.

Su Qingdong’s eyes were almost completely gray. He could not say a single word in his squirming lips.

Suddenly, he raised his face and stared at Zhu Xianglan’s eyes as if they were poisoned.

“Tell me, how did you know? When did you know? You clearly knew, why didn’t you tell me? Tell me, Tell Me!”

He placed his hand on Zhu Xianglan’s shoulder and shook it forcefully.

“Tell me!”

“I...”

Zhu Xianglan was shaking so hard that she was about to throw up. How did she know? Yes, when did she know? When did she know.

“I...” She licked her dry lips. She wanted to say any time, but it seemed impossible.

“Will you know if she’s a match for You?”

Su Qingdong's hand almost pinched into Zhu Xianglan's shoulder. "Tell me, will you? Did you know the last time?"

Zhu Xianglan could not answer. She could only open her mouth wide and widen her eyes. She could not say or refute.

"Did you already know?"
