

Chapter 1891: other methods

Yan Huan was about to leave, but she suddenly stopped. She walked over and pressed her hands hard on the table. Her voice was cold and almost devoid of warmth.

“Mr. Su, you’d better not mention Ye Rong again.”

Su Qingdong’s expression changed, but he did not understand what Yan Huan meant?

“What, you don’t understand?”

Yan Huan guessed that his brain was currently at Su Muran’s place, so he did not bring his brain out. In other words, he had forgotten about the most important thing.

“How did my mother leave the Ye family and give birth to me? Does Mr. Su still know?”

Yan Huan would not be polite to Su Qingdong, “If you and Zhu Xianglan didn’t work together to lie to my mother, wanted to beat up the ye family, raped my mother, and then had me, how could my mother have left? How could she have gone from a rich young lady to a single mother? How could she have died so early? It was all because of you, Mr. Su.”

“Guess what ye Jianguo would do if he knew about this?”

Yan Huan watched with satisfaction as the color drained from Su Qingdong’s face.

It was better to be afraid.

This proved that he was still normal. Therefore, a normal person should not do such a stupid thing and should not be too whimsical. It was enough to do a stupid thing once. Why did he still want to be stupid a few more times.

After she finished speaking, she turned around and walked out without looking back. At the door, Bai Zhi was standing there.

“Let’s go.”Yan Huan pulled the hat on her head up and down. Bai Zhi also stood up straight and followed behind Yan Huan, leaving behind Su Qingdong who was filled with fear.

Su Qingdong wanted Yan Huan to donate the bone marrow to Su Muran, but it was all a pipe dream.

Yan Huan would never be able to save Su Muran in this lifetime. She wished that Su Muran could die right now.

Some people’s lives were destined. For example, Su Muran had to die.

As for the lives of Yi Ling and Lu Jin, Yan Huan actually felt that if she saved them, he would have to bear something. There was no change for no reason in this world, it was also impossible for all good things to fall on her.

Just like the Ye family. The survival of the Ye family seemed to be only the responsibility of ye Xinyu.

It was still the same saying that debts had to be paid.

The debts that Su Qingdong and Su Miaomu owed back then, they would pay them back on their own. They would not let an outsider like her bear the responsibility, right?

By the time Su Qingdong arrived at the hospital, Zhu Xianglan had already run in from the inside and pulled Su Qingdong's sleeve, "How is it? What did she do? What did she do? What did she do to save Ranran? Our daughter is about to collapse. Yes, Su Muran is really about to collapse. If we don't perform the bone marrow transplant surgery, she will die very soon."

How could Zhu Xianglan accept this? She could not accept it either. She had a living daughter, and she was going to lose her. She was going to die very soon. So, no matter what, she had to grab hold of that life-saving straw.

Su Qingdong looked at her deeply. who caused all of this?

He reached out and placed his hand on Zhu Xianglan's shoulder. It was as if he was going to crush her shoulder blade. "Are you satisfied now?"

Zhu Xianglan did not understand. She was satisfied. What was she satisfied with?

"It was all because of you. You wanted Ye Rong to die. You also wanted Ye Rong's daughter to die. Now That Your Daughter is sick, there's no way to save her. Only Ye Rong's daughter can be saved."

"But she didn't save your daughter. Your dye is going to die soon."

Zhu Xianglan shook her head. No, she didn't believe it. She couldn't believe it. She absolutely couldn't believe it. She also couldn't believe it.

Yan Huan didn't save her daughter, that woman's child. She dared not to save her daughter.

"Su Qingdong, it's you. It's You, isn't it?"

Zhu Xianglan suddenly thought of something and directly pounced over. Like a shrew, she punched and kicked Su Qingdong, "Su Qingdong, it's you. It must be you. I just know it's you. It's you who did all this. It's you who doesn't want my ran ran to live. It's you who wants to give everything of the Su family to that Slut's daughter, isn't it?"

"It's you. It Must Be You!"

She was practically shouting hysterically right now.

"I knew it. You're still thinking about that slut ye Rong in your heart. But that slut is already dead. She's long dead. Now, you still want my daughter to die and let that Slut's daughter get everything of the Su Family?"

"Let me tell you. No Way. I Won't agree. I Won't agree for the rest of my life. Her face is twisted. If anything happens to my daughter, I won't let you have it easy either. I'll kill all of you. All of you will be buried with my dye."

Su Qingdong directly shook off Zhu Xianglan's hand and threw her to the ground.

“Why didn’t she save Your Daughter? You should know better.”

Su Qingdong was not even willing to speak to Zhu Xianglan. He was really blind back then. How could he marry such a woman? Her heart was so black., so Black that in the end, even his daughter was implicated.

“How is it, Mr. Su?”When Su Muran’s attending physician saw Su Qingdong, he quickly went up to greet him.

The attending physician was extremely anxious as to whether they had resolved this matter or not.

“Miss Su’s current condition is really not good. It’s best to perform the transplant a few days ago. It’s already too late to do it now. If we don’t do it now, with Miss Su’s current condition, she might not be able to last for even half a month.”Moreover, the attending physician had not said anything, even if she underwent the surgery now, Su Mulan would not be able to return to how she used to be. All the organs in her body were showing signs of exhaustion.

This was a very dangerous thing. Didn’t they all have a transplant in the past? As long as they had another transplant, Su Mulan would be able to live after the surgery. However, how long had passed, why was there no movement from Su Qingdong.

Was he going to give up?

“Is there any other way?”Su Qingdong really felt like his head was about to explode. Other than the bone marrow of Yan Huan, was there any other way? was there any other way.

The Doctor Thought for a moment. “Mr. SU, it’s not that there’s no other way.”

“What Way?”Su Qingdong’s heart tightened. “As long as there’s a way, it’s good. As long as there’s a way, there’s hope. No matter how much it costs or what price I have to pay, I’m willing to do it.”

“This has nothing to do with how much it costs.”The doctor was very apologetic about this. “The money is only the cost of the surgery, but what they need to save their lives is a bone marrow that’s suitable for Su Mulan.”

Chapter 1892: Irreconcilable Feud

“We have already contacted the international bone marrow center. If Miss Su is lucky, she might be able to find a bone marrow suitable for her. This has nothing to do with money. It has to do with fate. It has to do with fate.”

Moreover, Su Mulan’s blood type was so special. It was already one in ten million. Now, to find such a bone marrow, it would be much harder than others. Instead of asking for that elusive opportunity., he might as well think of a way to see if he could convince the person who had once donated bone marrow to Su Mulan that there might still be a glimmer of hope.

In fact, he really felt that Su Mulan could not wait for the news from the International Bone Marrow Bank.

Even if he really found it, he did not know if this distant water could solve the immediate problem. Therefore, it was better to look for that person honestly. Why did it not work the last time?

The doctor's words undoubtedly did not mean that Su Qingdong was kicked into hell. Did this mean that there was no other way? They could only take the path of Yan Huan. Now, Su Qingdong finally understood., yan Huan had never thought of saving Su Muran. She clearly did not want Su Muran to live.

Therefore, how could she save Su Muran? She did not even acknowledge him as her father, so how could she acknowledge Su Muran as her sister.

And now that he had this understanding, he finally knew that Yan Huan had no intention of acknowledging them. However, he still did not know that Yan Huan did not only hate them.

The hatred of killing their son and humiliating their mother was irreconcilable. They still wanted Yan Huan to be so grateful to others, and they also wanted Yan Huan to pour out his heart and lungs to them.

How could there be such a good thing in this world? How could there be such an easy way to smile and take revenge.

Ye Rong did not take revenge for Ye Rong's revenge. In the end, she chose to leave with Yan Huan. She could not bear to part with Yan Huan. She could not bear to part with this little life. Yan Huan's child in his previous life, a few months old daughter, was just a little., she could not take revenge for her own small steps. This revenge, Yan Huan would take revenge for his daughter and mother. Therefore, she could not save Su Muran in this lifetime.

However, even if she didn't save her, she didn't know that neither Su Qingdong nor Zhu Xianglan would give up on their daughter.

Zhu Xianglan arrived at the door of the Lu family.

This could be said to be not her first time here. He walked up and wiped his hands on himself. She didn't know if his current appearance was scary or not. She had already exhausted all her efforts for SU Muran, how could she spend time to dress herself up.

"Knock, Knock..."

She knocked on the door.

In a short while, the door opened.

"Are you looking for..."

Before the nanny inside could ask this question, Zhu Xianglan had already rushed in.

"Yanhuan, Yanhuan, you must save your sister. She is really your biological sister."

Zhu Xianglan was also stunned when she entered. She saw that the entire Lu family was present. Even Ye Chuji was present. Ye Xinyu had taken over the matters at the airport, and Ye Xinyu had also done

well, therefore, Ye Chuji had been running to the Lu family every day to accompany the three children and to be the grandfather-in-law of the three children.

Of course, he did not dare to snatch xunxun away from Old Master Lu. As long as Old Master Lu was present, xunxun would only belong to old master Lu. Old Master Lu had personally led xunxun to look at xunxun more than his own eyes.

It was also thanks to his good judgment. So now, even though ye Jianguo had done so many stupid things, old master Lu turned a blind eye when he came over and did not mention that matter anymore.

No matter what, this was ye Shuyun's Big Brother. Moreover, those things were all done by Ye Jianguo and had nothing to do with Ye Chuji. Therefore, when Ye Chuji came over many times, old master Lu eventually let him be.

It had to be said that ye Chuji really doted on these three children. Every time he came, he would bring a lot of things to the children. The children also liked this great-uncle very much. This way, grandfather Lu had nothing to say, anyway, as long as he was sincere to his three precious grandsons, it would be fine.

In grandfather Lu's eyes, there was nothing more important in this world than his three grandsons.

Ye Chuji and Lu Jin were writing with Xiao Qi and Xiao Guang. Grandfather Lu and Xun Xun were playing, and Xun Xun was telling a story to her great-grandfather. She didn't know where she heard it from, but it sounded like a child's voice, coupled with her soft and childish voice, it made her great-grandfather laugh so much that it made him laugh like an old chrysanthemum.

When there was a loud noise outside, Xun Xun was scared. Father Lu and son Lu quickly picked up their little granddaughter and gently patted her little back.

They were afraid that they would scare Zhen Zhen. Xiao Qi and Xiao Guang were also frightened and dropped the brush in their hands.

Lu Jin and ye Chuji quickly carried one each and walked into the room.

"Yan Huan, Yan Huan, come out. Come out. As long as you can save my daughter, I'm willing to do anything."

Zhu Xianglan was still yelling, which made people's ears very uncomfortable.

"Zhu Xianglan, what do you want to Do?" Ye Shuyun directly stopped Zhu Xianglan. Zhu Xianglan went all the way and knelt in front of ye Shuyun with a thump. And this kneeling made her feel terrified compared to her sudden shouting, it was still terrifying.

"Ye Shuyun, she listens to you the most. Zhu Xianglan practically hugged ye Shuyun's leg and shouted loudly. I beg you, I beg you to save her. Let Her Save My Ranran, okay? They are biological sisters."

Ye Shuyun opened her mouth and stood there in a daze.

"Yan Huan is our ran ran's biological sister. They are sisters, they are biological sisters. That is why their bone marrow is compatible. My Daughter is about to die. Quickly let her save my daughter. We don't want the Su family anymore. I only want my daughter. I will return everything to Ye Rong, Alright?"

When she said this, she almost went crazy.

“Ye Rong, is it you? Is It You?” She stood up with a whoosh, as if she had seen a ghost around her. And that ghost was none other than Ye Rong.

“Ye Rong, it’s you. Tell Me, is it you? Do you just hate me for stealing Su Qingdong? “But this is not my fault. This is Su Qingdong’s fault. Everything was done by him. He was the one who let me get close to you. He was the one who made me help her lie to you. This has nothing to do with me. If you want revenge, go look for Su Qingdong. Go and claim Su Qingdong’s life. I beg you, please let my daughter Go, Okay?”

She hugged her head and kneeled on the ground, tears and snot flowing down her face

“I beg you to let my daughter go. Please come to me. Please come to me. Yirong, please come to me...”

Chapter 1893: was clearly afraid of death

At this moment, other than ye Shuyun who was dumbstruck and helpless, there was another person, and that was ye Chuji.

He suddenly strode over and grabbed Zhu Xianglan’s collar, almost strangling her to death.

“Tell me, who is Yan Huan’s father? Who Is He?”

Zhu Xianglan was frightened and could not speak for a long time.

“It’s... It’s...”

“Who is it?”

At this moment, Ye Chuji’s face was as black as ink, completely black. Tell me, tell me, who is Yan Huan’s father? Who Was it that caused ye Rong to run away from home and gave birth to Yan Huan, who Was it that caused his sister to not dare to return home even when she had a home, and could only raise her daughter by herself with so much effort. In the end, she was long gone.

It was also because of who caused Yan Huan to be persecuted again and again, causing his niece to suffer so much. Who Was It? Who Was It?

The source of all this was none other than Yan Huan’s biological father.

But tell him, who was that man? Who Was It?

Big Brother, Ye Shuyun saw that ye Chuji was also frightened. She quickly came over and wanted to pull ye Chuji’s hand away. If she didn’t let go, she would really strangle him to death in a moment.

She was afraid that ye Chuji would find out about this, so she kept it a secret. However, this Zhu Xianglan really knew how to add fuel to the fire. This time, she had really added fuel to the fire.

Lu Jin also quickly came out and pulled ye chuji away from behind. Otherwise, Zhu Xianglan would really be strangled to death by Ye Chuji.

Ye Chuji glared at Zhu Xianglan as if he was going to peel off her skin and break her bones. How Could Yan Huan Be Su Qingdong's daughter? Su Qingdong almost killed Yan Huan., lu Yi almost became a widower, and his three children almost lost their mother.

At this moment, the door outside opened. Lu Yi walked in with Yan Huan. They rushed over as soon as they heard the news, but it was too late. This woman had actually come to the Lu family to cause trouble again.

"Yan Huan, Yan Huan..."

Zhu Xianglan crawled over like a dog.

"I'm begging you, save my daughter. I'll agree to whatever you want. If you want money or anything else, I can give you whatever you want. I don't want anything else. I'll give it all to you, okay?"

Yan Huan walked past Zhu Xianglan without letting her touch a corner of his clothes

"Yan Huan, she's Your Biological Sister!"

"I don't have a sister." Yan Huan stopped in her tracks. Her gaze was so cold that it was as if she was looking at a dead dog. Back then, she begged them like a dog, but what did they do to her., did they let her go? They didn't. Then why did she save them today?"

"What do you need to Save My Daughter?" Zhu Xianglan stood up. Her manner was almost as if she wanted to perish together with others.

"Are you only willing to save me if you want me to Die?"

"Then go and die."

Yan Huan did not take Zhu Xianglan's threat to heart. Why was she threatening her with death? She was not Su Qingdong, nor was she su Muran. She did not care if she was dead or alive. If she wanted to die, she would die.

Zhu Xianglan's heart hardened. She slammed into the wall of the Lu family. However, a hand reached out and threw her to the ground.

"If you want to die, die outside. Don't die in my house."

Lu Yi said indifferently. There were some people who didn't need sympathy. What they had done was not worthy of sympathy. And now, everything was their retribution.

Yan Huan walked over and squatted down in front of Zhu Xianglan. Then, he reached out and slapped her. She slapped Zhu Xianglan's face hard.

"I slapped her on behalf of my mother. She treated you as her best friend and helped you. However, you schemed against her behind her back and stabbed her ruthlessly."

There was another slap.

Yan Huan slapped his own hand so hard that it hurt. Of course, the slapping was even heavier.

"I slapped you on behalf of myself. What do I owe you? "What right do you have to take my blood and extract my bone marrow? My mother gave birth to me. No, I'm not here to treat your daughter and save her life. What does your daughter's life have to do with me? I don't have any elder sister."

"Also..."she threw another slap. This slap was really satisfying. "I hit you on behalf of my three children. You almost made them lose their mother."

In the past, she threw another slap, but no one stopped her. Everyone present actually wanted to help her slap a few times. No, it was not enough. It was not enough at all. It was just these few slaps., how could they be worth ye Rong's life? It was not suitable for Yan Huan's half life.

There were some things in this world that could not be returned once they were lost.

Yan Huan used his own hand to gently pat her again. Zhu Xianglan's ugly face was swollen like a pig's head.

"Didn't you ask what you needed to save Your Daughter?"

"Alright, I'll tell you now."

Her red lips curled up again, and the smile hanging on the corner of her lips was as cold as ice.

"I want her to die, so I won't save her. And you..."her gaze was almost as cold as ice, piercing Zhu Xianglan's heart, "I just want you to take a break. What do you mean by life and death? What do you mean by a broken family? What do you mean by being alone? And, what do you mean by dying before you die?"

"I don't have a mother. Zhu Xianglan, you can forget about having a daughter for the rest of your life."

Yan Huan let go of her hand and patted her own. It was really dirty. She wiped her clothes for a long time, but it was still dirty.

As for this woman who was like a dead dog, what else could she do? Throw her out.

Lu Yi pulled her hand and took a tissue. He wiped her fingers clean bit by bit. "Be careful of your heart. There are germs. Go Wash your hands later. Otherwise, don't touch the three children."

"I got it."Yan Huan pursed her lips. Actually, she also felt very dirty.

Just when Zhu Xianglan didn't say anything else, she saw ye Chuji's gloomy face. The suffocating feeling from earlier assaulted her again. She was constantly trembling in fear. Just now, she wanted to hit the wall. Why was she afraid now, shua Shua Shua. There seemed to be some sound. Ye Shuyun lowered her head to take a look. Instantly, her eyes turned red with anger. Damn it. He actually peed on her floor. It was really disgusting.

She even said that she wanted to die. She was obviously afraid of death.

Ye Chuji picked up Zhu Xianglan and did not treat her as a person. He directly pulled her out and there was a pale yellow stain on the floor.

"Lu Yi, quickly go and see your uncle."Ye Shuyun hurriedly came over and pulled Lu Yi's sleeve. was she really afraid that ye Chuji would do something?

'Mom, I know.' Lu Yi turned around and tidied Yan Huan's hair. "Remember to wash your hands later. She came out from the hospital. I wonder what kind of bacteria she has?"

Chapter 1894: They were very obedient

"I know. I will remember to disinfect my entire body." Yan Huan pulled up her sleeve and sniffed. She really felt that this woman was too dirty. Don't tell her that the hearts of all parents were pitiful. Some of them were asking for it. They deserved it.

"I'll go out for a while first," Lu Yi said to Yan Huan again. He also took his car keys and walked towards the door.

Huanhuan, do you know everything?

After Lu Yi left, Ye Shuyun asked Yan Huan in a low voice. They had kept it from her in the beginning. They did not even tell her that her mother was Ye Rong.

But now, did she know everything.

"Yes, I know," Yan Huan smiled at Ye Shuyun. She knew everything that she should know. Even if she did not know, she knew. There was no need to worry about her. She had a strong endurance and would die for the rest of her life, there was nothing that she couldn't accept, and there was nothing that she couldn't bear.

"Don't worry, Mom. I'll be fine." Yan Huan put her hands behind her back. Her hands were too dirty, so there was nothing she could do. She turned around and returned to her room. It had been a long time since she last came back here. However, the things in her room wouldn't be missing. There would be a portion of what was left in the garden.

It was great that this home was not as good as Lu Qin's. This was her home from her previous life, and there were still family members who treated her well. She only wanted them. As for who the other people were, what did they have to do with her?

She closed the door and raised her hand. There seemed to be a slight numbness in her hand as she clenched her hands tightly.

"You want me to save Su Muran? Ha, in your dreams."

Of course, the Su family really couldn't affect her. She wasn't sad or sad. No, she still had some emotional reactions. For example, she found it annoying, but she also found it disgusting.

She washed her hands and changed into a new set of clothes. Only then did she prepare to see the children.

At this time, the three children were with Lu Jin and Old Master Lu.

They were still very young, so they were all scared, especially Little Xun Xun. She was held in the arms of her great-grandfather, and her little body was still slightly trembling, old Master Lu cursed the Su family in his heart. F * CK, is this over? Last time, he had scared his little granddaughter. Do you still want to

come this time? Does she think that the Lu family is the Su family's backyard? She can come and go as she pleases?

"Tomorrow, add a gate to the outside world," old master Lu said. "Those who don't know or have nothing to do with it will be thrown outside by me. This makes his house look like a vegetable market. Anyone can come in."

"Dad, that's what I mean."

Lu Jin also felt that the security system in the house was not very good. He did not know who let this crazy woman Zhu Xianglan in.

"Then what are you still doing here?"

Old Master Lu kicked Lu Jin directly. "Go and do it for me. Otherwise, if those people come in again, do you want to scare my three grandsons?"

"Dad, I'm just accompanying the child because I'm afraid that the child will be scared."

Lu Jin was quite unwilling to be kicked by Old Master Lu

"And dad, you can't give me any face. I'm also a grandfather."

"So what if you're a great-grandfather?" Grandfather Lu rolled his eyes at his son. "As long as I, Lu Yuanyang, am here, I'm your father. You have to listen to me. I can kick and hit you whenever I want."

"Can you live to that age?"

Lu Jin muttered softly. It was already good enough to live to that age. If he really lived to that age, would he really become an old monster?

"What are you mumbling about?"

Old Master Lu did not hear clearly for a moment. Fortunately, he did not hear clearly. Otherwise, Lu Jin's future great-grandfather would have been chased by Old Master Lu, who was now a great-grandfather, and his butt would have been whipped by the soles of his shoes.

"Dad, I didn't say anything."

Lu Jin hurriedly smiled and felt relieved in his heart. Fortunately, he did not hear it. Otherwise, he might have lost face later.

"Then why don't you go and get the door for me?" Old Master Lu urged Lu Jin impatiently. "What are you still doing here?"

"I thought I was worried about the children?"

Lu Jin hugged Xiao Guang in his arms. He felt sorry for his grandson, but he didn't want to leave his grandson at all.

"Just do what I tell you to do. What are you nagging about?"

Old Master Lu directly carried Xiao Guang back from Lu Jin's arms. He could bring three of them over by himself.

Lu Jin really felt that old master Lu was a little too annoying. How could the three children all belong to him? He was Lu Jin's grandson.

However, it was clear that he had the lowest status in the family and had no right to speak. Therefore, he could only stand up. He felt sorry for the three children and personally supervised them. Then, he went to find someone to make a door for them, he wanted to avoid those random people who wanted to come to his home and have designs on the three grandsons.

However, he also sighed in his heart.

Was Yan Huan's identity a little too inconceivable.

She was originally ye Rong's daughter, but it was already incomprehensible. Later, she even became Su Qingdong's daughter. It did not matter to his family. In any case, Yan Huan was already a member of the Lu family and also the mother of three children, when she was an orphan, they accepted her. What status did she have now? What did it matter? She was a member of the Lu family.

However, he narrowed his eyes. If the Su family wanted to steal his three grandchildren, it was absolutely impossible.

Yes, he had to make the door a little higher to prevent people from stealing his grandchildren. He didn't know where this sense of danger came from. He just had a premonition that someone was planning to steal his grandchildren.

At this moment, Old Master Lu, who was in the room, was really pleased with himself. All three of his grandchildren were his.

However, he was not pleased for long when the door opened again.

"Mummy..."Xun Xun noticed Yan Huan at a glance. wasn't the person standing at the door their most beloved mother.

She hurriedly ran over and extended her small hand to Yan Huan as well.

Yan Huan squatted down and picked up his daughter. Then, she stretched out her hand to her two sons.

"Xiao Qi, Xiao Guang, come over to Mommy."Only then did Xiao Qi and Xiao Guang walk over while holding their little hands.

Yan Huan held the three children in his arms.

"Have we cried before?"

Yan Huan asked the three children.

"No,"the three children answered in unison. Xun Xun hurriedly raised her little hand and tried to answer.

"Mommy, Xun Xun and Big Brother are very obedient. Don't cry. We are all big children."

“Yes, we are all big children.” Yan Huan pinched her daughter’s little face. “We are big children. We have to be obedient.”

Only then did she stand up. When she saw Old Master Lu’s sullen face, she knew that old master Lu was jealous. However, she was already so old. Why was he still acting like a child, she was just hugging a child. Was she going to be jealous?

Chapter 1895: beating someone up

How could old master Lu Not Be Jealous? It wasn’t easy for him to get Lu Jin to leave. Finally, the three children were all his, but Yan Huan came in again.

In the hearts of the three children, grandfather and great-grandfather weren’t as important as their mother.

As soon as their mother came, they didn’t want their great-grandfather anymore. They were all small and heartless. Who raised them until they were so old? Who took care of them day and night.

It seemed to be Ye Shuyun.

As for Yan Huan, she didn’t know whether to laugh or cry at Old Master Lu’s temper. She really only came to hug the three children. What was wrong with comforting them? Wasn’t that enough?

She had worked hard to exchange for these three children with her own life.

Alright, she had to coax Old Master Lu first. Otherwise, who knew how many landmines old master Lu would blow up with her background.

Yan Huan stood up and pushed the three children’s shoulders. “Go to great-grandfather’s place and let great-grandfather tell you the story of how he beat up the Japanese when he was young.”

Only then did the three children run in front of Old Master Lu. Their eyes were glistening, and they were really pleasing to the eye. There was also a thirst for knowledge and a small amount of worship, it also made old master Lu very happy.

This was how one knew what was good for them.

People nowadays were so advanced in technology that they had forgotten everything that had happened in the past.

How could they forget these things

This was a national disgrace. Their grandparents and grandchildren would never forget it for their entire generations.

Old Master Lu was about to start his lecture, but in the end, he turned around and glanced at a certain someone.

“You already know everything.”

Wasn't it obvious? Yan Huan found a place for herself to sit down. She was prepared to listen to Old Master Lu's story like a child. In fact, it sounded like a story, but in reality, this was all real. It was history and the truth.

"What, you still want to acknowledge them?"

Old Master Lu narrowed his eyes. It was obvious that he was threatening and was about to hit someone.

"Why should I acknowledge them?" Yan Huan couldn't think of any reason. She had to acknowledge those people. She had lived her whole life without her father and grandfather. It was the same whether she had them or not.

Since it was the same whether she had them or not, why should she acknowledge them?

Moreover, she didn't think that her mother would let her acknowledge Su Qingdong as her father. She would only acknowledge that kind of scumbag if her brain was crushed by the door. As for the Ye family, it wasn't that she didn't acknowledge them. She was calling ye Chuji uncle. As for ye Jianguo., forget it.

Old Master Lu snorted. Although he did not say anything, it was clear that he was satisfied with Yan Huan's answer. He was quite satisfied.

After he gloated for a while, he began to talk about his glorious past. The three children might not understand what he was saying, but they had listened to their great-grandfather since they were young. Therefore, at their young age, they had a very strong sense of nationality.

They would definitely be patriotic young men in the future.

At this moment, a car quickly drove towards the Su family home. It was not until there was a squeak that ye Chuji had already pulled Zhu Xianglan out of the car, who had almost turned into mud due to her stupidity.

There was a bang

Zhu Xianglan was directly smashed onto the ground, and her fat began to shake.

At this moment, both sides of her face were swollen. As expected, she had been slapped quite heavily.

"Ye Chuji, what are you doing?"

Su Qingdong walked out. When he saw Zhu Xianglan like this, he also felt disgusted. However, no matter what, this was still a member of their ye family. It was also him, Ye Chuji, who had openly married and married her. This was the ye family's honor, when beating a dog, it still depended on the owner. How could he beat a person to such a state? Furthermore, it was a face slap. This not only slapped Zhu Xianglan's face, but also slapped Su Qingdong's face,

"You'll know what I'm going to do soon."

Ye chuji directly rolled up his sleeves. Before Su Qingdong could react, a fist directly hit Su Qingdong's face. It did not break Su Qingdong's nose bone, two nosebleeds also flowed down. Su Qingdong did not react in time. He punched again, directly hitting Su Qingdong's face.

Su Qingdong had been crippled for the past few years. Other than taking over the Su family's business, he only talked about business and business. All day long, he sat in front of his office desk. Therefore, when he faced ye Chuji., he didn't even have the ability to fight back. It wasn't That Ye Chuji was a martial artist or that he had martial arts skills. Ye Chuji had never learned those things. He had learned his skills from beating up his son since he was young.

Not to mention beating up one Su Qingdong, even beating up two Su qingdongs wouldn't be a problem.

And Su Qingdong was beaten until he was forced to retreat. Zhu Xianglan, who was beaten until she had a pork face and a sausage mouth, seemed to be smiling. Such a strange smile also made people's hair stand on end.

Ye Chuji once again threw a fist over.

"Su Qingdong, tell me, what exactly did you do to my sister? You made my sister run away from home and even gave birth to Yan Huan. Even when she died, she didn't contact her family. Ye Chuji, tell me, tell me."

Ye Chuji hated Su Qingdong to death. It was this rat that had harmed the ye family for decades. decades. Yes, decades. Su Qingdong, this scumbag, not only caused ye Rong to run away from home., he was also afraid that mother ye would leave early. In the end, she would dig out the ye family's airport, almost causing their family to be destroyed.

All of this was because of Su Qingdong.

Lu Yi stood at the side and watched. Actually, he wanted to make a move too. After all, Ye Chuji had personally pushed Yan Huan into the Sea River. It was winter, it was winter. How painful, how cold, how scary., yan Huan's current poor health was because of this. Yan Huan, who was so good at fighting, how could he be so weak?

It was really hard for him to endure, but in the end, he still did not stretch out his hands.

Su Qingdong naturally had his own place to go. He would not die. Of course, the so-called imprisonment might not be possible, but his reputation would be ruined, and no one would send him to his death.

And Su Muran would definitely die.

Ye Chuji was still beating him, and his fists were numb from the beating.

He picked Su Qingdong up and threw him on the ground as if he was throwing trash. Then, he snorted coldly and kicked Su Qingdong in the stomach.

"Su Qingdong, this matter isn't over yet. Your Su family definitely won't be able to pay back what you owe us this time."

"Let's go."Ye Chuji was still holding his breath. He was afraid that he wouldn't be able to hold it in for a while and directly beat Su Qingdong to death.

Lu Yi followed ye Chuji. When he turned around, he saw Zhu Meina walking down the stairs. She even reached out her hand and shook it at Lu Yi, as if she still said something.

Mm, remember to come again.

She slowly went down the stairs and stood in front of Zhu Xianglan. Tsk, she was really ugly. She turned around and stood in front of Su Qingdong, then squatted down.

Chapter 1896: was arrested

“Uncle, should I help you call the police?”

Su Qingdong’s face was once again ashen. He shook his head with great effort and stood up as well. However, he clutched his chest and started coughing violently.

Calling the police? He even dared to call the police? was he afraid that it wouldn’t be embarrassing enough? Or was he afraid that the Ye family wouldn’t be embarrassed enough?

At this moment, the phone on the table rang.

Zhu Meina stood up. She could only answer the phone by herself. Otherwise, who else could she look for? A Zhu Xianglan with a swollen face, and a Su Qingdong who was beaten so badly that he couldn’t even speak.

She took the phone and placed it by her ear.

“Oh, yes, this is it.”

“I got it. I’ll tell them.”

Zhu Xianglan put down the phone and spoke slowly, word by word.

“A call came from the hospital. They said that they want you to go over. Su Mulan is in the emergency treatment again.”

Bang..

Zhu Xianglan could not bear the blow and turned into a dead fish.

When Su Qingdong went to the hospital with such a dignified appearance, he also felt that all his face in his life had been completely lost in this one day.

“Mr. Su, what happened to you?” Even Su Jiuran’s attending physician was shocked. Did he have a car accident?

“Nothing, I fell.”

Su Qingdong did not want people to look at his face. He hurriedly asked, “How is my daughter now?”

“She’s fine. She’s been resuscitated.”

When the Doctor mentioned this matter, he felt a lingering fear in his heart. He almost could not breathe.

Fortunately, Su Qingdong also let out a sigh of relief.

However, he did not let out a sigh for long before he heard the doctor's sigh again, "Miss su may be able to survive this time, but she may not be able to survive the next time. Miss Su's situation is getting worse and worse. She may not be able to escape anymore." He really did not dare to do it again. If there was a next time., he would really have to prepare for Su Mulan's funeral.

Su Qingdong stood outside the ward and could only vaguely see the inside of the ward. The blurry woman whose entire body was practically filled with all kinds of tubes. This woman was none other than the daughter that he had grown up with, she was the daughter that he had raised in his hands.

"I'm sorry, Ranran. It's Daddy Who's useless. I Can't Save You."

Yes, he couldn't save his own daughter. He couldn't save anything.

Yan Huan was the only person who could save Su Muran. However, if she didn't save him, they wouldn't be able to kidnap her again. Even if they didn't have that level of father-daughter relationship, he couldn't kidnap her. So what if he was a bad person again, however, he didn't even have such a chance because Yan Huan didn't even leave the house now. His hand couldn't reach so far, nor could it reach so ruthlessly.

Fortunately, Yan Huan did not have much hope for her father. Otherwise, if she knew what Su Qingdong was thinking, she would have thought about it again.

The cabbages that he had grown were indeed different from the radishes that others had grown. He knew very well who was the one who was ripe.

Right now, all Su Qingdong could do was stand outside. He could only stare blankly at his daughter who was about to die at any moment. However, there was nothing he could do. He could not even enter this ward.

When he finally returned, he saw Su Ancheng sitting there as soon as he entered the door. The way he looked at him was as if he was a piece of trash from somewhere.

Su Ancheng stood up and walked in front of Su Qingdong. He slapped Su Qingdong's completely unrecognizable face.

"Why didn't you tell me that Yanhuan was your and Ye Rong's Daughter?"

Su Qingdong's lips moved twice. What was he going to say? When he played with Ye Rong's feelings back then, he only wanted to attack the ye family. But who knew that ye Rong's temper would be so fierce that she would leave just like that, she even gave birth to a daughter. In the end, the daughter that ye Rong gave birth to actually became his daughter Su Muran's life-saving medicine. If he did not have this medicine, Su Muran would definitely die.

But now, the other party was unwilling to give them medicine.

So Su Muran still had to die.

He wore this painful face. At this point, he had nowhere to hide.

Su Ancheng also hunched his back. If he continued to walk out like this, he would stagger and almost never be able to straighten his back again.

In his entire life, Su Ancheng had schemed against others. Even his son had learned it. But in the end, they had schemed so much, but in the end, they had schemed so much that they almost lost their children and grandchildren.

No, they had already lost their descendants.

Don't think that Yan Huan would acknowledge their Su family. She would not, and the Ye family would not allow them to.

He stood outside. His white hair was tangled with the wind and frost of the past. It was as if one could see the aura of death that was gradually spreading from his body.

He might not be able to live for too long.

Something flashed through his turbid eyes before he staggered out of the place.

"Su Ancheng is here." Lu Jin hurriedly got Ye Shuyun to bring the three children inside.

"He is here to snatch my grandson."

"He dares!" Old Master Lu strode out and took a seat. He raised his chin in a provocative manner. He wanted to see who dared to snatch his great-grandson and who dared to lay a hand on his great-granddaughter, who would have the guts to do so.

Lu Jin cursed in his heart. Those idiots, why haven't they installed the outer door yet? But he seemed to have forgotten that no matter how many doors he built for the outside world, they still couldn't stop those who wanted to come, even if he wanted to meet them, he still had to meet them.

Su Ancheng stood outside the door. The Lu family guarded against him as if they were guarding against thieves. He still couldn't even enter the other party's main door.

Then, he turned around and left, but..

He took a deep breath and forcefully suppressed the embarrassment in his heart.

Su Muran was still sick. He had always been half-dead. It was possible that he could not even breathe and died. The scariest thing came to the Su family.

"Mr. SU, someone reported that you kidnapped and deliberately killed someone. Please come with us."

A few policemen stood in front of Su Qingjiang. Bing Bing's handcuffs were placed in front of Su Qingdong.

Su Qingdong's face was filled with grief. He stretched out his hands and had the policemen clasp his wrists. Then, he followed these people and left step by step.

What was the point of him staying? He could not save Su Muran, nor could he save himself.

When he returned, he would probably be collecting Su Mulan's corpse.

Su Qingdong had been captured. This was undoubtedly not adding to the Su family's misery.

Zhu Meina was wearing her high heels as if she had nothing to do with him. Yes, what did she have to do with it? What did it have to do with her?

Chapter 1897: didn't care

She didn't kill anyone and didn't set the fire.

"Get lost!" Zhu Xianglan ran over and wanted to grab Zhu Meina's face.

Zhu Meina picked up her bag and threw it at Zhu Xianglan's face.

"Ha..." Zhu Xianglan sneered, "You Think You can stay? Didn't you use your leverage against our family? Now everyone knows that Su Qingdong has been arrested again. In the future, the Su family belongs to me and my daughter ran ran. Even if my ran ran is gone, I will protect her well."

"That short-lived son of yours will only be able to eat paper money for the rest of his life."

Zhu Xianglan raised her nostrils as she spoke. She exhaled like an old ox, as though she wanted to use this breath to spray Zhu Meina to death.

Zhu Meina listened and watched coldly as she stepped on her high heels and left the SU residence.

"What are you worried about?" Yan Huan scooped a bowl of rice for Zhu Meina. She was home alone today while Lu Yi was busy with work and eating outside. He had a meal to attend, so naturally, he wouldn't bring her along.

Coincidentally, Zhu Meina was here, so she could have a meal facing someone.

However, Zhu Meina was clearly a little distracted.

"Hey..."

Yan Huan stretched out his hand in front of Zhu Meina and waved it.

Zhu Meina pushed her hand away. "What? I'm not blind again?"

"Oh..." Yan Huan ate his own rice, then raised his face again. "What are you afraid of?" If he wasn't afraid, then what was?

"I'm afraid of being homeless."

Zhu Meina placed the chopsticks in her hand on the table. She didn't want to eat anymore and immediately didn't even have a place to stay.

"Oh..." Yan Huan finally remembered. How could he have forgotten about this matter.

"Back then, you were able to stay in the Su family because the people in the SU family had all sorts of fears for you. It was because you had that secret in your hands. Now, the secret is no longer a secret. Of course, everyone already knows about it. Naturally, you can't stay in the Su family."

"Yan Huan, since you already knew about it, why didn't you tell me?"

Zhu Meina was so angry that her eyes were burning. She clearly knew about it, yet she still did not know to remind her. Did she have to let Zhu Xianglan ridicule her?

This was intentional. This must be intentional.

“This is common sense.” Yan Huan blinked his eyes. Why is it that you don’t have the guts to think this way?

Meanwhile, Zhu Meina was really at a loss for words.

“Don’t tell me you don’t want to leave the Su Family?”

Yan Huan also put down his chopsticks and propped up his chin on the table, “What’s so good about the Su family? It’s a mess. Everyone’s brain is abnormal. You haven’t had enough of it there. Look at you, what have you been raised to be? Big Chest, no brain, idiot brain. That’s how you are described.”

Zhu Meina rolled her eyes at Yan Huan, “You’ve lived in your home for decades. Don’t you want to leave it behind? “Even if I can’t live in it, I don’t want that Zhu Xianglan to oppress me everywhere. In the future, if Su Ancheng is no longer around and Su Qingdong is no longer capable, that Mu ran will also become ashes. Zhu Xianglan is still the sole leader of the Su family. I’m not willing. How can I Be Willing? Moreover, who knows what kind of underhanded methods she will use to deal with me. I think you have to be more careful in the future.”

Zhu Meina told Yan Huan about this very seriously.

“You have to be more careful in the future. The SU family is not a second-rate family. Didn’t you always say that a camel that dies from thin is always bigger than a horse? The SU family will not fall in a short period of time. As long as the Su family doesn’t fall, he will not be able to burn out the wildfire. When that happens, the entire SU family will fall into the hands of that woman, Zhu Xianglan.”

“That’s true.”

Yan Huan cupped her chin

“That’s why Zhu Xianglan can’t stay.”

Compared to Zhu Xianglan, Su Qingdong wasn’t that disgusting. This was only relative. She could only choose the one that wasn’t disgusting.

Of course, when she said disgusting, it didn’t mean that she had a good impression of Su Qingdong. In fact, it wasn’t. In her eyes, Su Qingdong was already disgusting, it was just that Zhu Xianglan was a little more disgusting than him.

“Do you really want to stay in the Su Family? Haven’t you thought of any other way out?”

Yan Huan asked Zhu Meina again, “Actually, the things you have now can completely let you live a new life.”

“But I don’t want to change.” Zhu Meina stretched out her legs, “I’ve said it before. I’ve lived in the Su family for a long time, and I don’t want to leave either. Besides, I came from Brother Long’s place. Even

if I washed my own clothes as white and clean as possible, I still couldn't hide the fact that I've done that kind of thing in the past."

"I'm dirty."

"The SU family is also dirty, and the water in the Su family is also deep, but..."

She suddenly smiled. "If there's no Zhu Xianglan and no Su Muran, then the SU family will be my own tyrant."

"But your man is an old man."

Yan Huan continued her words. "Isn't that right?"

"That old man is your father." Zhu Meina rolled her eyes and reminded Yan Huan.

"I won't acknowledge him, so he isn't."

Some things, once done, could not be undone for the rest of their lives, just like the relationship between the Su family and her

They were like fire and water, and their grudges would not end until one of them was dead.

Zhu Meina knew that Yan Huan would be like this. Yan Huan's personality had always been like this. She would never let her smile at him and hold grudges against him. This woman was very narrow-minded.

She imitated Yan Huan and cupped her chin with her hands, "As long as I can stay in the Su family and marry that old man, so what? In any case, he is much older than me and died earlier than me. In the future, the entire SU family will not be mine alone."

"That's not right." Zhu Meina suddenly thought of something. "The SU family is yours."

"I don't want it." Yan Huan curled his lips. "If you want it, take it. It has nothing to do with me."

"That's a good sister." Zhu Meina patted Yan Huan's shoulder. Such a generous Yan Huan made her very satisfied. She knew that Yan Huan would never take a fancy to those things from the Su family.

In the eyes of others, the things from the Su family might be an irresistible temptation that they would never be able to resist for the rest of their lives. However, in Yan Huan's eyes, everything seemed to be covered in bacteria. Even the Su family name., perhaps Yan Huan would also hate it when he heard that.

If I had a true identity in the SU family, even if it was to become Su Qingdong's wife, it wouldn't matter. I could then bring my parents over and let them fall into the water with me.

Just thinking about it felt great.

Yan Huan sighed softly.

"You're clearly a young man. Why must you be with a man who can be your father?"

Chapter 1898: she agreed

“Because he died early.”

Zhu Meina snorted smugly.

She did not need love. Her love had long been buried at Brother Long’s place. What Love? Those were all lies. Perhaps there would be true love sometimes, but it just happened to be without her.

Therefore, compared to love, which was an illusory thing, she would rather pursue something practical, something that could be seen or touched.

She was just a tacky, vulgar woman.

She no longer had love and the ability to love. In that case, she had to lead a good life.

However, she sighed.

Perhaps not long later, she would really have to get out of the Su family, and she still had to give herself a way out.

Yan Huan stared at her face as if he was deep in thought.

On this day, when Yan Huan first arrived at the Lu family, he realized that there were quite a few guests at home today. Su Ancheng, Zhu Xianglan, who had been beaten up by her like a pig.

Of course, no one in the Lu family welcomed them. As for Su Muran’s current situation, he did not need to guess to know that she was really half dead. No, she was probably just fooling around for a few days.

Good and evil would eventually be repaid.

Su Ancheng’s aged eyes were still filled with shrewdness. He did not know how many times he had come to the Lu family and how many times he had sacrificed his face. However, in the end, for the sake of the Su family, for the sake of this granddaughter of his, Su Muran., he still thickened his skin and came over.

As for Yan Huan, although he knew that she was also his granddaughter, perhaps it was because he did not raise her by his side, or perhaps it was impossible for her to be a member of the Su family. He knew that no matter what, Yan Huan would not return to the Su family, he changed his surname to Su, so his feelings were mostly complicated. However, he really could not give birth to many feelings.

However, he liked the three children of the Lu family. If it were not for these matters, the Su family might still have one of these three children. After all, it was impossible for Su Muran’s body to give birth to any more children.

And now, he wanted the children of the Lu family. That was simply impossible. Yan Huan did not acknowledge them, so of course, he would not withdraw the lawsuit. He was even willing to donate the bone marrow to Su Muran. How could this child be given to them?

Just like what Yan Huan said, Su Qingdong still had to go in. So what if he bailed him out? He would go back in very soon.

“We can make up for it.” Su Ancheng glanced at Yan Huan, but the last thing he saw was old master Lu.

“How?” Old Master Lu raised his eyelids.

“After a hundred years, everything in the Su family will belong to one of your grandsons.”

Yan Huan really wanted to laugh. They were really father and son. Why did they even say the same thing.

Old Master Lu sneered and laughed. He even rolled his eyes at Su Ancheng,

“Don’t be so pretentious. You’re just afraid that your su family will have no more children, so you’re focusing on my grandson. Let me tell you, the children of my Lu family will always be surnamed Lu. If your su family’s things rot in the future, that’s your su family’s business.”

“If your granddaughter doesn’t give birth to a child, she’ll think of someone else’s grandson.”

“Do you think I’m an idiot or a dead person?”

Su Ancheng’s thoughts were exposed. No matter how thick-skinned he was, he couldn’t let go at this moment.

Yes, this was his idea.

He would have gladly agreed to let an ordinary person go.

But the person sitting in front of him wasn’t an ordinary person, but the Lu family.

It was not like he did not know how difficult Lu Yuanyang was to deal with. As long as he did not agree, there would be no one in the world who could reason with him.

“I know that my request is a little excessive, but...”

He was about to continue, but he was interrupted by Ye Chuji.

“Elder Su, you actually know that it’s excessive. Then, please don’t say anymore. We don’t have a close relationship?”

The Su family and the Ye family had already been on bad terms for a long time. Now, with Ye Rong’s debt, there was simply no possibility of it being fixed. Furthermore, it was even more impossible for Yan Huan to become a member of the Su family. Her existence., would only aggravate the rift between the Su and ye families.

Su An was taken advantage of by a junior. Not only did he lose the opportunity to speak, he was also slapped on his old face.

He then turned to face Yan Huan.

“No Matter What, you are still Qingdong’s child. There is nothing in the world that isn’t a parent. Are you sure you want to send your biological father to prison and leave your biological sister to die?”

“Is this a threat?” Yan Huan suddenly raised the corner of her lips. There was almost no warmth in her eyes as she looked at Su Ancheng. Her son had schemed against her, and her father had threatened her. It was fine if the Su family did not acknowledge her.

“Then what do you want to Do?” She asked elder Su. There was not much expression on his face, and of course, there was no emotion. was she crazy or stupid to have feelings for such a person.

At this moment, Su Ancheng was unable to answer immediately. In the end, he gritted his teeth.

“Let your father go and save your sister.”

When he said these words, Ye Chuji almost wanted to punch this old man in the head. He had seen shameless people, but he had never seen such shameless people. Ye Rong’s debt had not been settled yet.., now, he wanted to scheme against Ye Rong’s daughter.

How Big were their faces? How thick were their skin?

Yan Huan’s gaze moved away from Su Ancheng and then landed on Zhu Xianglan. This face was really ugly, and it was disgusting. How could she dare to come out with such a face?

Her gaze only stopped on Zhu Xianglan for less than five seconds. Then, she turned back to Su Ancheng. Her fingers gently tapped on her legs, one after another, one after another.., it was silent, but the few steps were beating everyone’s hearts.

Finally, she moved her finger away, but there was a dark light that fell on her eyes.

Then, she seemed to have thought of something, and the curve of her lips gradually widened.

“Okay.”She nodded, and she agreed.

“Huanhuan...”ye Shuyun quickly grabbed Yan Huan’s hand and shook her head, “You can’t agree.”

Yan Huan comforted ye Shuyun with a smile. “Mom, don’t worry. I know what to do.”

Ye Chuji might have wanted to say something, but in the end, he held it in and did not speak or move.

The door outside rang again. Lu Yi walked over. The wind from the corner of his clothes was so cold that it felt like it was piercing to the bone.

He stood in front of Yan Huan and rubbed the top of her head.

“Will you support me?”Yan Huan asked him.

“Yes.”Lu Yi nodded. “I will support any decision you make.”

Yan Huan finally smiled, just like the warm sun that had melted the first snowfall. At this moment, all of this had nothing to do with the Su family.

Chapter 1899: talked about conditions

Originally, she really wanted to see Su Muran die. It would be best if he died. However, she also knew that before Su Muran died, the Su family would come over every day and bother her. Even if he really died, they might not let her off

Some things, even if they were accumulated, would become a disease.

She wanted to get it done once and for all. It seemed that she really had to bleed some more.

As for saving, fine, she would do it.

Of course, she thought of a more fun way. Of course, it would be more fun.

And in the end, Su Mulan still had to die.

Because even if the transplant was successful, her body was still half dead. What was the difference between dying and dying? To a woman like Su Mulan., dying half-dead was much more painful than dying.

Yes, it was like that. Although it was a little self-destructive, it was worth it once and for all.

"I can promise you," she turned to Su Ancheng, "But..." yes, but., "I have a few conditions. If you agree, then everything is fine. If you don't agree, then do what you have to do. Anyway, the public opinion is not with me."

Yes, it was not with her at all. Su Qingdong was still going to jail, Su Muran was still going to die, and the Su family was also going to die.

"Tell me," Su Ancheng had already made up his mind. No matter what kind of request Yan Huan made, he would agree to it. As long as she could leave a trace of hope for the Su family.

Yan Huan placed his arm on Lu Yi's leg. The aura from Lu Yi's body also calmed her heart bit by bit. It was not hurt, not painful, and not sad.

That's right. She did not plan to recognize her family in the first place. Who cared who they were?

"First," she stretched out a finger, "I want Zhu Xianglan to divorce Su Qingdong and marry Zhu Meina." She was smiling, but her smile was like that of a devil. She would poke wherever it hurt. This was what she had thought of, she felt that leaving the Su family to Zhu Xianglan in the future was too easy for her. wasn't it because of the Su family that she conspired with Su Qingdong to scheme against her mother?

Didn't Zhu Meina say that Zhu Xianglan cared the most in her life? She was most proud of her identity, her status as a member of the Su family.

Then, the more she cared about something, the more Yan Huan wanted to destroy her. It could also be considered as revenge for her mother. She wanted Zhu Xianglan to live like a dog in the future.

In the first half of her life, she was so glorious. In the next life, she was so unlucky.

It was just a trade for some of her bone marrow. It was worth it.

"This is impossible." Zhu Xianglan suddenly stood up. Divorce? What kind of marriage was this? What kind of request was this? Why would she make such a request? After divorce, she still had to marry her niece. was she trying to slap her face until it swelled up, how was this possible? How could a couple who had lived for a lifetime divorce just like that?

Why? Was it not possible? Yan Huan was too lazy to speak. If it was possible, then it was fine. If it was not possible, then it was not possible. If it was possible, they could continue talking. If it was not possible, then they could get lost right now. No matter if it was Su Qingdong or anyone else., they could get as far away from her as possible. She did not want to see them.

“Dad, you can’t do this.” Zhu Xianglan cried directly, “Qingdong and I have been husband and wife for a lifetime. Even if we didn’t make any contributions during these decades, we’ve still worked hard. How can we get a divorce? We’re already so old and we’re going to have grandchildren. How can we get a divorce just because we want to?”

“Grandson? Where did you get a grandson?” Ye Chuji mocked bluntly. They both had that kind of illness, yet they still wanted a grandson.

Zhu Xiang’s face was once again embarrassed. It was almost green and green. She wanted to open her mouth to refute, but she realized that he actually couldn’t say anything because Ye Chuji was right, it was true., Su Muran was now half-dead. Even if he was saved in the future, it was impossible for him to give birth to a child. Therefore, if people said that she didn’t have a grandson, she didn’t have a grandson.

“Dad,” Zhu Xianglan begged Su Ancheng again. She couldn’t get a divorce. She couldn’t get a divorce. If she got a divorce, what would she do? She didn’t even dare to go back to her family. Last time, she had plotted against her niece to such an extent. If she went back now, she would definitely be beaten to death by her elder brother and sister-in-law. Moreover, she had to make Su Qingdong marry Zhu Meina, this was equivalent to cutting off all her options. How could this be? How could this be?

Old Master Su raised his eyelids. His narrowed eyes were filled with sharpness. “Do you have to do this?”

“I didn’t beg you to agree.” Yan Huan played with his fingers. “You can leave now. If you’re angry, don’t send me off.” Moreover, the best thing they could remember now was that they were the ones who had come to beg her, she wasn’t the one who had begged them in the past.

It would be even better if they left right now. She respectfully sent them off.

Su Ancheng bit his teeth until they hurt. Finally, he raised his face and said forcefully.

“Okay.” I agree.

“Dad...”

Zhu Xianglan’s heart was filled with fear. How could she agree? How could she agree? How could she agree just like that?

Very good. Yan Huan knew that Su Ancheng would agree because it was very simple. For the sake of the Su family, not to mention sacrificing one Zhu Xianglan, even if he had to sacrifice ten Zhu Xianglan, he would still say it without a second thought, he would directly kill her.

Zhu Xianglan’s face was almost ashen. She knew that she was about to be the one who was abandoned. However, how could she accept this? How could she accept this?

She was truly in despair. She knew that Su Qingdong was going to sacrifice her. In the end, she was not a member of the Su family. Even at this point, there was still no place for her in Su Ancheng’s heart, just kicking her out would save two members of the Su family. Why did Su Ancheng not agree.

Therefore, she was the one who was abandoned and sacrificed.

She glared hatefully at Yan Huan, but in the end, she received an extremely cold and deep gaze. Those sharp thorns pierced through her heart like that, causing her voice to become hoarse.

She dared to say that if she dared to say another word now, she believed that person would directly grab her collar and throw her out.

Ye Chuji of the Ye family hated her so much that he wished he could tear her into pieces.

Yan Huan raised his face again. The smile on his face was really like that of a devil.

“Second...” she stretched out her second finger. Su Ancheng’s body suddenly trembled. He actually did not like her second.

And he knew that Yan Huan’s second was definitely not that easy to do. He had eaten salt for his entire life, but now he was being threatened by a junior who was two generations later. and the one who threatened him was not someone else, but his biological granddaughter, what kind of situation was this. He had lived for a whole lifetime, so why did he feel that his entire life had been wasted.

Chapter 1900: agreed

Yan Huan sat up straight and his voice couldn’t be more serious, “From now on, I have nothing to do with the Su family. You Go your own way and I’ll go my own way. Whether it’s me or my mother, whether the Lu family lives or dies has nothing to do with me.”

Su Ancheng’s expression became more and more stiff. “You’re also a member of the Su family.”

He said with difficulty, not wanting to agree to this matter. It was a fact that Yan Huan was a member of the Su family. Moreover, in the future, Su Muran would be unable to give birth. With Yan Chong around, no matter what, the roots of the Su family would not be broken, they would still exist.

However, if he agreed, then what was the difference between this and breaking the roots of the Su Family?

“My mother’s surname is Yan. I don’t have a father.” Yan Huan would never admit that he was a member of the Su family, and he would never return to this su surname. Not to mention, would she feel disgusted if she met a member of the Su Family, as long as she heard the word ‘Su’, she would not feel comfortable. Furthermore, she would have to face the SU family every day.

What did the SU family have to do with her?

How could su ancheng not see that Yan Huan disliked and rejected the SU family? However, he did not want to let go of the roots of the Su family.

“Yan Huan, have you thought it through? From now on, everything in the SU family will be yours.” Yes., by using the word ‘everything’, it could be seen that he had already given up on Su Muran. He doted on Su Muran, but compared to everything in the Su family, Su Muran could only be a person who was sacrificed in the end.

On this point, Su Ancheng really could not compare to Ye Jianguo. At the very least, Ye Jianguo did not even want his son and grandson, not even the roots of the Ye family, for the sake of his fake granddaughter.

Only an old fox like Su Ancheng could be so scheming.

“Who Wants Your Su Family?” Old Master Lu curled his lips. How could he look down on this.

“Our Lu family will belong to her in the future. She also knows how to earn money. Your SU family has earned so much black-hearted money and done so many evil things to get to this point. It serves them right to have no children or grandchildren. It’s your su family’s ancestral grave that didn’t emit green smoke. Why? Did you harm yourself and want to harm others?”

Old Master Lu’s mouth was indeed infuriating. It also made Su Ancheng’s old face turn green and red.

Yan Huan, I’m willing to hand over all the assets of the Su family to you. What’s your answer? Su Ancheng ignored old master Lu. Lu Yuanyang could be willful, but he didn’t have what he wanted now. He had three grandsons in his arms. He was proud in front of everyone, but the Su family was about to be destroyed.

He didn’t quarrel with Old Master Lu. He also knew why he was here. She didn’t quarrel with Old Master Lu. He was here to save his son and to continue the Su family’s name.

He looked at Yan Huan again, wanting to know Yan Huan’s answer. Why didn’t she want such a Big Lu Family? As long as she had the Su family, as long as the Su family supported her in the future, she could have a firm foothold in the Lu family.

Yan Huan didn’t even want to roll her eyes. She wanted to sleep. She really didn’t want to hear the voices of others. She was annoyed.

“Yan Huan, the Su family’s property...” Su Ancheng saw that Yan Huan didn’t speak for a long time and asked again.

“I don’t need the Su family’s property,” Yan Huan directly interrupted Su Ancheng’s words. She wasn’t short of money and it was already too early for her to need her father. Whether she had a father or not was the same for her, moreover, with a father like Su Qingdong, she would rather not have him. He was the man who killed her mother and almost killed her. What was she doing here?

Su Ancheng gritted his teeth as he listened,

on the other hand, Yan Huan did not let go of a single word. He could feel that Yan Huan really did not need the SU family, nor did he need Su Qingdong, his father, or his grandfather.

He thought about his son, who was still in the limelight. As long as Lu Yi decided, he would definitely be sentenced. He also thought about his granddaughter, whom he had doted on since she was young, and the Su family, which had been torn apart, he gritted his teeth and nodded his head. By the time he reacted, he had already agreed. Yes, he had agreed. That was it. Yan Huan dusted off the dust on her hands, then, she turned to Lu Yi and said.

“Write it in black and white. Write it down properly so that some people won’t deny it.”

Lu Yi took a pen and paper and wrote down every word Yan Huan had said. This was his profession in itself. He understood how to write it and how to write it properly.

It took almost a few minutes for the signature to be printed in black and white.

This was Yan Huan's contract to sell her body. It was her contract to sell herself.

Su Qingdong knew that she could not let him be sentenced. Although she had always said that she would let him go to prison for a lifetime, or even the death penalty, in reality, her biological father was her biological father, in the end, she would not reach this step, and no one would let her reach this step. As for Su Muran, she still had to save him.

Because of the blood ties, because of the blood ties that she could not sever.

Therefore, she wanted to use this thread of blood to sever all the blood ties, so that the people of the Su family would never have any ideas about her again. She had shown them all her kindness, and they would be letting her down instead.

She could live in peace, but the people of the Su family could not. In the future, when they stood in front of her, they would feel inferior, and they would never be able to lift their heads up.

In the past, she really felt that dying without saving was the best way to take revenge. Living was harder than living well, but living well was carrying a lifetime of regret and living more painfully.

So, why couldn't she make others happier? She returned all of this to the SU family. Moreover, she also gave the Su family a big gift. After marrying her aunt, she married her niece. Hehe, this would become a scandal in the upper-class society, as for what the Su family had done, there was no need to be afraid of others talking about it.

In the future, the Su family would be very lively. They would no longer care about an outsider like her.

She was very satisfied with her actions. She had released Su Qingdong and saved Su Youran. However, she had brought countless troubles to the Su family in the future. Of course, these troubles were all brought on by the Su family. It had nothing to do with her

After Su Ancheng and Zhu Xianglan left, no one went to send them off. They went back the same way they came. Everything was clearly settled and Su Mulan was saved.., su Qingdong didn't have to go to jail anymore, but none of them could smile.

Zhu Xianglan cared about madam Su's identity and title most in her life. However, in the end, she changed her master. Su Ancheng cared about his reputation, but his reputation was tarnished. The thing that Su Qingdong couldn't leave behind was everything in the Su family, and everything in the Su family was beyond his ability now. Su Muran, the eldest and youngest daughter of the Su family, didn't even mention whether she would recover from her illness, but in the end, she was a hen that couldn't lay eggs. Her reputation, her road to acting.., everything she had was consumed by this serious illness.
