

Sweet Wife 1911

## Chapter 1911: flesh for flesh

Old Master Lu didn't care. Anyway, he wanted Lu Jin to go out with him for a few days. However, he neglected that Lu Jin wasn't the only one who liked to stay with children every day.

"Shuyun, is this really okay?"

Ye Chuji actually didn't dare to think about it.

"It's okay." Ye Shuyun picked up Xun Xun and pinched her granddaughter's little face. "Xun Xun, let's Let Grandpa bring you out to play, okay? Grandpa has a very, very big plane there."

"A very, very big plane?" Xun Xun blinked. "Like the one that mommy and Xun Xun are sitting on?"

"Yes." Ye Shuyun had to make a deal with her granddaughter. Otherwise, if she lost her temper and they were not around, what would this little girl do?

"Xun Xun, when you go to see the plane, you have to be obedient, understand?"

She said to Xun Xun seriously. Xun Xun was very sensible. As long as she was persuaded, she would definitely be obedient.

"Grandma, xunxun will know. Xunxun will definitely be obedient." Xunxun nodded her little head vigorously. She was really as obedient as she could be.

"Then, shall we go with uncle-in-law?"

Ye Shuyun heaved a sigh of relief when she saw that her granddaughter had agreed. Yes, it was good that she had agreed.

"Alright." As expected, xunxun agreed happily. When she heard that she could see a lot of big planes, she naturally liked it. Children's hearts were originally very pure, moreover, Ye Chuji had recently been very successful in brushing his face in front of the three children, which made Xunxun and the others recognize a pretty good face.

Ye Chuji quickly hugged xunxun. He liked this child who looked exactly like his younger sister when she was young, especially xunxun's two dimples. When she smiled, she looked as straight as her younger sister when she was young.

Yan Huan had been out recently. Now that all the dangers around her had been eliminated, no one would dare to lay a hand on her. However, Bai Zhi still followed her.

The preparations for the first two films were getting more and more intense. After the initial work was done, they could start filming. The investment for the second film was three times greater than the first film, whether it was from the team or the technology., as for the final production, all the preparations had reached an international level.

The closer they were to the start of shooting, the more nervous they felt. Even Yan Huan was no exception.

Yan Huan had just met Liangchen not long ago. She had not changed much. They had not been in contact for the past few years because Liangchen was afraid of noise. He wanted to give his daughter a good space to grow, so, he took his daughter to live abroad. After all, a face like hers was very familiar in China, but it was unfamiliar abroad.

Liangchen's daughter was also a little beauty. She was about six years old now and looked very much like her mother. She was also a very beautiful child.

After Liangchen returned to China, he bought clothes from the children's clothing store that he had opened with the little beauty, Yan Huan, and was even recognized. It had also made Yan Huan's store popular for quite a while, so Liangchen really should go there more often, he should bring more business to the store, even though the business of that children's clothing store was already good enough.

Liangchen, Yan Huan, Qi haolin, and Zhou Zizhe were almost all from the original team. Now, almost six years had passed, and only the second part, the preparation for the second part, had been released, in fact, they had never given up. No matter how big of a problem it was, Linlang's internal team had always been preparing for the second part before the start of the auction. Although six years was not considered as ten years of sharpening the sword, it was still considered a very long time, it was still considered a very long time. After such a long time of preparation, the original team also had to put aside all the work they were doing. They had come all the way here just to film the first two films., it could be seen that they valued the first two films very much.

And compared to the others...

Yan Huan really felt that she wasn't very dedicated to her work. Right now, she was a hero who was short of breath and had long feelings for her children. She didn't want to film. She only wanted to take good care of her three children and Lu Yi at home. Although., it was better for Lu Yi to take care of her.

By the time she returned from Linlang, it was already almost night time.

Bai Zhi sent Yan Huan to the detention center as if he was going out.

Yan Huan knocked on the car window. "Why? Are you going to see ye Xinyu?"

"Yeah." Bai Zhi did not know what it meant to be shy or shy. This was not something to be embarrassed about. Of course, this was also the truth. There was no need to hide anything.

"He said he wanted to repay me for saving him."

"Mm..." Yan Huan leaned his body against the car.

"How does he want to repay me?"

"With flesh."

Bai Zhi replied indifferently.

Yan Huan almost choked on his own saliva. "Bai Zhi, can you not be so straightforward?"

“I’ve always been like this.”

Bai Zhi had already started the engine of the car. “Call me if you need anything.”

“What about midnight?” Yan Huan seemed to be deliberately putting herself in a difficult position.

“Sure.” Bai Zhi agreed very quickly. He would do it anytime, let alone midnight.

Yan Huan straightened her body and turned around to head home. However, after a few steps, she stopped again. She could not figure out how ye Xinyu and Bai Zhi got together, and the style between them.., why did it always feel a little weird.

Forget it. No matter how weird it was, it wasn’t like she was living with her.

She opened the door and walked in. She saw her two sons sitting on the floor playing with toys. They were so focused that they didn’t even know their mother was back.

The two children were a little too focused. Usually, when they were doing something, they wouldn’t be disturbed by others. Well, this was similar to Lu Yi, not like her at all, this was because she was easily distracted. Of course, when she was young, she wasn’t that smart.

In fact, she was really quite stupid.

She walked in front of her two sons in a low voice and squatted down. She saw that they were playing with a jigsaw puzzle. Children loved to play the most, so they could be put together in this shape. Xiao Qi liked airplanes, Xiao Guang liked cars.., although the two little guys liked different things, they both had a calm temperament at the same time.

“Mama...” Xiao Qi raised her little face and saw Yan Huan at a glance. Then, she threw away the airplane and rushed over to let her mother hug her.

Xiao Guang was the same. She didn’t want toys and went to find her mother to play with.

Yan Huan reached out and hugged her two sons. He touched the little heads of the two little guys. The miniature Lu Yi was simply too similar to his father, but he was soft and cute enough to make people like him.

“Where’s little sister?” She asked her two sons. Why had it been so long and she still hadn’t seen her daughter come out? Xun Xun loved her mother. As long as her mother came back, she didn’t want anything else. She only wanted her mother.

“Uncle and little sister went to play.”

## **Chapter 1912: got it**

Xiao Qi spoke clearly, and a chubby hand grabbed his mother’s clothes. He buried his head in his mother’s embrace, his face full of admiration.

Yan Huan knew who the uncle his son mentioned was. It was ye Chuji.

She did not have much dislike for ye Chuji. No matter how ye Chuji had plotted against her in the past, at the very least, he was still upright. All of this was not his original intention. He remembered Yan Huan's kindness, he was also indebted to Yan Huan. Therefore, when he did those things, he was also reprimanded by his conscience. If he did not know that ye Chuji had such a personality.

Yan Huan would treat every member of the Ye family the same way he treated the SU family. He would not have any good face for every member of the Ye family.

Among the members of the Ye family, she only recognized ye Chuji and ye Xinyu. As for that ye Jianguo, she was sorry. They would not think the same way even if they said different things.

At this moment, Ye Chuji had already carried xunxun to his own house. He had carried her all the way home, but his arms did not feel sore at all. It was good to have a child at home. It really made one's heart melt.

"Do you want to drink some water?" He smiled and scratched xunxun's small face. The more he thought about it, the more he felt that this child looked like a younger sister. It was simply too similar. It seemed that not long ago, he was still carrying such a small sister, but in the blink of an eye, his younger sister had already had such a big granddaughter.

Time passed really quickly. In the blink of an eye, he was already at the end of his life. What else could he have left?

"Mm." Xun Xun wanted to drink some water. Xun Xun nodded her little head. She was not afraid of strangers at all.

Ye Chuji placed Xun Xun on the sofa and sat down. Only then did he pour some water for Xun Xun to drink. He did not want the nanny at home to be clumsy. The water was either too hot or too cold.

This was the reason why this person cared so much. He had to touch it with his own hands. Otherwise, he would always feel that it wasn't safe here and that it wasn't safe there. He would only feel at ease if he had to carry it with him.

Ye Chuji took out Xunxun's small water bottle from a small bag and went to the kitchen to wash it. Only then did he take it out to fetch water for xunxun.

When he came out, he saw that ye Jianguo was actually sitting in the living room, staring at Xun Xun without blinking. Xun Xun was also staring at him, and her little pink lips were also pursed, this stubborn little look really looked like Lu Yi when he was young.

"Dad, why did you come over?" Ye Chuji's expression changed, and he rushed over as well. He picked Xun Xun up with one hand, and Xun Xun turned her little face away, refusing to look at ye Jianguo.

"What do you think I would do to a child?" Ye Jianguo was furious when he saw his son acting like he was guarding against a thief. No one in the family paid attention to him, not even that old man Lu Yuanyang, they didn't care about his eyes or nose. They were really annoying.

"Dad, do you know whether you've done it or not?" Ye Chuji touched Xun Xun's soft hair and his voice was full of sarcasm.

Ye Jianguo's face stiffened. Of course, he also remembered what he had stopped doing?

Lu Chuji unconsciously placed his hand on Xunxun's small forehead. It was indeed easy for children to recover, but it could still be seen that there were some small pink scars. However, the Doctor said that Xunxun was still young., she did not have a scar-like physique, so when she grew older, this small scar would also disappear.

He hugged Xun Xun tightly and did not pay much attention to ye Jianguo. However, when ye Jianguo saw ye Chuji's actions, his old face could not help but burn.

"Great-uncle, Xun Xun wants to drink water."Xun Xun used her little finger to pull on ye Chuji's clothes. She was thirsty and she wanted to drink water. Her mother said that if she was thirsty, she should drink water. Otherwise, she would not be pretty.

Ye Chuji had completely forgotten about this matter. He quickly took the water bottle that he had placed on the table and placed it on Xun Xun's little hand. Xun Xun stretched out her little hand and took it. Then, she obediently drank it.

She was very clingy to her mother and grandmother at home. However, when she was outside, she was a very independent and obedient child.

Ye Jianguo's eyes were red and his hands were placed on the edge. He couldn't even get up.

"She looks like your sister."

His sudden words frightened ye chuji, and he instinctively hugged the child in his arms tightly.

"What's with that expression?"Ye Jianguo really wanted to yell at his son, but when he saw the child in his son's arms, he couldn't shout out loud no matter how loud his voice was.

"My face has always looked like this. Didn't you know long ago? Also, when the child was young, they all looked the same. As long as they were beautiful, they all looked the same, but when they grew up, they didn't look like each other."Ye Chuji lowered his head, he then touched Xun Xun's small face. 'when you grow up, you will look like your mother. Your Mother is a great beauty and we, Xun Xun, will also be a great beauty in the future, right?'

Xun Xun probably knew that her uncle was praising her. She immediately opened her small mouth and smiled at him.

Ye Chuji could not help but laugh out loud as well.

"You really have a smelly personality."

Ye Chuji pinched Xun Xun's little face, but a cold light was directed at his head. He suddenly felt his scalp tighten. When he turned around, he saw his father staring at him, his gaze was a little cold, like the winter wind, instantly blowing his heart very uncomfortable.

"Can I Hug You?"Ye Jianguo walked over and stretched out his skinny fingers, wanting to hug the child. However, Xun Xun turned her face away and did not let the bad guy hug her. Her memory was very good, she knew that this grandfather had beaten her and bullied her mother, so she ignored the bad guy. The teacher said that she couldn't talk to the bad guy, eat the food given by the bad guy, and let the bad guy carry her.

Ye Jianguo's eyes flashed with a hint of hurt.

Ye Chuji took a step back. "Dad, she's still young. Didn't you see? She doesn't like you." Xunxun was the child of the Lu family. Her personality was very similar to that of the Lu family. She had a clear distinction between love and hate. Similarly, her memory was also good, she remembered many things, but at the same time, she also remembered what a bad person looked like.

Ye Jianguo waved his hand and didn't want to speak anymore. He turned around, and his footsteps were also a little unsteady. However, after taking a few steps, he stopped again. "If she needs anything, give it to her. Our family will settle the debt with the Su family sooner or later."

Ye Chuji's body stiffened.

He had concealed it so well, but he still knew.

"Why, Can't I Know?" Ye Jianguo sneered, and the skin on his face was also folded. "Do you still plan to hide it from me for the rest of your life? For the rest of your life, you won't let me know who my biological granddaughter is?"

Ye Chuji didn't explain anything. He knew that some things couldn't be hidden from Ye Jianguo for too long, and as expected, he still found out.

What could he do even if he knew?

Some things were already facts. No one would forgive him.

### **Chapter 1913: Man's miscalculation is worse than God's**

Ye Chuji lowered his head and saw Xunxun obediently drinking water. His long eyelashes were also gently fluttering. At that time, he also held his sister like this until her sister grew up. However, his sister had yet to fully grow up, she had already been harmed by someone. How could he let go of the person who had harmed her.

Su Qingdong of the Su family.

If it wasn't the letter in Lu Yi's hand, Ye Chuji didn't know either. It turned out that the person who had caused his sister's disappearance was none other than Su Qingdong. At that time, Su Qingdong had already been thinking about how to scheme against their Ye family, if he couldn't do it once, then he would do it twice. Which time hadn't he nearly caused the Su family's destruction.

The Ye family would never be able to repay what the Su family owed them for the rest of their lives.

If Su Qingdong didn't harm his sister, his sister wouldn't have run away from home. His mother wouldn't have died of depression because she missed her daughter too much. In the end, she left the world early, his niece, Yan Huan, had her bone marrow extracted by the Su family. She was thrown into the river and almost couldn't come back.

She had done such a shameless thing, yet she still wanted to acknowledge her daughter?

Don't think that he didn't know that they acknowledged their daughter for the sake of Su Muran.

Not to mention that Yan Huan didn't agree, even if she did agree, it wouldn't work. His uncle wouldn't agree even if he died.

The Su family should have all died. Otherwise, how could he face his mother, his sister who had died long ago, and Yan Huan who had suffered so much.

However, he would not tell ye Jianguo about the things that the Su family had done. He wanted revenge, but he would use another method. Yan Huan had already taken revenge for her mother and himself.

As for the rest, he knew that Yan Huan did not want the Ye family to interfere. He did not recognize the Su family, and he had never thought of acknowledging ye Jianguo as his grandfather.

"Father, since you know all this, you should understand that she will not acknowledge you."

Ye Chuji's words were very straightforward, and he had to be straightforward now. What you did to her, she would never forgive you for the rest of her life. And Rong Rong, you were the one who caused her bones to scatter into ashes, and you were also the one who repeatedly harmed her daughter, and her granddaughter.

Ye Jianguo's face was almost pale, but he didn't know what to say or explain for himself.

"Dad, Don't disturb her. She never thought of letting you know about this, so naturally, she wouldn't acknowledge you. Just pretend that you don't know. I can still bring the three children over. If one day she finds out about this, then you can forget about seeing the three children in the future."

Ye Chuji's words weren't as serious as they sounded. In reality, not only did Yan Huan hate him, but everyone in the Lu family hated him. Even the three children didn't like this strange grandfather, especially Xun Xun., she remembered it the most clearly.

Who had kicked her, and who had scolded her mother.

That child was very smart. His memory was with Lu Yi, and his ability to hold grudges was with Yan Huan.

Ye Jianguo's body stiffened slightly. Then, he looked at Xun Xun again, but Xun Xun turned her face away. She did not want to see him, and she did not like ye Jianguo. Even when ye Jianguo was around., she did not even drink water and did not speak. Her small face was rigid.

All of this was done by him, ye Jianguo himself. No one could blame or blame him. He was the one who dared to do what he did. He was also the one who admitted to the crimes he had committed.

He stood helplessly at the side. His eyes were red with envy as he watched Xun Xun and Ye Chuji speak in their childish voices. Xun Xun ignored him and her eyes were red with envy. Xun Xun's small face resembled ye Rong's.

Why had none of them thought about it at that time? None of them had thought that Yan Huan was ye Rong's daughter. and Xun Xun's small face was clearly similar to ye Rong's, however, none of them had thought about it in that way.

However, if they looked back, they seemed to have really overlooked too much. They had also overlooked too much.

Everything about Sun Yuhan came from Yan Huan. If she wanted to get Yan Huan's hair, it would be extremely easy. However, she had really been the granddaughter of the Ye family for so many years, now, they finally understood why Sun Yuhan hated Yan Huan so much and insisted on fighting to the death. The reason was not because Yan Huan was more popular than her, more beautiful than her, or more so.

She had even spent a lot of effort to deal with the Lu family. It was not for any other reason, but because she felt guilty and afraid.

That was why she wanted Yan Huan to die, because she was using Yan Huan's identity.

It was just that a person's plans were not as good as God's.

She had spent a lot of effort to protect the secrets and identity she wanted to protect, but in the end, she had to give it back to others.

She had to spend her entire life not seeing the sun in exchange for a few years of a rich and noble life. Whether such a price was worth it or not, she would have to ask Sun Yuhan herself.

At night, Ye Chuji sent Xunxun back. Xunxun rubbed his eyes and looked for his mother from time to time. He coaxed for a long time before he finally coaxed the child to be obedient. Otherwise, if he cried the entire way.., he was determined to be rolled over by his sister's eyes. He might never be able to bring Xunxun home again. There were no children at home right now, and he was already so old. He could only take someone else's child to satisfy his grandfather's addiction.

"My Little Xunxun."Ye Shuyun opened the door and saw that it was xunxun. Her heart that had been hanging in the air finally relaxed.

"Grandma..."Xun Xun called out to her in her childish voice. She also stretched out her little arm for her grandma to hug.

Ye Shuyun hurriedly hugged her little granddaughter. She loved her dearly.

"If you don't come back soon, I will go to your house and ask my family to bring Xun Xun."

Ye Shuyun gently touched her granddaughter's little face. Fortunately, she did not cry. Her stomach was full and her clothes were clean. Otherwise, she would not dare to let ye Chuji bring Xun Xun away in the future.

She knew that ye Chuji liked Xun Xun very much because Xun Zhen looked exactly like Ye Rong when she was young. She also had two beautiful dimples. Ye Chuji was trying to make up for the guilt that he had not looked after his sister, she understood. Otherwise, she would not have let Xun Xun follow ye Chuji.

"Father already knows."Ye Chuji sighed. Those clues could not be hidden from him. In fact, he could figure it out as long as he thought about it. Besides, there was still Xun Xun.., xunxun really looked exactly like ye Rong when she was young. The younger generation was still young at that time and they could not remember it clearly. However, ye Jianguo had watched his daughter be born and also watched her grow up, how could he not remember what his daughter looked like?

"He will know if he knows. Sooner or later, he will also know."Ye Shuyun carried xunxun to the nanny. As for what ye Jianguo knew, she did not give him any response. These people could not make the decision.

## Chapter 1914: spitting fire

Ye Jianguo didn't apologize to them, but to Yan Huan. Whether Yan Huan would forgive her or not was up to her. They wouldn't interfere, but no matter what kind of choice she made.., they would all stand on her side, and no one would blame her for being cold-blooded or not.

She had the absolute right to ignore them.

Because what these people had done to her in the past was hundreds and thousands of times more than that.

Therefore, regardless of whether she admitted it or not, these family members would always be on her side.

As for Yan Huan, what kind of life did she have in the past? What kind of life was she living now? Other than preparing for the first two, she would occasionally accept a few endorsements. The rest of her time would be spent with Lu Yi and the three children.

She would dress the three children up beautifully. In any case, the children's clothing store she opened would let the three children have endless clothes to wear.

And obviously, this children's clothing store would not be a problem for her three children to grow up. Yan Huan had never thought of ye Jianguo from the beginning to the end. Of course, he had never thought of acknowledging him.

He could be anyone's grandfather. In any case, he was not her grandfather.

She was already very satisfied with her current interpersonal relationship and did not need any more relatives.

Old Master Lu and Lu Jin were preparing to return around three o'clock. Old Master Lu had not arrived yet, but his sharp eyes saw the three children standing at the intersection.

His two grandsons and a great-granddaughter.

Old Master Lu's eyes turned red at that moment.

He hurriedly got out of the car and ran over to hug his three great-grandsons.

How could these three be so obedient and so lovable.

"Are you here to pick up great-grandfather?"

Old Master Lu touched this and then touched that. He really missed them too much. It had only been a few days, and he almost missed his three little grandsons to death.

"Let's pick up great-grandfather."The three children nodded their heads vigorously. They looked like triplets, and their movements and expressions were exactly the same.

"Good boy. Let's go home with great-grandfather."Old Master Lu held Xun Xun's hand with one hand, and Xiao Qi's hand with the other. Xiao Qi held her brother's hand,

Lu Jin quickly came over to help, but Lu Yi's father glared at him.

Lu Jin's hand was in the air, and Lu Yi's father had already returned with his three grandchildren.

Lu Jin really felt that three children were not enough. Should he have a second child? But even if he had a second child, he would not have a share.

No matter how many children there were, old master Lu had to keep them for himself.

This was also his grandson. Couldn't he just have one? If he kept all three of them, did he still have any humanity? He was also the grandfather of three children.

Of course, Old Master Lu's mood was as good as it could be. He simply could not pass it no matter how good he was. Especially when he had a physical examination. People had said that his body was better than his son's.

His health was better than his son's.

The doctor might have just complimented him, saying that old master Lu's health wouldn't be a problem even if he lived to be a hundred years old. After all, he was only in his eighties, and he was full of energy.

When Old Master Lu heard that he could live to be a hundred years old, wouldn't he still have twenty years to live? His three little grandsons were already twenty-three years old. If he worked harder, perhaps, he would have been able to hold onto his great-grandsons.

As for when it was Lu Jin's turn, people would say that Lu Jin had already started his third year of high school and had to pay attention to his health. Old Man Lu, it would already be good if you could live to this old man's level, perhaps you wouldn't be able to live as well as your old man. Or perhaps, you would die decades before your old man. Perhaps, he would be the one to give up his life. No, he would be the one to give up his life.

These words made Lu Jin's heart ache with anger. However, he couldn't say anything to Old Master Lu. He was just comforting him. Did you really take it seriously, did you really think that you could live longer than him?

Of course, he didn't dare to say such outrageous words. If he really did say it, he was afraid that old master Lu would chase him around the house with his slippers and beat him up. Was Lu Jin really that miserable? He was already a grandfather, but there was still such a huge mountain weighing down on his head. This mountain was getting heavier and heavier. From the moment he was born until now, was he really going to die earlier than his own father.

How could there be a father like this? Could it be that he, Lu Jin, was born to be cheated by Old Master Lu?

He had seen people who cheated their parents, but he had never seen people who cheated their sons. They cheated their whole lives.

Old Master Lu missed his three grandsons. He held them in his arms and refused to let them go. One moment, he asked about their studies, and the next moment, he asked about their lives. The three children answered in their childish voices.

Each and every one of them spoke clearly, causing old master Lu's heart to melt. His face was smiling like a chrysanthemum

This also made Lu Jin want to cry with resentment. He had really cheated his son. He had a share in his grandson, and he had a large share. If it wasn't for him, where would this grandson come from?

Why did they come back now.

Lu Yi put down his briefcase and followed them.

Lu Jin was full of complaints. It was as if Lu Yi had done something wrong. But what could Lu Yi do? He didn't do anything. He just came back.

"Can you give birth to another one?"

Lu Jin looked at his three grandchildren. Could they give birth to another one for him.

"Another one is mine."

Old Master Lu's ears were very sharp. Even if he had eight or ten grandsons, they would all be his grandsons.

"How can you? You only have one pair of hands?"

Lu Jin retorted his father. He had seen greedy people, but he had never seen such a greedy person.

"Our Xiao Qi will take care of our little brother, right?"

Old Master Lu had already thought it through. If he really had a grandson, it would be better for him to take care of it himself. In the future, when he grew up, his Xiao Qi would look at his little brother, and his little brother would look at his little brother.

"Xiao Qi nodded her little head vigorously."

"Xiao Qi will take good care of little brother."

Little Light also stuck out his chest. "Little light will take care of little brother too."

Xun Xun also expressed on the spot, "Xun Xun will take care of little brother like a doll."

The resentment on Lu Jin's face deepened. Could he not be so greedy? He had no share in the three of them. Could it be that if he had to give birth to another one, there would still be no share for him?

Lu Yi stood up and also stayed away from the two elders who could breathe fire.

### **Chapter 1915: had won the grand prize**

As for giving birth to another child, well, they already had three children. If Yan Huan wanted to give birth now, she would be an old woman giving birth. Moreover, it was impossible for her body to give birth again. Moreover., he had already undergone surgery. Even if he wanted to give birth, he wouldn't be able to.

At night, Yan Huan and Bai Zhi came back.

The three children were all running around looking for their mothers.

This time, it was old master Lu who was complaining. These three heartless children had doted on them for nothing. As long as they had a mother, they didn't want a grandfather anymore.

Lu Jin was very happy now. See, see, there will always be someone who can treat you.

"Give birth to another one." Old Master Lu rolled his eyes at Yan Huan.

Another child? Yan Huan could only chuckle.

She couldn't have another child. She wanted to, but Lu Yi wouldn't let her. Moreover, she wouldn't take the risk. Three children were enough. They would treat them equally. If they really gave birth, they would dote on the youngest, then what about these three?

Of course, she was thinking too much. It was impossible for her to have another child.

Right, Yan Huan had forgotten the most important thing.

"Father, grandfather, I have something to tell you."

"Okay, go ahead." Grandfather Lu raised his eyelids. "If you're done, hurry up and leave." If he didn't leave now, the three children wouldn't kiss him anymore.

Yan Huan didn't know whether to laugh or cry. She didn't have to be like this. She was the mother of three children. Children loved their mothers the most and not their grandfather. However, the three children in her family were more thick-skinned and could be raised by anyone, anyone could take care of them.

"Actually, it's nothing much. It's just that Xun Xun's television series is about to officially start broadcasting. The time taken for the broadcast is long enough, and it's enough to satisfy everyone's appetite. It's finally going to be broadcast tonight."

"AH, how could I have forgotten about this?" Old Master Lu hurriedly stood up. "I have to go watch the television. We'll be able to see the television series that Xun Xun will be acting on soon."

"Me too." This was almost going to be a mistake. Lu Jin's face was filled with frustration. How could they have forgotten such an important matter? This was Xun Xun's first television drama.

Yan Huan lowered her head and touched her daughter's little face.

"The surname Lu and the surname Yan are different. Your mother was scolded to the point of being a dog."

Old Master Lu snorted.

"Of course, my great-granddaughter is the best. How can you compare to her?"

"My granddaughter is the best. Whoever dares to say a word about her, I will beat them up." Lu Jin also sharpened his knife, ready to stab someone.

It was really good to have a grandfather. Yan Huan really felt that the two words 'grandfather' were too strong. Especially when there were two grandfathers. It was a pity that she did not have a grandfather, and she had never thought of having that grandfather, that was someone else's grandfather, not her grandfather.

At night, they were all at the Lu family, and they still had to watch the television that Xunxun had shot. Xunxun had appeared from the first episode, and she felt both cute and beautiful., the adorable old master Lu and Lu Jin did not even dare to Blink. Of course, they still needed Lu Yi to record the television drama. One episode was not enough to watch. Look at how well his little xunxun had performed., that little expression was as cute as it could be.

This was also the first time that everyone had officially seen Yan Huan's daughter's appearance. They did not get a clear view of what she looked like in the movie, but they only saw it in a flash. It was only when the drama was broadcast that it was all-rounded.

The Lu family had always been very protective of her. Of course, when Xun was three years old, no one knew what she looked like. This time, Lu Wei's name was practically well-known throughout the country.

She was only three years old. Her small face was really very beautiful. Her eyes were very big, and her small face was exquisite. Most importantly, she looked like her mother, and she had inherited her mother's talent in acting, it was as if she was going to melt everyone. It was no wonder that no one was allowed to see the child. She had protected the child so well. This child was so beautiful that anyone would want to carry her back.

Not only did this Qing palace drama become popular among the main characters and supporting characters, even such a small supporting character became popular along with it.

Of course, there was also the most unexpected result. Their Little Xun had won an award. Yes, she had won an award.

"Is Xun Xun Ready?" Yan Huan squatted down and asked the little girl with a smile.

"Yes, Mama. It's okay. Xun Xun is very brave." She clenched her little fists. She had promised her father that she must be brave today. She wanted to go on stage by herself.

"Our Xunxun is the best." Yan Huan pinched her daughter's little face. She saw that Xunxun was getting more and more beautiful as she grew older. It would be a pity if she didn't become a celebrity in the future. However, she would always follow her daughter's personality, it didn't matter even if the little princess of the Lu family was a rice worm for the rest of her life. In any case, she still had two older brothers to raise her.

Today was the Golden Tree Awards ceremony. Xunxun was nominated as the youngest little celebrity of the Golden Tree Awards. Her little princess was both beautiful and cute. Her performance was not pretentious at all, and she also had a lively expression, she could cry whenever she wanted and laugh whenever she wanted. She had completely inherited her mother's talent for acting. Rowling said that it was very likely that today's Golden Award would be won by her little xunxun.

Today, Little Xunxun wore a pink princess dress, soft leather shoes of the same color, and a bunny hair clip. Her hair was soft and smooth, and her child's skin was originally very good, in addition, Xunxun was born with white skin and a small face that was pink and tender. Almost everyone who saw her wanted to pinch it, but no one dared to do so. This was because there was old master Lu and Lu Jin. The two of them stared at each other, as if someone was trying to steal their little granddaughter.

Right, they had forgotten about it.

Apart from the two elder brothers, Xun Xun also had two grandfathers.

When the host announced that the one who would be evenly distributed this time was a small actress, Yan Huan knew that it was her Xun Xun.

As expected, not long after, the host excitedly read out Xun Xun's name. She did not expect Xun Xun to actually stand out so much. She had won the Little Golden Tree Award in one go. She was a small movie queen.

Xun Xun walked forward obediently. She was a small child. She was very beautiful and very obedient. Even when the host spoke to her, she had to squat down.

Xun Xun smiled very bashfully. She was also very shy. It was when the host asked her what her feelings were.

Xun Xun hugged the big trophy and then cracked a small smile at the host.

"Big Brother is so handsome."

The host was stunned. He was already thirty years old, but he was called Big Brother by a little girl who was only three years old. She then said, "Big Brother, you are so handsome. Oh My God, how big is your face?"

Ah, ah, ah, the host's heart collapsed.

Too Cute, right?

She really wanted to carry it home.

Xun Xun ran over with her large trophy. She tactfully handed the large trophy to old master Lu.

"Xun Xun gave it to great-grandfather. Great-grandfather, you've worked hard."

### **Chapter 1916: was Lu Qin's turn**

Old Master Lu wiped his tears. My family's Xunzhen is so good. Sigh, only great-grandfather didn't put in so much effort to raise you.

Lu Jin pursed his lips at the side. It wasn't hard at all. It was hard on him, okay?

Originally, grandfather should have been in first place and had absolute authority at home. However, because there was still his father above, he didn't have any sense of presence at home at all.

He glared at his father.

Grandfather Lu snorted. He held the trophy in one hand and his granddaughter in the other. He was as proud as he could be.

After xunxun obtained the Little Gold Award, the movie offers continued. However, Yan Huan rejected them all. She had never thought of letting her daughter act on television again and become a child star. She was still young and wanted her to act in a movie because xunxun was too introverted, she wanted her to spend more time with others and the results were considered successful. However, she had never thought of letting her daughter act in a film since she was young.

Acting was a high-risk profession. She was in this line of work and she understood the hardships involved. She only hoped that her daughter's life would be smooth and smooth. She wanted her daughter to find a man who loved her and marry him, it was much better than being an actress.

Rowling counted the endorsements she had piled up on the table, as well as all sorts of resources. It was really quite painful, but Yan Huan only said one thing. If she wanted to accept it, she could have a daughter of her own.

And every time she thought of this, she hated it so much that her teeth hurt. If she could accept it, she would have done it long ago. Did she still need to face these things every day? It wasn't like she couldn't give birth.

However, even if she gave birth to another child, what if it wasn't a daughter but a son? Who would have such good luck like Yan Huan? She would have three children in her lifetime. One was smarter than the other, and the other was prettier than the other.

Since Xun Xun had won a big prize, the family naturally had to celebrate for her. The atmosphere at home was originally very good, and Xun Xun had also received many small gifts. Ye Chuji and ye Xinyu had come, and the Lei family had also come, even ye Jianguo had brought gifts, and so had the SU family. However, Yan Huan did not accept them and returned them. He had never thought of acknowledging the Su family, so of course, he would not let Xun Xun acknowledge them.

As for ye Jianguo, Yan Huan had never thought of acknowledging this so-called grandfather. However, she would not reject ye Chuji, this uncle, and Ye Xinyu, this cousin of hers.

Just as she was feeling happy, the sound of ghosts wailing suddenly came from outside. It even frightened the three children. Even a child as bold as little lei zi thought that a ghost had come, he hid in his grandmother's arms and did not come out. However, in the end, he bravely stood in front of his younger siblings and patted his small chest. His younger siblings were not afraid. His older brother would protect them.

Ye Shuyun and mother Lei quickly brought the child inside to prevent the child from being frightened.

At this moment, the person at the door was still crying for his mother and father. Almost all of them rolled and crawled in.

"Dad, you have to save Lu Qin..." at this moment, the person who came in howled and knelt in front of old master Lu. Then, he hugged old master Lu's leg and refused to let go.

“Dad, you have to save Lu Qin. He’s your grandson, your biological grandson, Dad...”

Old Master Lu was stunned. This was someone who hadn’t appeared in a long time. Why? Where did he come from? He came out to save people, he saved people, save a fart..., he didn’t even know what had happened.

“Speak, what happened?”

Old Master Lu was so angry that he wanted to kick someone. Old Master Lu’s face turned black again. What kind of action was this? It was a joke.

Qin Xiaoyue hurriedly wiped her face and spoke with Snot and tears again. The more she listened to old master Lu, the darker his face became. He also became more and more irritable. He was in a good mood just now..., it was gone in an instant.

“It’s good that he’s dead. I, Lu Yuanyang, will pretend that I don’t have such a grandson. It’s really unfair.” Old Master Lu slammed the table hard, “I sold my house and my son took drugs. This is great. I, Lu Yuanyang, have lived to such an old age. I have lost all my face.” He patted his own face. It was really embarrassing, he had lost all his face. In the future, he might as well not even go out. If he went out now, he would definitely be drowned by People’s saliva.

Yan Huan stood at the side. Suddenly, she looked at Lu Yi. Could it really be fate.

What kind of ending was it in his previous life? It would be the same in this life.

Lu Qin would be imprisoned for life because of drug addiction. That was because not only did he take drugs, but he also committed drugs.

“You did it?” Yan Huan asked Lu Yi secretly.

Lu Yi shook his head. “He did it himself.”

Yes, he did it himself. However, Lu Yi knew, but when he knew, he did not warn or stop him. It could be considered a form of laissez-faire. Some people wanted to receive the punishment they deserved, but they also wanted retribution, the retribution in his previous life was too light, so he continued to do it in this life.

Not long after, the entire online newspaper was full of stories about Lu Qin taking drugs. The sentence that Lu Qin was going to be sentenced to was at most death, and at the very least, life imprisonment.

And no matter how Qin Xiaoyue begged for mercy, no one would pay attention to him anymore.

The law wouldn’t tolerate mercy. Even if Lu Yi wanted to think about it, it was impossible. Moreover, Lu Yi wouldn’t show mercy to Lu Qin. If he was going to be locked up, he would still be locked up. However, he could still accompany Sun Yuhan, of course, there was another woman, Su Muran.

He did not know how Su Muran was doing. In any case, he should be struggling in a half-dead state.

Lu Qin was smart enough to make other plans for himself. However, it was a pity that before he could move around for him, he was already caught by a dirty person. Not only did he use drugs, but he was also a drug user, the money for the crime was obtained from Sun Yuhan, and he had tricked her into

coming here. Sun Yuhan had given him hundreds of millions. If he had the money, he could do whatever he wanted, but in the end, he still chose this path. This path had numbed his own path.

Lu Yi walked to the table and sat down. The person sitting opposite him was Lu Qin. Lu Qin had shaved his head. The previously glamorous best actor Lu was now a prisoner. He was wearing a prisoner's uniform, his eyes were deeply sunken. His current appearance was very similar to Yan Huan's at that time.

"Did you do it?" Lu Qin's eyes were fierce. He wanted to grab something on his table, but his wrist was grabbed by an ice-cold handcuff.

He retracted his hand again, but his hands were trembling slightly.

Lu Yi sat opposite him, face even a trace of expression is not.

### **Chapter 1917: he did it on purpose**

"Lu Yi, you're so ruthless." Lu Qin pressed his arm against the table, his eyes were bloodshot, "You could have found me, but you let others find me. You could have saved me, but you weren't willing to save me."

"I'm your younger brother. Why do you hate me so much? Why did you do this? Why?"

He stood up with a whoosh. The two prison guards at the side immediately grabbed his arms and pressed half of his body against the table. Lu Qin struggled like a madman.

"His drug addiction is acting up," Lu Yi said indifferently.

After he finished speaking, Lu Qin was indeed acting up. Tears and Snot flowed out of his eyes and his entire body began to Twitch. His throat let out a howl like that of a wild beast, it was extremely unpleasant and ear-piercing.

When Lu Qin was brought down, Lu Yi only gently tidied up his sleeves before buttoning up the buttons on his clothes one by one. Only then did he stand up and leave in large strides.

Yes, he did it on purpose. He did it on purpose.

He would never forget how Yan Huan had died in his previous life. It was Lu Qin who had stabbed her body repeatedly. Dozens of times, dozens of times. He had stabbed Yan Huan alive for dozens of times, no matter how many lifetimes it had been.., he had never changed the fact that Yan Huan was going to die like that. So this time, he took matters into his own hands and dug out such a time bomb. If he couldn't dig it out, he would just destroy it.

As for Lu Qin and Sun Yuhan's ex-wife, they would stay here for the rest of their lives.

And without Lu Qin, Qin Xiaoyue wouldn't be able to cause any more trouble. The real danger around them would also be stripped away.

Lu Qin still needed to detoxify, and the process of detoxification would be more painful than he imagined, so he could enjoy this life that was worse than death.

When he returned to the hand, he heard Qin Xiaoyue's wolf-like cry before he even reached it.

Oh, it's here again.

He opened the door, but when Qin Xiaoyue saw him, she practically pounced on him.

"Lu Yi, Lu Yi, quickly save your brother. You have to save your brother..."

Lu Yi retreated a few times, but Qin Xiaoyue missed him.

"Lu Yi, you can't be so heartless." Qin Xiaoyue crawled over again, wanting to hug Lu Yi's leg. However, no matter how Lu Yi dodged, he still walked over to old master Lu and sat down. No matter how Shameless Qin Xiaoyue was., it was impossible for her to hug Old Master Lu's leg. if she dared to hug him, old master Lu would dare to kick her.

"Dad, you can't do this!" Without her son, Qin Xiaoyue had nothing. Lu Qin was everything to her.

"Who's Your Dad?" Old Master Lu was so disgusted when he saw Qin Xiaoyue's face that he wanted to vomit. He had long broken off relations with her, but now she was calling him 'Dad'. What did she mean by that? was she trying to disgust him to death?

Fortunately, this kind of grandson had already broken off their relationship a long time ago. Otherwise, his old face would be so embarrassed that it would die. The glory that his Little Xun had just earned for him would also be gone, he had been stepping on the ground for his entire life, but in the end, he would still be ruined by Lu Qin's rat feces.

"Get her out of here. Don't let him come in in the future," father and son Lu shouted at the guard standing by the side. "If you let her come here again, you'll be going back to my hometown to eat."

No one was willing to go back to their hometown to eat. They were paid a high salary here, and the food they ate was produced by their own family. They had good pay, easy jobs, warm winters and cool summers. If they really went back to their hometown to eat., then, who would be responsible for their future.

Anyway, they didn't care about anything. The one who paid them was old master Lu, not Qin Xiaoyue. So, what status did Chun Xiaoyue have? It had nothing to do with them?

Therefore, the security guards directly dragged Qin Xiaoyue out.

Even if Qin Xiaoyue was outside, it had nothing to do with them.

Qin Xiaoyue screamed, cried, and threw a tantrum for a few days, but no one paid attention to her. No one cared about her. In the end, she gritted her teeth and could only find her own connections. She also needed to find a good lawyer, she was going to open Lu Qin's case, but this was not something she could open up just because she wanted to.

Lu Qin was a person who caught both dirty and dirty. Moreover, he himself was a drug addict. He was willing to open the case, but the prosecutor's office would not accept it because there was no need for another trial. Lu Qin was going to jail for sure, of course, he was going to jail as well.

It was already good enough that he did not kill him. At the very least, he did not let Qin Xiaoyue send a black-haired man away.

As for Qin Xiaoyue, she was no longer a member of the Lu family. Back then, she abandoned the Lu family and now her only son was locked up for life. Now, she only wanted to stay in the Lu family and eat and drink for free every day, moreover, she could use the Lu family's help to do more things for her son. However, she thought of things so beautifully and never thought about whether the Lu family was willing.

Putting others aside, Ye Shuyun would be the first to disagree. In the past, no matter what, she could turn a blind eye. However, it was different now. She had three grandchildren, and the children were still so young, what if Qin Xiaoyue bullied her grandchildren? These three children were brought up by her from a young age, and she had never let them suffer any grievances. She had never even scolded them.

The three children had been obedient and very pitiful since they were young. Their mother had always been in trouble and had never been by their side. Therefore, they were more sensitive and matured earlier than the other children, of course, it was also more heartwarming.

Ye Shuyun personally sent the three children to the kindergarten. Of course, the kindergarten had a school bus. However, Ye Shuyun was not at ease. The school bus in the country was not safe. Anyway, no matter what., it was impossible for her to let her grandson ride the school bus. She would send him there herself. The kindergarten was close to her and it would not take long. She had to personally send her grandson there every day.

The television that Xun Xun filmed was quite popular. She even won a big award and stood on such a big podium to receive the award. However, it did not seem like much to Xun Xun. She was still an obedient and obedient child.

Xiao Qi and Xiao Guang were also protecting their younger sister. They would never let others bully their younger sister.

Ye Shuyun saw that the three children had gone in. Only then did she return to the Lu family. Before she reached the middle of the hall, she saw Qin Xiaoyue standing outside the main door.

This main door was added later by Lu Jin. It was to prevent people like Qin Xiaoyue from entering at will. Her house was not some vegetable market. She could enter as she pleased.

“Sister-in-law.”

### **Chapter 1918: did not choose her**

When Qin Xiaoyue saw ye Shuyun, although she was still unwilling, she still thickened her skin and called ye Shuyun.

Ye Shuyun opened the door and walked in. Even Qin Xiaoyue did not bother with her. When Qin Xiaoyue wanted to follow her in, the nanny hurriedly stopped her, no matter what, it was impossible for her to step in.

What a joke, how could she be allowed to enter?

Old Master Lu had already said that if they let this woman in, they would directly go home and eat their money.

With a bang, the door was forcefully closed, and Qin Xiaoyue was also shut outside. Ever since she was chased out last time, she had been coming here every day, waiting for others to soften their hearts, or waiting for the so-called sincerity to come into play, things like the opening of essence stones.

It was a pity that old master Lu would definitely not relent this time. The Lu family could not take the blame for what Lu Qin had done. The Lu family still had to live in this hai city generation after generation.., how could they let Lu Qin ruin the reputation of the Lu family.

Qin Xiaoyue came again and again, but it was a pity. This time, it was not like the previous times, nor was it like the past. As long as she made a fuss and cried twice, there might be people who would soften their hearts.

This time, no one would be soft-hearted. They would let a scourge like Lu Qin stay, and then they would go and harm the three children of the Lu family who were still young.

As for Yan Huan, she naturally did not know about these things. Right now, she had to run over to Linlang's side every day. The first two scenes were about to start, and she was also doing the final preparations.

Yan Huan's assistant was still the same assistant she had in her previous life. Perhaps it was really fate, and they were together again. Of course, Yan Huan also remembered the favor this assistant had done for her in her previous life, so.., she also had the intention to help her. Even if Yan Huan stopped acting in the future, she would still get someone to help her find a decent artiste. She had to make up her mind to let her bring her along, she wanted to nurture her into the number one gold-medal manager of Linlang.

"Take a look at this." Yi Ling handed a set of documents to Yan Huan, "I'm currently lacking a few roles, so they're not too important. Take a look and see which of these people are suitable. After you've chosen them, they'll all be acting with you. I believe in your judgment."

Of course, it was also because if Yan Huan didn't like the other party, what if he didn't perform well? The current Yan Huan wasn't like the previous Yan Huan. She had long lost her heroic spirit and had long fallen in love with him, such a popular topic at the start, but she was really good. She was actually refusing to act.

Yi Ling shook her head. She really felt that Yan Huan was too hateful. How could she be like this? Yes, how could she be like this? She really didn't have any potential at all.

Yan Huan naturally did not realize that Yi Ling could be said to be complaining that she had failed to live up to her expectations.

She placed the list of people in front of her and flipped through them one by one. These were all newly nurtured by Linlang in recent years. Of course, some of them were already slightly famous now, be it in terms of looks.., they also had a certain degree of plasticity in terms of acting skills and experience. Although they were only small supporting roles in the beginning, every actor needed to be carefully chosen. The first two.., there absolutely couldn't be a BUG. It had to be perfect.

All these years, they had been waiting for this. This was also the biggest investment Linlang had made in the past few years after the success of the first one. It was also possible that it wouldn't be able to surpass the previous one in the past ten years, even the set had been laid out for a year, let alone the other ones.

Yan Huan flipped through the pages one by one.

"Eh?" She suddenly took out a piece of information.

It was her.

Yes, it was her. It was actually her.

"Why, have you chosen her?"

Yi Ling also took some time to look up at the person that Yan Huan had chosen.

"Your taste is not bad. This Yang Keke was only signed by the company. She has already gained a certain level of popularity. Her looks are not bad, and her recognition is also quite good. Moreover, when she was filming, she also had some spirit energy. Her development has been the best in the past few years. As long as there is a suitable film and a suitable opportunity, I think it would not be difficult for her to become famous."

"MHM..." when she said this, she propped up her face on the table.

"Perhaps the top two of this movie will be able to make her famous. It's not impossible." After all, if the top two were to become famous, there was a possibility that everyone in the upper echelons would become famous.

"Why, have you decided to choose her?"

Yi Ling would not object to choosing anyone. As long as Yan Huan liked her, it would be fine. Furthermore, she also believed in her own judgment. She also believed that Yang Keke was not the only one who had the ability to choose people.

As long as Yan Huan randomly picked one of the people here, he would be able to take the lead. Otherwise, how could she be at ease and let Yan Huan choose for himself? If he really picked a dog or an anchor.., then what should she do? If she were to fail, who would she cry to.

Yan Huan did not answer Yi Ling's question. Instead, he placed the document in his hands at the bottom.

"Oh, I didn't make it."

Yi Ling did not mind. In any case, no matter who she chose, she just had to choose one for her.

Yan Huan flipped through a few more pages. Finally, she felt that a baby-faced woman had caught her eye. She took out the information on the baby-faced woman.

Xie Weining. This name sounded quite nice. Of course, it also made her feel very amiable. This was because Xun Xun's great name was Lu Wei. Both of them had the character Wei. Naturally, her first impression of her was quite good, therefore, sometimes, one's luck was quite important.

Perhaps even the difference of a single word in a name could cause a person's fate to start to change.

Of course, that Yang Keke was rejected by her just like that. Yan Huan had never thought of choosing her.

Why? There was no reason. It was because in her previous life, this Yang Keke had snatched her advertisement and even mocked her a few times. However, she still had a grudge in her heart. This was how she was, regardless of whether it was in her previous life.., or in this life, offending was offending. If she did not like it, she did not like it. If she did not like it, she did not like it. If she did not like it, then why did she still have to let people appear in front of her every day.

Therefore, Yi Ling was right. People were chosen by Yan Huan himself. If she did not like it, then her mood would be bad. If she was in a bad mood, then she would not perform unusually. After all, even Yi Fa did not dare to guarantee the current Yan Huan, what kind of performance could she perform? After all, her mood was different. Hence, Yi Ling did not dare to give her any trouble.

However, if Yi Ling were to choose, Yi Ling would choose Yang Keke. No matter how she looked at it, she was quite suitable. Moreover, she had a certain level of acting skills and popularity. Although it could not be said that she was too mature.., as long as she was given the chance, she would definitely be able to do better.

## **Chapter 1919: Dream On**

That was what Yi Ling thought. Perhaps many people had the same thought. They also thought that Yang Keke would definitely be able to participate in the first two scenes. After all, such a big IP movie could be predicted to be successful. Who Wouldn't want to participate, who Wouldn't want to participate? Even if there was no pay, they would still be able to show their full face.

Sharing the stage with two international movie queens and two award-winning actors was a once-in-a-lifetime opportunity for them. As long as they could be chosen, as long as they could participate.., it might take a few years or even a dozen years of effort to achieve them. It was also the greatest help on their path.

An actor with a few billion box office earnings. This sounded very nice.

Of course, not only did others think so, but even Keke Yang herself was determined to get it. Of course, she did not think that she would not be selected. She was quite confident in herself.

The first two female lead and first male lead, the second male lead and second female lead were fixed. They also did not think of starting such a big movie. Regardless of their acting skills, fame, or popularity, they were not as high as others, they only wanted a few new supporting roles. Even if they were to show their faces in it, it would be enough for them to enjoy it for a lifetime.

"Coco, I think you've chosen this time."

The round-faced woman was really envious. They were the rookies that Linlang had chosen at the same time. However, her development had never been as good as Coco Yang's. It was not that she was ugly or her acting skills were bad, when Linlang signed people, the first thing she considered was her acting

skills. Her acting skills were not bad, but she was not as lucky as Yang Keke. As soon as Yang Keke entered Linlang, she was heavily groomed by Linlang, she had also taken on many good shows. Whether it was the reputation or the viewership ratings, every one of them was good. Therefore, her fame would be great now. People would also regard her as Yan Huan's next successor.

After all, Yan Huan had become famous back then. It could be said that he was a legend. On the box office earnings list, the number one and number two movies were all starred by her. Up until now, no one had been able to reach such a level, and she had done it. Moreover, how many years had passed? Up until now, she might really be in the top two of this new shoot. She could break the record that she had held single-handedly.

This time, Linlang wanted to pick out one of these rookies and intentionally wanted to nurture them. She felt that she didn't have a part to play anyway. There weren't many rookies in the film to begin with, they were all from the original crew.

That was why she was so envious of Yang Keke.

No matter how good she was, it wasn't as good as luck.

Of course, there were not many people like Yan Huan. If she looked good, her luck would be even better. Of course, Yan Huan's acting skills were extremely good in the industry. Her acting as the best actress was indeed well deserved.

Yang Keke, who was sitting on the other side, only smiled. Of course, it could be seen that she was determined to get the first two spots for this performance. She had never thought that she would not be chosen.

Out of all the rookies in Linlang, she was the most suitable and the most popular.

If Linlang and the others were not blind and had good brains, she would be the final choice. Would she have to choose Xie Weining?

Of course, she was very satisfied with the envy in Xie Weining's eyes.

She was envious just like that. If she were to reach Yan Huan's position in the future, would she have to kneel down and lick her toenails.

However, when she thought of her age, she didn't really like him. She had debuted late. If it wasn't for her good luck, she might still be unknown now.

Yan Huan's Luck wasn't something that an ordinary person could have.

When he was famous, she still hadn't entered this circle. When he became famous, Yan Huan's popularity wasn't something that she could catch up to.

She did not know why, but her heart really did not like Yan Huan at all. In fact, she even hated her a little.

Look, it's Miss Yan. Xie weining hurriedly stood up, her tone excited. She stretched out her finger and pointed at Yan Huan. She was my idol. I really like her. When I was in school, I liked her the most, ah, she's so young. I can't tell that she's already 30 years old. She's really pretty too.

When Yang Keke heard Xie Weining's exaggerated words, she couldn't help but roll her eyes. She turned around and gave Yan Huan a nonchalant look. She saw that Yan Huan was going back, she didn't wear sunglasses, and her face was also exposed generously.

Although Yang Keke didn't think much of it, she had to admit that Yan Huan's face was indeed very good-looking, especially her skin. Just as Xie weiweining had said, it was white with a tinge of red, there was no trace of age on her face, and she didn't look like a woman in her thirties. Instead, she looked like she was in her early twenties. Moreover, she had an appearance that made people feel very comfortable.

It was no wonder. She had been in the entertainment industry for many years. Even though she had not acted for a long time, she had never been out of style. Other than her previous achievements.., it was probably because of her face.

The fifth most beautiful woman in Asia really did not come from nowhere. Yan Huan's looks were indeed outstanding and not something that ordinary people could compare to. Her looks were completely aesthetic. People in China liked her, and people abroad recognized her, there was no difference between China and the west at all.

She snorted in her heart and told herself in her heart that one day, she would go to court. Yes, one day, she believed, she absolutely believed that one day, she would become number one.

Of course, she would not be the second Yan Huan. She would definitely achieve better results than Yan Huan, and stand higher than her.

And the first two were the most important steps for her to take in the future.

It seemed that it was another bright and good day outside, and what followed these days was nothing else. It was another bright and beautiful spring day, just like those young faces.

With youth, and also with years..

Yan Huan got into the car, and Bai Zhi also turned on the engine.

"Why do you have to go back now?" Bai Zhi asked Yan Huan as he drove. Yan Huan's schedule had been very tense recently. She had almost always left early in the morning and only returned at night.

It was really early today.

Yan Huan rested her hand on her forehead. "There are some things that I have to do. Let's go back to the Lu Family First." She still had something to discuss with grandfather Lu. Initially, the child star that they had chosen was doing well, in the end, she accidentally fell off the bed and broke her leg, so she could no longer follow them to the top two.

### **Chapter 1920: still needed my granddaughter to save the day**

As expected, Rowling and the others had set their sights on xunxun. In fact, when the first two were first added to the small roles, the first person Rowling thought of was none other than xunxun, especially when Xunxun won the Golden Tree Award for the small rookie award, they were all so anxious that their

eyes turned red. However, Yan Huan was not willing to let xunxun film. The filming location was also very tiring, she had never thought of letting her daughter become a child star. Her xunxun should just be an ordinary child and live her student life according to the progress a child should have.

She would go to kindergarten, primary school, junior high school, high school, and then choose a university that she liked. It did not require her to have much success and she would be the top scorer.

Her requirements for xunxun were very low. As long as she didn't get sick, it would be fine. Of course, this was also what the entire Lu family hoped for the most.

And this time, Yan Huan actually had a headache. Actually, she also knew that Xunxun was probably the best and most suitable young actress. Because xunxun had a certain level of popularity now, and also because of her daughter., therefore, it could bring about another wave of IP traffic. This was extremely beneficial to the box office. Everyone might also want to see Yan Huan and her daughter perform together on stage.

However, the problem now was that even if Yan Huan agreed, don't forget about Old Master Lu. As long as Old Master Lu did not agree, then everything would be out of the question.

Moreover, why did she feel that the possibility of old master Lu agreeing was zero? Actually, she did not even need to think about it. Old Master Lu wanted to see his great-granddaughter every day. If he were to go to film, it would not be a matter of a day or two, that place wasn't in the city, but in a real primitive forest. The conditions were harsh and uninhabited. Moreover, they had to film according to the four seasons. Even adults wouldn't be able to endure such terrible weather, not to mention a three-year-old child.

Yan Huan really couldn't bear to let Xunxun go. It was just that sometimes, xunxun still had to endure such hardships. She was a little princess, but she couldn't be spoiled to the point where she had nothing to do. Xiao Qi and Xiao Guang both had a lot to learn compared to her, of course, it was also much more difficult. Yan Huan had originally planned to let the three children go to the film set for a few days. This could be considered a rare experience in their lives.

When she told Old Master Lu about this, she could finally understand Lu Jin's helplessness.

This was her own daughter, but she could not make the decision. She had to get old master Lu's approval. People valued sons over daughters. However, the Lu family was different from other families. It was no wonder that they valued daughters over sons, in the past hundred years, this Little Xun was the only girl born in the Lu family.

However, Yan Huan, the mother, really could not make the slightest decision about her daughter.

Old Master Lu did not make any noise, which made Yan Huan feel a little frustrated. Whether she agreed or not, could she make a noise and not be so weird.

It was not until half a day later that old master Lu finally raised his eyes.

"Yan Huan, don't go too far."

Yan Huan touched her forehead. This was pretty much what she had thought, so it meant that she did not agree.

“Alright, Alright.” Old Master Lu rolled his eyes at Yan Huan again. “Look at how promising you are. You still need my great-granddaughter to save the scene.”

What else could Yan Huan Say?

“How long will the shoot take?” Old Master Lu asked as he sat up as well.

“Maybe at least a month or two.”

Yan Huan roughly calculated the time. As he was not the main character, and there was a possibility of reshoots from time to time, Yan Huan was now given a very conservative amount of time.

Old Master Lu clenched his fingers that were placed on the armrest of the chair.

“Come and tell me when you’ve confirmed the time.”

“Grandfather...” Yan Huan was a little overwhelmed by the favor. “Did you agree to it?” This was what he meant. There was nothing wrong with what he said, right.

Old Master Lu rolled his eyes at Yan Huan again. “I’ve already said it so clearly. Just how stupid are you that you can’t Tell? Fortunately, my great-granddaughter isn’t like you. She’s much smarter than you.”

Yan Huan, “...”

Can we still have a pleasant conversation.

Yan Huan called Bai Zhi again and asked him to let her go to Linlang’s place first. It had been like this for the past few days. Her feet had never wanted to stop, and of course, she hadn’t been idle for a few days.

“How is it?” Yi Ling hurriedly asked when she saw Yan Huan return. Did your old master agree to it? She also knew that in the Lu family, Yan Huan didn’t have anything to say about the matter of the three children, he didn’t have much to say.

They were most worried that old man Lu wouldn’t agree. After all, it wasn’t an easy task for them to find another child star. They had already contacted many people, only that child star had a free period. The others were all in the show. However, none of them had expected that the child star would break his leg. He was going to be in a cast, it might take half a year for him to recover, but they could not wait half a year. The child star could wait half a year, but they definitely could not wait.

There were no ready-made child stars, so it was not too difficult for them to build one. However, the problem was that they had really put in too much effort for the first two shows, there was no room for any mistakes.

Therefore, they had no choice but to turn their attention to Xun Xun.

However, the Lu family had no intention of making Xun Xun a star. If it were any other child, no matter what, even if they did not go to school, they would still have to participate in the show. However, this was not any other child. This was Yan Huan’s child, it was not like they did not know how valuable she was. Xunxun’s advertisements had already been lined up, but they were all rejected by the Lu family.

If they could invite Little Xunxun out of the mountain, they would have to thank the heavens and earth. However, they did not know if it would work or not?

Their Hearts were originally at a loss. They were afraid that the old master would not agree. When they received Yan Huan's affirmative reply, they finally heaved a sigh of relief.

It would be great if they could act.

"That's Great." Yi Ling sat down on the chair and wiped the sweat off her head in an exaggerated manner. Actually, it was an exaggeration, but it was not too exaggerated. Yi Ling was indeed so nervous that she broke out in cold sweat, because she was the producer of the first two films, she had more responsibilities than others. Of course, she also had more pressure.

The first two films were now the most anticipated film. If they really failed, not only would the actors, including Yan Huan and Liangchen, lose their virginity, but even Linlang would lose her status.

They would not do such a shameful thing.

Of course, they would not lose money, but what they lost was not money, but the good reputation they had earned over the years.
