

Sweet Wife 1931

Chapter 1931: A Dream

"It's going to be cold," Lu Yi knew.

"I can feel it too. My fingers are swollen." Yan Huan also felt that her fingers were feeling a little uncomfortable, so it was possible that her fingers were really going to be frozen. So if they were really frozen.., she really did not feel anything out of the ordinary.

However, even if she was frozen, Yan Huan's filming had never stopped. Lu Yi could only apply medicine on her fingers every day. Perhaps it was because Yan Huan's fingers had not been frozen for a very long time.., or perhaps it was because Lu Yi helped her apply the medicine every day. Although it was minus ten degrees Celsius in winter this year, Yan Huan's fingers only swelled up a few times. However, there were no bloody wounds, moreover, when it was almost new year's, the swelling gradually subsided. As for this year, they did not have anywhere else to go. However, the production team had prepared dumplings for everyone, there was also a signal here. They could still watch the Spring Festival Gala.

There was nothing to do here, so they had a quiet new year. Of course, even if it was the new year, when they woke up the next day, they still had to film.

Gradually, the Earth warmed up. In the spring and March, grass flew and grew,

spring came again this season. Yan Huan stood outside and also smelled the very fresh air here. There would be a smell of the forest. If there was nothing else.., living here would definitely be an enjoyable experience. For example, the Liuyuan Garden. Liuyuan garden was one of the few pure lands in Hai City.

Yan Huan took out her hand. She opened her finger and placed it in front of her eyes. The frostbite on her finger had almost disappeared. At this moment, a large hand reached out, it trapped her in his embrace from behind.

"Are you almost done filming?"

Lu Yi asked Yan Huan. It was almost a year.

"Yes, almost." Yan Huan counted the time in her heart. They were almost done filming. At this rate, they would be done filming in about two months.

Initially, they had estimated that it would take about a year to a year and a half to finish filming. In the end, it was earlier and faster than they had expected.

It was possible that they would be able to return home in about two months.

"Hold on for another two months." Lu Yi rested his chin on the top of her head. It was only now that Yan Huan felt that the cutest height difference between her and Lu Yi was too useful.

"Yeah, we're going home soon." Yan Huan was already homesick, and he missed his three children. It was still alright for Xun Xun, but she had met her mother not too long ago, it was just that he did not know if Xiao Qi and Xiao Guang had forgotten about her mother.

They were like a river breaking through ice, like a small boat in a torrent. They were brave and brave. From the moment they made this decision, they were destined to succeed, and they absolutely had to succeed

The remaining time might be because it was about to end, but to many people, this was not the result, but the true beginning. For example, many new people, this was also the beginning of their lives, it was also a new starting point.

Therefore, it was about to end. The sudden reluctance made them treat the last few shots even more seriously. When director Jin shouted for the cut, his eyes were filled with tears.

It was finally completed.

It was not as simple as before the start of the shoot. It was even more difficult and bitter than before. However, to them, they had gone through all these hardships and difficulties one by one, they had also overcome them one by one.

So, success was beginning to wave at them now, right?

On this day, the chef had killed all the chickens they had raised, as well as the vegetables in the fields. Everything that could be used had been used. He had made a farewell meal for everyone. After eating, they had to go back.

The first two were officially completed. After a few months of post-production, they could start broadcasting this spring.

Of course, everyone knew that the completion of the film was just the beginning. They still needed to do a lot of things. For example, the promotion of the film had to be done at the same time, the national tour was certain, so they didn't have much free time.

Of course, those who were able to participate in the first two scenes, regardless of whether they had done it once before or not, would have an unforgettable experience for the rest of their lives. They had already filmed such a difficult scene, in that case, what else could they not film in the future? Of course, what gave these young actors the most was the foreseeable success of a movie. It would also be the guiding light for them in their future lives.

It would depend on how hard the senior worked?

Their success did not come from nowhere.

The more hard they worked, the greater their success would be. And now, even if they succeeded, they were still working hard.

When Yan Huan boarded the helicopter and left, she could still see the place where they had lived for a year. Now that she thought about it, this year really felt like a dream.

And when she opened and closed her eyes, she woke up from such a dream.

It was also such a dream, a dream.

She held a cup in both hands, her fingers gently stroking the edge of the cup. Her fingers were still slender and beautiful, without a trace of injury.

Lu Yi sat on the other side. Yan Huan turned around and saw him sitting there with a stack of documents on his lap. He had accompanied her on the set for more than a year, saying that he was a twenty-filial husband. He was well-deserved, for more than a year, other than three times when he went back to deal with cases, and then when he came back, he had accompanied her there for more than a year. But because of this, when he returned.., perhaps he would have to face a year of busyness.

If he were to ask Lu Yi what he would do if he was given another chance, Lu Yi would still be the same as before. He would not choose anything else but to use this one year.., to make up for the one year when he was not around. That year left her with nothing to live for, and it was a year that was worse than death.

The helicopter stopped at the garden. When Yan Huan came down, her feet had already stepped on her own home. She waved at the helicopter, it was unknown if she was saying goodbye to her past.

Whether it was the time in her past life that she did not want to remember, or the time that had put her in danger again and again, but she persisted in the end, she still stood there. She won, she won many people.., she had won against Lu Qin, against Su Muran, and she had also won against Sun Yuhan. Of course, she had also won against her own fate. She would live well, and she would watch her children grow up, she would also live out her life in glory.

Chapter 1932: children grow too fast

“What are you thinking about?” Lu Yi walked over and held her hand. She was still sleepy just a moment ago, so why was she so energetic now?

“I miss my three children.” Yan Huan wanted to see her children the most when she came back. After she became a mother, she finally understood that children were a concern that a mother could never let go of.

For such a long time, she had wanted to go back and visit her three children countless times. However, in the end, she could only touch those three adorable little faces through the computer screen.

After the new year, they would be four years old. They were already children in the middle class and had grown up by another year.

“I’ll bring them over tonight.”

“And now...” he lowered his head and gently knocked her forehead with his forehead. “Go and sleep for a while. You already have dark circles under your eyes. What if they don’t recognize you?”

“Dark circles?” Yan Huan touched his face. “Really?”

She hurriedly ran into her room to see if she really had dark circles under her eyes. How could such a beautiful woman like her have dark circles under her eyes.

Meanwhile, Lu Yi shook his head. There was really nothing he could do about Yan Huan's smelly personality.

However, women should be like this.

Their youth was limited to begin with, so such youth should be well-cared for and well-protected.

At night, as expected, Lu Yi brought back three children.

"Mommy..."Xun Xun ran over and hugged Yan Huan's legs.

"Mommy, did you help Xun Xun and his brothers earn a lot of milk powder money? Does that Mean Xun Xun won't have to use milk powder in the future?"

Yan Huan squatted down and rubbed her daughter's little face. With a pinch, she realized that the little girl was getting fatter and fatter. Her little face was full of flesh.

"Have you grown taller too?"She compared Xun and Xiao Qi's height. "I don't think so. They're both short by a head."

"They've grown."Lu Yi walked over and squatted down in front of the child. He then hugged Xiao Qi and Xiao Guang in his arms. "Both of them have grown over the past year. They've grown five centimeters."

"Ba Ba, Xun Xun has grown taller too."Xun Xun puffed up her little face like a cute little squirrel.

"Yeah, our Xun Xun has grown taller too."Lu Yi stretched out his finger and pointed at her height. "Mm, three centimeters."

Xun Xun was still very proud as she raised her little chin. "Mummy, Look, Xun Xun has grown taller. She's picking up her little toes. She'll definitely be as tall as brother in the future."

Yan Huan almost choked on her own saliva.

"Xunxun, you mustn't Grow As Tall as your brother. Otherwise, you won't be able to get married in the future."If there were no accidents, Xiao Qi and Xiao Guang would be raised like this by his grandmother, at the very least, she could grow to be as tall as her father. Lu Yi was 183, which was considered the standard height of a man. If Xunxun grew to be this tall, she really didn't dare to imagine such a scene. It was too eye-catching.

Then, she, a short person, stood in the middle of the father and son. Did she want to live or not?

"Mama..."Xun Xun tugged at Yan Huan's sleeve again.

"Yes, what's wrong, Baby?"Yan Huan squatted down in discomfort and directly sat on the floor. Xun Xun directly threw herself into her mother's arms, and her small body rolled around in her mother's arms.

"Mommy hasn't said yet. Did you earn money for Xun Xun and brother's milk powder?"

"So you still remember this?"

Yan Huan poked his daughter's chubby face. "Don't worry. Mommy earned a lot of money for our Xun Xun this time. Xun Xun also earned milk powder for herself."

“Is that enough for Xun Xun and brothers to drink?”

Xun Xun was a good child. Of course, she was also very protective of her brothers. No matter what kind of good food she ate, she would always think of her two brothers. Of course, it was the same for milk powder. It was not enough for her to eat, but it had to be enough for her brothers to eat.

“En, that’s enough. Your milk powder can be drunk for a lifetime.”Yan Huan rubbed his daughter’s little face again, then patted her little head. “Let’s go. Go Wash your hands with mother. We’re going to eat in a while.”

“Okay, wash your hands.”Xun Xun got up from the ground and stretched out her little hands to her two older brothers. She wanted them to hold her hand.

Xiao Qi and Xiao Guang also held their little sister’s hands one by one. Yan Yi washed the three children’s hands one by one, wiped his face, and then brought them into the dining room.

Lu Yi carried the children up one by one and let them sit on his chair. Yan Huan had already cut the noodles into pieces. Only then would they be allowed to eat. Today, they were making egg fried noodles at home.

The three children were all eating with their own little spoons. They were all four years old. How fast. Yan Huan still remembered when they were just born. Each of them was small. Of course, Xun Xun was even smaller, she had never seen Xun Xun when she was born. According to Lu Yi, Xun Xun was very pitiful. She was not even the size of an adult’s hand. She was also in the hospital for a few months. When she was carried back., he wasn’t even as heavy as the child when he was born. He weighed less than five kilograms.

Now, he was already a four-year-old child. How fast.

The three children were already very well-educated at such a young age. Lu Yi had already taught them to eat by themselves since they were a little over two years old. Although they were clumsy at first, now., they could already put food in their mouths.

Yan Huan had not seen the three children for almost a year, especially Xiao Qi and Xiao Guang.

She felt that Xiao Qi and Xiao Guang were growing too fast. It was not their bodies, but their personalities. They were clearly being taught to be another Lu Yi. She wanted children., not a little old man.

Yan Huan patted Xiao Qi’s little head.

“Xiao Qi, do you Miss Mommy?”

“Yes,”Xiao Qi stood obediently and spat out a word. She was really like their father, cherishing Yan Ru Jin. If Xiao Guang Saw Mommy, her eyes would light up, yan Huan was really afraid. Did Xiao Qi not like mommy anymore.

Yan Huan hugged Xiao Qi. Xiao Qi bit her lips and obediently hugged her mother’s neck.

Xiao Qi was still a child. “You haven’t grown up yet, so mommy will protect Xiao Qi.”She rubbed her son’s little head. She really felt., this child had been pulled out by the Lu family. It was a little too much.

Who could be blamed for Xiao Qi's temperament?

"He's the head of the Lu family." Lu Yi walked over and sat beside Yan Huan. "This is a responsibility that he must shoulder."

Chapter 1933: rejection

Yan Huan wanted to cry. In fact, she really wanted a soft and delicate child that she could hug all day long. However, she had given birth to three children, but who was going to tell her, only Xun Xun was like a child. wasn't her Xiao Qi and Xiao Guang a little too old and mature? Xiao Guang was fine. Xiao Guang loved to laugh, but Xiao Qi was like Lu Yi. She was like a completely different version of Lu Yi No. 2, she kept a straight face every day. She was obviously very silly and cute, but she just couldn't laugh.

Because she wanted to cry.

Lu Yi pulled Xiao Qi out of her arms and then placed Xiao Qi on the ground. "This is his personality. Like me, if you let his child grow up like that, he might not be happy."

Yan Huan rested her head on Lu Yi's shoulder and looked at the three little ones playing together in the living room. The two older brothers loved their younger sister very much, and of course, they let their younger sister grow up as well. They were clearly the same age., however, Xiao Qi and Xiao Guang looked like they were five years old while Xun Xun looked like they were two years old.

However, Lu Yi was probably right. This was the way the children of the Lu family grew up. Xiao Qi was born with that kind of temperament. If he was placed in a noisy place, Xiao Qi would probably cry from the noise.

Compared to a child who would cry when he was unhappy, she preferred the quiet and obedient Xiao Qi.

The first two scenes had already been filmed, but it would require a series of post-production. This would take a very long time, and during this time, at least Yan Huan would have nothing to do, she could spend every day with her children.

Of course, if she had nothing to do, she could go to Linlang's place.

As for Lu Yi, he was going to be busy. He had lost his job for almost a year, so after he came back, he didn't have much rest. He went directly to the Procuratorate the next day, then, he was busy day and night.

At noon, Aunt Gu would bring the cooked food to the procuratorate for Lu Yi to eat. Now, the Procuratorate was close to the Liuyuan Garden, so he could eat the food he made. And obviously, the food he made., no matter what, it was still better than the food outside. It was also much more nutritious.

As for Yan Huan, she still had to go to Linlang's place. Although she didn't have to go there every day, there were some work procedures that she had to complete.

There was also the issue of the stills. They also needed to shoot some as publicity.

“You have an advertisement to shoot in a few days,” Jiayi said, writing something down with the pen in her hand.

“Oh, When?” Yan Huan answered instinctively, but of course, he didn’t think too much about it.

Jiayi was stunned for a moment before she said awkwardly, “Miss Yan, it’s not yours.”

She stretched out her finger and pointed at Xie Weining, who was also covered up. “It’s hers.”

Yan Huan touched her forehead in embarrassment. Perhaps it was because Jiayi’s voice had accompanied her for too long in her past life, so she had developed a conditioned reflex. Even after a lifetime, there were some things.., she still remembered it, such as Jiayi’s voice and her tone.

“Miss Yan, are you really going to accept it?”

Jiayi’s eyes lit up. If you really want to accept it, I can help you accept it immediately. You can have as many as you want. There are several companies that are interested in you. If you really want to.., i can contact them immediately.

“Forget it, forget it.”

Yan Huan waved his hand. “I won’t accept it. I just replied out of habit. Don’t mind it. You guys can continue. Of course, you can just listen in.”

Yan Huan stood up. She felt that it was better to hide for a while. As for the advertisements, she really didn’t want to touch them.

“What about xunxun?” Jiayi asked Yan Huan again. There were also many advertisements waiting for her. “Miss Yan, do you want to consider it?”

“No.” Yan Huan stopped walking and turned around. He said each word clearly to Jiayi, “If there are any advertisements in the future, please help me reject all of them. My daughter doesn’t want to be a child star.”

It was too hard to be a child star. Not to mention her, even old master Lu was not willing. If she really dared to help Xunxun accept any advertisements, she dared to say that old master Lu would come to her house tomorrow and chop her to death with a kitchen knife.

“Alright then.” Jiayi felt a little regretful because Yan Huan had indicated that he was not prepared to let Xun Xun debut.

After Yan Huan left, Jiayi faintly said, “Have you ever seen an artist who is so uncooperative?”

She was a little depressed, so she also needed to find someone to pour out some of her bitter water. Otherwise, she would suffocate to death.

Yes, she was too uncooperative.

“Miss Yan is different,” Xie Weining explained. “If I were her today, I think I would have made the same choice as Miss Yan.” For a mother.., all she wanted was to protect her children.

Now, Miss Yan's focus was on family. A woman's experience was limited. Between family and career, there was always a need to compromise, furthermore, Sister Yan Bu was the mother of three children. Of course, she had more experience in her family.

Jiayi could only shrug her shoulders. Of course, she did not dare to do anything. She wanted to take on Yan Huan's commercial, but Yan Huan was not willing to do it. She could not tie him up, right.

Alright, she did not want to talk about Yan Huan. Otherwise, the more she talked about him, the more sad she would be. The more she talked about him, the more depressed she would be. Clearly, she had an A-list movie queen in her hands. It could also be said that.., she was a national treasure movie star. However, she just couldn't find the biggest highlight of this movie queen. Therefore, she was a failure, a failure, a real failure.

"What are you thinking about?" She withdrew all her thoughts and realized that Xie Weining was in a daze. She was still in a daze, and Xie Weining used to be an unknown little invisible person, however, her popularity had improved recently. Of course, she was preparing to film again. In the following days, they would no longer have the time to rest. She had gone from being a nobody to becoming a top actress, it was not that easy to achieve.

Of course, Xie Weining also had this understanding. Of course, she was also fully prepared. However, there was one thing that she could not figure out. Perhaps she was not the only one who could not figure it out, many people in the limelight were also unable to figure it out.

"Sister Jiayi, do you think that the reason why I was chosen to be in the top two of the cast and crew was really because of Miss Yan?"

Up until now, even though the top two of the cast and crew had finished filming, she was still a little confused. She always felt that it was not quite real.

Chapter 1934: she wanted to change jobs

"You're asking about this?" Jiayi pulled a chair for herself and sat down. "Back then, you were indeed chosen by Miss Yan." She was very clear about this matter, that was because she was the one who had given the information to Yan Huan back then, and she had taken it back from Yan Huan. At that time, Yan Huan had taken out a copy, and it was Xie Weining's copy.

"Then..."

Xie weining just could not understand. "Why did Miss Yan choose me?" This was what she did not understand. Of course, she did not dare to ask in the past. Now that the first two scenes had been shot, and her performance was also very satisfactory to the director, therefore, she did not spoil the role. Of course, she did not ruin her future, and she did not let down the person who had chosen her. It was only now that she dared to ask this question, what was the reason that Yan Huan had abandoned Yang Keke in the first place? In the end, he chose a rookie like her who had no performance at all.

At that time, Yang Keke was clearly stronger than her in every aspect. She was still much stronger.

But in the end, she was chosen instead of Yang Shan. Of course, this result also made many people's jaws drop. It also caused the friendship between her and Yang Keke to be completely destroyed.

Yang Coco didn't even want to mention her name now. She only wanted to know the truth. What was the reason that Yan Huan chose her and gave up on Yang Coco who was suitable in all aspects.

"About that..."if she had to ask, Jiayi really didn't know. But how to answer this question, she had to think about it carefully.

"Well, it should be because your name has the word Wei in it."

Jiayi said it very seriously, which also showed that she was not lying. She was lying.

"Well,"Xie weining scratched her hair, "This is my real name. Many people have stage names. I haven't changed my name. Also, What's strange about my name?"

"You don't need to change your name. It's good."Jiayi reached out and patted Jiayi's shoulder. "It's right not to change it."

"But..."Xie Weining's expression was a little awkward, "Sister Jiayi, does this have anything to do with me being chosen as the first two? Could it be that I was chosen by the crew because of my name?"

She was just casually saying that, but she realized that Jiayi really nodded her head hard. "Just like you said, you were chosen to be in the top two because of your name."

"Why?"

Xie weining did not feel that there was anything special about her name. Ever since she was young, she had always called this name. No one had ever said that her name was special, and it was also a very common name.

"What is the name of Miss Yan's Daughter?"

"Jiayi asked Xie Weining."

"Isn't her name Xun Xun?"Of course, Xie Weining knew the name Xun Xun. That child looked like Miss Yan. She was very beautiful and cute. When she was brought into the company, she became a popular person in the company.

"That's a nickname."Jiayi rolled her eyes at Xie Weining. This was not a secret. How could she not know about this? She had been carrying it for so long for nothing.

"What about your big name?"

Xie weining really did not know.

"Xun Xun's big name is Lu Wei."Jiayi patted Xie Weining on the shoulder, "You must remember this. Don't forget it in the future. Miss Yan is your biological parent. If you call her by the wrong name, it will be very embarrassing."

Xie Weining was stunned on the spot. The corners of her eyes could not help but Twitch.

It was only now that she realized that the reason why Yan Huan had taken a liking to her was not because of anything else. It was really because her name was well-known. It was because her name had the word Wei in it, and Yan Huan's daughter's name., was called Lu Wei. Hence, Yan Huan had chosen her in the end. Shouldn't she be grateful to her parents for giving her such a good name back then? It could also help her rise to the top.

When she came out, she coincidentally met Yang Keke who was walking towards her. Yang Keke stuck out her chest and walked forward without looking sideways. However, at this moment, everyone could feel., the dislike and disgust towards Xie Weining.

Xie weining could only lightly tug at her red lips.

In this world, those who weren't willing to climb up were called idiots.

Those who were willing to stay where they were were were idiots.

Those who couldn't take advantage of the opportunity were idiots.

She, Yang Keke, wasn't the only one who wanted to stand out. She, Xie Weining, also wanted to. She wasn't here to look at other people's faces. She wanted to show her face.

And now that the company had given her such a good opportunity, she would prove it to everyone. She, Xie Weining, relied not only on luck, but also on strength.

The more Yang Keke thought about it, the more uncomfortable she felt. No matter what, she could not swallow her anger. She really felt that Linlang had been too much of a bully this time. She had clearly been chosen, but in the end, she had changed roles at the last minute, she had given her role to that trash Xie weining.

She was unwilling to accept it, and she was also unwilling to accept it. She had suffered so much for nothing. What kind of development would she have in the future? Moreover, all the good resources in the company had been given to that Xie Weining.

It was clearly a movie. She had become the third female lead, and Xie Weining wanted to be the second female lead.

And in the past, this Xie Weining wasn't even worthy of carrying her shoes.

"I don't want to be in Linlang anymore. What else can I be famous for here?" Yang Keke stood up with a whoosh. And when this thought came up, it couldn't be stopped. The worst decision she had made in her life was to come to Linlang, linlang wasn't as good as she had imagined.

She might be famous in other places, but here, she was suppressed by many people. In the past, there was Yan Huan, but now, there was Xie Weining, who was supported by Yan Huan. What else did she have to do here?

She didn't come here to look at other people's faces, but to get better resources. But now, these good resources didn't belong to her, so what was she still doing here?

"Miss Yang, are you going to jump ship?"

Yang Keke's manager was shocked when she heard what Yang Keke said.

"Miss Yang, we have already reached Linlang. If we leave now, it will affect your reputation greatly.

"Moreover, when we signed the contract, the contract had a very high penalty. Everyone knows that Linlang is hard to get in, but it is even harder to get out."

The agent paused for a moment and then said, "If we forcefully terminate the contract, then we would have to pay a very high penalty first. The agent, of course, is unwilling to let Coco Yang terminate Linlang's contract. They simply can't afford to terminate this contract. If we really terminate Linlang's contract, then what are their next steps?"

Chapter 1935: Strange Phone Call

Going to an entertainment company that could split the world equally with Linlang was one way, but it also required others to want them.

Setting up a new studio and filming their own scenes so that they didn't have to compete with others for resources. You could act as the female lead and the female lead, but did they have the ability? Did they have the capital? Would they have the resources? They clearly didn't have anything.

Yan Huan was able to set up linlang. At that time, she had already made a lot of money. Moreover, her husband was Lu Yi, and his backing was the Lu family. Lu Yi's influence in hai city wasn't low, in addition, Linlang's land was her own, and the buildings were all built by herself. Thus, Linlang's operations could be said to have saved a lot of money.

Even since the establishment of linlang, they never had to pay any rent. And now, many small-scale entertainment companies, although they looked good on the outside, who knew what they were like on the inside?

As for the entertainment industry, there were many cases of forced termination of contracts, but in the end, everyone was stripped of a layer of skin. Once such things became synonymous with Coco Yang, then..., it wouldn't be easy for her to find another legitimate entertainment company.

Coco Yang knew that her manager didn't agree.

Of course, her mouth was actually just saying it to satisfy her craving. And even if she was angry, she herself knew what she had to face in the future, and the consequences of terminating a contract were not something she could bear.

Therefore, she was only feeling more and more indignant. She looked at the faces of those people that she hated every day. There was also the useless work that she had to do every day. There were also scenes that could not be any less, to others, it was just fat meat. But to her, it became meat soup. She did not even get a second female lead in the few films that were about to start filming.

When she first joined Linlang, she was the one with the best development among these people. She was also the one who was the most promising future star, Yan Huan's successor. But now, who knew that things would turn out like this.

She actually wanted to destroy herself here.

However, she was really unwilling. She clenched her hands tightly by her side and almost pinched her palms.

How could she accept this? How could she bear it? How could she feel that as long as she was with Linlang, she might not even be able to get a 18th-tier job in the end.

Right now, her heart was filled with extreme negative emotions. Her entire body began to have a different kind of gloomy feeling. Even the words of her manager could not be heard.

When her manager saw the current Yang Keke like this, there were a few times when she wanted to speak, but she was blocked. Actually, she wanted to say that Linlang was already good enough to Yang Keke and had given her a lot of opportunities, moreover, there were many scripts that were not bad. Although it had not fallen to the female lead and female lead, it was still temporary. As long as she could work hard, she would be given more opportunities.

However, it was clear that Yang Keke's heart was already unfair and restless. She would not listen to any of her manager's words. Every day, she thought that entering Linlang was her biggest mistake, such a mistake might destroy her popularity, her opportunity, her future, and her entire life. How could she be willing? How could she be willing?

Under such a negative mood, her working condition became worse and worse. She had ruined a few good movies, but she still blamed everything on Linlang, it was also Yan Huan's fault.

She clearly knew that she would go crazy if she continued to stay. However, she had no choice but to put on a dark face every day and endure it.

One day, she received a call from an unknown number. She did not know who it was. She did not want to answer it, but this call seemed to have found her, she made several calls back and forth.

The same number, the same number.

Of course, it was the same person.

She wanted to turn off her phone, but she pressed the wrong button. From the moment she hung up, she pressed the answer button. A strange voice came from the other side.

It was a woman. There seemed to be some weakness in her voice, and this weakness was as if she was about to die. Almost in an instant, she felt her scalp go numb. She had just wanted to hang up the phone., however, the woman on the other end said something, which allowed her to successfully move her finger, which was originally about to turn off, away slowly.

“Do you want to leave Linlang?”

That hair-raising voice spoke word by word, and every time it spoke, it would stop for a beat. As expected, it was as if it was going to die at any moment.

“Who are you?”

Yang Keke tightly gripped the phone in her hand.

“Do you want to leave Linlang?”The voice on the other end of the phone was still the same. It was so cold that it was as if it had crawled out from hell, stepping on someone else’s corpse. Even though it was only through Heaven’s words, one could still clearly feel that kind of strangeness., it was so cold that it was as if a cold wind had blown into the crevices of one’s bones.

“Do you want to leave Linlang?”It was still the same sentence.

“Who exactly are you?”Coco Yang was about to scream from the voice.

“Tell me, do you want to leave Linlang?”

With a PA sound, Coco Yang hung up the phone. She really could not stand this strange voice.

What was going on? Why were the people in Linlang bullying her? Even a lousy phone call was bullying her. Where did this crazy person come from.

It was only after a while that the phone call came again, scaring Coco Yang so much that she almost threw her phone away.

She hurriedly pressed the button to turn off her phone, and her ears and ears were finally quiet.

As for whether or not she wanted to leave Linlang, she didn’t care at all.

Leave, Hehe... leave my ass. Who in this world could help me leave this damned Linlang? If she really wanted to leave, she would have already left. Why would she still need to stay in such a place, to be laughed at by others?

And now, as long as she went to linlang, there seemed to be countless people laughing at her, laughing at her embarrassment at that time. The top two roles were clearly hers., but in the end, it was snatched away by that idiot Xie Weining.

To her, this was a great humiliation.

Of course, she did not take that phone call to heart. She was still wondering where this harassing phone call came from.

The next day, she still had to report to Linlang. There was a reality show event at Linlang’s side, and it was very popular. She thought that it would be her turn this time. She had experience in reality shows, moreover, she had participated in it more than once or twice.

Chapter 1936: She wanted to learn from Yan Huan

“How was it?”When her manager returned, she hurriedly asked.

“Were you selected?”

Her manager nodded at her. “Yes, we were selected.”

Only then did Yang Keke heave a sigh of relief. Yes, very good. It was her. If it was her, she would have known that it would be hers. She was determined to win this reality show. Of course, he had done a lot

of preparation for this show. However, she didn't expect that when she went on the show that day.., she met Xie Weining.

"Why is she here?" Coco Yang directly questioned her manager. Why didn't you tell me that she was here? Her hatred for Xie Weining had almost reached the point of insanity.

"I don't know." The manager was also very puzzled. At that time, the program team only informed them that they could participate in this program, but they didn't tell her that there was actually Xie weining here.

Coco Yang's nostrils moved from time to time. She was about to turn around and leave, but in the end, she still endured it. She gritted her teeth. Two people participating in this program, only two people participating. She wanted to see whether it was in Linlang.., was it her, Yang Keke, or that idiot Xie Weining, who was stronger.

Of course, she would also make Linlang regret it. She would let Yan Huan See just how bad their path had been. She was Linlang's leading actress, and in the future, she would also be someone who would surpass Yan Huan, and she would definitely be able to win the Best Actress award at home and abroad.

On the other side, Xie Weining also spoke to her assistant behind her.

"Sister Jiayi, she's here too?"

"Yes." Jiayi nodded. "This is arranged by the company. Her popularity is quite good and she's also the company's focus to nurture."

Xie weining understood this. She could understand this. After all, when she and Yang Keke had just arrived at Linlang, Yang Keke was already considered a new flower. and at that time, among them, yang Keke's popularity was the best.

She was purely relying on her good luck. The rest was really nothing.

"You don't have to worry too much. Of course, you don't have to be nervous. Jiayi wrote something on her notebook. This program is quite suitable for you."

"Suitable for me?" Xie Weining looked away. "How is it suitable for me?"

"You'll know soon enough." Jiayi smiled at her. It wasn't a mysterious smile, but a pleasant surprise. That was what the program team wanted.

Xie weining saw that Jiayi didn't have any intention of saying anything else, so she wanted to break the casserole. Although she still felt a little strange, of course, she couldn't help but feel uneasy. However, when the program was about to begin.., she wasn't as nervous as before.

"Miss Yan has participated in this show before." Just when she thought Jiayi wasn't going to say anything else, she heard Jiayi speak again.

Xie weining suddenly widened her eyes. Her round face was filled with disbelief.

"You mean... that?"

Xie weining still couldn't believe it. It was really that show.

“If you say so.”

Jiayi gave her a mysterious smile. You should make good use of it. I believe that with your ability, you shouldn't be weak.

“Thank you, Sister Jiayi.”

Xie weining carefully placed her hands on her lap. Of course, her palms were also covered with cold sweat.

That show, Yes, was it that show? If only it was that show.

If one knew that Yan Huan, understood Yan Huan, and that the people who paid attention to her were true fans, then they would definitely know that ever since Yan Huan debuted, there had never been any bad news, her personal image was also positive and positive. Of course, in the entertainment industry, her reputation could be said to be a clear stream. Of course, there was also a squint, that was because Yan Huan had never participated in any kind of reality show.

Ever since she debuted, she had only participated in one reality show, which was a survival show in the wild. It could be said that Yan Huan's show had a terrifying influence on Yan Huan.

Of course, the people who had participated in that show, not to mention the others, included Zhou Zizhe and song Xihua. The two of them had now become like Mount Tai and Big Dipper in this circle.

Besides song Xihua, everyone else was married. Zhou Zizhe's wife was also in that show. Now, she had moved behind the scenes and no longer continued to act. The two of them had a son and a daughter, and they were living very well, they were all winners in life. Of course, this was also the life that Xie Weining wanted the most. She did not have such big ambitions. Although she had entered this circle, she still had a pure heart, the life that she wanted to live was to get married and have children. She could switch to the background, just like Yan Huan. Yan Huan was her idol. Other than the films that she liked, she also wanted the achievements that she had made in the past, regardless of whether it was the domestic or international best actress, or how many international celebrities she had endorsed, or how she was the fifth most beautiful woman in Asia, it was her final decision that she envied the most.

She could be like Liang Chen, she could leave this industry, she could abandon all the honors that she had earned, and she could become a good wife, she could also become a good mother.

In some of the programs, she had heard many people mention Yan Huan. They all said that Yan Huan was a good wife and mother. She was a good cook. Of course, she was also a woman who could give birth. People gave birth to one child, and she gave birth to three children, she had a son and a daughter.

“What are you thinking about?” Jiayi put her hand on Xie Weining's shoulder. “Why do you look like that?”

“Nothing.” Xie weining touched her face embarrassedly. “I'm just thinking about Miss Yan. I must learn from her in the future. She's my role model.”

“Well...” Jiayi nodded, “This goal is not bad. You want to be an international best actress, right? Don't worry. As long as you work hard, you will definitely succeed. Without a goal, there is no motivation.”

Although this goal is a little too ambitious, who said it can't be achieved? At that time, many people didn't think that when Yan Huan debuted without anything, she could stand on that position, right?"

"No." Xie weining shook her head again.

"Domestic best actress?" Jiayi automatically lowered her guard. "Yes, it's not good to get an international one, but it's easier to get one in China." Linlang's resources were pretty good to begin with, and director Jin was also there, director Jin was not too old at the moment. As long as she could get some good resources for Xie Weining, it was not impossible. She felt that this goal should be quite easy to achieve. Yes.., it was quite easy to achieve.

Chapter 1937: was about survival in the wild again

Moreover, she also had this ability. Miss Yan had told her that if she wanted a role, she could directly find her. Moreover, she could also ask Miss Yan to make a cameo appearance or something like that.

Xie weining smiled embarrassedly

"Not really."

"Then do you have both?"

Jiayi asked tentatively, "It's not easy to become the second Yan Huan, but you can still work hard."

"No." Xie weining shook her head again and then grabbed the corner of her clothes in embarrassment. "I want to be like Miss Yan, find a good husband and then have three children."

Jiayi was speechless

Could they still have a pleasant conversation.

Xie weining was indeed not as ambitious as Yang Keke. However, ambition was one aspect, but luck was another.

When the program was launched, they all knew what kind of program they were going to participate in. It was only when they arrived that they realized that it was the most popular wild survival in the entire reality show, of course, this time, other than Xie Weining and Yang Keke, who were the ones who had just developed, there was another important figure that everyone only knew after they arrived. It was none other than.., many people in this circle were familiar with him. Song Xihua and song Xihua were from the same era as Yan Huan, Zhou Zizhe, and Qi Haolin. At that time, his popularity was already very high, his popularity was also very fast. He was only in his thirties, and it was also the time when a man was the most mature and charming.

She had already gotten married and gone to look after her husband and raise her children. Liangchen had also given birth to a child, so she chose to retire. However, song Xihua was always there, and in many people's eyes, song Xihua was their dream, it could really be said that it was their dream when they were young.

Of course, it was also the little white moonlight in Xie Weining's heart. However, she could only watch from afar and not play with it. Could she say that she had actually entered this industry because of Song Xihua.

Of course, this was only at the beginning. Now, she actually quite liked her career and could see many different celebrities. Of course, it was also before the filming started that she felt her spirit had been sublimated once again.

Therefore, the first two scenes were not wasted. The year's suffering was not wasted. She felt that she was worth it.

When Coco Yang heard that it was this program, she was a little regretful. Why did she choose such a program? Why didn't she tell her? She didn't even have a bit of preparation. What should she do now? Yes, what should she do?

This show was good, and it was also a good place to create stars. However, it was not suitable for her. She was suitable to stand on a glamorous stage. She wore a long dress, high heels, and was asked about her debut, there were also things like her new relationship. However, she had to remove her makeup and wear flat shoes to make herself look like a savage. Every show was torturous.

She really wanted to turn around and leave, but in the end, she could not help but take another look at song xihua. He just stood there, his posture straight and the corner of his shirt slightly raised. He had the air of a jade tree.

This was another big shot in the entertainment industry. As long as she was related to him, then she might..

She gritted her teeth and decided to stay. Otherwise, she could use all sorts of excuses to leave. No matter what, it was better to leave than to suffer here and make a fool of herself

However, after she made her decision, when the program team asked the female stars to remove their makeup, Yang Keke regretted it. Some people could withstand the high-definition lens test, such as Yan Huan, the texture of her skin, everyone in the industry knew that it was good, so she was not afraid of removing her makeup.

However, some people died in the light. As soon as they removed their makeup, they would become another person, just like Yang Keke herself. As soon as Yang Keke put on her makeup, she would immediately emit a dazzling light, however, without these colors, it would be a little..

Sigh, happy talk.

After taking the makeup remover, Yang Keke did not move for a long time. Her entire body was trembling slightly.

At this moment, she was not the only one who did not move.

Good makeup was the best color for a female celebrity. If she did not have these colors, then her female appearance would lose some of its color.

Among these female celebrities, other than Yang Keke and Xie Weining, there was also a new starlet. Of course, she was so shy that she didn't really want to remove her makeup. The other few who did the

show with them, the biggest star was song Xihua, there were also a few people who were familiar with the entertainment industry.

Xie weining was very straightforward. She took the makeup remover and wiped off all the makeup on her face in a few moments. Of course, it was also because she had watched a few episodes of survival in the wild.

Sometimes, there were a few female celebrities who were afraid to remove their makeup, so they had to wear a fake makeup. In fact, there was still makeup on, but it was still light. However, no matter how light it was, it was still makeup, this program was a challenge to both physical strength and endurance. No matter how waterproof the makeup was, it would not be able to withstand the test of so much sweat, no matter how good the makeup was, it wouldn't be able to withstand the rain of sweat. If she didn't remove the makeup now, it would be even more embarrassing if the makeup was ruined.

She quickly removed all the makeup on her face and winked at the mirror for a long time. She was still young, so even without the color of the makeup, she wasn't ugly.

Although she wasn't satisfied with her appearance to the point of narcissism, she was indeed not bad. She wasn't ugly, right.

As for Yang Keke, she reluctantly wiped off the makeup on her face. Her skin was slightly loose, and her eyes were dark because she hadn't rested well recently. Of course, she also had bags under her eyes, although her skin was not speckled, it was indeed not too good. Moreover, she had many hidden injuries and was still inflamed. The most serious thing was that she had grown a pair of small eyes because of a makeup technique, therefore, she felt that her eyes had doubled in size. However, without makeup, everything was revealed.

This was also something that Yang Keke did not want others to know.

If it was through makeup, one might not be able to tell. However, once the makeup was removed, it would become so obvious. At the very least, it would make one look five years older.

If she were to use such a face to meet people, this was something that Yang Coco did not wish to do in her entire life. However, for some women, they would really die without any makeup.

When she saw Yang Coco's eyes, Xie Weining was almost scared out of her wits.

Her eyes were clearly so small, but why were they so big without any makeup? Therefore, she could not help but admire the makeup artist who applied makeup on Yang Coco. She really wanted to give her a thumbs up and give her 32 likes.

Chapter 1938: as long as you know how to cook

It wasn't easy to be an expert. It was simply turning the decadent into a miracle. It turned out that Yang Keke's bare face looked like this. Although it wasn't bad, it wasn't as glamorous as before.

Perhaps many people were going to lose their fans when facing their sexy goddess' bare face.

And once the show started, it was impossible to quit Midway. If they quit, it would be very embarrassing.

No one knew how the program team arranged it. It was a combination of a man and a woman. Of course, many people wanted to be with Song Xihua, but in the end, Song Xihua was assigned to the same team as Xie Weining.

Xie Weining was simply too excited. Of course, she was also too happy. However, to be so close to her idol, this was something that she had never thought of.

Song Xihua seemed a little cold and aloof. He was not easy to get close to. However, one had to admit that he was a very charming man. Of course, it was also because of his participation in the reality show the last time, he had also suffered a moderate loss. Therefore, in the past few years, he had paid attention to these things. He had also specially participated in a few field training sessions. Therefore, now that he was testing his physical strength.., he was also extremely relaxed.

He lowered his head and looked at Xie Weining who was walking beside him.

This time, he found her more pleasing to the eye. Of course, she was not too delicate. She looked a little like Yan Huan back then. No, Yan Huan would never smile so naively and foolishly.

She had always been an ambitious woman. Even now, he was actually unwilling to admit it. For so many years, he had never had a fixed girlfriend, nor had there been any rumors of him having an affair with anyone else, in fact, it was more or less related to Yan Huan.

The person he was thinking about had already gotten married and had children, but he could not deny that in the deepest part of his heart, there was still such a woman hiding.

She was the bravest and most powerful woman he had ever seen.

“Have you filmed the first two?”

He asked Xie Weining. A little girl was a little girl. She must be nervous. In fact, Xie Weining was a little nervous right now. She was only in her twenties, just like Yan Huan in the past. However, Yan Huan’s maturity.., was not something an ordinary woman could have.

“Yes, yes.”

Xie Weining almost choked on her own saliva. What should she do? Her idol had spoken to her. She was really excited.

“Let me help you carry it.” Song Xihua had already carried Xie Weining’s bag. This was what a gentleman should do.

“No need. I can do it myself.” Xie Weining was about to pat her own chest to assure herself.

“There’s still a long way to go. Save some energy.”

Song Xihua smiled. She was no longer so cold and aloof. Of course, it was also because this new actress was not so annoying, and she was really similar to Yan Huan from back then.

She began to show her colors day by day.

It was not just because of her confidence, but also because of her self-respect. This kind of show itself required that women were not allowed to wear makeup, because it would look even uglier if they wore it.

“Have you seen Yan Huan?”

Song Xihua asked as she walked.

“Yes.” When Xie weining mentioned Yan Huan, she felt that she had opened the topic. “Miss Yan is a very good person. She taught me a lot of things.”

“Yes, she is a very good person.” Song Xihua recalled the time she spent with Yan Huan in the past. Her heart was still warm and soft, and she had stayed with him for a long time. However, it was a pity.., in the end, some people were destined to have no fate with others. Even if they were so close in the past, even if something happened in the past? Even if it was possible for them to be together for a long time.

“Mr. Song, do you know Miss Yan?”

Xie weining asked curiously. However, she suddenly thought of something. She laughed dryly, feeling a little embarrassed. Look at her, how could she have forgotten about that matter.., back then, song Xihua and Yan Huan had participated in a reality show like this once, and it was a very pleasant collaboration. People said that the two of them worked very well together, as if they were a perfect couple.., later on, it seemed that there were some rumors about the two of them. As for the reason behind it, there was no longer any news from that time. It was as if they came and left without any reason.

Of course, the two people who were known as the golden couple did not get together in the end. Yan Huan ended up marrying Lu Yi. Now, they had three children and a pair of triplets.

This was the real winner of life.

When the staff handed the two mini microphones to them, song xihua did not mention anything about Yan Huan. They were also about to set off. This time, it was not like the last time. It was a real-time mountain crossing. Of course, in the past few years.., the survival show was still on, but it was much safer than the previous places. At the very least, there would not be all kinds of dangers.

The designated location for them was actually the other side of the Hui River. There would be a small path here. The few of them would be divided into groups to see who would be the first to reach the destination.

And they would need to build a fire to cook along the way. The production team would provide tents and tools, and the rest would be for them to cook themselves. If they could cook, then they would eat. If they couldn't cook, then they would eat their own dry food.

“Do you know how to Cook?”

Song xihua asked Xie weining, “Also, I don't know how to Cook.”

Song Xihua had never learned how to cook. Of course, it was rare for him to cook for himself, so his culinary skills were still stuck at a few years ago. And in the past few years, he had cooked the most, perhaps he had only made noodles to eat.

"I know how to Cook." Xie Weining cracked a smile. She was not pretentious at all. Of course, she did not put on the airs of a celebrity. In fact, she was not a celebrity yet.

She was still young and tender. She had not grown up yet.

At most, she was an actress.

And she patted her chest, full of heroism.

"Don't worry, I'll take care of the food problem. You Don't have to worry about that. My father is a cook. I've been by his side since I was young. When I was in primary school, the dishes I made could be sold."

Of course, she wasn't boasting. That was indeed the truth. She didn't say anything else, but this was an absolute guarantee. Those who had eaten the food she made were all full of praise.

Therefore, where could she find such a peerless woman? She was absolutely the kind of person who could live in the hall, Cook in the kitchen, shoot the television, and beat up hooligans. Her skills came from her grandfather, it couldn't be said how many people she could beat up, but it was absolutely no problem for one to beat up two.

And hearing Xie Weining say so, Song Xihua smiled, well, it's good to cook a meal.

Chapter 1939: She was a role model

He remembered that Yan Huan's knife skills were very good. It was also because of his knife skills that she gained a lot of fans. He wondered how Xie Weining's knife skills would be? Would she be equally outstanding.

He would soon find out.

At night, Song Xihua had already set up the tent. Although the two of them could not be clearer, they knew how to guard against men and women. Not far away, they also set up two tents, it was Yang Keke and the others.

Xie Weining didn't have much thoughts, so many people would get along with her very happily. Even Song Xihua was the same. Xie Weining also didn't have to be so careful with Song Xihua because they had been together for so long, she wasn't that careful with Song Xihua.

As for what the others would do, she didn't know. However, the atmosphere here was quite good.

As for how to settle the dinner, it was a pity that none of the people in Yang Keke's team knew how to cook. They could only eat off-the-shelf food. The existing ingredients could not be cooked no matter what, the other team was not in a bad state. At the very least, the male stars and female stars could just help each other. They would not starve themselves.

As for Yang Keke's team, they were in a worse situation. However, it did not matter. After the two of them were speechless, they could only choose instant noodles. This could not be any simpler.

A person would always boil water, make instant noodles, and then eat it. They would add a ham sausage and a few vegetable leaves to it. That would work too, right?

But in the program, eating instant noodles was really a little embarrassing.

Of course, Xie Weining also let others know what was called Peerless Knife Skills. With a snap, she threw the knife into the air and quickly cut the vegetables in her hand. It could be seen that she was really not bragging, for example, the sentence, "When I was in primary school, the dishes I made could be sold for money." These were the facts. She was such an honest person, how could she be bragging.

Of course, Xie Weining was only halfway through her words. Her family background was actually quite good. Her father was a special first-class chef in the country. He had cooked for the country's leaders and foreign guests, Xie Weining had also been influenced since she was young. She had learned everything that her father did. As for why she didn't take over his father's job and become a chef.

This was the thought of the older generation. Their family's culinary skills were passed down to men and not women. Xie Weining had an older brother who was seven years older than her. He was now a very famous chef.

As for Xie Weining, she had also found her own career. By accident, she became an actress and was now steadily developing. As for how far she could go, no one knew yet. However, with her current resources, as long as she did not court death, her future achievements would not be too low. After all, all the good resources were with her, but they were all with her.

Xie Weining had already gotten busy. She would use a white radish to make many beautiful flowers. Her hands were really amazing. No one even knew how she made them. In a while, a vivid chicken was placed on the plate. She was also in the limelight on this show. How could she not be in the limelight? All the cameras were on her. This was not a reality show at all. It was Xie Weining's personal show.

In just a short while, she had already made many dishes. Of course, they would not be able to finish them all.

"Everyone, come and eat together." She generously let the staff eat together. "Anyway, there are so many dishes. We can finish them all together. Of course, there's no need to waste them."

As soon as she finished speaking, many people couldn't sit still anymore. Not only were they hungry, the staff were also hungry.

Of course, the dishes were really well-made. There was no water added at all. No, she was originally from a culinary family. She was the daughter of a chef. The dishes she made in primary school could be sold.

Of course, this was not an exaggeration at all. It could be seen from her knife skills. It was impossible to have such good knife skills without a few years of time. That kitchen knife was in her hands, it was simply like flowing water. If she wanted to cut the vegetables fine, she would cut them fine. If she wanted to cut them thick, she would cut them thick. The flowers she made would be flowers. If she wanted to carve a small animal, it would be vivid and lively. Of course, it was also according to her wishes, of course, if she wanted, she could carve a rich and noble peony picture.

Actually, her talent was much better than her big brother's.

However, the tradition was still there. It was passed down from male to female. Otherwise, there might be another female chef named Xie Weining in the country.

“Miss Xie, what kind of wish do you have?” A few staff members asked Xie Weining curiously. In fact, Xie Weining was a young actress who was not very famous in the past, perhaps many people did not even know her name, and even after filming a few movies, she was not that famous. However, she managed to film a godlike work like the first two. Although the first two had yet to be released., however, it was the spring festival this year. This was the first time it had been released. Even a small supporting role like Xie Weining had become popular. Now, her popularity had increased, and it was likely that she would become very famous very soon.

Therefore, it was true that there were some things in the entertainment industry that could never be imagined. Some people could become famous overnight, while others would lose their reputation overnight.

People like Xie Weining could be said to be extremely lucky.

“I...” Xie Weining gnawed on her nails. “I want to be like Miss Yan.”

“You have guts.” A staff member gave her a thumbs up. “You want to be an international best actress, right?” Yan Huan was now a multi-billion-dollar best actress. Of course, Xie Weining would soon become a multi-billion-dollar movie star, the first two votes would definitely not be too low.

As long as her follow-up was better, she might really be able to reach Yan Huan’s level.

“No.” Xie Weining touched her face embarrassedly. She was still a little shy. Although the color might not be too beautiful, it made people feel very clean. Of course, her smile was even better.

“I don’t want to be an international movie queen. I want to get married early and have three children like Miss Yan.”

PFFT..

Yan Huan almost spat out the water that she had just drunk.

“This is the first time I know that you can be used as a role model for having three children.” Bai Zhi crossed his arms as he sat at the side and watched the reality show together with Yan Huan, Bai Zhi was not a woman who liked to watch television. However, she had a special hobby and liked this kind of show. She said that she would be very happy if those actors could make a fool of themselves.

Chapter 1940: acknowledging a master

Yan Huan placed the cup on the table and adjusted her clothes.

“So what if I gave birth to three? Don’t you know? My Grandmother’s grandmother gave birth to triplets, but you...”

She sized up Bai Zhi for a long time. “It could be three.”

Bai Zhi’s face darkened. “I only want one.”

“It could be three.” Yan Huan stretched out three fingers. Her grandmother was the grandmother of the Ye family. Although she did not recognize the Ye family, she recognized her dead grandmother.

The three children she gave birth to were definitely not an accident. She had heard from ye Chuji that his mother, Yan Huan's grandmother, had multiple children in her family. That was why she had such an excellent bloodline, of course, it was impossible for her to come with the Su family. The Su family could only give birth to one child, and the Lu family did not have multiple children. As for the Ye family, of course, they did not have multiple children. Only grandmother ye had them.

Therefore, such good genes came from her grandmother. They had nothing to do with the Ye family. Of course, it had nothing to do with him, Ye Jianguo?

"When are you and ye Xinyu Getting Married?"

Yan Huan played with his sleeves. "We're preparing to have a child. Why Don't We Get Married?"

"Why Should We Get Married?" Bai Zhi asked Yan Huan. "I just like ye Xinyu's face. Maybe I can have a beautiful child in the future. I can raise the child myself. It's not like I can't afford it."

Yan Huan would not express her opinion on this. The Ye family's seed was not so easy to get.

Bai Zhi rolled his eyes. No matter how seriously she looked at the television screen, her mouth also twitched.

Yan Huan tilted her head.

"Bai Zhi, do you also feel that Xie Weining's cooking is better than mine?"

"Don't you know how to use your eyes to see?" Bai Zhi had never complimented Yan Huan. He did not know how to beat around the bush when he spoke. He was not afraid of offending people.

It wasn't easy for her to live to this age.

Yan Huan pressed the replay button again. He was really envious of Xie Weining's cutting skills.

"What? Miss Yan, are you serious?"

Xie Weining had never thought that Yan Huan would make such a weird request.

"Can't I?" Yan Huan lowered his face.

"Yes, yes, of course," Xie Weining quickly replied. "My father is retired now. I'll go ask him first."

She quickly took out her electric motor. Her little heart was still beating wildly. Was this too unexpected? Why would Yan Huan make such a request? She quickly called her father, her father really had nothing to do now. He was old and couldn't carry a spoon anymore.

"Dad, I'm Weiwei. Well, I'm fine. It's just that..." she gnawed on her fingernails and didn't know what to say. "Someone wants to learn from you. I wonder if you're bringing students now?"

"No..." Xie Weining was a little frustrated. "But I've already promised them that I'll teach them myself. Dad, with my standard, how can I teach them?" Xie weining pursed her lips, she had trained her culinary skills since she was young. If she were to cook, she could do it herself, but she didn't know how to teach her students.

“Are you really not taking them?” Xie Weining asked again. “They’re very good to me. This time, I was able to shoot such a good film. There are still a lot of sources waiting for me. It’s all thanks to Miss Yan’s help.”

“Yes, Miss Yan. It’s Miss Yan.”

“Oh, which Miss Yan are you asking about? It’s Yan Huan.”

“What? You agreed?” This change in style was too fast. Xie Weining really couldn’t react in time. She had clearly said that she wouldn’t teach him, but when she heard Yan Huan’s name, she immediately agreed, her father’s personality didn’t have to be like this. He was an old-fashioned person. It was too hard to convince him. Why did he agree before she could say anything this time? She had originally planned to cry, make a scene, and hang herself, in any case, she had to make him agree to it. If her father was different, she would go and mobilize her mother. In any case, her father would listen to her mother.

In the end, what happened? She agreed so quickly. She hadn’t even mobilized her last backer yet. Was there something strange about this turn of events?

On the other side, Father Xie’s reply also stunned Xie Weining.

If it had been someone else, he would definitely not have agreed. However, it was Yan Huan.

“Dad, are you also a fan of Miss Yan?”

Xie Weining clearly remembered that her father’s idol did not have any women. They were all men.

“What nonsense are you talking about?” If her father was there, he would have rolled his eyes at his daughter.

“I’m not a fan of hers, and I’ve never seen her films before. However, she’s a person with a conscience, and she hasn’t forgotten her roots. Do you know how many people she has saved? It’s said that saving a life is better than a seven-tiered pagoda. I’m not asking you to earn as much money and fame as you can in the future. As long as you learn more from others and do more good deeds, people will know even if you don’t tell them.”

Xie Weining nodded her head continuously. She knew that she would definitely remember her father’s teachings. However, she had never thought of being as famous as Yan Huan. She wanted to have a child just like Yan Huan.

Father Xie agreed very quickly and came even faster. He directly took a plane over on the same day, which made Yan Huan feel flattered.

In fact, she had only tried to mention it back then. She had never thought of forcing Xie Weining. In fact, she had already made up her mind. If Papa Xie didn’t agree, she would look for someone else, in the end, she could find someone who was willing to teach her.

However, she didn’t expect Papa Xie to actually come without saying anything. He was still willing to teach her.

Meanwhile, her father was very satisfied with the environment in the garden. Of course, he respected Yan Huan very much. After all, Yan Huan had really saved many people. Such a person would definitely

be rewarded well. That silly girl of his., after entering this circle, he would rather die than agree to it. In the end, that wretched girl acted too quickly and even signed the contract with him.

Wasn't he just afraid that she would be led astray by others? She was also led astray. Fortunately, she was with Yan Huan Now. At the very least, her worldview would not be distorted in the future.

As for Xie Weining's popularity, it was also because of this reality show. She was the center of attention. Although the first two were not broadcast yet, she was really popular. And song Xihua was going to release a new album soon, she specifically invited Xie Weining to be the female lead in the music video for her new album. Of course, Xie Weining agreed.

And recently, there were rumors about song xihua and Xie Weining, and the ambiguous things were spreading little by little.
