

Chapter 2041: picked up two children

He could not promise her that the children would be fine and that they would come back soon.

Nor could he say that we would find the children soon.

It was not as if he did not know how hurtful these vague promises were. Therefore, he said nothing and could do nothing. He could only wait, wait for daybreak, and wait for news.

The rain outside was getting heavier and heavier, but it was already gripping Yan Huan's and everyone's hearts. How could their three children Suffer Like This? How Old were they? What did they do wrong, if someone really had to accept the punishment, then it should be given to them as parents.

The rain outside was getting heavier. Lu Yi took off his clothes and draped them over Yan Huan's body. Yan Huan's body was extremely cold, and her hands had never felt warm before. It was so cold that there was almost no warmth left.

She had been staring at the rain outside, thinking that the door would open soon and the three little ones would come back, crying for their mother.

But as she waited and waited, there was still no sound from the other side of the door.

The withered leaves on the trees were also blown down by the wind and rain. Hai City had always loved rain, and also loved heavy rain. It had started in early autumn, and there were only a few sunny days in a month.

"Big Brother, Xiao Guang is afraid." Xiao Guang leaned against Xiao Qi. The two brothers looked exactly the same and their heads were leaning against each other.

Xiao Guang hugged his little brother's little body tightly. In fact, he was the same as Xiao Guang. His little arms, legs, and clothes were all wet, but he still had to put his clothes on his little brother.

"Don't be afraid, Don't be afraid." Xiao Qi hugged his brother tightly. We will definitely go home. "Let Daddy Save Little Sister."

When Xiao Guang heard the word 'little sister', he couldn't help but wipe his tears.

"Big Brother, is little sister afraid?"

Xiao Qi didn't know that little sister should be very afraid. Because little sister was the most timid, and little sister loved to cry. Little sister must be very afraid. She wouldn't be able to sleep without a doll.

"Brother, Little Guang is hungry."

Little Guang's stomach was rumbling with hunger. They had never been hungry since they were young. This was the first time.

Little Qi stretched out her little hand and took some rain water. She placed it in front of her brother. His brother drank water, so he was not hungry anymore.

Little Guang was very obedient. He drank water with his brother's little hand. However, no matter how much he drank, he was still very hungry. She missed her mother, her father, her grandparents, and her great-grandfather. She also wanted to eat her mother's cooking.

"Brother, Xiao Guang wants to go home. Xiao Guang misses her mother."

Xiao Guang choked and cried very sadly. Xiao Qi also cried when she saw her brother crying. The two brothers hid in half a cement pipe, and rain would occasionally drift in from outside. Both of them were drenched, however, there was no one here. It was just the two of them. They could only rely on each other like this. However, the two brothers believed that they would definitely find home, and they would definitely find their father and mother.

"Light, don't cry." Xiao Qi hugged his younger brother. His younger brother was crying, but he held back his tears. He was the older brother, and he had to protect his younger brother.

Light rubbed his eyes. His clothes were still wet, and he felt extremely uncomfortable. He was also hungry.

The rain outside had stopped a little, and it wasn't that heavy anymore.

"Light, let's go."

Xiao Qi held his younger brother's little hand. The two children walked forward, one foot deep and the other light.

They had never been here before, so they couldn't remember the road clearly. They only used their little feet to walk from time to time. In fact, they didn't know that they were walking in the opposite direction, so they walked further and further away. After a while, the rain became heavier, the two brothers could only find a place to hide from the rain. The two children were drenched like little monkeys. They were as pitiful as they could be.

Xiao Guang was very obedient now. He pouted his little mouth and did not cry again.

"Look, there are two children." The two students who were dressed up happened to pass by. Those with sharp eyes also noticed the children standing under the big tree, drenched in the rain. They seemed to be twins, and their clothes looked exactly the same, their heights were about the same as well.

The two students hurriedly ran over. They were still wearing school uniforms, so they did not care if there was mud on their feet.

"They really are twins. They look exactly the same." A girl carefully looked at the child's facial features. They looked exactly the same. Their clothes were the same, their looks were the same, and even their hairstyles were the same, of course, they were also drenched to the same extent.

"Here, put this on." The girl quickly took off her raincoat and put it on one of the children. The boy was the same. He also took off his raincoat and put it on the other children.

They were not too old. They were only junior high school students in their teens. They picked up the two younger children.

“Brother, we’ll take them home first. These two children seem to have a fever. Then, we’ll help them find their families.”

“Okay.”The boy nodded. It was also thanks to them that they had specifically passed by here today. Otherwise, what would the two children do?

Each of them carried a child and ran into the rain. They also ran towards their own home.

“Mom, open the door. The boy banged on the door hard.”

Soon, the door opened. A middle-aged woman walked out. When she saw that the two children had drenched her, she was also shocked.

What happened to the two of you? Why are you standing in the Rain?

“Mom, we picked up the two children.”

The girl hurriedly went over and spoke quickly. They seemed to be having a fever. Mom, quickly cook some hot soup.

As she spoke, she carried the child and ran into her room. She also placed the child on her bed. She did not care if the child’s body was wet or dirty., she pulled up the blanket and wrapped the child up. ”...”

“Where’s the other one?”The boy followed her and stuffed the child he was carrying into the blanket.

The two children were asleep. Their small heads were leaning against each other and their small faces were very cute.

This family was an outsider. They rented a simple house here. The family name was Ren. The husband and wife brought their two children. They only came to hai city after a few years. The boy was called Ren Li. He was the older brother, the girl was called Ren Lili, the younger sister. The older brother was in the second year of middle school, while the younger sister was in the first year of middle school. Their family conditions were not very good. Father Ren was working for someone on the construction site. He could earn a few thousand yuan a month, mother Ren would sometimes go out to find some odd jobs to help others clean up. She could also earn some money. Ren Li and Ren Lili were brother and sister. Although their family background was average and their looks were average, they were both good students, from the awards hanging on the wall, it could be seen that even if they were not the top students in the class, they were still three good students. They were also children with a very upright character, papa Ren and Mama Ren were also very honest people. Their children were naturally quite honest and were also children.

Chapter 2042: who lost their child

Soon, Mama Ren came in. She was a very strong woman. Of course, she was also very strong and could work. In the past, when she wanted to go back to her hometown, she could be used by a man. Now, both at home and outside, she was also a good hand, don’t look at this house that they rented, but it was also organized by her. The house was also very clean. Although their family didn’t have much money, but the family was also very happy, ren Li and Ren Lili were very obedient. Their grades were also above average, so for them, these days were already very good.

Mother Ren placed the hot soup in her hand on the table and wiped her hands on the apron. Then, she came over to look at the children that her children had picked up.

“They’re still twins.”

When Mother Ren saw these two unbelievably beautiful little faces, she was really amazed. They were so good-looking. Who had lost them? They were even twin boys.

She placed her big hand on the two children’s small foreheads. They were a little hot. Perhaps they had caught a cold.

“Lili, go and fetch a basin of water. The two children have a slight fever.”

“Mom, aren’t we going to send them to the hospital?”

Ren Lili didn’t want to leave even though she was standing. She felt that it was better to send them to the hospital. They were running a fever, which made her worried.

“Send them to what hospital?” “It’s normal for children to run a fever. You guys used to do the same thing in the past. As long as they were sent to the hospital, they would do a bunch of unnecessary tests and even give them IV injections. They are only children at their age, and their resistance is just so-so.”

They did not have much fevers now. Also, she reached out and touched the clothes of the two children. In the end, the two children were still wearing wet clothes.

“You don’t know how to take off your clothes. If you wear wet clothes on your body, it would be weird if you don’t catch a cold.”

As she said that, she took off the clothes of the children in a few seconds. However, when she touched the material of the clothes, she felt that these two children were not ordinary children. The clothes felt so comfortable in her hands, it was likely that they were not cheap goods.

She took a towel from the basin and carefully wiped the rainwater off the children’s bodies. After a while, when Ren Li and Ren Li came over, the two little fellows had already fallen asleep with their heads facing each other, moreover, they were sleeping quite soundly. Their little faces were flushed red, but they did not have a fever.

The two children looked exactly the same. They were both fair and tender little buns. Ren Li and Ren Lili immediately fell in love with them. They thought to themselves, how good would it be if this was their younger brother, both of them were already old, and they just liked children. If they really had two younger brothers, they would be so happy.

“Mom, let’s raise them.”

Ren Lili liked children the most, especially beautiful and cute children. Such cute children almost made her face bleed from cuteness.

“Raise what?” Mother Ren patted Ren Lili’s head. “Do you think raising children is easy? You Don’t need to eat, drink water, or go to school?”

“Mom, I can save my food for them. Ren Lili’s back is shaking mother Ren’s sleeve. Look at how good-looking they are. Can they stay and be our younger brothers?”

Mother Ren then placed her hand on the two children’s small foreheads. “They are quite annoying and likable. Their small appearances are all good-looking.”

But how were they going to keep them?

“These two children are obviously lost with the adults. If you want to keep them, what about their families? What about their parents? If you lose them, what do you want your father and I to do?”

Every child nowadays was a treasure in their parents’ hands. No matter how poor the family was, it was impossible for them to mistreat their children. Moreover, these two children were raised so white and cute, and their clothes were made of good material, they felt like children from rich families, but how could a child from a rich family be abandoned by someone? It was obvious that they had gotten lost.

She was a mother herself, so how could she not know that her child had gotten lost? How anxious were parents? Children were a piece of meat that had fallen from their parents’ bodies. If they couldn’t bear to part with it, they would be cut off.

Ren Lili felt a little uncomfortable. What should she do if she really couldn’t raise her two younger brothers? Her younger brother’s dream was about to shatter. Could it not be like this? This child was picked up by them.

“Mom, then give us a baby.” Ren Lili wanted a younger brother now. As long as she had a younger brother, it was fine, whether it was her mother’s or not. She could see her younger brother now.

“Give birth to what?” Mother Ren slapped her daughter’s head again, “If you give birth to a baby, how are you going to live? “It’s one thing for you to randomly pick things up every day. I Won’t say anymore about the few cats and dogs in the house. Now That You’ve picked up two children for me, let’s see how your father will beat you up when he comes back.”

Ren Lili stuck out her tongue and didn’t dare to say anything.

When Papa Ren came back, it was already afternoon. When he heard that his son and daughter had picked up two children, he was a little dumbfounded. In this day and age, why was it that they could pick up anything but money.

When he saw the little guy sleeping obediently inside, his heart softened.

“Lili, let’s raise the children. These two children are really good-looking.”

People always said that maternal love was easy to overflow. Why was it that Papa Ren’s paternal love was also overflowing.

“What do they eat?” Mama Ren rolled her eyes at Papa Ren. “It’s easy to say. This isn’t raising cats and dogs, this is raising children.”

“They eat,” Papa Ren said blankly. “If they don’t eat, it’s hard not to eat and drink.”

“How can there be extra food for them at home?”

Although Mama Ren said this, she would rub the two children's heads from time to time. Anyone could tell that she liked the two children.

"I'll do more work in the future, so I can save my food for them."

Come on, this definitely belonged to Ren Lili's biological father.

"Have you heard of where the child was lost?" Mama Ren asked Papa Ren. Papa Ren worked on the construction site. In the past few days, wherever there was an accident today, there would be an accident tomorrow. Which family's chicken didn't lay eggs, whose Dog ran away again.

They all knew. Then, had he heard of which family lost the child today? This child was left here. Presumably, the family should be nearby. No one would deliberately throw the child away.

If they could not find the child's parents, they could only wait for the child to recover and send him to the public security bureau. It was not that she was cruel, nor was it that she did not want to raise him. She also liked the child, but this was someone else's child..., as a mother, how could she not know how hard it was to be a mother.

If her child was lost, she would be worried to death.

Papa Ren shook his head. "I really haven't heard of it. Whose child is lost? And there are two in this industry. Sigh... whose twin is it? Forget it, I'll go out later and ask the Public Security Bureau first."

Chapter 2043: could not be found

"Why don't you want to keep the child?" Mama Ren really did not think that Papa Ren would be so reasonable. If his temper were to come, even a few cows would not be able to pull it out. What was going on..., just now, he wanted to raise someone else's child. He did not want to return it, and now he did not want it?

"What kind of judgment is this?" Papa Ren was unwilling when he saw Mama Ren looking down on him, "These aren't kittens or puppies. These are two children. The two children are so well-born and so pitifully small. How anxious are the parents? No matter how much I think about it, I can't really not return their children, right?"

Let's talk about it when the children wake up. Which family gave birth to such a beautiful pair of twins.

Papa Ren used to be quite fond of twins. Now that he finally saw them, they indeed looked exactly the same.

The two children might have been really tired, or they might have been frightened and slept until the next morning before they woke up. Ren Li and Ren Lili had also invested a lot in them, they took out all the pocket money that they had saved for a long time and bought a bag of milk powder for the children. It was the very expensive kind.

Xiao Qi hugged her younger brother with a guarded look on her face. Xiao Guang bit her little finger and was also very afraid.

"I'm not afraid." Ren Lili tried her best to make herself smile amiably, "It was brother and sister who picked you up. Have you forgotten? Brother and sister are not bad people. When the rain outside has stopped a little, brother and sister will send you home, okay?"

She reached out and touched the two children's little faces. How could they be so tender and cute? Could they not return them? It would be great if they could stay and be her little brother. If they were to grow up a little.., if she could earn money, they would definitely raise her by themselves.

It was just that they still needed to spend their parents' money. This time, they had bought milk powder for the two children, so they really did not have any leftover food.

Ren Lili placed the cup in front of Xiao Qi. "Here, this is milk powder. Sister bought it for you, and it's the most expensive one."

"Thank you, Sister." Xiao Qi carefully took the cup. Her two little hands also lifted the cup. He placed the cup in front of Xiao Guang. "Drink, little brother."

"Big Brother, Drink." Xiao Guang shook his head. He wanted to let Big Brother Drink. If Big Brother didn't drink, he would drink too.

"Little brother, one sip. Big Brother, one sip."

Xiao Qi still placed the cup in front of his little brother. Even if it was a cup of milk, he still wanted his little brother to drink first.

Xiao Guang drank a small sip. Xiao Qi also drank a little. A cup of milk powder. The two of them each drank half of it. It made Ren Lili want to hug the two children and not let them go.

How could she be so obedient? How could she be so cute? She didn't want to return it. She didn't want to return it, okay?

"You're Awake?" Mother Ren walked over and placed her big hands on the children's small foreheads. "The fever has subsided. It's fine as long as you don't have a fever."

She brought over the clothes that the two children wore yesterday. The children were still wearing the clothes that Ren Li had worn a few years ago. Although mother Ren had picked the smallest one, it was still too big. It was because they were too small, when these clothes were worn by the two children, they were like sacks. They could fit the two children inside.

"Come, Auntie will help you change your clothes." Mama Ren nimbly changed the clothes of one of the children. She had washed their own clothes, but they were also dried by the electric heater.

They usually did not dare to use the electric heater when they were locusts. They were afraid of wasting electricity. For the sake of these two little fellows, they had spent all their money.

The two children obediently let Mama Ren change their clothes. The two brothers who originally looked exactly the same were more likable, especially their small faces. How could they be so beautiful and cute.

Mama Ren felt that she was about to waver. What did she waver about? She wanted to keep the children for herself.

She changed the children's clothes and left. Not long after, she returned with two bowls of porridge in her hands. She made porridge for the two children to eat, one bite at a time, one bite at a time, these two children were not picky about food. They ate their food very well, and it was possible that they were really hungry. Therefore, they ate very quickly and also finished their food. It was just that the two children were not in good spirits and were sleepy after eating their fill.

When Papa Ren left the construction site, he also asked around the construction site to find out if someone had lost the child, and this was a pair of twins. However, after asking around for a long time, she still couldn't find out who had lost the child.

Yes, this was a perfectly fine child. No matter how one put it, it was lost. Moreover, no one was looking for it. Wasn't this very strange? It couldn't be that it was really lost by the stepmother, right.

At night, Papa Ren returned. The first thing he had to do was to go and see the children. These two children were really too good-looking. The good ones were so good that people didn't want to return them.

"How are they?" Papa Ren asked Mama Ren Softly.

"They ate some food and are now asleep. They are obedient and easy to take care of."

"Did they say anything?"

Papa Ren asked again, "They are already five or six years old. They are so old. They should know something."

"They haven't said anything. The two of them went to bed after eating."

Mama Ren pulled the quilt for the two children. The two brothers' heads were still touching each other. This time, her heart was going to soften as well, not to mention Papa Ren and the Ren siblings, she was afraid that if she couldn't hold it in for a moment, she wouldn't send the children back.

"What About You? Is there any news from there?"

Only then did Mama Ren realize that Papa Ren had gone to the construction site to investigate. She just didn't know if anyone knew that the two children had been lost. It was impossible for such a big matter to go undisturbed, moreover, this child's accent was like that of a person from Hai City. Although he didn't speak much, it could be heard.

Papa Ren Shook his head. "We didn't manage to find anything. No one knows who lost their child."

"Let's wait for them to wake up and ask again." Papa Ren Sighed. "This child has been missing for two days. Who knows how anxious this family is?"

Ren Lili and Ren Li came over to look at their two little brothers as soon as they came back. They were still asleep, just a little bit. They couldn't help but feel that they liked them, and they liked them very much.

Ren Lili poked the little guy's little face. How could it be so soft? It was even softer than tofu. If it was really her little brother, how good would that be? It was a pity that it was not her little brother.

The two children also woke up because of Ren Lili's poking.

Xiao Guang slept in a daze. She was used to wanting to be hugged by others, but when she saw where she was, she could only squint her little mouth. Her little hands also held her brother's hand tightly.

Chapter 2044: found the children

Xiao Qi also blocked the younger brother. Meanwhile, Xiao Guang poked her little head out from her brother's body. When she saw Ren Lili, she probably recognized Ren Lili and smiled at her, she also revealed her beautiful little white teeth.

"How can you be so cute?" Ren Lili really couldn't hold it in any longer. She kissed and touched the two children. It was as if she had gotten an amazing toy. It was really too cute, was there anything wrong with them.

Could she not return them? Could she raise them by herself? Could they be her younger brothers.

"What are your names?" Ren Lili finally withdrew her pair of claws. If she continued to pinch them, the two children's faces would definitely swell up from her pinching.

"My name is Xiao Qi," Xiao Qi answered obediently and also held Xiao Guang's little hand tightly.

"I'm Xiao Guang," Xiao Guang was also very shy, but she was still very brave.

"Do you know where you live?"

Ren Lili asked again to see if she could get any more answers?

Xiao Qi first shook her head, and Xiao Guang also shook her head.

They knew where their home was, and they couldn't find their way home.

Ren Lili asked them a lot of questions, but they couldn't answer any of them.

"Let me." Ren Li pushed his sister away. "You asked so hard, how could they answer?" For example, what do you have in Your House? Are you people from Hai City? Have you ever been on a plane?"

They were so young, how could they know?

"How Old Are You?" Ren Li asked the two children carefully. They should know this, right?

The two children reached out their small hands at the same time and made a four-word sign.

They were four years old. Their mother celebrated their birthdays the most. She said that they were going to grow up. They were four-year-old children.

"Four years old." Ren Li originally thought that these two children were at least five years old because they were quite tall.

However, he did not expect them to be only four years old. It was just that the two children were slightly taller than the average children.

“How many people are there in your family?”

Ren Li tried to ask again.

Xiao Guang counted on his little fingers. “Father, mother, grandfather, grandmother, great-grandfather, and sister.”

There were so many people.

This was Ren Li’s first impression. This person was also complete.

“Do you remember where home is?” Ren Li could not help but pinch Xiao Guang’s little face. Xiao Qi was a little serious, but Xiao Guang loved to smile. He only dared to touch Xiao Guang’s little face. Xiao Qi did not seem to like to be touched by others, if he were to cry, his mother would beat him until he cried.

The two children shook their heads in unison. Did they not know where they lived?

“Big Brother...” Xiao Guang reached out his little hand and tugged at Ren Li’s sleeve, “Xiao Guang remembers Daddy’s call. Can Big Brother Call Daddy and ask Daddy to come pick Xiao Guang Up? Xiao Guang Misses Daddy and Mommy. He also Misses Grandpa, Grandma, and great-grandpa.”

Xiao Guang pouted pitifully. He really missed his mommy and the rest.

“Eh?” Ren Li’s eyes widened. “I’ll remember this.”

Ren Li hurriedly ran out. When Mama Ren saw the rain outside, she hurriedly called out to her son

It was raining so heavily outside. What were you going to do?

“Mom, I’m going to make a call.” Ren Li put on his shoes outside. He also took an umbrella and was about to go out. He touched his pocket again. Sigh, he really didn’t have much money left. However., it was still necessary to pay for a public phone call. It was 50 cents per call. Nowadays, everyone had cell phones and computers. Public phones didn’t make money anymore. Fortunately, they had a mall here.

His father had a cell phone, but it was a second-hand one. Although it was a second-hand one, it could still be used. It was just that his father wasn’t at home now and had gone to the construction site. He would only come back at night.

The whole family was dumbfounded. They did not ask if the two children knew their parents’ phone numbers. If they had asked, they would have helped the children find their family members.

He ran to the shop not far from the door and picked up the phone and put it by his ear. Then he pulled open his sleeve and saw a string of numbers written on his arm.

As he counted the seeds, he also dialed his phone number.

Lu Yi covered Yan Huan with the blanket. She had not slept for two days and two nights. The children had been missing for almost three days. This was already the third day, and the rain outside still did not stop.

At this moment, his phone suddenly rang. Yan Huan also opened her eyes at this moment. She sat up as if it was a conditioned reflex. Then, she opened her eyes and stared blankly in Lu Yi’s direction.

“Hello, who are you looking for?”

Lu Yi took his phone and walked to the window. He closed the curtains as well. However, halfway through, his fingers suddenly trembled.

“Tell me where you are. We’ll be there immediately!” It was unknown whether his voice was excited, nervous, or something else, but it was not as calm as before.

“Alright, I’ll be there right away. Help me take care of them. Also, thank you.”

Lu Yi put down his phone and turned around. He saw Yan Huan still sitting there in a daze. Her eyes were bloodshot and her face was much paler than before,

he walked over and placed his hands on Yan Huan’s face.

“Don’t be afraid anymore. The children have been found.”

Yan Huan opened her mouth as if she wanted to say something, and she also tasted a mouthful of salt.

I’ve found them..

The rain outside was still falling sporadically, and it seemed to be much heavier than yesterday. It clearly felt like it was about to stop, but in the rainy season of Hai City, it was always a little damp.

A car stopped at the entrance of a bungalow. Everything here was very simple and crude. It was also the most depressed and backward place in Hai City, a metropolis.

The buildings here were all built decades ago. The highest level of the buildings here was three stories. The lowest level was built from the ground. There were also asbestos-roofed mobile homes.

Compared to the dozens of stories of buildings in Hai City, this place was too simple and crude. It was as if they had traveled back in time to 20-30 years ago. At that time, Hai City could be seen everywhere, however, after a few decades, the development of Hai City was almost eye-catching. It was also the fastest to change. However, no matter how fast it was, it could still be seen. It was a story that belonged to those times, for example, sometimes you would feel it in such a place.

Actually, there were still some things that had not changed.

Papa Ren looked outside again. “Little Li, are you serious? The parents of the two children will be coming?”

“Yes, Dad.” Ren Li took a sip of the soup. “They said they’ll be here soon. They’ll probably be here soon.”

Chapter 2045: looking for his younger sister

“It’s good that you’re here soon.” Papa Ren took a puff of his cigarette. He was worried that he wouldn’t be able to find his children’s parents. Of course, they weren’t afraid that they wouldn’t be able to find their children’s parents. Even if they couldn’t find them, they wouldn’t lose out on their two children, it was just that the parents who lost their children would be very anxious.

Looking at his wife and daughter, they were practically pouring their hearts out to these two children. However, no matter how much they poured their hearts out, those weren't their own children. Those were other people's children, not theirs.

The children would have to return to their parents in the end. Only then could they receive a better education and lead a better life.

Just as he was thinking about this, there was a knock on the door from outside.

"It might be them." Ren Li hurriedly stood up and ran over to open the door. He felt that it was most likely theirs. Otherwise, who would come to their house at this time? Otherwise, would the teacher be paying a home visit, that was impossible. They were not primary school students anymore. What did the teacher care about them for? Besides, he and his sister had always been good at studying. The teacher naturally trusted them. In the future, they would definitely be able to go to Shanghai's key high schools, even the key high schools in Shanghai were too far from home. They had to stay at school.

It would be great if their home was closer. By then, they could go home every day and eat the food that their mother cooked. The food outside was terrible. It was terrible. He did not like it at all, his mother's cooking was the best.

He ran to the door and opened it. When he saw the people outside, he was shocked.

Why were there so many people?

"Where are the children?" Ye Shuyun rushed in. She wanted to see the children and her grandson. She hadn't seen them for three days.

Lu Jin quickly pulled her back and told her not to be anxious. The children couldn't run away even if they were here.

"Don't worry, they're fine. They'll be fine." Lu Yi quickly comforted Ye Shuyun. We'll be able to see them in a while.

Ren Li was really shocked by this scene. He couldn't react for a long time.

When Ren Li came in, he was still a little dumbfounded.

"How is it? Are they here?" When Papa Ren saw his son, he quickly stood up as well. However, why was his son the only one who came back? Was it because the family didn't come?

Ren Li pointed to the back. In an instant, a group of people, big and small, men and women, were coming in. There were more than a dozen of them, and judging from their clothes and dressing, they didn't look like ordinary people, there was another person who was terrifyingly tall. Papa Ren looked up for a long time. His figure was a lot shorter than the others. How tall was he exactly? He was 1.9 meters and two meters tall. He was probably a basketball player.

"Where's the child?" Lu Yi asked again. Papa Ren pointed inside. Actually, Lu Yi's words were not very harsh. His voice had always been like this. It was calm, calm, and cold, however, there was also some pressure on him. It also made people nervous and afraid.

“You don’t have to worry,” Lei Qingyi explained embarrassedly. However, he was clearly smiling. It was just that his height was a little too oppressive. He quickly pulled Papa Ren aside and took out a pack of cigarettes from his body, he took out a cigarette and placed it in Papa Ren’s hand. First, he smoked a cigarette. They were all family members of the child. They were too worried about the child and were about to go crazy from anxiety.

Only then did Papa Ren take the cigarette with trembling hands. He hurriedly took a puff as well. Only then did he regain some calmness, “I know what you’re talking about. I’m also a parent of the child. I know how anxious the family must be when the child is lost. The child was picked up by my son and daughter when they returned home. At that time, it was two years old. Both of the children were drenched and were hiding under the big tree. They said that they were very pitiful, so they were carried back.”

Lei Qingyi was also sensitive enough to hear that there were two children, not three.

However, when he was about to ask again, he heard Ye Shuyun crying inside. It seemed that the children had really been found.

In the room, Ye Shuyun was hugging Xiao Qi Xiaoguang and was about to burst into tears. Her grandson, the grandson that she had always held in her hands since young, had really been found. If she still couldn’t find them, she didn’t want to live anymore

“Mommy...” Xiao Guang stretched out his little hand for his mommy to hug him. He missed his mommy too much.

Yan Huan hugged Xiao Guang and gently caressed his little face. They had both lost weight, and the flesh on their little faces was almost gone. The frightened Papa Ren and Ren Lili did not move for a long time.

Yi Ling had already brought them outside. Of course, there were some things that they had to say and some people that they had to thank. If it were not for them, they might not have been able to find their two children. No matter what.., they had to repay this kindness.

“Xiao Guang, where’s little sister?” Yan Huan searched around for a long time, but he couldn’t find her. Where was her little xun? Why wasn’t her most clingy mother, Xiao Xun, around? When did she become so sensible, she knew that she had given her mother to her brother.

“Mommy, little sister was taken away by the bad guys.” Xiao Guang used the back of his little hand to wipe away his tears. “Little sister asked me and brother to go home to find Daddy.”

“Daddy, let’s go find my sister, Okay?” Xiao Guang stretched out his little hand and tugged at Lu Yi’s sleeve.

Lu Yi carried Xiao Guang up and pressed Xiao Guang’s little head against his chest.

“Mm, Xiao Guang isn’t afraid. Daddy will find my sister. Let’s go home first, okay?”

“Okay.” Xiao Guang twitched his little nose. “Xiao Guang wants to eat Grandma’s cooking.”

Xiao Qi also wanted to eat Grandma’s cooking. Xiao Qi’s voice was choked with sobs. He, who rarely cried, was shocked this time. The two children were not injured, but their injuries were in their hearts, even Xiao Qi, who had always matured early, now needed someone to carry her.

Lu Jin carried Xiao Qi. Ye Shuyun looked like she had not eaten well for a few days. He was afraid that she would drop Xiao Qi.

Lu Jin's eyes were red. He finally carried his grandson, but he wasn't relaxed. He still had xun. This wasn't a good place to talk. They had to go home and look for her.

His two grandsons were also frightened. If they didn't take good care of them, they would also get sick.

When the group of people left, the members of the Ren family sat together and didn't react for a long time.

It turned out that they did not save the child, but the golden lump.

Mother Ren patted her chest. Look, she was not wrong, right.

"Dad, is what they said true?" Ren Li tugged at Father Ren's sleeve. "They will buy us a house in Hai City. They will also find a job for father. They will also let us go to the school in the city."

Chapter 2046: gratitude

"I don't know." Papa Ren really didn't know. These words came from the mouths of those people. Anyone dared to say these words and anyone could say them. However, whether this was true or not, whether it would come true, that was hard to say, as for whether it was true or not, he couldn't give an answer. Whether he gave it or not, it wasn't up to them. It depended on the other party.

The other party's promise was in their mouths. As for them, they could live their lives as they wished. They saved those two children, and it wasn't because they wanted to repay the other party. Could it be that they wouldn't save them if the other party didn't give them any benefits?

Alright, let's Go to sleep first. Papa Ren stood up. What was the point of thinking about these things? As long as the children returned to their parents, it was more important than anything else. Our family's original business had never thought of taking anything from them.

Mama Ren thought the same way. As for Ren Li and Ren Lili, they were still thinking about their two younger brothers. They didn't take those promises to heart. Tomorrow's Day would still be bright. How would they live tomorrow, that was also tomorrow's matter.

However, what they didn't expect was that the next day, Yi Ling came in again. It was the first time they sat in a very high-end car. They also arrived at a high-end residential area in Hai City.

"Is this house good?" Yi Ling asked Papa Ren and Mama Ren with a smile. The house had three bedrooms and two halls. The layout of the house was very good and it was also well-decorated. Of course, they could decide what they needed later. They could add whatever they wanted later.

"Good, good..." Mama Ren nodded continuously. The lighting in this house was really good and the rooms were big. It was the dream of the Ren family to have their own house in Hai City.

However, the housing prices in Hai City were really too high. Even if father Ren worked himself to death, he might not be able to buy a house in this lifetime.

That's good. It seems that you guys really like it.

Yi Ling took out a key from her pocket and stuffed it into Father Ren's hand, "This house is yours. Someone will transfer the house to your name in a while. We will also help solve the household registration problem of your two children. With the household registration and the house, your children can transfer to a school in Hai City at any time. If it goes well, that's even better. If it doesn't go well, you can call me. By the way, there's no need for that. I will have my assistant follow you all the way."

"By the way, both of you will be working in our company. As long as you work hard and receive all kinds of benefits, you will be able to earn 20,000 yuan a month."

Papa Ren clenched the key in his hand and couldn't help but sigh. Mama Ren was right. They didn't just pick up two children, they had just picked up two golden lumps.

It wasn't until a long time later that he realized that the children they had picked up had such a high status. Not to mention them, even his son and daughter would follow these two children in the future, they had a good career, and their family could be considered to have a foothold in Hai City.

Of course, this was all in the future. After all, he couldn't have thought about it for so long. All he knew now was that their family had a house, and the key to the house was now in his hands, this house would also be transferred to his name, and he and his mother-in-law had their own jobs. He didn't know what the new job was, but it was close to 20,000 yuan a month, in addition to the money they had to spend on food and clothing, the two of them could save up to 200,000 yuan a year. To them, this was a fantasy. They did not even dare to think that one day, they would actually be able to have their own house, to be able to earn so much money in a year, he held the key tightly in his hand, and the key was burned into his palm.

The whole family seemed to be in a dream. Perhaps no one could believe that they had a house so dramatically.

They only came back to their senses after Yi Ling left.

Ren Lili picked a house for herself. She liked it here. She could even see the sea water from afar. In summer, she could even catch a cool breeze.

Ren Li was a boy. Of course, he couldn't compete with his sister. He could just stay in the remaining room.

As for the master bedroom, of course, it was for his parents. He was still thinking that he had to have a big desk and of course, a big bookshelf. In the future, his books could be placed in the bookshelf. He didn't need to put them under the bed anymore, when he wanted to find them, he had to lie on the ground and pull out all the things under the bed. He also had to search through the books one by one. As long as he had a big bookshelf, his books could be classified in the future, it was not an easy task to find what he wanted to find.

"When will we move here?" Mother Ren was so excited that she did not know what to do? This was simply like a pie falling from the sky. Where did this good thing come from? Wasn't this a little too good.

“There’s no rush.” Father Ren, the head of the family, now had to force himself to exercise greater self-control, “Let’s not touch the things here for now. We’ll talk about moving in when the house permit is really in our hands.”

Mother Ren also felt that it was good. Now that the key was in their hands, it was also useless. To put it bluntly, this house was not their own now. So, let’s not talk about other things first and wait until the permit was really done.., they were the ones who dared to move in. Everything in the house was bought by them with money. She would still be reluctant to lose it.

They were really thinking too much. They had not gone back yet, but the other party had already asked them to go over and get the deed. Father Ren himself was muddle-headed. He followed the other party the entire time, he did what the other party asked him to do. He signed when they asked him to sign and stamped when they asked him to. Half a month later, when he held the deed to the house in his hand.., when it was clearly written that he was going to build the house, he truly believed that they had a house in Hai City.

Of course, Yi Ling had never liked to do things without mud and water. After the production certificate was completed, they had also arranged their work well. Papa Ren’s job was the best. He was a construction worker to begin with, therefore, he helped in the production team by helping to lift props and other things. Although this job was sometimes a little heavier, it was much easier than the work he did on the construction site, as for Mother Ren, she was arranged to help in the canteen. Father Ren’s salary was very high and he followed the crew. He had to go on business trips to make up for it. Sometimes, he also had to pay for the dangerous work. However, this was dangerous for others, however, Father Ren was different. He was really good at doing this. The main reason was that he was not afraid of heights.

Therefore, his high salary came from this place.

Chapter 2047: who are the bad guys

As for Ren Li and Ren Lili, they had also transferred to Haishi No. 2 middle school. Regardless of whether it was high school or high school, it was very close to them, especially high school, which was even closer, they were almost at the end of the road. The two of them were the happiest now. With a new house, they could sleep at home for half an hour more in the future. How great would that be.

The rain outside the window did not stop. They did not know how long it would last. It had been almost half a month, but the weather had not improved, however, this kind of rain was only inconvenient for the Lu family who had experienced a disaster. It did not make them afraid, and it was not a big deal.

After all, the rain was really much lighter now.

The two children had already fallen asleep in the car. He Yibin came over to check on them. The two children were not in good condition. Although their bodies were not hurt, they were scared out of their wits. The children were sick when they came back, they could not leave people. As soon as they left, they would cry. Xiao Guang used to be like this when he could not see. It could be seen that his condition was not better now.

Xiao Qi had always been a very obedient child. However, this time, she was also frightened. She needed an adult to hold her little hand.

It was already the fourth day since the three children went missing. Xiao Qi and Xiao Guang had found them, but Xun Xun was still missing. Xun Xun had also been missing for a whole four days.

She did not know if she would be like Xiao Qi and Xiao Guang. If she met a kind-hearted person who saved her, she would also have food and water to drink. There would also be someone to help her find her parents. They all had the same hope, they hoped that Xun Xun would be picked up by a kind-hearted person. Her little face was so cute. No one would hurt her, and no one would be willing to do so, right?

The two children had said that Xun Xun was taken away by a bad person. Xun Xun had her two brothers run away, saying that she was looking for her father to save her.

They were still searching for Xun Xun's whereabouts, but they did not know who the bad person that Xiao Qi and Xiao Guang were talking about was. who was the one who took their three children away? who was the one who took the children away?

Xiao Qi rubbed his eyes and sat up on his own.

He climbed down from the small bed on his own and shook his sleeping younger brother to the side.

Xiao Guang was also jolted awake by his older brother. He was about to open his eyes and cry, but when he saw that it was his older brother, he just squeezed his eyes and pouted his little mouth. He did not cry anymore.

"We're going to find Daddy to save our little sister," Xiao Qi said to his younger brother.

"Okay." Xiao Guang nodded his head vigorously. He was going to find his little sister. The three of them had been born together from their mother's womb and had never been separated. Now that their little sister was gone, they were so afraid.

Xiao Guang climbed down carefully and held his brother's little hand, wanting to find his little sister with his brother.

When they came out, they were hugged by Ye Shuyun. Grandmother, grandson, where are you going.

Ye Shuyun could not leave these two children for a moment. If Xun lost them, they could not let anything happen to them again. If something happened to them again, would that mean that they would not let her live?

"Grandmother, Xiao Guang wants to find his sister." Xiao Guang sniffed his little nose. His originally round little face had lost a lot of weight, and even his little chin had become pointy.

The three children did not gain any weight, and Ye Shuyun had to work hard to raise the three of them to gain some weight. Now that all of them had fallen off, looking at the pointy chin, it made one's heart ache.

At the mention of the word 'younger sister', Ye Shuyun's heart ached again, and she endured her wailing.

What should she do? What should she do?

Her Little Xun had yet to be found. If she could not find him, they were still missing a child.

“Grandma, find Daddy to save sister.” Xiao Qi held Ye Shuyun’s hand and was about to save her sister. They missed their sister. Although they were still young and did not know what kidnapping was., they knew that they needed daddy to save their sister.

Daddy was a giant. Daddy would definitely be able to save their sister.

“Okay, save our sister. Grandma will bring you there.” Ye Shuyun wiped her tears and held the two grandsons’ hands with each hand. She brought them to find their sister. Lu Yi had said that., perhaps the two children knew something. However, after the two children returned home, they had been in a coma and had not woken up.

They were waiting as they searched, but they still couldn’t find Xun Xun. They hoped that Xiao Qi and Xiao Guang really knew something?

Because they were the closest to Xun Xun.

When Ye Shuyun brought Xiao Qi and Xiao Guang out, Lu Yi quickly stood up and extended his hand to his two sons.

“Xiao Qi, Xiao Guang, come over to Daddy.”

Xiao Qi and Xiao Guang let go of Grandma’s hands and ran over to Daddy.

Lu Yi carried his two sons. The two little guys were very fond of their daddy. They were still children, still so young.

“Come, Uncle Lei, give us a hug.” Lei Qingyi carried Xiao Qi over and let him sit on her lap. It was good that he was awake. Yes, it was good that he was awake. They could ask him some questions.

They just hoped that they could really get some information out of the two children.

“Xiao Qi, tell uncle who took Xun Xun Away?”

“A bad person.” Xiao Qi’s little face turned serious when she mentioned the name of a bad person.

Yes, a bad person was a bad person. Xiao Qi only knew how to say bad people.

“A bad person took my sister away.” Xiao Guang, who was being carried by Lu Yi, also imitated his brother’s words. He was a big bad person.

“What does a bad guy look like?” Lei Qingyi turned around and asked Xiao Guang again. However, why did it feel like talking to a four-year-old child about this was like playing the piano to a cow? How Old were they, how could they find a bad guy.

“A bad guy looks like his mother,” Xiao Qi glanced at their mother.

“Not his mother,” Xiao Guang added.

The brothers’ meaning was clear.

Bad guys looked like their mothers, but they were not their mothers.

"I've seen bad guys before," Xiao Guang bit his little finger and nodded his head forcefully.

"You've seen them before?" Lu Yi placed his son on the ground and squatted in front of him. "Where did Xiao Guang see bad guys before?"

Xiao Guang stretched out his little finger and pointed at the house. "At home."

"Where at home?" Lei Qingyi quickly searched through her memories. Who would come to the Lu Family?

There weren't many people who could enter the Lu family. Now, they had to see who it was?

However, no matter how they asked, Xiao Qi and Xiao Guang only knew these things. They couldn't say anything else. They were indeed too young, even if they knew a lot of things, however, they did not know how to express it now. Up until now, the only information they had gotten from the two children was that they were bad people,

Chapter 2048: reintroduced

The Bad Guy took his sister away. The Bad guy came to the Lu family, but no matter what he asked them, they all shook their heads and asked them about the characteristics of the bad guy, how tall he was, how fat and thin he was. How could they possibly know?

Yan Huan stood up and walked in front of Xiao Qi. Xiao Qi's memory was better, and Xiao Guang followed her brother's thoughts. She was the mother of the child, so how could she not know.

Yan Huan hugged Xiao Qi and squatted down

"Is it the bad guy that Xiao Qi remembered?" Yan Huan asked him.

Yes, he remembered. Xiao Qi tapped her little head hard. Xiao Qi was different from Lu Yi. Lu Yi had a strong memory for numbers, but he was slightly blind to people, especially women, however, Xiao Qi's memory was not only limited to numbers, but also recognizing people. He was not blind. He could remember people he had met once, but he was too young now, so it might not be obvious.

"Then..." Yan Huan tried to communicate with Xiao Qi.

"Didn't mommy bring Xiao Qi to the set? You've seen those uncles and aunts filming, right?"

Xiao Qi nodded her little head again. "I remember."

"Alright then..."

Yan Huan patted his son's little head. "Xiao Qi, do you still not remember what the bad guys said and did when they came to the house?"

Before Xiao Qi could finish, Xiao Guang ran over and snuggled into his mother's arms. Their mother was the person they loved the most and could not leave.

“Mom, Xiao Guang remembers. Xiao Guang also remembers.”

Before Yan Huan could say anything, Xiao Guang ran to the living room and knelt there.

“Dad, Dad, I beg you, please save Lu Qin, save your grandson.”

Xiao Guang seemed to be memorizing his lines, but his little face was expressionless and not very vivid. He even climbed up and reached out his little hand to grab the corner of his grandfather’s shirt. He was really putting in a lot of effort.

“Dad, Lu Qin is your grandson.”

Although there was no expression on his face, his lines were very good. Almost all of them were restored to their original appearance, without missing a single word

Xiaoqi kept nodding his little head.

“Mom, the bad guys are theirs.”

And Xiaoqi still wanted to say two words

“This is impossible?” Lei Qingyi stood up. Qin Xiaoyue had been locked up the whole time, so she couldn’t get out. She was locked up in a prison, not somewhere else, unless she could break out of it, but did Qin Xiaoyue have such ability? No, how could she have such ability.

Lei Qingyi still didn’t believe it and took out her phone to call her. She wanted to know if Qin Xiaoyue was there, but the answer on the other side was yes. Moreover, she had been locked up for a few days recently, so her temper was a little more restrained, she didn’t look like a shrew anymore. That place was the best place to teach people. If her family couldn’t teach her, no one else could. As long as she was sent there, it was the best place.

If she had known earlier, she would have thrown Qin Xiaoyue into the prison early in the morning. Otherwise, she would have caused trouble every day. She would have harmed this and that,

“It’s not Qin Xiaoyue.” Lei Qingyi was sure that it was definitely not Qin Xiaoyue. Qin Xiaoyue was now in prison. It was impossible for a second Qin Xiaoyue to appear in this world. Moreover, didn’t Xiao Qi and Xiao Guang say that they would take away the missing person, did she look like Yan Huan? Therefore, she should be a young woman who looked like Yan Huan. She should not be a middle-aged woman. Even if Xiao Qi and Xiao Guang were mistaken, could it be that the kindergarten teachers were blind? She had taught her three children to that person, so it could be seen that she was indeed a young man, there was also the fact that it was impossible for the three children not to recognize their mother.

Qin Xiaoyue’s figure was way too different from Yan Huan’s. Just the fat on her body was enough to take on two Yan Huan. Moreover, she had only been locked up for less than half a month, half a month., how could she lose 50 to 60 pounds in a short time? Not eating or drinking was not losing weight, it was death.

Therefore, it was absolutely impossible to say that it was Qin Xiaoyue.

Lu Yi hurriedly carried Xiaoguang over as if he had thought of something.

“Xiaoguang, that bad guy, was it an uncle who came to the house with that bad guy’s grandmother?”

“It was an uncle.” Xiaoguang nodded. “They came to the house several times.”

“That’s impossible!” Lei Qingyi said the same thing. They must have guessed who it was?

It was Lu Qin.

However, that was impossible. Lu Qin was already dead, and his body was still in the morgue. As for why he didn’t dispose of his body, he was waiting for Qin Xiaoyue to leave. Old Master Lu didn’t want to care about Lu Qin’s affairs, the final ownership of Lu Qin was Qin Xiaoyue’s business. Now, it was said that Lu Qin had taken the child away,

how could that be possible? Unless she had seen a ghost.

Yan Huan gave Xiao Qi to Lu Jin to carry and stood up again. “I want to verify Lu Qin’s identity again.” If there was anyone who knew Lu Qin best in this world, it would probably be her, except for Qin Xiaoyue, she and Lu Qin had been together for two lifetimes. Perhaps she, the person next to Lu Qin, knew more about Lu Qin than Lu Qin himself.

“DNA,” lei qingyi said with some dryness, “The DNA has been tested.”

“Someone will fake it.” Yan Huan did not believe in DNA. She believed in her own eyes, and they might have relied too much on the so-called Dan, so what did they miss?

Her child would not lie. If they said it was Qin Xiaoyue, then it was Qin Xiaoyue. However, it was impossible for Qin Xiaoyue, so there was only one suspect. It was none other than Lu Qin.

As for whether Lu Qin was alive or dead, whether he was alive or a corpse, she wanted to see it with her own eyes.

Lu Yi carried Xiaoguang up and let ye Shuyun see it.

“Let’s go again.”

“Okay.” Lei qingyi was biting her gums so hard that it hurt. “If I find out which son of a bitch did this, I will definitely rip his head off.” How dare he lie to Him? He was tired of living.

Not long after, they arrived at the hospital’s morgue. Yan Huan had seen dead people before, and she herself had died. As for Lei Qingyi and Lu Yi, they were probably not too unfamiliar with these things, of course, they had not seen them once or twice, so they did not feel anything.

A staff member pulled out a drawer. “The one you’re looking for is here.”

“Where’s the Doctor from last time?” Lei Qingyi asked the staff member. This was clearly not the one from last time. The two of them were tall and short, so it was very easy to recognize them.

“He has already resigned,” said the staff member. He had resigned a few days ago.

“Resigned?”

Lei Qingyi smelled something that was not quite right. resigned. Yes, resigned. Why did he resign out of the Blue? A job in the morgue was not something that an ordinary person could do. Of course, in this

line of work, it was difficult to change careers, this was a job to serve the dead. If one wanted to change careers, one had to see if other places would dare to accept them.

Chapter 2049: was really not him

He actually resigned and left this place without any illness or pain. Wasn't that very strange?

At this moment, Lu Qin's body had already been carried out by the staff.

"Are You Afraid?" Lu Yi held Yan Huan's shoulders tightly. He was afraid that she would feel uncomfortable when she saw this.

Yan Huan shook her head. "I'm fine."

She was already a devil now. What was there to be afraid of.

"I'll feel a little uncomfortable later." However, it was fine. Lu Yi held Yan Huan's hand tightly again because regardless of whether this was the real Lu Qin or not, his face had been severely damaged. It was possible that after seeing him.., it would make people feel disgusted.

Yan Huan also held his hand tightly. The white cloth covering the corpse had also been removed, revealing a stiff and pale face. Yan Huan watched coldly as Lu Yi held her shoulders tightly, yan Huan was much braver and calmer than he had imagined.

When the white cloth was removed, a naked corpse was placed in front of them. There were many wounds on his body, and even the birthmark on his arm could not be found.

"Turn it over," Yan Huan said to the staff member. The staff member hurriedly flipped the corpse over. At this moment, the corpse had its back facing them, and a pair of white buttocks were exposed in front of everyone.

"No," Lu Yi frowned.

"This person isn't Lu Qin."

"No?" Lei Qingyi was also shocked. This wasn't Lu Qin, so how could this not be Lu Qin? The DNA had clearly been tested, and he had personally seen it. The hair had also been cut from this corpse.

No, he shook his head. When he had cut his hair back then, the person had been covered by a cloth. At that time, he had felt that it hurt his eyes, so he hadn't thought about it. He had wanted to confirm it again, and that staff member had asked to guard him.., should he take another look? He didn't look at that time. It was possible that the person who cut his hair was Lu Qin, but this corpse wasn't.

"How can you be sure that it's not him?" Lei Qingyi looked left and right. This corpse was Lu Qin. His face was completely disfigured. How could it not be Lu Qin.

"It's not him." Lu Yi's gaze stopped on the two big buttocks.

“They’ve removed the birthmark on Lu Qin’s arm, but they’ve forgotten that there’s one on Lu Qin’s buttocks as well.” And now, there wasn’t even a single scar on the big white buttocks, it was impossible for Lu ran to have a birthmark.

No matter how similar the corpse was, no matter how much the evidence slipped, they had only forgotten that there was a birthmark on Lu Qin’s buttocks, perhaps even Lu Qin himself had forgotten that there was a birthmark on his buttocks, so he did not get rid of it.

Lei Qingyi took out his phone. He wanted to find the staff member who had resigned from the morgue. He wanted to ask him what kind of nerve he had to lie to Lei Qingyi.

Lei Qingyi went to deal with this matter. As for the fake body, he would do whatever he had to do with it. Of course, there was also the matter in the prison. Who was the mastermind, he even gave him a fish’s eye. If it wasn’t for the mastermind, how could he really mistake a dead person for Lu Qin.

Lu Yi first sent Yan Huan home. The two children ran over as soon as they saw their mother and asked their mother to carry them.

They had always been independent children. They were very obedient and sensible. Although most of their mothers carried their younger sisters, they were older brothers and knew to give way to their younger sisters, now that they were so attached to their mother, they didn’t sleep because they wanted to wait for their mother.

“Mommy is fine. Don’t be afraid.” Yan Huan hugged his two sons. “Did you guys eat or drink water?”

“Yes.” Xiao Qi and Xiao Guang nodded at the same time. They had both eaten and drank water, and they even slept.

“So Obedient.”

Yan Huan hugged his sons, but he was still worried about Xun Xun. Ever since that devilish little girl was born, her family had always held her in the palm of their hands. He didn’t know what kind of suffering she was going through now, but when he thought about it.., she felt as if she was being sawed in half. She could not bear the pain.

Lu Yi had said that he would find Xun Xun. He would definitely find their daughter. She believed, yes, she believed that her little Xun Xun would definitely come back. She was such an obedient child, and it was also the greatest surprise in their lives, even though everyone thought that Xun Xun could not live, she still survived. She grew from two Jin to this height. It was not easy. If it was not for the Lu family, they would not have known.., she had gone through a lot to grow up until now. It was impossible for anything to happen to her, right?

Their Little Xun was a blessed child, right? Didn’t the Lu family say that the girls of the Lu family were born with wealth and honor? The Wang family, the Wang family, and the Wang family’s parents were also the Wang family’s.., look at their Little Xun. Although they had many twists and turns, they were all resolved. Therefore, such a blessed child would not have an accident, right?

When she was just born, almost all the doctors said that she could not live on. Even he yibin did not have much confidence in her heart. It was also because it was too difficult for such a child to survive,

however, Xunxun was a person who lived up to her expectations. Even though her little heart had stopped a few times back then, she still managed to survive in the end.

Everything was fine now. She had grown up to be a healthy and adorable child. She would definitely be fine, right?

Yan Huan missed Little Xunxun, but there was nothing he could do. Lu Yi had said that she had to listen to him in everything, so she listened to him. She could only accompany little qi and Little Guang through the night. Little Qi and Little Guang had a fever again at night, their little faces were red from the fever. In a moment, they were white again. It was very heartbreaking.

He Yibin said that the children's fever was not too severe. Their bodies were fine. Although they had been caught in the rain, the two children's bodies were very healthy. Their resistance was also strong, so this little fever.., it should be fine by tomorrow.

Yan Huan held Xiao Guang's little hand. This little hand really needed their parents to take care of them. It was their fault for not protecting them. They had to suffer such pain at such a young age.

Xiao Guang's tiny hand instinctively shook her mother's hand. Perhaps she could feel her mother's breath, so she did not wake up. Of course, her expression was much better than before, at the very least, it was not as ugly and worrying as before.

Yan Huan placed her hand on Xiao Guang's tiny forehead. It was no longer hot, but she was sweating a little. She hurriedly got the nanny to wring a new towel and carefully wiped Xiao Guang. She would not sleep tonight either, she would accompany Xiao Qi and Xiao Guang well and wait for Lu Yi to find her.

Chapter 2050:

As for her, she really couldn't be of any help, so she could only wait. She could only believe that Lu Yi could save their daughter. If Lu Yi could do it, then he must be able to do it, right?

Lu Yi was omnipotent to begin with. She believed in Lu Yi. She had always believed in him, and she was also with him unconditionally.

Go to sleep. Don't be afraid. Mommy is here to accompany you.

Yan Huan held Xiao Guang's little hand and placed it under the blanket. By the second half of the night, the two children's fever had subsided. Of course, they also slept better, it was also possible that their mother was here, so they obediently fell asleep and did not wake up for the entire night.

In the middle of the night, other than them not falling asleep, there were actually many people who did not fall asleep.

For example, right now, in the Safety Hall, Lei Qingyi had a long face. In that instant, that pair of bull-like eyes seemed to emit a hair-raising murderous aura. There was also Lu Yi standing beside him.., it was unknown what he was thinking. His facial features were so cold that they were almost terrifying.

"What exactly do you want to do?" Qin Xiaoyue really did not know what had happened to her. She was fine. Why? Did she not sleep well?

“My Son is dead. What else do you want? I am also in prison. Don’t tell me you want to kill me and get rid of me?”

Qin Xiaoyue sneered. In any case, she did not even have a son now. She did not have anything to look forward to in her life. Even the last bit of money she had on her had been spent. Her family, her nephews and nieces.., which one of them had come to visit her and thought about her? They hadn’t even called her after they couldn’t get any benefits from her, so how could they come to care about a criminal like her.

She wasn’t even worse than death right now. She was just struggling to survive.

When Qin Xiaoyue moved her mouth and was about to say something, Lei qingyi interrupted her impatiently, “Okay, stop pretending. When did your son die? Where do you think Lu Qin is now?”

He slammed the table hard, and his huge hands almost cracked the table.

He didn’t sleep in the middle of the night, not to look at her old face, nor to listen to her nonsense. He just wanted to know where Lu Qin was and where he had taken Xun Xun.

“Isn’t my son in the morgue?”

Qin Xiaoyue gritted her teeth and stood up with a whoosh.

“Lei Qingyi, Lu Yi, do you have any humanity? My Son is dead. Why? Do you still want to convict him? Even if you want to convict him again, I have already said that he is dead. Do you still want to dismember him into pieces?”

Lu Yi walked over. There was an inexplicable chill on his body, which made Qin Xiaoyue shudder involuntarily. No matter what, Qin Xiaoyue had been living in the Lu family for a long time, she had watched Lu Yi grow up, and it was impossible for her not to know what kind of character Lu Yi had. The current Lu Yi did not even have a trace of emotional fluctuations, and his pair of dark eyes were so gloomy that they were almost devoid of emotion.., the corners of his lips were tightly pursed, and there was not a trace of a smile on his face. Those who understood Lu Yi also knew what kind of violent storm he was in now.

He was very angry. He was very angry. He was extremely angry.

If he were to say one more word to him, he might break Qin Xiaoyue’s neck in a moment.

Qin Xiaoyue could not help but feel that her neck had aged. She instinctively shrank her body.

“You... What do you want to Do?”

She stuttered. Although she was unwilling to admit that she was afraid of Lu Yi, she was still very afraid of Lu Yi. Lu Yi was capable of doing anything. Lu Jin would take into account the Lu family’s friendship, but Lu Yi would not.., he was going to be ruthless. He was going to crush all ten Qin Xiaoyue to death.

“Tell me, where is Lu Qin?”

Lu Yi asked in a faint voice. His voice was very soft and ethereal, but it felt very heavy when it hit someone’s body.

“Lu Qin...”Qin Xiaoyue struggled and felt uncomfortable in her heart. “My son is in the mortuary. He is already dead. He is already dead. Don’t tell me that you don’t want to let even a dead person go?”

“Enough.”Lei Qingyi was annoyed, “Why are you talking so much nonsense with her? The corpse in the mortuary is not Lu Qin’s. As a mother, how can you be a mother if you can’t even recognize your own son?”

They believed that it was Lu Qin’s corpse. Other than the report of the D, N, and a dance, it was Qin Xiaoyue’s appearance. She was a fool and not someone who could act, she acted as if her son was dead. It was also possible that she really thought that Lu Qin was dead

This was a true expression of emotion, and it was also a true expression of emotion. That was why they did not suspect it. It seemed that the person who plotted Lu Qin’s fake death was not a fool. He even knew to hide it from Qin Xiaoyue, he wanted Qin Xiaoyue to think that he was really dead. He wanted her to live and die for him.

Such a mother, such a son

Mother scammed son, son harmed mother.

As expected, this was a true mother and son. Only between mother and son would there be such a good understanding. Otherwise, how could it be convincing.

Lu Qin was indeed the one who understood Qin Xiaoyue the most. However, Qin Xiaoyue’s mother had failed a little. She did not understand her son that well. That good son of hers had not only plotted against them..., he had also plotted against his own mother. Therefore, it seemed that they were going to fail this time.

Lu Yi stood up, opened the door, and walked out. He did not want to ask any more questions. In fact, it was the same no matter how many questions he asked. Even if he asked Qin Xiaoyue, she would not give them any answers because Qin Xiaoyue did not know anything at all., lu Qin had never thought of letting his mother know that he was still alive. When he had planned all this, he had never thought of letting Qin Xiaoyue know.

Qin Xiaoyue couldn’t hide the truth in her heart. To put it bluntly, she just couldn’t accomplish anything. She was more than capable of ruining things. Therefore, why would Lu Qin let Qin Xiaoyue participate in this matter, therefore, even if they beat Qin Xiaoyue to death here today, they wouldn’t be able to get anything out of Qin Xiaoyue’s mouth.

However, Qin Xiaoyue was still useful. They wanted to see if Lu Qin was still human and if he still needed this kind of mother.

The sky outside gradually brightened up, revealing some faint light. This light seemed to bring a glimmer of hope, but after the hope, they didn’t know if it was the disappointment that they couldn’t bear.

No matter what, this world still existed. Time still passed, and the Sun would rise one day.
