

**Chapter 2071: don't even think about seeing your daughter**

Su Ancheng was so angry that his face turned completely white. "Nonsense." He gritted his teeth. "My granddaughter wouldn't do such a thing."

"So you don't know. I thought you knew everything and did all the Shameless Things for your granddaughter?" Old Master Lu pulled a chair over and sat down as well, his mouth was full of sarcastic remarks, "Your granddaughter sold your son's woman. By the way, what's That Woman's name? Her name is Zhu Meina. But your son is thick-skinned enough. After sleeping with his aunt, he slept with his niece. This is not something an ordinary person can do. In any case, the people of the Lu family can't do it. But the people of the Su family can't help but feel cold. You can have a bite of any kind of woman."

At this moment, Su Ancheng's face was so angry that it was transparent. He was so angry that he almost spat out a mouthful of blood. He hated those two useless legs of his that he could not even move.

Old Master Lu leaned back. "Old Man Su, we all fought together." Old Master Lu recalled how young heroes they were when they were young, they all rode on horseback and fought against the Japanese together. They were shot, captured by the enemy, and killed. At that time, they had such noble national values, but when they got old., they all destroyed the reputation that they had built up all their lives.

"Old Man Lei, Let's not talk about it anymore. He left early. Now, he has become a cup of dirt. Ye Jianguo is now closed in and has smashed his daughter's ashes. Even if he dies, he won't be able to rest in peace."

"As for you, Old Man Su, you're half dead and half alive. Moreover, when your son dies, there won't be a successor. When the Su family reaches Su Muran's generation, they will have no more descendants."

Therefore, how could old man Lu not be proud.

"I still have a good outlook on the world. At the very least, I have my own conscience. I will hit my own children and grandchildren, but I will not do anything to their children. Their children are also raised by their biological parents. You have never raised them and have never given birth to them. Why should you do anything to their children? Just Like Old Man Ye, just like you, none of them are good."

"I still want to watch my three great-grandsons grow up and see them get married and have children. By then, I will be over a hundred years old. But you, old master Lu pointed at Su Ancheng's legs. In the next few years, you will have to live like this. You won't even be able to make your own decisions. Tell me, what else can you make?"

"Oh right, I forgot one more thing." Old Master Lu moved closer to Su Ancheng's face. "After you and your son are gone, the Su family will no longer exist in this world. At that time, there will only be the Zhu family."

Su Ancheng clenched his fingers tightly under the blanket. He clenched his fists so tightly that he was almost thinking about it.

“And the matter isn’t over yet.” Old Master Lu reached out his hand and directly slapped Su Ancheng. He didn’t hold back at all.

This slap could be considered as you owe our Lu family. If it weren’t for the fact that you’re now like a cripple, I would definitely beat you until your son wouldn’t be able to recognize you.

“Don’t worry, I won’t kill you. It’s much more convenient for you to live, just like that old Fogey from the Ye family. Because you all want to see how our Lu family will flourish and how our hundreds and thousands of descendants will go down. And you, who have committed all kinds of evil deeds, want to see everything that you cared about the most in the past walk towards destruction step by step.”

Su Ancheng’s throat was filled with the sound of boiling water. He wanted to sit up, but waves of pain came from his legs. He wanted to scream, but only his mouth was moving, there was no sound at all.

He was so angry that he was about to have a stroke. Only then did old master Lu stand up and walk around the hospital bed again. He walked around, and Su Ancheng’s face was so red that it was bleeding.

Indeed, in this world, Old Master Lu would not give in to anger.

These old fogey did not have any meaning to live for long. What was meaningful was what they could leave behind for their descendants. He, Lu Yuanyang, had left behind hundreds and thousands of descendants for the Lu family.

As for Su Ancheng, he was too bad. There was retribution. What he left behind for the Su family was the end of all descendants.

Old Master Lu came and left triumphantly. It was all thanks to Su Ancheng’s strong heart. It was also possible that he was able to endure his anger. Otherwise, he would have long been angered to the point of death by Old Master Lu.

As for Su Qingdong, he had to care about the old and the young. Su Muran was half dead, but so what? She was still arrested. Not only was she suspected of kidnapping, but she was also suspected of kidnapping and trafficking women.

Only now did Su Qingdong know that Su Muran had actually sold Zhu Meina. What kind of woman was Zhu Meina? She was so ruthless that she could even kill her own aunt, let alone Su Muran.

In the end, he could only grit his teeth and compensate half of the Lu family’s property to Zhu Meina. Only then did he shut Zhu Meina’s mouth. But so what? In the future, Zhu Meina would be able to cover the sky with one hand in the SU family.

What did the Su family do? What Sins did they commit? Did they have to destroy their family.

As for Su Muman, she was still in the hospital. However, she did not have any freedom of life. She was already so sick that it was obvious that she did not have much time left.

The door outside was opened. Su muman was still ignorant and indifferent. It was as if he was waiting for death until a woman stood in front of her. Compared to her half-dead state, she was truly proud of her life.

“Hehe...” Su Muran suddenly laughed strangely and opened her mouth. Even her teeth seemed to be loosening in advance, as if she still lost a tooth, this made a woman who loved beauty to watch her decay day by day. It was more unbearable and painful than taking her life.

“You can forget about seeing your daughter for the rest of your life. Anyway, I won’t suffer any losses. I’ll let your daughter die with me.”

Yan Huan stared at Su Muran’s half-human and half-ghost appearance. All of a sudden, he didn’t even have the urge to taunt her. It wasn’t sympathy, nor was it softhearted.

What kind of sisterly relationship did this person have with her? What kind of sisterly relationship did they have? They were enemies for two lifetimes. What kind of feelings could they have.

Yan Huan only felt that it was not too bad to let Su Muran continue like this. She would personally watch her body grow older day by day and the flesh on her body would also fall off piece by piece. That would be even more painful than death.

She propped up her face on the table. “Su Muran, do you know why you became like this?”

## **Chapter 2072: still alive**

Yan Huan sized up the current Su Muran. Her illness was so incurable that others could easily tell, but her own feelings were even more direct.

She wanted to live so badly, but in the end, no matter how hard she tried, the only result was death. She would die in the most painful and cruel way.

Who could she blame? No one could blame anyone. If she wanted to blame someone, she should blame herself for having such a disease. If she wanted to forcefully take someone else’s life, of course, Su Muran was destined to die early.

Su Muran sneered. “How did I become like this? Don’t you know that if I asked you to damage my bone marrow earlier, I would be like this?”

“Why should I donate my bone marrow to you? Do I owe you anything?” Yan Huan suddenly smiled. This smile hurt Su Muran’s face and her heart.

“I did it on purpose. I did it on purpose to not donate to you. I did it on purpose to make your life short. You should take care of your own life. What does it have to do with you? Why should your life fall into my hands in the end and I have to pay for it for you?”

She lowered her head and looked at the half-dead Su Muran who was standing high up in the sky, “If you were to stay in your foreign country, it wouldn’t be a problem for you to live for three to five years. It might not even be three to five years. It might even be five to six years.”

“Who told you to come back? Now you don’t even have half a year.”

“Shut up!” Su Muran might have wanted to shout, but it was a pity that she was powerless now. It was as if she was waiting for death, and she couldn’t even make a sound.

Originally, she could still walk, wear high heels, and do what she liked. But now, she couldn't even walk. She was like a walking corpse, struggling to survive.

Right now, she hated healthy people the most. She hated healthy people like Yan Huan, who were proud of their lives.

Would Yan Huan shut up? Of course not. It was the most fun to sprinkle salt on other people's wounds. She wouldn't give up such a good opportunity. Of course, she could sprinkle more salt, she just didn't know if there was a chance.

Who asked Su Muran's life to be so short? It was so short that it might not even last for half a year. No matter how much she continued to be angry, it might not even last for half a year. It would only make her life even shorter.

"Oh right, where were we just now?" Yan Huan muttered to herself. However, the sarcasm was also very strong. Of course, it also made Su Muran almost tear the blanket on her body.

"I do know some things, but I don't think you want to know."

Su Muran did not want to hear anything. He only glared at Yan Huan, wanting him to get lost immediately.

However, she did not listen, but Yan Huan insisted on saying it.

"After you returned to the country, a doctor prescribed you with a special medicine. It's imported from the country. It's very beneficial to your illness, right?"

Su Muran clenched her teeth tightly. Her eyes were so wide that they were almost bleeding. Even her face was pale to the point of turning green.

Yan Huan's voice continued. Of course, she would not let her off so easily.

"This medicine is indeed beneficial to your body. You can feel it yourself. Then, why don't you want to know why you felt that your body became weaker and weaker later on?"

"Because..."

Yan Huan moved closer to Su Muran's face. His cold voice was full of sarcasm and mockery.

"Lu Qin changed your medicine. No, he didn't change it. The medicine is still the same medicine. It's just that the ingredients in it have changed a little. The effect of the medicine is not that good. The medicine you used was a few thousand yuan per bottle, but the medicine you ate in the end was only a domestic medicine that cost dozens of yuan."

"Su Muran, you were bitten by Lu Qin."

Yan Huan had long known that Lu Qin was an ingrate. He was capable of doing anything and didn't care about anything. If he could betray Su Muran once, he could betray her twice.

It was just that Su Muran was really too stupid. He couldn't even protect himself, yet he still wanted to drag Lu Qin along. She had heard that Su Muran had spent a lot of effort to drag Lu Qin out of the prison, it was also because Lu Qin had treated him like a dog and was ordering him around.

Even if Lu Qin was a dog, he was still a dog that did not bark. A dog that did not bark would end up being the most vicious dog that would bite people.

Su Mulan gripped the blanket tightly on her body as if she was trying hard to endure something. It was obvious that she could no longer endure it

She could no longer endure it.

Yan Huan hugged his arm. Some people were asking for it. The word 'sympathy' would never be used on such a person.

She turned around and left. However, when she reached the door, she stopped. That's right, he still had something to say.

She turned around again. There were no emotions in her eyes, let alone feelings. What sister? What sister? What did it have to do with her?

"I forgot one more thing." She wanted to make things difficult for Su Muran. She wanted her to be restless and suffer from torture.

"My Daughter is very well. We have found her, and..." her voice stopped and continued to gouge Su Muran's heart, "You didn't sell Zhu Meina either. Don't worry, you are dying of illness. She will come to see you soon."

Yan Huan opened the door and Su Muran's screams could be heard from inside. The screams were like that of a wild beast. The sounds of the screams were so loud that it was almost noisy, even the people standing outside the door became impatient.

Of course, they didn't have to worry about whether Su Muran would die from anger.

The doctor had said that there was still some time before the sentence was passed. Based on Su Muran's current condition, she would still be alive in a short period of time. She also had to save those kidnapped women. This could be considered as the last good thing she did before she died, it was the last good thing she did.

Otherwise, she would really have wasted her life coming to this world.

When Yan Huan left, he saw Lu Yi's car parked outside. He was here to pick her up.

She walked over and opened the door. However, a small hand stretched out for her to carry.

"Baby, be good. Mommy has germs on her." Yan Huan thought about how she had just gone to the hospital and stayed at Su Mulan's place for such a long time. What if there was a virus in the air?

Xun Xun blinked her eyes and sat down obediently. She did not want her mommy to carry her anymore.

Yan Huan looked around and really wanted to find a place to change her clothes. She could not take the clothes she was wearing anymore. They were really filthy. How could she have forgotten about this matter.

She closed the car door and took out her cell phone. She would get someone to send a set of clothes over. She had to disinfect herself properly. Otherwise, she would feel dirty, of course, she would not

come here in the future. She also would not go to see whether Su Muran was dead or not. Otherwise, she did not know if people would misunderstand. What kind of Sisterhood did they have? What kind of sisterhood.

### **Chapter 2073: Growing up soon**

It was funny and boring.

“Daddy, What’s wrong with Mommy?”Xun Xun tugged at Lu Yi’s clothes with her little hands.

Lu Yi carried his daughter up and scratched her little face. “Mommy’s body stinks. She’ll be fine in a while. Let’s sit down and wait for Mommy, Okay?”

“Okay.”Xun Xun hugged her doll and played with it obediently. After a few days since she was taken away, she had become bolder. Of course, she was also talkative, but she was much more obedient than before. The biggest change.., was that she was no longer picky about food.

However, she had not gone to the kindergarten yet. Ye Shuyun did not want Xunxun to go.

She would have to wait for a while more. Once the flesh that had fallen off her body had grown back, she would go to the kindergarten again.

Yan Huan changed into a set of clothes in the hotel and came over. She got into the car and carried her daughter.

‘Let’s go. Mommy will bring you to Linlang to play. You can see many people filming there.’

“Okay.”Xun Xun hugged the doll in her arms tightly. She could see many uncles and aunties there. Of course, there were also many fun things, but her mother did not let her go.

Of course, Yan Huan did not want her daughter to go. If she went, director Jin would pester her and let Xun Xun film. After all, Xun Xun was now a well-known child star in the country.

She did not mention Su Muran, nor did she mention anything about the Su family. Naturally, Lu Yi would not take the initiative to mention it either. The SU family was now a loathsome existence to them.

No matter what methods they used, it did not matter. However, they could not use these methods on the children. Therefore, the Su family would never be forgiven in this lifetime.

Of course, this time, no one could save Su Mumiao. She wanted to suffer from this illness and watch herself grow old and die every day.

Lu Yi drove Yan Huan to Linlang’s house. When Yan Huan carried his daughter over, director Jin heard that they were here. He even stopped filming his own scenes.

“You’ve lost so much weight!”Director Jin carefully carried Xun Xun up. Before filming began, she was still a chubby child. No, she was not that chubby. At this age, there were only a few chubby children, but she couldn’t be that thin. Just by looking at her small face, one could tell how thin she was. However, she had grown a little taller.

Director Jin compared Xun Xun's height. Indeed, she had grown a little taller.

"Let's go, Little Xun Xun. Go with Grandpa for an audition. Your current appearance is the most suitable. You look like a cartoon doll. These two eyes are big."

Director Jin carried xunxun without any explanation, wanting to bring her to the audition.

Xunxun obediently allowed director Jin to carry her. She was much more sensible than before.

On the set, of course, everyone knew Xunxun. This pinching and that teasing made xunxun laugh a lot more.

The results of the audition naturally made everyone very satisfied. However, no matter how satisfied they were, they still needed the approval of the other person's parents. Obviously, getting Yan Huan to agree was rather difficult.

Yan Huan had already rejected many such scenes. She herself was not willing to participate in any activities. Moreover, she had never thought of letting her daughter enter this circle. The reason why she was allowed to film., it was only because her personality was a little quiet. She wanted to make her more lively. She did not expect that it would make her famous.

Director Jin was also hesitant about how to talk about this with Yan Huan. He looked for a quiet place to hold his doll and sit on the small car. He did not make any noise or make any noise. He did what he was told to do. He laughed when he was told to, he could cry right away.

This was indeed because he had inherited his mother's talent for acting. It would be a pity if he did not train her properly.

In the end, director Jin decided to thicken his skin. Actually, this character did not have many scenes in this drama. As long as she came over to shoot a few scenes every day, it would be fine. However, it had to be said that although there were not many scenes., it would have some impact on the entire drama.

When director Jin received this script, the first person he thought of was Yan Huan's daughter, Xun Xun

He was old now and did not take on many roles anymore. However, if he wanted to take on any roles, he would definitely receive both good ratings and good reviews. It was impossible for him to be in the limelight for the rest of his life. When he got old., he was going to destroy his own brand. No matter what, he was still an internationally renowned director.

Therefore, when he was casting, he was extremely careful. And this time, the main actor that he chose was none other than the newest star of the season, Xie Weining.

Xie Weining was also at the peak of her popularity. Other than her series of good films, she also had a good reputation. Although it was not as good as Yan Huan's, it was not bad, director Jin recalled that when Yan Huan was in his twenties, that was when she was at her peak. Her acting skills were relaxed and relaxed. She was indeed an actress with a lot of spirit. Of course, she was also famous, but it was a pity., her heart was not in this place. Otherwise, her achievements might be even higher than now.

Director Jin braced himself and raised his request to Yan Huan. He initially thought that Yan Huan would definitely not agree, but to his surprise, Yan Huan actually agreed after thinking about it, just as he was about to waste time with Yan Huan, Yan Huan had already agreed.

And what kind of style was this? who could tell him the reason?

Yan Huan had indeed come over this time to find a job for Xun Xun. Xun Xun's personality was not very talkative now, so they were all worried, would Xun Xun leave a shadow in her heart because of that matter? Anyway, her family could not let her go to school now, so why not let her try to shoot some films and see if it could make her more lively, moreover, this was really just a minor supporting role. There weren't many appearances, and it wouldn't tire the little girl out. Ye Shuyun would follow her the entire time, and Lu Jin and the old man would also be there. They would be watching xunxun., yan Huan was naturally at ease.

As for Yan Huan, apart from recording that delicious food, she also had to manage Lu Yi's tummy. Of course, she also had to manage Xiao Qi and Xiao Guang's tummies. They loved to eat their mother's cooking the most, however, after Xun Xun lost her last time, it had affected them a little. The two of them had their own ideas. Now that they were going to the Lei family's place, they were very active. Of course, they were no longer tired of crying out in pain.

They had to study hard and grow up quickly. Only then would they be able to protect their younger sister and not let her save them in turn.

The kidnapping incident this time had indeed dealt a blow to the two children and made them fully realize that they were too weak to defeat the bad guys. Of course, they couldn't protect their younger sister either.

#### **Chapter 2074: angered her to death**

Of course, there was another person that had to be mentioned.

That was Yang Keke. Because she was suspected of kidnapping, she was currently being prosecuted. Regardless of whether she was forced or willingly, what she had to face was the sanction of the law. Of course, after having such a criminal record on her., then her star path had also reached the end.

Regardless of whether it was in her previous life or this life, Yang Keke was just cannon fodder. It was like a gust of wind that blew past. Once it passed, it would be forgotten for a long time.

Moreover, because her face had been cut too many times, although she had taken out the prosthesis on her face later, the nerves on her face had already suffered irreparable injuries. Her face could no longer be seen, in the future, forget about filming, even if she were to be a cameo for someone else, they would not want her anymore. Her face, which was still somewhat recognizable, had been ruined by her own.

The door of the ward opened again. Su Muran raised her eyes. Right now, she was just waiting to die. Not only did her teeth loosen, but even her hair started to fall out in large numbers. She was originally a young and beautiful woman, however, in just a few days, even the remaining years of her life had fallen ill. Other than her pale face, there was a terrifying greenish-gray color that was so cold that one could not look straight at it. Even the top corner of her eyes., had many fine lines appear.

She was only thirty years old, but now she was like a woman in her forties or fifties. No, even if she was in her forties or fifties, she was still alive and well. She could even live to be in her seventies or eighties. As for her life.., she had almost reached the end. She could feel it herself, and others could also see it.

What else in this world would be more painful and cruel than knowing her own death date and watching her die day by day.

And this kind of pain, Su Muran had completely adjourned the meeting.

When Su Muran saw the person who came, the originally turbid light in her eyes also burst out.

“It’s You?” She hissed. Even her voice was not as clear and pleasant as before. It seemed that after doing so many bad things, even her voice was about to leave her.

“It’s me. Are you surprised?”

Zhu Meina twisted and turned again. She walked over in her ten-centimeter high heels and pulled a chair over to sit down.

She fanned the air in front of her. The air here was really unpleasant. However, it was her family’s fault for being rich. Otherwise, she would have starved to death. Su Mumun was suffering from a rich disease. If she was not a member of the Su family.., she would have died hundreds and thousands of times.

It was not easy for Su Mumun to still be alive. Since they had no reason, they could just kill her. Of course, she was also alive so that she could watch the skin on her body rot, the flesh on her body would also fall off piece by piece.

Otherwise, if she died too quickly, no one would be able to bear it.

It was no wonder Yan Huan said that this place was too dirty. It was just too dirty. There was also that rotten smell inside. No one knew if it came from Su Muran’s body.

Zhu Meina was very happy. When she came here, she was still thinking about how to torture this woman. However, when she arrived here, she realized what torture was. She, Zhu Meina, was standing here.., she didn’t have any missing arms or legs. In addition to her good complexion, her extremely healthy body was the greatest torture for Su Mulan.

She took out her phone and took a photo of SU Mulan.

“What are you doing?” Su Mulan wanted to pick up his body and snatch Zhu Meina’s phone. “Don’t take a photo, don’t take a photo.”

“I’m letting you look at your own face. You probably don’t even know what you look like right now, right?”

As she spoke, she placed her phone in front of Su Muran. Su Muran’s eyes widened. When he saw the half-dead, ugly, and devil-like picture of himself in the phone, he suddenly.., he screamed like he had gone mad.

She covered her face and was almost hysterical as if she had gone mad. Meanwhile, Zhu Meina stood at the side and coldly watched Su Mulan collapse.

She put her phone away. Sure, she had seen him before. Of course, she had to take this photo back to the Su family to show Su Ancheng how his beloved granddaughter looked like?

Don't blame her for being ruthless. In this world, one had to be more ruthless than him to treat those who were ruthless.

Didn't Su Ancheng have no bottom line in his love for his granddaughter? But if you love your granddaughter, then go ahead and love her. No one forced you not to love her. Your granddaughter is your granddaughter. Other People's granddaughters are all picked up. What right does he have to hurt her, and he even dared to capture her godson, Xiao Guang.

Heh... he was already so old. It was better to cultivate his body and temper his character. He also wanted to savor the sins he had committed in his life. How could he let the Su family have no descendants.

In this world, evil people had their own evil people to torment, and Zhu Meina was the Su family's evil person. She had to torture this family to death. Who asked her to ruin her entire life on the Su Family? So, how could she not take revenge, how could she let the Su family have a good time? As for the Su family, they just had to wait for something. They just had to wait for their reputation to be ruined.

Zhu Meina opened the door. She hugged her arm and left in her high heels. The high heels also hit the ground, making the sound of stamping. The sound had never changed, and she had never changed.

She drove her sports car to the Safety Hall. When she got out of the car, her face did not look too good. She put her hand on her abdomen. Damn it, did she split the wound open, otherwise, why would it hurt so much.

If she really split the wound open, she would definitely be scolded to death by Yan Huan's woman.

But it was good to be scolded to death.

In this world, only those who truly cared about her would scold her.

As for her parents, she had given them all the benefits. She had given them a good life and endless money. Other people would never be able to buy a big house in their lifetime. It was a luxury car that they did not even dare to think about

However, they did not even care about her as their daughter. Could it be that they did not have that many feelings because they did not grow up by their side.

However, to Zhu Meina, she did not care about these things. She was a more realistic person. She did not care about feelings or kinship. In any case, she would have plenty of money in the future. She could do whatever she wanted.

As long as she knew that if she died in the future, someone would bury her.

Who Was It? It was her Xiao Guang, her precious godson. With the character of a man from the Lu family, he knew that Xiao Guang was a good child no matter how big she grew up. It was impossible for her to grow crooked.

### **Chapter 2075: Can She eat meat**

Of course, not all people with the surname Lu were good. There was one exception, and that was Lu Qin.

Right, Zhu Meina stopped. She didn't know if Lu Qin had found him. If he was Lu Qin, she would find a place with no one and hide for the rest of her life.

As long as he was caught, he would die.

However, she wasn't Lu Qin. How could she know what Lu Qin was thinking? Perhaps Lu Qin felt that he had lived enough. He wanted to die early and be reincarnated again, however, reincarnation was also a skill. Lu Qin was a person who committed many evil deeds. It was hard to say if he could be a human in his next life. Perhaps he would be reincarnated as a pig or a dog.

Zhu Meina walked to the safety hall and sat down. Naturally, someone would pick her up.

"Miss Zhu, please describe the faces of the people you know."

A sketch artist took his sketchbook and wanted to draw a portrait now.

Because they hadn't caught those human traffickers yet. If they didn't catch these people who endangered society and the safety of the country, who knew how many more people would be hurt in the future.

"Alright," Zhu Mei agreed. She had come here to do these things. She would cooperate with them in investigating the case. She also hoped that they could capture those criminals as soon as possible, rescue those women who had been sold.

She let out a light breath and waited for the pain in her abdomen to pass.

Fortunately, it only hurt for a while. She touched the gauze on her abdomen and also let out a sigh of relief. It did not seem to be wet, so her luck was still good. The wound did not seem to have opened.

She carefully recalled the looks of those people. Her memory was pretty good, and it was also because those people did have some unique features.

"One is in his thirties..." she narrowed her eyes and began to speak, "He's not tall, slightly chubby, has a square face, and a straight brow..."

As she spoke, the portrait artist continued to draw. When he was done, he even showed it to Zhu Meina. Zhu Meina really admired the hands of this portrait artist. As expected of someone who worked for a living, he was really amazing.., she only said a few words, and she had already drawn almost all of the person's appearance. Moreover, it was almost 70% of the person's appearance. If she were to modify it, it would clearly be those people's faces.

It was a pity that she was too nervous back then. She had forgotten the license plate number that she had memorized. It was not of much use to be able to remember a few numbers. Otherwise, it would have been easier.

After the few portraits were finished, Zhu Meina came out and went to Yan Huan's residence. She claimed that she needed to recuperate, but in reality, she just wanted to eat and drink.

"I went to see her." Zhu Meina leaned her back against the sofa. This was more comfortable.

"Do you want to see his photo? I took it." Zhu Meina took out her phone. "This photo scared Su Muran so much that he screamed. You Don't know that voice. TSK, it's like killing a chicken."

Yan Huan rolled his eyes at her. "If you want to see it, take a look for yourself. I'm disgusted."

"That's true." Zhu Meina also felt disgusted because Su Muran made her feel disgusted.

"Oh right, is Lu Qin still not found?" She sat up straight. That Lu Qin was also a scourge. If he was not caught today, not to mention Yan Huan, even she felt uncomfortable.

"No, he's very good at hiding."

Yan Huan took the apron and put it on. Then, he turned around and glanced at Zhu Meina. "You should eat less. You've gained weight."

"Have I?" Zhu Meina secretly pinched the inner part of her waist, wanting to see if she had gained weight. In the end, she directly forgot that she had undergone surgery. She immediately cried out in pain, it even gave Auntie Gu a big fright.

Of course, it was the same for Yan Huan.

Zhu Meina could really pinch her hand ruthlessly. The wound was almost torn open by her pinch. She was in so much pain that she grimaced in pain. Her tears were also a little smudged, and she was a little short of crying and wailing.

It had been a long time since Yan Huan had gone to record a show. This time, it was finally over. He had also learned a few dishes and was prepared to give them to Lu Yi to taste. When she brought out the dishes, Zhu Meina also wanted to eat them.

Aunt Gu didn't let her eat either.

"Why?" Zhu Meina had been waiting for this meal. If she wasn't allowed to eat, what was she supposed to do? Drink water?

"Miss Zhu is injured. Those are all spicy and not good for the wound, so it's better to eat something light."

Zhu Meina looked at the plain porridge and side dishes in front of her and really wanted to cry.

Could she eat some meat? No one answered her.

She carefully placed her finger on her waist. TSK, why does it still hurt so much? Also, she used her chopsticks to pick up the vegetables and tofu dishes without any oil. Two sad tears fell from her eyes.

Yan Huan brought the food to Lu Yi to eat. Xun Xun was still filming on set. Where were ye Shuyun and Lu Jin? It had to be said that with so many people around., xun Xun seemed to have forgotten about what had happened before the injustice.

She was the youngest on the set, and whenever anyone had anything good, they would give it to her. It also made her gradually become more lively, even though she was still a quiet little beauty, however, she was much bolder. Now, she dared to sleep by herself.

Xun Xun did not need Yan Huan to accompany her every day because Yan Huan simply could not squeeze by her side. She could only take a look at Xun Xun every day when Lu Yi got off work. Old Master Lu kept a close watch on Xun Xun., in the past, they could still bring xunxun back to stay at the garden. Now that Xunxun was somewhat independent and did not need a mother, old master Lu began to say that he was unwilling to let Xunxun stay even half a step away from him, he had to keep an eye on her.

And now, Old Master Lu did not have a good expression on his face towards all of them. It was because they did not tell him when the three children went missing back then. How long had it been, but they still bore a grudge against him now.

The three children were not brought along by old man Lu. Xiao Qi and Xiao Guang had also sent guards to pick them up. The kindergarten was also in a state of chaos because of the loss of the children, it also had an extremely bad impact on the reputation of the kindergarten.

The teachers in the kindergarten had been fired. Even the principal had been criticized. The kindergarten had been closed for a long time. The security in the kindergarten had been renewed. Even the current pick-up and drop-off of the children., was no longer the same as before. All they had to do was recognize a familiar face.

There must be some places in the kindergarten that were not done properly. After all, the safety of such an expensive kindergarten had to be placed first. If a familiar face could take the child away., then wouldn't their child be in danger.

### **Chapter 2076: caught the human trafficker**

The kindergarten also wanted to prevent such a situation from happening in the future, so it added a door outside the main gate. It required a card to enter, and it was also a card for each child. Without this card, no one could take the child away.

If it weren't for the fact that the kindergarten had this door, old master Lu would have changed the kindergarten for his grandson. This was a kindergarten or a teacher, yet he could hand over his grandson to someone else, this caused him to almost lose three grandchildren. And now, every time old master Lu went to kindergarten, his temper was very hot. In addition, his face was quite long, so every time, as long as he was around., it was almost as if the entire kindergarten's teachers were facing a great enemy. All of them couldn't help but feel cold, and their bodies were covered in cold sweat.

As long as Old Master Lu came and left, it would be as if they had fought a war and were about to die in the kindergarten. They really hoped that the chief wouldn't come again. If he came again., the teachers

in the kindergarten would definitely be scared out of their minds. However, what could they do? They were in the wrong, and it was also the ones who made them feel guilty.

Zhu Meina did not go to see Su Muran again. She looked around, but it was just disgusting. After she recovered, she went shopping and spent money everywhere. Her life was pretty good. Of course, in the Su family.., she was the only one who had a pretty good life. She had good food and drinks. Although she had put on some weight, there was nothing she could do. She was already middle-aged, so how could she not be fat.

As for Su Qingdong, he could do whatever he wanted. However, looking at Su Qingdong now, he felt a little pitiful. On one side was his old father who was about to die, and on the other side was his daughter who was about to turn into ashes.

Su Qingdong's entire life could be said to have been cheated by Zhu Xianglan and her daughter. These were all SU Qingdong's own matters and had nothing to do with Yan Huan. Yan Huan had said that he would not recognize anyone from the Su family, so he would not.

Su Qingdong was running around on both ends and was also in a mess. However, what could he do? Zhu Meina was taking pictures of herself and playing with herself. Su Qingdong could not care less about what she did.

Zhu Meina's existence was to let Su Qingdong remember what he had done in the past and what he had done wrong. This was the result. All of this had nothing to do with anyone else. He had brought this upon himself.

Of course, Zhu Meina was also reminding herself that the life she wanted to lead was a lifetime's worth of time. Of course, she would also use her lifetime to take revenge on Zhu Xianglan. Don't ask her if she would regret it later.

Her life had already become like this. If she was asked to change, she wouldn't be able to change it. And what else did she need to change? She felt that she was doing quite well. She could have whatever she wanted. Wasn't it good?

"En, you've caught it?"

Zhu Meina stood up immediately. "I've really caught it. Alright, I'll be there right away."

She took her bag and walked out. She hurriedly rushed over to the safety hall. The Safety Hall had just called her and the human traffickers had already been caught. They had asked her to go over and identify them. They had even found something, it was hers.

First, she did not mention anything. Now, there was nothing that she could not bear to lose. If she lost it, she could just buy it. It was only when the human traffickers were caught that it was truly too gratifying.

It was great that she could catch it. She was just afraid that she could not catch it. When that happened, she would let these people harm who knows how many women. She was lucky to escape in the end. Otherwise, who knows where she would be sold to, she lived a life worse than pigs and dogs.

Therefore, she really wished that she could strangle these people to death with her own hands.

She walked into the Safety Hall and coincidentally, Lei Qingyi was also there.

“You’re here.” Lei Qingyi was still polite to Zhu Meina. Of course, it was also because Zhu Meina had a good relationship with Yan Huan. Otherwise, with Zhu Meina’s temper, Lei Qingyi might not have even taken a glance at her.

Therefore, Zhu Meina’s current life was all thanks to Yan Huan, her good friend. Otherwise, she might really be living a life worse than a pig or a dog.

As for how Zhu Meina was living in her previous life, Yan Huan did not know. However, according to Zhu Xianglan’s usual methods, she might not be living a good life either. Don’t think that Su Muran still died in the end., Zhu Xianglan was able to transfer her maternal love to Zhu Meina.

That was impossible. She did not have a daughter. Of course, she would not be happy with someone else’s daughter. As for this other person’s daughter, the first person she disliked was Zhu Meina., although Zhu Meina had not fared too well in her life, she liked it. Therefore, she had changed a little because of Yan Huan’s appearance.

Of course, it was also because she was stupid, had big breasts but no brains, and was vain. However, in a certain aspect, she had a good outlook on life. At the very least, when Su Muran threatened her to deal with the three children, she did not agree, she did not agree.

As a result, the people who had previously treated her with indifference became polite to her.

“Have they been caught?” Zhu Meina counted the time. Wasn’t this a little too fast? It had only been a few days, yet they had already caught them. She had thought that it would take at least ten days to half a month.

“Yes, they have been caught. They are inside.” Lei Qingyi pointed inside, “We pressed the portrait and followed the accents of these two people that you mentioned. Then, we found out that it was all due to these people’s bad luck that they happened to bump into our spearhead.”

These people also confessed to the crimes they had committed.

As for whether they had captured Zhu Meina, it was possible that even they themselves did not remember. It was also possible that it was because they had sold too many women from their hands that they had forgotten about it, whether they had captured such a woman or not.

Zhu Meina walked in. She was wearing a brand-name tight-fitting dress with fiery red lips. If one only looked at her appearance, to be honest, she looked like a queen. It was just that she sometimes did things., it was really a little silly to say it out loud.

Therefore, she was actually a neurotic woman.

If she was a little more silly.,

then she would be a female idiot.

The opposite was that women who were not very smart relied on this set of clothes to support themselves

Was it them? Lei Qingyi asked Zhu Meina. These few people did not sell a few women. Moreover, they were a large-scale criminal gang that trafficked children and women. This time, the case was solved.., to Lei Qingyi, it was a great contribution. He could be evaluated many times this year.

Zhu Meina walked over and walked in front of a short and Fat Man. Before she could finish her sentence, she slapped him.

“You don’t give us food or drinks. You Lock Us up like dead dogs. If you walk too much at night, you’ll always meet ghosts.”

### **Chapter 2077: heroine**

She wiped her hands again and pointed at the short and Fat Man. “He’s the boss of these people.”

“I’m not.” Before Zhu Meina could finish her sentence, the short and Fat Man started to shout and deny everything.

“You’re not?”

Zhu Meina really wanted to give this damn fat man another slap. Even if she slapped her hand until it was covered in oil, it was also disgusting if it was greasy. It was so dirty that she had to find a tissue to wipe her hands.

“I’m not.” No matter how much the short and Fat Man denied it, he would definitely not admit that he was the main culprit. Selling human beings was not a small matter. If he was the main culprit, he would have to be sentenced to a large-scale prison. He would not admit it.

“You’re really not?” Zhu Meina curled the corners of her lips in disdain.

“A man should be able to admit it if he can do it. If you say you’re not, then why would they call you boss?”

She glanced at the other people and finally stopped at the crew cut. “Don’t you think so, second brother?”

“We don’t have a second brother,” a young man quickly wiped his sweat. “We only have a boss,” he said carefully, but it seemed like he knew that he had let the cat out of the bag.

The boss, on the other hand, glared at his subordinate. He was really a failure.

Anyway, I’m not the boss. You arrested the wrong person, but the boss still refused to admit it.

“I remember your voice,” Zhu Meina said faintly, “You said that you would sell those women to where, and how much money would you get. Oh right, she ran her fingers through her hair. I was among those women at that time. Although I don’t know how I got into your car, I was there. When you asked us to take a look, those women all ran away. But later, they were all captured and brought back. I was the only one who escaped.”

“It’s You?” The old man naturally remembered these things. After all, he had been in this business for so many years and had never wet his shoes. Of course, he had never suffered any setbacks. It was just that

one time.., he had been completely wiped out and those women had escaped. Although they had been captured later on... However, one of them was still missing. Moreover, their assumptions were too simple. They had thought that even if that woman had escaped, she would not have been able to leave alive. In the end, they had not expected that she had really left.., she was still alive, and she even drew a portrait of them.

Otherwise, how could they meet again here

“It’s me.”Zhu Meina turned around and walked to the side. She also sat down and crossed her legs. Her pair of fair and smooth long legs were indeed very attractive, of course, they were all beauties that men couldn’t reject.

Sometimes, the more beautiful a woman was, the more dangerous it was.

Zhu Meina, this woman, was no longer a long thorn. She was simply a knife that could stab people to death.

“Oh right, you must not know where I was hiding at that time. Actually, I was there the whole time. I was lying under that crooked tree and remembered your voices clearly. Of course, your faces too.”

“You sold so many women and children, and left behind those blood debts on their bodies. This time, I will make you pay with blood.”The more Zhu Meina spoke, the more she felt her heart surge, it was as if she had suddenly become a great hero.

She had suddenly become a noble woman.

And after she finished speaking in a righteous manner, she raised her chin and walked out in large strides.

Of course, there was also one more thing that she had, but she had forgotten what else she had left here. In the end, she really did find something that belonged to her. It was nothing else.., it was the bracelet that she had secretly left for herself at that time. It was inlaid with real diamonds, and of course, it was very valuable. However, she had taken it somewhere. Otherwise, if she had sold it at that time.., she would not have fallen to the point of begging.

Now that she thought about it, it was almost all her blood and tears. The person who had made her suffer was none other than that short-lived ghost, Su Muran.

She happily took back her bracelet. Of course, she did not forget to give him a brocade flag.

She did not know how to thank him for such an expensive thing. However, if he did not want it, she would treat him to a meal. Moreover, her identity was not suitable.

What if others said that she seduced a fresh meat.

She didn’t care. She didn’t have much of a reputation anyway. However, she couldn’t harm others without a reputation. This was something she wasn’t willing to do.

Look, she was so kind. She even wanted to applaud her own kindness.

So, in the end, she thought about it and decided that it was better to give him a big brocade flag.

Of course, everyone was happy about the banner.

This time, the human trafficker, an Zi, caused a huge commotion. Just as Lei Qingyi had said, it was a huge human trafficking gang that rescued dozens of kidnapped children and women on the spot, as for the others who were sold, they might have to be rescued slowly. After all, these women were either from the mountains or the old forest. Moreover, they were all from all over the country. They could not be rescued overnight.

No matter what, there was still hope, right?

“How is it? How does it feel to do a good deed?”

Yan Huan placed the bowl in front of Zhu Meina. When Zhu Meina saw the noodles placed in front of her, she immediately pulled her face away.

“En, it’s pretty good. Also, Yan Huan,” Zhu Meina almost felt her teeth ache. “I’m a heroine. Is this how you treat a heroine? Can you not give her noodles and eat a piece of meat?”

“The Doctor said that you’ve been eating too much recently. It’s been so long, and even a small wound can’t grow back. It’s obvious that you’ve been eating recklessly,” Yan Huan warned her. A small wound from an appendectomy, but she was fine.., it had grown for half a month, and the wound had ruptured once. Why did the high-heeled shoe directly fall? It ruptured the wound on the spot, and then it was sewn up again. Yan Huan really wanted to ask again.

Was she so stupid? Did her mother know?

She had sewed it up once for nothing, and it was also a waste of pain. Then, she disobeyed and started eating and drinking recklessly. There was nothing spicy, cold, or seafood that she did not dare to eat. She even dared to eat worms.

In Yan Huan’s eyes, this woman was really hopeless.

Yan Huan would definitely touch those things. Of course, he would not let Lu Yi eat worms. His family had a common taste, and they really did not have such heavy tastes.

According to Yan Huan’s character, with Zhu Meina’s character, giving her a bowl of noodles was already showing her respect. It would be fine even if she didn’t eat porridge.

Zhu Meina could only awkwardly pick up her chopsticks and eat the noodles. Of course, she didn’t expect that she could control her mouth. She absolutely couldn’t control her mouth. She would go home and eat her own good food. She could have whatever she wanted, she could have whatever she wanted.

### **Chapter 2078: she was back**

She thought happily in her heart. Of course, she did not dislike the noodles cooked by Yan Huan. Although she really did not like to eat noodles, Yan Huan’s noodles were cooked well as long as he did not give her white noodles.

Zhu Meina finished a bowl of noodles and wiped her mouth. She also messed up her legs. She had no temperament, posture, and posture. She went from a goddess to an idiot in an instant.

“Still no news of Lu Qin?”

Zhu Meina sat up straight. She couldn't find him. She always felt like there was a ticking time bomb around her, making her uncertain here and there.

Yan Huan shook his head. “He will hide very well, but he shouldn't be able to hide for long.”

Yan Huan explained too much about Lu Qin. Lu Qin wasn't a strong-willed person. He didn't have money on him, and he had a drug addiction. People who didn't have that kind of addiction would never understand.., just what kind of pain was that kind of addiction

And Lu Qin couldn't bear that kind of pain.

Zhu Meina shuddered. When she recalled Yan Huan's appearance at that time, she couldn't help but feel her scalp go numb.

“Be careful, he's desperate.”

Zhu Meina really felt that there was such a possibility, and it was a very high possibility.

I know. Yan Huan picked up the bowl, took it into the kitchen, and washed it. She turned on the tap and placed her hand under it. The cleaning bubbles would break from time to time, her heart was always a little uneasy.

She pursed her red lips and cleaned the soap bubbles on her fingers. When she came out, Zhu Meina was still standing there like she didn't know what to do.

She wouldn't leave today because Xiao Qi and Xiao Guang were coming back today. As for Xun Xun, Old Master Lu wouldn't give it to her. He was still sulking with them. Old Master Lu's anger would probably last for a while longer.

Zhu Meina missed Xiao Guang, so she came over to see her godson. Although Yan Huan did not admit it, he did admit it in his heart. In any case, if Zhu Meina did not have any children in the future.., she would just let Xiao Guang bury her.

At night, Lu Yi came over and brought Xiao Qi and Xiao Guang back.

The two children ran over happily when they saw Zhu Meina. Zhu Meina bought everything for the children, so the children all liked her. Zhu Meina smiled as she kissed this and hugged that. Although.., she talked about Xiao Guang every day, but in her heart, she treated the three children exactly the same. She didn't side with anyone, nor did she side with anyone.

She bought three sets of gifts, and of course, she also bought three sets of delicious food.

Of course, in her heart, she doted on Xiao Guang a little more.

At night, everyone else's children ate a big meal, but Zhu Meina was pitifully given a bowl of soup, a small piece of tofu, and a few small carrot sticks. She gnawed on her own food, no matter what, she felt that she was quite pitiful.

Of course, she wasn't full either. Initially, she wanted to stay here to accompany Xiao Guang. However, because Yan Huan, this woman, didn't allow her to eat this or that, she went back to eat alone.

It was already dark outside. At this time, many people were already resting. Of course, there were also many people who were still in the excitement of the day and didn't enter the silence of the night.

In fact, this itself was silence.

Xiao Qi and Xiao Guang had both finished their homework by themselves. Yan Huan and Lu Yi did not have to worry about this. Kindergarten classes were not difficult for them. Both of them were very smart children, and their memory was also good, especially when it came to numbers, their memory was very good.

And this was definitely because they followed their father, not their mother.

Their mother was not that smart.

Yan Huan gave the two children a bath and let them fall asleep. Only then did he return to his own room. Lu Yi was still busy inside. From the outside, he could hear the sound of his fingers tapping on the keyboard, he simply did it very quickly.

"They're asleep." Lu Yi closed his laptop. He was not too busy recently, so he did not have to work overtime every day. He could sleep a little earlier.

"Yeah, they're asleep."

Yan Huan walked over and rested her chin on Lu Yi's shoulder.

Lu Yi could tell that she wasn't too happy.

"What's Wrong?" Lu Yi gently patted her shoulder. "What are you worried about?"

Worried about Lu Qin, Yan Huan hugged Lu Yi's waist and buried her face in his arms. She could say that she had died twice in Lu Qin's hands, and now that Lu Qin hadn't been found, a fugitive like him.., he could do anything, and he did not dare to do anything. Zhu Meina's words were indeed correct. Be careful of a desperate dog jumping over a wall.

"Don't be afraid. I'll find him." Lu Yi gently stroked Yan Huan's hair, trying to comfort her recent bad mood. He rested his chin on the top of Yan Huan's head, this time, it would not happen again. If they really had to go that far, wouldn't he still be there? She had already blocked for him twice, and this time, it was his turn.

No, he shook his head. They would be fine, and they wouldn't get hurt again. They would live well.

Who was the person who understood Shaanxi Lu Qin the most in this world?

Lu Yi looked out the window and was somewhat lost in thought.

Yes, who was the person who understood Lu Qin the most in this world?

The outer sky seemed to have changed a little. It was originally a place that was bright and beautiful in spring, but now it was a little gloomy. He could actually see traces of cold air. The weather had become cold.

A door was opened. Those who entered from this place would undoubtedly not step into hell. And those who came out from this place would be the beginning of a new life.

The difference was that some people would enter and one day they would come out. They would be a new life.

And some people would be there for the rest of their lives once they entered. They would remain there until they grew old and died.

Qin Xiaoyue held her things and walked forward dejectedly. She changed her footsteps very quickly and walked very quickly. Of course, she was willing to stay there for the rest of her life.

She held her things and looked behind her from time to time. It was as if there was someone following her, but there was actually nothing. However, after walking for half a day, she only thought about leaving that place. She only thought about how she could get further and further away from that place, but she didn't know where she was going or where she could go.

She was simply a homeless old woman now.

She gritted her teeth and walked in the direction of the Lu family.

No matter what, that was still her home.

"Open the door, open the door..." she slammed the door hard, and now she could only pat the security door outside, but she couldn't touch the door inside no matter what.

Open the door, she banged on it hard again.

### **Chapter 2079: was desperate**

Ye Shuyun opened the door and looked coldly at Qin Xiaoyue, who looked like a fugitive.

She really didn't know how thick-skinned Qin Xiaoyue was. How could she still have the face to come here? If it weren't for her long-term upbringing, if it weren't for the fact that she was at the Lu family's door, would she believe it, if she went up now, she would rip Qin Xiaoyue's face off. He still had the face to come here, but she still dared to come here and wait for her to slap her face.

"Sister-in-law..."

Qin Xiaoyue laughed dryly. "Can I see Father?"

"Sure." Ye Shuyun smiled coldly and closed the door again. In a while, the door would open again, and Qin Xiaoyue also pretended to be pitiful. But what was the use of being pitiful now? Who would pity her.

When the door opened again, Old Master Lu walked out. His face was not that ugly, but it was a little long. And those who lived with old master Lu would know that he was in a very bad mood now, he was still very unhappy. If it were in the past, he would have smashed someone with his weapon.

And indeed, Old Master Lu was in a bad mood now. He was playing with his obedient granddaughter, but someone shamelessly came to his door again. "What's wrong? Haven't you stayed there enough?"

"Do you want to go there again?"

Old Master Lu narrowed his eyes and looked at Qin Xiaoyue. It was as if he was looking at the trash in the trash can.

Qin Xiaoyue's face froze.

"Dad..."

"Get lost!" Old Master Lu pointed at the door, "Qin Xiaoyue, get lost right now. I don't want to see your disgusting face anymore. And Don't call me dad anymore. Who Is Your Dad? I don't even recognize Lu Qin. Where did you come from? If I see you again, I'll throw you into prison for life."

Old Master Lu's words were not too harsh, but in Qin Xiaoyue's ears, it almost made her feel ashamed. She was so terrified that she had nothing to say.

She hugged her things tightly. When she remembered those dark days, she was also afraid.

And she turned around and ran. She knew that old master Lu could do it as he said. He would lock her up. He would definitely do it.

Qin Xiaoyue walked out dejectedly. However, thinking about it, it was not right. Should she go and try again? After all, that was her home. She had once lived there.

However, she did not dare. She did not remember old master Lu's warning clearly. As soon as she thought about what old master Lu had said, her scalp almost went numb, she couldn't even take a step back.

She touched her pocket. She didn't have a single cent on her now, and her house was gone. The money she had saved in the past had been handed over to her family to manage, even though it was her property, but the name of her family was written in the end. Now, it was all in the hands of her nephew, and she had nothing.

No matter how fast she walked, she had to find a place for herself.

With a bang, the door was closed in front of her.

She couldn't believe her eyes, and she couldn't believe what had happened?

She threw the things in her hands on the ground, and then slammed the door hard.

"Open the door, open the door. These are my things, all of them are my things. I bought them, and they are all my money!"

Qin Xiaozhong, you shameless dog. Without Me, you would still be farming in the countryside. How could you live in such a big house and drive such a good car.

The house was hers, the car was hers. Even the money under their hands was hers. What right did they have to steal her things and why didn't they give them to her.

These were all things that she had painstakingly saved up. She had shamelessly taken them out of other people's hands.

But what was the point of saying all of this now? These things, if she said they were hers, then they were hers. How could she possibly say how many mouths she had opened? How could her mouth compare to those title deeds, even if she had worn her mouth open, these things were all Qin Xiaozhong's. They were only under the names of his brother Qin Xiaozhong and Qin Xiaozhong's son. She had nothing.

She kicked the door hard again, but the people inside did not even want to come out. This was clearly playing dead.

She kicked and scolded the door, scolded and cried.

But the people inside did not come out. They played dead to the end.

They had food, drinks, shelter, and flowers.

But now, other than a few tattered clothes, she had nothing. She could not help but think of her days in the Lu family. She had everything she wanted. She Ate Big Fish and big meat every day. She ate whatever she wanted, she could also eat sea cucumbers if she wanted to. She could have a pile of money if she wanted to spend money.

And now, she touched her stomach and could not help but swallow her saliva. She had come out of nowhere and had not eaten a meal. She had originally thought that as long as she returned to the Lu family.., what she wanted to eat would only be a matter of her words

She did not feel anything when she was chased out of the Lu family by Old Master Lu. She still had so many assets. weren't they all placed at her Big Brother's place? As long as she took back her things.., she wouldn't have to worry about food and drink anymore.

If it weren't for Lu Qin going in and spending so much money to clear him out, she wouldn't have been so pitiful now?

But even so, she didn't have nothing. She still had her trump cards. She had several houses, several cars, and a few million in savings, and this money was enough for her to spend for the rest of her life.

But she never dreamed that her big brother, who was like a vampire, not only did he not return her things, but he also chased her out. And now she had nothing, even the money in the account was gone.

She sat on the roadside and could not help but burst into tears.

She picked up her bag and put it on her lap. Then, she took out the same thing in the bag.

In fact, there were a few pieces of torn clothes. In the pocket of one of the clothes, she took out some things. These were her jewelry, which she carried with her. These were also her treasures and the best

reliance, usually, she was very cautious. These things could not be moved even by others, not to mention that she had to sell them.

Selling these things was like cutting off her flesh and drinking her blood. How could she not be in pain? She was in pain. It really hurt. Her skin hurt, her heart hurt, and so did her heart.

However, if she did not sell these things, she did not even have money to eat.

She gritted her teeth and made up her mind to sell one or two pieces of her jewelry at the gold store.

### **Chapter 2080: was born to defeat her**

When she bought it, it might be very expensive, but when it came to selling it, it wouldn't fetch a good price. It could also be sold for only one-tenth of the original price, or only a fraction of the original price.

However, it had to be said that Qin Xiaoyue was a woman who knew how to be vigilant in times of peace. At the very least, she knew how to leave a way out for herself. The things that she could bring with her were also good. This was all from Su Muran, also, Sun Yuhan shamelessly asked for them. How could their things be bad? Even if she were to go to prison, these things would still be carried by her.

Otherwise, she might really have to sleep on the streets and starve herself to death. And these things could be sold for a lot of money. Even if it was just a small fraction of the price back then, it was enough for her to live for a long time.

She found a cheap house. Now, every penny she spent was less. She felt sorry for it, but she had to spend it. Otherwise, with the years she had spent, she would not complain about it, she would not let herself stay here because it was not good.

She went into the kitchen, but she had not started the fire for a few years. She could only buy two buckets of instant noodles and eat it.

It was not that she did not have money, she was actually still rich, and her money was not little, but she was unwilling to spend it like this. But what would she do after spending it? She would spend money for the rest of her life, but she would not earn money.

In the past, she still had the pocket money that old master Lu had given her. She had quite a lot of pocket money in a month, hundreds of thousands of pocket money. How could it not be enough for her to spend. She could still give it to Lu Qin, but at that time, Lu Qin couldn't even protect himself. How could he still give it to her? Her things were all sold by Lu Qin. Not only did he sell her.., he sold his own mother.

Otherwise, at least Qin Xiaoyue would be like this. Her treasures were still there, and asking Qin Xiaoyue to sell those jewelry was like asking for her life.

She would not have made up her mind unless it was at the end. As for those jewelry, she would probably keep them for herself in her next life. Even if she died, they would be buried in her ashes.

Now that she had sold them, it could be seen how far she had come. She did not even have a place to live. She could only rent an old house with two bedrooms and a living room that had been used by someone else.

She boiled water in the kitchen and ate instant noodles by herself. Even she had not touched it for a very long time. Even when she boiled water, she could still burn herself. One could see how miserable her life was.

In the end, when she finally finished brewing the noodles after all her efforts, an unknown amount of time had passed.

She took out a few pieces of jewelry and counted them. One, two, three. There were not many pieces in total. The ones she sold were her favorite ring, which she had stolen from Su Muran in the past, su Muran, of course, was very rich. He did not even look for them.

She kept these things close to her body. They were everything to her. If she lost them, she could jump off the building.

On this day, she only ate a bowl of instant noodles. She felt sad and uncomfortable eating alone.

“Lu Qin, you’re really born to counter me.”

When she slept at night, she scolded her son again. However, no matter how angry she was, he was still her son. No matter what, as long as Lu Qin was alive, she would have a son. She believed that as long as the news passed.., when that time came, she might be able to see her son again. Of course, she also knew that Lu Qin was not dead.

Even if it was a rented house, it was indeed not as comfortable as her own house. The bed was also hard. However, no matter how hard it was, it was still better than that place in the prison. She was no longer willing to go in.

This night was probably the best night she had slept in the past few days. At the very least, she did not have to worry. She did not have time to sleep early in the morning. She was already old enough to do this and that, and she still had to do morning exercises.., it was annoying to think about it. This was what bothered her the most. She was not allowed to sleep in in the morning. It was not running, listening to the radio, or shouting slogans like an idiot. It was really annoying.

In the morning, she slept in. She was unwilling to get up no matter what. It was not until noon that she reluctantly got up. Of course, that was also because her stomach was a little hungry.

Of course, it was all solved with a meal of instant noodles. Now, other than eating instant noodles, she did not know what else she could eat. There were no villages in the front and no shops in the back. Even if she wanted to buy it, she had to have a place to buy it, everyone knew why she didn’t live in the city. The high district was good and the traffic was well-developed. The Commercial Street was right in front of her, but the houses there were very expensive.

Qin Xiaoyue wasn’t a fool. Her money had to be spent where it should be spent. Now, she only had this little bit of money. In the past, she wouldn’t have cared about this money, but now it was different, she valued this money more than her own life.

After all, she had sold her precious jewelry to get this money. That was why she had found such a cheap house. First, she had to stay in it. She had to ask her what her future plans were, what she was going to do, and how she was going to do it. To be honest, even she did not know.

She could only stay here for the time being. After she found Lu Qin, they would talk about the future. As long as their hearts were not too big, the few pieces of jewelry she had on her right now., they should still be able to live their lives well.

Qin Xiaoyue had also thought it through, but she had not thought it through. It was impossible for her to think it through. After all, she had been rich before. Her monthly allowance was more than a hundred thousand. She could buy whatever she wanted, her son was also her pride. She had even lived better than her boss, but in the end, she had nothing better than him.

Because her boss had a wife who knew how to make money.

If it was their Lu Qin who had married Yan Huan back then, their lives would have been the same as their boss. They had money, fame, grandchildren.

And her thoughts were right. If Lu Qin had married Yan Huan back then, if Yan Huan had been loyal to Lu Qin, if all that money had been theirs, then., they would indeed be better off than Lu Jin's family.

It was a pity that the heavens had given them a chance, but they did not cherish it. The heavens had given them another choice, but they did not have the time to choose their own fate.
