

Sweet Wife 2201

Chapter 2201: was robbed

“This is for you.”

Ding Yifeng put the thing in his hand in front of Lu Wei the next day.

“Sorry, we have a rule here. No tips.”

Lu Wei didn't even look at the beautifully wrapped box.

She didn't like complicated things, and she also didn't like to wear those things for herself. Just like now, she only had a piece of jade hanging around her neck, and it was the man who gave it to her.

In fact, she really shouldn't have worn this, but for some reason, she never took it off. Perhaps this was the first time she received a gift from a man she wasn't unfamiliar with.

So, no matter what, she still didn't take this necklace off.

She walked past Ding Yifeng helplessly. The corner of her clothes wasn't cold, it was cold. She didn't like to put some gold and silver jewelry on her body. From Afar, it looked like a Christmas tree.

Ding Yifeng was dumbfounded again.

Sending gifts to attack.

Failure.

When he returned, he scolded his good brother, saying that he had come up with a good idea. Was Lu Wei such a shallow woman? If he had really mentioned it, he wouldn't have needed to spend so much effort. Right now, he hadn't even touched the hand of a beauty.

The person on the other side gritted his teeth.

“It seems like I can only use this move.”

Ding Yifeng was a little hesitant. “Do you really have to do this? Can you not use it? Will it hurt?”

“Brother, you can't bear to part with your flesh. How can you get a woman? Think about it. Not long from now, the beauty you like will have someone who cares about you. Then, everything will be smooth sailing. She will remember your kindness for the rest of her life. She will still be loyal to you.”

Ding Yifeng thought about it and agreed.

He gritted his teeth and made such a painful decision in the end.

“Then that's it. But remember to hit her gently. Don't be ruthless.”

The person on the other side agreed repeatedly. However, he was thinking in his heart, how could he make it look real if he didn't hit her hard? How could he win the beauty's heart if he didn't have any

injuries on his face? Therefore, he had to hit her harder, isn't it just to make it more real? Otherwise, if it's just a little scratch, then what's the use?

Lu Wei pushed her small electric car, ready to go out to buy vegetables. She had a car, but she didn't like to drive. Moreover, the road wasn't that wide, suitable for walking, and also suitable for using such a small car.

This small car was given to her by her second brother. It was very light, and of course, it was also very safe. When she left, she left the car outside and did not dare to move it. If this car did not have a remote control., there would be a voltage, and it would be hit.

This small electric car had just reached her hands. Once, she forgot to drive the car, and her fingers were numb from the electricity for a long time. Not to mention, if the person who wanted to steal her car dared to hug the car., he would definitely be electrocuted until his entire body was numb.

Of course, the electricity here would not harm a person's body. Otherwise, Lu Guang would not have bought it for his sister. There was no need to say that he would hurt others. They deserved it, but what if he hurt his sister?

Lu Wei walked into the market. She bought the vegetables every day. Of course, she also liked this kind of life. Every day, she could live the life she wanted to live and cook the dishes she wanted to cook.

After she bought the vegetables, she walked to her small electric car and put the vegetables in the basket at the back of the car. She also bought a full basket. Recently, there were a few more people eating in the inn, therefore, she had more opportunities to cook personally. Of course, she also liked it because she could practice her cooking skills. Otherwise, she just wanted to practice. Could it be that she could only cook for herself, no, there was still Xiang Xiang. But now, Xiang Xiang did not want to eat with her anymore.

Her physique was like her mother's. No matter how she ate, she would not gain weight. Moreover, she ate less, so her weight did not change much. However, Xiang Xiang was different. When Xiang Xiang came to her side on the first day., she only weighed 88 pounds. But now, she was raised like a pig. She directly reached 120 pounds. And this was all Lu Wei's fault.

She was a bodyguard. If she grew a little longer in the future, she would really be able to get out of here.

So now, she would rather eat steamed buns and pickled vegetables than eat the delicious food made by Lu Wei. It was delicious, delicious, and her mouth was full of satisfaction, but what she had given up., was the dozens of pounds of meat that had grown out of her body. How could she bear this.

Therefore, it had been a long time since Lu Wei had cooked a proper meal. Fortunately, there were a few customers who liked her dishes and ordered a lot of dishes.

She had ordered the dishes every day. What to eat and how much to eat. She had rules. After all, she was not a professional chef, and she could not satisfy the customers'unreasonable requests.

If she wanted to eat, she could. She would follow her dishes and cook whatever she wanted. When she was in a good mood, she would cook a few more complicated dishes, which would surprise many people, because the taste of those dishes was indeed very delicious. Sometimes, even the chefs of

ordinary five-star hotels could not compare to them. As for Lu Wei, she did not know what level her current culinary skills were at, she had not passed the test.

However, she had learned from her mother since she was young. Later, she had been personally taught by many chefs. She had also learned some of the various cuisines, so she should be quite good. However, she did not care about that, what she liked was the things she made herself, which could be recognized by others.

She got on her electric bike and walked towards the living room. The security here was quite good, so she did not let Xiang Xiang come over. Besides, it was only a ten-minute journey. It was very fast.

If she was careful in everything and insisted on having bodyguards follow her everywhere, then to be honest, she would feel that life was no longer fun. It would be like being locked in a small cage, a little puppet that couldn't go anywhere.

Besides, she wasn't her mother. Her mother was a famous international celebrity back then, but she wasn't.

However, sometimes, these words couldn't be said too harshly. There was no such thing as absolute in this world. She had always thought that the security here was very good, and that there wouldn't be roadblocks and robberies.

However, it was impossible. This was a very general term, just like now.

She placed one foot on the ground and looked at the four or five young hooligans who were blocking her way.

They all had dyed their hair of various colors. Even their clothes were strangely shaped. There were either holes or patches on their bodies. Of course, these were not broken clothes, but were something that some young people liked very much.

Chapter 2202: she was too good at fighting

Lu Wei really didn't know why anyone would like this kind of clothes. She was still a little more well-behaved, just like her two brothers. They had always been dressed in formal clothes, since young, they had always been very careful about their image. Of course, there wouldn't be any problems with the quality of the clothes. If they really dared to wear it recklessly, their father at home would definitely beat them to death.

The Lu family was a military and political family. They had to pay attention to their image. In any case, they couldn't have those strange clothes appear.

And at this moment, in front of her were these strange clothes and the like.

These people's eyes were glowing green, as if they had seen delicious food. The only thing missing was biting people.

Lu Wei took out a small pen-like thing from her electric car. She held it in her hand and put the electric car away. She knew that these people would not let her go.

They were very brave.

Yes, they were also very brave.

Now that they had done such a thing, she also hoped that they had the ability to endure the following things.

“What are you doing?”

Suddenly, a loud shout came. Then, a man stood out and extended his hand to block Lu Wei.

“What are you doing? As long as I’m here, I Won’t let you touch a single hair on her head.”

Lu Wei resisted the urge to roll her eyes. She really wanted to say, “Big Brother, can you be more professional? Have you ever acted in a movie? You should have watched it on television.”.

Who else could he fool with such fake acting skills?

Ding Yifeng, who had just entered, also felt that his image had instantly become bigger. He had also become a hero. It was possible that he would not only save Lu Wei, but also the entire earth.

Why didn’t he move?

Ding Yifeng winked at these people from time to time. Move, quickly beat him up, and then let him beat them until they fell to the ground and fled. In front of Lu Wei, how big would his image be, in the future, he would absolutely be loyal to him, and he would want to die.

However, what was wrong with these people? Why were they so ignorant? He had blinked his eyes for a long time, and he didn’t know how to look at them at all. Also, what kind of brother was that? What was going on, where did he find such an unprofessional person? Did he take his money for nothing?

He did not know that they were at the corner of the wall. When they saw this formation, they were all afraid. They sneaked over and left dejectedly.

Other people did not know, but Ding Yifeng naturally did not know either.

His legs were weak. who asked him to pose so well at such a harmonious time? But these people were idiots, right? Why didn’t they start? What were they still doing there?

Fine, they didn’t come because they wanted him to make the first move.

He rushed over without thinking. In any case, it was agreed in advance and he had spent money. No matter what, these idiots had to help him act well for the rest of the show. Otherwise., he wouldn’t be able to get a penny.

In the end, he was still dreaming of being a great hero when he heard a roar. He was directly punched in the left eye, and a tube of nosebleed flowed out of his nose. He was also frightened.

He reached out to touch his nose and also touched a hand of blood.

“You don’t want money, do you? Who asked you to really fight? Didn’t you say that it was an Act?”Ding Yifeng jumped up from several stands. who was this person? How could he not have any professional

ethics? He clearly said that it was a fake fight.., he was still beaten until he ran, and he couldn't hit him too hard. However, no matter what, he was hit in the face, and his nose was bleeding.

"Ouch..."he screamed again, and he was also hit to the ground. When that man was about to step on him with a gloomy face, he had already started to scream..

The man who was about to step on him shivered, and he also took a step back.

Ding Yifeng covered his nose and saw Lu Wei who had come from God knows when.

"I haven't practiced for a long time. Let's play."

Lu Wei rolled up her sleeves.

Although she looked delicate and weak, like a flower in a greenhouse, when he hit someone, it hurt. No, when she hit someone, it hurt quite a bit.

Her practice was different from Lu Liuqi, Lu Guang, and the others. Yan Huan found someone to teach her how to hit people and how to hit them the most. Her back was trained in this way. Of course, it might not work if she hit four people alone, however, these few hooligans were all pretty, so it would not be a problem for her to hit four people.

Although she did not like to fight, it did not mean that she would not fight.

Moreover..

She had a small-scale anti-wolf electric pen in her hand. The amount of electricity that it emitted was enough to electrocute an adult.

Before that person made a move, Lu Wei had already gone up. With a bang, she threw a standard shoulder throw. That big man was directly thrown to the ground by a small woman, moreover, the sound of bones cracking could still be heard in their ears. That person hugged his arm, sat on the ground, and cried out in pain.

Ding Zifeng had already opened his mouth. He was shocked and forgot about the pain. He also forgot that his nose was still bleeding.

Who could tell him what kind of style this was.

He was supposed to be the hero who saved the damsel in distress, but why was it all reversed now? who was that valiant woman? Who was the woman who could beat a grown man until he cried for his mother and father? It was an internal sound. In just a few seconds, a few grown men were lying on the ground, unable to move. They could only cry out in pain from the beating, there were also some whose half of their bodies were numb because Lu Wei had used the anti-wolf electric pen. They had also suffered a lot because of it, and there was still an unspeakable pain.

Lu Wei walked to Ding Yifeng and squatted down.

"Are you okay?"

Ding Yifeng suddenly cried, and his tears fell shamelessly.

“I want to go home, I want to go back to my home, I want to find my mother...”

Lu Wei was speechless

Not long after, Xiangxiang came over. When she saw the people scattered all over the ground, she did not show much expression.

Lu Wei herself had a certain level of skill. She was like this kind of hooligan. It was not difficult for her. She walked over and stretched out her foot again, even though it was kicked by a yellow-haired man.

“Which path are you from?”

The yellow-haired man was in so much pain that he was about to cry. They were not from which path. They were just some unemployed young men who had no money to spend recently, so they wanted to rob some money. They relied on their numbers to rob a few times, every time they robbed, they were successful and could earn some small money. Of course, they did not have the guts to kill people or set fires, so they did not dare to do so.

At most, they would injure people, but they would not use too heavy a hand. It was Ding Yifeng who was looking for a beating. It was not because he wanted to rush over and hit the other person, but because he was punched by the other person.

Chapter 2203: they were shocked

Normally, they would just leave after taking the money. However, this time it was an accident. Because Lu Wei was really beautiful, these people had bad intentions. Moreover, Lu Wei herself looked very harmless, just like a little cotton sheep.

In fact, they were right. Behind this little sheep, Lu Wei was a little wolf with sharp teeth.

When biting someone, it was still quite painful.

Xiangxiang called the ambulance and brought Ding Yifeng in first. However, the man who had always wanted his mother was still crying and crying.

I want my mother, I want my mother.

With a bang, Xiangxiang felt that he was annoying and directly smashed his neck. He fell down and in an instant, their world was completely silent.

This was the second time that Lu Wei had been arrested. Of course, this time, she was treated much better than the last time. At least, she had a cup of hot water to drink, and Xiang Xiang was also here.

She held the cup and took a statement.

These people blocked the road and robbed. They were caught red-handed, and these people did not commit one or two crimes. Now, they had asked most of the questions, and with Lu Wei as a victim, the case was basically settled, they were all over eighteen years old, and they could fully take responsibility for their actions. What mistakes did they make in the past? What consequences would they have to bear now?

These people would have to be locked up for a few years.

Originally, this matter had ended just like that. Lu Wei also returned to her own inn.

“Xiangxiang, I was really scared.” Lu Wei hugged a small yellow cat. Her small hand patted her chest as if she was still in a state of shock.

Xiangxiang rolled her eyes. You really should be an actress.

“If I wanted to be an actress, I would probably be an actress by now.” Lu Wei raised her eyelids, but she did not mind, “Don’t forget, I made a movie when I was three years old and won the Best Actress award that year. I even earned six billion at the box office. That movie is still at the top of the box office.”

The reason why she didn’t make the movie was firstly because she was still young. Her mother had never thought that she would overconsume her life. Secondly, she didn’t really like acting. She just liked to grow up with her brother, secondly, she liked to eat the delicious food that her mother cooked.

It was also possible that it was because the food that her mother cooked was so delicious that it affected her subtly and she became a little chef, and not a new best actress who only knew how to act every day.

Compared to Lu Wei, who was so busy that she couldn’t even return home, she preferred the current her.

Xiang Xiang hugged her arm and leaned against the side. She curled her lips lazily. “How do you want to bribe me?”

“How about I make a delicious meal?”

Lu Wei suggested. There was no other way. She wanted to bask in Xiang Xiang. She didn’t want her parents and brother to know, or else the inn would be closed.

“Eat your head,” Xiang Xiang secretly pinched the meat on her waist. If she continued eating, her fat would be reduced for nothing.

Lu Wei placed the little yellow cat in Xiang Xiang’s arms. “I’m busy. Remember to eat when you come over later. It’s rare that I want to perform well.”

Xiang Xiang lowered her head and patted the little yellow cat’s head.

She just wanted to know what she would do if one day, she was so fat that she couldn’t walk anymore? Would the Lu family still pay her.

Lu Wei really cooked a table full of dishes to shut Xiang Xiang’s mouth. Even Ming Liang’s mother and Ming Liang came over to eat with her. Ming Liang was so happy that his eyes almost disappeared from his face, he was now a fair and clean young man. Lu Wei treated him like a younger brother, so every time she cooked something good, she didn’t forget to give it to this younger brother, that was why Ming Liang hadn’t been here for more than a year. He had grown so tall all of a sudden, but he was much taller than Changsheng. Moreover, next year, he would be a high school student.

Of course, what made Ming Liang the happiest was that high school was next to the junior high school that he was currently studying in. It was just a few steps away. It was very close. He didn’t even need to

live in the best place. Moreover, Changsheng was quite self-disciplined, even if he stayed at home, it probably wouldn't affect his studies.

It was also possible that it was because after they came out from the village, Ming Liang had always relied on his mother. He was also much more mature than most children. Of course, he also knew that his mother was a woman., it wasn't easy to earn money to support the family, so he was very sensible. As long as he came back, he would clean up, take out the garbage, and help Ming Liang's mother do a lot of things. He was also very obedient.

Lu Wei's small inn had a total of more than twenty rooms. Only Bright mother and bright mother were there. The mother and Son managed the inn very well. There was not much work in the inn, in fact, there was no need to look for other people. The quilt and everything else was cleaned by someone. The rest was done by bright mother alone. Therefore, Lu Wei's work had been increased. In a month., it was close to 13,000 yuan. If it was 1,000 to 2,000 yuan a month, it would be enough for the mother and son to live on.

They could buy some daily necessities. Their food and accommodation were all here, so they did not need to spend any other money. Therefore, the mother and son had to save up close to 10,000 yuan a month. Tipping was not popular here, however, sometimes, Lu Wei did not want anything from the customers. Everything was given to Ming Liang's mother.

Of course, Ming Liang's mother treasured this job even more. She treated this place like her own home. Lu Guang's taste was indeed good. He had found such a good helper for his sister.

Otherwise, she would have to manage these things every day. Lu Li thought her head was going to explode. Moreover, she didn't like too many people. There were only a few people here. She was the most satisfied.

The one who cleaned and fed the cats was Ming Liang's mother. The one who was placed at the front desk as a barman, the one who received money, Xiang Xiang, and the lady boss who could be a chef.

She did not tell anyone about the robbery that happened to her. Even her two brothers did not tell anyone about it. They also wanted to forget about it. Of course, she also thought that this matter was over, until one day, a man came to her inn and asked to see her by name.

"See me?" Lu Wei was combing the yellow cat's fur. They were about to lose their fur. They had to comb their fur many times a day. Other than that, the yellow cat was the most obedient, it was also the one she liked the most.

"Who wants to see me?" She was still combing the yellow cat's fur. The yellow cat lazily narrowed its eyes and asked its master to serve it.

Chapter 2204: threats

"I don't know him." Xiang Xiang kicked a cat beside her. "Do you want to see him?"

"I'll see him." Lu Wei stood up. "You take care of him first. I'll go over in a while." Lu Wei lowered her head and patted her clothes, which were covered in the cat's fur.

When she came out, she had also cleaned herself up. Her hair was slightly damp, and there was a faint scent of bath milk on her body. She must have just showered and changed her clothes. Otherwise., her body was really covered in cat fur.

She sat down, but she had never seen this person before. Why? What did it have to do with her?

“Hello, Miss Lu.”

The man stood up and was very respectful. However, as long as he did not ignore the flash of light in his eyes, it was fine.

Lu Wei imitated Lu Guang’s smile. No, Lu Wei’s status was higher. Her smile seemed harmless, but who knew what he was thinking about? Her second brother., but his smile was as good-looking as he could be. Of course, the better his smile, the more fox-like he was.

“You Are...”

Lu Wei sat down. Did she know him?

“Hello, Miss Lu. My surname is Yu. I’m Xie Liming’s lawyer.”

Xie Liming?

Lu Wei couldn’t think of anything. How could she know Xie Liming? Could it be that her inn wasn’t good and was sued by someone? But every guest who came to her inn was very satisfied when they left, moreover, when they opened their doors to do business, they were honest. Even the food they ate was very clean. How could he not be clean when he ate by himself.

Although her inn had not been open for long, its reputation was very good. Of course, it was also somewhat famous in the local area. When many people came here to travel, they would stay at her inn because of its reputation.

And now, she still had zero negative reviews and zero complaints. Why, someone really gave her a bad review.

“Xie Liming is one of the children who was locked up because of Miss Lu.”

Yu Lui’s smile was simply impeccable, “It’s those young people who played a little joke on Miss Lu. They are still young and just came out of school, so they are still insensible. I apologize to you on their behalf for offending Miss Lu.”

Were they here to threaten or to plead for mercy?

“I remember that the youngest of them is 23 years old, right?”

Lu Wei asked lawyer Yu. The police who were investigating the case had shown her the interrogation records. The youngest was 20 years old, the oldest was 25 years old, and he still said that he was not an adult. How was this possible? Could it be that his household registration was fake, his identity card was also fake.

“Our Li Ming is 23 years old.”

Lawyer Yu sighed. "He is still a child. After all, if he was still in school, he would still be a university student."

Lu Wei interrupted lawyer Yu. "I am only 22 years old."

She was younger than them. If she was a child, then could it be that she was not a child?

Lawyer Yu only choked for a moment, but his expression quickly returned to normal.

He pushed his glasses up again.

"Miss Lu, it was just a small misunderstanding. Liming is our chairman's only son. Now that he has made such a mistake, Mr. Xie is very sorry."

"Oh..."

Lu Wei understood. He was indeed here to threaten and plead for mercy.

"What do you want me to do?"

She asked. She wanted to know what this lawyer hired by the Xie family wanted her to do?

"I think Miss Lu's appearance is very good." Lawyer Yu was telling the truth. Lu Wei was indeed very beautiful and had a fresh temperament. If she wanted to become famous in the entertainment industry.., it wouldn't be an easy task.

"As long as Miss Lu can withdraw her lawsuit, Mr. Xie is willing to let you break into our Lingguang Entertainment Media. When that time comes, I believe that with Miss Lu's looks and appearance, it will be very easy for you to enter the entertainment industry."

He didn't actually say it in front of him. It wasn't easy, but it was still quite easy.

When the Xie family sent him over, they had the same thought. which woman did not want to be a celebrity? As long as she became famous overnight, she could have anything she wanted in the future. She really wanted fame, money, and money.

This was a once-in-a-lifetime opportunity. Of course, Lu Wei would not let go of such a good opportunity. Now that she was given this opportunity, if she was not tempted, then she would be foolish.

However, this was only an opportunity. An opportunity was something that needed to be grasped by others. Of course, it also required one's life.

Thinking about it, Ling Tian didn't think that Lu Wei would be an outstanding person. He just didn't expect that lawyer Xie would be so surprised when he saw Lu Wei in person.

Lu Wei's appearance was simply too good. Furthermore, it was somewhat similar to Yan Huan's appearance when he was young. Yan Huan was known as the fifth most beautiful person in Asia back then. From this, one could see her appearance.., she was recognized internationally.

And this Lu Wei was not inferior to Yan Huan back then. So if such a person had a good opportunity and wanted to become famous, it would indeed be very easy.

Now, as long as he could solve Xie Liming's matter and also find a good talent for the company, the boss would definitely be very satisfied.

"How do you want me to help?"

Lu Wei asked without batting an eyelid. Her clear eyes seemed to reflect something, but she could not see the depths of her eyes. Even after being a lawyer for so many years, it was the same, this was clearly a 22-year-old girl who had just graduated from university and should be at her most innocent. Some girls could be celebrities and do anything. Those so-called tricks., could fool them. Moreover, they were a real entertainment company. The Few Good Films that were being released were all produced by their company.

It was natural for Lu Wei to be tempted. It would be a problem if she wasn't.

Lawyer Yu was very satisfied with Lu Wei's reaction.

"Actually, what I want you to do is very simple. You tell the police that you made a mistake. They didn't Rob You. You and Li Ming are boyfriend and girlfriend. This is just a joke. It's also a private matter. Of course..." lawyer Yu smiled again, "We can't let you make such a sacrifice for nothing. As long as you follow my words, we will compensate you."

"How much compensation?" Lu Wei was still expressionless. Only the smile on her lips seemed to be more brilliant.

"Our boss said that he can give you one million yuan as spiritual compensation."

Lawyer Yu himself thought that Lu Wei was just a woman who worked here. One million yuan was enough to buy half a house in Hai City. In addition, there was also an opportunity to be a star. He thought that such a good opportunity., it was impossible for this girl to refuse, right?

Chapter 2205: was being handled by my father

He was also quite confident in this matter. In his heart, the matter was almost done. As long as there were no major problems with Lu Wei., it would be fine as long as she went to the police station to close the case.

Then, she would send Xie Liming out of the country. This matter would be considered finished here. When he returned a few years later, this matter would be over. No one would remember what had happened that year?

He looked at his watch on his wrist and said, "Miss Lu, look. Time is not running out. Should we go to the police station and cancel the case?"

"Cancel the case? Why should I cancel the case?"

Lu Wei really did not understand when this lawyer Yu had the confidence to think that she would agree. Moreover, when did she say that she wanted to cancel the case?

The smile on lawyer Yu's face froze. Finally, some impatience appeared.

“Miss Lu, didn’t we agree just now? As long as you agree to close the case, we will give you a million dollars. It will also allow you to have a job in the entertainment circle. In the future, you can be a star and no longer have to work as a waitress. You can also stand out and get what you want in the future.”

Oh... When Lu Wei heard this, she turned pale. So this lawyer Yu treated her as a waitress. Could it be that she could have anything she wanted now?

Moreover, when did they agree?

“Lawyer Yu, we didn’t come to any agreement, did we?”

Yes, she didn’t agree, so she couldn’t agree either.

Originally, if lawyer Yu had spoken properly, that boss who was thanking something would have come over and apologized to her. Then, he would have cried and said how difficult it was for her, he would have said how disappointing his son was and how he would teach this child well in the future. With Lu Wei’s personality, she might have agreed.

However, this time, they were going to use money to hit her. It was fine if they wanted her to cancel the case, but they had to say that it was because of their feelings. She had falsely accused someone else. Did they think she was an idiot or an idiot.

Lawyer Yu looked at the young girl in front of him seriously. Indeed, he noticed a sense of nonchalance in her eyes. She did not agree. Why? He had said so many things, but it was all in vain. He was happy for nothing.

“Miss Lu,” lawyer Yu smiled again. His smile was much colder than before. “There are some things that I don’t want to say too harshly. You’d better agree. You Can’t afford to offend the Xie family.”

Oh, Lu Wei understood.

“Are you trying to suppress me with your family background?”

“If you think so, that’s fine.”

Lawyer Yu was no longer so polite. If he could not be so soft, then they would use force. He did not believe that a small waitress could still turn things upside down?

Yes, Lu Wei’s identity was that of a waiter in other people’s eyes. However, even if she was a waiter, she couldn’t be bullied easily. She would still be bullied.

Then, if you want to use your family background to smash people to death, I’ll wait.

Lu Wei didn’t care. Fine, she wanted her family background. She wanted her family business, her fame, her mother, her power, and her father.

It was a society where she risked her father, her mother, and her face.

She had never lost to anyone since she was born.

Lawyer Yu stood up with a whoosh and left without looking back. However, the last look he gave Lu Wei was indescribably cold, as if he was sympathizing with her. Lu Wei knew that.., this matter could not be over just like that.

“Aren’t you going to tell them?”

Xiangxiang asked Lu Wei. He’s threatening you.

Lu Wei felt that it was quite fun to pretend to be a pig to eat a tiger. It was good that life had always been smooth, but it was a little too boring.

“Anyway, it’s up to you.”Xiangxiang wasn’t worried about Lu Wei because she would follow Lu Wei every day. Lu Wei wasn’t stupid either. She wouldn’t put herself in danger.

In the evening, Lu Wei watched a movie and called her mother. Her mother was now traveling abroad with Aunt Meimei, and she had almost forgotten about her brother’s anger, her father had also gone on a business trip because of a case, so now she could only see her brother and second brother. Fortunately, they were not around. Otherwise, if they found out.., then others would not be able to use their family background to pressure her. That would not be fun.

Just as she lay down and was about to sleep, she heard a series of shouts coming from outside.

She hurriedly sat up. When she went out, the external lights were still on.

And in the midst of the halo.

One man was lying on the ground, while the other was bent and screaming miserably. He was also half-dead, covering his own area. It seemed that he had been kicked.

Xiang Xiang was a bodyguard, so her leg strength was quite good. With this kick, 80% of that thing was gone. Fortunately, because of the Xie family’s matter, Lu Wei was going to renovate the inn recently, therefore, there were no guests in the inn. Otherwise, if she surprised the guests, her efforts for the past year would be in vain.

“Did the Xie family send you here?”

Xiang Xiang stepped on the face of the man on the ground. Although it was already dark, the lights were still on. She could see the faces of these men. She did not recognize them, but she knew.., these were the people from the Xie family. She did not have any grudges with anyone, and of course, no one would find trouble with her. Because she had refused to take the blame for Xie Xiao, someone came to mess with her, did they really think that she was too easy to bully? Or did she really have an honest face?

Did they not check her identity? Did they not have any feelings for her because her surname was Lu and she looked so similar to Yan Huan?

The man who was stepped on by Xiang Xiang did not speak.

“You can ask.”Lu Wei yawned. “I’m going to sleep. When you ask me tomorrow, Tell Me. It doesn’t matter even if you beat me to death. My father will take care of it.”

Yes, Lu Yi would take care of it. Besides, she was a victim. These people had climbed over her wall in the middle of the night, had designs on her, and scared her cat. Who knew what they were trying to do? Could it be that they wanted to set fire to her inn, and then burn them all to death inside?

If that was really the case, then they were too ruthless. It wasn't clear that they didn't want them to live, was it?

After Lu Wei left, Xiangxiang directly took a piece of tape and sealed the mouths of the two men. She naturally had a way to get them to talk. After asking them, she threw them into the police station, then they would have a good time.

Anyway, she was not a good person. If she wanted to tell the truth alone, wouldn't it be easy?

The next day, when Lu Wei woke up, the sky outside was already bright. Perhaps because of the big incident last night, she slept a little late. Even in the morning, she woke up a little later than usual.

Chapter 2206: looking for second brother's help

She put on her clothes, opened the door, and stretched her back. The air here was really good. There were all kinds of flowers all around, and there was also a good bamboo forest.., in the bamboo forest, the sound of birds could still be heard in the early morning of the next day.

She turned around, but she did not see how good her mood was. Although she felt that her days were boring and she wanted to watch the show, she did not want others to target her inn.., she had spent a lot of effort to reach the current state of the inn, and it was also slightly famous. It was already the most famous online celebrity inn in the area. If these people caused some trouble for her.., her Inn had been popular for so long, and it was going to be destroyed. Fortunately, she didn't need this inn to support her family. Otherwise, she would starve to death.

"Have you said it?" Lu Wei walked over and sat down.

"Yes, I have." Xiang Xiang did not seem to have slept at night, but she was in good spirits. Frankly speaking, Lu Wei treated Xiang Xiang very well. She treated her as a good friend. Otherwise.., it was impossible for her to fatten Xiang Xiang by thirty pounds. It could be seen that Xiang Xiang's greatest achievement as a bodyguard was that she had gained thirty pounds of flesh.

"They were sent by the Xie family."

As Xiang Xiang spoke, Lu Wei was not too surprised. She already knew that this was the doing of the Xie family. And as expected, she had guessed it.

"What do we do now?" Xiang Xiang picked up an apple from the table and chewed on it. She had been eating it every day, so this thirty pounds of flesh was not undeserved.

"You're not going to leave these two behind, are you? You're going to control their eating and drinking?" No matter how she looked at it, Yan Huan did not seem like that kind of person?

She did not like to take advantage of others, but that did not mean that she liked others to take advantage of her. To put it bluntly, she was actually quite good at knocking on doors.

Lu Wei also took an apple and held it in her hand. We are waiting for the Xie family to come over.

The Xie family had failed to come once, so they gave her another big surprise. However, the surprise did not surprise her. They would probably come over soon and give her another bomb.

Xiang Xiang threw both of them to her friends. Anyway, there were plenty of people there, so she could make them talk.

Lu Wei was right. In the afternoon, lawyer Yu came again.

“Miss Lu, you’re good.”

This was the most insidious thing.

They all knew what he meant by “Good”.

“I don’t dare.”

Lu Wei smiled faintly. However, she could trouble Mr. Xie to throw something useful next time.

Lawyer Yu’s face was twitching. It could be seen that the sneer hanging on his face had finally turned into a fake smile.

“Miss Lu, I advise you not to be too harsh on each other. Otherwise, it won’t be good for you. The Xie family is really not someone you can offend. Don’t destroy yourself. In the end, you will also destroy yourself along with others. For example, the owner of this inn.”

Lu Wei poured herself a cup of flower tea. She placed the cup to her lips and took a sip.

“Mr. Yu, are you threatening me?”

“You can think so, Miss Lu.” Lawyer Yu was becoming more and more impolite and more direct.

“Do you really want to compare your family background with mine?”

Lu Wei asked again straightforwardly. She really didn’t want to compare her family background with others. Of course, she didn’t want to use her family background to pressure others to death. But what if someone really wanted to do this?

This might be the so-called good people being bullied and good horses being ridden by others.

“If Miss Lu insists on doing so,” lawyer Yu sneered, “I still advise Miss Lu to seriously consider my proposal. With such a win-win situation, I think Miss Lu will not be stupid, right?”

“And Miss Lu is obviously a smart person.”

Yes, Lu Wei admitted that she was very smart. Although she was not as smart as her two brothers, she was still quite smart. Of course, she was smart enough to dig a hole for others.

She was not a soft persimmon who had to be crushed to death.

“Miss Lu, my patience is limited.”

Lawyer Yu was now threatening and warning her. It had to be said that lawyers were indeed quite skilled. To be able to come here twice or thrice proved how important he was in the Xie family, even the problem of young master Xie's family background was placed on him.

Of course, this lawyer Yu was indeed outstanding. He was very good at psychological warfare. Of course, he also knew how to fight a lawsuit.

If it was an ordinary woman, she would have been forced into despair step by step by him.

From this lawyer Yu's methods, Lu Wei could feel just what kind of character the Xie family had?

"Miss Lu..." lawyer Yu kept saying these words. To be honest, in Lu Wei's ears, it sounded like he was urging her to die.

Unfortunately, this was Lu Wei and not someone else.

"Lawyer Yu, I can't make the decision on this matter. I want to find someone to come over, okay?"

Lu Wei really hated this lawyer Yu's voice. It was as if he was calling her soul every day. She was not dead yet?

"Sure." Lawyer Yu was still smiling, but he knew exactly how much he was smiling in his heart.

Lu Wei walked out and asked bright mother to bring some fruits and vegetables. She served them well and fattened them up so that they could be gutted later.

Lu Wei walked into the yard. A little yellow cat had already run over and rubbed its head against her shoes. It seemed to be complaining that its master had not played with it for a long time. It was missing its master.

Lu Wei squatted down and stroked the Little Cat's chin. The little yellow cat closed its eyes and enjoyed its master's touch.

"Xun Xun, What's wrong? Why do you have time to call your brother? Did you bring something good for me? I've been so busy these past few days that I don't have time to eat your food."

"Second brother, come over to my place. Something happened to me."

"Something has happened?" On the other side of the phone, Lu Guang hurriedly stood up. He was originally dressed in a lazy manner. He joked around with Xun Xun and begged for food from his sister. He even thought that he would ask his sister to send some delicious food over in a while, at the same time, he also raised him well. Recently, his stomach had been starved because he did not have good food. This was not something that could not be helped. Ever since he was young, his mother had raised him with the skills of a five-star hotel chef.

He had been eating well since he was young, and his food was also varied. When he came out and ate the food made outside, the taste was really terrible. However, he had only eaten for a few days, he felt that his stomach was starting to feel uncomfortable.

Chapter 2207: what a coincidence, I'm also a lawyer

Now that his mother has gone abroad to play with his godmother, he won't have any food to eat. But it doesn't matter, his mother isn't here, and he still has his sister. When he specially goes to his sister's place, he asks his sister to make a Manchu-han feast for him to eat.

In the end, when Lu Wei suddenly said that something had happened, it gave him a big fright.

Something had happened? What had happened?

He hurriedly took his clothes and put them on, preparing to go find his sister.

What kind of character was Lu Wei? As her second brother, didn't he understand? She didn't like to cause trouble, but she also didn't allow others to cause trouble for her.

Who was this shameless person who dared to have ideas about his sister? Not everyone could afford to have ideas about his sister.

He drove quickly to the Happiness Inn.

Lawyer Yu had already drunk a pot of tea and eaten a belly full of fruits. However, didn't this make him wait a little too long? Could it be that Lu Wei had run off to sleep and left him sitting there.

He was already very impatient in his heart, but in the end, he poured himself a cup of tea. He told himself that it was only this cup, yes, it was this cup, the last cup.., if Lu Wei still wanted to play this trick with him, then don't blame him.

He had already drunk half a cup of tea. When the door outside opened again, there was the sound of footsteps.

Oh, he's here.

"Lu..."

He smiled, but when he saw the person standing in front of him, he forcefully swallowed the word "Miss" in his mouth.

Was this Miss Lu's reinforcements? He had not forgotten that Lu Wei had said that she was looking for someone. Was this the person?

A young man. He was still quite young. Moreover, why did he look so familiar.

"May I ask who you are?"

Why did lawyer Yu feel that this person looked familiar? However, he could not remember who this person was or where he had entered his memories.

"You can call me Mr. Lu."

Lu Guang smiled like an angel. This was the real approachable person. It was also because his face was good-looking. He looked like a sunny boy. After all, he was young. He was only twenty-two years old, a man of twenty-two years old did not have much maturity to speak of. Of course, it was rare for his boss to have that kind of change.

"Your surname is also Lu?"

Lawyer Yu could already smell the difference.

And when he carefully looked at Lu Guang's appearance, he seemed to be somewhat similar to that Lu Wei. Although he did not look like her, he felt that there was something very similar about her.

"Yes, my surname is Lu. You Don't have to guess." Lu Guang knew what lawyer Yu was thinking at a glance. Everyone was a lawyer, so if he wanted to play this trick on him, he could ask whatever he wanted to ask. There was no need to beat around the bush, he said it himself.

"I am Lu Wei's second brother."

"You are brother and sister?"

Lawyer Yu was still surprised. According to the information they found out, Lu Wei was just an ordinary girl who worked as a waiter in this inn. Why did she have a second brother? There was not a single word written on the information.

Moreover, he could clearly sense that Lu Wei's second brother was not someone to be trifled with.

And he found a very familiar aura from his body.

That was already a kind of intuition. It seemed that they would be of the same occupation.

"May I ask what your occupation is?"

Lawyer Yu could not help but ask again. He hoped that he had thought wrong, but unfortunately, he did not.

"I am a lawyer." Lu Guang smiled and narrowed his eyes again. However, he was just a newbie who was just starting out. When the time came, he still needed lawyer Yu to take care of him.

"Sure, sure, sure..."

Lawyer Yu might have wanted to express his erudition, but when he started to talk, he met Lu Guang's half-smile and a hint of coldness hidden in his eyes.

He was a lawyer, so he was naturally the best at observing people's expressions.

Lu Guang was being polite and perfunctory, but he did not mean it. Therefore, he felt a little awkward and did not know how to respond.

"You can repeat what you said to my sister. My sister is a little stupid and does not know how to pass on messages."

Lu Guang sat down and naturally crossed his legs. His simple sitting posture gave him an indescribable elegance. An ordinary family would not be able to raise such a child.

Even the Xie family's young master Xie, who was eventually raised, was nothing more than a helpless fool.

Lawyer Yu did not know why, but he actually had a bad feeling in his heart. This feeling even made him want to flee,

he wanted to give up on the show and ask the Xie family to find someone else.

However, now that the arrow was on the bow, he had no choice but to release it. He had no choice but to force himself to repeat what he had said to Lu Wei to Lu Guang.

Oh, when Lu Guang heard that, he did not seem to be angry.

“Lingguang Entertainment?”

Lu Guang asked again, “Is it related to Linlang’s Luo Lin?”

Lawyer Yu’s heart could not help but thump. When Lu Guang said the sentence ‘Linlang’s Luo Lin’, it sounded a little strange.

It was as if he was familiar with it, but he could not be more familiar with it.

Ling Guang Entertainment was indeed related to Luolian and Luolian. Ling Guang was able to survive until now because he had a close relationship with Luolian. Luolian ate meat while they ate minced meat, therefore, they had been in the limelight for the past few years and were developing steadily.

“Why? Ling Guang wants my sister to take the blame. Is this Xie Laosan’s intention?”

Lu Guang gently touched the button on his sleeve. The name Xie Laosan was also used by people in the industry to address boss Xie. Of course, there were not many people in the industry who could call him Xie Laosan, after all, most people still had to address him as boss Xie.

Cold Sweat broke out on lawyer Yu’s forehead.

“Mr. Lu, I wonder what my suggestion is...”

“Does third Xie want to compare his family background with ours?”

Lu Guang and Lu Wei were indeed brother and sister. The questions they asked were exactly the same.

Lawyer Yu wanted to use the same method to deal with Lu Wei, but it didn’t seem to work.

“Mr. Lu, look...”

“What am I looking at?” Lu Guang suddenly smiled. It was brilliant, but it was bone-chilling.

“Go back and tell third Xie that his son will stay inside. If he dares to lay a hand on my sister, it will depend on whether the Lu family is willing to do so.”

“Lu, the Lu family...”

Lawyer Yu could not help but shudder. What kind of Lu family was the Lu Family? Could it be that..

He suddenly remembered Lu Wei’s appearance. He once said that Lu Wei looked like the Yan Huan from when she was young.

Chapter 2208:

Yan Huan had given birth to three children, two boys and a girl. The only one who could speak of the Lu family now was the Lu family.

I want to ask.

"I know what you're asking." Lu Guang interrupted him. "Yes, you're right. It's the Lu family." He turned his body sideways and stared coldly at lawyer Yu. Although his lips were still slightly curved., the light in his eyes was almost ice-cold.

"Go back and tell Xie Lao San to be careful and wait for him. He doesn't really care about his Ling Guang. Then, care more. He might not be able to see her soon."

Lawyer Yu suddenly shivered again. He was practically rolling and crawling.

And the moment he saw Lu Wei hugging the cat again... That side profile really looked very similar to Yan Huan's. Many people had grown up watching Yan Huan's television. Yan Huan's appearance was very recognizable. She had grown up naturally, but there was no trace of plastic surgery at all, and Yan Huan's fame did not change much because of the passing of time. After all, she was still the goddess in many people's hearts, and of course, she was also lawyer Yu's goddess.

Lawyer Yu could not help but take a step back. Now he finally understood why Lu Wei had said those words back then.

Do you want to compare your family background with mine?

Now he knew why Lu Wei could ask and dared to ask like that. It was because she had never been afraid. It was just a competition of family background. Sure, if she wanted to compare, why wouldn't she dare to compare?

Lawyer Yu almost stumbled back to Xie Laosan. When Xie Laosan saw how useless lawyer Yu was, he immediately pulled a long face.

"How is it? Has the matter been resolved? When will my son be back?"

Give him back? Lawyer Yu really didn't want to say anything more. It's not good to mess with anyone. Why must you mess with that family? can that family really be messed with?

Lawyer Yu shook his head. He couldn't save them.

"Why are you so useless?" Xie Laosan kicked him. Just as he was about to kick him again, the phone on the table rang. He took the phone and placed it by his ear.

"Hello, what's the matter?"

His tone wasn't too good, and it was even very blunt.

"What did you say?" He did not believe what he had just heard.

"Tell me again, what Linlang interrupted all of our interactions, and also the people who let us go, all of them were replaced. How is this possible?"

Yes, how is this possible, this is absolutely impossible. Yes, this is impossible, he did not believe it.

Linlang couldn't possibly stop the collaboration between them. Moreover, they had been working together for the past few years, and it had been a very pleasant collaboration. Moreover, it was very easy for artists to find new and good films, even if it was a big film, it would be very simple. Of course, it would also help him earn a lot of money back. However, if they were to stop the collaboration, what would they do? All the hard work they had put in these past few days.., was It All in vain?

Breaking off the collaboration was nothing to Linlang. Linlang could also afford to pay for it. Moreover, Linlang never cared about these things. Every year, they would shoot the popular New Year's and summer holidays.., every year, these few films could earn Linlang at least 500 million.

However, breaking off the collaboration was really a disaster for a small company like theirs. And they really couldn't afford such a disaster.

He hurriedly took his phone and called Luo Lin.

"Sister Luo, it's me."

"I'm Xie Laosan."

"Is something the matter?" Luo Lin was holding a pen and sitting on a chair to rest. Sigh, she was getting old, and her energy wasn't as good as before. She could choose to retire. However, who was Linlang going to retire to? Little Lei was going to take over his father's class, none of the three children of the Lu family had their hearts set on Linlang. Her family was still young, so she was the only one who remained here and worked as a slave.

Otherwise, she was afraid that Linlang would collapse.

After all, she was the one who raised Linlang. She had put in her entire life's effort to raise Linlang to this extent. She only hoped that her own child could live for a few more years. Perhaps in the future, some of her grandchildren would be willing to accept Linlang.

She pressed the speakerphone and listened to Xie Lao San's voice,

"Sister Luo, why did you send all of our artists back? Didn't we have an agreement? Moreover, we've been working very well together for the past few years. What's wrong with you? Is there something wrong with the film?"

Luo Lin raised her eyelids. "Xie Lao San."

She called him third brother lightly.

Third brother Xie instinctively reached out to wipe the cold sweat off his forehead.

"Sister Luo, I'm here." Why did he feel that Luo Lin's tone was so bad today?

"From now on, our Linlang won't be working with you guys anymore. That's all. Alright, don't look for me if you have nothing to do in the future."

After she finished speaking, she hung up the phone. Then, she said to her assistant, "In the future, if that Xie Lao San calls, don't pick up any of them. It's not like I have the intention of cooperating with such a person."

“Auntie Luo, thank you.”

Lu Guang was still holding a white cat in his arms. This was the cat that Lu Wei had given to Yan Huan. It was Doubao. Doubao had a very good personality and was the most clingy. Therefore, everyone liked him. From time to time, Yan Huan would carry him out, someone would feed him some good food. In the end, he became fatter and fatter. Now, he was almost as fat as a ball. However, he still did not know it. In any case, he asked for food from others every day. He did not give him food, he would follow him around. In any case, he had made up his mind to eat the good food into his stomach. Today, Dou Bao was going to get an injection, so Lu Guang carried him out. In any case, he was free now, i have to take him for an injection and a bath. If I carry him back, he'll be a clean cat.

Why are you thanking me? I didn't expect Xie Lao San's son to have such a temper. Luo Lin shook her head. It's true that the apple doesn't fall far from the tree. Don't worry, I've already terminated all cooperation with Xie Lao San.

“Oh, right.” Luo Lin remembered something again.

“Lu Guang, look at your aunt Luo's age. Do you want to come over and take over Linlang?” “You don't know how happy I was when I knew you liked to stay in Linlang when I was young. I thought I could retire soon, but why are you now a lawyer?”

“Aunt Luo, isn't there still he yuxiao?”

He Yuxiao was little fatty he's famous name. who asked little fatty he to be born fat? He was fat all the way until junior high school. Now that he was in high school, he was not fat anymore, but he was heavier than others. He had never lost weight before., others were as thin as a bolt of lightning, but he might never be as thin as a bolt of lightning in his lifetime.

He was like Xun Xun.

Chapter 2209: Fang Yu

He was not as thin as a bolt of lightning, and Xun Xun could not possibly eat him into a fat man.

This was a problem with one's physique, and there was no way to solve it. Fortunately, although little fatty he was fat, he was still very handsome. He was now a white-clothed youth wearing a white shirt. Although he was a little fleshy., he was very well-proportioned.

Luo Lin thought about her own he Xiaopeng and could only cry for her son. It seemed that from now on, the entire Linlang would be in he Xiaopeng's hands. Otherwise, who else could she throw it to? Her grandson?

Otherwise, she would have to wait for a few more years for Lu Guang and the others to give birth to a son.

She sighed again and sat down. As for the matter with Xie Laosan, if she said that she would not cooperate, then she would not cooperate. There was no need to cooperate anymore?

Xie San had already made a few calls, but every time, he would call Luo Lin's secretary. The secretary would either say, "I'm busy" or "Please leave a message." This was obviously perfunctory. It wasn't like he couldn't hear it.

Luo Lin's private phone also rejected his calls. He originally wanted to go over personally, but in the end, there were some problems with the company's accounts. Also, his tax evasion was also found out by others, now, how could he have time to care about his son who was still in the police station? There was no end to the company's matters. Not to mention his new son, he couldn't even care about his own father.

While he was still struggling, someone had already found out about him. Because the amount of tax evasion he was suspected of was a little too large, he was also invited in. When he came out again., he would probably have nothing left.

Didn't he want to compare his family background with others? In the future, he would have a good competition and see how he could compete with them?

Lawyer Yu also left. Of course, he didn't say what the reason was. In the end, the Xie family still collapsed.

That Lu Guang was really scary. He was even scarier than Lu Yi. Under the sound of laughter, he could kill without a trace. Such a person could not be a friend, but he had to be a stranger. He could not be an enemy.

He was also an enemy who needed means, intelligence, family background, and backing.

"Second brother, can you eat less?"

Lu Wei did not dare to move her chopsticks. Her second brother was like a starving ghost who was investing in stocks. He almost stuffed all the food on the table into his mouth.

Therefore, she did not eat. Otherwise, her second brother would think that she wanted to snatch the food from him.

Lu Guang picked up a piece of meat for himself and placed it in his bowl. He loved meat the most, and he would not be happy without it.

"The food at our place is terrible. I eat those things every day, and my stomach doesn't feel good. The food that you and mom make is the best. When I'm not busy, I'll come over every day."

Lu Guang ate the food on the table. He really wanted to say that it was great to have a sister. At the very least, there was a place to eat. Otherwise, he could only go home and eat instant noodles with pickled vegetables.

It was his fault for not knowing how to cook at all. Of course, it was the same for Lu Qi.

Lu Guang stood up and swept the food on the table clean. Then, he touched his stomach in satisfaction. He was really full.

He stood up and took the briefcase that was placed on the side. Alright, I'm going back. Call me if you have anything to remember. He patted his sister's head. Only in front of family members would he have

such a genuine smile, on normal days, he could only be seen with a smile on his face. It could be said that it was a habitual smile.

Lu Guang touched his stomach again.

He seemed to be a little stuffed, and he burped. Fortunately, there was no one here. Otherwise, he might have been laughed at. He had always been very disciplined. Of course, when necessary, he also pretended.

But now, he had eaten so much that he was full. However, he could not be blamed. He could only blame his sister's cooking. It was too delicious, and he could not hold it in for a while, he ate until his stomach was full.

Lu Wei waited until Lu Guang left before she cleaned up the table. She had only eaten a few mouthfuls of the dishes on the table. In the end, her second brother ate all of them.

Xiang Xiang pitied Lu Guang.

No matter how good she was, she pinched the meat on her waist. In fact, she should have pitied herself the most. She was already so fat from eating. Perhaps before Lu Guang became fat, she would have already become a ball.

Perhaps Lu Guang also inherited Yan Huan's physique of not getting fat easily. No matter how she ate, she would not get fat, and she would not need to lose weight.

After a few days of renovation, Lu Wei's Happiness Inn opened its doors again to welcome guests.

The inn was listed on several large websites. If one were to check the price, the price was not low. Although the inn was located in a busy city, its environment was unique, fresh and elegant, there were some in other places, some here, and some here. Moreover, it was safer and quieter here. There were not so many people, so many people were willing to pay the same price, in the end, they were still willing to stay here.

The income of the Happiness Inn in a month was enough for daily maintenance and the salaries of the staff. As long as it was maintained like this in the future, they wouldn't be able to keep up with the cost.

Of course, there was still a scene in the inn. It was the cats. Not only did Lu Wei like them, but even the guests liked them. They were all fed until they were chubby, of course, Lu Wei could also earn a lot of change to spend. As for how much, Lu Wei did not calculate it. She did the accounting for Jing Xiang. In a month, she would have hundreds of thousands of dollars in her hands. This money was not something that an ordinary person could earn back in a month. It required an ordinary worker to earn it in a year or two. It might take a long time.

No matter how much it was, in Lu Wei's heart, what she was most proud of right now was that she could already support herself and not have to be the millet worm at home.

"ID card," Xiangxiang sat in front of the bar counter. When there was no one around, she would play games. When there was someone, she would count the money. She wanted to sigh. She was a dignified bodyguard, so how did she end up as a cashier.

However, she had gotten used to living like this. She did not like those fights at all. Hence, she was living quite well now. Even if it was for the rest of her life, she would still be willing to do this, although she was useless, she had followed a useless Lu Wei.

As long as there were no blind people who tried to find trouble with Lu Wei, it would be fine.

There is an ID card on the table, she took it over.

Fang Yu?

This name is really strange.

Chapter 2210: was not the same

She could not help but look up at the man in front of her. However, she could not tell what he looked like. He was wearing sunglasses and was quite tall. She could only see that this man had a very angular chin. Of course, he was also tense, mm, his lips were also good. He should be a handsome man.

Xiang Xiang took out her identity card and started to turn on the computer.

“There are 398,498 and 598 houses. Which one do you want? The layout of the rooms is different. According to the three standards of big, medium, and small, the price is 800. If not, it’s the price just now.”

“800.”The Man’s voice was a little cold, as if he didn’t like to laugh too much.

“How many days do you want to stay?”Xiang Xiang asked again. She quickly typed on the keyboard. Yes, 800 Yuan.

If it was 800 yuan, she could get 50 Yuan a day. This was her extra money. If she didn’t want it, she could use it to buy some good food. Therefore, she didn’t want to blame everything on Lu Wei, she was the one who was too good at eating. She thought about delicious food every day.

Eating was a human’s instinct. The reason why business here was so good was that there was an ancient town in front of them. There were also several specialty food streets where delicious food from different places could be eaten, this was different from what Lu Wei made. Sometimes, eating there was not only about eating, but also about shopping.

She hoped that this man would stay for a year. However, very few people would stay in an inn for a year, and it was still such an expensive inn.

“How many days do you want to stay?”

Xiang Xiang asked again.

“A year...”

The man’s thin lips parted slightly.

With a click, Xiang Xiang’s feet almost slipped off the chair.

“Sir, what did you say? Stay for a year?” If they stayed for a year at such a price, it would be more than 200,000 yuan. The house at the Happiness Inn was not discounted. If it was more than 20,000 yuan a month, how much would it cost a year, it was close to 300,000 yuan. Did this man really want to stay?

A card was thrown on the table. “Stay for a year.”

Xiang Xiang did not care whether this person was crazy or not. As long as there was money to be made, it was fine. She was now a person who was greedy for money, and she was not someone who had been through a wine web. She loved money, she also loved eating meat.

Very quickly, 300,000 yuan was transferred into the account. The room fee was increased. Tsk, Xiang Xiang calculated her own small account. On this day, she had a commission of nearly 20,000 yuan. She could also buy a lot of things.

When the card was used up, she took a room card. She could not wait to let people live there. The money was accepted, but it was not refundable. So even if this person left in the middle, the rent would still be deducted.

The Man took his card and put it away. Then, he held the room card in his hand tightly.

The room cards of the Happiness Inn were all specially made. There were two words on the room card. It was written very elegantly. Moreover, it had some calligraphy flavor. In this era where computers were already popular, typing was more than writing, there were already very few people who could write good handwriting. At the very least, fragrant handwriting was very bad.

However, Lu Wei’s handwriting was very good. Lu Wei was a real lady from a noble family. She had been raised as a lady from a noble family since she was young. She had to write big characters and read four books and Five Classics. Her calligraphy was very good, her pen was also very delicate. Everyone who saw Lu Wei’s handwriting praised her. Her handwriting was like a person, and her handwriting was like her appearance.

Beautiful, but her handwriting was even more beautiful.

Xiang Xiang took the phone and called Ming Liang’s mother.

“Aunty, there’s a big guest coming. Pick the best room for him.”

When Ming Liang’s mother heard that there was a big guest, she knew that it was the kind of guest who came eight hundred a day. This kind of guest was really rare. Usually, one or two guests would be enough. After all, they were not in a star-rated hotel, that was to say, there was no high price of a star-rated hotel. However, sometimes, staying in a star-rated hotel for a night was not as expensive as staying here.

Of course, it was not that there were no such big guests, it was just that there were not many of them. However, as long as there was a big guest, it was time for them to earn money. Other than the fact that they would receive a certain percentage of the commission, Lu Wei had always been generous.

Moreover, this inn was indeed very profitable now. When business was good, it would earn hundreds of thousands of dollars. Even if they took some commission, it would only be a small fraction of Lu Wei’s earnings. Of course, the money that Lu Wei earned. It was all used to support the entire inn.

Ming Liang's mother quickly found a very quiet guest room. She had cleaned more than ten rooms. Under normal circumstances, she would clean once in the morning and again in the afternoon.

She would clean every room very cleanly and change the bedding every day.

That was why the reputation of this place was so good. It was definitely not because of a good impression, but because they had accumulated it bit by bit from some minor details. No matter which aspect it was, they paid attention to it.

"Sir, this is the place." Bright Mama opened the door of the room and let this man in. She also knew that this guest was really a big guest. He had to stay for a year, a year.

If it was a day, she would have to raise it to 50 yuan, which was 4,500 yuan a month. Not to mention, they also had the commission from other houses. They could earn 500 to 600 yuan a day at most, it was at least 300 to 400 yuan. Moreover, some guests were used to tipping, but she didn't know if this guest would give it to her.

This was the first night that this big guest stayed here. He didn't have anything else to do. Lu Wei wasn't around these few days. Because old master Lu wasn't feeling well, Lu Wei went back to take care of her grandfather, therefore, the three meals a day here were all prepared by a chef.

The dishes prepared by this chef were of course not bad. As long as they followed the instructions of the dishes, there wouldn't be too much of a problem. Sometimes, when Lu Wei had something to do, or when she didn't want to go into the kitchen..., they would invite this chef over.

Coincidentally, Lu Wei wasn't around, so the dishes of the big guests were all prepared by the chef. There were several dishes, and they all looked very delicious. However, the forehead of the big guest was tightly knitted.

"Sir, are the dishes not to your taste?"

Bright mother quickly asked. If they were not to your taste, we can make another serving for you.

"No, it's fine." The man lowered his head, took the chopsticks, and started eating.

Bright mother felt that this big guest looked quite familiar, but she did not think too much about it. She thought that he might have been here before, and she might have remembered wrongly, after all, there were too many people who came here. She didn't know how many faces she would see in a day.

The man only ate some dishes. The taste of the dishes was very delicious. However, he could tell that it wasn't made by that person. The dishes she made had a unique taste.
