

Sweet Wife 2271

### **Chapter 2271: is my mother**

Lu Guang opened the door and walked out with a bag of beans in one hand. Qin Yushi packed her things and prepared to leave. She had nothing to do anyway, so she stayed here and waited for the overtime pay, the overtime pay at the company was very high, about three times higher than normal work. Of course, even if she worked overtime here, no one would be worried about her or the boss, she thought, on the contrary, many people were more worried about her boss. They were afraid that she would eat his meat.

After all, she was so hard to eat, and the boss was soft and tender. After eating one bite, she could live forever.

“Here, take this. Lu Guang handed the Cat to Qin Yushi.

Qin Yushi took the cat. With this pad, she realized why the cat was so heavy?

“Let’s go.” Lu Guang took out his car keys and turned off everything before leaving.

Qin yushi trotted after him with the fat cat in her arms.

“What’s its name?”

Qin yushi stroked the Fat Cat’s head. It seemed like she liked the cat very much.

“It’s called Dou Bao.”

Lu Guang lowered his head and lightly tapped Dou Bao’s ear. Dou Bao had already raised his big face and twisted it. It seemed like he didn’t like being touched. He turned his big head to the side, he didn’t even open his eyes.

The fact that he didn’t open his eyes proved that he wasn’t hungry yet. When he was hungry, he would open his eyes and ask for food from his owner.

Qin Yushi opened the car door when she saw that there was no one outside. She also sat in the car. She was afraid that people would see her and gossip about her.

No, she shook her head. How could people gossip about her? With her looks, Lu Guang probably did not like her. Of course, a strong woman like her would not seduce Lu Guang.

No matter what, the two of them could not be together. So, even though she had been Lu Guang’s secretary for so long, no one thought of her as an imaginary love rival. That proved how unworthy she was of Lu Guang.

So, she retracted her thoughts.

This was also a thought that she could not have.

Lu Guang parked the car and put it in the underground garage. From there, they went directly to the elevator to their place of residence.

This was a high-end residential area. There was only one house on each floor, so it was very private.

Before they arrived, Dou Bao, who was in Qi Yushi's arms, had already started meowing.

"Hungry again?"

Lu Guang grabbed Dou Bao's claws and pulled him into his arms. He poked Dou Bao's chubby body. "I wonder how my mother raised you to be so fat?"

"Is this Mrs. Yan's Cat?"

Qin Yushi heard what Lu Guang said. He said that his mother raised it.

And Lu Guang's mother was Yan Huan

"Yes, my mother raised it." Lu Guang lifted Dou Bao's paws and shook them at Qin Yushi. "My mother also named it."

"I grew up watching Mrs. Yan's television." Qin Yushi reached out her fingers and gently touched Dou Bao's paws. "But I haven't seen her for a long time. Is she okay?"

"Didn't you see her?"

Lu Guang held the cat in one hand and searched for the key in his pocket with the other.

"I saw her?"

Qin Yushi flipped through her memories. There was nothing. She had never seen Yan Huan before. Although she worked under Lu Guang, she had never had the chance to see Yan Huan. If she had, she would definitely remember him, however, she did not have any memories now, which meant that she had never met him.

You have met her. Lu Guang opened the door and placed Dou Bao on the ground. Dou Bao was really hungry and followed her around. He would even meow and act cute from time to time. He had a chubby body, however, his voice sounded like a little kitten.

Therefore, Dou Bao's voice sounded really cute and adorable. However, when he saw this cat, he had the urge to laugh himself to death. It was also because this cat was too fat.

However, no one cared about the fat cat that was starving.

Qin Yushi was staring at Lu Guang.

"I Saw Your Mother?"

She pointed at Lu Guang and her face.

Lu Guang's mother was Yan Huan, but she had never seen her before.

"You've seen her before," Lu Qian said confidently.

"I haven't." Qin Yushi didn't want to be wronged. She insisted that she had never seen her mother before. She had never seen her mother before. If she had seen her mother, she had seen her mother. If she hadn't seen her mother, she had seen her mother. How could she not know?

She had obviously not seen it before, but why did Lu Guang insist that she had seen it before.

“What nonsense are you talking about?” Lu Guang lightly poked her head. “My mother went to the company today and ate one of your milk candies. How dare you lie to me and say that you didn’t see it?”

“This cat can be used as a witness now.” Lu Guang pointed at the hungry meowing cat on the sofa, “When she came, she came with the cat. Now that I’ve brought the cat back, you’ve forgotten the owner of the cat. Tell me, what kind of memory do you have? How Old Are You? Why is your memory getting worse?”

Qin Yushi lowered her head and looked at the hungry meowing again. She wanted to eat something good.

Then, she suddenly raised her head and looked at Lu Guang’s face for a long time.

The woman holding the cat? The woman holding the cat?

“Is that your mother?”

Why did she feel like a romantic drama had suddenly become a fantasy story.

“What do you think?” Lu Guang tore Qin Yushi’s face forcefully with a faint smile. “Don’t tell me you don’t think that she’s my girlfriend.”

Qin Yushi pulled Lu Guang’s hand away and looked up at the ceiling speechlessly. She told her what had happened. Where did her disappointment come from? What was she aiming for.

It was Lu Guang’s mother, Yan Huan

She had grown up watching Yan Huan’s television and movies. How could she not recognize him.

“I should have asked for an autograph.”

She sighed. She had missed such a good opportunity for nothing.

“Meow...”

Dou Bao reached out with his claws and scratched Qin Yushi’s pants. However, the sharp claws did not come out. He had become a cat that only ate but did not know how to scratch the wall.

Lu Guang bent down and threw dou bao aside.

“I’ll go get some food for him.”

Qin Yushi walked into the kitchen, cut some beef, and placed it on the ground.

Dou Bao was indeed a carnivorous cat. He jumped off the sofa and ran straight for the small plate. He ate the entire plate of beef into his stomach. After he finished eating, he stopped barking, he also found a place to sleep.

**Chapter 2272: She gave up**

It was no wonder that she could grow so fat in such a short period of time.

She ate, slept, and ate like this. It was no wonder that she could grow so fat.

Qin Yushi was quite fond of cats. Now, she had a new hobby, which was to feed cats. She even went online to search for information about what the cat ate. Then, she went to buy beef, chicken, and fresh fish, she mixed them all together for the cat to eat.

Every time she ate the bean buns, she had to eat them all. Lu Guang had originally come over to make the cat lose weight, but it turned out to be a good thing. In just a few days, it had become even fatter. In the past, it could still walk.., but now, it seemed like it could no longer walk.

Qin Yushi did not feel that her life had been affected. It was as though she was still living like that. Every day, she would grab onto a small corner by Lu Guang's bed. Even this cat had to find a safe place for herself, she had gotten used to all sorts of strange things after a long time.

Qin yushi helped Doubao comb his fur. Doubao was so lazy that he didn't even open his eyes. She was lost in thought as she looked out the window. No one knew what she was thinking about?

Lu Guang had been sitting at the side the entire time. His handsome brows were slightly cold, restrained, and calm.

"Shishi, are you hiding something from me?" Lu Guang put down his chopsticks. He was good at Reading People's expressions. Qin Yushi's absent-mindedness was obvious. If it weren't for her being normal.., even the number of times she called him was right under his nose. He really thought that Qin Yushi was in a relationship and missing a man.

"I'm not." Qin Yushi raised her head and put on her glasses, blocking all the emotions in her eyes. She lowered her long eyelashes and said, "I'm here every day. What else is there?"

If she couldn't take it anymore, she might as well take off her glasses and act like she was out of sight and out of mind. If that was the case, no matter how Dark Lu Guang's face was, no matter how ugly or irritable he was.., she wouldn't be able to see him.

She placed the phone by her ear, and the Doctor's voice was still there.

She lowered her head and pulled the corner of her clothes, pulling and twisting it again and again, twisting and twisting it, pulling and twisting it, just like her heart at that moment, it was twisted to an indescribable extent.

"Miss Qin, you should think about that matter again. That doctor has already arrived at our hospital. This is a good opportunity. We have handed your case over to him and he has expressed his extreme interest. He will stay in our hospital for at most a month. After a month, he will have to return to his country because he has already arranged several major surgeries there. "If you don't seize this opportunity this time, it might not be easy to get another doctor in the future. which country is he in? When will he be free? And if he still has the intention to do so?"

"I think..."

Qin Yushi lowered her head again. From here, everything was blurry and she couldn't see anything clearly. She could only see the world outside the lenses and the bright world.

And her world was also given to her by these two lenses.

The doctor on the other side was still waiting for her answer.

“I think I’d better not do it. Thank you, Doctor Zhong.”

Qin yushi hung up the phone, but she still rejected the doctor’s good intentions.

She couldn’t do this surgery no matter what. Five Hundred Thousand Yuan. She didn’t have that much money. She still had half a year to work, and if she didn’t work, she would be at a loss.

Moreover, her brother would be here in a few days. She still had to help him find a job. She could not blind her eyes and not do anything. No, she could not do anything.

No matter what considerations she had, she could not make such a decision.

Perhaps her eyes could be restored, which was a great attraction to her. This was what she had been thinking about the most for so many years. Sometimes, even in her dreams, she would think that one day, her eyes would be better, she could see things clearly. She could no longer wear thick glasses. She could have the clarity of this world without two lenses, just like many normal people.

However, sometimes imagination was imagination. Sometimes dreams were dreams, and sometimes reality was reality. What ended in dreams were the realities that she did not want to face but had to face.

She put her phone on the table. It was an old phone. She had bought it because she wanted to find a job. She had used it for three years and hadn’t changed it. In fact, it didn’t matter whether she changed it or not, she didn’t need a phone to match her clothes and identity. She was half blind. Her wish was to get a house in Hai City. Her goal was to have a home in Hai City.

Alright, let’s Get to work. She put her phone aside. She took the documents from today and started to process them. Of course, she also put aside everything else, including what the Doctor said.

Since she had already decided not to go, perhaps such a decision was very difficult for her. However, no matter how difficult it was, it was not as difficult as her life in the past twenty years.

She had long gotten used to such unfair treatment.

She blinked her eyes slightly. After two lenses, she returned a clear world to her. Outside of the lenses, it was still her dark past.

As for Lu Guang, his expression was indeed not good. Recently, he had been in a situation where he could be said to be irritable. He looked like he would eat anyone he saw, and he could make a living under Lu Guang’s hands, it was the luckiest thing in the world.

The boss was rich, rich, and had a good temper.

Even if he didn’t get much money, he could still be said to be pleasing to the eye when he looked at the boss’s face, which could be said to be extremely beautiful. However, the current boss was as if he had eaten a bomb, his face was as black as a devil.

All of a sudden, he had fallen from the angle of an angel to the direction of a devil.

This also caused the entire company to complain incessantly. They were afraid that the boss's fire would burn their bodies. If they did not burn their skin and flesh, they would not be called the boss.

And the person who would not be affected the most in the entire company was Qin Yushi.

Sometimes, the boss's expression was too ugly. When his eyes were about to eat people, Qin Yushi would hide somewhere else. Anyway, there was no light from the lenses, so it was blurry. Since it was blurry, what was she afraid of?

Anyway, she couldn't see it.

Qin Yushi opened the door and the cat came over. It wanted to eat something delicious.

She squatted down and picked up the cat. After stroking the cat's head for half a day, she finally put the cat down. Then, she placed her bag on the sofa. Dou Bao jumped onto the sofa, then, he lay down next to Qin Yushi's bag and slept. Whoever fed him would be his mother. Therefore, he was extremely close to Qin Yushi now. Even Lu Guang couldn't compare to him.

### **Chapter 2273: her man**

"I'll make you some delicious food." Qin yushi rubbed Doubao's head before walking into the kitchen. She opened the fridge, which contained everything that Lu Qin had bought. Even the food for Doubao.., everything was prepared in advance, so Qin Yushi had saved a lot of money by staying at Lu Guang's place. Not only did she save on rent, but she also received Lu Guang's rent. Even the food they ate for the day was ready-made, it could be said that she had taken advantage of everything.

She was in a good mood as she prepared food for Dou Bao. She was also humming a tune that she had learned from God knows where. It was not popular at the moment, but it sounded like a folk song from the mountains. It did not sound very clear, however, her voice was a little unique. It felt like a little girl's voice before it changed. It always felt soft and sweet.

Lu Guang sat outside. His heart was itching. He rubbed his forehead and felt that he had gone crazy. He even started to daydream about a woman's voice.

In the past, why didn't he feel that he had no self-control? But now, he realized that he couldn't stand being teased. He tried his best to suppress the restlessness in his body, the expression on his face remained calm. In the entire company, the person who was the most pretentious and pretentious was none other than the big boss, Lu Guang.

In the entire Lu family, be it Lu Yi or Lu Qi, they were both strict and distant. Only Lu Guang was shrewd since he was young and he was too shrewd. Otherwise, he wouldn't have liked the profession of lawyers. To put it bluntly.., the profession of lawyers was playing tricks on others. The people of the Lu family didn't like to play tricks on others, but Lu Guang liked it.

Now, he was making his law firm sound and impressive. He also wanted to occupy a large part of the resources in Hai City. Lu Guang's name also represented an undefeatable halo.

Lu Guang's life could be said to have been made by wind and water. From the moment he was born, he was a level higher than others. When he grew up, he even had liquid funds that others could not earn in

a few lifetimes, it was also what his parents had saved for him. Even if he did nothing for the rest of his life, he would not starve to death.

Moreover, he was not the kind of person who ate his parents' money. He had the ability, brain, IQ, and connections. He could completely conquer his own world.

And now, his world was here.

He was twenty-seven years old now, and it seemed like he had really met someone special.

He suddenly smiled, and his eyes were filled with a thick layer of silk.

Suddenly, the ringtone of a cell phone rang. He turned around and saw that there was an old-fashioned cell phone not far away. Although it had been used with great care, this model was clearly the same as a few years ago.

Nowadays, electronic products were updated very quickly. Some people's phones were changed every six months or a year. Was there anyone who still used such an antique? It was most likely used to answer and make calls.

The phone was still ringing. He took the phone, but the number was not marked with a name. Could it be a harassment call from somewhere?

He stood up with the phone and walked to the kitchen. He saw that Qin Yushi was busy. She was still very busy.

Forget it. He could answer it later. He took the phone back and placed it on the table. He paid some attention to the appearance of the phone.

This thing could be considered an antique. He didn't know where Qin Yushi had worn it, so there was no need to be so thrifty? She didn't even have a decent mobile phone.

He had always thought that he was a good and generous boss. His employees had always received better benefits than others. Although he was also a businessman, he was definitely not a black-hearted businessman, he treated his employees even better. Of course, he would give them special subsidies based on their abilities. As long as they worked well, he would naturally not treat them unfairly. In the past two years, Qin Yushi., she was his most capable assistant. Of course, her salary was not too low. If she wanted to live a good life, she could definitely lead a much more comfortable life than most women who worked in Hai City.

But why did she have to treat him like this?

No matter how he took the antique phone, it was a model from five or six years ago. If he had bought such a phone back then, it would have been a cheap one. It could be used for five or six years. Qin Yushi was the first person he had seen in all these years., she was the first person he had seen.

Just as he was about to put down his phone, it rang again.

It was the same number as before. He had an extremely strong sense of numbers. That was why his phone had never stored his name. It only stored his number. Therefore, as long as this number appeared in front of him., he would be able to remember it.

He shook the phone in his hand and finally placed it by his ear.

“Hello...”he lowered his voice and looked into the kitchen. He and Shi Shi were on such good terms, so it was normal for him to answer the phone for her.

When the person on the other end heard a man’s voice, he was stunned. He thought that he had dialed the wrong number.

“UM, excuse me, is this Qin Yushi’s phone?”

“Yes, are you looking for her?”

Lu Guang stretched out his long legs as well. What was the relationship between the man and Qin Yushi? Was she cheating on him?

“Excuse me, you are...”

The person on the other end asked again.

“Her man,”Lu Guang smiled. He was a little proud of his change in identity. Of course, he didn’t force it. Yes, this man was not bad. He liked it.

So it was like that.

The person on the other side paused for a moment before continuing.

“Hello, Sir. I Am Dr. Sun from Rende Hospital. I Am Miss Qin’s attending physician. I just wanted to come over and ask if Miss Qin needs to take another exam. That specialist is already waiting for her. If she really misses this opportunity, then...”

Before the person on the other side could finish his sentence, he was interrupted by Lu Guang. Lu Guang sat up straight, and his thick eyebrows also furrowed.

Rende Hospital? That was the hospital where he did physical examinations for his employees every year. It was a private hospital, and the fees were very high. However, the medical conditions and service were very good.

He had said it before. He was a generous boss, and he was also a boss who always thought of his members. Although he would not really treat his employees as brothers or sisters, he would give his employees the best benefits.

The hospitals he found for them were all in the best physical examination hospital in Hai City.

It was the doctor there. Could it be that something was wrong with Qin Yushi’s body, but he didn’t tell him.

## **Chapter 2274: have you ever been blind**

“Tell me about it.”

Although the Doctor didn't know why Lu Guang asked, he still told her about Qin Yushi's situation seriously.

"Miss Qin's eyes now have a chance to recover. Although it's not as good as an ordinary person's vision, at the very least, it can reduce the degree of her eyes to at least 300 degrees. It's about the same as an ordinary person with moderate to mild myopia. If she misses this chance, then there's no need to treat her next time. Moreover, Miss Qin's eyes can already be detected, and her vision is starting to decline. If she's not careful, she might lose her sight in the later stages."

"That's why I hope Miss Qin can receive treatment. After all, this is a rare opportunity."

"Alright, I got it." Lu Guang gripped the old phone in his hand tightly. "Help me arrange it. I'll bring her over tomorrow morning."

"Okay." The doctor on the other side also heaved a sigh of relief. After all, he had already been working on Qin Yushi's side for a few days. Unfortunately, Qin Yushi was unwilling to give up no matter what, this was actually the last time he called Qin Yushi. The day after tomorrow, that foreign doctor would leave their hospital. Even if Qin Yushi regretted it at that time, there was nothing he could do.

Qin yushi brought out the dishes that she had prepared and placed them on the table.

Lu Guang was a man who enjoyed himself very much. Of course, he would not mistreat himself. When he ate, he always had a variety of meals. If it was Qin Yushi alone, she would just casually cook something for herself, she didn't have to go through so much trouble. She also didn't have to cook a lot of dishes. Sometimes, she could even cook a steamed bun, unlike now, where she had to work in the kitchen for a long time every day.

If she wasn't in university, where she worked part-time and studied part-time, it would be difficult to serve this young master.

"What's Wrong?" Qin Yushi touched her face. Was there something dirty on her face? Why did the boss look at her with weird eyes? It made her hair stand on end. She touched her arm and felt goosebumps all over her body.

Lu Guang placed the chopsticks on the table as if he had no interest in the dishes on the table.

"You don't Like It?" Qin Yushi put her shoulder down and felt a headache coming on. What was wrong with the big boss today? Wasn't he not picky about the food in the past? As long as it wasn't too simple or too bad to eat, he wouldn't be picky about anything under normal circumstances.

But what was going on today? Her food was clearly very good. Why was he giving her a hard time? If the food was really bad and he didn't want to eat it, she wouldn't be able to make another serving for him.

At this time, she might not even be able to buy food from outside.

Lu Guang stared at the glasses on Qin Yushi's face. He reached out and took off her glasses.

In an instant, Qin Yushi's vision blurred. She was half-blind and couldn't see anything clearly. She couldn't even walk.

“Boss, my glasses.” Qin yushi blinked. The blurriness in front of her made her very uneasy. She didn’t like this feeling. She felt like she was blind.

Lu Guang stood up and walked to Qin Yushi’s side. He reached out and placed his hand on her shoulder.

Qin Yushi raised her face, but she still looked like she didn’t understand.

“Come with me.” He pulled Qin Yushi’s hand. Qin Yushi wanted to pull her hand out, but she felt that Lu Guang’s fingers were very dry. He also ironed her palm, making her feel somewhat at a loss, furthermore, she couldn’t see anything in front of her, so she was in a state of extreme unease. She could only lean on Lu Guang and didn’t dare move.

She was afraid that Lu Guang would leave her behind, and she was also afraid that Lu Guang would throw her out. Without her glasses, she was no different from a blind person.

Lu Guang pulled Qin yushi onto the balcony and let go of her hand. He stood by the side calmly.

Qin yushi reached out and felt for something from time to time. In the end, she felt something in the air. It was as if she could feel the air, and her legs were blocked by something.

She carefully touched it bit by bit. Knowing that they were on the balcony, she hurriedly took a few steps back. They were on the second floor. Although the floor wasn’t high, if they fell down, they would die.

She stepped back from time to time, but no one could help her find her way. In this situation where she couldn’t see, she was like a piece of trash.

“Boss, can you give me back my glasses?”

She squatted on the ground and didn’t dare to move anymore. She was afraid of falling, and she was afraid of pain.

She wanted her glasses, and she wanted the sense of security they gave her. If she didn’t have them, she would be blind.

Lu Guang walked over and squatted in front of Qin Yushi. Then, he placed his glasses on Qin Yushi’s face. The scene in front of Qin Yushi’s eyes became clear in an instant.

The strength in her body seemed to have been drained. She sat down on the ground and breathed heavily in the air in front of her.

Lu Guang looked at Qin Yu-shi’s pale face through the lens.

And Qin yu-shi almost broke down, she is most afraid of nothing else, is to lose the glasses after the helplessness and fear.

The kind that can’t see, the kind that has no future, the kind that has no light, the kind that everything is away from her terrible, and there seems to be a monster that can come out at any time, will eat her in one bite, also make her life worse than death.

Lu Guang also sat on the ground. He stretched out his hand as if he was looking at a child, gently stroking Qin Yushi's hair, and again and again. Qin Yushi's breathing was never steady because her heart.., had never been calm.

"Shishi, have you really been blind?"

Lu Guang asked Qin yushi seriously.

Qin yushi shook her head. She had never been blind before. She could always see with her eyes. Even when her eyes were injured, she could still see some blurry things. Therefore, she wasn't really blind. She just couldn't see clearly.

Every doctor in every hospital she went to said the same thing. She wasn't blind. She really wasn't blind.

Lu Guang's fingers caressed the middle of Qin Yushi's hair. It was slightly cold, as if he was caressing a top-grade brocade.

"When I was three years old, I was blind once."

Lu Guang said calmly, "I don't remember much of what happened before I was three years old, but I do remember how I spent my time in the darkness. I would often fall down, and I couldn't see anything. Everything before me was pitch black, and even my dreams were pitch black."

### **Chapter 2275: took thirty years to return**

"At that time, do you know what I looked forward to the most every day?"

Lu Guang's gaze pierced through Qin Yushi's eyes, and Qin Yushi's red lips trembled. She couldn't say anything.

"I just wanted to touch my mother's hand." Lu Guang didn't want to talk about what happened at that time. Many people thought that he had forgotten because he was too young and didn't have many memories when he was three years old, no matter how good his memory was, it couldn't be stopped. His three-year-old memories would be erased as he grew older.

He really didn't remember much, but there were still a lot of memories left behind.

"Back then, in order to save me, my mother became a vegetable. I became blind. I touched the temperature on my mother's hand and lived through the darkest period of my life." He placed his hand on Qin Yushi's shoulder, then, he clenched it tightly.

"Qin Yushi, do you know what True Darkness is? Do you know? Have you seen it? Have you experienced it? Have you dreamt it?"

"Everything in front of you is black. You Can't see the sunrise or sunset. You Don't know what day and night are. You Don't even know how many days you have lived. What's more terrifying is not the darkness in front of you, but your life. You Can't control it anymore."

Qin Yushi raised her face. Her red lips moved, but she didn't make a sound.

“There’s a good chance, why don’t you work hard?”

Lu Guang asked Qin Yushi sternly.

“Do you know that if you miss this chance, you might never see the world again? You might even lose your sight when you’re forty or fifty years old. Do you know that?”

Lu Guang Shook Qin Yushi’s shoulders vigorously. Did she know or not? Did she understand that in a person’s entire life, every organ in their body was missing? They only had one pair of eyes. If they really lost their sight.., no matter how regretful you were, you would never be able to see anything again.

“I...”

Yu Yushi did not know how Lu Guang knew about this, but she had to admit that Lu Guang’s words made her feel afraid. She bit her red lips hard, causing a lot of pain.

“I want to too, but...”

She shook her head again. She couldn’t

“I don’t have that much money, and I still need half a year to recover. I Won’t have a job, and I won’t have a future.” Half a year might only be half a year to others.., but to her, half a year was too heavy. If her big brother was coming, she couldn’t just focus on herself and ignore him. She owed so much to her big brother and her uncle’s family.

If she only thought about herself and only cared about herself, was she still human?

Lu Guang closed his eyes and took a deep breath. He was trying his best to calm himself down. Otherwise, he wasn’t sure if he would strangle the woman in front of him and throw her off the balcony.

He grabbed his clothes as if he was grabbing Qin Yushi’s neck.

It was true. Qin Yushi’s neck was too thin. It wasn’t enough for him to twist it. He dared to say that he could break Qin Yushi’s neck with only 30% of his strength.

“I’ll take you to the hospital for surgery tomorrow.”

Lu Guang loosened his clothes. He didn’t grab his clothes, but he also didn’t grab Qin Yushi’s neck.

Qin yushi shook her head. “Boss, I can’t do the surgery.” She didn’t have money.

“You owe me.”

Lu Guang glared at Qin Yushi. If she said another word to her, he would snap her neck immediately.

“Owe...”

Qin yushi sighed, “Boss, it’s 500,000 yuan. I can only earn around 50,000 yuan a year, excluding my meals. It’ll take ten years. There’s also a half-year delay in training. plus the medical fees, it’ll probably take another two years.”

She wanted to work for Lu Guang for another twelve years. In fact, she was willing to do so because she was afraid that Lu Guang would suffer a loss.

“Boss, in twelve years, I’ll be in my thirties. I’ll also be old and yellow. When that time comes...”

“You’re not very pleasing to the eye right now.”

These words were really piercing, and they were still dripping with blood.

Lu Guang glanced at Qin Yushi’s current image indifferently. Every day, she was like Grand Madam Extinction’s disciple. How good-looking was she? Back then, he let her enter the company because she was ugly, if she really wanted to find someone beautiful, would qin yushi be here now?

Although this was a big truth, such a big truth still dealt a complete blow to Qin Yushi.

“Come with me.” Lu Guang stood up and walked towards the living room.

Qin Yushi pushed up her glasses and stood up as well. Just as she stood up, she felt her legs go soft. She turned back to look at the balcony and saw the open window on the balcony, if she accidentally fell down, she wouldn’t be able to survive even if she didn’t break into pieces.

She touched her arm again and ran into the living room.

In the living room, she saw Lu Guang holding a pen and writing something?

Qin Yushi sat at the side and didn’t dare to say anything. She just sat there and didn’t dare to speak or move. She was waiting for Lu Guang’s next order. She had been with Lu Guang for three years. How could she not know his personality?

If she angered Lu Guang now, he would definitely throw him to the balcony.

Lu Guang had a bad temper to begin with. It was fine if he was his friend, but if he was his enemy, he would chew you up so much that there wouldn’t be any bones left.

“Sign.”

Lu Guang placed the things he had written in front of Qin Yushi.

“Sign, sign...”

Qin yushi read these two words in a daze. “Sign, sign what?”

She lowered her head and placed the paper Lu Guang had written in front of her. Then, she read each line and word one by one.

After she finished reading, she couldn’t come back to her senses for a long time.

“Boss, aren’t the treaties you gave me a little too unfair?”

It was really unfair. She was a law student herself, but she had never seen such an unfair treaty.

Five Hundred Thousand Yuan, half a year’s vacation. She would work for Lu Guang for free for 12 years at most, but what did it say? She would have to pay it back in 30 years. In 30 years, she would not be a yellow pearl, but an old woman, no.., she was almost 60 years old. When that time came, she could still do these jobs. Could she still be a secretary? A secretary had to eat the rice of youth, okay? Who had ever seen an old woman who had to be a secretary for someone else? Anyway, she could not do it.

## Chapter 2276: she sold herself

And that wasn't the worst of it. It even said that the 30 years of her life belonged to Lu Guang. was she really going to be a nun for the rest of her life? was she not going to get married? was she not going to get married? was she not going to have children.

Was it worth it for her to use the rest of her life in exchange for a pair of eyes?

Meanwhile, Lu Guang was still sitting there calmly, waiting for her to sign the contract.

Qin yushi placed the unequal contract on the table.

"Boss, I won't be able to see it for half a year."

"I got it." Lu Guang broke into a smile. "I'll get a nanny to take care of you. You Don't have to be afraid of falling to your death."

Qin Yushi was rendered speechless. From the looks of it, it didn't seem that unequal. Some inequalities were not based on equal value. There were also some things that couldn't be measured with money.

For example, in this half a year, she did not earn money, could not create wealth for others, and still had to take their things.

This was not raising an employee, but raising a great-aunt.

Sign It. Lu Guang did not allow others to reject him. In his personality, he had a lot of tyranny and tyranny. He had grown up in a superior environment. Since he was young, he did not have to worry about anything. All the way.., everything went smoothly for him. His life was like a cheat, and he didn't encounter any setbacks. Of course, there was no one in the world who gave him setbacks.

Therefore, in his personality, he had always been arrogant. He could only control himself in front of Lu Qi. Otherwise, no one in the world could restrain him, there was no one that he could fear.

Therefore, he could not allow Qin yushi to refuse.

He had to sign this, or he had to sign it.

"I..."

Qin Yushi did not want to sign it. With such unequal conditions, it was equivalent to selling her entire life. Although it was mentioned above for thirty years, in a person's lifetime.., the most useful thirty years were only there.

She really couldn't sign it.

It was good to live until 30, but a person's life was a blessing in disguise. If she didn't live for 30 years, Lu Guang would have to pay for it, so she still couldn't sign it.

"I'll arrange a job for your cousin."

Lu Guang continued to spread the bait, and this bait was very fragrant.

Qin Yushi was suddenly stunned. It was true.

“You should know my character. I’ve always been a man of my word.” Lu Guang was a lawyer. He would never promise anything that he couldn’t do without any evidence. Moreover, it was just a job. To him.., it was just a matter of a sentence.

The Ye family’s airport, Linlang, his law firm, the army, and his brother-in-law’s place. Even if he wanted to squeeze a hundred people in, it would be a very easy task, let alone one person.

“I remember that your cousin studied media, right?”

Lu Guang had investigated everything clearly. Of course, he had everything under control.

Qin yushi nodded. This was what he studied in university. Otherwise, he wouldn’t have come to Hai City to develop. In a small city, such an unpopular industry couldn’t be developed, if it weren’t for the fact that jobs were hard to find, he wouldn’t have chosen to come to hai city in the end.

Hai city’s development was good. It was also a well-known international trade city in the country. However, its competition was also quite fierce. Many people were willing to come and look for opportunities, but when they arrived.., they didn’t want to leave again.

However, opportunities weren’t given to everyone.

For someone like Qin Yushi, she was considered lucky. If she didn’t have a good education and didn’t look good, Lu Guang might not have chosen her. It was precisely because Lu Guang had chosen her.., that was why she had an additional opportunity to stay in Hai City. However, if she had such an opportunity, it might not necessarily be her cousin.

Therefore, this was what gave Qin yushi the biggest headache. She had originally wanted to ask Lu Guang for help, but she had yet to find an excuse. However, Lu Guang had taken the initiative to ask for help.., she didn’t have the backbone to directly reject him.

“If I sign this, what will the boss do?”

Qin Yushi didn’t care about anything else. As long as Qin Pingjun had a good job, she was willing to sell herself for a few more years. If it weren’t for Qin Pingjun and her uncle.., she might have already married that old man by now. She didn’t know if she was still alive or dead. Her life was saved by her uncle.

Her life had also been earned by her uncle’s family. No matter what, he would definitely arrange for her brother’s job.

The corner of Lu Guang’s lips curled up even more.

“I can put him in Linlang and find him a long-term job. Linlang will also provide him with a house. As for where he can climb to in the future, that will depend on his ability. Are you satisfied with what I say?”

Qin Yushi’s eyes lit up, but unfortunately, they were blocked by the thick lenses.

She quickly nodded. Of course she was satisfied. Linlang was a well-known entertainment company in the country, and it had top-notch resources. In the past few years, most of the outstanding films in the

country had been produced and invested by Linlang, it was also very profitable. Linlang also had dozens of companies that had accumulated manpower and reputation. It was not something an ordinary entertainment company could compare to.

To be able to enter Linlang was the hope of many people throughout their lives.

However, Linlang had very strict requirements for the recruitment of employees. If one wanted to enter, they would have to go through a lot of selection. It was even stricter than a beauty pageant. However, once they entered.., linlang's treatment in the entire sea city was also very famous.

Then sign it. Lu Guang put the pen in front of Qin Yushi again.

He had already thrown so many big cakes. She really couldn't believe that Qin Yushi wasn't hit by him.

Qin Yushi took the pen and directly signed her name on it. It was her signature that made Lu Guang's heart ache. Why did she refuse to sign it just now? But for a man, she sold herself.., even if it was her cousin, it was unforgivable.

The next day, Lu Guang took Qin yushi out early in the morning. Of course, they also met the foreign doctor as they wished.

The foreign doctor looked at Qin Yushi's eyes for a long time and then used English to chat with Lu Guang for a long time. They spoke very fast, and Qin Yushi's English was only a little ordinary, so she still couldn't understand it, however, Lu Guang should have understood it very well. After all, they were communicating so fluently.

"Don't worry, it's just a small surgery," Lu Guang comforted Qin Yushi.

"Oh..."

Qin Yushi didn't feel much.

"Boss, we agreed that you would arrange a job for my cousin."

### **Chapter 2277: "Don't know what's good for you."**

Lu Guang's face instantly fell. Such a good atmosphere, yet such a woman who didn't know what was good for her. Could it be that she shouldn't be moved to tears? She held his hand tightly and said excitedly.

For example.

Boss, with you here, I'm not afraid of anything.

For example.

Boss, I believe in you. You definitely won't let anything happen to me.

'even if it's the worst.'

'boss, I'm so lucky.'

'but look at what she's saying. The good atmosphere has been ruined by her.'

'such an unromantic woman. Such a heartless woman.'

"Don't worry." Lu Guang resisted the urge to roll his eyes. "Linlang's current boss is my aunt. I'll tell him to let my cousin take care of him personally. He'll be my cousin's assistant in the future."

Qin Yushi tightened her grip on her clothes and suppressed the excitement in her heart.

Was Lu Guang's aunt Luo Lin, and his cousin the one from the he family? He only had one cousin in linlang. This cousin would inherit Linlang in the future, and he was still young, he was personally taken care of by Luo Lin. Linlang's heavy responsibilities would fall on him in the future. He was at the beginning stage, and her cousin was also at the beginning stage.

As long as Qin Pingjun was truly capable, his future would be limitless. Qin Yushi believed that her brother would definitely know what she wanted and would follow the most correct path.

As long as he made good use of this opportunity, he would definitely be able to stand firm in Hai City.

Qin Yushi was now relieved. She let go of the many things that were weighing down on her heart. She suddenly felt her entire body relax, so she was very cooperative during the surgery, she didn't even think about it. After the surgery was done, her eyes were already wrapped in bandages. Of course, she couldn't see anything now. However, she was no longer afraid of the darkness and uneasiness that she used to have.

Perhaps it was because she knew that after the uneasiness and darkness, it would be the dawn and brightness that she had always yearned for.

In fact, she still wanted a pair of good eyes in her heart. She still wanted to see this world clearly one day. She thought that she would not be moved, even if it was for the rest of her life, she was also used to such a blurry world.

However, after her eye surgery, she felt that she was filled with anticipation and excitement.

In the past thirty years, she had not lost a single cent.

Therefore, she decided that she would do her job well in the future and work for Lu Guang.

However, the problem now was that she could not be a cow or a horse. She had to do it in front of her grandaunt.

This was the nanny that I found for you. Lu Guang asked Qin Yushi to sit down and introduced her to her. If she was not around, you could tell her if there was anything she needed.

Qin yushi nodded. She knew what she looked like now. If she was obedient, it would be the best form of cooperation. It was also the best way to avoid trouble. The foreign doctor had said that her eye surgery had been quite successful, now, she just needed time to recover.

As for how long it would take, it was hard to say. As promised, it would take three to six months, and she was now blind. She had no ability to take care of herself.

Qin Pingjun arrived in Hai City in about ten days. When he got off the train, he felt his legs go weak. He didn't expect that once he arrived in a big city like Hai City, he would have such an opportunity to enter a big company like Linlang and have a private residence.

He carried his luggage and walked out. He thought that his cousin would come to pick him up, but he saw a man standing at the station with a sign in his hand, his name was written on the sign.

He rubbed his eyes. It couldn't be wrong. This was his name.

But was he really here to pick him up? It couldn't be someone with the same name.

So, he stood there for half a day and still didn't dare to go forward.

There were many people going back and forth at the station, but no one went there.

He picked up his luggage and walked over.

The young man took out his phone and turned it on. He rummaged through it and directly put the phone in front of Qin Pingjun.

There was nothing else on the phone but a photo. It was the photo he had taken when he had submitted his resume.

This was him. This person was really looking for him.

"Qin Pingjun?" The young man asked as he put away his phone.

Qin Pingjun quickly nodded. "Yes, I am Qin Pingjun." After saying that, he smiled embarrassedly. He still looked a little simple and honest.

"Let's go." The young man opened the car door and sat in it first.

Qin Pingjun carefully put his luggage in the trunk of the car and followed him to sit in it. No matter how he sat in it, he felt uncomfortable.

The car was too new and too high-end. Although he did not know how to drive, he knew this car. It seemed to cost several million per car. These rich people were really rich. They could easily buy a car for millions of dollars, and this money might not be earned back for the rest of their lives.

"My name is He Hanyi. I'll be following me from now on."

The young man driving in front had a very young face and handsome features. But who knew that the tall, handsome, thin, and beautiful him back then was called little fatty he.

Little Fatty he was fat when he was young. He was still fat when he grew up. He was fat in high school and university. It was only in these few years that he began to pay attention to frugality. Only then did he become thin and handsome.

It was not until a long time later that Qin Pingjun finally knew who he had been?

He was the future ruler of Linlang, and Qin Pingjun himself relied on his own efforts to become an indispensable right-hand man by He Hanyi's side. Of course, this was also something that would happen a long time later.

The current him was still apprehensive and uneasy. After all, this was only the beginning of a new city, and also the beginning of his own destiny.

After Qin Pingjun had tidied up his place, he had already entered the beautiful palace. However, he was so busy that he did not even have the time to catch his breath. He needed to familiarize himself with his new job, he also needed to achieve a certain level of performance. Other than working, he also needed to study. He had a place that the company had arranged for him to stay, but it was so close that he only needed to walk a few steps to get there. However.., he did not even have time to go back. Almost from the moment he arrived at the company, he had been busy. He was almost always busy. He also had a lot of pent-up anger in his heart. Of course, he did not want to admit defeat, so.., if someone else added an hour of work, he would add two hours. If someone else added two hours, he would add three hours. He spent the entire day on work.

### **Chapter 2278: ended just like that**

Therefore, his progress was the greatest, and of course, the most solid.

He had already done very well when everyone else was getting ready.

However, because he was too busy, he couldn't even go to the palace to visit Qin Yushi. It was good to be able to make a phone call. He was busy here, but Qin Yushi was obviously not idle either.

After Qin Yushi's brother's matter was settled, there was almost nothing else to do. She couldn't do anything now, so she could only stay at home and need someone to take care of her.

Fortunately, she was used to such days where she couldn't see clearly. After all, she was half-blind in the past, so she really didn't feel uncomfortable. In fact, she was used to it.

At the very least, she didn't fall down many times. After a long time, she had gotten used to the situation at home. Now, she could at least do something that she could do.

For example, she could go to the bathroom without help and eat by herself.

"Dou Bao," she squatted down and called out to the cat.

"Ding Ling..." soon, she heard a clear bell ring beside her ear. It was the bell on Dou Bao's neck.

"Meow..."

Dou Bao meowed. His voice was still that of a little kitten, but if he saw this cat, he would probably be scared. He was too fat. She didn't know if Dou Bao had the genes of an orange cat, how did he grow to be so fat.

Of course, his soft and cuddly appearance was also very cute. No woman could reject such a soft and cute little animal.

Qin Yushi didn't feel that she liked cats in the past. She only knew that she didn't hate them. It was just that she didn't have the conditions to raise them in the past. She couldn't even raise herself, let alone raise other animals.

However, when Doubao arrived at home, she realized that she really liked cats. Especially now that she couldn't see them, and she didn't have any friends, she only had Doubao. She bent down, she carried Doubao in her arms.

The nanny at home wasn't bad. She Fed Doubao until he was fat, but he didn't lose any weight. She fed him according to the food she had ordered. This cat was raised by Lu Guang's mother, so no matter what.., she could not feed the cat until it became thinner.

Just as she was about to walk, a hand reached out and pulled her up.

"Why Are You Back?"

Qin Yushi followed quietly. Of course, she was not afraid that he would sell her. Even if he wanted to sell her, he had to wait until her eyes recovered. She was half-blind now, so she was not worth much.

"Sit down."

Lu Guang pressed on Qin Yushi's shoulder. Qin yushi sat down with Doubao in her arms. Doubao's expression was lazy, and his pair of round cat eyes squinted.

Lu Guang placed his hand in front of Qin Yushi and shook it lightly.

Her eyes couldn't see the light, but the results of the hospital's examination were good. She had recovered quite well. As for when her vision would recover, it was still unclear, however, it would still be better than now. Moreover, her eyes would be maintained at a certain degree in the future. They would no longer be elevated or become blind.

Qin Yushi was glad that her eyes couldn't see. Otherwise, she really didn't know how she would face Lu Guang.

The nanny had already brought in the food from the kitchen.

Lu Guang didn't eat it himself, but fed Qin yushi instead.

Qin Yushi wanted to do it herself, but after thinking about Lu Guang's personality, she decided against it.

Doubao was also carried away by the nanny. It was about to eat too. It wasn't good for the cat to skip a meal. It would follow you around. As long as it was full, it would lie there and not move, it was not noisy.

Qin Yushi was carried away by Lu Guang until she sat down. Then, she grabbed the bedsheet that she had found. It was obvious that she was anxious and uneasy.

"You... What are you doing?"

She stuttered. It was as if there were thorns on her bottom.

"Don't you know?"

Lu Guang walked over and placed his finger on Qin Yushi's face. He gently scratched her face. It was not the first time. She should be used to it

Qin Yushi had goosebumps all over her body.

She stood up and wanted to walk out, but she couldn't see anything. She didn't even know where the door was, let alone run away. She scratched her hair.

In fact, she didn't know how she ended up like this. She and Lu Guang had a normal relationship between a landlord and a tenant. She was the landlord, and Lu Guang was the tenant.

But now, their identities were not only reversed, but they were also reversed.

If Lu Guang became the landlord, not only would she become the tenant, she would also owe him thirty years of time.

In fact, there was really nothing between them. Although Lu Guang did not trust her to sleep alone, what if she accidentally fell asleep at night and died? However, their relationship was very clean, and they were just chatting under the blanket.

However, for some reason, that night, they ended up chatting under the blanket, and that was it.

It was impossible for a single man and woman to not have anything happen.

In fact, she did not feel anything. She did not have much of a prediction about her future. In addition, she had sold herself for 30 years. In these 30 years, she might not be able to get a boyfriend, she had also made up her mind to be single for the rest of her life. However, she did not expect that she would rape her boss. No, actually, she did not know who raped who. In fact, it was not considered rape.

Everyone was willing to do it.

However, could this be just a one-time thing? Could they just pretend that nothing had happened? However, was this possible?

If there was a first time, there would be a second time. If there was a second time, there would be countless third times. Until now, she did not know how many times she had done it. She really liked troublesome things.

And then, that was it.

Lu Guang gently stroked her hair. His entire body and mind were relaxed. Of course, his mood was also very good. It was not easy for him to finally trick her.

"Are you rested?"

Lu Guang asked Qin Yushi.

"Yes..." Qin Yushi answered randomly. She also shrank her body. However, she did not move her body. She gently pressed her face against his chest. She was so tired that she did not want to move.

Therefore, she didn't know what she had just answered?

"Let's do it again." Lu Guang's hands became unruly again.

**Chapter 2279: was signed again**

Qin Yushi opened her eyes. There was still darkness in front of her. It was because of this darkness that his perception became more direct. Of course, it also made her body more sensitive.

Forget it, that was it.

She didn't resist anymore. She really didn't have much strength.

It was unknown whether it was day or night outside. Qin yushi had been living such a muddle-headed life recently. She was still waiting for the moment when the darkness passed. She was also waiting for her to see the light of day again.

She was actually grateful to Lu Qin.

If it weren't for Lu Guang's request for her to undergo the surgery, she might have been living a dark and gloomy life not long after. When that time came, it would be eternal darkness, not the dawn.., between Hope.

Lu Guang held Qin Yushi's hand and took her to a place. This was the first time Qin Yushi had come out after the eye surgery.

Her eyes couldn't see strong light, so the moment she came out, her eyes seemed to light up. That was why she was certain that she wasn't really blind. She couldn't see for the time being.., her eyes could still sense light.

Qin Yushi didn't ask where Lu Guang had taken her. Her thirty years were Lu Guang's. Even if Lu Guang really wanted to sell her, she could only accept her fate.

Lu Guang asked her to sit down and she sat down

"Sign it." Lu Guang held her hand and Yu Yushi obediently wrote down her name.

After all, she had signed it more than once or twice. She was already used to it. Of course, that was only because she knew that Lu Guang would not do anything to her. At the very least, he would not harm her.

Lu Guang asked her to sign, so she signed. He asked her to press her fingerprint, so she pressed her fingerprint. After everything was done, Lu Guang brought her out again. She looked up at the sky above her, she knew that they were already outside, because her eyes could feel the light again.

"Why didn't you ask me what contract I signed with you just now?"

Lu Guang asked Qin Yushi in amusement.

He really felt that Qin Yushi was a little too calm. Why? He had sold her out. Did she have to count the money for him?

No matter what it was, Qin Yushi still had the same expression. "You won't hurt me."

There were many people in this world who wanted to hurt her. Her parents were one of them, and so was her younger brother. However, Lu Guang wouldn't. Compared to many people, compared to her biological parents.., lu Guang was much better than them

Even if her parents would harm her, Lu Guang would never do so.

“I thank you for Your Trust.”

Lu Guang gently stroked Qin Yushi’s hair. It felt good to have someone who trusted him with all his heart.

“Let’s go, we’re going home.”

Lu Guang helped Qin Yushi fasten her seatbelt.

Qin Yushi’s heart seemed to be filled with something because of that sentence. She clutched her clothes tightly. She had to admit that she was touched by the word ‘family’ just now. Her heart was beating.., it also seemed to bring about warmth and joy that she had never felt before.

Her time passed just like that. It didn’t seem to be any different from the past. She still liked to hug Dou bao. The Cat and the Cat played very well. Although she couldn’t see anything.., she didn’t feel how sad time was.

She counted the time. It was almost two months. She would be able to see it in four months. It might not even be four months. She would go to the Doctor for a checkup next month, at that time, she would be able to remove the gauze in front of her eyes and might even be able to see slightly. At the very least, she wouldn’t have to be a cripple and be unable to do anything.

“Miss Qin, it’s time to eat.”The nanny placed the dishes and came over to help Qin yushi up so that she wouldn’t go astray.

“I made fish today. It’s braised in soy sauce. You should like it. Mr. Lu said that since your eyes aren’t good, you should eat more fish. It’s very nourishing for your eyes.”

“Thank you.”Qin Yushi sat down and reached for her bowl. She then picked it up. There wasn’t any food in it. The nanny had placed it for her, but she couldn’t see it now, it wasn’t to the point where she couldn’t do anything.

She picked up her chopsticks and started eating. Although she was a little stupid, she could still eat.

However, she didn’t know what had happened. When she ate fish in the past, she didn’t feel this way. She also didn’t know what had happened today. Could it be that the fish hadn’t been properly dealt with? Why was there a fishy smell, the fishy smell made her uncomfortable. She put down the bowl. It seemed that the fishy smell was getting stronger and stronger. The fishy smell made her feel even more uncomfortable. It seemed that something was in her stomach, it kept turning upside down.

She stood up and tried to grab something.

The nanny was also frightened and quickly held her.

“Miss Qin, What’s Wrong?”Why did her expression change.

“Help me to the bathroom.”

Qin Yushi felt her chest tighten. She felt uncomfortable everywhere and wanted to throw up.

The nanny quickly brought her to the bathroom. Qin yushi almost vomited out all the acid in her stomach. The nanny's heart tightened as she wondered if she had done something wrong, or if.., she hadn't washed the dishes properly and used something that was past its expiration date. It had damaged Qin Yushi's stomach, but she couldn't do it. If she really ate it, what would she do? She couldn't afford to pay for it?

"I got it. I'll be back immediately."

Lu Guang quickly stood up, took his clothes, and left.

"Mr. Lu, we have a meeting..."

His new secretary had originally said that there would be a meeting later, but Lu Guang only waved at him.

What... What did he mean?

The new secretary tilted her head and looked confused. What did he mean by waving?

She was a newbie. She really did not know what he meant. She could not ask Lu Guang directly. Right, she could not go.

She was really afraid of Lu Guang. Of course, she did not have any interest in Lu Guang. If she was really interested, then she would not be here anymore. She would have already left.

She could only ask the other people in the company. In the end, she really got the answer.

This gesture was so simple. Yes, it was so simple. The meeting had to be rescheduled.

Lu Guang rushed back. The moment he arrived, he heard the nanny talking about the family.

She said that Qin Yushi was fine in the morning and there was nothing wrong with her. However, when she started eating, she felt like something was wrong. She didn't eat much, but after a few mouthfuls, she vomited a few times, she was listless now. Since noon, she hadn't eaten much. It was worrying to see her lying there alone.

### **Chapter 2280: She was afraid of vomiting blood**

When Lu Guang went in, he realized that Qin Yushi was indeed lying down. She was sleeping quietly, and Doubao was still lying on the blanket, not moving at all.

Qin Yushi didn't look too good. Her complexion was extremely pale, and there wasn't much color in her face. Recently, she had been living a normal life, so it was normal for her to eat, as a result, her complexion was getting better day by day.

And now, the paleness on her face was becoming more and more obvious.

Other than her poor eyes, Qin Yushi had always been in good health. Perhaps the heavens had stolen her eyes, but they had given her a good body. She was very healthy. Ever since she was young, she had never been sick, usually, she wouldn't even catch a cold.

She knew how poor she was. If she had been sick, she would have died a long time ago. Her family had never thought that they would treat her.

That was why she was able to live until now. She was really lucky. Ever since she was young, she had always had a healthy body. Lu Guang had never seen her like this before, she was like a flower that had lost its moisture. She was on the verge of drying up.

Did she feel uncomfortable anywhere? Lu Guang carefully placed his hand on Qin Yushi's forehead. It was a pity that Qin Yushi couldn't see anything. Otherwise, with her intelligence, she would definitely have noticed something. It was a pity that she was blind now, as for whether his heart was also blind, that would depend on himself.

Qin Yushi opened her eyes. To her, there was no difference between opening her eyes and not opening them. Her vision was still dark, but when Lu Guang returned.., it was as if she had gained a backbone.

Was there anything else that made her uncomfortable? Lu Guang asked her worriedly. Why did her face turn so pale? Was it her eyes or something?

Qin Yushi suddenly felt her nose ache. Apart from her nose, her eyes were also aching.

She sat up and grabbed Lu Guang's arm. Then, she hugged his waist tightly. She had never felt so vulnerable before. It was as if all the grievances she had suffered for so long had exploded at this moment.

"Boss, do you think I'll die? I'm very uncomfortable."

Yes, she was uncomfortable. She was uncomfortable everywhere. Her head was uncomfortable, her stomach was uncomfortable, her head was uncomfortable. Was she really sick? was she suffering from some incurable disease, was she going to die soon.

"What nonsense are you talking about?" Lu Guang's face darkened as he hugged her shoulders tightly, "Don't worry, you'll be fine. With me around, there's no way I'll let anything happen to you. Even if you are seriously ill, I'll treat you."

"Boss, I already owe you 30 years. Qin Yushi really wanted to cry when she thought of 30 years."

She already owed him 30 years. Did she have another 30 years to live? Moreover, what did Lu Guang want her to do with the remaining 30 years? He even wanted to raise a dying Qin Yushi. Was she sick?

"It's fine. You can owe me for the rest of your life until you die." Lu Guang gently stroked her hair and comforted her. However, this kind of comfort made Qin yushi feel so depressed that she wanted to die.

"Alright." Qin Yushi could only agree. She would spend the rest of her life to accompany Lu Guang to pay for his life.

If she couldn't pay it off in this life, she would have to pay it off in her next life. However, Qin Yushi didn't know where she would be in her next life. Perhaps in her next life, she would become a kitten, a rabbit, or a tree.

Reincarnation was a skill. People like them couldn't reincarnate, so they had to work hard for all these years. They had to struggle for food and clothing. It wasn't easy.., after her days were better, she had a

job and was about to have a family. She had also found a good job for her cousin, but how did she get sick?

This kind of illness might not be something that she could bear alone.

She thought that if she was alone, then she would definitely send all the money she had saved back to her uncle and the others. Although she could not buy a house in Hai City, she could still buy a small house in her hometown, it was enough for her eldest cousin to get married. As for her, she found a deep forest in the mountains and dug a hole to bury herself.

Her thoughts ran wild, and she felt listless. The more she thought about it, the sadder she felt. The more she thought about it, the more it disappeared. It was as if she really had an incurable disease, it was as if she was going to die soon.

It was only at this time that she let down all her guard against Lu Guang. Now, she was immersed in the sorrow of her dying. She seemed to have been born a tragic person.

When she was young, her father did not love her and did not love her. She had struggled to get to where she was now, but in the end, she did not have a happy ending.

Lu Guang was also shocked by her dispirited state. She had not eaten for almost a day. Even if the nanny brought delicious food, she could not eat it. It was mainly because she saw the food, Lu Guang did not know if it was a psychological or physiological problem. In short, she did not want to eat. It was as if she would vomit if she ate it. That was why she was afraid. What if she vomited blood?

She even said that she had seen through life and death. In fact, that was just her saying. How could she see through life and death? She was afraid of death. Of course, she did not want to die.

Lu Guang had no choice but to coax her for a long time before he finally brought her to the hospital.

“Uncle he, thank you for your trouble.”

Lu Guang had specially come to look for He Yubin. He Yubin was now a figure at the level of an old director. Of course, his medical skills could be said to be top-notch. However, he had been treating very few patients in the past few years, instead, he brought his students professionally. After all, he was old, and his energy was not as good as when he was young. In a few more years, he might have to retire with them.

He Yubin walked over. When he saw that it was a woman, he was surprised. Why was there a woman beside Lu Guang.

“Don’t tell me that you copied your father’s style and secretly found yourself a wife.”

“Ha... you can say that.”

Lu Guang also admitted it generously. Qin Yushi was not kidnapped by Lu Guang. She was just a good person. What was going on? He had only gone out for a few days, yet such a big incident had happened to him?

She was fine, but why did she look like she was terminally ill all of a sudden.

“What happened to her?” He Yibin asked Lu Guang. He also asked the nurse to come over and take her blood for a test.

“She was fine when I left.” Lu Guang held Qin Yushi’s finger. Her finger was still cold, and she didn’t want to get up listlessly, “It might have been a few hours before the housekeeper called. She said that she wasn’t feeling well and threw up after a few bites. She hasn’t eaten anything for a whole day.”
