

## Chapter 2281: Is She dying of illness

“Uncle He, is there something wrong with her eyes? Her eyes just had a surgery.”

“Did you bring the case?” He Yibin did not feel like there was anything wrong after hearing it. Looking at Qin Yushi’s condition, it was actually just a little fake. However, based on his many years of experience as a doctor, he was actually not in a big deal. It was just that he had to wait until the results of the examination were out to find out how she had become like this.

“I brought it over.” Lu Guang took out Qin Yushi’s case from his briefcase. From the examination to the pre-operation, post-operation, and post-operation recovery, it was all here. Moreover, a few days ago.., he had just brought Qin yushi over for an examination. Her eyes were fine. Her eyes had recovered very well and there was no infection, so it should not be caused by her eyes, moreover, the foreign doctor had also mentioned what might happen after the surgery.

However, there was nothing that could make one vomit so much that they couldn’t eat.

He Yibin took the examination report and flipped through it. After he finished reading it, he placed the examination report on the table. According to these, it shouldn’t have anything to do with her eyes, we will know what the reason is in a while?

Very soon, the nurse brought over an examination report. This was what he Yibin had asked for earlier.

He Yibin took the examination report and began to flip through it. He could not help but smile when he reached the last page.

“Look at me. I forgot to write another examination report for you.”

He Yibin took the pen and opened another one. Then, he said something to Lu Guang.

With a bang, Qin Yushi shut Lu Guang outside.

“You really don’t need my help?” Lu Guang knocked on the door and confirmed again. “Your eyes aren’t good. Don’t leave them everywhere.”

With a bang, Qin Yushi kicked the door. She was sitting on the toilet and couldn’t help but grab her hair. She just needed to make sure that it was attached to the toilet.

Even if she was bold and unrestrained, she wouldn’t do such a thing to someone else.

This was because the doctor had given her a test report this time. It wasn’t for anything else, but for a urine test. No matter how blind she was, she had to do it herself.

It wasn’t easy for her to send the Doctor for a test, but she still held her bag and didn’t say a word. She was waiting for the hospital to give her a death sentence. If that was really the case, she would definitely find a deep mountain or forest, she would really dig a hole and jump into it herself. She would die even if she didn’t die. She didn’t want to be tortured to death.

“It’s alright.” Lu Guang gently put his arm around her shoulder. “I’m still here.”

Qin Yushi was still in pain. She rested her head on Lu Guang’s shoulder. She didn’t want to speak or move. However, she couldn’t deny that he really needed a shoulder to lean on, she had lived alone for too long, so long that she had forgotten about it. It turned out that she still wanted someone she could rely on, rather than having to support everything herself.

Qin Yushi’s report came out very quickly. The director had sent it over personally, so naturally, it could be considered a backdoor. It only took a few minutes.

He Yibin placed the report on the table and stared at Lu Guang with a half-smile.

“Uncle He, why are you looking at me like that?” Lu Guang touched his face. What was wrong? was there something on his face?

“Nothing,” he yibin sighed. Sometimes, the heavens really favored the LU family.

Back then, they had three children. Who knew how many people had died of jealousy.

Now, that fellow Lu Yi might be feeling smug again. No, Lu Yi’s personality didn’t seem to like being smug. However, Yan Huan could be at ease, but if they could be at ease, he wouldn’t be at ease, he had given birth to his brat when he was close to forty years old. If that Brat gave him another forty-year-old before getting married and giving birth, then he wouldn’t be able to have grandchildren for the rest of his life.

He was afraid that he would not be able to live until that time.

“Uncle He...” Lu Guang’s palms were covered in cold sweat. He Yibin was fine. Why was he sighing? Could it be that he really had a bad illness.

At this moment, his heart was actually in a mess. This was a despair that he had never experienced before...

“Don’t worry, it’s fine.” He Yibin finally reacted. He walked over and patted Lu Guang’s shoulder, “You have to take care of this matter properly. Otherwise, if your parents don’t tell me first, I feel that your big brother might beat you to death.”

Lu Guang took the inspection report and placed it in front of his eyes. When he saw the handwriting on it clearly, his eyes immediately widened.

This wasn’t real, right?

It hasn’t even been a month.

Or could it be that he was too amazing? He hit the target with one shot.

“Haha...” His Mouth split open as he laughed. He really looked like an idiot. How could he not be an idiot? That’s right, how could he not be an idiot? He was going to be a father. He had a son.

He could finally stop being beaten up by his boss in the future.

“Shishi, thank you.” He hurriedly hugged Qin yushi. At that moment, even Qin yushi could feel his body trembling.

What was there to thank her for? Was she about to die?

Qin Yushi reached out and hugged Lu Guang’s waist. Why did she suddenly realize that the person she couldn’t bear to part with in this world was him.

“Lu Guang...”

She sniffled. She felt that her days were numbered. There were some things that she couldn’t say now because it was too late.

“What’s Wrong?” Lu Guang patted her face lightly. You used to call me boss, so why are you calling me by my name now? Qin Yushi had always placed her identity in the right position, even though her relationship with Lu Guang had developed to that stage, and she had stepped on the last lightning pit countless times, she was still very clear that it was impossible between her and Lu Guang.

Lu Guang was the boss, she was the employee, Lu Guang was the favored son of heaven, and she was a small piece of mud on the ground.

She was not Lu Guang’s woman, nor was she Lu Guang’s girlfriend. She was actually fine. Lu Guang had helped her country countless times, and she did not want to sigh at him. She was only grateful.

Qin yushi clenched her fingers tightly and raised her face. Only the blurry light in front of her made her feel that she was not blind. She could see.

She was blind, but she had never been blind in her heart.

“Thank you.” Qin yushi buried her face in Lu Guang’s embrace and heard the beating of his heart, “I don’t have much time left. No matter what, I’m thankful for you being so good to me. You helped me treat my eyes, hired a nanny to take care of me, and arranged a job for my big brother. However, I’m useless. I Can’t repay you. If there’s a next life, I’ll definitely repay you if I still remember you.”

## **Chapter 2282: a bunch of Lu family members**

She sniffled again, her voice choked with sobs, “I know I might be suffering from a bad illness, but you don’t have to worry. I’m not afraid. Everyone will die. I’m just one step ahead of you.”

As she spoke, she started to cry. She even said that she didn’t care. Indeed, she was just pretending that she didn’t care. In fact, she was already on the verge of breaking down. However, if she broke down again, she would have to accept everything, including her own short life.

“I can’t let you go.”

Suddenly, she hugged Lu Guang and started sobbing uncontrollably. ‘Why do you have to Be So Good to me? I really can’t let you go. I’ve already decided to stay by your side for the rest of my life. I’ll work for you for the rest of my life...’ ‘even if I have to watch you get married and have children in the future, why do I have to let you have such an illness?’.

“What illness did you have?”

Lu Guang was already confused. He really didn't understand what kind of nonsense Qin yushi was thinking.

However, this could also be considered a deep confession. Of course, these words made him feel very pleased. As expected, he didn't waste his time and effort to kidnap her.

He finally managed to kidnap the mother of his child.

And now, he wanted to know what Qin Yushi was thinking. Why did she look like she was sick? Why was everything so Strange? They didn't say that she was sick, but she was fine.., she was scared silly..

“Isn't it a terminal illness?”

Qin yushi said listlessly, “Tell me.” She sat up again and wiped her tears. “I can hold on. No matter what terminal illness it is, I can face it.”

Lu Guang moved his hand to her lower abdomen.

“Is it uterine cancer?”

Qin Yushi was about to cry. “I don't want to have my uterus removed. Even if I die, I have to die in one piece.”

“What nonsense are you talking about?” Lu Guang wanted to beat her up. “Where did this paranoia come from? You're not sick.” He pinched her face again to see if he could wake her up.

“Who said you have a terminal illness?”

“You said it.” Qin Yushi did not relax at all. She still stubbornly believed that she had a terminal illness.

“Did I say it?” Lu Guang didn't remember saying it. It wasn't like he would curse Qin Yushi to die.

“Also...” he pinched Qin Yushi's face again, “Don't cry. Be careful that the child will be born crying like you, just like a little crying bag. When my sister was young, she loved to cry the most. It was always a headache.” In his heart, he actually wanted a daughter, however, he was afraid that his daughter would be like Xunxun in the past, who loved to cry so much. If that happened, he would really have a headache.

“What child?” Qin Yushi opened her eyes, but there was still darkness in front of her.

Lu Guang quickly pulled her face away. “Qin Yushi, don't cry. What if you cry until Your Eyes Go Blind? Do you know how much this eye is worth? You Won't be able to make it back even if I sell you.”

“I've been selling them for thirty years.”

Qin yushi reminded Lu Guang that she really had nothing left in her body. Even if she were to be squeezed, she wouldn't be able to get anything out of her.

“Also, a child? What Child? Where did the child come from?”

“Think about it yourself.” Lu Guang couldn’t say anything to Qin Yushi right now. Otherwise, he was afraid that he would strangle Qin Yushi to death in a moment of anger. Even if he didn’t feel sorry for her, he would still feel sorry for her, however, he still felt sorry for a small one. Even though that small one didn’t feel anything at all right now, he was just a small embryo.

Qin Yushi had actually been a fool for three years during her first pregnancy. Lu Guang had said it so bluntly for so long, but he didn’t know about it at all. He just couldn’t think of it.

It wasn’t until she slept that her thoughts slowly turned cold. Of course, her rationality returned.

She sat up abruptly. Her eyes were wide open, but there was still no light.

Her period hadn’t come for a long time. After her eye surgery, she wasn’t very punctual. She thought it was because of her mood, so she hadn’t paid attention to it all this time.

Could it be..

She placed her hand on her lower abdomen.

Was she pregnant?

This was her child. Was it really her child? She had family. She had real family. This was a child that was connected to her bloodline. She quickly found her shoes, when she carefully opened the door, a hand reached out and grabbed her hand.

The hand was soft and thin. It was small and did not seem like Lu Guang’s hand.

She also smelled a fragrant scent. It was the scent of a woman.

“Who are you?”

Qin yushi could not guess who was holding her. Only Lu Guang and the nanny were here. However, the person who was holding her was neither Lu Guang nor the nanny. She knew what the nanny’s hand looked like, the nanny was used to doing rough work, so there were many calluses on her hands, so they weren’t as smooth or as delicate.

Of course, it wasn’t Lu Qin’s hands either, because it was obviously a woman’s hand.

“I’m your sister-in-law.”

It was indeed a woman, and a very young woman. There was also that “Sister-in-law”.

“Sister-in-law...”

Qin yushi couldn’t react in time. Her brother had a girlfriend, but didn’t her brother say that he was very busy? Because he had just entered the new company, everything needed to be adapted and studied. He couldn’t even leave the company now, he ate and lived in the company. How could he have a girlfriend and give her a sister-in-law? Moreover, she had never heard that she had a sister-in-law before.

“Come, let me help you.” The woman helped Qin Yushi to the sofa outside.

“Ding Ling...”

Qi yushi heard Doubao's voice.

The bell on Doubao's neck rang.

"Doubao..."

Qin yushi reached out to feel around. What was wrong with Doubao? was he hungry? If he was full, he wouldn't be able to find him normally. Why was he running around.

"Mommy is carrying Doubao,"the woman said again.

Qin Yushi was stunned. "Mommy, where did mommy come from?"

"It's Mommy."The woman carefully helped Qin Yushi sit down, and Qin Yushi heard Doubao meowing again.

"Xiaomei, Carry Doubao."A soft and soothing voice suddenly sounded, making qin yushi feel her muscles tighten. This voice was..

The person who came to look for Lu Guang the last time was...

Yan Huan's..

Was Lu Guang's mother.

Mother,

sister-in-law.

Were all these people from the Lu Family?

### **Chapter 2283: Frightening Passion**

"How many months has it been?"Yan Huan reached out and touched Qin Yushi's stomach. It was quite flat. Was it a month or two.

"I... I don't know."

Qin Yushi's body stiffened. She didn't know how to answer this question. How many months had it been? She didn't know. She only knew that her period hadn't visited her for more than a month.

"It's fine. Just go and check it out."Yan Huan reached out and patted Qin Yushi's hand, "I'm Lu Guang's mother. You might know me. I'm Yan Huan."Although Yan Huan did not feel that he was very famous, many people should know the name Yan Huan.

"I, I know..."

Qin Yushi felt that she was blind. It was the right time. Otherwise, she would not know how to face the Lu family. In the past, she really thought that Yan Huan was very cold and aloof, in fact, that was how it was. Yan Huan did not like to come out, nor did he do any promotional activities. He did not dare to offend anyone. On the contrary, others were rather afraid of offending her. In the entertainment

industry.., based on the current situation... If she dared to say that she was number one, no one would dare to say that she was number two.

Although she had long stopped filming, what she had left behind in the entertainment industry was still one glorious time after another.

“Don’t move, Doubao. It’s shedding its fur recently.”Yan Huan knew that she couldn’t let a pregnant woman live with an animal. Furthermore, Doubao had shed its fur. She was prepared to send Doubao to Happiness Inn, she asked bright mommy to help her take care of it first.

As for Qin Yushi, she wanted to follow them back to the Liuyuan Garden. The Liuyuan garden had good scenery and was a little further away from the city. The scenery was good, the air quality was good, and the place was big. Most importantly, they were all there, she and Xiaomei were there, and there were a few responsible nannies at home. This was the new generation of the Lu family. Nothing could go wrong.

Lu Qi would never have a child of his own in this lifetime, and they had already accepted it. However, Lu Guang could not. A few days ago, they were still fretting over when Lu Guang would get married. Lu Qi was about to go over again, they were prepared to flatter Lu Guang. Even if they found a woman to rape him, they would still want to give birth to a child for the Lu family.

However, in just a few months, Lu Guang acted quickly. Today, he happily told them that he was going to be a father and that he had kidnapped the mother of the child.

Yan Huan and Xiaomei came over personally. They were afraid that a grown man like him would not take good care of the child, so they lost the child that they had finally gotten pregnant with.

Just like that, Yan Huan forced Qin Yushi to pack up and bring her back to the detention center.

When she arrived at the Liuyuan Garden, she realized that the place was very different. She hadn’t heard the chirping of birds for a few years. There were birds everywhere, so she couldn’t see anything, however, she could feel a sense of freedom in the air. There was also the smell of fresh soil and grass. It was as though she was in a big forest. It was also as though she had returned to her hometown, her breathing seemed to have become smoother. This feeling was really good.

She could not see, but she knew that this was the residence with excellent feng shui and land prices. Not only did she meet Lu Guang’s elder brother and sister-in-law, but she also met his parents, even his grandparents were there. They treated her very well and were very warm to her. They were so good that she wanted to run away, but they were also so warm that she felt scared.

When Lu Guang returned, she heaved a sigh of relief.

Sometimes, being too passionate was also very scary.

“Are You Alright?”Lu Guang pinched Qin Yushi’s face a few times. They actually packed her up and brought her back without telling him. He even thought that someone had stolen Qin yushi and his son away.

“When I found out that you weren’t around, I was almost worried to death.”

As he spoke, he pressed his forehead against Qin Yushi’s shoulder.

His breathing was very rapid. He could feel that he was really anxious and scared. Qin yushi couldn't see, but it was also because of this that her senses were much more sensitive than an ordinary person's, they were much more sensitive and could be easily sensed.

Lu Qin wasn't lying. He was really worried about her, and he was really scared.

"Boss, this child..."

She reached out and gently stroked her lower abdomen, but she didn't know what to do with him?

Was he born out of wedlock?

"The child is very good. What's wrong? Is There Something Wrong?"

Lu Guang's head was really hurting. Not only did he have to worry about Qin Yushi, but he also had to worry about the younger one. To be honest, from the moment he knew of his existence, he had been so worried that he couldn't sleep. After going back and researching for a long time, he was trembling with fear towards this little embryo. He was afraid that the little thing would accidentally die in the womb.

Although he had hit the nail on the head, it was indeed not easy for this child to come. This was an egg that was hatched at the age of 28. His little nephews were almost four years old, and each of them was extremely adorable, however, they hadn't had a child for a long time. Even brother Little Thunder, who was in his thirties, didn't get married. He couldn't help it. He was too tall and no one wanted him. Getting a wife was an art, those who didn't have this art were destined to be single.

The egg in Qin Yushi's stomach was the only precious egg in their family. It was also the great-grandson that Grandpa and Grandma dreamed about. If they didn't get a great-grandson.., even if they were to die now, they might not be willing to accept it.

After all, their great-grandfather had watched them grow until they were twenty years old before he passed away without regrets.

This little embryo of his had to grow up properly. He couldn't let anything happen to it. His big brother was still watching.

Also, what was the expression on Qin Yushi's face? Why? Did she not like this child?

"You don't like children?"

Lu Guang squatted down in front of Qin Yushi and noticed the change in her expression.

Qin yushi shook her head. She gently stroked her flat stomach. "I don't dislike him." In fact, she really loved him. She was afraid that she couldn't feel him yet, however, when she knew that there would be another him in her life, apart from being grateful for the wonders of life, she also felt that she had a family member.

She really loved this child. Even if Lu Guang didn't want him, she would still want him. No matter how hard it was, she was willing.

Lu Guang heaved a sigh of relief. He was used to reading people's minds, and he could tell that Qin Yushi really liked this child. She didn't force him, and when she mentioned the child.., she did not dislike it.

## Chapter 2284: was beaten up by the boss

“That’s good.” He was afraid that she wouldn’t love the child in her heart. If she wanted to abort the child, how could she abort such a precious egg.

“Boss, you...”

Qin Yushi wanted to say something, but she held it in. She didn’t know how to say it?

Lu Guang raised his eyebrows and waited for her question.

“Boss, this child...” Qin Yushi held her fingers on her knees. It was because she couldn’t see Lu Guang’s expression that she was so uneasy.

“Will you have this child?” Qin Yushi gathered her courage and asked. If he didn’t want it, then she wanted it.

“I...”

Before Lu Guang could answer, he heard a loud bang from outside. Then, he heard a sound that was almost frozen.

“Lu Guang, do you dare not have children?”

“Big Brother...”

Lu Guang quickly stood up. Before he could explain, he heard a whoosh, and his face was hit.

“Boss, can you not hit my face?”

Lu Guang covered his face. Also, could he not be so hot-tempered? He had not finished speaking, and before he could explain, he was already dragged out by Lu Qi.

Qin Yuyi was dumbfounded. She stretched out her hands, wanting to ask what was going on. What was going on? Was there a fight?

Xiaomei quickly grabbed Qin Yushi’s hand. Her nasal voice was heavy, and she was crying.

“Shishi, don’t worry. If that Jerk Lu Guang doesn’t have a child, I’ll take you away from home. The Lu family won’t have a wife or a son.”

Qin Yushi’s Red Lips moved for a long time. After a long time, she still didn’t know what had happened?

She really wanted to cry. They really didn’t say anything. She had only wanted to ask if Lu Guang didn’t want a child, so she would run away and raise the child herself. However, she had never thought.., she wanted to take Lu Guang’s sister-in-law away. Although she didn’t know what she looked like, she could tell how delicate her skin was just by touching her sister-in-law’s small hands. Moreover, she had heard from the employees in the company.., Lu Guang’s elder brother was from the army, and he married the only daughter of the mayor of Hai City. This was the real little princess. She had been well-fed since she was young and couldn’t be compared to a rough person like her.

Her skin was rough and her flesh was thick, and she could take it.

Even if she had stolen doubao, she could not have stolen Lu Qi's wife.

When Lu Guang came back, he sighed softly and touched his face again. Fortunately, Qin Yushi's eyes could not see him now. Otherwise, his image for the rest of his life would be ruined.

His right eye was swollen, his left face was bruised, and the corner of his mouth was torn.

This was the worst beating his boss had ever given him.

In the past, it was just a small fight. At the very least, his boss wouldn't slap his face. But this time, it was different. Every time, he would slap his face, he was about to be beaten into a pig's head.

"Boss?"

Qin Yushi asked tentatively. She had already heard Lu Guang's footsteps. She had been with Lu Guang for more than three years. She knew what Lu Guang's footsteps sounded like, and she could tell almost immediately.

"It's me." Lu Guang walked over and quickly helped Qin Yushi sit down. You Can't see it. Now that you have a child, don't wander around. He was scared.., if Qin Yushi had fallen randomly like he did when he was three years old, this child would have died countless times.

Therefore, he felt that it was better to leave Qin yushi here. There was his mother, sister-in-law, and a few nannies. When he was not around, they could watch her 24 hours a day, however, when she couldn't see, she got pregnant.

They didn't use any contraception and didn't think too much about it. In the end, it only happened a few times. No, it was just one time and she was already pregnant. She didn't know if it was because of his ability or her constitution, or if it was because of her constitution.

He gently caressed Qin Yushi's hair and sighed in relief. "I was too careless. Let's move back here. There are too many people here and your eyes aren't good. Nothing must happen to you."

He carefully placed his big hand on Qin Yushi's abdomen. Don't forget, there was still a small one here. This small one was too weak. Nothing must happen to her. If anything happened, I would be beaten to death.

"Okay," Qin Yushi agreed. She completely agreed with Lu Guang's arrangement on this point.

She knew her current situation. She couldn't see, so she was blind. Even going to the bathroom was very dangerous. It wasn't like she had never fallen before. It didn't matter if she fell in the past, but if she really fell now.., she would really throw the child away.

"Let's lie down for a while first." Lu Guang helped her lie down, but Qin Yushi somehow touched the wound on his face. Lu Guang couldn't help but let out a heavy sigh. Although it wasn't so painful as to scream.., it really hurt him.

"What's wrong with your face?" Qin yushi reached out her hands and groped.

Lu Guang had no choice. He sighed and pulled her hand to place it on his face. This beaten face was like the surface of the Moon.

Qin Yushi couldn't see it, but she could touch it.

It seemed to be swollen?

"Why is it swollen like this?" Although she couldn't see it, she knew that Lu Guang's face was most likely ruined. Who had beaten him up like this? It was no longer a human face, but a pig face.

"My boss did it."

Lu Guang grimaced in pain, but when he saw Qin Yushi's scrunched up face, he was in a good mood. His wife was in pain, but of course, his man was in pain too. Forget it, he didn't get beaten up.., at the very least, he knew that little shishi would feel sorry for him. If he had known earlier, he would have asked her boss to beat him up harder. Sometimes, the tactic of inflicting pain was quite useful. Why didn't he think of it before?

"Why did he hit you?"

Qin yushi quickly moved her hand away, afraid that she would accidentally hurt Lu Guang. He was fine, but why did she hit him so hard in the middle of a bro-versus-bro fight? She only hit him in the face.

"He thinks I don't want children."

Lu Guang rubbed the top of Qin Yushi's head, "He's thinking too much. How can I not want children? This is my child. I'm already 28 years old. Other men are so old, but I only hatched an egg when I was 28 years old. Was it easy for me? When my mother gave birth to the three of us, we were about the same age. They thought that they didn't want children, but they accidentally gave birth to the three of us. We were their greatest pride in their lives. Of course, my child will be the same in the future."

### **Chapter 2285: had been beaten for nothing**

Qin yushi pursed her red lips again. In fact, she really wanted to ask where Lu Qin was going to put her. Was she a secretary, a debtor, or the mother of his child? Or perhaps, he wanted the child.., and not her?

However, she never asked this question. She wasn't someone who liked to avoid things, but these things could never escape her mouth.

Lu Guang helped Qin yushi pull up the blanket. Qin Yushi was probably really tired. The reason why she had been so lethargic recently might be because of this child.

The complicated emotions in her heart gradually cleared up, and what followed was just this drowsiness. She didn't think about anything and didn't think about anything.., she just wanted to have a good sleep.

Lu Yi didn't leave. He stayed here and accompanied her.

The door opened gently

Lu Guang quickly stood up and opened the door. He turned around to look at Qin Yushi. She was still asleep and didn't wake up. Based on her recent sleep patterns, she would probably sleep for a long time.

"Mom..."

Lu Guang called out.

Yan Huan walked in and placed the medicine box on the table.

Lu Guang quickly moved his head closer to her like a human-shaped furry dog.

"How many years has it been? Why haven't you grown any strength?" Yan Huan took the medicine box and found medicine for Lu Guang.

"Mom, be gentle. It hurts, it hurts..."

Lu Guang had never pretended in front of Yan Huan. Even if he was forty-eight years old, he would still be like this as long as his mother was around, let alone twenty-eight years old.

Just like his grandfather, who was already in his eighties, would still be beaten by a hundred-year-old grandfather with a cane.

Yan Huan was not polite at all. He kneaded his son's face like it was dough.

"Mom, you're also talking about my brother," Lu Guang could not help but complain, "Can you not keep slapping my face? This face is a matter of appearance. He has slapped my face like this. How am I supposed to go to work tomorrow? How am I supposed to face people? Mom, I'm already 28 years old, not 18 years old."

"You're 38 years old. If you do something wrong, your brother will still beat you up."

Yan Huan glanced at his son's pig-like face. "Tell me, how did you provoke your brother this time? It's been a long time since he beat you up."

"He thinks I don't want children." Lu Guang felt that he was even more wronged than Dou e when he said this.

"How dare you!"

Yan Huan pulled his son's face again.

"Mom, can you be gentler? It hurts, it hurts... This is your son's face, not pork."

Lu Guang hurriedly pulled his face back from Yan Huan's hands. Wasn't his face a little too troubled? He was the one who was beaten beyond recognition by his boss, and he still had to be pulled by his mother.

How painful was this?

Yan Huan poured some medicinal wine into his palm and forcefully rubbed Hunzi's face. He also wanted Lu Guang to be in pain. Ever since he was young, this kid's life had been smooth sailing, and he hadn't experienced any setbacks, it was good to let him be in pain.

He hadn't even experienced bitterness, so how could he know what sweet was?

"Xiao Guang," Yan Huan put down the medicinal bottle in his hand, and his tone was very serious.

Of course, Lu Le was also listening very seriously. In front of Yan Huan, he usually did not even dare to tell a little lie.

"Xiao Guang, are you prepared to let my grandson be an illegitimate child?"

Yan Huan's face sank. In the current generation of the Lu family, there might only be one such child. If the child was turned into an illegitimate child, not only would Lu Qi beat him up, even as a mother, she would beat him to death.

"Mom, you're thinking too much." Lu Guang rubbed his face.

"How can I let my son be an illegitimate child?"

"What about Shi Shi?" Yan Huan frowned. "Don't tell me that you only want a child, but you don't want a mother who wants a child."

"Mom..." Lu Guang didn't know whether to laugh or cry. "I'm your son. You should know what kind of character I have. If I don't really like a woman, how can I keep her by my side?"

"Shishi's personality is too strict. She's also very wary of everyone. It's very difficult for ordinary people to get close to her heart. You have no idea how long it took me to slowly get her used to me."

How difficult was it to make a woman, who was already mentally injured and was also wary of others, let down her guard?

In order to get close to Qin Yushi, he had spent a lot of time getting her used to him. Now that he had managed to kidnap her, he had finally given birth to a child.

He had gone through so much along the way that his hair was about to turn white.

Yan Huan held the medicinal wine and applied medicine on Lu Guang. "Don't tell me that you're acting like your father did when he kidnapped me?"

"Mom, you're really smart." Lu Guang was like a puppy as he leaned on Yan Huan's shoulder.

Yan Huan looked up at the ceiling.

As expected, they were all surnamed Lu.

Lu Yi was like this, Lu Qi was like this, and now even Lu Guang had learned it.

Was this fun?

It wasn't like she didn't agree.

Yan Huan picked up the medicine box and walked out. Lu Guang rubbed his aching face again. This face was a little too much, too much trouble. He turned his head around. His swollen face looked like a pig's head. It was a little more interesting. In fact, it was a little cute, but it did not look too ferocious. Perhaps it was because of the so-called mutual affection.

His outlook on life had always been very upright. Naturally, his appearance was also very righteous. No matter how twisted and pathetic he looked, the word 'ferocious' would not appear.

"I know you heard my conversation with my mother."

Qin Yushi grabbed the blanket tightly and sat up. There seemed to be some light source pulsating in front of her, but she couldn't touch it.

Lu Yi walked over and sat in front of Qin Yushi. He gently brushed away the hair that was next to her face, his eyes as intoxicated as rain.

"Don't worry, our child will not become an illegitimate child."

"Oh..." Qin Yushi's mind was a mess. Her identity seemed to have been upgraded. They went from landlord and tenant to tenant and landlord, then to debtor and creditor. Finally, they became.., the child's father and mother.

Lu Guang touched her smooth and delicate face. "My father registered with my mother back then, so no matter how unwilling my grandfather was, he could only endure it.

"My elder brother and sister-in-law also registered behind my mother's back. At that time, they thought that my mother would oppose their marriage."

"I also registered with you privately. It's not easy to lie to you. This is the fastest way, so you're mine."

"Oh..."

### **Chapter 2286: boss, I quite like you**

Qin Yushi still said the same thing. Such a response, she couldn't be blamed. She really couldn't be blamed. She never thought that she would encounter such a good thing, there was also such a weird boss who didn't play by the rules.

Was this Cinderella's story or Snow White's.

She had never believed in fairy tales since she was young, and fairy tales were all lies to her.

She was just an ordinary woman who would become blind if she left her glasses. She should have to travel and waste her life for three meals a day, for the sake of daily food and clothing.

However, she met a good boss. Of course, she really did not have any improper thoughts about the boss, and of course, she did not think of getting anything from the Boss?

However, why did the boss hit her with such a Big Pie? Moreover, he even hit her with a pie.

"Our little bun is a legitimate child," Lu Guang said with a smile. Then, he pressed his chin against her forehead. He also held her hand and placed it on her lower abdomen.

This place was pregnant with their common child. This was the continuation of their bloodline. In a few months, he would be born. In the future, he would grow up, marry, and have children. They would complete the fate of human reproduction.

Everyone was like this. They spent their entire lives looking for another semicircle. If they couldn't find it, if they found the wrong one, it would be a regret, a lifelong regret, an unknown regret.

"Shishi, don't you have anything to express?"

Lu Guang didn't know if he was going to beat his chest or stomp his feet, or if he was going to cry. He was already so emotional. If it was any other woman, she would have been moved to tears long ago. She would have said excitedly, "There is no mountain without edges..." "Heaven and earth are in harmony..".

But tell him what kind of expression Qin Yushi had. What kind of expression was this? Why wasn't she excited at all? Why wasn't she touched at all?

"Oh..." Qin yushi gave him a third "OH".

"Boss, do you like me?"

Qin yushi blinked her eyes. She couldn't see clearly, but she was staring at Lu Guang's face. In her mind, Lu Guang's face had always been very clean and outstanding, if she were to look at such a face, it would definitely be a form of enjoyment, because it was really very pleasing to the eye.

Of course, she should also be glad that she couldn't see it now. Otherwise, this might be the scene that she didn't want to remember the most in her life. What kind of scene would it be like to fall in love with a pig head, a sudden change, a terrible memory. It was really too beautiful.

Especially when she heard the words that were originally very emotional and touching coming out of the pig's mouth.

If Qin Yushi really saw it, she would probably vomit when she remembered it.

Fortunately, she couldn't see it now. Fortunately, she could imagine Lu Guang's beauty.

That was why people said that dreams were very beautiful.

But reality was Lu Guang's face that had been beaten until it was deformed.

Lu Guang hugged the woman in his arms tightly again, and his heart felt as if it was filled with something.

"Yes, I like you. I like you very much... If you want to say how much I love you, I can also say it, as long as you like it."

Qin yushi habitually wanted to push her glasses up, but when she put her hands on them, she realized that she had long lost her glasses.

"Shishi, you haven't expressed your stance yet?"

How could Lu Guang let Qin Yushi off so easily? With such a good atmosphere and such a good time, she didn't know if she could meet her again.

"What attitude do I have to show?" Qin Yushi yawned. She wanted to sleep.

Lu Guang sighed. Why did he feel so pitiful? It was always women who fawned over him, and he had never taken women seriously, thinking about this world.., it was impossible for him to meet a woman

who made him want to die. He just didn't expect that he would meet her in the end, but she also made him suffer a great blow. Could it be karma for looking down on women in the past.

"Go to sleep." Lu Guang patted Qin Yushi's shoulder and stayed with his two precious eggs.

There was one mother and one little bun.

"If you don't want to talk about it, then don't talk about it." Lu Guang smiled. His eyes were filled with a clear glow.

"It's fine as long as I like you. No, maybe I love you very much. I love you so much that I can't live without you, even though it's a little sour."

Lu Guang stood up. He was going to ask the people in the company to send over all the documents he requested. He was going to stay at home for a few more days. With his appearance, he didn't dare to show it in front of others, he was afraid that he would really scare others to death. It would also completely destroy his handsome image that he had maintained for so long.

Just as he was about to leave, a hand reached out and grabbed the corner of his shirt.

He turned around, unsure if Qin yushi was awake or asleep. Her eyes were covered with a layer of gauze to protect them, at the same time, she was protected as well.

"Boss..."

Qin Yushi grabbed Lu Guang's sleeve.

"HM?"

Lu Guang smiled and felt his heart fill up. Even his face didn't hurt anymore.

"Boss, I like you."

After Qin Yushi said that, she let go of her hand and pulled the blanket over her. She turned over and fell asleep again.

With a loud bang, a hundred flowers seemed to bloom in front of Lu Guang. In an instant, he could almost smell the fragrance of the flowers in the room.

He carefully pulled the blanket for Qin Yushi and walked out. After a while, the door opened again. A nanny walked over and stayed in the room the whole time.

Qin Yushi's eyes could not be seen, so the child she was carrying was very dangerous. Therefore, she could not leave anyone by her side. At the very least.., recently, Yan Huan needed someone to watch over her 24 hours a day.

This precious little bun from the Lu family had not even been born yet, and it had already caused the entire Lu family to be in a Tizzy.

From great-grandfather to great-grandmother, from their very strong grandfather to their still very beautiful grandmother, as well as their first uncle and aunt, they simply treated him as if his eyeballs were hurting.

It had been a long time since Lu Guang had gone to a law firm. Right now, nothing was more important than his wife and child. Moreover, even if he did not go for a year, it would not be possible for the law firm to close down, under his leadership, the law firm would continue to develop to a higher level.

He was absolutely confident about this.

Of course, it was also because his face was still swollen. His handsome image and perfect figure could not be discounted because of his beaten face.

### **Chapter 2287: she can not have children**

As for at home, he was already used to being beaten up. His family had seen it many times since he was young, and his face was bruised and swollen. As for Qin Yushi, it was easier to deal with her. In Qin Yushi's heart., he was still the Lu Guang who could charm Dao Qian, her boss.

That was because she couldn't see his eyes yet. When she removed the gauze on his eyes, it would still take a month. And in a month's time, as long as he wasn't beaten up again, then., his face would be better.

So when Qin Yushi saw him, he would be handsome and invincible.

He was the child of the best actress. Naturally, his facial features were excellent. It was just that he didn't go into the entertainment industry back then. Otherwise, he would have become a famous actor.

Of course, this was not narcissism, but confidence.

Lu Guang's face was getting better day by day. Of course, his mood was also getting better day by day. He could already feel that his little bun had grown up at a speed that could be seen with the naked eye, he was growing up bit by bit. Now, he could already touch Qin Yushi's belly. The little bun grew up very quickly, and he lived up to his expectations. He knew that his father wanted to touch him very much, he really wanted to talk to him more every day, so he tried his best to grow up. It was as if he grew up in a day, not in months.

Lu Guang touched Qin Yushi's belly again.

"She's growing up so fast."

"Yeah, she's growing up so fast." Qin Yushi touched her face. She stuffed her belly five or six times a day. Not only did her belly grow up fast, but her face also grew up fast.

Qin Yushi touched Lu Qian's hand. Recently, she was no longer afraid of Lu Qian. Perhaps it was because of this child that their relationship was closer.

In fact, the so-called love, in her opinion, was the companionship of long-term love.

"Big Brother and sister-in-law don't have children?"

Qin Yushi didn't understand this point. Didn't they say that Lu Qi and Xiaomei had been married for three or four years? Logically speaking, they should have children. Xiaomei clearly liked children very much, and she was the person who had been with her the longest in this family. She was afraid that she

would be bored and send her own things., all the delicious and fun things and skincare products that she could use would be sent to him for free. She would also study with her about the matters before and after the child was born.

But, why didn't she give birth to it herself?

Wasn't that strange?

She clearly liked children very much.

"I have something to tell you." Lu Qin also took off his shoes and pulled the blanket over his legs. Qin Yushi leaned on his shoulder, probably because of this child, that was why she kept feeling that her neck was sore, so she needed to find a suitable place to lean on.

Lu Guang felt quite comfortable leaning on her.

"Sister-in-law can't give birth."

Lu Guang had never thought of hiding this from Qin Yushi. Besides, Qin Yushi wasn't stupid, right?

"She has a heart problem. If she forcefully gives birth, she might die. So when my brother decided to go with sister-in-law, he performed a vasectomy behind our backs. He was afraid that sister-in-law would get pregnant, and he was also afraid that his family wouldn't let him marry sister-in-law."

Qin Yushi didn't know what to say?

Lu Qi was really decisive. He was capable of doing such a thing, and this wasn't something that an ordinary man could do. Yet, he did it. In order to treat his woman well., he was ruthless to himself.

"The men of the Lu family are all infatuated with love. Lu Guang placed his chin on Qin Yushi's head. My father is, My Big Brother is, and of course, I am too. Furthermore, once the men of the Lu family get married, they will definitely be loyal to each other. They are not allowed to get divorced for the rest of their lives."

Qin Yushi played with her fingers. She did not give any answers to this. She could feel and knew some things. However, true long-lasting love was not something that could be said with words, nor was it something that needed to be proven.

Sometimes, there was no need to prove anything. Time would naturally tell them everything they needed to know.

She lifted her face and extended her hand to roughly find the direction of Lu Qin's face.

"Should I give the child to Big Brother?"

Just like what Lu Guang knew, Qin Yushi had guessed it. Of course, it wasn't too difficult to guess.

The Lu family only had two sons and a girl. They were already married.

Now that Xiaomei couldn't get pregnant, Lu Qi wouldn't have any children. They had two options. One was to adopt one in the orphanage, and the other was to give them a child that Lu Guang would give birth to in the future,

no matter what, the second option seemed to be the most suitable.

Moreover, Xiaomei would come over every day. With that guilty and flattering tone, how could she not know that Xiaomei wasn't her? Although she couldn't see, she couldn't use her eyes to observe the changes in other people's expressions, however, she had feelings and the ability to think.

Therefore, she could roughly guess that this child would be given to Lu Qi and Xiaomei in the future.

"If you aren't willing, I will tell Big Brother," Lu Guang said to Qin Yushi hurriedly. He was afraid that her wild thoughts would affect his mood. If that happened, no matter how wronged the Little Bun was, his mood wouldn't be good, he wouldn't be able to grow up properly.

Actually, to Qin Yushi, she felt that it wasn't a big deal to give her child to Big Brother. She could barely accept it. Moreover, he knew a long time ago that big brother wasn't able to have children, back then, he was also the one who suggested it to comfort his mother and sister-in-law. In the future, he would just have a few more children and give Big Brother a child.

However, now, he had watched his little bun grow up from a bean sprout. Now, he could touch it and feel that he was reluctant to part with it.

Although he was the one who said it, as long as Qin Yushi was unwilling, he would tell his big brother. However, he didn't know how to say it. After all, his big brother had been waiting for this child for a long time.

In this family, no one wished for him to get married and have children earlier than his brother.

Qin yushi reached out and gently tugged at Lu Guang's sleeve. In fact, there was a glimmer in her eyes. She also realized that her vision seemed to have recovered a little, perhaps after a few more days, she would be able to see things. She wouldn't have to have people following her around 24 hours a day.

### **Chapter 2288: should be given to Big Brother**

She wasn't that kind of delicate woman. She preferred to do things on her own.

"Don't worry, I'll take care of it."

Lu Guang thought that she was reluctant to part with her child.

After all, any mother wouldn't want to hear that their child hadn't been born yet and was being taken away by someone.

No, Qin Yushi rested her head on Lu Guang's shoulder.

"If there's a second one, give it to Big Brother."

Lu Guang was stunned for a moment before placing his hand on Qin Yushi's forehead.

"Shishi, do you really think so?"

"Yes." Qin Yushi's heart was very calm. She didn't force herself, nor did she feel any pain.

“Have you forgotten that I was raised by my uncle when I was young? I believe that Big Brother and sister-in-law will treat their children very well. If there really are two in the future, their parents’ love will be split into two halves. It’s better to give them a wholehearted love and a wholehearted parent.”

Moreover, she quite liked Xiaomei’s sister-in-law. She was very good, very gentle and kind. From the guilt that she showed from time to time, she knew that she would be sincere and good to her children in the future.

Moreover, she owed Lu Guang too much. She would have to use her entire life to repay him. Of course, the first thing Lu Guang did was to make the entire Lu family harmonious.

She gently stroked her stomach. In the future, she would just have a few more children. After all, she could have a second child by now.

“Shishi, thank you.”

Lu Guang held Qin Yushi’s hand tightly. At that moment, he almost wanted to give his life to Qin Yushi.

Qin Yushi also held Lu Guang’s finger back. Her gaze fell forward, and she seemed to be facing the direction of the window. Her perception of light seemed to be getting better and better, and it was also getting stronger.

Xiaomei pulled the curtains and opened the window, allowing the air outside to change. The Liuyuan Garden was a leisurely place far away from the reinforced concrete. One could completely experience that feeling here.

Picking chrysanthemums, one could leisurely see the South Mountain.

It was just that after living for a long time, one would almost be able to live in a house. So this place was still the same as before. It was also a big educational city where technology was developing day by day. Of course, one would also forget the limitations of many big cities.

There were too many people, and the air was dense. It was also filled with intrigue and intrigue.

This was a pure land. They breathed in the fresh air here every day, and even their mood was good.

Looking out of the window, they could see a vast expanse of flat land. It was like a grassland, with no end in sight. Of course, they could also see that there were many chickens raised here on the grassland, they would run and jump from time to time.

“Shishi, come over and take a look.” Xiaomei carefully helped Qin yushi stand up. However, she had misspoken. Qin Yushi’s eyes couldn’t see.

Although she couldn’t see, she could hear.

Her hearing was much better than others, especially after the eye surgery. She could hear the sound of the wind blowing on the leaves outside.

Rustle... Rustle..

The grass on the lawn seemed to be breaking out of the ground, as well as the sounds of the farmers talking and laughing, and the feeling of the sunlight gently falling on her body, in the distance, it seemed that the farmers' chickens were clucking.

She could only hear these sounds when she was back in her hometown, but after she arrived in Hai City, she was completely forgotten. She still remembered when she was young, every time she woke up., when she opened the window, she could see fields as far as the eye could see. The people who worked on the fields were also busy talking and laughing. She could clearly smell the grass and the soil, and she could also see., the colorful halo reflected by the drops of water under the sunlight.

However, she had not seen such a scene for a long time. It was not because she had changed places, or because she was used to the supply of steel and cement, but because of her eyes., after being injured by her younger brother, she had already lost these things.

She could not see the grass growing in the wind, the rain and dew drops under the sunlight, the smiles of the laborers working in the fields, or the fine dust in front of her eyes.

Her world was already blurred, and her life was already dark.

The light in front of her eyes suddenly brightened, and it also pricked her eyes, causing them to feel a slight chill. It was as if the seed in her heart had long broken out of the ground and was also taking root and sprouting.

Then, she heard the sound of something breaking. When she looked up again, it turned out that the outside was already bright.

"When your eyes recover, you will be able to see the outside. There is a very large lawn outside. It is very well-grown." Xiao Mei grabbed the window and also extended half of her body out, of course, there was no danger. The outside was flat ground. Even if she really flipped out, she would not be injured. This was how they played when they were young.

She took a deep breath of the air outside, "Time really flies. Back then, Lu Qi, Lu Guang, and Xun Xun would come over whenever they had the time. But now, we've grown up and have our own families and our own affairs, but we've lost each other."

"Xun Xun is very far away from home. We don't see each other very often all year round."

"Who is Xun Xun?"

Qin Yushi also gripped the window tightly. She used a little strength with her fingers and stood carefully. Of course, she was more afraid that she would fall.

"I forgot to tell you." Xiaomei quickly grabbed Qin Yushi's hand and closed the window

"It's still dangerous for you to stand here. Let's go back." She quickly made Qin Yushi sit down. Of course, she didn't forget to answer Qin Yushi's question.

"Xun Xun is Lu Qi and Lu Guang's younger sister. She's a very beautiful girl. She's been beautiful since she was young, and she looks like her mother-in-law the most."

“Sister-in-law must be very beautiful too, right?” Qin Yushi felt that it was true. Otherwise, how could Lu Qi not have children? As long as she could make a man do this, she would definitely be a very beautiful woman.

Xiaomei burst out laughing, “I’m just average. If you meet our mother-in-law, you’ll be truly astounded. From when I was young to when I arrived at the Lu family, I’m almost 30 years old now. It’s been more than 20 years, and many people have changed. Middle-aged people have become old people, children have become young people, and young people have become middle-aged and old people.”

“But you know what? The only thing that hasn’t changed is our mother-in-law. She doesn’t even have a single strand of white hair. She’s just like a young lady. Sometimes, I don’t even know why she has that face. Sometimes, when we go out, people even say that we’re sisters.”

Qin yushi kept nodding. She completely agreed with this point.

She had seen Yan Huan before, so she thought it was Lu Guang’s girlfriend. However, she did not expect that it was not a relationship between a man and a woman, but a mother and son. However, it was indeed very easy for people to misunderstand.

#### **Chapter 2289: could be seen**

With such a mother-in-law in the family, there was no need to mention their looks. One only needed to look at the mother-in-law to know what it meant to be pleasing to the eye. After all, she was the fifth most beautiful woman in Asia back then.

“Your stomach seems to be a little big.” Xiaomei touched Qin Yushi’s stomach. She had seen many pregnant women before. It was impossible for her to have such a big stomach at three months.

She tilted her head and thought seriously. Lu Guang had the genetic inheritance of multiple twins. Xun Xun had given birth to two pairs of twins in a row. If it wasn’t because her body wasn’t doing well after giving birth, she might still have given birth.., perhaps it was another pair of twins.

Lu Qi and the others were triplets. There was a possibility that there were two of them here as well.

Qin yushi also touched her stomach. She didn’t know how many there were, but it would be even better if there were two of them. Everything would be settled.

“If there are two of them, I’ll give you one to take care of, Okay?”

She seemed to be saying it casually, but at the same time, she seemed to be saying it seriously.

Xiaomei was stunned for a moment. Tears rolled down the corners of her eyes as they fell silently.

“We made a deal.” Qin yushi could see Xiaomei’s hand through the dim light, “We made a deal. If there are really two of them, we’ll give them one each. We’ll make them our babies and our parents.”

“Okay.” Xiaomei’s voice was choked up. Even her nasal voice was getting heavier.

She had been under a lot of pressure over the past few years. Of course, she was blaming herself. Not being able to give birth to a child was the biggest pain in her heart. If she had a child, she would

definitely treat this child as a treasure. She would even treat his life., it was more important than her own life. It was even more precious.

“I’ll get you some fruit to eat.” Xiaomei stood up and wiped the tears off her face. “Sit down and don’t move. I’ll be right back.”

“Okay.” Qin yushi naturally wouldn’t move. She wasn’t used to this place. After all, she hadn’t been here for long. It wasn’t like her home. She had lived there for a few years and knew where everything was, of course, she wouldn’t hit the wall.

The door was closed gently. Qin Yuxin leaned against the headboard of the bed. The curtains were raised in a corner. She could only smell the fresh air in the room. It was the natural smell of soil and grass.

She couldn’t wait to see the scenery outside. It was such a clear and bright world.

She gently stroked her stomach. She would have her eyes examined in a few days and she would have a prenatal check-up. At that time, she would know how many children were in her stomach and she really wanted to have two children, no More, no less. Two children would do.

Both of them would become babies and enjoy the love of the whole family.

She lay down again. In the fresh air, she almost closed her eyes and fell asleep. When Xiaomei came in, Qin Yushi was already asleep. Only the corner of the curtain that was lifted by the wind still brought a warm breeze, it was very cool.

Xiaomei placed the fruit on the table and walked over lightly. She pulled the blanket over Qin Yushi and sat to the side. She flipped through the parenting book page by Page.

How good would it be if there were two children? Yes, how good would it be if there were two children.

Also, she looked at Qin Yushi again, and her nose couldn’t help but turn sour.

“Thank you...”

Yes, thank you, thank you for your understanding, and thank you for your help.

As for asking Qin Yushi if she was forced to do anything, she really wasn’t. Perhaps it was because she was raised by her uncle, so in her heart, she couldn’t help but address him as her uncle, there was an additional sense of friendliness. It was also possible that she knew that both Xiaomei and Lu Qi would treat this child well.

The wind outside was blowing gently. It was unknown if it had blown away the prosperity on the ground. At this moment, it was only three minutes into summer.

Lu Guang hired the ophthalmologist at a high price. When the foreign doctor returned, he brought Qin Yushi to see the Doctor. He was worried about the other people, but only this foreign doctor., he felt safe.

After all, he was the one who performed Qin Yushi’s surgery, so he should be able to see if she was cured or if there were any problems.

The gauze in front of Qin Yushi's eyes was removed layer by layer until her eyes were revealed. Her eyes could easily sense the source of the light. Even if her eyes were closed, they were still somewhat dazzling under the strong light.

"You can open your eyes gently."

She heard the doctor's slow voice, and Qin Yushi also heard what he said.

She fluttered her long eyelashes and slowly opened her eyes. When the light shone above her eyes, she quickly turned her face away. She was still not used to it, the light that suddenly lit up did not become so dazzling until she gradually adapted to the light.

She opened her eyes again bit by bit. At first, everything in front of her was blurry. Slowly, she opened her eyes completely and saw the foreign doctor in a white coat again. She narrowed her eyes, it seemed that she could roughly see the appearance of this foreign doctor. Compared to the first time she saw him, it was clearer and clearer. He had blonde hair and blue eyes, and his skin was extremely white. He was the standard European and American appearance, there was also Lu Guang, her boss, who stood at the side. She was extremely familiar with him.

At this moment, Lu Guang's entire body was stiff. He was worried about her. She could tell at a glance that it was the first time in two years that she had found that fear and worry in Lu Guang.

These were things that Lu Guang could not predict and could not solve.

That was why he was worried. He was also afraid. He was even afraid.

"Can you see it?"

The foreign doctor placed his hand in front of Qin Yushi.

Qin yushi nodded. She could see it. It seemed very clear. Yes, it was very clear. It was even clearer than what she saw with her glasses.

It had been a long time since she had seen the entire world so clearly.

Of course, she would not randomly bump into trees or people.

"We still need to test our eyesight." Not to mention Qin Yushi and Lu Guang, even this foreign doctor heaved a sigh of relief. After all, no matter how successful the surgery was., no one could guarantee that it would achieve the expected effect. Of course, it was the same for him. Although he had been very careful during Qin Yushi's surgery, the surgery was indeed successful according to the procedure, it could also be said that it was perfect.

However, there was a problem with the recovery after the surgery. It was not something that he could control. It depended on the individual's recovery ability. Some people recovered better, while others recovered less.

## **Chapter 2290: Eyes Healed**

Now, it was up to them to see if Qin Yushi's recovery was good or bad. Based on the current feeling, it might be better than they had expected. As for how good it was, it was hard to say for now, they would only know after they had their eyesight checked.

The foreign doctor came personally because he wanted to know how Qin Yushi's recovery was. After all, he had put in a lot of effort and effort for such a surgery. Naturally, he also wanted a good result.

After the vision test was done, the foreign doctor was so excited that he wanted to hug her.

"My dear, you are so good." Foreign men were always more bold and passionate, so he did not understand the Chinese's hidden meaning and the fake smile on Lu Guang's face.

He was still telling Qin yushi about the recovery of her eyes.

"Do you know, I thought that the best result for your eyes would be to recover to around 500 degrees of nearsightedness, but your recovery is much better than I thought. Your Vision might be around 200 degrees in the end. As long as you take good care of your eyes, you can maintain this degree for around 20 years. You Don't have to wear glasses anymore."

At around 200 degrees, it could be said that she was slightly short-sighted, so she really didn't need to wear any glasses. It was no wonder that Qin Yushi felt that the scenery in front of her was very clear, it was much clearer than when she wore the special glasses back then. She felt that her entire world seemed to brighten in an instant.

In fact, it was very normal for it to be bright.

Qin Yushi's vision was very poor due to her injuries. Even if she wore glasses, her corrected vision wouldn't be able to reach the standard of a normal person, of course, it wasn't as good as her recovered vision. Therefore, she felt that her eyes were very fresh and she could see everything clearly. Although it wasn't as good as her injured eyes., she was already very satisfied.

Lu Guang brought Qin Yushi to get a pair of glasses. They were very light. When the glasses were put on, Qin Yushi was amazed by the world in front of her. She blinked her eyes., she couldn't believe that her world could be so clear. She could even see the small words on the billboard not far away. She could even see the subtle expressions on the faces of the others., they were all perfectly reflected in her pupils.

Moreover, these glasses were very light and didn't pinch her nose bridge at all. She had even forgotten how she had managed to wear those thick glasses for the past few years.

She had left such a clear world when she was in high school. It was only now that she had found it again.

"Thank you." Qin Yushi really didn't know how to thank Lu Guang. If it weren't for Lu Guang, she would have given up on this opportunity long ago. She wouldn't have had this surgery and returned to her clear world, it was also possible that she would lose her sight in the end because of time

Lu Guang gently tidied her hair. The Doctor said that your eyes couldn't see water yet. If you wanted to maintain this degree, remember not to cry.

"Okay." Qin Yushi quickly forced back the tears that were about to gather at the corners of her eyes. Yes, she couldn't cry. She definitely couldn't cry. This was a good thing, not a bad thing.

She could finally see it. She could still see it so clearly. She finally didn't need others to watch over her every day. She could see the green grass, the blue sky, and the white clouds, she could also see the heavy traffic.

Lu Guang sat with Qin Yushi for a long time. It was only then that Qin yushi calmed down from her excitement. She still had to go for a prenatal check-up later. This was also her first prenatal check-up in a long time.

It was mainly because Lu Guang wanted Qin yushi to be able to see the child's growth with her own eyes for the first time. That was why he pushed the date of the prenatal check-up back until today, until now.

"Three months? That doesn't seem right. This is already five months, right?" A female doctor touched Qin Yushi's belly. It seemed to be a little big. Did you guys remember the date wrongly?

"No." Lu Guang was sure that the first time he and Qin Yushi counted together was exactly three months. This was because there was a difference of nearly a month between the first time and the second time, therefore, this child was conceived at that time. There couldn't be any deviation.

Three months was a little too big.

The Doctor touched Qin Yushi's stomach again. It was indeed bigger than other people's five-month-old stomachs. However, it was only such a small month now. Many people didn't feel anything and their figures didn't change much.

As for Qin Yuxin, it was obvious that she had a bigger stomach than others.

"Maybe I've eaten too much recently?" Some weight had grown on her stomach.

Qin yushi sighed and touched her stomach as well. She felt that the possibility was the highest. Her stomach was stuffed five or six times a day. She could not see, and she did not know what they were feeding her, therefore, in the past three months, she had gained at least 10 pounds.

She didn't feel fat anywhere. Perhaps the 10 pounds of meat had grown on her stomach.

"No." The doctor shook his head. "Your stomach protruded from the inside, not from the fat."

It was fat or a child. The doctor wasn't stupid, so how could he not see it.

"Let's do an ultrasound first."

This was the most intuitive. The Doctor quickly made a list. The director had personally brought it over. Of course, it was also a VIP patient in their hospital, so they couldn't be careless.

Now that Qin Yushi's eyes had recovered, she could see clearly. She didn't need anyone to help her, so she could walk on her own.

She lay on the examination bed and the Doctor smeared something on her stomach. It was cool and refreshing.

The doctor quickly placed the instrument on Qin Yushi's stomach. At first, it was quite normal, but now that Qin Yushi's eyes had recovered, she liked to study the expressions on everyone's faces, this was like

a novel experiment that freed her from perception and tactile perception. It became intuition and vision.

The doctor's expression changed after checking for a while.

Qin Yushi's heart tightened. Was there something wrong with her child?

"Doctor..."

Qin Yushi wanted to speak immediately, but the doctor turned around and smiled at her. "Don't worry. The child is fine. Everything is fine. I just found something. I need to check for a while more."

However, after investigating for a long time, the doctor was still unsure. He had no choice but to get someone to get the chief physician over.
