

Chapter 2341: was not about trust

“Yes,” he replied faintly,

if Lu Guang said that she had passed away, then she had passed away. In any case, the Qin Yushi of the past could really be said to be dead. After being tortured by the Qin family, she didn’t die when she was young. She should have died right above those eyes, now, she was not a member of the Qin family. She was a member of the He family.

Lu Guang had thought of this at that time. Therefore, he had long arranged for Qin Yushi to have a chance to make it look real. As long as they didn’t admit it, as long as Qin Yushi didn’t acknowledge them., the Qin family would never be able to find Qin Yushi in this lifetime.

“She’s missing...”

The old man suddenly turned his face around and glared at Qin Lao er and Qin Fei’s mother.

“Second Qin, how dare you lie to me?”

“I didn’t lie.”

Second Qin was drenched in cold sweat for some unknown reason. The cold sweat almost drenched the clothes on his back. In a moment, he felt like he could wring out water.

“They must know where my daughter is. How could she have gone missing?” If she had really gone missing, would he not have informed them?

Second Brother Qin didn’t believe what Lu Guang said. If Qin Yushi was really dead, the family would still be so peaceful. Qin Pingjun had gone to sea city to work because of that wretched girl, Qin Yushi, now, she was telling him that she was dead.

Even if she was really dead, he wouldn’t believe it.

“Hand over the person you gave me.” With a slap, the old man slammed the table. He wanted to smash the table.

“If you don’t hand it over, I’ll smash this place.”

Lu Guang crossed his legs.

“I advise you not to do such a stupid thing.”

How dare you come knocking on his door? Learn how to lay your hands on his wife in front of him, Lu Guang. This was what he, Lu Guang, was doing. He, Lu Guang, was someone else, and he was a lawyer. He would definitely sue him for losing all his clothes, he would not even be able to keep a single pair of underpants.

The old man suddenly stood up. He was indeed very capable. who asked him to be so tall and strong? He was around 1.89 meters tall, and he was also very muscular. In addition, he came from the countryside,

so he looked very big and strong, his arms were even thicker than other people's thighs. That was why this old man was so famous in this area.

No one dared to offend him, because he would beat people to death. Moreover, it was not like he had never been to the police station before. Anyway, he had been in there for a few days, and he was released again. As usual, no one dared to provoke him.

He was such a fearless character, and he was also an evil person. Among the villagers, none of them were not afraid of him, and they all went around him. That was why he dared to bang on the table here, and he was also loud, if it was not enough, he did not mind using his fists to speak.

To lie to him by saying that someone was dead, did they take him for a fool?

The old man clenched his fingers and also made cracking sounds. His fists looked scary enough, so there was no need to take such a punch.

He believed that no one wanted to take such a punch. If they were not beaten to death, they would be crippled.

However, no matter how tightly he clenched his fists, no one paid any attention to him. Meanwhile, Lu Guang rolled his eyes at the ceiling.

He was simple-minded and well-developed. He should really know what a muscular man was.

His brother, Little Thunder... hehe... would be back in a while.

Let's have a competition.

He originally wanted to let second brother Qin and his family go, but now...

They were doing so well. Even at this time, they still had Qin Yushi in mind. What was the use of having such parents? Even if they owed second brother Qin.., they had used their years of hard work in the Qin family to pay back. They had also used their own eyes to pay back, and they had even used their own future to pay back.

If Qin Yushi's eyes had not become like that, with Qin Yushi's results and her good nature, she would not have to worry about not having a good future, and her future was ruined by this so-called biological father and stepmother.

He had already sold her once, and now he was going to sell her again.

The veins on Uncle Qin's forehead had been throbbing for a long time.

He took a deep breath to prevent himself from being angered to death by Second Brother Qin.

"Second brother, I've already given you 20,000 yuan for Yu Shi's child. You've already said that in the future, Shi Shi's life and death have nothing to do with you, and you don't need her to take care of you. Second Brother, you're not old yet. What, are you suffering from Amnesia Now?"

"Have you ever given me money?" Second Brother Qin refused to accept death, "I gave birth to Qin Yushi. Her household register is still with me. I can do whatever I want with her. I'm her father. Don't Tell Me I'm afraid of her?"

Uncle Qin almost fainted when he heard that.

Yes, Qin Yushi's household register was still with second brother Qin. They had already transferred their household register and reported it to him, but it didn't change. He only found out about it later.

At that time, Second Brother Qin also drew a big cross on Qin Yushi's Hukou in disgust. However, Uncle Qin didn't expect that this hukou could be replaced even if it was lost, let alone broken.

"Second Brother Qin, you guys don't Keep Your Word." Aunt Qin was so angry that she wanted to scratch second brother Qin's face. She had seen shameless people before, but she had never seen such shameless people.

He had admitted it himself back then. In the future, Qin Yushi would be their eldest son. Qin Yushi had grown up, but had her biological father raised her for even a day? She was raised by their first uncle and first aunt. How could he be so Shameless, he had never raised Qin Yushi, but he wanted to make love to her again and again.

How Could Qin Yushi sell her now? She was already married and had a child. Could it be that he wanted her to abandon her husband and child and live with a fool?

Qin Lao'er snorted. Since he already had the money, it was impossible for him to return it. Unless they were willing to pay him back double the money and release his son.

He had such an idea. Selling his daughter was only one aspect. Of course, the most important thing was that he did it for Qin Fei.

Of course, they were not stupid, but they had made two preparations. If Qin Fei did not return it, then they would take the money and help Qin Fei sort it out. If Qin Pingjun could release Qin Fei., if they were given a sum of money, then this matter would be settled.

He had written this intention. If the money was to be given to them, then they would have to release it.

And now, Qin Yushi was their last straw to save Qin Fei. Without this straw, they really could not think of any way to get Qin Fei out.

It had to be said that Qin Lao'er was indeed calculative and thought well.

However, there were some things that he thought were too simple.

Qin Fei was so stupid, and Qin Lao'er didn't see how smart he was.

Chapter 2342: you are my wife

Second Brother Qin's shamelessness angered Uncle Qin and Aunt Qin so much that their faces turned sour. Aunt Qin almost ran into the kitchen and took out the kitchen knife for the morning noodles.

At this moment, the sound of a door opening was heard. Then, everyone's gaze couldn't help but follow the sound. They saw a woman slowly walking out from the stairs on the first floor of the second floor.

One couldn't tell her age. Her exquisite facial features were almost perfect, and her figure was very slim. She was slender but not weak. Her skin was extremely fair and smooth, and she was wearing a very fitting long-sleeved dress, she also wore a pair of black high heels. Her hair was very good. It wasn't too long, but it reached her shoulders. It was pure black, just like fine silk. It almost emitted a silver-blue light.

The old man couldn't help but swallow his saliva.

How F * cking beautiful. This was the most beautiful woman he had ever seen. This was Qin Yushi, wasn't it? If it really was Qin Yushi, then he would have gotten a huge advantage. And now, how could he really believe that this was Qin Yushi's.

Lu Guang's eyes narrowed dangerously, and his thin lips were tightly pursed. This kind of gaze was really disgusting.

Yan Huan touched her hair. She had slept a little too much. Initially, she had wanted Lu Guang to bring her out for a walk to see if there were any specialties here and bring some back for her family. In the end, she found that Qin Lao er had come over, there was also an extremely stupid old man.

And the old man seemed to be drooling and drooling.

To Her?

But she was almost 60 years old and had long passed the age of seducing men. She was not in her twenties. To use such a gaze on a 60-year-old old woman, how much had she changed.

Yan Huan walked over generously, and the old man also stood up excitedly.

"Wife, I'm here to bring you home."

And just as he said this, the people of the Qin family were all dumbfounded. They were as dumbfounded as they could be.

They didn't know if they were the idiots or this old man was the idiot.

What kind of daughter-in-law was this.

Did Qin Yushi look like this? Could Qin yushi look like this? Qin Yushi was only a young lady in her twenties, but this old woman was almost sixty years old. She was several years older than Aunt Qin, but now, someone actually called her daughter-in-law., wasn't this ridiculous?

"Who are you calling?"

Yan Huan knew that no matter how old he was, he was still very beautiful. It was just like what Lu Yi had said back then. She could still maintain her youthful appearance when she was sixty years old, and he was right.

Her appearance had not changed at all in the past few years?

However, no matter how unchanged she was, there were still traces of age on her body. She only looked like a woman in her thirties from afar, but it was really impossible for anyone to say that she was a young lady.

Also, where did this ugly man's eyes grow in the morning to call her his wife?

"Of course it's you."

The old man could not help but rub his hands. He really wanted to touch her small hands. How soft and beautiful were they.

As long as he thought about how she would be his wife in the future, he felt a surge of emotions. His heart ached and his entire body melted. This woman was simply too beautiful, a beautiful man was so beautiful that even his bones were limp.

Yan Huan walked over. For so many years, she had always been beautiful. She had a good education and also had a luxurious temperament. Between each line and pupil, there had always been a kind of beautiful elegance and delicacy.

There was really nothing that was not beautiful. If one did not know her age, perhaps no one would have thought that she was actually almost sixty years old.

The old man could not help but swallow his saliva.

Yan Huan walked over and took a cup from the table. She lowered her eyelashes slightly. The brilliance of her long eyelashes made the old man's eyes almost pop out of their sockets.

However, before he could take a closer look, with a bang, the Cup smashed down on the head of the old man. The old man was stunned and only reacted after a long while.

"Stupid B * tch... I'll kill you when you're old..."

If he didn't treat this woman today, would she still climb onto his head in the future?

And before he could move, a hand directly smashed under his eyes. Lu Guang had already stood up, and that punch was from him.

That Cup was smashed by Yan Huan.

"Beat her up properly."

Yan Huan said indifferently. She walked to the small sofa at the side and sat down. This was her special seat. Everyone here knew that she liked to sit here, hence, the place had her surname written on it. Hence, the surname of this sofa was Yan. It was her special seat

"I know, Mom..."

Lu Guang flexed his wrist and threw another punch. As for the old man, he was stunned because of Lu Guang's mother.

What wife? Lu Guang threw another punch. Listen to me, that's my mother, my biological mother.

"Impossible," the old man screamed. "That's clearly my wife, Qin Yushi."

It would have been better if he hadn't said that, but when he said that, Lu Guang's eyes almost turned red. F * CK, did he think that Lu Guang was a dead man? He missed his wife and his mother. No man could tolerate that. If he had beaten him lightly, his name wouldn't have been Lu Guang.

He directly kicked the old man to the ground. The old man could not even stand properly and had no way to fight back.

What could the old man fight back for? To put it bluntly, he could only fight because of his fat and weight. But who was Lu Guang? Although he was not as good at fighting as Lu Qi, he was not bad either.

It was a piece of cake for him to beat up such a good-for-nothing.

“TSK, what’s going on?”

As soon as fatty he entered, he found Lu Guang was holding someone down and beating him up. What was going on? Could it be that there was some deep hatred.

“It’s good that you guys are here.” Lu Guang’s anger still hadn’t subsided. Of course, he also felt that his beating was too light.

“That son of a B * Tch has designs on my mother.”

“What?” When fatty he heard this, he was shocked. Did he dare to think about Auntie Yan? Did he not want to live anymore? He had grown up with Auntie Yan. When he was young, he was the youngest at home. He loved to go to the Lu family for a living, at that time, he still did not know how to eat by himself. However, Auntie Yan fed him one spoonful after another.

Aunt Yan was like his other mother. Even he was able to sit in such a high position because of Aunt Yan. Now, there was actually an aunt who dared to forget about his beauty.

How loose was this person’s skin?

“Brother Lei, come over quickly. Someone has designs on Aunt Yan.”

He Xiaopeng rolled up his sleeves and shouted at the door.

Before his voice fell, a giant ran in from outside, and his feet stomped heavily on the ground. Almost everyone could hear the sound of the house shaking.

Chapter 2343: I’m the same age as your mother

The old man let out a miserable cry because he Zixuan had already kicked him and gave him a good beating.

Originally, there was nothing much after the fight, but when the old man saw the size of little lei zi, two lines of tears flowed down his swollen eyes.

A grown man crying like this, was he a good-for-nothing?

Wasn’t he very unreasonable from time to time?

Little Lei zi glanced at him indifferently and clenched his fingers. This was the sound of the Gebeng Gebeng’s seal being alive.

“It’s been a long time since I’ve beaten someone properly. My hands are a little itchy, so I can just beat him up.”

After he finished speaking, he also lifted the old man up. The old man had always thought that he was very tall, and that he was taller than the average person. He also relied on his fat body to act tyrannically, and no one dared to provoke him.

Today, he had finally kicked an iron plate.

Yes, he was tall, but there were too many people in this world who were taller than him.

Lu Guang and he Xiaopeng could be considered tall, while little lei zi was even taller. He was almost two meters tall, and he was currently grabbing the old man’s collar, causing the old man’s feet to leave the ground.

The old man continued to cry out in pain, and tears flowed down his cheeks. His throat also made gurgling sounds from time to time. He did not know if his mouth had been pulled, or if he had been beaten silly.., in any case, he could not say anything at the moment.

Little Leizi put the old man down and let his feet step on the ground.

He stretched out his hand to pull the old man’s clothes, but he was still laughing coldly.

The old man’s anxious heart suddenly relaxed. He thought that he was safe, but in the end, he cried again. It was nothing else. He had been beaten until he cried for his mother and father by a giant who was taller than him.., tears and Snot kept falling out.

This old man’s beating was so painful. It was as if his bones were being separated. Qin Lao’er and his wife were also scared silly. Both of their legs were trembling, and they didn’t even have the strength to run.

Little Leizi clapped his hands. It was over.

But don’t worry. If he didn’t die, he wouldn’t die. This kind of people deserved to die. Although it was a legal society, they had the ability to let it go.

To dare to have such disgusting thoughts towards Lu Guang’s mother, not to mention them, even Lu Guang alone could make him die a hundred or a thousand times.

Fatty he had just spoken a few words to Qin Pingjun before running over again. He spoke to Lei Qingyi.

And at this moment, the way fatty he looked at this old man was no longer sympathy. Truly, sympathy could no longer pity his fate. In the future, he might not even be able to beg for food.

How could he have a good life after offending a man from the Lu Family?

The old man was still crying his eyes out. He was here to look for a wife. He was really just here to look for a wife. He had spent money to buy a wife. How could he beat him up like this? He had even beaten him to such a state.., how much pain was this.

And now he finally knew. But in the past, when he bullied others, why didn’t he feel the pain of others? Only when this kind of pain appeared on his body did he know that it really would hurt.

What he used to bully others in the past, now someone was returning it to him.

In this world, there really was karma, and now all of it was returned to him.

Yan Huan stood up from the sofa and walked to the old man's side.

"So ugly..." she calmly retracted her eyelashes. To this face, she could only give the word 'ugly'.

The old man opened his mouth, but he still said something. He could not make a sound, but it seemed like he was saying the word 'wife'.

"Do you know how old I am?" Yan Huan smiled, but her smile was very cold. Only her slightly raised red lips had a mesmerizing arc, but the light in her eyes was like a frozen pond.

The old man's mouth was mumbling randomly. No one knew what he was talking about?

And no one at the scene cared about what he was sobbing about?

"Oh, it looks like you don't know?"

She pointed at Lu Guang, who quickly ran over and stood in front of Yan Huan. "He's my son."

The old man shook his head. He did not believe her even if she was beaten to death.

Yan Huan pointed at Little Thunder and little fatty he again. "They call me Auntie. How Old Do you think I am?"

The man still shook his head.

Meanwhile, Yan Huan was still smiling.

"I'm 58 years old this year. You should call me Auntie, just like how you call your mother."

Yan Huan turned around and looked at Qin Lao er and his wife, who were trembling so much that they were about to fall apart. "These two, don't let me see them in the future. It's disgusting."

After saying that, Yan Huan also turned around and left. She still needed to go to sleep for a while. She had a good holiday, but it was all messed up by these people. Could they let her be a little quieter.

Lu Guang hurriedly followed and helped the Empress Dowager Up. He was afraid that the empress dowager's low blood sugar would cause her to fall.

Fatty he opened the door. Little Lei Zi had already thrown the old man outside. Then, he picked up Qin Lao er and Qin Fei's mother and threw them out together.

When the villagers saw this, they all ran over.

"Who is this?"

The villagers pointed at an old man who had been beaten up so badly that his human form could not be seen. Even his appearance could not be recognized. However, Qin Lao er and Qin Fei's mother were covered in dirt, but their faces were good. Therefore, the villagers recognized them.

"Eh, isn't this tie tu from the neighboring village?"

When everyone heard Tie Tu's name, their expressions changed. Tie Tu was a notorious villain in the local area. Had he not done a lot of bad things? However, because he was tall and a person who did not care about his life, everyone let him go. In the end, it was all good now. In the past, he was the one who bullied others. Now, he was beaten up like this, it was really retribution.

However, what was he doing in their village? When the villagers saw this big villain in their village, they could not help but feel some lingering fear. They did not know what this villain was trying to do. Could it be that he was going to cause trouble in their village?

"I heard people say..."

Only then did a villager speak. However, even when he talked about this matter, his mouth was filled with anger.

"Isn't it just that Qin Lao er who sold his daughter to this evil person and even sold it for 50,000 yuan? Today, Qin Lao er brought this evil person over to ask for his daughter."

"Does he have a daughter? Isn't there only one Qin Fei?" A newly married daughter-in-law in the village still didn't know about the Qin family's matters. Didn't the Qin family only have one son, Qin Fei? How could there be another daughter?

"There is, but it hasn't been his for a long time." The others also couldn't help but say one sentence after another. No matter who said this, the tone that rushed out wasn't too good.

It was no wonder. As long as it was a person, as long as they had a bit of conscience, they wouldn't be able to do such a thing. However, it just so happened that Qin Lao er did it.

The villagers had told him about what Qin Lao er had done in the past. The more they told him, the more Qin Lao er wanted to find a hole and bury himself. These villagers spoke one after another.

Chapter 2344: Don't go back

Almost all of them scolded the second son of the Qin family as a pig or a dog.

Now, they still had the face to have a daughter. Back then, they even wanted a three-year-old child to serve the woman they had married. His son had damaged the Yang of the child's eyes. At that time, the child was about to enter university, it was because of the problem with his eyes that he did not do well in the end

Needless to say, they were greedy for money and sold their daughter to someone else. Later, Uncle Qin's family couldn't bear it and took out 20,000 yuan to sell the child back.

At that time, many people in the village were present. Many people didn't know about the eye. At that time, they only said that it was their own fault. It was only later that everyone found out that it was Qin Fei who had blinded the child's eye, at that time, Qin Yushi's eyes were almost blinded. She wasn't just anyone. She was her biological sister. She was also the son of Second Brother Qin. None of them were good people.

At that time, they had agreed that the daughter would be the child of the Elder. In the future, her life and death would have nothing to do with second brother Qin. She didn't need to send him to his death. In the end, her son did those shameless things, after being sent to prison, he had his eyes set on his daughter again.

What kind of person was Tie Tu? It was fine if he had married two wives, but they didn't end well. Who would be willing to marry their daughter to him? However, Qin Lao'er could. That daughter was like she wasn't his biological daughter, he could use her to exchange for money at will.

How Shameless. When the little wife heard this, she was so angry that her heart ached. She was still an outsider, yet she was so miserable and angry.

If Qin Yushi found out about this, she would be so angry that she would die.

No, she wouldn't die of anger. She would die of sadness as well.

Second Brother Qin brought his wife back to his own backwater with his tail between his legs. The two of them didn't even bother with the iron pipe. Even if they were dead or alive, it had nothing to do with them. After all, they weren't the ones who beat him up.

As for the 50,000 yuan, they had never thought of returning it. The money was already in their hands, so how could they return it? Besides, it was that metal pipe who was useless to them. He mistook someone else's mother for Qin Yushi., before they could say that it was Qin Yushi's, he had already started screaming.

Therefore, it had nothing to do with them. They deserved to be beaten to death.

After discussing it, the couple decided that it was better to go out and hide for a few days. They were afraid of Tie Tu. If he came to find trouble with them and asked for money, what would they do? This fifty thousand yuan., it was still not warm in their hands.

They carried a few things and escaped from the village overnight. There was only a shabby house in the village. There was nothing else. Even if they gave it to them for free, no one would want it, they just needed to bring the money.

Lu Guang stood by the window and saw the Qin couple carrying their things and sneaking out of the village.

He took out his cell phone and made a call.

As soon as the call was made, his gloomy eyes softened when he heard the voice on the phone.

"Yes, it's fine. Don't worry, we'll be back soon. When the road here is almost finished, we'll go back. In less than a month, we'll be back soon."

"We don't have to worry about the school. As long as we pay, someone will keep an eye out for us..." Lu Guang paused, considering whether he should tell Qin Yushi about what happened today.

In fact, he didn't want her to know. He knew what to do with these troublesome things.

It was just making people unhappy.

However, he thought about it again. After all, this was Qin Yushi's own matter, and she had the right to know. As for the final decision, he would respect her choice.

Thinking of this, he couldn't help but sigh.

He didn't want Qin Yushi to know about these things, but many things happened, and many of them were related to Qin Yushi. Even if he didn't tell her, he couldn't. If Qin Yushi found out in the future..., would she blame him?

"Shishi, I have something to tell you."

"Okay, go ahead." Qin yushi used the blanket to cover her daughter's small body. The little girl had to sleep with her mother today, or else she wouldn't stop crying. She had grown up and wanted to acknowledge her mother.

Qin yushi gently held her daughter's small hand and listened to Lu Guang's voice on the phone. However, her expression darkened as she listened.

"Shishi, I just want to ask you something." Lu Guang straightened his expression and said in a serious tone, "Do you still acknowledge such parents?"

Qin Yushi held her daughter's small hand in her own. At this moment, her expression was a little downcast and also a little lost. This kind of loss..., it only lasted for a few seconds before it became clear again.

"I'm not going back. You can deal with it yourself. From now on, first uncle and aunt will be my parents."

Then, she lightly tugged at her red lips.

"Give them the fifty thousand yuan. This is the money they used to sell their daughter. It's also the money they used to buy out all our relationships."

She wanted to say something, but in the end, she didn't want to say anything. It was meaningless. She had already given up, right? Since she had already given up, then that so-called father..., what else could she say?

He had sold her once and sold her a second time. Could he sell her a third time? Sure, she would send him a death notice and let Qin Yushi die just like that.

Just as her heart was in turmoil, a small hand tugged at the corner of her clothes.

She lowered her head and saw Lu Xiaosi rubbing his eyes and sitting up. She didn't know if it was because Qin Yushi's voice was too loud, but she had woken up the little girl.

"Do you want to talk to Daddy?"

Qin Yushi asked her daughter.

"Yes." The little girl was the one who was sleeping. Her baby voice was too soft and cute.

This little girl looked a little like her grandmother now. Her grandmother and aunt were great beauties. In the future, her little girl might not be as beautiful as her grandmother and aunt, but she would definitely be able to make people's eyes light up.

Qin yushi placed the phone by her daughter's ear. The little girl held the phone with her two little hands, looking a little pitiful. She was originally small, and her little hands were small too. Although she had learned to speak now..., it was just a few words, but it was still not coherent.

However, it was enough for adults like them to be proud of.

"Daddy..."

The little girl's baby voice instantly melted Lu Guang's heart.

"Baby, Do You Miss Daddy?"

Lu Guang really wanted to fly back right now and kiss and hug his little cotton-padded jacket.

His little four was the sweetest, most obedient little cotton-padded jacket in the world. He was so obedient, so cute, and never made a fuss ever since he was young. He was always so likable.

Chapter 2345: touching life

"Yes," Lu Xiaosi's sentence was enough to melt Lu Guang's heart. How could there be such a cute child in this world? That's right, how could there be such a child? Only their family had a Lu Xiaosi.

How could the three brats at home have a soft and cute little girl to make people like them.

It was not surprising that the Lu family favored girls because there were too few girls in the family. Old Master Lu's generation did not have any. He was a commander without any brothers. His father's generation was considered the only child, that second uncle died early. It did not count. In his father's generation, there were only three generations. Although he also had a second uncle, there was no difference between having one and not having one. In any case, he was not a good person.

Later on, the Lu family had more people. Because of the three of them, even though sister-in-law could not have children, it was the same for him. He had already had four children, three boys..., it was completely enough to pass on the Lu family's legacy.

Whether it was him or his father, they had done right by the Lu family. They could even let great-grandfather's death rest in peace.

Lu Guang spoke to his little daughter in a warm voice again. He felt that lawyer Lu was like a fool at this moment. The words that came out of his mouth became words like "Sleep," "Eat," "Eat," "Eat," and so on.

It almost made others want to beat him up when they heard it. Why was he the only one with a cotton-padded jacket? was he bullying the unmarried single dog?

This was really a tradition of the Lu family. Back then, Lu Jin and old master Lu were still showing off their granddaughter. At that time, it had almost become a nightmare in their circle.

The more they were proud, the more others were almost tortured to death.

In their generation, Lu Yi's personality was steady. Although he also liked his grandchildren, Lu Guang knew that his father still loved his mother the most. All of them added together., were not as important as Yan Huan alone.

This was something that no one else could join.

Of course, the matter of showing off his grandson and daughter fell on Lu Jin and Lu Guang.

This grandfather and grandson duo once again began to poison everyone in their circle. Lu Jin did not say anything else. Lu Guang was simply making a loss on them and even sprinkling salt on them, the pain was so excruciating.

This was especially true for little lei zi. He was a few years older than them and was already in his thirties. However, there wasn't a single woman by his side. Other than him being too tall, it was his personality, sometimes, he was so depressed that he didn't even know how to say a word. This was the reason why he was now a bachelor.

Fatty he was still fine. After all, he was a little younger, but he was already at the age where he was urged to get married. The good thing was that the he family had acknowledged Qin Yushi as their goddaughter. This was what they were waiting for when they had grandchildren, therefore, he Yibin's parents were still better off. However, fatty he only had these few years of carefree life to live. If it was a few more years, no, it might not even be a few years. At most, it would be a year or two, he was about to become the person who was stabbed by Lu Guang.

Lu Guang thought about how he looked like when he was urged to get married in those few years.

Now, his heart was filled with fear.

At that time, he did not dare to go home. As long as he went home, he would either be beaten up by the boss or by his father. Otherwise, it would be his grandfather's words and example, his grandmother's sad face, and his mother's low blood sugar.

As long as his mother's low blood sugar level was affected, it would become his problem, his fault, and his crime.

Therefore, he had been beaten up many times during those years. It wasn't until he married Qin Yushi and gave birth to four children for the Lu family that he had a better life.

His father didn't beat him up anymore. He had completed his mission.

His boss didn't beat him up anymore. He had a child.

Grandpa and Grandma aren't going to talk about it anymore. He has a great-grandson now. He can go show off now.

His mother's low blood sugar seemed to have improved a little. It wasn't as bad as it used to be.

And he could finally make a name for himself. That was why he really felt a connection with Qin Yushi. Otherwise, how could he have such a beautiful and cute little cotton-padded jacket.

“Honey, thank you.”

Lu Guang’s heart also softened because of the two women.

“I’m also thanking you.” Qin Yuyu hugged her soft little daughter. Not only was she touched, but she was also grateful. She was grateful that he had taken her into his hands. Otherwise, she would still be somewhere.., she might be sold out by her parents again and live a life worse than death.

Of course, it was impossible for her to have such beautiful and cute children.

Lu Guang gripped his phone tightly as his heart melted. He thought that he would never have any regrets in his life.

“Shishi...”

“HMM?” Qin Yushi lowered her head and couldn’t help but kiss her daughter’s tender little face. The little girl smiled at her mother with a silly smile. She wasn’t very sensible, but she knew that her mother liked her.

She also nibbled on her mother’s face a few times and wiped the saliva off her mother’s face. Qin Yushi really loved that little look of hers.

When the Lu family heard Qin Yushi talking to the little girl on the phone, they really wanted to see them now.

“Honey, I love you.”

This was the first time Lu Guang mentioned the Word ‘love’. The men of the Lu family didn’t like to talk about the word ‘love’ all day long. As for whether they loved it or not, they could feel it in the details of their daily lives.

However, feelings were feelings. Women liked to see things clearly. They still liked to hear the word ‘I love you’.

Qin Yushi suddenly felt a lump in her throat and almost burst into tears. She lowered her head and met her daughter’s bright and big eyes.

She picked her daughter up and whispered a few words into her ear.

The little girl kept nodding her head. Then, she hugged the phone that was bigger than her face. It was the same soft and unbelievably soft little voice.

“Daddy, Mommy said that she loves Daddy.”

Then, the little girl thought about it and added her own meaning in her baby voice, “The baby also loves Daddy.”

Lu Guang almost cried because of his daughter’s words.

He wiped his face. He was indeed a good-for-nothing. However, for a man to cry for a woman and a child, that was their ability. Of course, they were touched now. In times of danger.., they would leave their emotions to them, but leave the danger to themselves.

He was a husband and a father. He already had responsibilities.

Yan Huan pushed the door open and entered the room.

She picked up a book on the table and sat on a rocking chair in the room. Lu Guang had specially bought the rocking chair for her. He knew that she liked to sit on it. Sometimes, she would sit on it for an entire day.

Chapter 2346: missed him

She had just flipped through a few pages when she heard her cell phone on the table ring. The person who could call at this time should be Lu Yi.

She stood up and took her cell phone. Sure enough, it was Lu Yi calling. Lu Yi didn't work overtime anymore, but the prosecutor's office couldn't do without him.

So maybe he could retire when he turned 70?

Yan Huan put his phone to his ear and sat back down on the rocking chair.

How was it over there? It was still Lu Yi's voice. Over the years, it hadn't changed at all. It was still as mellow as red wine and deep in an ancient well. It was also after the precipitation of time that.., is the ultimate attraction.

It's the maturity of a thousand sails.

Is through the years of indifference

Is also experienced a lot of things clear

Do not look at Lu Yi now more than 60, but do not know is not because with Yan Huan stay together for a long time, Yan Huan time was stopped, even he is the same.

He was at most in his forties. Although he did not have Yan Huan's heaven-defying looks, his waist was very straight and his figure did not change. His body had not even regressed, no one was bald or had a beer belly when they were middle-aged.

So even now, there were many young women who wanted to find him. But when they heard about his age, they wanted to cry.

A middle-aged handsome middle-aged man in his sixties, as well as the wife of a movie queen who was still like a young girl.

It could be said that their husband and wife had gone through a lot. It was really not easy for them to reach this stage.

Yan Huan leaned his body against the rocking chair behind him and started to sway gently.

It was still alright here.

She placed her finger on her face. As for those terrible things, she treated it as a show and naturally did not take it too seriously. In fact, if she treated it as a show, it would still be quite a wonderful show.

“When will you be back?” Lu Yi’s voice carried a heartwarming smile. This kind of smile would only appear in front of her. All these years, his smile was all for Yan Huan, even the three children did not receive much.

“En, soon.” Yan Huan calculated the time. It was likely that within these few days, she had curled her body above the rocking chair. After leaving for so long, she really missed him.

She really missed him. As for her children and grandchildren, sigh, they would have to wait until after her husband.

“Come back quickly.” Lu Yi’s fingers gently caressed a book. Without her around, he was indeed not used to it. It was still good a few days ago because he was also a little busy. He probably did not feel anything, however, recently, his work had decreased a lot. His daily routine was also normal, so he felt a little lonely.

“Lu Yi, I want to hear a story.” Yan Huan closed his eyes and pulled the blanket under his chin. He lay on the rocking chair, feeling a little drowsy.

“Okay, I’ll tell you.”

Lu Yi took a book from the bedside and placed it in front of him. In fact, people like him did not like to read books outside of work. However, Yan Huan liked to listen to stories, some of them were romantic. Lu Yi only read history and famous works from home and abroad. As for Yan Huan, she said that she was uneducated and did not understand those too profound things, but she could understand them, they were only romantic novels and the like.

She also liked to read them very much, but Lu Yi complained that she read too long and it was too eye-consuming.

Her health had suffered too much in the early years. Whether it was during filming or when she was schemed against later on, it was already not very good. If it wasn’t for Lu Yi’s constant attention over the past few years, she wouldn’t know how she was doing now.

That was why Yan Huan kept saying that she would only be free when she was outside. As long as she returned home, she would be controlled by Lu Yi. However, this was also the interest between husband and wife, as long as they liked it.

Lu Yi was willing to control her, and Yan Huan liked being controlled. It was that simple.

That was why Lu Yi did not allow Yan Huan to read too many books. Yan Huan did not read anymore, but when she read, she would become addicted. Yan Huan was the same.

Therefore, Lu Yi had no choice but to read for her. He would only stop after she fell asleep.

Of course, Yan Huan would not be able to listen to it for long. She had already treated this as a lullaby.

Lu Yi’s slightly deep voice was slowly transmitted from the phone. Just like the gentle breeze outside, it brought about 30% warmth, 30% coolness, and even a little satisfaction.

Very quickly, Yan Huan also turned off the environmental protection while she kept her phone by her ear.

After Lu Yi heard that her breathing had calmed down, he hung up the phone. Yan Huan was asleep, but he wasn't sleepy at all.

He was still worried about her. Although Lu Guang and the others were around, how could the children know Yan Huan's personality.

He had better take care of his wife personally.

The outer door was gently pushed open. Other than the sound of light footsteps, there was also the unique smell of the air that belonged to this field.

This was a refreshing and natural smell. It was extremely relaxing for the body, and it was also very easy to fall asleep.

A hand reached out and picked up the phone in Yan Huan's hand. Then, he carefully put it aside.

Lu Guang squatted down and stared at his mother.

Of course, he was very proud. Who asked him to have such a young mother? He believed that his mother would continue to be young and be his sister and brother for the rest of her life.

He pulled up the blanket and stood up. He walked out. When he was done here, they could go back.

He understood what Qin Yushi meant. She still decided to let go of the father who had sold her twice. Although that was not the same thing, no matter what, he was still a father.

However, from then on, the Qin Yushi of the past in this world would really die, and it would be impossible for the second son of the Qin family to have any plans for his daughter in the future. The second son of the Qin family would not be able to return to the village in the future. They were willing.., the people in the village might not be willing either.

On the second day, everyone discovered that the second son of the Qin family had run off with all his belongings. They did not know where he had gone. He did not want his son, and he did not want the daughter he wanted to sell.

They were afraid that Tie Tu would find trouble with them. However, Tie Tu couldn't even protect himself now, so how could he find trouble with others.

A group of people came out of nowhere and directly put a gunny sack on him. Then, they beat him up and kicked him. He was still beaten up until he couldn't get out of bed. When he was almost healed, those people came again.

After being beaten several times, he was so afraid that he did not dare to sleep. He also put away his things and hid somewhere.

Chapter 2347: still had a long time to go

Without this evil person, the people of the few villages also clapped their hands in joy. This time, there was finally one less scourge. Everyone could live a more peaceful life.

There was no longer any need to be afraid that this tie tu would do something bad behind their backs, causing the surrounding villages to be restless.

The road in Uncle Qin's village was repaired very quickly. Almost all of them worked overtime to repair it. It didn't take long for the roads in and out of the village to be roughly paved. The roads were all made of pure asphalt, and on both sides of the roads were the houses of the villagers. And outside each house was a reserved sewer pipe, this way, even if it was raining heavily, it wouldn't be flooded.

The village was still simple and quiet. Nothing had changed. What had changed was the road from the village to the outside. And this road would protect the entire village for generations until a long time later., the village became more and more prosperous.

Uncle Qin was also respected by the villagers because of this road. Now that the second son of the Qin family was no longer around, no one would give him any trouble.

And this time, the second son of the Qin family would not be able to come back unless he went out for three to five years. Even if they came back again, let alone Uncle Qin, they would see if the others were still willing to accept them.

The roads in the village were still being repaired, and the school was being built. However, Qin Pingjun and the others did not have so much time to wait for the road to be repaired. They had already been out for more than a month for some sort of ribbon-cutting ceremony, they were also going back.

They were not people who had nothing to do. Only Yan Huan was a little idle. However, that did not mean that she would have to stay here forever. No matter how good and comfortable it was, it was not her home.

There were still people waiting for her at home.

They were waiting for her to return home.

To her, the word 'home' was a very warm existence. Every time she thought about it, her heart would warm up and her eyes would be filled with smiles.

They had taken a plane back. Uncle Qin and Aunt Qin had not left yet. It was better for them to get used to living here. If they really missed their grandchildren, they could just go over there and visit them. After all, it was quite convenient to go back and forth.

Inside the airport, they had already reached the border of Hai City. From Afar, Yan Huan could see the man standing at the side. He was looking at her. His figure was still the same as before, standing straight.

His hair was a little gray, and he didn't have the high spirits of his youth. However, the aura around him was more steady and calm.

He was old and no longer the same as when he was young. After all, he had still suffered the ravages of time. However, in Yan Huan's eyes and heart, he was still the same Lu Yi from before. He was the Lu Yi

from when he was young, he was the Lu Yi from her two lifetimes. He was also the Lu Yi from her memories.

He had never changed.

He would not change because of everything.

Because this was Lu Yi.

She walked over and stood in front of Lu Yi.

"I'm back." She smiled at Lu Yi like a spring breeze. Her face was still young and delicate.

Lu Yi reached out and gently caressed her face.

"You're not thin."

"You're not fat either," Yan Huan added.

Her physique had been like this for the past few decades. Indeed, she was neither fat nor thin. She had always been very normal. She put her head on Lu Yi's shoulder. From the past, Lu Yi had been her reliance, when she was tired, she could rely on him. When she was young, she could rely on him. When she was old, she could rely on him.

Her husband had always been very strong.

"I'm tired." She closed her eyes. She was really tired. When she got off the plane, she felt a little drowsy.

Her body was not as good as before. She also admitted that she was old.

"Lu Yi, how long do you think I can live?" She had been thinking about this question recently. The men in the Lu family all lived a long life. This was for sure. Old Master Lu had lived to the age of 106, and Lu Jin was now in his 80s, if he lived like Old Master Lu, it would not be a big problem for him to live for more than ten years.

However, Yan Huan was worried about herself. She wasn't a member of the Lu family. Her mother had left very early, and her grandmother had also left early. She had lived for a very long time, and she was already sixty years old.

She wasn't afraid of death. In her previous life, she had been in a vegetative state. She had already died twice, so to her, life and death were already very open-minded.

Death was not scary to her. She was just afraid.

If she was not around, what would Lu Yi do? If she could only live to 60 years old, but Lu Yi had to live to 90 or even 100 years old, then what would he do by himself?

Was there anyone who cooked a bowl of noodles for him in the middle of the night? was there anyone who was worried about his health? was there anyone who told him jokes? was there anyone who took him to heart from time to time.

They had sons and daughters, but the children all had their own lives and families. In the end, Lu Yi was the only one who could do it. How could he bear to do it, why did she feel like she was going to die early in this lifetime? It was not a good omen.

She did not have any golden fingers in this life. She relied on her own efforts to find Lu Yi. It was also Lu Yi who remembered her life. Although the first half of her life was a little rough.., the second half of her life was really very good.

She was really happy and fulfilled.

Lu Yi had treated her extremely well all her life. He placed her on the top of his heart and had never wronged her.

Even the three children were not as important as her in his heart.

However, she was afraid that she really would not live long, and such a warning was not very good. She did not have a golden finger, but her dreams sometimes foreshadowed something. She had been having some dreams recently, but it was not a good dream.

She did not care about anything. The children had their own lives. They were already married and had children. Their entire lives would be in their hands, and it had nothing to do with her as a mother.

She only felt sorry for Lu Yi.

What would he do if she left?

Don't think too much. Lu Yi knocked on her forehead, just like Yan Huan when she was still twenty years old. At that time, Yan Huan had a very unstable personality. He was very picky and didn't submit to anyone.

He raised her as his daughter.

And now, his daughter was almost sixty years old.

"We will live for a very long time." Lu Yi did not know why, but many bad things had suddenly appeared in his heart. He was also afraid. Life was unpredictable. He did not want to live alone. Without her.., then what was the meaning of his life.

"Mm, we will live for a very long time."

Yan Huan hugged his waist. For some reason, he suddenly felt like crying.

"I still want to live forever."

She closed her eyes. Finally, she could not help but squeeze out a tear from the corner of her eye, and then another.

Chapter 2348: Grandma was very beautiful

She really felt that a lifetime was not enough. They could have three lifetimes.

In the first life, they were enemies. They were not fated to be together.

In the second life, they were fated to be together, but they were not together.

This was the third life. It was not easy for them to be together for a lifetime, but it was not enough. were they going to be separated again?

“Let’s go. It’s fine. We’re going home.”

Lu Yi wiped away her tears. “How Old Are You? Why are you still crying? Don’t let the children laugh at you.”

“They only know how to be envious.”Yan Huan pulled his sleeve and wiped her face. With her current appearance, she could still be treated as an old child even if she didn’t look old.

She was the youngest in front of Lu Yi. She was younger than the children.

Lu Yi let Yan Huan sit at the back of the car. He drove himself. He was not old enough to drive. He would protect his own wife.

Not long after Yan Huan sat in the car, she fell asleep again.

She was really not as good as before. After all, her body was too strong in the past. In fact, after giving birth to three children, she was not doing very well. Now, she was getting worse.

“If you give me another lifetime, I will definitely protect you well.”Lu Yi helped Yan Chunhuan fasten her seatbelt. Then, he took the cart from the car and covered it for him.

Only then did he drive back.

When he reached the entrance of the Liuyuan Garden, Yan Huan was already awake. She sat up and pressed her face against the car window.

Why did she feel as though she had been gone for a very long time after only going out for a month.

It was so long that she missed him.

“We’re home.”Lu Yi walked out and opened the car door. He then helped Yan Huan Open the seatbelt. Yan Huan didn’t feel much when she sat in the car, but when her feet touched the ground.., she realized that she was really homesick. She missed her three grandsons, no, four.

However, it wasn’t easy to see Lu Xiaosan. They were all with madam Gao and mayor Gao. They watched their grandsons closely, as if they were afraid that others would steal them. And that child was indeed very good-looking. She looked like Xiaomei, he really did look like Xiaomei.

They didn’t know if he really looked like her. No, this was just an illusion. In any case, since everyone said so, it was possible that they really did look alike.

Lu Yi opened the door and a little girl, who looked like a little duck, ran over.

“Grandpa...”Lu Xiaosi walked over with his chubby little legs. He was about to look for his grandpa.

He didn't know if it was hereditary or not, but in the past, when Xun Xun was about his age, she loved Lu Yi the most. Lu Xiaosi also loved his grandfather the most. Even though his grandfather didn't like to smile, Lu Xiaosi still liked his grandfather, he liked his grandfather very much.

Lu Yi reached out and picked up the little girl. The little girl was chubby. Although her little face wasn't as exquisite as her aunt's, she was still a very beautiful and cute child.

"Little Four, you've gained weight."

Yan Huan pinched her granddaughter's little face. The feeling was really good. She still remembered that when her children were young, she loved to pinch the three children's little faces the most. However, time passed too quickly. In the blink of an eye.., the three children had all grown up. Their faces were no longer easy to pinch. However, it was good now that she had a granddaughter.

Lu Xiaosi tilted his little head and smiled at Yan Huan.

"Grandma, Grandma..."

She stretched out her little hand and wanted to let grandma hug her. Her little face was as sweet as she could be.

"Do you still remember me?" Yan Huan hugged his little granddaughter and kissed her little face.

"I like Grandma."

Lu Xiaosi's mouth was just like his father's. This was really too sweet. Pretty Grandma, I like Grandma, I love Grandma the most, and so on. These sweet words came out of her little mouth for free, and it just so happened that no one really taught her.

Therefore, this sweet mouth was natural, and acting cute was also natural.

"Grandma also likes Xiaosi." Yan Huan kissed Lu Xiaosi's little face again. She was reluctant to let go of him. Little girls were better. They were smart and well-behaved, just like the Lu family's eldest brother and second brother, their temperaments were exactly the same as their eldest uncle's.

They were indeed worthy of being members of the Lu family.

No, they didn't look like their eldest uncle. They were clearly very much like their grandfather. When they grew up, they were eighty percent like their grandfather. They were naturally calm and collected, and they didn't smile or talk. Lu Xiaosan, on the other hand, was a little better, that kid really liked to smile.

Yan Huan carried Lu little four to the sofa and sat down. Then, he played with Lu Little Four. Only then did Lu little four learn how to talk. Now, he liked to talk. Whenever he caught something, he would talk for half a day, sometimes, Yan Huan really didn't know what she was talking about, but he still listened to her seriously and agreed.

Therefore, the little girl liked Grandma the most.

Because Grandma would listen to her talk because Grandma was beautiful.

Yes, Grandma was very beautiful. Even the four children of the Lu family knew that they had a very beautiful grandma.

Yan Huan and his granddaughter played for a while more before they felt tired.

They didn't have a good rest to begin with. Furthermore, they had just gotten off the plane, so it was normal for them to feel sleepy.

Lu Yi carried Lu Xiaosi over and handed him over to the nanny. Lu Xiaosi rubbed his eyes with his small hands. She was also tired. She looked around and realized that she was looking for her mother. She wanted her mother to feed her milk. After drinking the milk., it was time for her to go to sleep.

Children had a lot of sleep, and it was also very regular. It was also time for Lu Xiaosi to go to sleep.

Yan Huan was really tired. She watched Qin Gu Shi carry the little girl and then feed her with the bottle. Only then did she enter her bedroom with ease. She had always been very at ease with her two daughters-in-law, perhaps it was because her face was young, so after spending so much time together, they would sometimes forget that she was actually their mother-in-law and not their sister-in-law.

And their interactions had always been very good. There were no conflicts between mother-in-law and daughter-in-law. Of course, it was also because she did not care too much about them. Moreover, the two sons each had their own residences, they lived their own lives.

She could not accompany them until they grew old. The only thing she could accompany was to grow old together with Lu Yi. However, she did not know how much longer she could accompany Lu Yi.

"Go to sleep." Lu Yi sat beside her and held her hand tightly. He did not let go of it again.

Yan Huan quietly closed her eyes and rested her head on his body. Just like that, she had already fallen asleep.

Her sleep had always been good, but she could not make too much noise. Otherwise, she would have had a very light sleep. This time around, she might have really been tired. After all, it had been a long flight, in addition, she had changed to another place. Although it was her home, she still needed some time to adapt.

Chapter 2349: something was wrong with her

Hence, she slept well. In just a short while, the sound of her breathing could be heard.

Lu Yi gently patted her shoulder to let her sleep more soundly.

Yan Huan slept until night. Lu Yi accompanied her for as long as she slept.

Lu Yi gently stroked Yan Huan's hair. It was really rare to see someone like her. Her age was almost blurred. He could be considered to have aged slowly, but Yan Huan's face did not seem to have changed at all.

If they did not know, they might not have believed it. Such a young woman was actually already close to sixty years old.

Her appearance had not changed, but her body was already in bad shape.

Lu Yi sighed. He had to give up on his job as a prosecutor first. He wanted to accompany her properly. In the past few years, because of his work, he had neglected her too much.

She was no longer the same as before. No, they were no longer the same as before. They were all old.

After Yan Huan came back from that place, he was still doing quite well at first. He would even play with his grandchildren. She doted on these children very much, and the children also loved her as a beautiful grandmother.

Perhaps it was because she had a natural affinity with them that the children liked her so much and liked to be close to her.

Among them, Lu Xiaosi loved his grandmother the most.

Qin Yushi said that Lu Xiaosi was just like his grandmother. She was a very beautiful little girl. Although she was still young, she already knew that she had to wear beautiful clothes. When she went to buy clothes, she had to wear a small skirt, she also had to wear beautiful little shoes. In this aspect, she was really similar to his grandmother.

The women of the Lu family all loved to look beautiful. They would also be beautiful from young to old.

Yan Huan combed Lu Xiaosi's short hair and put a small clip on her hair. This way, she would be a girl. She liked to dress up as a child the most, her search was also objective and small until she had her own sense of beauty. Then, she would not look for her mother.

Therefore, the zero hour was very scary, but it was also very cute.

She kissed Lu Xiaosi's little face. Lu Xiaosi also bit his grandmother a few times, but he loved his grandmother. Of course, he also knew that he had become beautiful now, so he carefully climbed onto the sofa and went to look for his mother.

Lu Xiaosi and his mother talked in a baby voice. They were indeed very cute. With these children, their lives became more colorful.

Yan Huan leaned her head back. Lu Xiaosi's voice was still in her ears. Then, she gradually could not hear anything..

Lu Yi walked over lightly and took a blanket to cover her.

He sat on the side for half a day.

Then, he took out his phone and called her.

Not long after, he yibin came over. Compared to Lu Yi, he was really an old man. Of course, he was also the hospital's Honorary Director. There were not many people who could invite him now, moreover, there were almost no people who could make him perform the surgery as the chief surgeon.

"What's Wrong?" He Yibin put on his reading glasses. Sigh, he was indeed old. Even his eyes were blurred. He could not help it. He was just an ordinary person, unlike Yan Huan, who was a monster.

She was almost sixty years old, but why did she still look like a little girl.

Her appearance was really complicated.

Compared to his family's old woman, she was not an old woman. She was a young, mature, and beautiful woman.

However, she was fine. What was wrong with her? He couldn't be sick, right? But from the looks of it, she didn't seem to be sick. Her complexion was quite good.

"I don't know either." Lu Yi sat down and held Yan Huan's hand tightly, "She's been like this ever since she came back from the other side. She's extremely lethargic. I thought it was just because she was too tired, but it's already been half a month. She's still the same. She sleeps all day long, and for most of the day, she's still asleep."

If it was in the beginning, it really wouldn't matter. They could figure it out. Was it because they had just changed the soil and water? However, it had already been so many days, and her condition was still not that good.

Lu Yi couldn't help but think of what Yan Huan had said when he had just arrived at the airport. His heart couldn't help but ache.

Many times, Yan Huan's words were a little early warning. It was just that he hadn't paid much attention at that time. Perhaps it wasn't that he hadn't paid attention, but he couldn't accept it.

The more time she slept, the deeper she became. The more time she slept, the easier it was for her to forget many things.

He was afraid. He was really afraid

It wasn't like this in the past. Even though she wasn't in good health in the past, she was still very healthy.

He was also afraid that Yan Huan would really die from sleeping like this. One day, he would never wake up again.

He was afraid that they would part. He was afraid that she would leave before him.

She wasn't even sixty years old. The time they had spent together was still too short. They still needed at least twenty years, right?

She would definitely be fine. How could she bear to part with him.

He Yibin's old brows could not help but furrow. This matter was not too good.

Yan Huan was really very young. No, she was too young. Looking at her face, she did not look like a person with a short life. He was a doctor himself. He naturally knew that the current her was not normal, it was not that he had not seen Yan Huan's situation before.

He did not dare to make any conclusions. After all, he still needed to undergo a professional examination.

He just did not know what the final result would be. He did not know if Lu Yi would be able to accept it. His intuition was telling him that this matter was not very good. It really was not very good.

“Bring her to have a checkup first.” He Yibin patted Lu Yi’s shoulder.

Lu Yi held Yan Huan’s hand. He did not use much strength, but the veins on the back of his hand were popping up.

“Check-up?” Yan Huan propped up his face. He was really old and young. Of course, he still had the heart of a young girl.

“Why do you need a check-up?”

Yan Huan remembered that he was the one who had a physical check-up. It had not even been a few months?

“Yi bin has a new machine. He wants us all to go over and give it a try.”

Lu Yi stroked Yan Huan’s hair and coaxed her. Yan Huan actually disliked physical examinations very much now because every time she went over, Lu Yi would take care of her, it made her feel like she had no privacy at all.

When she was young, she had a bad temper. However, the older she got, the more awkward her temper became. According to Lu Guang, this temper was definitely brought up by Lu Yi.

Chapter 2350: she was sick

The three children of the Lu family were all good-looking and had healthy roots. However, Yan Huan was spoiled by Lu Yi. Sometimes, she was capricious like a child.

If a woman was old, she would be spoiled like a child.

To this woman, this kind of spoiled behavior was a blessing that others could not envy.

“I’m not going.” Yan Huan turned her face away. She did not want to do any tests. Since she was back, she would not be allowed to do this or that. Did she still have any joy in life.

Lu Yi turned her face away.

“Huanhuan...”

When Yan Huan heard his helpless voice, her heart could not help but feel warm. In fact, he had really been accommodating her all his life. They had known each other since they were 20 years old. Now that they were both 60 years old, they had never blushed, there were small quarrels and small quarrels. Of course, it was all because she was being unreasonable. Lu Yi was older than her, so he was always giving in to her.

She was right, she was right.

She was wrong, but she was also right.

She had never been unhappy, and these were all given to her by Lu Yi.

She turned her head to look at Lu Yi again and realized that his head of white hair was growing again. What was going on? It had only been one night. She used to be afraid of getting old because she loved to look beautiful, but now, even time was helping her. She was not old, she was almost not old at all, but Lu Yi was getting old.

She reached out and hugged Lu Yi's face, then counted the white hair on his head. Actually, how could she count the number of white hair? But where did Lu Yi's head of white hair grow, and how much it grew, she probably knew better than Lu Yi.

"I don't like the way you grow white hair."

The hair that Yan Huan grabbed Lu Yi's hair was short and prickly. As for herself, even now, her hair was still jet-black and beautiful. She didn't know if it was because her hair had also changed with time., just like that, it stopped at the age where she was probably thirty years old.

"Just dye it." Lu Yi hadn't noticed it recently. His hair had always grown quite slowly. Yan Huan had been gone for about a month, so it was likely that his hair had turned white.

"Mm, just dye it." Yan Huan nodded. "I'll dye it for you later."

Yan Huan could still do such a small thing on his own. Don't forget that Yan Huan was a good barber. Her hair-cutting skills over the years were getting better and better. In the past, the children's hair., was all done by her. However, when they grew up and became independent, she didn't need to care about them anymore. They had their own living space and their own way of life.

She was a mother. It was impossible for her to always care about them.

She only needed to care about Lu Yi.

"Okay." Lu Yi pressed his forehead against Yan Huan's forehead.

"Dye your hair and go for a checkup."

Lu Yi said again.

Yan Huan really didn't want to go, but in the end, she reluctantly agreed. Alright, let's go for a checkup. Of course, the prerequisite was that I had to make you handsome.

Yan Huan was about to get out of bed, but Lu Yi took her shoes and helped her put them on

Yan Huan happily prepared her tools for a haircut and dyed Lu Yi's hair. In the mirror was their reflection, and Yan Huan was busy., he didn't notice the worry and nervousness in Lu Yi's eyes.

"Okay." Yan Huan helped Lu Yi dry his hair, then rested his chin on his shoulder and pointed in the mirror.

"Don't you think we're a good match?"

Yan Huan smiled. Her bright smile was just like her 40 years ago. It hadn't changed at all.

Lu Yi shook her hand. They were quite compatible. They were a match made in the first place. They were a rare match made in heaven. They had met for three lifetimes and stayed together for the rest of their lives. They would grow old together, but he really hoped.., he could accompany her for another ten years. He didn't want twenty years, and he didn't want thirty years either. could he give them another ten years? If Zha could live to a hundred years, then he was willing to give his twenty years of life to him.

Live, let them live together.

And Die, let them die together.

After he left, Lu Yi touched Yan Huan's silky hair. When the couple left, no one really said that they were an elderly couple. Lu Yi looked like he was in his forties at most, while Yan Huan was in his thirties.

Perhaps no one really wanted to believe it. In fact, Yan Huan was about to turn sixty, and Lu Yi was also about to turn sixty-five. He was also about to retire.

Lu Yi brought Yan Huan to he Yibin's hospital. They went through a special passageway, so no one would know that they were here for a medical check-up. No one would know that they would be here.

Yan Huan was not someone who liked to undergo physical examinations. Fortunately, Lu Yi was there. Fortunately, Lu Yi was with her. Otherwise, Yan Huan would definitely be in a bad mood alone.

Initially, she was still fine when she came out. However, after the examination, she began to feel drowsy again.

"Take her back first."

When he yibin saw Yan Huan like this, he knew that they could not say anything. "When the results of the examination are out, I will go over personally."

Lu Yi gently stroked Yan Huan's hair. It was only then that he could see his helplessness and his fear.

Yes, he was afraid. He was truly afraid.

"She's fine, right?"

"She'll definitely be fine, right?"

He Yibin could not answer this question, nor could he promise him.

When Yan Huan returned from the hospital, he was still the same. He slept for more than half a day. Furthermore, she woke up very quickly. Gradually, her memory started to deteriorate as well. She had a very strong memory. She would forget what she had done in a short while.

She had not had such a good experience a few years ago. Her memory had not been good when she got older. She was not like Lu Yi. Lu Yi's memory was very strong to begin with, even after so many years, it had never deteriorated.

However, Yan Huan was not smart enough, so it was understandable that she had a very good forgetfulness.

She said the same thing about herself because she was not smart enough. However, it was fine as long as she had a powerful husband. She did not mind people calling her stupid.

However, this time, it did not seem right. It was normal. No matter how forgetful she was, it was impossible for her to forget what she had said one second later.

He Yibin arrived on the third day. When he arrived, his expression didn't look too good. Lu Yi's heart couldn't help but tighten. Such an expression..

He Yibin placed the examination report on the table. "The results are out."

"Then..." Lu Yi spoke with some difficulty. Why did he feel that the atmosphere wasn't Good? It was as if he was suppressing something. This sort of suppression wasn't only on him, it also appeared on his voice.
