

Sweet Wife 2411

Chapter 2411: the Lady Boss invites her

However, her mother just happened to like it too much. She had been hesitating for several days over such a good opportunity.

Actually, she knew that her mother was too young, and filming was a very tiring task. How could she let her little daughter suffer.

However, this was not a hardship for Yan Huan. It was a path that she had to take in her life. It was a path that she had to take even if she had to go now.

She could not give up any opportunity, any opportunity to earn money, because she was not another child. She was Yan Huan. She wanted to save her mother's Yan Huan

She wanted her mother to accompany her for the rest of her life, just like Lu Jin's parents. Even if she died, she still wanted her mother to live.

She did not want her mother to turn into ashes. She wanted to sleep in that cold place for the rest of her life. She did not even dare to put up a single photo, afraid that others would recognize her.

Her mother was not at fault. Everything was Su Qingdong's fault. It was all Zhu Xianglan's fault. It had nothing to do with her mother. Her mother should not have died early. She should have been living a better life, she should have reached out and slapped Su Qingdong's face. She should have also kicked Zhu Xianglan's body.

If her mother did not do it, then she would do it as her daughter.

And no matter how many lifetimes passed, she would never acknowledge the people of the Su family. She also hated them.

She didn't have a father like that. She only had one mother.

And now the problem was, how was she going to convince her mother to let her act? She propped up her little face on the table and couldn't help but sigh. Her little eyebrows were squeezed together. Her life seemed to be too long.

No matter how long it was, what she needed to do now was to grow up. However, it was not easy to grow up. When a woman reached the age of thirty, time really passed very quickly. Of course, she also aged very quickly, however, when she was three or four years old, why did it feel like she was growing so slowly.

It was just that she seemed to have forgotten.

She was actually still more than three years old.

A little girl more than three years old was still not a woman. She was still quite far away from being a woman.

And just as Yan Huan was so depressed that he was about to sigh, he did not expect that the decision that Ye Rong did not make would end up being made because of someone else.

Ye Rong took her phone. In her hesitation, she could only helplessly call her boss. Today, Yan Huan had an activity at the kindergarten. She wanted to apply for leave to go over. In this world, only the mother and daughter had each other to rely on, if she did not go, then no one else would be able to go.

She could make do with anything, but when it came to her daughter, she would never make do with anything.

Other than not being able to give her daughter a father, as long as her daughter wanted it, she would help her do it.

She also did not want her daughter to be in the kindergarten, just sitting there quietly by herself, watching other children with their parents.

It was not like her Huanhuan did not have a mother.

Little Huanhuan had a mother. She was the mother of Little Huanhuan. She would not let her daughter suffer a little.

In fact, she did not want to ask the boss for leave. She would not feel anything if she asked for leave once or twice. However, if she asked too many times, she would feel embarrassed, not to mention the boss.

No, she was not embarrassed now. She was simply embarrassed.

Although the boss always said that it was fine, as long as she wanted to ask for leave, she could do it at any time.

However, Ye Rong could not possibly open her mouth as if nothing had happened. She was someone else's salary, she was his employee, she was a staff member in the company. If she did not work, she would not create economic benefits for the company, then what did she have to do as an employee?

Ye Rong thickened her skin and explained to the boss. However, before she could say anything, the boss interrupted her.

"Didn't I say that you shouldn't be so polite to me? If you want to take a leave, just tell the supervisor. There's no need to ask me again." As he said this, he really felt that this Ye Rong was too careful, if it were any other ordinary person, they would have long used a chicken feather as a command sword. It was unknown how they would be able to do whatever they wanted in the company all day long.

However, Ye Rong was really an honest person. She went to work at a fixed time and got off work at a fixed time. She did not leave early nor was she late. She did not make any mistakes in her work. In this world, there were fewer and fewer honest people.

He shook his head and sighed. Right, his little lover was going to celebrate her birthday. He was going to bring his little lover to pick out birthday presents. And the little lover he was talking about was his precious daughter. She was almost two years old now, it was the time for her to be cute. As long as he heard her call him 'Daddy', his heart would melt into a mess.

At this moment, he was thinking about his daughter, so the smile on his face was filled with love. However, he did not know that a woman was standing outside the door. She had heard it with her ears and seen it with her eyes.

It was clearly nothing, but she had added a plot to it. She had even imagined their psychological activities.

She grabbed the wall with all her strength. A face that was originally young and beautiful actually began to twitch. It was as if it had grown fierce meat. Her face also instantly became distorted.

Ye Rong looked at the time. She had already stayed here for quite some time. In fact, she really wanted to go back now, because her daughter was still alone at home.

Although she knew that Yan Huan was very obedient and that nothing would happen to her. She would watch TV by herself, and when she was tired, she would take her own nap, and when she was hungry, she would eat by herself, but no matter what.., ye Rong did not want her daughter to stay at home alone.

She was supposed to go back, but because she received a phone call, she still waited here. This phone call was not from anyone else, but from the lady boss. When she was at her most exhausted.., she could be considered as the mother and daughter that the boss's family had helped. Although they had actually gotten what they wanted, she still felt that she owed the boss's family.

Therefore, she still sat there. Even though she had already waited for two hours, even though she could not sit still, even though she was sweating profusely from waiting, she still sat there and did not leave.

When the door outside opened, a woman walked in and sat in front of Ye Rong.

"Hello, Miss Yu."

Ye Rong smiled at the Lady Boss. There was still some cold sweat on her forehead, but she did not wipe it off.

However, the lady boss looked at Ye Rong from the corner of her eye for a long time, but she did not answer her.

The smile on Ye Rong's face also fell. She quickly lowered her head and could not help but rub her hands. Her right hand also grabbed the thumb of her left hand from time to time. Those who knew her well knew that.., this was her action when she was uneasy. Whenever she was uneasy, she liked to grab her fingers like this.

And right now, she was indeed a little uneasy. In fact, she was also uncomfortable.

And all of her discomfort came from the previous woman.

Chapter 2412: jealousy of a woman

Also, why did the lady boss look at her like that?

What did she do?

However, she was trying to figure out if she had really done something bad recently and offended the boss and his family. However, she did not do so, except after she took a leave of absence again. However, she did not take too many days off either, she had only taken a month's leave of absence during filming, and then she had taken a few days off from other people. This wasn't considered a leave of absence, and she had taken it one after another. In all honesty, she hadn't taken many days off either, she had used the weekend, Saturday, and two days to finish all her work. So, strictly speaking, she hadn't taken too many days off.

What? Could it be that she took too much time off last time, which was why the lady boss looked at her like that? And that gaze, it was as if she was looking at an enemy.

"Yu..."

She was about to open her mouth again, but with a whoosh, a glass of water was splashed on her face. At this moment, everyone was shocked by the lady boss' actions.

Ye Rong was the same. Not only was she shocked, but she was also stunned.

The water droplets on her hair dripped down from time to time, onto her clothes, on the table, and on the floor.

She was in a sorry state. She was also at a loss, and she was even more embarrassed to see others.

Ever since she was young, she had never been humiliated like this. This was more humiliating than slapping her face. It was more hurtful, and more humiliating.

She allowed the water on her hair to drip down, trampling all the respect she had.

What had she done wrong?

The Lady Boss took out a tissue and wiped her fingers clean one by one. She did not feel that she had done anything wrong. Did she do anything wrong?

Ha, for a vixen who wanted to steal someone else's husband, why did she need to be polite?

Ye Rong's Red Lips moved from time to time. Her face did not know that because the water was too hot or her heart was too cold, the blood on her face had completely drained away along with the water droplets.

"Why?"

She asked the woman in front of her. At that moment, she was injured, she was wronged, and she also wanted to kill someone. She clenched her hands tightly. She was really close, just close.., she could not help but return the water in front of her to her.

But in the end, she did not do it.

Because she owed the boss's family, she owed the boss.

Back then, if she did not have the boss, there would not be the mother-daughter pair's current days.

But other than that, she did not owe the boss anything. Moreover, the boss asked her daughter to shoot an advertisement for them, and she had agreed. If it were anything else, she would definitely not agree to such a thing, however, the other party was the boss.

And wasn't this enough?

What had she, Ye Rong, done wrong?

The Lady Boss continued to wipe her fingers. There was not the slightest bit of abnormality on her face. She was not wrong. All of this was for her precious daughter, and everything she was doing now was for her daughter. As a mother, she was strong, she would not let her daughter suffer any harm. She would not let the vixen ruin their family.

But was that really the case? Could it be that she was not jealous of Ye Rong's looks, that daughter of Ye Rong's, that daughter of Ye Rong's, that she could actually make a movie, she believed that her daughter was not bad at all, or she believed that it was ye Rong's daughter who had stolen everything from her daughter.

However, she clearly knew that there was no such thing. Even if Yan Huan did not make that movie, it would not be her daughter's turn. If she were to look at the time, when that movie was being filmed., her daughter was only about one year old. She could not even speak and could not even walk. There were so many children in this world. There were hundreds, thousands, tens of thousands, tens of thousands.

However, it was possible for everyone, but it was impossible for her daughter to be one of these possibilities.

The Lady Boss glared at Ye Rong viciously.

"Why?"

Ye Rong's hair was still dripping with water droplets. These water droplets fell from her cheap price and even rolled down. They were as cold as ice.

Yes, why, why?

Why did she have to be treated like this?

What did she do wrong?

"Ha... Why?"The lady boss sneered. No matter how twisted her facial features were, it also made her young face start to become ugly. As expected, jealousy would make a woman ugly and stupid

"Ye Rong, you still want to ask me why? Tell me, is our family not good to you? Is it not good to you and Your Daughter? We let you eat our house, live in Our House, and help you raise your daughter, but this is how you repay me?"

"You stole my husband. My Daughter is not even two years old. Ye Rong, you are truly the most shameless and shameless woman I have ever met."

Ye Rong suddenly clenched her teeth. In an instant, the anger that filled her heart was almost inextinguishable.

“Miss Yu, other than my relationship with your husband as a boss and employee, there is nothing else.” She pressed her hands on the table. This was a kind of insult, an insult that was almost to the point of death.

“There is nothing else. Who would believe it?”

The Lady Boss was still sneering. Her face was ferocious and jealous. Perhaps even she herself did not know what she was jealous of. She hated ye Rong and also hated Ye Rong, or was it extreme disgust? Of course, it was also extreme jealousy.

She felt that if such a woman stayed by their side, she would be like a bomb that would explode at any time. One day, this bomb would destroy everything that she had now.

And she absolutely would not allow such a thing to happen.

She took out a document from her bag and threw it over.

“Read it yourself.” After she finished speaking, she stared coldly at Ye Rong. She had no intention of leaving either. Her goal had not been achieved and her business had not been completed. How could she leave? How could she leave this place?

Ye Rong stretched out her hand and took the document. She opened the document and thought it was something, but it turned out to be nothing. It was just a resignation letter. It clearly stated that she had to leave the Zhang family’s company, she also had to return the fifty thousand Yuan that she had taken from the Zhang family.

Fifty thousand Yuan, Ye Rong’s salary when she was working as a nanny in the Zhang family.

Ye Rong clenched the resignation letter in her hand tightly and looked at the lady boss coldly.

Did she, Ye Rong, ever do it? Could it be that she herself did not know about the lady boss?

The Lady Boss originally had an arrogant look on her face, but for some unknown reason, she could not help but shift her gaze away a little because of ye Rong’s current gaze.

Chapter 2413: asked her to resign

“Sign it. Give me the money immediately. You should return it to me.”

The lady boss raised her chin again. “Don’t forget, Your Daughter is a celebrity now. Do you want others to know that your daughter has a shameless mother like you?”

“Sign it. Do you really think I will let you stay by our side and give you a chance to get close to my husband?”

Ye Rong took the pen, clenched it tightly, and then wrote her name on it.

She stood up and threw the document in front of the lady boss, and her voice was surprisingly light.

"I have never had any improper thoughts about your husband," the lady boss curled her lips, obviously sneering.

"Whether you believe it or not has nothing to do with me," Ye Rong suddenly smiled, as if she had seen through a woman's dirty thoughts. I will give you fifty thousand yuan. I owe your Zhang family, but what I owe is Zhang Shujie's., but it is not yours, Yu Qing's.

"Take that fifty thousand Yuan as me giving that contract breach fee. The world is watching and the heavens are watching. Miss Yu, you will wait for it."

Ye Rong took her bag and finished speaking. She turned around and left, causing the lady boss' face to change on the spot. At this moment, her face was actually burning. She kept telling herself that she was not in the wrong, she was not in the wrong at all, everything she did was for her family, for her daughter.

This woman, Yannuo, absolutely could not stay in the company. But she could not deny, she could not stop the jealousy that she felt when she first saw Ye Rong.

A younger, more beautiful, more elegant, single mother than she was.

When Ye Rong walked out, the sunlight from outside fell on her body, and her disheveled appearance, as well as the sticky tea leaves in her hair, she walked back home step by step.

She had not forgotten that her Huanhuan was still waiting at home. In fact, she had already experienced such an insult many times. It was not a glorious thing for her to give birth to her daughter out of wedlock.

However, all of this was her fault. It had nothing to do with her daughter, and no one could hurt her daughter because of this.

Therefore, she had to bear all of this.

And her daughter was not wrong.

She had the right to come to this world, and no one in this world could hurt her daughter. Although the Lady Boss's words were all excuses to cover up her ulterior motives, there was only one sentence that was right, a mother is strong.

She could insult her however she wanted, but she did not say anything wrong about her daughter. Otherwise, she would have smashed the cup in her hand.

"Mother..." Yan Huan knew that Ye Rong had returned as soon as he heard the sound of the door.

She hurriedly put the doll in her arms aside, then stood up and ran towards the door.

But when she saw Ye Rong's appearance, she was stunned. This was..

Ye Rong squatted down and adjusted her daughter's hair. "Mommy accidentally poured tea on me. When mommy is done bathing, it will smell good. Then, come over and accompany our Huanhuan, okay?"

“Okay,” Yan Huan obediently agreed. The longer she looked, the more people liked her. Ye Rong caressed her daughter’s face. In this lifetime, her daughter was all she had, she absolutely would not allow anyone to hurt her daughter. Not even a strand of hair.

At that time, when Ye Rong reached the bathroom, Yan Huan finally put away the silly smile on her face.

She poured the tea on her hair. How could she pour it? It was splashed by someone.

She hurriedly ran to the place where Ye Rong put her bag. Then, she tiptoed and carried Ye Rong’s bag over. She put it on the ground and opened it. The things in Ye Rong’s bag were always those few things, her daughter’s Cup, her daughter’s little towel, a few candies to coax her daughter, and a wallet that she had made herself. Ye Rong carried these things to and from work almost every day and never changed them.

And today, in Ye Rong’s bag, there was another thing besides these things. It seemed to be a document. She took out the document and turned back to look at the bathroom. The sound of running water could still be heard from inside, Ye Rong would not come out for less than half an hour, so she was not afraid of being caught.

She took out the document and placed it on her lap. Just like that, she started to read it.

Perhaps to a child like her, the words on the document were a little more, a little harder, and she did not recognize any of them.

But Yan Huan was not someone else. She was Yan Huan. She knew these words, so of course, she understood them very clearly.

This was a dismissal letter.

It was written very clearly.

Ye Rong’s character was bad, so the company wanted to fire her. Because it was Ye Rong who unilaterally terminated the contract, they had to pay the company a penalty of 50,000 yuan, and they could never appear in the company again.

Was it Yu Qing, the lady boss, or was it not Zhang Shujie, the Boss?

It was Yu Qing who asked Ye Rong to go. When Ye Rong went, it was still clean. But when she came back, she was splashed with tea and this dismissal letter.

Don’t think that she doesn’t know anything when she’s young.

When she was in the Zhang family, she already knew that Yu Qing didn’t like the mother and daughter. A woman, a normal woman. Of course, she wouldn’t like a young and beautiful woman that her husband found, even if this woman was a single mother, even if this woman had a daughter.

Yan Huan used her small hands to grab the contract, which was obviously done on purpose. Then, she lowered her head and smoothed out the contract bit by bit. Then, she put it back into Ye Rong’s bag and put the bag back where it was.

She picked up her doll from the sofa and sat on the sofa to watch the television.

If ye Rong did not let her know, she would not know. Besides, she was only a three-year-old doll now. It was impossible for ye Rong to let her know about these things.

It did not matter.

However, without a job, her mother still had her. She would soon be able to earn a lot of money. As for the fifty thousand Yuan, her family had never owed the Zhang family.

The money they earned in the Zhang family was earned with their own hands. They had their own time to exchange for it, and they earned it with their own labor.

How could her time to have fun be so cheap?

Of course, she knew that her mother would give them the 50,000 yuan. There was no rush. Now that she had swallowed the 50,000 yuan, she wanted to see how they would return the five yuan to them in the future.

Also, she gently stroked her face. Now, she could still feel the pain of the owner's wife, Yu Qing, pinching her face.

Yu Qing really thought that she did not remember anything. She still thought that the way she pinched her was not child abuse.

Yan Huan had never been a good person. Some people offended her. No matter how many lifetimes she had reincarnated, it was impossible for her to forget. It did not matter how long she had waited. In the end, only those grudges remained.

Chapter 2414: was decided to be shot

Just like the Su family.

Of course, she would always keep a record of what others owed her and would never forget a single cent.

Ye Rong walked out of the bathroom and saw Yan Huan sitting there obediently, also watching television. Other children watched cartoons and educational films, but the children of her family liked to watch food programs.

Could it be that she had really given birth to a foodie?

The humiliation she had suffered at Yu Qing's place disappeared the moment she saw her daughter.

Actually, it was good that she did not go to work. She could do other things and do handicrafts. Although it was a little tiring, at the very least, she did not have to think about how to apply for leave every day. She could accompany her daughter to shoot advertisements, moreover, the house was now hers and there was no mortgage. The family also had a lot of savings. Even if they did handicrafts, they could still support the mother and daughter.

Ye Rong walked over and squatted in front of her daughter.

“Huanhuan, do you want to shoot a television drama?” She remembered that she had never promised director Liu. As long as her daughter agreed, she could accompany her.

“Yes, I want to shoot it.” Yan Huan nodded hard. “Huanhuan earns a lot of money to buy meat for her mother.”

Ye Rong hugged her daughter and swallowed all her sobs and tears back into her stomach. She was not afraid anymore. She was not afraid of anything.

As long as her daughter was here, she could do whatever she was asked to do. She would not complain if she was wronged.

That night, she called director Liu and told him that they had accepted the TV series.

When the people on the other side heard that Ye Rong had accepted it, they let out a sigh of relief. This was because they really did not know where they could find a suitable small actor if Ye Rong did not accept it.

There were many small actors. They could easily find a large number of them, but there was only one suitable one.

Whether it was in terms of external conditions, acting skills, or popularity, the lack of words was the most suitable.

If it was another one, it might not be as suitable as it was now, and it might not be able to shoot well.

The people from the production team were naturally afraid that Ye Rong would regret it, so the next day, they rushed over personally to sign the contract with Ye Rong. They were all waiting nearby, it was all so that they could sign the contract as soon as possible.

Ye Rong looked at the contract. She could not do it for a long time.

Twenty thousand for one episode. That was twenty-five episodes.

How much was that.

Five hundred thousand.

How could anyone earn so much money in one go? A grown man could not even earn that much. No, even ten grown men might not be able to earn it, but a three-year-old child had earned it.

She was only four years old this year. She was really a three-year-old child. She had already earned five hundred thousand Yuan from a television drama.

“Miss Yan, is there anything else wrong?”

The person in charge of the contract was rubbing his hands from time to time. He wished that he could grab Ye Rong’s hand and sign it for her.

“No.” Ye Rong was still quite nervous because she had never thought that it would be so much money. It was no wonder that people said that celebrities were very rich. They were indeed very rich. Even after

paying taxes, this amount of money., they had already obtained hundreds of thousands of yuan. And now, the hundreds of thousands were enough for them to buy two more houses in Hai City.

Ye Rong took the pen and signed her name on it. After sending the person in charge away, she took her money and left the house. Then, she walked out of the small shop. Of course, this time., she would not be so stupid as to wait for a person for a few hours.

If Yu Qing wanted money, she would come over herself. What, did she expect others to wait for her?

As expected, money was not too attractive to a person. Even if it was Yu Qing, she still loved money very much. The Zhang family was rich, but Zhang Shujie would not stop giving money to Yu Qing, no one knew how much money Yu Qing had in her hands, but it was impossible for her to have more.

It was impossible for Yu Qing not to take this fifty thousand yuan.

And now, the fifty thousand Yuan was sometimes only enough for an ordinary person to survive without food or water for two years.

If it was the Ye Rong of the past, she really could not afford this fifty thousand yuan. She had worked hard to earn a few hundred yuan a month. Fifty thousand Yuan was an astronomical figure to her. It was only because they were about to get their hands on the five hundred thousand yuan, therefore, Ye Rong was very confident now. Of course, she was also able to sit up straight. She was not in the wrong in the first place. The things that were added to her were just some nonsense. She would not admit it, and she would not bear it. Since it was not her fault, then why should she bear it.

She took out 50,000 yuan from her bag and placed it on the table.

Then, she turned around and left. She did not want to look at Yu Qing's face because she felt disgusted.

Yu Qing took the money and placed it in her bag as well. This 50,000 yuan was enough for her to buy a lot of things. Oh right, she wanted to send this money to her parents.

Of course, she did not feel like she was taking other people's money. This was clearly her own money, her husband's money, and her company's money. Therefore, she felt at ease taking this money.

And she had not even thought about how long it would take an ordinary person to earn this money. How Long would it take a single mother to save up and let a woman raise a daughter, and how many years would it take for a woman who had to raise her own daughter to save up.

This could possibly be all of them.

This could possibly be all of them.

If she had taken all this money, how could she expect others to live? She could only care about her own life and only a woman like Yu Qing could do that.

As for Ye Rong, using fifty thousand Yuan to buy off a guilty conscience seemed to be worth it.

In the future, she did not need to feel guilty towards the Zhang family, nor did she need to feel guilty towards anyone. She had a lot of work to do, and she did not have to stay in the Zhang family.

She had not gone to work for two days. As for the Zhang family's company, they did not have anything for her. As for the things in the company, she did not have to worry about them. If she did not go., there would naturally be people who would work for her, and they would not go to work. It was not because of her, but because of the owner's wife, Yu Qing.

Ye Rong did not have nothing to do now. She still had to go to the kindergarten to pick up her daughter. Tomorrow was the weekend, and they still had to go to the clothing company to buy new clothes, of course, they could also bring back a lot of clothes for Huanhuan. However, there was a new width every week, and they could also bring back some every week. Yan Huan already had a pile of clothes that could not be worn out.

Ye Rong actually did not want too much. However, the people there had packed the clothes and handed them over to Ye Rong. They had also said that Yan Huan had to wear them because this was also a kind of disguised advertisement, therefore, Ye Rong had no choice but to change her daughter's clothes every day. Sometimes, there were several sets a day, but in the end, there was still a pile of clothes that even the tags had not been removed.

Chapter 2415: Yes, she was a professional

When she arrived outside the kindergarten, there were already quite a number of parents. Ye Rong stood in the middle of the parents, and when the other parents saw ye Rong, they could not help but whisper among themselves.

"Is it her?"

"Yes, it's her."

"How did she give birth to a child?" "She's so young, yet she can already make movies, and she even made a lot of advertisements. My daughter loves the clothes that other people wear the most. Every day, she would clamor to wear the same dress as the other person, but they change several times a day. How can people like us spend several years a day? Moreover, those clothes are extremely expensive."

"It can't be helped. Her mother is beautiful, so naturally, her child is also beautiful."

When Ye Rong heard these words, she did not know why, but she actually wanted to laugh. It was a slightly proud smile. That's right, what was the point of praising her? Praising her daughter like this made her mother happier than praising her, wasn't that right?

The kindergarten's door opened, and the teachers brought a group of little ones out. Standing at the front was Yan Huan, and the teachers all treated her like a treasure. They all fought to hold her little hand, of course, they were all smiling.

They all recognized ye Rong at a glance, and quickly said to her in a friendly manner.

"She was very obedient today. She ate a bowl and a half of rice, and even ate two portions of fruit. Look at how strong her little arms are now."

Yan Huan could only sigh silently in her heart. Her little arms and legs were not strong, because she had grown taller, so they were really not strong at all. She was still very thin, the kind that was pitifully thin.

The reason why the teachers treated her so well and passionately was not because of anything else, but because they were afraid that Yan Huan would transfer to another school.

Now that Yan Huan was in their kindergarten, their kindergarten could be used as a hidden advertisement. They had the little stars that they had nurtured, and the popularity of their kindergarten had also soared, of course, the current enrollment rate was also very high. Of course, the principal had earned money, and the salaries of the teachers had also risen. Therefore, this little ancestor naturally had to pay tribute well.

“Thank you.” Ye Rong took her daughter, then took out a cup from her bag and opened it for her daughter to drink.

Yan Huan obediently held the cup and drank the water. Her little face was simply unbelievably beautiful, and the parents standing at the side also had their faces covered in blood.

People were indeed all visual. Indeed, whoever was good-looking would take advantage of them.

What if she was an obedient and cute child.

Hence, Yan Huan had indeed become someone else’s child. Of course, they did not know that Yan Huan had unlocked two new skills. She could earn money, and she could also cook for her mother, although she was small, she possessed a soul from two lifetimes and was stronger than anyone else. It was just that Ye Rong had never flaunted these things to others.

And Yan Huan’s strange strength.

Ye Rong directly brought her daughter back. She did not need to go to work now, so she felt that time belonged to her. She could also take good care of her daughter at home. It was only then that she realized.., how Lonely Yan Huan had been when she was alone at home in the past, so she still felt sorry for her daughter.

It was right not to leave work. Yes, it was good not to go to work.

In the evening, while she was doing her crafts, she received a phone call. She picked up the phone. It was Zhang Shujie’s. In the past, she only called Zhang Shujie because she needed to take a leave of absence, otherwise, under normal circumstances, she would not take the initiative to disturb him.

Later on, Zhang Shujie said that if she asked for leave in the future, there was no need to mention it. As long as she arranged her work to someone else, she could go out at any time. She never took the initiative to call Zhang Shujie again, of course, she couldn’t do as Zhang Shujie said. She could leave whenever she wanted and come whenever she wanted. Although she didn’t call Zhang Shujie to ask for leave, she changed the person who asked for leave to the director of the company.

However, she didn’t expect that even if it was rubei, she would still be involved in such a matter.

She seduced Zhang Shujie. She had designs on Zhang Shujie.

She had no designs on any man. In her heart, her wife was the most important. She only had a daughter now, and she only wanted a daughter. Whatever she wanted a man to do, she would take her daughter through the most difficult days, in the future, they would only get better and better. Why did she have

to find a man? What if this man did not treat her daughter well? What if she had to compromise for this man?

She could not hurt her daughter, so she had never thought of getting married. Of course, she had also never thought of getting a man?

And Zhang Shujie was like this. She had never given up on that thought.

She had never thought of anything. She had never done anything.

“Yannuo, did you resign?”

Zhang Shujie’s voice on the phone was very deep.

Ye Rong put down the needle and thread in her hand. Then she looked out of the window at the sunset and the remnant clouds.

“Yes, I resigned.”

“Why?” Zhang Shujie did not understand, “What’s the problem? You can bring it up. If it’s about the salary, I can give you a raise. If it’s about the holidays, you can rest assured. As I said, as long as you want, you can rest for a few days. As for your Little Huanhuan, she can shoot a small advertisement for the company and do a small promotion.”

Ye Rong gently curled the corners of her mouth.

In fact, there really wasn’t any pure good person in this world, including Zhang Shujie. All he wanted was a cheap, free advertisement. He was a fox in business, and in the business world., there was no lack of foxes. Of course, Zhang Shujie couldn’t be a rabbit, and that was all he had in mind.

Including the time when Ye Rong brought Yan Huan to his home to be a nanny, it was only because his wife was pregnant. Now, he was clinging on to them. It was only because of Yan Huan that Yan Huan was going to become famous, it was not impossible.

In the future, it would be the age of information. As long as Yan Huan acted as a ready-made signboard for them, it would be of great benefit to the company.

However, he had calculated deeply, but his wife had dug a hole for him.

“Yannuo?” On the other side, Zhang Shujie saw that ye Kong did not answer for a long time, so he could only say one more sentence, “What’s going on? Didn’t you do everything well in the past? Why did you resign just like that?”

“Nothing, I just need to resign.”

Ye Rong smiled and also somewhat let go. Finally, she let go of those burdens and felt much more relaxed.

“Mr. Zhang, I have privately unilaterally terminated the contract. I have already handed over the penalty for breach of contract to your wife. You can check it out. If it is not enough, please tell me again.”

After she said this, she also hung up the phone.

Chapter 2416: I am your wife

Don't think that she would protect Yu Qing. What kind of person was Yu Qing to her? Why would she want her to help her hide the things that she had done and then drag everything onto herself.

Did she think too highly of Ye Rong and think that Ye Rong was too kind.

No one was a good person in a pure sense. Dragons had their reverse scale, and so did ye Rong.

Yan Huan, who was watching TV at the side, heard ye Rong's conversation clearly.

Of course, she also knew that it was Zhang Shujie calling. She originally thought that her mother wouldn't tell Zhang Shujie about these things because of her tolerant character.

In the end, her mother really did say it.

Everything.

And Yan Huan only now knew how she got this sesame seed soup yuan. So she really was her mother's biological child.

Ye Rong wasn't a good person either. Don't think that she really had to submit to everything.

The reason why she didn't take revenge on Su Qingdong, didn't take revenge on Zhu Xianglan, and left the ye family with all of this wasn't because of anything else, nor was it because she loved Su Taidong too much. She loved him to the bone, to the soul..., actually, she did not like Su Qingdong as she had imagined. The reason why she left

Was actually because of Yan Huan.

She wanted to protect Yan Huan because Yan Huan was her daughter, her only daughter.

And no matter whether it was Su Qingdong or the ye family, they could not hurt her daughter, even if it was her person.

Ye Rong took the needle and thread that was placed to the side and continued to sew those small handicrafts.

In the future, she decided to do some small handicrafts at home, if she could not find a job.

Zhang Shujie hung up the phone, and the expression on his face was frozen to the bottom. Even his shrewd eyes were now showing some anger.

With a bang, he forcefully pushed open the door and saw Yu Qing coaxing his daughter to eat.

Zhang Shujie picked up his daughter from her arms without saying a word and walked out.

"Shujie..."

Yu Qing hurriedly chased after him. She did not know what kind of madness Zhang Shujie had gone crazy for to take Xinxin away. Xinxin still had not finished eating.

Zhang Shujie handed the child in his arms to the nanny at the side. He turned around and stared coldly at Yu Qing.

Yu Qing was originally full of complaints. However, when she saw the viciousness in Zhang Shujie's eyes, she was so frightened that she could not speak for a long time.

With a bang, Zhang Shujie slammed the door shut.

"What did you say to Yannuo?"

Zhang Shujie asked Yu Qing coldly. It was not like he could not hear what Ye Rong said. With Ye Rong's character, it was impossible for her to resign. Moreover, even the liquidated damages were given to Yu Qing. If Ye Rong really wanted to resign., he would tell this boss directly. Could it be that he really wouldn't let her resign? Of course, he wouldn't ask for any liquidated damages. He couldn't be an employee. He could be a friend in the future. He wouldn't be so stupid as to block his path.

Moreover, Yan Huan's achievements in the future wouldn't be too low. With such a layer of relationship, could it be that he still didn't know how to grasp it properly? Did he really treat him as an idiot?

"What can I say to her?"

Yu Qing's heart was already filled with anger. When he heard Zhang Shujie mention Ye Rong's name, he couldn't hold it in anymore. The voice that rushed out of his mouth also changed from his usual gentle tone, it also became sharp and unkind.

Zhang Shujie forcefully took a deep breath and also resisted the urge to hit someone

"Tell me, did Yannuo resign because of you? You even asked for a penalty fee for her breach of contract. How much did you ask for?"

These words were originally very deep and cold, but when they were heard by Yu Qing, it was ear-piercing.

She sneered, "What, you can't bear to part with her?" "Zhang Shujie, don't forget, I'm your wife now, and I'm the mistress of this family. Keep your thoughts to yourself. I don't know how that woman Yannuo gave birth to Yan Huan. How could you take a fancy to such a woman? Tell me..."

"Did you sleep with her? Did you do something shameful with her?"

"Tell me, tell me!"

Yu Qing's voice was sharp, and he questioned Yu Qing one sentence after another. He repeated the same sentence over and over again, "Tell me, tell me, tell me..".

Zhang Shujie's face, which was placed by his side, was tightly clenched. One could almost hear the joints of his fingers cracking. He had to endure something, or else he really could not guarantee., he would not make a move on Yu Qing later.

How could he marry such an idiot.

With a bang, he opened the door and strode out. Then, he carried his daughter from the nanny's hands. He saw that the child in his arms was very small and weak. She looked very much like her, with a pair of

very beautiful big eyes., moreover, she had also recognized her father. She opened her small mouth and smiled at her father. Of course, she also spat out bubbles. Her small appearance was innocent and cute, causing Zhang Shujie's entire heart to melt.

He hugged his daughter tightly and asked the nanny to pack up his things. He was prepared to send his daughter to his parents. If he followed a stupid woman like Yu Qing, who knew how he would teach his precious daughter, this child was his only daughter. He would definitely not let his daughter be brought up to be crooked or crippled.

Yu Qing was also fuming in her heart. What she could not stand was how Zhang Shujie treated her because of that promise. Not only did he yell at her, but he also threw his face at her. He did not give her any face at all.

When Zhang Shujie carried his daughter away, she was still fuming. She didn't care about her daughter or her man. She just lowered her head and sulked. It was as if the whole world was following her and doing the right thing.

The next morning, she even went to Ye Rong's place to settle the score with her. Unfortunately, Ye Rong had already taken her daughter on a plane to the film studio to shoot that television drama.

Yu Qing banged on the door of Ye Rong's house with all his might. He wanted to slap his hand until it was red, but no one opened the door. She was also angry. She could not slap her hand away and immediately went up with her feet.

It was just that her movements were a little too loud, causing the residents across the street to be disturbed.

With a bang, the door across the street opened and a woman walked out. Her face was so dark that it was as if someone had stolen half a pancake from her.

"What are you doing? Are You Calling Me a soul?"

The woman placed her hand on her waist. Don't you have any sense of virtue? Who asked you to knock on the door like that.

Yu Qing felt even more uncomfortable when she was pointed at her nose and scolded. Among them, she, Yu Qing, had married the best and was also the richest. which one of them didn't envy her? which one of them didn't envy her, but now, she was like a shrew, being pointed at and scolded by another shrew.

She turned around and looked at the closed door. She was so angry that she almost bit her teeth off. If she didn't scold this woman properly today, her surname wouldn't be Yu, so how could she let go of her anger.

Chapter 2417: An old friend

"Are you here to look for Yannuo?"

The woman sized Yu Qing up for a long time. How come she had never seen him before? Moreover, she had never heard of Yannuo having such a friend. could he be Yannuo's enemy?

"I'm here to look for Yannuo." Yu Qing took a deep breath and forced out a smile. However, the smile was extremely stiff. Due to the urgency of the matter, she was too embarrassed to disturb him.

Everyone was smiling. Of course, even a woman who was disturbed would not be able to hit a smiling person. No matter how angry she was now, when she saw Yu Qing's smile, she did not feel very happy, however, she still put on a fake smile and relaxed her face.

"Yannuo has gone out. You can come back in a few days."

She was reminding Yu Qing out of kindness. Now that she was not around, even if she smashed this fan, no one would come to open the door for her.

"She went out. Where did she go?"

Yu Qing was stunned when she heard that. Why did she have to go out? Where did she go? Would she never come back?

"Yannuo went to film with Xiao Huanhuan."

The woman rolled her eyes at Yu Qing, "Don't you know her?" "Why didn't you know that she went to film with her daughter? That's why they left. That Little Girl was born well. She's a small celebrity, sensible, obedient, and polite. It's a pity that I'm a son. If I had a daughter like that, I would be happy even if I died."

As the woman spoke, she could feel that she really liked that little girl too much. When there were good things in the house, she would leave a portion for the neighbors. She would never eat them all alone.

She was soft-spoken when it came to eating others, but she was short-handed when it came to taking others.

How could she not speak up for her.

Yan Huan's relationship with the neighbors was not ambiguous at all. The bowls of rice, packets of snacks, and clothes were not given away for free.

Yu Qing stumbled out from inside. It was as if her chest was filled with anger, and it was extremely unbearable. She gritted her teeth and almost hated Yan Huan to the extreme.

What was so good about that Yan Huan? What abilities did she have? How beautiful was she? was she as beautiful as her daughter? was she as obedient as her daughter? Her daughter would definitely become a big star in the future, and she would be even more famous than that Yan Huan, even more famous.

She had been filled with hatred the entire journey. Her originally young and beautiful face had also become ugly because of this malevolence.

Perhaps this was the so-called appearance born from the heart.

The so-called beauty, other than this face, was also the kind of spirit and energy within a person.

Some people might have average looks, but they made people feel very comfortable. Some people might be very beautiful, but they always had a mean look on their faces. It all depended on their mentality?

As for Yu Qing, he did not manage to find Ye Rong and her daughter. He had nowhere to vent his anger, so he could only hold it in his chest. When he reached home, there was not a single person in the house, she was so angry that she almost smashed the kitchen.

It was all because of that Yannuo. It was all because of her. Everything was because of her.

She would definitely not let that woman off. She swore that she would definitely not let that woman off.

At this moment, Ye Rong and Yan Huan had already arrived at the film studio. It could be considered their luck. Many of the people in this new production team were the original cast and crew of the previous movie, so everyone knew each other, so there was no need for them to get used to anything anymore?

Ye Rong and Yan Huan were arranged to stay in a small dormitory. Ye Rong had stayed here with her daughter the last time, so she got used to it very quickly.

After she had finished packing, Ye Rong went outside. When she returned, she was already holding two boxed lunches in her hands.

“Huanhuan, come and eat.”

Ye Rong called out to her daughter.

Yan Huan climbed down from the small bed and ran over. She was about to eat.

Frankly speaking, the food in the production team was quite delicious, especially for people like them who had been hungry for a long time. That was an extremely good delicacy. Moreover, there weren't as many delicacies as there would be in the future. It was already pretty good to be able to eat this.

Yan Huan wasn't picky, so ye Rong wasn't picky either.

The Lunchbox was opened. Yan Huan used his small hands to hold the chopsticks. Then, he took out the small yellow croaker inside and placed it in Ye Rong's bowl. Then, he cracked his small mouth and smiled.

“Give the fish to Mommy. Mommy loves to eat fish. Huanhuan doesn't like to eat it, so I won't waste food.”

Then, she gave the meat and the delicious food inside to Ye Rong.

In fact, the amount of lunchbox here was not that big. A man's lunchbox was definitely not enough. If he was too hungry, then women were also not enough.

This was Yan Huan's own experience, which she had spent two lifetimes to come up with.

The bento boxes of the production team tasted pretty good, except that they weren't full.

Each person had to eat one and a half portions to feel full.

That was why Yan Huan had to eat two portions. She ate half of them herself, while she gave the other half to Ye Rong. She also guaranteed that ye Rong would fill her stomach.

Ye Rong rubbed her daughter's little head.

She also picked up the Little Fish and ate it. Of course, she also gave the food in her lunchbox to her daughter. Yan Huan also did not reject anything. When she was drinking milk, she wanted to eat meat every day, now, she could finally eat meat. If she ate a piece of meat, she would have to eat a big mouthful of rice. In the end, Ye Rong ate a lot of meat. Yan Huan's stomach was only so big. She was really not picky at all, with her current age and such a small stomach, she was really very well-behaved when eating. There was no need for adults to worry at all. In a short while, half of the box lunch had already entered her small stomach.

"Mommy, it's cooked."

Yan Huan revealed her small stomach and let ye Rong look at it. Of course, she also wanted to let ye Rong know that she was really full, and that she was still very full. She was not hungry at all.

Ye Rong did not know whether to laugh or cry as she touched her daughter's belly. She had indeed eaten quite a lot, and her belly was protruding.

"PFFT..." someone laughed out loud.

Yan Huan turned around and looked in the direction of the voice.

At some point in time, she saw a ten-year-old girl standing at the door.

This was... Liangchen?

Yes, Liangchen couldn't be wrong. Yan Huan couldn't have mistaken her. Yan Huan had grown up watching Liangchen Act on television, so she couldn't forget how Liangchen had looked since she was young.

"Hello, Big Sister." She cracked a smile. From now on, she would be her senior. As for her senior, she didn't need to flatter him now. who asked her to be so young? All she needed to do was smile more and act cuter.

Liang Chen walked over and bent down to compare Yan Huan's height. "So small. Little Sister, how Old Are You?"

Chapter 2418: had an additional elder sister

From the moment she accepted the role, she knew that her younger sister in the drama was quite young. However, she still didn't believe it. She thought to herself, 'this is too young. How am I supposed to film this?' she had started filming from the 5th to 6th, at that time, she could have angered the director to death. If she had been a little younger, how would she have been able to film this? In the end, such a small child seemed to be even smaller than she had imagined.

Yan Huan tilted her little head. She knew that no matter who it was, they would not be able to stand her small appearance and would want to pinch her little face.

In fact, when she saw herself in the mirror, her face was already covered in blood, let alone someone else.

“Sister, Huanhuan is four years old.” She stretched out her little fingers. She was four years old, and a little one at that. She was the youngest child in the class.

“Four years old?”

Liangchen’s mouth was wide open with the word ‘o’.

Good heavens, why was she so young? wasn’t she still sucking on Milk? But this child was still sucking on milk. Would she be allowed to act on television, or would she have to act as a supporting character?

Yan Huan knew what Liangchen was thinking. In fact, if it was the past her, she wouldn’t believe that a four-year-old child could act in a television drama. But she was a four-year-old child.

And she dared to say that her acting skills were much better than Liangchen’s now.

However, Liangchen was the big sister and she was the little sister. This could not be compared.

“Big Sister, do you want to Touch Huanhuan’s belly?”

Yan Huan pulled up her little clothes and also exposed her belly. Anyway, it was not a crime to act cute, so she sold more.

Liangchen really had not spent much time with such a small child, and she actually unconsciously reached out her hand and touched Yan Huan’s small belly. This soft belly was really a small belly of a child.

“Ah, you’re really too cute.”

Liangchen carried Yan Huan in one go. She was already thirteen years old, so it was more than enough for her to carry a four-year-old child.

Ye Rong, who was at the side, nervously reached out her hand to catch the child. She was afraid that the child would drop her daughter. It was not until Liangchen had played with Yan Huan as a large toy enough that she left happily, of course, she still had to come over tomorrow to play with the Little Doll. This little doll was really too cute.

Therefore, she decided that from now on, this little doll would be under her protection. When she was filming, she would take good care of her and would not let the director Photoshop her out.

She really liked this little sister. Of course, she was also very satisfied. If she was to film with such a cute doll, then the filming should be quite fun.

And for Yan Huan to have such a big sister to protect her, it would be very beneficial for her future star path. After all, Liangchen’s luck in life was actually better than Yan Huan’s.

She was the one who was truly riding the wind. Of course, she had always been the most famous female artiste in the hearts of everyone and in the entire entertainment industry.

Liangchen had already received an extremely high honor at the age of twenty. As for Yan Huan, she had started later than Liangchen by more than ten years. Moreover, she did not have many resources, but she had become famous very quickly, moreover, her luck would be good in the future.

However, that would be in the future. Based on the current situation, she had to hug Liangchen tightly. After all, she had meat to eat with Liangchen. Even if Liangchen ate meat, she would drink some hatred. This soup.., would be enough for her to gain a firm foothold in the entertainment industry.

Of course, she had also eaten a little bit of the meat star.

At night, Ye Rong fetched some water and washed her daughter's feet. The water here was all fetched by herself, just like when she was in university. There was a very tall water tower, and everyone's drinking water for the whole day was in it, of course, the water was all boiled on the spot. If they wanted water, they could just take the kettle and fetch some water.

"Sleep well. We're going to film tomorrow."

Ye Rong coaxed her daughter. She would take the opportunity to do some more work. There was nothing she could do here, so she did some work. She had nothing to do all day, so she could do some more work, then, when she returned home, she could sell these things. She could also sell them for a lot of money.

Yan Huan slept with her eyes closed. Perhaps it was because she was a child, so she slept very well now. As long as she said sleep, she would immediately fall asleep, and she would not get up at night.

Ye Rong did some manual work for a while, and it was already past ten in the evening. The lights in many of the crew's rooms were on, so it was likely that they did not rest.

In the past, Ye Rong thought that filming television was nothing much, but now she knew that filming was actually not as easy as that person at work. A television was filmed, sometimes, they would use their own blood and tears to film.

In this day and age, it was actually not easy to do anything.

Really.

Ye Rong put down the needle and thread and also yawned.

Ye Rong covered her daughter with the blanket and then she slept to the side. There were two beds in the room, one for Ye Rong and one for Yan Huan. Actually, such a young child could sleep with her mother.

But Yan Huan was a very strange child. She loved to sleep on a bed alone.

Moreover, it was very good for her to sleep alone. She would pull the blanket over herself. Moreover, when she fell asleep, she would not move at all. She would not even know how to turn over.

Moreover, she would get up, go to the bathroom by herself, and return to sleep again.

Ye Rong was initially worried about her daughter. However, this daughter of hers now possessed a little strange strength. She also knew how to cook for her mother. Therefore, it was understandable for her to sleep alone

She had even figured out that her daughter could cook, so what else could she not figure out.

The mother and daughter each had a small bed. At night, they both slept very well. When they woke up the next morning, they were also in good spirits.

Ye Rong went out early in the morning. She held her daughter's little hand and prepared breakfast at the canteen.

The breakfast here was prepared by the canteen. As the production team was in a hurry, the food was prepared in advance. It was even packed in a lunchbox. Ye Rong took two portions.

She had just sat down when another person sat across from her. It was Liang Chen.

"Hello, Auntie."

Liang Chen smiled and her eyes curved. She looked very likable. Of course, people who liked to smile were not annoying.

"Hello." Ye Rong stroked her daughter's small head.

"Huanhuan, call me elder sister."

"Elder sister, Hello," Yan Huan said in her baby voice. In the past, she had only seen Liang Chen, who was later the most charming person in the world. Now, she looked like a young and immature little fruit, and she was still a small flower that had not grown up. Why was it that..., she was not used to it.

Liangchen couldn't help but pinch Yan Huan's little face. It really felt like she was pinching soft tofu. Why was it that she was so cute.

Chapter 2419: Could be filmed?

Yan Huan took a small spoon from the side and started eating her own rice. She gave most of the rice in her bowl to Ye Rong and then ate half of it.

After she finished eating, she went to put on her makeup.

There was nothing to put on for a child, especially Yan Huan. Her small face looked like she was wearing cosmetic contact lenses. Her black eyes were very big and also very black, just like two beautiful black pearls, she was a child with very fair skin to begin with. Wherever she went, she looked like a steamed meat bun. Her eyelashes were too long, and her small face was also very chubby, even if she didn't say anything, people couldn't help but like her.

The makeup artist changed Yan Huan into a small costume and couldn't help but pinch her small face. In this costume, she looked even cuter. Just this child's face alone made her feel that this TV series was already halfway to success.

“Are you done?”

Liangchen had already walked over. Her makeup was much harder to change than Yan Huan’s. Of course, she was also a big child in this drama, and as expected of someone who had been famous since she was young, whether it was modern or ancient, her appearance was very good-looking. Although it was a small green fruit now, this small fruit was clean and very pleasing to the eye.

“My sister is really cute.”Liangchen couldn’t help but pinch Yan Huan’s face again. Although she was young now, she was already an old fox in the production team. Yan Huan’s small face was fair and tender. One look and one could tell, she had never put on makeup before, so she could pinch it as she pleased. When she first entered this line of work, she also didn’t need to put on makeup.

But now, when she grew up, she was going to start putting on makeup. She was also putting on three layers of makeup. She didn’t know what kind of makeup she had put on herself, but she kept putting it on and off, why did she feel like her little face couldn’t breathe? This little child was the best. She didn’t have any makeup at all. But her eyelashes were really long, and her little mouth was also good, especially her eyes, how could they be so big.

If only she really had such a little sister. She would definitely be overjoyed.

It was just a pity that her mother only gave birth to her. It was impossible for her to give birth now. However, it did not matter. Didn’t she get a little sister? HMM, a little sister that was quite cheap. In the future, this would be her little sister’s. She made a decision in her heart.

When it was time to start filming, Yan Huan was sitting with the workers at the side. She turned her head to look at Ye Rong, who was smiling at her daughter. Actually, as long as Yan Huan turned his head, he would see his mother there.

In fact, in her two lifetimes, she had never experienced any hardship when she was young. As long as her mother was around, she would be a happy child. And all of her misfortunes started from the day her mother left.

In this lifetime, she would never let her mother leave. She would definitely work hard to earn more money so that her mother would not have to worry about money. This way, she would not have to fall sick because of her hard work.

No matter how the staff talked to Yan Huan about how to act, the staff probably did not think that the child would remember anything. In fact, as long as the child acted as herself, there was no need for her to have any acting skills, if she could laugh, she could laugh, and if she cried, she could cry. That would not be a big problem. Moreover, such a young child really could not remember anything?

Yan Huan listened to the staff’s explanation and digested it in her heart. Her eyes were also fixed on Liangchen. Liangchen was indeed someone who had been famous since she was young. Her acting skills were already very good at this moment, she was practically acting all over her body. Her acting skills were even better than the average adult’s.

“Are You Ready?”The staff member asked Yan Huan.

Yan Huan nodded her little head vigorously and was ready to go on stage. Yes, she was ready. Actually, she was already ready. No, she didn't need to prepare. She could go on stage and act. Acting was like a part of her body to her.

This was just like how she learned to swim, ride a bicycle, and eat with chopsticks. This was an instinct, an instinct that stemmed from her bones and her soul, therefore, she couldn't forget the experience that she had accumulated over the past few lifetimes.

And this kind of experience was her acting skills

When Yan Huan was staggering forward, the staff member couldn't help but sigh. Actually, his heart was in a mess. It was mainly because he was too young. Although he had been sitting there obediently the entire time., but sitting there obediently was a completely different concept from filming. And right now, he really did not know if the director had been too hasty to ask such a young child to come over and film such an important scene, after all, this child was only four years old.

Actually, she felt that she should have chosen a five or six-year-old. If it was older, she would have been able to understand the meaning of the word. Such a young child would still be walking with a wobbly gait.

Could This really be filmed?

He covered his eyes. He really couldn't bear to look at her. He had no choice. He would be devastated. He was afraid that he would play the lute to a cow. The child was very obedient, but if he couldn't act, then what should he do? It wasn't like he was working for nothing. ,

actually, he also felt that he was working for nothing. He had no choice. Who asked this child to be so young? The director was also unreasonable. He had to find such a small child. Such a small child, and some of them were still sucking on milk., of course, this little one was the same. She was also a little baby that was sucking on her milk.

He was nervous. Of course, the director was also nervous.

He was not Liu Liang. This was the first time he had worked with Yan Huan, so he was the one who wanted to shoot this movie. This child was recommended by Liu Liang. He had also seen the movie that Yan Huan had shot, and it was indeed very well shot, however, he did not know if it was a coincidence, an accident, or if it was this child's ability.

Therefore, when the child staggered over, he did not stop him. However, he was so nervous that he did not dare to let out a breath.

However, not mentioning anything else, this child's appearance was really one in a million. This little face was exquisite and cute. It really made people want to pinch it. When he acted in a movie, it was like this role, it really needed to be as young as possible. However, they did not know if this child could put in more effort and not be too good at acting. As a child, how could he have any acting skills? He just needed to cooperate a little.

At this moment, the child walked to the door. She pressed her little face against the crack of the door, and her pair of big eyes were curiously open.

The director was extremely happy. He had already memorized everything that was said, and his expression was also correct.

Liang Chen naturally used the corner of her eyes to glance at the little one. At this moment, she was naturally continuing her lines. This was a child who had been abused by her aunt.

Her acting skills were indeed very good. Every actor and director who had worked with her had a very good impression of her, and they all worked together very happily.

Chapter 2420: she wanted to eat more fish

She had been acting since she was five years old, and was already considered a genius child prodigy. However, she did not know if this little Yanhuan, who had been acting since she was three years old, was the same.

Outside, the little guy saw that his sister was being beaten by his aunt. Her little mouth first flattened, and her eyes widened. Then, she pushed open the door and ran in.

"I won't hit my sister, I won't hit my sister..." she jogged, and her two short legs ran forward very quickly. Her long eyelashes were also trembling slightly, and no matter what, it made people feel very pitiful.

When the big aunt saw that it was a small one, she really didn't care about the big one. She stretched out her hand and forcefully twisted the little guy's small arm.

"Cry, cry."

The staff present were all nervous and did not dare to breathe loudly. As long as they cried, the scene would be over.

The Little Guy's eyes were red as she tightly pursed her small lips. That small appearance was as pitiful as it could be. Then, she closed her eyes, and large tears also rolled out.

"Don't touch my little sister." When the big aunt saw that her little sister was beaten, her eyes were terrifyingly red. She was like a wild wolf as she rushed towards the tall and fat big aunt.

Aiyo, the big aunt did not pay attention for a moment and was thrown onto the ground.

The big one directly slapped the big aunt's face.

"I'll let you beat me, I'll let you pinch my little sister, I'll let you bully us..."

The little guy on the side used his little arm to wipe away his tears, and his voice continuously choked with sobs.

The bigger the beating, the louder the big aunt's screams became. The big sister was still beating the big aunt with all her strength, and she was also beating her until she was crying for her parents. Right at this moment, there was something in front of her, and it was a big vase.

Her sister looked back and saw her sister struggling to hold a big vase that was taller than her. Then, she smiled foolishly. Her eyes were curved, and there were tears at the corners of her eyes, however, she

was too cute and made people want to pinch her. Fortunately, they were filming now. Liangchen's acting and immersion were very fast. Almost before the others could react., she had already grabbed the vase and smashed it down on the first aunt's head.

"Cut..."

The director hurriedly called for a stop. He wiped the sweat off his head. This kind of scene was even more nervous than an adult scene. It was like a roller coaster. Could they shoot it well, whether they could successfully shoot it, whether they could have enough time to shoot the rest, and whether he would not have to be so angry that he had a heart attack, it all depended on now.

And the final result was...

This was also because their coordination was too good. They did not even need anyone to remind them. The big ones acted well, and the small ones were the same. Their small eyes and their small appearances were really too appropriate.

They cried when they said it, laughed when they said it, and even remembered the lines. Their expressions were also too well-matched.

If this movie was successful, then he really had to treat director Liu Well. How could he get such a child for him? He was a natural-born actor.

"Little Huanhuan's acting is really good."Liangchen stretched out her hand and pinched Yan Huan's little face forcefully. What should she do? Every time she touched Yan Huan's little face, she would want to pinch it. This pinch really gave her a sense of accomplishment.

Yan Huan smiled. Her long eyelashes also drooped down slightly, taking advantage of the fact that her little face was so cute that it disappeared without a trace.

With her little face, almost everyone in the production crew was mesmerized by her cuteness. In addition, this child really had some acting skills, and it wasn't difficult at all, so everyone liked her very much, after all, she was the youngest child in the entire production crew. In the past, Liangchen was the youngest, but now, Liangchen was nearly ten years older than her.

So now, it was Yan Huan's turn to be the youngest.

In fact, with Yan Huan's current status, no matter which production team he went to, he would always be the youngest. After all, it was very rare for a three or four-year-old child to be able to act. He still had to take on such a big role., liangchen had quite a number of scenes, but this little one's scenes weren't bad either. Everyone was originally worried that this little one's scenes might make everyone want to cry.

In the end, over the past few days, not a single person cried. This child was simply too good at controlling her own scenes. Whether it was her expression, actions, or gaze, she didn't seem like a child at all. Whatever the director said., she could shoot them all. This simply made the director like her too much. She was so close that she could even be considered an ancestor.

“Little Huanhuan, tell the director uncle what you like. Uncle will help you buy it, okay?”The director squatted on the ground. Even so, he still felt that Yan Huan was too small. She was just a little thing.., however, the energy within this little body was extremely great.

“Handsome uncle, are you serious?”

Yan Huan’s eyes lit up. This little mouth of hers was so sweet that it could kill. Actually, how could she be a child? She was so childish now. She was still imitating the time when Xun Xun was young. Xun Xun was like this when she was young.

She didn’t think that Yan Huan would be able to be a child again.

Being reborn was already something that ordinary people couldn’t ask for. But now, what made people even more helpless was that she actually became a little baby. She didn’t learn anything first, but first learned how to act cute.

When the director heard this handsome uncle, he couldn’t help but touch his own face. He was practically overjoyed.

“You Little Guy still have good taste. You know that your uncle is handsome. Your Uncle’s handsomeness comes from the inside out. Ordinary people really would not be able to understand such handsomeness.”

Yan Huan still nodded his head as if it was a matter of fact, expressing his agreement with the director’s words.

The director patted his own chest.

“Little Huanhuan, Tell Uncle What good things you want to eat or what toys you like. Uncle will buy them for you immediately.”

Yan Huan bit his little finger.

“Uncle, Huanhuan, can you eat an extra small fish every day?”

When the director heard such a soft baby voice, his heart softened into a mess.

“Alright.”He pinched Yan Huan’s face, “You’ve done a great job. You’ve saved everyone a lot of time and energy. Moreover, you’re so young, but your acting skills are not bad. This has given us a lot of confidence. From now on, uncle’s small yellow croaker will be yours.”

Thank you, handsome uncle.

Yan Huan smiled happily. His appearance was becoming more and more beautiful and cute. Of course, the director liked him very much. He was still thinking that he would have a good rest after this movie was finished, then, he would give birth to a little girl.

If he could give birth to a little girl like Yan Huan, he would have no regrets even if he died.

As expected, the director remembered the incident with the little fish. Every day, he would give his little yellow croaker to Yan Huan. He did not know who had spread the news that Little Yan Huan liked to eat

little yellow croakers, therefore, many people gave their little yellow croakers to Yan Huan and let him eat them.
