

Chapter 2451: was about to give birth

However, this child was really too good at staying in her mother's stomach. She was worried that it was because of the good nutrition that the child had to stay in her mother's stomach for a few more days.

After dinner, Yan Huan brought her new sister to her room. Her small bed was very big and could completely fit the two of them, even if they were older, they could still sleep.

In fact, in her previous life, she had always slept with Yi Ling. Because the family conditions were not good, only ye Rong earned money and had to support two children. Although ye Rong had worked very hard, it was inevitable in the end, their lives were very tight. In the past, it was not the present. Now, not only could Yan Huan earn money, but Ye Rong was also married and had someone to take care of her, in the future, she would also have a son who would be able to accompany her for the rest of her life.

"What's with that child?"

Zhou Li helped Ye Rong sit down.

"From the orphanage." Ye Rong carefully sat down and also sighed. Perhaps it was because she was a mother to begin with, but there was another child in her belly now. That was why she was so concerned about the child, she really could not bear it.

Even if it was not her child, her heart still ached for her.

"That place is far sadder than we imagined." Ye Rong held Zhou Li's hand tightly, "Little Yiling was always hungry and did not have warm clothes. In the end, the child was really too hungry, so she ran out on her own. I wonder how she survived the entire journey?"

"I see."

Zhou Li felt rather uncomfortable when he heard that.

"Huanhuan seems to like her a lot."

Zhou Li had actually noticed from the start that Yan Huan really liked Yi Ling. When they ate, he was afraid that she would not have enough to eat, so he placed a large pile of dishes for Yi Ling.

This was like picking up a kitten or Puppy. This was his property, so he naturally had to take good care of it.

"Yes, Huanhuan likes her."

Ye Rong gently stroked her belly. "She's been one since she was young. Actually, it's good that she has an older sister."

"Then let's adopt her."

Zhou Li squatted down in front of Ye Rong.

“Find an older sister for Huanhuan and this little one. This way, the older sister can take care of them.”

He also placed his hand on ye Rong’s belly. This little one came too unexpectedly. Yan Huan was going to film again, and he was going to accompany Yan Huan. Then, what would ye Rong and her son do? Who would take care of them?

How could he be at ease with a nanny or something like that?

If he had another daughter, wouldn’t he be able to take care of them.

“En, it’s decided then.”

“Let’s take a look again.”

Ye Rong still had some thoughts about adopting this child. “After all, we still don’t know what kind of character this child has. Let’s wait a little longer. If she’s a good child, then let’s adopt her.”

Be the elder sister of her Huanhuan and this little one.

After Yi Ling was picked up by Yan Huan, she had been living very carefully. Every day, she fought with Ye Rong for work. Moreover, every time she saw Ye Rong’s stomach, she seemed to be very afraid, it was as if she was afraid that ye Rong’s stomach would suddenly explode.

“Is that our younger brother?” Yi Ling pointed at Ye Rong’s stomach and asked Yan Huan.

“It’s our younger brother. Sister Yi Ling must take good care of him in the future.”

“Younger brother.” Yi Ling’s eyes lit up and she ran in front of Ye Rong.

“Mommy, can I touch my younger brother?”

When Yi Ling said ‘mommy’ and her face was filled with yearning, ye Rong’s eyes almost turned red.

“Okay, you can touch him.”

Ye Rong took Yi Ling’s skinny little hand and placed it on her belly. “This belongs to little brother. Little Brother is still young. In the future, Lingling must take good care of little brother, okay?”

“Okay.”

Yi Ling’s eyes lit up again, and then she nodded her head forcefully. She would take care of her little brother. She would definitely take good care of little brother.

Ye Rong touched Yi Ling’s dry hair again. This child was really pitiful. Sigh, the procedures would be completed in a few days. They would have another daughter. However, school might have to wait until the next semester, first, she asked Zhou Li to hire a family teacher to teach her properly. Otherwise, she couldn’t possibly let a ten-year-old child study in the first grade together with a six-year-old primary school student, right?

“Let’s go, daughter. Daddy will take you to shoot an advertisement.” Zhou Li held Yan Huan’s small hand and then turned his head back. He stretched out his hand and patted Yi Ling’s small shoulder. Lingling, remember to take good care of your mother and younger brother, okay?

“Okay.” Yi Ling hurriedly agreed. Her hands also tightly held Ye Rong’s hands, as if she was afraid that she would run away.

Only then did Zhou Li bring Yan Huan out.

After Zhou Li and Yan Huan left, Yi Ling followed Ye Rong in front and behind.

“You...” Ye Rong simply could not describe this child’s true character.

Could it be that Zhou Li only said that he would take good care of his mother and younger brother and did not leave her behind? Even if she had to go to the toilet, she would still have to go with him.

“Oh, right.” Ye Rong touched Yi Ling’s little face, which had recently grown a little chubby.

“Lingling, you’ve already drunk so much water, yet you’re not going to the toilet?” Ye Rong actually knew that Yi Ling was careful. Could it be that she was worried about her and was worried that she would suffocate to death?

“Go on, mother will be fine.”

Ye Rong smiled at Yi Ling. Yes, she was fine. She was really fine. Even if she was about to give birth, it was not too late for Yi Ling to go to the toilet.

Yi Ling was still worried about Ye Rong, but she was really uncomfortable with holding it in. In the end, she really could not hold it in any longer and ran into the toilet.

After Yi Ling went in, Ye Rong stood up and rubbed her stomach to get some water to drink.

She was still one month away from her due date. It was impossible for this thick-skinned child to suddenly come out, because she did not feel anything at all. If she really felt anything at all.., Zhou Li would not leave no matter what.

She took the cup from the table and was about to pour water for her own.

In the end, her stomach suddenly twitched.

Pain..

Her head also twitched, almost causing her to gasp in pain.

“It’s okay, it’s okay,” she quickly comforted herself. She also put down the cup and slowly sat down.

She breathed gently, as if it was just for a moment,

“Mm, it’s okay.”

She finally let out a breath. She knew that this child would not be born so easily. He had to stay in her stomach for more than a month.

In the end, she did not let out a sigh of relief. There was a sharp pain in her stomach again, and then one after another. She was very familiar with this kind of pain.

Don’t forget, she had given birth once.

How could she not know what was going on.

She was going to give birth.

Chapter 2452: ugly younger brother

But, why at this time? She gripped her clothes tightly. In her heart, she really wanted to beat this brat up. Why did he not know how to pick the time? Zhou Li was not around. What was she going to do by herself? Could it be that she was going to give birth here alone?

She slowly stood up and wanted to make a phone call, but in the end, there was another extremely intense pain in her stomach. It was so painful that her forehead was covered in sweat

The bathroom door was suddenly pushed open and Yi Ling ran out. When she saw Ye Rong like this, she was so scared that she almost cried.

“Lingling is not afraid.”

Ye Rong struggled and said in a hoarse voice. It was so painful that she did not have the strength to speak

“Is mommy going to give birth?”

Yi Ling quickly ran over and used her hand to wipe the sweat off Ye Rong’s head.

But if she wiped it again, it would be another head full of cold sweat

Ye Rong hissed in pain and her lips were about to be bitten open.

“Yes.” She opened her eyes. “Mommy is about to give birth.”

“Mommy is not afraid.” Yi Ling wiped the sweat off Ye Rong’s head again. Then she stood up and ran to the phone, telling herself not to panic and not to be anxious.

Her younger sister had said that if there was no one at home and her mother was about to give birth to a younger brother, she would make that call.

She picked up the phone and hurriedly called 120.

After she finished making the call, she ran into the room again and took out a big bag from inside. Yan Huan had prepared these for ye Rong. When Yan Huan left, he had already thought of these things. He was not afraid of 10,000 things, but he was afraid of 10,000 things. Even though ye Rong did not feel anything at all, even the Doctor said that.., this child would probably be born in about half a month.

However, it was hard to guarantee that there would not be any accidents.

In the end, this accident really happened. Ye Rong’s son had to come out at this time.

Fortunately, Yan Huan had thought of these things. Fortunately, she had already trained with Yi Ling many times. Although Yi Ling was not old, she came out from an orphan. She was originally a little more

mature than other children, moreover, Yan Huan had told her a lot, so she did not mention anything else. At the very least, she could completely handle ye Rong giving birth to a child.

She placed all these things on the ground and touched the money in her pocket. These were all given to her by Yan Huan. He said that she could pay for her mother's medical expenses.

After she had prepared all these things, she ran over and held ye Rong's hand.

Ye Rong's face was pale from the pain, but she still had to endure it. She had already heard that Yi Ling had called the hospital, so she was not worried at all.

Fortunately, there was Yi Ling. Fortunately, she was not alone. Otherwise, she really did not know what to do.

The pain in her stomach continued, but it was already within the range that she could endure.

She did not shout and only breathed lightly. She was also conserving her physical strength so that she would not have no strength when she gave birth.

The ambulance arrived very quickly. In less than ten minutes, it had already arrived.

Yi Ling quickly carried the big bag on her shoulder and followed in the ambulance.

When they arrived at the hospital, Ye Rong gave birth and she went to pay the medical fees. Yan Huan had given a lot of money, so there was still a lot of money left after paying the medical fees.

As for the big bag, there was everything. Ye Rong's clothes, the baby's clothes, and a small blanket were all prepared.

Ye Rong had already been pushed into the delivery room.

Yi Ling sat outside alone. Her hands and feet were cold. From time to time, she would stand up and run to the delivery room. She wondered how ye Rong was doing. Had her little brother been born yet?

When the delivery room door opened, a nurse came out with a child in her arms.

Yi Ling hurriedly went over. She tiptoed.

"Is it a little brother?"

She asked the nurse.

"Yes, it's a younger brother." The nurse held the child down for Yi Ling to look at. "The young man is very strong. Don't worry, your mother is fine too. We'll do some more tests on the child and we'll be able to return it to your mother."

Oh, Yi Ling understood. Whatever the nurse said, she would do. In short, she would not harm her younger brother. Of course, she also remembered the child's face. Such an ugly face, such an ugly younger brother., even if she wanted a house, she would not forget it. But even if her little brother was ugly, it was still her mother who gave birth to him.

She would rather have an ugly little brother that her mother gave birth to than a beautiful little brother that someone else gave birth to.

When Zhou Li and Yan Huan rushed back, Ye Rong had already woken up. Of course, she still had a little swaddle by her side. It was Yan Huan's younger brother for two lifetimes.

"Thank you for your hard work." When Zhou Li entered, he held Ye Rong's hand tightly. He was truly frightened. His face was completely white, and he was so frightened that his legs almost went soft.

Right now, in his heart and eyes, Ye Rong was still there. The son that he had just given birth to had not even endured the edge of his eyes.

"It's fine." Ye Rong also held Zhou Li's hand tightly. "The child is very easy to give birth to. I didn't feel much pain."

Ye Rong was speaking the truth. In fact, pain was also pain. The pain a woman experienced during childbirth was the first level of pain. How could she not feel pain? But now, as long as she saw this fair and tender boy, her heart would ache, they were all in love. How could she still remember what pain was?

And Zhou Li was the one who gave alms to the little baby lying beside Ye Rong.

In the end, when he saw his son's face, his face almost turned into a horse's face.

"He's so ugly. He doesn't look like Huanhuan at all."

He really did not want to see his son. His wife was his to begin with, and his daughter was also his. But now, there was an additional stinky boy. He could completely sense it.

Yan Huan's entire mind was now on this little brat. Not to mention Yan Huan, even Ye Rong was the same. Their family of three was perfectly fine. Why did they have to give birth to such an ugly freak.

And Ye Rong did not know whether to laugh or cry. "How can a biological father say that about his son? He's still young. He'll be more beautiful when he grows up."

"Is that so?" Zhou Li clearly did not believe it.

"Is Little Huanhuan also so ugly when she's born?"

"No."

Ye Rong shook her head. "Huanhuan is very cute when she's born. The doctors and nurses all said that she's the most beautiful and cute child in the entire hospital."

"Sigh..." Zhou Li could only be speechless at this.

"Maybe I'm too ugly, so I gave birth to this child so ugly. And with such an ugly child, how will I learn to live in the future?"

Yan Huan stretched out his hand and poked his younger brother's wrinkled little face. It was tender, but it was indeed a little ugly.

"This is my younger brother's."

Yi Ling said in a serious manner.

“I’ve remembered my younger brother’s appearance. My younger brother is just so ugly.”

Chapter 2453: ugly little brother became more beautiful

Little Bun Zhou, who had been called ugly, pursed his lips in grievance. Then, he clenched his little fists and cried loudly. Of course, he was even uglier.

Because Ye Rong had given birth naturally, she could be discharged after a few days of observation in the hospital.

As for Little Bun Zhou, he was even more of a healthy baby. His little arms and legs were very strong, and he ate a lot. If he was not fed, he would cry loudly. That cry could be heard throughout the entire hospital.

With such a strong voice, it was likely that nothing would happen. He and his mother, Ye Rong, were discharged from the hospital together. Of course, his small body had always been very strong.

Of course, it was also growing stronger day by day.

It was just that little bun Zhou had never been very good-looking. He had a pointy mouth and monkey cheeks. He looked like a little monkey.

Yan Huan comforted himself. His little brother was still young. He was really still young. In the future, he would grow up to be cute. She was the fifth most beautiful woman in Asia. If she had an ugly little brother with hair, she would learn how to live in the future?

Zhou Li had completely given up on this son of his. What if he was embarrassed by such an ugly son?

He had even given little bun Zhou a name in a perfunctory manner. He had even said that he would give little bun Zhou a nickname and call him buttface. Yan Huan had even stopped him from doing so, her little brother really got such a nickname that made people commit suicide.

And little bun Zhou’s nickname was given by Yan Huan as an elder sister. It was called Zhizhi.

He wanted him to be able to study well in the future. It didn’t matter if they didn’t have good looks. As long as they were able to become a little elite scholar in the future, it was fine. Even if they couldn’t become elite scholars, it was fine.

Anyway, Yan Huan had already decided that she wanted to earn money properly. In the future, she would leave a large sum of money for her younger brother so that he could get married.

Of course, this was also what Zhou Li was thinking in his heart. Having an ugly son, the pressure on him as a father was really great.

Regarding Zhizhi’s great name, Zhou Li was also sad, so he didn’t spend much time thinking about it. He just directly called him Zhou Yanzhi. There was also Yi Ling. He also adopted her along with him.

If that was the case, they would only have two daughters and a son.

And obviously

Zhou Li still doted on his daughter more. Every time he saw his son's ugly face, his eyes would sting and he wanted to cry. He could only find some pride in being a father from Yan Huan.

See, this was Zhou Li's obedient daughter. She was beautiful from a young age.

Zhizhi grew up day by day. There was no lack of time in this world. Regardless of whether you paid attention or ignored it, time still passed by minute by minute.

Of course, the years that belonged to children always seemed to be very long.

Just like Yan Huan.

She still went to school and acted. Every year during the winter and summer holidays, she would go out to act. Every year, through her almost perfect acting skills, she also won one award after another for herself, of course, it also earned her a lot of money.

And she used her foresight to help Zhou Li earn a lot of money. It was originally a small company, but now the scale was getting bigger and bigger.

Zhou Li also stuck his butt out in the company like a horse. He had no choice. He still had an ugly son to support. If he didn't have money in the future, Xin Xin would be willing to follow his son.

Actually, Zhou Yanzhi was really not that ugly.

He had clearly been growing cuter and cuter since two months ago. However, it was precisely because he had an older sister who grew more and more beautiful that the originally cute him became ugly.

Of course, everyone liked to be beautiful.

Xiao Zhizhi loved his mother the most and also loved his sister the most.

Ever since he could walk, he liked to follow his sister in front and behind. He was almost ten years younger than his sister, so when his sister was fifteen, he was still a little kid in kindergarten.

Of course, he was already very cute now. He had big eyes and a small mouth. He was just like a little handsome man. Compared to his sister, he was ugly.

Since he was young, he knew that he was ugly. However, it didn't matter. His sister had said that it didn't matter if he was ugly. As long as he was smart, it was fine. Therefore, he was very smart.

He would definitely be the smartest child in the family.

"Sister, Sister..."

A little fatty ran over and hugged Yan Huan's legs. Then, the little fatty lifted his little face. His eyes were smiling so much that they were narrowed into slits.

"What's Wrong?"

Yan Huan lowered her head and pinched her little brother's little face that was filled with meat.

She finally heaved a sigh of relief. Actually, it was still alright. It wasn't too ugly. She had said it before. Her mother was so beautiful, and Zhou Li wasn't ugly. How could he give birth to an ugly child, unless it was really a genetic mutation.

And now, it was obvious that their family's genes were still normal and stable. Zhizhi had finally passed the awkward period of the past. Now, he was also a cute and normal little bun.

Although he didn't have the devilish appearance of ye Xinyu, his facial features were still considered normal.

"Sister, Zhizhi wants to eat ice cream."

The little fatty smacked his little mouth. He knew that finding his sister was the right thing to do.

Both his father and mother refused to let him eat because he was gluttonous the last time and his stomach was damaged. He had diarrhea for a few days and his father was the one who beat up his little butt.

"You can only eat half of it."

Yan Huan's face turned serious. He was also trying to negotiate with his younger brother. Actually, she knew that Zhou Yanzhi's stomach was probably his father's. His stomach simply had too strong a digestive ability and he could digest anything he ate, of course, it was also rare for him to suffer from upset stomach.

The last time he suffered from upset stomach, it was because this child deserved it too much. He opened the fridge and ate all the ice cream in the fridge. He deserved to suffer from upset stomach too.

Now that he had recovered, he had also forgotten about the pain, right?

However, it didn't matter. As long as he ate less now, it didn't matter.

Yan Huan held onto her younger brother's little hand and pulled down the hat on her head a little. She had started earlier than everyone else and had started as a child star. Now, she had already accumulated a lot of popularity, she had started filming other scenes as a child star. When she grew up a little, she thought that she would be able to act as an adult.

"Big Sister..."

The little fatty tugged at Yan Huan's finger.

"Mm, what's Wrong?"

Yan Huan walked around in annoyance. She had thin arms and legs, but she could not carry such a fat child.

In reality, she still had her strange strength. Even if the little fatty was a little fatter, she could still carry him. It was just that it was a little too scary. She did not dare to show it too clearly.

Zhizhi pouted her little mouth. She looked as pitiful as she could be.

"Sister, did Zhizhi pick him up?"

“Why do you ask that?” Yan Huan rubbed his little brother’s head. He was going to pick them up. They were all picked up, and the situation in their house was indeed quite strange. In fact, she and Yi Ling were both considered picked up, however, Zhou Li treated them very well. However, when it came to knowing his own son, it was always the eyes, not the nose, not the nose.

Chapter 2454: he wasn’t fat

That was why it made people feel that Zhizhi was picked up by his father from a rubbish dump that no one wanted.

“Sister, Zhizhi must have picked her up.”

Zhizhi dropped a few golden beans.

“Father said that Zhizhi doesn’t look like him at all. He said that he was so handsome that he was able to give birth to such a beautiful sister, but Zhizhi is just so ugly.”

Yan Huan reached out to cover his face. What was the meaning of spouting nonsense? Yan Huan had finally experienced it in his life.

She was so good-looking. At that time, because she looked like her mother, it had nothing to do with him. Besides, Zhizhi was really not ugly. Although he was quite ugly when he was young., but now, he was also fat and cute.

Yan Huan stopped and squatted down in front of his younger brother. Then, both of his hands reached forward at the same time and grabbed his younger brother’s little face.

“Zhizhi looks very similar to sister. She definitely didn’t pick him up.”

The chubby boy was already so old. He had long been a scheming child. And now, the chubby boy also needed an adult’s affirmation.

Sure enough, when the chubby boy heard his sister say this, he immediately laughed until his little mouth split open. His eyes narrowed into slits. This kid loved to laugh since he was young, this was definitely like Zhou Li.

Mm, he had a bright future. If he smiled more, his luck would definitely not be too bad.

“Let’s go. Sister will bring you to eat ice cream. Huo Yanhuan held his little brother’s hand. Actually, she really did not think of letting this kid really eat ice cream.

After all, he just had diarrhea. Even if his stomach was made of steel, he would still need to take good care of it.

If he didn’t want to eat ice cream, he would have to eat cream.

In any case, the little fatty was too young. He was quite silly, and it was easy to deceive him.

She took the little fatty’s hand and brought him to a cake shop. Then, she bought him a large cream cake. There was a lot of cream on it and a lot of fruit.

This was the little fatty's favorite food.

As expected, when the little fatty saw the cake, his little face broke into a smile. His eyes were curved into crescent moons. He was really like the doll in the New Year Picture. His smile was really quite cute.

Yan Huan could not help but pinch his little brother's chubby little face again.

It was so good to have this little brat.

She was fifteen years old. In her previous life, her mother was already so sick that she could not get up. But in this life, Ye Rong had been living very well these few years. Especially with the little fatty around, she brought the little fatty every day, it seemed like she was going to put everything that she owed Yan Huan on the little fatty. Otherwise, where did this little fatty's body come from? Wasn't it all brought up by her mother.

When he was young, he was born thin and small, like a little monkey. He was also ugly. Later on, he became a little fatter, and he was really cute. Ye Rong was also afraid that her son would become as ugly as before, therefore, she had been paying attention to the boy's food. After that, the food was really too good, so it seemed to be more nutritious than usual. She had raised the little fatty too seriously.

The little fatty happily scooped up the cream with a small spoon and ate it. In a short while, he had already covered his chubby little face with cream. Yan Huan also allowed him to rub it on his little face.

At most, he would just wipe it clean for him in a while.

The little fatty wiped his little mouth and burped. That smiling little face of his was really a little cute child that people could not help but ravage.

This child was much more fun than her three children.

When she thought of the three children, she really missed them. However, they would still be out for a long time. When she thought of this, she could not help but feel a burning sensation on her face. She hurriedly touched her own face.

She really was. She had not grown up yet and was still an underage young girl, not an old woman. However, now she was thinking about men. Fortunately, no one knew. If anyone really knew., then, she would laugh herself to death.

"Big Sister..."

The little fatty stretched out his little paw.

The Little Fatty's little paw was covered with cream, just like his little flower face.

Yan Huan took out a wet tissue from his backpack and wiped the little chubby's little hand clean, as well as his little face. However, no matter how he wiped it, it seemed to be sticky.

Even her mysophobia couldn't stand it anymore.

"Let's go, big sister will bring you to wash your hands."

Yan Huan stood up and held the little chubby's little hand, preparing to find a place to help him wash his hands clean.

Actually, not to mention the little fatty, even she didn't feel very comfortable anywhere at the moment, especially the sticky feeling in her hand. She really wanted to find something sticky on the wall handle, it was all smeared onto the wall.

The little fatty was only full now and had drunk enough. In any case, he would go wherever his elder sister said.

He was originally chubby to begin with, and when he walked, he swayed along with him. He was just like a little duckling from somewhere, the fat version of a little duckling.

Yan Huan held his little brother's little hand tightly and brought him to the washroom of a shopping mall. Only then did he carefully wash his little hand and little face.

She took a tissue and carefully wiped his little chubby face. Then, she could not help but pinch his chubby and little face.

"How did Mommy Raise You to be so fat?"

"Not fat, not fat."

The little fatty shook his little head hard. "Do you know if you're fat? Mommy said that Zhizhi is very thin. You should eat more food."

"Yeah, you're thin."

Yan Huan pinched his little brother's little face again. He could not put down his little dough-like face.

"Let's go. You've already eaten the ice cream. We can go home now."

Yan Huan held his little brother's little hand. Could he go home now? She was too tired. All she wanted to do was go home and sleep.

Mm. The little fatty nodded his little head. At this time, he was still very obedient to his sister. Whatever his sister said, he would do.

Yan Huan pulled the Little Fatty and brought him home

However, after walking for a short while, the little fatty hesitated and refused to leave.

"Elder sister, if you know, Go Pee."

"Pee?" Yan Huan looked around and was still thinking about how to find a toilet for him. However, there was really no toilet here. If they were to go to find a toilet, they might have to go back to the shopping mall just now, however, the shopping mall was filled with twists and turns. Although the road was not long, if a child were to turn back and walk on this road, it was as if the child's physical strength would not be able to keep up.

Moreover, Yan Huan knew that although her younger brother was the ugliest in love, in reality, he was the most favored in the family. Although his chubby legs were very strong, he could not walk much, and now, she could not carry the chubby boy, let alone carry him as if he was flying.

Chapter 2455: he had also returned

If they were to bring the little fatty back to that shopping mall, they would definitely not be able to walk out in a while. They were afraid that the little fatty would pee his pants before they even reached the mall.

Yan Huan could only find a place for his little brother where there was no one around. In any case, the little fatty was still young, so he would not notice him.

She looked around again and then brought him to a few big trees. She asked him to fertilize a few of the big trees.

The little fatty pulled up his pants, but his sharp eyes noticed a butterfly flying past him.

“Butterfly, butterfly...”

Such a big child was at the peak of his curiosity. Usually, he would squat on the ground and talk to the ants for a long time when he saw them, but the butterfly he saw was simply too much.

Before Yan Huan could react, the little fatty had already run out.

Don't look at his small size, and don't look at his chubby little body. But if he really ran, Yan Huan might not be able to catch up to him. He was a kid who liked to run around randomly every day.

The little fatty ran very fast. By the time Yan Huan reacted, he was already like a small cannonball as he rushed forward. In the end, he ran too fast, and his lower body wasn't very stable. He fell forward in an instant.

Yan Huan was so scared that he couldn't speak.

If he fell, he would definitely flatten the little fatty's little fleshy face.

This little fellow wasn't someone who could fall. If he fell, she would cry herself to death.

However, she didn't seem to have the time to stop him. Just as the little fatty was about to have the most intimate contact with Mother Earth, a large hand reached out and directly lifted the little fatty's collar.

It also steadily placed him on the ground, and the little fatty was clearly scared silly. In a short while, he pouted his little mouth and was about to start crying.

“What are you crying for?”

An extremely tall man stood in front of the little fatty and pinched the little fatty's little face.

This voice, why did Yan Huan feel that this voice was somewhat familiar? It seemed like she had heard it before, but it also seemed like she hadn't heard it for a long time, and this voice was like an electric

wave.., just like that, it pierced straight into her heart. It was a kind of numbness and itchiness, an indescribable feeling. It was an indescribable feeling, something that even she herself could not understand.

While she was still in a daze, the little fatty had already been lifted up by that man with one hand.

The man turned around and walked towards Yan Huan. When his two feet stood in front of Yan Huan, only then did Yan Huan slowly react.

Her line of sight was only the buttons on the man's chest.

Very tall.

Yes, very tall.

Actually, she was no longer short. She was already her own height in her previous life.

Although she was not considered too tall, she was considered the standard height of the Chinese people. She had never thought about how tall she was. If she was too tall, it would not be good for her to act with others. Her height could not be any better, standing together with other celebrities, she would not be able to suppress others. Of course, she would not lose to others.

Her gaze slowly moved up until a young face with clear edges and corners landed between her eyes. It was a face that caused her soul to tremble slightly. In that instant, it suddenly crashed into her.

Her pupils could not help but shrink. Her hands could not help but grip tightly onto her clothes. Her palms were even covered in sweat. She wiped her palms on her clothes for a long time.

But she was so dumb that she didn't know what to say.

And this man was..

Lu Yi.

The young Lu Yi.

The 20-year-old Lu Yi.

She had seen a picture of Lu Yi at that time. This was the Lu Yi from university, the Lu Yi she had never seen before. When she first met Lu Yi, Lu Yi was already 25 years old, he was already a young prosecutor at that time.

And now, Lu Yi was only twenty years old. He was very young, and at that age, he had the unique vitality and elegance of a young man. Even if it was just a fleeting moment, he could still smell out the unique things of that era.

That was not something that money could buy,

that was also not something that material things could exchange for.

That was youth.

Seeking was life.

That was also growth.

Yan Huan moved her red lips. In fact, she had thought about the time when she met Lu Yi. Then, that kind of expression, what was she going to say.

Hi, how are you? It's been a long time.

How long has it been? A lifetime.

She was still wondering if she was going to be the same as her previous life. They would only know each other when Lu Yi was twenty-five. She really did not expect that it would be now. She was not prepared at all.

What should she do?

Lu Yi took another step forward. He was still hugging his little brother who was sucking his snout.

“What’s Wrong?”

It was the same voice that would cause her soul to hurt and make her heart tremble. No matter how many lifetimes he had reincarnated, he would never forget the voice and he would never listen to the tone of a servant.

This was Lu Yi. It was Lu Yi. It was her Lu Yi.

“Your tongue was bitten by a cat?”

A hand was placed on her face. Such familiar body temperature and the feeling of nostalgia seemed to have never changed.

She blinked her eyes and the hazy vision in front of her was once again blinked away by her. Her Red Lips moved for a long time.

“You...”

She still did not know how to blurt out the following words.

“Yes, what about me?” Lu Yi raised his chin slightly.

At the age of twenty, just as he was about to be in high spirits, his slender figure, clean hair, and excellent skin were all no longer the middle-aged man who was already in his twilight years.

His upright figure was already elegant and handsome, and the faint smile hanging on the corner of his lips was warm and faint.

It was also familiar to Yan Huan.

Not long after, Lu Yi brought Yan Huan to an apartment. He carried the little fatty in front while Yan Huan followed behind.

When Lu Yi opened the door and stood at the door, Yan Huan could not help but feel her nose turn sour.

This was..

This was the first home she shared with Lu Yi. This was definitely the right place.

“Come in.” Lu Yi walked in. First, he placed the sleeping little fatty in the bedroom. Then, he pulled over the blanket and covered the little fatty. Then, he reached out and pinched the little fatty’s little face.

“You don’t look like her at all.”

The little fatty still did not know the suffering of the human world and fell into a deep sleep. In any case, nothing was more important to him now than sleeping. His life was to eat, sleep, and grow up, and when he would grow up, that would be a very long time.

Just like Yan Huanhe, Yan Huanhe had always wanted to grow up earlier, but now she was only 15 years old.

If she were to meet Lu Yi in her previous life, then she would have to wait another eight years.

Lu Yi walked over, took a cup and poured a cup of water, then placed the cup in front of Yan Huanhe.

Chapter 2456: They had agreed

“Drink up.”

Yan Huan grabbed the cup with both hands and drank it one mouthful at a time.

She drank the water, but her eyes were fixed on Lu Yi.

Was he back as well?

Lu Yi walked over and stood in front of Yan Huan. Then, he squatted down, parallel to her gaze.

“You’ve finally grown up.” He sighed softly and gently touched Yan Huan’s forehead. Did she know how long he had been waiting for her?

He knew how to explain Yan Huan, so he did not look for her. Of course, Yan Huan had also walked her own path. Therefore, when he saw Yan Huan on the television, he knew that Yan Huan had returned.

However, at that time, Yan Huan no longer needed his help. He still remembered what Yan Huan had said. She wanted to grow up by herself and not let him see her runny nose when she was young.

So, he was waiting, waiting for her to grow up.

However, she seemed to grow up too slowly. He waited day by day, year by year. But now, no matter what, Yan Huan was still a 15-year-old girl. She still had to wait for three years before she could become an adult. She also had to wait for five years, before she could get married.

So, he still had to wait for at least eight years.

“Lu Yi...”

Yan Huan’s voice took almost half a day to come out.

“It’s me.”

Lu Yi gently placed his hand on Yan Huan's hair. "I'm back too."

"Lu Yi."

Yan Huan stretched out her hand and hugged Lu Yi's waist tightly. This was her Lu Yi. Yes, it was her Lu Yi. Whether it was the 25-year-old Lu Yi, the 35-year-old Lu Yi, or the 65-year-old Lu Yi.

It was her Lu Yi.

She was back, and so was Lu Yi.

This was great, this was great.

She didn't have to worry about how to get close to her every day. She was also afraid. What if Lu Yi didn't like her? There would always be a contingency in this world. And if Lu Yi didn't like her, what would she do.., how would she live?

How would she live her entire life?

Her mother already had her own life, and now she could only wait for Lu Yi.

And now, who was going to tell her how such a surprise came about? Lu Yi had actually returned. His Lu Yi had actually returned. This was her Lu Yi, the Lu Yi from her previous life.

"Drink some water first." Lu Yi moved the cup to Yan Huan's mouth.

Yan Huan hugged the cup again and gulped down all the water in the cup.

Lu Yi poured another cup for her and placed it in her hands. Yan Huan didn't drink any more. She held the cup with both hands and used her fingertips to feel the temperature of the cup sinking into her fingers.

She raised her face and looked at Lu Yi. Even now, she still couldn't believe that Lu Yi had actually returned.

"Why didn't you look for me?" She pursed her lips and suddenly felt wronged. She was clearly reborn, so why didn't he look for her? Why did he want her to worry and be afraid from time to time? He would look for another woman.

"Haven't you been working hard?"

Lu Yi rubbed the top of Yan Huan's head. "When I came back, you already had your own goal to strive for. You said that you didn't want me to see the way you were when you were young."

Yan Huan turned her face away. It was only because she was unwilling to answer that Lu Yi was right. She really did not want Lu Yi to see the way she was when she was three or four years old. Moreover, at that time, she was also working hard to let herself and her mother live a good life, it was also a preliminary achievement.

Moreover, she did very well and also did very well, right? Her mother now had a new life. Moreover, she was so little at that time. If ye Rong found out about Lu Yi, who knows.., they had hidden themselves somewhere else.

Their lives began in that place. There were many opportunities there, and there were also many people who were the most important in their lives, such as Zhou Li and Yi Ling. If they had moved to another place., perhaps these people would never be able to meet again.

“When did you come back?”Yan Huan put down the cup in his hand and hugged Lu Yi’s waist. He had also given all the weight of his body to him.

Lu Yi understood what Yan Huan was asking. When did he come back?

When was he reborn?

He placed his hand on Yan Huan’s hair and closed his eyes. His eyes were dry as well. He had finally found her.

As for when he came back, it was a long time ago.

He had also passed away two years after Yan Huan passed away.

When he opened his eyes, he was already in his five-year-old body. At that time, his parents had said that he was a silly child. At that time, he was too weak and too young, even if he wanted to run to Yan Huan, it was impossible.

He had tried many methods, but in the end, he could not even leave his house.

That was why he had grown to eight years old.

At that time, it was the first time he saw Little Yan Huan in a movie. He knew that his Little Yan Huan had also returned. Her appearance didn’t change at all. When she was young, Yan Huan really looked exactly like their daughter Xun, she had the same beautiful little face, the same big eyes, the same small mouth, and Yan Huan’s unique stubborn little expression.

Therefore, he did not look for her again. However, he had always known about Yan Huan. He had seen every film she had made, and Yan Huan’s performance had always been very good.

Regardless of whether he was a child or an adult, she was the child that would be remembered at a glance.

Lu Yi knew that Yan Huan had married his mother.

Lu Yi also knew that she had brought Yi Ling home.

He had a younger brother, and Lu Yi knew even more.

She had been insisting on filming for the past few years. Every year, there would be no less than one film. That proved that she was still working hard. His huanhuan had always been like this.

She was very digging, and she was not willing to admit defeat.

She had said before that if she investigated them, they could be reborn again. She wanted to return to her own mother so that she could live a good life. Of course, she did not want him to find her when she was still young.

So they made a promise.

He would wait for her to grow up.

Then, he would find her again.

And now, she had finally grown up. Although she was not too old, her Lu Yi had already found her.

“Sister...”

Little fatty rubbed his eyes and walked out. Yan Huan was already leaning on Lu Yi’s shoulder. She had said a lot and heard a lot, so she leaned on Lu Yi and rested for a while, feeling sleepy.

In the end, little fatty woke up.

Lu Yi let Yan Huan lie down and covered her with his clothes. Then, he stood up and walked to Little Fatty. Then, he squatted down in front of little fatty.

“What’s wrong? Are You Hungry?”

“Yes.” Little fatty nodded his little head vigorously. He was very close to Lu Yi. Perhaps it was because Lu Yi saved his little face. He was not good-looking to begin with. If he fell again, his face would be flattened.., then, did he still want to live in the future? Did he still want to marry?

Chapter 2457: coaxing the child

“Big Brother will cook for you.”

Lu Yi carried the little fatty up and let him sit on the sofa. He turned on the television and let the little fatty kill time.

“Don’t disturb big sister, big sister is asleep.”

Lu Yi pinched the little fatty’s little face and said.

“I know.” Although Zhizhi was small, he was very good at Reading People’s expressions. He knew that at home, his father and sister were the most tired. If his sister fell asleep, even if he wanted to play with his sister again.., he could not wake up his sister.

If she wanted to play with her sister, then she could only wait until her sister woke up.

Lu Yi pinched the little fatty’s fat face again. He really felt that ye Rong had raised this child to be too fat. This life was really good. Her huanhuan finally had real family. She had a younger brother.., in the future, she would not be bullied by others, and she would not have to be called an orphan.

Lu Yi walked into the kitchen. This place was close to where he went to university, so he had always lived here. Next year, just like in his previous life, he would go to work in the Procuratorate, he had already established a good relationship with the Sarft. He had already paved the way for Yan Huan. In this lifetime, Yan Huan would definitely not suffer any hardships. She would be safe, she would also be fine. No one would hurt her. There would also be no relatives that she did not want to acknowledge. They would use their blood ties to persecute her.

Lu Yi's hands were very fast. After all, he had already lived independently for a very long time. In his previous life, Yan Huan had always taken care of his food and let him do everything by himself. It was obvious that he was not used to it in all aspects, it also took him a few years to learn how to cook by himself. Of course, it was not limited to just making a bowl of noodles.

What he made for the little fatty was egg fried rice, which he learned from Yan Huan. He had made egg fried rice for his entire life, and the egg fried rice he made was similar to what Yan Huan had made in his previous life. It was just that., even if the steps were correct, the taste was still somewhat different from what Yan Huan had made. As for why Lu Yi asked this, Lu Yi thought that it was probably because it was not made by Yan Huan, that was why the taste was different.

The dishes that Yan Huan made also had his own taste.

“Eat.”

Lu Yi placed the bowl in front of the little fatty.

The little fatty used his little meaty hand to hold the little spoon and stuffed the rice into his little mouth. His chubby little appearance was really quite cute.

Lu Yi could not help but Pat the little fatty's little head. This child was really strong. Moreover, looking at the way he ate, it seemed that he was not spoiled by his upbringing.

“Big Brother is really good.”The little fatty ate happily. It could also be that his little stomach was really hungry. Looking at how fat he was raised, it was clear how good his body was and how much he could eat.

And the little fatty was indeed able to eat. He finished a bowl of rice in one go and still wanted to eat the fruits after the meal.

“Can you still eat?”

Lu Yi touched the little fatty's small belly. It was so fat that it protruded out. This child really could still stuff rice into his small mouth.

“I can eat, I can eat.”

The little fatty pouted his small mouth aggrievedly. “After the meal, mom will give Zhizhi Fruits. Brother, Zhizhi wants to eat apples.”

He did not eat the fruits, so his stomach would be hungry. He wanted to eat fruits, he wanted to eat apples.

“Alright.”Lu Yi stood up, took out his phone and dialed.

“Help me buy some fruit. Hurry up.”

When he put down the phone, he saw the little fatty staring at him with a pair of big eyes.

Lu Yi patted his little head. Alright, your fruit will be here soon.

The little fatty was happy. He ran to the television again. Like a little duck, he clumsily climbed onto the sofa and sat there watching television.

Not long after, the doorbell outside rang.

Lu Yi opened the door and saw Lei Qingyi standing outside. He was still a silly telephone pole. This person was too tall. No matter what, he felt that his lower body was unstable. It would take a few more years for it to be stable.

“Here, this is for you.”

Lei Qingyi handed the bag in his hand to Lu Yi. He grabbed a handful of his hair. He was still wearing a set of clothes and his hair was a mess.

Before he could speak, the door closed with a bang.

“Lu Yi...”

Lei Qingyi stretched out his big foot and kicked Lu Yi’s door. “What do you take me for? Your Porter? Can you at least let me in for a drink?”

He kicked the door again, but Lu Yi’s door was very strong. However, there were still a few big footprints on the door.

“TSK,” he extended his middle finger. “I’m going to play basketball. I Won’t be too calculative with someone like you.”

Lu Yi lifted the bag in his hand into the kitchen and took out the fruits in the bag. There were apples, pears, and peaches. Lei Qingyi was not stupid and knew how to buy a few for him.

He did not know what the little fatty liked to eat, so he cut some of each.

“Eat.” He put the small bowl of fruit in the little fatty’s arms and let the little fatty eat by himself.

“Thank you, Brother.” Although the little fatty was young, his mother and two sisters had never relaxed. He wasn’t as good-looking as his sister when it came to his education, however, he was a very polite child

Lu Yi also realized that this little fatty was indeed quite easy to raise. This was because he was not picky at all. He ate whatever he was given and ate as much as he was given. Otherwise, how could he be so strong.

The little fatty used his little fat claws to take a piece of apple. In the end, a hand reached out from God knows where and took his little hand forward. Then.., he took a bite of the fruit in his hand.

The little fatty’s mouth was flat, and his eyes were red. He was about to cry.

How could he be an elder sister like this?

How could he be an elder sister like this?

How could he bully his own sister like this?

Lu Yi reached out and pulled Yan Huan's collar back. "There's some in the kitchen."

Yan Huan shrugged. She did it on purpose.

The little fatty cried out loud.

Lu Yi hurriedly hugged the little fatty. The little fatty used his little fists to wipe away his tears. His mouth was also sobbing as he sobbed

"Zhizhi is definitely not biological. Zhizhi was picked up by Mom, so no one dotes on Zhizhi. Sob..."

In this short period of time, the little fatty was so wronged that he was about to cry himself to death.

Lu Yi had nothing to say to Yan Huan's heartless sister. How was she an elder sister? She was clearly a witch.

Lu Yi still knew how to coax children. After all, when Yan Huan had fallen, he was the father who had raised his weak and delicate little daughter

Moreover, he was good at psychology. Of course, he could easily coax a child.

Chapter 2458: He will handle it

Soon, the little fatty stopped crying. He was holding a big bowl in his arms, and there was still a pile of fruits in the bowl. The little fatty grabbed it with his little finger and stuffed it into his little mouth, of course, he also held the small bowl in his arms tightly so that the heartless sister would not steal his fruits again.

Lu Yi heated the fried rice in the pot for a while and then took it out for Yan Huan to eat.

Yan Huan was really hungry. He took the chopsticks and started eating.

Lu Yi's culinary skills had improved slightly over the past few years. The dishes he cooked were quite delicious.

As for Yan Huan eating his own food, even the little fatty did not care

The little fatty was the little weed in the Zhou family. Ever since he was young, his father did not dote on his sister and did not love him. However, it was all thanks to ye Rong's biological mother that he grew so fat.

"How is my grandmother?"

Yan Huan asked Lu Yi. In fact, she had thought about it before. If Lu Yi was looking for her, he might have thought of a way to get information from the Ye family. They could have waited, or they could have waited.

However, it seemed that Grandma ye could not do it. Grandma Ye would probably be gone in a year or two.

And no matter how good ye Rong's life was, even if she had two children, even if they were a loving couple, even if she had a daughter like Yan Huan, who would be famous in the future, her life would still have regrets in the end, there was no woman who did not want their parents' blessing when they got married and had children. Although ye Rong never mentioned it, Yan Huan had heard ye Rong mention her grandmother's matter more than once, he would also see her standing by the window from time to time, looking in the direction of the Ye family.

She was not there, but her heart was.

She was not there, but her heart was hurt.

Therefore, the Ye family's Yan Huan did not want to acknowledge her, but ye Rong wanted to acknowledge her.

And now it was time. The little fatty had grown up, and Ye Rong was married. Whether it was her or Zhou Li, they already had their own foundation and had their own capital, they would not let others look down on them.

Lu Yi reached out and rubbed the top of her head.

"Grandma's health has not been very good recently. If you have any ideas, hurry up. If I remember correctly, Grandma will be in spring next year..."

Lu Yi did not finish his sentence, but Yan Huan understood what he meant.

She only had half a year left, and it didn't seem easy to get through to Ye Rong's side of the ideological work.

Otherwise, Ye Rong wouldn't have had to stay outside all her life. Even when she died, she didn't want others to know that she had ever existed. Even the tombstone didn't have her picture on it.

She was afraid that her own would implicate the ye family's reputation for the rest of their lives.

However, was this thing called reputation useful? Could it be eaten?

Sometimes, this kind of reputation could be a form of destruction.

"I'll go."

Lu Yi placed his hand on Yan Huan's shoulder. His palm was very big, and his fingers were very long and slender. It was as if he had already returned to his previous life. He could completely block that snowstorm for her.

No, it was still different. After all, they had the foresight ability that was superior to many people, so they would do many fewer wrong things. Many people would do many things, and they would also suffer a lot less.

They had suffered enough. If they continued to suffer, then they would really have lived their whole life in vain.

"You?" Yan Huan raised her face and looked at Lu Yi suspiciously for a long time. "Can I?"

“What, you don’t believe me?” Lu Yi scratched Yan Huan’s face. A fifteen-year-old girl was not as mature as she was back then, but this little freshness and the pride in her was already the best actress Yan from back then.

She would grow up very quickly, and she was destined to make people look at her in a new light.

“Mm, I believe you.” Yan Huan Thought for a moment, then tilted her head.

“Alright, then let’s do it this way.” Ye Rong’s matter was handed over to Lu Yi. No matter what she said, it would be useless. Moreover, she still had to plan for a long time. What if something went wrong and her mother ran away again?

And Lu Yi would definitely have a way. Otherwise, he wouldn’t have said such things.

Not far away, the little fatty was watching a cartoon on television alone. He didn’t know where he was looking, but he actually started to giggle foolishly. That little baby voice came and went, and sometimes, he actually heard the voice of a child., when he looked at that innocent little face again, he really felt that all the suffering was in the past as long as they were still around.

Ye Rong could not help but walk around the door again. It was already this time, why was he not back yet.

“Lingling, did Huanhuan tell you where she took Zhizhi?”

Ye Rong asked Yi Ling who was cleaning at the side. Yi Ling was the same Yi Ling from her previous life, just like a little boy. She had neat short hair, flat chest, and a slightly heroic appearance., no matter how she looked at it, she looked like a boy.

Yan Huan was not the same Yan Huan from her previous life, but Yi Ling was the same Yi Ling from her previous life.

She really felt that she was under a lot of pressure. She had a beautiful mother, an extremely beautiful sister who was also a celebrity, and a younger brother. If she did not become strong, who else would?

And she had already decided that when she was older, she would go to Jing TV company. She wanted to be her manager and be the manager of her family’s Huanhuan. This way, no one would be able to bully her family’s Huanhuan in the future.

She threw the rag in her hand onto the table. Then, she raised her face and stared at the clock hanging on the wall.

“Mom, let’s go find them.”

Yi Ling couldn’t wait any longer. What time was it? Why wasn’t Yan Huan Back Yet? Did Something Happen? was he robbed or kidnapped.

After all, Yan Huan’s face was very good-looking. Furthermore, Zhizhi was also a beautiful and adorable child. Although everyone said that Zhizhi was ugly and ugly and that he was picked up.

However, everyone in the family, including Yan Huan, doted on him to the point of hurting his heart.

If something really happened, what would happen to her mother? What would she do?

And when she found Yan Huan, she would definitely talk about Yan Huan properly. She did not even look at her current status. She did not even know how much she was worth. If she was captured, how would she come back?

Yi Ling did not wait for Ye Rong's reply. She grabbed her coat, ran to the door, and was about to leave.

However, the moment the door opened, she almost bumped into someone. At that moment, a hand reached out and pressed down on her forehead, pushing her back. Otherwise., with this bump, she would either bump into the person, or the person would dodge to the side and she would fall on all fours.

"Sister..."

Fatty let go of Lu Yi's hand and ran over as well. He hugged Yi Ling's legs like a lackey. Apart from his mother who doted on him, sister Yi Yi was the only one who treated him the best at home. She gave him all the good food and fun stuff, even though he picked them up, however, sister Yi treated him the best. She did not bully him or steal his snacks.

Chapter 2459: I am called Lu Yi

"Zhi Zhi."

Yi Ling hurriedly picked up the little fatty. As expected, she loved Zhi Zhi and treated zhi zhi as her own life. Ever since Zhi Zhi was born, it was her sister who helped to take care of her.

She washed diapers, fed him, played with him, and taught him how to walk. It wasn't all her fault.

Didn't she get the strength in her hands from carrying the little fatty.

The little fatty was also a very perceptive child. He knew whose leg to hug.

"Zhizhi..." Yi Ling quickly carried Little Zhizhi and nibbled on his little face a few times. "You really scared me to death." Yi Ling valued zhizhi more than her own life.

Of course, the person Zhizhi was closest to at home was not Yi Ling. It was also possible that it was because when Zhizhi was born, Yi Ling was the first to see him. He did not know if it was because of this glance., the little fatty remembered Yi Ling's taste.

Zhizhi also used his little face to rub against Yi Ling's face. He was very happy.

Meanwhile, he broke his little fingers and told Yi Ling in a baby voice about what he had done today.

For example, his sister gave him ice cream, went to his brother's house and ate a lot of food. His aunt was bad and snatched his fruits. His brother was good and gave him a lot of fruits. Now, he only talked about his brother three times, he must really like that brother in his heart

Yi Ling raised her face suspiciously. Only then did she see Lu Yi standing behind Yan Huan.

He looked like a human dog. Who knew what dirty thoughts he had in his heart? Her Huanhuan was so beautiful, and little zhi was so cute. Could it be that she had met a human trafficker.

“We’ll go in first.” Yan Huan did not know how to explain this to Yi Ling, so he simply did not explain anything. Just like that, when Yi Ling should know, she would know.

Lu Yi nodded and followed Yan Huan in.

When Ye Rong came out and saw her fat son, she also missed him. She hugged the little fatty and did not let him go. After all, the little fatty was a child. After being spoiled by his mother for a long time, he rubbed his eyes and was about to go to sleep.

Yi Ling carried the little fatty who weighed forty kilograms and told him to go to his room to sleep. The little fatty was obviously extremely tired. He would not wake up until the next morning if he did not sleep.

Fortunately, his stomach was full, so she let him sleep.

In any case, the more children slept, the faster they grew.

In fact, Ye Rong had already noticed Lu Yi standing behind Yan Huan early in the morning. She did not know why, but her heart could not help but jump. Lu Yi’s facial features were somewhat familiar, but she did not know where they were familiar?

He seemed to be an old friend, but she remembered that she did not have an old friend of this age.

“Huanhuan, who is he?”

Ye Rong probed her daughter. Why did he suddenly want to bring a man home?

“Zhizhi’s savior and I,” Yan Huan pointed at Lu Yi. “If it wasn’t for him, the little fatty’s little face would have been flattened. He even invited the little fatty to eat a meal and eat fruit.”

Ye Rong’s Red Lips moved. This child was really too careless. How could he eat other people’s food so casually? What if he was poisoned? Didn’t the saying go, ‘you can’t tell a person’s heart from their face’.

“Mom, he’s also my senior. He’s not a human trafficker.”

Yan Huan tugged on Ye Rong’s sleeve. She and Ye Rong had been mother and daughter for two lifetimes. How could she not know what Ye Rong was worried about?

When she heard that it was her senior, Ye Rong’s heart relaxed slightly. As long as it was someone from school, nothing should happen to them.

“Mom, I’ll go get some water.”

Yan Huan gave the space to Ye Rong and Lu Yi. She believed that Ye Rong still had many questions to ask while Lu Yi also had some things to say. As for how far they could talk, she did not know.

But she knew that Lu Yi would have his own bottom line, and of course, he would also think about it. In short, as long as he did not scare her mother to death, it was fine.

“Classmate, thank you for today.”

Ye Rong also sincerely thanked Lu Yi. In fact, she did not see it clearly just now. Now that she saw Lu Yi's appearance and the aura around him, she knew that Lu Yi was not a child that ordinary people loved. Of course, such a child., could not possibly be a human trafficker.

Moreover, he had saved her child, so she should also thank him.

"Aunty, you're welcome. This is what I should do."

Lu Yi's eyes were calm. At this moment, his facial features were also handsome. Although there was a hint of coldness around him, he could not be disliked. This was because his own habits were very upright.

Looks were born from the heart. A person with such a face would not be disliked. Of course, he was not a bad person.

"Oh right, What's Your Name?"Ye Rong was still smiling. She did not know why, but she realized that she actually liked this man in front of her very much. In short, she had a feeling in her heart., a feeling of not being able to dislike him. She did not know what kind of parents this child was born from. How could they give birth to such a mature, steady, and righteous child.

"Aunty, my name is Lu Yi."

Lu Yi pressed his thin lips together slightly. Underneath his gaze, he was sizing up ye Rong. Actually, he had forgotten what ye Rong looked like. The memories of a person before the age of three would disappear automatically, therefore, no matter how good his memory was, he really could not remember what ye Rong looked like. And Ye Kongrong's appearance was obtained from those photos.

And now, it seemed that Ye Rong's life was not bad. She did not have a sallow and thin face like in her previous life, nor was she like in her previous life, where she was tired and sick early on. Now, her face was rosy, and her figure was slender and beautiful.

And her appearance, upon closer inspection, really looked like the future xunxun. Of course, she also looked like Grandma Ye.

And when Ye Rong heard Lu Yi's name, her heart suddenly tightened, and even the color of blood on her face quickly slid down from her face.

Lu Yi, Lu Yi.

How could it be Lu Yi?

He was Lu Yi?

Was it that Lu Yi?

Ye Rong almost stood up in shock. In the end, she endured it. She also wanted to find something on Lu Yi's face. In the end, her gaze fell on the top of Lu Yi's right brow.

There was a small scar there. If one did not look carefully, one would not be able to tell that there was actually a small scar there.

She clenched her fists tightly.

This was that Lu Yi.

There was no mistake. His facial features looked like that person, but his eyes looked like hers. Of course, the most important thing was the scar on his brow bones. Ye Rong remembered that scar very clearly, if the man in front of her was that Lu Yi, then no one would be clearer than her about the origin of this scar, and no one would be more responsible than her.

Chapter 2460: she had not grown up yet

Because this scar was the one that she had thrown when she was carrying that child.

But, was it?

Was it him?

She still wanted to confirm it again.

After all, she had not returned home for nearly twenty years. She had not taken care of the house, and she did not have the face to see her family anymore.

But no matter where her family was, there wasn't a day in her heart where she didn't think about her family or worry about them. However, she still didn't dare to go home and only dared to think about them.

"Lu Yi, where are you from?"

Ye Rong asked carefully.

Of course, this was the opportunity that Lu Yi had been waiting for.

He gently raised the corner of his lips. When he opened his eyes again, there was nothing inside. It was as if he was talking to an ordinary aunt.

"I'm from Hai City."

Ye Rong clenched her hands again.

"You're twenty, right?"

She asked with difficulty.

"Yes, I'll be twenty in October."

Ye Rong's fingers by her side paused. October was October.

"Are... are you still a university student?"

Ye Rong originally wanted to ask about Lu Yi's family situation, but she couldn't get it out. She could only look around and ask about Lu Yi's studies.

He was twenty years old, but he was still a university student, right?

"For now, I'm still graduating next year."

Lu Yi pursed his thin lips slightly. "I skipped a grade and I'm preparing to enter the Procuratorate next year." Not to mention having experience from his previous life, even if he didn't, he was still a prosecutor appointed by the Procuratorate.

In this life, he directly skipped two grades and skipped the two years he spent as a soldier. When he was in university, he had also finished his self-study courses. The people from the Procuratorate came and snatched him away, so he entered the procuratorate earlier, of course, he was outstanding enough, and there was also sufficient reason for them to snatch him away faster.

"So Young?"

When Ye Rong heard that Lu Yi had already graduated and was about to go to the procuratorate, she felt her eyes heat up. In fact, she was certain that this Lu Yi was that Lu Yi.

Although he had grown up and his facial features had opened up, the more she observed him, the more she realized that he still had the shadow of his childhood.

And the child that he had brought up with one hand could be so outstanding. She was proud of him.

"Why did you take the examination for the Procuratorate?"

Ye Rong thought that Lu Yi should have gone to the military academy and become an officer like her brother-in-law. But now, in her heart, she already knew that Lu Yi was her little nephew.

It was just that he had grown up so much over the years?

Lu Yi's gaze became slightly lighter. "My family has always been a military and political family, so the Procuratorate has always been the place I wanted to go."

He placed his hand in his pocket and took out a photo and placed it in front of Ye Rong. Coincidentally, he had gotten the family photo today, so auntie could recognize our family, she wouldn't treat me as a human trafficker anymore.

Ye Rong couldn't help but burst out laughing. She had been nervous and at a loss for what to do just now. She didn't know whether to laugh or cry because of Lu Yi's casual words. Of course, she also relaxed.

She took the photo from Lu Yi's hand and placed it in front of her eyes. However, it was just a glance and her eyes turned red,

"Sit down first." She hurriedly placed the photo in her hand in front of Lu Yi.

Only then did she remember that the kitchen was still busy.

"Huanhuan, come over and take care of Lu Yi."

Ye Rong called out to the kitchen. She could not stay here any longer. Otherwise, she was afraid. She was really afraid that she would cry on the spot.

She hurriedly stood up. Her steps were also a little faster than before. She was also a little more anxious and a little more at a loss.

Only when she walked into the kitchen did she cover her mouth. However, it had been a long time since she had shed a tear. Now, it actually gushed out like this.

It was really, really.

She thought that she had already accepted her fate. However, when she saw her elder sister's family with her own eyes, her heart still ached and her eyes also hurt.

That was her sister, the sister who had been the best to her since she was young..

However, she did not even have the courage to acknowledge her.

Yan Huan took a look inside the kitchen, then walked over and sat in front of Lu Yi. He winked at her.

Lu Yi reached out and pinched her face.

If it was not because the place was wrong and the time was not right, Yan Huan really wanted to hug his waist and act like a spoiled child. It was a pity that they still had to be affectionate now.

She hadn't grown up yet.

If she dared to say that she was in a relationship right now, that she had a boyfriend, that her boyfriend had already paid her a visit, she dared to say that ye Rong might take out the mop in the next second.

Even if he was Lu Yi, she would still hit him.

"I'll wait."

Lu Yi's thin lips parted slightly. The words that came out of his mouth made Yan Huan's face feel a little hot. She touched her own face. That her face was actually quite thick. He wouldn't notice, right.

She stole a glance at Lu Yi and noticed that he was staring at the photo in her hand. His expression was also calm.

Only then did she heave a sigh of relief. Fortunately, she didn't notice it. Fortunately, she didn't see it. Otherwise, she would have lost all her face for the next three lifetimes.

She thought that she was in the wrong, but she didn't notice the faint smile on the corners of Lu Yi's eyes. There was also a faint smile on his lips.

No matter how many more lives Yan Huan had lived, he still could not compare to Lu Yi's already monstrous IQ, not to mention that he himself had been reborn once.

For example, he had jumped levels, jumped... two levels. He had even been a soldier, and now he was about to start work, and he was a talent that was being fought over.

As for Yan Huan, it was impossible for her to jump levels even if she lived a few more lives.

No one was perfect. Although she was not a vase, and of course, she was not an idiot, no matter how hard she studied, she always remained in the middle. She was neither good nor bad, and she was rather average.

Not long after, Ye Rong came out. There was still a faint smile on her face, and she looked gentle and elegant. Although she was almost forty years old now, it was because she had been well-maintained these past few years, she was not forced by life, so her face looked like she was in her twenties. She looked very much like Yan Huan, aging very slowly.

It was also impossible to tell that she actually had a fifteen-year-old daughter.

And today, she had also cooked quite a number of dishes. Almost all of them were filled to the brim. Of course, at the beginning, she had been extremely wary of Lu Yi, as if she was guarding against human traffickers. But now, she could not wait to take out all the things that she could, all of them were for Lu Yi.

Lu Yi wasn't anyone else. This was her nephew, a child that she had grown up with since she was young. He was also a child that she had brought up with her own hands back then.
