At the door, Kathy didn't know when he came in again. The man walked so silently!

She looked pretty fierce just now?

Taking a deep breath, Kathy showed a gentle smile, but Joseph didn't look at her at all and threw a skirt to her.

"You didn't take a bath last night. Go to take a bath, change your clothes, and then come downstairs for breakfast."

The skirt was just covering Kathy's head, and Kathy covered her face and felt very embarrassed.

An hour later, Kathy had not come downstairs, and Joseph went upstairs impatiently.

Kathy was standing in front of the mirror, looking at the skirt in her hand, and the tag had not been removed. And she clearly saw

the price above it, ten thousand dollars?

The piece of clothes deserved ten thousand?

She thought that this skirt is more valuable than her.

"What are you doing?" Joseph came in with a sullen expression.

"I ..." Kathy was only wearing underwear at this time, and hesitated to wear this expensive skirt.

When Joseph came in, had seen everything...  
Kathy widened her eyes and immediately covered herself with the skirt, but Joseph could still see it.  
"One minute left." He ordered, glancing over her charming body.

The woman looked very slim, but it was quite unexpected that she was sexy.

"Close your eyes!" Kathy was ashamed that Joseph was staring at her.

"I had seen it." Joseph chuckled and sat leisurely on the sofa.

Kathy hurriedly put on the skirt, but the zipper behind her was so low that her hands were out of reach.

Joseph frowned and came over, pushing Kathy to the wall without any effort. He zippered up and his long fingertips rubbed against the skin on her back, making Kathy felt itchy. Kathy trembled, and looked up at the man's desired eyes.

The distance between them is only one centimeter. Kathy actually felt thirsty and licks her lips.

This action was undoubtedly igniting his desire.

Joseph narrowed his eyes and kissed her pink lips almost in a second, going deeper.

Kathy was frozen for a long time. This time the feeling was completely different from the feeling in her dream. She was really kissed by this man, and can felt his masculinity. At breakfast, Kathy didn't dare to watch Joseph. Why did he kiss her? Didn't he say to him that it was acting was? Does he really love her? Yuck Yuck! Looking at Joseph, he wasn't influenced by it, eating sandwiches and coffee gracefully. Why was he so calm? Her heart beat faster. "Are you going to work today?" Joseph asked her. Kathy thought about it and opened the Facebook to see the news. If no one was working, she didn't have to go. Sure enough, everyone was looking for a new job. Kathy sighed, "No, I'm unemployed now." Joseph frowned and picked up the newspaper next to him. The headline was the news that the NCHV Medical Company owed employees' salaries and the boss ran away. "Do I need to introduce work?" "No, thank you!" Kathy looked up and refused it. Although they had been married, they were married in form. And they shouldn't get involved in each other's life. Being unemployed, Kathy intends to go home and post a resume online.

Joseph was displeased and unsatisfied, and turned to leave.

When Kathy walked out of the villa, she realized there was no bus taxi along the way, so she could only walk out of the villa area.

After looking at the navigation, it was two kilometers. The sun above was very hot. And Kathy was extremely hot under the sun, but she could only walk slowly.

At this moment, a blue Porsche drove near her, Kathy stepped aside, but Porsche stopped beside her.

" ... Kathy?" The man in the driver's seat took off his sunglasses, appearing pair of beautiful eyes. Kathy had no impression of him, but he knew her?
