

Sweetheart 1041

Chapter 1041: what does what you said have to do with me?

luo chenxi glanced at her with a blank expression.

“if there’s nothing else, we’re going to have dinner soon. we won’t keep you. someone ... send the guests off!”

“hey ... wait, wait!”

luo xiudi was anxious when she heard that luo chenxi was going to chase her away. she spoke hastily.

“cough, cough, chenxi, why are you in such a hurry? besides, we’re a family, so we can talk about it after dinner ... okay, okay, i’ll tell you now!”

luo xiudi shuddered when she was swept by luo chenxi’s icy cold gaze. she dared not beat around the bush anymore and could only state her intention.

” that ... chenxi, you should know that ever since your grandfather passed away, your uncle has not made much progress in his career. our family’s expenses are high, so he could only start a company and do some business to earn money to support the family ... ”

luo chenxi felt that something was amiss upon hearing his words. she could not help but raise her brows.

“what? uncle had a company outside? when did this happen? i remember that he has been working in the city government and has never resigned, right? then how could he open a company outside? this is illegal!”

according to the relevant laws and regulations of the country, once such a situation was confirmed, he would be fired.

” ahem, ahem! ” luo xiudi quickly said, ” well ... your uncle had no choice! ” do you know that our lu family lives in such a big house? just the servants alone cost more than a hundred thousand a month! and your sister, she’s a big girl now. she needs to buy some pretty clothes and jewelry and dress up so that she can marry well like you, right? your uncle is doing this for the family!”

luo chenxi knitted her brows. before she could say anything, luo xiudi had changed the topic in a hurry.

“anyway, your uncle’s business has been doing well, but recently, there’s been a problem ... he ... he was framed and sent to prison! now, the lawyer told us that if we can compensate him with a large sum of money, he can get a lighter sentence or even be released on the spot. otherwise, he ... he will have to go to jail for several years ...”

luo xiudi’s words were very abrupt, completely skipping over the key point of what crime lu haoxuan had committed.

he seemed to be hoping that lu chenxi would ignore this point.

however, lu chenxi was not a fool. how could she possibly not notice that?

even if lu xiudi didn't mention it, she could guess that not only did lu haoxuan break the rules and start a company outside, but he also used the power in his hands to seek huge benefits for himself.

otherwise, even if they were found out, they would only be fired, not be pursued for criminal responsibility.

luo chenxi sneered, 'so? what does what you've said have to do with me?'

luo xiudi did not expect that luo chenxi would have such a cold attitude as if the matter had nothing to do with her. she became anxious at once.

"chenxi, haoxuan is your uncle after all! how can you not care about him? didn't he treat you well when you were young? how can you be so ungrateful!"

"not bad? hehe ..."

the coldness in luo chenxi's eyes deepened.

compared to luo xiudi and lu yajing, lu haoxuan didn't have the word " bad " written all over his face.

however, her 'uncle' was the first person who clamored to kick luo chenxi and lu wenjun out back then.

it was all because great-grandfather lu had said that he would leave some of the properties in the family to lu wenjun, which had affected his interests.

Chapter 1042: that's really wishful thinking!

the corners of luo chenxi's lips curled up into a mysterious smile.

"so? mrs. lu, you mean ... how do you want me to help you?"

when luo xiudi heard her words, she thought that her attitude had changed. she immediately felt relieved and said what was in her heart.

"chenxi, i knew that you're a good and loyal child. you won't leave us alone! actually, it's too easy for you to help your uncle! the mu family was a big family and had a good relationship with the presidential palace. this kind of thing could be solved with a word from young master mu. he sent a message to B city government, saying that your uncle will be released tomorrow!"

luo chenxi almost burst out laughing upon hearing his words.

these people from the lu family ... they were really dreaming!

she curled her lips and deliberately looked very embarrassed.

"that ... that's not possible. you don't know, but the mu family's relationship with the presidential palace is not as good as the rumors say. besides, the president's house can't directly control a small city court. it's impossible to release her directly ..."

“what? how could he not release her? the mu family was so powerful! chenxi, go and beg young master mu. doesn’t he dote on you a lot?”

i really can’t do that, ” luo chenxi said.

luo xiudi appeared to be extremely disappointed. she hesitated for a moment when she saw luo chenxi’s solemn expression.

“alright, if ... if you can’t let him go, then give us some money! if he compensated them, he could get a lighter sentence! the lu family has raised you up and spent a lot of money on you. it’s only right for you to take out the money!”

boxn ov el. c o m

“give me the money ... how much do you want?” luo chenxi curled her lips coldly and asked.

luo xiudi thought for a while and gritted her teeth. ” not much. two hundred million will do! ”

“two hundred million ...”

the sneer at the corners of luo chenxi’s lips grew deeper.

she really didn’t know how luo xiudi had managed to say that. she had actually asked for 200 million yuan the moment she opened her mouth!

“that’s impossible, right? if uncle is involved in the case of hundreds of millions of dollars, then it’s not something that can be solved with just a few years of imprisonment. he’ll be sentenced to at least life imprisonment, and may even be executed!”

“your uncle’s case only involves 30 million yuan, but do we still have to make a living as a family?” luo xiuxuan asked. even if your uncle is released, how will he find a job in the future with this stain on his record? even if you can find one, can you support our entire family?”

“by the way, your sister is getting married soon. the minister’s family thinks that our family background is too low, so they won’t agree. if we don’t prepare a dowry for yajing, how can she be happy? as an older sister, you can’t just care about yourself and not think about your younger sister, right?”

“anyway, the mu family has married you, but they haven’t officially come to ask for your hand in marriage. they didn’t even give you the betrothal money. this 200 million yuan can be considered as the betrothal money from the mu family. the mu family has a lot of money, and this 200 million can be easily taken out. we’re taking too little!”

the more luo xiudi spoke, the more confident she became.

actually, it had already been a month since lu haoxuan got caught. the lu family was at their wits ‘end and had no other choice.

he did not expect to see the news of luo chenxi marrying into the mu family on television.

this time, luo xiudi’s mind immediately became active.

although that little slut was usually an eyesore, now that she could use her to climb up the mu family's ladder, she would definitely not miss such a good opportunity!

Chapter 1043: i really didn't know you liked third brother xu

luo chenxi was stunned upon hearing luo xiudi's shameless words.

they couldn't believe that someone could say such shameless words so righteously!

luo chenxi's expression darkened. even the last trace of her patience had disappeared.

"mrs. lu, let me remind you that my surname is luo, not lu!" he said coldly. besides, even if the mu family were to give the betrothal money, it would only be for my mommy. no matter how i look at it, it's impossible for them to give it to you. you guys can stop daydreaming!"

"alright, it's getting dark. you should leave early. aunt chen, help me send them out."

luo chenxi asked him to leave without any trace of politeness after she finished speaking.

although she knew that lu yajing and her daughter were up to no good the moment she saw them, she still felt depressed when she heard their exorbitant demand.

encountering such a disgusting thing before dinner simply affected his appetite.

aunt chen immediately walked over upon hearing luo chenxi's order.

"mrs. lu, miss lu, this way please ..."

luo xiudi and lu yajing widened their eyes and fixed their gaze on luo chenxi. they did not expect that luo chenxi would not pay a single cent. instead, she wanted to kick them out immediately!

luo xiudi immediately called out, "luo chenxi! you ... you actually want to drive us out! what right do you have to chase us away? we are your relatives! our lu family is your benefactor! if it wasn't for the lu family, you would've starved to death in the orphanage. now that the lu family has raised you up, they're just asking you to fork out some money, and you didn't even take a single cent!"

boxn ov el. c o m

lu yajing was much smarter than her mother. she didn't start scolding her. instead, she put on a pitiful look and pretended to wipe her tears.

"sister, don't ... don't be angry. i know that you've always had a prejudice against me. because i was with ... with third brother xu when you were abroad ... but ... but, sister, i can swear to god that i have no intention of stealing your girl! third brother xu and i ... it was really an accident!"

luo chenxi was stunned for a few seconds upon hearing his words.

"third brother xu? what did that mean? you mean ... xu yongan?"

luo chenxi did not expect lu yajing to mention xu yongan all of a sudden.

xu yongan was the third son of the lu family's next-door minister xu, and also lu yajing's boyfriend.

that day, when she went back to the lu family to get the safe, she happened to meet xu yongan at the door.

this man ... how did he get involved with her again?

lu yajing nodded immediately. "sister, you've really misunderstood me. i ... i really didn't know that you liked third brother xu. if i had known earlier, i would never have been with him. no matter how much i like him, i ... i would have held it in!" sister, you have to believe me!"

luo chenxi's expression turned gloomier when she sensed that something was not right in her words.

"lu yajing, stop talking nonsense. you can be with whoever you like. what does it have to do with me? anyway, no matter what you say today, i won't give you money!"

maybe she did have an ambiguous relationship with xu yongan when she was young.

however, that was just an illusion during puberty. she didn't feel it anymore after she grew up.

lu yajing had deliberately brought up such an irrelevant matter. she clearly had no good intentions.

"sister, you must still be blaming me and third brother xu! believe me, i really didn't ..."

Chapter 1044: chapter 1048-coming to the guest room to catch someone

when luo chenxi heard her digressing further and further, she finally could not bear it anymore. she turned around and instructed aunt chen.

"go and call the security guard in ..."

before she could finish her sentence, she heard familiar footsteps coming from the door.

the person didn't even knock on the door and directly pushed it open and walked in.

"what are you guys talking about ... poaching? who's third brother xu?"

mu yichen's tall figure appeared before everyone's eyes.

he walked straight toward luo chenxi. he glared at her as he walked.

he had been holding back his anger in the sports car just now. when he got home, he locked himself in the study room and waited for the stupid woman to come and coax him.

in the end, this woman completely ignored him.

he waited for a long time, but no one came, so he had to go to the dining room to eat.

in the end, he learned that luo chenxi had gone to the reception room to meet the guests an hour ago. moreover, she was still inside.

mu yichen scoffed coldly, "this woman is outrageous! you're already married, but you're not going with your husband to see a guest? this is outrageous!"

boxn ov el. c o m

he found such a legitimate reason for himself and immediately went to the guest room to arrest her.

luo chenxi had yet to celebrate when she saw young master mu's sudden appearance when she heard his question. her heart skipped a beat.

mu yichen's hearing was so good that he could even hear that ...

how was she going to explain this to the king of jealousy?

her mind was spinning quickly. she used her hand to support herself on the sofa's armrest and wanted to get up. "hobby, why are you here? " didn't you go to eat?"

luo chenxi had just lifted her butt when her shoulder was pressed down by the man.

a strong force hit her and made her sit back on the sofa.

mu yichen sat down close to her. he stretched out his long arm and clasped her shoulder. he pulled her into his arms in a possessive manner.

"stupid woman, do you know what time it is? the whole family is waiting for you to eat alone. can't you have some sense of family? he's still receiving guests at this time! what kind of guest is so important?"

luo chenxi said in astonishment,"huh? did his parents not eat? where's tang tang? at a time like this ..."

"so you know this is the time!" mu yichen glared at her fiercely. " what's the matter exactly? why haven't you finished your sentence after so long? who were these two people? SL group or yan heng's crew?"

when he heard that someone was looking for luo chenxi, mu yichen's first reaction was that it was someone who was related to his little woman at work.

after all, luo chenxi's career was developing very smoothly at the moment. she could be said to be a hot newcomer in the fashion industry.

however, when mu yichen's gaze fell on lu yajing and her daughter, he denied his earlier speculation. " no, they don't look like it. who are they? "

although he hated people who were related to sheng yu, he had to admit that the designers of SL holdings had good taste.

these two women were dressed so frighteningly. sheng yu was not that low, was he?

luo chenxi wanted to chase the outrageous mother and daughter away as soon as possible. she did not want them to bump into mu yichen at all.

but now that young master mu was here, she could only casually introduce him. " "oh, these two ... ms. luo xiudi is my mother's sister-in-law, and ms. luo's daughter, lu yajing. they used to be my aunt and cousin. but mommy and i have cut off all ties with the lu family ..."

mu yichen immediately understood the situation. his sharp, black eyes squinted at once.

Chapter 1045: so handsome that i can't breathe

a while ago, in order to find out lu wenjun's whereabouts, young master mu had specially sent people to investigate the lu family in B city.

that was why he knew that the lu family had these two people.

at the same time, he also knew what they had done to luo chenxi in the past.

although she was not as bad as the luo family, she was still a good girl.

at the thought of this, his tone became more impatient. "the two of you, since you have nothing to do with my wife anymore, may i know what advice you have for visiting today?"

"this ... this ..."

the mother-daughter pair was speechless for a moment.

luo xiudi felt a little guilty as she was intimidated by mu yichen's cold and stern aura.

lu yajing, on the other hand, was simply stunned by young master mu.

she did not expect that she would actually have the chance to see the nation's husband, mu yichen, with her own eyes!

young master mu's photos on the internet were already so handsome that it made people breathless. at the time, she thought that mu yichen's photos on the internet must have been edited.

however, when she saw him in person today, she realized that mu yichen was a few times more handsome than he was in his photos!

boxn ov el. c o m

after all, the photo was dead, and it couldn't reflect the cold and noble temperament of young master mu.

lu yajing felt that she couldn't even breathe. she didn't even dare to blink.

at this moment, the high and mighty noble young master suddenly moved.

he wrapped his arm around the petite woman by his side. he turned his head to the side and kissed luo chenxi on the cheek.

at the same time, a deep and sexy voice sounded, "i don't think they're all right, what are you doing here? go and eat, little candy keeps asking you to accompany her, i can't even coax her, what a little troublemaker."

"by the way, tang tang can't eat late, it's not good for your health! i'll go over now!"

luo chenxi stood up hastily.

mu yichen followed closely behind her. he was so close to sticking to her.

seeing that the two of them were about to leave, lu yajing immediately came back to her senses and couldn't help but shout, " young master mu, please ... please wait! "

mu yichen acted as if he did not hear her voice and walked forward on his own.

lu yajing was anxious and said loudly, "young master mu, do you know ... about luo chenxi's past?" i ... i can tell you! she's hiding a lot of things from you!"

mu yichen stopped in his tracks upon hearing this. he turned around.

luo chenxi's expression changed all of a sudden. she then turned around and looked at lu yajing coldly.

she had almost forgotten that lu yajing knew something about what had happened four years ago, although she did not know the details.

lu yajing was so excited that her heart almost jumped out of her throat when she saw mu yichen looking at her. she said subconsciously, "young master mu, luo chenxi used to ..."

the only thought in her mind at the moment was to dig out all of luo chenxi's dark history so that young master mu would dump her on the spot!

the moment she saw young master mu, lu yajing's jealousy, which she had been suppressing all this time, finally burst out.

what right did a woman like luo chenxi, who had nothing but her looks, have to marry into the richest family and a handsome and rich man like mu yichen?!

it was apparent that luo chenxi could not even compare to a single finger of lu yajing!

she must have used some underhanded means to hide her past and deceive young master mu ...

she was going to expose luo chenxi's true colors today!

however, just as she started, luo xiudi suddenly pulled her back.

Chapter 1046: i don't want to hear anyone spreading rumors about my wife!

lu yajing's voice suddenly stopped.

when she turned around, she saw that luo xiudi's face was livid as she glared at her.

before lu yajing could react, she heard luo xiudi say, " cough, cough. young master mu, don't listen to my daughter's nonsense. chenxi is a good child. in the past ... in the past, she was young and insensible. she only had one boyfriend, but it's been a few years since then. it's not a big deal!"

lu yajing looked at her mother in disbelief.

luo xiudi shot her another warning glance before she turned around and continued to smile at mu yichen.

"young master mu, chenxi has really misunderstood us. back then, when her grandfather was still alive, he did say that he would kick her and my sister-in-law out of the house. however, wasn't that just an old

man who spoke without thinking in a fit of anger? her grandfather regretted it before he passed away and took back his words. so, we're still a family!"

mu yichen glanced at her coldly, but his face remained expressionless.

luo xiudi felt uneasy as he stared at her.

however, she knew that this was her only chance to make a fortune, so she braced herself and continued, "that ... young master mu, no matter what, the lu family has adopted chenxi. this is a fact! now, chenxi had married into the mu family, but her uncle was in trouble. she ... she couldn't just leave him be! otherwise, people will say that chenxi is ungrateful!"

upon hearing his words, luo chenxi could not help sneering before mu yichen could even speak.

"i'm ungrateful? are you guys joking? i don't care what other people say about me ..."

however, mu yichen interrupted her before she could finish her sentence, "what happened to lu haoxuan?"

boxn ov el. c o m

luo chenxi was stunned. she turned around and took a glance at mu yichen in surprise.

her husband usually didn't care about other people's business. why was he ...

when luo xiudi heard this, she quickly explained lu haoxuan's case.

luo xiudi didn't dare to play any tricks in the face of the cold and powerful young master mu. she told him everything about lu haoxuan.

the case was not too different from luo chenxi's speculation earlier.

lu haoxuan had used the power he had in his hands when he was working at the city government to corrupt and take bribes for the benefit of his own company, and that was why he had been arrested.

mu yichen had been silent all this while. he only spoke coldly after listening to her, "go to the mu group to collect the check tomorrow."

luo xiudi's face immediately lit up with joy. "young master mu, you're the best! thank you so much! you and our chenxi are really ..."

mu yichen did not give her the chance to finish her sentence. he said coldly, "if you take the money, then shut up. i don't want to hear anyone spread rumors about my wife! also, my wife has just said that she has cut off all ties with the lu family. you'd better remember this! if i see you appear in front of my wife again ... don't blame me for being impolite! send the guest away!"

aunt chen had called the security guards over as per luo chenxi's request earlier. they were all waiting at the entrance.

at mu yichen's order, the security guards came in to drive them away.

luo xiudi and lu yajing had wanted to continue to stay, or at least get the cash on the spot before leaving.

however, in the face of the fierce security guards, they didn't dare to say anything and could only walk to the door unwillingly.

"ouch!" lu yajing suddenly cried out when she passed by luo chenxi and mu yichen. her body fell toward young master mu's direction ...

Chapter 1047: she wasn't willing to accept this!

however, lu yajing was caught by the security guard beside her before she could even touch a strand of mu yichen's hair.

she wanted to fall, but she couldn't.

lu yajing had already thought of a bunch of excuses and was ready to say it when young master mu supported her. who knew that the first step would be stuck!

she froze.

luo chenxi's gaze swept over and she said with a faint smile, "miss lu, how come you can't even walk steadily? he had to be more careful in the future! fortunately, you're in my house and there's someone to help you. if you fell on the streets, you'd have to spend money to go to the hospital! the lu family is already in a difficult situation, i wonder if they can afford the medical fees?"

lu yajing gritted her teeth and glared at luo chenxi ferociously. her eyes were bloodshot and red with jealousy.

she had been competing with luo chenxi ever since she was young.

back then, luo chenxi was expelled from school due to an accident abroad. she had also snatched away the minister's son who had a crush on luo chenxi in the past. she thought that she would be able to trample on luo chenxi for the rest of her life.

he did not expect luo chenxi to become the mu family's young mistress in just a few years!

she was unwilling to accept this!

however, no matter how unwilling lu yajing was, it was useless.

mu yichen did not even spare her a glance from the beginning to the end. he only pulled luo chenxi's hand and urged her, "alright, stop nagging. tang tang has been waiting anxiously!"

boxn ov el. c o m

luo chenxi ignored lu yajing and jogged after her.

lu yajing was filled with jealousy and hatred as she watched the two of them leave. she clenched her teeth so hard that she almost broke them.

"mrs. lu, miss lu, please hurry up. after i send you off, i still have to bring desserts to young madam. i can't afford to delay!"

with an impatient look, aunt chen ordered the security guards to drive them away.

lu yajing's expression was extremely ugly. she wanted to say something, but luo xiudi pulled her away and left the mu family.

as soon as they left the villa, lu yajing couldn't help but shake off luo xiudi.

"mom! you ... why do you keep pulling me? why didn't you let me tell you the truth just now? 'that little bitch luo chenxi must have done something so embarrassing in the past. she must have kept it from young master mu. she's trying to cheat him of his marriage!' i'm going to expose her and let young master mu know her true colors! let's see if she still dares to be so arrogant and proud!"

lu yajing's eyes were filled with gloom.

just now, when she was "invited" out by the security guard, she noticed a silver-white rolls-royce parked in the courtyard of the mu family's house. it looked very familiar.

isn't that the sports car that picked luo chenxi up from the lu family's house late at night when she returned to B city?

she remembered that she had told xu yongan at the time that the person who could afford such a luxury car must be of a certain age and would never marry a woman like luo chenxi.

the person in the car must be luo chenxi's godfather!

now that she thought about it, it was like a tight slap to her face!

when luo xiudi heard her words, she suddenly became nervous and stopped her in a low voice, "what are you talking about? quickly shut up!"

she looked around to make sure that the security guards of the lu family had all gone back, then she glared at lu yajing.

"are you stupid? mom knows that you're definitely unwilling to accept this, and mom also feels uncomfortable. 'that wretched girl, luo chenxi, is inferior to you in every way. she's also so indecent. she's only married to young master mu by sheer luck!' but what good would it do you to expose her now? if she's chased out of the mu family, who's going to give us money? who's going to help us get your dad out?"

Chapter 1048: the wicked girl luo chenxi will be driven out of the mu family sooner or later

lu yajing wasn't stupid. she immediately realized what was going on.

he also realized that he had done something stupid.

however, she was still extremely jealous when she recalled how considerate mu yichen was toward luo chenxi. she could not calm down no matter what.

"mom, look at luo chenxi. she doesn't plan to give us any money at all. she doesn't even want to acknowledge us! do you think that by providing for her, she will think of the lu family? she's an ingrate!"

luo xiudi agreed with him.

luo xiudi had an unpleasant expression on her face when she recalled luo chenxi's attitude earlier. "that's right. if it wasn't for young master mu's relenting this time, we would have returned empty-handed. that wretched girl actually said that she has already cut off all ties with us! bah! what kind of art did she use since she was young? how much money did she spend on the lu family? even though lu wenjun is the one paying for it, isn't her money the lu family's money?"

lu yajing nodded. "that's right! if not for the lu family, she would have starved to death! you actually dare to show us your attitude! i must teach her a lesson!"

"enough!"

luo xiudi's mind was still clear. she quickly stopped her. "don't be meddlesome. the most important thing now is to get the money from the mu family. we need money to redeem our villa. also, do you still want to settle your marriage with xu yongan? now that you have a cousin who is the young mistress of the mu family, that will add to your status! do you know that?"

"mom, i ... of course i know, don't worry ..." she said.

lu yajing didn't expect that even luo xiudi wouldn't support her.

she couldn't win against luo xiudi, so she could only pretend to agree.

boxn ov el. c o m

luo xiudi was fooled by her and said, "it's good you know! 'don't worry, a wretched girl like luo chenxi will be driven out of the mu family sooner or later. it's not that easy for her to gain a foothold in a rich and powerful family with her pretty face alone. when we get the money, who would care about her life? and you ... you're already the third young mistress of the xu family!"

in the past, lu yajing would have been very excited to become the young mistress of the xu family.

but now, the more she heard, the more she felt upset.

luo chenxi was married to young master mu. xu yongan's family background was nothing compared to the mu family!

even if luo chenxi would be kicked out of the house sooner or later, being able to be with a man like mu yichen ...

even if it was just for a day, he was not worthy of a woman like luo chenxi!

lu yajing stared at the door of the mu family's house, and a cold light flashed in her eyes.

.....

in the mu family's villa.

luo chenxi suddenly felt a little cold. she sneezed twice in succession.

"big sister, are you sick?" the little ball immediately raised its head, nervousness written all over its little face.

tan yueru also looked over and asked with concern, " "daughter-in-law, did you catch a cold? it's late autumn now and the weather is getting cold. you have to wear more clothes when you go out."

luo chenxi shook her head hastily. " i'm fine. i think i was exposed to the wind outside this afternoon ... "

tan yueru nodded and asked, " " by the way, the two ladies who came to see you just now seemed to say that they were your relatives. why didn't they stay for dinner? "

luo chenxi paused for a moment upon hearing his words. she only spoke after a while.

" they're my ... mommy's relatives. we were chased out by the lu family and they said that we're going to cut off all ties. i didn't expect them to come over so suddenly. "

tan yueru was a smart person, so she immediately understood what he meant.

Chapter 1049: the key is that you can't let my daughter-in-law suffer any grievances, understand?

" it's because you've married into our mu family. that's why i'm here to claim kinship with you and ask for benefits. " tan yueru sneered.

luo chenxi appeared to be feeling slightly guilty. " mother, i'm sorry for causing trouble for the family ... "

"what trouble? this isn't your fault!" tan yueru interrupted her.

then, he turned to look at mu yichen. " you rascal, you'll have to handle your daughter-in-law's family matters well. " our family doesn't lack that bit of money, so it's fine to give a little. the key is that i can't let my daughter-in-law suffer! do you know that?"

luo chenxi felt a warmth in her chest. she looked at tan yueru, touched.

it was said that the biggest taboo in such a rich family was to marry a daughter-in-law from an ordinary family, who had a bunch of entangled relatives who came to ask for benefits every day.

however, tan yueru didn't care about that at all. she only cared about whether she had been wronged!

on the other hand, mu yichen was expressionless. his tone was flat as he said, " i'll take care of my wife's matters myself. you don't have to worry too much about it, mother. you just have to take care of weiwei and yiling. "

why was his wife always being thought of by this and that?

tan yueru glared at him angrily.

this little brat!

so what if you're married and have a wife?

boxn ov el. c o m

if it wasn't for the fact that his wife was so likable, she would have kicked him out of the house!

mu yunfeng slammed the table. " you brat, how could you speak to your mother like that? "

mu yichen remained calm in the face of mu yunfeng's fury. he put down his napkin and stood up. he spoke in a neither-hurried nor slow manner, "dad, you're protecting your wife. of course, i'll protect my wife too."

luo chenxi was reminded of something when she saw mu yichen getting up and walking toward the second floor. she stood up and followed him into the study room.

"um ... mu yichen, i have something to tell you."

mu yichen sat in front of the study table. he raised his eyes and glanced at her indifferently, but he did not say anything.

luo chenxi pursed her lips and strode over. she only stopped when she was right in front of mu yichen.

"mu yichen, i was calling you. didn't you hear me ..."

before she could finish her sentence, she felt a grip on her wrist. the man grabbed her and pulled her back.

luo chenxi lost her balance and fell in mu yichen's direction. she fell into his arms.

mu yichen cast a sidelong glance at her with a look of disdain. "if you want me to accompany you, just say it. why are you still saying that you have something on?!" "i'll satisfy you now."

he clasped luo chenxi's waist firmly. he turned around and pinned luo chenxi down on the office table. he lowered his head and kissed her.

"mu ..."

luo chenxi had just uttered a word when her lips were sealed.

he couldn't help but feel as if a large group of divine beasts were galloping across his heart!

this man ... was his brain filled with such rubbish? when did she say she wanted him to accompany her?

however, young master mu had always been very domineering in this aspect. he only let go of luo chenxi after he had kissed her enough.

luo chenxi pushed him away hastily. "mu yichen, let me finish first!"

it was obvious that mu yichen was not satisfied. he did not look too happy.

however, he had no choice but to ask when he saw luo chenxi's solemn expression, "what do you want to say?"

luo chenxi cleared her throat. "well ... mu yichen, you don't have to give lu yajing and the others money today. "it was my mommy who raised me, not them! besides, you have no obligation to meddle in my family's affairs ..."

mu yichen squinted his eyes. "that's all you want to talk about? don't worry, i won't give you too much. at most, i'll give you 20 million. i've heard about this case a few days ago. the lu family's assets can be sold for about ten million yuan. they just have to pay back the money."

Chapter 1050: what childhood sweethearts? they don't exist!

"but ..."

luo chenxi still felt that it was inappropriate.

mu yichen said, "actually, that old woman was right about one thing. you're the adopted daughter of the lu family after all. you grew up in the lu family since you were young. if you really don't give them a single cent, it's inevitable that they will go out and ruin your reputation. even though you know how they treat you, outsiders don't know and will inevitably slander you."

"twenty million is just a small amount anyway. it'll save us a lot of trouble to shut them up."

mu yichen's gaze deepened as he spoke.

what he didn't say was that he didn't plan to pay, but lu yajing had just mentioned four years ago, which made him alert.

even though he was completely unconcerned about what had happened in the past, luo chenxi's refusal to marry him because of the incident that happened in the past must have been a serious matter.

he wouldn't give lu yajing a chance to spread the word.

if the lu family kept their mouths shut after receiving the money, he didn't mind helping them.

after all, he had heard that his mother-in-law still cared a lot about the lu family. he would just take it that he, as her son-in-law, was being filial.

however, if lu yajing was still greedy ... he had other ways to make them shut up forever!

"but, mu yichen, based on my understanding of lu yajing, she won't be so easily satisfied ... " luo chenxi still wanted to persuade him further.

the man's finger pressed on her lips, stopping her.

"if you're in the mood to talk about this, why don't you explain to me ... what kind of person is third young master xu? hmm?"

luo chenxi was stunned for a moment. you mean ... third brother xu?"

isn't this topic changing too quickly?

why did it suddenly jump to xu yongan?

mu yichen sneered. "brother ... xu san? she actually called him brother? is this considered childhood sweethearts?"

luo chenxi shuddered.

her strong desire to live forced her to explain immediately. "hubby, you heard wrong. who called him brother?" no, there was no such thing! i used to play with xu yongan when i was young, but childhood sweethearts? that didn't exist! it's not our tang tang and shaoxuan ... ah, bah bah bah, pretend i didn't say that ..."

when she saw mu yichen's expression turning darker by the second, luo chenxi immediately realized that she had said the wrong thing again.

an idea came to her. she suddenly straightened her back and hooked her arms around mu yichen's neck. she took the initiative to lean toward him.

"honey, you've met xu yongan before. he was the man who sent me out with lu yajing when i was waiting for you at the lu family's gate. you know that i only like handsome guys, not the kind that i like ..."

mu yichen furrowed his brows ever so slightly as he recalled the scene at the time.

there was indeed a fly around his little woman!

however, he had seen it for himself the other day. the kid's mouth hair had not even grown fully, and he looked like he was easy to bully. one look and he knew he was not competitive.

thinking of this, he was relieved.

however, his mouth refused to relax, and he snorted coldly, " " then if he's handsome, you'll take a fancy to him?! "

luo chenxi shook her head repeatedly. " no, no, no. there's no such thing! how could anyone be more handsome than you? it was impossible! it didn't exist! in my eyes, my husband is the most handsome ... mu yichen, what are you trying to do?"

"who would believe you? prove it to me!"

the little white rabbit was pressed down on the desk by the big bad wolf and was eaten clean.

it was only then that luo chenxi recalled that she had fallen into someone's trap again!
