

Sweetheart 1051

Chapter 1051: there's no good in the fu family!

the next morning, luo chenxi supported her sore waist and got out of bed with difficulty.

when she got out of bed, she even tripped over the bedsheet and almost fell.

“mu yichen, you shameless stinky man ... you're a beast!”

luo chenxi's face was flushed red.

on the office desk ...

this position was too challenging, and her waist almost broke!

luo chenxi rushed to the dining room in an aggressive manner after she was done washing up. she was planning to question a certain man.

however, just as she went downstairs, she was attracted by a slender figure in the living room.

” damn it, how dare you say that about my sister-in-law. you're simply courting death! ”

the expression on mu weiwei's face was unusually malevolent. she clutched her phone tightly and pressed it with all her might. from the looks of it, she would break the phone screen if she used a little more force.

luo chenxi was startled. she walked over hastily. ” weiwei, what are you doing? be gentler ... to your phone ... ”

however, before she could finish her sentence, she heard a soft ” kacha ” sound.

boxn ov el. c o m

a clear crack appeared on the screen of mu weiwei's mobile phone, and it was still spreading in all directions.

luo chenxi was at a loss for words.

the moment mu weiwei saw her, she flung her phone away. ” sister-in-law, you're finally here! ”

luo chenxi snapped back to her senses. ” weiwei, your phone's broken ... ”

” don't worry about my phone. it's fine if it's broken. i'll go buy a new one later. ”

the fruit XS worth more than ten thousand yuan was broken two days after she bought it. the eldest daughter of the mu family did not even have the intention to repair it. she tossed the phone with the broken screen aside immediately. she turned around and grabbed luo chenxi's sleeve with an excited expression.

“sister-in-law, do you know that someone is defaming you on the internet again? and it's someone we know, that fu jiatong!”

“ah?” luo chenxi was slightly stunned. she understood the situation immediately. “oh, she must be here for the interview at director yan’s production unit yesterday, right?”

mu weiwei’s eyes lit up and she nodded repeatedly. “yes, yes, yes. sister-in-law, you’re so amazing. you know everything!”

luo chenxi was at a loss for words.

she suddenly felt that mu weiwei’s admiration for her was a little too much.

she had just fought with fu jiatong yesterday, and fu jiatong was such an arrogant person. what was so hard about guessing?

mu weiwei was extremely furious. she said loudly, “sister-in-law, you don’t know how much fu jiatong went overboard. she even hinted to the reporters that the crew had already decided to use her, but you used my brother’s behind-the-scenes operation to bring funds into the crew and squeezed her out! she’s just a young miss from the president’s house. what right does she have to say that others are bullying others?”

mu weiwei gritted her teeth. she wished she could rush to the fu residence and give fu jiatong a good beating.

in comparison, luo chenxi appeared rather calm.

she raised her eyebrows and laughed, “wei wei, you’re angry because of this? she actually broke her phone. was it really necessary? there have been many people who criticized me in the past, but i’ve never seen you so excited.”

“why not?” mu weiwei said angrily. the fu family and our mu family are old friends! the last time fu jiatong came to our house, she was so good at pretending, but the moment she left our house, she went online to defame you! i already said that fu jiatong wasn’t a good person! no, no, there’s no good in the fu family!”

the more mu weiwei spoke, the angrier she got.

fu jiatong’s younger sister was already annoying enough, but fu linchen, that old fox, was even more shameless!

until now, every time she thought of how fu linchen had threatened her, she would be so angry that she couldn’t eat.

Chapter 1052: he’s a hypocrite, he’s just pretending!

luo chenxi did not expect mu weiwei to be so angry. she had a puzzled expression on her face as she took a few extra glances at her.

“wei wei, please calm down. although fu jiatong had gone too far this time, it only represented her, not the entire fu family. didn’t the fu family’s eldest young master who came to our house last time look like a talented man? one look and you can tell he’s outstanding.”

on the other hand, luo chenxi had a very good impression of fu linchen.

she didn't know why, but the first time she saw him, she felt that he was very kind, like a big brother.

even their little dumpling liked fu linchen very much and kissed him the moment they met.

one should know that the little dumpling had always only liked beautiful aunties. she was rarely so passionate toward men other than mu yichen.

mu weiwei's eyes widened when she heard this.

"what? sister-in-law, how dare you say fu linchen is good! he's a hypocrite, he's just pretending!"

luo chenxi was stunned. she asked in puzzlement, "what? why do you say that? even your big brother said that fu linchen is a good man and has high hopes for him to become the new president."

"i ... i ... this ..." mu weiwei was suddenly at a loss for words. she mumbled for a long time, but she could not come up with a proper explanation.

she really wanted to expose fu linchen's true colors in front of her sister-in-law.

however, she couldn't possibly tell him that she had gotten drunk and raped fu linchen, could she?

boxn ov el. c o m

wouldn't that be a confession?

it was not easy for her to seal fu linchen's mouth and suppress this matter!

luo chenxi could not help frowning when she saw her hesitant expression. "what's going on? did fu linchen bully you? i'll ask your big brother to ask him ..."

"no, no, no, no... no such thing!" mu weiwei quickly interrupted her, "i ... i just don't like the look of him ..."

if her brother asked fu linchen, she would be finished.

mu weiwei felt extremely aggrieved. however, she could only swallow her anger.

luo chenxi was unaware of the truth, so she believed her when she heard that.

"i know you quarreled with him last time, so you don't like him. but the fu family is the mu family's ally, after all, so don't target him. as for fu jiatong's matter ..."

mu weiwei became excited again when she heard fu jiatong's name.

"sis-in-law, fu jiatong is spreading rumors everywhere, you can't let her do what she wants! tell this to big brother and let him vent your anger for you!"

luo chenxi took a glance at her in amusement and shook her head.

"you ... do you really need to ask your brother for help? if fu jiatong starts a rumor on the internet, the first thing she'll do is harm the interests of the crew. the crew will definitely clarify it, so there's no need to worry too much."

“but ...”

luo chenxi walked over and pulled mu weiwei up. “ alright, don’t be angry anymore. let’s go for a meal together. ”

mu weiwei was about to say something, but she could only stand up unwillingly when she noticed that luo chenxi did not take it seriously at all.

.....

luo chenxi had just sat down at the dining table when the little dumpling’s soft little body leaned toward her.

“big sister, why did you just get up? daddi said you’re sick, is that true?” the little dumpling looked up at her worriedly.

the corners of luo chenxi’s lips twitched. she could not help but turn her head around and glared at the man sitting opposite her.

did mu yichen not know why she had woken up late?

he actually started a rumor!

there was no expression on mu yichen’s face. he did not even take a glance at luo chenxi. he lowered his head and focused on the food on the plate.

Chapter 1053: daddi has to be busy earning money to support tang tang and big sister

it was obvious that mu yichen had received an excellent education since he was young. his every movement was elegant and noble. even the way he ate was pleasing to the eye.

on the other hand, luo chenxi was so infuriated that she was grinding her teeth.

acting!

this big-tailed wolf was still pretending for her!

“big sister?”

luo chenxi felt the little dumpling tugging at her sleeve gently. she turned her head hastily and forced a smile.

“ um ... tang tang, be good. big sister isn’t sick. she was just a little tired yesterday, so she slept a little longer. ”

the little furball blinked its big eyes and stared at her for a while. seeing that she was fine, it was relieved and a smile appeared on its toot little face again.

“ then will big sister be accompanying tang tang to the sports meet today? ”

luo chenxi was stunned for a moment. “ the sports meet? ”

the little dumpling nodded.

luo chenxi recalled it immediately.

boxn ov el. c o m

xiao tuanzi's kindergarten teacher had indeed informed her to accompany her to the parent-child sports day.

of course, luo chenxi agreed to it at once.

to be able to play games with the little dumpling and see her in kindergarten with her own eyes, just thinking about it made her very happy!

however, just a few days before the sports meet, xiao tuanzi fell into the water.

the he family attached great importance to this matter and immediately closed yinpi kindergarten for a week to reorganize it, so the sports meet was not held as scheduled.

after the little dumpling returned to school, the teacher informed her of the new sports meet's date. however, luo chenxi had been busy with the interview at the time and had forgotten about it in the midst of her busy schedule.

luo chenxi turned around and saw the little dumpling's anticipating expression. she nodded hastily. "of course, i'll be accompanying you the entire day today!" we will definitely let tang tang get first place in all the events!"

this goal sounded unrealistic.

however, xiao tuanzi did not doubt him at all. its eyes were wide open as it said in surprise, "really? big sister is so sweet!"

"of course!" luo chenxi did not blush at all.

the little dumpling pounced on luo chenxi happily and gave her a few kisses on her face.

luo chenxi held the little dumpling's hand after they were done with their breakfast. they were ready to head to the kindergarten together.

as a result, when they reached the door, they were shocked by the tall figure standing by the door.

"mu yichen? what are you doing standing here?" luo chenxi looked at the man in astonishment.

mu yichen squinted his eyes. "what do you think?"

"ah?"

before luo chenxi could react to the situation, the little dumpling by her side had already spoken.

"daddy, big sister isn't sick. big sister is accompanying tang tang to the sports meet, so daddy doesn't have to go! daddy, go to work and earn money!"

the little ball waved its chubby little hands and said happily.

she didn't notice that her father's face had turned black.

it was only then that luo chenxi came to a realization. " mu yichen, are you joining us for the sports meet? " there's no need to trouble yourself, right? i'm here. "teacher xu said that only one parent is required to attend ..."

"so you're saying that i'm not allowed to accompany my daughter to the sports meet?" mu yichen interrupted her.

luo chenxi was stunned for a moment. " it's not that i don't allow it, but aren't you very busy? "

the little dumpling also chimed in, " daddi is busy making money to raise tang tang and big sister. there's no need to go! "

"i'm not busy, i want to go!" mu yichen emphasized through gritted teeth. at the same time, he could not help but glare at the little dumpling.

was this her biological daughter?

Chapter 1054: one hand holding his wife, the other holding his daughter

the little dumpling thought that luo chenxi was sick in the morning. she pounced into young master mu's arms and acted coquettishly for a long time, asking her father to accompany her to the sports meet.

in the end, he was thrown over the wall as soon as luo chenxi appeared?

mu yichen scoffed coldly. he did not wait for the two at home to speak before he walked out and got into the car.

luo chenxi blinked her eyes. she had no choice but to follow them with the little dumpling.

mu yichen's face darkened the entire time.

the sports car stopped in front of yinpi kindergarten.

luo chenxi and the little dumpling turned their heads at the same time. they took a glance at young master mu's expression before they turned back at the same time.

luo chenxi opened the car door and got out of the car with the little dumpling.

whoever knew that before she could walk forward, her waist was wrapped by a strong and powerful arm. the little dumpling that she was holding was also picked up by the man with one hand.

"mu yichen?" she turned around.

on the other hand, mu yichen only raised his chin arrogantly. he did not say anything but walked toward the kindergarten's main entrance.

many children and parents had already arrived at yinpi kindergarten.

boxn ov el. c o m

these parents were all wealthy and respectable.

however, the arrival of the mu family of three still caused a commotion.

this was because mu yichen had actually arrived in person!

most of the children only had one parent to attend the event. there were only a handful of children like the mu family who had their entire family come.

what's more, young master mu's net worth was in the tens of millions. he must be very busy with work, but he still took out an entire day to accompany his daughter to attend the event.

looking at young master mu holding his wife in one hand and his daughter in the other, the three of them looked so intimate ...

many mothers who brought their children to the sports meet were envious.

the little dumpling was so excited that it kept kicking its legs, trying to get off its father.

even so, mu yichen carried her all the way to the check-in counter before he put her down.

the little dumpling's form teacher, teacher xu, widened his eyes as he looked at the family of three in front of him.

"young master mu, mrs. mu, you're all ... all here ..."

mu yichen had always been cold and aloof when he was outside. he took a glance at teacher xu but did not say anything.

"that's right. the kindergarten only holds a sports event once a year. the child's father and i don't want to miss it," luo chenxi said hastily.

when he heard luo chenxi addressing him as 'the child's father' in such a smooth manner, the coldness on mu yichen's body vanished instantly. he could not help but curl the corners of his lips into a smile.

this stupid woman was quite used to mrs. mu's identity.

"then please sign on the name list," teacher xu said with a smile. "it's right behind mu tianxin's name."

"alright," he said.

luo chenxi picked up the pen. she had just signed her name when she heard the little dumpling's surprised cry, "brother shaoxuan!"

she turned around and saw little bo shaoxuan walking towards them in a handsome, miniature sportswear.

the little furball subconsciously wanted to rush over.

in the end, she was picked up by mu yichen who had sharp eyes and deft hands.

"papa, put me down, i want brother shaoxuan!" the little dumpling stomped its short legs hard.

mu yichen's expression turned even worse. "no, you're not allowed to run around!"

luo chenxi looked behind bo shaoxuan. she could not help frowning. " shaoxuan, where are your parents? "

bo shaoxuan's eyes dimmed. " uh, my father received a call at the last minute. something big happened at the company and he went abroad ... "

"ah? how did this happen?"

luo chenxi shut her mouth sensibly. she did not ask why his mother did not appear either.

looking at bo shaoxuan's lowered head, she suddenly felt motherly love.

such a well-behaved little boy, but he didn't have any parents accompanying him!

an idea came to luo chenxi's mind. she looked at mu yichen. " by the way, your uncle mu hasn't signed the papers yet. let him be your parent! "

Chapter 1055: you're clearly a little toad who only wants to eat swan meat!

as soon as luo chenxi spoke, the surrounding temperature suddenly became cold.

mu yichen's expression darkened at once. he lowered his voice and said, " stupid woman, what did you just say?! "

luo chenxi blinked her eyes. she did not take it seriously at all.

"mu yichen, you clearly heard what i said. look, there are so many children with their parents, but bo shaoxuan is alone. how pitiful! it's not good that he can't even participate in the sports meet. just act as his parent, it won't take much effort."

although bo shaoxuan was young, he was very sensitive to the approaching danger.

he tugged at the hems of luo chenxi's clothes secretly and said softly, " " aunt mu, there's no need. i didn't want to participate in any project anyway. i'm just here to cheer for tang tang. "

luo chenxi was even more touched upon hearing that.

look, look!

this child was so well-behaved and sensible, and he doted on their little dumpling.

it was a sharp contrast to some proud and tsundere people who always had black faces!

she raised her head and fixed her gaze on mu yichen. her attitude was firm. " mu yichen, didn't you hear what i said? so what if you just help shaoxuan a little?"

mu yichen's expression turned even uglier when he saw that she still acted as if it was a matter of course.

boxn ov el. c o m

“what right do i have to be this brat’s parent? i’m here for my tang tang! besides, i’m not related to him.”

before luo chenxi could say anything, the little dumpling was already making a ruckus on the side.

” brother shaoxuan is my youngest son-in-law. big sister said that a son-in-law is a family! ”

the little dumpling blinked her large eyes, which were exactly the same as luo chenxi’s. her eyes were filled with innocence. it was apparent that she did not understand what her son-in-law meant.

luo chenxi’s head buzzed!

his first reaction was that things were going to be bad!

her little dumpling’s mouth was spouting nonsense again. she was really rubbing it in!

when she saw that mu yichen was squinting his eyes and was on the verge of losing his temper, she quickly raised her voice and spoke first, “mu yichen, bo shaoxuan is the son of your good brother, first young master bo! i’ve heard from mom that you wanted to acknowledge him as your godson! you’re not even willing to play the role of a parent for a day. is your brotherhood with bo tingyuan plastic?”

mu yichen gritted his teeth. ” that was in the past! ”

when bo shaoxuan was just born, bo tingyuan was the only father among them. everyone was envious and he thought that bo shaoxuan was quite cute.

however, as soon as the little dumpling was born, he felt that this stinky brat was an eyesore!

which part of this kid was cute? he was clearly a little toad who only wanted to eat swan meat!

luo chenxi patted his shoulder hard. ” hey, what do you mean by ‘in the past’ and ‘now’? one should be more magnanimous! if i had a son as sensible as shaoxuan, i’d wake up laughing in my dreams. if you don’t want to, you can be in charge of tang tang, i’ll be shaoxuan’s home ...”

“no! you’re not allowed to call him your son!” mu yichen was about to die of anger because of this stupid woman!

“if i’m not allowed to do it, are you going to do it?” luo chenxi had an innocent expression on her face.

mu yichen gritted his teeth hard. ” i’ll do it then! ”

he snatched the fountain pen from luo chenxi’s hand. with a gentle wave, he signed his full name next to bo shaoxuan’s.

luo chenxi smiled sweetly at once. ” you’re the best, hubby. let’s hurry and register for the competition! ”

she reached her goal and held the little dumpling’s hand.

the two of them left happily.

young master mu and bo shaoxuan were left speechless.

Chapter 1056: i’m tang tang’s only participating parent

mu yichen only snapped back to his senses after a long while. he turned around and glared at bo shaoxuan without any restraint.

“you brat, you’d better be sensible! our tang tang doesn’t like to play with you at all, do you understand?”

bo shaoxuan stole a glance at mu yichen but did not say anything.

through his meticulous observation and summary, he realized that mu yichen did not have much right to speak in the mu family. hence, his point of view was not worth refuting.

as long as aunt mu liked him, it was fine.

mu yichen did not notice the disdain in bo shaoxuan’s eyes. he thought that his threat had worked and his expression finally softened.

when he saw that luo chenxi and the little dumpling were walking further and further away, he said, ‘hurry up and keep up with them’ before he chased after them in large strides.

bo shaoxuan jogged and caught up with mu yichen.

by the time the two of them arrived, luo chenxi and the little dumpling were already standing in a very long line.

“what is this project? why are there so many people?” mu yichen frowned immediately.

luo chenxi said excitedly, ‘this is a traditional event. i remember that i’ve had it since i was young! the parents will be carrying their children in a race. the top three will receive different numbers of red flowers, which can be used to exchange for various prizes!’

mu yichen followed the direction of her finger and turned his head to look. on the track, this batch of parents and children had already started the competition.

boxn ov el. c o m

those who participated in this project were all a combination of fathers and children. there was not a single mother.

the parents carried their babies on their backs and ran all the way, while the mothers cheered on them.

mu yichen nodded to himself upon witnessing the scene.

he also felt that this project was not bad.

she could let the little dumpling feel how powerful her father was. he had great strength, could run fast, and could protect her. this way, the little dumpling would worship her father even more in the future. only then would his words have prestige!

moreover, in young master mu’s opinion, most of the fathers participating in the competition had the body of a white cut chicken. they were extremely thin and could not be compared to him at all.

he would definitely take first place easily!

at the thought of this, mu yichen did not object to it, which was a rare sight. instead, he followed luo chenxi obediently and joined the queue.

although the line was very long, each group had sixteen pairs of parents and children to participate in the competition, so the speed of progress was still very fast.

it was their turn after ten minutes.

” track six: mu tianxin and her parents ... ”

“here!”

luo chenxi answered in a clear and melodious voice. she held the little dumpling’s hand and walked on the track.

mu yichen quickly called out to her, ” wait a minute, stupid woman. didn’t you hear the rules of the competition? only the participating parents can enter the track!”

luo chenxi blinked her eyes. ” that’s right. am i not the parent of the competition? ”

“of course you’re not, i am! dad is bringing his little friend to participate in this competition!” mu yichen was a little anxious.

what the hell is this stupid woman doing again?!

luo chenxi pouted her lips. ” which rule says that only father can participate? ” how come i didn’t see it? besides, i’m tang tang’s only participating parent. if i don’t bring her, who can?”

“i’m tang tang’s father ...”

“you’re bo shaoxuan’s parent!” luo chenxi interrupted him.

mu yichen was so angry that he clenched his teeth. he wished that he could grab this little woman and teach her a lesson.

however, at this moment, the other participants were already in their positions.

among the parents, luo chenxi was the only female. she attracted the attention of the surrounding parents.

Chapter 1057: this child really knows how to talk

some of them could not recognize luo chenxi and the little dumpling, so they were still discussing them in secret.

“wow, it’s mom who’s bringing a child to the competition! it’s really rare!”

“can this mother do it? look at how slim she is, can she carry our daughter?”

“there’s definitely no problem, but it’s impossible to outrun our daddies, right?”

“this little girl is so cute. but why didn’t daddy come? if i had such a cute daughter, i wouldn’t miss her parent-child event!”

mu yichen was so depressed that he felt like he was about to die when he heard these discussions.

the teacher who was in charge of judging the match couldn’t help but urge, “ little bo shaoxuan and your parents, are you still participating in the competition? ”

“i ...”

mu yichen choked at once.

he really wanted to take part in this competition, but he definitely wasn’t going to carry the stinky brat he hated the most.

boxn ov el. c o m

the referee teacher thought that he had backed out at the last minute, so he ignored him and turned to look at the track.

“all parents, get ready. get ready ... run!”

at the referee teacher’s command, all the parents on the track rushed out!

luo chenxi carried the little dumpling on her back as if she was carrying a little kitten. she did not feel burdened at all. she ran as if she was flying and took the lead to dash out.

her speed was so fast that she left her daddies behind by a large margin as soon as she started running.

the parents who were lining up at the side were all stunned.

no one had expected that this young, beautiful, and skinny mother would be so good at sports!

someone looked enlightened. “ no wonder this family wants their mothers to carry their children. it seems that their mothers are more powerful than their fathers! ” father is probably very weak, right? with such a powerful wife, he must be under a lot of pressure!”

mu yichen’s face was as black as coal.

which eye of these people saw that he was weak?

although his stupid woman was indeed quite powerful, she couldn’t do anything in front of him, okay?

in order to prove his ability, he grabbed bo shaoxuan’s collar without thinking and threw him behind him. then, he rushed onto the track and ran towards the finish line!

young master mu’s speed was indeed very fast. although the other fathers had set off much earlier than him, he still caught up with them one by one.

as a dark horse, he overtook all the parents in front of him and even rushed to the second place!

however, luo chenxi was running too fast. moreover, she had a clear advantage by starting early. hence, mu yichen could not catch up to luo chenxi and the little dumpling even after he ran all the way to the finish line.

by the time he and bo shaoxuan crossed the finish line, the little dumpling had already received the three little red flowers from the teacher with a smile.

when she turned around and saw mu yichen, her too little face showed a hint of disdain.

“papa, why are you only here now? brother shaoxuan, my big sister runs so, so fast that you can’t even catch up to her. isn’t it very lovey-dovey?”

bo shaoxuan nodded repeatedly. “ yes, yes. aunt mu is really amazing! tang tang will be so powerful in the future!”

“really?” the little dumpling was pleasantly surprised and its eyes widened.

luo chenxi found bo shaoxuan more and more pleasing to the eye.

this child really knew how to talk.

on the other hand, mu yichen’s face was ghastly pale. there was not even a hint of a smile on his face when the judging teacher came over to congratulate him on obtaining the second place.

the teacher was so frightened that she stuttered a little.

bo shaoxuan hurriedly took the two red flowers for the second place from the teacher and even said politely, “ thank you, teacher. ”

Chapter 1058: he’s so good at pleasing girls at such a young age

luo chenxi held the little dumpling’s hand and continued to walk forward after the competition ended.

bo shaoxuan was quick-witted as he followed behind luo chenxi.

mu yichen’s expression was unpleasant. he wished that he could throw the brat out on the spot.

however, he could not bear to leave his wife and daughter, so he could only follow behind.

the little dumpling quickly took a fancy to the second item.

“throwing sandbags ... parents will stand behind the red line with the basket in their hands, and children will stand behind the green line that is one meter away. the children would throw sandbags at their parents, and the parents would catch them with the basket. the combination that caught the most sandbags within three minutes would win. wow, this is fun. tang tang, do you want to play this?”

the little dumpling nodded her head. “ big sister, i want to play! ”

“alright, we’ll play this!”

even though mu yichen wanted to throw the sandbag with the little dumpling personally, he was bo shaoxuan’s parent!

boxn ov el. c o m

just like the previous project, he was forced to be in the same group as bo shaoxuan.

as soon as the referee teacher announced the start of the round, the children and parents began to get busy.

this time, mu yichen and bo shaoxuan had an obvious advantage. they had been leading the entire way!

although the two of them obviously did not have any chemistry, arm strength and accuracy were already big problems for most children. many children could not even throw the sandbag a meter away. it was difficult for parents to catch it even if they tried their best.

xiao tuanzi was a very typical example.

she was quite strong, but her aim was very poor, and the sandbags were flying everywhere.

luo chenxi gave it her all and jumped up and down. she had only managed to catch five of them within a minute.

luckily, she was athletic enough. if it were someone else, they might not have been able to catch even one!

in comparison, the little bo shaoxuan opposite him was much more reliable.

the sandbag was thrown in one direction, just a little more than a meter away, which was very easy to catch.

mu yichen was also a quick-witted person. he casually waved his hand in the face of the sandbags that were being delivered to him, and he managed to hit them one after another.

within a minute, he had received as many as ten calls.

mu yichen felt a little smug in his heart. he turned his head and looked at the little dumpling, hoping to see the adoration in his daughter's eyes.

whoever knew that at a glance, he would realize that the little dumpling's eyes were actually red.

the little furball had always been domineering and wanted to be first in everything. this time, it fell behind by so much and realized that it was dragging its big sister's back. it suddenly felt so aggrieved that it was about to cry.

mu yichen was shocked!

before he could react, suddenly ...

a sandbag flew past him and landed two meters away from him.

it's so crooked!

mu yichen raised his eyebrows in astonishment.

he did not expect that bo shaoxuan would also perform badly.

however, the second sandbag flew over immediately after. this time, the sandbag landed directly at bo shaoxuan's feet, not even 10 centimeters away.

mu yichen squinted his eyes as he understood the situation at once.

this brat wanted to give the first place to his daughter!

after understanding this, young master mu was not only not happy, but even more depressed!

at such a young age, he already knew how to please girls. this little brat was really an eyesore!

however, he also wanted the stupid woman and the little dumpling to win. hence, he could only cooperate with bo shaoxuan.

one of them was daydreaming while the other was throwing things around.

soon, the number of sandbags caught by the little dumpling and luo chenxi surpassed them.

” congratulations to mu tianxin and her parents for winning first place! ”

“yay!”

the little ball jumped up in surprise, the tears in its eyes long gone.

Chapter 1059: tangtang also likes daddy!

young master mu and bo shaoxuan heaved a sigh of relief at the same time when they saw the little dumpling’s tears turn into smiles.

just like that, luo chenxi led the little dumpling and swept through all the competition events. they managed to clinch the first place in all the events.

when the sports meet was almost over that afternoon, the little dumpling was already holding a big bouquet of red flowers in her arms.

young master mu and bo shaoxuan also performed quite well, both coming in second, and bo shaoxuan also got a lot of small red flowers.

the little dumpling pounced into luo chenxi’s arms and kissed her left and right on her face. ” big sister, you’re so sweet! ” tang tang’s favorite big sister!”

luo chenxi felt as if she was about to faint from happiness. she hugged the little dumpling and kissed him back.

“cough, cough! cough cough!”

at this time, a series of heavy coughs came from behind the two.

the two of them turned their heads at the same time and saw mu yichen raising his chin and looking at them arrogantly.

luo chenxi quickly pinched the little dumpling’s chubby arms.

the little furball blinked its large eyes. it soon understood its elder sister’s hint. it turned around and fell toward mu yichen.

“tangtang also likes daddi!”

the little ball opened her mouth and kissed young master mu’s face.

young master mu’s gloomy face suddenly turned bright.

finally, the mother and daughter had not forgotten him, their father. he would be magnanimous and forgive them.

however, before he could even heave a sigh of relief, he saw the little dumpling jumping out of luo chenxi’s arms with her short little legs. she pounced on bo shaoxuan.

“brother shaoxuan, i like it too ...”

his entire body quivered, and a bad premonition rose in his heart.

her first reaction was to grab bo shaoxuan’s wrist and pull him behind her.

the little dumpling was a little stunned as it missed.

“daddi?”

mu yichen cleared his throat. “shaoxuan, uncle mu will bring you to exchange your prize.”

with that, he grabbed bo shaoxuan’s hand and dragged him to the prize exchange office.

if luo chenxi had not known the truth, she could tell that they seemed to be on good terms judging from their backs as they held hands.

“big sister, let’s go and exchange our prizes too.”

the little dumpling’s eyes lit up. she grabbed the hem of luo chenxi’s clothes and raised her head to look at her.

“alright!”

when they arrived at the prize exchange office, the teacher in charge of receiving them saw them and couldn’t help but let out a sigh of admiration.

“mu tianxin, bo shaoxuan, congratulations on getting first and second place in today’s total score! you guys are really amazing! he also had to congratulate mrs. mu and bo ... eh? young master mu?”

the teacher subconsciously thought that the person who had brought bo shaoxuan here was definitely young master bo.

who would have known that she would discover it was mu yichen when she fixed her eyes on him!

he couldn’t help but be shocked and couldn’t help but shout out.

this immediately attracted the attention of the surrounding parents, and they all looked over.

mu yichen and luo chenxi had become extremely popular on the internet recently. even their parents recognized them.

for a time, all sorts of discussions could be heard.

“it’s so strange. why didn’t young master bo come today? instead, it was young master mu who brought bo shaoxuan to the event?”

“what’s so strange about that? the bo family and the mu family have always had a good relationship. since young master bo can’t come, it’s normal to ask young master mu to help look after his own child, right?”

“no way? that’s not all i’ve heard! it’s said that the bo family and the mu family have always had the intention of a marriage alliance, so they arranged a marriage between bo shaoxuan and mu yexin since they were young!”

Chapter 1060: what betrothal? i don’t know where the rumor came from

“what? there’s such a thing?”

there were many people who wanted to use their children to climb up to the mu and bao families.

this was also one of the reasons why the little dumpling and bo shaoxuan were so popular in the kindergarten.

many children had been taught by their parents to have a good relationship with the little dumpling.

now, when they heard that the little dumpling was already engaged to the little young master of the bo family, many parents were anxious.

“is this real or fake?”

“of course it’s true! didn’t he see that young master mu was already playing with bo shaoxuan? they’re obviously a family!”

” yes, yes, yes. i heard from my son that mu tianxin would play with bo shaoxuan every day in kindergarten! ”

“aiyo, what’s wrong? it’s such a pity, there’s no hope for my son!”

mu yichen’s brows furrowed even more tightly as he listened to the crowd’s discussion.

he couldn’t help but turn his head and fiercely glare at the little boy beside him.

bo shaoxuan blinked, looking innocent.

even though mu yichen was furious, he could not do anything to the child. he could only suppress his anger and turn his head away.

he coughed heavily to interrupt the parents’ discussion. he then raised his voice and said, ” “i’m sorry, everyone, but i have to clarify that our mu tianxin has nothing to do with this boy from the bo family! i don’t know where this rumor came from, but i hope you won’t spread it again!”

“ah?”

the parents thought that they were speaking very softly, but they didn't expect that young master mu would hear them.

for a moment, they all looked embarrassed.

of course, there were also many parents whose eyes lit up, feeling that their sons had hope again.

mu yichen's heart felt stifled again when he saw that.

his little dumpling was still so young, but there were already so many flies staring at her!

without bo shaoxuan, there would still be other rascals!

thinking of this, he added, "our mu tianxin is the heir of the mu group. her mother and i want her to receive a better education and become the president of the group on her own. we won't let her get married as soon as she graduates like the other young ladies. if i find out that my daughter has a boyfriend, i'll definitely break that stinky brat's legs!"

the corners of luo chenxi's lips could not stop twitching upon hearing young master mu's statement.

there was nothing wrong with the first half of his sentence.

due to the difficulty of luo chenxi's pregnancy, the two of them were already prepared to not have a second baby. in that case, the heavy burden of the mu family would fall on the little dumpling's shoulders.

mu yichen could not bear to let the little dumpling fight with others in the business world. however, luo chenxi felt that the little dumpling could definitely achieve her goal if she was properly groomed given her domineering personality and super high intelligence that she inherited from mu yichen.

it was not a problem for mu yichen to be reluctant to let his daughter get married so early.

but what did he mean by not allowing her to fall in love?

he even wanted to break the legs of his daughter's boyfriend?

he was simply a tyrant!

luo chenxi was so angry that she clenched her teeth. she quickly pulled mu yichen away. "that's enough. don't say anymore. the others are going to laugh at us! what did a child know? we just like to play together, don't overthink it, okay?"

mu yichen scoffed coldly. "i'm not thinking too much at all!"

luo chenxi rolled her eyes at him. she was too lazy to say anything more. she touched the little dumpling's head. "tangtang, go and change your gift!" let's see what you like."
