

Sweetheart 1081

Chapter 1081: what great secret did luo chenxi have four years ago that she had been hiding from young master mu all this while?

luo xiudi frowned. "of course, i know that the wretched girl luo chenxi is rich. i heard that the necklace she wore on her neck when she appeared on television last time was worth ten million yuan!"

hearing this, lu yajing's heart was filled with jealousy.

she could not accept the fact that the adopted daughter from the orphanage was living such a good life.

"then ask her for money! even if the jewelry wasn't hers and was lent to her by the mu family, she could still steal it and sell it, then give us the money!"

luo xiudi slapped her thigh and said, "yajing, you're too naive. the last time we went to the mu family, that wretched girl's attitude clearly showed that she didn't want to give us money! if it wasn't for young master mu's sudden appearance, we wouldn't even be able to get this 20 million. do you expect her to sell jewelry to get the money?"

"so what if she doesn't want to? i have plenty of ways to make her obediently listen to me and spit out the money!" lu yajing sneered.

"what do you mean?" luo xiudi asked, puzzled.

lu yajing narrowed her eyes and said in a low voice, "mom, have you forgotten ... what happened four years ago?" he asked.

luo xiudi's eyes widened as she finally understood.

lu yajing said, "that little bitch did that kind of thing and married into a rich family without young master mu knowing." what she was most afraid of was that what had happened back then would be exposed. that's why she didn't dare to not give us the money! even if she went to the mu family to steal or cheat, she would have to spit out the money!"

luo xiudi hesitated for a moment, but she had to admit that lu yajing was right.

"that's right, we're giving her a chance. it's wrong to lie. we're helping her keep this secret, so she should pay us! if you don't, we'll tell young master mu about this! if she can't let us live, then she can't live either!"

after the mother and daughter had finished their discussion, they immediately turned around and planned to go to cloud lake courtyard again.

whoever knew that just as they turned around, they would be stopped by someone.

"wait a minute, you two, what were you talking about just now? what great secret did luo chenxi have four years ago that she has been hiding from young master mu all this while?"

hearing this question, lu yajing and luo xiudi's faces changed.

they were so focused on their discussion that they didn't realize that someone was eavesdropping on them.

"this ... we didn't say anything, nothing ... you heard wrong ..." he said.

luo xiudi immediately denied it.

lu yajing chimed in, " that's right. you heard wrong. what luo chenxi? what young master mu? " is this someone we can come into contact with?"

even though she had been looking forward to luo chenxi's misfortune, she still wanted to use this secret to extort money from luo chenxi! i can't let this leak out no matter what!

fu jiatong was not surprised.

she smiled. " you two, stop pretending. i've heard everything just now. you're asking for a large sum of money, but young master mu refused to give it to you. you're planning to use this secret to blackmail luo chenxi, right? "

lu yajing and luo xiudi's faces turned even paler, and their eyes even revealed fear.

extortion is a crime!

moreover, the person they wanted to extort was the mu family's young mistress.

if they were caught before they got the money, they would be in for a huge loss!

"no... no..."

"don't be afraid, i'm not here to arrest you. i'm here to stand on the same side as you! i can't stand luo chenxi either. i want her to be in trouble too! also, i'm not short of money ..."

Chapter 1082: uncle fu is as good-looking as big sister!

"don't you guys need money? are you going to sell your house for 10 million? as long as you're willing to cooperate with me, i can give you ten million ..."

fu jiatong paused for a moment.

then, under the nervous and expectant eyes of luo xiudi and her daughter, he spat out a number.

"100 million! a hundred million to buy a piece of information should be a good deal, right?"

luo xiudi and lu yajing were ecstatic.

although the price was only half of what they wanted at the beginning, after this period of torture, they didn't even expect 30 million. now, someone even offered to give them 100 million!

he could receive a huge sum of money and punish the disobedient wretched girl, luo chenxi. was there anything else that could make him happier?

the two of them hurriedly nodded. " alright, deal! "

there was a flash of coldness in fu jiyu's eyes.

.....

on the other side, in the mu group's president's office.

fu linchen and mu yichen were done discussing serious matters.

boxn ov el. c o m

he thought for a while and said, " " yichen, there's one more thing. i'm very sorry about what happened between jiatong and mrs. mu ... "

"there's nothing much to say about this."

as soon as she spoke, she was interrupted by mu yichen. " i don't accept your apology. i'll only look at the fu family's sincerity. "

fu linchen frowned slightly.

when mu yichen ordered zhuo feng to chase fu jiatong away earlier, he realized that mu yichen was truly furious this time.

however, he didn't expect that young master mu wouldn't even give him face and would even reject his apology in front of him ...

it seemed that this matter was more serious than he had imagined.

"zhuo feng, send young master fu out." mu yichen answered the call.

fu linchen had no choice but to follow zhuo feng out.

back in the car, fu linchen was sitting in the back seat.

her gaze suddenly fell on a few figures walking side by side in the corner, and she was slightly startled.

one of them looked like fu jiatong!

he wanted to get a clearer look, but the few people just happened to turn and disappear from his sight.

he frowned. " i think i saw it wrong ... jiatong came out long ago. how could she still be nearby? "

the driver waited for a while and asked in confusion, " "young master, where are you going next?"

fu linchen returned to his senses. " ... let's go to the mu family's villa. "

.....

at the mu family's villa.

luo chenxi had just made it to the hot search yesterday. she was afraid that she would bump into the reporters again when she went out, so she stayed at home the entire day and did not go to the office.

when fu linchen arrived, she was drawing with xiao tuanzi.

the two of them each held a drawing board.

luo chenxi was drawing a design plan while the little dumpling was drawing randomly.

however, luo chenxi realized that the little dumpling's painting was outstanding in color and composition despite its childish and abstract nature. this showed that the little dumpling's natural talent was rather extraordinary.

"tangtang's drawing is really good!" luo chenxi kissed the little dumpling's face in delight.

he looked so much like her when she was young!

she almost thought that she was her biological daughter!

at this moment, auntie li knocked on the door and walked in. " young madam, young master fu is here. he wants to see you, what do you think ... "

"fu linchen?" luo chenxi blinked her eyes.

fu linchen's sudden arrival must have something to do with what happened yesterday.

it was just that he had purposely picked a time when mu yichen was not around to visit her. this made things a little difficult for her.

when the little dumpling heard the sound, she pounced over. " big sister, is it that very, very good-looking uncle fu who's here? "

luo chenxi was stunned for a moment before she could not help laughing. " you still remember uncle fu? "

the little dumpling nodded. " that's right. because uncle fu is just like big sister. he's especially good-looking! "

Chapter 1083: i really don't know who she looks so cute from

luo chenxi looked at the little dumpling's starry eyes. she pinched her too little face in amusement.

"you're such a sweet talker!"

when she praised fu linchen, she didn't forget to praise her elder sister as well.

she really didn't know who she was so cute like.

if mu yichen had half of the little dumpling's emotional intelligence, she would not be sulking every day.

the little dumpling jumped down from the sofa and tugged at luo chenxi's sleeve. she urged her, " sister, let's go down quickly! " uncle fu is getting impatient!"

luo chenxi was slightly surprised. she raised her eyebrows.

she didn't expect her little dumpling to like fu linchen so much. usually, when bai shixun and the others came over and gave her so many gifts, she would always be proud and ignore them. in the end, it was only fu linchen's second visit and her little dumpling liked him so much.

was it really because fu linchen was good-looking?

but bai shixun and the rest were not bad looking either.

aunt chen carefully said, "young madam, are you going downstairs to meet your guests?"

luo chenxi pondered for a moment before she nodded. "i'll go down now."

boxn ov el. c o m

even though mu yichen and the mu family's two elders were not at home, she could not possibly leave them in the living room just because of that, could she?

she was now the daughter-in-law of the mu family, and this was the responsibility she should bear.

luo chenxi stood up and led the little dumpling downstairs.

fu linchen had been waiting in the living room for a while.

luo chenxi did not show up for a long time. even though there was still no change in his expression, he was still a little worried in his heart.

if he could not gain luo chenxi's forgiveness while mu yichen was not around, fu jiatong's matter would not be settled so easily.

just as fu linchen was deep in thought, a soft voice was heard.

"uncle fu!"

fu linchen was stunned.

before he could react, a pink figure pounced on him with a series of clattering footsteps.

the little dumpling looked up, tilted its head, and looked at him curiously.

fu linchen returned to his senses and quickly held the little dumpling. "tang tang, didn't you go to kindergarten today?"

the little dumpling pouted. "uncle fu, stupid, it's sunday today. the kindergarten is closed!"

"oh, right!" fu linchen came back to his senses. "uncle fu, you made a mistake. i'm sorry."

for busy people like them, there was never a fixed holiday. if necessary, they could work at any time, so they did not notice this at all.

the little dumpling lifted her head proudly. "i'll forgive you on account of uncle fu's good looks!"

fu linchen didn't know whether to laugh or cry. he subconsciously raised his hand to touch the side of his face.

this was the first time he had been complimented by such a young child.

this little girl from the mu family was so mischievous and so cute. she really didn't look like young master mu at all.

when luo chenxi saw that the little dumpling was about to climb onto fu linchen's body, she quickly walked over and picked her up. "tang tang, you have to be polite. don't bully uncle fu."

fu linchen's expression turned serious the moment he saw luo chenxi.

she stood up at once and said, "mrs. mu, i'm sorry. i took the liberty to visit you today ..."

luo chenxi blinked her eyes and said hastily, "young master fu, you're too polite. please have a seat."

seeing the smile on her face, fu linchen couldn't help but secretly heave a sigh of relief.

he was a little worried before he came.

he was afraid that luo chenxi would fly into a rage because of fu jiatong's behavior and refuse to see him. if that were the case, it would be difficult to handle the matter.

Chapter 1084: you're so good-looking, you can be forgiven for your mistakes

judging from the current situation, luo chenxi's attitude was rather peaceful.

mu yichen was only so angry because he loved his wife too much.

this made things much easier.

luo chenxi placed the little dumpling by her side and made her sit properly. she then turned to look at fu linchen. "young master fu, may i know what's the matter for you to come to our house?" do you want me to give my husband a call and ask him to come back immediately?"

"no, no need!" fu linchen quickly shook his head and cut to the chase. "mrs. mu, i'm not here to see young master mu today. i'm here to see you ..."

luo chenxi did not speak.

fu linchen glanced at her and continued to explain, "i'm here to apologize to you." yesterday, my cousin fu jiatong made some inappropriate comments on the internet and it caused serious damage to your reputation, mrs. mu. i only found out about this when i received mu yichen's call that night."

"for jiatong to do such a thing, as her older brother, i have an unshirkable responsibility. it's all my fault for not teaching her well. she can't tell the severity of the matter and used her identity as the president's daughter to slander others."

"i've already educated her and grounded her for two months to reflect on her actions. i've already asked people to suppress all the news on the internet. no one will forward or discuss it again. don't worry. today, i'm here to apologize to you on behalf of the fu family. i hope that you'll be magnanimous and not let these things affect the relationship between our two families."

fu linchen's words were concise and powerful. he kept a low profile and his tone was very humble.

however, as he sat on the sofa, he naturally exuded a noble aura.

even such a sincere apology didn't diminish his elegance at all.

boxn ov el. c o m

luo chenxi could not help but take a few more glances at him.

she had to admit that her little dumpling was right. fu linchen was indeed good-looking!

although she was still not as good looking as her husband, she was still very good-looking!

he was so good-looking, so he could be forgiven for his mistakes. besides, the one in the wrong this time was not him, but fu jiatong!

to put it bluntly, fu linchen was just an unlucky guy who was dragged down by his cousin, and he could also be considered one of the victims.

luo chenxi was biased toward fu linchen at first, but she knew that as the young mistress of the mu family, she should still maintain the proper attitude.

so, she didn't give in immediately, but said indifferently, " young master fu, you're making me very scared by saying this. in fact, i'm very clear that miss fu isn't targeting the mu family, but me. "

"i can understand miss fu's unwillingness to lose, but it's too much for her to slander her competitors online. 'if my husband isn't mu yichen and is just an ordinary designer, would i be unable to explain myself and never be able to clear my name after being slandered by her?' on the surface, it looks like she's getting some benefits from doing this, but in reality, she's damaging the president's house's reputation!"

fu linchen's expression was cold as he nodded.

" mrs. mu, i understand what you mean. i'll talk to jiatong and make her learn her lesson. "

luo chenxi nodded ever so slightly. her tone softened a little. " that's good. i won't hold it against you personally, but it's not up to me to interfere in my husband and the mu family's opinion. "

Chapter 1085: like a natural born daughter of a rich family

luo chenxi's words were ambiguous and she did not give a clear answer.

but fu linchen still heaved a sigh of relief.

he was impressed by luo chenxi's cautiousness.

he had originally thought that this girl had just married into a top rich family like the mu family, so it might be difficult for her to control the scale of her words and actions.

he didn't expect her every move and every word to be like a natural born daughter of a rich family.

even fu jiatong, who was born with a silver spoon in her mouth, was not as decent as her.

she only represented herself and didn't represent the mu family, so that there was room for maneuver.

it was not enough. fu linchen knew that mu yichen was so angry this time mainly because his wife had been wronged. as long as luo chenxi could forgive the fu family, there would naturally be no more conflicts between the families and the matter would be considered resolved.

fu linchen suddenly relaxed. he adjusted his sitting position and said with a smile, " "with mrs. mu's words, i can rest assured. i'll have a good chat with yichen."

he paused for a moment before he continued,"oh right, to express my apologies, i've also brought a gift." since mrs. mu has agreed to reconcile with the fu family, please don't mind and accept this gift."

"a present?"

luo chenxi raised her eyebrows.

boxn ov el. c o m

fu linchen nodded and ordered his assistant to open a row of safes in the corner of the living room.

luo chenxi looked over curiously. she could not help but wonder what kind of gift the president's eldest young master would give her.

there were so many safes ... could they be valuable jewelry?

the boxes were opened one after another. luo chenxi fixed her eyes on them and her mouth dropped open in surprise.

"ah? this ... this is ..."

fu linchen had given her a set of 12 SD dolls that were half the height of a human!

moreover, it was obviously a custom-made version. the clothes and jewelry on him were all sparkling and inlaid with precious gems.

luo chenxi stared at the doll's face for a while before she found her voice.

"this ... this ... young master fu, how did you know that i like this doll?"

fu linchen smiled and said,"do you really like it?" that would be great! i'm just guessing. i remember reading your interview last time. you said that you loved SD dolls when you were young, but you couldn't afford them. i just remembered that i have one at home, so i brought it for you. i was a little worried that it would be rude to give such a thing ..."

"no, no, no, i really like it!" luo chenxi could not help cracking into a smile. she stood up and walked to the front of the safe.

he took out one of the dolls and observed it carefully.

she had an impression of the interview fu linchen was talking about. it was the interview she had accepted when she won the first prize in the chinese style competition.

when the reporters asked her how she had embarked on the path of fashion design, she recalled her childhood.

before she was adopted by lu wenjun, she could only wear old clothes donated by others in the orphanage.

she was very envious of other rich kids who had SD dolls and could make clothes for them, but she couldn't afford them.

of course, she could buy countless of them now, but she was no longer a child and had long forgotten her wish.

it was not until she saw the dolls that fu linchen had given her that she suddenly recalled her childhood.

suddenly, she felt that the distance between her and fu linchen had widened.

Chapter 1086: these were actually gifts i prepared for my sister when i was young

" that interview article was right. when tang tang and i were at our age, this kind of doll was our favorite. we even drew pictures in our books and imagined what we should wear for these dolls ... these dolls don't seem to be popular these days. i didn't expect you to have so many in your collection ... "

luo chenxi touched every doll in succession and spoke with great emotion.

fu linchen smiled and shook his head. " no, i'm a man. why would i collect these dolls? " it's not like he has any special hobbies."

"uh ..."

luo chenxi was stunned.

she even thought that fu linchen's girlish heart was a little cute ...

fu linchen saw her expression and immediately understood. he explained, " "these were actually gifts i prepared for my younger sister when i was young."

luo chenxi was stunned for a moment. " young master fu ... you have a younger sister? "

as far as she knew, the president only had one son, fu linchen. moreover, the president's wife seemed to be very mysterious and had never appeared in public before.

fu linchen opened his mouth.

he did not expect that he would mention his younger sister in front of luo chenxi.

this was a taboo in the fu family, and he would never mention it in front of strangers who he had only met a few times.

boxn ov el. c o m

yet, he felt very relaxed when he was by luo chenxi's side for some unknown reason. he could not help but blurt out everything.

he heaved a sigh when he saw Luo Chenxi's puzzled petite face. He appeared slightly dejected. "I've always wanted to have a younger sister since I was young. I've been urging my parents to give birth to a younger sister to play with me every day. Back then, SD dolls were the most popular. Every girl liked to play with them, so I bought a set with my pocket money and prepared to give it to my sister when she gave birth. The result ..."

Fu Linchen paused for a moment. "But there was an accident. I've grown up, but I still don't have a sister."

"Oh, I see ..."

Luo Chenxi had a nagging feeling that something was amiss, but since Fu Linchen did not take the initiative to tell her, it was not appropriate for her to ask further.

Fu Linchen nodded. "When I first saw you, I felt a sense of familiarity, as if you were my sister. So, when I thought of giving you a gift, I thought of this set of dolls." Now that I think about it, it doesn't seem appropriate to give you a doll ..."

Such dolls were usually given to little girls. Luo Chenxi was already in her twenties ...

However, when he rushed over from the Mu group, his first reaction was to ask his assistant to get the doll set from his house.

"No, no, how is it inappropriate? I really like it!" Luo Chenxi emphasized hastily.

"Not only do I like it, but my Tang Tang also likes it!"

Ever since Xiao Tuanzi saw this set of dolls, she could not move at all. She kept pouncing in front of the safe, touching it here and there.

During the few minutes that Luo Chenxi and Fu Linchen were talking, the little dumpling had touched every doll with her chubby little hands. At the same time, she was constantly praising them by saying, "Good drifting brew".

Luo Chenxi smiled as she squatted down to look at the dolls with the little dumpling. "The clothes on these dolls can be changed. We'll make new clothes for them later and let them change into them, alright?"

The little dumpling's eyes widened. "Really? You can even make small clothes!"

"Of course it's true. Big sister will teach you how to make it."

The little ball nodded vigorously.

Luo Chenxi's eyes flashed a smile.

In the past, her biggest dream was to have her mother make clothes for her doll. Now, she was making clothes with the little dumpling. It was the same.

Chapter 1087: just like a big brother

the two of them stood beside the safe and looked at it for a while.

they even discussed what style of clothes to make for the doll and what hairstyle to comb.

the little ball obviously had its own ideas. it counted with its fingers and made a lot of requests.

luo chenxi's eyes lit up.

she realized that her little dumpling was really talented in design!

she was so small, but her aesthetic standard was so high. she was really worthy of being her family's!

the two of them chatted for a long time before luo chenxi suddenly remembered that fu linchen was still by her side. she quickly stood up.

he smiled awkwardly. "young master fu, i'm so sorry. i've embarrassed myself."

fu linchen was standing not far behind them, looking at them with a smile.

even though he had been left to the side for a few minutes, he was not impatient at all. he still had the air of a handsome young master. there was an obvious interest in his eyes while his gaze was fixed on luo chenxi and the little dumpling.

"it's fine. it's my honor that you like my gift."

luo chenxi did not pay attention to him earlier. in reality, he was distracted too.

boxn ov el. c o m

when he was young, he had imagined many times in his heart, if he had a beautiful and lovely sister, what would her reaction be when she received his gift? would she like it?

at that very moment, luo chenxi and the little dumpling's joyful expressions seemed to have filled in the void.

he was infected by their excitement and also laughed.

luo chenxi already had a good impression of fu linchen. now that she had accepted his gift, she was even more embarrassed to continue putting on airs.

she thought for a moment and said, "young master fu, my husband has something to do at the company today. he won't be back until dinner." it's getting late, if it's convenient for you, why don't you stay for dinner?"

fu linchen looked at her in surprise and smiled. "alright, since you've said so, i won't be polite then?"

"you're a friend of the mu family, what's there to be polite about?" luo chenxi laughed along with him.

the two of them sat in the living room and chatted for a long time.

in the beginning, the topic of conversation revolved around the dolls that fu linchen had given her. however, luo chenxi soon realized that she and fu linchen were getting along as they chatted.

fu linchen was a very gentlemanly man.

unlike mu yichen's noble and cold temperament, fu linchen was like a big brother. he was particularly approachable and could talk about any topic.

the two of them chatted so much that they almost lost track of time.

it was only after five o'clock in the afternoon when luo chenxi raised her head and took a glance at the grandfather clock. she suddenly came to a realization.

"it's already at this time! young master fu, i'm so sorry, i have to accompany you for a while. " i promised to make sweet and sour fish for my husband today. if he doesn't eat it, he'll be unhappy again. sit here for a while and look at the time. he'll be back soon."

luo chenxi called aunt chen over and asked her to look after the little dumpling.

then, she turned around and went to the kitchen.

fu linchen looked at her back and couldn't help but raise his eyebrows.

luo chenxi had even personally cooked for mu yichen.

she had no idea what kind of luck mu yichen had to marry a wife like luo chenxi.

not only was she young and beautiful, but she was also so talented and could cook for him!

there were not many girls nowadays, especially the daughters of rich families, who were willing to do such things. his cousin, fu jiatong, was a model example of not touching the sun and spring water. she had probably never even stepped into the kitchen in her life.

Chapter 1088: when did fu linchen come to his house?

if he had a sister like luo chenxi, he would certainly be reluctant to let her get married at such a young age.

furthermore, she became a stepmother the moment she entered the family ...

although, it was not bad to have such a cute niece ...

fu linchen didn't know what was going on either.

he had always been a very serious person and rarely wasted time thinking about unrealistic things.

however, he could not help but let his thoughts run wild when he saw luo chenxi's sweet smile while he was sitting here today ...

at this moment, he suddenly felt his sleeve being pulled.

when he lowered his head, he saw the little dumpling tugging at his sleeve and standing on tiptoes. she was looking up at him with her big eyes.

fu linchen's heart melted instantly.

how could there be such an adorable little girl!

did mu yichen save the milky way in his past life? his wife, daughter, and sister were all so likable.

a big smile appeared on the little dumpling's chubby face. "uncle fu, tang tang wants to read that book over there. can you help her hold it?"

boxnovel.com

the little furball pointed to a bookshelf not far behind the sofa.

there was an entire row of fashion magazines that luochenxi subscribed to on the screen.

the bookshelf wasn't tall, but it was too high for xiaotuanzi to reach.

fulinchen stood up immediately and followed her to the bookshelf.

"tang tang, which one do you want?"

"it's ... the one over there ... the one with the red cover ..."

fulinchen took a look and saw at least a dozen magazines with red covers ...

he asked for a while, but the little dumpling still couldn't explain clearly.

"aiya, it's ... it's just that book! uncle fu is so stupid, even daddi knows which book tang tang wants!" in the end, he actually started to act shamelessly.

fulinchen laughed and shook his head. "i'm not your father."

having said that, he still bent down and picked up the little dumpling. "which book do you think it is? you can take it yourself."

the little dumpling grabbed onto the collar of fulinchen's suit and peeked his little head out. he looked left and right before he finally picked a magazine. his chubby little hand picked and pulled the magazine out.

"tang tang wants this one! thank you, uncle fu!"

the little dumpling said with a smile and turned to kiss fulinchen on the face.

after all, he had kissed his big sister a lot. when he saw an uncle who looked like his big sister, kissing him would definitely not be a problem!

however, before the little dumpling's mouth could touch fulinchen's face, an angry voice was heard from behind them.

"what are you guys doing? separate, quickly separate!"

the little dumpling was shocked. with a dazed face, it froze on the spot.

fulinchen turned around in surprise and saw mu yichen staring at them with an unfriendly expression. he had no idea when mu yichen had returned.

his gaze fell on the little dumpling's chubby hand that was holding fulinchen, and his face darkened.

what was going on?

when did fu linchen come to his house?

he had only been at the company for a day, and when he got home, he found his daughter and fu linchen so close, as if they were father and daughter!

was there a mistake?

“tang tang, daddy will hug you.” mu yichen walked over quickly and extended his arm toward the little dumpling.

the little dumpling tilted her head and pondered for a moment before she turned toward mu yichen.

“daddi, you’re home! hard work!”

mu yichen’s expression turned for the better when he heard the little dumpling’s flattery. he scoffed and sat down on the sofa with the little dumpling in his arms.

Chapter 1089: uncle fu is so good-looking, he’s a good person!

at the same time, he did not forget to glare at fu linchen.

fu linchen frowned slightly, then felt a little amused.

she did not expect mu yichen, who had always been known for being cold and emotionless in the circle of the top wealthy families, to be like this at home.

the last time he came to the mu family, he had already seen mu yichen and luo chenxi’s lovey-dovey appearance.

now, he found out that he was also a daughter-lover!

however, thinking about it, it was understandable. anyone who had such a cute daughter would be pampered to the heavens.

“young master mu, i’m here today to apologize to mrs. mu. i’m sorry for visiting without prior notice.”

mu yichen’s expression remained hostile. “since you know it’s presumptuous, why are you still here?”

“uh ...”

fu linchen didn’t expect his tone to be so harsh, and he choked.

it seemed that after this afternoon, young master mu’s anger still showed no signs of abating.

seeing this, the little ball pouted and couldn’t help but say, “papa, don’t be so fierce to uncle fu! uncle fu was so good-looking, he was a good person! he even gave me and big sister super pretty and super cute dolls!”

boxn ov el. c o m

the little dumpling pointed at the row of safes with her chubby little hand.

mu yichen saw the safe when he entered the room. he could guess that it must be an apology gift from the fu family, but he did not pay attention to what was inside at all.

it felt like it was either jewelry or an antique.

after hearing the little dumpling's words, he turned his head and looked over, looking a little surprised.

however, he immediately frowned. "as the young master of the fu family, he's giving these few children ..."

he was about to say a few disdainful words to suppress fu linchen's anger.

whoever knew that before he could finish, the little dumpling said excitedly, "daddi, are these dolls super fermented? they're super cute!" tangtang really liked it! big sister liked it too. she said that she had liked this kind of doll since she was young! i'm going to bring tang tang with me!"

mu yichen was at a loss for words.

he almost vomited blood.

fortunately, he didn't finish his words just now. otherwise, he would be ridiculed by his wife and daughter again!

he held a breath in his chest and endured it again and again before he spat out, "it's indeed not bad."

"daddi has good taste!" the little dumpling nodded.

mu yichen took a deep breath and told himself that he must hold it in for the sake of the little dumpling's adoring gaze. he must not hit anyone!

however, he still couldn't control himself. he narrowed his eyes and glanced at fu linchen's face coldly.

this guy ...

how did he know that luo chenxi had liked SD dolls since she was young?

even he, as her husband, was unaware that luo chenxi liked this!

otherwise, he would have given the stupid woman hundreds or thousands of them, filling up the house, and he would not have a chance!

fu linchen remained calm and nodded at him. "it's my honor to be able to satisfy mrs. mu and miss tang tang with my gift. i hope young master mu can be as magnanimous as your wife and not hold a grudge against her for what happened yesterday."

mu yichen scoffed but did not give a clear reply to his request.

instead, he lowered his head to look at the little dumpling in his arms and asked, "tang tang, where's your big sister?"

xiao tuanzi blinked and said honestly, "big sister is cooking in the kitchen! big sister said that she'll keep uncle fu for a meal at our house!"

this was another critical hit!

mu yichen's chest felt stifled. he was so depressed that he felt like he was about to die.

Chapter 1090: the master of the mu family

this was really unreasonable!

as the master of the house, he had only been away for a day.

why were the two of them at home being won over by other men?

luo chenxi actually asked fu linchen to stay for dinner and even cooked for him personally!

mu yichen's face darkened. he ignored fu linchen and stood up with the little dumpling in his arms before walking to the kitchen.

on the other hand, luo chenxi was deep-frying an entire big fish in the kitchen. she was so busy that she did not even have the time to raise her head. she could not be bothered with him at all.

as soon as she saw him and the little dumpling, luo chenxi waved her hand hastily to chase them out.

"mu yichen, what are you doing here? can't you see that i'm frying fish? hurry up and go out and wait, you'll be able to eat sweet and sour fish later!"

"you're making sweet and sour fish?" the coldness from mu yichen's body vanished in an instant. the corners of his lips were even curled upward.

it turned out that this stupid woman was not cooking for fu linchen, but was cooking sweet and sour fish to please him.

seeing that she was so attentive, he would give her a lighter punishment tonight.

luo chenxi became even more impatient when she noticed that he was still not leaving. "aiya, get out, get out! what if tangtang was splashed by the oil? and there's the smell of oil and smoke here, don't choke her, get out!"

the man of the mu family was chased out by his wife in less than a minute.

however, mu yichen's mood was obviously much better after he confirmed that luo chenxi had cooked. he no longer provoked fu linchen on purpose.

she hugged her daughter and chatted with him for a while.

fortunately, not long after, the two elders of the mu family who had gone out to visit friends also returned.

when mu yunfeng and tan yueru saw fu linchen, their attitudes became much friendlier. they asked about his well-being and did not mention what happened to fu jiatong yesterday. instead, they treated fu linchen like their own nephew as usual.

they were furious when they heard that luo chenxi was bullied yesterday.

however, the two of them had watched fu linchen grow up. they knew that the incident had nothing to do with fu linchen. he was just angry at mu yichen.

since fu linchen had come over to apologize and luo chenxi had let it go, they would not hold a grudge against her, of course.

luo chenxi came out of the kitchen after she finished cooking around six o'clock.

in the living room, the two elders of the mu family and fu linchen were sitting together and chatting.

on the other hand, mu yichen was sitting alone in the opposite corner with the little dumpling in his arms. he had an aloof expression on his face.

the little dumpling obviously wanted to play with fu linchen. she kept looking up at him, but mu yichen held her daughter tightly and refused to let her get off the bed.

upon hearing luo chenxi's footsteps, the little dumpling immediately raised her head and called out in excitement, "big sister!"

the two elders of the mu family heard the voice and looked over.

luo chenxi quickly said, "the dishes are ready. we can eat now." it's rare for young master fu to come here, so i specially made two more dishes."

mu yichen's expression darkened at once.

luo chenxi did not notice his unusual behavior at all. she looked left and right and asked in puzzlement, "where's wei wei? still not home? is she coming back for dinner today?"

fu linchen raised his eyebrows and said immediately, "what's wrong? wasn't miss mu going to study abroad? haven't you reported yet?"

tan yueru smiled. "this girl ... she hasn't gone abroad alone even though she's 18. she's reluctant to leave home. we're worried about her. " i'm planning to wait a few days before school starts ..."

just then, the door of the villa was pushed open.

"dad, mom, i'm back!" mu weiwei's voice was heard.
