

Sweetheart 1111

Chapter 1111: the young master's head was glowing green

mu yichen stared at his phone and did not move for a long time.

zhuo feng recognized the ringtone as well. it was young madam's personal ringtone. he had heard it countless times when he was driving mu yichen.

suddenly, his heart was in his throat.

lu yajing had just exposed luo chenxi's dark past, so it was obvious that their eldest young master would be furious.

and yet, young lady had called at this time!

oh my god, was he going to witness another scene of a couple turning against each other?

zhuo feng was extremely vexed. he deeply regretted not checking his almanac before leaving the house today!

however, it was too late for regrets now. he could only sit in the driver's seat and watch as mu yichen raised the phone to his face.

after that ...

he actually hung up!

zhuo feng was still in a daze.

what was going on? their eldest young master's head was already glowing green, and he was still holding back?

boxn ov el. c o m

however, even if she didn't pick up the phone, it didn't mean that the matter was over.

'i'll have to go back and face luo chenxi later, and ... the fact that she once gave birth to a child ...'

"why are you in a daze? get out of the car! come with me!"

all of a sudden, mu yichen's cold voice was heard.

zhuo feng shuddered and almost fell from the driver's seat.

"yes, yes, yes ... eldest young master!"

mu yichen furrowed his brows ever so slightly. he shot him a glance before he turned around and left.

zhuo feng quickly followed.

just then, his phone rang.

zhuo feng took out his phone to mute it, but he realized that it was luo chenxi who was calling him!
he was stunned and didn't know what to do.

at this moment, mu yichen stopped walking and looked toward him.

" b-b-big master ... young madam's phone ... "

zhuo feng stuttered. he was so nervous that he almost bit his tongue off.

mu yichen squinted his eyes and took a glance at him. he lifted his thin lips slightly. " tell her that i'm working overtime. "

zhuo feng's eyes widened. he did not expect mu yichen to ask him to answer the phone.

she was stunned for two seconds. she only reacted to the situation under mu yichen's displeased and intense gaze. she quickly replied to luo chenxi as he had instructed.

.....

at the same time.

at the mu family's villa.

luo chenxi hung up the phone. her delicate brows were knitted together and her face was filled with puzzlement.

"that's strange. didn't mu yichen say that he'll be coming home for dinner tonight? why are you suddenly working overtime?"

and he didn't even answer her calls!

in the past, no matter how busy he was, he would always pick up her call at the first moment.

he would always take the initiative to call her and tell her about situations where he could not go home after working overtime.

"what's the meaning of this today? don't tell me that you've only been married for less than two months, and you think that a newlywed wife is no longer important?"

luo chenxi was not such a petty person to begin with. it was just a missed call from mu yichen. it was not a big deal at all.

however, she did not know why, but she felt a faint sense of uneasiness today. her heart was empty.

"big sister, i'm so angry! when is daddi coming home? i'm so hungry!"

the sound of clattering footsteps was heard. the little dumpling ran over from the other end of the corridor. she tugged at luo chenxi's clothes with one hand while she covered her stomach with the other. she spoke in an aggrieved manner.

luo chenxi immediately tossed the wisp of peculiar emotion she had earlier to the back of her mind.

he bent down and picked her up. " your father isn't coming home for dinner. we're not going to wait for him. "

Chapter 1112: to everyone's surprise, mu yichen had not returned home yet!

luo chenxi had dinner with the little dumpling.

xiao tuanzi had just adopted two puppies today and was very excited. at the dining table, she kept telling tan yueru and mu yunfeng how cute the puppies were.

tan yueru couldn't stop smiling. " my daughter-in-law is the best! " she said. yichen has never liked furry animals. he didn't agree when weiwei wanted to raise a ragdoll cat. yiling moved out of the house to raise snowball. i really didn't expect that he would agree to let tang tang raise dogs, and even two!"

luo chenxi held down the little dumpling's tiny body that was about to jump up and fed her the food.

at the same time, she smiled and said,"mother, i can't take credit for this. it's mu yichen who dotes on his daughter."

tan yueru shook her head in amusement.

he was her own son, and she knew it.

even though it was true that mu yichen doted on tang tang, luo chenxi was the only person who could change his long-term deep-rooted habit so easily.

even her, his own mother, could not do it!

the little dumpling was only thinking about the puppy and didn't have the mood to eat.

luo chenxi finished feeding her a small bowl of rice with great effort. she could not wait to jump down from the high chair.

"big sister, i'm going to see if cotton candy and sesame cake are eating well!"

after saying that, he turned around and ran towards the back door of the villa.

luo chenxi chased after her in a hurry. " tang tang, come back! the puppy must have had a good meal, but you didn't!"

at night, the little dumpling would circle around the two puppies again.

according to her usual habits, she should go to bed at eight or nine o'clock at night.

however, tonight, she kept making a fuss until it was almost 10 o'clock and refused to go to bed.

she only quieted down when the two puppies were tired. they curled up in the doghouse and fell asleep without moving. she allowed luo chenxi to carry them away obediently.

luo chenxi heaved a sigh of relief. she wanted to carry the little troublemaker back to her room in a hurry.

the little furball shrank into her arms, and its eyelids began to fight, as if it could fall asleep in the next second.

however, when the two of them reached the stairs, the little dumpling suddenly thought of something and raised her head.

“by the way, why hasn’t daddy returned home yet? i still want to show him the puppy’s new home!”

the little dumpling pouted, a little unhappy.

luo chenxi suddenly remembered that mu yichen had not returned home yet!

it was almost ten o’clock.

ever since the two of them got married, mu yichen had never worked overtime until this late. even if he had work to do, he would bring it home to handle it.

the only time he had returned late was because of his good friend, bo tingyuan ...

what was going on today?

just as luo chenxi was feeling puzzled and uneasy, the door of the villa was suddenly pushed open with a click.

mu yichen’s tall and lanky figure walked into the room from the outside, covered in dust.

luo chenxi turned her head and her gaze fell on him. her eyes brightened up a little. “ mu yichen, why are you back so late? ” tang tang has been waiting for you to come back and look at our newly built doghouse!”

it was apparent that mu yichen did not expect luo chenxi to still be standing in the living room at such a late hour.

as soon as he entered, he met her eyes.

his body stiffened for a moment, the corners of his mouth pursed into a straight line, and his tone was a little stiff. “ it’s already so late, let tang tang sleep first. i’ll come back to see her doghouse tomorrow morning.”

luo chenxi blinked her eyes.

she did not know why, but she felt that mu yichen’s tone was a little strange.

Chapter 1113: if the child is born, it should be as big as tang tang, right?

was she being too sensitive?

this thought only flashed through his mind.

luo chenxi nodded quickly. " alright then. i'll carry tang tang to bed first. " have you finished your work? you're back so late, have you had dinner? aunt chen left you a bowl of braised beef. if you're hungry, i'll let tang tang sleep and go to the kitchen to make you a bowl of noodles."

mu yichen furrowed his brows ever so slightly. he walked out slowly from the shadows on the porch.

the light in the living room illuminated his well-defined handsome face and added some warmth to his cold expression.

he said in a low voice, " it's okay. i've had dinner. besides, i know how to cook my own noodles. there's no need to trouble you. " you'd better coax tang tang to sleep first."

luo chenxi glanced at him in puzzlement.

although young master mu was good at cooking, he usually liked to pester her to cook.

he's actually so self-conscious today?

"alright, let's go upstairs ..."

luo chenxi was about to turn around with the little dumpling in her arms.

however, the little dumpling was unhappy. she pouted in mu yichen's direction and said, " daddy's bad! he said he would help tang tang build a house for the puppy today! but he came back so late! bad guy, hmph, tang tang doesn't like you anymore!"

boxn ov el. c o m

the little princess puffed up her cheeks in pride.

mu yichen's gaze fell on her petite face. his initially tense expression changed in an instant.

he was obviously stunned.

under the dim light of the night, luo chenxi and the little dumpling's faces that were pressed against each other looked too similar!

in particular, the proud look with her eyes wide open was simply carved out of the same mold.

for a moment, lu yajing's words echoed in mu yichen's mind.

" ... luo chenxi had an affair with a wild man four years ago. she even gave birth to an illegitimate child! "

she got pregnant four years ago ...

if the child was born, it would be as big as tang tang, right?

could it be that tang tang was really ...

however, he quickly realized that his thoughts were too nonsensical.

the little dumpling looked like luo chenxi because she was luo chenxin's daughter. she was closely related to luo chenxi by blood.

he must be out of his mind to think like this.

mu yichen shook his head to himself and said, "take tang tang to sleep first. she can't even open her eyes. i'll go find something to eat."

"oh, okay ..."

luo chenxi nodded in a daze.

although she felt that something was strange, she could not put her finger on it.

he could only carry the drowsy little dumpling in his arms and go straight to the second floor.

he returned to the children's room and placed the little dumpling on the princess bed. the little dumpling immediately closed her eyes.

she had actually exercised a lot today and was already tired.

it was because she was too excited that she thought she didn't want to sleep. she really lay on the bed, and in less than a minute, she was already snoring.

luo chenxi looked at the little dumpling's angel-like sleeping face. she lowered her head and kissed her little face. "good night, little angel."

she was still concerned about mu yichen's meal, so she covered the little dumpling with the blanket before she turned around and left the children's room to look for him in the kitchen.

however, there was no one in the kitchen.

"what's going on? was work really that busy? you're not even going to eat?"

luo chenxi frowned. she went upstairs and returned to the master bedroom.

after her shower, she came out with a towel wrapped around her.

the door was pushed open almost at the same time. mu yichen happened to walk in.

Chapter 1114: that sharp, bone-piercing pain almost made him breathless

luo chenxi turned her head to the side to look at him while she was drying her hair with a towel.

"mu yichen, you're done with your work?"

"stupid woman, you ..."

the two of them spoke at the same time and stopped at the same time.

luo chenxi blinked her large eyes and asked, "what do you want to say?"

mu yichen pursed his lips and shook his head. "it's nothing."

luo chenxi pouted her lips and glared at him in slight dissatisfaction. "mu yichen, you're acting a little strange today! you're not usually like this! tell me, what have you been busy with today? why did she come home so late and be so weird? did you ... do something to let us down?"

she put on a proud front on purpose and waited for mu yichen to come over and coax her.

even though she did not think that mu yichen would do anything to let her down, she was certain that there was something on his mind today!

the two of them had been together for so long, and their hearts were connected. if she couldn't even see this, how could she still have the face to call herself mrs. mu?

mu yichen squinted his eyes and stared at her for a while.

suddenly, he strode towards her.

boxn ov el. c o m

there was a faint chill on mu yichen's body. luo chenxi suddenly felt a little uneasy. " mu yichen, you ... "

before she could finish her sentence, mu yichen held her shoulders and pushed her onto the big bed at once.

immediately after, the man's strong and powerful body pressed down on her like a mountain, pressing her firmly on the bed, making her unable to move even if she wanted to.

his hot masculine breath hit her in the face and blocked her cry of surprise.

mu yichen lowered his head and pressed his lips against the petite woman's pink and tender lips in his arms. he did not hold back his strength at all. in fact, he could not help but bite her when he was agitated.

the faint taste of blood in his mouth stimulated the bestiality in his bones even more, and the kiss became deeper and more brutal.

luo chenxi did not expect mu yichen to force a kiss upon disagreement!

furthermore, he kissed her so urgently and roughly.

even though mu yichen usually could not maintain his cold and aloof persona of a noble child in bed and turned into a beast at every turn, it was rare for him to be as impatient as he was today.

it was as if he had an indescribable anxiety and fear in his heart. he couldn't control his emotions and wanted to vent them out.

"hmmm...hmmm... hmmm!"

in the beginning, luo chenxi struggled for a while. soon, she went limp due to the lack of oxygen.

after an unknown period of time, mu yichen raised his head slightly and released her lips.

luo chenxi was almost out of breath. she raised her head hastily and took in big gulps of the fresh air that she had gone through great difficulty to obtain.

however, she had yet to catch her breath when mu yichen pressed against her once again.

luo chenxi shuddered and reacted in time. she covered his mouth with her hand.

“you, you, you ... what are you doing! ‘mu yichen, where’s your integrity?’ you haven’t even showered yet!”

mu yichen licked the corners of his lips.

his lips were still stained with blood, and under the dim light, this action looked particularly evil.

he fixed his gaze on luo chenxi’s petite face. he looked at her fair and tender skin and ... the clear and innocent radiance in her eyes.

there were thousands of words in his heart, countless complicated emotions surging, but in the end, he still did not say anything.

today, when he heard about lu yajing’s so-called ” dark history “, he was indeed shocked.

however, the first thing that came to his mind was heartache.

the sharp, bone-piercing pain almost made him breathless.

Chapter 1115: i wonder which blind man would abandon such a good girl

it turned out that the secret that luo chenxi found difficult to speak of all this while was actually like this ...

she had been pregnant four years ago and had given birth to a child!

even though mu yichen had already guessed that luo chenxi’s experience four years ago was certainly not a good thing and he might not even be able to accept it, he was still shocked when he heard the truth with his own ears!

it turned out that before he had seen it, before he had even met that stupid woman, she had experienced something like this ...

he would be lying if he said that he was not jealous when he learned that luo chenxi was pregnant with another man’s child.

however, when he found out that she had returned to B city alone, was discriminated against by her family, and was chased out of the lu family ...

and that man never appeared again ...

mu yichen’s heart could not help but clench at the thought of this.

he wished he could travel back in time to four years ago, hold her thin body in his arms, and shelter her from the wind and rain.

she wondered which blind man would abandon such a good girl and let her face all these alone!

giving up on luo chenxi would be the worst decision he had ever made in his life.

however, it seemed like he should thank him.

boxn ov el. c o m

if the other party had not been blind, it would have been impossible for him to meet luo chenxi and fall in love with her.

“mu yichen, you ... why are you staring at me like that?”

luo chenxi felt uneasy under his constant gaze. she stared at the man before her nervously.

mu yichen suddenly pulled himself away from his complicated thoughts. he lowered his eyes slightly to conceal the deep and dark glow in his eyes.

he opened his mouth again, his voice even more hoarse. “stupid woman, in your heart ...”

he opened his mouth, but stopped.

luo chenxi blinked her large eyes. she was even more puzzled now. “mu yichen, what are you trying to say?”

mu yichen closed his eyes. he pressed her shoulder and moved closer to her.

the distance between the two of them was less than a centimeter, and they could hear each other’s breathing.

mu yichen stared into luo chenxi’s eyes and asked softly, “stupid woman, how do you feel about me?”

luo chenxi was a little confused in the beginning. she widened her eyes and it was apparent that she could not react in time.

but immediately after, her little face turned red. she bit her lip and said, “mu yichen, have you taken the wrong medicine? we’re ... we’re married! i ... what other feelings could i have for you? we’re already an old couple, why are you still asking this kind of question? don’t stop taking the medicine, i’m telling you ... wuwu!”

before luo chenxi could finish her words, the man who suddenly approached her covered her lips again.

the burning kiss once again took over her breath.

mu yichen’s kiss became even more intense while the emotions in his heart churned. he could only calm the anxiety in his heart when he touched the familiar softness.

that’s right, this stupid woman was right!

they ... were already married ...

thus, no one could possibly take luo chenxi away from his side.

no matter who the man was four years ago and what kind of experience he had with luo chenxi, it was all in the past ...

mu yichen gradually relaxed.

at the same time, the kiss that was originally filled with anxiety gradually changed.

a familiar feeling emerged clearly from within her body. mu yichen's large, slender, and powerful palm moved upward from luo chenxi's slim waist without his control.

luo chenxi had just taken a shower, so she was only wrapped in a bath towel.

he had already let go of her after the entanglement just now.

Chapter 1116: chapter 1120-if you don't go back on your word now, when?

At present, mu Yichen had only used a little strength to pull the bath towel out from under her body and tossed it under the bed.

Luo Chenxi felt a chill all over her body. She suddenly woke up from the man's passionate kiss.

" Mmm mmm ... Mu ... Mu Yichen, what are you doing? let ... Let me go first ... "

She pushed mu Yichen's chest with great difficulty.

However, the man on top of her was too strong, and she couldn't move no matter how hard she pushed.

Moreover, mu Yichen grabbed her slender wrist and pinned it to the top of her head.

" stupid woman, " he laughed in a low voice. " have you forgotten what you promised me at yiling's house this morning? " you've already taken the two puppies home. shouldn't you pay them?"

"ah? what?"

luo chenxi broke out in a cold sweat when she suddenly recalled the incident at the time.

"ahem, this ... mu yichen, can i discuss this with you? i'm really tired after playing with tang tang for the whole day. as for your reward ... we'll talk about it in a few days, okay? besides, you've been working hard all day. rest early and don't keep thinking about such energy-consuming things ..."

luo chenxi racked her brains in an attempt to deny this matter.

only god knew why she had agreed to such a shameful condition!

boxn ov el. c o m

the moment she nodded, she regretted it.

if it wasn't for the fact that the little dumpling was so excited to hug the puppy, she would have reneged on her debt on the spot ...

now, the puppy had already set up a house in the mu family. if he didn't renege on his debt now, when else could he?

however, it was apparent that luo chenxi had underestimated the man's determination in this aspect.

"no! stupid woman, it's not a good habit to go back on your word. as her parent, you have to lead tang tang well and be an honest and trustworthy person ... come on, i'm waiting!"

"i ..."

luo chenxi wanted to cry but had no tears.

the poor little white rabbit was gnawed on by the big bad wolf in a new way for the whole night.

moreover, mu yichen was exceptionally excited and unyielding today. no matter how she begged for mercy, he still pestered her in a domineering manner and kept demanding more from her.

by the time luo chenxi could finally heave a sigh of relief and take a nap, the sky outside had already brightened.

she was so exhausted that she fell asleep immediately after leaning on the pillow.

however, mu yichen was still hugging her tightly. his arms were wrapped around her waist tightly as he refused to let go.

even though he wanted to ask luo chenxi in person who the man was back then ...

he still remembered how luo chenxi was in so much pain and agony back then. she refused to accept his proposal and she refused to tell him what happened in the past.

it was not hard to imagine how much of a psychological trauma this incident had caused to the stupid woman.

it would not do him any good to tell her about it. on the contrary, it would agitate luo chenxi and make her feel uncomfortable.

since that was the case, he might as well just pretend that nothing had happened.

mu yichen stared at luo chenxi in silence for a while.

luo chenxi appeared to be a little restless in her sleep. she kept moving her body and seemed to be mumbling something.

mu yichen leaned closer to listen.

"uncomfortable ... uncomfortable ..." a mosquito-like voice was heard.

mu yichen was stunned for a moment. he shifted his gaze downward subconsciously. in the next second, an annoyed expression appeared on his face.

it was obvious that because of his uneasiness and anxiety, he didn't control his strength well and caused the little woman under him to be a little miserable.

her body was covered in kiss marks.

Chapter 1117: even the birthmark can grow in the same position

moreover, his entire body was drenched in sweat.

it was apparent that she felt very uncomfortable. it was no wonder that luo chenxi could not sleep well.

a sense of guilt arose in mu yichen's heart. he quickly got up and carried luo chenxi in his arms before walking into the bathroom.

he wanted to wipe her down while she was asleep so that she could sleep more comfortably.

however, he had clearly overestimated his self-control.

facing his wife's near-perfect figure, he could not control his body's instinctive reaction at all.

"damn it!"

mu yichen could not help but curse softly.

the feeling of being able to look but not eat was really too annoying!

however, he could only force himself to bear with it when he saw luo chenxi's pitiable little face. he tried his best not to look at her body while he wiped her body as quickly as he could.

then, using the last of his willpower, he bent down and picked up his little woman ...

"uh huh ..."

boxn ov el. c o m

luo chenxi mumbled and pushed his chest subconsciously.

mu yichen was caught off guard. he took a step backward and fell to the ground.

the small woman's naked body in his arms was pressed against his body.

mu yichen could only feel a gush of hot air rush to his brain. "stupid woman, you ... you asked for this!"

he looked at luo chenxi who was in a daze. he grabbed her slender waist and turned her over to press her against the bathroom floor.

the next second, he suddenly stopped.

there was a look of surprise on his incomparably handsome face. he squinted his pitch-black, starry eyes as he fixed his gaze on the back of luo chenxi's waist.

there was a red birthmark there.

even though the color was not dark, luo chenxi's skin color was too fair. the birthmark was rather eye-catching due to the contrast.

luo chenxi's birthmark was extremely sensitive. mu yichen liked to touch this part on purpose when they were in bed.

he had already seen this birthmark countless times.

however, this time, as he stared at the small red mark, his mind buzzed and he suddenly recalled a memory that had been sealed away for many years.

a few months ago, bai xinxin wanted to drive a wedge between him and that stupid woman, so she sent him an indecent video on purpose. it was later proven that the video was actually secretly taken by luo chenxin and her lover, reese.

at that time, he didn't think much about it.

however, in retrospect, luo chenxin in the video also had the same birthmark on the back of her waist!

luo chenxi and luo chenxin were not twin sisters in the first place. even though they were related by blood, it was unusual for them to look so similar. even their birthmarks were in the same position. moreover, the color and size were exactly the same!

furthermore, that night more than four years ago, the night he and a mysterious woman had made little furball.

actually, he had been extremely drunk at the time and had a vague impression of the woman he had slept with. the only thing he remembered was the birthmark on her waist and the extremely sensitive reaction she had whenever that part of her body was touched ...

at the thought of this, mu yichen stretched out his hand subconsciously and touched the birthmark on luo chenxi's waist.

"um ... you're so annoying ... go away ..."

luo chenxi shuddered at once. her body began to tremble ever so slightly. at the same time, she stretched out her hand and waved it behind her back as if she was trying to drive away an annoying fly.

mu yichen retracted his hand in an instant as if he had been burned by fire. his face was filled with shock!

a shocking guess emerged in his mind!

Chapter 1118: was the woman who had slept with him ... luo chenxin or ... luo chenxi?

four years ago ...

he was drunk and spent an unforgettable night with a woman with a birthmark on her waist.

four years ago ...

luo chenxi was studying abroad when she suddenly got pregnant. she could not identify the father of the child yet.

on the other hand, luo chenxin and luo chenxi were so similar ...

on that night four years ago, the woman who appeared in his room and slept with him ... was she luo chenxin or ... luo chenxi?

if the woman he had spent a night with was his beloved stupid woman, then could it be that the little dumpling was also ...

it was fine if this thought did not appear, but once it appeared in his mind, it was as if it had taken root and could not be removed.

mu yichen's mind was in a mess.

he told himself that it was highly unlikely that such a thing would happen. it was the result of his imagination that came to mind because he wanted to be the only one left in luochenxi's life force too much.

the more he thought about it, the more he felt that it was possible.

after all, many things could be explained if luochenxi was the little dumpling's biological mother.

boxnovel.com

his little dumpling had always hated luochenxi, so why was she so close to luochenxi who had the same appearance as her? moreover, they were as close as mother and daughter the moment they met!

on the other hand, he was filled with disgust when he faced luochenxi.

however, he could not control the impulses in his body and heart on multiple occasions when he looked at luochenxi's face that was identical to hers. in fact, he could not help but sleep with her on their wedding night.

he even blamed luochenxi for drugging him at the time.

in fact, only he knew that the effects of the drug had worn off in the second half of the night, but he still had sex with the stupid woman for the whole night, until dawn ...

mu yichen's heart thumped so hard that it almost jumped out of his throat.

such a guess made him fall into an excited mood.

he even had the urge to shake luochenxi awake immediately so that he could ask her about what happened four years ago.

however, in the end, his rationality still managed to gain the upper hand.

mu yichen gradually calmed down. he supported himself with his arms on the floor and sat up.

at this moment, he had long lost the impulse he had earlier.

he got up and bent over to carry luochenxi. he wrapped her in a bath towel and dried her before he gently placed her back on the bed and covered her with the blanket.

his heart softened when he saw that luochenxi was finally sleeping soundly this time with the corners of her lips curled up ever so slightly.

he lowered his head and gave her a kiss on the cheek before turning around and leaving the master bedroom.

it was already five in the morning.

the servants at home had already started to get busy.

aunt chen was extremely surprised to see mu yichen coming down. " eldest young master, why are you so early today ... "

"get the car ready, i'm going to the he family."

"ah? but, it's only five o'clock now ... and you haven't had breakfast yet ..."

mu yichen did not say anything but walked straight out.

he got into the car and immediately called he jinsi.

he jinsi picked up the phone, his voice a little hoarse. " what's the situation? 'mu yichen, why are you calling me at this hour?' can't you let me sleep? at this time, shouldn't a married man like you be hiding in bed with your wife in your arms? i don't think you're like tingyuan, divorcing your wife?"

"don't jinx me!"

mu yichen could not bear to hear this. he could not even joke around. his face darkened immediately.

" jingsi, i'm on my way to your house. "

"what? what's wrong?" he jinsi immediately sobered up.

"it's about the incident that happened ... four years ago when we were studying abroad in country F," mu yichen said softly.

Chapter 1119: that woman seemed to have disappeared into thin air

he jinsi was slightly taken aback, and then he cried out in surprise, " "what did you just say? four years ago ... could it be that you're talking about that incident?"

mu yichen squinted his eyes and took a glance at his chauffeur, old liu, who was sitting in the driver's seat.

"i'll tell you the details when i get there," he said.

even though old liu had been working for the mu family for many years, he still had to be cautious when it came to lu chenxi's privacy and reputation.

not long after, the car stopped in a luxurious neighborhood.

the he family's base camp was in S city, so he jinsi only bought a one-story apartment in the same neighborhood as mu yiling as a place to stay.

he jinsi was obviously not ready when mu yichen arrived. he had not even changed out of his pajamas.

"you've arrived so quickly? did he fly over?" when he opened the door and saw who it was, he was shocked.

mu yichen strode into the room with a frown.

as the door closed behind him, he asked, " " jingsi, do you still remember the time i got drunk in paris four years ago? "

he jinsi also frowned. " yichen, what's wrong with you? " why did he suddenly ask about what happened four years ago? 'the drunk night you mentioned ... isn't that the night you had sex with luo chenxin?' of course i remember! if it wasn't for me, you wouldn't have made such a mistake ..."

as he jinsi spoke, he seemed to have recalled something, and his expression gradually darkened.

four years ago ...

mu yichen had just graduated from his phd at MIT. he was preparing to return to china to take over the mu family.

if it was not because he jinsi had broken up at that time and forced him to accompany her to europe for a walk, luo chenxin would not have had the chance to plot against mu yichen.

even the day mu yichen got drunk, he was only there to accompany he jinsi, who was drowning his sorrows in alcohol.

in the end, something like that happened ...

he jinsi had always felt that he had let mu yichen down because of this incident. he had caused his good friend to be entangled by a woman like luo chenxin, and he could not get rid of her no matter what.

he was only relieved when mu yichen and luo chenxi registered their marriage.

mu yichen hastily interrupted him, " you don't have to feel guilty. perhaps i'll have to thank you properly! "

he jinsi smiled. " that's true. if it weren't for me, would you have such a cute little angel like tang tang? "

mu yichen noticed that tang zui had misunderstood him, so he did not bother to explain. instead, he continued to ask anxiously, "i remember that i had to rush back to china the next day because my mom was sick. you were the one who took care of the follow-up ... you said you didn't find the hotel's surveillance camera? what's going on?"

he jinsi furrowed his straight eyebrows and tried hard to recall the situation.

"i went to check the surveillance the next day, but the hotel said that the surveillance system was broken that day and there was no record left. i've asked someone to check it out. there was indeed a problem with the surveillance system that day. the hotel didn't lie. also, the manager told me that he did see a woman following you to the top floor that day."

"at first, i was worried that you met someone who wanted to plot against you, so i stayed in paris for an extra month. i even told the hotel to inform me immediately if they saw the woman from that day appear. however, no one came to look for me and i couldn't find any clues. it was as if that woman had disappeared into thin air."

" i've been thinking about it. you're most likely to be fancied by a girl from F country. "

Chapter 1120: don't you think you should see a psychiatrist?

the girls in F country were much more open-minded than those in hua country.

with mu yichen's incomparably handsome face, his tall figure, and handsome silhouette that was rarely seen among eastern men, he was the focus of women's attention no matter where he went.

every time they entered a bar in country F, countless women would be tempted and want to take the initiative to throw themselves at them.

however, he jinsi and mu yichen were not interested in them at all. one of them was heartbroken while the other was aloof. they did not give them any chance at all.

therefore, he jinsi thought that since the woman who had slept with mu yichen did not come over to blackmail him, she most likely did not know mu yichen's true identity. she only took a fancy to his looks, so she took advantage of mu yichen's drunkenness and slept with him.

" by the way, now that you mention it, i remember that i saw a sneaky woman at the hotel entrance after you left that day. i thought about it later, and she looked a little like luo chenxin. it's just that she ran away as soon as she saw me, so i didn't think much about it. sigh, it's my carelessness that has harmed you!"

he jinsi did not expect that it was not that luo chenxin did not want to benefit from mu yichen, but she had a big plan up her sleeve. she had given birth to the child before she brought her daughter to his house.

what he was after was the throne of mrs. mu!

upon hearing this, mu yichen seemed a little agitated. he took a step forward. " are you sure that the person you saw that day was luo chenxin? " could it be ... could it be ..."

"what are you trying to say?" he jinsi looked at his friend in confusion.

mu yichen took a deep breath. " could the person you saw at the entrance of the hotel the other day be my wife? "

he jinsi was stunned. " your wife? you mean ... luo chenxi?"

mu yichen nodded. " don't they look the same? "

he jinsi said, 'aren't you overthinking this? although i didn't see luo chenxin's face clearly that day, i only vaguely saw an asian woman's figure, but luo chenxin is studying in country F, so i can match her! how could sis-in-law be in paris?"

mu yichen suddenly frowned and said in disappointment, " you're right, but ... but i still think that the woman in my room that night is unlikely to be luo chenxin. it should be my chenxi! "

he jinsi's eyes widened and he looked at him as if he was looking at a monster.

“i say ... mu yichen, you’re not having a fever, are you? how could he have such an unrealistic fantasy? ‘i know that you and sis-in-law are truly in love. sis-in-law and tang tang are like mother and daughter. you really hope that the two of you are a real family of three. but, you can’t hypnotize yourself like this, right?’ don’t you think you should see a psychiatrist?”

as he jinsi spoke, he reached out and touched mu yichen’s forehead to test his body temperature.

mu yichen pushed his hand away at once. “ i don’t have a fever! he didn’t have any psychological problems! i just suddenly feel that there’s something suspicious about what happened back then. it might be completely different from what we thought at the beginning.”

back then, when the hotel’s surveillance camera was broken, they didn’t think much about it.

after luo chenxin brought tang tang to the mu family’s house, everyone thought that luo chenxin wanted to hide the fact that she had slept with mu yichen and secretly give birth to the child first. that was why she had thought of a way to destroy the hotel’s surveillance system.

now, from another perspective, luo chenxin’s purpose of hacking the surveillance cameras was even more complicated.
