## Chapter 1151: if i die, will you ... miss me?

“i’m not ...”

bai shixun was about to say something when fang ziqian suddenly leaned toward him and touched his back without saying anything.

if it was any other day, bai shixun would not even be able to laugh if fang ziqian was willing to touch him.

however, at this moment, he only had one feeling. it hurt!

“si ... qianqian, let go! don’t ... don’t touch me!” bai shixun gritted his teeth and gasped.

fang ziqian’s face paled when she touched a sticky, wet liquid and smelled the faint scent of blood in the air.

not only was bai shixun shot, but he was shot earlier than she had expected.

it was no wonder he couldn’t get up after losing so much blood.

and she had just urged him to run faster.

fang ziqian immediately became anxious and asked, “second master, you ... where did you get shot? hurry up and tell me! don’t ... don’t scare me ...”

she was at a loss for a moment and did not know how to help him.

the alley was dark, with only the faint light from the street lamp in the distance. it was impossible to see the location of bai shixun’s wound.

bai shixun did not answer. instead, he let out a muffled groan and his body swayed again.

then, he fell in fang ziqian’s direction.

fang ziqian couldn’t care less about anything else as she hurriedly held onto him.

bai shixun could not exert much strength at this time, so his whole body was almost in a state of emptiness. his entire body weight was on fang ziqian.

she leaned her head against fang ziqian’s neck, and every breath she exhaled was scorching hot.

“bai shixun, you ... say something!” fang ziqian’s voice sounded like she was about to cry.

bai shixun’s body temperature was obviously higher than normal. this must be because the wound was not treated in time, and the inflammation had led to a high fever.

this was a very serious symptom!

bai shixun's body trembled again, and he spoke again, but his voice was obviously much weaker than before.

"little ... qianqian ... if i ... if i die, will ... will you remember me? will you ... miss me?"

fang ziqian's body trembled uncontrollably. "you, you, you ... what nonsense are you talking about? you won't die, you won't die! hang in there, as long as we wait until dawn, someone ... someone will come to save us! those bodyguards won't be able to find us, so they'll definitely come back ..."

bai shixun's voice became even lower. "i ... i'm afraid i can't wait any longer. little qianqian, i ... i'm so dizzy ... my body is so cold ..."

the fear in fang ziqian's heart reached its peak.

she hugged bai shixun tightly and said in a panic, "bai shixun, bai shixun! don't ... don't be like this, you must hold on! you ... where are you cold? i'll help you warm up. you ... you can lean on me ... bai shixun, wake up and talk to me!"

although she had always looked down on a rich playboy like bai shixun, and even after bai shixun started to pursue her, she only thought that bai shixun was just doing it on a whim and did not have a good heart, so she avoided him like the plague.

however, at this moment, bai shixun was seriously injured in order to protect her, and his breath was getting weaker and weaker ...

fang ziqian's heart clenched into a ball. an unprecedented fear and pain struck her heart, almost suffocating her.

if ... if bai shixun really could not make it ...

she ...

**Chapter 1152: bai shixun was so seriously injured, but his mind was actually ...**

at that moment, what came to fang ziqian's mind was not elder bai's instructions.

instead, it was bai shixun's handsome face that always carried a frivolous and evil aura.

she always felt that bai shixun's expression and voice were extremely annoying when he called her 'little qianqian'. however, at this time, when she heard bai shixun calling her that mushy name, fang ziqian only felt heartache!

it was so painful that he couldn't breathe!

she ... what's wrong with her?

fang ziqian thought about it for a long time and came to a conclusion. if bai shixun were to die, she would not be able to answer to master bai! thinking of how old master bai was, and how he was going to lose his only grandson, she felt sad for him.

yes, it must be like this ...

just as fang ziqian was trying her best to brainwash herself, bai shixun suddenly took a deep breath and his voice started to tremble.

“i ... i really can't take it anymore ... little qianqian, i ... before i die, can i make a request?”

“pei, pei, pei, what before death! how could you have died? ‘bai shixun, you won't die! as the saying goes, good people don't live long, but scoundrels live for a thousand years. you'll definitely live to a hundred years old!” fang ziqian immediately retorted.

“what do you want?” she asked.

bai shixun lowered his voice even more. “ little qianqian ... can you ... take the initiative to kiss me? ”

boxn ov el. c o m

fang ziqian was stunned. two to three seconds later, she said, “ ... what? what ... what did you say?”

bai shixun's body became more and more sore and weak, and he pressed down in fang ziqian's direction.

he had been working out for many years, and his muscles were strong and powerful. the weight of his entire body on fang ziqian was a little unbearable. she subconsciously took two steps back, and her back hit the rough and hard wall of the alley.

if it wasn't for such a critical situation, this could almost be considered a standard katedon position.

fang ziqian found it hard to breathe.

she widened her eyes, but she still could not see bai shixun's gloomy face in the dim light.

“ little qianqian, i've been chasing you for so long. i ... i really like you ... but you've never even smiled at me ... i ... i'm about to die. i only have one request. you ... you can kiss me ... that way, i ... i can die in peace ... cough ... ”

bai shixun's voice was getting lower and lower ...

towards the end, his voice was no different from the buzzing of a mosquito.

if it weren't for the fact that the two of them were so close that they were practically sticking together, fang ziqian wouldn't have been able to hear him clearly.

hearing this, fang ziqian's face gradually turned red.

she did not expect that bai shixun, who was so seriously injured, would be thinking about ... these ...

in an instant, the emotions that surged up in her heart were so complicated that she couldn't even describe what she was feeling.

all this while, she had thought that bai shixun was only pursuing her for fun. he was just tired of eating big fish and meat and wanted to eat some carrots and vegetables to relieve his boredom.

in any case, it was impossible for him to be sincere.

but now ...

fang ziqian bit her lip and did not make a sound.

after bai shixun finished speaking, he leaned his head against her neck and said nothing more. there was only the sound of his breathing that was getting weaker ...

### **Chapter 1153: something's not right about this!**

fang ziqian suddenly became nervous. she reached out to bai shixun's chest but did not dare to push him hard for fear of touching his wound and hurting him.

she could only pat his face lightly.

"bai shixun! bai shixun!"

the only reply she got was silence.

fang ziqian's tears were on the verge of bursting out. her head was buzzing, and she kept thinking about bai shixun's confession.

when she heard bai shixun's breathing getting fainter and fainter, fang ziqian was so excited that she could not care about anything else. she lifted bai shixun's face with both hands and kissed him on the lips.

bai shixun's lips were a little cold due to the excessive blood loss, but fang ziqian was still clinging to him tightly.

she did not know why, but she felt that bai shixun's scent made her feel very comfortable.

the last time this man forced a kiss on her, she clearly felt like she was bitten by a dog!

fang ziqian's thoughts were in a mess and her emotions were complicated. she pressed her lips against bai shixun's without moving or looking at him, so she did not notice the glint in the man's eyes.

after a while, fang ziqian suddenly felt a warm, wet sensation on her lips.

before she could figure out what was going on, the man had already turned the tables on her. he bit her lips directly and kissed her forcefully.

boxn ov el. c o m

the simple kiss quickly turned into a french kiss.

fang ziqian was confused.

however, this kiss lasted for a long time, and she gradually understood.

this matter was not right!

'didn't bai shixun pass out? didn't he lose too much blood and was about to die? why was this kiss so aggressive and so proactive?

also, wasn't poking a certain part of her body a little too disgusting?

fang ziqian snapped out of her daze and opened her eyes. she placed her hands on bai shixun's chest and pushed him away ...

"what the ...! it hurts ...! you're trying to murder your husband!"

" bang! " bai shixun fell to the ground with a loud thud. at the same time, he let out a cry of pain.

fang ziqian's face was twisted in anger. " bai shixun, how dare you pretend to be injured to lie to me! go to hell!"

bai shixun gasped for breath for a while before he managed to hold back the pain and spoke again, " little qianqian, you ... how could you be so cruel? we were so passionately entangled and kissing just now, and you want me to die now? even the black widow is not as cruel as you!"

"you, you, you ... you still have the nerve to say that!" fang ziqian was so angry that she was about to vomit blood. " you're obviously pretending. you lied to me ... you lied to me ... "

"what did i lie to you about? let's hear it, alright?" bai shixun's roguish laughter could be heard.

fang ziqian was about to explode on the spot.

her originally fair little face was now flushed red, like a red apple.

she was really fooled by bai shixun's acting skills just now. she thought that he was really going to die. she had a stroke of genius and ... she took the initiative to kiss this stinky man ...

he did not expect that this was all bai shixun's plan!

no matter how much she had calculated, she had never expected that second young master bai would still be tricking her at this time!

when she heard bai shixun's confession just now, she recalled the feeling of her heart beating so fast. she recalled the entanglement, uneasiness, fear, and emotions in her heart ...

fang ziqian felt like she had been f \* cked!

she must be out of her mind to believe that bai shixun truly loved her!

**Chapter 1154: i'd rather believe that there are ghosts in the world than believe that man's mouth!**

"so what if i lied? i'll just pretend that i was bitten by a dog! it's not the first time i've been bitten by a dog anyway!"

fang ziqian took a few deep breaths before she managed to calm down. she glanced at bai shixun and said stiffly.

"alright, since you're fine, let's quickly find the exit! those assassins have left for so long, but they didn't catch up with us. they must have noticed that we're hiding. they'll probably come back soon. we have to hurry and find a way out ..."

fang ziqian finished her sentence quickly and turned to leave.

she really did not want to see bai shixun anymore!

in her eyes, bai shixun was a complete liar, and she ... she had never been so stupid in her life!

she would rather believe that there were ghosts in the world than to believe a man's mouth!

however, after fang ziqian had walked forward for a few dozen meters, she did not hear bai shixun's voice.

the corners of her mouth twitched. she really wanted to leave and never come back.

however, when she thought of what master bai had asked her to do, she stopped in her tracks. without even looking back, she said, "bai shixun, why are you pretending to be dead? hurry up and get up, hurry up and leave! if we delay any longer, we'll really lose our lives!"

however, bai shixun still did not move. instead, he let out a few heavy gasps.

"little qianqian, you ... come and pull me ... pull me up ... i really ... really can't get up ..."

boxn ov el. c o m

fang ziqian didn't believe his nonsense at all, and her lips curled into a cold smile.

"bai shixun, stop pretending! do you think i'll fall for it a second time? your injuries aren't that serious at all, and you're still in the mood to take advantage of a girl? can't you walk anymore? hurry up and get up! stop playing!"

"no, i'm ... i'm really ... cough cough cough ..."

bai shixun started to cough non-stop.

fang ziqian couldn't take it anymore when she heard him continue his act. her last trace of patience was exhausted.

she sneered, "if you like to act, then act there. i can't be bothered with you. i'm leaving!" if you don't want to follow me, you can continue squatting there!"

with that, she turned around and left.

this time, even though bai shixun kept calling out to her, "little qianqian, wait!" she did not turn around.

did he think she was a fool?

would he still believe that bai shixun was seriously injured and had lost too much blood?

she had believed him!

fang ziqian's stomach was filled with resentment. she walked quickly along the alley, silently drawing circles and cursing bai shixun in her heart.

this shameless scourge!

when they returned, she would definitely resign! it was useless no matter what master bai said!

she walked forward for a few minutes before she suddenly felt that something was wrong.

the surroundings were too quiet.

the alley was very deep, and it grew darker as they walked. the environment was already scary, but now, it was so quiet.

fang ziqian was brave enough to not be frightened.

however, she suddenly thought of a problem ... bai shixun!

bai shixun did not follow them!

was he crazy? in order to lie to her, he actually stayed in the same place when the killer was likely to return soon!

was he tired of living?

no, no matter how shameless bai shixun was, there was no reason for him to joke around with his life!

could it be that ... he ... he was really injured and couldn't get up?

fang ziqian recalled the smell of blood in the air. it couldn't have been fake!

her expression changed, and she quickly turned around and ran back.

#### **Chapter 1155: chapter 1159-shut up!**

before fang ziqian could run back to her original position, she heard a low groan in the dark.

"bai shixun?" her heart skipped a beat as she whispered.

the heavy breathing stopped for a few seconds.

immediately, bai shixun's exasperated voice was heard, "fang ziqian, w-why did you come back?"

fang ziqian didn't answer. instead, she pounced on him and started searching his body.

"bai shixun, you're seriously injured, aren't you? why didn't you say anything just now? you ... you even did that on purpose ... do you want to die?!"

bai shixun furrowed his brows and placed his hand on fang ziqian's shoulder, trying to push her away.

however, before he could use his strength, fang ziqian's little hand touched the wound on his back, causing him to gasp.

"heavens! you're seriously injured! so much blood!" fang ziqian's voice was filled with obvious panic.

bai shixun gritted his teeth and closed his eyes. when he opened them again, his tone had changed again.

"i say ... little qianqian, why did you come back in such a hurry? are you really afraid that i'll die? i've said it before, you may be ignoring me on the surface, but you actually love me very much in your heart,

right? tsk, tsk, i guess i'm lying here to see how much you love me. you really didn't disappoint me ...  
haha ..."

"if you love me so much, why did you push me away just now? come, let me kiss you again ..."

boxn ov el. c o m

"you ...!"

before fang ziqian could finish her sentence, she swallowed her words and her expression changed.

bai shixun smiled evilly. "that's enough. stop pretending. you won't look like one if you keep pretending. i don't like pretentious girls ... hey, what are you doing?!" fang ziqian!"

bai shixun's words stopped abruptly.

with her eyes wide open, she watched fang ziqian's movements under the dim light.

she leaned forward and grabbed bai shixun's shoulder. she wrapped his arm around her body and bent down. then, with her back facing up, she stood up and tried to carry bai shixun on her back.

however, her strength was obviously not enough.

after exerting a few times, she finally managed to drag bai shixun up.

bai shixun's voice changed. "fang ziqian, what are you doing? put me down! what are you thinking? you can't carry me, put me down!"

after running for so long, he actually felt that he had lost too much blood and his running speed was getting slower and slower.

if she continued to walk with fang ziqian, she would only slow down.

so, he had deliberately provoked fang ziqian and tried to drive her away!

the main target of the assassins was him, not fang ziqian. if they split up, fang ziqian would most likely be able to escape.

since fang ziqian hated him so much and had been teased by him, it would be strange if she didn't run.

however, bai shixun did not expect that fang ziqian would return after a few minutes even though she had left in anger.

not only did she see through his disguise, but she also insisted on carrying him and escaping together.

"little qianqian, i'm serious. you ... put me down! if you take me with you, you'll also die! you don't have to accompany me and take this risk. you ... you should leave! after we escape, we'll send the news back to china ..."

fang ziqian gritted her teeth and used all her strength to support him.

at the same time, she turned around and glared at him. "shut up!"

**Chapter 1156: she was so angry that she lost her mind**

bai shixun was stunned.

even though fang ziqian had never been friendly to him, she would still try to control herself due to the difference in their status.

it was the first time he had seen such a strict attitude.

while he was still in a daze, fang ziqian had already picked him up on her back and began to move towards the end of the alley with difficulty.

the two of them were very close to each other. it could even be said that they had never been so close before.

bai shixun's firm chest was pressed against fang ziqian's back, and he could smell the faint fragrance of fang ziqian's hair.

if it was any other time, bai shixun would have laughed out loud if fang ziqian allowed him to be so close to her.

but now, he could not smile at all.

"little qianqian, put me down ..."

"little qianqian, let me go. the hostage that the assassins wanted to take was me, not you. you can escape ..."

" little qianqian, i'm really touched that you love me so much. however, there's no need for us to die here, right ... "

"little qianqian ..."

boxn ov el. c o m

" shut up! you shut up! didn't you hear me?! "

the veins on fang ziqian's forehead popped out when she heard bai shixun's endless talking.

initially, in order to conserve her energy, she had already made up her mind to ignore whatever bai shixun said.

however, who knew that bai shixun would be so long-winded, and the words he said were getting more and more shameless!

who loved him?

who was going to die with him here?

in your dreams!

" if you say one more word ... " fang ziqian said through gritted teeth.

bai shixun was excited when he heard the beginning. " how is it? if i say one more word, you'll throw me down, won't you?"

fang ziqian glared at him coldly. " no, if you say one more word, i'll run out myself and tell the killers that i'm here. i'll let them kill me! "

"....."

bai shixun did not dare to make a sound.

even though he felt that fang ziqian was just saying those things out of anger, he didn't dare to take the risk. what if she really lost her mind because of him?

seeing that he was silent, fang ziqian snorted coldly and continued to move forward with the man on her back.

because of the burden behind her, her speed was several times slower than when she was running.

moreover, bai shixun's weight on her back was getting heavier and heavier.

this showed that although second young master bai was very stubborn, his body's condition could not lie. he was already on the verge of collapse.

fang ziqian's heart was filled with anxiety, and she used all her strength to move forward.

"faster, faster! fang ziqian, you can do it, you can do it!"

she prayed silently in her heart, hoping that the assassins would come back later so that she and bai shixun could get out of danger.

however, it turned out that she was really unlucky.

just as the two of them were only a few hundred meters away from the other end of the alley, a piercing light suddenly shone from the entrance.

immediately, the killers 'voices were heard.

"there's a small alley here! this location is too well hidden. we didn't even notice it just now!"

" i remember now. we just lost them in this area. they must have run away from here! "

"hurry up! let's hurry up and catch up!"

fang ziqian was shocked and ran forward with all her strength.

### **Chapter 1157: four years isn't a long time**

however, how could her speed compare to those well-trained killers?

the footsteps behind him were getting closer and closer.

" little qianqian, there's no time, " bai shixun said weakly. " you ... you leave ... "

"shut up. i've said it before, i will never leave you behind. if we die, we'll die together!" fang ziqian's tone was firm.

she knew very well that it was impossible for her to escape with bai shixun under such circumstances.

however, to ask her to leave behind second young master bai ...

however, she could not move her legs no matter what.

this time, bai shixun did not try to persuade her further. he did not even try to goad or tease her to leave.

he was silent for a moment and looked deeply at the woman in front of him.

"alright, then ... let's go together!"

the footsteps gradually approached, and soon, they were stopped by the killers.

"where do you think you're going? hehe, keep running!"

.....

paris airport.

a small private plane slowly landed.

the airstair descended, and he jinsi and mu yichen immediately alighted from the plane.

the he family's subordinates had been waiting on the tarmac for a long time. seeing this, they quickly came up to greet him.

"third young master, you're here so quickly. i just received first young master's call and you're already here. we've already arranged the best hotel for you, young master mu, and his wife. we've even booked a three star michelin hotel ..."

lin sen, the manager of the branch company in country F, had a flattering look on his face. he wanted to strike up a conversation with he jinsi and take this opportunity to please the third young master.

however, before she could finish, he jinsi coldly interrupted her.

"enough, i'm not interested in eating, drinking, and playing! my best brother's life is still in danger, how can i eat it? lin sen, i'm very disappointed in you!"

lin sen shivered and lowered his head, not daring to make a sound.

third young master he had always been known for his good temper in the family. he was completely different from his strict and powerful elder brother. even when his subordinates made mistakes, he was very tolerant.

it was the first time lin sen had seen he jinsi so cold and heartless.

“gather all the leaders of the he family in country F for a meeting in my room in half an hour! whoever dares to be late can directly get out of the he family’s territory!”

“y-yes, third young master. don’t worry ...”

lin sen did not dare to delay. after bowing in agreement, he hurriedly made a call to arrange it.

the three of them got into a black car and sped towards the hotel.

luo chenxi looked at the familiar scenery outside the window and was slightly lost in thought.

after the incident four years ago, she had thought that she would never set foot on this land again.

but now, she was back here again because of fang ziqian’s disappearance.

four years wasn’t a long time. when she left the airport, the scenery around her didn’t change much. it was exactly the same as when she was a student.

it made luo chenxi feel as if she had returned to the past.

sometimes, she couldn’t help but think back. if that incident hadn’t happened back then ... where would she be now?

did she graduate from country Y’s royal academy of fine arts, come to paris, the city of fashion, and find her ideal job according to her plan?

luo chenxi was so absorbed in her thoughts that she did not realize that the man beside her was staring at the side of her face. he was frowning ever so slightly.

ever since they got on the plane, his stupid woman had been acting very abnormally, and she would be in a daze from time to time.

mu yichen was well aware of the reason behind this, but he did not know what to say.

### **Chapter 1158: luo chenxin’s request**

mu yichen stared at luo chenxi for a while before he turned around and gestured to he jinsi.

he jinsi nodded slightly to reassure him.

in order to prevent luo chenxi from reminiscing about the past, they had made prior arrangements to change the hotel they were staying in to the eastern region.

it was very far away from the western region where the incident happened four years ago.

the car stopped at the entrance of the hotel.

luo chenxi had yet to return to her senses when mu yichen led her to the presidential suite on the top floor.

as soon as she entered the room, she felt a strong force on her shoulder. she was pinned against the wall by mu yichen.

luo chenxi was jolted awake at once. she widened her eyes and looked at the man before her. " mu yichen, you ... what are you doing? "

mu yichen moved closer to her. " stupid woman, what are you thinking about? "

"i ..."

luo chenxi blinked. she just realized that she had been in a daze for such a long time earlier ...

"um ... i was thinking about little qianqian and second young master bai," she quickly said. they had been missing for three days, and he didn't know how they were doing ... those subordinates of reese were all ruthless assassins! i've been chased by them before, so i know how vicious they are. i'm worried ..."

boxn ov el. c o m

luo chenxi was not lying.

she felt a lot of emotions in her heart as she returned to the same place. however, fang ziqian and bai shixun's disappearance was like a huge rock that weighed heavily on her heart.

mu yichen heaved a sigh of relief in his heart.

if luo chenxi had been thinking about the incident back then and was still trying to seize the opportunity to find the murderer, he would be in an awkward position ...

luo chenxi had no such intention at the moment. at least, a certain part of his body had been preserved for the time being ...

he loosened his grip on luo chenxi's shoulder and pulled her into his arms.

"you don't have to worry about that for the time being," she said in a low voice. "shixun and secretary fang should be safe for now." however, we have to think of a way to rescue them as soon as possible."

luo chenxi was stunned for a moment. " how did you know? "

mu yichen said,"i received a mysterious email on the plane just now. i think it's from reese's subordinate. there's a video in it. it's a video of bai shixun and fang ziqian's situation. they were in good condition. shixun was slightly injured, but secretary fang was unscathed. so, you don't have to worry for now."

luo chenxi widened her eyes.'this is ... a blackmail email? did they take little qian qian and second young master bai as hostages? then ... did they make any requests?"

mu yichen nodded. " that's right. he made a few requests. first, they want us to release reese immediately and use our family's power to remove the wanted order for reese and his men from the international criminal police organization."

luo chenxi frowned upon hearing that. she did not speak.

although this condition made people very unwilling, it was not impossible.

however, the other party's appetite was definitely not limited to this.

this group of underground forces, who regarded human lives as nothing, had taken a great risk to kidnap the only heir of the bai family. they would definitely take this opportunity to demand an exorbitant price.

she had not guessed wrong.

mu yichen continued, " second, they want us to pay a ransom of ten billion us dollars. moreover, it must be paid using virtual currency. "

"10 billion!" luo chenxi exclaimed in surprise.

this was definitely not a small number.

even for a top rich family like the bai family, it was a huge sum of money.

mu yichen's gaze was cold. " money is a small issue. the most important thing is the request of luo chenxin, the mastermind behind the scenes ... "

### **Chapter 1159: luo chenxin has a good plan!**

luo chenxi blinked her eyes and asked in astonishment, " " did luo chenxin contact you personally? "

everyone could guess that luo chenxin was involved in this matter.

however, luo chenxin should not have dared to admit it on her own accord, so she should have been hiding behind the scenes.

mu yichen pursed his lips and sneered. " the other party didn't say that it was luo chenxin's request, but her motive was too obvious. the third request was for us to hand you over to reese's people. the reason was: it was because of you that reese was killed. those assassins under him also lost their lives because they were after your life."

luo chenxi's mouth was agape as she was stunned by the extremely shameless logic.

as an assassin, since he had chosen this profession, it was normal for him to fail a mission and be arrested or killed.

she should be the one to blame for not being skilled enough. could it be that she, the victim, should be blamed for not lying down obediently and allowing herself to be slaughtered?

she frowned. " it seems that this is really an excuse luo chenxin came up with to deal with me. "

mu yichen nodded. " that's right. besides, i have to say that she's grown some brains this time. she's learned to use shixun's life to threaten us ... "

under normal circumstances, luo chenxin knew that she was daydreaming when she asked mu yichen to hand over luo chenxi.

however, the situation was different now that she had caught bai shixun.

bai shixun was the only heir of the bai family. master bai was already so old, and all the hopes of the bai family were placed on bai shixun.

boxn ov el. c o m

one could imagine that in order to save their only son, the bai family would definitely be willing to pay any price.

there was a high possibility that he would put pressure on the mu family to ask them to send luo chenxi away and resolve this matter.

luo chenxi pondered for a moment before she understood the situation. she frowned even more. do you really think we're fools? what's your next plan?"

of course, she knew that mu yichen would never hand her over for bai shixun.

however, fang ziqian and second young master bai had to be rescued.

if he were to reject luo chenxi's request, he did not know if they would be in danger ...

mu yichen could see the worry on her face. he reached out and pulled her into his arms. he consoled her in a low voice, " don't worry, stupid woman. you don't have to worry about anything. your husband will definitely take care of such a small matter. "

the man's deep voice rang in her ear, and his hot breath made her face feel itchy.

luo chenxi's petite face blushed slightly as she nodded.

she was about to say something when mu yichen's phone suddenly rang.

" yichen, the paris police have arrived. come over to my place with chenxi. "

mu yichen's expression turned serious again. he pulled luo chenxi along and rushed to he jinsi's room together.

in the room, the director of the paris police station came in person, and the four police officers related to the case were also present.

the bureau chief looked at he jinsi's cold face. he was already feeling uneasy.

in the end, she saw mu yichen strode into the room with his wife when she turned around.

the cold sweat on his forehead dripped down.

he knew that he was in big trouble this time!

this kind of mysterious disappearance happened occasionally in the local area. the police saw that it was a chinese person, so they didn't pay much attention to it.

the police officers involved had also received bribes from these underground nightclubs.

**Chapter 1160: the he family and the mu family are not to be trifled with!**

as such, it wasn't that they didn't investigate bai xinxin's disappearance case at all, it was just that they didn't put in as much effort.

he always wanted to find someone without harming his own interests.

although the he family had sent someone to inform them, the police officers didn't know how powerful these big families were. they only thought that no matter how rich they were, they were just foreigners. how could they control f country?

therefore, he did not take this matter to heart and had been fooling bai shixun.

however, the people below were not sensible, but the bureau chief knew the he family's situation.

he was already shocked when he saw the third young master of the he family coming to paris in person.

while he was still in shock, he saw the mu family's eldest young master also appear. he was so scared that he almost lost his life.

the mu family's power had rarely set foot in europe in the past, so the ordinary people did not know much about them. it was only in the recent six months that they had entered the european market on a large scale, and they were even inextricably linked with the political world.

the he family and the mu family were not to be trifled with!

moreover, the aura of these two young masters was too frightening!

the bureau chief shivered in fear when he was swept by mu yichen's icy cold gaze. he immediately stood up from his seat.

"third young master he, first young master mu ... i'm really sorry that something like this happened to mr. bai in my area of jurisdiction. it's all because of my lax management of my area of jurisdiction. please calm down and listen to my progress on the case."

there was no expression on mu yichen's face. he scoffed softly in a noncommittal manner.

he jinsi couldn't suppress his anger and said coldly, "hurry up and tell me clearly! this wasn't just a lack of management, it was clearly dereliction of duty! you're a rich young lady, and you went missing in your area of jurisdiction. you couldn't find her for months, and now there's an assassin who kidnapped my friend! what's the point of having you as the director?"

"third young master he, please calm down ... i ... i'll tell you now, i'll tell you ..."

the back of the director's clothes was completely soaked in cold sweat.

at this moment, the only thing he was glad about was that he had a thorough understanding of the case before he came.

now, he could only think of a way to atone for his crimes and save his life.

"second young master bai asked us to investigate miss bai's disappearance. the police did not ignore it. we also cracked down on a few illegal nightclubs. later, we suspected that miss bai had been sold to an

area under the jurisdiction of the country's largest underground force. their boss has a very strong background, so we did not dare to act rashly. thus, we asked second young master bai to wait for news. who knew that he could not wait any longer and took the risk to go to the red-light district to investigate ... ”

“so ... your underground forces are so arrogant that even the police can't control them? if you weren't so useless, would shixun have to put himself in danger? and now it's his fault?” mu yichen sneered.

the director shivered again and shook his head. ” no, no, no. second young master bai did nothing wrong. it's all because we didn't pay enough attention to him ... ”

“cut the crap. i'm not interested in those ridiculous excuses. i just want to know if you have any information on the kidnappers. what's the next step of the rescue operation?”

the director didn't dare to find any more excuses and quickly told the truth.

“the assassin organization that reese belongs to is a subordinate of the largest underground force in our country F. they have always been very arrogant. after we received the report, we have already raided the enemy's base, but they have already moved ...”
