

Sweetheart 1171

Chapter 1171: the fitting room or something ... sounds exciting

luo chenxi had forgotten to put on her gown after she took it off earlier.

moreover, because these gowns were very close-fitting, she didn't even wear a bra.

luo chenxi blushed at the thought of this. she immediately turned around in an attempt to grab the clothes that were thrown aside to cover herself.

however, before her fingers could even touch the fabric, mu yichen had already seized the opportunity to grab her wrist and pulled her into his arms.

"stupid woman ... you didn't wear any clothes on purpose. were you waiting for me to come? hmm?" the man's deep voice rang in her ear.

luo chenxi's face was burning up. she used her free hand to push mu yichen's chest away forcefully.

"m-mu yichen, how did you get in? shouldn't there be an assistant to help me change?"

there were two back-strap gowns that she couldn't wear on her own. she had been waiting for her assistant to come over and help her, so she didn't close the door.

whoever knew that he had actually led a wolf into the house!

mu yichen's powerful palm pressed on her round and slender shoulders. he chuckled softly and said, "i met the two assistants at the door, so i told them to go back first."

luo chenxi was so angry that she could not help glaring at him.

no wonder her assistant didn't come even after she had waited for so long. she had thought that the service in the chf wasn't good.

boxn ov el. c o m

in the end ... it was this man who was behind all this!

"these people are too unprofessional! i'm still changing my clothes, how can they let a man in!"

mu yichen's expression darkened. "i'm not an ordinary man. i'm 'your' man!" stupid woman, it looks like i need to teach you a lesson!"

the man's voice sounded stifled. luo chenxi sensed danger instinctively.

"mu yichen, listen to me... mmm!"

before she could finish her words, her lips were blocked by someone.

luo chenxi had no idea how long had passed. she was almost out of breath when the man finally let go of her.

her little face was flushed with anger. " mu yichen! what are you doing? let me go! we're in ... in the fitting room ..."

mu yichen's lips curved into a devilish smile. " what's the problem with the fitting room? anyway, this is the least likely place to have surveillance cameras. we can do whatever we want ..."

"f * ck your head! quickly let go of me!"

luo chenxi was stunned by his shamelessness. when she regained her senses, she immediately gave him a strong shove and forcefully pushed him a few steps back.

"don't we still have to go to old master tang? we'll be late if this continues!"

a wisp of regret flashed past mu yichen's eyes when he heard her words.

the fitting room or something ... it sounded very exciting, but ... it was indeed too late.

at the thought that bai shixun and the rest were still in the kidnappers' hands and he had no idea how they were doing, mu yichen lost all those charming thoughts.

he took a deep breath, suppressed the discomfort in his body, and took a few steps back.

"change your clothes then. which clothes can't you wear? i'll help you ..."

"no need, just call your assistant in!"

there was no way luo chenxi would believe his nonsense. she pulled a skirt over to cover herself while she kicked mu yichen away at the same time.

"wait for me outside, don't peek!"

mu yichen was immediately kicked out of the fitting room. he was still in a daze.

he had actually been kicked out by his wife!

moreover, when he turned around, he found that the two female assistants were still waiting at the door, looking at him in surprise.

Chapter 1172: your husband is here, you're not allowed to look at other men!

it was obvious that his sorry state had been seen by others.

mu yichen's expression was slightly dark. he growled in a low voice in an unpleasant tone, "what are you looking at? quickly go in and help!"

the assistants hurriedly nodded. " y-yes, mr. mu! "

" yes, " the two of them answered. they didn't dare to raise their heads at the same time and quickly ran into the fitting room.

this mr. mu from the east, his aura was too scary! even the princes of the european countries could not compare to him.

he didn't know what kind of identity he had.

however, such a powerful man was actually kicked out by madam, and he couldn't do anything to her?

the mrs. mu in the fitting room was too amazing!

he tina dared to offend her. she was really blind. no wonder she was fired on the spot!

with the help of her assistant, luo chenxi tried on a few gowns at the fastest speed possible and picked one of them.

after that, the professional makeup artist did the styling.

when she dragged her dress out of the dressing room, mu yichen and he jinsi were standing in front of the french window and talking in hushed tones.

boxn ov el. c o m

mu yichen immediately turned around when he heard the sound of footsteps coming from behind him. in the next second, undisguisable astonishment flashed in his eyes.

he knew that his stupid woman was very beautiful, but he didn't expect her to be this beautiful after dressing up!

"sister-in-law, you're so beautiful today. i'm a little jealous of yichen." he jinsi said with a smile.

as soon as she finished speaking, the man beside her glared at her.

he jinsi touched his nose and shook his head in amusement.

who would have thought that the young master mu, who had always regarded women as nothing, would become such a jealous bucket after marriage?

he would bear a grudge even if he were to praise luo chenxi out of courtesy.

luo chenxi smiled and nodded at he jinsi. "thank you, third young master he. you're very handsome today too ..."

before she could finish her words, young master mu, who was striding over, grabbed her wrist and pulled her to the side.

mu yichen was standing right in between luo chenxi and he jinsi.

"he ..."

"stupid woman, are your eyes not good? your husband is here, you're not allowed to look at other men!"

"you ..."

luo chenxi was speechless.

this man really had enough!

couldn't he tell that her praise was just out of courtesy?

besides, he jinsi was one of his best friends. was it appropriate for him to treat him like this?

however, luo chenxi did not dare to refute anything when she noticed mu yichen's gaze becoming more and more dangerous. on the contrary, she covered her mouth subconsciously.

"don't do anything stupid, i just put on my lipstick!"

mu yichen narrowed his eyes and glared at her. " i'll deal with you when we get back! "

at the same time, bruno had also heard the news and rushed over. he was full of praise when he saw luo chenxi dressed to the nines.

"oh my god, mrs. mu, this is the first time i've met a client who can wear my designs better than a supermodel. you're really a natural clothes hanger! are you really not going to consider being a model? if you're willing, i can immediately make you the opening model for my next show! oh my god, this is perfect. you will definitely become my inspiration muse!"

luo chenxi curved her lips into a smile. " mr. bruno, you're exaggerating. "

"no, no, no! mrs. mu, i'm not joking with you! i'm formally extending you an invitation!" bruno hurriedly stepped forward and emphasized.

Chapter 1173: as long as you nod your head, i guarantee that you'll become a first-rate supermodel next year!

"mrs. mu, i know that you don't care about the income of being a model, but this is a good opportunity to become famous! even if it's for your husband, it'll be good!"

luo chenxi was a little confused. she asked in puzzlement,"oh, really? how is it related to my husband again?"

seeing that there was hope, bruno's spirits were lifted. he leaned closer and began to analyze for her.

"mrs. mu, i heard that you and your husband have come to F country to explore the european market. however, there are many ancient families in europe, and it will not be easy for you to enter this market. however, if you become a supermodel that everyone knows, your husband's family and business will definitely benefit from it!"

luo chenxi was slightly stunned, but she realized that what he said made a lot of sense after she thought about it carefully!

she had recently heard that mu yichen was trying to expand into the european market.

even though luo chenxi was not aware that mu yichen was doing this in order to gain more resources so that he could get in touch with lu wenjun, she was not sure about it.

however, this did not stop her from supporting her husband's career.

" but it's not like i can be a supermodel just because i want to. moreover, i'm not at a suitable age ... "

luo chenxi said hesitantly.

she was also a veteran in the fashion industry, so she naturally knew how many young girls flocked to the major fashion cities every year to become supermodels!

moreover, those were all young and fresh girls in their teens!

she was already in her 20s. many models who were not successful would have changed their careers at this age.

boxn ov el. c o m

bruno's eyes widened in shock. "aren't you eighteen years old? could she be underage? can underage people get married in china?"

"ha?"

luo chenxi did not expect that bruno would blurt out such a sentence. she was at a loss for words for a moment.

after a long while, she finally reacted and coughed twice. "ahem, mr. bruno, you've got it wrong. i'm already 23 years old."

it was said that foreigners couldn't judge the age of an easterner, but ... he was beaten up to be a minor ...

luo chenxi felt a little embarrassed too.

bruno was naturally even more embarrassed than she was. "uh, that ... i'm sorry, mrs. mu. you look really young. i didn't expect ..."

he quickly changed the topic. "isn't this great? twenty-three years old was the best age for a woman! although it's a little late for ordinary girls to start at this age, you're different! your figure, temperament, expressiveness, fashion sense ... are the most outstanding i have ever seen! as long as you nod your head, i can guarantee that you'll become a first-class supermodel next year!"

he was trying his best to persuade luo chenxi to nod her head.

he didn't have the confidence to convince such a rich young lady.

however, luo chenxi's qualities in all aspects were too good. it made bruno feel that he would regret it for the rest of his life if he gave up without putting in some effort!

luo chenxi did not expect that bruno would be so persistent.

although she had been poached by designers when she and fang ziqian had participated in the chinese fashion competition, those were only domestic brands. for a top international brand like yl, the design director had actually personally poached her ...

even luo chenxi herself did not expect such a thing!

moreover, just as bruno said, this would definitely be helpful to the mu family's business.

when madam tan was young, didn't she often expose herself in front of the media and support the mu family?

Chapter 1174: now, he even had ideas about their little princess!

"I'll consider it then ..." Luo Chenxi intended to leave room for discussion.

Who would have known that she would be rudely interrupted by Mu Yichen the moment she opened her mouth?

"I'm sorry, my wife is not interested! She has her own job to do and also has to take care of her family. Our daughter is almost four years old and is very clingy to her mother. So, my wife is definitely not free. I can only disappoint your good intentions."

Mu Yichen enunciated each word clearly with a cold expression.

Bruno was dumbfounded. "What? Your daughter is almost four years old! Mrs. Mu has given birth before?"

Just a few minutes ago, he was still thinking about the important topic of whether Luo Chenxi was an adult.

Now, Mu Yichen was telling her that his spiritual muse had given birth to a child before. Moreover, the child was already four years old!

Counting their ages, didn't that mean that they had married this imposing young master of a wealthy family at the age of eighteen and had a child with him?

Even though Mu Yichen was indeed worthy of Luo Chenxi, no goddess would ever get married and have a child at such a young age!

"That's right, so it's impossible to walk the runway. I'm sorry."

Mu Yichen nodded at Bruno coldly. He reached out to hold the stupid woman's waist and pulled her into his arms. He was ready to take her away.

Luo Chenxi was speechless for a moment. She knew that Mu Yichen's possessiveness was triggered again.

boxn ov el. c o m

Although she and the little dumpling were like mother and daughter, they weren't really mother and daughter. She was being so ambiguous in Mu Yichen's words and was deliberately misleading others!

However, Luo Chenxi had always considered herself to be the little dumpling's mother, so she did not refute him.

She was prepared to leave with Mu Yichen after she stole a glance at him.

"I'm sorry, Mr. Bruno ..."

Bruno hesitated for a moment, but he still didn't give up. He chased after them from behind.

"Hey, wait, wait, Mrs. Mu! Do you have any misunderstanding about the modeling industry? Having a child won't affect your runway show, right? You're not on the show for money anyway, so there's no

need to be a show tyrant. you just need to take out a few days every season. as for the child ... i'm sure mrs. mu's daughter must be very beautiful and cute, right? our yl also has a children's clothing series, and we need a model ..."

upon hearing that luo chenxi had a daughter, bruno was overjoyed after being dumbfounded for a short while.

one could tell how beautiful their little princess was just by looking at mu yichen's and luo chenxi's parents' looks.

if she could step onto the stage of the chf, she would definitely be able to nurture a nation's princess who would be popular from a young age!

initially, mu yichen still remembered that he was in country F. even though he was jealous, he could still manage to maintain his image as a young master from a wealthy and influential family. he restrained himself with his words and spoke politely.

however, after hearing bruno's words, his face turned completely black.

not only did he trick his wife into walking the runway in front of the whole world, but now, he was even trying to get his hands on their little princess!

did they think that he, the head of the family, was dead?

mu yichen scoffed coldly, "mr. bruno, i'll repeat myself once more. i'm not a man who needs my wife to show her face in public in order to run my family business. so, she won't be a model! you've already wasted too much of our time. could this be the service attitude of your chf?"

"uh, this ..." bruno was suddenly stunned.

he dared not say anything else under mu yichen's cold and intense gaze. he could only shut his mouth and secretly held the phone in his pocket.

fortunately, he managed to get luo chenxi's phone number in secret when he asked someone to put on makeup for her.

Chapter 1175: this was the basic operation of their young master

seeing that bruno had finally quieted down, mu yichen pulled his stupid woman into his arms with an arrogant expression on his face. he then turned around and left.

he jinsi watched the whole show from the side without saying a word.

however, his trembling shoulders had already revealed his true thoughts.

"yichen, chenxi, wait for me."

he suppressed the smile on his face and caught up with the two.

after the three of them disappeared behind the door, bruno finally heaved a sigh of relief.

then, his legs gave way, and he fell to the ground.

the assistant standing next to him was shocked and quickly came over to help him. " mr. bruno! what's wrong?"

" no... nothing ... i just suddenly felt a little dizzy ... " bruno wiped the cold sweat from his forehead and explained awkwardly.

he had been chasing after luo chenxi relentlessly and trying his best to persuade her to agree to be his model. he seemed to be fearless.

in fact, those were just the surface.

only the heavens knew how much pressure he was under when facing young master mu's cold and harsh aura!

boxn ov el. c o m

" fortunately, this young master looks fierce, but he's still reasonable. he didn't do anything to me ... " bruno was still scared. " but, i should be considered ... a role model of not fearing danger for my art career ... "

the assistants looked at director bruno's mumbling face and were all confused.

at this moment, a series of urgent footsteps came from outside the door.

everyone raised their heads, only to see a group of tall and burly men in black appear in the main hall of the chf headquarters.

these people ... looked a little familiar.

bruno was slightly stunned. he recognized these people as mu yichen's bodyguards. his heart could not help but thump.

no... no way?

just now, he thought that the chinese young master was being reasonable, but now he was going to be slapped in the face?

these bodyguards wouldn't be here to cause him trouble, right? just because he wanted to persuade that young and beautiful lady to be a model?

" mr. bruno ... " zhuo feng walked over to him.

"ahem, excuse me... is there anything else you need, mr. mu?" bruno laughed dryly.

to his surprise, zhuo feng's attitude was very polite. " " our young master said that he wants all the clothes that madam tried on just now. i'm here to settle the bill. also, young master also said that if he has new designs in the future, he can send them directly to the mu family's branch in paris. "

"ah?" bruno was stunned for a few seconds before he reacted. " all ... all of them? really?"

luo chenxi had tried on more than ten gowns earlier!

based on the price of the brand, the yf would be worth at least a few million usd.

moreover, these haute-couture gowns had special styles and were definitely not used in daily life. they could only be worn at banquets.

therefore, it was impossible to wear all the clothes she bought ...

bruno had seen a lot of rich people, but he had really met a nouveau riche like this who would throw money at will to pamper his wife.

zhuo feng's expression was calm.

he was the one who ate the most dog food in the entire mu family, so he was already used to it.

at first, he thought that this display of affection was too much, but now, he realized that this was the basic operation of his young master.

"what's wrong, mr. bruno? are there any difficulties?" zhuo feng waited for a while, but there was no response.

"no problem, i'll arrange it for you immediately!" bruno quickly replied.

Chapter 1176: so she had a husband who treated her like a goddess and held her in high regard ...

as all of the custom-made gowns in the chf were exquisitely made, just the packing process took quite a bit of time.

an hour later, zhuo feng finally left with his bodyguards.

bruno wiped his sweat.

although he had made a big deal that could cover half a year's sales, he was not happy at all.

now that he thought about it, he thought that he could persuade luochenxi to be a model just by obtaining her mobile number. was he being too naive?

with a husband who doted on his wife so much and was so possessive, would mrs. mu really be able to appear on the runway?

"no wonder such a beautiful woman is married at such a young age. it turns out that she has a husband who treats her like a goddess ..."

the staff looked at the expensive clothes being carried onto the car, and all of them had envious expressions.

"we're all people, but we have different lives. i'm so envious of mrs. mu ..."

"you can really say that you're a winner in life ..."

"forget it, forget it. don't look at it anymore. we can't be envious of this kind of thing. let's just work hard ..."

everyone sighed. seeing that there was no more drama to watch, they prepared to go back to work.

boxn ov el. c o m

at this moment, a scream came from behind, " "what did you say? did you buy those gowns for that broken shoe of luo chenxi's?"

the assistants were shocked. they turned around and found that it was he tina who had spoken.

one of the blonde women's face immediately darkened. " hetina, you've offended a big customer of our brand. mr. bruno is already being merciful by just asking you to leave. why aren't you leaving? what nonsense are you still talking about? hurry up and leave!"

he tina was still unwilling to give up and argued,"manager, this is not my fault at all! i used to be classmates with that woman. i know better than anyone what kind of person she is! she was afraid that i would expose her, so she framed me! take me to mr. bruno, i'll definitely explain it to him!"

"i don't care what your relationship was in the past," the blonde woman said angrily,"he's now an important guest of the company! why don't you think about what you did wrong? you're still making a fuss here! security, take her away!"

the manager called the security guards over and forcefully drove he tina out.

he tina was roughly pushed out of the door by the security guards. looking at the ancient and luxurious outer wall that had been restored by the sl suit, she felt a wave of regret.

he realized that his impulsiveness had ruined his future!

she had defeated so many competitors in order to get a job in the chf. now ... she was completely ruined!

"that damned luo chenxi! it's all your fault! she was clearly a pair of used shoes, yet she thought that she was a winner in life because she had hooked up with a rich old man? bah! i won't let you have an easy time!"

.....

on the other hand, mu yichen had already brought luo chenxi to the tang family by car.

"waa ...!"

luo chenxi exclaimed in surprise as soon as she got out of the car, " "this is a castle! the tang family is really rich!"

she had read many fairy tales since she was young, but this was the first time she had seen a european castle with her own eyes.

in addition to the large forest and lawn outside, it occupied an area of at least ten mu.

it was exactly the same as in the movie.

ever since mu yichen left the headquarters of the chf, he had been keeping a cold expression on his face. he did not speak to luo chenxi on purpose.

this stupid woman had actually been casually seduced by someone and nodded her head to go to the show!

she knew that models often had to wear revealing clothes, and they could only wear them for him to see!

Chapter 1177: chapter 1181-son of an old friend

mu yichen had a tsundere expression on his face as he waited for his wife to come and coax him.

however, luo chenxi did not notice that he was unhappy from the beginning to the end. she had been playing with her phone with her head lowered.

after getting out of the car, she was even more engrossed in looking at other people's castles.

he took a few steps forward with a displeased expression. he wrapped his arms around luo chenxi's waist and pulled her into his arms.

"what's the big deal? wasn't it just a castle? if you like it, i can buy one tomorrow and bring you and tang tang over for a vacation."

"ah?" it was only then that luo chenxi snapped back to her senses. she shook her head hastily to stop him. "there's no need for that. i'm just making a passing remark. don't waste your money!"

the mu family was good at everything, but they spent too much money.

every time, she was so scared that she started to doubt her life.

mu yichen scoffed in a noncommittal manner. he was already thinking about which other ancient castles in country F had a better view than this place.

however, he did not say anything. he brought luo chenxi along and walked toward the tang family's castle.

"two gentlemen and this lady, i'm sorry. do you have an invitation to today's banquet?" a waiter asked politely.

mu yichen shook his head slightly. "i don't have an invitation. i'm the son of old master tang's old friend. i happened to be in country F recently. i heard that it's the old master's birthday, so i've come over to congratulate him. please let the old master know."

boxn ov el. c o m

"may i ask who you are ..."

.....

tang family castle.

the banquet hall was already filled with people.

many famous people from both the political and business circles of country F had arrived, especially the chinese who were on important missions in country F. almost all of them were present to celebrate elder tang's birthday.

elder tang was dressed in a tang suit, holding a walking stick in his hand. he was grinning from ear to ear.

when he was young, he had gambled the future of the entire tang family and insisted on developing overseas to achieve what he had today.

however, what he was most proud of was not his achievements in the business world, but the fact that his outstanding granddaughter, tang dai, had slipped away.

at this moment, tang daiyuan was standing on the side, supporting him and accompanying him.

every guest who had come to celebrate old master tang's birthday saw this scene, and their impression of tang daiyuan rose even higher.

he had long heard that elder tang's favorite wasn't his four grandsons, but his only granddaughter, tang daiyuan. now, it seemed that it was true.

coupled with tang daiyuan's outstanding appearance and elegant temperament, many local chinese second-generation rich people were tempted.

seeing this, elder tang patted tang daiyuan's arm and smiled, "dai yuan, i'm already eighty years old this year, and you've already graduated from university and have a good job. as long as i see you find me an outstanding grandson-in-law, i'll be satisfied! look, which one of these young talents have taken a fancy to? tell grandpa!"

tang daiqi blinked her big eyes and said in a coquettish tone, "grandpa, you know that i already have a boyfriend! these boys are still wet behind the ears, how can they be more outstanding than my hao ze?"

hearing this, elder tang was a little unhappy. "you're such a stubborn girl. why do you have to marry that li kid?"

elder tang's face was stern and his aura was shocking.

however, tang daiyuan wasn't afraid at all and instead smiled, "grandfather, why don't you like my haoze? haoze has already taken over the family business. how many young people in this generation can compare to him?"

elder tang snorted and knocked his walking stick on the floor.

Chapter 1178: it's that sl * t, luo chenxi, who harmed me!

"when did i say that li haoze wasn't outstanding? however, this kid obviously doesn't care about you! look, it's your grandpa's birthday today, but i don't see that kid!" elder tang's face was filled with displeasure.

tang dairong's expression froze for a moment. however, she quickly smiled and defended her boyfriend.

“haoze is just too busy with work! as you know, the li family’s business is much bigger than our tang family’s, and the interpersonal relationships are too complicated. he’s a member of the younger generation, so how can he not work hard to take over the family business? grandpa, you’re really thinking too much ...”

“don’t try to fool me with these words!” elder tang snorted coldly. i don’t know what’s gotten into you from that li family brat! there are other people who are as outstanding as him in the younger generation. if you don’t like these young boys, grandpa will introduce you to someone else.”

“grandpa ...”

tang daier said helplessly.

at this moment, a waiter ran over and bowed to elder tang.

“ old master, there are three guests outside who don’t have invitations, but they said that they are your family friends from china ... ”

“oh?” elder tang raised an eyebrow. from china? did they reveal their identities?”

“ yes, the eldest young master of the mu family and his wife came with him. there’s also the third young master of the he family ... ”

elder tang’s eyes lit up at this point.

“it’s yichen, that kid! he used to live in our house when he was young. i didn’t expect that he would actually think of coming to offer my birthday wishes. he’s really thoughtful! and the he family’s ... well, i’ve seen her before. she’s a good kid. quick, take me there!”

boxn ov el. c o m

when elder tang heard that his good friend’s grandson had arrived, he was extremely excited. he held onto his walking stick and was about to head out to welcome him personally.

as he walked forward, he said to tang daiyuan, “dai yuan, i heard that mu yichen got married a while ago, but he jinsi should still be single! i just said i’d introduce you to a young talent, and he’s here. maybe you’re fated? quickly come with me to take a look!”

tang daiyuan’s face fell.

“ahem, um ... grandpa, i suddenly remembered that i have something to do ...”

she looked around, trying to find an excuse to brush elder tang off.

at this moment, she saw he tina’s sneaky figure at the corner of the wall.

“ grandpa, ” she said immediately, “ a few of my classmates are here to attend the banquet. i’ll go and pick them up. otherwise, i’m afraid they won’t be used to such banquets ... ”

“ai, you can go.”

elder tang knew that this was just an excuse, but he could only shake his head helplessly, let go of tang daiyuan, and leave.

tang daiyuan slowly walked to the corner.

the moment he tina saw her, it was as if she had seen her savior. she pounced on her and excitedly wanted to grab her hand.

“dai yuan! i’ve been looking for you! you’re finally free!”

tang daiqi took a step back and avoided him without a trace. at the same time, a trace of disdain flashed in her eyes.

however, she cleverly concealed her emotions.

“tina, what are you doing here? aren’t you already in the chf? don’t you have to work today?”

these words just happened to hit he tina’s sore spot, and her voice suddenly became even more urgent. “ dai yuan, you ... you must help me! i’ve just been fired by the yl! it wasn’t easy for me to get into the headquarters of the chf! i can’t lose this job!”

tang daier could not help but frown. “ what’s wrong with you? i’ve already used my connections to help you get in. how can you be expelled ...”

he tina could hear the shifty tone in her words and hurriedly said,“dai yuan, it’s really not my fault. it’s ... it’s that b * tch, luo chenxi, who harmed me!”

tang daiyuan was shocked. “ who did you say?! ”

Chapter 1179: luo chenxi seduced your boyfriend in the past!

seeing her so surprised, he tina immediately emphasized,“luo chenxi! she’s our former classmate, luo chenxi. don’t tell me you’ve forgotten about her?”

tang daiqi was stunned for a while before she came back to her senses.

she frowned ever so slightly,‘luo chenxi? but ... after what happened that year and she left the school, didn’t she not contact anyone? when she just came back to china, i even called her, but she even changed her phone number! i thought she would never come back to country F again ...”

tang daiyuan’s frown grew deeper as she spoke. “ by the way, how did you know that luo chenxi was back? ” even if she did come back, how could she possibly have a way to harm you?”

seeing that she didn’t believe her words, he tina could only tell her about what had happened in the afternoon at the headquarters of the chf, adding oil and vinegar to the fire.

in order to clear her name, she had pushed all the blame onto luo chenxi.

she made herself sound like a white lotus that was being coerced while luo chenxi was an arrogant woman from the periphery who was intentionally picking a fight and causing trouble.

the more tang daiyuan listened, the more surprised she became. her mouth could not close.

“what? what did you just say? ‘luo chenxi’s a sugar baby of a rich man? he even went to the headquarters of the chf to buy a haute couture gown? how ... how could this be possible? i don’t think she’s that kind of person! did you get the wrong person? when she was in school, there were many young masters from rich families who pursued her, but she didn’t agree to any of them, did she?”

when he tina heard this, she couldn’t help but stomp her feet, her face filled with anxiety.

“aiyo, dai yuan, you ... why do you still think that luo chenxi is a good person? you’re really ... really too naïve! you’re from a good family, and you’re both talented and beautiful. how could you know what those girls who were afraid of being poor since young would do to climb up the social ladder?”

“luo chenxi doesn’t accept other people’s pursuits not because she’s pure or independent, but because she can raise her own value and wait for a good price to sell her! she wouldn’t even be interested in ordinary rich families! don’t tell me you’ve forgotten that luo chenxi seduced your boyfriend in the past!”

tang daiqi looked displeased and glared at he tina. ” tina, you’ve gone too far with your words! at that time, haoze and i hadn’t confirmed our relationship yet. it’s normal for them to keep in touch! besides, haoze told me about this after that. they’re just friends, and there’s nothing like what you’re saying!”

after all, tang daiyuan was the daughter of a rich family. although she usually had a good temper, once she put on a stern face, she was still very intimidating.

he tina immediately realized that she had said the wrong thing. she pursed her lips and closed her mouth.

although she felt that what she said was the truth, she still couldn’t speak ill of tang daiyuan’s boyfriend in front of a rich young lady like her. wasn’t she courting death?

even if she was right, tang daiyuan would not admit it for the sake of her face.

he tina stiffened for a moment, then quickly smiled and said, ” “cough, cough, it seems that i was wrong about this. you can’t believe the rumors outside! however, luo chenxi had sex with a man and was even pregnant with an illegitimate child whose father was unknown. this was not just a rumor, was it? if she was a decent girl, how could she do such a thing? it’s because she’s always been so lewd that this happened in the end ...”

“this ...”

this time, tang daiyuan was speechless.

it was true that luo chenxi’s pregnancy had caused a huge uproar in the school back then.

Chapter 1180: before that, she was the goddess of country Y’s royal academy of fine arts!

in reality, there were quite a number of students in the school who were open-minded, both male and female. there were quite a number of them who were more outrageous than luo chenxi.

however, they were all adults. even if most people didn't like the way they lived, they wouldn't hate it to this extent.

however, luo chenxi was different.

before that, she was the goddess of country Y's royal academy of fine arts!

even though her family background was ordinary, luo chenxi's looks, temperament, and talents were all first-class. she was also outstanding in her extracurricular activities and won a few gold medals in the sports meet.

moreover, she was devoted to her studies and rejected all the men who pursued her.

everyone thought that she had an almost perfect image of a goddess, yet in the end, there were rumors about luo chenxi getting pregnant after a one-night stand with a man!

luo chenxi was highly praised in the past, but everyone was disappointed when her image crumbled at the moment.

on the other hand, everyone kicks a man who is down. the girls who were jealous of luo chenxi in the past seized the opportunity to jump out and slander her with all their might.

all at once, luo chenxi had turned from the campus belle pursued by everyone into a well-known broken shoe ...

now that tang dairong thought about it, she also felt that everyone's reaction at that time was a little too extreme.

however, there was one thing that he tina was right about.

boxn ov el. c o m

had it not been luo chenxi's debauchery in the past, how could such a slip-up possibly have happened?

as the saying goes, how can one's shoes not get wet when walking by the river?

if only luo chenxi could keep to what she appeared to be or stop putting on airs and look for a boyfriend normally, she would not have to destroy her own future in such a manner.

he tina observed tang daiyuan's expression and knew that she had already convinced her, so she quickly continued,"luo chenxi was so good at pretending when she was young. she managed to fool all the boys in our school. now that a few years have passed and her skills have improved, it's only a matter of time before she seduced a rich old man. he was really getting more and more depraved! i don't even want to admit that i was classmates with such a person!"

after she angrily scolded her, her face fell again and she pitifully grabbed tang daiyuan's wrist. " daiyuan, you have to help me! i really need this job. that little b * tch is trying to kill me! you're the only one who can help me ..."

tang daiqi sighed. she could not bear to see he tina in such a pitiful state.

“alright, alright, tina, don’t be in a hurry. i’m a super VIP of the organization. the talent i recommended was fired a few days after joining the organization. they’ll definitely give me an explanation. i think luo chenxi’s VIP rank is definitely not as high as mine!”

” even if you can’t get through to the yl, there are so many luxury brands in country F. you’re also a graduate from a famous school. it won’t be too difficult for you to find another job. don’t be too anxious. ”

after receiving tang daiyuan’s promise, he tina’s expression gradually eased.”daiyuan, thank you so much!” you’re really beautiful and kind. you’re the real goddess of the royal academy of fine arts. you deserve it. a white lotus like luo chenxi can’t even compare to a single finger of yours! the boys in the past were so blind!”

she said in a flattering tone.

tang daiqi shook her head. ” alright, that’s enough. we were classmates in the past after all ... i believe that luo chenxi didn’t mean to get into a conflict with you on purpose. her experiences are quite pitiful, so let’s not talk about her. ”

“alright, i understand. dai yuan, you’re really so good to everyone!”
