

Sweetheart 1191

Chapter 1191: miss luo is actually young master mu's wife!

'why is mu yichen, a man of noble status and peerlessly handsome, so gentle toward that little b * tch luo chenxi?'

could they really be a couple?

when luo chenxi was in mu yichen's arms earlier, she had lowered her voice to a whisper when she was acting coquettishly by his ear.

as such, he tina could only see how intimate the two of them were, but could not hear their conversation.

when he tina saw luo chenxi leaning against mu yichen's chest with a faint smile, an evil aura gushed out of her chest. for a moment, she had thrown her rationality out of the window.

she couldn't help but blurt out, "young master mu, you must wake up!" don't be fooled by her looks! luo chenxi was not a decent woman at all. she was only allowed to attend the banquet this time because she had seduced a rich old man. otherwise, how could she possibly afford to buy such an expensive gown? also, four years ago, she was expelled by the school for her messy private life ..."

"shut up!" mu yichen suddenly chided coldly and sternly, interrupting he tina's words.

he had heard the quarrel between he tina and luo chenxi when he was approaching earlier. he had wanted to teach the woman a lesson.

however, his heart ached for his lovely wife because luo chenxi kept complaining that she was hungry. he was so engrossed in finding food for his little woman that he neglected the other people around him.

unexpectedly, he tina didn't realize how lucky she was at all and even jumped out on her own, bumping into the muzzle!

mu yichen flew into a rage at once. there was even a wisp of murderous intent in his eyes.

however, the angrier he was, the colder his expression became. only his cold eyes revealed his true thoughts.

boxn ov el. c o m

" who gave you the guts ... to slander my wife?! "

"what? mrs ... madam?"

upon hearing her words, he tina's mouth was agape. she looked at luo chenxi in a daze and almost could not come back to her senses.

mu yichen sneered. " luo chenxi's my wife. i didn't know that my wife has to be involved with a rich old man when she's buying a gown and attending a banquet ... "

" you ... you ... no... impossible ... how is this possible?!"

he tina's eyes and mouth widened as she shook her head desperately. she refused to believe mu yichen's words.

even though tang daiyuan had mentioned earlier that young master mu was married in china, she could never have imagined that mu yichen's wife would be the person she hated the most, luo chenxi!

that little b * tch was clearly expelled from school back then, but she was still defiled by a wild man and got pregnant with a bastard child ...

with such a dark history, in the conservative china, which man of status would still want her?

not to mention the powerful heir of the mu family!

however, mu yichen's cold gaze had already explained everything.

the guests around them were stunned by mu yichen's words. they only gradually returned to their senses after a long while.

they looked at this intimate couple with complicated emotions.

"this ... this miss luo is actually young master mu's wife! she's so young, and i thought she was the daughter of some family. i didn't expect her to be married ..."

" the mu family is one of the top rich families in china. no wonder she can afford such an expensive haute couture dress and jewelry. "

"i didn't expect this, i really didn't expect this! when i was in china, i've heard of this young master mu. they said that he doesn't get close to women and might be gay. i didn't expect him to be married and even have a good relationship with his wife."

Chapter 1192: others will only be envious of our love

mu yichen hugged the petite woman in his arms tightly. he allowed the guests to admire him with a calm expression.

when he came over just now, he had already noticed that most of the men in the banquet hall were staring at his stupid woman with covetous eyes.

thus, he did not mind showing off how loving he was with luo chenxi at all. at the same time, he would also warn those lascivious men by telling them that even though they had good taste and knew how to appreciate a real beauty, the beauty was already taken!

mu yichen lowered his head and planted a light kiss on luo chen's pursed lips when he thought about this.

"hey, don't ... don't be like this, there are so many people watching!" luo chenxi was not used to being intimate in public, so she could not help but push mu yichen's chest.

mu yichen had no intention of letting go of her at all. on the contrary, he hugged her even tighter with the corners of his lips curled up ever so slightly.

“so what? this was not china, but the romantic F country! kissing is a normal thing, others will only be envious of our love ...”

“i don’t believe you!” luo chenxi glared at him.

was she bullying her because she had never been to country f or because she had never attended a banquet?

no matter how romantic paris was, they were still at a party held by the chinese, and it was an old man’s birthday party!

this was not appropriate at all!

mu yichen was about to continue speaking when he suddenly heard another shriek.

boxn ov el. c o m

“no... impossible! ‘young master mu, you ... how could you possibly marry luo chenxi?’ a woman like her who came from the slums could just play around. why did he want to marry her? besides, she’s no longer clean ...”

no matter how much he tina thought about it, she couldn’t understand.

she thought that her family background was considered decent and was at least a few hundred times better than luo chenxi’s. she had also graduated from a prestigious school and was good-looking. moreover, she had never been in a relationship. even so, she had never found a rich boyfriend. how did luo chenxi manage to reach the heavens in a single bound and marry into a wealthy family?

what right did she have?

“do i need to explain to you what kind of woman i want to marry?” mu yichen sneered. “you’ve slandered my wife time and time again. do you think everyone in the mu family is dead? just wait for the mu family’s lawyer’s letter! honey, aren’t you hungry? let’s go.”

he spat out those words coldly and ignored he tina. he turned around and left with luo chenxi in his arms.

although he really wanted to throw he tina out, they were in the tang family’s territory today, and he was here to ask old master tang for help, so he couldn’t just cause a scene.

he could only get the team of lawyers to pursue he tina’s responsibility after the matter was settled.

with the ability of the mu family’s legal team, it would be a piece of cake to sue he tina until she went bankrupt.

luo chenxi looked at he tina’s ghastly pale face. she knew that he tina’s fate would be miserable for offending the great demon king of her family.

however, she would not sympathize with he tina. she only glanced at her and then looked away.

she turned around and hooked her arm around mu yichen's sturdy arm. she leaned toward him. " alright, hubby, let's go! do you have strawberry cake? the kind that our tang tang likes the most?"

"there is."

" that's great! tang tang isn't here today, so no one's fighting with me. i want to eat two pieces!" luo chenxi's eyes lit up.

mu yichen was slightly stunned. he could not help laughing soon after. " so, you like strawberry cake too ... you should've said so earlier. you don't have to spoil her all the time. " i'll take you out to eat next time, not tang tang."

"what? how dare you abuse my little princess!" luo chenxi was furious.

mu yichen was speechless.

Chapter 1193: she has already been recognized by the entire mu family, and her status is solid

his heart ached for her, so how did he end up being accused of abusing his daughter?

she didn't even know that her daughter was her biological daughter, yet she was already so biased.

if he knew the truth ... would he be able to continue living like this?

the two of them bickered in low voices as they passed through the crowd.

almost everyone in the banquet hall had their eyes on the two of them.

mu yichen had already caused a sensation when he entered earlier, yet the scene now was even more intense than before.

such a combination of a handsome man and a beautiful woman was really pleasing to the eye. however, the rich young masters and young ladies present were more or less disappointed today.

it wasn't until the two of them walked past the banquet hall and into elder tang's room that the quiet banquet hall became lively again.

he tina, who had been left behind by the two of them, had a pale face at this time. she was angry, anxious, and scared.

no matter how he thought about it, he couldn't accept it.

luo chenxi must have cast a spell on young master mu!

what right did she have to get such a handsome and rich man?

boxn ov el. c o m

he tina turned around and saw that tang daiyuan had not left. she immediately rushed over and grabbed her wrist. " dai yuan, dai yuan, you know i'm telling the truth! luo chenxi was that kind of b * tch! you must help me explain to young master mu ..."

tang daijie frowned. " tina, don't be like this. you've gone overboard today. please stop talking ... "

"how was i too much? that little b * tch clearly ..."

"it's obviously because some people are jealous. they saw their old classmate marry into a rich family, so their hearts are unbalanced, right? you can even say such vulgarities!"

"really, what kind of people are these! to think that she would be able to attend elder tang's birthday banquet! how could miss tang have such a friend? isn't that too degrading?"

" i'm dying of laughter. an assistant in a luxury brand, or to put it bluntly, a waitress, has the guts to defame the young mistress of the mu family. she's still spouting nonsense here. she won't even know how she died later! "

even the guests at the side couldn't stand he tina's crazy appearance and couldn't help but mock her.

even though there were quite a number of young heiresses who were jealous of luo chenxi, the men and elders in the banquet hall were all on luo chenxi's side.

this was mainly because luo chenxi's appearance was too good at fighting.

not only was she exquisitely beautiful, but she also had a unique temperament that was both elegant and noble, and easy to approach.

he couldn't help but like her.

moreover, regardless of luo chenxi's background, she was already married to young master mu. the fact that she was still able to socialize as the mu family's young mistress proved that she had already received the acknowledgment of the entire mu family. her status was as solid as gold, so she was truly a top-class lady!

anyone with a normal brain would know not to offend her.

only an idiot like he tina would have the courage to continue provoking luo chenxi even after knowing her identity.

he tina originally thought that she was very reasonable and wanted to continue spreading rumors to incite public opinion.

whoever knew that none of the guests acknowledged her. instead, they were all mocking her and pointing at her.

that mocking gaze and those disdainful words made her extremely ashamed and resentful.

they wished there was a hole in front of them that they could immediately burrow into!

at this time, old master tang's special assistant came over and said to tang daier, " " young miss, old master has something to ask you to go over. "

tang daiyuan also felt that it was too embarrassing to be with he tina.

but for the sake of his face, he couldn't fall out with her immediately.

upon hearing this, he hurriedly nodded. " alright, i'll head over now. "

Chapter 1194: i can't wait to stick to my wife

then, tang daiyuan quickly left.

at this moment, she was already regretting why she had brought he tina to meet the two young masters.

there were so many women who dreamed of marrying into a rich family. it was not a big deal for he tina to have a little ambition, but it was rare for her to be brainless to this extent!

as soon as tang daier left, the special assistant's expression changed. " get a few people here and throw this crazy woman out! the old master has said that this woman is not allowed to enter the tang family and have any contact with the young miss. if you see her, you must immediately chase her out."

"what? no, you can't do this to me! dai yuan, where are you? come back quickly!"

when he tina heard this, she immediately panicked.

how could he not let her in and out of the tang family?

she had even lost her job now. the only straw she could hold on to was that tang dai had slipped away!

however, tang daiyuan had already walked far away and couldn't be heard.

a few bodyguards walked in, grabbed he tina, and dragged her out.

"let me go, let me go! 'did luo chenxi and the old master slander me? it must be her, i ... i want to see dai yuan, i want to see the old master, i can't be splashed with dirty water by this bitch ..."

he tina struggled with all her might, but she was still dragged out and thrown onto the street.

boxn ov el. c o m

because of the bodyguard's violent actions, she fell head first on the ground. she fell flat on her face, and even the heel of her high heel broke. her ankle also swelled up.

however, none of the guests who had witnessed the whole process sympathized with her.

he tina struggled for a while before getting up from the ground, her eyes full of resentment.

"luo chenxi, you ... just you wait. i'll never let you have it easy! you don't deserve to be the young mistress of a wealthy family!"

luo chenxi must have hidden her dark history and lied to young master mu.

if young master mu knew that she had even been pregnant with a bastard child, would he still want a second-hand product like her?

.....

at the same time, luo chenxi was sitting side by side with mu yichen. she was holding a plate of cake in her hand and was eating it unhurriedly.

old master tang stared at luo chenxi for a long while before he nodded.

“mu family’s boy, you really have good eyes. i thought my family’s dai yuan was already an outstanding beauty, but i didn’t expect that compared to this girl, she’s actually quite lacking. no wonder you’re so worried about her.”

the corners of mu yichen’s lips curled up ever so slightly. he was not embarrassed at all. he accepted all of old master tang’s praises for his stupid woman.

“my wife is usually busy with work and taking care of the child, so she rarely attends social events. as her husband, i have to keep an eye on her.”

he jinsi chimed in, amused. “when have you stopped looking after chenxi?” as long as chenxi is here, we brothers are all transparent in your eyes.”

upon hearing this and seeing that mu yichen did not refute him, old master tang was secretly amazed as he looked at the young woman in his arms tenderly.

in the past, when his good friend, the old master of the mu family, was still alive, he had complained to him more than once that his eldest grandson was good at everything. he said that he had never been in a relationship even though he was already in his twenties and had never heard of him being interested in any girl. he was afraid that he had a problem with his sexual orientation and had gone astray ...

even old master tang’s proposal for a marriage alliance with the mu family was rejected by old master mu, saying that his eldest grandson was like an ice mountain. wouldn’t it destroy the relationship between the two families if he froze or angered miss tang to death?

that was why old master tang was already surprised when he heard that mu yichen was married. his jaw almost dropped to the ground when he saw mu yichen’s expression when he wished he could stick to his wife.

you call this an iceberg?

could it be that old man mu had some misunderstanding of the word ‘iceberg’?

Chapter 1195: this kind of man ... can’t be trusted!

luo chenxi was genuinely hungry. she ate two pieces of cake in a row. after she was done, she raised her head and noticed that everyone was staring at her. she was slightly stunned.

“why are you all looking at me? did i get stained by something?”

she subconsciously raised her hand, wanting to touch the corner of her mouth.

however, mu yichen grabbed her wrist the moment she moved.

“hubby?” luo chenxi blinked her eyes.

“there’s some cream on your lips. i’ll help you get rid of it,” mu yichen said with a solemn expression.

“oh, thank you!”

the little white rabbit didn’t know that she had fallen into the big bad wolf’s trap, she just nodded in a daze.

in the next second, she saw mu yichen’s incomparably handsome face moving toward her.

a warm and wet feeling suddenly came from the corner of his mouth ...

luo chenxi suddenly came to her senses. her petite face turned bright red at once!

was there a mistake? this ... this was in front of the elder, elder tang! ‘mu yichen has no scruples at all!’

boxn ov el. c o m

she hurriedly pushed him away. ” y-y-you ... that’s enough! mu yichen, you’re toying with me again!”

luo chenxi pressed her little hand on mu yichen’s face and pushed him aside forcefully.

it was almost a slap to his face, yet mu yichen’s expression did not change at all. he still looked as serious as ever. ” how am i toying with you? i was kind enough to help you wipe off the cream, but not only did you not thank me, you even hit your husband?”

“when did i hit you? also, i did ask you to help me wipe off the cream, but not with ... it!”

“what should i use to wipe?” mu yichen chuckled softly.

luo chenxi could not say a word. she was so angry that her petite face was blushing.

she finally understood that this was revenge. this was definitely revenge!

this petty man must still remember that she had spent half an hour in the bathroom, so he was deliberately messing with her!

mu yichen stared at her blushing little face. the corners of his lips were curled up ever so slightly while a dark glint flickered in his deep, dark eyes. he swept his gaze across the surroundings discreetly with a provocative look.

the young masters from the wealthy families who were secretly sizing up luo chenxi shuddered and quickly retracted their gaze.

mu yichen was only satisfied by then.

he had just announced that luo chenxi was married, yet so many people were still staring at her. how could he not declare his sovereignty properly?

luo chenxi felt goosebumps rising on her back from mu yichen’s stare. she quickly changed the topic. ” by the way, mu yichen, about that ... second young master bai’s matter ... ”

she hinted at mu yichen with her gaze desperately to remind him not to forget about the important matter at hand.

elder tang had just recovered from his shock. hearing her words, he raised his eyebrows in surprise. is it that kid from the bai family? i remember his name is ... shixun? i remember this kid, he's always been good at coaxing girls since he was young, even my granddaughter was coaxed by him when she was young, tsk tsk ... i heard he was a playboy in china?"

luo chenxi nodded hastily. " yes, yes. it's him! she didn't expect him to be so out of tune when he was young. it's a good thing that miss tang has good taste and is ignoring him now. this kind of man... is unreliable!"

luo chenxi spared no effort to criticize bai shixun.

it could be said that she was very resentful of second young master bai.

he was an unreliable playboy to begin with. for a period of time, he was on the entertainment headlines every day. he either had a new girlfriend or was having fun.

at the time, luo chenxi had objected to his pursuit of fang ziqian.

her little qianqian was so outstanding and outstanding. of course, she had to be matched with a good man who was loyal to her. how could she be with such a good-for-nothing son?

Chapter 1196: mu yichen's peach blossom debt

however, who knew that after bai shixun pestered fang ziqian for a while, it was as if he had turned over a new leaf. he actually stopped appearing on the entertainment news for a few months.

luo chenxi had yet to heave a sigh of relief when the kidnapping incident happened.

speaking of which, if it were not for the sake of saving bai shixun's sister, they would not have come to country F.

moreover, it was obvious that the other party wanted to kidnap second young master bai. in the eyes of the assassins, only second young master bai could be used to threaten mu yichen.

as for fang ziqian ... she was completely implicated!

she had said that her little qianqian and bai shixun were at odds with each other!

"hehe, little girl, you're an interesting person. i like it. why? why did you mention the boy from the bai family?" elder tang said with a smile.

old master tang was an old man, and he loved lively young people. they made him feel like he was back in his youth.

although his granddaughter, tang daijie, was outstanding, she had a rigid personality and rarely made a joke.

that was why old master tang liked luo chenxi very much when he saw that she was about the same age as tang daijie. he felt closer to her when he spoke to her.

mu yichen was secretly pleased with himself when he saw that.

his stupid woman was indeed loved by everyone.

boxn ov el. c o m

when he heard elder tang's question, he took the opportunity to say, " " old master, i'm here today ... to wish you a happy birthday, and also for shixun ... i need your help. "

elder tang noticed that the smile on his face had disappeared and realized that something was wrong.

"what's going on? what happened?"

mu yichen lowered his voice. " it's best if we find a place to talk in private. i'm worried that the walls have ears and someone will be listening in. "

elder tang was taken aback for a moment before his expression turned serious. " alright, follow me. "

mu yichen, luo chenxi, and he jinsi stood up one after another and followed the old master into the study.

the expression on mu yichen's face immediately turned unusually solemn as soon as he entered the study room. the warm smile that he jinsi had on his face disappeared as well.

"grandpa tang, this is very presumptuous of us, but we really don't have any other way. we can only ask you to help us think of a way." mu yichen spoke slowly, " i mentioned my good friend with jingsi earlier. he's the second young master of the bai family, bai shixun. he came to country F a month ago to look for his missing sister, bai xinxin. in the end, not only did he fail to find her, but he was plotted against and kidnapped! "

"what?!" elder tang exclaimed in shock. what was going on? although there were many underground forces in paris, generally speaking, they still followed the rules and would not attack foreigners. what's wrong with the bai family's kid? why was she kidnapped? also, how did bai xinxin go missing?"

"it's a long story, let me explain." he jinsi interrupted.

since luo chenxi was also involved in this matter, he was worried that mu yichen would not be able to explain himself clearly due to his personal feelings, so he spoke first.

"don't worry, sit down and talk." elder tang spoke up, " don't worry, i've been in paris for many years. no matter which path i'm in, i have my say. i'll think of a way for you! "

with elder tang's words, the three of them heaved a sigh of relief.

for this kind of thing, it was much more reliable to have a local snake take action than to think of a way on their own.

he jinsi thought for a moment before saying, " "speaking of this, it's yichen who started this peach blossom debt ..."

Chapter 1197: fang ziqian is also in their hands

mu yichen's brows could not help twitching when he heard the words 'peach blossom debt'.

however, the situation was urgent, so he did not interrupt the other party.

he jinsi said, " more than four years ago, yichen came to paris with me to study. we were pestered by a gold-digger. this woman even lied that she was pregnant with yichen's child and tricked yichen into getting engaged with her. later, yichen fell in love with his wife at first sight and wanted to call off the engagement with that woman. in the end ... "

he roughly explained the cause and effect of the matter.

however, since it involved luo chenxi's privacy and luo chenxi was still unaware that the little dumpling was her biological daughter, he jinsi did not go into too much detail.

he only emphasized on how luo chenxin colluded with the underground forces of country F after she was driven out of the mu family by mu yichen out of embarrassment and anger. she had failed to kill luo chenxi several times and later tricked bai shixun into coming to country F.

when elder tang heard the last part, he looked extremely surprised and suddenly interrupted he jinsi.

"wait, he family kid, wait a moment! you just said that ... the assassin group that assassinated chenxi and kidnapped the boy from the bai family is led by a person called reese?"

he jinsi was stunned for a moment before he nodded. " yes, that's right. according to the clues the police gave us, it's said that reese's backer is the largest underground organization in country F, 'cold rain'. reese himself is the number one assassin in ' cold rain'. his assassin organization is an important branch of 'cold rain'. ... "

elder tang furrowed his brows and raised his hand to interrupt him once more.

"that's right, you don't have to go into so much detail. i know more about 'cold rain' than you do ... but, how did this happen? how come i didn't know that they kidnapped the bai family's boy?"

he jinsi could tell that there was a deeper meaning in his words. a strange look flashed across his eyes. he turned around and exchanged a look with mu yichen.

boxn ov el. c o m

luo chenxi could not hold herself back anymore. she stood up and asked, " "old man, do you know something? are you familiar with the people from 'cold rain'? then ... do you have any way to save the hostage as soon as possible? i'm worried that the longer they stay in the hands of the underground forces, the more likely they will be tortured ..."

luo chenxi did not want to interrupt initially, but she was too anxious.

although the other party had given them three days, generally speaking, before the time limit was up, the kidnapers would not torture the hostage, let alone kill him.

however, fang ziqian was also in their hands. furthermore, she was a beauty with an off-the-charts height!

moreover, in the kidnappers' eyes, the most important bargaining chip was bai shixun and not fang ziqian. therefore, the possibility that they would not dare to hurt bai shixun was very high. however, they did not have that many scruples about fang ziqian.

what if ... what if the other party had ill intentions ...

she didn't dare to continue thinking about it!

elder tang saw how anxious she was and quickly comforted her, " aiyo, little girl, don't be anxious, don't cry! think about it, the mu family's kid must be feeling heartache ... alright, alright, i know what to do about this matter. it shouldn't be difficult to solve. although it might be a little troublesome, i promise that the second son of the bai family will come back in one piece!"

"really?"

mu yichen and he jinsi's eyes lit up.

elder tang nodded his head, " look, she's making such a cute little girl cry. how could i not help her? "

Chapter 1198: the tang family is involved again ...

mu yichen and he jinsi took a glance at luo chenxi subconsciously. they were both slightly surprised.

although the mu family and the tang family were friends, it was risky to go against the biggest underground force in fstan.

they didn't expect elder tang to agree so easily. they only hoped that he would provide some useful information.

he didn't expect elder tang to take all the blame on him.

moreover, judging by his tone, he was doing it for luo chenxi's sake!

upon hearing this, luo chenxi immediately said, " "thank you so much, old master tang! bai shixun's secretary, fang ziqian, is with him. she's a girl and i'm worried that something might happen to her, so ... please hurry!"

elder tang suddenly sighed, " " you don't have to thank me, because i'm also responsible for this ... you probably don't know this, but cold rain is actually a part of the tang family's power! "

"what?" the three of them were shocked by the news.

"why isn't there any news from the outside world?" mu yichen asked in surprise.

" i founded 'cold rain' with a few of my good friends when the tang family first arrived in country F. at that time, we were doing business in country F and were always discriminated against by the white people in country F. we had no choice but to do it. who would have thought that it would grow bigger and bigger ... " elder tang said.

"later on, the tang family's business grew bigger and bigger, and it wasn't appropriate for me to get involved in too many underground affairs. i was also worried that it would affect the tang family's next

generation, so i gradually withdrew from the underground business. it's normal that you haven't heard of it, even dai yuan probably doesn't know about this past."

he jinsi took a long time to find his voice. " this ... is really unexpected. "

boxn ov el. c o m

elder tang glanced at him. " you don't have to be so reserved. you're trying to say that you didn't expect 'leng yu' to do something like kidnapping and murder, right? in fact, i didn't expect it either! he didn't expect 'cold rain' to have become like this! ai!"

" elder, since the tang family has already withdrawn from the underground forces, then ... second young master bai's matter, isn't it too difficult for you? " luo chenxi spoke hesitantly.

elder tang shook his head. " you don't have to worry about that. although the tang family rarely gets involved, my words still hold weight. it's just that ... they kidnapped the bai family's second young master and i didn't even know about it ... there must be a traitor in their organization."

"anyway, don't worry. i will find the bai family's kid and his sister as soon as possible and send them back to you."

the three of them were extremely grateful for elder tang's promise.

they followed the old man's instructions and confirmed the next step of the plan. then, they said many words of gratitude.

it wasn't until the tang family's secretary came over and asked elder tang to go down to meet the guests that they left.

luo chenxi cracked into a smile when they arrived at the banquet hall downstairs. " that's great. i didn't expect old master tang to be so easygoing and willing to help ... eh? " yichen, what's wrong?"

she turned around and saw mu yichen's solemn expression. she could not help but be stunned.

mu yichen furrowed his brows slightly. " it's nothing. i just feel that ... it's too much of a coincidence."

luo chenxin was so powerful that an assassin group would work for her when their leader was missing. it was not scientific at all.

and now, the tang family was involved ...

Chapter 1199: a faint uneasiness

he jinsi was a little surprised and glanced at mu yichen.

"what's wrong? you think there's a problem with the tang family? i think you're just thinking too much. what good would it do for the tang family to kidnap shixun? this is most likely the work of his underlings. looking at old master tang's face, it doesn't seem like he knew about this beforehand."

mu yichen pondered for a moment before he spoke slowly, " maybe i'm just overthinking things. "

she had to admit that he jinsi's words made sense.

" i think we'll have news soon, " he jinsi said. " let's see what old master tang says after his investigation. "

mu yichen nodded.

he saw luo chenxi in a daze as soon as he turned around. he thought that his words earlier had frightened her, so he quickly consoled her.

"stupid woman, don't worry. i was overthinking just now. elder tang and my grandfather have been friends for decades. there won't be any problems. if everything goes well, you'll be able to see fang ziqian tomorrow." a big organization like cold rain has some rules. they won't touch the hostages until the three days are up."

luo chenxi furrowed her brows. she was still feeling a little uneasy in her heart.

however, there was no better way than to wait for the news. she could only nod.

mu yichen stared at her pale little face for a while. he could guess what she was thinking in her heart. he tightened his arms around her waist so that she was pressed against him.

he lowered his head slightly, his thin lips close to her small earlobe, and said in a low voice, " alright, stupid woman. didn't you hear what i said? if you keep doing this, i'm going to kiss you ..."

"what? what do you want to do ..."

luo chenxi was startled by his words. she raised her head in a hurry, but mu yichen seized the opportunity and pinched her chin.

before she could react, a hot masculine breath suddenly approached her and stopped her from finishing her sentence.

luo chenxi widened her eyes. she stretched out her hands and pushed his chest in an attempt to push him away.

however, mu yichen was unmoved. instead, he tightened his grip on her slender waist even more.

in order to prevent this stupid woman from overthinking, he could only come up with this plan to divert her attention!

of course, young master mu would never admit that he had wanted to kiss luo chenxi when he saw her dressed in a haute-couture evening gown in front of him today. he had finally found a reason to do so!

after a long while, he finally let go of the woman in his arms.

luo chenxi's petite face had already turned the color of a pig's liver. her eyes were filled with rage as she glared at the man before her.

"mu yichen, you ... you're not allowed to kiss me so easily! there are so many people!"

“so what if there are many people? we’re newlyweds and we have a good relationship. what’s it to others to be intimate?” mu yichen spoke slowly.

“you ...!”

luo chenxi was so infuriated by his matter-of-fact attitude that she stomped her feet. she grabbed mu yichen’s suit jacket and was about to roar like a lion.

at this moment, she heard footsteps behind her.

soon after, a familiar female voice was heard, ‘luo chenxi! luo chenxi!’

luo chenxi was stunned for a moment. she quickly let go of her hand and turned around swiftly to look at the person who had just arrived.

“ah, tang daicheng!”

luo chenxi was slightly surprised when she saw the tang family’s eldest daughter walking toward her in quick strides.

tang daiyuan jogged over. because she was in such a hurry, a thin layer of sweat oozed out of her forehead.

“great, i’ve finally caught up to you! i was worried that you and young master mu had already left!”

Chapter 1200: we were best friends in school

luo chenxi blinked her eyes. “ is there anything i can help you with? ”

tang daier took a few steps forward and glared at luo chenxi. “ how dare you ask me what’s the matter? let me ask you, why didn’t you contact me for so many years after you returned to the country? you didn’t even pick up my call?”

luo chenxi was at a loss for words for a moment. she appeared to be slightly embarrassed. “ ahem, isn’t that because ... i changed my domestic phone number after i returned to the country? the account in country F was shut down very quickly because of the debt ...”

tang daiqi lifted her chin and snorted. “is that a reason? if you changed your number, why didn’t you tell me? we were best friends back in school, but the moment you returned to the country, you threw me to the back of your mind. you’re too much!”

luo chenxi suddenly felt guilty when she saw tang daier’s angry look ...

tang daiyuan was right. when the two of them had been in country Y’s royal academy of fine arts, they had almost been friends.

luo chenxi had learned fencing and horsemanship when she followed tang daier to the aristocratic club. otherwise, she would not have had the opportunity to come into contact with such aristocratic sports given her financial level.

the two of them were the two campus belles of the academy back then and had always been mentioned in the same breath.

if it wasn't for that incident four years ago ...

perhaps they were still very good friends!

however, luochenxi was still too young at the time. she was dropped out of school after she got pregnant. the impact was too great that she cut off all contact with her friends in country Y.

now that he thought about it, he had indeed let tang daiyuan down.

when she saw that luochenxi's head was getting lower and lower, tang dairong showed a satisfied expression on her face. "do you know that you've let me down?"

"yes, it was indeed my fault. daiyuan, i'm sorry!"

"it's good that you know you're in the wrong. then i'll punish you to leave your phone number, wechat, and twitter ... leave whatever you have!" tang daiyuan requested.

of course, luochenxi did not reject him. she nodded continuously. "alright, my phone number is xxxxx. you can scan this wechat qr code too ..."

luochenxi quickly took out her cell phone from her banquet bag and showed it to tang daicheng.

tang daier could not see clearly. she reached out her hand subconsciously and grabbed luochenxi's wrist ...

in the end, he grabbed nothing.

tang dai was stunned.

luochenxi was already looking at the man behind her with a dark expression. "mu yichen, what are you doing?"

mu yichen snorted coldly. "it's fine if you want to change your phone number. don't be so rough."

luochenxi was rendered speechless at once.

do you have to do this!

wasn't it just that tang daijie accidentally grabbed her hand when she was looking at her phone?

that was a girl, what was wrong with touching her?

luochenxi shook off her clingy husband with all her might before she turned to tang daichen and said with an apologetic expression, "daiyuan, i'm sorry! my husband is just ... just bored, ignore him!"

"you and young master mu ... have such a good relationship ..." a trace of envy flashed through tang daijie's eyes, but she also seemed a little disappointed.

however, she quickly concealed her emotions. " alright, i've saved your number. oh right, i forgot to ask, are you and young master mu here in paris for your honeymoon? how long are you guys going to stay? when you're free, we can get together."

luo chenxi smiled and said,"sure!" however, my husband and i are not here for our honeymoon. we have other things to do. i'll contact you after we're done."

tang daiyuan smiled. " okay, then it's a deal! you can't go missing again like you did four years ago!"
