

Sweetheart 1241

Chapter 1241: luo chenxi is a promiscuous woman

“do you think i’m an idiot?” mu yichen sneered.

“r-really!”

he tina knew in her heart that if she were to admit to the crime of drugging luo chenxi now, the outcome that awaited her would definitely be extremely miserable.

therefore, she would never admit it!

moreover, she had racked her brains to scheme, so how could she allow luo chenxi to pass the trial so easily?

if she were to die, she would drag luo chenxi down with her!

thinking of this, he tina raised her head and said loudly, “young master mu, this is really none of my business! we only came to the bar to relax and have a chat, but we didn’t expect luo chenxi to get high as soon as she entered the bar. not only did she drink glass after glass, but she’s also seducing men everywhere. we couldn’t stop her even if we wanted to!”

“she’s probably ... probably drunk, right? it’s also possible that some man drugged her wine, and she doesn’t know about it ... anyway, it’s none of my business!”

“i saw her getting a room with two men and was worried that she would cheat on you, so ... so i followed her here to see what was going on! i didn’t expect to run into you. i ... i’m indeed a little nosy, but ... at the end of the day, it’s luo chenxi’s own misbehavior. it has nothing to do with me!”

he tina was quick-witted and made up a reason to get herself out of it.

on the contrary, she claimed that luo chenxi was the one who wanted to get a room with another man.

luo chenxi was initially lying on the bed. she had made up her mind to pretend to be unconscious until the end. however, she was so infuriated that she almost jumped up on the spot upon hearing his shameless words.

did he tina still have any shame?

she had already been caught red-handed by her husband, yet she could still come up with such a lie!

fortunately, the moment before she almost couldn’t hold it in any longer, the two punks couldn’t bear to listen any longer.

according to what he tina said, didn’t that mean that the two of them had become an adulterer who had seduced a rich lady? she would definitely be fed to the dogs by this terrifying man!

“he tina, don’t you slander me here! you know very well what happened!”

” you said it yourself just now. you drugged this lady and even told us to be more agile! ”

” yes, yes, yes. he even told us to enjoy it. he even wanted us to take photos of this lady and send them to her husband! ”

” you were the one who helped her back from outside the hotel. we’re the innocent ones! ”

in order to save their lives, the two of them directly confessed the entire plan.

he tina was so angry that her face turned green.

these two hooligans were useless!

they couldn’t even sleep well with a woman, and now they even dared to ruin her reputation!

when she saw mu yichen’s expression turning gloomier and gloomier, and he was on the verge of losing his temper, he tina made up her mind and said without a care, ”young master mu, i’m really not lying to you. these two adulterers are afraid that you’ll punish them. of course, they won’t admit that they’re in an affair with luo chenxi! please don’t believe them. i ... i have evidence to prove that luo chenxi is a promiscuous woman. she’s already used to having fun outside. she’s made you a cuckold many times in secret!”

mu yichen’s cold and gloomy voice sounded as if it came from hell. ” my wife is a promiscuous woman? who gave you the courage to spread such rumors?”

he tina shook her head desperately. ” i’m really not spreading rumors! it was true! luo chenxi uses the famous public bus in school. when we went to paris for a vacation the last time, she had a date with a few men in a bar. later on ... she even got pregnant!”

Chapter 1242: the wild man you were referring to ... is me!

mu yichen suddenly stopped talking. a dark glint flashed in his eyes as he looked at he tina coldly.

he didn’t know what he was thinking.

he tina thought that her words had successfully piqued mu yichen’s interest, so she hastily continued.

”it’s true, young master mu. i’m afraid you don’t understand luo chenxi’s past at all, do you? her face is so pure and beautiful, so it’s normal for you to think that she’s a good person. in fact, she’s not the kind of person you think she is!”

”we were classmates, so i know her best. four years ago, i saw her get a room with a few men. later, when she returned to school, her belly got bigger, but she couldn’t even tell who the father was! tsk, tsk, how messy is this?”

he tina paused for a moment.

mu yichen pursed his lips coldly. ” four years ago ... how did you know about the incident that happened four years ago? you really saw it with your own eyes?”

seeing that he seemed to believe her, he tina's heart was filled with joy, and she quickly continued to add oil to the fire.

"yes, i saw it with my own eyes! i even saw her enter the hotel, just like today! luo chenxi looks innocent and pure, but you don't know how reckless she is!"

"in the past, she slept with many seniors in the school, but nothing happened. the school didn't pursue the matter on account of her talent in design. however, the impact this time was really too bad. the school couldn't take it anymore and expelled her!"

"you probably didn't expect that she was expelled because of this, right? did she lie to you? what kind of reason did he come up with? please don't believe her! you'll know if you go to our school to investigate. luo chenxi was expelled because she was pregnant with a bastard child whose father is unknown ... ah!"

as he tina spoke, the expression on her face became more and more smug.

boxn ov el. c o m

but she didn't expect that before she could finish her words, she would be interrupted by a sudden slap!

with a crisp "pa" sound, he tina's face quickly swelled up, and the taste of blood spread in her mouth.

he tina was stunned for a few seconds before she came to her senses. she covered her burning cheek and looked at mu yichen in disbelief.

young master mu actually hit her personally!

with his status, he actually hit a woman!

young master mu must've been angry after knowing that his wife had such a disgusting dark history, so he suddenly hit her.

however, shouldn't he be beating luo chenxi up instead? why ... why was she the one suffering instead?

"young ... young master mu ..."

he tina opened her mouth, and blood flowed out from the corner of her mouth. at the same time, a few teeth fell to the ground with blood.

this caused her voice to become unclear.

mu yichen took two deep breaths before he managed to suppress the urge to kill someone on the spot with great effort. he glared at he tina coldly.

"very good, i finally know who the person who framed my wife four years ago was! now, you still dare to spread rumors and slander my wife."

he tina widened her eyes in disbelief. she could not believe that mu yichen did not suspect luo chenxi at all at this point in time. he insisted that she was framed!

"young master mu, i ... i'm really not slandering you, i really am! you'll know once you check the school files. it's ... it's definitely true! i wouldn't dare to lie to you! luo chenxi had disguised herself too well! she really did sleep with a man four years ago and got pregnant with a bastard child ..."

“the wild man you are referring to ... is me! my wife is pregnant with my daughter! the mu family’s little princess!” mu yichen enunciated each word clearly.

Chapter 1243: she belongs to me from head to toe!

the room fell into a strange silence.

no one on the scene expected mu yichen to say something like that.

even though brother liang and the other bodyguards were mu yichen’s confidants, they had never heard of such a thing. they even stopped beating up the little hoodlums.

however, they didn’t dare to ask too much and could only mutter in their hearts.

on the big bed behind mu yichen, luo chenxi’s body froze for a moment, but she soon returned to normal.

the impact of these words on her was not even greater than when he tina had started the rumor just now.

because she didn’t think it was real.

luo chenxi sprawled on the big bed. she was touched. she did not expect that mu yichen would say anything in order to protect her reputation! he even recognized the child she was pregnant with as his name ... this ...

her husband was too good!

she really wanted to get up and give him a kiss!

he tina was the most shocked when she heard mu yichen’s words. she stood rooted to the ground as if she had been struck by lightning.

after a long while, she finally found her voice. her eyes widened, and she shook her head desperately. ” no... impossible ... this is impossible! that night ... i clearly looked for a few beggars, wanting to give her an unforgettable night, and it would be best to leave her with an incurable illness ... how could it be ... it was you ... young master mu, you’re a high and mighty young master, it’s impossible for you two to meet!”

boxn ov el. c o m

mu yichen darted her a look and pursed his lips coldly. ” so, you’re admitting that you’re the one who drugged my wife four years ago and even found a few men to ruin her? ”

“i ...!”

he tina’s breathing stagnated, and she suddenly came back to her senses. only then did she realize what she had just said!

she wanted to refute mu yichen’s words subconsciously because she was too shocked. she had actually told him the truth about that night!

he tina's face instantly turned red, and she wanted to bite off her tongue.

however, he could no longer swallow back the words he had said.

"young master mu, you ... you actually tried to trick me into telling you! how did you ..."

he tina was extremely vexed!

it was only then that she understood why mu yichen would call himself that 'wild man'. it turned out that he was trying to trick her into confessing her guilt!

young master mu was such a cold and proud man, but he was actually so sinister!

on the other hand, luo chenxi felt a piercing pain in her heart.

the matter was already very clear. that night ... it was really he tina who had done such a vicious thing to her!

moreover, she had tried to guess who the man who had spent the night with her was many times, but she had never thought that it would be a beggar on the side of the road, and ... and a few of them!

'i wonder what mu yichen will think when he hears this.'

although he usually showed that he didn't mind what happened to her.

but now, he had heard it with his own ears from the person involved that there were so many men who had violated his wife!

what would he think ...

luo chenxi could not pretend anymore. she opened her eyes at once and was about to get up.

however, before she could take action, she heard mu yichen's cold and deep voice once again, "trying to trick you? you think too highly of yourself. i have plenty of ways to force the truth out of you. do i need to lie to you? i said that luo chenxi is my woman and she belongs to me from head to toe! she's also the mother of my daughter! you better remember this."

Chapter 1244: the night four years ago

luo chenxi suddenly stopped moving.

she did not expect mu yichen to say that. moreover, his tone was so firm.

his confident attitude made it seem as if everything he said was the truth.

but ... how was that possible?

he tina was also stunned. " what?! don't tell me... after luo chenxi escaped from my hands that night, she really did ..."

halfway through her sentence, she suddenly realized that she had let it slip again and quickly covered her mouth.

however, mu yichen had already lost his patience. he said coldly, "enough, stop hemming and hawing. what exactly happened that night? i'll give you one last chance to tell me everything. as long as i can hear a single lie from you ..."

mu yichen paused for a moment and looked at brother liang beside him. "mr. lu from cold rain mentioned that there's a nightclub in the red-light district that specializes in hardcore performances that's short of people, right? just in time, send this woman over to him, and i'll return the favor he did me last time ..."

hearing this, her expression immediately changed. her knees went soft, and she knelt on the ground. she was so scared that her entire body was trembling, and her two rows of teeth were making gurgling sounds.

"young master mu ... have mercy! don't ... don't send me to that kind of place! i ... i'll ... i'll make it clear ..."

she had been in paris for a long time and had heard of the devil's den controlled by the underground forces.

once they entered, they would be tortured to death, and it was almost impossible to come out alive.

boxn ov el. c o m

"that will depend on what you tell me." mu yichen scoffed coldly.

at this point, she finally understood that all her schemes were completely useless in front of young master mu. it was impossible for her to drive a wedge between young master mu and lu chenxi.

the only way to save his life was to confess his crimes.

she didn't dare to be neglectful, so she could only brace herself and tell him everything that had happened back then.

"four years ago, a group of more than ten of our classmates went on a trip to paris ... everyone drank a lot in a bar that day. most of them were drunk ... lu chenxi, on the other hand, was not drunk. she's a good drinker, but i knew that my chance had come when i saw that no one was paying attention to us ..."

"i made an excuse to apologize to her so i treated her to a glass of spiked wine. she did not suspect anything at all and downed the entire glass at once. she fainted soon after ... i had already booked a room in the motel next door at the time. i even found a group of beggars and planned to let them sleep with lu chenxi ..."

upon hearing this, mu yichen almost could not suppress his impulse. he almost made an exception to hit a woman again.

she was really deranged. she actually dared to treat his little woman like this!

he simply could not imagine what kind of terrifying incident lu chenxi would have encountered if she had not run into him that day!

perhaps she could tell that mu yichen's expression was unusually terrifying, but he tina was scared to death. she quickly shouted, "young master mu, i ... i know i did something wrong, but ... but i didn't ... didn't succeed! when i said that luo chenxi was humiliated by a beggar earlier, i ... i lied to you ... you must believe me!"

of course, mu yichen knew that her words were true.

because he still remembered that the little woman lying on his bed that night was still very young. it was obviously her first time.

as a result, there was a moment when he felt that he had misunderstood luo chenxin after she came to him. she was not as indulgent as the rumors said.

Chapter 1245: that night ... was his performance that bad?

because of this, he had been laughed at by a few of his childhood friends, saying that he was an innocent little virgin ...

"what's going on? what happened after that? stop being so long-winded and get to the point!" mu yichen furrowed his brows and urged.

he tina hurriedly nodded and continued, "yes ...! after i brought luo chenxi out of the bar the other day, i met up with the few beggars and handed her over to them. "just when they were about to take luo chenxi away, she ... she seemed to have suddenly sobered up and realized that she was in danger. she ... she suddenly made a move and knocked all the beggars to the ground in just a few moves ..."

thinking of that scene, he tina's face twitched slightly.

just like today, she thought that her plan would succeed easily, but an unexpected change suddenly happened.

luo chenxi was simply poisonous!

it seemed like he never played according to the rules.

"... i couldn't stop her at all. i could only watch as she ran away along the street ..."

he tina stopped here.

mu yichen furrowed his straight brows. "what happened after that? after she ran away, what happened?"

"ah? " i ... i don't know ... " he tina's face was blank. " i was also kicked to the ground by her and almost broke my bones. i couldn't catch up to her at all ... "

"you don't know? then how did my wife get into my room? i'm sure i don't have the habit of sleepwalking." mu yichen said coldly.

boxn ov el. c o m

he tina was really confused now. young master mu, are you telling the truth? luo chenxi is really ... really with you ...”

mu yichen scoffed coldly. ” why are you still pretending? i think you won’t shed tears until you see the coffin! liang, take her ...”

“no, no, no, young master mu, i beg you not to! i’m not lying, i’m telling the truth! i really don’t know where she went after that!”

he tina knelt down at once. she pounced over, wanting to hug mu yichen’s thigh, but he mercilessly kicked her away.

he tina rolled on the ground, her face turning green from the pain.

however, she couldn’t care less about repairing herself. she quickly got up from the ground and tried her best to explain, ” “young master mu, i’m really not lying! i don’t know how she ... ended up in your room either. i only found out today that luo chenxi ... she was with you that night ...”

when she noticed that mu yichen did not respond to her, she racked her brain to recall and told him everything that she could remember.

“after she ran away that day, i thought that my plan had completely failed and that i had obtained fake medicine! at one point, i was worried that i would be expelled from the school if the matter was exposed. “in the end ... in the end, luo chenxi came back in a panic the next day. not only were her clothes torn, but there were also hickeys all over her body. one look and you can tell that she had been ravaged by a man ...”

upon hearing this, mu yichen’s expression was slightly uneasy, but he quickly concealed it.

that night ... was his performance that bad?

he could vaguely remember that luo chenxi had been crying non-stop under his body all this while. did he think that he was too powerful?

in the end, when his stupid woman returned to her residence the next day, it was obvious that she had been ravaged ...

it was too heart-wrenching!

mu yichen felt his self-esteem shatter into pieces.

he tina saw that his expression was getting gloomier and gloomier, and she was scared out of her wits. she only knew how to tremble and repeat the words she did not know.

Chapter 1246: four years ago, i would have fallen in love with this stupid woman at first sight

mu yichen returned to his senses and glanced at her indifferently.

it could be seen that he tina was already scared half to death now, so she probably wouldn’t dare to lie anymore.

although there were still some things that he couldn't understand, he was still very clear about the general situation of that night four years ago.

out of jealousy, he tina drugged luo chenxi. in the end, luo chenxi ran out on her own and somehow got into his bed ...

next, luo chenxin discovered luo chenxi's identity and went through plastic surgery to impersonate her. she then used some unknown means to get tang tang away ...

mu yichen suddenly thought of something. he had an idea and asked again, "where's the bar you were in four years ago? what's your name?"

"it's called 'meise'. it's on the main road in front of this street, and there's a five-star hotel on the side," tina quickly said.

mu yichen squinted his eyes.

this was correct.

the five-star hotel that he stayed in four years ago was on the street that he tina had mentioned.

the bar he went to with he jinsi was the same one luo chenxi went to!

however, luo chenxi and the rest should be near the bar counter on the ground floor while he and he jinsi were in a private room. they were only separated by a wall!

boxn ov el. c o m

if he had not stayed in the private room out of impatience and had gone to the bar with he jinsi instead, he might have met luo chenxi.

and he was sure that four years ago, he had also fallen in love with this stupid woman at first sight.

if that was the case, they would have had a different and perfect start, and all the twists and turns in the middle would not have happened.

he would pamper luo chenxi to the heavens from the very beginning.

tang tang would also be born as the fruit of their love. she would not be abused by luo chenxin, and she would not be like this where she could not even call her mother ...

mu yichen's heart was in turmoil. his heart was filled with heartache for the stupid woman.

unfortunately, time could not be turned back, and everything could not be repeated.

he could only treasure the present and treat the stupid woman in bed better.

mu yichen sat quietly for a while before his gaze swept toward he tina who was kneeling on the ground.

"actually, i should say thank you. if it weren't for you, i don't know when i'd get to know my wife, and i wouldn't have had such an adorable daughter so early."

he tina's mouth was wide open in shock. she was both jealous and depressed.

she could tell that mu yichen was not lying at this point.

the man that night was really young master mu!

on the other hand, she thought that she was extremely intelligent and that she had destroyed luo chenxi. in reality, she had become the biggest driving force behind luo chenxi's marriage into a wealthy family!

nothing was more infuriating than this!

after mu yichen finished speaking, he waved his hand and beckoned for the bodyguard. " even though you're considered to be the person who introduced me to my wife, i'm not afraid of you. however, i've also said that i will never let go of anyone who dares to plot against my wife! you can spend the rest of your lives in jail! the police are already waiting at the door, take them out."

hearing this, he tina secretly let out a sigh of relief.

although being imprisoned was miserable, it was much better than being sold to an underground nightclub by young master mu. the prison conditions in country F were still very humane.

what she didn't know was that liang bro and the others were looking at her with sympathy.

mu yichen had already given the order that she was not going to be locked up in the women's prison but with the people from the assassin organization!

even though mu yichen and the rest had ordered for those people's manhood to be crippled, incomplete men like him were the most abnormal.

he tina was going to suffer.

brother liang and the others dragged he tina and the hooligan away and closed the door.

the room fell silent.

mu yichen took out a cigar from his pocket in an attempt to calm his complicated feelings.

unexpectedly, a familiar sweet voice was suddenly heard from behind him at this very moment. " mu yichen, what you said earlier ... is it true? "

Chapter 1247: you can't kick me out, and you can't divorce me!

mu yichen's body stiffened in an instant. his hand trembled, and the unlit cigar in his hand dropped to the ground.

he had never expected that luo chenxi was actually awake!

when did his stupid woman wake up?

the conversation between him and he tina just now, she ... how much did she hear?

young master mu was indeed young master mu. after a brief moment of shock, he quickly regained his senses and turned around to walk towards the bed.

“stupid woman, when did you wake up? where else did she feel uncomfortable? was he dizzy? is your body burning up? what did i tell you this morning? i told you to stay in the hotel and wait for me! in the end, you sneaked out to attend some class reunion without even saying a word! if i hadn't rushed over in time, god knows what would have happened!”

“tell me, how many family rules have you broken this time? how are you going to make me calm down?”

mu yichen's face was stern. he was reprimanding her sternly, but his actions were gentle. he stretched out his arms in an attempt to carry the little woman on the bed.

just now, he had an idea. after taking the drug, even if he woke up, there would be a period of time where his memory would be blurry.

had that not been the case, luo chenxi would not have completely forgotten the appearance of the man she had spent the night with four years ago.

mu yichen concluded at once that luo chenxi most likely could not figure out whether what she heard was real or if she was just dreaming.

thus, he wanted to strike first and teach luo chenxi a lesson for being in danger because she had disobeyed his instructions!

boxn ov el. c o m

in this way, he might be able to get away with it, and he could even take this opportunity to teach this stupid woman some family rules at the sex hotel ...

young master mu had always been intelligent, yet he could never have guessed that luo chenxi had not consumed a single drop of the knockout powder from the beginning to the end. she had been very clear-headed all this while!

before mu yichen's arm could touch her, she had already sat up and slapped his hand away forcefully.

her fair little face was flushed with anger. “well done, mu yichen. you still dare to complain about me first! i heard it clearly just now. you said that the man i was with on that night four years ago was you! is this true or false? you ... you better explain clearly!”

in reality, luo chenxi was not angry at all in the beginning.

to her, this matter was more of a shock than anger.

yet, who would have known that mu yichen still wanted to muddle through at a time like this? he even wanted to take the opportunity to bully her!

‘is mu yichen getting carried away, or is it that i, luo chenxi, can't hold the knife anymore?’

mu yichen knew that something was not right. luo chenxi had woken up much earlier than he had expected. his earlier words were simply a cover-up!

he wanted to swallow his words, but it was too late.

mu yichen took a step forward. “chenxi, you ... calm down first. listen ... listen to me ... ”

he stretched out his hand once again in an attempt to wrap his arm around luo chenxi's shoulder.

in the end, it was ruthlessly slapped away again.

luo chenxi gave him a sidelong glance. " just say what you want to say. i'm listening! " don't get all touchy!"

mu yichen was feeling indignant in his heart, but he dared not provoke her at the moment. he could only say, " okay, okay, okay, i won't come over. you ... you have to promise me first that no matter what i say later, you ... you can't kick me out and you can't divorce me! "

"mu yichen, are you trying to bargain with me?" luo chenxi scoffed.

under his wife's authority, the young master mu, who was cold, arrogant, and insufferably arrogant in front of outsiders, suddenly became timid.

Chapter 1248: -one stab for both sides

mu yichen raised his hands helplessly. " alright, alright, alright. i'll tell you. i'll tell you, alright? "

initially, he did not plan to keep it a secret from luo chenxi for the rest of her life, and he knew that he could not do so.

however, in order to prevent his wife from running away in a fit of anger and turning him into a single dog, he still decided to wait until the two of them had officially held the wedding of the century before he found a chance to confess.

in that case, the entire world would know that luo chenxi was his woman. she would not be able to run away even if she wanted to!

who knew that plans could never keep up with changes.

now, it was a stab to the head, and a stab to the head.

mu yichen gritted his teeth. " it's just as you heard earlier. you were drugged when you were traveling in paris more than four years ago. the man who slept with you that night was me ... "

"so, this ... this is true, and you're not lying to he tina?"

even though she was well-prepared, luo chenxi was still astonished when she heard the affirmative answer.

mu yichen shook his head. " of course not. there's no need for me to lie to her about this. "

luo chenxi thought so too.'so, this matter is true then?

for a moment, the emotions in her heart were too complicated. she didn't know whether to be happy, sad, or angry.

boxn ov el. c o m

in fact, she was more at a loss.

for so many years, the man who had tortured her and made her wake up from her nightmares ... was actually her most beloved husband?

mu yichen felt anxious when he saw luo chenxi's empty gaze.

he dashed toward luo chenxi and held her shoulder.

"stupid woman, stupid woman! don't ... don't scare me! look at me, wake up, come on! if you're angry, you can hit me. if you're not satisfied, you can bite me. don't sulk all by yourself ..."

luo chenxi snapped back to her senses. she could not be bothered to push mu yichen away anymore. she only asked, " "is it really you? but ... he tina didn't even know where i went that day, so you ... how did you know where i went?"

she suddenly thought of something. " that's not right! wasn't it ... wasn't it luo chenxin who slept with you in paris?"

mu yichen took a deep breath and calmed himself down.

after saying the most important words just now, he actually felt a little more relaxed, and the following explanation became less difficult.

"chenxi, if i'm not mistaken, the day you got into an accident was february 14th, valentine's day, right?" he asked in a deep voice.

"yes, i didn't tell you. how did you know ..."

luo chenxi understood the situation halfway through her question. " you ... you and luo chenxin also ... " " not with luo chenxin, but with you! "

mu yichen frowned slightly and corrected her.

she was not happy to hear that she had been associated with luo chenxin.

"it's indeed the same day! think about it, how could things be so coincidental? you were the one who slept with me that night! " as for luo chenxin ... in fact, i don't know what she did, but i'm sure that she found out about what happened between us after that day. that's why she had plastic surgery to look like you. she even found a chance to steal tang tang from the hospital! she then pretended to be tang tang's mother and asked me to get engaged to her ..."

"wait!" the more luo chenxi listened, the more shocked she became. her petite mouth was agape and she could not close it. just based on the fact that we lost our virginity on the same day, you made such a guess?"

Chapter 1249: why do you remember what happened that night so clearly?

mu yichen paused for a moment. his gaze fell on her slightly pale little face.

"of course i'm not speaking without thinking. i was only drunk that night. i didn't take any drugs like you, so i still have memories. i still remember the birthmark on the back of your waist, i still remember that

you have a pair of slender legs. once i'm nervous, they would wrap tightly around my waist. you're also very delicate and afraid of pain. when i use a little more strength, you'll cry and act like a spoiled child ..."

"stop, stop, stop ... mu yichen, shut up!" luo chenxi was furious out of embarrassment. she shouted at him to stop.

her little face instantly turned the color of a pig's liver, and her face was about to burn.

this, this, this ... what was going on?

she was the one who was interrogating mu yichen, so why did this man start driving without saying a word?

what happened that night, he ... why did he remember it so clearly?

she couldn't help but recall the scene from that night ...

she also had a vague impression that the man who had spent the night with her seemed very young. although she could not see his face clearly, he had a really good figure. she could tell with one touch, and his voice was so soft that she was about to get pregnant ...

alright, she was really pregnant.

however, when luo chenxi thought about it afterward, she felt that these were not her memories. she had imagined them in order to heal the trauma caused by her being violated.

boxn ov el. c o m

because, even if she used her toes to think, she knew that if he was really such a handsome man, would he need to drug her? he could knock her out directly with his looks!

luo chenxi's petite face blushed, then paled, and then turned green.

mu yichen thought that she was angry. he felt uneasy and said hastily, "luo chenxi, i'm telling the truth! you clearly have an impression of it, so why don't you admit it after sleeping with it? that's right, i still have solid evidence!"

luo chenxi was stunned. she raised her head in astonishment. " what irrefutable evidence? "

"it's the results of the dna test between you and tang tang. after i suspected that you were the woman from that day, i secretly took your hair and tang tang's hair to do a paternity test. the facts prove that the two of you are indeed biological mother and daughter. you even gave birth to our daughter. if the woman who slept with me that day wasn't you, who else could it be?"

luo chenxi widened her eyes. she did not expect mu yichen to have done a dna test before.

mu yichen was certainly not making this up. the test report must have existed.

because if this was a lie, it would be too easy to expose. she just had to go back and do a paternity test with the little dumpling, and then she could expose him.

" so, that night, it was really ... really you?! "

mu yichen nodded and spoke in a serious tone, "that's right, it really is me! we only had each other, and tang tang ... although her birth was an accident to us, i'm very happy that the little angel has come to our family so early. she has a pair of loving parents and we are the happiest family ..."

mu yichen continued to describe their happy lives. he would even mention tang tang from time to time in an effort to build a good impression of himself.

however, luo chenxi did not really take his words to heart.

she was still in shock and couldn't come back to her senses.

the news she received today was too unexpected and too surreal. it wasn't something she could completely digest in just half an hour.

mu yichen was worried that she was still angry when he saw that she did not answer him. he hugged his wife and coaxed her with all his might.

"chenxi, this is the truth ... i know you hate the man from that night and hate him for destroying your future ... but, since i'm also an innocent victim, can you not ... uh, do that ..."

Chapter 1250: i actually let it slip again!

"what's that?" luo chenxi blinked and raised her eyebrows in puzzlement.

why was it that she could not understand what mu yichen was saying?

mu yichen thought that his wife was still in a fit of anger and asked the question on purpose. his strong desire to live forced him to continue explaining himself.

"i swear, i was really drunk that night. i didn't even know the guest room door was closed. i don't know how you came into my room either ... fine, that night i was ... i was a little rough, but it was my first time and i have no experience ... after we got married, didn't i make you very comfortable every time? for the sake of your happiness for the rest of your life, you ... you have to think twice ..."

"also, our tang tang wants a younger brother and sister so much. although your health is not good, it's not impossible for you to take care of yourself, right? what if a miracle happened? you can't give up so early, we can still work harder ..."

the more luo chenxi listened, the more confused she became. she could not help frowning as she interrupted him, "mu yichen, what are you trying to say?"

mu yichen probed carefully, "honey, you said last time that if you found the man who ruined your life, you would take a knife and cripple him ..."

it was just a casual remark made by luo chenxi. she had actually forgotten about it.

she was very surprised when she heard mu yichen mention it. "huh? what? did i say that? when did that happen?"

upon seeing that, mu yichen knew that his wife had no intention of crippling him. he finally heaved a sigh of relief.

“it’s ... it’s that time when your cousin started the rumor,” he quickly explained. that time, i asked you about what happened four years ago and what you would do if you found that man ...”

it was only then that luo chenxi recalled the situation at the time. she was rendered speechless at once.

“i thought i was drugged by the man from that night, so of course i hate him. but your situation is different ...”

she suddenly paused. “ wait! you said that you tested me the last time i told you the truth? doesn’t that mean that you already knew that tang tang and i are biological mother and daughter? you ... you’ve been hiding this from me! you’ve hidden it for so long!”

mu yichen’s entire body shuddered as he cried out ‘oh no’ in his heart.

the high intelligence that he had always been proud of was non-existent in front of luo chenxi.

he had actually let it slip again!

“ahem, honey, let me explain ... i didn’t mean to keep it a secret, i was just afraid of agitating you. besides, i’m afraid it’ll affect our relationship ...”

“i’m not listening, i’m not listening, i’m not listening!” luo chenxi was so angry that her face turned pale. her large, beautiful eyes were filled with rage as she glared at him ferociously. “ you knew the truth but you didn’t tell me! you clearly know that tang tang is my daughter, but you’ve been holding it in and not saying it! do you think you’re a ninja turtle?”

“of course not ... ninja turtle was cuckolded ...”

“you shut up! mu yichen, i don’t want to see you right now. get out!” luo chenxi bit her lip. she pushed mu yichen away and pointed at the door.

mu yichen tried to persuade her, “wifey, i can go out, but you can’t stay in such a shabby hotel.” i’ll send you back first, okay?”

” not good! are you going out or not?! ” luo chenxi’s eyes were burning with rage.

mu yichen was afraid that something bad would happen to her out of anger, so he dared not provoke her anymore. he had no choice but to follow her wishes and left the room slowly.

“alright, alright, alright, i’ll leave! you’ve had a long day, have a good rest. i’ll be in the room next door. if you need anything, or if you’re feeling empty and lonely at night, you can come to me ...”

luo chenxi looked at him coldly without uttering a word.

mu yichen left in resignation.

as soon as the door was closed, the anger on luo chenxi’s face vanished instantly. she seemed to have turned into a different person. she hugged a pillow and rolled around on the bed.

he couldn't help but laugh.

"hehehehe! i have such good taste. even if i was drugged, i still know to sleep with the most handsome one!"

she was not angry at all just now. it was just that she suddenly remembered that she had sneaked out today. she was afraid that mu yichen would settle the score with her after the two of them had reconciled, so she had an idea and chased him out.

in fact, she couldn't be happier!

she was a little unhappy when mu yichen and luo chenxin had rolled around in the sheets before. now that she knew that her husband belonged to her alone, she was overjoyed.

more importantly ...

"tang tang is actually my daughter! i told you, only i can give birth to such a cute little angel!"

[mini theatre: if young master mu went to the bar four years ago ...]

young master mu was happy to do so.

little wei xi, "handsome guy, do you like a daughter or a son?"

young master mu:

little wei xi: " what a coincidence! i like daughters too! "

young master mu thought, "if you like it so much, we can have one next year."
