

Sweetheart 1281

Chapter 1281: this dog food is really a familiar recipe, a familiar taste!

as dr. hu spoke, he became a little excited.

he had been on this case for several years without much progress. now that he saw the hope of the patient's recovery, he was very excited.

"mrs. mu, judging from the current situation, as long as you continue to assist miss mu in the treatment, it's only a matter of time before she fully recovers. as long as the symptoms are alleviated, when she is older and her memory of her childhood is more blurred, she will definitely take the initiative to call you mother. you must have the confidence to cooperate with my treatment plan!"

luo chenxi's eyes glowed brighter and brighter upon hearing dr. hu's explanation.

if the little dumpling could really get rid of the harm luo chenxin had caused her, then she would have nothing to ask for!

"dr. hu, thank you! no wonder you're the most famous psychiatrist in T city! i'll have to trouble you to continue!" luo chenxi walked forward in excitement. she wanted to shake dr. hu's hand to express her gratitude.

however, she had just stretched out her hand when mu yichen grabbed her wrist and pulled her back.

"okay, you understand the situation. treatment is a matter for the future. it's getting late. you can rest."
"

mu yichen's expression was unfriendly as he asked the guest to leave.

dr. hu was good at reading people's expressions and immediately left.

after dr. hu left, luo chenxi had been accompanying the little dumpling in her room.

the maid came up to ask her to have dinner, but she refused.

boxn ov el. c o m

mu yichen could not stand it anymore. he entered the children's room and lifted her up horizontally without giving her any chance to explain.

"ah ...! mu yichen, put me down. tang tang, she ..."

"tang tang has already fallen asleep. you will only wake her up if you stay by her side. besides, aunt chen is watching over you. come down and eat first!"

mu yichen tied her up by force.

despite that, luo chenxi was still thinking about dr. hu's words even when she was sitting at the dining table. she was not paying attention.

mu yichen's eyes flickered ever so slightly when he noticed that luo chenxi had stained the curry at the corner of her mouth again. he pinched her chin and turned her petite face around.

"mu yichen, what are you ..."

before luo chenxi could finish her sentence, she saw mu yichen's handsome face leaning toward her.

then, he felt a wet and hot touch on the corner of his mouth.

luo chenxi reacted to the situation. her petite face turned red instantly.

this man ... was too shameless!

the two elders of the mu family and mu weiwei were still sitting at the side!

"you ... you ..."

luo chenxi was at a loss for words.

on the other hand, mu yichen's lips curled into a smile. he even licked the corners of his lips as if he had not just tasted curry but some unparalleled delicacy.

his pair of pitch-black, starry eyes were fixed on luo chenxi. he appeared to be particularly seductive and evil.

"this dog food is really a familiar recipe and taste! "it's been a few days since i've had it. i'm really not used to it ..." mu weiwei mumbled, but she did not lower her voice at all.

tan yueru and mu yunfeng looked at each other and smiled. "i used to think that yichen was a blockhead. i was worried that he couldn't find a wife! i didn't expect that he only opened his aperture late and didn't meet the person he likes ... daughter-in-law, it's all thanks to you!"

luo chenxi's face blushed even redder after being teased by them. she wished that she could find a hole to hide in.

it was all mu yichen's fault. how could he be so thick-skinned?

she could not refrain herself from turning around and glaring at mu yichen.

in the end, she realized that he had a serious look on his face.

mu yichen coughed twice. "father, mother, and weiwei, i have something to tell you. it's about tang tang's birth ..."

Chapter 1282: my entire family will only recognize my daughter-in-law!

"mu yichen!"

luo chenxi was startled. she shouted out loud subconsciously in an attempt to stop him.

even though mu yichen had known about the relationship between luo chenxi and the little dumpling for a long time, he and he jinsi had actually investigated it in private.

at the time, he had the intention to keep it a secret from Luo Chenxi for fear that the news would be leaked. That was why even the two elders of the Mu family were completely unaware of this matter.

On the other hand, judging by Mu Yichen's tone, he was about to reveal the matter on the spot at the dining table!

Luo Chenxi was flustered all of a sudden.

Even so, Mu Yichen completely ignored her protest. He said, "Father, mother, actually ... Tang Tang's mother isn't Luo Chenxin at all. It's our Chenxi!"

Luo Chenxi could not stop them in time. She could only look at the two elders of the Mu family opposite her uneasily.

However, it was apparent that Tan Yueru did not understand Mu Yichen's meaning. She asked with a puzzled expression, "What do you mean? Luo Chenxin was not qualified to be Tang Tang's mother! My entire family will only recognize my daughter-in-law! Didn't you change the information on your household registration?"

Although Xiao Tuanzi was not born out of wedlock, with the Mu family's power, all her information had been changed.

Mu Yichen's expression turned even more serious. "Mother, I meant what I said literally! Chenxi was Tang Tang's biological mother. Tang Tang was born from her womb! And the reason why Chenxi had difficulty getting pregnant was because of the massive bleeding when she was giving birth to Tang Tang!"

The two elders of the Mu family and Mu Weiwei looked at each other.

boxn ov el. c o m

Mu Weiwei could not help but ask, "Big brother, you ... did you take too long on the plane? Is it because of the time difference that you're not fully awake yet ...?"

He even said such nonsense!

Mu Yichen's face was filled with displeasure. He glared at Mu Weiwei, scaring his younger sister so much that she shrunk back a little.

"When I went to France this time, Chenxi and I accidentally found out ..." he said.

Mu Yichen picked the main points and briefly told Tan Yueru and the rest about what happened in France. He also told them about the DNA test between Luo Chenxi and the little dumpling.

For a moment, the three of them were all dumbfounded, unable to even speak.

This news ... was simply too shocking!

Such an outrageous coincidence would never happen even in their dreams!

However, no matter how unbelievable the situation was, with the hard evidence of the DNA test, they had no choice but to believe ... that it was true!

“so ... we’ve been wrong? ‘brother, when you were in France, the woman you had a one-night stand with was never luo chenxin, but ... my sister-in-law? tang tang wasn’t born in luo chen’s heart, but she stole it from the hospital?”

mu weiwei widened her eyes and pointed at luo chenxi. her fingers were trembling slightly.

“don’t point your finger at your sister-in-law. that’s rude!” mu yichen chided her before he nodded. “that’s right. it’s just as you said. chenxi was the only one who was with me from the beginning until the end!”

upon hearing his affirmative answer, the two elders of the mu family and mu weiwei fell silent.

this news was too shocking, and they could not digest it in a short time.

on the other hand, luo chenxi felt more and more uneasy as their silence grew longer.

‘mu yichen ... how could he just blurt out what happened the other day without any preparation?’

she had not forgotten how the mu family had always evaluated luo chenxin.

‘she’s harboring unfathomable motives. she offered herself to sleep with mu yichen, climbed into his bed on purpose, and schemed against him by using her child to get engaged ... she’s a shameless woman for money!’

now, the person had changed from luo chenxin to her ...

Chapter 1283: what a scumbag, i despise him!

what would tan yueru and mu weiwei think if they knew that she was the woman who had spent the night with mu yichen and even had a child with him?

would he be disappointed and misunderstand that she was a woman who would do anything to curry favor with the dragon and phoenix?

the thought of madam tan, who doted on her like her own daughter, possibly showing a disappointed expression made luo chenxi feel uneasy.

luo chenxi was sizing up the person opposite her nervously. the chopsticks in her hand fell onto the table.

mu yichen noticed her uneasiness. he frowned slightly and held her slender little hand with his large palm. he tightened his grip slowly and squeezed it in a comforting manner.

at the same time, he turned to tan yueru and the others. “mom, dad, why aren’t you talking? are you too surprised?”

surprise what? it was a shock!

luo chenxi pursed her lips on her petite face but did not say a word.

however, in the next second, tan yueru seemed to wake up from a dream and clapped her hands hard. she couldn't even close her mouth.

"aiyo, isn't it just too much of a surprise? actually, i've long felt that tang tang and chenxi are really too similar. not only in appearance, but also in character. compared to luo chenxin, chenxi was more like tangtang's biological mother! however, i always felt that there were no such coincidences in the world. i must have been overthinking it. who knew that it was actually true! i thought i was dreaming!"

mu weiwei's face was filled with surprise as well. her eyes widened. "really? really?" "i knew it. how could luo chenxin give birth to such a cute daughter like tang tang?" indeed, sister-in-law's genes are better!"

even mu yunfeng, who had always only his wife in his eyes, took another look at mu yichen and nodded approvingly. "you've finally not disappointed me, boy. you have good taste. "

boxn ov el. c o m

back then, when mu yunfeng found out that mu yichen was fooling around with a woman like luo chenxin, he gave his eldest son a good scolding. he was extremely disappointed in him.

the truth had proven that there was nothing wrong with mu yichen's taste. he knew what kind of woman was better even when he was drunk.

"you ... you guys ... don't blame me?" luo chenxi was still in a daze. she could not quite come to her senses.

she had heard a lot of negative comments about luo chenxin from the mu family during this period. she did not expect that the mu family would be so happy when she was the one doing the same thing.

"blame you? why should i blame you?" tan yueru frowned, her face full of confusion. "if you want to blame someone, blame my useless son!" he was usually quite smart, but why was he so stupid at the critical moment? you can't even tell which woman you've spent the night with?"

mu weiwei nodded her head repeatedly. "that's right, sister-in-law. you ... aren't you overthinking things? you're the victim! come to think of it, it's clearly big brother who has let you down! he actually left a pregnant you alone in France and got engaged to a slut. aiyo ... what a scumbag, i despise him!"

mu weiwei had always been oppressed by her elder brother. she finally caught mu yichen's weakness today, so she seized the opportunity to smear his name in front of luo chenxi.

"sister-in-law, we can't be soft-hearted to a scumbag like him. i suggest you leave the house with tang tang ... ouch! big brother, what are you doing?"

mu weiwei hugged luo chenxi's arm and gave her an idea excitedly. in the end, mu yichen grabbed her by the collar and flung her to the side before she could even finish her sentence.

"you shut up! did you do too little homework?"

Chapter 1284: i'm sorry, honey

mu yichen's face was as black as the bottom of a pot.

was she his biological sister? she was just causing him trouble!

he even incited his wife to run away from home with their daughter?

did mu weiwei think that he, as her elder brother, would not be able to do anything to her since she was about to go to country M?

mu weiwei was not afraid of him at all because she had luo chenxi's support. "i didn't say anything wrong. it's a fact that you've been unfaithful to her before you abandoned her! think about sister-in-law, she was expelled from school because she was pregnant with your child. she's all alone abroad ..."

mu weiwei's words reminded tan yueru of something. she furrowed her brows.

"that's right! daughter-in-law, you have really suffered! i heard that you almost lost your life because of raw candy. no wonder you're in such poor health! sigh, it's all because of my family's little brat's irresponsibility! if he had brought you home earlier and asked mom to take good care of you, you would definitely have been chubby and fair. how could this have happened? perhaps tang tang's younger brother and sister would be complete! i won't be without a mother forever ..."

the more tan yueru spoke, the more she despised her son. she couldn't help but glare at him.

mu yichen's heart felt stifled. "mother, i'm a victim too ..."

"what kind of victim are you? chenxi is such a good girl. she followed you at the age of eighteen and even gave you such a lovely daughter for free! what have you done to her? ah? you still have the face to say it!" tan yueru didn't let him finish and interrupted him ruthlessly.

mu yichen knew that he could not win an argument against the women at home. he could only purse his lips and remain silent.

boxn ov el. c o m

he knew it would be like this!

in this family, his status was really getting worse by the day!

but ...

he heaved a sigh of relief when he saw how protective his family was of luo chenxi. he looked at the petite woman by his side with a gentle gaze.

of course, he knew what this stupid woman was afraid of. however, he had to say it sooner or later. fortunately, his family didn't disappoint him.

tan yueru's heart ached terribly when she heard about luo chenxi's encounter. she grabbed luo chenxi's hand and asked about her well-being with all her might.

"good child, it's been hard on you. it's all because i didn't educate my son well. do you feel uncomfortable anywhere else? do you need a doctor to check it out?"

luo chenxi shook her head hastily. "there's no need for that, mother. that happened so many years ago. i'm very healthy now ..."

"that's good! yichen is not reliable. i'm sorry ..."

"that's right. big brother is not reliable. run away from home, sister-in-law!" mu weiwei interjected at the right time.

mu yichen's expression turned gloomy at once. he shot mu weiwei a warning look before he looked at luo chenxi.

luo chenxi noticed his domineering gaze. she could see a rare sense of nervousness and uneasiness in his eyes. she could not help but curl her lips into a smile.

"mom, dad, and wei wei, you don't have to be like this. i really don't feel wronged at all. i think i'm very lucky to have met yichen ..."

in the past four years, she had loathed the man from that night countless times. however, the pain disappeared the moment she learned that the man was mu yichen.

although that was not a good start, everything was good now, and that was enough.

upon hearing luo chenxi's answer, mu yichen's last trace of uneasiness faded away.

he stretched out his hand and wrapped it around luo chenxi's waist. his eyes were filled with an indulgent love. he leaned close to her ear and whispered, "honey, i'm sorry. also, thank you."

Chapter 1285: mu yichen, what kind of father are you?

however, young master mu's good mood only lasted a few minutes.

after dinner, luo chenxi went to the children's room and carried the little dumpling to the large bed in the master bedroom. she even expressed that she would accompany the little dumpling to sleep that night.

she directly cast aside the husband she had just confessed to.

"mu yichen, what kind of father are you? tang tang's illness just acted up today, what if she had a nightmare at night? of course i'm going to accompany her, stop it!"

luo chenxi refused him righteously and reached out to push away his naked chest that was approaching her.

having said that, she still secretly swallowed her saliva. she couldn't help but look down and secretly glance at the man's strong and perfect muscle lines.

this man really knew her weakness too well. he actually took off his clothes to seduce her ... it was simply against the rules!

"stupid woman, you're drooling ..." mu yichen chuckled softly.

“no, i didn’t!” luochenxi closed her eyes in a hurry to reject the temptation.

however, in the next second, her wrist was grabbed by the man and pressed against his chest. “aren’t you going to touch it?” your favorite ...”

luochenxi’s heart wavered even more when she felt the soft, elastic touch on her palm.

“stupid woman ...”

boxn ov el. c o m

mu yichen’s eyes flickered slightly. he was about to make another effort to drag his wife back to the room.

but at this moment, he was kicked in the stomach. he was caught off guard and almost screamed out in pain, “i’ll go!”

luochenxi opened her eyes in a hurry and saw the little dumpling sleeping by her side had retracted her tiny feet. her soft and cuddly little body was even rubbing against her side as she hugged one of her arms.

he rubbed his toot little face against her shoulder and mumbled, “daddy is so noisy, daddy go away!”

“you ...!” mu yichen was exasperated.

luochenxi shuddered. she quickly hugged the little dumpling. “tang tang fell asleep and accidentally kicked you. you’re not allowed to bully her!”

mu yichen’s face darkened on the spot.

which eye of this stupid woman saw him bullying his daughter? he was the one being bullied!

if it wasn’t for the fact that the little dumpling’s eyes were closed and her breathing was regular, he would have thought that she was here to ruin her father’s plans on purpose!

luochenxi glared at him. “hurry up and leave. don’t disturb my daughter’s sleep.”

just like that, young master mu was ruthlessly kicked out of the house by his wife.

he had used all his skills, but he still couldn’t escape the fate of sleeping in the study.

.....

luochenxi did not sleep well the entire night. she was constantly worried that the little dumpling would be woken up by a nightmare.

however, a night passed and nothing happened.

not only did the little furball sleep very soundly at night, but when it woke up in the morning, it was back to its usual cheeky self.

she had completely forgotten about the shock she had received yesterday, as if she had been hypnotized.

fortunately, dr. hu had already explained to luo chenxi that this was a form of the little dumpling's psychological self-protection mechanism so she did not need to worry.

luo chenxi had just acknowledged her daughter. even though she could not hear her calling her mother, she was still extremely excited. she stuck to the little dumpling the entire day, accompanied her to draw, build blocks, and feed the little dog.

young master mu was completely ignored. he felt extremely stifled, and he had to bear the disdainful gazes of the mu family's two elders and mu weiwei.

he deeply regretted his decision to bring luo chenxi home. it was better when he was in country F!

it seemed that he had to quickly arrange the wedding.

after the wedding, they could go on their honeymoon openly.

Chapter 1286: a new life of freedom

another day passed.

early in the morning, everyone in the mu family set off together and headed to T city international airport.

even mu yiling, who lived alone outside, had rushed over.

it was an important day for mu weiwei to set off for M nation.

although she had traveled all over the world with the mu family since she was young, this was her first time living abroad alone. in addition, she was usually rebellious, so the whole family was worried about her.

tan yueru had wanted to send her to the school in country M to register herself, but mu weiwei firmly refused.

"mom, i'm already 18 years old, an adult! if mom is still with me when i go to report, i will be laughed at by others! no, no, no!"

at first, tan yueru had been determined to follow them, which gave mu weiwei a headache.

but later, for some reason, tan yueru agreed to let her report to the school alone.

mu weiwei heaved a long sigh of relief. she could already feel that her new life of freedom was calling out to her!

after arriving in country M, she could do whatever she wanted without her parents nagging her and without her brother's supervision!

most importantly, he was a hundred thousand miles away from a certain sinister and cunning old fox. he would probably never meet him again in his life! it was too awesome!

boxn ov el. c o m

the only regret was that he could not see his sister-in-law.

at the thought of this, mu weiwei pulled luo chenxi's arm. she moved closer to her and said softly, "sister-in-law, you must come to M country to see me when you're free! if it's possible, can you dress up as brother hilo to visit me? i think i'll definitely miss my prince charming in country M. besides, if such a handsome man were to come and visit me, i'd definitely be very proud ..."

luo chenxi could not help but laugh. "well ... i'll try my best. your big brother is so clingy, i might not have the chance to go over."

mu weiwei pursed her lips. "sister-in-law, why are you so afraid of eldest brother? i heard that you're already preparing for a flagship store for your personal brand. you can open your store in the United States! otherwise, i could have run away from home with tang tang ..."

"mu weiwei! what nonsense are you talking about?" mu yichen's cold and deep voice was heard.

mu weiwei stuck out her tongue and shrank behind luo chenxi.

luo chenxi glared at mu yichen. "weiwei's about to leave, yet you're still so fierce to her!"

"that's right, that's right!"

mu weiwei's face was full of smiles as she looked at mu yichen's deflated expression.

it's good to have sister-in-law's support!

mu weiwei chatted with luo chenxi for a while before she suddenly felt that something was amiss.

"that's weird. we arrived at the airport early in the morning and have been waiting for more than an hour. could there be a problem?"

she took the mu family's private plane, which was not a fixed flight. usually, she could leave as soon as she arrived at the airport.

tan yueru glanced at her. "you're already a college student, but you're still sticking to your sister-in-law all day. you're not mature at all. how can i be at ease?" i've found someone to go to country M with you to help you arrange for your registration. you must be obedient when you get there, okay?"

mu weiwei was stunned for a moment. "what? mom, who did you find? no need, i can do it myself ..."

before she could finish her sentence, she saw a limited edition sports car driving over from the other side of the airport.

the car's body glowed with a luxurious light, and one could tell at a glance that the owner of the car was either rich or noble.

the car stopped in front of mu weiwei.

she had a bad feeling.

this sports car ... why did it look so familiar? f * ck, it can't be!

the next second, the staff opened the back door, and a tall figure came out of the car.

mu weiwei's pupils suddenly widened.

Chapter 1287: i'm just too ... too happy to see brother fu

fu linchen was wearing a well-cut black trench coat. his handsome face was as perfect as a masterpiece from the heavens. his lips were slightly curved, and he had the elegant demeanor of a rich man.

"y-y-you ... you ..."

mu weiwei jumped up like a frightened little kitten and pointed at the man before her.

because he was too shocked, he couldn't even say a complete sentence.

she was just feeling lucky that she wouldn't see fu linchen again after she went to country M, but she didn't expect to be slapped in the face in just a few minutes!

this annoying man had actually appeared at the airport!

fu linchen looked down at her and gently nodded. "miss mu, long time no see."

it was as if mu weiwei's pressure points had been struck. she finally found her voice. she could not help but cry out, "fu linchen, what are you doing here?"

before fu linchen could reply, tan yueru's unhappy voice was heard from behind mu weiwei.

"wei wei, what are you saying? what did mom teach you? how could the young lady of the mu family not know any manners? not only was he pointing at others, but he was also shouting and shouting. he was simply a joke! you can't even treat ordinary people like this. lin chen is still considered your brother!"

what f * cking brother!

she clearly had no blood relationship with this old fox, so why was she acting like an older brother?

boxn ov el. c o m

mu weiwei almost blurted it out. however, when she met tan yueru's gaze, she could only shut her mouth unwillingly.

endure ... she must endure ...

fu linchen was probably also on the plane today, and the two families just happened to bump into each other.

as long as she got on the plane, she would be clean!

she was about to fly to country M and regain her freedom. she must not make her mother angry at this time.

at the thought of this, mu weiwei forced a smile. "i'm sorry, mother. i was just ... i was just too ... too happy to see big brother fu ... i was just too excited ..."

fu linchen looked at her gritting her teeth from a close distance and the smile on his face deepened.

this kitten was still as angry as before. it was so energetic and nervous at every turn.

“i didn’t expect you to be so happy to see me. i’m really flattered.” he said with a smile.

mu weiwei really wished that she could slap the man in front of her and send him flying.

which eye of his saw her “happy”?

don’t you understand the irony of others?

however, fu linchen still maintained a calm smile when he saw her eyes that were almost spitting fire. mu weiwei was so angry that she almost jumped again.

however, what made mu weiwei even more desperate was yet to come.

tan yueru did not know that there was an undercurrent between mu weiwei and fu linchen. when she heard mu weiwei’s words, she thought that she was overjoyed. she could not help but smile and nod.

“so that’s how it is. this child, no matter how happy you are, you can’t be like this. you still have to be polite, you know? however, i’m relieved to see that you two hit it off so well. i was worried that lin chen wouldn’t be able to control you, wild girl. now, when you’re in country M, you should listen to your brother fu more. if there’s anything you don’t understand, you can ask him ...”

at first, mu weiwei was only focused on glaring at fu linchen. after she heard what he said, she realized that something was wrong and snapped back to her senses.

“mom, you ... what did you mean by that? why do i have to ... listen to this old ... cough, cough, brother fu when i’m in country M? what does it have to do with him?”

Chapter 1288: do you like your brother fu that much?

tan yueru was stunned. don’t you know? you’re always so impatient. how can we be at ease if you go to country M alone? it just so happens that your brother fu has a class at HF university this semester, and he has to report to school these few days. wasn’t this too much of a coincidence? you two can go to country M together. with your brother fu taking care of you, mom can rest assured!”

“w-what? fu linchen wants to go to country m with me?”

mu weiwei’s face instantly turned green when she heard the bad news.

this was simply a bolt from the blue!

she didn’t expect things to turn out like this. fu linchen wasn’t just passing by, but ... he wanted to take the same flight as her!

not only that, but her mother also wanted fu linchen to take care of her ...

she didn’t want this old fox to take care of her!

however, tan yueru saw her reaction and misunderstood her again.

“look at you, child, why are you so happy? do you like your brother fu that much?”

i like ... like ... ” your head!

mu weiwei forced herself to hold back the curses that were on the tip of her tongue.

but before she could finish her sentence, fu linchen interrupted her, ” hehe, weiwei, if i didn’t know that you’re only eighteen years old, i would really misunderstand that you like me! ”

boxn ov el. c o m

“i ...”

mu weiwei had only spoken one word when she suddenly realized that she had said the wrong thing. she quickly shut her mouth.

tan yueru was looking at the two of them in surprise. she turned to mu yunfeng and said, ” “didn’t i tell you? these two kids hit it off ...”

mu weiwei saw that her mother was walking further and further away from the misunderstanding. she was so anxious that she could not help but stomp her feet. ” mom, when did you decide to ask fu linchen to come over? ” why didn’t you discuss it with me? i don’t know anything!”

tan yueru smiled and said, ’i’m just trying to give you a surprise. besides, i told your brother to contact fu linchen and let you know ...”

mu weiwei was stunned for a moment. she subconsciously turned around to look.

mu yichen was holding his wife in one arm and his daughter in the other. he was watching the show from the side.

sensing her gaze, he glanced over indifferently. ” oh, there were too many things at the company and i forgot. it’s nothing important anyway ...”

mu yiling was listening by the side. he laughed out loud. ” i say, weiwei, when did you offend big brother? ”

tan yueru could not understand mu weiwei’s thoughts at all. mu yiling had been the closest to his sister since they were young. how could he not know that this little girl actually hated fu linchen?

however, even mu yiling did not expect the two of them to almost spend the night at the hotel. he thought that mu weiwei hated being controlled by others.

mu yichen usually kept a tight rein on her at home. it was not easy for her to study abroad, yet she had to be stared at by an old-fashioned man who was almost the same age as her elder brother. no one could be happy about this.

mu weiwei gritted her teeth so hard that she almost crushed them.

she finally understood.

she must have been trying to persuade her sister-in-law to run away from home for the past two days and offended her brother. this was definitely naked revenge!

however, it was impossible to get rid of fu linchen in china now.

he could only wait until he reached country M to think of a way.

when the time came, she would let this old fox understand that she, the great miss mu, was not to be trifled with!

fu linchen's gaze was fixed on mu weiwei's petite face, and he took in all the changes in her expression.

to tell the truth, he had never seen such an expressive little girl before. it was as if all her thoughts were written on her face without her knowing.

Chapter 1289: his stupid woman wouldn't have a change of heart just because he was handsome, would she?

seeing her angry look, it made people want to tease her even more.

however, it was not the time yet. if he were to really anger her and mu weiwei turned hostile on the spot, it would be meaningless.

in any case, this little girl could only listen to him when they reached country M.

the two of them each had their own plans, and they even formed a rare tacit understanding, smiling at each other.

"young master fu, i'll leave weiwei to you. she's more lively and has never suffered before, so it's inevitable that there will be times when she doesn't understand the ways of the world. if she offends you in any way, please forgive her. if wei wei doesn't listen to you, just call me, i'll talk to her. "

luo chenxi's sweet voice was heard. fu linchen finally shifted his gaze away and walked toward luo chenxi.

" chenxi. " he looked luo chenxi up and down for a while before he cracked into a smile. " didn't i tell you earlier that you can just call me brother fu? why are you calling me master? you're treating me like an outsider. "

luo chenxi stuck out her tongue. " it was a slip of the tongue. it was just a slip of the tongue just now! brother fu, i haven't seen you for a long time."

compared to mu weiwei's hypocrisy, luo chenxi's joy at seeing fu linchen was genuine.

she didn't know why, but she had a good impression of this young master fu. she felt that he was very reliable and made her want to get close to him.

fu linchen nodded, his eyes filled with a gentle smile. " it's been a while indeed. when i attended a banquet a few days ago, i thought about what you said last time, that you would design a suit for me ... "

" there's been too many things to do recently, so i didn't have the time to do it ... " "but brother fu, don't worry, i'll always remember ... eh?"

before luo chenxi could finish her sentence, she suddenly felt a tight grip on her waist. someone held her slender waist and pulled her back.

” when did the son of the president’s house not have the money to order a suit? ”

mu yichen held the petite woman in his arms tightly. he pursed his lips slightly and looked at young master fu opposite him with an unfriendly gaze. the alarm in his heart went off.

his stupid woman was actually so close to fu linchen and kept staring at him. this was very rare!

he had not forgotten that luo chenxi was a person who was obsessed with her looks.

he was able to marry his wife mainly because of his face.

as for fu linchen ... she had to admit that the fu family’s eldest son was also a famous handsome man in china. he had always been known for his good looks.

however, fu linchen spent most of his time abroad. even when he returned to the country, he rarely appeared in public. that was why his reputation was not as well-known as mu yichen’s.

his stupid woman wouldn’t have a change of heart just because he was handsome, would she?

luo chenxi was stunned for a moment upon hearing her husband’s impolite words. she frowned soon after. she turned around and glared at him. ” mu yichen, what are you saying? how could young master fu be short of money? the fact that he’s willing to wear the clothes i made is already the greatest support for me. ”

this was actually very objective.

with fu linchen’s status, as long as he wore the clothes designed by luo chenxi on formal occasions, it would be enough to make luo chenxi’s personal brand into a top-tier brand in china.

however, mu yichen was displeased by her words.

“you’re the young madam of the mu family. can’t your husband afford to support you? and you’re willing to make clothes for other men for free?”

“you ...”

just as the two of them were about to start quarreling, a young and tender voice suddenly rang out, ”uncle fu, tangtang missed you so much. kiss

hearing the little dumpling’s childish voice, the parents who were arguing just now were stunned.

the two of them turned around at the same time and saw the little dumpling in tan yueru’s arms pouting as she approached fu linchen and gave him a kiss on the face.

after kissing her, she stretched out her chubby hands and motioned for fu linchen to carry her.

“uncle fu, hug ~”

mu yichen's expression changed in an instant. he could not be bothered to argue with luo chenxi about the suit anymore. he dashed toward fu linchen like an arrow and hugged the little dumpling to snatch her back.

however, the little dumpling was still restless in her father's arms. she kicked her short legs and started to struggle.

"daddi, put me down! tang tang had not seen uncle fu in a long time! uncle fu, you look so good!"

good looking, my ass!

at such a young age, he was already so obsessed with looks!

both the adult and the child at home really did not let him be free of worry!

mu yichen was extremely depressed. he hugged the little dumpling tightly and refused to let her step forward. at the same time, he looked at the captain and the air stewardess who were waiting by the side with a dark expression.

"what are you all waiting for? they were supposed to take off at nine, but it was already past ten! still in a daze? what did i hire you for?"

the flight crew members were shot for no reason, but they did not dare to refute. they could only step forward and urge mu weiwei and the others to board the plane in a low voice.

mu weiwei did not walk toward the plane immediately. instead, she turned around to look at the two elders of the mu family, then at luo chenxi and her two elder brothers.

after all, she was only an 18-year-old young lady who had just come of age. although she said that she was finally free, she was still a little reluctant to leave home for a long time.

luo chenxi took the struggling little dumpling from mu yichen's arms. she raised her chubby little hand and waved at mu weiwei.

"say goodbye to your aunt."

"i'll see you again, auntie. when you come back, you have to bring strawberry pudding for tang tang!"

mu weiwei kissed the little dumpling."i will!" tang tang is the most obedient, you must miss your aunt!"

"okay ~ i miss auntie."

fu linchen smiled. " don't worry. i'll take good care of weiwei. " by the way, chenxi, your husband is so fierce to you. i really suspect that he's used to domestic violence. if he doesn't treat you well, you can give me a call. "i study law and have the qualifications to practice as a lawyer in more than 20 countries. i can give you the best legal assistance. i'll provide you a one-stop service for divorce, division of family property, and fighting for custody. i definitely won't let you suffer a single loss ..."

"my relationship with my wife is very good. i will never divorce her in this life! fu linchen, you can get lost now!"

mu yichen's face had already turned as black as the bottom of a pot.

if it wasn't for the two elders of the mu family and his sister-in-law watching, he would have sent fu linchen flying with a punch.

fu linchen waved at luo chenxi again before he walked unhurriedly in the direction of the private jet.

meanwhile, mu weiwei was already standing at the cabin door.

when she saw fu linchen approaching, she immediately looked at him with disdain. " fu linchen, i'm warning you! my sister-in-law is very close to my big brother. even their daughter is already so big. don't you dare have any ideas about my sister-in-law!"

fu linchen was stunned for a moment when he heard this, and then he smiled meaningfully.

"what's wrong? mu weiwei, are you jealous?"

mu weiwei's eyes widened. " i ... i'm not jealous! did water get into your brain? i can't stand seeing you being immoral and harboring unfathomable motives, sowing discord between my brother and sister-in-law!"
