

Sweetheart 1341

1341 chapter 1345-second meeting

“oh my god, oh my god, it’s actually this part of the plot! it’s my favorite plot in the entire book!”

“i can’t believe that we’re actually filming this scene today. it was the right decision to come today! i can actually see the filming with my own eyes. i feel like i can brag about it for the rest of my life!”

” although zhong xiuna has had plastic surgery, she’s really pretty. moreover, the movie king, chu juncheng, who plays the male lead, is also as good-looking as a male god ... oh, oh, oh, i’m sure she’ll be very, very pleasing to the eye! ”

secretary xiao’s words were cut off.

his eyes widened in shock.

fan yinghua smiled and looked at her. ” miss xiao, those who can get the visiting quota this time are all die-hard fans of the novel! don’t tell me you don’t know what this scene is about?”

secretary xiao’s expression was very unnatural.

she really didn’t know!

even though she had skimmed through the original novel after accepting the mission just to be safe, she had long determined from the bottom of her heart that this kind of novel was just for the fantasies of ignorant girls and had no value, so she did not read it carefully.

he wasn’t even clear about the general direction of the plot, let alone the number of times the male and female leads would meet.

she had just assumed that the first meeting was more important, but she didn’t expect that before she could finish her words, she would be slapped in the face by other fans!

boxn ov el. c o m

hearing fan yinghua’s words, the other fans also frowned and looked at secretary xiao.

secretary xiao could only force himself to find an excuse to defend himself. ” i just ... just ... uh, i forgot. now that i think about it, this part is indeed ... it’s quite important, but it’s not my favorite part, so i don’t have a deep impression of it ...”

she vaguely explained, and the ordinary fans quickly threw this doubt to the back of their minds.

however, fan yinghua had already noticed that something was wrong and silently memorized her name and appearance.

on the surface, no one was paying attention to her.

secretary xiao quickly took out his mobile phone, opened the QQ reading app, and took the time to make up for the lessons, so as not to be exposed again later.

she was lucky just now. if she hadn't been interrupted by the others and had been allowed to speak a few more words, she would definitely have been exposed!

secretary xiao found the original novel of "gorgeous turn" and quickly read it again. only then did he understand why the other fans were so excited.

this part of the plot was indeed very important in the book.

the female lead of "gorgeous turn", huò daining, was a new editor of a well-known fashion magazine in the industry. although she looked good and had a good temperament, she had just graduated from school, so her clothes were a little rustic. she was a little out of place in the fashion circle.

as for the male lead, xī tiānze, he was born into a rich family and was a young master with a golden spoon in his mouth. he entered the fashion industry by chance and became the world's number one supermodel.

the first time the two of them met was when huò daining, as the assistant of a senior editor, went to a six-star hotel to interview xī tiānze. in the end, because she was dressed too plainly, xī tiānze treated her as a maid. he even complained about her clumsy cleaning and wanted to complain to the hotel manager.

huò daining started quarreling with him on the spot, and the two of them became enemies.

later, when she returned to the company, huò daining was severely criticized by her boss, and she learned from it.

1342 how could such a dress exist in this world?

she immediately decided to do a grand transformation, change her image, and adapt to the culture of the fashion industry.

a month later, at an award ceremony dinner for fashion week, huò daining and xī tiānze met again.

however, this time, xī tiānze was so smitten by the well-dressed huò daining that he did not even recognize her as the maid he had despised a month ago.

seeing xī tiānze's reaction, huò daining decided to take revenge by toying with him. so, she took the initiative to flirt with him. when the other party was at a loss, she suddenly left him and disappeared mysteriously ...

this scene was the climax of the first half of the novel "gorgeous turn". it was very exciting and at the same time, it tested the acting skills of the two main characters, especially the female lead.

not only did she have to show the transformation of the female lead from a maid to a goddess, but she also had to be able to seduce the cold and heartless male god.

moreover, huò daining was a fresh graduate who had just entered the workforce. he had to take into account her pure and nervous side while displaying her charm.

if one didn't have a deep understanding of this character, it would be difficult to perform perfectly.

apart from the male and female leads, this part of the plot was also very difficult for fashion designers.

because the two of them had only met each other twice in a short month, the female lead's personality would not change much. the male lead fell in love with her at first sight mainly because of the difference in clothing and style.

if the costumes weren't stunning enough, the plot would be very awkward and illogical. no matter how good the acting skills of the male and female leads were, they couldn't overcome this.

boxn ov el. c o m

what's more, in order to express this plot, the author of the original work had a lot of unrealistic and exaggerated descriptions of the dress that the female lead wore at that time.

"... the lights in the venue suddenly dimmed. in the darkness of the night, only huo daining's dress glowed. or rather, it was the girl in front of him who was glowing. everything seemed to be a dream. " the girl wrapped in a long dress outlined her slender figure. her eyes were brighter than the stars. at that moment, xi tianze seemed to have seen the legendary fairy ... "

"can this scene really be shown on the big screen? this is too difficult!"

a certain fan's mumbling immediately resonated with everyone.

"that's right, how could there be such a dress in this world? it was impossible to produce such an effect, right? that's why i've always been against making such a godly piece of work into a movie. movies don't have the expressiveness of words, and it will ruin the perfect image of the novel in my heart."

"this ... it doesn't mean that i can't show it, right? if there are no special effects now, you can just add them later."

"special effects are special effects, but they're completely different! besides, what's the point of turning a fashion film into a sci-fi film?"

the fans 'opinions were obviously different, and they almost started arguing.

it was not until the bus stopped and fan yinghua called everyone to get off that they quieted down.

secretary xiao listened to their argument and had an idea.

.....

the fans entered the filming set and had just sat down in their designated seats when they suddenly stood up and screamed excitedly.

1343 the gentle movie king

"film emperor chu, it's film emperor chu! ah, ah, ah, he's as handsome as the legends say!"

"is he wearing his costume? oh my god, this outfit suits him too well! he was simply born for this role!"

chu juncheng was different from zhong xiuna, who was accepted by the crew under pressure. he was the male lead chosen by all the fans.

even the author of the original work had publicly admitted that the male protagonist of his novel, xi tianze, was written in chu jun's original form.

therefore, chu juncheng's popularity among his fans was amazing. even though the entire crew was scolded like dogs, no one scolded him.

chu juncheng smiled and nodded at his fans, which immediately caused another round of screams.

he had a good temper. even if his fans surrounded him and asked for his autograph and photo, he didn't show any impatience.

because they saw their idol, the girls were all excited. they even forgot that they were here to "supervise" the production team and were busy asking for autographs.

secretary xiao was the only one who remained seated.

half an hour later, she received a text from fu jiatong. she stood up from her seat and walked to fan yinghua, asking loudly, "president fan, we've been waiting here for so long. when will we start filming? you didn't ask us to come here just to take a photo with film emperor chu, did you?"

her voice was very loud, and she finally pulled the attention of the other fans back, and they remembered the purpose of their visit.

boxn ov el. c o m

faced with the doubtful eyes of her fans, fan yinghua was a little anxious and desperately tried to signal yan heng with her eyes.

yan heng coughed twice. "this ... ladies, please wait patiently for a moment. zhong xiuna is getting her style done in the dressing room. we will start shooting when she is ready."

he also had unspeakable suffering.

according to the agreement, the shooting should have started ten minutes ago. however, zhong xiuna had not come out after entering the dressing room.

yan heng found an assistant and asked him to rush her in the dressing room.

however, after the assistant left, everyone stared at each other. they waited for another ten minutes, but zhong xiuna still didn't appear.

seeing that the fans were getting more and more impatient, yan heng didn't know how to explain, but chu juncheng stood up at the right time.

"everyone, please calm down. today's scene is especially important. i heard that in order to prepare the costumes and props for today, the crew has been working through the night for several days. please give them more time."

the movie king and male god's gentle words successfully appeased the fans.

yan heng secretly heaved a sigh of relief. he was very glad that they had spent a lot of money to hire chu juncheng to play the male lead.

the crew was already in a mess. if the male lead still acted like a big shot, then the movie couldn't be filmed.

fortunately, chu juncheng was good-looking and had good acting skills. not only was he dedicated to his work, but he also had a high eq. he had no other problems except for the high price.

however, even after waiting for another ten minutes, zhong xiuna still didn't appear.

this time, even chu juncheng's face didn't work, and the fans became restless.

"what's going on? where did zhong xiuna go?"

"are we still going to make the movie or not? you didn't call us over to find an excuse to fool us, did you?"

"i'm using the app to do a live broadcast! with so many netizens watching, if the production team dares to play us, who will believe their nonsense in the future?"

1344 miss xingchen was the one who was in trouble

yan heng was already about to die from anger.

the production team had already warned zhong xiuna sternly when she had randomly posted the photos. she had also said that she would do her best in filming in the future. she would never say anything when she shouldn't.

yan heng thought she had learned her lesson, but considering that she had the president's house behind her, he let it go.

could it be that zhong xiuna wanted to stop acting at such a critical time today?

just as he was in a dilemma, the assistant he had just sent to find someone ran out in a hurry.

"how is it? where was zhong xiuna? are you ready?"

the assistant's face flashed with obvious panic. looking at the group of fans behind yan heng, he looked like he wanted to say something, but he hesitated.

"director yan, this ... this ... there's been a little accident with miss zhong ... maybe ... it'll take a little more time ..."

upon hearing this, the fans started protesting even more loudly.

"what's going on? it's almost lunchtime, are we still going to film or not?"

"is this how the crew usually shoot? one moment, there's a problem here, and the next moment, there's a problem there. you're so slow!"

boxn ov el. c o m

"do you still need to say that? how could he be like this usually? he must be just brushing us off on purpose!"

secretary xiao took the opportunity to interject, "since you said there was an accident, what kind of accident is it? just tell us directly for everyone to hear." that's right, didn't director yan just say that

zhong xiuna was getting her hair done in the dressing room? could it be ... that there was a problem with her clothes again? is luo chenxi really capable as the fashion director?"

when he heard that someone was doubting luo chenxi, director yan instinctively clarified, " that's impossible, miss xiao. please don't misunderstand. there's absolutely no problem with the costumes. something must have happened to the others ..."

"what other accidents could happen to the others? after wasting so much time, he didn't even have an explanation? i suggest that we go directly to the dressing room and see what zhong xiuna is doing!"

under secretary xiao's encouragement, the fans started to protest.

seeing that the situation was out of control, yan heng gritted his teeth. " alright, since you're so insistent ... i'll take you to the dressing room! "

since zhong xiuna didn't give him any face and dared to drag the production team down at this time, yan heng didn't intend to give her any face.

he might as well let the fans see how unprofessional zhong xiuna was!

after this matter was exposed to the entire country, he could fire her. he had had enough of zhong xiuna.

with such a mentality, yan heng led the fans straight to the dressing room.

the assistant was so anxious that his forehead was covered in sweat, and he tried his best to signal yan heng with his eyes. he stared so hard that his eyes were about to cramp, but yan heng ignored him.

seeing everyone rush into the dressing room, the assistant almost fainted from shock.

finished, it's all over!

the one who was in trouble today wasn't zhong xiuna, but ... it was miss xingchen!

however, it was too late to say anything.

.....

"you trash, you can't even do such a simple thing, what do i need you for? are the people in the costume team all useless?"

yan heng and the others walked into the dressing room. the first thing they saw was zhong xiuna, who was standing in the middle of the room.

her face was livid, and she was scolding the assistant designer of the fashion team beside her.

on her body, she did not change into the costume designated by the production team. instead, she was still wearing the clothes that she had brought. looking at her hair and makeup, she was not done.

seeing this, yan heng's face immediately sank.

1345 how could she act in such clothes?

“zhong xiuna! what are you doing here? the entire crew has been waiting for you for almost an hour, and you haven’t even changed your clothes? and you still dare to make a fuss here! even if you want to act like a big shot, you can’t do it like this. even film emperor chu is so dedicated to his work!”

yan heng rebuked her without any restraint.

however, zhong xiuna didn’t feel guilty at all. she even retorted with confidence.

“director yan, can you blame me for this? if you want to blame someone, you should blame our fashion director, luo chenxi! look at the clothes she’s designed, they look so ugly! if this wasn’t a joke, then what was? for such an important scene, the female lead, huo daining, should have shocked everyone with her beauty. but in the end, she went out in such a shabby dress! what would it look like?”

zhong xiuna turned around and pointed at a dress hanging on the fake model’s body. her face was livid.

the crowd looked toward the direction of the voice and subconsciously frowned.

the lines of this gown were smooth, and the cutting was outstanding. the light gray satin texture looked full of a sense of high class and very elegant. as a gown, it was quite outstanding.

however, everyone present was a hardcore fan who had read the original work hundreds of times. the first thing that came to their minds was that the color of the gown was too dark!

this was completely different from the dream-like evening gown described in the original work!

zhong xiuna was still adding oil to the fire as she said, “everyone, don’t think that this dress looks good when it’s hanging, it’s not the same when you wear it. i even took a photo when i tried it on just now. everyone, take a look and be the judge! how could she act in such clothes? can you blame me for this?”

when the fans heard this, they gathered around. after admiring a few photos on the tablet, they frowned even more.

boxn ov el. c o m

the cut of this dress was not bad, but the upper body effect was really too poor!

zhong xiuna’s waist and arms were thick in the photo. even her belly was clearly visible.

although zhong xiuna’s acting skills had been questioned, she was known for her devilish figure!

to be able to make her look like a fat woman, the design was not just bad.

just as everyone was looking at each other, another cold voice rang out.

“zhong xiuna, you still have the face to start a rumor here! this gown doesn’t fit you. others don’t know why, but don’t you know it yourself? it’s only been a week since you joined the crew. how much weight have you gained? do you dare to tell us?”

this voice was really pleasant to the ears, and everyone subconsciously turned their heads.

luo chenxi had a cold and solemn expression on her face as she strode into the room from the side door.

behind her was sheng yu, who was equally expressionless.

seeing the two of them appear at the same time, the fans were stunned for a moment, and their train of thought was a little off.

the only thought that came to her mind was, 'luo chenxi and sheng yu are as good-looking as the rumors say. the photos on the internet are not photoshopped!' moreover, when the two of them stood together, they really did look like a good match. it was really not everyone's fault for overthinking things like a master-disciple pairing ...

zhong xiuna's expression changed slightly when she saw luo chenxi. a sense of guilt flashed past her eyes.

however, she soon raised her head again when she was faced with so many fans. she sneered, " luo chenxi, stop trying to push the blame away. it's obvious that the style of the clothes you designed isn't good. that's why they don't fit me. why do you have to say that i've gained weight? " i had my height and weight measured when i joined the crew. it's not like you don't know the data!"

1346 the punishment of sleeping in the study room is three months!

zhong xiuna's face was filled with humiliation, and her voice began to tremble.

"or ... are you trying to say that i've gained so much weight in just a few days? who do you think will believe you? in order to play the role of huo daining well, i've been on a diet ever since i took on this film. i've also been working out in the gym every day to maintain a good figure. don't you feel guilty for slandering me like this?"

luo chenxi curled her lips into a cold smile. " indeed, i didn't expect you to be so cruel to yourself just to drive me out of the production team! "

zhong xiuna and fu jiatong's vicious tactics were indeed unexpected.

zhong xiuna had actually gained a few pounds in just a few days. even her waist had grown five centimeters thicker. this was the real reason why the dress didn't fit her!

for female celebrities, their figure was one of the most important assets. in order to maintain their figure, many female celebrities only ate a little bit every day, and even tried to vomit it out after eating.

zhong xiuna didn't have a body that lost weight easily. she had spent a lot of energy trying to lose weight in the past. now that she had gained so much weight, it wouldn't be easy for her to lose weight in the future.

if he really couldn't slim down anymore, he might face the dilemma of not being able to get any shows or advertisements.

however, she still did it without hesitation!

what kind of enmity was this?

luo chenxi felt that she was extremely innocent. it was all mu yichen's fault for being too good at attracting bees and butterflies! the punishment of sleeping in the study was three months!

boxn ov el. c o m

yan heng finally understood what he meant. he walked over and asked with a frown, "you two ... what's going on? who can explain it to me?"

"director yan, you've seen the photo just now. what else could it be?" zhong xiuna quickly spoke up. it's just that our director luo made a mistake again, and the clothes he designed won't be able to appear on camera! in this situation ... it seems that we can only temporarily stop filming, or film emperor chu's scenes alone."

upon hearing that, luo chenxi sneered and said, 'zhong xiuna, what do you mean by 'failed again'? when have i ever failed? let's take this opportunity to clear up what's going on with the photos you sent last time!"

zhong xiuna was afraid that the incident that happened the other day would be exposed on the spot and affect the plan for the day. she quickly interrupted her, "luo chenxi! don't try to change the topic. let's not talk about the past. i can't wear the clothes you designed today. isn't it your mistake?"

luo chenxi swept her a disdainful glance. she did not even bother to acknowledge her as she turned toward yan heng.

"director yan, you know the production process of this dress the best. because today's scene is very important, in order to ensure the quality of the shooting, i sent the design to you and president fan a month before the shooting began. the design was approved by you. during the production process, i've been keeping in touch with you all, right?"

yan heng's expression was serious as he nodded. "that's right, that's right! chenxi's dress is very unique and we all admire it. there won't be any problems!"

"director yan, i know you don't usually like me and think that my acting skills are terrible, but you can't lie with your eyes open! we've all seen how this dress is. you can't change the truth just by putting in a few good words for luo chenxi!"

zhong xiuna didn't even let them finish their words before she started shouting loudly.

1347 if you have a good figure, you look good in anything

yan heng was so angry that his face turned the color of a pig's liver.

as an internationally renowned director, he was usually very respected by people. he probably never thought that a small-time actress like zhong xiuna, who had no acting skills and no attitude, would dare to shout at him.

his blood pressure was rising. he was about to fly into a rage when he saw luo chenxi walking toward him. she smiled and shook her head at him.

"director yan, don't be angry. miss zhong is being irresponsible with her acting career. what does it have to do with you? what are you angry about? it's not worth it to damage your body because of this kind of person!"

yan heng frowned. "you're right, but ... "

luo chenxi gave him a comforting gaze before she turned to look at zhong xiuna. her expression remained calm.

“zhong xiuna, you said that you didn’t gain weight, but i said that you gained weight. even if we argue until tomorrow, we won’t be able to clear things up. why don’t we find a scale and see how heavy you are now, and compare it with your data when you joined the crew?”

if it was only one or two catties heavier, one might not be able to tell even if it was weighed.

however, luo chenxi could tell that zhong xiuna had gained at least five to six pounds by her visual estimation. it was still very obvious. it was only because she was wearing a loose sweater that it was not very obvious. otherwise, these fans would have been able to tell the difference with their naked eyes.

zhong xiuna’s expression changed slightly. she didn’t dare to weigh herself. once she weighed herself, her lie would be exposed.

however, she had anticipated such a question and was prepared for it. she quickly calmed down.

boxn ov el. c o m

“luo chenxi, do you take me for a pig? he even had to weigh himself in public! i’m a human, not an animal. i can’t accept such humiliation! besides, weren’t you the ones who had the final say on my stats when i joined the crew? if you guys mark me down a few pounds and then say that i’m fat, where am i supposed to go to reason?”

” what you’re saying ... makes sense ... ” luo chenxi appeared to be deep in thought.

zhong xiuna heaved a sigh of relief. she thought that luo chenxi was at her wit’s end and could only choose to give in because she could not win an argument against her. she was prepared to say a few more words to completely confirm luo chenxi’s ‘crime’.

unexpectedly, luo chenxi paused for a moment and suddenly said, ” ” it’s fine if you don’t want to get your weight measured, but i can’t take the blame for this. how about this, i’ll find a model who’s the same height as you and let the model try on this dress to see how it looks. ”

zhong xiuna did not expect luo chenxi to have such a trick up her sleeve. her expression changed immediately. ” w-what did you say? what model? we’re shooting a movie here, not ... not a runway show, why would we need to find a model?”

the corners of luo chenxi’s lips were curled upward. she said unhurriedly, ” “i’m looking for a model ... to prove my innocence. if you don’t look good in this dress, it’s either your fault or the dress’s fault. if the model doesn’t look good in this dress, then it’s indeed my fault. but if the model looks good in it and you look bad in it, then ... whose fault is it?”

zhong xiuna couldn’t hide the panic on her face when she heard such a straightforward explanation.

“luo chenxi, you ... what are you hinting at? you’re slandering me! i have a good figure, so i look good in anything. that’s something everyone acknowledges! i was first in the last poll for star weekly’s best-dressed female celebrity! if i don’t look good in clothes, the models will definitely look the same!”

1348 chief sheng would be happy to help me, wouldn’t he?

luo chenxi shrugged and said indifferently, " "since you're so confident, why did you stop me? don't tell me you're not feeling guilty?"

"i ... what am i guilty about?"

zhong xiuna realized that she had indeed been too excited. she quickly calmed down and changed her words, " "if you want to find a model, you'll only humiliate yourself. i don't care. however, this is a production team and we are still filming. where are you going to find a model now? how much time would it take to find a suitable candidate and have them rush over? if this continues, can we still film?"

luo chenxi smiled faintly. " director yan and president fan should be the most anxious ones to delay the filming. they're not in a hurry, so why are you in a hurry? " as for finding a model ... with chief sheng here, it won't take much effort. i think chief sheng would be happy to help me with this, right?"

sheng yu, who was standing behind her, did not say a word.

he only nodded when luo chenxi looked at him. he expressed his stance immediately, " "it just so happens that our company has a small fashion show, and it's held in a hotel ten minutes away from here. there are several models who meet xing chen's requirements, so i'll call them now and have them rush over! let's see who's the most suitable to wear this gown."

cold sweat broke out on zhong xiuna's forehead when she heard this. her face turned pale in an instant.

sheng yu had not said anything just now. she had forgotten that the godfather of the fashion industry was still here!

as long as he opened his mouth, no matter how high a model's net worth was, they would rush over immediately. it was just a matter of minutes to find someone to try on the dress!

this time, zhong xiuna was completely flustered.

"but ... but ..."

boxn ov el. c o m

she wanted to say something to stop luo chenxi and sheng yu, but she could not find a suitable reason.

seeing that sheng yu had already picked up his phone and walked to the side to make a call, she almost couldn't hold it in and cried out.

fortunately, at this moment, a series of footsteps could be heard, and fu jiatong walked in.

when yan heng saw her, he frowned. " miss fu, why are you here? "

he was worried that fu jiatong would cause trouble today, so he had already thought of a reason to transfer fu jiatong to the props team to help out. he did not expect fu jiatong to appear here again.

the current situation was already chaotic enough!

fu jiatong looked calm and nodded at yan heng. " director yan, i heard a dispute outside just now. they said that there's something wrong with xiuna's dress, so they might not be able to shoot today. i was too shocked, so i couldn't help but come to take a look. i hope i didn't disturb everyone. "

yan heng frowned. he was about to say something, but zhong xiuna seemed to have seen her savior. she rushed over and held fu jiatong's hand.

"jiatong, you're finally here! you're a world-renowned designer. you're the judge here. luo chenxi has made a gown like this. is it because her craftsmanship is too poor or is it because my figure is not good enough?"

she pointed at the photo on the tablet, her face full of anger.

fu jiatong secretly exchanged a look with her, then lowered her head to look at the photo, pretending to be in a difficult position.

"this dress ... ahem, the upper body looks a little bad, but it's hard to tell what the problem is just by looking at the photos ... "

zhong xiuna was so anxious that she stomped her feet. " jiatong, you're still embarrassed to tell the truth at a time like this! today was the public visit day, and there were even photographers following them to film the live broadcast! if you don't tell me the truth, do you really want the entire production team to take the blame for that fake luo chenxi?"

1349 miss fu, how can you be so kind!

fu jiatong bit her lip, her face full of embarrassment, as if she was experiencing a painful struggle in her heart.

after a long time, he sighed deeply. " sigh, since that's the case ... then ... then i'll tell you the truth ... "

yan heng still wanted to stop her, but secretary xiao, who was mixed in with the crowd of fans, had already received fu jiatong's hint and immediately shouted, " miss fu, if you have anything to say, just say it! we're here today to know the truth! if anyone takes us as fools, we will never let them go!"

"yes, we want to know the truth!"

" i remember now! fu jiatong had also competed for the position of design director. she's much more famous overseas than luo chenxi, so it's unbelievable that she failed to be selected! "

"that's right. with an assistant like fu jiatong, luo chenxi wouldn't have come up with such a rubbish design even if she's not capable enough, would she? there's definitely a conspiracy behind this!"

with secretary xiao's help, the fans were gradually incited again.

fu jiatong almost laughed out loud when she saw the angry crowd.

it was really not in vain that she had put in so much effort to arrange everything properly.

she was certain that luo chenxi would never be able to rise again after today. the position of the design director would be hers, fu jiatong's!

she tried hard to hold back her laughter and continued to say with a sad face, " "this gown ... there are indeed some flaws in its design. however, the production time given by the production team is extremely short. everyone can't imagine the intensity of our work in the production team at all. as the

design director, Luo Chenxi is in charge of all the costumes for the male and female lead. It's normal for her to make a small mistake. We shouldn't be so harsh on her. "

boxnovel.com

The fans did not expect that Fu Jiatong would not criticize Luo Chenxi, but would even absolve her of her crimes. They were deeply touched by her actions.

"Oh my god, Miss Fu, how can you be so kind!"

"You're really considerate of others. Even if the position of the design director has been snatched away, you're still working hard. Others might not be as kind as you!"

They did not realize that there was a hidden meaning in Fu Jiayu's words.

She avoided the fans' doubts in a straightforward manner. In reality, she could not point out any problems with Luo Chenxi's design at all!

On the contrary, he had used a series of seemingly understanding words to confirm Luo Chenxi's crime of 'making a mistake'.

Luo Chenxi was so angry that she almost laughed upon hearing her words.

She couldn't help but clap her hands. "Miss Fu, you're so understanding. I'm almost in awe of you."

Fu Jiatong did not seem to understand her sarcasm. "Ms. Luo, you don't have to feel guilty," she said, still in a good mood. "Everyone in the crew has worked hard. Neither you nor Xiuna did anything wrong! Now that an accident had occurred and the filming was delayed, no one wanted to see this. So, the most important thing now is to find a way to solve this problem and quickly resume filming. We can't let our fans and friends come all the way here for nothing!"

Fu Jiatong's words received a wave of praise from her fans.

Luo Chenxi was a little confused. She raised her eyebrows. "So, do you have any way to resume filming as soon as possible?"

Could it be ... what she was thinking?

Then Fu Jiatong was really looking for death!

1350 This is true love!

Fu Jiatong looked like she wanted to say something, but hesitated for a while before she said, "Actually, my ... my plan is very simple ... since the gown that Miss Xingchen prepared can't be used, then ... then we'll change to another gown. If it's suitable, then we can start shooting immediately, right?"

Yan Heng had thought that Fu Jiatong had some good idea, so he didn't stop her and listened carefully.

In the end, when he heard this, he was immediately disappointed.

"Your ... your method, wouldn't it be useless to say it? Change into a gown? Where to? This isn't an ordinary banquet, but the dress that our crew is going to wear for filming! Where could he find an exquisite gown that matched the description of the original work? An ordinary designer would not be

able to design it! even if there's such a style, it would have to be customized according to zhong xiuna's figure. how many days would it take?"

although the others didn't say it as directly as yan heng, they all showed a disappointed look.

seeing this, fu jiatong stammered, "um ... director yan, actually, things aren't that complicated. i ..."

yan heng saw that she was so conflicted and couldn't help but urge her, "what solution do you have? just say it!"

fu jiatong took a deep breath and said, "actually, i've designed a dress for xiuna. it '@@ s ... it's designed according to the plot of 'gorgeous turn'. why don't we let xiuna try it on? if she can use it, at least she can get through this plot first ..."

yan heng looked at her in shock, "what ... what did you say? you also made a gown for zhong xiuna? but ... this isn't your job. when did you make these clothes?"

fu jiatong lowered her head. "sigh, it's a little embarrassing to say this. "i've always liked the novel" gorgeous turn." i've tried to design clothes for the scenes in the novel at home and made a lot of finished products. although i didn't get selected during the interview and most of these clothes won't be useful anymore, i still couldn't help but bring them from home ..."

her words, coupled with her pretentious act just now, finally achieved the best effect.

boxn ov el. c o m

whether it was the fans present or the fans who were watching the live broadcast online, they were all touched by fu jiatong.

there were even some who secretly wiped away their tears.

what was this?

this was true love!

he truly loved this novel, which was why he had designed so many clothes despite knowing that he had failed to get selected!

everyone was sighing, why wasn't the design director chosen by fu jiatong?

only a true love fan like her was worthy of the position of the design director, not luo chenxi who had stirred up a pile of negative news as soon as the filming began!

luo chenxi finally understood what fu jiatong's goal was after she heard that. she had planned so much.

in the beginning, she had been very puzzled. zhong xiuna had put on a lot of weight, causing her to be unable to shoot today's scene. although this was a very cheap trick, it would be exposed once she was exposed. other than disgusting herself, it would not do fu jiatong any good.

from the looks of it now, what they had done earlier was just an appetizer. their ultimate goal was still to show off fu jiatong's designs in front of countless netizens and make everyone think that fu jiatong was more worthy of the director's position than luo chenxi.
