

Sweetheart 1371

1371 a man and a woman alone, there must be something fishy

the lights in the hotel corridor were dim, and the photos were a little blurry, but they could still tell who they were from their clothes.

of course, even if the two of them were very close, the action of supporting each other didn't mean anything, let alone prove that there was something going on between the two.

however, they had appeared in a five-star hotel!

an ordinary photo with such a background was enough to make one's imagination run wild.

moreover, all the netizens who were following the production team during the live-stream today had witnessed sheng yu's defense of luo chenxi with their own eyes.

even fu jiatong herself felt that sheng yu's attitude toward luo chenxi was unusual ...

"this photo ... was it taken by you just now?"

fu jiatong thought for a while and understood the whole situation.

the reporter hurriedly nodded and explained, "miss fu, i came to the hotel because there were too many people on the production team's side and there were so many bodyguards. i thought i'd try my luck and see if i could bump into luo chenxi to do an exclusive interview. in the end, i saw luo chenxi appear not long after i waited for her. however, she came back in third young master sheng's car."

as he spoke, he lowered his voice even more. "also, i vaguely heard the conversation between the two of them, saying that they were going back to their room or something ... i had an idea, so i followed behind the two of them and took this photo."

fu jiatong didn't take the photo seriously at first. she felt that this kind of groundless photo was obviously not credible, and even she didn't believe it.

however, after hearing the reporter's additional explanation, she was stunned.

"back to the room?"

the reporter nodded. "that's right, miss fu. i waited downstairs for a while and saw that the elevator stopped at the seventeenth floor. it didn't change for more than ten minutes ... miss fu, is ceo sheng staying at this hotel as well? does he live on the same floor as miss luo?"

hearing this, fu jiatong and zhong xiuna looked at each other. they were shocked.

to her surprise, sheng yu had gone to the seventeenth floor with luo chenxi and had not come down for such a long time!

in fact, in order to prevent the actors from being disturbed, the crew of " gorgeous turn " had booked all the rooms on the third floor. however, the crew had booked the rooms from the fourteenth to sixteenth floors!

there were only three presidential suites on the 17th floor. the production team did not have that much money, and they would not waste it on this.

however, luo chenxi's room was upgraded to the 17th floor for no apparent reason on the day they checked in.

the hotel claimed that luo chenxi had won the lucky prize.

however, almost everyone was guessing that it must have been the wife-doting demon young master mu who had done something behind the scenes.

because of this, fu jiatong was extremely jealous.

as a result, luo chenxi was the only crew member who stayed on the hotel's seventeenth floor all this while!

as for sheng yu ... he had specially rushed to the capital today for the visitation day. he did not even book a room in the hotel!

now, this single man and woman, " hugging " each other, entered the elevator and went to the suite on the 17th floor. they had not come down for such a long time ...

she would not believe that there was nothing fishy about it!

it was no wonder that sheng yu was so protective of that little b * tch when they were on set!

at this thought, fu jiatong's eyes flashed with a sharp glint. " are you sure you saw it clearly? "

"i saw clearly, of course i saw clearly! miss fu, how would i dare to make up such a story?" the reporter nodded.

1372 solid evidence of luo chenxi's affair

fu jiatong thought for a while, but she was still worried, so she asked, " "no, you're a paparazzi, aren't you? a paparazzi who discovered such big news should be waiting at the elevator door to see if he can take more shocking photos. why did you leave so quickly?"

that sneaky look just now was very suspicious.

seeing fu jiatong's expression of distrust, the reporter cried out, " miss fu, do you think you don't want to stay there and take photos? however, the security of this hotel did a good job. the security guard felt that i was suspicious and asked me a few times, but i couldn't take out the room card, so they drove me out. i wanted to make up a few lies to deceive them, but they actually wanted to call the police!"

hearing this, fu jiatong nodded to herself and relaxed her guard.

seeing that she believed her, the reporter immediately leaned over and carefully said, " " miss fu, just give me a definite answer. this photo ... how much are you offering? "

fu jiatong's face darkened, and she glanced at the reporter coldly. "when did i say i wanted to buy your photos? you were the one who took the initiative to show me the photo. i was just asking, and now i'm done. alright, xiuna, let's go back."

she turned around to call zhong xiuna, and the two of them turned around and left.

the reporter immediately became anxious. he rushed forward and blocked the two men.

"hey, wait a minute. miss fu, miss zhong, you ... you're really not interested in the photos?"

"should i be interested?" fu jiatong sneered.

the reporter stomped his feet anxiously."miss fu, you ... you actually let go of such a good opportunity? 'luo chenxi was so rude to you on set today. you're always being suppressed by her as long as she's on set. i feel so sorry for you!' luo chenxi has an affair during her marriage. that '@@ s ... that's such a huge scandal!"

boxn ov el. c o m

"besides, luo chenxi's husband is the young master of the mu family! if that high and mighty young master knew that his wife was having an affair, how angry would he be? not only would he kick her out of the house, he might even ban her! in this case, luo chenxi won't be able to go against you anymore!"

fu jiatong's face didn't change, but she was extremely excited inside.

how could she not understand what the reporter was saying? she wished more than anyone else that luo chenxi would fall into hell.

if luo chenxi had really cheated on her husband, everything she had now would disappear. moreover, no one knew what young master mu would do to her in his rage.

however, it was impossible to rely on a photo alone ...

fu jiatong narrowed her eyes. "that's enough. stop talking nonsense." if this photo is so useful, you would have brought it back and sold it to all the gossip magazines. why would you come to me? 'don't think that i'm unaware that this photo doesn't prove anything at all. it's not solid evidence of luo chenxi's affair!' if you spread this photo to the media and spread rumors, not only will you not be able to bring down luo chenxi, but you might even anger the mu family. who would want to buy your photo?"

hearing this, the reporter's body stiffened and his face turned pale.

he did know that it would be hard to sell the photos, but he was not willing to let go of this big piece of gossip, so he wanted to sell the photos to fu jiatong.

she had thought that fu jiatong would have lost her mind after being slapped in the face by luo chenxi so ruthlessly that she would buy the photos without thinking.

1373 chapter 1377-the cold and abstinent male god

this way, he would not have to offend the mu family and could still earn a large sum of money.

who would have known that fu jiatong was not as stupid as he thought?

this time, he wouldn't be able to earn any money, and he might even offend the fu family ...

the reporter broke out in a cold sweat, and his back was soaked. he hurriedly said, " " i'm sorry, miss fu, i didn't think it through, but i definitely didn't do it on purpose. please don't mind me, i ... i'll leave immediately! "

"wait, who told you to get lost?"

just as the reporters were about to run away, fu jiatong called out to them.

"ah?"

fu jiatong raised her chin and said coldly, " " of course, this photo alone can't prove anything. however, if you can find solid evidence of luo chenxi's affair, i'll definitely give you a satisfactory price. "

when the reporter heard such a promise, he was moved, but at the same time, he didn't know what to do. " this ... miss fu, i don't understand ... "

fu jiatong's eyes fell on the camera in the reporter's hand, and she said, " " find a weibo verified account to post the photos first. buy me some fake reviewers to hype it up. then ... "

fu jiatong lowered her voice and warned her.

boxn ov el. c o m

the reporter's eyes widened. " but, miss ... miss fu, will this work? " how can i get in?"

fu jiatong's expression was cold. " you don't have to worry about that, i'll solve it for you. but, you have to do everything i tell you to do, do you hear me? " if anything goes wrong ... ha!"

the reporter held it in for a long time before nodding. he was already on the verge of tears in his heart.

unexpectedly, fu jiatong's schemes were much more powerful than his. he wanted to scam fu jiatong of her money, but now, he was in a difficult position and had become fu jiatong's chess piece.

however, he couldn't reject the president's daughter's threats and promises ...

he had really dug a hole for himself.

.....

at the same time, on the 17th floor of the hotel.

a tall and slim young woman in uniform followed mu yichen to the door of luo chenxi's room.

"young master mu, this is the room card. i've brought it to you."

in reality, mu yichen had already asked for the room card from the front desk half an hour ago. however, he was caught off guard when he was locked outside the door by luo chenxi earlier. the room card was still in the room and he did not bring it out.

poor young master mu, not only was he driven out of the house by his wife, but even his daughter was not on his side.

he had no choice but to call the front desk again and ask for the room card.

in front of outsiders, mu yichen was still the aloof and indifferent young master of a wealthy family. he nodded at the front desk manager. " i've troubled you to make this trip. thank you. "

he took the room card and realized that the female manager was still standing there. he frowned slightly. " what's wrong? " is there anything else?"

the female manager suddenly came back to her senses and quickly shook her head. " i'm ... i'm fine. young master mu, i'll go down now ... "

she quickly covered her burning face, turned around, and walked quickly to the elevator.

at the same time, he was screaming in his heart.

she ... she actually had the chance to see the legendary national husband with her own eyes!

moreover, young master mu was even more handsome than the photos circulating on the internet at a close distance. there were no dead angles at all when looking at him from 360 degrees. his tall, cold, and abstinent male god temperament was like poison that made people unable to take their eyes off him.

if it wasn't for young master mu's reminder, she would have been stunned.

recently, so many big stars had stayed in the hotel, including the movie king chu juncheng, but none of them could compare to young master mu's one finger!

1374 the image of a prince charming crumbled in an instant

no, no, she had to hurry and show off to her friends that she had just personally given young master mu a room card!

just as the female manager was about to leave in excitement, a clear "bang" was suddenly heard, followed by young master mu's clenched teeth. " "damn it!"

the female manager stopped in her tracks and almost thought that she was hallucinating.

the cold and abstinent prince charming, young master mu, actually ... actually cursed?

she turned around subconsciously and saw mu yichen standing at the suite's door with a ghastly pale face. he had been staring at the door for quite a while.

then, he threw away the room card in his hand, took off his suit jacket, and threw it on the ground. he rolled up his sleeves and started to push the door open.

unfortunately, for some unknown reason, mu yichen only managed to open the door slightly after pushing it for a long time. no one was allowed to pass through at all.

mu yichen's expression darkened. he did not expect lu chenxi to block the door!

was she determined not to let him in?

was there a need for this?

didn't he just like to carry her and exercise on the bed? she actually didn't let him into the room?

boxnovel.com

exercise was good for one's physical and mental health, and it was also a reflection of the good relationship between husband and wife, although he did exercise a little more than ordinary people ... well, it was not just a little.

however, that was also because the stupid woman was too easily coveted by others, so he had to teach her the family rules!

the more mu yichen thought about it, the angrier he got. he raised his hand and knocked on the door. "stupid woman, open the door! hurry up and open the door to your boss!"

however, luo chenxi had already closed the bedroom door before she fell asleep. the presidential suite's soundproofing was especially good. moreover, she was in a deep sleep due to fatigue. it was impossible for her to hear mu yichen's low voice when he called out to her.

"stupid woman, open the door. i'm warning you one last time, open the door immediately! otherwise, don't blame me for being impolite!"

"... alright, alright. as long as you open the door for me, i'll let bygones be bygones and not fuss over sheng yu's matter with you, alright?"

"... honey, please let me in. i've been exposed to the cold wind outside and i've caught a cold. achoo!"

the female manager was listening at the side and was already in a state of shock. her jaw almost dropped to the ground.

she, she, she ... was she dreaming just now?

he actually saw the noble and elegant young master mu taking off his suit and slamming the door!

and ... and he even threatened madam!

no, it wasn't a threat. it was just a threat at the beginning, but it quickly softened its tone and turned into a negotiation. towards the end, it was simply acting cute and begging his wife to let him go ...

this man who was pretending to sneeze and act pitiful at the door was really ... the powerful and cold young master mu that she had just seen?

mu yichen tossed and turned at the door for a while before he realized that luo chenxi had probably fallen asleep. he had no choice but to stand up.

however, when he turned around, he saw the female manager standing at the elevator door in a daze.

his thick brows immediately furrowed. "you haven't left?"

"ah? i'm sorry, i'll leave immediately!" the female manager jumped up in shock, her back covered in cold sweat.

it's over. she saw young master mu's embarrassing side. she wouldn't be killed, right?

however, she had only taken a step forward when mu yichen called out to her, "wait, why are you running? am i that scary? let me ask you, is there anyone living in the suite next to my wife?"

1375 there's no mistake this time!

the female manager did not expect mu yichen to stop her just to ask her such a strange question.

she was stunned for a moment before shaking her head. "no, no one lives there."

"that's good." mu yichen nodded. "go and get the room card for the room next door as well. hurry up, don't just stand there!"

although the female manager was full of doubts, she did not dare to ask any more questions. she immediately turned around and ran downstairs to get the room card next door.

she watched as mu yichen took the room card and entered the suite next door. she thought that young master mu was preparing to rest and was about to leave.

in the end, she saw the most, most, most shocking scene!

to everyone's surprise, mu yichen opened the window. without the slightest hesitation, he held onto the window frame and leaped out of the window.

the female manager was scared out of her wits and immediately rushed towards him. as she ran, she called out in a trembling voice, "young ... young master mu, you ... don't take things too hard ..."

however, when she ran to the window to take a look, she saw mu yichen's figure appearing on the window sill next door.

the handsome man furrowed his thick eyebrows and gestured to her to leave quickly. then, he closed the window.

the female manager was still in shock and only managed to calm down after a while.

boxn ov el. c o m

only then did he realize what he had just seen ... young master mu had actually jumped out of the window! such a cold and noble young master actually climbed through the window just to see his wife?

the city people really knew how to play ...

the female manager wiped the cold sweat on her forehead, quickly put away the room card, and left the room quickly.

when she entered the elevator, she happened to meet a familiar colleague who immediately started gossiping with her excitedly.

"you didn't see what happened just now! i thought i was seeing things. how is that a young master from a rich family? he's simply an impulsive brat in love for the first time! he actually did such a dangerous thing! oh my god, i thought i would be killed!"

"sigh, this is too romantic!" the female colleague covered her chest with her hand. "i'm so envious of luo chenxi! she's beautiful and talented, no wonder she can make such an outstanding man fall head over heels for her!"

“it’s romantic, but it’s too dangerous for them to do this in a hotel! i really don’t know what he’s thinking!”

the two of them were so engrossed in their conversation that they didn’t notice that just as they walked out of the elevator, two figures were hiding behind a pillar, eavesdropping on their conversation.

after the female manager and her colleagues had gone far away, zhong xiuna walked out from behind the pillar with a surprised look on her face.

“that’s great! judging from the manager’s tone, luo chenxi has indeed cheated on you!”

if he had said that it was too dangerous to do that in a hotel and that he was afraid of being silenced, he must have found out about luo chenxi and sheng yu’s affair on the spot! was there any other possibility?

fu jiatong was all smiles as well, and she nodded slowly. “ that’s right, there shouldn’t be any mistakes this time! it was impossible for luo chenxi to deny it now that even the hotel manager had seen it! now, there’s only one last step left in the plan ...”

at first, she was a little worried that the paparazzi would play a trick on her, but now that she heard the hotel manager’s words, she was completely relieved.

“luo chenxi, oh, luo chenxi, you’re really courting death! with such a good husband like brother mu, she still dared to cheat on him! this time ... you’re finished! i’ll let you adulterers be free for one more night. hurry up and enjoy it now. tomorrow ... wait for me to give you a big gift!”

1376 chapter 1380-adulterous couple

in the presidential suite, the “ adulterer ” that fu jiatong had been referring to was standing in front of the bed in the bedroom, looking down at the two sleeping soundly.

a certain “ cheating woman ” was lying on the big bed. her beautiful big eyes were tightly closed, and her face was red from her sleep. her cloud-like black hair was scattered on the white bed sheet.

she hugged the little dumpling tightly in her arms and smiled peacefully.

initially, mu yichen had a stomach full of pent-up anger. he wanted to come in and ‘teach this disobedient, stupid woman a lesson’.

however, he stopped in his tracks when he reached the bedside and was about to touch luo chenxi.

his deep black eyes narrowed slightly, and his gaze was fixed on her white and soft cheeks.

this woman ... just had a magical power.

no matter how frustrated he was, as long as he saw her, he would instantly calm down. his heart would be filled with soft emotions, so strong that they seemed to be about to overflow.

mu yichen walked to the bed slowly, one step at a time. he sat down and stretched out his hand to caress luo chenxi’s face gently.

luo chenxi seemed to have sensed something. she immediately rubbed her petite face against his palm like a well-behaved and adorable little kitten rubbing against her master’s palm.

no matter how angry mu yichen was, his anger completely dissipated when he saw her like this.

boxn ov el. c o m

his long and slender fingers slid across luo chenxi's face and caressed her slightly pale lips gently. there were obvious dark circles under her eyes. he frowned ever so slightly.

"you're such a stupid woman. can't you just stay at home and be a good young lady? you're still working so hard. i haven't seen you for only a few days and you're already so tired ..."

even so, mu yichen was well aware that luo chenxi was not the kind of woman who would be willing to be locked up at home.

in reality, he admired luo chenxi's talent very much. he liked his wife's designs. the suit he was wearing now was already custom-made according to luo chenxi's drawings.

it was just that work was fine, but he really didn't want her to tire herself out.

" with a husband like me, why can't you be like those gold-digging women and just stay at home to spend money? "

mu yichen shook his head helplessly. he stood up again and removed his shirt, then his belt, his trousers ... he returned to the bed.

he stretched out his long arm and pulled luo chenxi into his embrace. however, he suddenly felt the tiny bundle on his chest move.

the little dumpling was a little uncomfortable being squeezed in the middle by her parents. she couldn't help but struggle. her chubby face puffed up and she muttered, " daddi, go away. big sister is sweet! "

"you ...!"

the corners of mu yichen's lips twitched. he reached out and pinched the little dumpling's face. " you heartless little thing. if it weren't for your father, where would you be? " you were only born because of your father's hard work and hard work. you still dare to cause trouble!"

"pa" sound!

the little dumpling didn't wake up at all. she subconsciously waved her little hand and slapped her father's hand away.

mu yichen's face darkened, but he still heaved a sigh. he reached out and pulled the mother and daughter into his arms.

"good night, my angels ..."

the family of three fell asleep in each other's arms, and the room was filled with a peaceful and quiet atmosphere.

none of them had expected that the outside world was already in chaos.

a weibo verified account had posted a blurry photo of a hotel and it had already caused a huge stir on the internet!

1377 the nation's husband is overpowered by the green clouds

'@ gossip baby of the entertainment circle: #luo chenxi suspected of having an affair ##the nation's husband is covered in green clouds #yesterday, a netizen exposed a photo taken at a certain five-star hotel in the capital: luo chenxi and sheng yu walked into the hotel's elevator in an intimate embrace and returned to the hotel suite together. it was reported that sheng yu did not leave the hotel the entire night. the two of them spent the whole night in the suite. luo chenxi's affair with the third young master of the sheng family has been proven."

"it's reported that luo chenxi and sheng yu had an ambiguous relationship since the chinese style competition. many employees in SL holdings have witnessed the intimate interaction between the two of them as if they were a couple. an insider has also revealed that everyone in the company thought that luo chenxi and sheng yu were a couple before luo chenxi and first young master mu's engagement was revealed. third young master sheng was in a daze for a long time after the news of their engagement was exposed ..."

"this time, luo chenxi was criticized by the netizens for the movie 'gorgeous turn'. young master mu did not care about it, but third young master sheng stood up for her continuously. he even spent a night with her after the incident. i can't help but wonder if luo chenxi, who had just married into a wealthy family for a year, had left the mu family with nothing because of an affair."

"for more follow-up news, please look forward to the blogger's follow-up report and in-depth disclosure."

such a long weibo post, the content was all speculation, coupled with a blurry photo, it was obviously based on hearsay.

however, it became one of weibo's most searched topics in just a few minutes after it was released.

this was purely because the protagonist of this cheating gossip was too eye-catching!

mu yichen, who was known as the 'nation's husband', had always been the most popular diamond bachelor in the entire hua nation for many years due to his wealth that could rival a country's and his peerless looks.

when he announced his marriage to luo chenxi in the past, countless women in china were heartbroken.

everyone speculated that luo chenxi must have relied on shamelessly lowering herself to curry favor with mu yichen and the mu family's elders in order to be chosen among the other candidates and successfully marry into the mu family.

however, no one expected that someone would take a photo of luo chenxi having a hotel room with another man in just a few months!

boxn ov el. c o m

moreover, the man's net worth was extraordinary. although it could not compare to the mu family, the sheng family was one of the top rich families in china! third young master sheng was also a successful, cold, and abstinent prince charming.

this was really a big surprise.

even though luo chenxi was beautiful and talented, was she capable of harvesting two such excellent male gods in a row just based on that?

she was still not satisfied with such a perfect husband like young master mu and even cheated on him! this time, it could be considered as poking the hornet's nest.

quite a number of netizens had long been envious and resentful of luo chenxi who had taken over young master mu. when they saw the groundless news, they did not even bother to verify whether it was true or false. they immediately assumed that luo chenxi had an affair and started scolding her on weibo.

"i've told you before that luo chenxi looks like a vixen. she's definitely a woman who's not satisfied with her husband. young master mu would definitely regret marrying her! see, i was right, wasn't i? they've only been married for a short while, and you're already having an affair!"

"this woman is really too hateful! young master mu is really too stupid. he must have had too little contact with women, so he was deceived by this kind of fickle woman!"

"luo chenxi's so gutsy. does she think that no one will know that she's having a room with another man in the capital?"

"you really are a slut! i hope that young master mu will divorce her quickly and let her leave the marriage with nothing!"

1378 chief sheng, did you return to T city yesterday?

even though the photos were of both luo chenxi and sheng yu, the netizens were still criticizing luo chenxi in a one-sided manner.

they all thought that she was the one who seduced sheng yu.

the netizens who claimed that she and sheng yu were a cute master-disciple pairing earlier had vanished without a trace at this moment. there was only a group of angry netizens who criticized luo chenxi's immoral and shameless behavior of having an affair during her marriage.

the affair of a famous person was the easiest to affect the fragile nerves of netizens.

within a few hours, the news quickly spread.

luo chenxi had become the target of public criticism.

occasionally, there were a few people who questioned the authenticity of the news and photos, but they were drowned out by the numerous comments that were insulting luo chenxi.

fu jiatong had been paying attention to the comments on the internet. she was so happy that she laughed out loud when she saw that luo chenxi was being criticized as the first ever woman in history.

"hehe, you damned vixen, who asked you to shamelessly seduce brother mu and even have an affair! this time ... no one will be able to save you!"

seeing that she was almost done with her promotion, she picked up her phone and called the paparazzi she had met at the entrance of the hotel. "are you ready? the sky was about to brighten, and the next

step of the operation was about to begin. be more spirited and do your job well. i want luo chenxi to never be able to turn things around!"

.....

boxn ov el. c o m

the next morning, sheng yu, who knew nothing about the public opinion on the internet, drove to work at SL holdings as usual.

however, as soon as he stepped into the company, he felt countless eyes looking at him.

as the most important director in the company, he had always been the focus of all the employees' attention and had long been used to the feeling of being stared at. however, the gazes of the crowd today still made him feel a little strange, as if he was some rare monster.

sheng yu frowned slightly, feeling displeased.

however, he had always been cold and aloof. without saying anything, he walked straight into the office.

after a while, the secretary knocked on the door to report on work. the female secretary, who had always been professional, was absent-minded today. she had been secretly sizing him up and even said a few wrong things.

sheng yu could not take it anymore and slammed the table. " what's going on today? secretary wu, you've never made so many low-level mistakes before! what's going on?"

secretary wu looked at him carefully and hesitated. " this ... "

"if you don't want to lose your job, then tell me the truth!"

secretary wu had no choice but to say, "chief sheng, you ... why are you in the office?" didn't the internet say that you ... you went to the capital?"

sheng yu thought that she was referring to him joining the crew of " gorgeous turn ", so he waved his hand indifferently.

"that was yesterday morning. why would i still be there after visiting the crew? it's only two hours by plane from the capital. there's no need to delay two days of work for such a small matter."

secretary wu's eyes widened in shock. " uh, so ... so, chief sheng, you came back to T city yesterday? "

sheng yu could tell that there was something wrong with her tone. he frowned. " what happened? " couldn't i have come back yesterday? when do i need to report to you about my personal matters?"

secretary wu quivered and realized that sheng yu was angry.

for the sake of her job, she did not dare to say anything more. she could only hint to sheng yu. " it's like this, chief sheng, um ... you're on the hot search again. you should ... you should look online. you'll understand once you see it ... "

1379 sheng yu, don't harass my wife

sheng yu finally realized that something was not right.

secretary wu was a professional in her work. when had she ever been so hesitant?

he couldn't care about anything else. he picked up the phone on the table and searched online.

however, half a minute later, he was so angry that his face turned green and he slammed his phone on the table.

"what are these reporters doing? he dared to make up any kind of rumor! 'luo chenxi cheated on her husband and got a room with me? to think that they could think of such a thing!"

secretary wu looked at him in shock. " chief sheng, you and miss luo really didn't ... didn't ... "

it was not that she did not believe in sheng yu's character, but there was one thing in the gossip that was not wrong. before the news of luo chenxi and mu yichen's marriage was revealed, everyone thought that chief sheng liked luo chenxi.

because of this, many young girls in the company who had a crush on sheng yu felt very sad.

sheng yu glanced at her coldly. " what are you thinking about? am i that kind of person? besides, luo chenxi is on very good terms with her husband!"

if luo chenxi and mu yichen's relationship were to change and mu yichen was no longer interested in her like what was said on the internet, then he would seize the opportunity to pursue luo chenxi even if he had to bear the title of a third party for the rest of his life.

but the problem was ...

boxn ov el. c o m

thinking of the scene of him being punished by the mu father and daughter in front of the hotel suite, he still felt stifled!

initially, he planned to stay the night in the hotel before returning to T city. he would then go to the production team in the afternoon to check on the preparation of the costume for luo chenxi.

it was precisely because she was so infuriated by mu yichen that she could not stay any longer. she drove to the airport on the spot and bought the earliest flight ticket back.

secretary wu said in a daze, "then ... then the news on weibo is fake?" but, what ... what's with that photo?"

sheng yu frowned. " photos? what picture?"

secretary wu quickly took out her phone and showed sheng yu the photo of the hotel.

sheng yu finally understood where the rumors had come from.

"i saw that luo chenxi was not feeling well, so i sent her back to the hotel to rest. i went downstairs after i sent her back! this paparazzi saw me go upstairs, but why didn't he see me go downstairs? they're clearly up to no good. they've made up so many stories to mislead the public with just one photo!"

sheng yu thought that the other party was deliberately spreading rumors.

but what he didn't know was that he had gone down too quickly.

at that time, the paparazzi was selling photos to fu jiatong. the three of them were hiding in a corner and didn't see him leave. they still thought that sheng yu was really in the hotel!

however, even so, sheng yu was aware of the seriousness of the matter.

he quickly searched for luo chenxi's phone number from his address book and gave her a call to inform her of this matter.

even though the call went through, the phone rang a few times before it was hung up.

sheng xiao was stunned for a moment. he thought that luo chenxi had hung up the call because she was still drowsy. he quickly called her back.

however, he made several calls in a row, but they were all hung up.

a few seconds later, a new message popped up on the screen.

"sheng yu, don't disturb my wife. she's tired and asleep. she doesn't have time for you."

judging from the tone, it was obvious that the message was sent by mu yichen.

sheng yu almost could not catch his breath.

he made another call, only to find that he had been blacklisted. he was so angry that he almost smashed his phone!

1380 stupid woman, it's time for us to get even

"mmm ... mu yichen, give me back my phone ..."

on the hotel's large bed, luo chenxi grabbed the blanket on the bed with one hand to cover her chest while she stretched out her other arm in an attempt to snatch her phone back from mu yichen's hands.

however, mu yichen raised his hand a little higher so that it was out of her reach.

he quickly replied to sheng xiao's message and blacklisted him. then, he threw his phone on the sofa.

the entire set of movements was as smooth as floating clouds and flowing water, without any pause.

he returned to the bed immediately after he was done. he grabbed luo chenxi's wrist with one hand and pressed her soft, graceful, and delicate body down.

"alright, stupid woman. no one's bothering us now. we should settle our scores ..."

"what ... what do you mean by 'settle the score'? mu yichen, you ... you let go of me! shouldn't i be the one to settle the score with you? when did you ... wuwu!"

before she could finish her words, her pink lips were plundered by the man's eager kiss, and she could not say a word.

luo chenxi wanted to cry but had no tears. she was so stupid that she wanted to cry!

she should have known that mu yichen would never allow her to stay in a place that he could not see with his overbearing attitude. this hotel was the mu family's!

that was why young master mu had been able to take the room card from the front desk and wait for her in the room.

this time was even better. she couldn't enter from the front door, but this man had climbed over from the window of the next suite while she was asleep!

this was the 17th floor! did he not want to live anymore?

this morning, luo chenxi felt that something was amiss as soon as she woke up. the little dumpling was supposed to be soft and fluffy in her arms. why did she suddenly become so hard?

in the end, she was met with mu yichen's stunningly handsome face as soon as she looked up. the man's large, strong hand was still pressed against her chest ...

young master mu had been awake for a long time. however, he did not wake luo chenxi up when he saw that she was in deep sleep. he only cared about eating tofu by himself.

at this moment, when he saw the little woman he had been thinking about opening her eyes, those beautiful big eyes still carried the confusion of someone who had just woken up, the fire that he had suppressed for the whole night instantly rushed up from his lower abdomen, and his body was extremely hot.

mu yichen turned over and pinned luo chenxi under him. he curled his lips into a devilish smile. "stupid woman, you're finally awake." tell me, how should i punish you for making eyes with another man and keeping your husband out of the door?"

luo chenxi shuddered upon hearing the word 'punishment'. she immediately regained her senses and turned pale with fright.

"m-mu yichen! you ... how did you get in?"

"what do you think?" mu yichen took a glance at the windowsill. his intention was very clear.

luo chenxi was obviously frightened by him. "how dare you climb through the window! it's too dangerous, don't you want to die ..."

however, before she could finish her words, the man's thin lips suddenly closed in and blocked her.

mu yichen pressed his lips against hers and whispered suggestively, "haven't you heard of it?" dying under a peony flower, being a ghost is also dissolute. if it wasn't for you seducing me all the time, i wouldn't have to do such a thing!"

shameless!

luo chenxi was utterly defeated by his shamelessness!

he was clearly the one who could get excited anytime and anywhere, but he had to say that she seduced him!

all of a sudden, Luo Chenxi thought of something. She pushed him away forcefully. "Wait, Mu Yichen. Let go of me! Tang Tang was still sleeping! Y-y-you ... in front of a child ..."
