

## Sweetheart 1451

1451 you still don't forget to show off your affection at this time!

"mu yichen, what the hell are you doing? you already knew that the female lead for 'gorgeous turn' was siqing, right? did you trick me into going to the set on purpose? all the reasons that i have to take care of chenxi are just excuses!"

as soon as the call connected, he jinsi's anxious and excited voice came out of the phone.

during the dinner just now, he had only been looking at teng siqing, but after the two of them separated, he thought for a moment and reacted.

he had been tricked by mu yichen!

during the meal, yan heng had already mentioned that luo chenxi had personally invited teng siqing over. he did not believe that mu yichen, who doted on his wife as if his life, would not know who his wife had been to!

hence, he jinsi immediately made a phone call to question mu yichen.

mu yichen had already expected that he would call. the corners of his lips curled up ever so slightly. he leaned back on the sofa in a relaxed manner and spoke lazily, "jingsi, why are you so agitated? i lied to you? what did i lie to you about? i'm indeed worried about my chenxi. shixun has been busy recently and can't go to the production team. as for the female lead in the crew ..."

he deliberately paused before he said, "alright, my wife did mention it to me before. it's teng siqing!" but, so what?"

"so what?" when he jinsi heard his gloating tone, he really wanted to rush to the mu family's house and punch him hard. " stop acting dumb! " you clearly know ..."

"what should i know?" mu yichen asked in return on purpose.

upon hearing this, he jinsi was suddenly at a loss for words.

boxn ov el. c o m

a breath of air was stuck in her chest, and she felt like it was stuck there.

mu yichen narrowed his eyes. " i only know that you broke up with teng siqing five years ago. five years, what did that mean? in such a long time, not only did i get to know my chenxi, but i also married her and had a daughter with her. tang tang grew up from such a small little girl to now, she's almost four years old!"

this guy still didn't forget to show off his affection even at this time!

just as he jinsi was about to lose control of his impulse to kill someone, mu yichen changed the topic. " no matter how deep your feelings are, it's been five years. it's time for you to change the topic, isn't it? teng siqing was already engaged! or ... you still haven't forgotten about her? you still want to get back together with her?"

when he jinsi heard mu yichen's words, he looked like a cat whose tail had been stepped on. he almost jumped up. " what are you saying? how could i possibly ..."

mu yichen was amused as he listened to his attempt to cover up his rebuttal. he was prepared to say a few more words to provoke him.

ever since he got married to his stupid woman, he realized how important a happy family life was to a man. he also hoped that his brothers could find a true love.

however, before he could say anything else, he jinsi's voice suddenly lowered. " yichen, i know you're being kind, but don't do this again. it's impossible. it's impossible between us."

mu yichen did not expect such a reaction from him at all. his sharp brows immediately furrowed.

"jingsi, what are you thinking? do you think i can't see how deep your feelings for teng siqing are? since he had been thinking about it, he would get it back! when did you become such a coward?"

" no, you don't understand. it's not as simple as you think ... " he jinsi shook his head.

mu yichen frowned. " what do you mean? is it really like what big brother he said? that year, she dumped you because she despised the poor and loved the rich?"

1452 to love a person is to give her freedom

he jinsi was stunned for a moment before he denied it. " no, of course not! it's fine if my big brother has such a misunderstanding, but why do you think so? you should know what happened back then. i ... was the one who initiated the breakup!"

" but, after she broke up with you, she started dating han tuoyu right away, didn't she? "

"....."

he jinsi fell silent again. after a few seconds, he gritted his teeth and said, " "enough, yichen. i don't want to fight with you. but, siqing really isn't the kind of person you think she is. the reason we broke up was ... was all because of me! after the breakup, it was her freedom to date whoever she wanted. besides, her family was in trouble at the time, and han tuoyu helped her solve it. it's normal for her to be touched and accept his pursuit."

mu yichen squinted his eyes. he could not figure out what his childhood friend was thinking.

"in that case, why don't you go and get her back?"

"she already has a fiancé, why would i want to destroy her happiness? to love a person, you have to give her freedom ..."

"bullsh \* t freedom!"

mu yichen could not stand tang wulin's cowering attitude. he almost cursed.

he didn't believe that he jinsi, who was born into a rich family and could get whatever he wanted, would be someone who didn't even dare to pursue the woman he liked!

he was not such a person at all!

boxn ov el. c o m

when he was young, he jinsi was more rebellious than bai shixun. when he pursued teng siqing, it only took him three days to win the girl's heart, who was still a blank piece of paper at the time.

now, he jinsi's attitude was really abnormal!

he jinsi, what exactly are you thinking about? ”

mu yichen's voice lowered as he recalled something. ” oh, by the way, have you never told teng siqing that the man she was with back then wasn't Phoenix, who was born into a poor family and became a heavenly king of the music industry through his own hard work? instead, he was a rebellious young master from a wealthy family who ran away from home? ”

“what do you want to say? 'mu yichen, i'm warning you. if you're my brother, then don't tell anyone about my identity!' you can't even tell sister-in-law!”

upon hearing this, he jinsi's expression changed and he immediately threatened her.

mu yichen raised his eyebrows. why can't i say it? if it's really as the rumors say, that han tuoyu got teng siqing because of his family background, then as long as you reveal your identity as the young master of the he family, she might break up with han tuoyu and return to your arms.”

“even if she didn't break up with han tuoyu, at least teng siqing had a relationship with you. she should have the right to know the true identity of her ex-boyfriend, right?”

no one would have thought that the elegant, noble, and gentlemanly third young master he used to be so rebellious when he was a teenager.

he jinsi's mother, lin suxin, used to be a world-famous superstar a few decades ago. even now, she was still the top of the global record sales chart.

among the four siblings in the family, he jinsi was the only one who had inherited his mother's musical talent.

however, what he loved the most was not classical music, which lin suxin was good at. it was rock and roll!

as one of the richest families in china with the longest history, the he family had a strict family style. some of the old-fashioned people in the family were completely unaccustomed to he jinsi's various 'improper' music pieces.

he jinsi was young and impetuous back then. after being criticized at a family gathering, he ran away from home in a fit of anger.

1453 his little woman ... has grown up

as soon as he left the he family, he signed a contract with guang xi entertainment, a rival of the he family, and became the rock singer Pheonix with an ordinary family background but amazing talent.

moreover, the first album he released became a hit, and he became the most popular singer in china at that time. within a year, he released several platinum albums, which sent him to the throne of a heavenly king.

he jinsi looked very much like lin suxin. at that time, in order not to be recognized by people in the industry, he had deliberately disguised himself.

whether it was his hairstyle or his style of dressing, he was completely different from the third young master of the he family. he even wore cosmetic contact lenses to hide his dark eyes and pretended to be of mixed blood.

because of his well-defined facial features and tall figure, he had really fooled all his fans.

after he had left home, his heart ached for his son, and lin suxin had wanted to persuade him to go back several times.

however, he jinsi had long been impatient with the rules at home. he left the family alone and even made a career out of it. of course, he was unwilling to give up his freedom and kept dragging things on, refusing to go home.

during this period of time, he fell in love at first sight with teng siqing, whom he met by chance due to work. the two of them soon began dating.

later, after that accident ... the two broke up quickly.

after Pheonix announced his withdrawal from the music industry, he disappeared from everyone's sight.

only mu yichen and a few of his good friends knew that he jinsi had only recovered his identity and returned to the he family.

boxn ov el. c o m

furthermore, he had obediently taken over the family business.

even mu yichen was taken aback by this.

"no, if you still want me to be your brother, you can't say a word to anyone else!" he jinsi's gritted voice came from the other end of the phone. " mu yichen, did you hear that or not? "

mu yichen frowned ever so slightly. however, he hummed in agreement after a moment of deep thought.

even though mu yichen did not approve of he jinsi's choice, it was his personal matter after all. he could only choose to respect him.

he jinsi hung up the phone and took a deep breath. then, he suddenly fell back onto the big bed in the bedroom.

her eyes were blank as she stared at the white ceiling.

he knew that even though mu yichen was acting on his own initiative, he was genuinely doing it for his own good.

however, there were some things that he ... still couldn't say, even when he was facing his best friend.

he jinsi's thoughts went back to an hour ago.

kissing teng siqing was definitely an impulsive act of his after he was drunk. however, now that he thought about it, he actually did not regret it at all.

his little woman ... had grown up.

she was as beautiful and as alluring as he had imagined.

however, her sweet scent was just like before, exactly the same as what he remembered ...

if it wasn't for that incident, he would have rushed to teng siqing and snatched her back.

"siqing ..."

.....

on the other side.

luo chenxi was a little surprised that her husband hung up on her, but she did not think too much about it.

she turned around and fell asleep with the little dumpling in her arms.

moreover, she slept especially well without her energetic husband by her side.

the next day, she woke up in high spirits and brought the little dumpling, who was wearing a pink princess dress, to the set again.

today's shooting work was still focused on teng siqing's scenes as the female lead.

because the scenes that zhong xiuna had acted in previously had to be reshooted, and the change of the female lead had taken up a lot of time, teng siqing had to bear a heavy burden.

1454 not only was she suffering from insomnia, but she also had nightmares

luo chenxi handed the little dumpling over to the teng family's maid so that she could play with teng qingze. then, she went to teng siqing's lounge to prepare the costume for the female lead today.

in the end, she was shocked the moment she entered the room.

teng siqing's face was green, and there were dark circles under her eyes. her eyelids were slightly drooping.

luo chenxi walked over in a hurry and reached out to touch her forehead. " siqing, what's wrong? are you feeling uncomfortable? if you're sick, don't force yourself. go to the hospital to see a doctor and rest for a few days before coming back to film."

"i'm fine," she said. teng siqing shook her head. " i just didn't sleep well last night. "

luo chenxi frowned ever so slightly. it was obvious that she did not quite believe him. but you really don't look good! i'm serious, if you're sick, you have to see a doctor. it's not a problem for the crew to stop filming for a few days. i'll be in charge of the funding."

teng siqing hurriedly explained,"i'm really fine, xingchen. don't think too much. i'm really just suffering from insomnia. also, i drank some wine yesterday. i haven't had any in a long time, so i'm not feeling well ..."

luo chenxi could not help saying upon hearing that, "if you can't drink, why did you act tough yesterday? he even poured two large glasses of wine to toast he jinsi! if he hadn't been kind enough to help you drink it, wouldn't you have gotten drunk on the spot? you can't just ignore your own health."

hearing he jinsi's name, teng siqing's brows twitched slightly, and her expression became even more unnatural. "i ... i understand, xingchen. yesterday, wasn't i just acting on impulse? i won't do it again in the future."

her alcohol tolerance was actually not bad. she had only drunk a small glass yesterday, so it was impossible for her to get drunk.

the reason why she looked so pale was really because of insomnia.

boxn ov el. c o m

not only was she suffering from insomnia, but she also had nightmares.

she didn't know if it was because he jinsi had forced a kiss on her, but some of her past memories were triggered. last night, she repeatedly dreamed about the time when she broke up with he jinsi. the pain of being torn apart came back to her and woke her up a few times.

it was only in the early hours of the morning that she finally felt a little sleepy.

however, she had important scenes to shoot early in the morning, so she could only force herself to get up and rush to the set.

even now, her head was still spinning. when she thought about what he jinsi did to her yesterday, she was angry and annoyed. her expression ... it would be weird if it looked good!

"alright, xingchen, we're about to start filming. don't waste any more time. come and help me take a look at my clothes, isn't it a little loose at the waist?"

upon hearing teng siqing's urging, luo chenxi had no choice but to set aside her doubts.

fortunately, after teng siqing finished putting on makeup, the haggardness on her face had disappeared by half.

when she was acting, her performance was also very normal.

very quickly, a few hours passed.

" alright, that's all for the morning. we're done! "

with yan heng's order, all the staff members relaxed and started discussing what to eat for lunch.

at this moment, fan yinghua walked over and laughed loudly. "alright, everyone's in luck. i'll announce some good news. yesterday, after third young master he visited the crew, he felt that our food wasn't good enough. he was worried that it would affect everyone's enthusiasm for work and health, so he specially contacted a five-star hotel to deliver work meals for everyone."

as soon as he said that, the set was filled with surprised screams.

only teng siqing's expression was unusually ugly.

1455 it's not like she's so poor that she can't even feed herself, why would she need a meal from him?

if it weren't for what happened last night, teng siqing would definitely be like the other staff members. she would think that he jinsi was a generous and thoughtful boss and would be extremely grateful to him.

however, after being harassed by he jinsi last night, she felt uncomfortable every time she heard he jinsi's name. she didn't understand how this was good news at all.

in fact, she even suspected that he jinsi was clearly doing this for her!

"he's trying to curry favor for no reason, so he must be up to no good. i don't know what he's up to. no, i have to be more careful."

the little dumpling was the most excited when she heard that he jinsi was going to treat them to a meal again. she immediately dragged teng qingze and ran toward the place where they distributed the lunchboxes. luo chenxi could not stop her even if she tried to.

"wow, there's really strawberry pudding! big sister, is tangtang a second grade?"

the little dumpling almost drooled on the spot when it saw the dessert it liked.

however, she was well-mannered. she was embarrassed to monopolize the dessert when she noticed that there were so many staff members around. she turned around and asked luo chenxi.

before luo chenxi could answer, the service staff in charge of delivering the meal said with a smile, "cute little girl, your name is tang tang, right? third young master he said that this pudding was specially made for you, so you can have it."

the waiter handed a box of dishes with meat and vegetables to the little dumpling and another serving to luo chenxi. "mrs. mu, this is for you."

luo chenxi thanked him and opened the lunchbox to take a look. her meal was unusually sumptuous and much better than the ordinary staff's.

boxn ov el. c o m

she was a little embarrassed.

everyone worked in the same production team. forget about the little dumpling, she was an adult. wasn't it too special for her to eat different things from everyone else?

however, luo chenxi did not say much. she was only thinking of sending he jinsi a message after the incident to let him know.

the little furball tilted its head and turned to look at teng qingze. " brother qingze, you should go and get some. let's do it together! "

"alright," he said.

teng qingze blushed and walked to the waiter. just as he was about to take the plate, he was suddenly pulled back from behind.

"qingze, you're not allowed to take it!" teng siqing said.

teng qingze looked at his mother in confusion. " ... ah? "

teng siqing was extremely disgusted with he jinsi and did not want to receive any favors from him.

it was said that the mouth of a person who ate others was soft. she wasn't so poor that she couldn't even fill a pot, and she didn't want him to give her a meal?

not only did she suspect he jinsi had a motive, even if he didn't, she wouldn't want to eat the lunch this man provided!

luo chenxi walked over when she heard the conversation. " siqing, what's wrong? "

"i ..."

when teng siqing met luo chenxi's puzzled gaze, she realized that she had overreacted.

" i'm just ... i'm just not feeling well. i don't want to eat ... " she quickly found an excuse.

luo chenxi frowned and said,"you can't go hungry if you're not feeling well, right?" just eat a little."

yan heng also tried to persuade her. " that's right, siqing. you don't look too good. did you not rest well? " hurry up and eat and go to sleep. if you don't eat, you'll be even more listless in the afternoon. i'm worried that you'll faint!"

"besides, you can't starve qingze even if you don't eat. such a small child can't go hungry." luo chenxi lowered her voice as she spoke. she even patted teng qingze's little head.

upon hearing this, teng siqing was also worried about her son's health. she had to compromise. " then ... alright. "

1456 almost identical!

when the waiter saw teng siqing leave with the plate, he turned around and called he jinsi.

"third young master, the food has been delivered to miss teng."

he jinsi heaved a sigh of relief. " that's good. you did well. we'll continue tomorrow! "

he was very worried that teng siqing would not eat the lunch he sent.

he knew that teng siqing probably hated him now, but she was really too thin. he really didn't know how han tuoyu took care of her. as her fiancé, didn't he know how to take care of teng siqing?

he jinsi was conflicted, but in the end, he couldn't suppress his heartache. he secretly asked his assistant to dress up as a waiter and deliver lunch to the production team.

teng siqing carried the lunchbox and followed luo chenxi to the lounge at the side to take a seat.

she opened the lunchbox and found that the dishes served were almost the same as luo chenxi's except ...

"eh? siqing, you actually have scrambled eggs with chinese cedar in your lunchbox! what was the head chef of heavenly fragrance restaurant thinking? who would put this kind of dish in a lunchbox?" luo chenxi took a casual glance and widened her eyes in surprise.

xiangchun had a very strange fragrance, which many people were not used to eating. although there were people who liked it, there were only a few of them.

usually, it would only be made when customers ordered it, and it was impossible to sell it in a lunchbox.

boxn ov el. c o m

when teng siqing saw this dish, she was also stunned. " this ... "

she immediately frowned, a strange feeling emerging in her heart, even her heart skipped a beat.

she really liked to eat xiangchun!

however, only a few people knew about it. other than her family and a few friends, only Phoenix knew about it.

back then, that man had always complained in a disdainful tone that she liked to eat such a strange thing. however, he still learned how to cook stir-fried eggs with chinese cedar and made it for her every day.

moreover, his cooking skills were really good. even the chefs of five-star hotels could not compare to him ...

as teng siqing recalled the past, she became slightly absent-minded. she subconsciously picked up a piece of xiangchun and put it into her mouth.

in the next second, her hand trembled and she almost dropped her chopsticks.

this smell ... was too similar! it was almost exactly the same as the one made by Phoenix!

for so many years, she had been to countless restaurants to order this dish and had even specially learned it herself, but she had never been able to make such a taste.

the heavenly fragrance restaurant's chef actually had such skills!

however, after the shock, what emerged in his heart was a burst of inexplicable frustration and fear.

third young master he was too powerful! he could even find out that she liked to eat chinese cedar!

now, even teng siqing didn't believe that he wasn't coming for her!

this man ... did he really like her?

although the dishes were appetizing, teng siqing only ate a little before putting down her chopsticks because she was in a bad mood.

when the waiter came to collect the lunchboxes, he even asked her with concern, "miss teng, why are you only eating this much? is it because the food doesn't suit your taste?"

teng siqing shook her head. "no... no, i ... asked third young master he not to spend so much money. the production team has an assistant who specializes in buying lunch. there's no need to do this ... "

"miss teng, we're just doing what we're paid to do. you have to say this to third young master he yourself."

he wanted her to talk to he jinsi personally?

what was the difference between that and a sheep entering a tiger's den?

teng siqing immediately stopped talking, turned around, and walked back.

it was impossible for her to look for he jinsi, but she could choose not to eat.

1457 amazing, her little dumpling!

as soon as teng siqing left, the service staff called he jinsi and reported her situation.

however, teng siqing knew nothing about this.

compared to the absent-minded teng siqing, luo chenxi and the little dumpling were having a great time eating.

teng qingze was sensitive by nature. he noticed that something was wrong with his mother and that she couldn't eat.

"brother qingze, why aren't you eating?"

at this moment, the little dumpling's head suddenly came over and used a spoon to scoop some green peppers and onions from her lunchbox to teng qingze.

"brother qingze, this green pepper is really good. please try it!"

teng qingze was stunned. although he didn't have much of an appetite, he didn't want to disappoint the little dumpling, so he obediently picked up his chopsticks.

"brother qingze, do you like it?" the little dumpling asked with a smile.

actually, teng qingze didn't even know what the green pepper in his mouth tasted like. however, when he heard the little dumpling's question, he still nodded.

"too easy to provoke! brother qingze likes secondary green pepper, please repeat more! here you go!"

the little dumpling's eyes lit up. it quickly picked up its spoon and put all the green peppers and onions into teng qingze's lunchbox.

boxnovel.com

"no, tangtang, no need. you can eat it ..."

teng qingze wanted to stop her, but it was too late.

under the eager gaze of the little dumpling, she could only finish all the dishes on the plate.

luo chenxi was dumbstruck by the scene.

amazing, her little dumpling!

green peppers and onions were the little dumpling's most hated dishes. at home, no matter how much she and tan yueru coaxed him, the little dumpling rarely ate them.

she didn't expect the little dumpling to be so smart. she gave all the dishes she hated to teng qingze and coaxed the little brother to eat them all.

moreover, from teng qingze's expression, he seemed ... touched?

he was simply counting money for others after being sold!

luo chenxi suddenly felt like she missed her husband a little when she saw the two little fellows sitting side by side and eating while swaying their feet.

luo chenxi looked around her to make sure that no one was paying attention to her. she then took out her phone and called mu yichen.

.....

at this time, the mu group's largest conference room was holding the monthly meeting.

due to the fact that the turnover of the individual business divisions did not meet their expectations this month, mu yichen was quite furious. even zhuo feng was caught in the crossfire.

"you're using this to fool me? it was almost the end of the year. what would the shareholders think if they saw this? take all of them back and redo them! if you can't finish, don't go back!"

just as zhuo feng was on the verge of tears, a phone suddenly rang in the meeting room.

upon hearing this voice, cold sweat dripped from the foreheads of the senior executives, and they almost knelt down.

which audacious and blind guy came to the meeting without even turning off his phone! wasn't this just looking for death?

didn't you see how angry the ceo was? now that the phone rang and interrupted the meeting, who knew how angry he would be!

zhuo feng was the only one who smiled.

as young master mu's personal assistant, how could he not tell that this was the young mistress's exclusive ringtone!

as long as young lady appeared, their eldest young master would not remember anything else. he would simply save everyone's lives by calling her now!

as expected, mu yichen was slightly stunned when he heard the bell. then, the anger on his face vanished rapidly at a speed that was visible to the naked eye.

1458 our president's leader

mu yichen waved his hand. " let's take a ten-minute break. let's think about it carefully! "

then, without waiting for anyone's response, he picked up his phone and walked out of the meeting room.

when they saw mu yichen's back disappearing behind the door, the senior executives finally realized that they were saved!

he heaved a sigh of relief, but he was also a little confused.

zhuo feng's calm face prompted many people to ask him.

"special assistant zhuo, what's going on? why did the president just leave like that?"

"yes, in the past, the president never picked up the phone during meetings, even if the chairman called in person. what happened today?"

" could it be a very, very important client? "

zhuo feng smiled mysteriously. " he's really, really important, but he's not a client ... "

"not a client?" the executives were all confused.

zhuo feng nodded. " yes, not a client. to be more precise, she should be considered ... our president's superior!"

boxn ov el. c o m

"the president's leader? could it be that you're talking about the chairman? but, the chairman has already given the management rights of the company to the president, right?"

"ahem, what are you guys thinking?" " that call must have been from young madam, " zhuo feng said.

"ah? the president's wife?"

"yup," zhuo feng nodded and warned everyone with a serious expression, " the president and his wife have a very good relationship. don't say that i didn't warn you. even if you offend the chairman's wife, you can't offend the president's wife! otherwise, don't even think about staying in the company."

if he wanted to get a promotion and a raise, clinging to the ceo's wife was the best shortcut.

however, zhuo feng would never say that out loud.

it was enough for him to know such important information alone!

ever since young mistress married into the mu family, his salary had increased by three times. would he tell anyone?

.....

mu yichen walked out of the meeting room and walked to the empty floor-to-ceiling window before he picked up the phone.

“hello? stupid woman, you’re looking for me? if you have something to say, say it. ”

on the other end of the line, luo chenxi bit her chopsticks and pouted her little face. ” can’t i call you for no reason? also, how am i stupid? can’t you say something nice to coax your wife?”

the phone had been ringing for a long time, but mu yichen had only picked it up. not only that, but he had also called her a ‘stupid woman’ the moment he opened his mouth.

she must have married a fake husband!

the corners of mu yichen’s lips curled up when he heard her soft, grumbling voice, but his tone was still as arrogant as ever. ” why would i coax you? you still want to take my daughter to work in another city after i coax her. don’t tell me that you’ll come back to accompany me after i coax her?”

” cough cough ... that ... if you don’t want to coax me, then don’t coax me. we’re already an old couple, i don’t care! ”

luo chenxi was rendered speechless by his flirtatious words. she was afraid that mu yichen would seize the opportunity to abduct her home again, so she had no choice but to change the topic. ” by the way, third young master he asked someone to send lunch to our production team today. it’s from heavenly fragrance restaurant! ” tell him not to spend so much money, there’s no need. the lunch boxes in the crew are quite delicious ...”

luo chenxi recalled the incident that happened in the afternoon and mentioned it in passing.

mu yichen was stunned for a moment. ” did jingsi get someone to deliver lunch to the production team? ”

“that’s right, all the crew members have been given one. this is too much of a prodigal!”

mu yichen’s face cracked into a profound smile.

1459 hehe, it smells so good!

this was really interesting. last night, when a certain someone called him, he even said that it was absolutely impossible for him to get back together with teng siqing and asked him not to meddle in other people’s business.

and the result?

only one night had passed ...

hehe, how fragrant!

"it's fine. the he family doesn't lack money. if he wants to send us food, let him. if there's anything good to eat, give my daughter more."

"mu yichen, what wicked idea are you up to now?"

the more luo chenxi listened, the stranger she found it. she felt that her husband's recent behavior was too unscientific. he seemed to be plotting something, but she could not pinpoint what was wrong.

"alright, then ... i won't disturb you anymore. i'll hang up first!"

on the side, the two little fellows had already finished their meal and were holding their plates as they stood up unsteadily.

luo chenxi was afraid that the little dumpling would fall, so she wanted to hang up the phone and carry her daughter instead.

"wait, stupid woman, don't hang up!" mu yichen stopped her in a hurry.

boxn ov el. c o m

"what's wrong? we'll talk tonight. goodbye!"

"did you forget to tell your husband ... i'll go!"

mu yichen was so infuriated that he almost vomited blood when he heard the busy tone from the other end of the phone.

after all this, this stupid woman called him just to tell him that he san was treating him to a meal? she didn't even say sweet words like "i miss you" or call him hubby before hanging up?

he really wanted to climb the roof and tear down the tiles after not being taught a lesson for two days!

the meeting room was still noisy. the executives were still discussing the president and his wife.

hearing the approaching footsteps, everyone quivered and quickly returned to their original positions.

she did not expect mu yichen to return so soon. why did he not say a few more words to madam? they hadn't thought of how to explain the mistakes they had made at work ...

"alright, everyone has worked hard. the meeting is over now. prepare the materials and report them tomorrow."

upon hearing this, the executives were all stunned.

ten minutes ago, the ceo had just given them an ultimatum, saying that if they did not finish their work by today, no one was allowed to go back. why did he suddenly ... agree to give them the materials tomorrow?

everyone was confused, but no one dared to raise any doubts.

everyone nodded their heads and agreed.

just as the executives were leaving the meeting room, they vaguely heard young master mu's deep voice from behind them. " " zhuofeng, prepare a private jet. i'm going to the capital tonight! "

.....

luo chenxi did not expect that a phone call she made out of boredom would stir up a certain petty man's determination to 'teach' her a lesson. he was prepared to come to the capital to teach his dainty little wife a lesson.

after she finished her meal, she called her husband and devoted herself to work in the afternoon.

compared to her, teng siqing's situation was much worse.

thinking of her lunch at noon, she was in a daze. even when she arrived on set, she was rarely in a daze.

"cut! siqing, why didn't you show any expression just now? you should be shouting angrily here!"

teng siqing suddenly came back to her senses and realized that she had made a mistake. she hurriedly apologized to yan heng, "i'm sorry, director yan, i ... i didn't notice just now ..."

"forget it, forget it. it's fine. let's do it again."

this was the first time that teng siqing had made a mistake, but yan heng didn't take it seriously. he waved his hand and had everyone return to their original positions, starting the shoot again.

however, after a few minutes ...

1460 sleeping with the director every time you join a production team?

"cut! siqing, your performance just now was too exaggerated! huo daining isn't an unreasonable person, she just needs to say what she wants ..."

"cut! siqing, you've forgotten your positioning ..."

she had ng-ed several times in a row. this was very rare in teng siqing's filming career in recent years.

she also felt ashamed. "director yan, i'm sorry. i'm really sorry!" it's all my fault!"

yan heng frowned slightly, but he did not criticize teng siqing. he only said, "siqing, are you too tired? i heard you say that you didn't sleep well last night. it seems to be true. why don't you go to the side and rest for a while, i'll shoot the rest of the scenes first."

"but ..."

"go ahead. if you do another bad take, won't you be wasting my film?"

upon hearing this, teng siqing no longer stood on ceremony. she turned and walked towards the armchair at the edge of the set.

she really needed to adjust her state of mind.

as teng siqing was walking forward, she was suddenly bumped by someone. immediately after, yao feifei's sneer was heard, "i didn't expect our movie queen teng to have bad takes! i read those entertainment magazines praising your acting skills to the heavens. i thought you were really that good. and the result? four bad takes in a row ... is this the acting skills of an international best actress?"

teng siqing was stunned. she immediately turned around and glanced at her coldly. " miss yao, if i were you, i would be too embarrassed to say that other people's acting skills are bad. have you forgotten that you had seven bad takes in a row yesterday? "

boxn ov el. c o m

"you ...!" yao feifei's face turned red and she glared at her.

so what if she had more bad takes? she just didn't like teng siqing!

everyone had ng-ed as well. yan heng had severely reprimanded her several times yesterday, saying that she was not serious or hardworking in filming. but when it was teng siqing's turn? yan heng didn't even say a single harsh word and even told her to rest first!

what kind of drug did teng siqing give yan heng? or was it like the rumors, that she would sleep with the director every time she joined a production team?

yao feifei gritted her teeth as she watched teng siqing turn and leave.

"hmph, i'll let you be smug for a few more days. when i've hooked up with third young master he, i won't have to take you seriously anymore. she might even become the female lead!"

although he jinsi had rejected her toast yesterday, third young master he had specially delivered takeaway from heavenly fragrance restaurant to the production team today!

furthermore, the food in yao feifei's lunchbox was completely different from that of ordinary employees. it was clearly more sumptuous.

yao feifei didn't know that he jinsi was worried that teng siqing wouldn't accept it, so he had deliberately upgraded the lunchboxes for the main staff in the production team.

she thought she had successfully caught the attention of third young master he and had hope of getting close to the most low-key rich man in the entertainment industry.

yao feifei was secretly pleased with herself. her attitude towards the movie queen, teng siqing, was no longer as polite as she usually was.

however, teng siqing did not take her provocation to heart at all.

having been in the entertainment industry for so many years, she had seen her fair share of despicable people like yao feifei.

if one only had the ambition but didn't have the acting skills to match it, one would definitely reveal his identity and become a joke in the eyes of the public.

teng siqing took a short nap in the lounge. after about an hour, she woke up and felt much better.

it just so happened that luochenxi brought the two children over to look for her. the two of them chatted for a while.

just then, the door of the lounge was pushed open and yan heng walked in.
