

Sweetheart 1471

1471 meeting lu0 anguo

“this mr. lu0 seems to have suffered a great shock. after he came in, he was in a daze. besides, lu0 anguo seemed to be a rich man in the past. perhaps he had people serving him in everything he did. after he went to prison, his ability to take care of himself was so bad that he rarely took a shower, and that’s how he became like this.”

the guards hurriedly explained.

what a joke, abusing a prisoner was a serious crime!

even if they did, they couldn’t admit it in front of the president’s niece, right?

besides, they really didn’t do anything to lu0 anguo.

although this old man was down and out, he was still young master mu’s father-in-law. maybe when young mistress mu’s anger subsided, she would let him out and he would have a chance to rise up.

who would offend him?

fu jiatong knew that the guards wouldn’t lie to her, and she couldn’t help but frown.

if she had a choice, she wouldn’t want to work with such a person. it was too degrading!

however, he had no choice now.

fu jiyu waved his hand. “ that’s enough. you can leave now. ”

boxn ov el. c o m

the guards responded and left, even closing the door. the room instantly became quiet.

fu jiatong looked around. she knew that this was the meeting room where the prisoners met their lawyers, so the sound-proofing was very good. also, according to the law, it was not allowed to install listening devices, so she didn’t have any scruples and immediately said, “lu0 anguo, do you hate lu0 chenxi?”

lu0 anguo did not expect to hear lu0 chenxi’s name from a woman he had never met before. he could not help but shiver. “ what ... what did you say? ”

ever since the matter of the substitute marriage was exposed, he and his second wife, hu manya, had been sentenced and locked up in different prisons.

at this moment, he knew that he had no hope of turning things around in this life, so he was no different from a walking corpse and had been living in a muddled state.

today, the warden said that he had an important guest to see him, but he didn’t take it seriously and just came over.

he did not expect to hear the other party mention lu0 chenxi as soon as he entered the guest room!

luo anguo suddenly became excited. he leaned forward and asked, " what did you just say? you were sent by my daughter, luo chenxi? did she know that she was wrong and regretted it, so she sent you here to apologize to me and let me go? tell her that as long as she returns the luo corporation to me and gives me one billion yuan in my retirement funds, i can still acknowledge her as my daughter ..."

hearing luo anguo's endless words, fu jiatong's face showed obvious disgust.

as expected, luo anguo was an idiot. no wonder he came up with such a stupid plan. did he think that big brother mu and the entire mu family were fools?

"alright, stop daydreaming!" fu jiatong could not help but interrupt him coldly, " how could luo chenxi let you go and even give you money? hehe, she probably can't wait for you to die! after all, it's a stain on her life to have a father like you who's been sentenced!"

"what ... what did you say?" luo anguo's face froze.

fu jiatong sneered,"am i wrong?" "if i were luo chenxi, i'd have done you long ago!" luo chenxi is much more scheming than ordinary people since she's able to get close to young master mu. perhaps, she's already been planning to kill you in prison!"

"impossible! don't talk nonsense, that's impossible!" luo anguo suddenly became excited and roared, "she wouldn't dare to do that!"

1472 the birth that can not be changed

fu jiatong didn't believe her at all. " how do you know she won't dare to? she's the young mistress of the mu family now. if she wants to kill you, she can definitely do it without anyone knowing."

"no, no matter whose wife she is, she ... she wouldn't dare to! i still have something on her in my hands! if she dares to lay her hands on me, i ... i'll let her know what it means to fight to the death! even if i die, i'll drag someone down with me and make her die a terrible death! she's a devil, a devil sent by the heavens to torture me!" luo anguo gritted his teeth and cursed viciously.

it was as if luo chenxi was not his daughter but his mortal enemy.

this kind of hatred made fu jiatong feel a chill in her heart.

however, she immediately felt a faint sense of superiority.

that b * tch luo chenxi. no matter how elegant and outstanding she pretended to be, it could not change her birth!

the daughter of such a low-class man, even her own father cursed her to die ...

and she, fu jiatong, was the daughter of the president's house!

just this point alone had determined that their fates were worlds apart. one was the moon in the sky, while the other was mud on the ground. that b * tch still dared to compete with her and snatch her man!

thinking of this, fu jiatong's face darkened even more, and she said directly, " "so, you hate luo chenxi so much that you want her to die? 'it just so happens that i hate luo chenxi too. we have the same goal.

you said that you have something on luochenxi. what is it? tell me, and i might be able to help you get out of here.”

luoanguo had been in prison for a long time, and there was no one he could talk to. now that he finally met someone who was willing to talk to him, he couldn't help but vent his anger.

boxnovel.com

after he had vented his anger, he heard fujiatong's words and suddenly became alert again, realizing that he had said too much.

“no, you ... you heard wrong. i don't have ... anything against you. even if i do, i won't tell you.” luochenxi denied it.

fujiatong's face changed when she heard him going back on his words. “what do you mean? luochenxi, are you playing with me?”

“who's playing with you? i don't even know you, so why did you come here to get information from me? what are you planning?” luochenxi saw that she was anxious, so he put on an expression of a dead pig that was not afraid of boiling water.

he used to be able to run such a big company like the luochenxi corporation, so how could he be a fool? in terms of shrewdness, few people could be compared to him.

even though he did not know who fujiatong was, he could tell at a glance that fujiatong was really eager to find out about luochenxi's secret.

the more the other party wanted to know, the more he could not say.

after all, whether he could get out of prison and continue to live a luxurious life would depend on this secret.

how could he not wait for the right price and sell for a good price?

fujiatong tried her best to persuade luochenxi to hate luochenxi. however, luochenxi refused to tell her what the secret was despite his anger!

fujiatong was so angry that she almost vomited blood.

zhongxiuna, who was standing beside her, saw it clearly. she pulled fujiatong's sleeve and whispered in her ear, “jiatong, i don't think this will work. luochenxi has nothing now. it's not easy to scare him. why don't you just tell him your real identity ...”

1473 luochenxi is not my daughter at all

“how can we do that?” fujiatong's first reaction was to refuse.

she also knew that what she had done today was not presentable, so she had never revealed her real name. even the official letter that she had just given to the warden was a seal that she had stolen from the president's office and personally stamped.

“there’s really no other way now!” “we only have twenty minutes to meet the guests,” zhong xiuna said anxiously. “if we delay any longer, we won’t be able to get anything out of them!” besides, the guest room is soundproof. who would know what we were talking about in the room?”

fu jiatong thought for a while, and finally nodded.

“alright, we’ll do as you say!”

the two of them looked at luo anguo again.

luo anguo still had a smug expression on his face.

zhong xiuna sneered, “ luo, we’ll give you one last chance. if you don’t tell us, we’ll make you disappear from this world without a trace before the mu family takes action! ”

luo anguo didn’t believe her at all. “ you two little girls, what are you bragging about? ”

“what’s wrong? you don’t believe me? do you know who this person beside me is?” “jiatong’s full name is fu jiatong. she’s the president’s favorite niece. the president’s only acknowledged daughter!” zhong xiuna sneered. if she wanted to kill you, wouldn’t it be no different from killing an ant?”

upon hearing this, luo anguo’s expression changed and he broke out in a cold sweat. “ what? what did you just say? the ... the daughter of the president’s house?”

boxn ov el. c o m

fu jiatong took out her id and waved it in front of him.

luo anguo’s face turned pale with fear. he ... he ... he actually acted like a fool in front of the president’s daughter!

the mu family alone had already made him wish he was dead. if he offended the people from the presidential palace ...

he really might not live to see the sun tomorrow!

luo anguo did not dare to be negligent in the face of fu jiatong’s overbearing threat. however, he was still a little puzzled. “ but, miss ... miss fu, why did you ... go against luo chenxi? ”

fu jiatong’s expression was cold as she glanced at him disdainfully. “ this is none of your business. you just need to know that i hate luo chenxi so much that i can’t wait for her to die! what do you know? as long as it’s related to her, tell me everything!”

luo anguo stole a glance at fu jiatong and shivered. he had more or less guessed that this was caused by young master mu.

nevertheless, he did not care about the reason. it was fine as long as fu jiatong could kill that ungrateful little b * tch luo chenxi!

thinking of this, luo anguo no longer hesitated and decided to tell him everything he knew.

“i’m sure you’re well aware that luo chenxi and luo chenxin exchanged their identities and got married on behalf of each other, right?”

fu jiatong said impatiently, "isn't this the reason why you were sent to prison?" who else didn't know? moreover, i also know that luo chenxi gave birth to a bastard child when she was studying in country F. what a pity, mu yichen did not care about that at all!"

"there's such a thing?!" luo anguo exclaimed in shock.

it was his first time hearing about luo chenxi's incident in country F!

before he could say anything, fu jiatong's sharp eyes swept over him. " what do you know? if you had lied to me just now ..."

luo anguo quickly said, "i'm not lying to you!" miss fu, i'm not lying to you, i really have something on her! i'm probably the only person in this world who knows that luo chenxi isn't my daughter at all. she's a bastard child with an unknown father!"

1474 your face can't lie

"what? luo chenxi isn't your daughter?"

this time, it was fu jiatong and zhong xiuna's turn to be shocked.

the two of them looked at each other. they had never expected that they would know such a shocking secret.

after a while, the two of them finally calmed down.

fu jiatong thought about it carefully and felt that something was amiss. she frowned. " how could luo chenxi not be your daughter? " this was impossible! i've checked her birth certificate. luo chenxi is clearly the daughter of you and your ex-wife, su lirong! don't tell me that your ex-wife cheated on you and made you a cuckold. that's because luo chenxi looks very similar to you. she's almost the same as your daughter, luo chenxin!"

fu jiatong had done a lot of homework in order to deal with luo chenxi.

as the president's niece, she had a lot of power at her disposal, and it was a piece of cake for her to check a person's file.

there were detailed records of luo chenxi's life from the moment she was born to the time she was sent to the orphanage and adopted by lu wenjun. it was unlikely that there was any problem with her.

moreover, fu jiatong had also seen luo chenxin's photo.

luo chenxin looked quite similar to luo chenxi before she had plastic surgery. she would never believe that they were not blood-related!

files could be changed, but the looks of the entire family could not be faked.

boxn ov el. c o m

seeing that she didn't believe him, luo anguo quickly explained, " "miss fu, you've misunderstood me. of course, my ex-wife was pregnant with my child, but the child died before he was born!"

“what? your second daughter died before she was born? then ... who is luo chenxi?” fu jiatong was even more shocked.

before she came here today, she had never thought that she would hear such an outrageous thing.

luo anguo heaved a sigh. “ actually, luo chenxi should be my niece. she’s the daughter my elder sister left behind. ”

” my sister passed away after giving birth to her daughter, so luo chenxi became an orphan. my mother was still alive at the time and she could not bear to see her granddaughter become an orphan. she insisted that i raise her under her name, so luo chenxi became my daughter. ”

” are you playing with me, luo anguo?! ” the more fu jiatong heard, the more she felt something was wrong. she couldn’t help but interrupt him. ” what do you mean by your sister’s daughter? stop making up stories! do you think i didn’t check before coming here? you’re the only child in the luo family, so where did you get an elder sister from?”

fu jiatong felt like she had been played.

with her status, she had lowered herself to such a filthy place and even stayed there for such a long time just to find out about luo chenxi’s dark past.

in the end, luo anguo had made up such an obvious lie. this was simply an insult to her intelligence!

” luo anguo, you’re very good. do you know what will happen to those who play with me? ”

fu jiatong stood up and was about to leave.

luo anguo was so scared that his face turned pale. he rushed over and blocked her way. ” miss fu, wait a moment. let me finish first. i really didn’t lie to you. every word i said is true! i really do have a sister! it’s just that it’s a long story, you ... you listen to my explanation ...”

fu jiatong saw how scared he was and didn’t think he was lying.

she exchanged a look with zhong xiuna before she said, ”then tell me. if you dare to lie ...”

“i don’t dare, i definitely don’t dare!”

” i have to start from the beginning, ” luo anguo said hurriedly. ” i did have a twin sister when i was little. but when i was five or six years old, my mother took us out to play and lost my sister ... ”

1475 who’s luo chenxi’s father?

“although i was young at the time, i can still remember some things. my parents were so anxious that they looked for my sister everywhere. they even put up many missing-person notices, but there were still no clues. my parents insisted on looking for it for several years, but in the end, they had to give up ...”

“these are all true. when we reported the case back then, the police station had a record. however, i didn’t live in T city when i was young. i lived in H city. miss fu, you’re so resourceful, you’ll know if it’s true once you go to city H to investigate.”

hearing luoguo's words, fu jiatong's brows furrowed.

it really did sound like it was real ...

"alright, even if what you said is true," she asked impatiently. but, didn't your sister go missing? can't you find it? how did you find luoguo then?"

luoguo was silent for a moment, trying hard to recall the situation at that time. he stammered, " " this ... actually, there were a lot of things that i didn't know. i'll just tell you what i know. "

" at first, my mother had already given up on looking for my sister. however, more than 20 years ago, we received an unexpected call. it was ... it was a call from a staff member of a non-profit organization that my parents had registered many years ago to look for missing children. he said ... he said that my sister had been found and asked my parents to go over and identify her. "

"i only found out later that my parents left a blood sample in this organization in order to find my sister. this organization's method of searching for missing children is to use blood samples from all over the world to carry out genetic comparisons to confirm the relationship between the missing children and their parents."

fu jiatong nodded. " i know what you mean. "

genetic comparison was now often used in criminal investigation. through this technology, many old cases from decades ago had been solved.

of course, such technology could also be used to search for missing children.

boxn ov el. c o m

however, the collection of genetic samples was very difficult. it was personal privacy and needed everyone to provide it spontaneously. in addition, the number was huge. using this method to find people was no different from looking for a needle in a haystack.

"in that case, your luoguo family's luck is pretty good. you were able to find him even in this situation. so, you guys took your sister back? was she pregnant at that time? do any of you have any recollection of luoguo's father?"

hearing this, fu jiatong thought that she could already guess the general situation.

luoguo's twin sister had gone missing since she was young, so she must have been living a particularly miserable life. she might have even been abducted and sold to the mountains.

at that time, the luoguo corporation was already a relatively famous enterprise. the luoguo family was so rich that they definitely could not bear to see their daughter suffer and would bring her home immediately.

since luoguo had said that luoguo's father was unknown, she reckoned that luoguo was pregnant with luoguo's sister when she was wandering outside.

if that was the case ... luoguo's background was even more lowly than she had imagined in the past.

he might be the child of a homeless man or a murderer!

if she could dig up such a scandal and expose it to the mu family and the media, she would like to see if mu yichen could even swallow this down!

marrying such a lowly woman, the mu family would definitely become the laughing stock of the entire upper-class circle.

he had no choice but to divorce luo chenxi for the sake of his family's reputation!

the more fu jiatong thought about it, the happier she became, and a smug smile appeared on her face.

1476 chapter 1480-last meeting

"well ... that's right. my sister was indeed pregnant at the time, but ..." luo anguo suddenly stopped for a moment. he frowned even more deeply. "i don't have any clues as to who luo chenxi's father is at all ..."

"what? how can there be no clues?" fu jiatong glanced at him unhappily. "do you think i'm an idiot? the daughter that you've finally found is pregnant with a bastard child. will your parents not care? as long as we ask, we'll definitely find some clues!"

luo anguo gritted his teeth, and his expression was a little grave.

"you're right, but ... but my parents didn't have the chance to ask. in fact, that was the last time we saw my sister!"

"last time? what do you mean by that?"

fu jiatong didn't know why, but she suddenly felt uneasy.

however, she quickly covered it up. she stared at luo anguo and forced him to continue.

luo anguo said, "when we received the news, we didn't have time to be happy. the staff told us that my sister's life was in danger. she's being rescued in the hospital. they hoped that we could get to the hospital as soon as possible." my mom's body was weak to begin with. when she heard this news, she almost fainted on the spot. i only found out the whole story when we rushed to the hospital."

"it turns out that my sister was found by someone at the beach. at that time, my sister was covered in injuries and was obviously seriously violated, but she was still on her last breath. the person who found her was frightened and immediately called the police and an ambulance to take my sister to the hospital."

"because my sister lost a lot of blood and her blood type was a bit special, the hospital's blood bank didn't have enough blood, so i uploaded her blood sample, hoping to find someone nearby with a matching blood type to donate to her. in the end, after the comparison, it matched the sample my parents left at the charity organization and found that she was my long-lost sister. that's why the staff contacted us."

"i went to donate blood as soon as i arrived at the hospital, but it was still ... it was still too late. her sister's injuries were too severe and she passed away very soon. however, the child in her womb at that time was already more than eight months old. the hospital removed the child through a cesarean section and the child was still very healthy. that must be ... luo chenxi."

boxnovel.com

after hearing Luo Anguo's story, Fu Jiatong's eyes widened even more. She was so shocked that she couldn't come back to her senses.

She had never expected that Luo Chenxi's background would be even more bizarre than she had imagined.

The development of this matter was really beyond her expectations.

Luo Chenxi ... was actually given birth to by her mother before she died!

In that case, it was impossible to find out who her father was. She didn't even know her mother's situation, let alone her father.

Even the Luo family did not know what had happened to her mother in the decades that she had been missing ...

It was wrong!

Fu Jiatong suddenly thought of something and quickly asked, "What happened after that? Since your sister died because she was violated, and the passerby even called the police, the police should give you an explanation, right? To do such a thing to a pregnant woman in broad daylight, this was a big case! If such a major murder case couldn't be solved, the police station wouldn't be able to answer to their superiors! Did they not investigate what happened to your sister in the past?"

1477 Don't continue to investigate further

Luo Anguo frowned and shook his head slowly.

"No, the police didn't provide any clues."

"How is this possible?! " Fu Jiatong couldn't believe it.

Luo Anguo recalled the situation at that time and sighed. "It's true. I've already told you such a big secret. There's no need to hide it. " I'm telling the truth!"

"That's right. At that time, our entire family was furious. We went to the police station every day and asked them to solve the case as soon as possible and punish the murderer. At first, the police were very cooperative and would even inform us of the progress of the case. However, one day, the chief of the police station suddenly called us to his office and told us that the case was about to be closed. He asked us not to continue investigating ... "

Fu Jiatong couldn't help but cry out, "This ... how can this be? Isn't this illegal? For such a big case to be suddenly closed without being solved, it was obvious that someone was behind it! What about you guys? His daughter died, and he just let it go? Even if you have to go bankrupt, you still have to get an explanation from the police!"

Luo Anguo shook his head and couldn't help but smile bitterly. "Miss Fu, you're from a rich family and have a noble status. Our Luo family can't be compared to the president's house! We know that it's illegal

to close the case like this, but for the police chief to say something like this, there must be a powerful force pressuring him. we are just small families, how can we go against such a person?"

"but the one who died was a daughter of the Luo family,"

Fu Jiatong was used to being high and mighty since she was young, so she obviously couldn't understand this situation. "besides, there are laws in China, what are you afraid of?"

Luo Anguo couldn't help but roll his eyes and sneer in his heart.

he didn't know if this Miss Fu was really stupid or just pretending.

boxn ov el. c o m

China's laws were true, but if the powerful wanted to do whatever they wanted, there would always be a loophole.

The Luo family only had a small amount of money. In the eyes of ordinary people, they were considered a decent family. However, in front of the real top rich families, they were simply too weak to withstand a single blow!

"we thought so too at first. my parents were really unwilling to give up. " " but, something else happened later," Luo Anguo added. "one day, the bureau chief, who warned us, was suddenly hit by a car on the road and died on the spot!"

"what?" Fu Jiatong was shocked again.

Luo Anguo continued, "we don't know if this was an accident or someone's intentional murder ... but at that time, my parents were shocked and scared. they were hospitalized a few times. moreover, my ex-wife was pregnant at that time. " thus, i could only choose to give up. in order not to be found out, we even secretly sold a lot of our businesses and left City H to develop in City T ..."

"however, this matter has a huge impact on our Luo family. my ex-wife had a shock during her pregnancy. the child was already seven months old, but the heart suddenly stopped and it became a stillborn. when she induced labor, she accidentally bled and passed away. after this case, my parents have been bedridden. a few months later, they ... they passed away ..."

at this point, his voice suddenly trembled and he stopped.

Luo Anguo had been very calm when he talked about his sister's death, as if he was talking about a stranger.

however, he was still quite touched when he talked about his parents 'passing. it took him a while to recover his voice.

1478 she's been a jinx since young!

"Miss Fu, do you know? i hate Luo Chenxi so much because this little b * tch has been a jinx since she was young!"

“everything was fine in the luo family, but because of her, so many of our relatives died! i really hate her, but my mother forced me to acknowledge her as my daughter before she passed away ... hehe!”

” so, i agreed on the surface, but after my mother passed away, i sent that little jinx to an orphanage. ”

“you really can’t blame me for this. if we let this wretched girl stay at home, will our luo family still have a good life? after she went to the orphanage, the luo family has been doing well. the luo corporation has been developing well for more than 20 years.”

“what i regret the most now is that i acknowledged her back then and let her marry mu yichen! once we acknowledge this wretched girl, our mu family can be considered to have been struck with bad luck. look, now our family of three, what have we fallen into?”

“miss fu, if you have a way to get rid of that little jinx, i’ll really have to thank you! you’re the luo family’s benefactor!”

luo anguo’s expression was contorted while his voice was filled with bitter resentment. he kept calling her ‘little jinx’ and ‘little b * tch’. it was obvious that he hated luo chenxi to the core.

even fu jiatong felt a little scared when she heard his tone.

however, she could be sure that what luo anguo had said just now was not a lie. at least, this resentment could not be faked.

before she came here today, she was still a little puzzled. even if luo chenxi was the child of luo anguo’s ex-wife, she was still his biological daughter. why did he leave his daughter in the orphanage and not care about her at all? he even went on to set luo chenxi up after that.

only now did fu jiatong finally understand.

boxn ov el. c o m

come to think of it, luo chenxi was rather miserable. she lost her mother at birth and was treated as a jinx who was kicked around.

however, she would not sympathize with this vixen!

no matter how miserable her background was, it was not a reason for her to snatch big brother mu away!

fu jiatong interrogated luo anguo for a while more, asking him about the details of the incident.

luo anguo was able to answer them one by one, and he even reminded her, ” ” miss fu, you can go to city H to investigate what i’ve said. i believe that even if this case is forcefully closed and the files are destroyed, there will still be traces left behind. once you check, you’ll know that i’m not lying. ”

fu jiatong had already calmed down and regained her high and mighty attitude. she glanced at him disdainfully. ” of course i’m going to investigate. do i need you to tell me that? ” you’d better make sure you’re not lying to me, or else ...”

“i don’t dare, i really don’t dare!” luo anguo said hurriedly.

fu jiatong nodded and turned to look at zhong xiuna. " alright, it seems like we won't be able to get any more information from her. let's go. "

as she spoke, she turned around and walked towards the door.

however, after he had taken a few steps, he realized that zhong xiuna had not followed him.

"zhong xiuna, what are you doing?" fu jiatong asked impatiently. hurry up and catch up!"

however, before zhong xiuna could say anything, luo anguo had already stood up from his seat and tried to block her way.

"wait, miss fu, you ... you can't just leave like this! i've already told you everything! you ... you have to save me! i want to leave this damn place!"

1479 watch your mouth!

seeing that fu jiatong was about to leave, luo anguo really panicked!

he had already revealed his biggest secret in exchange for a chance to escape from prison.

and now, fu jiatong was planning to leave just like that?

then what about him?

" miss fu, you ... you can't do this. i ... i must leave this place ... "

"get out of my way! don't block the way!"

fu jiatong was unmoved, and she pushed him away.

what a joke. she had come to the prison to see luo anguo without the president and the rest of the fu family knowing.

how could he take a burden like luo anguo away and cause trouble for himself?

luo anguo was a criminal that the mu family had asked to be strictly guarded. it was fine if she came to meet him secretly, but if she let him out, the mu family would definitely get the news.

then she would be discovered for all her scheming!

boxn ov el. c o m

of course, she couldn't take the risk.

fu jiatong's face turned even colder at the thought of this. " luo anguo, i'll say this one last time. get out of my way, do you hear me? " you're the one who's sentenced, you brought it on yourself. what does it have to do with me? i've already said that china has laws. i won't do anything that violates the law!"

" no, miss fu, i know you have a way, you must have a way ... "

although fu jiatong's attitude was firm, luo anguo had already treated her as his last hope and refused to move away.

just as the two of them were in a deadlock, zhong xiuna suddenly recovered from her daze and hurried over.

she reached out and rang the alarm in the room.

five seconds later, a few heavily armed prison guards barged in.

when he saw the situation in the room, he pressed luoguang down on the ground without saying anything.

luoguang struggled with all his might, but he couldn't break free. "let me go! let me go!" he cried. miss fu, you ..."

"shut up!"

fu jiatong heard that he was about to call out her name and quickly stopped him.

"luoguang, you'd better remember to watch your mouth! i don't want to hear any rumors about me from other people. otherwise ... hehe, you should understand that the mu family can't do anything to you because of luochenxi. it's different for me ..."

fu jiatong's words were full of threats.

luoguang had originally planned to take a gamble and expose fu jiatong's identity in exchange for his last chance of freedom.

however, after hearing those words, he immediately shivered and the rest of his words were stuck in his throat. he didn't dare to make a sound.

he knew that fu jiatong was telling the truth!

with fu jiatong's status, as long as she said a word to the warden, he would definitely feel like he was better off dead!

the mu family did not let anyone torture him. he was already so miserable in prison. if he offended the fu family ...

luoguang quieted down and was taken away by the prison guards.

fu jiatong left the prison with zhong xiuna. they walked for a long distance and made sure that no one was around. then, fu jiatong said coldly, "xiuna, you heard what luoguang just said. 'i have a premonition that there's definitely some shameful secret behind luochenxi's bizarre background. there must be some black material that we're looking for in there! so, what we're going to do next is ..."

1480 no, definitely not!

"first of all, spread the news that luochenxi is a jinx. at the very least, it must reach uncle mu and aunt mu's ears. the older people were more or less superstitious, especially the rich and powerful. very few people didn't believe in feng shui. that little b * tch had jinxed so many people to death in a row, who would dare to have such a daughter-in-law? as long as the news gets out, no matter how much aunt mu likes her, she won't stand on her side ..."

"and ..."

fu jiating paused for a moment and turned to look at zhong xiuna. "also, we have to investigate the incident that happened more than twenty years ago!" how about this, you go to city H tomorrow and find a way to get the files from the police station ..."

fu jiatong stopped mid-sentence, frowning as she shook her head.

"no, you can't. you won't be able to get anything out of the files. besides, so many years have passed. it'll be hard to find the files. they might even have been destroyed ... we can't do this alone ..."

fu jiatong knew that although she was the president's niece, she had special privileges in many aspects, and no one dared to offend her.

however, to investigate a murder case that had been closed more than 20 years ago was a major event that concerned the entire legal system. no one would give her so much face. after all, she was only a young lady from a rich family and did not have any real power in her hands. other people's respect for her was only due to the president and the fu family.

she paced back and forth in front of zhong xiuna for a long time before she finally stopped and said, "how about this, i'll give my uncle a call and ask him to help me contact the police and see if i can get them to cooperate with me ..."

"no! absolutely not!"

before fu jiawan could finish her sentence, zhong xiuna, who had been in a daze, suddenly looked frightened and shouted loudly, interrupting her.

fu jiatong immediately glared at her. "lower your voice! what are you shouting for? are you afraid that others won't know we're talking here? also, why didn't my plan work?"

zhong xiuna bit her lip and said anxiously, "jiatong, i think ... it's better not to tell the president about this!"

fu jiatong's face was full of disapproval. "you're not telling my uncle? then how are we going to investigate? where could he go to investigate what happened more than twenty years ago? i know you're afraid that my uncle won't help you. however, don't forget that this is related to the mu family. as long as i tell him that i want to help the mu family find out the truth of the murder case, he will definitely help me."

"alright, it's a deal then!"

seeing fu jiatong's confident look, zhong xiuna became even more anxious. "no, jiatong, this ... this really won't work!"

fu jiatong was very unhappy that she kept going against her, and her face darkened. "what do you know? why wouldn't it work? it's settled then. i'll call uncle president later!"

"no, jiatong, you ... let me finish first!"

zhong xiuna had been hesitant at first, but when she saw fu jiatong take out her phone from her bag, she couldn't hold it in anymore. she had no choice but to force herself to make it clear.

"jiatong, you ... ai! don't you think that this case sounds a little ... familiar?"

fu jiatong looked at her in confusion. "familiar? what did that mean? you think this is a serial murder?"
