

## Sweetheart 1521

1521 how was she going to clean up this mess?

everyone present was stunned, and the scene immediately quieted down.

after a short silence, the crowd was in an uproar again.

” mr. president!! ”

” it’s the president himself! ”

“mr. president ... is he here to chase her away personally? or ... do you want to keep him?”

“who knows? quick, quick, quick, take a picture, take it more clearly! no matter what the president does, this will definitely be on the front page tomorrow!”

the security guards immediately called out, wanting to stop the reporters from taking photos. they even seized a lot of recording equipment.

unfortunately, no one wanted to miss such a big piece of news. even the security guards could not stop the flashes.

hearing fu jingxuan’s voice, fu jiatong’s heart tightened!

why would her uncle president come out at this time?

wasn’t fu jingxuan supposed to be in the banquet hall receiving the vice president of country M?

boxn ov el. c o m

fu jiatong had deliberately come to the presidential palace’s entrance to secretly drive luo chenxi away when fu jingxuan wasn’t paying attention, so that the two of them wouldn’t meet again.

that time, she had brought luo anguo and lu yajing to the president’s office to complain about luo chenxi to fu jingxuan. in his anger, fu jingxuan had planned to take advantage of the dinner party that night to persuade mu yunfeng to see luo chenxi’s true colors.

knowing that fu jingxuan’s plan had achieved fu jiatong’s goal, she was naturally happy.

however, she was worried that luo chenxi’s lie would be exposed if she appeared at the banquet. that was why she tampered with the invitation card.

who would have thought that fu jingxuan would show up so early ...

not only did she fail to drive luo chenxi away, but she had also offended the entire mu family. how was she supposed to clean up the mess?

just as fu jiatong was panicking, fu jingxuan’s figure appeared at the entrance of the presidential palace.

he had a tall and straight figure, wrapped in a very formal three-piece suit. although he was not young and had a faint wrinkles on his forehead, he still had a stern and majestic aura.

not far behind him, fu linchen was following closely.

he had specially rushed back from M nation to attend the presidential banquet.

as the president's only heir, the fu family had high hopes for fu linchen. he could not miss this opportunity to accumulate political capital.

the reporters' cameras flashed again.

fu linchen's handsome and determined face also attracted a lot of attention.

although he rarely appeared in front of the public, his face, which was similar to fu jingxuan's when he was young, made it easy for people to guess his identity.

for a moment, the eyes of the wealthy young lady who was shocked by the news of mu yichen's marriage were filled with hope again.

this young master of the president's house had the best looks, abilities, and family background.

furthermore, she was single and had no scandals ...

"yunfeng, where are you going? hurry up, bring in my sister-in-law and yichen. the banquet is about to start." we haven't seen each other for a year, so let's have a chat today."

fu jingxuan saw mu yunfeng and immediately greeted him.

when he heard that mu yunfeng had arrived, he quickly ended his conversation with the vice president of the united states and rushed out to welcome him.

he was not only going to reminisce about the past with mu yunfeng today, but he was also going to expose luo chenxi's dark history!

as a good brother, he couldn't let the mu family be tricked by that girl with ulterior motives again!

fu jingxuan's familiar tone made the surrounding guests look at him with envy.

the relationship between the mu family and the president was really not something that ordinary people could compare to ...

1522 i don't dare to enter your presidential palace!

it was such a great honor to be personally welcomed by the president!

however, mu yunfeng frowned and said, "sigh, jingxuan, if you want to catch up, let's do it another day. " i suddenly remembered that i have something to do today, so i won't be able to attend the banquet. i'll take my leave first!"

he didn't want to say this, but tan yueru pinched his arm hard before he could speak.

mu yunfeng was in pain. under his wife's threatening gaze, he could only admit defeat.

startled, fu jingxuan frowned. "yunfeng, what's wrong with you? since you're already here, why are you leaving? what was going on? sister-in-law, please advise yunfeng. could it be that he still remembers what happened that day? i was too impulsive, can we talk inside?"

fu jingxuan thought that mu yunfeng and the others were still holding a grudge against him for sending the army to take her away.

he knew he was in the wrong. although he couldn't say it clearly in front of so many reporters, he still vaguely expressed his apology.

however, tan yueru sneered after hearing his words. "i don't dare to enter your presidential palace! just now, we were almost thrown out of the main entrance. it seems that our mu family's status is not high enough!"

"sister-in-law, what do you mean?" fu jingxuan was clearly taken aback.

tan yueru didn't bother to talk to him. she pulled mu yunfeng and turned to leave.

"yunfeng, sister-in-law, wait a moment ..."

boxn ov el. c o m

frowning, fu jingxuan tried to stop her, but he was too slow.

fu jiatong knew that she could no longer hide what she had just done.

she could only grit her teeth and walk quickly to fu jingxuan's side, reaching out to tug on his sleeve.

"uncle president, it's ... it's like this. luo chenxi's name wasn't on the invitation letter we sent to the mu family, but she still came to attend the banquet. that's why she was stopped outside the door ..."

"what? how could it not be on the invitation ..."

fu jingxuan was a little surprised, but he suddenly stopped in the middle of his sentence. he had a rough idea of what was going on. "jiatong, could it be you ... i know you don't want to see luo chenxi, but how could you do something so offensive?"

although fu jingxuan also felt that luo chenxi was a vicious girl after listening to luo anguo's testimony, he knew very well that he could only communicate with the mu family in secret. if he were to speak of such matters in public, not only would he offend people, but he would also make a fool of himself in front of his competitors.

he couldn't be more stupid!

fu jiatong suddenly bit her tongue and felt a sharp pain. her eyes were filled with tears, and she looked like she was about to cry.

"uncle president, i admit that i was rash, but ... but what right does that kind of person have to enter our president's house? she didn't even hold a wedding with big brother mu. according to the rules in our circle, this isn't considered an official marriage to the mu family, right? i ... i'm not wrong!"

"besides, most sensible girls would know that they weren't invited, so they would definitely leave by themselves. but she immediately encouraged big brother mu and the others to follow her! she's deliberately trying to sow discord between the mu family and our family! how can there be such a selfish woman? if she continues to stay in the mu family, i don't know what kind of mess the mu family will be in!"

fu jiatong's words were said in a roundabout way. she did not mention how she had humiliated and attacked luo chenxi earlier.

1523 you must invite everyone in the mu family back!

on the contrary, he had pushed the responsibility of the mu family's departure onto luo chenxi.

according to fu jiatong's logic, luo chenxi should have left quietly on her own after being rejected at the door. that was the way she would show that she understood the big picture.

the mu family's protection of her was the result of luo chenxi's bewitching words and her attempt to sow discord between the two families.

such a statement seemed to make sense at first, but it could not be considered carefully.

however, fu jingxuan had just heard about luo chenxi's 'dark history' and had a bad first impression of her, so he could not react in time.

"this is preposterous! it had only been a few months since luo chenxi married into the mu family, yet she had the audacity to rely on her husband's favor to destroy the mu family's public image! how can this continue!" fu jingxuan's face turned even uglier.

"fu jiatong, what are you talking about? chenxi isn't such a person!"

fu linchen overheard their conversation and couldn't bear to listen.

"dad, i don't believe that chenxi would do such a thing! the few times that jiatong had argued with her, it was all her fault. luo chenxi had only retaliated because she could not force her to! "luo chenxi's a really nice girl. she's smart, beautiful, and talented. she's on very good terms with yichen. they ..."

"that's enough, brother che. why have you been brainwashed by luo chenxi too?" fu jiatong quickly interrupted him. "uncle, did you see that? luo chenxi's so good at deluding the public with lies that she even bribed brother che!"

"what do you mean by bribing? fu jiatong, stop trying to sow discord. dad, you don't know that luo chenxi ..."

boxn ov el. c o m

"i think you're the one who doesn't know!"

fu jingxuan's face turned livid as he glared at his son. "i know better than you what luo chenxi has done!"

fu linchen narrowed his eyes in surprise and glanced at fu jiatong. he knew that his cousin must have said something to fu jingxuan behind his back.

hearing this, fu jiatong lifted her chin proudly and sneered in her heart. how dare luo chenxi go against her! even if luo chenxi had bewitched everyone in the mu family, she would still have to get out of the presidential palace dejectedly today.

however, before she could laugh, fu jingxuan said, "lin chen, what are you doing? hurry up and stop your uncle mu and the others! i can't let them leave like this! he must invite all of them back, including luo chenxi! go and apologize to them, and you must invite everyone in the mu family back!"

fu linchen had a lot to say, but when he saw that luo chenxi and the rest were about to get into the car, he turned around and left without a second thought.

on the other hand, fu jiatong could not believe her ears. "uncle, how can you let a woman like luo chenxi into the presidential palace?"

fu jingxuan couldn't help but frown. "jiatong, you're helping your brother mu out of good intentions, but this isn't appropriate in this situation! he could not ignore the face of the two families! so what if he invited her to the banquet? this is to give your uncle mu face!"

"but ... but ..."

fu jiatong was going crazy, but she couldn't think of a reason to refute his words.

luo chenxi was at the scene, so how was she supposed to smear her reputation?

moreover, she suddenly recalled that luo chenxi looked rather similar to her auntie who had passed away many years ago!

ever since the president's wife passed away, fu jingxuan was afraid of missing her when he saw her, so he had all the photos in the house kept away.

therefore, fu linchen's memory of his mother's appearance was very vague.

1524 she hated everything in the fu family

however, fu jiatong managed to obtain luo chenxi's auntie's photo through various means after she found out about her true identity.

the moment she saw the photo, she was shocked ...

'if uncle president were to see luo chenxi ...'

on the other hand, fu linchen had already ordered the security guards to stop the mu family.

he disregarded his image and jogged all the way to catch up to mu yichen and the others.

"ahem, uncle mu, aunt mu, and ... ahem, chenxi, wait a moment!"

"young master fu, what's the matter?" mu yichen turned around and glanced at him. he smirked coldly and said, "are we not allowed to leave the presidential palace even if we want to now? if we don't stop, is the president going to send the army to put us under house arrest?"

"yichen, what are you saying?" fu linchen frowned, not used to being ridiculed.

however, when he thought that the fu family was in the wrong, he lowered his posture and bowed slightly.

“i’m here to represent my father to apologize to you. young mistress mu’s name isn’t on the invitation today. this is indeed the president’s house’s negligence. we didn’t do our job well and let her suffer. as the fu family’s heir, i’m personally inviting chenxi to attend today’s banquet. i hope you can give me this face.”

the eldest son of the president’s house had apologized in such a humble manner. if it were an ordinary person, they would be overwhelmed by the unexpected favor.

boxn ov el. c o m

even mu yunfeng’s expression softened.

however, for young master mu, who loved his wife as much as his life, he wanted to offset the insult to his wife with such a few simple words? this was impossible!

“young master fu, don’t you think it’s too late to say this now? my wife is the young mistress of the mu family, not someone the president’s house can order around! please go back, we won’t be attending the banquet today.”

as mu yichen spoke, he turned around and swept a glance at the security guards behind him. “ask them to move aside immediately! otherwise, i’m going to call the bodyguards. the mu family and the fu family have already made a big enough mess today. if they really fight, this matter won’t be easy to end.”

cold sweat broke out on fu linchen’s forehead when he heard mu yichen’s threat.

in reality, he knew that mu yichen could not possibly let this matter go just because of a few words from him.

however, if they did not manage to persuade mu yichen, the two families might really end their friendship after today!

he couldn’t afford to take this responsibility!

“uncle mu, aunt mu, you’ve been friends with my father for decades. please consider my father’s feelings ...”

before mu yunfeng could open his mouth, tan yueru had already said, “mr. president, please consider our feelings. she’s my only daughter-in-law, and i treat her like my own daughter. have you all forgotten how your fu family’s young miss mocked her just now?”

an idea came to fu linchen’s mind. he quickly cast a pleading gaze at lu chenxi.

“chenxi, i’m really sorry for today. my father and i never thought that jiatong would do this. although these explanations are no different from quibbles, i still want to say something on behalf of myself. i’ve been looking forward to your attendance at the mid-autumn festival banquet today. i hope you’ll honor us with your presence.”

luo chenxi had been standing there expressionlessly. she only shifted her gaze to fu linchen when she heard his words.

although she hated everything in the fu family, she could not bring herself to hate fu linchen.

1525 especially envious of fu linchen's younger sister

this might be because fu linchen gave her a sense of deja vu the first time they met. he did not put on any airs as the young master of the presidential palace and talked and laughed with her.

it could also be because of the sadness and helplessness that fu linchen had shown when he gave her the SD doll.

there was a moment when luo chenxi was envious of fu linchen's younger sister.

it must be the happiest thing in the world to have such an outstanding and reliable big brother. unfortunately, the world is unpredictable ...

both of them had the experience of losing their loved ones, which made them closer.

when she saw fu linchen's sincere expression, luo chenxi could not bring herself to reject him.

she pursed her lips. "brother fu, you really don't have to do this. this has nothing to do with you. you don't have to apologize to me."

fu linchen raised his eyebrows slightly and looked at her intently. "so, you're willing to accept my invitation?"

"this ... these are two different things ..." luo chenxi frowned.

fu linchen saw that she was hesitating, so he quickly continued, "i know, these are indeed two separate matters. jiatong's actions only represent her and not the president's house. i hope you don't misunderstand. you're not willing to attend the banquet, are you planning to take your anger out on me?"

when she saw fu linchen's furrowed brows, luo chenxi did not know why but she felt a little bad for him.

boxn ov el. c o m

"brother fu, i ..."

just as she was about to speak, she suddenly felt something tighten around her waist.

mu yichen wrapped his arms around her slender waist and pulled her back to shield her behind him.

"fu linchen, you've said enough! my words represent the mu family's attitude, so don't harass my wife!"

mu yichen emphasized every word with a dark expression.

young master mu was upset when he thought of luo chenxi and fu linchen having a pleasant conversation.

he had disliked fu linchen for a long time. every time he came to their house, he would chat and laugh with his wife, and his little princess would even kiss him!

is there a mistake?

those who didn't know better would think that fu linchen was an important relative of their family!

however, he was not. he was just a man with ulterior motives who was suspected of seducing his wife! mu yichen was already upset enough, yet luo chenxi did not realize that her husband was jealous at all. she even tugged at mu yichen's clothes nervously after she was pulled away.

"hubby, don't be like this, fu jiatong is fu jiatong, big brother fu is different from her, don't take it out on big brother fu ..."

"stupid woman!" mu yichen was exasperated. he turned around and glared at her before he said, "what's wrong? do you really intend to listen to this guy and go back to the presidential banquet? have you forgotten how the fu family treats you? if we go back like this, where will the mu family's face go?"

luo chenxi frowned upon hearing that.

of course, she understood what mu yichen was saying. however, she did not think that it would be a good thing to continue the stalemate with the presidential palace.

" but the presidential election is in a few days. if we just leave like this ... "

the failure of the president's re-election was a small matter, but the mu family's decades of political investment in fu jingxuan would also be gone.

at the thought of this, luo chenxi walked out from behind mu yichen and looked at fu linchen again.

"brother fu, if mr. president is really sincere in inviting us, he shouldn't have asked you to come. he should have come in person! i don't believe that he didn't acquiesce to today's matter!"

1526 misunderstanding, this is all a misunderstanding!

fu linchen frowned and seemed to be in a difficult position. " chenxi, my father is an elder after all ... "

it was already very kind of him, a young master, to come and apologize.

after all, as the head of a country, the president's dignity could not be challenged!

however, before he could finish his sentence, mu yichen's cold voice was heard. " fu linchen, you've heard what my wife said. if you don't want to, you can get out of my way now. don't waste our time!"

"yichen! aiyo!" mu yunfeng couldn't stand it anymore and tried to stop him.

however, before he could say anything, tan yueru stomped on him with her right foot, which was wearing a high heel. it was so painful that his face twisted, but he didn't dare to act up.

fu linchen's face darkened. he gritted his teeth and said, " okay, i'll tell my father now! "

he quickly turned around and returned to the presidential palace to convey the mu family's message to fu jingxuan.

fu jiatong was so angry that her face turned green. who does she think the fu family is? this is an insult to the fu family!"

she had an idea and quickly thought of something. she took the opportunity to say, "uncle, it must be luo chenxi who's trying to drive a wedge between us again. otherwise, why would uncle mu not give you any face when you're on such good terms with him? 'this woman, luo chenxi ... she's truly terrifying!' we can't be threatened by her. since she doesn't want our respect, then from now on, we'll just list her as a no-go to the president's house!"

she wanted to seize the opportunity to make luo chenxi disappear from this place as soon as possible.

boxn ov el. c o m

however, fu jingxuan glared at her. "how can it be that simple?! " the mu family can not leave today. the presidential palace can not bear the loss of breaking off relations with the mu family!"

"but luo chenxi isn't considered a member of the mu family. she's not worthy of brother mu either ..."

"is there any use in saying this now?"

fu jingxuan took a deep breath. "lin chen, jiatong, come with me to invite your uncle mu's family! "

he was well aware of the unspoken rules of communication between aristocratic families, which emphasized balance.

the mu family had already given the fu family face by not pursuing the matter when he had sent troops to save fu jiatong.

this time, the mu family's attitude could no longer be so easy-going.

surrounded by bodyguards, fu jingxuan personally walked towards the parking lot.

fu jiatong's face turned pale, and she couldn't stop him anymore. she could only take a few steps back secretly, trying to find a place to hide.

however, she had only taken a few steps back when fu linchen noticed her. he turned to look at her. "jiatong, what are you doing? " hurry up and catch up! this matter was caused by you, so you have to solve it yourself!"

"but ... but ..."

fu jiatong tried to delay.

with a look from fu linchen, the bodyguards stepped forward and sandwiched her in the middle, forcing her to follow them.

"yunfeng, sister-in-law, i've finally cleared up today's matter. it's a misunderstanding, it's all a misunderstanding! i didn't expect the staff to make such a low-level mistake. i've already fired those people who made mistakes! please don't take it to heart and don't let such a small matter affect your mood. it's the mid-autumn festival today and the moon is full. the banquet is about to begin, so hurry up and enter!"

fu jingxuan strode over to mu yunfeng and immediately smiled.

he didn't even mention the dispute between the two families just now, only saying that it was a misunderstanding. he warmly invited the mu family in, as if he and mu yunfeng were really family.

not to mention that he was the president, even an ordinary person would find it hard to refuse such an attitude.

however, mu yunfeng didn't agree immediately. he hesitated for a second and looked at tan yueru.

"my son and my daughter-in-law are in charge of the mu family now," tan yueru said lightly. "this matter ... has to be decided by my daughter-in-law!"

upon hearing this, fu jingxuan was stunned for a moment before he frowned. his impression of luo chenxi worsened.

as expected ...

the person who had been sowing discord between the two families and preventing mu yunfeng and the rest from attending the banquet was luo chenxi!

fu jingxuan was displeased. he turned his head to the side and his gaze fell on luo chenxi's face, who was being protected in mu yichen's arms all this while.

1527 y-you're luo chenxi?

"you ...!"

fu jingxuan only took one glance at luo chenxi before he was stunned.

he opened his mouth but could not even utter a word. he glared at luo chenxi with a dumbfounded expression.

his reaction was too abnormal.

mu yichen's expression was even colder than before.

he subconsciously tightened his arms, trying to push the stupid woman behind him.

however, luo chenxi did not follow his action and retreat. instead, she pulled his arm away and took the initiative to stand in front of fu jingxuan to face the high and mighty president of china.

in the beginning, she had imagined the president, who doted on his niece, to be a hot-tempered and stubborn old man. in the end, when she saw him in person, she realized that her guess was wrong.

fu jingxuan was very similar to fu linchen. fu linchen's deep eyes and sharp jawline were perfectly inherited from the president.

because of this, luo chenxi realized that her loathing for fu jingxuan had miraculously decreased by a few points.

this made her feel a little annoyed.

boxn ov el. c o m

this was because she realized for the first time that her face-fanatical personality actually worked on this kind of uncle! she actually did not find fu jingxuan that annoying anymore.

“mr. president, what advice do you have?”

luo chenxi cleared her throat and spoke in a calm and collected manner. her tone and demeanor were natural. there was not a hint of nervousness or uneasiness that an ordinary person would have when they met the president.

hearing her voice, fu jingxuan was jolted out of his daze, but he was still a little dazed.

he frowned while his eyes were still fixed on luo chenxi. “y-you’re luo chenxi?”

mu yichen took a step forward and wrapped his arm around luo chenxi’s waist. he stood close to her back in a protective manner. “your excellency the president, chenxi is my wife, the young mistress of the mu family. ” i wonder what you want to say to my wife?”

“this ...”

a rare trace of awkwardness flashed across fu jingxuan’s determined face.

of course, he was planning to give luo chenxi a good beating initially. even though he did not wish to offend the mu family, it was still within reason for him to give luo chenxi a few words of advice given his seniority.

however, he did not manage to say the words that he had prepared earlier when he saw luo chenxi. on the contrary, he stared at the young woman in a daze for quite a while.

such an action was indeed rather disgraceful. it was no wonder that mu yichen’s face darkened and he appeared to be on guard.

however, luo chenxi was too similar to his deceased wife!

for a moment, he even thought that the woman he had missed for more than 20 years had reappeared in front of him. she was just as beautiful and graceful as she was in the past.

he only realized that he had lost his composure when luo chenxi spoke.

upon closer inspection, he found that luo chenxi did look a little similar to his wife, but they were far from being identical.

however, the way she straightened her back and lifted her chin proudly, as well as her neither humble nor overbearing attitude when facing someone of higher status, made her seem to overlap with the figure from many years ago.

“ahem, ahem.” fu jingxuan quickly coughed to cover up his embarrassment. “yichen, what are you saying?” i’ve always treated you as my junior. your wife is also my junior. why would i harm you? i’m just curious, what’s so special about a girl who can make a man like you, who has eyes on the top of his head, step into the hall of marriage?”

1528 the thing she was most worried about still happened!

fu jingxuan didn't even realize that his attitude had softened a lot in an instant.

"chenxi doesn't need to have anything special about her. as long as she is my woman, she is destined to be mine."

mu yichen could tell that fu jingxuan was backing down a little, but his attitude did not change for the better. he tightened his arms around luo chenxi's slender waist.

fu jingxuan was just about to reply when fu jiatong's nervous voice came from the side.

"m-mrs. mu, it's getting late and there are so many reporters watching. can you please have a good heart and forget about today? no matter what the misunderstanding is, it's my, fu jiatong's, personal negligence. i can make it up to you however you want, but can you let us enter the president's house first? uncle president came here personally ..."

fu jiatong had been following fu linchen, and when she saw fu jingxuan's shocked expression, her heart skipped a beat.

he immediately knew that things were bad!

what she was most worried about had happened!

the president's uncle managed to see luo chenxi's face in the end. moreover, he could clearly see the similarities between her and his mother!

at this time, fu jingxuan must not be given any time to think ...

fu jiatong made a quick decision and walked over without thinking, crying and complaining in a wronged tone.

boxn ov el. c o m

on the surface, fu jiatong was admitting her mistake and pleading with luo chenxi. however, she was hinting that luo chenxi was deliberately stirring up trouble and that she, fu jiatong, was the unlucky punching bag who had been wronged because luo chenxi deliberately stirred up trouble.

upon hearing fu jiatong's words, fu jingxuan suddenly remembered the purpose of his visit today and the crimes that luo anguo and the others had accused luo chenxi of.

his expression that had just softened turned cold once again. he swept his unpleasant gaze across luo chenxi's face.

upon seeing luo chenxi in person, fu jingxuan understood at once why a young master from a wealthy family like mu yichen, who did not care about women, would fall for luo chenxi's charms in just a few months.

he knew better than anyone else how charming a beauty with such an aura was!

back then, it was also his first time seeing his wife. he fell in love with her at first sight and couldn't wait to propose to her not long after they met ...

however, this little girl ... to think that she looked similar to his wife and was a beauty of the same style, but she did not even have a tenth of his wife's character!

at this thought, fu jingxuan snorted. " "that's right, miss lu. you're the young mistress of the mu family now, so you have to have the bearing of a rich lady! it's just a small matter of not having a name on the invitation. it's just a small misunderstanding. is it worth it for you to be so angry and even encourage your husband and elders to turn against the other families? this isn't a small family dinner, not something you can come and go as you please!"

fu jingxuan's tone was strict, showing the strength of a long-standing leader.

upon saying that, he took a glance at lu chenxi. he noticed that she was frowning and pursing her lips as if she was frightened. he then softened his tone when he felt that it was about time.

"however, you weren't in this circle before. you just married into the mu family, so it's understandable that you don't know the importance of this. everyone here is your elder, so they won't argue with a junior like you. today's matter is over. yunfeng, yueru, don't stand here in the cold wind. come in with me. "

1529 you dare to speak to me like that?

when fu jiatong appeared, tan yueru and the others couldn't help but frown.

after hearing fu jingxuan's words, the mu family's faces turned green with anger and they almost couldn't suppress the anger in their hearts.

everyone present knew what had happened at the entrance of the presidential palace.

she did not expect fu jiatong to lie through her teeth and push all the blame to lu chenxi at a time like this!

yet, fu jingxuan actually believed her and started scolding his wife without even knowing what was right or wrong!

"mr. president ..."

the others could still consider the occasion, but mu yichen did not care. he was about to fly into a rage on the spot.

even he could not bear to say a single harsh word to the stupid woman in his arms, so who was fu jingxuan to be so rude to his woman? so what if he was the president? how dare he point fingers at a stupid woman?

however, lu chenxi suddenly tugged at him again before he could speak.

taking advantage of his daze, she stood up, raised her small face, and said without any politeness, " " mr. president, i've always respected you as a leader loved by the people of china. i thought that you must be a fair and broad-minded elder. but today, i know that i was wrong! "

fu jingxuan's expression changed. " you ... what do you mean? "

boxn ov el. c o m

was luochenxi's words not mocking him for not being able to distinguish right from wrong and being petty?

"you ... you dare to speak to me like that?" he could not believe his ears.

"i'm telling the truth, what's there to be afraid of?" luochenxi still had an indifferent expression on her face. she spoke at a moderate pace, " i'd like to ask you, mr. president, what exactly happened at the entrance of the presidential palace earlier? have you investigated it? " you've seen the surveillance footage, do you know what fu jiatong said to us? you don't know anything, so what right do you have to criticize me?"

"you ...!"

fujingxuan's eyes widened.

he only realized that the young and slender-looking girl before his eyes had the audacity to reprimand him, the president, after being criticized by luochenxi without the slightest trace of politeness!

moreover, he was calm and reasonable.

he really couldn't answer any of the questions she had asked!

fujingxuan was at a loss for words. he was stunned for a few seconds before he came back to his senses. " that's right, i didn't watch the surveillance footage, but i've heard about the situation from jiatong. this was all a misunderstanding. jiatong was too young and didn't know how to be flexible. seeing that your name wasn't on the invitation, she didn't think much and just followed the system. actually, if she had been smarter and asked someone to let me know, none of this would have happened ..."

"mr. president, are you trying to smooth things over? just now, she said that as the daughter-in-law of the mu family, she should be sensible and take the big picture into consideration. then, as the daughter of the president's house, shouldn't fu jiatong take the big picture into consideration? she clearly knew that the mu family was an important business partner of the fu family, but she deliberately refused to let the mu family in. anyone with a little political awareness would not do such a thing!"

"besides, i only married into the mu family this year. fu jiatong has been the young miss of the president's house for more than 20 years. don't tell me that she doesn't even know this? if it's true, i'm starting to doubt the upbringing of the president's house!"

luochenxi's voice was not loud when she spoke. in fact, she had even lowered her voice on purpose so that the reporters nearby would not hear her.

however, the imposing manner in his words was shocking!

1530 she looked as noble as a little princess!

every word she said hit the mark.

every single accusation against fu jiatong was irrefutable.

fujingxuan almost couldn't get out of the situation after being repeatedly questioned by a young girl who had just graduated. he even wanted to rebut her and teach her how to behave.

in the end, he almost lost his temper when he heard the last part.

luo chenxi's eloquence was a little too good. she caught the main points so accurately that many senior politicians were not as incisive as her.

these words ... he couldn't explain it.

in reality, fu jingxuan knew that it was fu jiatong who had done something, but he was biased towards his niece out of habit and couldn't bear to blame her. he just wanted to invite the mu family back and muddle through this matter.

he did not expect luo chenxi to refuse to cooperate at all. she directly threw the question that he wanted to conceal on the table!

with so many eyes on him, even the president couldn't avoid the question.

he coughed dryly. "ahem, this ... this ... jiatong is indeed responsible for this. this matter was indeed not handled well. when we get back, i'll talk to her." indeed, she was already an adult, but she couldn't even handle such a small matter. it was time to educate her. as jiatong's uncle, i also have a responsibility ..."

hearing this, the presidential palace's staff members all widened their eyes in shock.

he had never expected that the president, who had always been known for being strong, would actually admit defeat to a girl in her early twenties today.

one had to know that when several big countries joined forces to wage war against china, fu jingxuan, who was the marshal of the chinese army, didn't even frown. he commanded the army and fought to the end!

it was only in front of madam that he was so easy to talk to.

even mu yunfeng and tan yueru were very surprised, but then they were relieved.

when luo chenxi spoke earlier, they were worried that the president would fly into a rage because he was embarrassed. in fact, they had even thought of how to protect luo chenxi.

he didn't expect the result to be like this ...

even fu jingxuan himself was shocked by the words and couldn't help but frown.

he was supposed to teach luo chenxi a lesson today, yet in the end, he was the one who was taught a lesson by her!

furthermore, he didn't even feel the slightest bit displeased. he even felt that what she said made sense ...

fu jingxuan furrowed his brows and could not help but take a few more glances at luo chenxi.

now that she had quieted down and stood by mu yichen's side, it was as if she had returned to the elegant and calm little beauty from the beginning.

however, when she suddenly became strong just now, her whole body seemed to be glowing.

she was obviously just a girl from an ordinary family, but the awe-inspiring and fearless aura on her body made her look like a noble little princess!

it was just like the first time he had seen madam many years ago ...

however, the feeling he had when he saw luo chenxi was different from the feeling he had when he was attracted to her at that time. he felt that he should not have been fierce to her and let her suffer.

tan yueru saw that the mu family had gained some face, so she decided to stop while she was ahead.

he walked forward and coughed. " mr. president, you are busy with work. it's normal that you don't have the time to educate the younger generation. we don't have to be calculative with the younger generation ... aiyo, it's already this time. let's hurry to the banquet hall! "

she turned her head and motioned for the mu family to follow her.

he did not expect luo chenxi to still be standing on the same spot without moving.
