

Sweetheart 1531

1531 apologize to young lady mu

“daughter-in-law?” tan yueru asked in confusion.

luo chenxi’s gaze swept past fu jingxuan before it landed on fu jiatong, who was standing behind him.

“ mr. president, ” he said slowly, “ since even you admit that this is miss fu’s fault, shouldn’t you let her, the person involved, apologize to me personally? ” miss fu isn’t a child anymore. do you have to hide behind your uncle and brother when you’ve made a mistake? you don’t even dare to come out and apologize?”

fu jiatong’s face turned ghastly pale at once upon hearing luo chenxi’s words.

when she heard fu jingxuan admit his mistake to luo chenxi, she was so angry that she almost jumped up.

if she was not afraid of exposing her true personality to fu jingxuan, she would have made luo chenxi suffer a long time ago!

now, this damn little b * tch actually dared to ask him to apologize to her!

on what basis?

fu jiatong gritted her teeth and glared at luo chenxi with a venomous gaze. “ luo chenxi, don’t you go overboard ... ”

“jiatong!”

hearing fu jiatong’s words, fu jingxuan frowned and cut her off sharply. “ what are you saying? it was indeed your fault today. apologize to young lady mu.”

boxn ov el. c o m

“but uncle president, luo chenxi is just a ...”

fu jiatong retorted subconsciously.

however, halfway through her sentence, she suddenly felt that something was wrong and stopped abruptly.

looking up, she saw fu jingxuan frowning at her, his eyes full of doubt and dissatisfaction.

fu jiatong’s mind jolted, and she woke up in time, remembering that they were at the gate of the presidential palace!

in front of fu jingxuan, she had always imitated her poor auntie’s magnanimous and magnanimous behavior. in order to get rid of luo chenxi today, she had acted rashly several times, which was completely different from her usual behavior!

fu jingxuan was such a smart person, so he might have already thought that her behavior was abnormal

...

at the thought of this, fu jiatong held her breath and turned to look at luo chenxi. she felt a surge of anger in her chest and wished she could kill the other party with her gaze.

on the other hand, luo chenxi remained calm. she even curled the corners of her lips. " miss fu, what do you think? "

fu jiatong was so angry that she almost vomited blood. at this point, did she still have a choice?

she gritted her teeth and finally lowered her head. " i'm ... i'm sorry, young mistress mu. i'm really ... really sorry. " today, i didn't understand the ways of the world and made such a low-level mistake, causing you to have an unpleasant experience ... i'll definitely work hard to correct myself in the future and never offend you again ..."

fu jiatong's words were stuttered, and her voice was even a little choked.

without waiting for her to finish, the mu family all frowned in unison.

fu jiatong's apology sounded insincere. on the surface, she appeared to be admitting her mistake. however, her words were filled with grievance. it was as if she was being bullied by luo chenxi while fu jiatong was a pitiful little girl who was bullied by her.

luo chenxi's expression turned even colder. " fu jiatong, you didn't offend me. you're the young lady of the fu family. if you don't offer your face up for others to slap, who else can slap you? " rather than saying that you've offended the mu family, it's better to say that you've trampled on the reputation of the fu family! i won't argue with you today for the sake of brother fu."

the few of them had been standing in front of the parking lot for too long.

1532 why does luo chenxi have such a good life?

there were at least 30 to 40 bodyguards surrounding them, so the reporters outside couldn't hear their conversation.

however, it was precisely because they couldn't hear it that everyone's curiosity was piqued, and they all stretched their necks to look over.

luo chenxi was well aware that it would not benefit both families if she continued to delay the matter. hence, she had no choice but to accept fu jiatong's insincere apology.

fu linchen had been listening by the side. he was secretly relieved when he finally heard luo chenxi's words.

he hurriedly stepped forward and spoke on behalf of fu jingxuan, once again inviting the mu family to their seats.

this time, no one said anything and followed fu linchen to the president's house.

the reporters took pictures like crazy again, and they were all confused.

"what happened just now? why did the mu family drag on for so long even when the president personally invited them?"

" i can't see what's going on inside, but i'm guessing that young madam mu is not satisfied with the president's attitude. young master mu dotes on her too, so she took so long. "

"what a joke! 'how dare luo chenxi act so arrogantly when the president is here personally?' no matter how much young master mu pampers his wife, he should know the severity of the matter. how could he allow her to give the president a hard time?"

"who knows? young master mu is now a well-known wife-doting devil in the country. it's not strange for him to do anything."

boxn ov el. c o m

"stop talking nonsense. no matter what they said, at least the mu family has decided to attend tonight's dinner! the alliance between the two is still very stable. the rumors of the two families falling out, at least for now, are not credible!"

" yes, that's right. at least the alliance between the two is safe. it seems that there's no suspense in the presidential election ... "

fu jiatong had just embarrassed herself so much that she felt too embarrassed to face anyone, so she dragged her feet and stayed at the back of the line.

because of this, she heard all the reporters 'discussions and was even more furious.

"that damned luo chenxi! why is your life so good? no matter what you do, there are always people who pamper you and protect you. not only does she have such a perfect husband like big brother mu, she's also ..."

fu jiatong glanced in fu jingxuan's direction, and the hatred in her eyes deepened.

"i should've known that luo chenxi is a scourge!"

uncle president had always doted on her like his own daughter. when had he ever let her suffer such grievances? he even wanted her to apologize to a lowly person who had appeared out of nowhere!

this was definitely related to luo chenxi's face, which resembled her birth mother's!

fu jiatong was well aware that she did not look like her auntie. however, as long as she imitated her auntie's actions and habits, she would be able to make the president's heart soften. how could fu jingxuan not be soft-hearted when he met a girl like luo chenxi, whose every frown and smile resembled her auntie?

the only thing to be glad about now was that fu jingxuan had not reacted in time and had not thought about the problem with luo chenxi's background.

otherwise ...

"no, i can't let this go on! 'i must remove this stumbling block, luo chenxi, as soon as possible so that she can't stand in my way anymore!' there's no time to waste!"

at this thought, a cold light flashed in fu jiatong's eyes, and she reached out to call for a maid.

"there's a guest staying in the guest room on the third floor. go and call him over. don't let anyone see him, understand?"

1533 brother yi, i ... i am your sister

"fu jiatong, what are you doing here?"

the moment the maid left, a cold male voice came from behind fu jiatong.

she was shocked and turned around to see fu linchen. her face turned pale with fright. "brother ... brother chen ..."

compared to uncle president, who had always doted on her, fu linchen's attitude towards her was not as good. she had been a little afraid of him since she was young.

fu linchen slowly walked towards her, his expression cold and serious. he stared at fu jiatong for a while, and she felt her hair stand on end. "i'm very clear about what happened just now. you can only lie to my dad."

"brother yi, i'm not ... i'm not lying ..." he said.

fu jiatong wanted to explain herself, but fu linchen didn't care about her and continued to talk.

"my father is old and i'm busy with work. i think it's a good thing to have a junior like you to talk to him often. so, sometimes, when you do things out of line, i don't want to hold it against you. but, that doesn't mean that i don't know what you've been doing behind your back!"

fu linchen narrowed his eyes and stared at her coldly. he paused for a moment before saying, "i'm warning you for the last time. don't make things difficult for luo chenxi. if you anger the mu family again, i won't meddle in your business anymore. even my father can't save you. don't blame me for not warning you in advance!"

hearing this, fu jiatong's face turned pale, and her eyes widened in disbelief.

"you ... brother chen, i ... i'm your younger sister. why ... why do you always help that woman, luo chenxi?!"

boxn ov el. c o m

although luo chenxi was fu linchen's biological sister, fu linchen had no idea about it!

but she, fu jiatong, was fu linchen's real cousin, and they had grown up together.

why was it that fu linchen was like fu jingxuan? he had only met luo chenxi a few times, but his heart had already tilted toward her and he was no longer as good to her as before!

what kind of underhanded means did that little slut use!

fu linchen was slightly stunned when he heard that.

after fu jiatong's reminder, he suddenly realized that he seemed to be a little too concerned about luo chenxi ...

in reality, he did not know why he felt that luo chenxi was more like the younger sister he had imagined compared to fu jiatong, whom he had grown up with. she was beautiful, friendly, and magnanimous. it would have been great if tiantian had grown up to be like luo chenxi when she was born ...

he was stunned for a few seconds before he came back to his senses. he glanced at fu jiatong and said, "i'm only helping reason and not family! if you blame me for not helping you, why don't you think about what you've done wrong! alright, i'm going to receive the guests. remember my words and don't cause any more trouble!"

fu linchen turned around and walked into the banquet hall.

she didn't expect the hatred in fu jiatong's eyes to deepen.

luo chenxi's threat was greater than she had imagined!

was this ... the attraction of blood?

.....

at this time, mu yunfeng and the others had been personally welcomed into the banquet hall by the president.

upon hearing their footsteps, the guests in the banquet hall stopped talking and looked at them.

although no one had left the banquet hall, everyone knew that something big had happened after the huge commotion at the entrance and the president had gone out to deal with it personally. they checked the internet on their phones and roughly knew what was going on outside.

many people did not expect the mu family to be so powerful!

1534 subconsciously wanting to understand her

even the president was afraid of offending the mu family and wanted to personally go out to appease them.

this was the true power of china's top aristocratic families!

of course, the mu family's protection of luo chenxi was even more shocking.

all at once, everyone's gaze toward luo chenxi was different from before. there was a hint of reverence in their eyes.

even before this, there were still people who looked down on luo chenxi due to her ordinary background. after today, no one would dare to look down on her anymore.

after all, no matter what luo chenxi's maiden family was like, she was already the mu family's acknowledged young mistress now!

fu jingxuan brought her to the banquet hall, but he didn't leave immediately. instead, he personally ordered the waiter to bring red wine.

"come on, yunfeng, yueru. we've been friends for so many years. please don't take today's incident to heart." fu jingxuan raised his glass.

everyone in the mu family raised their cups and drank the wine.

that included luo chenxi.

fu jingxuan put down his wine glass. his gaze fell on luo chenxi as he said, "a few months ago, i heard that yichen was married. i didn't believe it! i introduced so many girlfriends to yichen back then, but he didn't even look at them. he's just like my lin chen! i didn't expect him to really find a wife ... i've never seen this miss luo before. she's not from our circle, is she?"

boxn ov el. c o m

the topic shifted to luo chenxi at once.

she was caught off guard and could not help but be stunned.

before she could speak, mu yichen had already spoken first with a solemn expression, "your excellency the president, it doesn't seem to have anything to do with you what my wife's background is." no matter what her family background is, she's already my wife, the young mistress of the mu family! i'm marrying her, not her family background. as long as i like her, it's fine."

he wrapped one of his arms around luo chenxi's waist in an obvious protective gesture.

"ahem, yichen, why are you so nervous? you've misunderstood. i'm just concerned as an elder. i didn't say anything about this girl!" the president coughed.

he was not lying.

before today, he was genuinely harboring the thought of exposing luo chenxi in front of the mu family so that they would stay away from this scheming young girl.

however, he no longer had such thoughts after he met luo chenxi at the entrance of the presidential palace and was lectured by her. he was even a little suspicious of fu jiatong's words. was she exaggerating? had he been deceived by someone else?

a girl like luo chenxi was elegant, magnanimous, and upright no matter how one looked at her. people would believe that she was a princess from any country. she did not seem like a woman who would resort to unscrupulous means for money ...

he asked about luo chenxi's situation because he wanted to understand her more.

after hearing fu jingxuan's explanation, mu yichen's handsome face was still cold, as if someone owed him eighty billion.

he had already noticed that fu jingxuan had been staring at his stupid woman!

he was already an old man in his fifties or sixties. why was he staring at his wife? old bastard!

tan yueru glared at her son a few times, but it was useless. she had to smooth things over herself. "jingxuan, ignore yichen. ever since he got married, he's been focused on his wife. he doesn't even care about his mother anymore! it's a good thing my daughter-in-law is filial."

as she spoke, she took luo chenxi's hand. " my daughter-in-law is quite pitiful. she grew up in an orphanage when she was young ... "

"an orphanage?" fu jingxuan's eyebrows twitched.

1535 he thought that she was his daughter, tiantian!

fu jingxuan was taken aback. his gaze fell on luo chenxi's face again. as he looked at her delicate and perfect face, a strange emotion suddenly rose in his heart.

this face ... really resembled his wife too much ...

could it be ...

"what ... what's going on? i heard that such a beautiful girl grew up in an orphanage."

he suppressed the excitement in his heart and asked.

tan yueru didn't notice his strange behavior at all and immediately continued, " sigh, isn't it because she has a father who makes people worry? when chenxi was just born, her mother passed away due to difficult labor, and her father immediately married a stepmother. as the saying goes, with a stepmother comes a stepfather. the stepmother didn't like her, so she incited chenxi's father to send her to the orphanage."

"it's a good thing my daughter-in-law is smart and capable. even so, she's still so beautiful and has become an outstanding designer. it's not easy. not only does my son like her, but my whole family also likes her. "

fu jingxuan frowned, feeling that something was wrong. he quickly asked, " what? why would someone send their own daughter to an orphanage? how was that possible? are you sure he's miss luo's biological father?"

tan yueru sighed deeply. " why not? chenxi had a half-sister who looked almost identical to her. if they were not blood-related, how could they look so similar? it's because he's our biological father that our family is so angry. until now, we've never had any contact with this in-law! who would treat their own daughter like this ..."

after luo chenxi's identity was exposed, the results of the mu family's investigation in country F proved that luo chenxi had plastic surgery in paris.

however, they had also seen luo chenxin's photo before her plastic surgery. they had to admit that the two of them looked quite similar. no one would believe that they were not biological sisters!

boxn ov el. c o m

hearing this, fu jingxuan's eyebrows twitched, and an unspeakable sense of disappointment welled up in his heart.

there was a split second when he heard the news that luo chenxi grew up in the orphanage earlier. he thought that she was his long-lost daughter, tiantian!

however, after hearing tan yueru's words, he realized that he had thought too much.

the fact that she had an identical sister could only prove that luo chenxi was indeed luo anguo's daughter and that she had nothing to do with him anymore ...

"mr. president, what's wrong? is this topic too boring?" it's all my fault. i like my chenxi too much. it's never over once i talk about it ..." tan yueru coughed twice and raised her glass to cover it up.

of course, the reason why she kept praising luo chenxi in front of fu jingxuan was not because she had nothing else to talk about.

instead, it was because she could tell from the interaction between fu jiatong and fu jingxuan that fu jiatong had probably slandered luo chenxi in front of the president.

now that she finally had the chance to get close to the president, she naturally had to quickly clear her daughter-in-law's name.

she couldn't just let the president listen to fu jiatong's side of the story and continue to misunderstand!

now that she had almost finished explaining, she was ready to change the topic. "mr. president is probably not interested in the gossip that women like us love to talk about. why don't you talk to yunfeng? i happened to see a few friends. i'll bring chenxi over to say hello ... "

1536 there's a kind of old father-like gratification

however, before tan yueru could finish, fu jingxuan interrupted her.

"sister-in-law, you're treating me as an outsider. who said that i'm not interested in the mu family's affairs? yichen is willing to get married and settle down. he even found such a beautiful wife. you have no idea how envious i am of you and yunfeng. my lin chen is two months older than yichen, but he hasn't even seen a girlfriend yet."

fu linchen happened to walk over, but before he could say hello to the crowd, he was attacked for no reason. his face suddenly turned dark and he almost turned around to leave.

he didn't want to be forced into marriage by fu jingxuan on an occasion like today.

fortunately, fu jingxuan did not notice him at all. his attention had been on luo chenxi the entire time.

"sister-in-law, you just said that your daughter-in-law has been taking care of tang tang, right?"

tan yueru didn't expect that fu jingxuan would be interested in these trivial family matters. she was a little surprised, but she didn't think too much about it and quickly talked about the interesting things that happened to her little cutie.

"yes, yes. tang tang is so clingy to chenxi now. she doesn't even want her father anymore. the first thing she does when she comes home every day is to look for chenxi to kiss ... "

in this way, fu jingxuan asked about luo chenxi's situation in the mu family in the name of showing concern for the mu family's little princess.

he had no idea why he was so interested in luo chenxi.

even though he already knew that she was definitely not his daughter, he still felt a sense of déjà vu towards her.

boxn ov el. c o m

when he heard that she was doted on by the entire mu family and had a happy life, he actually felt a sense of relief like an old father.

on the other hand, luo chenxi felt slightly embarrassed as she stood by the side.

she came to the president's house today to be a flower vase, but why did the topic of conversation always revolve around her!

did fu jingxuan have to target her?

how many bad things had fu jiatong said about her?

she stood there for a while. her fingers that were gripping mu yichen's sleeve grew stronger until a crease appeared on his well-ironed suit.

mu yichen noticed her uneasiness. he lowered his head and whispered into her ear, " hold on for a while. i'll take you to dance when the ball starts ... "

fortunately, the awkwardness did not last long.

after a while, the secretary of the president's house came to report that the ambassador of country Y had also arrived.

fu jingxuan excused himself and left in a hurry.

luo chenxi heaved a sigh of relief and went to dance with mu yichen.

however, even though she was dancing, she still couldn't escape the fate of being stared at by everyone.

on one hand, it was because her and mu yichen's dancing skills were too outstanding. the combination of a handsome man and a beautiful woman, coupled with their skillful and elegant dance steps, was pleasing to the eye. it was simply a scene that could only be seen in a movie. anyone could not help but take a second look.

on the other hand, their identities were too special. in addition, what happened at the entrance of the presidential palace just now had already spread to everyone. it was hard for others not to notice them.

thus, luo chenxi was annoyed by the stares after she had performed two songs. she expressed that she was tired and wanted to rest at the side.

on the other hand, mu yichen did not think much of it.

in fact, he enjoyed being the center of attention.

after today, who in the entire upper-class circle in china would not know that luo chenxi was his woman?

however, he would not reject luo chenxi's request.

the two of them left the dance floor. as soon as they sat down, they heard someone call out to them. ” yichen, sister-in-law, you’ve made a big splash today! “

1537 fang ziqian didn’t come!

this voice was very familiar.

luo chenxi turned around and smiled. ” second young master bai, you’re here too? “

by the window, bai shixun was dressed in a pure white three-piece suit with a light blue shirt. he stood tall and looked like a prince with an elegant aura.

he smiled at luo chenxi and raised his hand to point behind him. ” i’m not the only one who’s here. my grandfather is here too. ” the banquet today is a big event for the upper-class circle in china. not many people have the confidence to leave just like you, and even the president has to personally ask you to stay.”

luo chenxi blushed a little when she heard his teasing tone. she glared at him before she walked straight to master bai’s side to greet him.

master bai came in a wheelchair today.

ever since he suddenly found out that bai shixun had gone missing, he had suffered a stroke in shock and anger. he had not fully recovered until now, and had just been discharged from the hospital last week.

among the few rich and powerful elders that luo chenxi had come into contact with, master bai was the one who treated her the best.

luo chenxi and mu yichen inquired about old master bai’s condition with great concern. they chatted with him for quite a while.

master bai looked at the golden couple in front of him and kept nodding. he couldn’t help but feel envious.

“yichen is the best among you kids! not only did he have a wife, but his daughter was already so big. shixun, you’d better learn from her. don’t hang out with those indecent women all day. you’re already twenty-six or twenty-seven years old, it’s time for you to find a wife.”

boxn ov el. c o m

mu yichen smirked smugly when he sensed bai shixun’s resentful gaze.

it was useless for his brothers to be jealous of him. after all, not every man had such good taste.

however, luo chenxi’s expression changed ever so slightly.

she finally realized why she felt that something was wrong when she saw bai shixun.

that was because ... fang ziqian wasn’t there today!

it was true that fang ziqian was only dating bai shixun and was not the daughter-in-law of the bai family yet. it was normal for her to not be invited. however, elder bai's words made her feel very uncomfortable.

judging from his tone, it seemed as if he did not know that bai shixun already had a stable girlfriend. he even thought that the woman with him was a dubious woman!

was it because bai shixun had not told master bai about fang ziqian, or was it because master bai did not like fang ziqian and was ready to break up the couple?

luo chenxi frowned and turned to look at bai shixun.

bai shixun hurriedly made a few hand gestures to her, asking her to keep quiet.

luo chenxi was filled with suspicion, but she did not say anything.

after she was done chatting with master bai, she pulled her husband and forced bai shixun into a corner to interrogate him.

"where's little qianqian? what's going on between you and her? why didn't master bai know about you? don't tell me that you're just playing with my little qianqian and that you don't have any plans to marry her!"

bai shixun's face was bitter. "sister-in-law, you ... you've misunderstood. you've really misunderstood. it's not my fault. it's ... it's qianqian herself who didn't want me to tell anyone. she insisted on having an underground relationship with me and pretended not to know me in the company. i even had to report to her when i kissed her. i ... i'm the one who's miserable! sister-in-law, i'm the one you should pity!"

luo chenxi was stunned for a moment. "what do you mean? little qianqian doesn't want to announce their relationship to the public?"

1538 not a single one of them!

"stop talking nonsense. based on my understanding of her, this is absolutely impossible!"

fang ziqian had grown up in an orphanage with her since she was a child, so luo chenxi was well aware that she had always yearned to have a small family of her own because she had lacked the warmth of a family since she was young. her life goal was to get married and have children as soon as possible.

in the past, luo chenxi was traumatized by the incident four years ago and was a little afraid of marriage. on the other hand, fang ziqian had never had such a problem and had always yearned for marriage.

ordinary girls who had just started working couldn't help but enjoy life and buy things they liked.

however, fang ziqian's goal was clear. she wanted to save up her salary and buy a house once she had enough money for the down payment.

to her, nothing was more important than her own little nest.

bai shixun almost swore under her glare. "it's true, sister-in-law. how would i dare to lie to you? i've told qianqian several times to come back with me to see grandfather, but she refused to agree. i don't

know what she's thinking. actually, i've been wanting to ask you about it. you came at the right time today. quick, give me some pointers. what exactly is qianqian thinking about?"

luo chenxi frowned ever so slightly. she supported her chin with one hand and sized him up. she muttered, " well ... to be honest, i don't know what little qianqian is thinking. if i were her, i wouldn't even like you! "

" look at you. there are so many scandals outside. your ex-girlfriends are all over the entertainment industry, and one will pop up from time to time. one look and i can tell that you're not a good husband or a good father ... "

"by the way, before little qianqian started dating you, she had always despised you. did you ask her to order flowers for your ex-girlfriends in the past? she knows all about your dark history! it would be weird if i could be at ease with you!"

"to be honest, i don't think little qianqian likes you at all. she's just shamelessly pestering you and can only play with you. otherwise, why would she choose you if you don't meet her standards at all?"

boxn ov el. c o m

bai shixun's heart sank a little with every word that luo chenxi said.

when he heard the last part, he even wanted to die.

however, when he heard mu yichen's snickering from the side, he felt that he could not embarrass himself. he braced himself and replied,"sister-in-law, this ... you can't say that. people change. if qianqian is not satisfied, i can change! tell me, what are her criteria for a spouse? i'll change it accordingly!"

luo chenxi shook her head. " i don't think you'll stand a chance. in the past, little qianqian said that the husband she was looking for couldn't be too rich or too handsome. he had to have no history of love, be each other's first love, know how to do housework, know how to take care of children, and it would be best if he was a civil servant or a teacher with a stable job ... which one do you think fits?"

of course, it didn't fit any of the criteria!

bai shixun's vision turned black, and he almost fainted on the spot.

even mu yichen could not stand it anymore. he squeezed luo chenxi's petite hand gently to stop her from overdoing it.

luo chenxi quickly added, " ahem, but little qianqian likes taller ones. you fit this condition ... "

however, bai shixun had already suffered a huge blow, and his face was filled with despair.

luo chenxi was about to ask a few more questions in order to figure out what had happened between the two of them.

however, at this moment, there was a sudden commotion outside the banquet hall.

everyone turned to look at the door in surprise, wondering who would cause trouble at such a formal occasion.

a figure dashed into the room from outside. she opened her mouth and shouted, " where's luo chenxi? is luo chenxi here? i'm looking for that rebellious daughter, luo chenxi!"

1539 you rebellious girl, i'm going to kill you today!

a group of bodyguards chased after the intruder, trying to stop him, but they were still a step too slow.

the harmonious atmosphere in the banquet hall was instantly destroyed.

luo chenxi was stunned for a moment before she could see the person's appearance clearly. she widened her eyes in surprise and opened her mouth. luo anguo ... why would he appear here?"

that's right, this crazy man who had suddenly barged into the banquet hall was luo anguo!

when she first saw luo anguo, she couldn't recognize him because he had changed too much.

luo anguo wasn't even 50 years old yet, but he used to be the chairman of a large corporation. he was dressed in a suit and leather shoes, and he took good care of himself. he looked like a sanctimonious man, and those who didn't know him would think that he was a very decent and successful man.

but now, his hair had turned white, his face was full of wrinkles, and his eyes were full of unwillingness and hatred.

mu yichen could not help frowning. he stretched out his hands and pulled luo chenxi into his arms.

"luo chenxi! where is luo chenxi? hurry up and come out! don't think that i don't know that you're trying to draw a line with me, your biological father, just because you've climbed up the mu family's tree and become the mu family's young mistress ... i'm telling you, don't even think about it!"

some of the people on the scene were unaware of luo chenxi's name, but no one would not recognize the mu family's young mistress.

many of the guests turned their heads around and looked toward the spot where luo chenxi was standing.

boxn ov el. c o m

luo anguo immediately noticed luo chenxi. his eyes lit up as he shouted at the top of his lungs.

"luo chenxi, i've finally found you. you ... let's see where else you can hide! you rebellious girl, i'm going to kill you today!"

he did not give her any chance to explain herself. he charged toward luo chenxi in an overbearing manner and raised his hand in an attempt to slap her.

he had been holding back his anger ever since he was in prison. he had always wanted to seek revenge on luo chenxi. it was not easy for him to have the president's daughter's support. of course, he would seize the opportunity to completely humiliate luo chenxi. it would be best if she could never make a comeback!

however, luo anguo did not even manage to touch a strand of luo chenxi's hair before mu yichen lifted his leg and kicked him away.

“stay away from my wife! luo anguo, you still have the face to appear here? you’re really looking for death!”

young master mu’s expression turned gloomy in an instant. if it were not for luo chenxi’s presence by his side, he would have had the urge to kill someone.

“what’s the security of the presidential palace like? how could anyone just come in and ruin the banquet? what about fu linchen? let him come out and give my wife an explanation!”

since the president had gone to see the foreign ambassador, fu linchen was the one in charge here.

however, he looked around and didn’t see fu linchen. he didn’t know what urgent matter had happened.

instead, it was fu jiatong who walked in from the door. “ what’s going on? why did someone break in? what are you all doing? hurry up and get him out of here!”

after being reprimanded by her, the bodyguard immediately came forward to drag her away.

however, for some reason, a few tall and well-trained bodyguards couldn’t hold down the crazy old man luo anguo. instead, he managed to break free from their restraints.

upon seeing that, luo chenxi could not help sneering. she was well aware of the situation in her heart.

it looked like fu jiatong was the one who had brought luo anguo into the president’s house! today’s incident was completely directed at her!

1540 please help me, mr. president!

however, he didn’t know what fu jiatong was thinking.

although luo anguo was her biological father, he had never raised her for even a day. there was even a scandal about him taking her place. even if he came to the presidential palace, what could he do to her?

“release me! let me go! i didn’t just barge in. i have an injustice. i want to ask the president to seek justice for me! didn’t they say that the president was the fairest? you’ve chased me out without even letting me finish my sentence. are you trying to cover for this unfilial daughter, luo chenxi? you don’t deserve to be the president!”

luo anguo struggled as he shouted.

fu jiatong saw that he was acting very well, and she was secretly happy, thinking that she had not misjudged him.

with luo anguo’s help, luo chenxi was doomed this time!

she quickly coughed and put on a very embarrassed expression. “ this ... this mr. luo, my uncle absolutely has no intention of covering up for anyone! no matter who it was, as long as they committed a crime, the president would deal with them fairly! however, it’s the mid-autumn banquet now, you can’t be here ...”

“i’m going to say it here! i want to expose luo chenxi’s true colors in front of everyone so that everyone can be the judge! if you don’t let me say it, you’re deliberately covering for her!”

fu jiatong looked even more troubled. she turned to look at mu yichen and lowered her voice.

“ahem, big brother mu, how do you think we should deal with this? he didn’t know what luo ... mrs. mu had done to make even her own father accuse him! now that so many people had seen him coming, if he were to be chased out like this, he was afraid that rumors about mrs. mu would fly everywhere! furthermore, if word of this gets out, the president’s house’s reputation will be affected ...”

luo chenxi almost applauded and cheered for her at that moment!

it had to be said that fu jiatong’s act was very exciting.

at this point, if she still refused to let luo anguo stay behind to “ seek justice, ” it would be a sign of her guilty conscience.

naturally, mu yichen understood this as well. he squinted his eyes and looked at luo anguo and fu jiatong with a gaze as cold and sharp as a knife. he almost could not hold back the urge to turn hostile and leave.

luo chenxi quickly grabbed her husband’s hand and scratched his palm to comfort him. she motioned for him to calm down.

“ that’s interesting, ” she said coldly. “ i don’t know what i’ve done to mr. luo. do i need the president to cover for me? ”

fu jiatong almost laughed out loud when she heard that. she was aware that luo chenxi had fallen into her trap.

it took her a lot of effort to hide her proud expression. “ that’s good. i don’t believe that mrs. mu would do anything to abuse her biological father. a righteous man is not afraid of a crooked shadow. let’s make things clear here and clear mrs. mu’s name! ”

after she finished speaking, she immediately signaled luo anguo with her eyes.

luo ‘anguo understood and immediately wiped his tears.

“my distinguished guests, you ... you help me judge! even though i’m not close to luo chenxi, i’m still her biological father, right? i’ve racked my brains and thought of all sorts of ways to let her successfully marry into the mu family and become the young mistress of a wealthy family. she didn’t want to be filial to me, her father, and even hit the bullseye, saying that i had committed fraud and put me in prison ...”

luo chenxi could not help sneering upon hearing this.

“luo anguo, do you think everyone here is a fool when you say that? who in china doesn’t know that you forced me to marry someone in luo chenxi’s place?”
