

## Sweetheart 1541

1541 would your husband do such an idiotic thing?

back then, luo chenxin thought that mu yichen and chen xiluo, whom luo chenxi was pretending to be, were having an improper relationship. she even held a press conference to expose the matter.

in the end, luo chenxi exposed the inside story of her being a substitute bride on the spot. she even seized the opportunity to announce her marriage to mu yichen.

this press conference was going to be broadcasted live across the country!

however, in order to salvage the situation, the mu family had put pressure on the major media to delete the relevant video. now, there were no longer any live clips on the internet.

however, there were many people who had followed this gossip. even the celebrities in the banquet hall had watched the live broadcast.

" yes, that's right. i remember seeing this news. luo anguo is not someone to be trifled with. i heard that he was the one who forced his daughter to marry into the mu family. "

"i also know about this gossip. i think luo anguo is too thick-skinned. after tricking mrs. mu like this, you still have the nerve to come and find her?"

"the mu family probably doesn't have any more contact with the luo family, right? but then again, who would dare to acknowledge such in-laws? you still have the nerve to come here and cry, you're really too shameless!"

hearing these discussions, luo anguo's expression changed slightly. he also realized that these people present were not ordinary people, and it was not easy to incite them.

he gritted his teeth and quickly changed the focus.

"letting you marry on my behalf, this ... this is indeed my fault. the mu family sued me for fraud and sentenced me. i ... i have nothing to say. but, i'm your biological father after all. you ... how could you let someone torture me in prison? if i wasn't lucky enough to run into miss fu who saved my life, i would have been killed by you!"

boxn ov el. c o m

luo anguo said as he unbuttoned his shirt, revealing a large patch of skin on his chest.

instantly, the surrounding people exclaimed one after another.

luo chenxi's brows twitched as well.

luo anguo's body was so thin that his ribs could be seen. on his chest, there were wounds of all sizes, green and purple. at first glance, he looked extremely miserable. it was obvious that he had been beaten up more than once.

luo chenxi took a glance at mu yichen subconsciously. she felt a little uneasy.

could it be that her husband couldn't bear to see her being bullied by Luo Anguo, so he took revenge on her behalf behind her back?

Mu Yichen knew what she was thinking the moment he saw her gaze. He immediately pinched her waist. "Stupid woman, what are you thinking about?" Although I do want to teach this guy a lesson, this will only cause you trouble. Would your husband do such an idiotic thing? It's an insult to my intelligence!"

Luo Chenxi felt guilty after being yelled at by him. She quickly consoled him with a smile, "Hubby, I don't think that way ..."

"Who would believe you! Go home and wait for me!" Mu Yichen snorted coldly.

Luo Chenxi shuddered and dared not speak anymore.

Mu Yichen turned around and looked at Luo Anguo. His eyes were filled with coldness. "Luo Anguo, I didn't expect that you'd go to this extent just to slander my wife. I've underestimated you in the past!"

"I didn't ... Young Master Mu, don't try to confuse us. The people in the prison have already said that it was Luo Chenxi's intention. She even kept it from the entire Mu family! Don't ... don't be fooled by her!" Luo Anguo still refused to change his mind.

Mu Yichen's expression darkened even more. "Your lie is getting more and more outrageous." "If my wife really wants to kill you, I will naturally work for her and not let her dirty her hands. Did she need to hide it from me?"

1542 I didn't expect him to believe me today!

Young Master Mu's words were arrogant and fierce, making Luo Anguo shiver subconsciously.

He could even read the obvious murderous intent in Mu Yichen's eyes!

Young Master Mu ... really dared to kill him!

This realization sent a chill down Luo Anguo's spine, and he even regretted listening to Fu Jiatong's orders to come and cause trouble today.

Fu Jiatong coughed loudly. "Ahem, that's right. Why did Mrs. Mu hide it from Big Brother Mu? This didn't make sense. Luo Anguo, if you can't give me a reasonable explanation, I'm going to kick you out!"

Upon hearing this, Luo Anguo instantly came back to his senses and realized that he had no way out. He could only walk this path to the end.

"This ... of course there's a reason!" He quickly said. "I know a lot about her dark past! She was in a hurry to put me in prison and wanted to kill me because she wanted to hide her past, for fear that the Mu family would find out! If this matter is exposed, she ... she won't be able to be the Mu family's young lady!"

"What? There's such a thing?"

"What dark history? Don't tell me you've made Young Master Mu a green hat?"

“tsk, tsk, this is going to be interesting ...”

all the guests perked up their ears when they heard this.

boxn ov el. c o m

mu yichen spoke coldly, “a dark history? how come i didn’t know that my wife has a dark history?”

other than not caring enough about her husband, his stupid woman had no other shortcomings. how could she dig out her dark history?

his tone was mocking, but luo anguo thought that he was interested, so he immediately seized the opportunity.

“it’s true, i’m telling the truth, young master mu! ‘luo chenxi has been hiding her dark history all this while. you ... you must not know about it, right? ever since she was a teenager, her relationships with men and women have been very messy. i don’t know how many men she has had relationships with ...”

“shut up! who allowed you to slander my wife? to ruin her reputation?” mu yichen stopped him with a stern voice.

luo anguo was so scared that his legs turned to jelly and he knelt down. however, he still braced himself and said everything he had prepared in one go.

“it’s true! i’m not lying! not only did luo chenxi have a lot of boyfriends, but she was also seen climbing into the beds of rich men everywhere. moreover, she was pregnant with a child when she was eighteen years old. she was pregnant for ten months before she gave birth to the child! later on, in order to cover up this scandal, she sent the child to god knows where ...”

fu jiatong was afraid of being interrupted again, so she didn’t pretend to be uninvolved. she quickly jumped out and asked, “luo anguo, you’re making false accusations! unless you have evidence ...”

“i have evidence, of course i have evidence! luo chenxi’s cousin, lu yajing, was here today as well. when luo chenxi was pregnant back then, she lived with lu yajing, so lu yajing knew everything about her! moreover, she had the records of luo chenxi’s delivery in the hospital with her! miss fu, please let her in as a witness!”

fu jiatong pretended to be in a difficult position. “this ... this ...”

she stole a glance at mu yichen because she thought he would fly into a rage.

she did not expect mu yichen’s expression to be much calmer than before. he even spoke indifferently, “there’s a witness? alright, let her in.”

fu jiatong almost thought she had heard wrong.

after all, she and lu yajing had gone to the mu group to tell mu yichen that luo chenxi had given birth to a child.

mu yichen did not believe her at all at the time and even detained them.

she didn’t expect him to believe her today!

1543 what dark history do i have?

fu jiatong did not expect mu yichen to stand on her side at first. it was only because there were so many people today, and those who could attend the presidential palace's banquet were all famous people from all walks of life.

hence, she wanted to seize the opportunity to completely ruin luo chenxi's reputation.

even if mu yichen had been blinded by the vixen's seduction and would rather be cuckolded than divorce her, there was still a difference between being cuckolded secretly and being cuckolded publicly.

the entire upper-class circle in china was aware of luo chenxi's dark history now. if mu yichen did not divorce her, he would become the subject of everyone's criticism wherever he went.

fu jiatong refused to believe that mu yichen could continue to endure this!

she pursed her lips and tried to suppress the smile on her face. she quickly waved the security guard to bring lu yajing in.

the banquet hall was eerily quiet. everyone's gaze shifted back and forth between luo chenxi and mu yichen.

this was gossip about the mu family!

not only was the mu family the top aristocratic family in sino nation, but they were also known for their lack of scandals. mu yunfeng and tan yueru had been a loving couple for decades. mu yichen and luo chenxi were also the newly promoted model couple of the wealthy.

who would have thought that they would be able to eat the mu family's melon today, and such a big one at that!

everyone couldn't help but speculate in their hearts. after today, what kind of reaction would the mu family have?

boxn ov el. c o m

regardless of whether mu yichen divorced luo chenxi immediately or not, the mu family's reputation would suffer a disastrous decline.

not long after, lu yajing was brought in by the security guard.

she pointed at luo chenxi's nose and scolded her as soon as she entered the room.

"luo chenxi, you're a sinister and vicious b \* tch! in order to cover up your dark history, you pretended to be a white lotus and married into the mu family. you actually caused our lu family to be in such a miserable state! my father is still in prison because of you! do you think that i won't dare to tell you the truth? ah? today, i'm going to let everyone in the president's house be the judge!"

as luo chenxi watched the farce before her, she did not know how to react other than to find it funny.

she glanced at lu yajing coldly. " lu yajing, don't be mistaken. your father went to jail because he used his power to take bribes and violated the laws of china. it has nothing to do with me. stop talking nonsense!"

"i'm not talking nonsense! what corruption and bribery, that was a false accusation, a naked accusation! you're just afraid that your dark history will be exposed to the public!" lu yajing screamed loudly, insisting that it was a false accusation.

luo chenxi sighed.'so? what dark history do i have that i need to go through so much trouble to cover up? why don't you tell me?"

luo chenxi's calm reaction was beyond everyone's expectations.

lu yajing couldn't help but be stunned. the words that were on the tip of her tongue were stuck in her throat.

fu jiatong widened her eyes and glared at luo chenxi. she had no idea what she was up to.

the dirtiest page of luo chenxi's past was about to be flipped open. in the past, luo chenxi would have nightmares whenever this matter was mentioned. why was she so calm now?

could it be that she was really relying on eldest young master mu's dotting on her and thought that mu yichen would stand firmly by her side no matter what others said about her and would not divorce her?

if that was the case, one could only say that luo chenxi was too naive for she did not understand the true grand families at all!

1544 the child's birth certificate

to such a large family, the family's reputation and interests were more important than anything else!

even if mu yichen was the head of the mu family, it was impossible for the family to allow him to be with a woman with a bad reputation.

fu jiatong quickly signaled to lu yajing with her eyes.

lu yajing suddenly came back to her senses. she didn't have time to think anymore and continued, " alright, since you want me to say it, i don't need to give you any face! luo chenxi, take a look at what this is!"

she took out a thick stack of documents from her pocket and flashed them in front of her.

at the same time, he sneered,"did you see clearly?" 'luo chenxi? this is your medical record in country Y's hospital! don't tell me you don't remember what surgery you had in this hospital four years ago?"

lu yajing took the document and waved it around in front of luo chenxi. she then turned around and displayed it to the guests around her.

" the words written on it are all in english, but i'm sure everyone here can understand it. these are the medical records of luo chenxi's c-section in this hospital. it's clearly written on it that miss luo chenxi from china gave birth to a baby girl through surgery nearly four years ago. as the baby was not yet at full

term, the baby girl's vital signs were very weak. she needed first aid the moment she was born, but her life was successfully saved. both mother and child are safe. "

upon hearing such explosive news, the guests couldn't care less about maintaining their composure and dignity on the surface. they all came over and stretched their necks to read the words on the medical record.

" the contents of the medical records are exactly as miss lu said. she didn't exaggerate! "

"the mu family's young mistress really gave birth to a child out of wedlock four years ago? what about the child? did she throw it away? otherwise, how could she have hidden it from everyone in the mu family?"

boxn ov el. c o m

"it's too scary! she looked so pure and innocent, and i thought she was a decent girl. how could she have a child in her teens? besides, not only did you give birth to a child, you even hid it from the mu family. if this isn't a marriage scam, what is it?"

" it seems like her father wasn't lying when he said that her relationship was messy ... "

although the crowd had deliberately lowered their voices, their eyes and expressions could not be hidden.

fu jiatong sniggered in her heart. she knew that luo chenxi would never be able to make a comeback this time.

she turned her head and looked toward luo chenxi's direction in a smug manner. she wanted to see how miserable she was at the moment!

he did not expect to see luo chenxi's mocking smile. " so, lu yajing, the so-called evidence of your dark history is this birth certificate? "

lu yajing did not expect luo chenxi to still be so calm even at this point.

she gritted her teeth and continued,"you ... what do you want to say?" say that these documents were forged? let me tell you, i don't just have the medical records of your c-section overseas, i also have the records of your physical examination in the obstetrics and gynecology department in B city! young master mu, if you don't believe me, you can check it out and you'll know if it's true or not. i didn't lie at all!"

everyone was in an uproar.

indeed, there was a high possibility that the birth certificate from a foreign hospital was fake.

however, it was different for the medical records in the hospitals in china.

if the mu family wanted to investigate, they could easily find out.

this was irrefutable evidence!

everyone was waiting to see luo chenxi's reaction.

but at this moment, an angry voice sounded, "jiatong, what are you doing? i've only been gone for a few minutes, how did it become so chaotic?"

1545 the president is furious

that was ... the president's voice!

fu jiatong was stunned for a moment, and her face turned pale when she heard this.

she was planning to get rid of luo chenxi while the president was not around.

he didn't expect fu jingxuan to return so quickly!

moreover, as soon as she arrived at the scene, she reprimanded her niece without any explanation.

this ... this was something that had never happened before!

fu jingxuan strode into the banquet hall with fu linchen and a group of secretaries.

when his eyes fell on luo anguo and lu yajing, his face instantly darkened. he immediately understood what had just happened.

"jiatong, what are you doing? today was the mid-autumn festival, a day for family reunions. the presidential palace held this banquet to let all friends and family get together and spend a good night. why did you let these dubious people in? this isn't an occasion where they should be here!"

fu jingxuan's face turned green with anger.

he had never thought that fu jiatong would not care about the occasion and cause such a scene at such an important mid-autumn dinner.

boxn ov el. c o m

he had actually allowed luo anguo and lu yajing into the banquet hall and allowed them to accuse luo chenxi!

even though fu jingxuan had already determined that luo chenxi was a vicious woman from the start, he had never thought of doing anything impolite to her in public at the banquet.

for the sake of the president's house and the mu family's face, he would still be very polite to the mu family's young lady on the surface.

he could only talk to mu yunfeng in private after the banquet was over if he wanted to expose luo chenxi's dark history.

moreover, after fu jingxuan had spoken to luo chenxi in person, he had begun to suspect that luo anguo and lu yajing had ill intentions and were deliberately framing luo chenxi.

he still trusted his judgment of people. judging from luo chenxi's manner of speech and temperament, he could tell at a glance that she was a girl who was natural, generous, and upright. how could she possibly be the sinister and cunning woman that luo anguo claimed to be? she was a vicious woman who even tried to kill her own father.

fu jingxuan wanted to investigate in private and find out the truth before telling mu yunfeng.

who knew that before he could do anything, fu jiatong had already let her out and turned the mid-autumn dinner into a huge farce!

“where are they? why are you all in a daze? hurry up and drag these two out! who was the one who let these people in? all of them will be fired later!”

fu jingxuan couldn't stand it anymore and urged the security guards to drive them away, trying to keep this matter under wraps.

the bodyguards looked at fu jingxuan, then at fu jiatong. after hesitating for a few seconds, they decided to do as fu jingxuan said.

after all, no matter how pampered the young miss was, she could not go against the president.

luo anguo and lu yajing were held up by the bodyguards, but they still struggled and refused to leave.

“let me go, you guys let me go! what i said is true, why are you chasing me away? is the president's house trying to shield that b \* tch, luo chenxi?”

“luo chenxi! the evidence is right here. do you think that if you chase me out, no one will know the truth? you're a womanizer, and you even had an illegitimate daughter with an unknown father! everyone in the mu family has been deceived by you!”

“shut up! is the president's house a place for you to spout nonsense? make them shut up!” fu jingxuan berated.

the bodyguards hurriedly tried to stuff their mouths.

but at this time, a voice slowly floated over, “ wait, brother fu, what are you in a hurry for? let them finish. ”

1546 tan yueru is so angry that she's confused?

at this time, there was actually someone who dared to defy his orders!

fu jingxuan turned around, his angry eyes sweeping over the person who had spoken. he was stunned.

“yueru? you ... you ...”

he really wanted to ask tan yueru if she had gone crazy.

even if she was starting to suspect her daughter-in-law, she shouldn't be making a scene here, right?

tan yueru was usually calm and steady, so why was she so angry today?

“cough, cough. yueru, it's the mid-autumn festival banquet now. if you have anything to say, you can say it later! men ...”

fu jingxuan's attitude was firm and he wanted to chase her away.

however, tan yueru didn't seem to understand his good intentions. she simply shook off mu yunfeng and strode over, blocking the bodyguards 'way.

“all of you, move! since someone had gone to such great lengths to invite mr. luo and miss lu, today’s matter couldn’t be let go just like that! let them make things clear! our mu family can’t allow people to discuss who’s right and who’s wrong, and what the truth is. we must find out!”

everyone present, including fu jingxuan, was dumbfounded. they looked at tan yueru and felt that she had lost her mind.

boxn ov el. c o m

only fu jiatong, luo anguo, and the rest were so surprised that they almost jumped up.

when fu jingxuan suddenly appeared, they thought that they were going to fail again and luo chenxi would be able to fool them.

however, tan yueru had come out to help them!

however, after thinking about it, it made sense. her son had found such a dirty woman. the one who couldn’t accept it the most was definitely tan yueru, the mother-in-law.

mother-in-law and daughter-in-law were natural enemies. no matter how well tan yueru put on an act, how could she possibly dote on luo chenxi as if she was her own daughter?

tan yueru would certainly be ruthless to luo chenxi if she knew that mu yichen had been tricked!

thinking of this, lu yajing quickly said, “madam mu, you must believe me!” by the way, look at the end of the medical report. luo chenxi bled a lot when she gave birth to the child. i heard that it will be difficult for her to have another child in the future under such a situation. you see, she has been married to young master mu for half a year, but she still hasn’t gotten pregnant! this is also evidence!”

“yes, yes, yes!” “how is the mu family going to hold their heads up high after marrying a woman like luo chenxi?” luo anguo continued.

the two of them looked at tan yueru eagerly as they fought to slander luo chenxi.

tan yueru didn’t let them down. she kept a gloomy face.

as the most popular lady in the fashion circle in china, tan yueru had been on the news every day since she was young. when had she not been full of smiles and full of friendliness?

it was the first time everyone had seen such an ugly look on their faces!

tan yueru turned around slowly after listening to the two of them. she looked at luo chenxi who was standing still on the same spot and spoke in a neither-so-slow nor swift manner, “daughter-in-law, it’s your turn to explain what’s going on, right?”

“alright,” he said.

luo chenxi responded and let go of mu yichen’s hand. she walked to the light in the center of the banquet hall, lowered her head, and said apologetically, “mom, i’m sorry. i’ve caused trouble at home again.”

“why are you saying this?” tan yueru frowned impatiently and waved her hand.

fu jiatong almost burst out laughing.

was there something wrong with luo chenxi's brain? did he think that he could clear his dark history with an apology?

she would like to see how luo chenxi was going to explain herself!

luo chenxi pursed her lips and turned to face lu yajing. " first of all, i'd like to thank you for bringing me my daughter's birth certificate. it's a very important souvenir for my husband and me. "

1547 luo chenxi, you ... you're actually ...!

as soon as he said that, the banquet hall fell silent.

lu yajing glared at luo chenxi in surprise. she could not come back to her senses for a moment.

thank her?

luo chenxi was actually thanking her?

was she scared silly?

he even said that this birth certificate was also very important to young master mu!

which man would not mind this kind of thing? not to mention, young master mu was a man with a strong sense of possessiveness.

when he saw this certificate, she should be considered lucky if he didn't strangle her on the spot!

however, before she could return to her senses, luo chenxi had already walked up to her. she stretched out her hand and took the certificate away.

luo chenxi's movements were agile while lu yajing was in a daze. by the time she snapped out of her daze, the medical records and the proof were already in luo chenxi's hands.

lu yajing was shocked. she stretched out her hand in an attempt to snatch it back in a panic. " luo chenxi, you're still thinking of destroying the evidence? hurry up and return ..."

boxn ov el. c o m

he stopped halfway through his sentence.

lu yajing looked at luo chenxi in a daze. she flipped through the birth certificate briefly before she passed the stack of documents to mu yichen.

luo chenxi presented her treasure to the man next to her smilingly, " "hubby, look! this is how our little baby looks like in my stomach. isn't he super cute? in the past, i lost these ultrasound photos when i moved, and i felt sorry for them for a long time ..."

mu yichen lowered his gaze and took a glance at the ultrasound photo that luo chenxi shoved into his hands. he could not help pursing his lips with a conflicted expression.

this ... this tadpole-like little ball was their tang tang?

where did this stupid woman find her cute?

he still preferred his little princess's soft and fragrant appearance.

besides, he was more concerned about the massive bleeding that lu yajing had mentioned than the photo of his daughter in the embryonic stage.

he had asked luo chenxi about her situation when she gave birth to the child in the past, but she refused to tell him the details. it was not appropriate for him to keep asking her.

at the very least, he could figure out luo chenxi's health problem if he could get his hands on the medical record back then ...

however, luo chenxi seemed to be doing it on purpose. her right hand was pressing on the related records of her operation so that he could not read it.

mu yichen wanted to take the materials over, but luo chenxi pulled her hand back and dodged him.

he immediately frowned and shouted, "stupid woman, give me the medical records!"

young master mu's face darkened, and everyone's heart trembled, thinking that he was really angry.

on the other hand, luo chenxi, who was standing right next to him, pouted her lips. "i'll show you when we get back ... "

"luo chenxi!"

the anger in mu yichen's words was too obvious. lu yajing was so excited that she could not help but interject, " young master mu, please bring the materials over quickly! luo chenxi must be afraid that you'll see the contents of the medical record. that's why she refused to give it to you. she's looking for an opportunity to destroy the evidence. you must not be deceived by her!"

luo chenxi turned her head around in amusement upon hearing that.

"lu yajing, when did i lie to my husband? do you still not understand? i'm just ... hey! mu yichen, what are you doing?!"

luo chenxi was about to clarify things with lu yajing and the others when she suddenly felt the weight on her hand being lifted.

mu yichen had seized the opportunity when she was speaking to take away the medical record that she was holding in her hand!

the materials that she had been intentionally hiding from mu yichen were all laid bare before his eyes.

mu yichen had only taken a glance at it when his expression turned gloomier.

" luo chenxi, you ... you're actually ...! "

1548 you dare to call our mu family's little princess a bastard?

he should have known earlier that the car accident that caused luo chenxi to bleed profusely and almost killed her on the operating table was definitely not as simple as luo chenxi had described.

judging from the severity of her injuries, if she wasn't so lucky, the grass on her grave would be more than a meter tall.

even so ... this stupid woman didn't wear a coat, didn't eat properly, and stayed up late to work overtime every day. she didn't know how to take care of her body at all!

do you not want to live anymore?

luo chenxi knew that things were going to turn bad the moment she saw mu yichen's expression. she could not care less about lu yajing who was in a daze. she quickly turned around and hugged mu yichen's arm.

"honey, it's ... it's not what you think. it's not that serious ... let's go home and talk about it ..."

"when we get back, just you wait!"

this woman ... really needed a good education!

"honey, don't be angry ..."

luo chenxi was sweating. she didn't know why she was so unlucky.

she had a premonition that after today, the mu family would probably have a hundred and eighty more "family rules ..."

boxn ov el. c o m

"luo chenxi, are you afraid now? what were you doing earlier? when you were fooling around outside and persecuting your father and me, why didn't you consider the consequences of today? now you know to be afraid ... hehe, it's too late! you'd better think about how to explain the existence of this bastard to young master mu first!" lu yajing's cold laughter sounded again.

it was only then that luo chenxi recalled that there was a buzzing fly by the side.

she furrowed her brows. she turned around and was about to speak when mu yichen spoke first.

"who are you calling a bastard?"

"ah?" lu yajing was stunned for a moment. " i'm talking about the thing in luo chenxi's stomach ... "

"the child in my wife's stomach is, of course, my daughter! who dares to say that our mu family's little princess is a bastard? i think you're tired of living!"

mu yichen's icy cold voice sounded as if it came from hell.

lu yajing suddenly quivered and trembled in fear.

although he was unwilling, he hesitated for a moment and could barely make a sound.

seeing this, fu jiatong secretly cursed lu yajing in her heart, " useless trash! "

then, he gestured to luo anguo with his eyes.

luo anguo received the hint and hurriedly said, " "young master mu, you ... you can't make a mistake, right? i know that you like luo chenxi. you're even willing to acknowledge the child she had with another man. however, you're the future head of the mu family, and all the children under your name are the heirs of the mu family. what would the mu family think if you do this? a bastard child can actually ..."

"shut up! if i hear you slander my wife and daughter again, i'll make you wish you were dead!"

mu yichen's expression was gloomy to the extreme. his eyes were practically spurting fire.

"hubby, don't ... don't be angry. what's the point of getting angry with this kind of person?"

luo chenxi hugged her husband's arm. she only managed to pull him back after much persuasion. she shifted her gaze to luo anguo and lu yajing.

"my husband has already made it clear that the daughter i gave birth to overseas four years ago is the mu family's little princess, mu tianxin, my husband's biological daughter! she had grown up in the mu family since she was young. she was smart and cute, and was well-liked by everyone. it's one thing for you to spread rumors and slander me, but now you're calling me a 'bastard' and slandering such a young child. you really have no bottom line!"

luo chenxi said in an ice-cold voice while suppressing her anger with great effort.

1549 can you just acknowledge this child?

if she had not remembered that they were in the presidential palace and her every move represented the mu family's reputation, luo chenxi would have charged forward and beat him up a long time ago!

it didn't matter if she was scolded. she already knew what luo anguo and lu yajing were like, and she was used to being slandered since she was young.

however, her little princess was so pure and lovely, like a little angel. how could she be called a " bastard  
"!

"what ... what do you mean?"

luo chenxi's words were akin to a bombshell that fell into the crowd.

everyone present was dumbfounded.

" the daughter luo chenxi gave birth to overseas four years ago is ... is she the mu family's little princess?!"

"d \* mn, this ... this is too surprising! luo chenxi is mu tianxin's biological mother?"

"no, this doesn't seem right. i clearly remember that luo chenxi's elder sister is the little princess 'biological mother. luo chenxi only got to know young master mu because she was a proxy."

" that's right. i watched the press conference the other day too. luo chenxi said herself that the little princess is her elder sister's child. why did she change her story after only a few months? "

the crowd was in a heated discussion. most of them agreed with luo anguo's speculation. they felt that mu yichen's words were definitely because he loved luo chenxi deeply. he was afraid that his wife would

be wronged and doubted by others. he did not even mind acknowledging the children she had given birth to for another man as his own.

fu jiatong was no exception.

she was so jealous that her face was contorted when she heard mu yichen's words.

'luo chenxi ... what right does she have?'

did she cast a love spell on big brother mu? how could she allow a cold and aloof man like mu yichen to protect her to such an extent?

fu jiatong's mind was clouded by jealousy, and she couldn't care about anything else. she rushed to the front and said, " big brother mu, you ... you should wake up! was this child someone who could be acknowledged so easily? luo chenxi had given birth to a child outside but refused to acknowledge it. he wondered how she would handle the child! how could you let tang tang acknowledge such an irresponsible woman as her mother?"

when she saw that mu yichen was unmoved, she immediately turned to tan yueru. " aunt mu, please persuade big brother mu. how can he face the mu family's ancestors by doing such a thing? he's been completely brainwashed by that b \* tch, luo chenxi. he doesn't care about the family's interests anymore ..."

"fu jiatong! even if you're the daughter of the president's house, you can't say that about our tang tang!"

tan yueru immediately interrupted her sternly.

fu jiatong was dumbfounded.

she was under the assumption that tan yueru would certainly hate luo chenxi's behavior to the core and would stop mu yichen from acting willfully by driving luo chenxi out of the mu family!

who knew that she was the one being reprimanded by tan yueru?

what was going on?

tan yueru glanced at her coldly and said, " everyone, thank you for your concern for the mu family. however, my son is not a piece of trash who can't even recognize his own flesh and blood! luo chenxi is indeed mu tianxin's biological mother. everyone in our family is well aware of this!"

mu yichen came clean to his parents about this matter as soon as he returned from country F.

the two elders of the mu family were very happy, but they didn't tell anyone.

on the one hand, luo chenxi and mu yichen's past involved many secrets of the wealthy families. it was difficult to explain them to the public. on the other hand, it would be easy for luo chenxi and the little dumpling to be caught up in the center of gossip and public opinion.

1550 mr. president, please take a look

on the other hand, the little dumpling still didn't know how to call for her mother. if word of this got out, it wouldn't be good for the little guy to receive treatment in peace.

anyway, no matter what the outside world thought, it would not affect the relationship of the family of three. there was no need to explain so much to outsiders.

however, just because they were too lazy to say it didn't mean that they were afraid to confess to the outside world!

hearing tan yueru's words, the banquet hall was in an uproar.

no one expected her to stand up for luo chenxi.

if mu yichen was lying because he loved his wife deeply, then what was tan yueru's motive? why should she acknowledge another family's child as her granddaughter?

just as the crowd was feeling puzzled, luo chenxi noticed a figure who was sticking his head out of the entrance of the banquet hall. she could not help but chuckled.

"special assistant zhuo, you're so fast. come in quickly. have you brought the documents i wanted?"

the travel-worn zhuo feng rushed in and said loudly, "young madam, i've already brought the documents. i hope they didn't delay you and first young master's business."

"documents? what document?"

it was fu jingxuan.

boxn ov el. c o m

he had just watched this farce from beginning to end, but he had not made any comments.

after listening to both parties' statements, his heart was already completely biased toward luo chenxi. however, he was an outsider after all. he was not in a position to express his opinion as he did not understand the situation.

luo chenxi curled her lips gently and smiled. "it's nothing particularly important. it's just ... the paternity test report between tang tang and i."

mu yichen had secretly plucked the mother and daughter's hair to do the dna test after he had guessed the little dumpling's identity. he had been hiding it all this while and dared not show it to luo chenxi.

it was only after the two of them went to country F and found out the truth about what happened back then that luo chenxi found out about it from the drawer in mu yichen's study.

just now, luo anguo and lu yajing had accused her of giving birth to a child four years ago, and she immediately thought of this report. she secretly sent a text message to zhuo feng and asked him to go back to the mu family to get the document.

the round trip would normally take an hour, but it had only taken less than half an hour ...

one could only imagine how many traffic rules zhuo feng had broken ...

” dna test report!!! ”

the guests couldn't help but exclaim.

even the president, who was always calm and collected, looked surprised. ” a paternity test? did you really do a dna test with tang tang?”

luo chenxi had a solemn expression on her face as she nodded solemnly. ” that's right. this parent-child report was made a few months ago at the most authoritative central national hospital in the hua nation. there's even the national hospital's stamp on it. i don't think anyone will suspect that this is a fake, right? ”

” how about this? everyone here should believe in mr. president's reputation. please take a look at this report and see if it's true. ”

hearing this, fu jiatong swallowed back the doubts that she was about to ask.

luo chenxi's words were on point. no one would be able to say no if fu jingxuan were to examine the report.

moreover, fu jingxuan was not related to luo chenxi and they had just met each other today, so it was impossible for him to be biased toward her.

hearing this, zhao feng immediately stepped forward and respectfully handed the stack of reports to fu jingxuan.

”mr. president, please take a look.”

fu jingxuan glanced at luo chenxi and took the document. he could not help but secretly praise luo chenxi's intelligence and wit.

she was a girl who was about the same age as fu jiatong, but fu jiatong was still talking nonsense and offending people, and she needed him, as her uncle, to clean up the mess for her.

on the other hand, what about luo chenxi? he spoke and did things in a clear manner, acting steadily and introspectively without losing the bearing of a wealthy family ...

if he had a little princess like this, he would wake up laughing from his dreams. luo anguo didn't know how to cherish her!
