

## Sweetheart 1551

1551 the results of the appraisal are absolutely reliable

fu jingxuan sighed in his heart, but he didn't miss out on the proper business.

he lowered his head and flipped through the documents in his hands. first, he checked the stamp on the first page that said " central national hospital " in a striking position. then, he turned to the last page and carefully read the conclusion given by the hospital.

in less than two minutes, fu jingxuan raised his head and nodded with a serious expression.

" that's right. this paternity test report is indeed from the central national hospital. moreover, the person who handled it, professor hu, is my good friend. he's one of the most famous geneticists in the country. the conclusion he gave is absolutely reliable. luo chenxi and mu tianxin are indeed biological mother and daughter ... "

since these words came from the president's mouth, no one would doubt it.

the guests looked at each other, all of them in shock.

although luo chenxi's solemn and confident manner when she told the truth earlier, many people had already guessed that she was speaking the truth.

however, it was still shocking to hear fu jingxuan's words with their own ears.

the mu family's little princess was actually luo chenxi's biological daughter!

did that not mean that luo chenxi had a relationship with young master mu more than four years ago?

then, why did young master mu get engaged to luo chenxi's elder sister instead? there was even a rumor in the outside world that the mu family's little princess was luo chenxi's child.

boxn ov el. c o m

this ... this doesn't make sense at all?

however, the authenticity of the dna test report in the president's hands was unquestionable ...

fu jingxuan returned the report to luo chenxi.

even he was full of doubts, but he suppressed his doubts and did not ask any impolite questions. he smiled and said, " " so, you're tang tang's biological mother. i knew it. tang tang looks so much like you. your personalities are also very similar. you're both smart and beautiful girls. "

fu jingxuan had never seen luo chenxin before.

even though luo chenxin was mu yichen's fiancée, the mu family did not like her. no one would think of bringing her along to any formal events.

however, based on tan yueru's evaluation of luo chenxin, fu jingxuan didn't like her. he even felt that the little cutie, tang tang, was too pitiful to have such a mother!

now that he thought about it, the little princess of the mu family was so clever, lovely, and likable. such good genes were definitely not inherited by a woman like luo chenxin.

it was only because luo chenxi was intelligent, beautiful, and natural that she could give birth to a daughter like tang tang.

" mr. president, you're overpraising me. i'm not as good as you make me out to be, but my tang tang is really smart and beautiful! "

luo chenxi was a little embarrassed by the compliments, but she was more happy than embarrassed.

she didn't know why, but she had clearly hated the president a moment ago, but hearing fu jingxuan's sincere praise made her feel quite happy.

it was probably because ... fu jingxuan had praised tang tang.

there was no mother who didn't like it when others complimented their children.

however, although the president was tactful, the guests present did not know their limits. some guests who were familiar with the mu family even bluntly raised various questions to the two elders of the mu family, wanting to find out what had happened four years ago.

tan yueru frowned. she was displeased, but she couldn't flare up on the spot.

upon seeing the situation, mu yichen took a few steps forward. he stretched out his arm and wrapped it around luo chenxi's slim waist from behind. he coughed softly.

1552 that was our first love

"everyone, i know you have a lot of questions about my wife and i. i'll explain it. "

according to mu yichen's character, he had always turned a blind eye to the doubts of the outside world and was not interested in explaining to people who were irrelevant to him.

however, today's incident concerned the reputation of the two women he cared about the most. just this point alone was enough to break all his principles.

he held mrs. mu tightly in his arms, tilted his head slightly, and kissed her on the side of her jade-white face.

"everyone might have already guessed that i've known my wife for more than four years. "at that time, we fell in love at first sight on the streets of paris. then, we spent a wonderful time together. that was our first love, very pure ..."

luo chenxi was still feeling vexed over his sudden kiss. she had just snapped back to her senses when she heard the description that was completely inconsistent with the facts. she widened her eyes in surprise at once.

mu yichen pinched her waist gently in a timely manner.

luo chenxi had no choice but to purse her lips. she leaned into her husband's arms in a cooperative manner in an extremely obedient manner.

mu yichen's deep and sexy voice continued to ring out,"back then, i had just graduated and had yet to inherit my family's business. i was just like an ordinary college student and forgot to explain my family background to chenxi."

"after that, not long after, something happened to the mu family. i was in a hurry to return home, so i left chenxi abroad. i wanted to look for her after i was done with the things at hand, but who knew that chenxi's sister found out about our relationship from somewhere and made things difficult for her. she made chenxi think that i was just playing and wanted to dump her, so she disappeared on her own accord."

" at that time, she was already pregnant. i didn't know anything about it. "

boxn ov el. c o m

" after that, luo chenxin stole the child that my wife gave birth to and lied to her that the child was dead. she brought the child back to the country and had plastic surgery to look like my wife. she lied to me and got engaged to her. "

" i also vaguely feel that something is not right. i don't have the same throbbing feeling i had when i met my wife. instead, i think she's shallow and ignorant. "however, luo chenxin's plastic surgery is too similar. the time i spent with my wife was also very short, only a few weeks. moreover, the child that luo chenxin carried over was indeed my daughter ... so, i didn't expect someone to impersonate my wife."

as mu yichen spoke, there was an obvious hint of regret and annoyance in his words. anyone could tell that.

luo chenxi was even more stunned when she heard that.

she did not expect that a cold and arrogant man like mu yichen, who usually disdained to lie, could actually make it sound as if he was telling the truth when he was lying!

love at first sight, first love ...

well, it wasn't completely a lie, but that would only happen four years later, right?

however, luo chenxi was well aware that mu yichen had put down his usual arrogance and even made up lies to protect her and the little dumpling.

if she and mu yichen had given birth to the little dumpling because of a one-night stand, it would not be a good thing for her and the little dumpling.

if word of this were to spread, it would be assumed that she, luo chenxi, had deliberately given birth to a daughter in order to curry favor with the rich and powerful. she had forced her daughter into a marriage and married into a wealthy family.

on the other hand, she became mu yichen's first love after being forced to explain things to him in such a manner. if it were not for luo chen's interference, the two of them would have been married for a few years.

1553 i only want to hear her say i'm willing

this way, the little dumpling's background sounded more normal.

if there were any flaws in her statement, the biggest problem was that it made mu yichen seem very stupid.

he couldn't even tell that his girlfriend had been switched.

many guests started to discuss secretly. obviously, they didn't believe that the strong and capable young master mu would make such a low-level mistake.

however, since mu yichen was determined to protect his wife and daughter, of course, he did not mind bearing the infamy of foolishness. he wanted to take it one step further and make the crime a reality.

while luo chenxi was thinking, she felt the arm around her waist loosen. soon after, the man behind her suddenly became shorter.

" chenxi, i've never asked you this before. can you forgive me for my stupidity back then? i was actually deceived by a woman like luo chenxin and caused you to wander outside alone and suffer so much? "

luo chenxi was stunned for a moment. she glared at the man before her in disbelief.

mu yichen had actually knelt down on one knee in front of her in front of so many people!

to a man like him, this was ... such an unbelievable thing. it was even more serious than an atomic bomb explosion.

the surrounding guests were also stunned by this scene.

boxn ov el. c o m

although there had been rumors in the circle that young master mu pampered his wife as much as his life, no one had expected that a young master from a rich family like him would be able to do it to this extent.

he actually knelt down on one knee in front of everyone and begged for madam's forgiveness.

although young master mu was indeed a little stupid in this story, was he not also deceived by luo chenxin? he didn't mean to abandon madam.

mu yichen pinched luo chenxi's wrist with one hand. he raised his sharp black eyes and looked straight into luo chenxi's eyes.

luo chenxi looked at him in a daze. she could read the genuine guilt in the man's eyes ...

mu yichen was using this method to tell her that he was truly sorry for her. he had made a mistake all those years ago and let go of the woman he loved. he had made her suffer the pain of childbirth alone overseas and had even caused her to be chased out of school, thus giving up the dream that she had been pursuing all this while ...

luo chenxi's hand trembled. she turned her hand around and grabbed mu yichen's hand in an attempt to pull him up.

“you ... what are you doing? hurry up and get up! when have i ever blamed you? besides, you’ve done me no wrong ...”

luo chenxi’s voice was trembling slightly. she blinked her eyes continuously for fear that her tears would fall if she was not careful.

when she saw mu yichen in this state, she felt that she was unworthy of his wholehearted love.

if all the suffering she had gone through in the first half of her life was so that she could meet this man, then she only wanted to say that ... it was all worth it!

however, no matter how hard luo chenxi pulled, mu yichen’s body remained stable. his back was straight and he did not move an inch.

“you really don’t blame me?”

“of course!”

“then ... tell me again, are you willing to marry me?”

luo chenxi was stunned for a moment upon hearing the question.

mu yichen’s dark eyes were fixed on her. his gaze was filled with persistence and determination.

perhaps, luo chenxi did not know that her rejection of mu yichen’s marriage proposals the previous two times had left him with a huge psychological trauma.

mu yichen had even forced her to go to the civil affairs bureau to register her marriage.

and he ... only wanted to hear her say “ i do. ”

especially when everyone was there to witness it.

luo chenxi came to a realization the moment her eyes met his.

1554 i knew you couldn’t wait to marry me!

this man ...

it was always like this. it made her speechless, but also moved her to tears ...

“i’m willing, of course i’m willing! i’m already married to you, and you’re still asking me if i’m willing?”

“mu yichen, get up quickly. you’re going to be a laughingstock ...”

mu yichen’s thin lips curled into a smile when he saw luo chenxi nodding her head vigorously. a smug smile flashed past his eyes.

he stood up at once, stretched out his arms, and pulled the little woman beside him into his arms. he pinched her chin and kissed her hard.

mu yichen kissed her to his heart’s content in the midst of the guests ‘clamoring.

after a while, he raised his head and blew gently into luo chenxi’s ear. he muttered, “i knew it, you can’t wait to marry me!”

luo chenxi was dazed by the kiss. she had just snapped back to her senses when she heard those words. she almost vomited a mouthful of blood!

just two minutes ago, this man was still kneeling at her feet, begging her to marry him.

how did it become her who couldn't wait to get married so quickly?

even so, mu yichen did not notice her little mood at all. he turned around smugly and announced to the guests around him, "everyone, thank you for being a witness for me and my wife. on behalf of the mu family, i would like to invite all of you to my wedding. we've already been preparing for our wedding some time ago, and it'll be held next month. i hope that after the wedding, no one will say that my chenxi is not the official mrs. mu and refuse to let her in."

boxn ov el. c o m

these words were a direct slap to the president's face.

fu jingxuan thought of what had happened earlier at the gate and immediately broke out in a cold sweat. he coughed twice.

"ahem, yichen, you're being too serious. no one would dare to keep the young mistress of the mu family out, whether it's a wedding or not. of course, your wedding with miss luo is a match made in heaven. everyone will definitely attend ..."

mu yichen's expression turned for the better after he heard the president's statement.

however, when he thought about how his stupid woman had been wronged just now, his expression still didn't look too good. he only said a lukewarm "thank you."

mu yichen's action of kneeling down to propose was more convincing than anything else.

the guests who had some doubts just now were all touched by the love story he told. other than the political enemies of the fu and mu families, the rest of the people rushed over and congratulated this loving couple.

fu jiatong was so angry that she almost died when she saw this!

she felt a dull pain in her chest. she wished that she could charge forward immediately and tear luo chenxi into two.

"luo chenxi, on what basis are you ... on what basis! you're just a lowly person who grew up in an orphanage! how could you have given birth to brother mu's child? this is definitely fake, fake!"

however, no matter how she tried to convince herself, the dna test report was real.

she had racked her brains and thought that she had gotten hold of luo chenxi's weakness. she thought that she could destroy luo chenxi's reputation, yet she did not expect that it was only a complete joke!

not only was luo chenxi not hurt in the slightest, but she had also seized the opportunity to announce her identity as the birth mother of the mu family's little princess.

those rich and powerful daughters who secretly thought that Luo Chenxi was born with an ordinary background and could not adapt to the life of a rich and powerful family would be dumped sooner or later had given up on her.

didn't he see that his daughter was already so big?

moreover, they were able to get back together after four years of separation. if their relationship was not deep enough, how could it be possible?

1555 the single second young master mu who relied on his strength

young master mu could even kneel down on one knee for his wife!

this was simply something that no one could have dreamed of.

"wuwuwu, why do all the good men belong to other families? young master mu usually looks so cold and aloof, but i didn't expect him to be like this in front of madam!"

"no wonder the mu family accepted Luo Chenxi so easily. it turns out that she has given birth to young master mu's daughter long ago."

"this story is so touching. the two people who were separated because of a villain's plot can still be together after four years. i'm so touched that i want to cry ..."

"i wish young master mu and Mrs. mu a happy marriage. i ... i think i'd better change my male god ..."

"yes, yes, doesn't young master mu have a younger brother? the mu family had a tradition of doting on their wives. this family style was not bad! i heard that the mu family's second young master likes small animals and is very kind ..."

the daughters of the rich and powerful were touched. they gradually gave up on young master mu and focused their eyes on Mu Yiling instead.

Mu Yiling was holding a glass of red wine with a long face. he followed behind the two elders of the mu family in a bored manner. he was full of resentment.

his brother and sister-in-law were spreading dog food to everyone again!

did dog food cost no money? even if they were rich, they shouldn't be so extravagant and wasteful!

boxn ov el. c o m

besides, did they consider the feelings of single dogs when they did this?

even his snowball had given birth to five cubs with a wild male dog outside. it seemed like he was the only single dog left in the world. it was rare for him to go home, but he had to be attacked in all kinds of ways ...

"aiyo!"

Mu Yiling was hiding in a corner and drawing circles when someone suddenly patted him on the shoulder. he immediately screamed.

tan yueru glared at her second son, who was not serious at all. " look at you. you don't even know how to stand properly. you're outrageous!" quickly stand up straight, can't you see that there are so many girls looking at you? you're not allowed to embarrass our family, do you hear me?"

although mu yiling had a lot of gossip, he was not a playboy like bai shixun. he was just a playful young man who did not care about trifles. that was why the media always took some awkward photos of him with ulterior motives.

most of those reports were not true and were fabricated by the paparazzi using their own imagination and pictures.

this was not considered a major flaw for a young master from a wealthy family. however, mu yiling immediately appeared to be unreliable in comparison to his perfect brother, mu yichen.

tan yueru was so worried that he couldn't get a wife.

now, it was rare for so many young ladies of equal social status to be interested in mu yiling. of course, she had to urge her son to do so.

" mom, i think i'm fine now ... " mu yiling said with a bitter face.

but as soon as he said that, mu yunfeng's sharp eyes also swept over to him.

it was as if he was going to treat him to another meal of dog food if he didn't listen.

mu yiling was helpless. he could only put down his glass, straighten his suit jacket, and stand up straight.

after all, his family background and upbringing were there. if he put on a little act, he would have the demeanor of a young master from a rich family.

many girls' eyes lit up, and they took the initiative to walk toward him.

"second young master mu, i heard that your brother is having a wedding soon. are you the best man? have you found your sister-in-law's bridesmaid?"

"second young master mu, did you come to the banquet alone? don't you feel bored?"

"second young master mu ..."

mu yiling was surrounded by a group of girls. on the surface, they were talking and laughing, but in his heart, he was complaining incessantly. he desperately shot his elder brother a look, hoping to ask for help.

however, mu yichen only had his wife in his heart. how would he have the time to care about him?

1556 could she have misunderstood the president?

on the other hand, luo chenxi seemed to have noticed something. she turned around and took a glance before she asked in puzzlement, " what's going on? it seems like yiling wants to talk to us?"

"you're wrong." mu yichen's expression was calm. he pouted. " mu yiling is so happy to be surrounded by so many girls. how would he have the time to look for us? "

luo chenxi looked at mu yiling, then she looked at the girls. she nodded with a deep sense of relief. "that's right. i think i'm mistaken." yiling isn't young anymore. it's time for him to find a girlfriend."

the second half of the banquet was carried out in a harmonious atmosphere.

mu yunfeng asked fu jingxuan, hoping that he could officiate his eldest son's wedding.

fu jingxuan was already feeling guilty about what had happened today, so he nodded in agreement without hesitation.

"sure. it's an honor for an old man like me to officiate the marriage of two juniors with such a good relationship."

when he saw luo chenxi leaning against mu yichen's side with her cheeks flushed red, fu jingxuan could not help but recall the time when his wife married him many years ago.

luo chenxi's smile was too similar to her own.

back then, his wife had also been so happy and sweet. it was a pity that the fu family didn't have the power they had now and was even besieged by political enemies. in the midst of a crisis, he and his wife got married in a hurry. the wedding was simple, and there was no important officiant.

now, it felt pretty good to be able to satisfy a little girl who was just like his wife, born as a commoner but had an outstanding temperament.

boxn ov el. c o m

this caused the surrounding heiresses to exclaim in admiration.

it was such a great honor to have the president host the wedding!

even these rich young ladies who were born with a golden spoon in their mouths never dared to have such an extravagant hope.

luo chenxi was actually able to attend a wedding of such a scale. in addition to her husband's family's status and power, she would definitely become the top socialite lady in the hua nation after the wedding.

luo chenxi was a little surprised to hear the president's promise. she widened her eyes and looked at fu jingxuan.

before she came to the presidential palace today, she thought that mr. president was a stubborn old man who was particularly unreasonable and hated him very much.

who knew that today, not only did the president testify for her, but he also agreed to host her wedding!

he was clearly a very kind elder ... could she have misunderstood the president?

luo chenxi snapped back to her senses when she heard tan yueru thanking her from the side. she quickly followed up with a 'thank you'.

fu jiatong was already furious, and when she heard the conversation between fu jingxuan and mu yunfeng, her face turned even redder and she almost flew into a rage.

she endured it again and again, but she still lost control and smashed the wine glass in her hand to the ground.

fortunately, the banquet hall was very noisy. everyone's attention was focused on mu yichen and his wife, so they did not pay much attention to her.

when the banquet finally ended, mu yichen held luo chenxi's hand and the two of them left in an intimate manner.

fu jiatong couldn't hold it in anymore. she lifted her skirt and caught up with fu jingxuan.

"uncle, uncle president, wait for me ..."

hearing her voice, fu jingxuan stopped and turned around.

fu jiatong immediately perked up. she pouted her lips and made a pitiful expression. "uncle president, you ... how could you agree to officiate luo chenxi's wedding? she didn't give the fu family any face at the entrance of the president's house today, and she even made such a scene at the banquet just now ..."

1557 fu jiatong has fallen out of favor?

"luo chenxi is intentionally going against the fu family just because she has the mu family's support. she's trying to elevate her own status. please don't be fooled by her! if you host the wedding and raise her status, she won't be grateful to you at all. a woman like her might ..."

"enough, jiatong, don't talk nonsense!"

before fu jiatong could finish, fu jingxuan interrupted her.

"do you know what you've done today? first, you stopped the mu family from entering, and then in the banquet hall, you couldn't get away from what happened to luo anguo! as the young lady of the fu family, your actions today have disappointed me!"

fu jiatong stopped in her tracks, her eyes widening in disbelief as she looked at the angry fu jingxuan.

she had never thought that she would be reprimanded so severely by the president!

in the past, no matter what mistakes she made, she only needed to put on a pitiful look and squeeze out a few tears to get fu jingxuan's sympathy and comfort. then, she would imitate auntie's coquettishness and get away with it.

no matter how unreasonable her requests were, fu jingxuan would at most reject her and would never blame her.

however, today ...

there was not a hint of a smile on the president's face. he was so serious that it was scary. his fierce look was like he was talking to a subordinate who had made a mistake.

"uncle ... uncle president, i ... i didn't expect luo anguo and the others to be like this ..."

boxn ov el. c o m

fu jiatong's voice trembled as she racked her brain to defend herself.

however, hearing her excuses, fu jingxuan couldn't suppress his anger anymore. he glanced at her coldly and said, " " enough! you're still trying to quibble at a time like this! "

"think about how many mistakes you've made today! if you didn't humiliate luo chenxi on purpose at the entrance of the presidential palace today, would the mu family have left? the reason why i'm so embarrassed as the president isn't because the mu family doesn't give me face. it's because of your niece!"

"how old are you? you don't even know what to say and what not to say? what kind of relationship does the mu family have with our president's house? if you shut their daughter-in-law out, once the mu family bears a grudge and goes against the fu family, have you considered the consequences?"

fu jiatong's face turned green and white. she was shocked and resentful.

she didn't feel like she had done anything wrong, because she had offended other families in the past, but fu jingxuan had only lectured her a little before easily forgiving her.

however, it was different this time!

could it be ... could it be that she had fallen out of favor?

however, fu jiatong still remembered that fu jingxuan was someone she could not afford to offend. she suppressed her anger and lowered her head. " uncle, i ... i know i've done something wrong. i'm just ... i'm just too single-minded. i didn't think too much when i saw that luo chenxi's name wasn't written on the invitation ... i'll definitely learn more about the ways of the world in the future and won't make such a mistake ... "

fu jiatong choked on her sobs as she spoke, and she sounded like she had been wronged.

coupled with her delicate little face, she looked pitiful.

she was confident that as long as she made this expression, fu jingxuan would soften his heart.

as long as the president's anger subsided, he would definitely remember that she was his most beloved niece and would not be harsh on her anymore.

1558 luo chenxi looks more like a daughter from a wealthy family than you

however, what fu jiatong didn't expect was for fu jingxuan to still be angry at her.

he snorted and continued, " "as for the invitation letter, i'll just take it that you're young and insensible. however, what happened in the banquet hall? you actually let luo anguo and lu yajing out! what are you trying to do?"

fu jiatong's heart skipped a beat. she didn't expect fu jingxuan to be able to see through what she was doing.

she shook her head hard and tried to explain herself. " uncle president, i didn't release them. they ... they ran out of their own accord ... "

“do you think i’m an idiot?” fu jingxuan’s brows furrowed as his sharp gaze swept across fu jiatong’s face, as if trying to see through her heart.

“you’re still lying to me at a time like this? i’ve already taken care of the bodyguards who are watching them. today’s banquet is so important, so they must keep a close eye on them and not let them out to cause trouble. if it wasn’t for your orders, who would dare to disobey my orders and act on their own?”

“fu jiatong, you’ve learned how to lie to me now?”

fu jiatong shivered, and cold sweat started to flow down her back.

she suddenly realized that fu jingxuan was frighteningly clear-headed today and wasn’t confused by her coquettish and pitiful look at all.

her lies were usually more than enough to coax fu jingxuan, but today ... they were completely ineffective!

fu jiatong was flustered, and she didn’t dare to lie anymore, so she had to admit it.

boxn ov el. c o m

” i ... i’m sorry, uncle president. i ... i didn’t lie to you on purpose. i just ... i didn’t expect such a big thing to happen. i was scared, so i didn’t dare to admit it ... ”

“yes, i did release them, but i really didn’t expect that they were lying to me! i just felt that they were too pitiful, especially luo anguo, who was almost killed by his own daughter. he was really too miserable. i was too sympathetic, so ... so i did something wrong ... i don’t know why it turned out like this, sob sob sob ...”

fu jiatong’s tears flowed down her face. she wiped them away and bit her lower lip so hard that it started bleeding.

this was what her biological father had taught her, and it was said to be a little action her auntie liked to do when she was still alive. whenever she was nervous, she would bite her lips unconsciously, and sometimes she wouldn’t even realize it when she bit her lip. fu jingxuan, on the other hand, would feel heartache because of this.

at this time, she only had one move left, and it was the most useful one!

as expected, fu jingxuan’s gaze landed on the blood-red mark on her lips. he frowned and sighed heavily.

“alright, alright, stop crying! i don’t have any intention of punishing you. but, jiatong, you can’t go on like this. you’re already in your twenties, and not only do you not understand the ways of the world, but you also believe in scum like luo anguo!”

“look at luo chenxi. she’s about the same age as you, yet she’s so graceful when she speaks. even when she’s being slandered by others, she’s not flustered at all. on the contrary, she’s calm and explained with reason and evidence. she’s able to produce solid evidence to prove her innocence in no time. she’s embarrassing everyone who doubted her!”

“she’s just a girl from an ordinary family. she’s only been married to the mu family for less than a year, but she’s more like a real rich lady than you! you should really learn from luo chenxi!”

1559 fu jingxuan actually wanted her to leave the presidential palace!

fu jingxuan glared at fu jiatong with a complicated expression on his face.

all these years, he had always doted on this niece of his. even if fu jiatong occasionally did something out of line, he still felt that fu jiatong was still young and was a girl, so he shouldn’t have asked her to be like fu linchen.

however, after seeing such an elegant and outstanding girl like luo chenxi today, fu jingxuan suddenly realized that fu jiatong seemed to have been spoiled by him!

moreover, the series of events that had happened today had completely changed his impression of fu jiatong.

in the past, he had always thought that fu jiatong was just young, impetuous, and spoiled by her family. but today’s incident with luo anguo made him suddenly realize that fu jiatong was actually such a scheming girl!

fu jiatong seemed to agree to the things that he didn’t allow her to do over and over again, but the moment she turned around, she did something behind his back.

and it was such a stupid little trick!

the more fu jingxuan thought about it, the angrier he got. he couldn’t maintain his usual patience anymore. “ your brother is right. i’ve spoiled you! ” you’re already in your twenties. you should think about what you can do for the family. you shouldn’t be so willful! i’ve already called your father to come and pick you up. go home and reflect on yourself and think about what you should do in the future. if you can’t think clearly, don’t come looking for me again!”

fu jingxuan had thought about it and felt that he shouldn’t let fu jiatong continue staying in the president’s house.

he was only fu jiatong’s uncle, not her biological father. plus, he was always busy with work and had no time to educate fu jiatong, which was why she had developed such an arrogant and domineering character. however, she didn’t use her brain when she did things, and besides offending people, she didn’t know how to do anything!

rather than that, she might as well let her father discipline her.

boxn ov el. c o m

fu jingxuan didn’t really like this half-brother of his, but he was usually quiet and didn’t cause much trouble.

at least she could teach fu jiatong to keep a low profile.

fu jiatong gasped when she heard this. she was so shocked that she couldn’t believe her ears!

” uncle ... uncle president, you ... you’re kicking me out of the president’s house?! ”

hearing this, fu jingxuan frowned unhappily. " what do you mean by being chased out of the president's house? you have your biological parents and your own home. going to the presidential palace is just a temporary stay. tell me, how long has it been since you've come home to see your parents? how worried your parents must be!"

fu jiatong's heart was in her throat when she heard that, and she was extremely frightened.

she didn't expect fu jingxuan to ask her to leave the president's house!

when she was young, fu jingxuan had raised her like his own daughter. sometimes, when she came home, fu jingxuan would be reluctant to let her go.

but today? she had already taken the initiative to apologize so pitifully and begged for mr. president's forgiveness. not only was uncle president unwilling to give in, but he even wanted to chase her out!

"n-no! i can't go back!"

fu jiatong's heart tightened and she blurted out!

however, in the next second, when she met fu jingxuan's sharp gaze, she suddenly realized that she had said the wrong thing and quickly corrected herself.

" uncle president, i ... i haven't seen you in a long time. you've only been back for two days. i ... i can't bear to leave you. just let me stay for two more days ... father and mother know that i'm at the presidential palace. they're very assured and won't worry about me ... "

1560 i have a biological sister!

fu jiatong pouted her lips, looking extremely pitiful, like a little girl acting coquettishly with her father.

however, fu jingxuan couldn't help frowning as he stared at her, his heart filled with an indescribable sense of disharmony.

although many of fu jiatong's little actions were the same as his wife's when she was still alive, he didn't know when it had started, but he realized that fu jiatong and his wife were completely different.

no matter how many of those habitual small movements he had, he did not have the charm of the woman he loved.

on the other hand, luo chenxi, whom he had just met today, was aloof and distant when she faced outsiders. she was even overbearing and aggressive when she was protecting him and the mu family.

however, it was this kind of strength that was hidden in her bones that made him feel like he was looking at his wife when she was young ...

fu jingxuan's cold expression shocked fu jiatong.

she added more strength. " uncle president, you don't even dote on me anymore ... "

"enough! fu jiatong, you're not a child anymore, you can't continue to be so stubborn! " let me be honest with you. you're wen xuan's daughter. if you continue to live in the presidential palace, it'll easily become an excuse for your political enemies to attack the fu family. especially now that the election is

around the corner, you should go home and stay. don't affect the future of the fu family because of your willfulness!"

in reality, fu jiatong was not his biological daughter. she had been living in the president's house and all her expenses were paid for by the president, which had long caused the displeasure of the voters. although fu jingxuan had repeatedly stated that the fu family would pay for all these expenses, many voters still did not buy it.

his political enemies had finally caught hold of this weakness and had been using it to attack him.

in the past, fu jingxuan had blindly doted on fu jiatong and was very protective of her. fu jiatong had acted dumb and refused to move out, so he didn't want to mention it to her for fear of hurting her heart.

but today, fu jingxuan suddenly realized that fu jiatong didn't miss her biological parents at all. she hadn't returned home for a long time, and instead, she was asked to move out of the presidential palace. she was so nervous that she almost jumped up.

was fu jiatong more concerned about her family, or ... her identity as the president's daughter?

fu jingxuan was extremely disappointed in fu jiatong, so he didn't speak as tactfully as usual.

fu jiatong racked her brain but couldn't think of anything to refute him. she was afraid that fu jingxuan would be even more disappointed in her if she continued, so she could only hold her anger in and say that it was already too late and that she would move out the next morning.

fu jingxuan nodded and turned to leave.

fu linchen followed behind fu jingxuan the entire time, but he did not say a word.

seeing fu jingxuan turn around, he immediately wanted to follow.

"chen ... brother chen ..."

fu jiatong immediately called out to him, "brother zheng, please help me beg uncle. i'm your only sister ..."

fu linchen's expression was cold as he interrupted her, "fu jiatong, if you want to be the fu family's young miss, you have to do things that are worthy of your status!" also, you're my cousin, not my sister. i have a biological sister!"

although he didn't know where his poor sister was, whether her family was happy or poor, only the little princess tiantian in his mother's stomach, who the whole family had been looking forward to, was his sister.

fu jiatong was a scheming girl, and she could only coax her father, not him!

fu linchen didn't look at fu jiatong again, he turned around and left.
