

Sweetheart 1561

1561 the last straw

fu jiatong's face turned green, and she was shaking with anger. she couldn't believe that she had fallen to this point!

before today, she was the most pampered young miss of the presidential palace. she was the most noble and eye-catching one among all the daughters of the rich families in china.

no matter what she wanted to do, she had the president's support.

however, as soon as luo chenxi appeared, fu jingxuan and fu linchen seemed to have been brainwashed. not only did they not stand on her side, but they even wanted to kick her out of the presidential palace!

"that damned luo chenxi! it must be because of her! what was so good about her? was she poisonous? why did everyone like her? could they not tell how scheming luo chenxi was? no, i can't let luo chenxi take away everything that's mine!"

the president was not even aware that luo chenxi was his daughter, yet he already had such a good impression of her.

if luo chenxi's true identity was exposed, then ... would fu jiatong still have a place in the presidential palace?

"luo chenxi, i'm going to make you disappear completely ..."

fu jiatong cursed through gritted teeth.

even so, she was well aware that she did not have a good way to deal with luo chenxi.

the mu family was not to be trifled with. the forces they had secretly cultivated were not inferior to the fu family, and might even be stronger!

boxn ov el. c o m

fu jiatong was only fu jingxuan's niece, so no matter how much he doted on her, she was still different from fu linchen, the heir of the family.

the fu family's influence that she could mobilize was actually very limited. in fact, her influence was not even as great as luo chenxi's in the mu family.

just as she was feeling angry and anxious, she suddenly saw a group of bodyguards escorting luo anguo and lu yajing out of the room.

a police van was parked in front of the presidential palace. it seemed to be here to escort the two back to the prison.

luo anguo's face was ashen, and he had given up all hope. he didn't expect to see fu jiatong in the corridor.

his eyes lit up and he started to struggle again. at the same time, he shouted, " miss fu, help! help me! i don't want to go back to prison. i can't go back! i'm going to die, i'm going to die a horrible death!"

even though mu yichen was gentle and affectionate in front of luo chenxi, he was definitely known for his strength and ruthlessness in the business world and political scene.

luo anguo was well aware of his cheap son-in-law's methods. mu yichen would definitely take revenge on him ruthlessly if he were to return to prison!

he had to grab onto this last straw.

fu jiatong cursed in her heart. at this time, luo anguo still called her. wasn't he deliberately dragging her down?

"what does it have to do with me whether you go back to prison or not?" she said coldly. i was deceived by you and thought that you were being framed. that's why i brought you out. i didn't expect that you'd set me up! a scumbag like you who even schemed against your own daughter should spend the rest of your life in prison!"

fu jiatong's heart was filled with hatred. she didn't expect luo anguo to still dare to come to her.

if it wasn't for this good-for-nothing, would she have been kicked out of the presidential palace?

when luo anguo heard this, he knew that fu jiatong was trying to push all the blame onto him. he simply shouted, " miss fu, you ... you can't go back on your word, can you? you said it yourself that you'll help me clear my name and let me out of prison as long as i accuse luo chenxi during the banquet. i ... i've already helped you. you can't just burn the bridge after you've outlived your usefulness ..."

1562 you're throwing yourself into my arms before even entering the room?

"shut up, you shut up! you're slandering me! luo anguo, you really have no bottom line. in order to get away, you slandered me. do you think anyone will believe you?" fu jiatong shouted angrily and interrupted him.

if she let luo anguo continue, she would really be finished!

although fu jingxuan and the others had already left, there were still so many bodyguards here.

" but, miss fu, i ... i'm innocent ... besides, i know another secret of luo chenxi's, really ... "

seeing that luo anguo was still shouting, fu jiatong was afraid that things would get out of hand, so she could only grit her teeth and say to the bodyguards who were holding him, " " let him go first. i suspect there's more to today's matter. i'm going to take luo anguo away and investigate this matter thoroughly. "

upon hearing this, the bodyguards all looked troubled. " miss, this isn't very good, right? we've also received orders from the higher-ups ..."

"i said, let him go! didn't you guys hear that?"

fu jiatong almost couldn't catch her breath.

in the past, the bodyguards at the president's house would listen to her every word. now, with this attitude of shirking, it was obvious that they saw that she was being reprimanded by fu jingxuan and felt that she was no longer favored!

"hurry up, do you hear me? no matter what, i'm still the young miss of the fu family, it's easy to fire you!" fu jiatong's expression was cold.

the bodyguards hesitated for a moment before finally letting her go.

boxn ov el. c o m

although fu jiatong had been reprimanded, according to the president's love for her, he would probably calm down in two days. when the miss returned to the president's house, they would be the ones in trouble!

luo anguo heaved a sigh of relief and followed behind fu jiatong.

"miss fu, thank you for saving me again. you're really my lucky star ..."

"cut the crap. didn't you say earlier that you still have other things that can be used against luo chenxi? you'd better be telling the truth. otherwise, the mu family doesn't even need to do anything, and i can make you spend the rest of your life in prison!"

fu jiatong took him to a quiet corner and looked at him with a dark face.

if luo anguo's last words had not moved her, she would not have taken the unnecessary action to get him out.

luo anguo said hastily, "i'm not lying to you. i really have a way to deal with luo chenxi. i ... i've only just thought of it!"

then, he lowered his voice and whispered a few words to fu jiatong.

the more fu jiatong heard, the more shocked she became. she frowned and interrupted him, "you're making this up too much! i think you're clearly trying to use me!"

"no, no, no, i'm absolutely telling the truth! as long as ... as long as you can accomplish this, luo chenxi will definitely be dead!" luo anguo tried his best to emphasize.

fu jiatong stared at him hesitantly for a long time, and her expression gradually became serious.

.....

on the other hand, luo chenxi had already returned to the mu family's residence by car.

it was already late at night, and the villa was silent.

mu yunfeng and tan yueru went back to their rooms to rest while yawning.

mu yichen took a glance at luo chenxi. his gaze swept past the v-shaped collar of her gown. his voice was slightly hoarse as he said, "it's getting late. let's take a shower and rest too."

luo chenxi was suddenly reminded of something as she watched the man's back as he went upstairs. she lifted the hem of her dress and chased after him.

"wait a minute, mu yichen. i have something to tell you ... ouch!"

the man suddenly stopped walking. luo chenxi bumped into his back and almost fell down the stairs.

mu yichen took the opportunity to hook his arm around her slender waist. he leaned over slightly and pressed her against the railing of the stairs. he chuckled and whispered into her ear, "you're so eager to throw yourself into my arms before even entering the room?"

1563 tang tang also wants to kiss!

"i ... i did not! mu yichen, let go of me. i'm talking about serious business with you!" luo chenxi's face was slightly red as she pushed him away.

however, mu yichen did not move an inch. it was as if he did not hear her. he tilted his head slightly and pressed his face against her fair, jade-like skin.

"mu yichen, don't be like this. let's go back first ... sob sob!"

before luo chenxi could finish her words, the man's hot kiss blocked her breath and she could not make a sound.

to her, this man was like poison. in front of him, her self-control was frighteningly weak.

soon, luo chenxi was defeated. she wrapped her arms around mu yichen's back and hugged his shoulders. she took the initiative to kiss him back.

a wisp of a smile flashed past mu yichen's eyes. he was about to carry his fragrant wife back to the room when ...

"big sister, are you home? daddi, what are you doing?"

the little dumpling's soft voice suddenly came from behind the two of them.

luo chenxi shuddered and immediately sobered up. she pushed the man on top of her away with all her might.

" cough, cough, tang ... tangtang, weren't you ... weren't you already asleep? "

boxn ov el. c o m

she couldn't help but cover her red face.

'i'm done for, i'm done for. i was supposed to reject mu yichen, so why did he seduce me with his beauty trap again?' and the little dumpling saw it!

embarrassing, too embarrassing!

the little furball raised her head and clenched her fists. she rubbed her big eyes and pouted. " i can't sleep without big sister telling me a story. " big sister is so bad, she went out on a date with daddi and

didn't bring tang tang along. when she came home, she didn't sleep with tang tang and even hid outside to kiss her ... big sister doesn't love tang tang anymore!"

the little dumpling's aggrieved and pitiful expression immediately filled luo chenxi's heart with guilt.

she quickly ran over and picked up the little dumpling.

" tang tang, be good. i thought you were asleep, so i didn't wake you up. i love you the most! "

the little dumpling pouted her little mouth. she turned her head to the side and moved one side of her little face close to luo chenxi. " then, i want a kiss from tang tang too! "

luo chenxi immediately gave her chubby face a kiss.

she kissed and coaxed him. the little furball rubbed against her body for a long time before it was finally happy. after it relaxed, it began to yawn again.

it was already past midnight. usually, the little dumpling would fall asleep before nine o'clock. the only reason he could hold on until now was because he missed his mother.

luo chenxi carried the little dumpling back to her room. she placed the little fellow on the princess bed and covered her with the blanket.

"tang tang, have a good sleep."

the little dumpling could not even open her eyes anymore, yet she was still forcing herself to stay awake. she tugged at luo chenxi's sleeve with one of her small hands. " i'm going to sleep with tang tang. i can't be tricked by that stinky daddy! "

"....."

the man who followed the mother and daughter into the room had a dark expression.

luo chenxi raised her head and glared at him in warning. she removed her shoes and crawled onto the little dumpling's princess bed before she hugged her.

"big sister is here to accompany you. you can sleep in peace."

the little dumpling was finally satisfied. " good night, big sister! "

as soon as he finished speaking, the little dumpling let out a long breath.

he fell asleep within seconds.

luo chenxi curled her lips in amusement. she turned her head to the side and looked at the little dumpling who was lying flat on the pure white bed sheet. the expression on her face turned gentler by the second.

this soft and fragrant little cutie was born from her stomach ...

1564 the day that the little dumpling calls her mommy came so suddenly

that night, she had just proved her mother-daughter relationship with the little dumpling in front of everyone in the upper-class circle of china at the banquet in the presidential palace.

from today onwards, everyone would know that this super cute little angel was her biological daughter. she was the luckiest and happiest mother in the world!

at this time, she really wished that the little dumpling could open his mouth and call her "mommy" ...

however, luochenxi shook her head with a smile a few minutes later.

she knew better than anyone that this matter could not be rushed.

the results of the little dumpling's recent treatment were very good. even the doctor said that the little dumpling had completely taken luochenxi into the role of her mother. perhaps, the little dumpling would take the initiative to call her 'mother' when a specific opportunity arose. she should not be provoked by force at that time.

"tang tang, how long are you going to make mommy wait?"

luochenxi raised her hand and pinched the little fellow's face.

the little dumpling seemed to be feeling a little uncomfortable. it wrinkled its nose, but it took the initiative to rub itself against luochenxi.

luochenxi gave her a peck on the cheek and closed her eyes as well.

however, what she didn't expect at this time was that the day the little dumpling called her mommy would come so quickly and so ... suddenly.

.....

that night, luochenxi was lying on the pink princess bed. she fell asleep with her soft and fragrant daughter in her arms.

however, when she woke up in the morning, she was lying on the king-sized bed in the master bedroom.

there was no soft little cutie in her arms. instead, her back was pressed tightly against a hard male body.

sensing that she had woken up, the man behind her immediately tightened his arms around her waist. his strong and firm chest pressed against her back and rubbed against her.

luochenxi's face turned scarlet immediately!

this man actually ...

"wifey ..." mu yichen's deep voice rang in her ears. it was so soft that her ears turned red.

luochenxi tried to pull his arm away in a hurry. "mu yichen, we should get up. look, it's already so bright outside. it's time for tang tang to go to kindergarten ..."

mu yichen chuckled softly. "have you forgotten? it's saturday today, tang tang is off."

“is ... is that so?” luochenxi widened her eyes and corrected herself hastily, “then ... then we should bring tang tang out to play too. she was already very unhappy when she was alone at home yesterday ...”

“you’re right, we should really take her out to play.”

mu yichen nodded in agreement.

luochenxi heaved a sigh of relief. “you think so too, don’t you? then let go of me first, let’s go downstairs and eat ... hey, what are you doing?”

as luochenxi spoke, she propped herself up against the bed frame. she wanted to get up, but she did not expect to feel a strong force on her shoulder before she could even sit up.

she was pushed back to the bed again.

mu yichen hovered above her. his hair fell messily from his forehead because he had slept the entire night. he gave off a carefree and lazy feeling.

the nightgown on his body also loosened from the middle, revealing a large area of honey-colored skin. the lines of his muscles were well-built and perfect, full of the power of a pure man.

luochenxi widened her eyes and looked at the man before her in a daze.

her husband looked so damn sexy under the faint morning sun!

“stupid woman, your nose is bleeding ...”

the man’s low and magnetic laughter rang out.

luochenxi raised her hand subconsciously and covered her nose.

the next second, she realized that she had been played!

1565 chapter 1569-what happened to the quick battle?

the area under her nose was completely dry. where was the blood?

“mu yichen, you’re toying with ... mm!”

the man caught the moment she was distracted and grabbed both her wrists, pressing them on the top of her head. then, he leaned down on her.

“don’t waste time. let’s hurry up and finish this quickly. maybe we can take tang tang out for a walk before dinner.”

luochenxi’s eyes went black.

they had not even had breakfast yet, but mu yichen was already thinking about what happened before dinner ... did he have to be such a scammer!

“wuwuwu, mu yichen, let me go. i’m so hungry. i want to eat first ...”

“don’t worry, stupid woman. it’ll be your turn when i’m full ...”

“wuwu, you beast! you were just pretending when you proposed to me yesterday, you big bad wolf!”

mu yichen did not let go of her when he heard the little woman underneath him mention the proposal from the night before. on the contrary, he felt the blood in his entire body boiling even more.

god knows how much he wished he could pounce on this stupid woman on the spot and hug her tightly the moment he saw her nod and agree to marry him in the banquet hall yesterday. he would never let go of her even by an inch!

boxn ov el. c o m

she was ... his!

there wasn't a single moment that he could feel this more clearly.

“stupid woman, if the proposal is successful, it means that you're willing to become my woman. eh? besides, who was the one drooling over my body just now?”

“who ... who is drooling? you're not strawberry pudding!”

fortunately, mu yichen still remembered that she had not eaten anything since last night. even though he did not say it aloud, his heart still ached for her. that was why he let go of her after two tortures and got up to put on his clothes.

luo chenxi supported her sore waist, got up, and moved in the direction of the bathroom.

he was still resentful in his heart, “what happened to ending the battle quickly?” men were all liars!

mu yichen looked at her ever-changing little face. he squinted his eyes, turned around, and walked over to pick her up in one swift motion.

“hey, what are you doing? mu yichen, didn't we agree to let me have breakfast?”

luo chenxi struggled in a hurry. however, mu yichen had already put her down before she could do anything.

“brush your teeth!”

the next second, a toothbrush with toothpaste squeezed out of it was stuffed into her hand.

“..... ah?”

luo chenxi had a confused look on her face.

the man raised his eyebrows. do you want me to help you? i'm happy to help, but i can't guarantee how long it'll take ...”

“i can do it myself!”

luo chenxi shuddered and snapped back to her senses. she quickly picked up her toothbrush and started washing up. at the same time, she was trying her best to signal mu yichen to leave the bathroom with her eyes.

mu yichen looked at his stupid woman's curvaceous figure that was wrapped in a bathrobe. he hesitated for a moment before he turned around and left in the end.

luo chenxi washed up quickly. she had her breakfast and brought the little dumpling out to play for a while.

when he got home, he saw tan yueru with mu yiling, zhuo feng, and a few key personnel from the public relations department of the mu group in the living room. they were discussing something.

tan yueru cracked into a smile at once upon seeing luo chenxi's return.

"my daughter-in-law, come here. we're discussing your wedding with yichen! i know that you young people are busy with work, so i've already done most of the planning for you. however, there are still many details that you need to make your own decisions."

1566 chapter 1570-head dizzy from the beauty trap again

luo chenxi was stunned for a moment. it was only then that she recalled that not only had mu yichen proposed to her yesterday, but he had also announced publicly that he would hold their wedding in a month's time!

this was different from what they had agreed on at the beginning!

she felt that something was amiss at the time. however, she did not want to embarrass her husband in a public place like the presidential palace with so many pairs of eyes on her. that was why she did not say anything. she only thought of discussing it with mu yichen after she returned.

in the end, when she came back, she was first interrupted by the little dumpling, and then she was bewitched by the beauty trap ...

he had directly forgotten about the important matter!

luo chenxi cursed under her breath, 'a man's charm is a hindrance.' she hastily said to tan yueru, "mom, about the wedding ... wait a minute. i need to discuss it with yichen. please help me look after tang tang first, i'll go to the study to find him."

she rushed to the study, pushed the door open, and said anxiously, "mu yichen, i have something to tell you ... ah, are you busy?"

mu yichen was sitting upright on the chair with his back facing the wall. he was focused on the huge led screen on the wall. the cold and stern expression on his face made him seem like a completely different person from the man who had been pestering her relentlessly in the morning.

mu yichen's gaze turned gentle at once when he saw luo chenxi's figure appearing at the door. "i'm fine. come in."

"really? aren't you in the middle of an international conference? i'm disturbing you, i'll come back to find you later ..."

luo chenxi blinked. she stretched out her hand and pointed at the lcd screen. the senior executives from various countries were gathered in front of the screen and staring at them.

boxn ov el. c o m

mu yichen's expression was calm. "it's alright. the party is over." if you have anything to say, come over and talk."

as he spoke, he got up and grabbed luo chenxi's wrist in one swift motion before he pulled her to his side.

the executives on the other end of the network were speechless.

god knew how the devilish president mu yichen had reprimanded them earlier. everyone was covered in cold sweat as if they were facing a great enemy.

in the end, the moment the president's wife appeared, the devil instantly became the model husband. he even lied through his teeth and said that the meeting was over!

what method did mrs. ceo use to completely subdue such a terrifying mr. ceo?

however, they did not even have the chance to figure it out when mu yichen cut off the network connection at once.

"stupid woman, you and tang tang are back so early? i thought tang tang would pester you to play with her for a while longer."

luo chenxi said, 'shaoxuan hasn't recovered from his illness yet, right? i didn't go to the park in front to play today. i'm bored, so i came back early ..."

"hehe, that's really good news!" mu yichen was overjoyed and secretly wished that bo shaoxuan would be sick for a longer time.

"by the way, yichen, i'm here to discuss something with you ..." luo chenxi bit her lips. she was hesitant to speak.

mu yichen frowned slightly. "what's the matter?"

"it's ... it's our wedding ... isn't it a little too rushed to hold it in just a month? i don't think we need to be in such a hurry ..."

"stupid woman, what do you mean?" mu yichen's expression darkened at once. he held luo chenxi's shoulder and stared at her. "you said that you'd marry me, yet you're going back on your word now?"

"ahem, mu yichen, don't be so agitated! i ... i've already registered my marriage with you. whether we have a wedding or not, i can't escape from this nest of thieves, right?" luo chenxi quickly consoled him.

"but, didn't we agree on this before? i have to find my mommy first before holding the wedding. she's my only family, and i want her to see with her own eyes that i'm able to marry the man i love ..."

mu yichen had an aggressive look on his face, but his heart sank upon hearing lu wenjun's name.

1567 what did you say? my mommy got married in europe!

mu yiling had been in europe all this time. he was in charge of looking for lu wenjun's whereabouts under his elder brother's long-range command.

mu yichen initially thought that it would be easy to find a person as long as he looked for her seriously with the tang family's influence in europe and mu yiling's abilities as one of the top three hackers in the world.

whoever knew that the development of the matter was completely beyond his expectations.

the faires family's power was beyond imagination. mu yiling had used every method he could think of, but he still could not find lu wenjun.

moreover, the faires family had been warning mu yiling to get the hell back to china, or they would teach him a lesson.

mu yiling was also a young master from a top-class wealthy family. he had always gotten whatever he wanted in china. he was not afraid of anyone other than his elder brother, mu yichen. he did not take the rumors released by the faires family seriously at all. he continued his investigation work locally.

however, on the eve of the mid-autumn festival, the special agents sent by the mu family to europe were suddenly attacked. they suffered heavy losses, and even mu yiling himself was injured in the attack.

although the attackers all wore masks to hide their identities, anyone could guess that it was definitely the faires family's doing.

when the news reached china, mu yichen took advantage of the mid-autumn festival to call mu yiling back and asked him about his situation in europe in detail.

however, he had kept all this information from lu chenxi on purpose. he did not wish for her to be worried and troubled over this.

mu yichen was only stunned for a second before his expression returned to normal.

boxn ov el. c o m

however, while this slight change could fool others, it could not fool the person who slept with him every day.

luo chenxi raised her eyebrows and looked at mu yichen in puzzlement. " what's going on? 'mu yichen, are you hiding something from me?' how is my mommy? didn't you say last time that it's easy to find someone with the help of the tang family? it's been a month. do you have any leads on my mommy?"

countless thoughts ran through mu yichen's mind rapidly. in the end, he still decided to keep it a secret from luo chenxi.

"of ... of course, there was progress, and it was rapid! we've already confirmed mother-in-law's condition, but we can't contact her in the short term ..."

luo chenxi immediately furrowed her brows. " mu yichen, don't you think that your words are contradictory? you haven't even contacted my mommy, so how are you going to confirm her condition?"

mu yichen clenched his right hand into a fist and pressed it against his lips. he coughed twice to conceal his uneasiness of lying in front of his wife.

"ahem, well ... yiling heard from someone in europe that the leader of the faires family, leon, got married in secret a few months ago. it's said that the bride was his ex-lover who he broke up with twenty years ago. according to my sources, the bride was in her early forties, but she looked like she was in her thirties. she was very pretty, but her face was pale and she was not in good health ... she must be my mother-in-law."

"what did you just say? my mommy got married in europe!"

luo chenxi was truly shocked at that moment. she screamed aloud at once and almost jumped up.

"impossible, how could this be possible? you didn't even tell me that my mommy is getting married! also, what's going on between the head of the fey-something family and my mommy? did he just take my mommy away by force? that's impossible! what the hell is this?"

1568 a foster father appeared out of nowhere?

mu yichen stretched out his hand and pressed down on luo chenxi's shoulder. he pressed the anxious and restless little woman back onto the sofa.

"chenxi, don't be agitated. let me finish first. i told you last time that the ring in your mother's collection has the faires family's emblem on it, and only the direct descendants of the family can have it. so, from the beginning, we suspected that the person who took mother-in-law away was from the faires family, and it could be someone who had a past with her."

luo chenxi calmed down a little and nodded. "yes, i agree with this judgment, but ... but my mommy suddenly got married to the legendary and mysterious family head? that's ... that's impossible ... and why hasn't she contacted me?"

mu yichen had already made a guess about lu wenjun's whereabouts. he had also told luo chenxi about it, so she was not particularly surprised by it.

however, she now had an adoptive father out of the blue?

this ... was very hard to accept.

moreover, her mother was already married, but there was no news from her at all ... this didn't make sense.

not only was lu wenjun her only family, but she was also the family that lu wenjun valued the most!

unless he had lost his memory, lu wenjun would have contacted her.

mu yichen took a deep breath when he was being stared at by luo chenxi. "this ... i'm not sure what's going on either." however, according to the information we received, patriarch faires went on a honeymoon with his wife after his wedding. he did not reveal the destination of his honeymoon to anyone. i've been waiting for them to return, but there's been no news at all. not even the faires family knows ..."

luo chenxi frowned and was inevitably puzzled. "really? why did they have to be so mysterious about their honeymoon? you're not lying to me, right?"

boxn ov el. c o m

"i'll be a dog if i lie to you!" mu yichen quickly replied. he raised his right hand and made a vow.

he heaved a sigh of relief in secret when he saw luo chenxi mumbling and lowering her head.

in fact, what he said was not a lie. mu yiling had indeed collected such information.

it should be true that he had a powerful and convenient father-in-law.

however, it was true that the faires family had attacked mu yiling and the others. he did not plan to tell luo chenxi about this ...

luo chenxi stared at her husband in suspicion for a while. in the end, she chose to believe his words.

after all, young master mu was the most proud and prideful person. he definitely wouldn't be willing to be a dog ...

"alright. although i've never heard mommy mention this patriarch thing, i'm relieved that mommy has found her own happiness. that's good, let's postpone our wedding for a while!"

"my mommy went on a honeymoon, and it's been more than a month. she'll probably be back soon. when she's back, we can hold the wedding ..."

luo chenxi thought about it and made a decision.

even though lu wenjun did not contact her when he got married, she would never forget that all these years, lu wenjun's greatest wish was to see her daughter find a good man who loved her and have a happy family.

mu yichen's expression changed. "no, we can't postpone the wedding. i've already told the president's house that we'll hold the wedding in a month's time. how can we go back on our word? "

1569 can't you even wait for such a short time?

"going back on your word like this? won't the mu family become the laughing stock of the entire hua country? "

mu yichen immediately expressed his objection.

he had been waiting for this wedding for a few months. he had finally declared his sovereignty at the presidential palace and gloated for a while, but the wedding was postponed again?

he could not accept such a blow!

when she saw mu yichen's ashen face as if he was angry, luo chenxi quickly moved closer to him and hugged his arm. she swung it around with an ingratiating expression on her face.

"my dear, will you just agree? you wouldn't want to see me attend the wedding alone, without any relatives to send me off, would you?"

mu yichen was determined to reject her at once, but his heart softened at once when he heard luochenxi's pitiful tone.

his stupid woman ... even though she had a father and an older sister, she was no different from an orphan. if lu wenjun could not attend her wedding ...

"you're right ..."

luochenxi's eyes brightened upon hearing mu yichen's words. she was already prepared to kiss him when he nodded.

who would have known that mu yichen's thin lips would twitch ever so slightly and the words that came out of his mouth would be, "let's hold the wedding as usual. we'll hold another one when mother-in-law is back!"

luochenxi widened her eyes. "mu yichen, are you even listening to me? what do you mean by ... another one?"

"didn't you say that you felt regretful that you didn't have a mother-in-law to send you off? then, we'll ask mother-in-law to send you off for our second wedding. we'll hold it whenever you want!"

luochenxi could not believe her ears at all. "y-you ... who would hold a wedding that lasts one, two, or three times?!" "this is already our second marriage! my mommy will probably be back in a few days. can't you wait that long?"

"yes, i can't wait." mu yichen said firmly.

if the matter was truly as he had lied to luochenxi, he would not mind waiting for a few more days, of course.

however, from the looks of it now, the faires family's internal affairs were too complicated. no one could guarantee lu wenjun's current situation.

if something were to happen, wouldn't he not be able to get a wife again?

mu yichen had made up his mind long ago that he would hold the wedding ceremony regardless of anything else. it was the most important matter at hand!

luochenxi was exasperated. "do you know how much it costs to hold a wedding? even if you have money, you can't squander it like this!"

"stupid woman, are you afraid of your man going bankrupt? don't worry, this amount of money is nothing to your husband. you don't have to save money for me. compared to spending money, i don't want to lose face in front of his excellency the president!"

luochenxi was even more speechless now. 'is this a matter of money? besides, you're not the one who's embarrassed if the wedding is postponed. if anyone were to laugh at you, they'd be laughing at me, right?"

the mu family's wedding of the century was postponed. ordinary people would not think that mu yichen had been dumped. instead, they would probably guess that the mu family regretted marrying luochenxi, who came from an ordinary background, and planned to break off the engagement.

"it just won't work! i'm the head of the family, i have the final say!" young master mu couldn't argue with her, so he directly acted tsundere.

luochenxi glared at him and let go of his arm in a decisive manner. " i'm not going to talk to you anymore. i'll discuss this with mom! "

"hey, stupid woman, stop right there!"

mu yichen stretched out his hand in an attempt to pull her back, but he did not manage to do so.

what would happen if luochenxi went to look for tan yueru?

everyone knew that he had been abandoned by tan yueru ever since he married luochenxi.

1570 mu yichen, don't tell me you're with someone else?

sometimes, he even suspected that luochenxi was his mother's biological daughter!

as expected, mu yichen received the bad news of the wedding being postponed during dinner.

in the dining room, tan yueru said with a smile, " "my daughter-in-law is really thoughtful. without my in-law, the wedding can't be held so early. speaking of which, i haven't seen chenxi's mother before. to be able to raise such a good daughter, her in-law must be a particularly outstanding woman. yiling, i heard that you've already contacted your in-law? you must go and pick her up in time, understand?"

mu yiling's eyes widened. he looked at tan yueru and luochenxi in shock. in the end, he signaled mu yichen with his eyes.

the meaning was obvious-brother, why can't you even handle sister-in-law? where ... where was he supposed to go to pick her up?

mu yichen glanced at his younger brother coldly. he felt depressed in his heart.

could this fool's expression be any more exaggerated?

was he afraid that their lie would not be exposed?

mu yiling's heart trembled when he was glared at by his brother. he quickly shrank his head and responded in a muffled voice.

that night, mu yiling was called into the study. the brothers had a meeting overnight to discuss the matters in europe.

luochenxi had a vague feeling that something was not quite right. she even had a private chat with mu yiling.

however, no matter how silly mu yiling was usually, he would always be on high alert and not dare to say a word when he thought of his incomparably ferocious big brother who was watching him from behind.

.....

luo chenxi was at a loss for two days. soon, she could not be bothered with this matter anymore.

this was because she was on her mid-autumn holiday for the next few days. after the holiday ended, she would have to return to the " magnificent turn " crew and start work again.

in the past, mu yichen would feel very unhappy whenever luo chenxi wanted to leave, but this time, he was relieved. not only did he not stop her, but he also personally packed her luggage and sent her to her private jet.

the level of attentiveness made luo chenxi feel that it was unreal.

before they parted, she looked at the man before her suspiciously. " mu yichen, you're not hiding it from me. you're with someone else, are you? " you're actually in such a hurry to chase me away?"

"stupid woman, what are you thinking about? i'm just supporting your work!" mu yichen was stunned for a moment before he gritted his teeth in secret.

luo chenxi looked to the left and right. i keep feeling like you're hiding something."

"from what you've said, you don't want to go to the capital and are planning to stay at home to accompany me? that's good, let's go back now. last night, you kept saying that you wanted to sleep early, and i wasn't satisfied at all ..."

"no, no, no, i'll still leave! i'll see you in debt, hubby!"

luo chenxi shuddered and boarded the plane hastily.

this time, because the little one had to go to the bo family's house every day to see bo shaoxuan, she didn't bring the little guy to the set.

she was worried that teng qingze would be disappointed, but when teng siqing heard this news, she only smiled indifferently.

" that's great. my fiancé has brought qingze to country Y. if tang tang comes over, i don't know what to tell her! "

" qingze went to country Y ... " luo chenxi was slightly surprised.

after being in contact with teng siqing for so long, she already knew that teng siqing's fiancé was not teng qingze's biological father.

she had thought that since the two of them weren't biological father and son, and teng qingze was an introvert, it would be awkward for the two of them to interact.

she didn't expect them to be so close.

it seemed that the man that teng siqing found this time was much better than the scumbag who had cheated on her before!
