

# Sweetheart 1571

1571 chapter 1575-wrap party

after work resumed, the filming of the crew was unusually smooth. the progress was faster than expected. in less than 20 days, they had completed all the progress.

yan heng happily announced, " thank you to all the members of the crew for your joint efforts. the shooting will end today. there is still a lot of post-production work to do. however, most of you have already finished your work. " in order to celebrate the movie's success, the crew has already made reservations at Cloud bar. all the expenses today will be paid by third young master he!"

the staff members cheered.

he jinsi's popularity in the production team was extremely high now. he had long surpassed the playboy second young master bai.

not to mention that he had generously invited all the staff to spend at the most expensive bar in the imperial capital.

upon hearing this, the eyes of the girls present lit up and they were excited.

only teng siqing's expression instantly became a little dazed.

ever since she was stopped by he jinsi while she was changing in the dressing room, this man had not appeared again. even the person who occasionally patrolled the set on behalf of the investors had become second young master bai.

however, the lunch at the heavenly fragrance restaurant was still delivered on time every day. the meal she received was still different from others ...

teng siqing did not know what this man was thinking.

at first, she thought that he jinsi was no different from those rich men who wanted to sleep with her, but his actions later were completely different from what she expected.

boxn ov el. c o m

especially when she thought about the way he jinsi looked at her in the dressing room that day, she felt suffocated for no reason.

teng siqing did not want to participate in such social activities. however, as the female lead of the production team, she would definitely be criticized if she did not participate in the end-of-production banquet.

so, she still went with the crew's car.

as soon as she entered, teng siqing looked around the entire bar and immediately heaved a sigh of relief.

he jinsi was not around!

yan heng walked over with his phone in hand, his face full of regret. " looks like i'll have to disappoint everyone. third young master he just called to say that he's busy tonight and probably won't be able to make it today. let everyone have a good meal and have fun. don't save money for him ... "

as soon as he said that, the actresses all looked disappointed.

however, teng siqing let out a long breath.

she relaxed and was about to find a place to sit down when she suddenly sensed that someone seemed to be looking at her from the right.

teng siqing turned to look.

a greasy middle-aged man in his forties or fifties was sitting on the sofa, his eyes wandering unscrupulously on her body. when he saw teng siqing turn her head, he even raised his glass at her and chuckled, "movie queen teng, i've heard so much about you. i didn't expect to have the chance to see you in person. you're even more beautiful than the rumors say. you really live up to your reputation!"

teng siqing was stunned for a moment and then she frowned slightly.

although she had never met this person before, he was very famous in the circle. she could recognize him at a glance. he was the boss of DR cinema chain, president wang.

ceo wang controlled most of the movie theaters in china, so he could decide the screening frequency of a movie to a large extent. therefore, he had a lot of power in the film industry.

however, he didn't have a good reputation. it was said that he had an ambiguous relationship with many female celebrities.

although bai shixun had a reputation for being a playboy, second young master bai was young, handsome, and unmarried. strictly speaking, being a playboy was not a stain on his reputation.

however, president wang had a wife and children. sometimes, he liked to use some means to force the female stars he liked to submit. he was the person that teng siqing kept a respectful distance from.

1572 when did such a beauty appear in the industry?

however, no matter how much teng siqing hated president wang, he was still invited by the production team.

the production team needed more shots, so they definitely wanted to build a good relationship with president wang.

teng siqing knew the severity of the situation and did not show any displeasure. she only smiled faintly. " chief wang, i didn't expect you to come to our end-of-production banquet today. it's really a surprise. "

" hehe, this ... this is not an accident! "

hearing teng siqing's polite and distant tone, president wang not only did not retreat because of her coldness, but he also stood up and walked over with a smile.

“movie queen teng, i came here today especially for you! i’ve been a fan of yours for a long time and i’ve always wanted to see you in person, but you refused to act in movies directed by local directors. this was the first time! how could i miss it?”

” movie queen teng, don’t worry. if you’re in a film, it’ll definitely be the best of the best. our DR theater chain will definitely take this factor into account when we shoot the film! ”

as president wang hinted, he got closer and closer, almost sticking to teng siqing.

teng siqing immediately felt nauseated and almost vomited on the spot.

she had to use the acting skills of a movie queen to keep the calm smile on her face and at the same time, step back without a trace.

“chief wang, thank you for your compliment. i was able to win the title of best actress mainly because of my good luck. you’re flattering me by saying that. i’m ashamed to accept it ...”

boxn ov el. c o m

“hehe, that’s what i really mean. miss teng, i’ve been your fan for many years, and it’s not easy for me to see you this time. i have a lot to say to you. why don’t we find a place to talk?”

the corners of teng siqing’s mouth twitched. she wished she could send this fellow flying with a slap.

president wang’s bad reputation really didn’t come from nowhere. this was simply naked harassment!

however, she couldn’t directly slap ceo wang’s face out of consideration for him.

teng siqing hurriedly looked around, wanting to ask for help from someone she knew.

however, she didn’t want to attract attention this time, so she deliberately found a remote corner seat. there were very few people passing by, let alone yan heng and fan yinghua.

teng siqing’s expression changed slightly, and she could not help but feel extremely regretful. she should not have found such a seat.

just as she was struggling, president wang couldn’t wait any longer. he leaned over and reached out to touch teng siqing’s thigh.

this time, teng siqing could no longer hold back.

just as she was about to shed all pretenses of cordiality and teach ceo wang a lesson, a familiar voice was suddenly heard.

“siqing, why didn’t you drink with everyone but hide here? i’ve been looking for you for a long time!”

teng siqing’s heart skipped a beat and she hurriedly shouted, ” chenxi, what are you looking for me for? i ... i just happened to run into president wang, and we had a chat ...”

ceo wang was more or less a public figure, so he still needed to save some face.

as soon as he heard that someone was coming, he could only withdraw his hand in embarrassment and turn his head.

in the end, he only took one look, and his eyes immediately went blank!

the young girl who was walking towards them was a real beauty!

although her makeup was light, she was not inferior to a famous beauty in the entertainment industry like teng siqing!

when did such a beauty appear in the entertainment circle? and he even joined the crew of “gorgeous turn”! why didn’t he know anything about it?

1573 tell her who i am?

president wang stared at luo chenxi’s long legs with drooling eyes. he was already fantasizing about how he would get this little beauty into his hands.

such an exquisite face, a perfect figure, and that elegant and pure temperament ... she was truly a rare beauty!

to be able to be her man, she didn’t know how happy she was.

in president wang’s opinion, luo chenxi must be a newbie who had just started her career since she looked so unfamiliar. she could only be obedient when she was faced with a big shot like him in the entertainment industry.

it was impossible for her to be as difficult to deal with as a movie queen like teng siqing.

“siqing, you guys ... what’s going on? who are you, sir? what did you want to do to miss teng just now?”

luo chenxi noticed that teng siqing and president wang were standing too close to each other after she got closer. her face darkened immediately. she frowned and scrutinized president wang with an unpleasant expression.

ceo wang didn’t expect that such a delicate girl would be so impolite the moment she opened her mouth. she even questioned him directly.

he snorted coldly, his face filled with arrogance. “ who am i? you don’t know who i am? you’ve wasted your time in the entertainment industry, right? you must be an actress from the ‘gorgeous turn’ crew, right? is this the attitude you should have when talking to me? do you still want to stay in the industry?”

luo chenxi raised her eyebrows and appeared to be slightly surprised. “ i can’t stay in the industry anymore after offending you? ” you ... could you be ...”

upon hearing her words, president wang thought that luo chenxi had recognized him. he looked even more pleased with himself. he was waiting to see the little beauty’s expression change in an instant so that she could come over to please him in a flattering manner.

boxn ov el. c o m

“you’re second young master bai from bai pictures?” luo chenxi tilted her head.

ceo wang’s face froze.

luo chenxi continued, 'not second young master bai? then ... he's third young master he from guangxi entertainment?'

upon hearing this, ceo wang's face turned green and white.

the two people mentioned by luo chenxi were the true young masters of the rich and powerful. their influence far exceeded the scope of the entertainment industry. they were not people that he, a mere dr. boss, could compare to.

no matter how thick-skinned he was, he did not dare to say that he could be compared to bai shixun and the rest.

when she noticed that president wang remained silent, luo chenxi looked at teng siqing with a puzzled expression and asked, 'other than these two, are there any other investors in our crew? you can kick me out of the crew just because of a disagreement?'

teng siqing almost burst out laughing.

however, before she could speak, president wang had already reacted to the situation. his face turned as black as the bottom of a pot in an instant as he glared at luo chenxi.

'little girl, you're really a newborn calf that's not afraid of tigers! she had just entered the industry and did not know anything. did she think that there were only these two entertainment companies in the entertainment industry? that's right, the bai family and guang xi are indeed big, but there are many people in the circle you can't afford to offend!'

as he said this, he looked at teng siqing. 'miss teng, this is a member of your film crew. tell her, what is my identity?'

teng siqing suppressed her laughter and cleared her throat. 'ahem, chenxi, this ... this is president wang. he's the boss of the largest DR theater chain in the country. most of the cinemas in the country are under president wang's name.'

'DR films ... that's indeed a big company!' luo chenxi seemed to be deep in thought.

president wang thought that luo chenxi was afraid, so he became smug again. 'how is it? do you know who i am now? did he know that he had said the wrong thing? you're so young, and it wasn't easy for you to get into this big production crew. if your scenes are deleted, your future will be ruined!'

1574 a nauseating feeling welled up in her chest

president wang's tiny eyes were squinted into a slit as he stared straight at luo chenxi.

even though he was in the entertainment industry and had seen countless beautiful women, he had never seen such a beautiful woman with such temperament and good looks.

it could be said that even if she did not have any acting skills, her face alone was enough for her to be in the top of the entertainment industry.

luo chenxi could not bear to listen to this anymore. she could not help sneering, 'ceo wang, you're really thinking too much. if there's an apology, you should be the one apologizing to me and siqing!'

what you've said to us has already been deemed as harassment by project X. if you don't leave immediately, i'm going to call the police."

the smile on president wang's face froze instantly. he glared at luo chenxi. " what ... what did you say?! " you ... you want me to apologize? and call the police? y-y-you ..."

he almost thought he had heard wrong!

shouldn't a small star like her, who had just stepped out of the industry, be able to gain the favor of a big boss like him?

was there something wrong with this woman's brain? not only did she reject him, but she also dared to say such things?

just as ceo wang was about to say something, footsteps were heard not far away.

immediately after that, yan heng's surprised voice rang out. " xingchen, siqing, why are you two here? i've been looking for you ... ceo wang? what are you doing here?"

he looked to the left and then to the right. he noticed that luo chenxi and teng siqing did not look too good. he then thought of president wang's reputation and had an ominous premonition in his heart.

boxn ov el. c o m

director wang immediately swept his gaze over luo chenxi upon seeing yan heng. he intended to show this tactless woman his power.

"director yan, look at the young actors under you. why don't they have any manners? just now, she accused me of harassing her and even said that she was going to call the police! what's the point of staying in the production team with such a person? hurry up and get her to apologize to me, or else ..."

yan heng's face turned green when he heard this, and before he could finish, he quickly interrupted him.

"ceo wang, please stop! xingchen is not an actress in our production team. she's our fashion director!"

ceo wang was taken aback. " fashion director? don't joke with me. she's so beautiful, how can she not be an actress? i don't think ..."

he was halfway through his sentence when he suddenly thought of something, and his voice stopped abruptly.

ceo wang's pupils instantly widened, and he opened his mouth. " the ... the fashion director? could it be ... could it be that ... that director?"

yan heng sighed and nodded heavily. " that's right. it's the mrs. mu you've always wanted to see. "

ceo wang's face instantly turned pale.

he had come to participate in the wrapping up event this time because he had used his connections. other than coveting teng siqing's beauty, more importantly, he had heard that young master mu's wife was in the production team. he wanted to take this opportunity to please mrs. mu and get on the mu family's good side to strive for further progress in his career.

whoever knew that after all his effort, he would actually meet mrs. mu.

however, he treated her like an ordinary small star. not only did he brag about himself in front of her, but he also ... even hinted that he wanted to sleep with her.

who didn't know that young master mu pampered his wife as much as his life? if this were to reach young master mu's ears, he ... not to mention pleasing the mu family, he might not even be able to keep his life!

"m-mrs. mu, it's ... it's my fault. i was blind and offended you. i'm sorry! just treat me like a fart and let me go!"

after all, president wang was a person who mingled in the social scene. he reacted quickly and his attitude immediately took a 180-degree turn. he nodded and bowed his head profusely to apologize to luo chenxi.

luo chenxi frowned. she really didn't want to talk to this scumbag anymore, so she quickly waved her hand and sent him away.

then, she turned to yan heng. "director yan, is there anything you need from us?"

seeing that she wasn't angry, yan heng heaved a sigh of relief. "the crew members are all waiting for you at the bar. this time, the early kill-off was a great contribution by the two of you. everyone would like to give you a toast."

of course, the two of them couldn't refuse such a request.

luo chenxi and teng siqing were both important figures in the production team. the staff cheered excitedly the moment they appeared.

someone immediately came over and attentively poured wine for the two.

luo chenxi did not usually drink because she had a husband at home who liked to discipline her. she finally had a legitimate reason to have a drink today.

she took the red wine from her assistant and nodded with a smile. she raised the glass in her hand and said loudly, "thank you for your joint efforts, everyone. during this time, i've learned a lot from everyone in the crew and i'm reluctant to leave. then we'll do ..."

luo chenxi had yet to finish her sentence when the smell of alcohol suddenly wafted into her nose.

the thick and rich wine fragrance should have intoxicated people.

on the other hand, luo chenxi felt uncomfortable for no reason when she smelled the scent. a nauseating feeling surged up in her chest.

"oh ..."

1575 shouldn't you be hugging two in three years?

a sour feeling welled up in his throat.

luo chenxi retched. she covered her mouth with her hand in a hurry. she exhausted all her self-control to stop herself from vomiting on the spot.

the wine glass in her other hand shook, and the red wine inside spilled out.

all the staff members present became nervous.

teng siqing, who was sitting beside her, quickly leaned over and patted her back. "chenxi, what's wrong? where are you feeling uncomfortable? are you not allowed to drink?"

hearing this, yan heng also walked over. "xingchen, are you okay? you ... you can't drink? why didn't you say so earlier? how are you doing now?"

he had an annoyed expression on his face.

upon hearing teng siqing's words, yan heng suddenly recalled that he had never seen luo chenxi drinking.

luo chenxi did not even touch a single drop of alcohol when he jinsi treated everyone to a meal at the production unit.

luo chenxi's delicate brows were knitted together. "i ... this isn't about the wine. i usually ..."

luo chenxi wanted to say that her alcohol tolerance was quite good usually, so it was unlikely that she would have such an intense reaction before she could even taste the alcohol.

boxn ov el. c o m

however, before she could finish her sentence, she suddenly smelled the strong aroma of wine again, and the disgusting and uncomfortable feeling came back again.

"oh ..."

her expression changed, and she couldn't even say a word. she covered her mouth and ran towards the bathroom.

teng siqing was worried and quickly followed behind her.

luo chenxi leaned on the sink and retched a few times, but she could not vomit anything.

seeing that she seemed to be feeling better, teng siqing walked over and handed her a cup.

"chenxi, are you feeling better? how about rinsing your mouth?"

"thank you," he said. luo chenxi thanked him and took the cup. she went to the tap to get water.

teng siqing watched from the side for a while and suddenly asked, "chenxi, you ... are you pregnant?"

"pfft ...! cough, cough, cough, what ... what did you just say?"

luo chenxi had just taken a sip of gargling water. before she could spit it out, she heard teng siqing's shocking words and choked on it.

she coughed for a while before finding her voice. "cough cough, siqing, you ... you're thinking too much. how could i be pregnant?!" this is absolutely impossible!"

ever since she had lost a lot of blood while giving birth to tang tang, the doctor had asserted that she would never be able to get pregnant again in this lifetime.

although tan yueru later found many famous gynecologists to treat her, and she had a complete set of both chinese and western medicine, and she had also taken a lot of medicine, none of the doctors dared to guarantee that they could cure her.

luo chenxi was well aware that these experts were eager to show their faces in front of a wealthy family like the mu family. as long as they were certain of their success, they could turn their words into a 50% success rate. yet, no one had said that they could cure her. this meant that ... there was really little hope for her in this situation.

however, she already had the smart and beautiful little dumpling. mu yichen had also expressed repeatedly that he was satisfied with having tang tang as his daughter. hence, luo chenxi was no longer as concerned about this matter as she was before.

teng siqing raised her eyebrows, a teasing smile on her face. "how can you be so sure that you're not pregnant? i thought it was possible! looking at how loving young master mu is to you, shouldn't you be hugging him twice every three years? could it be that young master mu only looks powerful, but is actually ... not very good in that aspect?"

"pfft ...!"

luo chenxi had just taken a second sip of water when she spurted it out again.

1576 young lady mu is gone, teng siqing can't be dragged back

"cough cough cough cough!!"

this time, she coughed for a longer time.

it wasn't easy for him to recover.

"siqing, you ... ahem, it's not what you think ..." the corners of luo chenxi's lips twitched. she did not know how to explain herself.

it was a good thing that mu yichen did not tag along today. if the tsundere at home were to hear someone else criticizing him like that, he reckoned that he would explode in anger.

when teng siqing saw her reaction, she blinked and asked in confusion, "what's wrong? did i guess wrong? but you really look like this ... when i was pregnant with qingze, i was like this too. i've been having morning sickness for the first few months ..."

"this ... everyone's physique is different, right? when i was pregnant with tang tang, i didn't have any morning sickness and could eat anything!"

luo chenxi felt much better after rinsing her mouth. she picked up the little dumpling and smiled again. " i guess i got gastroenteritis because i didn't eat well these past two days. i have to go back and find some medicine. "

when teng siqing saw how confident she was, she also felt that she had guessed wrong.

perhaps, luo chenxi and young master mu were using contraception. how would an outsider like her know about this?

thinking of this, she didn't continue to dwell on this issue. instead, she asked, " " since you have a weak stomach, you should go back and rest. don't force yourself to attend the banquet. nothing is more important than your health. "

boxn ov el. c o m

luo chenxi nodded. " hmm, i think so too. i feel like puking just from the smell of alcohol. staying here will only ruin the atmosphere tonight. i'm feeling better now, so i'll go and tell director yan and the others first."

luo chenxi followed teng siqing back to the bar counter and informed yan heng and fan yinghua.

both of them were shocked by luo chenxi's reaction earlier. naturally, they did not have the courage to ask her to stay. instead, they asked about her well-being and sent her to the door personally.

if it was an ordinary actress, she would most likely be marked down by the production crew and labeled as cold and unsociable if she left at the beginning of the celebration party.

on the other hand, luo chenxi was different.

if something were to happen to young lady mu on set, who would be able to bear the responsibility?

teng siqing sent luo chenxi to the mu family's car before she turned around and returned to the Cloud bar to continue attending the film crew's activities.

her steps were light and she came and went in a hurry, so she didn't notice that a pair of lustful eyes were staring at her from a booth not far away from the bar.

"president wang, don't worry. i've already checked. young mistress mu has already left in a car. no one can protect teng siqing anymore. she can't get up even if she wants to."

yao feifei said in a sweet voice as she leaned against president wang.

president wang's drooling eyes swept over teng siqing's slender waist and he secretly swallowed his saliva. are you confident that you can deal with teng siqing? don't lie to me!"

"of course, i'm confident!"

yao feifei gritted her teeth and looked in teng siqing's direction.

she had put in a lot of effort and defeated many little vixens before she managed to climb up to ceo wang, who was an influential big shot in the industry. only then did she get the opportunity to play the second female lead in " the magnificent turn. "

whoever knew that not long after she gained his favor, president wang would immediately fall head over heels for her after seeing teng siqing's photo and would not even contact her anymore.

although yao feifei was unwilling, she still decided to help president wang sleep with teng siqing in order to please him.

1577 i want to see teng siqing in trouble!

in this way, not only would she be able to get the benefits that ceo wang had promised her and play an important role in another heavily invested movie, but she would also be able to see the usually cold and aloof teng siqing fall from her pedestal!

if the paparazzi knew that teng siqing, the positive and inspirational movie queen, had actually slept with the most notorious old lecher in the industry, how would they report this news?

teng siqing's noble and professional acting background would definitely not be preserved!

ceo wang didn't expect yao feifei to have such a vicious mind.

after hearing her promise, president wang smiled so widely that his eyes narrowed into slits. he reached out and wiped some oil off her thigh.

"alright, out of all my mistresses, you're the most understanding one. i didn't dote on you for nothing! don't worry, i won't mistreat you after this!"

"thank you, ceo wang. don't forget your old friend just because you have a new one ..." yao feifei replied with a charming smile.

even without president wang's promise, she still wanted to see teng siqing suffer!

in the beginning, under the organization of fan yinghua and the others, everyone in the crew toasted each other and played a few games. the atmosphere was very lively.

as time passed, everyone gradually relaxed and no longer deliberately gathered together. instead, they went their own ways to have fun.

teng siqing did not like crowds, so she had been sitting in the corner.

boxn ov el. c o m

the people around her gradually left, leaving her alone, which made her feel relieved.

just as she was about to sneak away when no one was paying attention, she saw yao feifei walking over from a distance. she walked straight to the seat opposite her and sat down.

"yao feifei? what do you want?" teng siqing frowned slightly.

during this period of time, she and yao feifei often had conflicts on set. their relationship was very bad, and they usually didn't even greet each other when they met.

she had not expected yao feifei to suddenly come over.

yao feifei deliberately lowered her posture and smiled. "senior teng, i'm here to apologize to you. i'm very sorry to have caused you trouble during this period of time. i was too insensible in the past and thought that if you didn't come to the set, i would be able to be the female lead. i was wrong ... now that the filming is over, i realize how childish my thinking was, so i came here to apologize to you. i hope you'll be magnanimous and not stoop to my level."

teng siqing's brows furrowed even deeper. she stared suspiciously at yao feifei for a while.

based on her understanding of yao feifei, she wasn't someone who would change for the better!

however, the two of them wouldn't have many chances to meet in the future. teng siqing didn't want to fall out with him, so she just said indifferently, "it's just a small matter, i didn't take it to heart."

"that's good. thank you, senior teng!"

yao feifei smiled and called for the bartender to bring her a bottle of red wine. she then took two crystal glasses and personally filled them with wine.

when she was pouring the wine, she deliberately used her hand to block teng siqing's view and mixed a little transparent powder into the wine without leaving a trace.

this powder was provided by ceo wang. it was a new type of night club hallucinogens mixed with tranquilizer and nerve anesthesia. it was colorless and odorless, and after drinking it, the effect was similar to getting drunk.

even the wily old foxes who had been in the nightclub for many years could easily fall for it.

yao feifei pushed one of the cups in front of teng siqing.

"then i'll give you a toast. we're friends from now on."

1578 third young master he drank the wine!

teng siqing took the glass and raised it in front of her, but she did not drink it immediately. "thank you. i appreciate your kindness. however, i can't hold my liquor well. i was already drunk just now, so i really can't drink this glass anymore."

"senior teng, please don't misunderstand. i absolutely didn't mean to force you to drink. how about this, i'll drink first as a form of respect. you can do as you please," yao feifei hurriedly said.

after she finished speaking, she raised her head and finished the wine in her glass.

then, he looked at teng siqing.

in this way, teng siqing was very embarrassed.

she had already toasted to him first. if she insisted on not drinking, it would seem like she was too arrogant and difficult to get along with.

she should at least take a sip.

however, it was not teng siqing's first day in the entertainment industry. she was a senior figure who had been in the entertainment industry for more than ten years. what kind of dirty things had she not seen in the entertainment industry?

she had seen a lot of people in the bar who used the excuse of toasting to secretly do things.

did yao feifei really think that she would fall for such a small trick?

teng siqing held the wine glass, but she still had no intention of putting it into her mouth. the corners of her mouth curled up into a faint smile. " miss yao, you're really too polite. it's rare for you to be so understanding of me. i'll say thank you in advance. "

boxn ov el. c o m

yao feifei's face froze.

she did not expect that teng siqing would not give her any face at all. she did not even frown when she said she would not drink.

this time, yao feifei didn't know what to do. just now, teng siqing had already made her promise, so she couldn't persuade her to drink even if she wanted to. she could only brace herself, laugh dryly, and leave dejectedly.

seeing her back view as she left in a hurry, a hint of ridicule flashed in teng siqing's eyes.

she could more or less guess what yao feifei was thinking, but she couldn't be bothered to expose her.

after all, an actress like yao feifei always attributed her failures to bad luck or the lack of support from a sponsor. she only knew how to use underhanded methods to get resources, but she didn't know that she should improve her acting skills and abilities first.

such a person would not have much achievement in his life. even if he was lucky enough to become famous, it would not last long.

didn't she see that she wanted to hug he jinsi's thigh, but third young master he was unmoved?

at the thought of he jinsi, teng siqing was instantly lost in thought.

she didn't expect that he jinsi ... really didn't show up at the end-of-production party today.

they had not seen each other since the time he had blocked her in the dressing room.

could it be that she had really misunderstood third young master he? in fact, he didn't have any romantic feelings for her ...

teng siqing's thoughts drifted a little far away as she stared at the wine glass in a daze.

just as she was about to put down the glass, her hand suddenly felt light, and the glass was snatched away!

teng siqing was shocked. she looked up in a hurry and saw he jinsi's extremely handsome face.

the man who had occupied her mind just now had suddenly appeared in front of her. it was so sudden that teng siqing could not react for a moment. she could not tell if the man in front of her was real or an illusion.

she was stunned for a few seconds before she came back to her senses. " third ... third young master he? " what are you doing here?"

he jinsi didn't answer immediately. instead, he raised his hand and raised the glass in his hand. he raised his head and finished the red wine in the glass.

"wait, don't ..."

teng siqing hastily tried to stop him, but it was too late.

he jinsi downed the entire glass of red wine in one gulp without even taking a breath.

by the time he heard the sound, there was not a single drop of wine left in the glass.

1579 you deliberately put a drug in the wine to knock me out?

after he jinsi finished drinking, he frowned and turned to stare at teng siqing in displeasure.

"didn't i tell you not to force yourself to drink if you don't know how to? why did you drink it again? don't you know that you get a headache and a fever every time you get drunk?"

teng siqing originally wanted to ask him how he felt, but when she heard this, she forgot the words that were on the tip of her tongue and could only look at him in a daze.

"you ... how did you know that i would get a headache and a fever when i'm drunk?"

he jinsi choked and suddenly remembered his current status. he replied stiffly, " i heard it from someone else."

"someone else?" teng siqing's face was filled with confusion.

when she was young, her alcohol tolerance wasn't good, so she was like this. later on, after training, she rarely got drunk.

no one in the production crew knew about this. even luo chenxi, who was on the best terms with her, was unaware of this!

how could third young master he be so sure?

just as she was about to ask more, her gaze suddenly swept over the empty glass by he jinsi's hand. she instantly trembled and became nervous again. " third young master he, after you drank, how ... uh, do you feel now? "

he jinsi glanced at her and raised his eyebrows slightly. " how should i feel? "

"uh, this ..."

teng siqing was instantly at a loss for words.

he jinsi didn't look any different from usual. he didn't even look drunk, let alone drugged ...

could it be that she had been too petty just now and that yao feifei had no intention of harming her and was really going to apologize to her?

"what are you thinking? why are you asking such a question?"

teng siqing was in a daze when she suddenly felt a strong masculine aura approaching her.

she didn't know when he jinsi had leaned closer to her, but his long, narrow, and sharp phoenix eyes were focused on her.

"i ..."

as teng siqing looked at that pair of black eyes that were like stars, her heart skipped a beat.

the way he jinsi looked at her was too focused. it was just like when Pheonix looked at her back then. those blue eyes that could make countless female fans go crazy only reflected her ...

"what's wrong? could it be that you're going to tell me that you've deliberately put a sleeping drug in the wine to knock me out and to kill me? hmm?"

the man's low and ambiguous laughter came, mixed with a faint smell of alcohol, intoxicating.

teng siqing's entire body quivered as she regained her senses.

she was instantly tongue-tied, " you ... what nonsense are you saying? how could i put it in the wine ... don't you think too highly of yourself!"

she was like a cat whose tail had been stepped on, and she almost jumped.

teng siqing felt a lingering fear in her heart. fortunately, there was nothing wrong with the wine that yao feifei gave her. otherwise, who knew what the thick-skinned man, he jinsi, would think? he might even think that she was the one who threw herself into his arms ...

at the thought of this, teng siqing pulled a long face, sat up straight, and moved back a little to avoid he jinsi.

at the same time, her voice became serious. " third young master he, what are you doing so close to me? what was it? please stay away from me, or else if someone sees us and misunderstands that we have an ambiguous relationship, i really can't bear the responsibility."

when he jinsi heard this, he was slightly stunned. when he saw teng siqing's distant and guarded expression, it was as if someone had poured a bucket of cold water on his head. the smile on his face instantly disappeared.

"i'm sorry, i didn't mean to offend you,"

he took a deep breath, put his right hand on the bar counter, and stepped back.

as he jinsi retreated, the seemingly omnipresent and powerful aura also faded.

teng siqing heaved a long sigh of relief, and the pressure on her body immediately reduced by a lot. but at the same time, he felt a sense of loss.

the moment he jinsi stepped back, she even had the urge to reach out and pull him back.

fortunately, she was aware of her dangerous thoughts in time and restrained herself.

“i’m very sorry, miss teng. i was just joking with you. if i’ve made you feel uncomfortable, i’ll apologize to you.”

he jinsi pursed his lips and took the initiative to apologize.

he didn’t know why he had done that.

in fact, he had no intention of attending the “ magnificent turn ” production’s end-of-production party today.

during this period of time, he had been trying hard to control himself and not appear in front of teng siqing again.

the two of them had broken up for so many years. things were different now. teng siqing already had a fiancé who was in love with each other. what was the point of him meeting teng siqing again? he was just torturing himself.

however, even though he jinsi was very clear on this, he still could not be so carefree.

there were a few times when he had already driven to the entrance of the film crew and stopped at the corner of the street for an entire afternoon. however, the moment teng siqing’s figure appeared, he fled in panic.

for the past two months of filming for “ a magnificent turn, ” every day had been a long torture for him.

it wasn’t easy to hold it in until today, and the crew’s shooting work was completed.

after the end-of-production party, most of the crew members would leave, including teng siqing.

he jinsi had already received some news that teng siqing’s manager had accepted a big hollywood production for her. once the film was done here, she would have to fly to M country and would not be able to return to china in the short term.

as long as they could endure this day, they ... might really not have the chance to meet again.

this was the result he jinsi wanted.

however, he had never thought that his will would be so weak.

he stayed in the hotel alone, but he couldn’t calm down. after a night of struggle, he was already outside Cloud bar when he came back to his senses.

as soon as he jinsi entered, he saw teng siqing sitting in front of the bar counter. her delicate little face was in a daze as she stared at the thick red wine in a daze, as if she was drinking to drown her sorrows.

in a moment of impulse, he snatched the glass.

now that he thought about it, it was really inappropriate for him to do this ...

teng siqing furrowed her brows slightly. she looked up and met he jinsi's eyes. she did not speak for a long time.

clearly, he jinsi's behavior was also very rude, but he wasn't as explicit as president wang.

if it was someone else who had said those words to her, she would have turned hostile.

however, when she faced he jinsi's handsome face, she could not get angry at all ...

he was really drunk!

seeing that she wasn't angry, he jinsi secretly heaved a sigh of relief and quickly changed the topic. " miss teng, it's all thanks to you that the film was able to succeed this time. i won't say much to thank you. if you have any difficulties in the future, you can come to me. i won't reject you! "

a favor from the all-powerful third young master he in the entertainment industry was so precious!

if an ordinary female star heard this, she would probably faint from excitement.

however, the expression on teng siqing's face remained indifferent as she replied indifferently, " thank you, president he. however, my career is developing very smoothly now, so i won't trouble you anymore. "
