

Sweetheart 1591

1591 i'm going to be a mother again!

" young mistress mu, congratulations. you're seven weeks pregnant! "

the doctor placed an ultrasound result slip in front of luochenxi and congratulated her with a smile on his face.

tan yueru was so excited that she was about to faint. she could not sit still at all. she put her palms together and paced back and forth beside luochenxi.

"oh my god, this is really ... great, this is too unexpected! the heavens are really blessing you and yichen! she had just said that she was going to hold a wedding, and now she was pregnant. it was really double happiness! i've been looking forward to having a younger brother or sister. i don't know how happy i'll be now!"

luochenxi looked at the thin test sheet before her in a daze. she was still in a daze.

"i'm ... i'm ... really pregnant? i have ... a baby in my stomach?"

she was not ready to be a mother again!

no, it couldn't be said that way either. because she had the little dumpling, she was now very experienced in taking care of children.

however, because there had been no significant progress in the treatment, she was prepared to have only one child. she didn't expect to suddenly receive such a heavy bomb!

the doctor smiled and nodded. " that's right, young mistress mu. you're really pregnant. our hospital's expert team is also very surprised that you can get pregnant in such a short time with your condition. also, it seems that the baby is very healthy."

luochenxi blinked her eyes. she finally felt that it was real. a layer of moisture appeared at the corners of her eyes. i'm going to be a mother again! tang tang is going to have a younger brother or sister!"

she almost burst into tears.

happiness had come too suddenly.

she could not believe that she was so lucky!

four years ago, she had thought that she had lost everything, that her career and studies were over, that her eight-month baby had died before it was born, and that she would never have another baby in the future ...

but now, the heavens had returned everything she had lost, and even gifted her with more.

she had found her biological daughter, her career was gradually back on track, and now, she was pregnant with her second baby.

furthermore, he had married her daughter's father, the man she had fallen in love with at first sight ...

luo chenxi suddenly reacted when she thought of mu yichen. she turned around and said to tan yueru, "mom, please keep this a secret. i'll tell yichen personally when we get home ... "

before she could finish, tan yueru was stunned and coughed twice. "ahem, my daughter-in-law, i'm sorry. i told yichen the good news in the shortest time possible ... "

tan yueru said with an apologetic look on her face.

she was so excited when she heard the news of luo chenxi's pregnancy that she could not help but want to share it with the others.

however, according to tradition, she couldn't tell anyone before she was three months pregnant. tan yueru could only tell the child's father about her enthusiasm.

hence, she texted mu yichen at once.

she didn't think much about it at that time, but now that she had calmed down and thought about it again, she felt that it was a little inappropriate. wasn't this destroying the fun between the young couple?

luo chenxi was slightly disappointed. it would be even better if she could tell mu yichen about the little baby that she and he had been looking forward to for so long.

however, this little episode could not affect her good mood.

1592 he doesn't seem ... very happy?

"mom, it's fine. i ..."

luo chenxi wanted to comfort tan yueru.

but before she could finish her sentence, there was the sound of hurried footsteps from outside the door.

with a bang, the door to the vip room was violently pushed open, interrupting the conversation between the mother-in-law and daughter-in-law.

luo chenxi turned around in astonishment and saw mu yichen's tall and straight figure rushing into the room from the outside.

when the nation's husband, young master mu, appeared in front of the public, he always wore a suit and had a cold aura. but today, his clothes were wrinkled, and his face was covered in sweat. he looked travel-worn and it was obvious that he had sped here at the fastest speed possible.

his gaze fell upon luo chenxi as soon as he entered the room. he dashed toward her and held her shoulders with both hands.

"stupid ... stupid woman, you're ... you're pregnant?!"

his voice was trembling.

luo chenxi blinked and nodded. "it's true. i just found out about it. we're actually having a second baby!"

as she spoke, the corners of her mouth couldn't help but curve up, and her smile couldn't be concealed.

boxn ov el. c o m

if she was more shocked when she first heard the news, she was completely at ease now that she saw the baby's father. there was no longer a trace of uneasiness, and her heart was filled with joy and gratitude.

"hubby, are you happy?"

luo chenxi widened her eyes and looked at mu yichen in anticipation.

unexpectedly, mu yichen's expression darkened. he swept his cold gaze across the doctor and said in a cold and stern voice, "what's going on? why did my wife suddenly become pregnant? the last time we came to see her, you clearly said that she wouldn't be able to get pregnant in the short term! is your hospital's diagnosis a child's play?"

luo chenxi did not expect her husband to have such a reaction. she was stunned for a moment.

she initially thought that mu yichen would be especially surprised when he found out that she was pregnant. perhaps, he would even faint. she was still thinking about how to calm him down.

in the end, judging by mu yichen's expression, he did not seem ... very happy.

the gynecologist was so frightened that his face turned pale. he explained in a trembling voice, "young ... young master mu, our diagnosis ... is based on probability. "young mistress mu's chances of getting pregnant is only one percent. medically, she's considered to be in the group of people who have extreme difficulty getting pregnant, but that doesn't mean she won't get pregnant ..."

"how's my wife's condition? can this child be kept?"

mu yichen's expression was still unpleasant. his expression was extremely solemn.

even tan yueru couldn't bear to listen to him anymore. she couldn't help but growl, " "mu yichen, what nonsense are you spouting? this is your reaction when chenxi is pregnant? you dare to abandon my grandson?"

luo chenxi's body stiffened. she looked at mu yichen in a daze. she could not believe her ears.

mu yichen's reaction had truly surprised her.

from his tone, he didn't seem to be looking forward to the arrival of the little life that he had conceived with her ...

how ... how did this happen?

"mu yichen, you ... i'm pregnant. aren't you happy?" luo chenxi could not help but speak in a trembling voice.

mu yichen furrowed his brows instantly. he stared at her with an even uglier expression. "stupid woman, do you know how serious this matter is? the last time i came to see you, the doctor said that your problem isn't just pregnancy difficulties!"

1593 what kind of father are you?

"with your physique, even if you're pregnant, it's easy to cause various complications in the later stages of pregnancy. it's even likely to cause massive bleeding again during the delivery process!"

"we've already agreed that we'll only prepare for pregnancy in advance after your body has completely recuperated! you're pregnant now ... do you know how dangerous it is for you?! are you trying to scare me to death?"

mu yichen gritted his teeth in anger. he wished that he could shake this stupid woman who had a muddled mind awake.

however, when he thought of the little bean sprout in this woman's stomach, he didn't even dare to touch her too hard, let alone shake her.

in addition to being depressed, he felt extremely vexed and regretful!

if he had known earlier that his stupid woman could still get pregnant, he would have paid more attention to contraception.

judging from the number of times they had been intimate, they could have given birth to their third child if not for luo chenxi's condition ...

upon hearing mu yichen's words, tan yueru snapped out of her initial surprise. she recalled the advice from the experts some time ago, and her expression changed abruptly.

"right, that's right. the expert from country m mentioned this before. he said that even if my daughter-in-law is pregnant, it won't be easy to keep her and it might hurt her body! this ... what should we do?"

mu yichen pursed his lips. the gloominess in his eyes deepened. "if there's really no other way, i can only ..."

his gaze swept past luo chenxi's still-flat lower abdomen.

boxn ov el. c o m

luo chenxi shuddered. she covered her stomach with her hands subconsciously and struggled free from mu yichen's arms. she took a few steps back.

"mu yichen, you ... what do you want to do to my baby? don't think that i won't want the baby! the baby is still so young, and you're already treating it like this. what kind of father are you?"

this was the second child that she and mu yichen had been looking forward to for a long time!

judging from mu yichen's tone, he did not seem to be anticipating its arrival at all. he even wanted her to give up on it ... how could he do that?

mu yichen furrowed his brows. "stupid woman, i'm just worried that something might happen to you ..."

"you're not a doctor. the doctor just congratulated me! can't you respect science?" luo chenxi glared at him in rage.

mu yichen and tan yueru snapped back to their senses. the three of them looked toward the gynecologist who was huddling in the corner at the same time.

as one of the authoritative figures in china's obstetrics and gynecology department, he was also a famous expert in the country.

however, being stared at by young master mu's cold and sharp eyes still made his face pale and his back break out in cold sweat.

seeing him like this, tan yueru urged him impatiently, "what's the situation? will my daughter-in-law be able to give birth to this child safely?"

the doctor wiped the cold sweat from his forehead and said as calmly as he could, "this ... this ... young madam mu is still in the early stages of her pregnancy. it's hard to say for sure, but from the current test results, the fetus's condition is still very good. it's a miracle that she could recover so well and get pregnant so quickly. i've never seen such a case before."

"of course, considering young mistress mu's medical history, i don't dare to come to a conclusion easily. our hospital will organize a consultation with experts from all over the world as soon as possible and then come up with a specific treatment plan. my personal suggestion is that the family members don't have to be too nervous. at least for now, young mistress mu doesn't seem to have any problems."

luo chenxi's anxious heart was finally at ease.

1594 this stinky gangster!

luo chenxi tugged at her husband's sleeve. "did you hear what the doctor said? my body is recovering very well! this must be the effect of the chinese medicine prescription that mom found for me recently. it's not a waste that i've persisted in making that super bitter and astringent chinese medicine every day on the set ..."

tan yueru also heaved a sigh of relief. "that's good, that's good! no matter what the other party's request is, as long as my daughter-in-law can give birth to the child smoothly, it'll be fine."

the two women were relieved, but mu yichen's expression remained unpleasant.

"mu yichen, what do you think? tang tang wants a younger brother and sister so much, can you bear to let her down? i've waited so long for my second baby. if you don't like it, i won't let you off!" luo chenxi looked at him in a threatening manner.

mu yichen squinted his eyes and swept his gaze across her.

her slightly pale face was filled with determination. it was obvious that she would not listen to his advice.

and he ... how could he bear to hurt his own child?

however, nothing was more important to him than the little woman by his side. what he wanted most was nothing more than for luochenxi to be by his side in a healthy and happy state. he was willing to give up everything else for that!

“just like mom said, contact the world’s top obstetricians for a consultation tomorrow. during your pregnancy, you’re not allowed to run around anymore. you have to listen to the doctor and stop working for a while. you have to listen to everything i say ... can you do that?”

“i ...”

luochenxi opened her mouth.

boxn ov el. c o m

she really wanted to say that she was in good health now and that work wouldn’t affect anything. other pregnant women worked until a week before their due date!

however, she swallowed her words when she saw muyichen’s cold and stern handsome face.

she reckoned that she would not be able to persuade muyichen no matter what she said now. she could only wait for the doctor’s diagnosis to come out.

after a while, muyichen carried luochenxi out of the hospital in his arms.

there were many people in the hospital, and many of them looked at them with surprised expressions. it was unknown if they recognized them.

luochenxi was too embarrassed to face anyone. she could not help but push muyichen’s chest.

“you ... you put me down, muyichen! i’m just pregnant, my legs aren’t broken, i can walk on my own!”

“pa!”

luochenxi’s petite face blushed scarlet after a soft sound was heard. ” muyichen, what are you doing? ”

muyichen actually ... actually hit her butt! and in such a public place.

this stinky hooligan!

“didn’t we agree that you’ll listen to me? you’re going back on your word so quickly?”

young master mu gave the little woman in his arms a warning look, completely ignoring the strange looks around him. he directly carried his wife into the car, packed her up, and took her home.

.....

ever since luochenxi got pregnant, she had become the mu family’s main target of protection.

not to mention going out, even if she was at home, a group of people were watching her closely, afraid that she would suddenly fall and hurt herself.

even the task of playing with building blocks with the little dumpling was snatched away by young master mu.

luo chenxi endured it again and again but she could not hold it anymore. " mu yichen, that's enough! if you continue like this, even if i'm not sick, i'm going to get sick from holding it in! no, i have to go to the company. i have to personally pick up tang tang!"

however, all her requests were suppressed by her nervous father-to-be.

1595 the little dumpling snitches on her father

at last, a team of obstetricians from all over the world arrived in T city a week later. they performed a very in-depth examination on luo chenxi.

in the end, the experts gave their opinions.

"young mistress mu's body is recovering very well. it shouldn't be a big problem for her to give birth to a healthy baby. usually, he just had to eat according to the doctor's advice and avoid strenuous exercise. however, young mistress mu can't be taken lightly, especially after she's six months pregnant. she must persist in her weekly check-up. if there are any problems, she must be treated in time."

after getting the expert's assurance, the mu family finally heaved a sigh of relief.

luo chenxi had been holding it in for more than a week. she could not take it anymore. she immediately requested to go out for a walk and to resume her work.

of course, mu yichen was unwilling to do so. however, luo chenxi was not afraid of him at all at the moment.

young master mu still had the family rules as his trump card, but luo chenxi had a baby in her womb at the moment. her physical condition was worse than that of an ordinary pregnant woman. as a result, the doctor had repeatedly ordered that she was not to engage in any overly intimate behavior during the entire pregnancy.

this was definitely a bolt out of the blue for young master mu!

mu yichen had the urge to vomit blood every day when he saw the little woman whose figure had not changed at all swaggering around in front of him every day. she did not even realize that she had exposed herself.

back then, he must have been out of his mind to think of having a second child.

now that she thought about it, the little dumpling was already mischievous enough. how could she take another one?

boxn ov el. c o m

moreover, it would be fine if it was a little princess who was as cute as a little dumpling, but if it was a son ... that would be really terrible!

having said that, his wife and baby couldn't even bear to speak louder.

mu yichen had no other choice but to agree to luo chenxi's request. however, he also made a request, " in addition to picking up xiao tuanzi, she could only go to work at SL holdings once a week. she had to have someone to take care of her shopping and other activities.

luo chenxi nodded her head in agreement in an attempt to dismiss her husband.

mu yichen knew that he could not keep his wife in check, so he held back a trick. he told the little dumpling about luo chenxi's pregnancy on purpose.

she had no idea what he told the little dumpling, but from that day on, the little fellow had become a spy sent by her father. he watched luo chenxi's every move all day long and even reported her to his father.

" big sister, daddy said that you're not to be trifled with. you have a younger brother or sister in your stomach, so you can't carry tang tang. tang tang is a big child now, so she can walk on her own! "

" big sister, daddy said you can't eat this cake. it's too sweet and it's not good for your health! "

" big sister, daddy said that we have to go home immediately after school and can't go to the supermarket. there's a bad smell in there and you'll vomit! "

the little dumpling strode with her short little legs and pattered around luo chenxi's side. she was in charge of everything.

there was an instant when luo chenxi suspected that she had given birth to a little housekeeper.

"tang tang, are you helping daddy or big sister?"

luo chenxi placed the little dumpling on the sofa while she sat opposite her. she planned to have a good talk with the little fellow.

xiao tuanzi blinked its big eyes and said happily, ""tang tang, help big sister ~"

"then can you not tell your father what i do every day?"

"no!"

the little ball replied firmly.

luo chenxi was in tears. didn't you say you love big sister the most?"

'what kind of magic potion did mu yichen feed my daughter?!'

1596 tang tang must be pretty, you must give birth to the right one!

the little dumpling lifted her chin with an 'you're so stupid' expression.

"daddy has already told tang tang that big sister must be good so that she can give birth to beautiful younger brothers and sisters for tang tang to play with! if big sister isn't good, then little brother and sister won't look good. tang tang, don't be ugly!"

this way, she, little princess tang tang, would lose face!

luo chenxi clenched her teeth in hatred. if mu yichen was right in front of her, she would have bitten him without any hesitation.

this guy ... how did he teach his daughter!

it was simply a bunch of nonsense and a bad influence on the child!

are younger brothers and sisters for fun?

also, what did he mean by giving birth to a beautiful one to accompany tang tang? if she wasn't beautiful, did he not want her?

"big sister, when will the younger brother and sister come out?"

when the little dumpling saw that luo chenxi was in a daze, she crawled toward her from the other end of the sofa. she pressed her tiny little hands on her stomach gently. "are the younger siblings in the older sister's stomach? why can't i touch it?"

luo chenxi met the little dumpling's anticipating gaze. the corners of her lips could not help but curl up. "my younger brother and sister are still young, so i can't touch them yet. they'll grow up in a few months."
"

boxn ov el. c o m

"a few more months ..." the little dumpling was obviously disappointed. "why can't my younger brother and sister come out to play with tang tang immediately?"

a few months passed by very quickly for daren.

however, to the little dumpling who was not even four years old, that was a very, very long time ...

luo chenxi lowered her head and kissed tang tang's adorable little face. "there's no hurry, tang tang. your younger brother and sister are shy. you'll have to wait for a while and get used to it before you can come out and greet tang tang." if you visit it often, it will know that big sister is the best person to it. it will like big sister the moment it comes out!"

"really!" the little dumpling's eyes lit up. "then, tang tang will come to see it every day and share the strawberry pudding with it!"

"tang tang is so obedient!"

luo chenxi patted the little dumpling's head and felt deeply gratified.

finally, her daughter's thinking was still quite normal. she had not been led astray by that unreliable father. it was not easy ... as expected of her own child!

however, luo chenxi had not been happy for long when she heard the little dumpling who was lying by her side asking her another question.

"big sister, will tang tang's younger brother and sister be very good at drifting? tang tang, you have to be pretty. you have to give birth to the right one!"

luo chenxi choked.

such a small ball was still struggling over whether it looked good or not!

this person was even more obsessed with looks than her. when she was young ... well, she didn't have a younger brother. she only played with good-looking older brothers in kindergarten ...

luo chenxi felt a little guilty when she recalled the past. she hastily coughed twice to cover up her guilt. "tang tang, you don't have to worry about that. no matter if i give birth to a younger brother or sister, they will definitely be very beautiful and will definitely satisfy our little princess tang tang!"

she wasn't bragging, but with her and young master mu's looks, any child would be peerless cute.

she still had this bit of confidence.

otherwise, why would she not be able to move her legs when she saw young master mu's magnificent beauty? this was the instinct of biological gene selection ...

luo chenxi thought that she had appeased her daughter. however, the little dumpling remained silent for a moment before she asked again.

"then ... will my younger brother and sister be as good-looking as brother shaoxuan?"

"gah?" luo chenxi was at a loss for words. she wondered if she was getting old. why could she not keep up with the little dumpling's train of thought?

1597 just wait and see how i'll deal with you after you give birth!

"why do you want to be as good-looking as shaoxuan?" luo chenxi asked in puzzlement.

the little dumpling was lying on the sofa, holding her toot little face with both hands. her big eyes were sparkling, and she was extremely cute.

"because that's the only way for tang tang to show off to brother shaoxuan with her younger brother and sister! tang tang had a younger brother and sister, but he didn't. moreover, tang tang's younger brother and sister were so beautiful, even more beautiful than him. was su su very proud? brother shaoxuan will also be happy for tang tang!"

" cough, cough, hehe, cough, cough, cough ... "

the corners of luo chenxi's lips twitched. she coughed drily for a long time as she did not know what to say.

her intuition told her that bo shaoxuan would not be very happy.

"and brother qingze ..."

it turned out that bo shaoxuan was not the only pitiful child. let's mourn for them ...

" tang tang, be good. as long as you don't tell on me, i'll try my best to give birth to a little brother as beautiful as shaoxuan! "

she could only say that she had tried her best. after all, with bo shaoxuan and teng qingze's looks, it would be difficult for them to live a casual life. she could not guarantee anything ...

however, the little dumpling obviously didn't understand the little trap in her words. when she heard this, she immediately widened her eyes in joy.

boxn ov el. c o m

she covered her mouth with her two small hands, pretending to seal her mouth. " i won't tell you, i won't tell daddy! "

just like that, the little dumpling sold her father out again ...

.....

without the little dumpling's tip-off, luo chenxi's movements were much freer than before.

that day, she took some time to go to SL holdings to hand in the design drafts that she had owed for a long time. on the way, she went shopping with fang ziqian and bought a bunch of bags.

luo chenxi had just helped the little dumpling put on the princess dress she had bought for her when she returned home when she heard the familiar sound of footsteps coming from behind her.

"stupid woman, what are you doing? didn't i say that you can't do such a large bending motion? sit tight!"

luo chenxi retracted her hand that was tying the little dumpling's bow hastily. " i didn't. i just ... bent my back a little ... "

she stole a glance at mu yichen and felt extremely guilty.

the huge pile of shopping bags that she had bought earlier was still piled up in the corner of the living room. they were right under mu yichen's eyes. he could see them as soon as he turned his head.

however, mu yichen did not notice these things.

he lowered his head and looked at the little dumpling on the sofa. " tang tang, let granny help you put on the dress. daddy has something to say to your big sister. "

luo chenxi was stunned for a moment. " what's the matter? "

mu yichen did not have anything to say. instead, he bent down and lifted her up right away. he carried her all the way back to the master bedroom before he placed her on the bed.

"chenxi, i have something to discuss with you."

it was rare for luo chenxi to see him in such a serious state. she immediately felt a little uneasy. she shifted uneasily on the bed. " yichen, what's the matter? just tell me. " could it be that something's wrong with the baby?"

mu yichen glanced at her and furrowed his brows. " what are you thinking about? don't jinx it! if you dare to curse yourself again, i'll deal with you after you give birth!"

luo chenxi heaved a sigh of relief. " then, why are you still wearing that nervous expression? are you trying to scare me on purpose? "

she was most worried about the baby in her stomach. as long as the baby was fine, everything else could be discussed.

she waved her hand graciously. " what's the matter? speak! "

however, mu yichen pursed his lips as if he found it difficult to speak.

1598 for the sake of the baby, don't make me wait any longer

"mu yichen?" luo chenxi looked at him in puzzlement.

young master mu then cleared his throat. " chenxi, you're already pregnant. our wedding ... do we have to continue to delay it? "

luo chenxi did not expect him to bring up the wedding again. she was stunned for a few seconds before she said, " so that's what you wanted to say ..."

"of course, this is very important. our mu family is very traditional. before me, no one has had a child before marriage. tang tang's situation is a little special. it's fine, but how can our second baby be born before the wedding? when i went to visit grandma yesterday, she was very unhappy."

the expression on mu yichen's face was a little unnatural.

as the nation's husband, he also had the burden of being an idol, okay?

the wedding had been unsuccessful several times, and he had become the target of ridicule among his childhood friends.

of course, part of the reason for this was that he had shown off his love too much in the past and offended all the single dogs. when they saw that he could not handle his wife, they could not wait to jump out and mock him.

"uh ... this ... didn't we agree on this?" upon hearing mu yichen's words, it was luo chenxi's turn to feel awkward.

mu yichen squinted his eyes. he leaned forward and approached luo chenxi.

luo chenxi felt a little uncomfortable. she nudged backward on the bed sheet.

boxn ov el. c o m

however, every inch she took a step back, mu yichen would follow closely by two inches until he forced her to the corner of the bed.

the man's cold and handsome face was right in front of her. luo chenxi held her breath for a moment. " we ... we can talk things out. w-why are you so close to me? "

this was simply against the rules!

how could she maintain her position in front of such a handsome face?

the corners of mu yichen's lips curled up. not only did he not retreat, but he inched closer to her. his thin lips were so close to touching luo chenxi's face.

“stupid woman, let’s hurry up and prepare for the wedding. for the sake of the baby, don’t make me wait any longer ...”

luo chenxi shuddered when she heard the man’s deep and sexy voice ringing in her ears. she finally understood what it meant to hear a voice that could make one pregnant ...

she bit her lip and tried her best to keep her cool. ” mu yichen, you ... you can’t do this. didn’t we agree on this earlier? my mommy, she ...”

” mother-in-law, you definitely wouldn’t want your grandson to be called an illegitimate child, right? ”

luo chenxi choked and almost remembered. ” what illegitimate child? we ... we got our marriage certificate! ”

“however, for an influential family like the mu family, the rules are not like that.” mu yichen’s eyes were wide open as he lied to the little woman who came from an ordinary family in his arms. ” we’ll still have to return to the old mansion to pay respects to our ancestors after we’ve officially held our wedding. you’ll only be considered a true member of the mu family then. otherwise, why would fu jiatong use the fact that we didn’t have a wedding as an excuse to not let you into the president’s house? because there are rules to this!”

these words seemed to make sense.

however, luo chenxi had a vague feeling that something was amiss.

“but why didn’t mom and dad tell me about this?” luo chenxi frowned in puzzlement.

mu yichen came prepared today. even when he was asked about the key points, his expression did not change, and his heart did not skip a beat. he spoke with a calm expression, ” father and mother are afraid that you’ll feel uncomfortable if we force you too much. you know how much they dote on you. even i, their own son, have to stand aside.”

1599 can’t you be more shameless!

” but, because of this, you can’t let them down, right? ”

“let’s talk about my grandmother. didn’t she force me to marry you because she wanted to see me get married happily? it’s almost winter, and her health hasn’t been very good recently. she’s started to talk about us again, and every time she asks, i don’t know how to answer her ...”

” also, the baby in your stomach will definitely want daddy and mommy to have their wedding soon. tang tang has long wanted to be the flower boy ... ”

mu yichen talked about the mu family’s rules, his parents’ expectations, the mu family’s eighty-year-old grandmother, and the little bean sprout that was just two months old in his mother’s womb.

his incisive eloquence made luo chenxi feel dizzy. she could not even think straight.

she understood the logic, but she still felt that something was wrong.

” mu yichen, you ... please wait for a moment. let’s sort things out one by one and make things clear ... ” luo chenxi still wanted to put up a final struggle.

on the other hand, mu yichen did not give her a chance to speak at all. his thin, sexy lips pressed against her ear and he blew gently.

“honey, just promise me. can you bear to disappoint so many people in the family?”

“but ... but ...”

“for the sake of our baby, huh?”

boxn ov el. c o m

luo chenxi’s heart skipped a beat when she heard mu yichen mention the baby in her stomach.

in fact, she owed the little dumpling the most in the past twenty years. due to her negligence as a mother, she was not able to stay by her child’s side during the most critical three years of her child’s growth. the little dumpling even fell into the hands of a vicious woman like luo chenxin and suffered from a serious mental illness.

moreover, in many people’s eyes, the little dumpling was an illegitimate daughter. others didn’t dare to say it to her face, but there were many people who gossiped behind her back.

how could she let her baby be looked down upon because of her selfishness?

at the thought of this, luo chenxi’s attitude obviously softened. “ i know. i hope that the baby can be born after the wedding too, but my mommy ... ”

“don’t worry about your mother-in-law. i’ll definitely help you find her. i believe that if she knew, she would also hope that you can marry me as soon as possible. after all, you won’t be able to find such a good son-in-law like me even if you light up a lantern.” mu yichen’s lips curled up as he spoke smugly.

luo chenxi was stunned by his shamelessness. she could not help but give him a bite. “ can’t you have some shame? my mommy wouldn’t ...”

she wanted to say that her mother would never like a thick-skinned fellow like mu yichen.

even so, mu yichen had no intention of letting her say it. he lowered his head slightly and stuffed all the words that she had not yet said back into her mouth.

“wuwuwu ...!”

“ you dare to bite your husband? you’ve got guts. just because you’re pregnant, you dare to do whatever you want? ”

mu yichen kissed the petite woman in his arms revengefully until her face was flushed. he still felt that his anger was not appeased. he gritted his teeth and mumbled, “ i’ll remember this for you since you like to bite people so much. i’ll let you bite as much as you want after you’ve given birth to the child! ”

luo chenxi was stunned for a few seconds before she understood the profound meaning in his words. her petite face blushed immediately.

“mu yichen, you’re shameless! why is your head filled with rubbish? and ... and in front of the baby ... can you pay more attention to prenatal education?”

“what’s the problem with prenatal education?” mu yichen asked shamelessly. i think this is a good prenatal education. children should be educated from a young age and not disturb their parents ‘love.”

1600 what’s wrong with him that he thinks the child is cute

he didn’t want to be like the little dumpling, who always knocked on his door at the critical moment and ruined his plans countless times.

if he had not brought up the little princess with his own hands, mu yichen would have suspected that he was a little devil sent down by the heavens to torment him.

mu yichen lowered his head when he was done with his business. he saw luo chenxi lying limply on the bed with her clothes in a mess. his heart stirred slightly and he felt restless at once.

ever since the news of luo chenxi’s pregnancy spread, he had been restraining himself from kissing his wife in order to ensure that she could keep the baby safe. he was afraid that he would not be able to put out the fire even if he accidentally lit it.

but now ...

the results of the expert’s consultation were out. luo chenxi’s body was fine.

moreover, she was lying under him, soft and white, and the familiar faint fragrance of her body kept floating towards him, as if it was constantly teasing him.

mu yichen could not control himself anymore. he lowered his head and bit her neck.

he kept repeating in his heart, “if he doesn’t do it to the end, if he doesn’t do it to the end, it shouldn’t be a problem to just kiss and touch, right?” his wife was in his arms, but he couldn’t touch her. was there any man more pitiful than him?

luo chenxi knew that he had been holding it in for a long time, so she did not push him away immediately. instead, she used a little force and pushed him away. ” mu yichen, your ... baby ... ”

“don’t worry, i know what i’m doing. i won’t hurt you.”

mu yichen had finally coaxed his wife with great difficulty. he was planning to lick her to satisfy his craving.

whoever knew that in the next second, the bedroom door would suddenly be slammed open.

the clattering of footsteps was heard, followed by the little furball’s cheerful voice.

“big sister, big sister, it’s time for dinner! daddi said, you have to eat every meal obediently, only then will your younger brother and sister ... eh, daddi? what are you doing? why don’t you have a meal?”

the little dumpling looked at the two of them hugging each other on the bed, and her little face was filled with confusion. ” grandma said that daddi and big sister sleep on the bed to create younger brothers and sisters. now that you already have younger brothers and sisters, why do you still have to sleep together? ”

luo chenxi was already so embarrassed that she could not lift her head when her daughter had interrupted their intimate moment. she was even more at a loss as to how to answer when she heard the little dumpling's 'humble request'.

in her depression, she stretched out her hand and pinched mu yichen's lower abdomen hard.

in the end ... he couldn't twist it?

mu yichen frowned and grabbed the stupid woman's mischievous little hand. he gritted his teeth and coaxed the little dumpling by tricking her into looking for her grandmother first.

soon after, he let go of the soft and fragrant woman in his arms under luo chenxi's constant urging. he then got up from the bed slowly.

as he tidied up his clothes, the more he thought about it, the more he regretted it.

what was wrong with him? why did he think that the child was so cute that he wanted to have one with luo chenxi to play with?

furthermore, it wasn't enough to have one child, he even dared to have a second one!

when there was only the little dumpling at home, he was already holding it in until he was sick. what if there was another one?

just thinking about it was a nightmare!

young master mu's stomach was full of anger, and it had not subsided at all. of course, his expression was not good, but he still carefully led his wife to the dining room.

today, at least he got something out of it. that was ... the stupid woman finally agreed to hold a wedding with him!

therefore, as soon as they sat down at the dinner table, he could not help but announce their decision to the two elders of the mu family.

luo chenxi heaved a sigh in secret when she heard the mu family's elders gasping in surprise.
