

Sweetheart 1621

1621 why did retribution come so quickly?

bai shixun was instantly stumped. his eyes widened as he looked at fang ziqian and bruno in shock.

he could not believe what he had just heard!

didn't they agree that bruno was poaching luo chenxi? how could she suddenly become his little qianqian?

an illusion! this was definitely an illusion!

upon hearing bruno's words, mu yichen was stunned for a moment as well. however, he reacted to the situation very quickly. a brilliant smile immediately broke out on his face with the corners of his lips lifted ever so slightly.

"brother, i really have to congratulate you. i have a wife who's a fashion designer, so i know more about the fashion industry than you do! to be personally invited by the design director of the chf to walk on the runway, this was a great opportunity to become famous overnight! you're probably dying of happiness, aren't you?"

bai shixun's chest was filled with pent-up anger. he was already on the verge of exploding, yet mu yichen still provoked him.

he turned around and glared at mu yichen.

however, young master mu wasn't afraid of him. his expression became even more smug as he continued to say coldly, "sister-in-law has a good figure, that's why people want her to do the show. you should be proud! as good men of the new era, we can't be petty. what's the big deal with a catwalk in the chf? in my opinion, sister-in-law is so outstanding, she's qualified to start the match in wei mi!"

luo chenxi kept shaking her head as she listened to the conversation from the side.

her husband's tolerance was as small as a needle's eye. at this moment, he immediately repeated bai shixun's words back to him.

boxn ov el. c o m

no, it wasn't that he didn't move, he even added oil to the fire!

as expected, bai shixun's face turned green. "mu yichen, you ... shut up! she's not even your wife, why do you care so much!"

mu yichen spoke in a calm and unruffled manner, "do i care about you? i'm just happy for you, brother! shouldn't i congratulate you on such a happy event?"

tsk, tsk, why did karma come so quickly in this world?

bai shixun was so angry that he almost vomited blood.

yet, he was the one who had just said those big words, and mu yichen had just repeated them.

this narrow-minded guy ... why did he have such a good memory?

however, he did not have the time to bicker with mu yichen at the moment because fang ziqian was already talking to bruno on the other side.

“miss fang, it’s rare for me to admire a model so much. i think you’ll definitely be famous. you can really give it a try! i heard from mrs. mu just now about your situation. you’ve actually been on the runway before and have experience on the runway, right? don’t you want to seize this opportunity and try again?”

when fang ziqian went to change her clothes, bruno thought about it again and again, but he still didn’t want to give up.

it was apparent that luo chenxi was more interested in fashion design than fashion shows, so there was nothing she could do about it.

however, fang ziqian had been a model before, which meant that she was very interested in the industry, so he could try his best to fight for her.

fang ziqian hesitated for a moment. “ well ... i’ve been on the show before, but that was a few years ago ... ”

“don’t be afraid, don’t be afraid, it’s good to have a foundation! the most important thing in the fashion industry is talent. you’re already pretty good at it. with a period of intensive training, you’ll be able to return to your best state.”

fang ziqian pursed her lips, but before she could say anything, bai shixun had already walked over.

he grabbed fang ziqian’s wrist with one hand and pulled her toward him. with the other hand, he wrapped his arm around her waist and pulled her into his arms.

“i’m sorry, my girlfriend is not interested!”

1622 what kind of scumbag is this!

bruno was shocked by the man who had suddenly appeared.

when he came to his senses and looked at her, he couldn’t help but reveal a surprised expression. “ you are ... ”

bai shixun lifted his chin and introduced himself, “ my surname is bai. the lady you’re persuading is my girlfriend and my personal secretary. my girlfriend likes her current job very much, so she won’t change her career. please don’t waste your time here.”

“bai shixun!” fang ziqian did not expect him to suddenly interrupt their conversation and hug her so intimately.

she looked slightly embarrassed and gently tugged at bai shixun’s clothes around his waist, signaling him to let go of her.

however, second young master bai did not even turn his head. he felt her small movements. not only did he not let go, but he tightened his arms around her. in a possessive posture, he firmly wrapped his arms around her slender waist.

bruno was stunned. " miss fang is your secretary? "

it turned out that she was working as her boyfriend's secretary. no wonder she didn't want to resign.

" that's right, " bai shixun said arrogantly, " so, we appreciate your kindness. that's all i have to say ... "

he held fang ziqian in his arms and was about to turn around and leave when he suddenly heard bruno's voice."wait, you ... your surname is bai ... and your family background is similar to the mu family ... i know who you are! you are the president of bai pictures, bai shixun! that's right, it's you!"

the few films produced by bai pictures in recent years had successfully broken into the european and american markets, and the young and handsome president, bai shixun, had also become famous in europe and the united states.

boxn ov el. c o m

when bruno recognized him, bai shixun stopped in his tracks and nodded. " that's right. do you know why my girlfriend doesn't want to go to the runway? "

he thought that bruno had no choice but to give up.

who knew that bruno would suddenly get excited and walk quickly to fang ziqian's side, trying to persuade her.

"miss fang, your boyfriend is bai shixun! you should know, right? second young master bai was known as a playboy in the entire entertainment industry. on average, he changed girlfriends once a month. many famous movie stars had been dumped by him! how long have you been with him? has it been a month?"

"uh, this ..."

fang ziqian was dumbfounded by the question.

she and bai shixun had been officially dating for at least three to four months since they came back from country F.

however, bruno didn't expect her to answer. he already had an answer in his heart. " miss fang, i've seen many girls in the entertainment industry. you won't have a good ending if you find a playboy like him! how could a man be more important than his career? anyway, they would break up in a month, so there was no loss in breaking up a few days in advance! don't give up your career and dreams for a man, it's not worth it!"

bruno tried his best to persuade bai shixun, and from time to time, he would cast a look of disdain at bai shixun.

not only did he change his girlfriend like clothes, but he also interfered with his girlfriend's work. what kind of scumbag was he?

the more bai shixun listened, the uglier his expression became. he could not care less that he was still in the mu family, and he could not help but flip out.

“bruno, i’m warning you, stop spreading rumors in front of my girlfriend! those are just rumors, rumors! how would i know that you western paparazzi dare to write anything?”

of course, he couldn’t say that he had no responsibility for this.

although the scandal was fake, in order to quickly enter the european and american market, not only did he not clarify the scandal, but he also hyped it up.

1623 embarrassing, this is too embarrassing!

at first, he didn’t think there was any problem at all. this was a reasonable business operation.

however, now that he was dating fang ziqian, bai shixun realized that he had dug a big hole for himself.

fang ziqian’s expression changed when she heard bruno’s words.

she gave a fake smile and said, “ second young master bai, i didn’t expect you to be so powerful. not bad, not only did he not get to know the female celebrities in the country, but his reputation as a playboy had even spread abroad! is this considered ... bringing glory to the country?”

bai shixun opened his mouth and almost bit his tongue off. “ what do you mean by ‘for ... for the country’s glory’? little qianqian, you’re overthinking it. this is definitely ... definitely a misunderstanding ... ”

“what misunderstanding? mr. bruno is right, being with a playboy like you is really too insecure. i still have to have my own career!” fang ziqian sneered.

” no, no, listen to me, little qianqian ... ” bai shixun was unable to defend himself.

fang ziqian didn’t even spare him a glance. she reached out and pushed him away.

then, he walked over to bruno and spoke to him in fluent french. they even exchanged contact information.

bai shixun wanted to stop her, but after fang ziqian glared at him, he did not dare to drag her away forcefully.

what he was most afraid of was fang ziqian digging up his past!

at this time, he deeply regretted it. indeed, people could not have a dark history! if he had known that he would encounter a woman like fang ziqian who would bring him down, he would have learned from mu yichen and put on a stern face every day to maintain his character of keeping strangers away.

boxn ov el. c o m

unfortunately, there was no medicine for regret in this world.

“little qianqian, you really don’t have to work so hard to go to the runway. look, how much does it cost to go to the runway? you even have to wake up early and practice late at night, and you can only wear so little clothes ... no, no, i’m definitely not saying that you’re dressed too scantily. i’m just afraid that

you'll feel cold. if you catch a cold, my heart will ache ... and you'll have to wear high heels the entire day. how painful would your feet be? little qianqian, listen to me ..."

"enough! you talk too much!"

fang ziqian's face turned red from his shameless pestering, and she couldn't help but turn around to glare at him.

"no, unless you promise me to delete the contact information of this foreigner! you actually exchanged wechat with another man in front of your boyfriend. why do i feel like i'm cuckolded? little qianqian, i'm telling you ..."

"bai shixun, can you just stop talking? i didn't say that i had to go to the show. mr. bruno is so enthusiastic, of course i have to seriously consider it ..."

"consider what? fang ziqian, are you thinking of running away with that caucasian?"

"what do you mean by running away? don't make it sound like you've eloped with me ..."

fang ziqian couldn't help but cover her face. how could her boyfriend be so good at pestering people? besides, he had just slapped himself in the face. didn't he feel anything? did he not see that luo chenxi and mu yichen were laughing so hard that they were about to collapse on the sofa?

embarrassing, this is too embarrassing!

fang ziqian could not stay any longer. she quickly put away her phone and dragged bai shixun out of the room without even changing her clothes.

"little wei xi, we ... we'll go back first. we can talk next time ..."

luo chenxi waved goodbye to her.

outside the door, bai shixun's coaxing words could still be heard. " little qianqian, lend me your phone for a while. i'll take a selfie and see if i'm handsome or not. "

1624 stupid woman, you're going to marry me soon

"dream on! don't think that i don't know that you just wanted to trick me into giving you my phone and delete bruno's contact information. do you think i'm stupid?"

the two of them bickered as they walked away.

luo chenxi shook her head in amusement. she sighed and said, " "it seems that their relationship is still very good."

during the mid-autumn festival banquet at the presidential palace, bai shixun had even said that fang ziqian did not want to register their marriage. at that time, she thought that there was something wrong with their relationship. now, it seemed that that was not the case.

mu yichen also recalled the things that happened before they started dating. " hehe, shixun, this fellow, he used to say that he's good at taming women ... i think he's good at being tamed, isn't he? "

he had always felt that his status in the family was too low, but when he saw bai shixun ... he felt very gratified.

after sending fang ziqian and bai shixun off, luo chenxi checked the remaining gowns once again.

teng siqing and mu weiwei were both overseas, so they couldn't rush back to try it on. she could only rely on her own eyes to test it.

fortunately, the design of the bridesmaid's dress was relatively simple, unlike the complicated workmanship of the main wedding dress. the size was really not suitable. she could modify it herself a few days before the wedding.

after checking and confirming that there were no hard injuries, she signed for all the clothes and sent bruno and the other members of the chf staff away.

luo chenxi turned around and returned to her room. she was about to change out of her wedding gown when a strong arm hooked her from behind and pulled her into an embrace before she could even move.

boxn ov el. c o m

the back of the gown was an open-back design. the skin on luo chenxi's back was completely exposed. it was stuck to the man's chest behind her. she could clearly feel the perfect and strong muscle lines hidden under his custom-made shirt.

" mu ... mu yichen ... " luo chenxi murmured softly.

she didn't need to turn around to guess who was behind her.

other than her tsundere husband, there would be no other person.

mu yichen raised his hand and lifted the long hair behind luo chenxi's back to reveal her fair and slender neck and a large patch of snow-white skin on her back. the lines of luo chenxi's shoulders and back were perfect under the slightly dim sunlight of the evening. her skin was so fair that it reflected light. it made his heart skip a beat.

young master mu subconsciously swallowed his saliva, lowered his head, and left a hickey on the back of her neck.

"chenxi, have i told you that you look so beautiful in a wedding dress ... i really don't want anyone to see you ..."

with his personality, he would never allow anyone else to see luo chenxi's beautiful side. his face turned green the moment he saw the design plan.

even so, this was the only time in luo chenxi's life that she would be wearing a wedding dress. there would only be one wedding. he only wanted to satisfy all the requests of the woman in his arms at all costs. he wanted to let her know that it was the happiest thing in the world to be married to him. he could not bear to let her down in the slightest.

thus, mu yichen endured it no matter how unhappy he was.

“hey, you ... don’t kiss me anymore, mu yichen! what if you left a mark on that place?”

luo chenxi noticed that his kiss was moving upward from her neck. the soft and ticklish feeling made her blush. she turned around and was about to push the man behind her away.

however, as soon as she turned around, the man who had planned this all along grabbed her shoulder and pressed her against the wall.

a burning kiss followed, blocking her breath.

“.....”

there were only a few days left until the wedding.

1625 why are you jealous of a wedding dress?

mu yichen’s heart was surging with emotions at the thought that the little woman in his arms would say ‘i’m willing’ to him in front of the whole world in just a few days.

it was especially so when he saw luo chenxi standing against the light in her spotless white wedding dress when he walked into the balcony earlier.

she was like an angel who had fallen into the human world, so beautiful that he felt suffocated.

mu yichen wanted to kiss her properly like this at the time.

unfortunately, he had bai shixun, the silly third wheel, by his side. he did not know what was good for him. fortunately, he had been slapped in the face ...

initially, mu yichen only wanted to have a light taste of her lips. however, he was attracted by the familiar softness and sweetness as soon as his lips touched luo chenxi’s lips. he completely forgot about the words ‘enough is enough’.

his kiss deepened while his large hand trailed the v-shape on luo chenxi’s back all the way down in an attempt to reach into her skirt from the edge.

luo chenxi noticed a certain someone’s restless movements. she shuddered and sobered up. she pushed him away hastily. “ mu yichen, no... let go of me ... ”

” stupid woman, be good. i’ll be careful. i won’t hurt the baby ... ” mu yichen continued trying to pull her skirt while he was coaxing his dainty little wife in his arms.

luo chenxi held him down in a flurry. “ that’s enough! mu yichen, don’t you dare ruin my wedding gown!”

young master mu’s body stiffened.

boxn ov el. c o m

luo chenxi pushed him away while he was in a daze.

her small face was completely red. after glaring at him, she lowered her head and started to check her wedding dress. " it's over, it's over. the back has collapsed. do you know how complicated the handiwork is to make such an arc?! i don't know if i can make it in time to take it back and redo it ..."

the man's expression turned gloomier as he listened to luo chenxi's endless complaints.

he couldn't help but grab her wrist and pull her into his arms. he lowered his head and gritted his teeth in her ear. " stupid woman, when i kiss you, you only know how to think about your wedding dress? let me ask you, is your man more important or your clothes more important?"

luo chenxi did not expect him to ask such a question. she turned around and looked at her husband in astonishment.

mu yichen fixed his gaze on her. the more he thought about it, the more unhappy he became. " you're always like this at home. i can only be ranked behind you at work. no, not just at work, but also behind tang tang, father, and mother. what the hell are you ...!! "

young master mu's complaint stopped abruptly.

he widened his eyes in surprise and looked at the little woman who suddenly approached him.

luo chenxi's lips brushed past the corner of his lips gently, leaving behind a soft and warm touch.

"mu yichen, aren't you childish? why are you getting jealous over a wedding gown?"

even at this time, this stupid woman was still teasing him.

mu yichen's face darkened. before he could flare up, he heard luo chenxi say, " " i didn't want you to ruin the wedding dress because i wanted our wedding to be as perfect as i imagined. "

luo chenxi turned around and pounced into mu yichen's arms. " you have no idea how long i've been looking forward to this wedding. it was before you ... proposed to me for the first time. "

at that time, she was still a substitute bride under luo chenxi's identity.

she had fallen for mu yichen, yet she dared not even reveal a single word of it. she knew that she was not worthy of liking him nor did she deserve so much love and attention. however, this did not stop her from daydreaming at night about how it would be like if the two of them were to walk into the hall of marriage one day.

1626 luo chenxi is exposed

now, the most beautiful fantasy in the depths of his memory was actually about to become a reality.

luo chenxi did not wish for any accidents to happen, of course.

it was rare for mu yichen to hear such an undisguised confession from luo chenxi. he was stunned for a moment. soon after, a wave of intense emotions surged from his chest. it was even more intense than before!

he pinned luo chenxi against the wall once again. he lowered his head and kissed her even more intensely.

“wuwu ... wuwu!”

luo chenxi widened her eyes. she did not expect that the man would be so agitated the more she comforted him despite her initial intention to comfort him.

her wedding gown!

was it really going to be scrapped?

.....

late at night.

on the small island of the faires family.

boxn ov el. c o m

luo chenxin walked into lu wenjun’s bedroom slowly.

there were two maids taking care of her in the room.

when they saw luo chenxin, both of them stood up in a hurry and bowed to her respectfully. “ miss, you’re here to see madam again? ”

luo chenxin’s eyes flashed with joy when she heard how they addressed her.

she had stayed on this island for a few days and never thought that she would be so lucky to live the luxurious life she had dreamed of.

patriarch faires valued lu wenjun very much and treated her, his “ adopted daughter, ” very well. he even ordered the servants on the island to address her as “ young miss. ”

although the patriarch of the faires family was very cold to her and only nodded at her when they met, luo chenxin did not feel that there was a problem at all.

after all, they weren’t biological father and daughter, so they didn’t need to be so close. it would be fine as long as they could give her the honor of being the young lady of the faires family.

luo chenxin nodded and said, “ you all go and rest. i’ll take care of mommy. ”

“yes, young miss.”

the maids bowed and left the room.

the female butler at the door saw this and nodded to herself.

when luo chenxin first came, she did not have a good impression of her. however, when she saw that luo chenxin would come to lu wenjun’s place to look after her every night and take care of lu wenjun personally without the need for a nurse, the housekeeper was gradually touched.

there were not many girls who were so filial these days.

there was an amiable smile on luo chenxin’s face. when everyone left, her face suddenly turned cold. “ they’re just dogs raised by the faires family. what’s the point of pretending? ”

she carefully locked the door and walked to the bed. she looked down at lu wenjun, who was motionless.

after a few days, luo chenxin was well aware of the locations of the surveillance cameras in lu wenjun's ward. she was also getting more and more used to doing those dirty things.

she bent down as if she was covering lu wenjun with a blanket. however, her hands moved and she slowly took out the anesthetic.

the needle was aimed at the blood vessel on the back of lu wenjun's hand. just as he was about to insert the needle ...

"hehe, if the honorable clan leader knew that the 'good daughter' he specially found to keep his woman company actually took care of his adoptive mother like this behind his back, do you think he would be so angry that he would throw you into the pacific ocean to feed the sharks? i heard that there are a few sharks in the sea near this island ..."

a deep and magnetic male voice rang out in the empty bedroom, right behind her.

luo chenxin was almost scared out of her wits. her hand trembled and she almost inserted the anesthetic needle into her hand.

she turned around in shock and saw a tall figure leaning against the door.

1627 young master cyril

"you, you, you ... who are you?"

luo chenxin's heart was about to jump out of her throat.

she had just confirmed that the door was locked. where did this person come from?

moreover, from what he had just said ... could it be that he already knew that she had drugged lu wenjun?

"who am i? good question!" the man chuckled and slowly turned to the side.

a handsome face was exposed under the sunlight.

the young man's facial features were well-defined and exquisite, like a piece of art carefully carved by god. the most attractive thing was his pair of ice-blue eyes, which looked mysterious and cold.

he was wearing a very retro suit, and just by standing there quietly, he had the noble temperament of a medieval prince.

luo chenxin was shocked by his unexpected handsomeness at first. she was stunned for a few seconds before she realized that the man looked very familiar.

however, after thinking for a while, she could not remember where she had seen him.

the man saw her confused expression and smiled slightly. " what's wrong, my dear 'sister'? don't you even recognize your own brother? "

boxn ov el. c o m

upon hearing that, luo chenxin had an idea. " you ... you're cyril, young master cyril! "

"it seems that you've already heard my father mention me." cyril's lips curled up, but the smile did not reach his eyes.

luo chen's heart turned cold. he quickly stood up and bowed to cyril.

after arriving on the island, she interrogated the maids on the island and had the most basic understanding of the faires family's situation.

this young master cyril was the son of patriarch faires's late ex-wife. he was the only heir to the family and had a noble status. he was also a well-known handsome man in europe. however, his temper was unpredictable, and all the servants in the family were afraid of him.

luo chenxin did not dare to put on an act in front of a real young master from a wealthy family like cyril, so she was extremely respectful to him.

"young master cyril, it is an honor to meet you here. i'm new here, so i haven't had the time to greet you. let me introduce myself, i'm ..."

"i know who you are."

cyril sneered and rudely interrupted her introduction.

luo chenxin was stunned, and there was an awkward silence in the room for a moment. she hurriedly said, "that's ... that's good. young master cyril, has the patriarch already told you about me? according to seniority, i should call you big brother ..."

"hehe, brother? interesting." cyril chuckled, but his voice had become even colder than before. " if the child my stepmother brought back can be considered a sister, then i do have a sister. unfortunately, it's not you ... "

luo chenxin's heart trembled. " w-what? " brother cyril, what do you mean ..."

"you should be very clear on what i mean. do i have to be so straightforward?"

" i ... " luo chen had a bad feeling in his heart.

cyril looked down at her from above. " you're not lu wenjun's adopted daughter, luo chenxi. you're his sister, luo chenxin, right? i must say that you're really bold. even i didn't expect that you'd almost killed luo chenxi a few times. how dare you impersonate her and appear before my father now!"

luo chenxin's heart skipped a beat.

cyril had already mocked her earlier, and she thought she had misheard him because she was too nervous.

however, cyril's words had clearly exposed her identity!

1628 if you want her to die, i'll definitely ...

he ... how could he know who she was?

however, this was not the end.

cyril glanced at her indifferently and continued, " besides, i don't know if i should call you a genius or an idiot. how dare you give lu wenjun that low-quality anesthetic? do you think everyone on the island is an idiot? "

cyril even knew that she had drugged him!

this time, luo chenxin was completely scared out of her wits and sat on the ground directly.

she was stunned for a few seconds before her body began to tremble. she knelt on the ground and begged cyril for mercy.

"young master cyril, i was wrong, i was really wrong! "i was just blinded by greed for a moment. really, i ... i didn't want to kill lu wenjun ... please, spare me. i can do anything for you, but please don't throw me into the sea to feed the sharks ..."

luo chenxin could not understand how she had been exposed.

however, she knew very well that after she had done such a thing to the lady of the faires family, the truth would be revealed, and she would most likely not be able to live.

now that he was begging for mercy, he wondered if he could die a better death.

luo chenxin was so scared that her soul almost flew away. she kowtowed desperately on the ground, and her forehead swelled.

boxn ov el. c o m

cyril watched for a while before suddenly saying, " " alright, you don't have to be so nervous. if i wanted you to die, i could have just told father about this. why would i have to come here personally to tell you this? "

luo chenxin was stunned for a moment. " young master cyril, you mean ... "

upon hearing this, she suddenly recalled the rumors about young master cyril.

it was said that young master cyril's mother had died of depression because of lu wenjun ...

in the past, luo chenxin had only regarded it as a meaningless rumor, but if it was true ...

cyril lowered his eyes and coldly said, " "come with me."

the two of them came to a small, hidden room.

lu wenjun had been following cyril for some time now, and he had already given it some thought along the way. he believed that he had already figured out the ins and outs of the matter.

everyone on the island said that the relationship between young master cyril and patriarch fiers wasn't good. a few months ago, young master cyril had even angered the patriarch and was almost chased out of the family.

if lu wenjun was really the culprit behind cyril's mother's death, then this matter could be easily explained.

it was no wonder cyril did not expose her when he found out that she had drugged lu wenjun.

after entering the room, cyril said coldly, "you don't need to ask about the details. you just need to know that if you want to live, you have to follow my instructions. you can continue with lu wenjun."

in order to survive, luo chenxin could not wait to show her loyalty. "young master cyril, don't worry. just tell me what you need. i ... i'll definitely do my best for you! lu wenjun is as cheap as her adopted daughter. i've never liked them. if you want her to die, i'll ..."

a cold glint flashed in cyril's eyes. "who said i wanted her dead? don't be so full of yourself!"

luo chenxin realized that she had flattered the wrong person. she shuddered and shrank back.

cyril threw a bag of things at her. "i'll give you another type of medicine. you'll still give her an injection every day like this, and don't let anyone find out, understand?"

luo chenxin quickly nodded.

"be careful. if my father finds out ... trust me, you'll really become shark food."

1629 i find it dirty

cyril said coldly before turning to leave.

luo chenxin hurriedly stopped him. "young master cyril, please wait a moment. there's something else."

"what is it?" cyril's footsteps faltered.

luo chenxin gritted her teeth. "it's ... it's my younger sister, luo chenxi ... i want to borrow a few people to deal with her." she ... she's lu wenjun's adopted daughter. moreover, she's been appearing on television frequently ever since she married mu yichen. i'm worried that if she takes care of her, or if the clan leader sees her on television ..."

cyril didn't even turn his head as he replied, "i understand. as long as you do the job i've assigned you, i'll take care of it."

he was about to leave after he finished speaking.

luo chenxin squinted her eyes and suddenly walked forward. she pressed herself against cyril and hugged his waist from behind.

she rubbed her fair little face against the back of cyril's neck a few times, and she deliberately lowered her voice as she said, "young master cyril, you have to help me. i don't want to die. i don't want to feed the sharks! i don't know anyone here, so only you can help me. i ..."

she spoke in a sobbing voice as she raised her weapon and pressed it against cyril's back.

his hands slowly moved down cyril's firm abs.

her flirting was so familiar that she didn't feel ashamed at all.

in a short period of time, Luo Chenxin had determined that Cyril was her only life-saving straw. The best way for her to continue enjoying her wealth and glory was to please the real heir of the rich family.

As long as she could serve Cyril well and get rid of Lu Wenjun, she would be able to stay in the Faires family forever.

she might even marry into a rich family ...

after all, even Luo Chenxi was not Cyril's biological sister ...

her mind whirred, and she used all the methods she had learned in the brothel in an attempt to seduce Cyril.

his right hand moved down to pull Cyril's belt out.

however, in the next second, she suddenly felt a strong force coming at her, and her body lost its balance.

a "clang" sound was heard!

Luo Chenxin was thrown off by Cyril and fell heavily to the ground.

Cyril's face darkened, and he glared at her with a murderous look. "Don't give me that. Don't think I don't know where you're from. I think you're dirty! Do your job well, or else ..."

Cyril sneered and left.

Luo Chenxin gritted her teeth so hard that they almost broke.

.....

T city.

two weeks passed by quickly.

after more than ten days of intense yet orderly preparations, the wedding of the century between the Mu family's eldest young master and Luo Chenxi arrived as scheduled.

for this wedding, the Mu family renovated a private island in the Pacific Ocean and decorated the entire island into a paradise-like dream wedding scene.

all the guests had to take a private jet or yacht to reach the island.

apart from that, there was a small incident during the wedding preparations.

the reason for this was that Tan Yueru suddenly realized that Luo Chenxi did not have a suitable elder to send her off when they were arranging the wedding ceremony.

of course, she had a father. however, her father, Luo Anguo, was now in prison. Luo Chenxi would certainly be unwilling to let him attend her wedding.

for this reason, tan yueru and mu yunfeng had a discussion. they wanted luo chenxi to acknowledge them as godrelatives and send her off to get married.

once the news spread, there were simply too many aristocratic families who came after hearing the news.

after all, as long as she acknowledged luo chenxi as her goddaughter, she would be promoted to be in-laws with the mu family immediately! this was a matter of great profit.

of course, those who came with a purpose like this were all eliminated by tan yueru.

in the end, there were only two families left.

the mu family's long-time friends were the bai family. old master bai had always liked luo chenxi. he had been thinking of ways to repay the mu family for saving bai shixun and bai xinxin. as a result, old master bai proposed to personally send luo chenxi off in her marriage.

tan yueru was also thinking about the bai family at first. when she heard that master bai had come to visit, she immediately wanted to nod and agree.

who knew that in the afternoon, an unexpected guest would visit the fu family's young master, fu linchen!

when young master fu arrived at the mu family's house, miss mu weiwei was the first one to be unhappy. she jumped out and looked at him guardedly. " fu linchen, what are you doing in my house? " no one in our house welcomes you. you can get out now!"

tan yueru happened to be coming downstairs. when she heard this, she couldn't help but frown. " weiwei, where did you learn this? " what kind of rude words are those? hurry up and sit down! how much did your brother fu help you when you came to country M to study? is this how you talk to people? quickly apologize to your brother fu!"

mu weiwei almost vomited blood when she heard tan yueru's words.

fu linchen, this sanctimonious hypocrite!

he acted too well in front of others, making her parents, her two brothers, and her sister-in-law think that fu linchen was a living lei feng who took good care of the younger sister next door!

she was the only one who knew how badly fu linchen had tortured her in country M!

the university life of other students in country M was full of parties, gatherings, club activities, and travel. but what about her? every time she went to the bar to play, she would be caught. every time she didn't return home, the school's disciplinary list would definitely include her. every time she skipped class, she would definitely be called!

this was all thanks to fu linchen!

this guy had sent bodyguards to follow her every day, and she couldn't get rid of them. as long as she broke the rules, he would tattle to the university professor.

mu weiwei almost had a mental breakdown. in the end, she could only stay in school and study obediently.

tan yueru and the others didn't know about her past and were extremely touched. they all said that fu linchen was good to her and that her grades had improved a lot with fu linchen around ...

in country M, miss mu was unfamiliar with the people and the place, and she couldn't do anything to fu linchen, the sly old fox. but back in china, she wouldn't buy it!

"mom, don't be fooled by fu linchen. he's a bad person!" mu weiwei was determined to refuse to apologize.

tan yueru frowned and said in a serious tone, "weiwei!"

however, mu weiwei still refused to bow down to fu linchen. tan yueru looked guilty. "i'm sorry, linchen. my daughter is spoiled ..."

"it's okay, i don't mind. wei wei is so lively, that's why people like her."

fu linchen nodded slightly and smiled elegantly.

mu weiwei secretly spat, "what a hypocrite!"

"wei wei!" tan yueru was even angrier.

the smile on fu linchen's face did not fade. "aunt mu, please don't scold weiwei anymore. i really don't mind." i have some serious business to discuss with you."

"discuss with me?" tan yueru was surprised.

usually, fu linchen would look for mu yichen directly if he had any serious business to discuss.

fu linchen nodded. "i'm here on behalf of my father. i heard that you're looking for someone to marry luo chenxi off to?"
