

Sweetheart 1631

1631 the president is going to acknowledge luo chenxi as his goddaughter?

tan yueru was stunned for a moment. " yes, there is such a thing. " why? the president knows about this too?"

she didn't show anything on her face, but she was a little anxious in her heart.

what was the president's purpose in sending fu lichen to the mu family?

if the president were to introduce a family that was not familiar with the mu family to luo chenxi's wedding, they would be in a difficult position.

he felt that it was inappropriate to agree.

if he didn't agree, he would be embarrassing the president.

just as tan yueru was feeling conflicted, fu lichen spoke again, " " that's right. my father just found out about this yesterday and asked me to come over in a hurry today. he hopes to acknowledge chenxi as his goddaughter and let her get married from the presidential palace. "

"you ... what did you say? is the president going to acknowledge luo chenxi as his goddaughter personally?"

hearing this, even tan yueru, who had seen a lot, was shocked.

although the relationship between the mu and fu families was not inferior to that of the mu and bai families, fu jingxuan was still the current president of china.

in this position, every move would be watched by countless people. he could not make any casual moves.

boxn ov el. c o m

ever since fu jingxuan took office, he had been known for his cautious and steady style of governance.

it was already surprising enough that he promised to be the mu family's marriage witness during the mid-autumn festival banquet. this time, he was actually planning to acknowledge luo chenxi as his goddaughter!

this ... this really wasn't his style.

tan yueru was stunned for a while before she raised her hand to wipe the cold sweat on her forehead. she said hesitantly, " uh, this ... lin chen, on behalf of the entire mu family, i thank the president for his good intentions. however, wasn't the president being a little rash by doing this? chenxi is still young. she can't afford to be given such an honor."

tan yueru was about to refuse on luo chenxi's behalf as soon as she spoke.

of course, she was happy that her daughter-in-law was favored by the president. however, she regarded luo chenxi as her own daughter, so she had to consider more things for her sake.

luo chenxi was so beautiful and outstanding. she was also the nation's husband, mu yichen, yet she still showed off her love for him every day. she was already eye-catching enough.

and her family did not have much power, so there were countless people who were secretly jealous of her and slandered her.

if she became fu jingxuan's goddaughter, she would be in the center of the storm, and even more people would be jealous of her.

tan yueru felt that there was no need to do this. a goddaughter was not her biological daughter, and she would not be able to benefit from the presidential palace. she would definitely be the first to be criticized.

hearing tan yueru's answer, fu linchen raised his eyebrows, not surprised at all.

"aunt mu, i knew that you would definitely have concerns. however, my father really likes chenxi. ever since he saw her at the mid-autumn festival banquet, he has been sighing. if only he had a daughter like chenxi. this time, if it wasn't for the fact that he was busy with work, he would have come personally."

tan yueru smiled when she heard this.

no matter what, a mother would definitely be happy to hear someone praise her daughter.

"you're too kind, mr. president. chenxi will be very happy to know. in the future, as long as there are banquets at the presidential palace, i will let chenxi go."

fu linchen couldn't help but frown when he heard this.

he knew that tan yueru had deliberately avoided the topic of acknowledging her godly relatives. she was determined, and it was useless to say anything.

1632 could this be fate?

fu linchen was not willing to go back like this. he thought for a while and said, "then ... i wonder when chenxi will be back? my father also asked me to bring her some gifts, and i want to give them to her personally."

his intention to take action against luo chenxi was too obvious.

tan yueru frowned, but she couldn't refuse him directly.

however, mu weiwei did not have such scruples. as soon as she heard this, she stood up from the sofa, glared at fu linchen, and started shouting.

"fu linchen, do you even understand what i'm saying? my mom already said that sister-in-law will never acknowledge you as her godbrother! sister-in-law is so smart, beautiful, and capable. she's so beautiful in both men's and women's clothing. you ..."

"cough cough, cough cough!" tan yueru frowned and coughed.

mu weiwei had no choice but to swallow her comments such as “cunning old fox” and “beast in human clothing.” she mumbled, “anyway, you can’t even compare to my sister-in-law’s finger. don’t try to claim that you’re her relative!”

even so, mu weiwei felt a little guilty when she said that.

after all, no matter what fu linchen’s character was like, his face was definitely worthy of a slap. his body ... ahem, she had appraised his body before, and it was not bad ...

fu linchen raised his eyebrows and was about to speak.

meanwhile, the main door was suddenly pushed open from the outside. luo chenxi walked into the room while holding the little dumpling’s hand.

boxn ov el. c o m

“mom, i’ve brought tang tang back. i heard that wei wei bought her a limited edition SD doll from M nation. she’s so happy and is urging me to come back ... eh? brother fu, what are you doing here? what a rare guest!”

luo chenxi smiled in surprise the moment she saw fu linchen.

the little dumpling’s eyes widened. “uncle fu, i miss you so much!”

she did not know why, but even though she often ran into mu yichen’s childhood friends and had only seen fu linchen a few times, both she and the little dumpling seemed to have a better impression of fu linchen.

could this be fate?

the corners of fu linchen’s mouth curled up, and he sighed at his good luck.

“chenxi, i’m here on behalf of my father. i’ve come to the mu family to look for you.”

“the president is looking for me?” luo chenxi was stunned for a moment.

her first reaction was to wonder if fu jiatong was up to something again.

otherwise, she did not think that she would have anything to do with the president’s house.

fu linchen didn’t waste any time and repeated his purpose of visit. after emphasizing the president’s sincerity, he added, “chenxi, you ... if it’s possible, i’d be very happy to be your brother and send you off to get married. you should know that i’ve always treated you as my little sister.”

upon hearing this, mu weiwei rolled her eyes on the spot. if it were not for her sister-in-law’s presence and the fact that she had to maintain her image in her heart, she would have retorted again.

on the other hand, luo chenxi was slightly stunned.

she understood what fu linchen meant.

when fu linchen gave her that set of SD dolls, she felt that fu linchen seemed to have entrusted his imagination of his younger sister to her. he took extra care of her and had no selfish motives at all.

however, the president's decision surprised her.

on the day of the mid-autumn festival dinner, mr. president's attitude towards her was obviously quite bad at the beginning. although it improved later on, it was still far from liking her, right?

1633 you can't bear to let me go?

but fu linchen's attitude was so sincere ...

luo chenxi hesitated for a moment. in the end, she shook her head. " i'm sorry, brother fu. i can't agree to that. "

tan yueru had been staring at luo chenxi nervously earlier. she was afraid that luo chenxi would agree to fu linchen's request because she was young, impulsive, and insensible.

after all, building a relationship with the president's house was like reaching the sky in a single step. even for the daughters of the wealthy families in china, it was like a pie falling from the sky.

she finally heaved a sigh of relief upon hearing luo chenxi's final answer.

it seemed that she had underestimated her daughter-in-law.

luo chenxi's judgment of the situation was countless times better than the young people of her generation. she would certainly be able to shoulder the responsibility of being the matriarch of the mu family in the future and become the support behind mu yichen!

fu linchen frowned and looked very disappointed. " chenxi, my father and i don't have any other intentions. we just like you. "

luo chenxi said with a smile, "i know. i'm very honored to be appreciated by you, mr. president." " however, the wedding schedule has already been arranged. didn't the president say that he would be the witness of my marriage with yichen? if he changes his mind, where are we going to find such a suitable marriage witness at the last minute?"

hearing this, both fu linchen and tan yueru were shocked by her wit.

this reason was flawless, and no one could find any fault with it.

boxn ov el. c o m

fu linchen thought about it and could only smile helplessly. " well ... you're right. the fu family did not think enough. " have you found a suitable person to send her off?"

tan yueru briefly mentioned the bai family.

fu linchen nodded. " master bai is indeed a kind elder. it's great that he likes chenxi. "

fu linchen failed his mission, so he did not stay for long. he gave the gifts he brought along to luo chenxi and the little dumpling and was about to leave.

"mom, i'll send brother fu off."

mu weiwei rolled her eyes and followed him out.

fu linchen seemed to know that she would follow him out. he stopped by the sports car and asked, "what's wrong? big miss mu, you've been following me because you can't bear to let me go?"

"bah, stop putting gold on your face!" mu weiwei's petite face blushed.

fu linchen raised his eyebrows. "then why did you come out with me?"

mu weiwei was stunned. 'that's right, why did she follow me out?' she didn't have any friendship with this old fox!

however, now that she had come out, it would be too deliberate for her to retreat.

mu weiwei braced herself and thought for a while before she said, "i'm just ... i'm just here to warn you! my big brother and sister-in-law are going to have their wedding soon, and our family has been looking forward to this happy event for a long time. you should take good care of fu jiatong and not let her come out and cause trouble again. otherwise, i'm not done with you!"

"hehe, big miss mu, your words make me a little flustered. what do you want to do to me? don't tell me you're thinking of clinging to me?" fu linchen's elegant and calm demeanor in front of tan yueru and luo chenxi was gone. the corners of his lips curled up into a devilish smile.

mu weiwei became even angrier when she saw this. she almost jumped up. "in your dreams! who would want to stick to you? do you really think that you're popular? you're just an old man who's about to reach 30, i won't like you!"

"miss mu, are you mistaken?" fu linchen looked innocent. "what i meant was that you can't blame me for the wedding accident. i didn't say that you like me. " you're so excited, could it be that you're hiding something?"

1634 days of legal dog food

mu weiwei almost choked to death on the spot when she heard this.

she opened her beautiful big eyes and glared at fu linchen. if looks could kill, there was no doubt that young master fu would have been dismembered into a thousand pieces.

fu linchen subconsciously looked at the front door of the mu family's villa.

although it was fun to tease this little girl, they were in the mu family's territory after all. if she really cried, it would be an accident.

he coughed twice and his expression became serious. "don't worry, i know what happened to jiatong. i've already discussed it with my father. we'll definitely not let her get close to chenxi during this wedding."

"that's more like it." mu weiwei mumbled.

"alright, little girl. since everything's fine now, let's meet in M nation. don't just play around, remember to study hard. if you fail, i will definitely tell aunt mu."

fu linchen touched her head, waved his hand, and got into his sports car.

“y-y-you ... you’re threatening me again! you don’t need to worry about my studies!” mu weiwei stomped her foot.

however, fu linchen’s sports car had already left, and she didn’t know if he had heard her.

mu weiwei pursed her lips. she watched the dust that was kicked up by the sports car as it drove away. she did not know why, but she felt a little disappointed.

.....

three days before the wedding, the mu family arrived on the island in advance.

the entire island had been transformed into a seaside castle, and all the scenery was beautiful.

according to the wedding customs, the couple was not allowed to meet before marriage.

therefore, tan yueru arranged different rooms for the two of them after they got on the island.

mu yichen was filled with resentment because of this. she was clearly his wife, yet he could see her but could not touch her!

“if i had known, i wouldn’t have held this wedding.”

upon hearing mu yichen’s complaints, tan yueru felt resentful that he had not lived up to her expectations. she slapped his back and said, “is there anyone like you? let’s see who you’re going to cry to when your wife runs away! hurry up, the guests are arriving one after another, go receive them!”

“my wife loves me to death, how could she run away?” mu yichen scoffed.

however, he still dressed up and went to the dock to welcome the guests in high spirits.

today was the day he could legally show off his affection. of course, he couldn’t miss it. he had to show off enough in front of his brothers!

“tingyuan, you’re here. why are you alone? where’s your wife? i almost forgot. you’re not like me, with such a beautiful and loving wife. we usually go out as a family of three ...”

“tsk tsk, shixun, you’re looking for secretary fang, right? i’ve already advised her to take the same flight as you, but she insisted on coming earlier with the staff. it can’t be helped, not everyone is clingy to their husband like my wife ...”

“jingsi, why are you still alone? we’re not young anymore. look at my daughter, she’s already so old, and she’s about to have a second child! you should hurry up ...”

in the end, mu yichen was so smug that he was almost beaten up by his childhood friends and thrown into the sea.

in bai shixun’s words, if not for the fact that he was his godsister’s groom, he would have fed him to the sharks.

on the other hand, tan yueru arranged for luo chenxi to stay in the bai family's residential area since master bai had acknowledged her as his god-granddaughter.

master bai had always liked luo chenxi. he held her hand when he saw her. he was so happy that he could not close his mouth.

"chenxi, i've always wanted to have such an outstanding granddaughter like you. even the heavens are helping me!"

1635 there's not much sympathy to waste

luo chenxi was very close to old master bai as well. they chatted for quite a while.

however, master bai was old after all. a few months ago, because of bai shixun's kidnapping, he fell ill and was hospitalized. he had only recovered recently.

therefore, it didn't take long for the old man to be exhausted.

luo chenxi quickly asked someone to send the old man back to his room.

when fang ziqian arrived, luo chenxi was standing in the corridor. she looked in the direction of master bai's departure and seemed to be deep in thought.

"chenxi, what are you thinking about?" fang ziqian asked curiously.

luo chenxi shook her head with a smile. "it's nothing. i just realized that bai xinxin didn't come today. it seems like she hasn't recovered yet?"

fang ziqian laughed coldly at his words.

"you're talking about bai xinxin ... no one knows her better than i do. shixun visits her once a week. her body is fine now, but she has a psychological trauma. she is afraid of seeing strangers, especially men. the bai family has found many psychologists to see her, but there is no obvious effect."

"however, this is what she deserved. if she wasn't so vicious and didn't frame you several times, how could she have encountered this? speaking of which, even luo chenxin was lured back to the country by her. she almost caused you and little dumpling to be in trouble ... this is retribution!"

fang ziqian frowned worriedly when she noticed that luo chenxi's face was slightly pale. "chenxi, don't tell me you're feeling sorry for her and sympathizing with her?"

boxn ov el. c o m

luo chenxi could not help laughing as she shook her head and said, "why would i?" i don't have that much sympathy to waste. what does bai xinxin's condition have to do with me? i just feel that old master bai is a little pitiful. he only has one granddaughter, bai xinxin ..."

she didn't know why, but when she thought about the past, she felt a faint sense of uneasiness.

"isn't that so?" at the mention of master bai, fang ziqian sighed. "but, don't i have you? you're also the old man's granddaughter now!"

.....

as the wedding got closer and closer, all the guests arrived one after another.

this small island had gathered almost all of china's famous people.

the president was busy with work, so he and his family arrived a day before the wedding.

however, it was already an honor for luo chenxi that he was able to keep his promise and witness the marriage. no one dared to criticize him for this.

fu jiatong also followed the president's private plane to the island.

mu yichen did not invite her at all initially, but fu jiatong insisted on following them after a fit of crying and throwing a tantrum.

as a result, she even made a special trip to the president's office to admit her mistake in tears and snot. she expressed that she had already recognized her mistake and was sincerely remorseful. she would never cause any more trouble for the mu family. she even took out her most expensive set of jewelry and said that she would give it to luo chenxi as a wedding gift. on one hand, she would congratulate her and on the other, she would apologize.

she was very engrossed in this crying scene after being instructed by an expert.

fu jingxuan was originally very angry and planned to give her the cold shoulder for a while, but in the end, he was moved by her sincere crying complaints.

after all, she was the girl he had doted on for more than twenty years and watched grow up. although she was not his biological daughter, she had enjoyed his company for many years.

mr. president might be strong to outsiders, but he was still soft to his family. so, after teaching fu jiatong a lesson, he agreed to let her come to the island to watch the ceremony.

fu jiatong was also very good at acting, and throughout the whole journey, she had been acting like an obedient baby.

1636 the great young master mu actually climbed through the window!

in fact, every time someone mentioned luo chenxi, she would suppress her jealousy with great effort and flatter luo chenxi.

fu linchen was in a daze. he thought that his cousin had finally come to terms with reality and had no feelings for a married man like mu yichen anymore.

after the plane landed, the fu family was arranged to sit in the most luxurious vip area.

fu jiatong only stayed in her room for a few minutes before she tiptoed out.

however, as soon as she reached the door, she was stopped by a bodyguard who came out of nowhere.

" missy, i'm sorry. the president has instructed that you can't wander around the island. please return to your room. someone will inform you when it's time for dinner. "

hearing this, fu jiatong was so angry that her nose almost went crooked!

after all this, uncle president was still on guard against her. although he had brought her to the island, he didn't even let her out of the room!

it was obvious that he was afraid that she would do something in secret and affect luo chenxi's wedding.

fu jiatong was reminded of the rumor that she had heard from the maid in the president's house a few days ago. the president actually had the intention of acknowledging luo chenxi as his goddaughter!

the two of them had only met once, and fu jingxuan was not familiar with luo chenxi at all. yet, he actually wanted to witness her marriage and acknowledge her as his godkin ... was the power of blood really that powerful?

boxn ov el. c o m

" no, this can't go on. if luo chenxi appears in front of uncle president again, our cover will be blown sooner or later ... this time, i must ... "

did they think that it would be enough to just send bodyguards to watch over her? she had no other way?

he was too naive!

.....

for three consecutive days, luo chenxi was so busy that her feet did not even touch the ground.

they either followed tan yueru to socialize with the guests who had come to attend the wedding or were called to various venues for final confirmation.

on the night before the wedding, luo chenxi was almost paralyzed when she laid on the bed.

" i didn't expect a wedding to be so tiring ... the wedding i had last time must have been a fake one. "

luo chenxi could not help but be filled with emotions when she recalled the wedding she held with mu yichen under luo chenxin's name nearly a year ago.

at the time, she was only thinking about how to make a pact with mu yichen so that she could divorce him in a dignified manner. how could she have expected that she would end up in such a state with this man one day?

luo chenxi lay on the bed and gazed at the moon outside the window. even though her body was exhausted, she could not fall asleep due to the excitement of getting married tomorrow.

just as she was in a daze, the moonlight that shone in from the window seemed to have dimmed a little. then, there was a light " bang bang " sound from the window.

luo chenxi turned around and widened her eyes in surprise.

outside the window, the man who refused to let go of the window and gestured for her to open the window was her husband!

the great young master mu actually climbed through the window!

luo chenxi was stunned. she did not manage to react to the situation for a moment until mu yichen's face turned red. he could not help but knock on the window again. she then leaped up from the bed and ran over to open the window.

mu yichen exerted some force with his arm and flipped into the room from the outside.

he stretched out his hand and pulled luo chenxi into his arms. at the same time, he spoke through clenched teeth, "stupid woman, why did it take you so long to open the window for me? are you trying to murder your husband? if i fall down, you won't have a groom tomorrow!"

the outer walls of the seaside castle were brand new and painted extremely smooth. if it were not for mu yichen's constant exercise and amazing muscle strength, it would have been impossible for him to climb up the wall.

1637 you call me brother-in-law

but even so, it was dangerous to keep lying on the window.

luo chenxi's room was on the second floor. of course, it was impossible for her to fall to her death, but even if she were to suffer a fracture or something, she would certainly become a laughingstock the next day.

luo chenxi stuck her head out of the window and looked left and right. she locked the window again after she was certain that no one was paying attention to them.

she turned around and faced mu yichen. "i was just too surprised, alright? how would i know that you would climb through the window in the middle of the night! by the way, you ... why did you climb through the window? was it that fun? what if you fall down?"

mu yichen was exasperated. he could not help but pinch her waist gently. "stupid woman, you're so heartless. am i having fun? we haven't seen each other for three days, and you don't miss me at all?"

"..... ah?"

luo chenxi was so busy that she had no time for him.

however, she dared not speak the truth when she saw the threatening expression on mu yichen's face. she could only try her best to placate him.

"this ... of course i miss you, but fiancée and fiancée can't see each other for a few days before marriage. mom said that this is the rule ..."

"what kind of stupid rules are these? the ancient people also said that men and women should not be intimate before marriage. not only have we slept with each other so many times, but we have also raised our daughter! isn't it time to soak the pig in the cage?"

"cough, cough, what nonsense are you spouting?" luo chenxi was defeated by his straightforward words. she had no choice but to admit defeat.

boxn ov el. c o m

“even if you want to see me, can’t you use the main entrance? why do you have to climb through the window?”

mu yichen obviously choked for a moment at the mention of this. however, his face was filled with rage soon after. “ just you wait, bai shixun! i’ll make him pay for what he did on his wedding day!”

“bai shixun? what’s wrong with him?” luo chenxi asked in puzzlement.

mu yichen sneered, but he did not speak.

in the beginning, of course, he would walk through the main entrance. the entire island was his, and it was only natural that he wanted to see his wife. who could stop him?

however, there were still people who didn’t have eyes.

mu yichen walked to the bai family’s residential area and was immediately stopped by bai shixun. he refused to let him pass no matter what.

moreover, bai shixun’s reason was very convincing, “ get this straight, chenxi is my godsister now, do you understand? as chenxi’s brother, it’s my duty to put an end to all men with bad intentions who harass my sister ... including you! that’s right, it’s you! don’t think that you’re chenxi’s husband now. you’re only getting married to chenxi tomorrow, so you can’t meet her today. hurry up and get lost.”

bai shixun said proudly and added slyly, “ of course, if you call me your brother-in-law and suck up to me, i can consider accommodating you. how was it? are you going to call me?”

“hehe, what motherf * cking brother-in-law!” mu yichen chuckled.

if he could not tell that bai shixun was trying to take revenge on him, he would have wasted all these years!

it was obvious that even if he did, bai shixun would not let him in.

thus, mu yichen turned around and left. he ran to luo chenxi’s window and climbed up.

of course, he would never tell his stupid woman about such an embarrassing thing.

luo chenxi asked for a long time but could not figure out anything. she had no choice but to say, “ alright, as long as you’re happy. however, the wedding is tomorrow and we have to get up at five in the morning to prepare. you should go back and rest.”

mu yichen looked at her for a while without uttering a word. “ i’ll rest here. “

1638 the wedding of the century

luo chenxi said in astonishment, “you ... you’re going to sleep in my room?” no! ‘mu yichen, have you forgotten that i still have a baby in my stomach?’ besides, tomorrow ...”

“do you think i’m a beast?” the corners of mu yichen’s lips twitched. he pinned luo chenxi down on the bed and scoffed coldly, “ i just want to hug my woman to sleep, but if you insist on flirting with me, i don’t mind doing some pre-sleep exercise first ... ”

luo chenxi shuddered. she lay flat on the bed hastily and pulled the blanket up to her chin. " no, no, no. i'm not interested in exercising. i ... i'm already asleep! "

after that, she closed her eyes and pretended to be asleep on the bed.

mu yichen scoffed coldly. he removed his outer coat and crawled onto the bed before he pulled luo chenxi into his arms.

he couldn't fall asleep after not hugging her for three days.

luo chenxi thought that she would not be able to sleep for the rest of the night due to her excitement. she did not expect that she would fall asleep soon after she smelled the familiar scent on mu yichen's body when he arrived.

moreover, she slept all the way until the next morning, and the alarm clock didn't wake her up.

she didn't wake up until fang ziqian knocked on the door with her makeup artist. she was dragged all the way to change her wedding dress and put on makeup.

when she woke up, the man beside her was long gone. she didn't even know when he left.

the corners of luo chenxi's lips could not help but curl up ever so slightly. she recalled young master mu's embarrassed look when he climbed out of the window yesterday. 'did he climb out of the window in the wee hours of the morning too?'

.....

on the day of the wedding, the usually quiet and peaceful island was very lively.

it was filled with a festive atmosphere.

moreover, it wasn't just on the island. all the media in the whole of china, including many foreign media, were fighting to report on the wedding of the century.

in order to protect their privacy, no media was invited to interview or broadcast the wedding on the island. the mu family provided the same draft to all the major media.

however, even though the mu family's attitude was already so obvious, there were still a large number of media outlets that wanted to dig out more exclusive news. they sent reporters one after another, took small boats to the island where the wedding was held, and squatted around, just to dig out more news.

this was somewhat effective.

at the very least, a few days ago, the media had identified most of the invited guests by identifying the passing private planes and yachts.

in the bride's dressing room, luo chenxi had already changed into her dazzling wedding dress and had her makeup done. she was waiting for the wedding to begin accompanied by the three bridesmaids.

“wow, sister-in-law, you’re so beautiful today! it was too beautiful! you’re definitely the most beautiful bride i’ve ever seen! and your wedding dress, it’s the kind that only exists in fairy tales. it’s so good to know how to design clothes. i wonder when i’ll be able to wear such beautiful clothes ...”

mu weiwei had been exclaiming in admiration from the beginning to the end today. she was shouting and wrangling as she circled around luo chenxi like a fangirl.

luo chenxi, fang ziqian, and the rest found it rather amusing.

compared to them, mu weiwei, a young lady who had just come of age, was still as innocent as a child.

“you want to wear a wedding dress so much?” teng siqing teased. that’s easy. you can find a boyfriend in college and get married after graduation. then, you can ask your sister-in-law to design a wedding dress for you. she’ll definitely be willing to design a more beautiful one!”

“that’s right, it’s a good idea,” fang ziqian chuckled.

mu weiwei’s petite face blushed at once. “sister teng, sister fang, what are you two talking about? i’m still young ...”

1639 do you have a boy you like?

“my brother said that i’m not allowed to date before graduation ...”

teng siqing burst out laughing. “ you believe everything your brother says! why don’t you think about it? when he and your sister-in-law had sex, your sister-in-law was younger than you! he’s not embarrassed to control his sister.”

upon hearing that, luo chenxi nodded in agreement. she was even gossiping now. “ that’s right. ignore him. you can always fight for someone you like, right? ” it’s not too early to fall in love at the age of 19, right? do you have a boy you like?”

mu weiwei’s face turned even redder at once. she stammered, “sis-in-law, what kind of questions are you asking? i don’t have a boy i like. no, it didn’t exist! besides, after seeing how loving you and big brother are, i think it’s hard to find a man who pampers his wife like this!”

mu weiwei had grown up in a wealthy family since she was young. she was well aware of how much of a mess those hedonistic sons of rich families would do before and after marriage.

although her father and brother were both model good men, she knew very well that it would be difficult to find such a partner.

luo chenxi could not help laughing upon hearing her words. “ how can you be so pessimistic at such a young age? don’t worry, you’re such a beautiful and lively girl, who knows how many people will like you. there will definitely be a man suitable for you! perhaps, you already have one now ...”

“no... that’s impossible!” mu weiwei called out subconsciously, but she denied it flatly.

teng siqing laughed. “ alright, alright. we’re just teasing you. we know that the mu family is strict. you don’t have a boyfriend anymore. ”

this topic came to an end.

however, mu weiwei kept her head lowered after that. she felt guilty.

when luo chenxi asked her if she had any boy she liked, the first person that came to her mind was fu linchen ...

was there something wrong with her brain?

fu linchen was the person she hated the most ...

and what kind of boy was he? he was clearly an old fox!

just as mu weiwei was criticizing fu linchen in her heart, the early stages of the wedding had already begun.

teng siqing and fang ziqian were called out to help, leaving mu weiwei alone in the dressing room to accompany luo chenxi.

mu weiwei's task was to keep the bride company until luo chenxi walked on the red carpet with master bai.

this job was very simple.

however, mu weiwei soon noticed that luo chenxi had been pacing back and forth at the entrance of the dressing room. she had a rather nervous expression on her face and could not even calm down for a second.

"sister-in-law, you don't have to be so anxious. do you want to eat something and sit down first?" sister fang just told me that it'll take an hour for you to show up. if you keep standing, you'll be tired later, and you still have a baby in your stomach!"

luo chenxi frowned. " i know. then ... well, i'll sit for a while. "

she sat on the sofa for a while, but she stood up again in less than two minutes.

" sister-in-law, aren't you a little too nervous? " mu weiwei was amused.

luo chenxi shook her head. " i'm ... i'm not nervous. "

she didn't know why, but after she woke up today, she had a feeling of uneasiness and her heart was in a panic.

it was fine when there were a lot of people, but now that it was quiet, she was terrified from the bottom of her heart.

at this moment, an urgent knock on the door was heard.

"young madam, are you there?"

1640 what's wrong with little miss?

the two people in the room looked towards the door in surprise.

mu weiwei went to open the door and saw a maid from the mu family standing outside. she asked, "what's wrong? are there any changes to the wedding schedule?"

the maid didn't answer, but looked around the dressing room anxiously.

luo chenxi frowned. " what are you looking at? "

the maid did not see the person she was looking for and her voice became more anxious. " young madam, did little miss come to your place today? "

"i didn't?" luo chenxi shook her head. she suddenly had a bad feeling in her heart. " what do you mean? what happened to little miss? had it disappeared? how was that possible? wasn't tang tang the flower boy today? where did she run off to?"

the maid quickly said, "little miss and the bo family's young master woke up very early today to change their clothes. they were playing with the guests outside the church just now." now it's their turn to go on stage, but they suddenly disappeared. furen guessed that they came to find you and asked me to come and take a look."

luo chenxi's frown deepened. " how could that be ... that's impossible! no one has been here. i didn't see tang tang or bo shaoxuan. are you sure they're coming in my direction? the two children are wearing the flower boy's clothes and are very eye-catching. there are so many guests here, did no one see them?"

when she heard that the little dumpling was missing, she immediately became anxious.

she rushed to the maid and began to ask questions like a cannon.

however, the maid didn't know much either, so she could only vaguely say, " "this ... i'm not sure. when i found that little miss and the others were missing, i ran over. this was the first place i looked for. it seems like they've gone somewhere else to play ..."

"that's impossible. my tang tang and shaoxuan are very sensible children. they know that today's wedding is very important, so they shouldn't have run around. no, i have to go out and look for it. "

luo chenxi valued the little dumpling the most. she could not care about anything else when she heard that. she lifted the hem of her wedding dress and was about to run out.

"wait, sister-in-law, wait!"

mu weiwei quickly ran over and stopped her.

"sister-in-law, don't be so agitated. tang tang and shaoxuan must be having fun, or they ran away because of something. you don't have to be so anxious. think about it, there were so many people at the wedding today, who wouldn't know the two of them? you can't even throw it away even if you want to?"

" but ... " luo chenxi had to admit that mu weiwei was right, but she still felt uneasy.

when mu weiwei saw this, she hastily said, "how about this? i'll go to the church and ask around to see how tang tang is doing." i'll be back once i find tang tang. sister-in-law, you should stay here. you're the bride today, so you can't run around."

luo chenxi gradually calmed down after mu weiwei tried her best to persuade her.

" you're right. i'll leave it to you then. as long as there's any news about tang tang, give me a call. "

" no problem, sister-in-law. don't worry, leave it to me! "

mu weiwei made an 'OK' gesture and followed the maid away.

luo chenxi was the only one left in the room.

being alone in such a confined space made her heart beat even more violently, and she couldn't sit still no matter what.

time ticked by, but mu weiwei still had not returned. she did not even give her a call.

twenty minutes later, luo chenxi could not stay any longer. she stood up and was about to look for the person personally.

at this moment, her phone suddenly rang.
