

## Sweetheart 1651

1651 not a single one of them could smile

“what? did he not find tang tang? how ... how could this be possible? when we were checking the surveillance cameras just now, we clearly saw that tang tang and shaoxuan left together.” tan yueru was shocked.

bo tingyuan frowned, his eyes filled with confusion.

” that’s right, the two children did leave together. i searched the edge of the island for a long time before i found shaoxuan in a small forest in the southeast corner. he was lying on the ground, unconscious, and seemed to have been knocked unconscious from behind. ”

as bo tingyuan spoke, he pointed at bo shaoxuan’s little head.

it was only then that everyone noticed that the back of bo shaoxuan’s head had been wrapped in gauze. although the wound could not be seen, it must have been very serious judging from bo shaoxuan’s unconscious appearance.

mu yichen’s expression turned even more solemn.”what about tang tang? tang tang should be somewhere near shaoxuan. didn’t you look for her?”

bo tingyuan glanced at him and sighed. ” “how could i not have? after i saw shaoxuan, i searched the entire forest. it could be said that i turned over every inch of the land, but i didn’t see any signs of tang tang! but ... but we also found your maid. i think she’s called aunt chen?”

“you’ve found aunt chen too?” tan yueru asked in a hurry.

“yes, but don’t be too happy. aunt chen’s injuries are much more serious than shaoxuan’s. she has several serious knife wounds on her back. it’s a good thing i arrived in time. if i was a little later, she might not have been saved because of the blood loss. when shaoxuan gets better, i’ll have to thank your aunt chen.”

aunt chen’s life was spared, which was good news.

however, no one present could laugh.

boxn ov el. c o m

aunt chen and shaoxuan had been found, but tang tang was nowhere to be found.

what did this mean?

it meant that when the three of them were playing outside, they had indeed encountered bandits and were attacked by them!

moreover, the other party was obviously here for tang tang and might not be here to extort money.

that was because bo shaoxuan’s social status was no less than tang tang’s and he had already been injured and controlled by the other party. however, the other party only took tang tang away and left bo shaoxuan behind.

everyone present was smart, and they all realized this.

everyone was silent for a while before he jinsi said, " " tingyuan, thank you for the information. shaoxuan's injuries are so serious that he needs you. don't worry about this. quickly bring shaoxuan for a checkup. the back of his head was hit hard. he might have a concussion. "

bo tingyuan was already worried about his son, so he did not reject the offer. he patted mu yichen's shoulder and said, " take care. " then, he left with his son.

after bo tingyuan left, mu yichen's expression was even uglier than a dead man's.

even tan yueru and the others didn't dare to talk to him easily.

however, no one dared to walk away. they stared at mu yichen for fear that he would do something irrational in his rage.

however, mu yichen was calmer than they had imagined.

he faced the sea and stood in silence for a while. then, he suddenly said, " "jingsi, i have a favor to ask of you. find a way to find out how many signal jamming devices are on the island and where they are located. check the surveillance cameras nearby."

1652 she must have deliberately left this behind!

he jinsi was stunned when he heard that.

"electronic signal blocking device? you mean ...!"

when everyone heard this, they immediately understood.

" could it be that the loss of mobile signal on the island was not caused by natural weather, but ... someone used a shielding device? "

everyone had a feeling of sudden realization.

during the wedding, the cell phone signal suddenly became very bad, and everyone felt it.

however, the weather on the island changed very quickly. due to the influence of natural conditions, the signal itself was not very good. everyone had gotten used to it over the past two days, so most people did not think much about it.

it was only after mu yichen had exposed them that they realized that the incident was indeed too coincidental!

mu yichen nodded. " that's right. that must be the case. otherwise, chenxi would've called me when she left all of a sudden. she's definitely not an irresponsible person. on the contrary, she's always been careful. even if she's attacked at the last minute, she'll definitely think of a way to leave behind clues ... "

at this point, mu yichen suddenly thought of something and turned around abruptly.

he jinsi called out to him from behind. " yichen, where are you going now? " don't wander around, or else how will we find you if we find any clues?"

mu yichen stopped in his tracks and said, "go and check on the shielding device first. i'm going to the bride's dressing room. i don't believe that chenxi would leave without a trace."

after he finished speaking, he strode toward the bride's dressing room without waiting for the person behind him to respond.

tan yueru hurriedly followed him.

the bride's dressing room was still filled with all kinds of jewelry, accessories, cosmetics, and gowns for the banquet.

all the items were neatly stacked, looking luxurious and peaceful, as if waiting for their owners to return to continue using them. there was no sign of them being messed up.

mu yichen furrowed his brows in bewilderment.

this was different from what he had imagined ...

he thought that luo chenxi was knocked out and taken away like tang tang.

mu weiwei had already seen the surveillance video earlier. when she heard that mu yichen was coming over, she rushed over and explained to him, "brother, i went to check the surveillance video just now, but for some reason, the surveillance camera near the dressing room was not turned on! however, i can guarantee that the layout of the dressing room is exactly the same as when i left. not a single piece of jewelry is missing, and there are no traces of a fight. sister-in-law must have walked out on her own."

tan yueru frowned and said, "are you sure? did he remember correctly? if that was the case, wasn't there a ghost? the wedding is about to begin, why would your sister-in-law go out on her own?"

"this ... " mu weiwei furrowed her brows. " a female servant came by earlier and told us about tang tang's disappearance. perhaps sister-in-law went out because she was looking for tang tang. "

"that makes sense. but now that the surveillance cameras are broken, i don't know how your sister-in-law will get out ..."

tan yueru's voice had barely faded when she saw mu yichen suddenly bend down and pick up a very small thing from the ground.

tan yueru was stunned. " yichen, what did you see? "

mu yichen did not answer. instead, he took a few steps forward and bent down to pick up the items at the door.

then, he walked out of the room, into the corridor, and bent down again ...

he would repeat the action every few steps.

mu weiwei furrowed her brows in confusion. she took a few steps forward and ran in front of mu yichen. she lowered her head to take a look. " ah, this is ... the diamond embedded in sister-in-law's dress! she must have left this behind on purpose!"

1653 chenxi won't be threatened by others

upon hearing mu weiwei's words, tan yueru also understood what was going on. her eyes immediately lit up.

the two of them did not say anything else. they quickened their pace and followed closely behind mu yichen.

mu yichen walked in front of them without uttering a word. he picked up the diamonds left behind by luo chenxi along the way. the further he walked, the heavier his mood became.

luo chenxi did not even have the time to think of a way to inform him before she left in such a hurry. in fact, she could only tear off the diamond on her wedding dress to leave a clue for him. it was apparent how urgent the situation was at the time.

from her disappearance to the interruption of the wedding to the discovery of the clues, it had taken nearly an hour.

who knew how many things would happen in this short period of time ...

at this very moment, mu yichen could only urge himself to speed up a little, just a little faster. he hoped that he could still make it in time ...

mu yichen's footsteps became faster and faster. he was no longer in the mood to pick up the diamonds on the ground. all he could do was follow the direction in which the diamonds had fallen.

he could tell that luo chenxi had walked one round along the few corridors on the outer perimeter of the castle before she arrived at an inconspicuous side door at the back of the courtyard.

this side door was not for guests and owners to leave. it was mainly for the gardener and staff to transport supplies, so it was usually locked.

however, mu yichen realized that the door lock had been pried open when he arrived at the door.

boxn ov el. c o m

tan yueru took a look at it, and her face darkened. " i've repeatedly told yiling to pay attention to the security work on the island. how could there be such a low-level mistake? " this kid ..."

however, mu yichen did not have the time to pursue this matter. he did not wait for tan yueru to finish her sentence. he had already continued to follow the direction where the diamond fell and ran toward the northeast side of the small island.

a long line made of sparkling and translucent diamonds extended all the way to the beach at the edge of the island before it was cut off.

mu yichen stood on the beach and gazed into the boundless sea. he frowned deeply.

"what's going on? yichen, are there no more diamonds? then my daughter-in-law ..."

tan yueru had to hurry to catch up with her son. seeing him like this, she immediately realized that the situation was not good.

“it seems like the other party came from the sea. they left this small island immediately after they got chenxi and tangtang on board,” mu yichen said in a deep voice.

tan yueru was stunned. “ what? tang tang is also ...”

“that’s right, it must be the same group of people who kidnapped chenxi and tang tang. because chenxi would not be coerced by others easily. the other party must have caught tang tang first, and then chenxi had no choice but to be at their mercy. they must have blocked the signal on the island, caught tang tang, and tricked chenxi into leaving the bride’s dressing room.”

mu yichen could already guess the situation at that time by combining the clues he had earlier.

however, not only did he not feel at ease after understanding all this, but it also made him more and more uneasy.

who was it that bore such a deep grudge against the mu family and had the guts to choose such a day to abduct luo chenxi and the little dumpling by all means?

the other party already had the person he valued the most as a hostage. no matter what he did, he had to be extremely careful.

“wei wei, go and ask ...”

before mu yichen could finish his sentence, he heard he jinsi’s voice. “ yichen, i’ve been looking for you for a long time. if it wasn’t for the maid’s guidance, i wouldn’t have been able to find you. ” why didn’t you answer my calls? what are you doing here? have you found any clues?”

1654 mr. president, i have a favor to ask of you ...

mu yichen turned around hastily. “ jingsi? you called me? don’t tell me ...”

“yes, it’s me. i’ll tell you some good news. i’ve successfully found three signal blocking devices, but they’re all useless. there might still be one or two more shielding devices left, and i’m still looking for them. however, the signal should have been restored in most parts of the island by now.” he jinsi immediately explained his purpose for coming.

mu yichen’s expression relaxed a little. “ that’s great, brother. you’re still the most reliable. ”

he knew that it would be the most efficient to leave this matter to he jinsi, unlike mu yiling, who had not received any news since he left.

“ let’s go. we’ll go back to the president now. ” mu yichen said.

mu weiwei and the rest were stunned.”mr. president? then the boat that kidnapped sister-in-law ... are we not looking for it?”

mu yichen did not explain. he strode away in large strides and walked back quickly.

he jinsi immediately understood mu yichen’s intention after listening to tan yueru and mu weiwei’s explanation of the situation earlier. he explained to the two of them in a low voice, “ ” it’s been an hour since we kidnapped the ship of the kingdom of dawn and left the island. it’s possible for them to go in

any direction. the sea is vast and it's impossible to find them like this. moreover, we're in international waters now and the resources we can use are limited. "

mu weiwei had a nervous expression on her face. " then ... then what should we do? "

" we can only use the military's satellite positioning system to find this ship. yichen must have gone to see the president for this. "

he jinsi was right.

boxn ov el. c o m

mu yichen was in luck. he bumped into mr. president who was walking toward them as soon as he arrived near the bride's dressing room.

fu jiatong followed behind fu jingxuan, along with several other staff members, who were also searching the area.

when he saw mu yichen, fu jingxuan took the initiative to approach him. " yichen, we all know what happened to your wife. i really didn't expect this to happen. you ... sigh. "

he wanted to say a few words of comfort, but when the words reached his mouth, they were stuck in his throat.

this was because he had the same experience as mu yichen when he was young. moreover, he paid an extremely painful price for it in the end. not only was his beloved wife separated from him forever, but he could not find his daughter as well.

fu jingxuan suppressed the pain in his heart and changed his words. " "i can send a few people here. they're all criminal investigation experts from the national security bureau and can help to find her ..."

" no need. i already know what happened to chenxi and tang tang. they should have been kidnapped and have left the island. " mu yichen interrupted him.

fu jingxuan was shocked. " what?! "

" mr. president, i have a favor to ask of you ... "

mu yichen could not afford to waste any more time, so he did not care about any etiquette. he made his request straight away.

fu jingxuan understood the severity of the situation and immediately nodded. " alright, i'll contact the military and ask them to cooperate with you ... "

"no! uncle president, you can't do this!"

before fu jingxuan could finish, fu jiatong suddenly shouted from behind him.

everyone was surprised, and when they turned around, they saw fu jiatong walking over quickly.

"uncle president, you must not do this! the military's satellite system was used to protect national security. how could it be used for personal purposes? do you know how much military expenditure it will cost to use satellite positioning once?"

1655 i'm doing this for the fu family!

"what kind of person is luo chenxi? what contribution has she made to the country that we have to waste so much taxpayer money to save her? if ... if this gets out, i don't know how many people will protest!"

fu jiatong's face was full of pain.

fu jingxuan was taken aback and frowned. " you ... you can't say that ... "

he hesitated because what fu jiatong said made sense.

the military satellite system belonged to the entire country, not the fu family's private property. under normal circumstances, it couldn't be used as if it was their own.

ever since fu jingxuan became the president, he had always presented himself with an image of integrity and integrity. something like forcefully using military facilities had indeed crossed his bottom line.

however, after some thought, fu jingxuan still said, "the military satellite system is also used to serve the citizens. luo chenxi is a citizen of our country at the very least. the government has the obligation to ensure her safety when she went missing overseas. this is reasonable."

as he spoke, he picked up his phone and was about to call the military.

fu jiatong felt anxious.

before the operation today, she had already discussed with luo chenxin and assigned the tasks.

luo chenxin brought along the mercenaries she borrowed from the faires family and was in charge of kidnapping xiao tuanzi and luo chenxi on the island.

boxn ov el. c o m

as for her, she was responsible for installing a signal blocking system on the island to delay it for at least two hours so that the yacht could sail out of the international waters and enter country l's territory.

country l was within the fiers family's sphere of influence. a powerful dragon could not suppress a snake in its own territory. even if mu yichen wanted to cross the border to abduct her, it would not be that easy.

however, she didn't expect he jinsi to clear the signal blocking system she had set up so quickly.

now, fu jingxuan was going to use the military's satellite system to find luo chenxi.

on the other hand, the president had yet to learn that luo chenxi was his biological daughter. yet, he was about to break his usual principles and seek help from the military at the risk of being scolded by his taxpayers.

if they managed to find the person in time and save her, all her efforts would have been in vain!

no, no, she could not let that little b \* tch continue to live.

in a moment of desperation, fu jiatong pounced on the president and took his phone away when he was not on guard.

“jiatong, you ...!” fu jingxuan looked at him in disbelief.

fu jiatong’s face was full of righteousness. “uncle president, please ... please don’t blame me. i’m ... i’m doing this for the fu family!” the presidential election hasn’t even started yet. have you considered the consequences of doing this? there are so many people watching the fu family, we can’t let them have any evidence against us!”

“that’s enough, fu jiatong, give me back my phone! i know what you’re saying, but how can i leave him in the lurch over such a small matter? did you hear that? give me the phone!”

fu jingxuan’s face darkened, and his tone became stern.

because he had learned from his previous experience, when encountering such a situation, the most important thing was to find the person in time.

when she had just disappeared, every minute and second was important.

once they missed the best time for rescue, the possibility of the hostage being killed was 99%!

“n-no! i ... i’m the fu family’s daughter. i can’t watch you make such a mistake! even if you want to blame me and kick me out of the fu family, i ... i’ll admit it!”

fu jiaoyu raised her head and said loudly.

1656 i acknowledge you as my godbrother on chenxi’s behalf!

“you ...”

fu jingxuan waved his hand, so angry that he wanted to hit someone.

however, seeing fu jiatong’s stubborn face, she couldn’t bring herself to do it.

it sounded like fu jiatong was really doing this for the good of the fu family. if he blamed her for this, wouldn’t he be hurting his niece’s heart?

the scene suddenly became quiet.

mu weiwei’s face turned red with anxiety when she saw this. she could not help but cry out.

“fu jiatong, you ... don’t think i don’t know what you’re thinking. you just want to kill my sister-in-law! you ... you’re simply harboring unfathomable motives!”

“mu weiwei, you’ve gone too far by saying such things!” fu jiatong was not a match for luochenxi on normal days, but she was more than capable of ridiculing a little girl like mu weiwei. “you’re a member of the mu family. you have to think for the mu family, but i have to think for the fu family! what would a child like you know? stop talking nonsense!”

“who ... who are you calling a child? at least i know that i can’t just leave him in the lurch!”

“ha, that’s all your political awareness can do.”

fu jiatong's disdainful tone and gaze almost made mu weiwei explode in anger.

boxn ov el. c o m

however, the young miss of the mu family did not have the eloquence to argue with her. she was so angry that her face turned white, and she even couldn't help but take a few steps forward, looking like she couldn't help but hit someone.

fortunately, she had only taken two steps when mu yichen held her shoulder.

"wei wei, forget it. we can't lower ourselves to the same level as this kind of person."

mu yichen's face darkened when he saw that fu jingxuan was being persuaded by fu jiatong and was starting to hesitate.

he sneered,"alright, since the fu family is not willing to help, i can't force them." however, i'll remember what happened today."

mu yichen was so angry that he wanted to kill someone, but he had no time to waste now.

if the president's house refused to help, he would have to think of another way immediately.

just as he was about to turn around and leave, he heard hurried footsteps coming from behind him.

"wait a minute. mu yichen, please wait for a moment." fu linchen quickly walked up to him.

mu yichen did not look happy when he saw the fu family now. he waved his hand and tried to push them away. " fu linchen, what are you doing here again? " get out of my way!"

however, fu linchen did not step back as he was told. instead, he passed his laptop to mu yichen.

"alright, let's talk about it later. the most important thing now is to find chenxi. i've already contacted the military as soon as the mobile signal was restored. they've sent us the map of the nearby ships. come and take a look, i think this ship is the most suspicious."

fu linchen did not waste any time. he turned on the computer and showed mu yichen the dynamic navigation map sent by the military. he even pointed out the red dot that represented the suspicious ship.

mu yichen did not expect fu linchen to be so proactive and direct. he had already obtained the information that they needed the most without saying a word.

it was difficult to locate her so quickly, but fu linchen didn't mention a word about it.

he was stunned for a moment, then the expression on his face softened and he glanced at fu linchen.

"thank you. i won't say much. i'll acknowledge you as my godbrother on chenxi's behalf!"

mu yichen took the computer and turned around immediately. " prepare the ship and manpower. we're going out to sea to rescue them immediately! "

mu yichen called he jinsi and left in a hurry.

fu linchen also quickly followed. he was in charge of contacting the military for navigation.

at this moment, a soft meow-like voice was heard. "that ... brother fu ..."

1657 can't even stop a woman

fu linchen stopped in his tracks and turned around.

mu weiwei lowered her head and bit her lip. she muttered in a low voice, "brother fu, i really ... really thank you for today. otherwise, sister-in-law would really be in danger ... i've misunderstood you in the past. i'm sorry for my rude words ..."

fu linchen was stunned for a few seconds. he didn't expect the stubborn girl to apologize to him.

but soon, he laughed.

fu linchen did not say anything. he raised his hand and patted mu weiwei's head. then, he turned around and quickly chased after mu yichen and the others.

.....

at the same time, on the faires family's yacht.

a child's sharp cry came from the cabin on the other side of the wall.

luo chenxi's heart skipped! beat. "tangtang!"

seeing this, luo chenxin let out a sharp and harsh sneer. "luo chenxi, did you hear that? the little b \* stard you gave birth to is crying now! tsk, tsk, this little b \* stard has loved to cry since he was young. i don't know how scared he must be now. if you ... hey, what are you trying to do?"

before luo chenxin could finish her sentence, she saw luo chenxi standing up from the ground at once.

boxn ov el. c o m

"luo chenxi, did i allow you to stand up? kneel down and slap yourself! stop right there!"

luo chenxin ordered loudly. however, she soon realized that luo chenxi did not follow her instructions. instead, she got up swiftly and dashed toward the cabin's door.

all of luo chenxi's rationality exploded at once when she heard the little dumpling's cries!

her little princess was crying, and she was crying so pitifully!

luo chenxi's heart was twisted into a ball. she could not care about anything else and stood up immediately.

she was talking to luo chen with a guilty conscience not only because she was worried that she would hurt the little dumpling, but also because she could not confirm the little dumpling's location.

the yacht was not big, but it had more than a dozen cabins and a warehouse on the lower floor.

on the other hand, luo chenxi was alone and was being watched by so many bodyguards. it was impossible for her to find the little dumpling, so she could only ask luo chenxin to bring her to tang tang.

now, the little dumpling's sudden cry had pointed her in the right direction.

her little princess was in the cabin next door!

at the thought of this, luo chenxi could no longer suppress her desire to protect her daughter. she was determined to leave the house.

“stop her! why are you all in a daze? are you all dead? quickly stop her!” luo chenxin shrieked as she directed the bodyguards in the cabin.

the bodyguards quickly pounced toward luo chenxi.

one of them stretched out his hand in an attempt to pull luo chenxi’s shoulder. a glint flashed in luo chenxi’s eyes. she suddenly turned to the side and dodged past the other person.

then, she raised her long leg and kicked the lower abdomen of another bodyguard who was blocking the door.

although the heel of her shoe wasn’t high, it was sharp and hard. the bodyguard cried out in pain and bent down to cover his injured area.

luo chenxi dodged two bodyguards’ attacks in succession. she seized the opportunity to pull open the cabin door and ran out.

luo chenxin widened her eyes. she did not expect luo chenxi to be able to run out of the encirclement of so many bodyguards. she was stunned for a few seconds before she could not help but scream, “trash! you’re all trash! didn’t they say that they were all experienced mercenaries? [ you can’t even stop a woman who lives like a prince, are you all eating shit? ] hurry up and give chase!”

1658 don’t be afraid, big sister is here!

the bodyguards’ expressions turned ugly when they were scolded by luo chenxin, but they knew that they were in the wrong and did not refute.

in fact, they were even more depressed than luo chenxin.

it was impossible that they could not defeat luo chenxi, but ... everyone was caught off guard!

judging from her appearance, luo chenxi was the kind of girl who could not even withstand a gust of wind. she had such a slender figure that she was probably the kind of girl who would not even dare to kill a mouse or a cockroach on usual days.

who would have thought that her slender body would have such great strength and her movements were so agile? her punches and kicks were no different from those of a professional taekwondo athlete. it was hard to not be hit by her when she was caught off guard.

the bodyguards quickly chased after him.

at the same time, luo chenxi had already determined the location where the little dumpling’s cries were coming from.

she quickly ran to the door of the next door and used all her strength to hit the door with her shoulder ...

the tightly locked hatch actually fell down!

luo chenxi did not have such great strength usually. however, as a mother, she felt as if she was bestowed with infinite strength when she heard her child crying.

she stepped over the threshold and rushed in. she saw the crying little furball sitting in the middle of the cabin.

boxn ov el. c o m

luo chenxi heaved a sigh of relief in secret upon seeing the little fellow.

the little dumpling's condition was better than she had imagined.

although her two little hands were tied up, her ankle was swollen like she had sprained it, and her little face was red from crying, at least there were no obvious signs of abuse or beating ...

as soon as the little dumpling saw her, she immediately called out in a choked voice, " "big sister! wuwuwu ... save tang tang!"

"don't be afraid, big sister is here!"

luo chenxi's heart skipped a beat. she immediately pounced toward the little dumpling in an attempt to pick her up.

however, just as her hand was about to touch the little furball, a black shadow suddenly strode out from the corner of the room.

he was tall and had long legs. his movements were also surprisingly agile. he directly picked up tang tang.

luo chenxi retracted her fingers, yet she did not even manage to touch the little dumpling's clothes.

"tangtang!"

luo chenxi shrieked in surprise. she still wanted to go forward and snatch him away.

however, it was too late.

the man in black carried xiao tuanzi over, then pulled out a pistol and pointed the black muzzle at xiao tuanzi's head.

" young mistress mu, if you want to see your daughter live a good life, i advise you ... not to be too impulsive. "

a deep and magnetic male voice was heard. it was unexpectedly pleasant to hear, and the tone of the voice had a slightly stiff foreign accent.

luo chenxi cried out in alarm, "what ... what are you trying to do?" let go of tang tang, she's only three years old. if you have anything to say, come at me. don't hit a child!"

" hehe, young mistress mu, don't worry. i don't have to make things difficult for a child. as long as you cooperate with us, why would we do such a despicable thing? " the man said unhurriedly.

luo chenxi was unable to determine the truth of the other party's words, but she dared not take the risk of snatching him away.

"alright, alright, i'll cooperate with you. can you put down your gun first? it's too dangerous. what if ... what if the fire goes off ..."

meanwhile, a loud clang was heard coming from behind luo chenxi.

"catch her!" luo chenxin's voice was heard.

soon after, luo chenxi felt a pain in her shoulder. she was forced to squat down by someone.

1659 don't move!

while luo chenxi was negotiating with the man in black, luo chenxin had already chased after them with her bodyguards.

this time, luo chenxin dared not take the risk to leave luo chenxi alone. she immediately ordered the bodyguards to pin her down on the ground.

luo chenxi was only slightly relieved when she saw that luo chenxi was completely immobilized.

she looked down at luo chenxi with a ferocious sneer on her face. "run! why don't you keep running? where do you think you're going? do you think you can escape from me?"

luo chenxi pursed her lips and did not say a word.

of course, she knew that she couldn't escape.

after she got on board, the yacht had set sail again and was now at least a hundred nautical miles away from the island.

she was surrounded by the boundless sea, where could she run to?

luo chenxi's only belief was to protect her daughter well!

unfortunately, she was not fast enough. in the end, she was just a little short of carrying the little dumpling back ...

"pa!"

boxn ov el. c o m

luo chenxin raised her hand and gave her a slap when she noticed that she was not speaking. "luo chenxi, why are you pretending to be mute? ah? weren't you very eloquent and eloquent just now? didn't you pretend to be obedient in order to deceive me? pfft, i've already seen through you!"

"since you don't want to slap yourself, i can only ask someone else to do it for you! come, teach him a good lesson ..."

luo chenxin's face was filled with an evil and hideous smile. she pointed at luo chenxi's face and was about to order the bodyguards to take action.

however, the little dumpling was startled when she hit luo chenxi earlier.

the little guy was already frightened. when he saw his beloved big sister being grabbed and beaten, he immediately cried, " wah ... big sister ... let go of big sister ... you're not allowed to hit big sister ... "

the little furball was crying and struggling desperately, trying to break free from the black-clothed man's grasp.

however, with her little strength, this was definitely impossible.

luo chenxi was so frightened that her face turned pale upon seeing that. she hastily said loudly, " "tang tang, you ... don't move ... don't move! don't cry ... big sister is fine, really ... really fine ..."

the gun of the man in black was still pointed at the little dumpling!

if the little furball moved around like this and the gun accidentally fired or angered the men in black, it would be over!

however, the little ball didn't understand this. it was still crying and wriggling its little body. it was obvious that it had used all its strength.

luo chenxi was so anxious that her heart was about to stop beating. unfortunately, the bodyguard who was holding her down had learned his lesson this time. he exerted all his strength so she could not get away at all!

just as she was burning with anxiety, the man in black suddenly moved his wrist and moved the muzzle of the gun up, as if he was afraid that the gun would misfire.

the moment he moved, he loosened his grip a little. the little dumpling managed to break free from his restraints and pounced toward luo chenxi.

"big sister ...! 'big sister, tangtang ... ah! who are you? let me go! go away!"

before the little dumpling could reach luo chenxi, luo chenxi grabbed the collar of her shirt and lifted her up.

naturally, the little furball writhed with all its might.

however, luo chenxi's patience was worse than the man in black. she pinched the little guy hard and said fiercely, " "stop shouting! i'll kill you if you call me that again!"

1660 call mommy, quickly!

the little ball's face froze, and its small body seemed to be frozen.

luo chenxi's heart was about to break into pieces when she saw her in pain. she immediately called out, " " luo chenxi, let go of tang tang. you ... what's the big deal about bullying a child? i already said, if there's anything, just come at me! i'm the one who has a grudge against you!"

luo chenxi could not help but burst into laughter when she heard that.

she looked at luo chenxi, then at the little dumpling. the corners of her lips were curled into a cold smile.

"but, i just have to deal with this little b \* stard ... who asked her to be your daughter? you'll feel bad if i hit her, that's the happiest thing for me, hahaha ...!"

luo chenxin's smile grew more and more smug. she crouched down in front of luo chenxi on purpose and lifted the little dumpling's chin with one hand.

"this little b \* stard. i've already found her an eyesore since she was a few months old. do you know why? she's just like you, with a pair of beautiful eyes. she doesn't look like me at all ... even the mu family says that her eyes are the most beautiful and adorable."

luo chenxi's eyes were slightly round like those of a cat's. her eye sockets were big and her pupils were black. she looked extremely innocent. if she were to be seen as a child, she would be even more adorable. she was also the main reason why the little dumpling could easily charm all the adults and children.

in order to make her eyes look like luo chenxi's, luo chenxin had to turn them on a few times before she could adjust them.

back then, when she impersonated luo chenxi and just arrived at the mu family, mu yichen stared into her eyes for a long time. he seemed to have been moved by her eyes before he agreed to the engagement.

every time luo chenxin looked at the little dumpling's eyes, she would be filled with evil thoughts. she wanted to strangle the little girl who had inherited her biological mother's beauty.

luo chenxi's heart skipped a beat upon hearing her voice that was filled with bitter resentment.

"you ... what do you want? luo chenxin, let go of tang tang ... you'll go to hell for abusing a child!"

"don't try to scare me with these words!"

luo chenxin scoffed coldly and shot luo chenxi a malicious look.

then, he pinched the little ball's chin.

" big sister ... " the little ball cried. " sob, sob, big sister ...! "

" where did this big sister come from? she's not a big sister ... " luo chenxin leaned close to the little dumpling's ear and said word by word in a cold voice, " "tang tang, do you know that you also have ..."

" shut up, luo chenxin. you shut up! "

luo chenxi could guess what luo chenxin was trying to do. she spoke in a panic in an attempt to drown out her voice.

however, luo chenxin made a gesture and the bodyguards covered her mouth tightly.

luo chenxin continued, 'tang tang, is this your mother? you have a mother? why don't you call me mom? hurry up, call for your mother!"

luo chenxin was well aware that the cause of the little dumpling's mental illness was that she could not associate it with her mother. hence, she intentionally emphasized the keyword 'mother' many times. at the same time, she pinched the little dumpling's chin and forced her to look in luo chenxi's direction.

“call mommy! quickly call me mommy! this b \* tch is your mother, why aren’t you screaming?”

” mmm ... mmm mmm ... ” luo chenxi was extremely anxious. she shook her head desperately, but she could not utter a single word.

the little furball’s face grew paler and paler. finally, as if it had remembered something, it screamed with a ” wah! “
