

## Sweetheart 1671

1671 if you can satisfy me ...

"i should be the one asking young master mu what you want to do, right? why won't you just cooperate with me?"

luo chenxin heaved a long sigh of relief when cyril appeared in time and controlled the situation. an enchanting and charming smile reappeared on her face.

naturally, mu yichen did not dare to move recklessly anymore. he could only suppress his anger and repeatedly reminded himself to calm down.

it had been 20 minutes since he boarded the yacht.

according to his agreement with fu linchen, he only needed to delay for another half an hour ...

"luo chenxin, get your men to stay away from chenxi! what do you gain from doing this? if anything happens to chenxi, i'll definitely use the entire mu family's strength to make you pay! you simply lose more than you gain! instead of that, why don't we calm down and talk about the conditions ..."

"i also want to discuss the conditions with you." luo chenxin raised her hand and touched her curly hair that had been permed into big waves. she squeezed her arms, intentionally or otherwise, to show off her round and lethal weapon in an attempt to attract mu yichen's attention.

"my conditions ... i've already stated them just now. it's you, young master mu, who is determined not to agree. you've already rejected the first condition. then ... what's the point of negotiating? the negotiations have broken down, and i can't get the benefits i want, so i can only let out a breath, right? did i ... do anything wrong?"

luo chenxin said deliberately with an innocent expression.

mu yichen gritted his teeth in secret while he clenched his fists tightly.

if luo chenxin had dared to talk to him like that, he would have been so angry that he would have taught her a lesson.

but now ...

"what do you want? i'll cooperate with you, alright?" mu yichen spoke as calmly as he could.

luo chenxin's eyes lit up, and a smug smile appeared on her face. "you said it yourself ... young master mu, i still only have one condition. " if you can satisfy me ... i'll spare luo chenxi's life. what's wrong with that?"

mu yichen furrowed his brows. he glared at luo chenxin with a frighteningly cold gaze.

luo chenxi almost glared at luo chenxin as her entire body trembled slightly.

judging from luo chenxin's tone, she was obviously treating mu yichen as a gigolo in a nightclub. when had young master mu ever been humiliated like this?

moreover, luo chenxi felt as if her heart was being cut by a knife when she thought about how the arrogant, pampered, and cold mu yichen would do such a thing in order to save her. she almost screamed out loud.

however, she didn't even dare to make a sound and could only force herself to hold it in.

this was because mu yichen had looked over at her during that very moment. he gave her a meaningful look.

the two of them had known each other for a long time and their minds were connected. she could tell at a glance that mu yichen meant for her not to make a sound and act rashly no matter what happened.

even though luo chenxi was not clear about mu yichen's plan, she understood that she must cooperate with him. she could not ruin his plan just because she was not calm enough.

otherwise, the risk that mu yichen had taken and the sacrifice that he had made today would have all been in vain!

luo chenxin turned around as well and took a glance at luo chenxi. the corners of her lips were raised ever so slightly. " how is it? young master mu? have you decided? don't tell me you're still worried about luo chenxi? this was really not worth it! if you try it with me, you'll realize that her plain porridge and side dishes have no taste at all."

1672 luo chenxin probably won't be able to live to see tonight

" women ... only those who have some experience are good ... "

luo chen said to himself as he walked toward mu yichen again.

luo chenxin's heart trembled when he looked at his handsome face and his cold and indifferent temperament.

even though she had been with so many men before, mu yichen was still the man that moved her heart the most and wanted to be with her the most!

in addition to his perfect and handsome face, his tall and strong figure also made luo chenxin drool.

he had broad shoulders, a narrow waist, and long legs. the shape and lines of his muscles were just right, and he was full of pure male hormones.

luo chen's legs felt weak even though he was just looking at him. he wished that he could be pressed under the man in front of him immediately ...

mu yichen frowned. his tone was as cold and emotionless as ever. " alright, i'll stay with you for a night. i'll agree to this condition. now, you can state your other conditions."

he had calmed down by now and knew that there was no need for him to be quick with his words at this time. the most important thing was to stabilize luo chen's heart.

whatever conditions you have, you should agree to them first.

anyway, what happened tonight ... luo chenxin would probably not live to see the night.

mu yichen was secretly calculating, but he did not expect luo chenxin to burst out laughing upon hearing his words.

“young master mu, you definitely won’t regret it. i’ll definitely let you enjoy ... the taste of heaven! come, then let’s ...”

luo chenxin swallowed a mouthful of saliva. she walked forward and touched mu yichen’s chest with her fingers. she moved her fingers slowly toward his collar and unbuttoned the top two buttons of his shirt.

the moment she touched mu yichen, he frowned abruptly while his body trembled ever so slightly.

“luo chenxin, what are you doing? didn’t you say it was tonight? there are so many people here now ...”

“so what if there are many people? it’s more exciting when there are more people, right?” luo chenxin covered her mouth and giggled. “it’s exciting enough to have so many people watching, especially ... luo chenxin. it’s definitely much better than playing behind closed doors!” young master mu, i’ll teach you how to play this trick today. maybe you’ll get addicted to it in the future ...”

upon hearing his words, luo chenxi’s body shuddered all of a sudden.

she did not expect luo chenxin to be so shameless!

in order to provoke her, luo chenxin had decided to do it with her husband in public in front of so many people ...

he didn’t even care about being seen by so many people?

however, it made sense. luo chenxin had stayed in the private brothels in country F before, so she probably did not take it seriously. the excited expression on her face was genuine!

mu yichen’s expression changed abruptly too. he almost could not keep up his act anymore.

he felt luo chenxin’s hand unbuttoning his shirt and touching the smooth skin on his chest. he clenched his fist hard to control his impulse to strangle luo chenxin.

luo chenxin smiled and said, ‘how is it? young master mu? have you considered it?’

mu yichen pursed his lips. “if you want to be here, i ... i can’t object to it. however, don’t say i didn’t warn you. i’m not interested in facing so many people ...”

“hehe, then ... you’re overthinking it.” luo chenxin smiled and said, ‘i’m still here, aren’t i? i’m not a boring woman like luo chenxi. i’ll ... i’ll definitely make you interested ...”

luo chenxin did not take mu yichen’s words seriously at all.

she was absolutely confident in her skills in that area!

1673 impossible, this is absolutely impossible!

the reason luo chenxin was able to come out of the private brothel controlled by the underground forces intact and not lose her life in a month like the others was all thanks to her extremely rich experience and excellent skills.

because of her outstanding skills and the fact that she was a rare oriental beauty, she quickly became famous in the private brothels and became a red card. many people came specifically for her.

therefore, in order to make money, the owner of the brothel did not torture her too much. he even gave her good food and clothing behind the tang family's back.

luo chenxin felt that her skills had become more outstanding after the baptism during this period of time. any man who had tried her means would definitely fall for her.

however, she did not expect that young masters from wealthy and influential families like mu yichen and cyril were so proud and arrogant that they thought she was dirty and refused to let her get close to them!

now that she finally had the chance to have a good time with mu yichen, she felt that she was almost certain that she could capture his heart.

luo chenxin glanced at luo chenxi provocatively before she reached out and groped mu yichen's body.

luo chenxi kept mu yichen's words in mind. she dared not make a sound, but her heart was already filled with anger and heartache.

seeing that luo chenxin's actions were getting more and more overboard, she could not stand it anymore. she could only close her eyes with a stiff expression.

however, although she had refused to watch the live broadcast, luo chenxin still refused to let her go. she kept making all kinds of sounds.

"mm ... young master mu, you're really too strong ... the lines of your muscles are perfect, and it feels so good to the touch ... mm ..."

boxn ov el. c o m

luo chenxi almost vomited blood upon hearing that.

luo chenxin was doing a live broadcast. he could imagine what she had done to mu yichen just by listening to her.

"young master mu, how is it? was it comfortable? i'm capable of more than this ... next, i'll let you experience true heaven. that little b \* tch luo chenxi definitely won't be willing to do all this for you ..."

luo chenxi had bitten her lips so hard that they were bleeding.

even with mu yichen's hint in his eyes, she felt that she could no longer hold her anger in ...

however, before she could do anything, luo chenxin's continuous moaning suddenly stopped.

the room suddenly became quiet, and there was a strange silence.

luo chenxi was stunned for a moment. she opened her eyes subconsciously and was stunned by the scene before her.

mu yichen's shirt had been completely unbuttoned by luo chenxin, revealing the smooth and perfect muscles on his chest and lower abdomen. even the belt of his suit pants had been unbuckled.

luo chenxin had taken off all her clothes and was kneeling in front of him.

it was supposed to be an extremely ambiguous position, but the expression on luo chenxin's face was so twisted that it was terrifying. her eyes were wide open as she looked at mu yichen's cold and handsome face in disbelief.

"you ... you ... how could you not have any reaction? how could you not have any reaction at all? impossible, this is absolutely impossible!"

luo chenxi was stunned for a moment before she finally understood the meaning of luo chenxin's words. her eyes widened in an instant and her gaze returned to the important part that she had been avoiding earlier.

mu yichen's back was straight as he stood in front of luo chenxin without any expression on his face. he did not even look at luo chenxin.

although his upper body was already very messy, his lower body was still very neat. he didn't look like he had been teased at all.

1674 he has already proven it with his actions

if she had to put it into words, it was similar to how she usually looked when she woke up in the morning and was too late to put on her clothes because she was disturbed by the little dumpling.

this ... was the result of luo chenxin's hard work and effort just now?

wasn't luo chenxin full of confidence just now and thought that mu yichen would be conquered by her methods?

luo chenxi felt like laughing. at the same time, she heaved a sigh of relief.

even though she knew very well that even if something were to happen between mu yichen and luo chenxin today, it would be for the sake of saving her. she had accidentally fallen into someone else's hands, so he had no choice but to make a sacrifice.

however, her heart stirred when she learned that mu yichen did not have any reaction toward any other woman.

at that moment, luo chenxin's desire had been replaced by anger.

in particular, she noticed luo chenxi's mocking gaze which filled her heart with resentment.

moreover, luo chenxi was not the only one present. there were so many bodyguards present as well. everyone had witnessed her shameless behavior earlier.

she also saw that mu yichen had no reaction to her at all!

she had just bragged about how good her skills were and how men were fascinated by her, but it was simply a joke.

boxn ov el. c o m

“no... impossible. how could you ... did you take any medicine before you came? or ... or you can't do it? i know, you definitely can't! that's right, it must be so, it must be you who can't do it!”

luo chenxin racked her brain and came up with the most reasonable explanation.

“the nation's husband, young master mu, can't even do that! no wonder you've found the little b \* tch luo chenxi. did you choose her because she promised to keep this secret for you? i wonder how much this news will sell for if it gets out?”

luo chenxin realized that she had discovered mu yichen's flaw. she could not help but mock him in an attempt to provoke him.

unexpectedly, mu yichen only glanced at her as if he was looking at an idiot. “i can't? then where did my daughter come from? i've already said that i'm not interested in a dirty woman like you! there's no use forcing me!”

“you ...!”

his words were like a heavy slap to luo chenxin's face!

this was far more lethal than cyril's words.

this was because mu yichen was not just saying it. he had already proven with his actions that he was not lying at all!

the look of disgust on his face was not fake at all.

knowing this, luo chenxin's psychological defense completely collapsed. her face became even more terrifying, and she roared with red eyes, “no, impossible! this wasn't right! i don't believe that such a thing could happen! that b \* tch, luo chenxi, must have cast a spell on you. you'll be back to normal once you've killed her!”

luo chenxin's mind was no longer clear. she took out a knife out of nowhere and pounced on luo chenxi. she was about to stab her.

this time, even cyril's expression changed.

“luo chenxin, what are you doing? are you crazy? i still have use for this woman!”

he extended his hand in time to block luo chenxin's attack and kicked her to the ground.

mu yichen's brows suddenly furrowed when he heard cyril's voice!

when he saw the man in black appear just now, he thought that he was just the leader of the bodyguards, a slightly more powerful mercenary, so he did not take it to heart.

however, when she heard the way he reprimanded luo chenxin ...

1675 trash, a bunch of trash!

this person was definitely not as simple as an ordinary bodyguard!

it sounded like his status on the ship was higher than Luo Chenxin's!

moreover, for some unknown reason, Mu Yichen had a vague feeling that he seemed to have heard the man in black's voice somewhere before ...

"you ..."

Mu Yichen opened his mouth and was about to speak.

Just then, a loud "boom" came from outside!

Following the sound, the yacht began to shake violently. Moreover, it was even more severe than the one before Mu Yichen uploaded the video.

Everyone in the cabin swayed left and right, almost falling to the ground.

He finally stabilized his body, but before he could even catch his breath, there was another "boom".

Then, another sound came.

In just a minute, three explosions were heard.

Furthermore, after the continuous shaking, the ship actually began to tilt slightly.

Cyril's face suddenly stiffened. He did not bother to hide his identity. He stood up from behind Luo Chenxin and scolded his men.

"What's going on? Why were there more mines? How did the Mu family's ship catch up?"

Cyril was not an ignorant woman like Luo Chenxin. Naturally, she would not think that she could rest easy just because Mu Yichen was on the ship and she had a hostage.

In fact, Cyril had forced the Mu family's ship to return immediately after holding three important hostages. At the same time, they changed their original route and sailed at full speed toward the waters of England.

He had also guessed that the Mu family had found them through satellite navigation, so he had turned off all wireless and satellite equipment. He had also asked the relevant departments of the family to cooperate with his operation and interfere with the navigation signal of the Hua Nation military.

After this series of arrangements, the results were still very remarkable.

At the very least, they had been sailing on the sea for nearly an hour now, but they had not seen the shadow of the Mu family's ship.

Cyril was already feeling a sense of relief when he saw that they would be entering Country Y's waters in another ten minutes or so. However, they were suddenly ambushed at this critical moment!

and it was such a violent attack!

“i ... i don't know, young master. we haven't seen any other ships approaching ...”

” trash! all of you are trash! ”

cyril's mind was in a mess.

they did not see any ships, but they were attacked by the mines. this could only mean that the mu family had obtained long-range mines with a longer range in such a short time. moreover, they had successfully completed the positioning despite the interference of the faires family!

what kind of strength was this? how was that possible?

also, why was the hua military so supportive of the mu family's actions? didn't they need approval from the military to send out such a high-class warship?

however, no matter how shocked he was, now was not the time to think about this.

cyril could clearly feel that the ship was shaking more and more violently ...

“send a few people to check the damage on the yacht and organize the crew to repair it. the rest of you ... stay here and watch them!”

cyril couldn't care about anything else, and he hurriedly left the cabin.

just as he was about to take his first step away, mu yichen suddenly took a step forward and charged toward luo chenxi once again. he lifted his long leg and sent two bodyguards flying with a kick.

luo chenxin was already scared out of her wits. she came back to her senses and screamed, ” damn it! stop him! “

1676 fu linchen is here to save her

the bodyguards also realized that something was not right. they rushed over in an attempt to stop mu yichen.

although cyril had left, he didn't take the bodyguards in the cabin with him. every bodyguard was equipped with a gun, and if they fired without any regard, the damage would be very shocking.

more than a dozen people swarmed forward and soon blocked off all of mu yichen's paths forward.

luo chenxin was slightly relieved when she saw that and said, ” “young master mu, you don't have to struggle like this. to tell you the truth, the bodyguards in this cabin are all the best. they're all experienced special forces soldiers. no matter how powerful you are, you're only one person. there's no way you can escape. besides ...”

before she could finish her sentence, she saw mu yichen stretching out his cuffed hands.

his left and right hands exerted force in opposite directions ...

with a “clang,” the handcuffs actually fell off his wrists.

mu yichen did not stop at all. he immediately exerted all his strength and punched the face of a bodyguard who was standing right in front of him.

“ah-yingluo! my eyes!”

the bodyguard fell to the ground with a scream.

mu yichen’s fighting capacity was elevated by a few levels after he regained the freedom of his hands. he knocked down a few bodyguards in succession with his punches and kicks.

boxn ov el. c o m

the bodyguards had remembered cyril’s instructions to not shoot unless absolutely necessary, so none of them had any guns in their hands. they thought that they would have no problem taking down the young master of a wealthy family with their numbers advantage.

now that he had suffered such a huge loss, it was too late to pull out his gun.

mu yichen had already made it to luo chenxi’s side. he punched the bodyguard behind her right away.

luo chenxi’s reaction was swift as well.

she was already prepared when mu yichen charged toward her. she seized the opportunity when the bodyguard let go of her hand to block mu yichen’s fist. she quickly picked up xiao tuanzi and dashed toward the cabin door.

she knew that this was mu yichen’s plan even without him saying anything. it was the only chance for their family of four to be saved!

luo chenxi hugged the little dumpling tightly and ran a few steps. she had already walked out of the cabin’s door.

at this moment ...

a “bang” sound was heard!

a gunshot was suddenly heard from the cabin!

luo chenxi felt a chill in her heart. she shuddered and turned her head around subconsciously.

mu yichen was surrounded by the bodyguards once again. moreover, there was a pool of blood not far away. there was no telling if it was mu yichen’s blood.

luo chenxi’s expression changed all of a sudden. she stopped walking as if her feet were filled with lead.

upon seeing that, mu yichen was so anxious that he roared loudly, “ luo chenxi, you ... you idiotic woman, why are you still in a daze? go to the third railing at the end of the yacht. fu linchen will pick you up personally. we’ve arranged this. go now, quickly!”

luo chenxi knew that it was too late if she did not run now. however, she could not even move an inch when she saw mu yichen being hit by the bodyguards one after another ...

mu yichen spared no effort to dodge the bodyguards' attacks. he held them back so that they could not chase after luo chenxi.

"damn stupid woman! are you trying to anger me to death! it's fine if you don't want to live, but have you asked tang tang? she's still so young, can you bear to let her accompany you?"

luo chenxi's chest tightened all of a sudden when she heard mu yichen mention the little dumpling.

she turned around and took another glance at mu yichen. she gritted her teeth and ran in the direction that mu yichen had pointed out with the little dumpling in her arms!
