

Sweetheart 291

Chapter 291: Young Madam Is Really Too Pitiful!

That night, Tan Yueru personally cooked a scrumptious dish of sweet and sour fish. Then, she brought it over and placed it in front of the little dumpling.

“Tang Tang, Grandma asked Sister Chen a while ago and heard that you like sweet and sour fish the most recently, isn’t that right? So, Grandma especially made it for you. Would you like to have a taste?”

The little dumpling looked at the sweet and sour fish and instantly thought of her Big Sister, filling her with sorrow once again.

“Wah... I don’t want sweet and sour fish, I want my Big Sister!”

Tan Yueru couldn’t believe her ears!

‘Our little dumpling is a little foodie, and she should be very easy to coax. No matter what kind of tantrum she throws, as long as she is coaxed with something delicious, her tears would turn into a smile.

‘But now, she’s actually even refusing food because of that woman?’

“Tang Tang, be a good girl now. We’ll go look for Big Sister later. You haven’t eaten all day, so have some fish to eat first, alright?”

Tan Yueru picked up a piece of fish meat from its stomach, removed the fish bones and brought it to the little dumpling’s mouth.

However, the little dumpling shook her little head with all her might.

Then, with a push from her little hand, she said, “No, Tang Tang won’t eat it!!”

When she threw out her little chubby hand, it just so happened to sweep the plate in Tan Yueru’s hand.

boxn ov el. c o m

“Bang!” A crisp sound was heard.

The plate fell to the ground and shattered into pieces.

Hearing this sound, the little dumpling was obviously scared silly and her eyes were wide open.

Although she was a pampered little princess, she had a good upbringing and had never broken anything in her entire life!

However, after being stunned for a few seconds, when she saw the sweet and sour fish on the ground, she immediately remembered something sad.

“Uwuuu. Tang Tang doesn’t want to eat sweet and sour fish. Tang Tang wants Big Sister!!”

...

After a while, the crying in the room finally stopped.

Tan Yueru walked out awkwardly.

She then ordered Sister Chen, who was standing at the door, "The floor is full of broken glass, go in and clean it up. Don't let Tang Tang touch it."

"Don't worry, Madam. I will clean it up," Sister Chen agreed immediately.

She hesitated for a while before saying, "Madam, is Little Miss still not willing to eat?"

Sister Chen was an old servant within the Mu Family who had helped Tan Yueru raise Mu Weiwei in the past.

Hence, Tan Yueru trusted her very much.

She sighed, "Sister Chen, what do you think is going on? It's fine if Yichen likes that woman, but Tang Tang has been abused by her so many times, so why does she still like her so much?"

Sister Chen said hesitantly, "About that... Madam, actually... I think that Young Madam has been treating Little Miss quite well..."

"Why do you say that too!" Tan Yueru glared at her. "You can't judge what a person is truly thinking by their face! I was also deceived by her when I just returned two days ago! Now that I've seen her true colors, I mustn't be soft-hearted again anymore!"

She looked back worriedly. "Hurry up and sweep it up. If Tang Tang wakes up, she might step on it accidentally."

After Tan Yueru left, Sister Chen took the broom and walked into the children's room.

On the big princess bed, the little dumpling was sleeping soundly with her eyes closed.

Sister Chen was afraid of disturbing the little angel, so she tidied up quietly and left.

As soon as she went out, she saw Butler Chen standing in the corridor.

She walked over and lowered her voice. "Old Chen, what do you think we should do about this? I really don't think Young Madam would do such a thing!"

"Keep your voice down!" Butler Chen hurriedly pulled her back. "Did you see what happened that day with your own eyes? How dare you say such nonsense!"

Sister Chen said, "I didn't see it, but there are no surveillance cameras that can prove that it was really Young Madam's doing?"

Butler Chen glared at her. "If it wasn't Young Madam, then wouldn't that mean that it was Miss Bai who did it? Which of these two can we afford to offend? It'd have been fine if we saw it with our own eyes, but fact is, neither of us saw it with our own eyes. Wouldn't you just be creating trouble for yourself with your empty words?"

Sister Chen sighed deeply, "You're right. I just feel that... Young Madam is really too pitiful! Now that Madam has chased her to the riverside garden's apartment, I don't know when she'll be back! Also, Little Miss is also so pitiful that my heart aches from hearing her cries..."

“Don’t worry, Eldest Young Master definitely has a way. So, we don’t need to worry too much.”

The two of them were only focused on whispering.

They did not notice that not far behind them, the door of the children’s room opened a crack and a small head had peeked out secretly.

Chapter 292: Big Sister!! Tang Tang Has Finally Found You!

‘Xi Xi, what’s going on between you and Young Master Mu? Are you two okay?’

Luo Chenxi was stunned when she suddenly received Fang Ziqian’s WeChat message.

‘You can’t be serious?’

‘What happened in the Mu Family’s villa has already reached her ears? That was fast! How could it be possible?’

‘Could it be that Bai Shixun was the one who spread it?’

Before she could reply, Fang Ziqian sent her a link.

‘Supermodel Bai Xinxin enters the villa of the number one wealthy family, the Mu Family. Then, she was seen secretly holding hands with Young Master Mu. Has the national husband’s suspected affair been exposed?’

Seeing this title, Luo Chenxi’s hand trembled as she clicked on it.

‘Recently, photos have been posted online of China’s number one supermodel, Bai Xinxin and national husband, Mu Yichen walking into the Mu Family’s villa hand in hand. Not long after, Young Master Mu’s parents also returned to the villa. Bai Xinxin seems to have received the approval of Chairman Mu and his wife, so the day of their marriage must be approaching.’

There was also a very blurry photo attached to the bottom. One look and one could tell that it was taken secretly from far away.

The two black figures in the photo were marked by paparazzis with red circles, labelling Mu Yichen and Bai Xinxin’s names on it.

The comments below immediately exploded.

boxn ov el. c o m

‘This isn’t true, this definitely isn’t true! What right does Bai Xinxin have to marry a national husband? Would Young Master Mu actually fancy her?’

‘What would you know, the commenter above me? Bai Xinxin is also a Young Miss from a wealthy family. She is compatible with Young Master Mu, alright? No wonder Bai Xinxin has been making mistakes on the runway recently. It turns out that her mind is no longer on her career and is now getting ready to get married! This news is most likely true!’

‘How is this possible? Are you seriously going to use such a blurry photo as evidence? How could you possibly tell that that’s Young Master Mu?!’

The comments quickly exceeded a million and was still being refreshed continuously.

At this time, the popularity of the national husband could be seen by all. It was really not something that the new male model, Chen Xiluo, could compare to.

Luo Chenxi stared at the photo.

She was very familiar with the Mu family's villa, but she was more familiar with Mu Yichen.

Although the photo was blurry, she still recognized it at a glance.

'This really is the entrance of the Mu Family's villa!

'Moreover, the person in the photo is really Mu Yichen!'

Luo Chenxi was so angry that her face turned red and she secretly gritted her teeth.

"What on Earth was Mu Yichen thinking? How could he actually be so close with Bai Xinxin! Outrageous!"

'However, I don't really believe that Mu Yichen would actually be together with Bai Xinxin.

'However, Bai Xinxin has already done such absurd things to the little dumpling, yet Mu Yichen was still able to stand so close to her and even allowed her to enter the Mu Family's villa!'

Thinking of this, Luo Chenxi wanted to scold this man to his face so badly!

'Men are all hypocritical and brainless!

'Their hearts would soften after the b*tch moans and cajoles for a while, wouldn't they?

'Did he even think of me... And the little dumpling?!'

Luo Chenxi was so angry that her hands trembled. She searched for Mu Yichen's phone number and wanted to call him to question him.

However, the moment before she pressed the call button, she calmed down again.

'Hold on... What right do I have to interrogate Young Master Mu though?'

At that moment, the doorbell suddenly rang.

Luo Chenxi put down her phone and frowned in confusion. "Strange, who would come here? I'm not expecting any express deliveries for the next two days."

Then, she walked to the door and opened it.

With a "Click", the little dumpling, who was wearing a pink princess dress, suddenly pounced on the security door and shouted in an extremely excited voice, "Big Sister! Big Sister! Tang Tang has finally found you!"

Luo Chenxi widened her eyes in shock.

"Y... Y... You... Tang Tang?! How did you get here?"

Chapter 293: It's Wrong To Run Away From Home

Luo Chenxi quickly opened the security door to let the little dumpling in.

The little dumpling immediately pounced on her and hugged her thigh.

“Big Sister, Tang Tang has missed you so much!”

Luo Chenxi bent down and picked her up. “Big Sister missed you too! But, how exactly did you get here?”

The little dumpling hugged her neck and rubbed her face onto Luo Chenxi's.

Luo Chenxi asked a few times before she reached out her chubby hand and pointed behind her. “Auntie Chen brought Tang Tang here!”

Luo Chenxi turned around and only then did she notice Sister Chen who was standing at the stairs.

She said in surprise, “Sister Chen, thank you for sending Tang Tang over.”

Sister Chen walked over and said quickly, “Young Madam, Little Miss really misses you very much! For the past few days when you weren't at home, she's been crying every day and hasn't eaten at all. Our hearts ached so much!”

“What?!”

Luo Chenxi looked down at the little dumpling and found that her chubby little face had indeed slimmed down a little and her eyes were a little swollen.

She was much more haggard than usual.

boxn ov el. c o m

Sister Chen said again, “Young Madam, you have no idea how frightened I was today! I went out to buy groceries and actually saw Little Miss by the roadside! “I hurriedly went over to ask and only then did I realize that Little Miss actually slipped out of the kindergarten and wanted to look for you at Riverside Garden! It would normally take an adult half an hour to walk from Silver Shine Kindergarten to this place...”

Luo Chenxi's heart clenched.

She was angry, anxious and somewhat glad.

‘Fortunately, the little dumpling bumped into Sister Chen on the way here. Otherwise, I can't even begin to imagine how such a tiny little dumpling would have been able to find me.

‘If she bumped into a bad person on her way... I would never be able to forgive myself!’

Luo Chenxi thanked Sister Chen and sent her off, while the little dumpling stuck to her the whole time.

“Big Sister, kiss... Big Sister, hug...”

Luo Chenxi's heart was about to melt.

It took her a lot of effort before she was finally able to force herself to put on a serious expression.

“Tang Tang, listen to what Big Sister has to say first.”

“What does Big Sister want to say?” The little dumpling bit a finger and tilted her head.

Luo Chenxi was almost led astray again.

She quickly coughed twice, “Ahem, Tang Tang, Big Sister told you that it’s wrong to run away from home. You’re still young, so you can’t run away alone without an adult. Do you know how dangerous it is for you to do this?”

The little dumpling pouted and lowered his head, “But, Tang Tang misses Big Sister... Grandma is bad! She won’t let Tang Tang look for Big Sister!”

Luo Chenxi looked at her pitiful appearance and couldn’t bear to scold her.

‘However, safety is still very important.

‘There are many bad people outside.

‘Plus, the little dumpling is also the daughter of the Mu family.

‘Even if she had a bunch of bodyguards by her side, it would be inevitable that someone would want to kidnap her.

‘Yet, she actually dared to run around outside alone...’

She tried her best to keep a straight face. “Whatever it is, you are forbidden from running out alone from now on. Even if Grandma won’t let you come and see me, you could wait for your Daddy to come back from his business trip. You must have an adult accompanying you! Do you understand?”

She looked at the little dumpling expectantly.

However, the little dumpling suddenly burst into tears.

“Wah... Wah... Big Sister doesn’t want Tang Tang anymore! Big sister really doesn’t want Tang Tang anymore! Uwuuu...”

Luo Chenxi didn’t expect the little dumpling to suddenly burst into tears, hence she immediately panicked.

She hurriedly hugged her and coaxed, “Tang Tang, be a good girl now, Don’t cry! Big Sister hasn’t abandoned you!”

Even Luo Chenxi herself was a little stunned.

‘I’ve only said a few words of reason to the little dumpling, I wasn’t too fierce now, was I?

‘The little dumpling is usually very bold and brave. In fact, she even dared to kick her father!

‘Yet, why is she now crying like this?’

However, the little dumpling cried so sadly that she even burped.

“Uwuuu, don’t leave Tang Tang, Big Sister. Tang Tang is a good girl...”

Over the past few days, the little dumpling had been worried that her Big Sister didn’t want her anymore.

It took her a lot of effort to finally arrive at that apartment. Yet, she was scolded by Luo Chenxi instead and even told her not to look for her on her own.

Naturally, the little dumpling had misunderstood Luo Chenxi’s reprimand.

Chapter 294: The Mother And Daughter Queuing Up Over There Are So Beautiful!

“Big Sister really isn’t abandoning you! I really like Tang Tang the most!”

Luo Chenxi coaxed her for a long time.

Finally, she remembered something.

“By the way, Big Sister made a new dress for you!”

Luo Chenxi then carried her to the studio and took out a new set of clothes from the cabinet.

It was a bright red princess dress, but the sleeves, collar and chest area were sewn with white rabbit fur. There was also a red hat and a white fluffy ball hung behind the hat.

“Wow... !”

The little dumpling saw the new clothes and finally burst into laughter.

Luo Chenxi smiled and said, “What do you think? Big Sister didn’t lie to you now, did I? I’ve been thinking about Tang Tang all this time! Come, Big Sister will help you change into it.”

Not long after, the little dumpling transformed into a freshly baked little red riding hood.

Luo Chenxi even tied two braided braids for her.

The little dumpling had always been a girl who liked to look pretty. After putting on the new clothes, she stopped crying and stood in front of the mirror to look at herself.

It was only then did Luo Chenxi feel relieved. Hence, she turned around and went to the kitchen to look for food.

Unfortunately, since she was usually alone at home, she would normally eat very simply. Hence, there wasn’t much food in the fridge.

In the end, she only found a box of strawberry yogurt.

‘The little dumpling has been starving for two days, so eating yogurt alone won’t be enough. At best, it would only be enough to stave off her hunger temporarily.’

While she was drinking the yogurt, Luo Chenxi called the teachers at Silver Shine Kindergarten to apply for a leave of absence.

Since Luo Chenxi would usually send the little dumpling to school every day, the teachers all thought that she was the little dumpling's mother, so they quickly granted her leave.

Luo Chenxi heaved a sigh of relief.

'Fortunately, the news of the little dumpling's disappearance hasn't reached the Mu Family yet.

'Now that I've applied for a leave of absence, I could take the little dumpling out to play for a day without the elders at the Mu family knowing.'

Hence, Luo Chenxi brought the little dumpling out the door as she held her hand and took the little dumpling to K's fast food restaurant downstairs for a meal.

It was the little dumpling's first time at a fast food restaurant, so she was extremely curious about it and looked around everywhere.

There were many parents in the restaurant who brought their children there to eat.

When they saw Luo Chenxi and the little dumpling, they were amazed.

"Wow, the mother and daughter in line over there are really beautiful!"

"Yes, the child is so... So cute. The little red riding hood dress she has on is so pretty too. I wonder where she bought it from?"

"Her Mommy is also a great beauty. They look so much alike that they seem like an actual pair of mother and daughter!"

"The child just kissed her mother... Oh, how cute! Having a daughter is still the best, why did I end up with a little brat instead?"

The little dumpling wasn't afraid or nervous when she was surrounded by people. In fact, she even smiled sweetly at the people around her as she received countless praises.

Luo Chenxi hugged her and asked, "Tang Tang, what do you want to eat?"

The little dumpling stretched out her chubby hand and pointed. "That bear!"

Luo Chenxi saw that the little dumpling, like most children, had her eyes on the children's meal... It came with a Rilakkuma toy.

She smiled for a moment and was just about to order when at that very moment, a little boy ran over.

He took a Rilakkuma toy and stuffed it into the little dumpling's arms.

Luo Chenxi and the little dumpling looked at him in surprise.

The little boy's face turned red. "This is for you, pretty little sister!"

The little dumpling then replied. "Thank You, Brother!"

The little boy's face turned even redder as he turned around and ran away.

Luo Chenxi's mouth was wide open.

'My little dumpling has such a bright future. Someone has even given her a present!'

However, before Luo Chenxi could say anything, another little boy ran over.

"Little sister, I'll give you mine too!"

"Mine too!"

"Pretty little sister, look here. Mine is a limited edition! I only got it after eating more than ten sets!"

Not long after, the little dumpling's arms were stuffed with Rilakkumas.

There were a total of eight different types of dolls in the children's set, where one of them would be given at random.

However, the little dumpling had already managed to collect all eight of them before she even ordered her food.

Chapter 295: You Actually Sent Someone To Follow Me!

Luo Chenxi couldn't help but raise her hand and pinched the little dumpling's face.

"Your Brother Shaoxuan is not going to be happy when he finds out that so many little brothers have just given you bears."

The little dumpling blinked her big eyes and looked puzzled.

"Why? Tang Tang can share the bears with Brother Shaoxuan! I'll give him the biggest one!"

Luo Chenxi laughed, "Tang Tang is such a good girl, you're so generous."

'I'm suddenly feeling a little pity for my son-in-law...

'I don't think Bao Shaoxuan would like the bears that other little brothers have given to the little dumpling.'

However, she didn't say much and turned around to order.

Since she already had the bear, there was no need to order the children's meal for the little dumpling anymore.

After Luo Chenxi ordered a chicken drumstick and hamburger, she ordered a few vegetable salads.

The little dumpling hopped and followed behind her.

The two of them went up to the second floor and found a corner to eat their food.

boxnovel.com

The little dumpling grabbed the fried chicken drumstick and ate happily.

'These kinds of fried food isn't very healthy, so the chefs of the Mu Family would not cook this kind of food.'

'However, I think that it isn't a big issue to eat this occasionally. What's important is that the little dumpling is happy.'

While the little dumpling ate, she did not forget to bring a piece of chicken wings to Luo Chenxi's mouth.

"Big Sister, this chicken wing is really good!"

Luo Chenxi took the chicken wings with a smile. Then, she picked up a napkin and wiped the grease stains on the little dumpling's mouth.

"Tang Tang, after you've finished eating, is there any place you want to go?"

The little dumpling tilted her head and thought for a moment and her eyes suddenly lit up.

"I want to go to the amusement park. I want to sit on that very, very big wheel! Daddy said that there are too many people and refused to take me there!"

Luo Chenxi was stunned for a moment before she reacted, "You want to sit on the Ferris Wheel?"

"What... Wheel?"

Luo Chenxi smiled, "Yes, it's the one with the very, very big wheel! In that case, let's go on the Ferris Wheel in the afternoon! If you eat faster, we can go to the amusement park to play a little longer."

"Wow, Big Sister is the best. I love Big Sister the most!"

The little dumpling cheered and left a greasy kiss on Luo Chenxi's face.

Luo Chenxi was not hungry, but seeing the little dumpling eat so happily, she could not help but eat two chicken wings.

When she was almost done eating, she wiped the little dumpling's hands, packed her things and prepared to leave.

At that moment, a series of footsteps sounded.

The footsteps stopped when they arrived beside them.

"Well well, Luo Chenxin, you b*tch! You actually kidnapped Tang Tang!"

Luo Chenxi turned her head in surprise.

Bai Xinxin stood in front of her, wearing a pair of sunglasses.

"Why are you here?"

Bai Xinxin did not answer her question. Instead, she sneered and raised her chin high.

"Ha, I knew it. A woman like you can't stand loneliness. Even if you're chased out of the Mu Family, you'll still continue to commit heinous acts! My guess was right!"

Luo Chenxi looked at the smug smile on her face.

Suddenly, she understood.

“Bai Xinxin, you actually sent someone to follow me! What do you want?”

“What do I want? I should be the one to ask you what you want, isn’t that right, kidnapper? You knew Auntie Mu and Uncle Mu would not allow you to come close to Tang Tang, yet you still kidnapped her. What exactly are you thinking?!”

Hearing this, Luo Chenxi recalled what happened a week ago, and her face immediately darkened.

“Bai Xinxin, it was clearly you who did that to Tang Tang that day...”

Halfway through her sentence, she suddenly remembered that the little dumpling was beside her.

When she lowered her head, she indeed saw the little dumpling staring at her with her eyes widened with a worried expression.

Luo Chenxi took a deep breath and forcefully suppressed her anger.

“Tang Tang, can you go over there and play on the slide with the other children?”

Chapter 296: It Will Be Too Late If We Don’t Run Now!

There was a mini children’s playground on the second floor of K’s.

Many parents would let their children play there when they were eating.

The little dumpling had already looked over there a few times, but Luo Chenxi was afraid that she would be bumped by someone, so she didn’t let the little dumpling go over.

Now, she was afraid that Bai Xinxin would say something that shouldn’t be said, which would agitate the little dumpling.

Hence, she had no choice but to let her go there and play.

The little dumpling happily ran toward the slide.

When such a cute little angel came into the crowd, the children were especially friendly to her.

Some of the little boys even took the initiative to let her go up the slide first.

Luo Chenxi was a little relieved.

“Luo Chenxin, what’s there to be proud of? So what if Tang Tang listens to you! Everyone in the Mu Family hates you!”

Bai Xinxin was so jealous that her stomach churned.

‘Why is the little dumpling clinging so close to her?’

boxn ov el. c o m

‘Why is she being so obedient in front of this vixen?’

Luo Chenxi frowned and turned around. “Bai Xinxin, what do you want? We all know the truth that day, so stop acting in front of me!”

Bai Xinxin gritted her teeth. "What do I want? I want you to divorce Brother Mu! You're not worthy of Brother Mu at all!"

Luo Chenxi was not angry when she heard that. Instead, she laughed.

"Bai Xinxin, you've finally spoken your mind. Aren't you tired of acting like a perfect little girl every day? You've been holding back for a long time, haven't you?"

Bai Xinxin did not expect her to have such a reaction, hence her own expression became even uglier.

"How could you still laugh? Auntie Mu and Uncle Mu have already said that they will definitely make sure that Brother Mu divorces you this time! Just you wait and see!"

Luo Chenxi did not think much of it. "I don't think that my husband is a mummy's boy. If he wants a divorce, he will come and tell me himself. If he doesn't want a divorce, it won't matter whatever Madam Mu says. So, it's useless for you to follow me!"

Bai Xinxin said angrily, "Didn't you read today's Entertainment News?"

"Entertainment News?"

Luo Chenxi thought of the gossip she had read earlier in the morning and was instantly a little unhappy.

However, her face was still as calm as ever. "Bai Xinxin, do you think I'm an idiot? Did you purposely find someone to pose for that photo? Mu Yichen hates being in the entertainment section the most. Aren't you afraid that he'll find out that you've used him to create hype for yourself? Do you think he won't be angry?"

Seeing that it was getting late, Luo Chenxi also lost her patience.

"Have you said enough? I've still got to take Tang Tang out to play, so I don't have time to waste on you. If you don't leave now, don't blame me for laying a hand on you!"

Bai Xinxin had been beaten up by her that day.

Hence, when she heard the word "lay a hand", she still had a lingering fear in her heart.

However, she still braced herself and refused to leave.

On that day, she found out from the private detective that the little dumpling had sneaked out to look for her mother, so she immediately told the two elders of the Mu Family about this news.

Then, she deliberately went to K's to stall Luo Chenxi so that the two elders of the Mu Family could catch her red-handed.

She believed that Tan Yueru would definitely chase Luo Chenxi away after this feat!

Now that she was about to achieve her goal, it was only obvious that Bai Xinxin would be reluctant to leave.

Luo Chenxi's eyes turned cold. "Bai Xinxin..."

At this moment..

Boom!

A loud sound suddenly exploded in everyone's ears.

The ground shook violently, causing many people to fall to the ground on the spot.

The bowls, chopsticks and plates on the table were all overturned, making cracking sounds.

Thick smoke surged in from the east window and the scene was instantly turned into chaos.

"This is bad! This is bad! The kitchen on the first floor has exploded and caught fire! Everyone, run!"

"The fire's spreading so fast!"

"Run, quickly! It will be too late if we don't run now!"

Luo Chenxi and Bai Xinxin were not spared either. They fell down during the quake just now.

Hearing the screams, the two of them suddenly came back to their senses and their faces were full of horror.

Bai Xinxin scrambled to her feet and turned around to run out.

She ran for her life in the direction of the crowd.

On the other hand, all Luo Chenxi thought of at the time was...

"Tang Tang!"

Chapter 297: No, I Can't Pass Out! I Need To Get The Little Dumpling To Safety!

Luo Chenxi quickly turned around and pounced towards the children's playground.

The small area was already in a mess at the time and the children who fell to the ground were crying loudly.

Furthermore, there were many parents running over there.

When Luo Chenxi was talking to Bai Xinxin just now, she had been paying attention to the little dumpling's movements from the corner of her eye.

Therefore, she was able to find her at a glance at that very moment.

A swing had just so happened to have fallen beside the little dumpling, squishing the little dumpling's leg.

The little dumpling cried out in pain and tried to climb out, but she was too weak and could not push the swing away.

Hence, Luo Chenxi rushed over and held the bottom of the swing to push it out.

However, the bottom was quite heavy. Even though Luo Chenxi was stronger than an ordinary girl, it was still very difficult for her to push it away.

But at that moment, for some reason, she suddenly became extremely strong and pushed the swing to the side.

Luo Chenxi took off her coat and covered the little dumpling's head. Then, she picked her up and ran outside.

Her movements were already very fast, almost able to escape with just one breath.

boxn ov el. c o m

However, she was still delayed by two minutes, which was considered to be critical time wasted in the midst of escaping from a fire.

Luo Chenxi tried her best to recall the precautions for escaping from the fire. Then, she ran quickly towards the stairs.

However, at that moment, the fire on the first floor was already very strong as pitch-black smoke kept surging upwards.

When Luo Chenxi reached the stairs, she felt a wave of heat coming towards her. Her nose was choked and she could hardly breathe.

She stopped and struggled in her heart.

'If I were alone, I would definitely choose to jump down from the second floor.

'But now, I've got the little dumpling in my arm...

'If I don't jump well, this little child could very well fall to her death!'

She quickly made a decision and wrapped the little dumpling tightly. Then, she bent down and rushed to the first floor.

The first floor was already filled with thick smoke, so Luo Chenxi could only bend down and carry the little dumpling as low as possible to prevent her from inhaling too much of the poisonous gas.

However, by doing so, Luo Chenxi could no longer take into account her own safety.

After inhaling several mouthfuls of smoke, Luo Chenxi felt dizzy and she no longer seemed to be in control of her own body.

At that moment, the little dumpling's crying came from her arms.

"Big Sister... cough cough... Uwuuu..."

Luo Chenxi bit her tongue hard. The pain and the smell of blood made her sober up a little.

'No, I can't pass out! I need to get the little dumpling to safety!'

"Tang Tang, be a good girl now. Don't talk... Don't talk..."

She covered the little dumpling's mouth and groped her way forward.

Finally, she came to a window which had been broken.

However, the window wasn't big and the edges were all sharp broken glass, making it look very dangerous.

Luo Chenxi looked down at the little dumpling.

The little dumpling's crying was already very weak, and her little head was drooping.

Her dying appearance made Luo Chenxi's heart tighten.

She made a prompt decision and wrapped the little dumpling tightly with her coat.

Then, she threw the little dumpling out from the middle of the window.

The window was one meter high from the ground and below it was grass. In addition, the little dumpling was wrapped in clothes, so she shouldn't suffer too serious of an injury. At least, it wouldn't be worse than choking to death in the thick smoke.

Hence, the little dumpling rolled a few times on the grass field and stopped.

Luo Chenxi jumped up immediately and prepared to get out of the window at the risk of being cut by broken glass.

However, at this moment, with a "Clang", a ball of metal wrapped in fire smashed onto the window frame.

The window frame was smashed flat, and the surroundings also burned up.

The hope of escaping from that exit was destroyed.

Luo Chenxi looked around, trying to find another exit. However, all she could see was thick smoke, completely preventing her from seeing her surroundings clearly.

At the same time, her consciousness became increasingly blurry.

Finally, her body swayed and she fell to the ground.

Chapter 298: Xinxin, It's All Thanks To You This Time!

On the lawn outside K's, Bai Xinxin limped out with lingering fear.

Her first reaction was to run for her life.

However, there were too many people with the same thoughts as her, causing the safe passage to be filled with people.

They pushed and shoved each other and there was even a stampede.

Her foot was also sprained and a large part of it was swollen. Plus, her face and body were covered in black smoke and dust.

Fortunately, she had managed to escape in time!

It was only then that Bai Xinxin remembered Luo Chenxi and the little dumpling, who had been left behind by her.

She turned around to look, but she did not see them among the people who had run out.

“Oh no! It’d be good if that b*tch, Luo Chenxin is dead, but Tang Tang is the little princess of the Mu Family. What if... How am I going to explain this to Auntie Mu and the others?”

Bai Xinxin suddenly thought of something.

Her tightly knitted brows relaxed again and there was a hint of excitement in her eyes.

“This might actually turn out to be an opportunity...”

‘Although Tang Tang is a girl, she’s also one of the heirs of the Mu Family.

‘So, if I marry into the Mu Family in the future, she would become a hindrance.

‘If she... It might actually be a good thing.

‘After all, the fire was purely an accident and had nothing to do with me.’

Just as Bai Xinxin thought of this, she suddenly saw something being thrown out of the window and rolling on the ground.

Her pupils suddenly contracted.

The clothes on the outside looked familiar to her. It was the one Luo Chenxi was wearing today.

Because of the novelty and beauty of the style, she took a few more glances and had a deep impression of it.

‘Since that woman’s clothes were thrown out, then inside it would be...

‘Could it be...

‘Should I pretend that I didn’t see it?’

Then, sirens rang out from afar, signalling that the fire trucks had finally arrived.

Plus, behind it was a long line of sedans.

Bai Xinxin recognized the Mu Family’s car at a glance.

She jumped up abruptly, dragged her swollen and painful ankle to pounce on the ball of cloth that was on the grass. After that, she picked it up.

She opened the clothes wrapped outside, and inside, it was indeed the little dumpling who was on the verge of death!

“What’s happened? Why was there a fire all of a sudden? Did you save her? Tang Tang, Tang Tang, where are you!”

Tan Yueru and Mu Yunfeng jumped out of the car and rushed to the scene of the fire.

They heard the news from Bai Xinxin that Luo Chenxi had rushed here with the little dumpling to K’s.

However, before they reached the place, they heard the sirens blaring and their hearts almost stopped beating.

Bai Xinxin sat on the ground and shouted, "Auntie... Auntie Mu, Uncle Mu! You... You're finally here!"

The two elders rushed over.

Tan Yueru noticed the little dumpling in her arms and let out a long sigh of relief.

"Xinxin, you... You managed to escape! How's Tang Tang? How's she? Let me take a look!"

Bai Xinxin had a guilty look on her face. "Auntie Mu, I'm really sorry! I couldn't protect Tang Tang well. She seems to have fainted and it's all my fault. I twisted my ankle and couldn't run fast enough, that's why Tang Tang got hurt."

Tan Yueru hugged the little dumpling tightly. "How did this happen? Tang Tang, how are you? Yunfeng, call an ambulance!"

Mu Yunfeng quickly comforted her. "I saw a lot of people calling. The ambulance will definitely arrive soon. Don't worry."

Tan Yueru was sweating profusely.

Mu Yunfeng said, "Xinxin, it's all thanks to you this time. Otherwise, who knows what would have happened to Tang Tang!"

Tan Yueru also said, "Thank you so much, Xinxin!"

The gratitude of the two elders came from the bottom of their hearts.

'Tang Tang is our entire family's treasure. If something happens to her, we would definitely not be able to bear it!'

Chapter 299: All Of This... Could Only Be Blamed On That Woman's Bad Luck

Bai Xinxin lowered her head to hide the guilty look in her eyes.

"Auntie Mu, I've only done what I should've."

'Thank goodness I chose to pick up the little dumpling at the very last minute...'

Tan Yueru hugged the little dumpling and coaxed her for a long time. Suddenly, she thought of something and frowned.

"By the way, didn't you say that Luo Chenxin brought Tang Tang here? Where is she?"

Bai Xinxin bit her lips and said in a low voice, "I... I don't know either. When the fire broke out just now, it was too chaotic and she ran away in an instant. I don't know where she is now..."

Tan Yueru was furious when she heard this.

"How can there be such a heartless woman in this world! How can she not care about her own daughter and chose to run for her life!"

Bai Xinxin deliberately said, "Auntie Mu, you... You mustn't put it that way. Sister-in-law might have been too anxious. After all, it's rare to encounter a fire, so it's only normal to be afraid..."

"Isn't this your first time encountering a fire as well? How could you still have remembered to save Tang Tang? What about her biological mother? There's no sign of her now, so I think she's long gone! My poor Tang Tang, how could she have such a mother!"

Tan Yueru hugged the little dumpling as her heart ached.

Bai Xinxin's heart was pounding.

'The little dumpling was obviously thrown out.

'However, that woman hasn't appeared. So, there's a 99% chance that she's still trapped in there, it's likely that she's lost her life already.

'If I were to tell them this, Madam Mu and the others will definitely give up on the idea of wanting to save her.

'The fire's so big that after these few minutes have passed, it's definite that anyone left in there would be dead...'

As Bai Xinxin thought about how the position of the Young Madam of the Mu Family would become vacant again, she was both excited and nervous.

'This is the first time I've done such a thing...

'However, even if that woman dies, it's not my fault. I wasn't the one who lit the fire.

'All of this... Could only be blamed on that woman's bad luck!'

Then, Bai Xinxin gradually calmed down.

Tan Yueru held the little dumpling in her arms and paced back and forth anxiously. "My goodness, why is the ambulance so slow? ! I'm really worried to death! If it doesn't come soon, we'll send the little dumpling to the hospital ourselves!"

However, the ambulance still did not come, but a black sports car came whistling from afar.

The car door then opened and Mu Yichen, who was travel-worn, hurriedly got out of the car.

His usually cold and calm face showed a rare expression of fear and panic.

"Dad, Mom! What happened? Why did this place suddenly catch fire? Where's Tang Tang? Where's Chenxin?"

Mu Yichen's mind was buzzing.

He had just gotten off the plane when he received a call from Tan Yueru saying that Luo Chenxi had kidnapped Tang Tang.

He was afraid that the both of them would clash, so he rushed over to the scene.

However, he did not expect to see the scene before him that almost suffocated him!

Tan Yueru rushed over and showed him with the little dumpling in her arms. "Yichen, you're finally here! Tang Tang has been rescued, but she's fainted. My goodness, where's the ambulance? What should we do now?"

Mu Yichen saw Tang Tang's weak and motionless look and his heart ached. "How could this have happened?"

Mu Yunfeng quickly said, "Yichen, don't worry. Tang Tang's life shouldn't be in danger. This time, you have to thank Xinxin. If it weren't for her..."

Before he could finish his words, Mu Yichen interrupted him.

"Where's my wife? Where is she?"

Mu Yichen looked around and did not see Luo Chenxi. Instantly, his heart paced.

An ominous feeling rose from the bottom of his heart.

Tan Yueru said angrily, "How're you still calling that woman your wife? She didn't even think of herself as Tang Tang's mother! In fact, she ran away after the fire started!"

Chapter 300: My Woman Must Not Die!

When Mu Yichen heard this, he immediately frowned.

"That's impossible! Did you see her come out?"

Tan Yueru choked for a moment, "I... I haven't. But, Xinxin saw it with her own eyes that she ran away as soon as the fire broke out. Although Xinxin twisted her ankle, She still carried Tang Tang with her and was able to escape. So, if Xinxin was able to escape, That woman must've also escaped long ago. She probably felt guilty when she saw us and is now in hiding since she doesn't have the guts to come here and meet us!"

The more she spoke, the angrier she got.

Mu Yichen's face darkened. His eyes were filled with anger, as if a storm was brewing.

Bai Xinxin saw this and a smug smile appeared at the corner of her mouth.

'This time... That woman is completely done for!

'Even if she dies, in Brother Mu's heart, she would always be a cowardly and shameless woman!'

However, who knew that Mu Yichen would suddenly turn to Bai Xinxin and coldly muttered, "Bai Xinxin, you saw her with your own eyes?"

Bai Xinxin secretly shivered when she was swept by his cold and stern gaze.

She recalled the scene where she was almost strangled to death by him at the Mu Family's villa that day.

She was a little apprehensive, but she still braced herself and said, "I... I only saw her run away. I really don't know... Where she went..."

Due to her guilty conscience, she twisted her prior statement a little.

Mu Yichen stared at her for a while and then spoke again, changing the topic.

“Then, how did you save Tang Tang?”

Bai Xinxin heaved a sigh of relief when she heard that he had stopped worrying about Luo Chenxi’s whereabouts.

She quickly said, “Well... I just kept running with Tang Tang in my arms... I was too nervous at that time. I didn’t think about anything else and just wanted to run out as soon as possible...”

“Which door did you come out from?”

Hearing that, Bai Xinxin subconsciously glanced at the window where little dumpling came out from.

“We... We came out from the main door, which we had left just in time before the door had collapsed.”

Mu Yichen sneered, “I see.”

Tan Yueru glared at him, “What do you think? Have you heard what Xinxin said? That woman is... Yichen, what are you trying to do?!”

Her eyes widened in shock.

Mu Yichen suddenly turned around.

He picked up a bucket of cold water from the fire truck and poured it over his head.

With a splash, his entire body was drenched.

Mu Yunfeng guessed what his son wanted to do and immediately became anxious.

“Yichen, what are you doing? Come back here this instant! It’s dangerous over there, you mustn’t go there!”

However, Mu Yichen did not even turn his head. He covered his head with his drenched jacket and rushed towards the fire.

The main entrance of K’s was smashed by the falling beams.

The firemen had spent a lot of effort just to remove the obstacles blocking the door.

The temperature of the fire was too high and the smoke was too thick. Hence, the firemen did not dare to go in immediately and were making their final preparations.

Suddenly, a figure ran past them and rushed towards the fire.

The firemen were shocked and quickly went to stop him.

“Don’t go in, you mustn’t go in there right now! It’s dangerous inside!”

“Please don’t be anxious, we are organizing a search and rescue operation, please don’t be hasty!”

“Come back right now!”

However, Mu Yichen completely ignored these warnings.

At that moment, he could no longer hear any sound. He could not even feel the hot air currents that were rolling over.

There was only one thought in his mind. ‘My woman mustn’t die!

‘I must find her!’

After rushing into the fire, Mu Yichen immediately turned to the right.

He had wasted a few seconds just now and deliberately talked to Bai Xinxin a few more times because he had guessed that she knew where Luo Chenxi was.

As expected, Bai Xinxin’s eyes betrayed her.

Hence, Mu Yichen immediately rushed inside.

Amidst the thick smoke, he saw a familiar figure.
