## Chapter 301: Wake Up, You Stupid Woman! Wake Up!

The slender figure laid on the ground, motionless, causing Mu Yichen to be extremely frightened.

Then, he rushed over and helped the little woman up from the ground.

“Wake up, you stupid woman! Wake up!”

Luo Chenxi’s eyelashes trembled slightly. Her eyes rolled as if she saw him.

However, she opened her mouth but could not make any sound.

After that, Mu Yichen picked her up and rushed out of the door.

At that moment, the temperature in the room was getting even higher. The bucket of water that he had doused over himself when he entered the building had long but evaporated.

Therefore, every step he took felt like he was being roasted over a fire.

In fact, even his trousers had been splashed by sparks and were burning up.

However, Mu Yichen did not seem to be able to feel it at all. Instead, he firmly held onto the woman in his arms and ran forwards with all his might.

In hindsight, he was about to reach the door.

Suddenly, a wave of heat swept over and a burnt brick smashed down from the roof and hit Mu Yichen’s shoulder.

The impact was so strong that he was directly knocked to the ground.

What made it all worse was that the clothes on his back began to burn as well.

Looking at the pale woman in his arms, Mu Yichen gritted his teeth and stood up. Using his last bit of strength, he rushed to the door again.

Fortunately, the firemen entered just in time and picked them up.

...

On the lawn, Tan Yueru and the others were waiting anxiously.

The ambulance had arrived and the little dumpling was also picked up by the doctor.

However, they did not dare to leave at all as everyone’s hearts were stuck in their throats.

“Oh God, Oh Buddha, please protect Yichen and make sure nothing happens to him! Why is he so impulsive! I’ve already said that the woman has already run away, yet he still rushed in. What is wrong with him!”

Tan Yueru was so anxious that she was about to cry.

No matter how Mu Yunfeng tried to coax her, it was useless.

In fact, he was also extremely anxious and was on the verge of breaking down.

At that moment, a figure rushed out from the K's main entrance.

Hence, the two elders rushed over to welcome them.

When they saw that it was really Mu Yichen, they heaved a breath and felt that their entire bodies were exhausted.

"Yichen, you're finally out. You really scared us to death just now! My goodness, why are you so..." said Tan Yueru as she tugged on his sleeve anxiously.

However, halfway through her words, she saw Luo Chenxi in his arms and could not help but be stunned.

"What..."

Mu Yichen's face was as dark as water. "Mom, I'll explain later. For now, get out of the way! She's in critical condition, so I have to send her to the hospital urgently!"

Hence, Tan Yueru subconsciously took two steps back.

Mu Yichen immediately brushed past her, carried Luo Chenxi and got into the ambulance.

Tan Yueru's eyes widened as she watched the two of them leave. She was still in a daze.

"Wait, that's not right! W... Was that Luo Chenxin he was carrying? But, didn't she escape already?"

Mu Yunfeng frowned as well. "That's strange. Xinxin, didn't you say..."

However, Bai Xinxin was also stunned when she saw Luo Chenxi.

'I thought that this woman was dead for sure, that's why I dared to make up such a lie.

'The little dumpling is young and frightened, so even if she told the truth, few people would believe her and she would just have been brushed off.

'But now, Mu Yichen has actually saved her!

'How... How is this possible?

'Even if Mu Yichen did go in to save her, the fire in there was so big and there was such thick smoke everywhere. Plus, K's isn't that small either.

'So, how could he have found her?'

Before she could figure it out, the two elders of the Mu Family were already looking at her.

"Xinxin, what's going on?"

Bai Xinxin's body trembled.

## Chapter 302: Miss Bai Isn't Allowed To Leave Until The Matter Is Thoroughly Investigated!

"Err... Actually, I didn't know if she had actually escaped or not. We weren't together when the fire broke out. I only saw her running for her life, but I don't know if she made it out..."

Bai Xinxin was racking her brains as she came up with that excuse.

Tan Yueru thought for a moment. 'I suppose it is plausible since Bai Xinxin did seem to have said that just now.'

At that thought, her expression softened slightly.

"That's right. The situation at that time was indeed too chaotic. Fortunately, Yichen was more cautious. Otherwise, if anything happened to her... How sinful would that have been! Sigh!"

Although she didn't like Luo Chenxi, she didn't want anything to happen to her.

"The ambulance is about to leave, let's hurry there quickly!"

As she said that, Tan Yueru pulled Mu Yunfeng with her as she called out to Bai Xinxin at the same time.

Bai Xinxin shook her head continuously. "Auntie Mu, Uncle Mu, are you going to the hospital? I'm not seriously injured, so I won't go. Instead, I have to go home first to tell my brother and grandfather that I'm safe..."

'How could I possibly dare to go to the hospital at this time?'

'If Luo Chenxi woke up, I have no idea what she would say to Mu Yichen.'

At the thought of Mu Yichen's cold and merciless expression when he strangled her neck that day, Bai Xinxin trembled.

Without a care for her ankle that was still swollen, she turned around and was about to leave.

However, Zhuo Feng suddenly appeared and blocked her way.

"Miss Bai, please wait. The Eldest Young Master has given me instructions that you will definitely be repaid for your kindness of saving the Young Madam from the fire. Until then, please stay with us as a guest and wait for the Young Madam to wake up before leaving."

Bai Xinxin's heart instantly tightened.

'How could I not have seen that Mu Yichen did not believe what I've said right from the start!'

'Then, this so-called "repayment"...'

At that thought, she shivered profusely.

"T... There's no need for that. Big Brother Mu is really... cough cough, he's really too kind. There's really no need for that, so I'll be leaving now..."

“Miss Bai, the Eldest Young Master insists that you stay.”

Zhuo Feng was expressionless and did not budge.

A few bodyguards behind him responded and walked over as they surrounded Bai Xinxin. They looked as if they would forcefully take her away if she did not follow them.

Hence, Bai Xinxin became even more afraid and turned to Tan Yueru for help.

“Auntie Mu, what does Brother Mu mean by this? I really don’t need anything in return. I just want to go home...”

Tan Yueru also sensed that something was wrong and walked over. “Zhuo Feng, what are you doing?”

“Madam, the Eldest Young Master has said that he will definitely investigate today’s matter until he gets to the bottom of it. Before that happens, Miss Bai cannot leave at all!”

Zhuo Feng’s tone may have sounded respectful, but his attitude was very firm.

The bodyguards could not wait any longer. Hence, they simply went forward and immediately carried Bai Xinxin away.

Bai Xinxin was so anxious that she screamed and struggled with all her might.

“Auntie Mu, Auntie Mu, please save me! Big Brother Mu must have misunderstood me! If I’m taken away by his people, I’m finished! Help me!”

Tan Yueru was confused. “What... What are you doing?”

Zhuo Feng smiled. “Madam, don’t worry. The Eldest Young Master is only inviting Miss Bai as a guest.”

“What do you mean as a guest?! Is this how we’d invite someone as our guest?” Tan Yueru’s face darkened. “Let Miss Bai go this instant. The Bai Family is a friend of the Mu Family. So, if word about this reaches the ears of Elder Bai, how are we supposed to explain our actions then?”

“Madam, we are just following orders. If you have any questions, please ask the Eldest Young Master directly.”

The bodyguards then stuffed the struggling Bai Xinxin into a car and left.

Tan Yueru was so angry that her face turned green. “What the h\*ll is this brat doing?! Even if that woman almost had an accident, he can’t possibly vent his anger on Xinxin!”

### **Chapter 303: He Hoped That... She Would Stay By His Side Forever**

In the first-class ward of the hospital under the Mu Family, Luo Chenxi was laying quietly in bed.

Her lips were pale and her eyes were tightly shut without a trace of blood on her palm-sized face.

Mu Yichen sat on the side of the bed, wearing the suit that he had worn when he rushed there that afternoon.

His clothes were drenched in water and there were even several areas that caught on fire.

In fact, after all that trouble, his clothes had long been crumpled up and there were holes everywhere.

In addition to the black soot on his face, he was no different from a vagrant. Furthermore, the medical staff and patients would look at him when they passed by.

However, none of them were able to recognize him as the national husband who appeared on the headlines every day, especially since Young Master Mu rarely faced such a pathetic moment throughout his life.

However, he did not notice the gaze of others. Instead, his gaze never left the little woman who was on the bed. He held her little hand tightly with both hands, placed it by his lips, and gently pressed it against hers.

“Woman, how can you be so stupid! How could you have nearly caused yourself to lose your own life by just taking our daughter out for lunch?”

“Who else would actually have the courage to have such a stupid woman like you except for me?”

“So, hurry up and wake up already, do you hear me?!”

Mu Yichen kept on muttering to himself, but Luo Chenxi did not have any reaction at all.

Hence, he felt anxious.

Although the doctor had already said that Luo Chenxi was in normal condition, she was going to be unconscious for at least a night before she could wake up.

However, when Mu Yichen saw her weak and motionless appearance, he could not help but think of the scene he saw when he rushed into the fire that afternoon, how the slender figure of the little woman laid on the ground as if she was drowning in the black billowing smoke.

At that moment, an indescribable fear welled up in his heart!

Countless images flashed through his mind of how she would play with the little dumpling and how the mother and daughter hugged each other intimately.

Apart from that, he also recalled how she would hug her drawing pad and cautiously asked him if he would be her model.

Then, he recalled how she was on the runway, wearing a male evening gown and displaying the beauty that transcended gender to the extreme.

After that, he recalled how she was wearing a long black dress at the dinner party, dancing a number that was more passionate than the fire.

Then, there was their wedding night as well... How her face was flushed as she pushed him down onto the ground and forcefully kissed him...

'I've never realized so clearly how important this little woman in front of him is to me.

'Unknowingly, I've already gotten used to her company, her sweet voice and her elegant aura.

'I've also gotten used to the daily life of how I would have to have my guard up against this woman after guarding against men everyday.

'After I was stunned for a short while, my first reaction was to pick her up and run away from the fire with all my might. I didn't even care about my own safety at the time.

'I had hoped... That she could live on and stay by my side forever.'

"Hurry up and wake up already. Didn't you want to become the real Mrs. Mu? I'll agree to it as long as you hurry up and wake up. Moreover, I won't mind it no matter how stupid you are, I'll never divorce you."

Then, the sky gradually darkened.

However, Mu Yichen still remained by her bedside, refusing to budge an inch.

Suddenly, the door of the ward was pushed open from the outside.

Tan Yueru walked in with big strides. When she saw Mu Yichen's dispirited look, she was filled with anger.

"Yichen, look at you. What's with this look you have on you? The doctor has already said that Luo Chenxin will wake up on her own. So, is there a need for you to stay here?"

"Do you know that Tang Tang has just woken up. But, she was in a very serious shock just now and kept crying the whole time. She was just so pitiful! You're her father, yet why haven't you gone and take a look at her? Why would you stay here and watch over this woman instead?"

"Are you going to disregard your daughter for this woman?"

#### **Chapter 304: You're Both My Precious Treasures**

When he heard that Tang Tang had woken up, Mu Yichen's expression changed a little.

Then, he stood up immediately and turned around to walk out of the door.

Tan Yueru heaved a sigh of relief. "At least this brat still remembers Tang Tang!"

After that, she quickly followed behind Mu Yichen as he went straight to the little dumpling's ward next door.

The little dumpling was on the bed wiping her tears pitifully. When she saw Mu Yichen, she immediately pounced on him.

"Daddy, uwuuu, Tang Tang is so very scared!"

Mu Yichen carried her up. "Don't be afraid, Daddy is here."

"Uwuuu, Tang Tang wants Big Sister!! Why isn't Big Sister here? Uwuuu, I want Big Sister!!"

The little dumpling grabbed Mu Yichen's clothes tightly, her eyes filled with fear.

Children were very sensitive beings. When Tang Tang fainted during the fire and woke up in the hospital, she immediately thought of Luo Chenxi and immediately wanted to look for her.

Considering her physical condition, the two elders of the Mu Family coaxed the little dumpling and told her that Luo Chenxi was fine. They did this because they wanted the little dumpling to rest easy.

However, the more they acted like this, the more the little dumpling became worried and cried non-stop.

If it wasn't for Mu Yichen's sudden arrival, the nurse would have already given the little dumpling a sedative.

"Daddy, Tang Tang wants Big Sister!"

Mu Yichen listened to the little dumpling's soft voice and looked at her big eyes that were exactly the same as Luo Chenxi's. Then, his eyes became a little moist.

"Okay, Daddy will bring you to see her."

After that, he carried his daughter with one hand and turned around to leave.

The nurse quickly stopped him. "Sir, the child is in an unstable emotional state right now and mustn't move around carelessly..."

However, Mu Yichen ignored her and carried the little dumpling to the ward next door.

This caused Tan Yueru to be in complete disbelief.

'I've only asked Mu Yichen to come over and coax her daughter, not to carry her away!'

"My goodness, what is he thinking! Not only is he not urging Tang Tang to rest, he's even carrying her around everywhere!"

She slapped her thigh and went on to chase after him as he carried the little dumpling into the ward next door.

When the little dumpling saw Luo Chenxi on the bed, she immediately shouted, "Big Sister! Big Sister, what's happened to you!"

She widened her eyes in horror and stretched her arms, wanting to pounce on the bed.

Mu Yichen hugged her tightly to prevent her from falling.

"Lower your voice a little, Bis Sister is asleep."

"Asleep?"

The little dumpling suddenly turned around.

"Yes."

Mu Yichen nodded and placed the little dumpling on the bed.

“So, you have to be quieter, understand?”

Hearing this, the little dumpling immediately quieted down.

Mu Yichen let go of her hand and she automatically crawled to Luo Chenxi’s side. She stretched out her chubby hand and poked her face. “Big Sister...”

Suddenly, she thought of something and looked up at Mu Yichen. Her eyes turned red again like a little rabbit.

“Uwuuu, Daddy! There was so much fire, it was so hot, Tang Tang was so scared! Then, Big Sister kept on running all the time, but she couldn’t escape. Then, Big Sister fell... And it hurts, but Big Sister didn’t allow Tang Tang to talk...”

As she spoke, she was about to cry again.

Mu Yichen hugged her, “Don’t be afraid, Tang Tang. Daddy will protect you. Daddy will protect both you and Big Sister, you’re both my precious treasures.”

The little dumpling hid in front of Daddy’s broad chest, her trembling little body gradually calmed down.

Mu Yichen frowned, thinking about what the little dumpling said and felt a sting in his heart.

‘I can’t even begin to imagine how frightened the little woman was at the time.

‘But even despite all that, she still made sure that the little dumpling got out unscathed.’

“Yichen, where are you taking Tang Tang to?!” said Tan Yueru as she paced in.

### **Chapter 305: Grandma Scolded Big Sister. Grandma Is A Bad Person!**

Mu Yichen did not turn around.

“Mom, get some rest. I’ll take care of Tang Tang.”

Tan Yueru saw that he did not seem to mind and said angrily, “Look at yourself, is this how you fulfill your role as a father? Tang Tang is already frightened, yet you still brought her here? You knew that this woman abandoned Tang Tang and only cared about running for her life. So, how could you possibly let them be together?”

Mu Yichen frowned.

Before he could say anything, the little dumpling suddenly poked her head out from his shoulder.

She pouted and glared at Tan Yueru, “Big sister did not leave Tang Tang! Big Sister carried Tang Tang and ran. If it wasn’t for Tang Tang, Big Sister would not have tripped...”

Then, the little dumpling pouted and was about to cry again.

Mu Yichen quickly patted her back to comfort her.

At the same time, he turned to look at Tan Yueru, who had a shocked expression on her face.

“Mom, did you hear what Tang Tang said? She was the one who ran out with Tang Tang, not Bai Xinxin!”

“What?! How... How is this possible?”

Tan Yueru subconsciously denied it.

boxn ov el. c o m

“How is it impossible?”

“But... When your dad and I rushed to K’s in the afternoon, we clearly saw that Xinxin was hugging Tang Tang and even sprained her ankle! As for Luo Chenxin... She wasn’t with Tang Tang at all. How could she be the one who saved her?”

Tan Yueru moved closer to the little dumpling. “Tang Tang, be a good girl and tell Grandma, who was it that brought you out?”

The little dumpling raised her little head and said loudly, “It was Big Sister! Big Sister has always been with Tang Tang! Grandma scolded Big Sister. Grandma is a bad person!”

After saying that, she pushed Tan Yueru away and threw herself into Mu Yichen’s arms.

‘Only Daddy believes in Big Sister. Daddy is a good daddy!’

Tan Yueru looked hurt because she was actually despised by the little dumpling!

“But... But, this still doesn’t make sense. If she saved Tang Tang, why didn’t she escape with Tang Tang? Could Tang Tang have forgotten who it was that saved her due to her shock?”

Mu Yichen lifted his thin lips. “Tang Tang might have misremembered, but the surveillance cameras won’t lie.”

“What do you mean?” Tan Yueru was puzzled.

Mu Yichen then made a phone call.

Not long after, Zhuo Feng appeared at the door of the ward.

“Young master, I’ve brought the things you requested.”

Mu Yichen nodded. “Play it here.”

Zhuo Feng hummed in acknowledgement and placed the laptop on the bedside table. Then, he took out a USB drive from his pocket and plugged it in.

Tan Yueru and Mu Yunfeng, who came in later, were confused as they both looked at him in confusion.

“Assistant Zhuo, what are you doing?”

Zhuo Feng said while operating the computer, “There’s a high-class office building just opposite K’s, which was on fire today. Eldest Young Master knew that there was a surveillance camera by the roadside over there, so he especially asked me to retrieve the surveillance footage.”

“Surveillance footage?!?”

Under the shocked gazes of the two elders, Zhuo Feng clicked on a file to open it.

On the screen, a blurry black and white image appeared.

Although the angle of the camera lens was a little off, it could still be seen that the location shown on the screen was the K's that they had visited at noon.

Then, a replay of the scene of the fire was played through the surveillance footage.

The fire had spread very quickly, going from a small fire at the beginning into a big one within just a few minutes, finally engulfing the entire building.

At the same time, the people inside were trying their best to squeeze through the crowd to escape, which was an extremely chaotic scene.

Even though there was no sound recorded from the surveillance camera, one could still feel the tense and terrifying atmosphere at that time.

"Did you see that? Bai Xinxin has already made her exit."

The two elders were engrossed in watching the surveillance footage when Mu Yichen's voice suddenly rang in their ears, giving them a fright.

Then, Mu Yichen walked closer and pointed at the screen. "Right... Here."

Tan Yueru took a closer look. "That's right, it really is her! She was wearing this dress today. Hold on, where's Tang Tang? Where's Tang Tang?"

### **Chapter 306: I Really Didn't Expect For The Truth To Be Like This!**

From the surveillance footage, Bai Xinxin could be seen crawling out together with the crowd.

How could there possibly still be a slither of her shadow as the number one supermodel when her face was covered in dirt and dust?

Moreover, it could be clearly seen that she was alone and did not carry the little dumpling as she had claimed.

At that moment, Mu Yunfeng approached closer and frowned.

"She's right, this is strange! Where's our Tang Tang? She couldn't have run out by herself, could she?"

"It was so chaotic at the time that it's impossible for such a young child to escape on her own."

Hearing this, Mu Yichen's heart twitched.

His voice lowered as he said, "Dad, Mom, look here."

His finger moved a little and landed in front of a window on the right side of the screen.

"Is there something wrong here?" Tan Yueru asked curiously.

Thick smoke was billowing in the house, causing the window to seem pitch-black with only flames to be seen from time to time. Hence, it was almost impossible to clearly see what was happening inside.

However, in a few seconds, a white ball that looked like a package was thrown out from the inside.

boxnovel.com

Seeing this ball rolling on the ground, Tan Yueru and Mu Yunfeng subconsciously became nervous.

Before they could react, on the screen, Bai Xinxin, who was sitting on the ground, suddenly jumped up, ran over, bent down and picked it up.

Moreover, she quickly peeled off the white clothes and threw it to the side.

Tan Yueru widened her eyes. "This... This can't be... That's..."

Mu Yichen nodded. "You're right, that's Tang Tang... Look, the fire truck has arrived, so have you."

On the screen, two figures were running towards Bai Xinxin. It was obvious that they were Tan Yueru and Mu Yunfeng, so there was no need to watch the next scene.

Hence, Tan Yueru's mind was in a mess because the surveillance footage was too different from what she had imagined!

"This isn't right... Xinxin clearly said that she was the one who ran out with Tang Tang... Even if she lied, I still don't understand how... How Tang Tang could've exited through the window?"

Mu Yunfeng finally understood, "Looks like Luo Chenxin must have brought Tang Tang out all the way. However, it was too late for her by the time she wanted to make her escape since the fire had already sealed the door, so she could only throw Tang Tang out of the window. I noticed that during the second half of the surveillance footage, the window frame collapsed. So, I'm guessing that she couldn't make it out in time and was trapped inside.

"Fortunately, Yichen insisted on going in to save her. Otherwise..."

At that point, Mu Yunfeng furrowed his brows and could not continue the rest of his sentence because there was a lingering fear in his heart as he thought about it.

'If Yichen had not insisted on saving her, my daughter-in-law might have actually died there.

'Plus, Bai Xinxin had made her escape so early, which means that she must have run away the moment the fire broke out and didn't even care about the little dumpling at all.

'Yet, she still had the nerve to lie like that, fooling us into thinking that she was the one who saved the little dumpling!'

Tan Yueru's face was filled with shock!

'I really didn't expect for the truth to actually be like this!'

"How... How could this be? How... How could Xinxin do such a thing? She actually lied about such a matter! This is a matter of life and death! Doesn't she realize just how serious this matter is?"

If the truth was not plainly laid out in front of her, she would never have dreamed that the girl she had taken care of since young would turn out like this.

'Bai Xinxin was clearly an innocent and cute little girl when she was young...'

Mu Yichen's eyes flashed with a hint of coldness as he sneered, "How could she not realize? She just really wants my wife to die!"

### **Chapter 307: Now, It Seems Like We're The Ones Who Were Blind!**

"W... What..."

Tan Yueru was shocked.

"Also, do you think she genuinely likes Tang Tang?"

Mu Yichen curled his lips coldly. "If Bai Xinxin really likes Tang Tang, she wouldn't have whispered in her ear about..."

At this point, he suddenly remembered that the little dumpling was still beside him, so he instantly shut his mouth.

However, at this point, how could the two elders of the Mu family not understand what he was about to reveal.

Mu Yichen was obviously referring to the incident where the little dumpling was provoked a few days ago.

"What? That incident was also done by Xinxin... ? But, h... How is that possible? Could we have misunderstood her? Could she... Could she really lay her hands on a child?"

Tan Yueru could not help but widen her eyes because she had never thought of such a possibility!

Mu Yichen raised his hand and called the nurse over, asking her to look after Tang Tang.

After that, he brought Tan Yueru and Mu Yunfeng to the door.

"Mom, do you actually still believe in Bai Xinxin right now? What else is she not capable of?"

boxn ov el. c o m

Now that the little dumpling was not by his side, Mu Yichen did not hesitate at all when he spoke.

"There may not be any surveillance cameras at home, but Tang Tang's reaction is the evidence! Mom, you probably didn't notice it, did you? That night, when Doctor Fu came to the house, as long as Bai Xinxin was present, Tang Tang cried all the way and didn't calm down until she left..."

Tan Yueru was stunned. "Now that you mention it, it seems... That indeed was the case..."

"Later, I specifically asked Dr. Fu about it and he said that the person who agitated Tang Tang was present and that was what caused her to have such a reaction. However, my wife had already retreated back to her room by then, which confused me at the time. So, the only explanation is that the person who agitated Tang Tang was Bai Xinxin!

"If you have any more questions, you can ask Dr. Fu for a clearer explanation."

Mu Yichen's words were like a bucket of cold water that splashed right on top of Tan Yueru's head.

'I could defend Xinxin and say that she lost her mind because of her envy and jealousy, causing her to lie just now.

'But, to deliberately agitate the little dumpling, that's just inhumane and heartless.'

"How is this possible? Bai Xinxin... How could she treat Tang Tang this way! Every time she comes to our house, she always acts like she likes Tang Tang and even gives her gifts. How could she... Oh my God, her acting all this while has totally fooled us. This is terrifying!"

Mu Yunfeng frowned. "Yichen, why didn't you tell us earlier?"

"I've said it a long time ago, more than once in fact. But, were the both of you willing to believe me at the time?"

The two elders of the Mu Family instantly fell silent.

'Indeed, Mu Yichen has always stood firmly on Luo Chenxin's side.

'However, we both had a preconceived impression that a woman who had once abused her own child isn't worth trusting at all.

'To think that we even thought that the little dumpling and Yichen had been bewitched by her...

'Now, it seems like we're the ones who were blind!'

Mu Yichen continued, "I've consulted Doctor Fu. He said that Tang Tang may have suffered from postpartum depression due to Chenxin's treatment in the past. But, this also happened because I didn't care about her enough. Now that everything is in the past, where she has long regretted it and Tang Tang gets along very well with her, let's not talk about the past anymore."

Tan Yueru was shocked when she heard this.

"Yichen, are you telling me that... You want to be with her forever?"

Mu Yichen turned his head and his gaze fell on both the adult and the child on the hospital bed before his thin lips curled upwards.

"We're already married and our daughter's all grown up already. So, would I still have to find a stepmother for Tang Tang?"

### **Chapter 308: It'll Be Enough For Me To Love Her Myself Since She's My Wife**

Mu Yichen paused and said, "I won't force you to like her either. It'll be enough for me to love her myself since she's my wife anyway."

"If the both of you don't want to see her, we can move out. All I ask is that we all treat each other respectfully when we meet up occasionally."

Actually, he had been continuously thinking about this problem while he was away on his business trip.

In fact, if Tan Yueru and Luo Chenxi did not get along, he was ready to take the little dumpling with him to be with his woman.

Tan Yueru immediately became anxious when she heard this.

“Yichen, please don’t act this way, I didn’t mean it like that... I didn’t not want to see her, but it was really... It’s just that I’ve misunderstood her in the past. Now that I realize that she’s genuinely treating both you and Tang Tang well, why would I not like her?” explained Tan Yueru hurriedly.

‘This little brat’s all grown up already, so it wouldn’t matter much if he moved out.

‘However, if he does move out, wouldn’t I be unable to see my cute little dumpling often?

‘Moreover, now that I think about it, this daughter-in-law of mine isn’t that bad.

‘That day at Elder Bai’s birthday banquet, she was well-mannered and generous. Plus, she didn’t make our family look like fools that night.

‘If it wasn’t for my prejudice against her from that time, I actually rather admire this girl.’

However, Mu Yichen did not take her words seriously and shook his head. “Mom, you don’t have to force yourself. Alright, it’s getting pretty late now, you and Dad should go home and get some rest, I’ll be able to take care of things here. Don’t worry, I’ll take care of Tang Tang as well.”

boxn ov el. c o m

After saying that, he turned around and returned to the ward.

“But, Yichen...”

Tan Yueru wanted to chase after him, but Mu Yunfeng stopped her from behind.

“Alright, Yueru, let’s go back. Let the three of them be alone for a while. Let’s not disturb them. Yichen was really frightened today!”

Tan Yueru stopped and turned around, her expression full of unease.

“Yunfeng, what should we do now? It’s all my fault for trusting the wrong person! Now look what’s happened, what am I supposed to do if Yichen doesn’t forgive me? Also, I’ve misunderstood Luo Chenxin for so long, I feel so sorry for her...”

Mu Yunfeng pulled her into his embrace and patted her back.

“Don’t you worry. After all, Yichen is our son, so how could he possibly hold a grudge against you? He just loves his wife dearly and is afraid that you will bully her. He’s the Mu Family’s heir after all... If you feel sorry for your daughter-in-law, treat her better. As long as you’re sincere, they will definitely understand your good intentions.”

Tan Yueru nodded repeatedly when she heard that.

“Yes, dear, you’re right! Let’s hurry back then! I want to personally make some chicken soup to provide nourishment for my daughter-in-law!”

After she said that, she tugged Mu Yunfeng and turned around to leave.

Mu Yunfeng did not know whether to laugh or cry. “Even so, you don’t have to be in such a hurry now, do you.”

‘My wife is such a straight arrow, she will clearly show whether she likes or dislikes a person.

‘She’s already so old now, yet she still behaves the same as she was when she was young.’

...

When Mu Yichen entered the ward, the nurse tactfully got up and left. After that, she closed the door, leaving the room to the family of three.

On the hospital bed, the little dumpling laid beside Luo Chenxi and stared at her without blinking.

However, she was very careful not to touch her.

Mu Yichen sat down by the bed and reached out to carry his daughter.

“Tang Tang, it’s very late now. It’s time for you to sleep.”

The little dumpling raised her little head and shook it hard. “Tang Tang isn’t sleepy, Tang Tang doesn’t want to sleep! Daddy, why isn’t Big Sister awake yet?”

“Didn’t I tell you already? She’s tired today and has fallen asleep.”

Mu Yichen didn’t explain about Luo Chenxi’s coma, afraid that it would scare the little dumpling.

Then, the little dumpling tilted her head and thought for a while.

Suddenly, she said, “Daddy, when Sleeping Beauty was asleep, she was able to wake up when the prince kissed her! Quick, kiss Big Sister and make her wake up so she can accompany Tang Tang.”

### **Chapter 309: Big Sister Has Been Awakened By Daddy’s Kiss!**

Mu Yichen was instantly startled.

Then, his gaze subconsciously landed on Luo Chenxi’s lips.

The shape of the little woman’s lips was absolutely perfect. When she gently pressed them together, they looked like a pink flower that was about to bloom.

Recalling the feeling of kissing her, Mu Yichen’s Adam’s apple rolled up and down as he could not help but lean forward.

With an arm supporting his body, he hung right above Luo Chenxi as the two of them gradually became closer and closer.

Then, just as their lips were about to touch...

“Daddy, hurry up and kiss her!”

The little dumpling’s soft voice suddenly sounded in his ear, causing Mu Yichen’s body to stiffen.

Hence, he turned around and saw the little dumpling kneeling on the edge of the bed with her two chubby hands supporting her cheeks. Plus, her big watery eyes flickered as she stared unblinkingly at them.

At that moment, Mu Yichen was suddenly jolted back to reality, and he frowned.

The little dumpling looked confused and pouted unhappily, "Daddy, why aren't you kissing Big Sister anymore? Tang Tang wants Big Sister."

Mu Yichen secretly gritted his teeth and could not help but pinch her chubby little face.

"You little troublemaker!"

'You really are my biological daughter!'

The little dumpling shook her little head and flung his hand away. She was still mumbling, "Daddy is so stupid. He doesn't even know how to kiss..."

Mu Yichen was so angry that he glared at the woman on the bed.

"It's all because you've spoiled her, so hurry up and control her!"

However, Luo Chenxi did not respond and merely laid there quietly.

Hence, Mu Yichen's eyes gradually darkened and he leaned towards her again.

"Da..."

The little dumpling became excited again.

However, just as she made a sound, her father's big hand covered the little dumpling's mouth and silenced the noise.

After that, Mu Yichen lowered his head and accurately kissed Luo Chenxi's slightly pale lips.

Initially, he just wanted to give it a peck.

However, when he tasted the sweetness that he had not tasted for a long time, he instantly sank into it...

...

'Hot!

'It's so hot!

'There's blazing flames burning everywhere.

'The scorching airflow, mixed with billowing smoke is pouncing on my face.

'There's nowhere for me to hide, nowhere for me to run.

'All I can do is run and run and run. However, the road ahead seems to be endless and pitch-black with no exit in sight.'

Then, just as she was about to fall...

A handsome face seemed to appear before her eyes.

That handsome face was so familiar, but the emotions on it were something she had never seen before.

It was a mixture of deep love, fear and unease...

'Am I going to die? If I could just see Mu Yichen's face like this before I die... I suppose I wouldn't have any regrets...'

"Stupid woman, wake up! If you don't wake up, I'm going to find a stepmother for Tang Tang!"

'Tang Tang!'

Luo Chenxi woke up a little when she thought of Tang Tang.

"Mu Yichen... Mu Yichen! Don't mind me, save Tang Tang! Save Tang Tang!"

Luo Chenxi opened her mouth desperately, wanting to scream, but she couldn't make any sound.

In a split second, she seemed to have broken free from something and opened her eyes suddenly.

Mu Yichen was still immersed in the kiss when he suddenly met a pair of blank eyes and was shocked.

Immediately, he stepped back a little, "Stupid woman, you... You're awake?!"

Luo Chenxi looked at the enlarged handsome face in front of her, completely unable to come back to her senses.

Mu Yichen then said, "Don't you remember? You went to K's with Tang Tang and encountered an explosion. Then, you saved Tang Tang and fell into the fire yourself. Fortunately, I arrived in time. We're in the hospital now and you've been unconscious for an entire day."

Then, her memory returned in an instant.

Luo Chenxi was just about to speak, but suddenly, she heard a whimper like that of a small animal.

Hence, she subconsciously turned her head and saw the little dumpling shaking her little head while her two little hands were pinching her daddy's fingers.

Hence, Mu Yichen quickly released the little dumpling, who immediately shouted excitedly, "Big Sister, you're awake because of Daddy's kiss!"

### **Chapter 310: Now That Her Big Sister's Awake, Her Daddy's Immediately Thrown Over The Wall?**

Luo Chenxi's expression froze for a second.

'What does she mean by waking up... After being kissed?'

Then, she suddenly recalled the enlarged handsome face she saw when she opened her eyes.

'Mu Yichen was so close to me just now, could he really have taken advantage of me just now?

'You beast!

'I was completely unconscious!

'I can't believe you did it in front of the little dumpling!

For a moment, the feeling of having survived a disaster and not being able to calm down was greatly diluted and her face flushed red as she glared at Mu Yichen, "You..."

Luo Chenxi was shocked when she opened her mouth because her voice was terrifyingly hoarse.

Mu Yichen frowned as he said, "Don't speak. The doctor said that you inhaled too much smoke and dust, so your throat is injured. You mustn't speak for the time being. Plus, you're only allowed to have a liquid diet."

Luo Chenxi was depressed when she heard the bad news.

However, when she saw the little dumpling on the bed unscathed, she felt that she had nothing to complain about.

'At the time, I really thought that both the little dumpling and myself were going to die in the fire.

'Yet, we're now lying safely in the hospital.

'Plus, I'm only going to be unable to speak for a short period of time, so this is already a very lucky outcome for me.

'However, didn't Mu Yichen go abroad? Why would he suddenly appear there?

'At the time, during the fire before I fainted, I seem to recall having seen Young Master Mu's terrified face.

'Was it my hallucination, or... Did Mu Yichen really rush in personally to save me?'

Luo Chenxi had too many questions in her heart at the time, but she just could not make a single sound.

Then, Mu Yichen got up and walked out of the door. "I'll call for the doctor to give you another round of check-up."

Soon, the doctor arrived in a hurry.

After giving Luo Chenxi all kinds of detailed checks, he finally announced, "Chairman, Mrs. Mu's condition is pretty good. Other than the injury to her throat, she's merely suffering from shock. She also suffered burns in some other areas. However, fortunately, they're all not very serious. She'll have to stay in the hospital for observation over the next few days. If there are no other problems, she can be discharged."

When he heard that, Mu Yichen's tense expression relaxed slightly.

"That's good. Thank you."

“It’s part of my job, Chairman, there’s no need for you to thank me. Well then, I’ll be leaving now.”

Then, the doctor wiped away the cold sweat on his forehead as he turned to leave.

‘When I was examining Young Madam just now, as long as she frowned slightly, the Chairman would sweep a glance at me with his sharp and piercing eyes. I was so scared that I almost had a heart attack.’

After confirming that Luo Chenxi was fine, Mu Yichen heaved a sigh of relief.

The little dumpling, who had been in an excited state all that time, also began to feel sleepy. As she rubbed against Luo Chenxi’s side, her little head was already beginning to sink, little by little.

When he saw that, Mu Yichen carried the little dumpling up and stuffed her under the blanket.

At the same time, he took a step forward with his long legs and prepared to climb onto the bed.

Following his actions, Luo Chenxi’s delicate brows furrowed and her lips moved as if she was somewhat dissatisfied.

Mu Yichen raised an eyebrow. “There’s only one bed here and it’s big enough for the three of us to sleep together. Don’t tell me you’re going to have me sleep on the sofa, are you? I’ve taken care of you for an entire day, so wouldn’t it hurt your conscience?”

‘Not to mention, there’s only one bed here. But, even if there were two beds, I could still request to sleep together since it’s my legal right as her husband to sleep on the same bed as her!’

Hence, Mu Yichen shamelessly lifted the blanket.

Suddenly, the little dumpling, who was already drowsy, poked her head out from under the blanket.

Then, her little chubby hand forcefully pushed against his chest.

“Daddy, go away! Daddy stinks! I don’t want to sleep with you!”

Mu Yichen was instantly petrified.

He suddenly remembered that he had not showered ever since he saved her from the fire, so he was indeed quite smelly.

‘But...

‘Wasn’t the little dumpling in my arms just now, pitifully asking for her Daddy’s protection?

‘Yet, now that her Big Sister’s awake, she’s immediately thrown her Daddy over the wall?!’
