## Chapter 441: Work? That's What People From The Lower Class Do

'How am I supposed to know how to comb a child's hair?'

As Luo Chenxin was figuring out what she should do next, the little dumpling pouted and turned her head away.

"Tang Tang doesn't want Bad Auntie to comb my hair, I don't want Bad Auntie to send me to kindergarten, I want Auntie to send me instead!"

As she spoke, she ran to Mu Weiwei's side, opened her chubby hands and hugged her thigh, who was overwhelmed by the favoritism.

"Tang Tang, do you want me to give you a ride?"

The little dumpling nodded and even kissed her on the cheek.

Mu Weiwei was so happy that she almost fainted!

Ever since her Sister-In-Law got married to her brother, she had been ignored by the little dumpling every time. 'It's been a long time since I've received such treatment.

'If I were able to snatch the little dumpling's attention from Sister-In-Law a few months ago, I would have been so proud.

'However, now, I'm still counting on her to make me my prom dress.'

Therefore, Mu Weiwei did not feel proud at that moment. Instead, she was a little worried.

"Sister-In-Law, is Tang Tang alright? You mustn't be too fierce to her... Tang Tang, you have to be a good girl too, you definitely can't go wrong if you listen to your Big Sister..."

Before she could finish her sentence, the little dumpling shook off her hand.

"I will listen to Big Sister, not Bad Auntie! Tang Tang doesn't want Auntie to send her to kindergarten too!"

Thus, the little dumpling became unhappy and didn't even want her Auntie anymore.

Then, she carried his small school bag and walked towards the door with her short legs.

From the looks of it, she was planning to go to kindergarten on her own.

Hence, the two elders of the Mu Family instantly felt sorry for her and quickly ran over to take her to kindergarten.

However, Tan Yueru was despised by the little dumpling because the former had advised the latter to listen to the Bad Auntie. Hence, only Mu Yunfeng, who had been silent all this while, was chosen by the little dumpling and allowed him to send her to kindergarten.

Seeing this scene, Tan Yueru did not know whether to laugh or cry. She shook her head repeatedly and lamented that the little dumpling was too vengeful.

However, Mu Yichen merely frowned as the words the little dumpling had said to him last night appeared in his mind.

Hence, he did not know if the little dumpling's words had given him a hint, but the more he looked at Luo Chenxin that morning, the more he felt that she was not a pleasant sight to see.

In fact, he had a nagging feeling that she was different from the little woman he loved.

However, he could not tell what was different.

In order to ease the awkward atmosphere, Tan Yueru spoke to Luo Chenxin.

"Daughter-In-Law, it's so late already, why aren't you going to work yet? Is it because you've applied for leave?"

When Luo Chenxin heard this, she immediately said, "Leave? I'm not on leave, Mom. I've already resigned."

Tan Yueru was stunned. "What? Resigned? Why have you resigned?"

Luo Chenxin had a disdainful expression on her face, "As the Young Madam of the Mu Family, isn't it just embarrassing that I'm heading out to SL Group to work everyday just like an ordinary office worker? Even if I want to work, I should be opening my own personal brand shop. Work? That's what people from the lower class do."

When Tan Yueru heard this, she was a little stunned, because that's not what her Daughter-In-Law had told her in the past!

'She clearly liked working at SL Group and felt that she could learn a lot everyday.'

More importantly, Daughter-In-Law had to go through a lot to obtain her position in SL Group. At the time, the whole family went out together to build an entire momentum for her, which was why Wu Lingshan was brought down in the end.

'So, even if she wants to resign, she should've told Mu Weiwei and myself first, shouldn't she?'

However, Luo Chenxin didn't realize that there was anything wrong.

She only found out that Luo Chenxi had won the first prize in the Huafeng Competition and was appreciated by Sheng Yu as a result, which allowed her to then work in SL Group.

Hence, she knew nothing about the details behind it.

As such, Tan Yueru was not very happy, but it was not good for her to be unhappy with her Daughter-In-Law over such a small matter...

## Chapter 442: A Classic Case Of being A Scumbag!

Thus, she laughed dryly and changed the topic.

“Then... Since you’re not working, why don’t you accompany me for some shopping in the afternoon?”

Luo Chenxin immediately became excited.

“Sure, Mom, no problem. I love shopping! Previously, at WE square, I saw a few platinum bags, but I didn’t buy them because I didn’t bring any money. I could take the opportunity and go buy them today...”

Tan Yueru frowned again when she heard this.

“I’m not going to buy bags. I’m just going to the supermarket nearby to buy some seafood. Yichen and Tang Tang both like it...”

At that moment, Tan Yueru could not explain why, but she could not seem to be on the same frequency with her Daughter-In-Law today, whom she would usually be able to communicate like they were best friends.

On the other hand, Luo Chenxin’s face immediately fell when she heard that Tan Yueru was only going out to buy groceries.

‘This kind of lowly work isn’t something the noble Young Madam Mu should be doing.’

However, Luo Chenxin still remembered that the person opposite her at that moment was her Mother-In-Law, hence she whispered, “Umm, about that... Mom, I just remembered that I’ve invited my friend for tea in the afternoon. Next time, I’ll accompany you to go shopping next time...”

Tan Yueru could instantly tell that that was just an excuse.

Hence, she became even more dissatisfied and unhappy. So, she stood up and headed upstairs, not wanting to talk to Luo Chenxin anymore.

boxn ov el. c o m

Meanwhile, Mu Weiwei also went to school.

Thus, only Luo Chenxin and Mu Yichen were left at the dining table.

Instantly, Luo Chenxin’s face revealed some joy, and she immediately went over. “Hubby, do you think I’m dressed up nicely today?”

Mu Yichen narrowed his eyes.

Although, from a fashion point of view, Luo Chenxin’s taste was only passable, Mu Yichen felt that it seemed a little off.

Then, his gaze fell on Luo Chenxin’s neck and wrist. “Did Mom give you those jade jewelry?”

Luo Chenxin hurriedly nodded. “Yes, mom really is so generous! This is my favorite set, so I especially wore it so that I can show my friends when we have tea later in the afternoon!”

Hearing this, Mu Yichen was expressionless. "Then, what about the brooch I gave you? Why aren't you wearing it? Do you not like it?"

"Huh? What brooch?"

Luo Chenxin was stunned for a moment and could not react in time.

There were quite a number of brooches in the jewelry box, which one of them was given by Mu Yichen?

Young Master Mu pursed his lips. "It's the black pearl brooch."

Luo Chenxin quickly said, "Oh yea, right. Hubby, the Black Pearl Brooch you gave me is my favorite! I can't bear to wear it out..."

When Mu Yichen heard this, his gaze changed slightly as he silently took a step back.

"I'm going to the office."

Sitting in the car, Mu Yichen thought for a while and called Bai Shixun.

"Oh, what brings you to call me? Plus, you actually even thought of calling me?"

Bai Shixun's words were full of undisguised surprise.

Ever since Mu Yichen let Bai Xixin go, the relationship between the two of them had been a little awkward, and they basically didn't talk much.

Then, Mu Yichen said, "Out of all of my childhood friends, you're the one with the richest experience in relationships. So, there are some questions that I can only ask you."

"Go on, ask away! I'll tell you everything I know!" Bai Shixun smelled the scent of gossip, and excitedly said, "Tell me, has Luo Chenxin cheated on you, or you her?"

Mu Yichen ignored his teasing and asked seriously, "Is it possible that the person who slept next to you yesterday has become another person the next day?"

Bai Shixun was stunned and did not answer immediately.

Then, Mu Yichen thought that Bai Shixun was stumped and was about to hang up the phone.

Suddenly, Bai Shixun slapped his thigh. "D\*mn, you're a classic case of what a scumbag is! Before you sleep with her, you're willing to dole out everything you have. After that, you'd forget about the entire thing. Plus, you're even blaming it on the woman by saying that she's changed!"

#### **Chapter 443: How Could His Feelings For Her Have Changed Completely After One Night?**

Mu Yichen's face turned black on the spot.

"What do you mean by scumbag? A classic case? What is it that goes on in your mind everyday?"

Bai Shixun clicked his tongue, "Is it not true? Otherwise, why would you ask such a question? Did you really cheat on Luo Chenxin? You really are a little too much of a scum if you did. She's given birth to

such a cute little princess for you and treats you so well, plus she's gentle and considerate. She's not like some women in today's society who are fiercer than men..."

Bai Shixun secretly gritted his teeth at the thought of "some woman".

Mu Yichen frowned. "What nonsense are you talking about? Me, cheating? Do you think that everyone is like you?"

'I've only had the little woman up until now!

'Plus, I've got no interest in finding someone else in the future.'

Bai Shixun said, "Then, why are you asking me such a question? If there's no affair involved, could it be that you don't find Luo Chenxin as interesting as she was before? Does she feel different before and after you've slept with her? Although... That should be impossible, shouldn't it? You guys have been married for a few months already, so you can't just have..."

"Shut up! Stop guessing blindly. Since you can't say it out loud, then forget it."

'What the... What's up with this guy?!

'It's true that I've only eaten my piece of meat after being married for a few months...

boxnovel.com

'But, would I say such a shameful thing out loud?'

At that thought, Mu Yichen planned to hang up the phone right away.

However, Bai Shixun shouted right at that moment, "Ahem, don't be so agitated! Even if it's true, it's nothing much. It's just... A little funny... Aren't you the nation's dream husband? Is your wife actually not attracted to you? Hahaha..."

"Have some self-respect, you bachelor. Let me remind you, I had a daughter with my wife four years ago! As for you, you've had a beautiful secretary standing right in front of you for several years already, yet she's never looked at you in that way till now."

"How... How do you know that? There's nothing between me and that woman!"

This time, it was Bai Shixun who was defeated.

Mu Yichen chuckled and couldn't be bothered with him.

After hanging up the phone, he frowned slightly and fell into deep thought.

'According to Bai Shixun, it's because I've slept with the little woman that my feelings have changed?'

He thought for a moment and suddenly shook his head.

"F\*ck, that kid's the scumbag, yet he still has the nerve to say that I'm one. I was almost led astray by him!

'I didn't have a one night stand with the little woman. We've been together for a few months, and have been interrupted by my own little princess numerous times before I managed to get the deed done.'

'So, how could my feelings for her have changed just because we slept for one night?

'Moreover, I'm not the only one who feels that something's wrong.

'The little dumpling's reaction is even more intense than mine. In fact, she even says that she's not even the little woman at all.

'Something's definitely wrong here...'

At that thought, Mu Yichen had a flash of inspiration and suddenly recalled the video he had watched not long ago.

'The woman in that video had the same mole and birthmark as my little woman, she even had the exact same appearance as my little woman...

'Originally, I was more inclined to believe that the video was edited by an expert, someone who's hired by Bai Xinxin to smear my wife's name.

'Because of this, Mu Yiling and I have interrogated the private detective for a long time, but we couldn't find any clues.

'Could it be possible that we've been investigating in the wrong direction from the very beginning?

'Could it be possible that the video wasn't edited, but... There really is a person who looks exactly like the little woman?'

At that moment, his phone rang again.

Thus, Mu Yichen answered it casually.

"Big Brother, Big Brother!! Something bad has happened!!"

As soon as he picked it up, Mu Yiling's anxious voice came from the phone.

Mu Yichen held the phone, his face getting darker and darker. "Come to my office, now!"

#### **Chapter 444: Luo Chenxin Isn't The Only Daughter In The Luo Family, There's Two!**

An hour later...

Mu Yiling carried his laptop and rushed into the president's office.

"Big... Big Brother... I know this is going to be shocking news, I didn't even believe it at first myself, so I spent a few days confirming it several times... You've got to brace yourself..."

"Cut the crap and spill it, what's the situation?!"

Mu Yichen's face was dark as he interrupted Mu Yiling, who shivered under his cold gaze.

Knowing that his Big Brother was on the verge of flipping out, Mu Yiling didn't dare to ignore it and hurriedly said, "Am... Am I not talking about it right now? I've already told you the most important thing over the phone.

“At first, I thought that someone was pretending to be Sister-In-Law and wanted to frame her, so I deliberately searched for it. In the end, I found out that the Luo family actually doesn’t only have Luo Chenxin as their only daughter, they have two daughters!”

Saying this, he carefully looked at Mu Yichen’s expression.

Fortunately, because he had already given him a warning over the phone, Mu Yichen’s expression was still quite calm.

Thus, Mu Yiling continued, “Amongst the both of them, their youngest daughter, Luo Chenxi, was sent to an orphanage when she was young. Later, Chenxi was adopted by a lady surnamed Lu. Some time ago, on the eve of your wedding, Luo Chenxin had a car accident in Country F, so Luo Anguo searched for his youngest daughter again.

“I’ve also found a photo of Luo Chenxi, and she looks exactly like Luo Chenxin. Moreover, from the day you got married, Luo Chenxi seemed to have disappeared from the world. None of her classmates and friends have seen her since. Based on these two points, she should have been the one who got married to you in place of her sister.”

“So, Sister-In-Law should not be Luo Chenxin, but Luo Chenxi.”

boxn ov el. c o m

Mu Yiling said as he turned on the computer and opened a file.

“Big Brother, take a look for yourself. Don’t the two of them really look alike?”

Mu Yichen looked at the computer screen, which showed both Luo Chenxi and Luo Chenxin’s ID photos side by side.

‘The two of them look exactly the same, all the way from their facial features, face shape, and even hairstyle.’

Then, Mu Yiling commented, “This is simply a splitting image! If I didn’t know that they were sisters, I would’ve thought that they were the same person! Big Brother, are you able to differentiate who’s who based on these photos?”

As soon as he finished speaking, Mu Yichen raised his hand and pointed at the photo on the left.

“This is your sister-in-law, and this... Is Luo Chenxin, right?”

Mu Yiling was stunned for a moment, and then he gave his brother a thumbs up.

“Big Brother, you’re really amazing, I’m really impressed! I’ve been looking at these two photos for half an hour, and I still can’t tell them apart. Yet, you actually saw through them at a glance!”

Mu Yichen glanced at him. “Don’t categorize your IQ level to be the same as mine! Your sister-in-law is obviously much more beautiful than that impostor by the side. Only an idiot wouldn’t be able to recognize her.”

‘How can I not recognize the little woman next to me, the one who I spent everyday with?’

When Mu Yiling heard this, he almost choked from the affection his brother was displaying.

“Big Brother... I know that you and Sister-In-Law are in love, but you’re not a normal person, I am. So, it’s only normal that I can’t recognize her!”

Mu Yiling defended his intelligence with his righteous words.

At the same time, he secretly heaved a sigh of relief.

Actually, when he called Mu Yichen, he was actually still a little nervous.

He was afraid that his Big Brother would not be able to withstand such a blow after knowing the truth.

After all, no one would hope that the person next to him had been hiding their identity to deceive him, would they?

#### **Chapter 445: When She Was Young, She Must Have Been Like The Little Dumpling, A Super-Invincible Little Cutie**

With his Big Brother’s always cold and domineering attitude, as well as the determination in his eyes that could not tolerate sand, Mu Yiling was really worried that Mu Yichen would do something drastic in a fit of rage.

But now, it seemed that his Big Brother was still very calm..

‘Then again, I suppose that’s only right. The indecent video from last time is even more worrisome than this.

‘However, Big Brother didn’t even do anything to her in the slightest... He didn’t even ask her a single word about it in fact...

‘Could this be the legendary... True love?’

Mu Yichen stared at the photo for a long time before he spoke again.

“Is there any information about Luo Chenxi? Why would she marry me instead of Luo Chenxin?”

‘If it was anyone else, they would most likely be after the Mu Family’s power and wealth.

‘However, my little woman is definitely not like this.

‘She doesn’t even know how to spend money, plus she even has to do all sorts of calculations before she buys some cloth material.

‘Despite us being married for a long time, I haven’t even realized that I’ve actually forgotten to give her money to spend. Yet, this stupid woman didn’t even remind me about it!

‘Because of this, I’ve always had a weird feeling bugging me.

boxn ov el. c o m

‘I feel like I’m a gigolo being fed by her, eating the fish she buys for me with her own money everyday.

‘No wonder I didn’t have the right to speak at home.’

Then, Mu Yiling opened up another file. "This is Sister-In-Law's information."

Hearing this, Mu Yichen seemed to be a little anxious. He directly snatched the mouse from Mu Yiling's hand and went over to read it carefully.

Mu Yiling was pushed to the side by his Big Brother and almost fell.

With great difficulty, he was finally able to stand firm with the table's help.

At that moment, he realized that his Big Brother did not notice him at all. Instead, his eyes were staring at the screen without blinking, and his expression was extremely focused.

Hence, the corner of Mu Yiling's mouth twitched as he stabilized his body.

Then, he explained from the side, "Sister-In-Law's background is really quite pitiful. She was clearly brought to this world by Luo Anguo's first wife, while Luo Chenxin, his mistress. In the end, Luo Chenxin became the Young Miss of the Luo family and was doted on since young. On the other hand, Sister-In-Law was sent to an orphanage. Fortunately, her adoptive mother treated her very well.

"Also, Luo Anguo was the one who forced her into this marriage. Luo Anguo pushed her adoptive mother so much that she had a heart attack. Then, after Sister-In-Law sent her to the hospital for emergency treatment, she agreed to marry you the next day. So, it's probably for the medical expenses. The cost of a heart transplant surgery might not even be worth a day of our spending, but for an ordinary girl like her, it's a huge sum of money.

"Luo Anguo really is an extremely shameless person. Not only did he abandon Sister-In-Law in the past, after he found out that she was useful to him, he actually went on to blackmail her again! That \*sshole!"

Mu Yiling could not help cursing as he thought about it!

In fact, when he first saw this information, he almost exploded with anger!

Then, he realized that his Sister-In-Law was a hundred times better than Luo Chenxin, that shameless woman!

'Is Luo Anguo blind? How could he actually prefer Luo Chenxin as his daughter?'

On the other hand, Mu Yichen's expression was also very gloomy.

'My little woman is so beautiful, her personality is absolutely decent, plus she's talented. She's literally perfect in every aspect.

'When she was young, she must have been like the little dumpling, a super invincible Little Cutie.

'It's hard to imagine that she would abandon such a daughter!

'What a scumbag!'

At that moment, Mu Yichen had already thought of countless ways to deal with Luo Anguo.

However, he suppressed his anger, continued to scroll the document, and read.

When he read up to a certain point, he was suddenly stunned. "What's this? Luo Chenxi was expelled before?"

"Huh? Expelled? What do you mean?"

Mu Yiling was stunned for a moment. He quickly stuck his head over and took a look before he understood.

#### **Chapter 446: A Shocking Assumption Emerged In His Mind..**

"Um, about that... I found out from her school records that she didn't take the college entrance examination after graduating from high school. Instead, she went abroad to study. After that, she dropped out of school for some unknown reason. After returning to China, she missed the college entrance examination and could only take part in the spring enrollment, entering a Tier-3 school in the end."

Mu Yiling seemed to have thought of something and frowned slightly, "Her high school classmates seem to be quite jealous of her. Some of them said that she was expelled for breaking the school rules overseas, while others said that her grades were too bad, thus she was expelled. However, I don't think that's possible. How could a genius designer like Sister-In-Law have gotten bad grades? It's most likely because she didn't have enough money to pay for her tuition fees, which was why she decided to return to China."

With regards to Luo Chenxi's studies, Mu Yiling had seen some information and conveniently placed it in a document.

However, he didn't investigate further to verify it.

After all, in his opinion, Luo Chenxi's abuse by Luo Anguo and the fact about her substitute marriage were the key points of this information.

Hence, Luo Chenxi's studies weren't the key point at all.

Although she didn't graduate from a famous foreign school, her current designing skills was recognized by the fashion circle, which meant that her education contributed nothing at all.

In fact, Mu Yichen didn't know why he was so conflicted about this.

However, his rationale was also telling him that the little woman's education wasn't important.

Therefore, after listening to Mu Yiling's explanation, he scrolled past that information.

Then, he focused on the following information regarding Lu Wenjun's adoption of Luo Chenxi.

boxnovel.com

As he looked at it, the expression on his face became more and more serious.

He pulled the document to the bottom and paused for a moment.

Then, he frowned. "What? This is all the information? What about the rest?"

Mu Yiling was stunned again and raised his head in confusion. "The rest? What do you mean? This is all the information. There are more than 50 pages here, and it's very detailed..."

After all, Luo Chenxi was just an ordinary person. Although her background was a little melodramatic, there was nothing strange about her in other aspects.

In fact, her biography could be completely described with five pages. So, the fact that there were more than 50 pages of information showed how detailed it was.

Within those 50 pages, there were many photos of Luo Chenxi when she was young and during puberty, which Mu Yiling had deliberately found to please his elder brother.

However, Mu Yichen's face was gloomy as he turned to look at Mu Yiling.

Hence, Mu Yiling shivered. "Big Brother, is... Is there something wrong?"

"What's Luo Chenxin's current situation? She's been in Country F all this time after her car accident, so what has she done? Have you not checked?"

Mu Yiling was instantly at a loss for words, "Uh... A... About that... I only did a rough check. She had a car accident in Country F, which was indeed very serious at that time. I heard that she fell into a coma because of it. I did not conduct a very detailed investigation on it, but that should be it. After all, why would Luo Anguo look for Sister-In-Law to marry on her behalf if he wasn't completely out of options?"

Mu Yichen's expression became even more unsightly as he glared at him.

"What's the use of having you if you don't even investigate such an important matter? You're simply useless!"

He slapped the table and stood up. There was an unconcealable anxiety on his face.

Mu Yiling's face was filled with confusion. He couldn't understand why his Big Brother would be entangled in such an unimportant matter.

"The... The problem is that Luo Chenxin has already fallen into a coma. So, what's there to investigate..."

"A coma? Won't a person who falls into a coma ever wake up? After she wakes up, would she return to the country? Have you ever thought about what your Sister-In-Law would do if Luo Chenxin returned to the country?"

Mu Yiling was stunned, "Um... Um... At most, she would want to switch back, right? But, Big Brother, you already know the truth, can't you just not let them switch back?"

Mu Yichen's expression became even worse. He thought of the strange feeling he had from last night.

Then, a shocking assumption emerged in his mind...

#### **Chapter 447: That Was Probably... A Farewell...**

"What if Luo Chenxin and Luo Chenxi... Have already switched back?"

Mu Yichen slowly said with a solemn expression.

Mu Yiling quivered and widened his eyes. "What? That... That shouldn't be possible, should it? I even saw Sister-In-Law last week, and she was very normal, wasn't she? I didn't find anything wrong with her. She even said that she would bring Tang Tang to my place to play with Snowball in a few days!"

At that moment, a cold glint flashed across Mu Yichen's eyes.

"Last week, there was indeed nothing wrong with her, but last night..."

"Last night? What happened last night?"

Mu Yiling was confused.

Mu Yichen glanced at him and told him everything that had happened since last night.

"Maybe I'm thinking too much... But Tang Tang's reaction was too direct. She has been emphasizing since last night that Chenxin isn't her Big Sister. I didn't understand what she meant at first, and I thought that it was impossible for such a melodramatic incident to happen. However, after reading your investigation report..."

'If Luo Chenxin returned, she would have swapped places with Luo Chenxi.

'Then, this would all make sense.

boxn ov el. c o m

'Otherwise, there would be no way to explain why my body stiffened when I saw her.

'In fact, even when that woman was lying on the bed with her clothes exposed, I didn't have any physical reaction at all.

'Usually, every time I see my little woman, I won't be able to control myself and would have the urge to push her onto the bed constantly!

'Plus, I wanted her to give birth to younger brothers and sisters for the little dumpling as soon as possible!

'Now that I think about it, the little woman rejected my proposal the day before yesterday. Then, she even took the initiative to do pole dancing to seduce me and had s\*x with me the whole night.

'That was probably actually... A farewell...'

On the other hand, Mu Yiling still had a look of disbelief on his face. "But... This... This is too much of a coincidence, isn't it? I just found out about this, yet they just so happened to switch back yesterday? How could such a thing actually happen?"

Mu Yichen tried hard to suppress the bitterness in his heart. "How could it be impossible? Instead of guessing blindly, why don't you go and investigate this matter for me right now!"

Mu Yiling shuddered and came to his senses.

He hurriedly nodded. "Yes, Big Brother, you're right! I'll go and check Luo Chenxin's immigration records right away."

After saying this, he turned around and was about to leave.

However, he was held on the shoulder by Mu Yichen.

"It'd be too slow to check through her immigration records. There's a faster method that would give us immediate results."

"Ah? What method is that?" Mu Yiling was stunned.

"Your Sister-In-Law and I are currently very close, plus she loves Tang Tang so much. So, even if Luo Chenxin came back, she wouldn't leave without saying a word. Unless... She's being coerced. And now, there's only one factor that could threaten her..."

Mu Yichen's slender fingers swiped across the mouse. He flipped through a few pages of the document and found a line of small words.

It was the information of the Yi-Her International Hospital where Lu Wenjun was hospitalized.

Mu Yiling also reacted. "Big Brother, are you saying that Luo Anguo and the others used Sister-In-Law's adoptive mother to threaten her again?"

Mu Yichen said, "I'm just guessing, so I still have to make a call to verify it."

Hence, he picked up the phone on the table and dialed the number of the director of Yi-Her International Hospital.

"Mu Yichen speaking. I have a relative in your hospital and I would like to know her current condition? ... Her name is Lu Wenjun. She's a woman in her 40s with a heart condition... What did you say?!"

Instantly, Mu Yichen's body trembled. Then, as his hand shook, his phone fell to the ground.

#### **Chapter 448: After All, The Dead Would Never Speak!**

Mu Yiling noticed that his Big Brother's expression was amiss and quickly walked over.

"Big Brother, Big Brother! What's the matter? What's the situation? Please don't scare me! What did the hospital say?"

Mu Yichen closed his eyes and forced himself to calm down.

When he opened his eyes again, there was a bone-chilling coldness in his eyes.

"According to the hospital, Lu Wenjun is no longer at Yi-Her International Hospital. However, she was not transferred out of the hospital through standard procedure. Three days ago, she was forcibly taken away by a group of ferocious criminals!"

Mu Yiling did not expect to hear such an answer, hence he cried out in shock, "What? How could that be possible? Forcefully taken away? Isn't this kidnapping? Didn't the hospital call the police?"

Mu Yichen sneered, "The hospital would definitely have called the police. However, since these gangsters dared to do such a thing in broad daylight, they must have someone backing them up, or some underground force. Otherwise, they wouldn't be so arrogant. So, even if they called the police, it wouldn't be of any use."

Hearing this, Mu Yiling was so angry that his face turned red as he clenched his fists tightly.

"To think that the Luo Family would actually do such a thing! Sister-In-Law is just absolutely pitiful!"

"Is there even a need to think about the situation? This must be Luo Anguo and Luo Chenxin's strategy to threaten your sister-in-law! Moreover, it happened three days ago. In other words, my intuition's definitely right. Luo Chenxin and your sister-in-law switched places yesterday. No wonder I felt something was amiss when I got home yesterday..."

From hindsight, Mu Yichen's reaction was not as intense as Mu Yiling's. In fact, his voice was very calm.

However, Mu Yiling knew that his Big Brother's behaviour showed just how extremely furious he was.

boxn ov el. c o m

"Big Brother, since you've already confirmed your assumption, what are we waiting for? Let's hurry up and go to the Luo Family to settle the score with Luo Anguo. We've got to ask him to hand over Sister-In-Law!"

As Mu Yiling said this, he turned around and was about to leave.

"Wait! Stop right there, we mustn't go now!"

Mu Yichen suddenly shouted and stopped him.

"Ah? Big Brother? Why can't we go?"

Mu Yiling's face was full of confusion, but he still stopped as he was told.

Mu Yichen narrowed his eyes, the light in his eyes was gloomy, and the corners of his mouth were tightly pursed, "The situation isn't as simple as you think. Since they dared to go to the hospital and openly kidnap Lu Wenjun, this would mean that Luo Chenxin must have a powerful helper, and a ruthless one. So, they would stop at nothing to achieve their goal. So, there's a chance that Lu Wenjun might be dead by now."

Mu Yiling was stunned. He thought for a moment and could not deny that his Big Brother was right.

"You're right, since they even dared to kidnap her, they might really kill her directly, which is the most efficient way to deal with the situation! They wouldn't have to worry about their dirty deeds being exposed by doing so. After all, the dead will never speak!"

"That's right, the dead will never speak..."

Mu Yichen repeated the sentence, his voice sounding a little erratic.

"... So, your sister-in-law's situation is probably much more dangerous than we thought. Perhaps, she might already be..."

“What?!”

Upon hearing those words, Mu Yiling was taken aback, and cold sweat broke out on his forehead.

‘He’s right, if the other party could even do such a vicious thing to Lu Wenjun, how could they possibly let Sister-In-Law off so easily?’

‘After all, she knows all their secrets.’

‘Moreover, her existence is a ticking time bomb to Luo Chenxin, who would be worried that Sister-In-Law would suddenly appear and expose her...’

#### **Chapter 449: The Pain In His Heart Was So Intense That Such Little Physical Pain Became Insignificant**

‘The best way to prevent any future troubles would be to silence them permanently.’

‘Of course, no ordinary person would have the courage or ability to completely dispose of a corpse.’

‘But, from the way Luo Chenxin’s people kidnapped Lu Wenjun, she should not lack such an ability!’

‘Could it be that she really...’

At that moment, Mu Yiling’s mind was racing.

Suddenly, he heard a loud “Clang”!

Hence, he was so shocked that he raised his head, only to realize that Mu Yichen had unknowingly crushed a bone china teacup in his hand!

The broken porcelain pieces then fell on the ground, and a few pieces had even pierced deeply into his palm, causing fresh blood to instantly sputter and flow down his palm.

Hence, Mu Yiling was shocked and quickly grabbed his Big Brother’s hand. “Big Brother, you... What... What are you doing? Can’t you be more careful?”

Just now, he was still thinking that his Big Brother was indeed his Big Brother. When his brother encountered a situation where his sister-in-law’s life was uncertain, he could still maintain a calm mind and analyze so many clues behind it.

In fact, that was one of the qualities Mu Yiling admired his eldest brother for. However, who knew that it was only a superficial phenomenon. In actuality, Mu Yichen just forcefully suppressed his fear and unease.

However, in the end, he could not help but explode from rage!

Then, Mu Yiling hurriedly advised, “Don’t worry, Sister-In-Law is so smart and has always been very lucky. She will definitely be blessed with a great life and won’t be killed by a slut like Luo Chenxin!”

“Even if she is not dead, her current situation must be very dangerous... D\*mn that Luo Chenxin!” Mu Yichen closed his eyes after saying this.

Mu Yiling looked at the wound on his palm and found that it was very deep. So, he immediately said, "Big Brother, your wound is too deep. You have to go to the hospital..."

"I'm not going!"

Mu Yichen waved his hand.

Not only did he not let go of the porcelain pieces, he even clenched his fist, causing the porcelain pieces to pierce even deeper into his palm.

Seeing this scene, Mu Yiling's face twitched. 'Does he... Really not feel any pain from torturing himself like that?'

However, Mu Yichen's expression did not even change.

The pain in his heart was so intense that such little physical pain became insignificant.

Moreover, he needed that kind of pain to remind himself that he was still alive...

After a long while, he said, "Yiling, there's something I need you to do..."

Mu Yiling quivered and hurriedly replied, "Yes, Big Brother. If there's anything you need, just tell me! I'll definitely do my best to find Sister-In-Law..."

"I don't need your help to find your sister-in-law. I'll leave it to the security department. Unless there's some information that I need, only then will I come to you for help."

Mu Yichen forced himself to calm down.

At that moment, he needed to keep a clear head and make a judgment.

Because his little woman needed him!

Mu Yiling was stunned. "Why? Don't you need my help to find Sister-In-Law?"

Mu Yichen glanced at him. "There must be an underground force behind this. It's too dangerous for you to be involved."

"But..." Mu Yiling wanted to say more.

However, Mu Yichen interrupted him, "I have more important things for you to do, and you're the only one who can do it."

Hearing this, Mu Yiling became more energetic.

"What is it? Big Brother, just tell me!"

"We don't know who the people behind Luo Chenxin are, so in order to prevent her accomplice from killing your sister-in-law, we can't immediately turn against Luo Chenxin before we confirm her whereabouts. So, you must control yourself when you go back."

#### **Chapter 450: Where Are You, My Chenxi?**

Mu Yiling gritted his teeth.

Although what Mu Yichen said was right, when Mu Yiling thought of the shameful things that Luo Chenxin had done behind everyone's back, he could not control the anger in his heart.

In fact, he wished that he could tear the black-hearted b\*tch apart for the sake of his Big Brother and Sister-In-Law!

"Alright... Alright, I'll try my best..."

"You mustn't try, it has to be done! Right now, your sister-in-law might still be safe. However, if we infuriate Luo Chenxin, she might very well do something drastic, so we can't take this risk."

Mu Yiling could only nod. "Alright, Big Brother, I understand. Shouldn't we tell the rest of the family as well?"

Mu Yichen pondered for a moment. "Don't say it of your own accord, you could confess if Mom and Dad notices something's wrong. However, don't tell Weiwei. She's a straightforward person, so she can't keep secrets in her heart. When the time comes, she won't be able to hold it in. So, if she gives it away, it'll be detrimental."

"Okay, Big Brother. Oh right, what about Tang Tang? Tang Tang doesn't know that Sister-In-Law has been swapped, so it's very dangerous for her to stick to Luo Chenxin as usual. After all, Luo Chenxin has a history of abusing Tang Tang..."

This time, Mu Yichen didn't answer immediately.

Mu Yiling felt a little strange. He looked up and saw the complicated expression on Mu Yichen's face.

"Big Brother?"

Mu Yichen then said, "That's where you're wrong. Actually, Tang Tang is much smarter than us. The moment she first saw Luo Chenxin yesterday, she recognized that Chenxin wasn't her Big Sister. Yesterday, she was crying and throwing a tantrum, even kicking Luo Chenxin a few times. So, there's no way she did not realize the truth!"

'Now that I think about it, my little princess is really too smart. She could instantly tell who's good to her and who's bad to her.

'She relies completely on her instincts to sense and make judgments.

'However, adults like us are often confused by appearances and can't tell the genuine from the fake.

'If my little woman knows just how protective the little dumpling is of her, she would definitely be overjoyed, wouldn't she?

'After all, in the eyes of that stupid woman, the little dumpling is her treasure. As for me, I'm the man who's a free gift when she bought the little dumpling.'

"However, just in case, from today onwards, you are responsible for personally picking up Tang Tang at the kindergarten. Try your best to avoid Tang Tang coming into contact with Luo Chenxin and protect her."

“Don’t worry, Big Brother. Leave Tang Tang to me!”

After Mu Yiling left, Mu Yichen immediately made a call to Brother Liang and the others from the security department.

In fact, the bodyguards were shocked when they heard that the Young Madam had been swapped and was now missing.

Hence, they immediately followed Mu Yichen’s arrangements and carried out their respective instructions.

After that, Mu Yichen leaned against the back of the chair, his brows furrowed and his eyes closed.

“Chenxi...”

This was the first time he uttered her name.

‘So this is my little woman’s real name.

‘Sounds clear and sweet, just like her.

‘No wonder whenever I called her Chenxin in the past, her expression would become a little unnatural.

‘I even thought that it was because she’s not used to being addressed so intimately.

‘I want to be able to look at the little woman and call out her real name.

‘I also want to hold her hand and tell everyone that Luo Chenxi is the woman I love, the true Young Madam of the Mu Family.

‘But...

“Where are you, my Chenxi?”

...

Seven days later, at the Sheng Family’s old mansion...

Luo Chenxi had actually been thinking for a long time, trying to find a way to leave that place or get in touch with Mu Yichen.

However, her efforts were futile.

Although the security profile at the Sheng Family’s mansion was not as good as that of the Mu Family, there were still bodyguards patrolling the mansion 24 hours a day.
