

Sweetheart 471

Chapter 471: a gust of cold wind blew over, making him shiver from the cold

even the beautiful woman who had just approached him was so scared that she let go of his hand and shrank to the side when she saw the cold aura around him.

however, fang ziqian wasn't afraid of him at all.

she crossed her arms, raised her chin, and looked at him coldly. "how is it? second young master bai. are you more clear-headed now?"

"you ... you crazy woman, how dare you splash water on me? do you want to die or do you want to quit?!"

bai shixun was so angry that he wanted to kill someone.

no one had ever dared to treat him like this!

fang ziqian's face was calm. "second young master bai, let me remind you that murder is illegal. as for you firing me, i'm more than happy to do so." but now, if you're calm, you should hurry to the company! otherwise, if there's a problem with the signing ceremony and the old man asks, i won't hide it for you!"

"also, your taste is so bad. you dare to hit on a woman in a bar? aren't you afraid of getting sick?"

she did not look at bai shixun again after she finished her sentence.

he turned around and left.

bai shixun was stunned on the spot and could not come back to his senses for a long time.

his hair was completely wet, and the cold lemon water kept dripping down his forehead, and a few drops even fell into his mouth.

that taste ... was so sour!

not only that, but the shirt on his body was also completely wet.

a gust of cold wind blew, causing him to almost shiver.

heart-piercing cold!

"second ... second young master bai, are you alright? who was that woman? she was too fierce, wasn't she? do you want me to accompany you to change your clothes?"

the beautiful lady from earlier walked over and looked at bai shixun with a worried expression.

her fingers were already touching his chest as she suggested.

bai shixun took a deep breath and pushed her away.

“move aside!”

his face was ashen, and the beauty was so scared that she didn't dare to speak.

bai shixun rushed out of the Secret club to catch fang ziqian.

however, he was too late. fang ziqian was nowhere to be seen.

“that damned woman! he's getting bolder and bolder, he's simply looking for death! see how i'm going to deal with you!”

bai shixun was so angry that he was about to explode. he got into the sports car, stepped on the accelerator, and went straight to bai group!

.....

after fang ziqian left Secret bar, she did not return to the office.

instead, he immediately took a taxi home.

she had splashed the lemon water on bai shixun on impulse. she did not know where she got the courage from.

when she saw bai shixun's murderous gaze, she was already terrified.

however, in order to overwhelm that scumbag with her aura, she still put on a bold face and finished the whole act.

after she said that, she immediately ran away.

“are you kidding me? i'm not an idiot. if i go back to the company now, i'll be tortured by bai shixun. anyway, i've already called him back to the company, so i won't be in charge of the rest of the matter. please pray for the vice president and senior executives!”

fang ziqian returned home to rest (hide).

however, when she reached the door of her house, she suddenly stopped.

he was shocked.

a familiar figure was sitting in front of her house, hugging his knees. he was like an abandoned little animal, waiting for her to come home.

fang ziqian's eyes widened. “ little ... little wei xi?? ” what are you doing here?”

luo chenxi had been waiting outside fang ziqian's house for a few hours.

she had almost fallen asleep from waiting.

when she heard fang ziqian's voice, she immediately raised her head and cried out in excitement.

“little qianqian! you're finally back! i've been waiting for you for a long time!”

fang ziqian frowned, her intuition telling her something was wrong.

Chapter 472: what's face for the sake of a plastic girlfriend?

"what's wrong with you? what was happening? why didn't you reply to my messages for the past few days?"

luo chenxi sighed. " it's a long story. open the door and let me in. "

fang ziqian quickly took out her keys and opened the door.

he turned around and saw luo chenxi holding the door frame and standing up with difficulty.

"what's wrong with you? you're injured?"

luo chenxi nodded. " i ran into some trouble. i was injured while i was running away. sigh, let's go in and talk."

fang ziqian helped her into the room, looked around alertly, and closed the door and windows.

then, he took a seat on the sofa opposite luo chenxi.

"what's going on? hurry up and tell me, don't scare me!"

boxn ov el. c o m

luo chenxi looked at her and heaved a sigh. " to put it simply, my sister has returned. "

fang ziqian was stunned for a moment."sis?" what sister?"

" she's luo anguo's daughter, luo chenxin! "

"how is that possible? isn't she already dead?" fang ziqian couldn't react in time.

" no, " luo chenxi said, " she's not dead. she's just in a car accident and is unconscious. " luo anguo was afraid that i wouldn't marry into the mu family, so he deliberately lied to me and said that she was dead! now, luo chenxin has recovered from her injuries and returned to T city ..."

under fang ziqian's shocked gaze, luo chenxi recounted everything that had happened in the past few days.

"f * ck! f * ck! f * ck!"

fang ziqian expressed her shock with three progressive " f * ck " s.

his eyes also widened.

finally, she jumped up from the sofa.

"luo chenxin is really shameless! as expected of luo anguo's daughter, she's truly surpassed her master!"

luo chenxi pouted her lips. " little qianqian, you're spouting vulgarities ... "

! how can! not curse when i meet that kind of b! tch! i still want to wish her a tragic death!”

fang ziqian grabbed luo chenxi’s arm agitatedly. ” how are you doing now? is the injury on your leg very serious? do you need to go to the hospital?”

luo chenxi shook her head. ” i’m fine. i just need to rest for a few days. i should be fine. ” that’s not important, i have something more important that i need your help with.”

fang ziqian had already guessed it. ” you want me to help you contact young master mu? ”

luo chenxi nodded. ” that’s right. i can only rely on your help now. ” your boss, bai shixun, is mu yichen’s good friend. tell him to pass on my situation to mu yichen.”

this was the safest way she could think of.

no matter how scheming luo chenxin was, it was impossible for her to monitor bai shixun.

if he were to look for mu yichen through bai shixun, he would only need to make a few phone calls to settle the matter.

as for herself, she only needed to stay at little qianqian’s house and wait for young master mu to pick her up.

upon hearing luo chenxi’s words, fang ziqian’s expression suddenly stiffened.

“uh, this ...”

she suddenly remembered that she had just quarreled with bai shixun and splashed his face with lemon water.

in the end, he was going to beg for it so soon ...

“what’s wrong? little qianqian? is there something wrong?” luo chenxi asked with a puzzled expression.

fang ziqian quickly shook her head. ” it’s nothing, it’s nothing. i just remembered that bai shixun seems to be attending a signing ceremony today. he might be in a meeting. ” but don’t worry, i’ll give him a call now!”

although she really didn’t want to deal with second young master bai, for the sake of her plastic girlfriend, what was face worth?

Chapter 473: even if you beat luo chenxin to death, she won’t be able to recognize me!

fang ziqian immediately took out her phone and dialed bai shixun’s number.

as she had expected, the call was hung up at once.

fang ziqian didn’t even think about it and immediately made a second call, but it was hung up again.

when she was about to call the third person ...

“i’ll go!”

bai shixun had blocked her number!

luo chenxi was watching from the side. she came to her senses at that moment. 'little qianqian, you didn't quarrel with bai shixun, did you?' you two ..."

she suddenly remembered the photo of the exposé that she had seen on the internet.

she had always suspected that second young master bai's "new love" in the photo was her little qianqian. however, fang ziqian refused to admit it no matter how many times she tried.

boxn ov el. c o m

"nothing happened between us!" fang ziqian interrupted her forcefully, "i always urge bai shixun to come to the company to work, so he doesn't like me and likes to hang up on me whenever i'm free."

"it's fine. it's okay if bai shixun doesn't want to pick up the phone. i'll call the company directly," she explained hastily.

the doubts in luo chenxi's heart grew.

looking at her little qianqian's attempt to cover up, she still said that there was no problem? did he think she was stupid?

however, this was not the time for gossip.

she didn't ask any more questions, but waited patiently.

fang ziqian called the president's office, but it didn't go through. she had no choice but to call the ceo's secretariat.

she was the boss of the ceo secretariat, and there were seven or eight assistant secretaries under her.

"ah? secretary fang, you ... you're looking for the president? but, but ... the president had already left? why didn't you call his cell phone?" the assistant answered the phone in a trembling voice.

terrifying, so terrifying!

just now, ceo bai's expression was already very ugly. now, secretary fang called him and his tone was so fierce ...

what had happened?

"they left? didn't bai shixun just return? why are you leaving?"

the assistant replied, "when the president came back just now, his clothes were all wet and he looked like he was mad. he was looking everywhere for you!" after he heard that you weren't around, he went to the meeting room to sign the papers and left. i ... i think i heard him on the phone saying that he's going overseas on a private jet for two days ..."

"what did you just say? he's overseas?"

fang ziqian was about to explode!

he hung up the phone and said angrily, "bai shixun is so unreliable! every time it's a critical moment, it's of no use at all!"

luo chenxi was frowning as well.

however, she had suffered too many setbacks in the past two days, so she was more composed.

"forget it, little qianqian. don't be anxious. we can think of other ways. can you help me think of a way to meet mu yichen without being discovered by the assassins luo chenxin sent to follow him?"

fang ziqian gradually calmed down. she sat on the sofa and thought about it for a while.

he suddenly said, "oh right, i thought of something. three days later, T city's annual mayor's charity dinner was about to begin. in order to give face to the mayor, all the major wealthy families would definitely attend, and young master mu would most likely be there as well. bai shixun has also received the invitation, but since he's overseas, i can go on his behalf and bring you in!"

luo chenxi's eyes lit up. "this is a good opportunity. little qianqian, i'm still depending on you as expected. it's true love!"

fang ziqian smiled smugly.

however, she hesitated again after thinking about it. "but luo chenxin will probably attend the dinner too. "if she sees you, you'll still be exposed."

luo chenxi was slightly stunned. soon after, she laughed.

"don't worry about that. i have a way. even if you beat luo chenxin to death, she won't be able to recognize me!"

Chapter 474: the pair of them were simply too outstanding

fang ziqian looked at her suspiciously.

"what do you have in mind?"

"well ..." luo chenxi blinked her eyes and paused for a while before she said, "can you guess?"

fang ziqian was speechless.

he suddenly felt like killing his plastic best friend.

luo chenxi noticed that she was about to lose her temper, so she quickly said, "ahem, it's actually not that hard to guess. i can dress up as a man. mu yichen knows that i'm chen xiluo, but luo chenxin definitely doesn't know, right?"

only then did fang ziqian react, and she immediately revealed a look of surprise.

"yes, that's right, this is a good idea! however, your leg ..."

she lowered her head and looked at luo chenxi's right leg that was still wrapped in bandages.

luo chenxi looked like she was in great pain when she walked into the room earlier ...

luo chenxi furrowed her brows for a moment.

he then shook his head. "this ... should be fine, right? anyway, there are still three days left. just rest well and you'll be fine."

.....

three days later.

at the international convention and exhibition center in T city.

T city's annual mayor's charity dinner was held here.

this was a banquet held to raise funds for the major charity organizations in T city, and celebrities would gather every year.

in addition to the major wealthy families, various elites from the political and business world, as well as celebrities, would attend.

there were already many people in the banquet hall when luo chenxi and fang ziqian arrived.

"you two, may i ask who you are ... " a waiter came up to them.

fang ziqian passed the invitation to him. "we're here on behalf of bai enterprise. "

the waiter hurriedly bowed. "please come in, please come in. "

as soon as the two of them appeared, they attracted the attention of many people.

this was because the pair of them were simply too outstanding.

fang ziqian was dressed in a champagne-colored gown, which accentuated her slender figure and her long legs.

luo chenxi had changed into a white suit with a dark-colored bow tie on her chest.

this kind of light-colored suit was originally very picky, but if a man with a slightly less temperament wore it, he would look frivolous.

on the other hand, luo chenxi was able to pull off the suit perfectly.

her exquisite and perfect facial features and elegant temperament were unforgettable.

luo chenxi looked to her left and right. the corners of her lips were curled into a satisfied smile.

"as expected of a banquet personally organized by the mayor. the security here is very good! "

there were security guards everywhere, so it was impossible for the killer to enter.

"of course, let's go in and find her!" fang ziqian laughed.

the two of them walked inside.

many daughters of wealthy families could not help but look at luo chenxi.

there were even people who recognized her as chen xi luo, but could not confirm it, so they were discussing in low voices.

luo chenxi did not even turn her head around.

she had no time to waste.

before the charity auction began, the city hall held a cold dinner party.

at this time, everyone was free to move around, and it was the easiest time to find people.

when the buffet was over and the auction started, everyone's seat would be fixed, and it would be very inconvenient for them to move around.

that was why she had to find mu yichen as soon as possible!

however, luo chenxi and fang ziqian did not see mu yichen's figure after they made a round in the banquet hall.

"what's going on? didn't he come to the auction?" luo chenxi became anxious.

how much self-control had she used to wait until today? she thought that she would be able to see young master mu this time!

if he had not come ...

Chapter 475: luo chenxin, the black lotus, is actually here!

fang ziqian saw the disappointment on her face and held her arm, shaking it.

" don't worry. maybe young master mu is just late? "

"i hope so,"

luo chenxi heaved a sigh softly. she planned to sit at the side for a while.

the injury on her leg had not fully recovered, and she was quite tired after standing for a long time.

however, when she turned around, she saw a familiar figure and her body froze.

"what's wrong, little wei xi?" fang ziqian asked curiously.

he turned around and cursed, " "luo chenxin, the black lotus, is here! her skin is really thicker than the city walls, isn't it?"

.....

boxn ov el. c o m

on the other side, Luo Chenxin was surrounded by a large group of daughters from rich families and rich wives.

everyone was flattering her with all their might.

"young mistress Mu, you're so beautiful. such an exquisite evening dress and such expensive jewelry. only the young mistress of the richest family is worthy of you!"

"Chenxin, you've really made it big now. no wonder you're the famous beauty of T city. none of us sisters have married better than you!"

"she even managed to win over the nation's husband. sister Chenxin is really my idol!"

Luo Chenxin was wearing a haute-couture gown and priceless jade jewelry around her neck and wrists. her makeup and hairstyle were exquisite and perfect.

although she said "you're too kind," the smug smile on her face betrayed her.

the people around her were all rich young ladies and internet celebrities whom she had known before she married Mu Yichen.

these people were in the same circle as her. everyone had sharpened their heads and hooked up with the young masters of the rich families everywhere, wanting to marry into the top rich family.

in the past, Luo Chenxin had "given birth" to young master Mu's daughter, but she still could not marry into the Mu family. she was also ridiculed by many people behind his back.

now that she had successfully taken over, she naturally had to find her "close friends" from back then and show off.

Luo Chen was very proud of himself when he saw that these people were unwilling to give up, but they had no choice but to flatter her.

wasn't this the moment she had schemed to marry into the Mu family?

everyone had to raise their heads to look at her!

this was because she was the young mistress of the Mu family. not only was she rich and powerful, but she was also married to the national husband, Mu Yichen, who was the prince charming in everyone's hearts!

"Chenxin, your dress is so beautiful. it's the most expensive haute couture dress in this year's CHF, right? I heard that just the small diamonds embedded on it are worth nearly ten million. young master Mu really pampers you too much!"

"that's right, that's right. also, this dress is elegant and stylish. only a real rich lady like you can wear it. she's not like those female celebrities who try to seduce men. they're so revealing that they'd rather take off all their clothes!"

the smile on Luo Chenxin's face froze when she heard that.

this conservative evening gown was not her hobby at all.

she liked the kind of dress that exposed her flesh, and it attracted a lot of attention.

however, the evening gowns that young master mu bought for luo chenxi were all of a similar style. they wrapped her up from head to toe.

on the other hand, she had hinted to young master mu for a few days, yet he did not plan to give her any money to buy a new gown. as a result, she had no choice but to sneak into luo chenxi's cloakroom and take one out.

she thought of how mu yichen had given luo chenxi a gown that was worth tens of millions of yuan and did not even spare her a single cent.

she was so angry!

"that damned b * tch. i don't know how she managed to make young master mu happy. she must have used some underhanded means!"

Chapter 476: he's really a top-grade handsome man ...

"by the way, young mistress mu, why didn't young master mu come to the charity banquet today? with such a beautiful wife like you, how can i be at ease letting you attend the banquet alone?"

luo chenxin's expression turned even uglier when she heard the question.

she wanted mu yichen to accompany her.

the problem was that she could not even see young master mu's men more than a few times.

she had no idea what kind of major project the mu group was working on recently. mu yichen spent most of his time working overtime in the office. he would only come back once in a while when she urged him repeatedly.

"hehe, well ... my husband's too busy with work, so i'm embarrassed to pester him every day. even though my husband dotes on me, i can't be too willful ..."

she was halfway through her sentence when there was a commotion at the door.

luo chenxin thought that mu yichen had arrived. she was pleasantly surprised and turned around immediately.

however, the people who appeared at the door were not mu yichen, but a pair of unfamiliar man and woman.

boxn ov el. c o m

the woman's figure was hot. even though the style of her dress was not revealing, she still looked extremely sexy.

on the other hand, the man was exquisite and handsome. he was not the tall and handsome type like mu yichen, but he exuded a unique elegance.

luo chenxin had always liked handsome men.

so, she couldn't help but take a few more glances.

he was really a top-grade handsome man ...

a rich young lady beside him called out in surprise, " "chen xiluo! it was actually chen xiluo! i really didn't expect him to come to tonight's banquet. i really made the right decision to come today."

she took out her cell phone and secretly took a picture of luo chenxi as she spoke.

luo chenxin leaned over and asked, 'what did you say his name was? chen xiluo? who was this person? how come i've never seen him before?'

the young lady replied, "sister chenxin, you just came back from overseas. no wonder you don't know." chen xiluo is a male model who has shot to fame this year. he has only been on one show and appeared on the cover of a magazine once. however, he has become a hit overnight and attracted countless fans!"

"look, look, isn't he so, so handsome? he couldn't find a single flaw in his body! especially his eyes! as long as he takes a look at me, my heart will melt ..."

luo chenxin frowned. " he's just a male model. " i was wondering which family he was from!"

the heiress was a little unhappy when she heard her slandering her idol and frowned.

"you can't say that. look at how handsome our idol is. what's the use of having money? besides, i think our prince charming must come from a very good family. look at that natural aristocratic temperament on him. if he didn't have the influence of a rich family, how could he act so perfectly?"

" also, there's a threshold for tonight's charity banquet. he's not an a-list celebrity, so he must have a good family background to be able to get an invitation from the mayor. "

luo chenxin nodded to herself when she heard that.

he turned around and took a glance at luo chenxi.

this man ... was really outstanding. most importantly, he had a good taste.

she had never hooked up with this type of man before. if she could have a good time with him ...

luo chenxin could not help but lick her lips.

she noticed that chen xiluo, who was sitting opposite her, seemed to be looking at her from time to time.

could it be that the other party was also interested in her?

as luo chenxin thought about this, she threw a coquettish glance in luo chenxi's direction and cracked into a charming smile.

.....

it was true that luo chenxi had been paying attention to luo chenxin.

if fang ziqian hadn't been holding her arm tightly, she would have rushed up to beat him up.

Chapter 477: this was the man she liked ...

when she thought about everything luo chenxin had done to lu wenjun and the scene of her throwing herself into mu yichen's arms, luo chenxi had the urge to kill someone!

"little wei xi, be patient, be patient! think about your mommy! we're here to find young master mu, not to cause trouble."

luo chenxi took a deep breath and said, " i know ... "

before she could finish her sentence, her eyes suddenly widened.

he couldn't help but curse. " f * ck! "

that was because luo chenxin had actually winked at her in front of so many people.

luo chenxi almost vomited when she saw the girl's face that was identical to hers and her disgusting expression.

"i really want to scratch her face, what should i do? how can there be such a shameless person in this world!"

she had schemed to marry into the mu family and even wanted to seduce people everywhere.

boxn ov el. c o m

"calm down, little wei xi, calm down!"

fang ziqian held on to her with all her might.

at this moment, a surprised cry came from the door, " "young master mu, you ... you've finally come! i'm really happy that you're able to attend the banquet in person today."

the mayor personally accompanied mu yichen into the banquet hall.

the entire banquet hall fell silent spontaneously as soon as mu yichen appeared.

he had a tall and straight figure, a handsome face, and a strong and pressing aura.

there was a type of man who could intimidate everyone just by standing there quietly.

luo chenxi's eyes lit up upon witnessing the scene.

this was the man she liked ...

chen xi luo's appearance had caused a commotion.

however, it was still far from young master mu's stance.

the mayor was the organizer of the charity banquet and the host of the place, but he followed behind mu yichen with an ingratiating expression on his face.

“young master mu, please come in. are you hungry? we’ve prepared a cold meal, and we’ve invited a michelin chef ...”

mu yichen furrowed his brows ever so slightly. he had an impatient look on his face. “ i’m running out of time, so i don’t have time to eat. when does the charity auction start? ”

ever since his little woman had gone missing, he had been in no mood to do anything other than look for her every day.

even the mu group’s official affairs were mostly handled by mu yunfeng on his behalf.

if tan yueru hadn’t told him that he had to give the mayor face and insisted on coming, he wouldn’t have planned to be there at all.

“then let’s start the auction immediately!” the mayor quickly said. everyone, the cold dinner is over. please go to the auction hall at the back and sit down according to your arranged seats. the auction will begin in ten minutes.”

the entire event schedule was changed because of mu yichen’s one sentence.

however, no one present dared to protest. they all obediently followed the arrangement.

mu yichen entered the auction hall under the escort of the mayor and the staff.

luo chenxi felt depressed at once.

this man ... he didn’t even stay in the banquet hall for a moment!

what should she do now?

helpless, she could only say, “little qianqian, let’s hurry to the auction hall. we have to hurry.”

it seemed that he could only wait until the auction was over.

she turned around to leave, only to find that fang ziqian was not following her.

luo chenxi turned around and asked in astonishment, “ “little qianqian, what’s wrong?”

the corners of fang ziqian’s mouth twitched. “ it’s nothing. let’s go in! ”

bai shixun!

why did this fellow return to the country? he even came to the venue with mu yichen!

he didn’t appear when she wanted him to appear, and she didn’t want him to appear blindly when she wanted him to.

how could there be such an annoying man?

Chapter 478: what kind of woman could capture the heart of a national husband?

before luo chenxi and fang ziqian could enter the auction hall, they saw a figure with a pungent smell of perfume squeezing into the auction hall before them.

luo chenxin was so excited that her face turned red when she saw mu yichen earlier.

from her point of view, mu yichen had already said that he would not be attending the charity auction, yet he had come here specifically to attend it.

he must have come to accompany her.

she immediately lifted her head and puffed out her chest. she lifted the hems of her dress and waited for mu yichen to walk toward her. she had become the object of envy, jealousy, and hatred of all the women on the scene!

unexpectedly, mu yichen did not even spare her a glance. he turned around and walked toward the auction hall after exchanging a few words with the mayor.

the young ladies around luo chenxin were a little confused.

“eh? why did young master mu just leave like that?”

“luo chenxin, didn’t you say that you and young master mu are very loving? why didn’t young master mu leave with you when he’s here?”

boxn ov el. c o m

“yeah, he didn’t seem to notice chenxin ...”

luo chenxin’s body stiffened. after a while, she forced a smile.”ahem, this ... this is because ... yichen didn’t know that i would come to the banquet alone. he thought i wasn’t here! i ... i’m going to find him now. everyone, please excuse me ...”

luo chenxin quickly shook off the people around her and walked into the auction hall in quick steps to catch up with mu yichen.

mu yichen arrived at the best spot in the vip area on the first floor under the staff’s guidance.

just as he was about to take a seat, he heard a sweet voice from behind him.”hubby, why didn’t you tell me that you’re coming over? i thought you wouldn’t be free to come today.”

hearing the word ” husband, ” the staff looked up in surprise.

the other distinguished guests around them also cast curious looks at luo chenxin.

even though luo chenxi had made an appearance at old master bai’s birthday banquet the last time, not many guests were invited at that time. most of the guests were from the prestigious families that were on good terms with the bai family.

this time, there were many people attending the charity dinner hosted by the mayor. there were elites from various industries.

most people had no idea that mu yichen was already married.

they were all shocked.

what kind of woman could capture the heart of the nation's husband and make him walk into the tomb of marriage willingly?

sensing everyone's gaze, luo chenxin felt smug again.

ever since she had successfully married into the mu family, she had been the object of everyone's envy wherever she went.

this feeling ... was simply too good!

"honey ..."

she stretched out her hand to pull mu yichen's arm.

however, mu yichen acted as if he did not see her at all. he did not even hear her voice. he turned around and walked toward the seat that was arranged by the staff.

luo chenxin immediately sat down beside him.

but before his butt could touch the seat, he was stopped.

" i'm sorry, miss luo. this is my seat. didn't you see the name tag behind the seat? " bai shixun interjected with a half-smile.

luo chenxin was stunned for a moment.

she had known mu yichen's good friend, bai shixun, since three years ago.

in the past, he had even thought of hooking up with her.

however, although bai shixun was really handsome, he was also really bad. he had fooled her a few times and almost embarrassed her.

luo chen had a lingering fear and did not dare to provoke him. he had no choice but to stand up and give up his seat.

bai shixun did not want to give up his responsibility. he sat down next to mu yichen.

Chapter 479: i believe that my husband has moral integrity and good taste!

luo chenxin gritted her teeth in anger, but she refused to give up.

she then went around to the seat on mu yichen's other side and sat down.

" cough, cough, young mistress mu ... " the mayor coughed awkwardly.

this was originally his seat.

however, he did not have bai shixun's strong confidence. he was too embarrassed to ask the couple to sit separately.

after some thought, she could only move to the side and let luo chenxin sit next to mu yichen.

luo chenxin was elated that she had achieved her goal.

she did not care about mu yichen's cold face as she kept sticking to him.

in the back row of the ordinary guests' seats.

boxn ov el. c o m

fang ziqian craned her neck and looked ahead, her face full of anger. "ah, ah, ah, i'm so angry! luo chen's heart was sticking to young master mu again! how can this woman be so shameless!"

on the other hand, luo chenxi had calmed down at this moment.

she followed the staff's instructions and sat down, pulling fang ziqian along.

"little qianqian, hurry up and sit down. the auction is about to start. you're too conspicuous standing there."

fang ziqian's eyes widened in disbelief. "little wei xi, are you out of your mind? it's good to be conspicuous. only by being conspicuous can young master mu see you! did you see luo chenxin? she couldn't wait to stick to young master mu. aren't you afraid that young master mu will be seduced by this vixen?"

luo chenxi pursed her lips.

of course, she was upset, but ...

"didn't you see that mu yichen was ignoring her? i believe that my husband has moral integrity and good taste!"

fang ziqian opened her mouth. "young master mu's performance was not bad, but ... but, if you miss this opportunity and don't clear things up with young master mu, then she'll have to continue to jump around young master mu!"

luo chenxi smiled and said, "don't worry. since i'm here, of course, i have a way to contact mu yichen. just you wait!"

"it's already like this, and you two are sitting so far away, it's like the milky way! there's also that vixen, luo chenxin, sticking close to you. what other way do you have to contact young master mu?" fang ziqian frowned in disbelief.

"of course, i ..."

luo chenxi was only halfway through her sentence.

suddenly, a staff member approached and interrupted her.

"you two, you're here on behalf of the bai group, right? may i ask, what items do you intend to donate to today's charity auction?"

the items for the charity auction were all donated by the invited guests.

the funds earned from the auction would be used as charity funds to donate to various charity organizations.

generally speaking, donations were voluntary.

however, most of the celebrities who came to the mayor's charity banquet were trying to build an image of their passion for charity, so there were very few who were unwilling to donate.

fang ziqian had come on behalf of bai enterprise, so of course, she was well prepared.

master bai presented an antique vase from the ming dynasty as the auction item.

she carefully took out the wrapped box and told the staff, "everyone, please be careful. this vase is very fragile."

the staff member nodded in agreement and was about to leave with the box.

luo chenxi suddenly spoke.

"wait a moment, i also have an item."

luo chenxi took out an exquisite jewelry box from her suit pocket and opened it gently as she spoke.

in an instant, the light reflected from the diamond was so dazzling that it hurt people's eyes.

Chapter 480: don't tell me this is a love token from young master mu?

a butterfly brooch inlaid with diamonds and rubies was lying quietly in the center of the jewelry box.

the unique design and exquisite craftsmanship made the brooch look like a real butterfly, vivid and lifelike.

the staff member was obviously stunned.

obviously, he had never thought that someone would actually take out such precious jewelry and donate it to the auction.

even if he didn't know much about jewelry, he could tell that this butterfly brooch was worth at least ten million yuan!

it was difficult to judge how high it was.

of course, there were also people who donated items worth hundreds of millions at the charity party.

however, they were all the young masters of the top aristocratic families who sat in the first row of the vip seats.

even if it was a hundred million yuan, it was just an ordinary expense to them.

on the other hand, luo chenxi was seated in the ordinary guest's seat. it would be considered a good result if the guests here could donate one million yuan.

luo chenxi noticed that he was stunned. she smiled and said, " "what's wrong? is there something wrong with my item? by the way, i can also provide the certificate of identification for this brooch."

"no, no, absolutely not!" the staff member shook his head vigorously, and his attitude towards her was much more respectful than before.

"sir, please sign here for registration. the mayor and all the people who received the donation will thank you from the bottom of their hearts."

fang ziqian cried out in shock after the staff left.

"little wei xi, you ... you actually have such expensive jewelry! are you crazy? he actually donated such an expensive item! do you know how much that brooch is worth?"

luo chenxi shook her head. " i don't know, but i'm guessing it'll cost at least tens of millions. "

"you knew and still donated! look, i'm here on behalf of master bai, and i only donated a vase that's worth a few million! you actually just waved your hand and donated such an expensive thing!" fang ziqian said anxiously.

luo chenxi smiled. " weren't you the one who told me to seize this opportunity and contact mu yichen? "

"yeah," fang ziqian blinked her eyes. " but, this donation to you ... ah! "

she was halfway through her sentence when she suddenly thought of something and exclaimed, " "that brooch ... could it be a love token given to you by young master mu?"

luo chenxi immediately recalled the night more than ten days ago when she heard her mention the love token.

on the ferris wheel, that cold and handsome man had proposed to her with an awkward expression.

he still refused to admit it ...

a sweet smile slowly appeared on her lips. " well ... i guess so! "

"you actually donated the love token that young master mu gave you! aren't you afraid that he'll tie you to the bed and punish you with his body for seven days and seven nights after he finds you?" fang ziqian almost screamed.

luo chenxi quickly covered her mouth. " hey, hey, hey. why are you screaming so loudly? and what did he mean by ... punishing her with his body? can you not be so dirty? 'besides, why would mu yichen punish me? i'm doing this so that i can meet him. besides, i only took out the brooch because i knew he was at the scene."

she believed that young master mu would definitely pay to get the brooch back.

even though this would definitely cost a lot of money.

however, she had heard from tan yueru that the mu family would donate hundreds of millions of yuan to charity at the mayor's charity banquet every year.

she would just treat this as her doing charity for her husband ...
