

Sweetheart 481

Chapter 481: spend money well and be a competent young mistress mu

the auction items were gradually brought backstage.

after a period of preparation, the charity auction officially began.

the guests at the banquet were indeed elites from all over the world, and the items they donated were all very good.

however, luo chenxi and fang ziqian did not make any bids.

fang ziqian had completed her mission by delivering master bai's vase. she was staying there mainly for luo chenxi's sake.

on the other hand, luo chenxi was not there for the auction, so she was distracted.

because the guests below the stage were bidding enthusiastically, the auction progressed very quickly.

the auction items quickly took turns to appear on the stage.

"ladies and gentlemen, our auction just now was only a warm-up. the value of the items up for auction is not high, but i didn't expect everyone to be so enthusiastic. now, we're going to enter the most anticipated part of the auction. the next items are all worth more than 10 million! it was donated by the most generous guests today. on behalf of the mayor, i would like to express my gratitude to them!"

boxn ov el. c o m

a warm round of applause rang out.

after the applause died down, the host smiled and said, "next, please look at the first item."

"this pink diamond necklace was donated by mrs. sheng. the pink diamonds on it all came from ..."

luo chenxi happened to raise her head to take a glance at the necklace. her eyes lit up at once when she saw the necklace.

this kind of colored pink diamond was very difficult to find. sometimes, even if you had money, you couldn't get it. not to mention, the design was also very unique, full of a dream-like girlish feeling.

the last time mu weiwei mentioned that she was going to attend the graduation party, this necklace would match the gown she had designed perfectly ...

"the starting bid for this pink diamond necklace is...10 million chinese dollars!"

as the host's voice fell, the guests present began to bid.

"eleven million!"

"12 million!"

“13 million!”

luo chenxi raised her sign too. “ fifteen million! ”

fang ziqian did not expect her best friend, who had been silent all this while, to suddenly raise the bid. furthermore, she raised the bid to 15 million!

she was so shocked that she almost fell off her chair.

she cleared her throat and coughed. “ cough, cough. little wei xi, you ... what price are you offering for nothing? ” do you have 10 million?”

before she could finish her sentence, luo chenxi’s bid was surpassed by someone else.

“16 million!”

fang ziqian heaved a sigh of relief. “ alright, stop screaming. aren’t we here to see young master mu today? don’t cause any unnecessary trouble ...”

” 17 million!! ” luo chenxi raised her board again.

fang ziqian’s words of persuasion were stuck in her throat.

luo chenxi had just noticed fang ziqian’s words. she turned around and took a glance at her. “ it’s alright. i’m just taking a shot of a necklace. this one’s really beautiful. ”

“it’s nice, but do you have money?” fang ziqian gave her a sidelong glance.

when little wei xi came to seek shelter with her, she did not even have a cell phone, nor did she have a single cent on her!

she actually wanted to bid for such expensive jewelry!

luo chenxi had an innocent expression on her face. “ i don’t have any money now, but i’ll have money later. i can ask my husband to pay for it, right? ”

she had bid for the jewelry, so how could young master mu deny it?

in the past, he was the one who taught her every day to spend money well and to be a competent young mistress mu.

only then did fang ziqian react, and she almost choked to death.

” cough, cough, cough, cough ... ”

he coughed continuously and could not recover for a long time.

Chapter 482: excessive yearning, lovesickness turning into illness

she really had a cheap mouth, why did she ask this question!

he had been stuffed with dog food again!

just when luo chenxi felt that victory was within her grasp, another voice was suddenly heard.

“18 million!”

it had exceeded her bid.

it was a very normal thing in itself, but luo chenxi squinted her eyes and her expression turned cold when she saw the position of the person who raised the placard.

the person who was bidding against her was luo chenxin!

“19 million!” luo chenxi raised her paddle without the slightest hesitation.

luo chenxin, twenty million!

boxn ov el. c o m

“21 million!”

“22 million!”

.....

“thirty million!”

fang ziqian’s heart trembled when she heard luo chenxi’s outrageous bid.

even though she had almost choked on the dog food just now, she couldn’t help but risk her life to speak up.

” little wei xi has already ... already reached 30 million!! ”

luo chenxi did not make a sound. her expression was extremely calm while she looked straight at luo chenxin’s direction.

although she could not see luo chenxin, she could tell that she did not raise her sign again.

the guests present were also stunned by the price.

the host had just shown everyone the appraisal report of this pink diamond necklace. it was estimated to be worth about 20 million.

although, in charity auctions, in order to show their enthusiasm for charity, many people would deliberately raise the price of the auction items, and it was common for the final price to exceed the actual value.

however, a 50% premium for a necklace ...

this was obviously not for charity, but for the two sides of the auction to argue.

“amazing, it’s been a long time since i’ve seen the rich fight for wealth between the top tycoons. who do you think will win?”

“isn't that nonsense? it was obviously young mistress mu! that was the number one wealthy family, the mu family! i don't even know the background of the person who bid against her. he's even sitting in the ordinary guest seats, so he shouldn't be a top-class rich man, right?”

” perhaps young master mu will directly offer 50 million to give madam this face. ”

all the guests had the same thought.

however, what they did not know was that luo chenxin was looking at young master mu with a nervous expression.

“hubby, i really like this pink diamond necklace ...”

luo chenxin had taken money from tan yueru before she came.

tan yueru was afraid that she would embarrass the mu family at the charity banquet, so she reluctantly gave her 30 million yuan.

at present, luo chenxi had already offered thirty million.

luo chenxin was afraid that she would really be embarrassed if she continued to shout, so she did not dare to shout any higher.

she turned around and looked at mu yichen who was beside her, hoping that young master mu would step forward and buy the necklace for her.

in this way, she would have some face.

everyone would know that she was the woman who was loved by young master mu.

“honey ...”

however, mu yichen acted as if he did not hear her no matter how coquettishly she acted. not only did he not spare her a glance, but he also had an anxious expression on his face. he would turn his head to look at her from time to time.

even bai shixun noticed his odd behavior. ” yichen, what's wrong? ”

mu yichen frowned and leaned back on the chair again. ” it's nothing. ”

he did not know why, but he felt that the voice that was bidding against luo chenxin behind him was somewhat familiar.

it even reminded him of his little woman's deliberately lowered voice when she disguised herself as a man.

he was really ...

excessive yearning had turned lovesickness into illness.

in fact, he was starting to hallucinate.

Chapter 483: this ... this brooch ...

” thirty million going once, thirty million going twice ... ”

when the host said this, he deliberately slowed down his speech, his eyes still glancing at the audience.

he was waiting for mu yichen to make a bid.

everyone thought that young master mu would definitely win the bid for the necklace.

it was rumored that he doted on his wife very much and would grant all her requests. he even couldn't help but kiss and torture the dog at banquets.

even if they didn't have a good relationship, he would still bid for mrs. mu's sake in this situation ...

however, the host waited and waited, but mu yichen still did not say a word.

luo chenxin's face turned pale.

this host was really blind!

boxn ov el. c o m

if this continued, wouldn't she be reminding others that her husband was ignoring her?

the emcee came back to his senses and coughed twice. ” ... thirty million going thrice! congratulations to the man number 289 for obtaining this pink diamond necklace!”

the host gave the final word.

the guests were all shocked.

“what's the situation? young master mu didn't bid for his wife?”

” doesn't young master mu like to do charity? he didn't like anything in the past, but he still bid for it with a thousand gold coins? ”

“that's right. also, when i talked to young mistress mu just now, she said that young master mu dotes on her a lot! now it seems ...”

luo chenxin's face suddenly turned the color of a pig's liver.

never in her wildest dreams did she expect that mu yichen would not give her any face at all at such a public banquet!

she was practically stepping on her face.

she furrowed her brows in grievance and leaned over pitifully. ” hubby, you ... how could you do that just now? so many people were watching! people will laugh at me if you do this ...”

mu yichen glanced at her coldly and spoke to her for the first time.

“what does that have to do with me?”

luo chenxin's expression froze instantly.

after a while, she spoke with a trembling voice, " but ... but, hubby, i'm your wife. we even have such a cute daughter like tang tang ..."

the anger in mu yichen's heart burned even more intensely when he heard her mention the little dumpling.

however, he couldn't vent his anger here.

he endured it for a while, bid for a few items, and donated the money.

just as he was about to leave, the host smiled mysteriously and took out a new item, explaining and displaying it on the stage.

"i know that everyone is a little regretful after missing out on that pink diamond necklace, but our next item will definitely surprise everyone even more! everyone, please take a look at this butterfly brooch!"

suddenly, a series of exclamations came from the guest seats.

even bai shixun could not help but exclaim in a low voice, 'this is too beautiful! this brooch is worth at least tens of millions. who's so generous to be able to donate it?"

initially, mu yichen was not interested in any of the auction items. however, the mention of the butterfly brooch instantly reminded him of his little woman.

he subconsciously looked up.

instantly, his entire body trembled as if he had been struck by lightning!

this ... this brooch ...

wasn't it the one he had given to the little woman?

this was the ruby and diamond that he had personally bought at an auction in country Y. then, he had found the best jewelry designer to embed it. there was no way there would be a second one in the world that was exactly the same!

why did this brooch appear here?

could it be that his little woman had come here and took out the brooch to attract his attention?

or ... did something bad happen to her, and the brooch was taken away and brought here?

Chapter 484: she's ... she's fine, and she's even at the auction!

countless thoughts gushed into mu yichen's mind in an instant.

his heart almost stopped beating at the thought that his little woman might be in danger.

when he thought about how she might be nearby, he felt his heart beat so fast that it was about to jump out of his chest.

the two completely opposite speculations and emotions kept tearing at each other in his body, making him unable to sit still any longer.

she stood up from her seat and turned around to look for her.

bai shixun stopped him in time. "hey, wait. yichen, where are you going?" the auction was not over yet! there's only one last item left, can't you just bear with it?"

"i can't wait ..."

he was halfway through his sentence when the host's voice came from the stage.

..."that's all for this auction item. i'm sure everyone is already clear on its value. it was donated by a mr. chen xiluo. let's first applaud him to express our gratitude for his contribution to T city's charity."

boxn ov el. c o m

thunderous applause rang out.

as the guests clapped, they couldn't help but discuss in low voices.

they were all trying to guess who this newly-promoted top tycoon was. what was his background?

why was he so rich and inhumane?

the eyes of some of the younger heiresses lit up.

in their eyes, chen xiluo was already at the level of a male god. now, he was actually so generous. didn't this mean that his family background was also very shocking?

for a moment, many people were excited.

the moment mu yichen heard chen xiluo's name, his tensed body relaxed a little.

it was chen xiluo!

wasn't that the name the little woman used when she was disguised as a man?

in that case, she ... she was really fine! he even came to the auction!

he turned his head anxiously, looking for his little woman in the crowd.

however, luo chenxi and fang ziqian's seats were very far back. he could not find them in such a short time.

he got up and prepared to personally go to the back to find her.

but at this moment, the host's voice once again entered his ears.

"... the starting price of this butterfly brooch is 40 million. you can start bidding now."

there were many people who were interested in the butterfly brooch.

although the price of 40 million was enough to scare 99% of the people, there were still a few daughters and madams of the top rich families who competed with each other to bid.

the more one was born into a wealthy family, the more one could see the value of this brooch.

this was a piece of fine jewelry that couldn't be bought with money, and could be passed on to the family!

"45 million!"

"50 million!"

"55 million!"

the price soared.

mu yichen frowned when he heard these voices. he stopped in his tracks.

this stupid woman had actually donated their engagement token!

she wasn't afraid that the brooch would be won by someone else!

this little woman had no conscience. he couldn't just watch as the brooch was bought by someone else. he could only sit back down.

he raised the number plate in his hand. " 100 million! "

in an instant, the entire auction hall was silent.

everyone was shocked by this shocking bid.

after all, the highest bid just now was just over sixty million. there was still a lot of room for bidding.

who knew that someone would suddenly jump over such a huge price range and directly raise the price to 100 million!

the crowd was shocked. when they turned around and saw that the bidder was young master mu, they immediately heaved a sigh of relief with an 'i see' expression.

Chapter 485: hurry up and get back, don't embarrass yourself here!

with young master mu's financial resources, if he wanted to buy something, it would be the most direct way.

after mu yichen called out a hundred million, all the bidders fell silent.

although this butterfly brooch was beautiful, even the daughters of the top rich families could not take out 100 million in cash at once.

even if they could, few people would dare to raise the price against young master mu.

"one hundred million going once, one hundred million going twice, one hundred million going three times! congratulations, young master mu. the most valuable finale item of our charity auction tonight is now yours."

the host congratulated mu yichen with a smile on his face.

the mayor was also smiling very happily.

this charity auction had earned nearly 300 million in charity funds. it was a great success and would be a great stroke in his political career.

“young master mu, congratulations ...”

boxn ov el. c o m

he stood up, wanting to thank the big financier of the day.

however, mu yichen ignored him. instead, he stood up immediately and walked toward the host.

“where’s the brooch?”

the host was stunned.

he soon realized that mu yichen was asking him for the brooch that he had just obtained.

normally, the auctioned item could not be taken away immediately. the person who had won the item had to pay at the auction house and sign the relevant agreement before they could take the item.

this was to prevent many people from bidding a high price and not being able to afford it afterward.

however, it was mu yichen who had made the request!

no one would doubt his wealth.

the host didn’t even think and quickly picked up the jewelry box from the table.

“young master mu, the brooch is here. please take a look. i really have to congratulate you. this brooch is exquisitely designed, and it can especially set off a woman’s elegant temperament. your wife is so beautiful, and it really complements this brooch.”

luo chenxin could not help but smile when she heard the host’s compliment.

the awkwardness caused by mu yichen’s refusal to bid for the pink diamond necklace earlier had already vanished without a trace!

as it turned out, mu yichen did not buy pink diamonds because he felt that cheap jewelry was not good enough for her.

he wanted to buy her this exquisite and perfect butterfly brooch!

that’s right, only such high-quality jewelry was worthy of her status as mrs. mu.

many of the guests around them thought so and cast envious looks at luo chenxin.

especially the rich ladies who had just lost the bid. they felt even more bitter. why didn’t they have such a handsome and rich perfect husband?

luo chenxin walked forward with a sweet smile. “ thank you, hubby. i like this brooch very much! ”

as she spoke, she reached out to take the jewelry box from the host.

the host didn't think much about it. he thought that young master mu must have bid for this piece of jewelry to please his wife, so he handed it to luo chenxin.

who would have known that mu yichen would suddenly stretch his hand out between the two of them and grab the jewelry box before taking it away?

luo chenxin and the host were both stunned.

"h-hubby?"

"young master mu? you are ..."

mu yichen's icy cold gaze swept across luo chenxin's face. " when did i say that this brooch was for you? " don't think too highly of yourself! which part of you is worthy of this brooch? hurry up and go back, don't embarrass yourself here!"

after he finished speaking, he stuffed the brooch into the pocket of his suit and turned to leave.

luo chenxin was stunned and her face gradually turned red.

mu yichen did not lower his voice at all when he spoke.

many people in the surroundings heard these words.

Chapter 486: how smug and arrogant she was just now was how embarrassing she was now

the ladies who were envious of her good husband could not help but laugh.

" it seems that we were wrong just now. we thought that young master mu really doted on his wife, so he spent a lot of money. in the end, it's not the case at all! "

"aiyo, i told you, who is young master mu? how could he be interested in a woman like luo chenxin? he even spent a hundred million yuan to buy her jewelry? he's not blind!"

"that's right, who doesn't know what kind of woman she is? did she really think that she was young mistress mu, acting all high and mighty just now? look at young master mu's attitude towards her!"

"i'm going to die of laughter today. luo chenxin has been bragging about how much young master mu dotes on her, but what's the result? young master mu is simply treating her like a buzzing fly!"

as the saying goes, everyone kicks a man who is down.

luo chenxin had mocked many people just now because of her status as young mistress mu. she had long become the target of everyone's jealousy.

now that mu yichen had left her behind, the people who were waiting to see her make a fool of herself could not help but ridicule her.

she had been so proud and arrogant just now, but now she was as embarrassed as she was now.

boxn ov el. c o m

luo chenxin's face grew uglier and uglier. she was too ashamed to stay there any longer.

she quickly covered her face and ran to the door.

in the end, when she left the auction hall, there was a flight of stairs at the entrance. she ran too fast and didn't see it, so she stepped on nothing.

his body swayed and he suddenly fell to the ground.

"clang!" there was a loud sound.

she was tripped by the long skirt and fell face down on the ground.

at the same time, she heard a light "chi la" sound behind her.

the fabric used for the evening gift was very light and fragile, and it couldn't withstand her tossing at all. it actually tore apart the moment she fell.

the cloth on her back was torn, and the crack extended from her back to her tailbone.

this way, the entire gown loosened and fell down.

seeing this scene, the guests at the scene were in an uproar.

no one had expected to see such an explosive scene in such a formal setting!

to a rich lady, it didn't matter how she lost her composure normally. however, in a public place like this, she couldn't make any mistakes in etiquette.

especially since there were so many reporters present today!

even if her dress was a mess and her hair was not done properly, she would still become a black spot for the media to report and become a laughingstock in the upper-class circle.

however, luo chenxin had fallen flat on her face in front of so many people!

furthermore, it looked like he was going to run around naked ...

in an instant, countless discussions and sneers sounded.

luo chenxin wanted to kill herself.

today was her first time attending a formal event since she became young mistress mu. it was supposed to be a day for her to show off!

why did it become like this?

.....

on the other side.

luo chenxi held fang ziqian's hand and left the venue early after she saw that mu yichen had successfully bid for the butterfly brooch.

the two of them stopped in front of the lobby.

luo chenxi reminded her, 'little qianqian, i'm going to explain the whole thing to mu yichen. i'll need a quiet environment, so i'll wait for him at the underground parking lot first.' you stay here and keep an eye on him. if mu yichen can't find me, bring him here."

fang ziqian nodded her head. " don't worry, i'll handle it! "

"thank you!"

luo chenxi and fang ziqian hugged each other before she turned around and left.

Chapter 487: stupid woman, i dare you to sneak away again!

fang ziqian pondered whether she should look for mu yichen directly.

in the end, when she turned around, she saw young master mu's face full of anxiety as he strode towards her.

"young ... young master mu, little wei xi has something very important to tell you. she's afraid that you'll get too excited and attract attention if you stay here," she quickly said. she didn't mean to ..."

"i know what she's going to say! you just have to tell me where she is!"

mu yichen gritted his teeth and forced himself to be patient as he spoke to fang ziqian.

his heart was filled with pent-up anger. if he didn't remember that the girl in front of him was someone his little woman valued, he would have grabbed her and shook her.

he had seen the two women standing together from a distance, but when he got closer, he saw that only one of them was left.

fang ziqian shivered and quickly replied,"she said she's waiting in the underground parking lot ..."

before she could finish her sentence, mu yichen had already turned around and started running.

boxn ov el. c o m

after a few seconds, he was gone.

fang ziqian touched her face, which had turned stiff from fear. " little wei xi, i've tried my best. it's not that i don't want to help you explain, but young master mu is too scary. " but it's okay. even if he's angry, he'll tie you to the bed for seven days and seven nights at most. just bear with it. i will pray for you!"

as she mumbled, she turned around and prepared to go home.

after taking a few steps, he heard a voice that said through gritted teeth.

"fang. zi. qian! where do you think you're going?"

fang ziqian shivered, feeling goosebumps all over her body.

"damn, bai shixun! why hasn't this guy left yet?"

she felt guilty when she thought of how she had poured a pot of iced lemon water on bai shixun's head a few days ago.

he turned around nimbly and ran away.

bai shixun caught up with him in exasperation.

"damn woman, you actually dare to run! stop right there!"

.....

underground parking.

luo chenxi was still mumbling to herself as she walked.

"hmm, which car is mu yichen's? he usually likes to take a cadillac to this kind of event, so it should be ..."

it seemed that this would calm her uneasiness a little.

now that she thought about it, she had slept with him and then slipped away without taking responsibility. she was really a scumbag.

he cheated her of her money, sex, and feelings.

in the end, he didn't even tell her his real name.

if mu yichen knew the truth, not only would he not be happy, he might even have the thought of tearing her apart!

she shuddered at the thought of young master mu's angry face.

"it's so scary. why don't i go back first and see you another day ..."

"stupid woman, i dare you to sneak away again!!!"

the man's furious voice came from behind her.

luo chenxi's heart skipped a beat. she turned around abruptly.

mu yichen's figure appeared in front of her. he was walking toward her in large strides.

he was just like how she had repeatedly described him in her memory. tall and straight, strong and cold.

the man's handsome face was filled with anger. his jawline was tightly clenched, and his deep black eyes were filled with anger as he stared at her.

luo chenxi was overwhelmed with complicated emotions the moment she saw him.

he actually had the urge to cry.

her lips trembled slightly. "mu ..."

just as she spat out a word, she suddenly felt a strong force coming at her.

the man pushed her shoulders roughly and pressed her firmly against the wall.

immediately after, her scorching hot lips blocked his without any explanation.

Chapter 488: take this damn woman home and punish her severely!

mu yichen kissed her eagerly and fretfully. he did not give her any breathing space at all.

luo chenxi was shocked by his sudden invasion. she wanted to struggle subconsciously.

however, she was firmly clamped down by the man and could not move.

the strong masculine aura came from all over and occupied her breath.

luo chenxi was concerned that they were in the parking lot and she was dressed in men's clothes. she wanted to push mu yichen away.

however, under the man's irresistible control, she gradually lost the will to struggle and her body gradually relaxed.

this kiss was too intense and too familiar.

during the time she was away from mu yichen, she would recall the feeling of this man kissing her almost every night.

after an unknown amount of time.

boxn ov el. c o m

it was only then that mu yichen let go of the little woman in his arms.

luo chenxi immediately raised her head and took in big gulps of fresh air.

this man ... did he have to be so agitated!

she was about to suffocate to death because of him!

luo chenxi raised her hand and pushed the man's chest in an attempt to push him away.

she could exert her strength, but her legs suddenly went weak. her entire body felt weak as she fell down while sticking close to mu yichen's body.

mu yichen grabbed her slender waist and carried her on his shoulder.

luo chenxi's petite face was flushed red. "m-mu yichen! put me down, you're crazy! this ... this is the parking lot!"

there were surveillance cameras in the parking lot!

moreover, she was still using the identity of chen xiluo and was wearing men's clothes!

the thought of them kissing so intensely just now might have been captured by the surveillance cameras made her want to kill herself!

perhaps, tomorrow's headlines would be 'the nation's husband, mu yichen, suspected to be gay, kissing and showing off his love with his gay lover in the carpark'.

the scene was too beautiful, she ... did not dare to look.

however, mu yichen did not have any qualms about this at all.

the only thought in his mind right now was to capture this damned little woman and bring her home to punish her severely!

he had to teach her a good lesson and let her know the serious consequences of running away from home so that she would not dare to do it again!

this was simply defying the heavens!

mu yichen lifted her up and walked toward his car.

"mu yichen, let me go! let me go!"

luo chenxi struggled with all her might, but it was to no avail.

mu yichen clasped her waist firmly. his hot and powerful palm was placed on her buttocks while his voice was hoarse and deep.

"be good. you don't want me to punish you right here, do you? hmm?"

as he said that, his hand threateningly rubbed her perky body.

luo chenxi almost jumped up in shock.

"m-mu yichen ..."

before she could finish her sentence, the elevator door to the parking lot suddenly opened.

a few people walked out from inside.

luo chenxi held back the words that she did not manage to say.

she glared at mu yichen with an extremely fierce gaze to signal him to let her go.

young master mu raised his eyebrows disapprovingly. not only did he not let go, but he also tilted his head and gently licked her earlobe.

"you ...!"

luo chenxi could not help but shriek aloud again.

however, she immediately realized that something was wrong and shut her mouth.

however, the few people who had just come down from the elevator heard the noise and turned to walk over.

"mr. chen, mr. chen heiluo? are you here?"

the voice sounded familiar. it was the host of the auction!

luo chenxi's entire body stiffened. she did not even dare to breathe loudly.

the host turned around and asked in confusion, " "didn't you say that mr. chen was in the garage? why isn't anyone here?"

Chapter 489: did he ... discover some incredible secret?

the staff member was also confused. " i don't know? i clearly saw mr. chen coming this way. he probably didn't have time to drive the car away, right?"

some people couldn't help but speculate,"mr. chen isn't playing with us, is he?" after bidding for the pink diamond necklace, he didn't even pay and left."

if it was an ordinary auction, every guest who entered would have to pay a huge deposit first.

if they went back on their word after winning the auction, the deposit would be paid to the auction house.

however, a charity auction was different. everyone was willing, and there was no need for a deposit.

moreover, the amount of money raised by the charity auction was reported to the major news media as soon as possible today.

if this sum of money was not gathered, it would have an impact on the prestige of the entire city hall.

this was why the staff member was so anxious.

when the host heard this, he shook his head. " it's definitely impossible for them to fool us. didn't you see that the butterfly brooch he donated was sold for 100 million? he was probably in a hurry to leave and had forgotten about this! everyone, hurry up and shout. find mr. chen and remind him."

boxn ov el. c o m

the staff members scattered and shouted chen xiluo's name everywhere.

the direction that the host chose was almost directly facing the hiding place of the two.

luo chenxi became anxious. she pushed mu yichen a few times with all her might.

mu yichen was filled with reluctance.

it wasn't easy for him to hold his wife, and he did it with his own abilities. why should he let go?

luo chenxi was flustered and exasperated. she could not refrain herself from giving him a kick.

mu yichen felt the pain and the strength in his hand weakened slightly.

luo chenxi seized the opportunity to push him away and jumped onto the ground.

the moment her feet touched the ground, the host also saw the two figures.

he quickly walked over and called out, " "mr. chen, i've finally found you! why are you ..."

his words came to an abrupt end.

his eyes were wide open, and he looked shocked.

“ahem, young ... young master mu, you ... why are you ... here ...”

chen xiluo was not the only one in the corner of the parking lot.

next to him was young master mu, who had left in a hurry after the auction had ended!

moreover, the two of them were no longer the well-dressed people from the banquet.

there were obvious creases on his suit and his hair was a mess.

chen xiluo’s face still had a trace of flush that had not faded in time, making his handsome face look even more sexy and charming.

the host was dumbfounded.

‘what ... what’s going on?’

if it was a man and a woman hiding in a corner, disheveled, embarrassed, and ignoring everyone else ...

in this situation, he had obviously been caught red-handed!

but the problem was that there were two men now.

furthermore, they were two men who were especially popular with girls ...

he ... did he discover some incredible secret?

he wouldn’t be killed, right?

sensing young master mu’s cold gaze, the host shivered, and cold sweat kept dripping from his forehead.

if ... if he had known earlier, he would not have come to look for chen xiluo.

no... wasn’t it just 30 million?

luo chenxi recovered from her shock. she could not help but glare at mu yichen ferociously.

this man ... was simply too evil. he must have done it on purpose!

she turned around and saw that the host was staring at her.

“ahem, that ... i’m here to discuss something with young master mu ...” she coughed.

Chapter 490: a grand show that combines the grudges of the rich and the forbidden love

the host quivered and nodded his head like pounding garlic.

” i know, i know. you two are both very busy people. it’s not easy for you to meet each other, so you should take some time to talk no matter where you are! ”

“this ... cough cough ...”

luo chenxi almost choked on her own saliva.

she didn't know why, but even though the emcee's words sounded normal, she felt that something was off.

it was as if the two of them were an adulterer.

it was not easy for her to avoid mu yichen's wife and meet her in secret. she had to seize the moment no matter where she went ... do that?

“the two ... the two of you, please continue. i ... i won't disturb the two of you any longer ...” the emcee continued.

if he had known that young master mu was here, he wouldn't have dared to come and find him even if he had a hundred guts.

luo chenxi called out to him hastily when she saw that he was about to leave.

“wait, what did you call me for just now?”

the emcee stopped in his tracks and finally remembered why he was looking for her.

after thinking for a while, he still braced himself and said, “uh, that ... it's ... the pink diamond necklace that was auctioned just now. you forgot to pay for it. however, this isn't a big deal. you and young master mu can continue. just ... just pretend that i never came ...”

what did he mean by “please continue”?

what was this host thinking?

even if ... even if the truth was really as he had imagined, then ... then they were still two men now?

the corners of luo chenxi's lips twitched.

“this ... this pink diamond thing ... let's wait until tomorrow ...”

she hesitated for a moment.

she had made up her mind to make young master mu pay.

however, she had secretly taken mu yichen's black card to pay the bill instead of directly asking him for money in front of the staff.

otherwise, how could she explain her relationship with young master mu?

however, mu yichen did not care about her at all. he waved his hand and fished out a black card from his chest.

“pay for the pink diamond necklace and the brooch together. the necklace will be sent directly to the mu group.”

the host was stunned for a second, then he nodded and bowed, taking the black card.

“alright, young master mu, i’ll do it now! don’t worry, we’ll definitely deliver the things you’ve bought as fast as possible.”

after he finished speaking, he hurriedly turned around and ran off.

oh my god!

he was really finished today!

because he knew too much!

just now, young master mu could not bear to buy things for his wife, but for chen xiluo, this man, he spent tens of millions. he even followed him in the parking lot, and he could not help but ...

no wonder young master mu didn’t care about mrs. mu.

it seemed that he had married that woman as a decoration, and the one he loved the most was chen xiluo!

the host had already come up with a big show that combined the grudges of the rich and powerful with a forbidden love.

“hey, wait! it’s not what you think ... this ...”

luo chenxi noticed that there was something wrong with the emcee’s gaze. she had a hunch that he had misunderstood her, so she wanted to explain further.

however, the emcee did not dare to stop in fear of mu yichen’s icy-cold aura.

within a few seconds, he had disappeared.

luo chenxi was speechless. she could not help but turn around and glare at mu yichen. “you ... you ... it’s all your fault! this is great, he’ll definitely think the wrong way!”

“what did i say? what is that host thinking about?”

“you ...”

luo chenxi choked.

it seemed like mu yichen had not said anything from the beginning to the end.

moreover, he only did one thing during the whole process, which was to take out his black card and pay 30 million yuan for her.
