

# Sweetheart 501

Chapter 501: in these seven days ... she really didn't take a single step out of this big bed!

master bai taught bai shixun a lesson before he left.

after a long time, the entire apartment finally quieted down.

bai shixun walked to the wardrobe and pulled the door open. "fang ziqian, the old man has left. you can come out now."

fang ziqian jumped out of the car and opened her mouth wide, trying to breathe.

"phew ... phew ... i'm going to suffocate! it's all your fault! why didn't you tell me earlier that the old man was coming today? i was almost discovered by him!"

bai shixun glared at her. "if i knew, i wouldn't have brought you here!" besides, you should blame yourself for almost suffocating to death, right? if you didn't want to hide in the closet, how would you have suffocated to death?"

"if i don't hide in there, how are you going to explain why i'm in your house?" fang ziqian asked. talk about work? if the old man suspects that i have an affair with you, i'm finished!"

bai shixun's face turned as black as the bottom of a pot when he heard that.

"what do you mean? am i that unpresentable?"

boxn ov el. c o m

"what do you think?" fang ziqian snorted. "i've finally escaped this time. i have to go now!"

without even looking at bai shixun, she picked up her bag and left the apartment as if she was escaping.

bai shixun looked at her back as she left, and the anger in his heart was getting worse.

"this woman ... countless women want to be related to me, but she's so afraid! just because you're afraid that my grandfather will be unhappy? what's wrong with his brain?"

"wait ..."

he suddenly thought of something, and his eyes flashed with interest.

"we can make use of this ... fang ziqian, i've finally found a way to cure you. just you wait!"

.....

seven days later.

"mm ..."

luo chenxi woke up with an itchy feeling on her lips.

the moment she opened her eyes, she saw the magnified handsome face in front of her.

“oh ... you ...”

mu yichen took a few steps back. he lowered his gaze and looked at the woman’s lips that were bright red from his kiss in satisfaction.

“you’re finally awake? you’re really like a little pig, the sun is already shining on your butt!”

luo chenxi woke up.

when she noticed that the two of them were not wearing any clothes, her face immediately turned red.

“mu yichen, you ... get the hell out of here!”

” tsk, you heartless, stupid woman. i was kind enough to wake you up, and you actually told me to get lost?! ”

luo chenxi widened her eyes and glared at him with all her might.

this man ... was a beast!

ever since that day at the auction when she was brought home by this man, he really tied her to the bed and then ... punished her ruthlessly!

moreover, he said that he would punish her for seven days and seven nights so that she would not be able to get out of bed.

at first, she thought that young master mu was just trying to scare her.

as it turned out, in these seven days ... she really didn’t take a single step out of the bed!

it was simply insane!

mu yichen sensed her gaze and curled his lips devilishly. “do you really want me to get lost?” but, we’re husband and wife, we should go through thick and thin together. we can get lost, we can get lost together ...”

he was hinting at something. as he spoke, his fingers were already moving up her slender waist ...

“get ... get lost your head!”

“mu yichen! go away! i really don’t want it anymore! if you keep doing this, i’m going to get a divorce! take tang tang with you!”

“say that again?”

mu yichen’s expression changed abruptly. he tightened his grip on her waist and pressed his entire body down on her.

it was filled with a sense of threat.

the word “divorce” was the last thing he could bear to hear!

Chapter 502: his wife was comparing ... who was more handsome?

luo chenxi was instantly stunned. " i ... i was just saying. "

after these seven days, she was really a little afraid of this man.

young master mu was usually cold and arrogant, as if he was a male god of abstinence.

in the end, it turned out that no matter how ascetic he was, he was still a man. when he was a beast, he was also not human.

mu yichen scoffed coldly and lowered his head. he wanted to continue 'punishing' this little woman.

luo chenxi pushed him away hastily. " no, i really don't want to! didn't you say you'd take me to the kindergarten to pick up tang tang today? you can't go back on your word!"

she hadn't seen the little furball for so long, and she had missed it so much.

if it wasn't for this annoying tsundere next to her, she would have run to find the little dumpling immediately.

mu yichen was exasperated.

boxn ov el. c o m

with such a handsome man beside her, she actually didn't look at him and was still thinking about the little dumpling!

however, when he saw the little woman's expectant eyes, he was defeated and stood up.

"if you get up now, wash up, and eat, you'll make it in time for school to end."

"that's great! are you really willing to let me get out of bed?"

luo chenxi cheered. she wrapped herself in the bedsheet and jumped off the bed before she ran to the bathroom.

the corners of mu yichen's lips curled up when he saw her quick and agile steps.

it was true that he didn't let the little woman get out of bed for seven days.

however, it wasn't just to punish her. he saw that the sprains and gunshot wounds on her legs hadn't healed yet, so he wanted her to rest for a few days.

of course, there was also a 'punishment'.

however, as a man who could only eat meat after being married for several months, young master mu felt that he had already restrained himself.

at most, he would roll in the sheets with this little woman three, four, five, or six times a day ...

all luo chenxi could think about was the little dumpling. she quickly washed up and finished her meal. she even sat down to put on her makeup.

he changed his appearance to chen xiluo's.

when she appeared before mu yichen in a male outfit, the man's face darkened immediately.

“why are you wearing men’s clothes again? quickly change it!”

his gaze swept past luo chenxi’s chest.

it was so flat!

it was definitely wrapped up again!

luo chenxi pouted her lips. ‘no, you can’t change it! i’ve thought about it. we can’t alarm luo chenxin before we find my mother’s whereabouts, especially not her. we can’t let her know that we’ve been in contact with each other and know the truth. otherwise, she would have tried to kill my mommy!”

mu yichen took a deep breath. he had no choice but to admit that she was right.

“okay, it’s fine if we keep a low profile. i’ll check on ms. lu’s situation as soon as possible. but, what does that have to do with your ugly appearance?”

“what ugly look?” luo chenxi was unhappy. “ everyone’s saying that i’m very handsome! wei wei also said that i’m much more handsome than you!”

mu yichen was exasperated.

so, his wife was competing with him to see who was more handsome?

luo chenxi noticed that he was unhappy. she quickly moved closer and kissed him on the cheek.

“alright, don’t be unhappy. wasn’t i wearing this so that i could go out with you in broad daylight? this way, even if the two of us stand together, luo chenxin will never know that she has been completely exposed.”

mu yichen’s expression softened a little as he agreed to her request unwillingly.

he drove luo chenxi to yinlong kindergarten personally.

the moment the little dumpling’s form teacher, teacher xu, saw her, his eyes instantly lit up.

“you ... you’re chen xiluo ... are you chen xiluo himself?” he asked excitedly. ahhhhhhhhhhhhhhhhhh!”

young master mu’s face darkened.

Chapter 503: big sister is bad, i don’t like you anymore!

why did his little woman attract so many bees and butterflies wherever she went?

teacher xu was so excited that he could not control himself when he saw luo chenxi.

usually, although young master mu and young master bo would come to the kindergarten, they were also rare handsome men.

however, the aura of these young masters from rich and powerful families was too strong, and even the teachers didn’t dare to get close.

however, chen xiluo was different.

he had a natural affinity that made people want to get close to him.

“mr. chen, can i have your autograph? just sign here!”

teacher xu took out a marker and notebook.

luo chenxi was too embarrassed to say no to a gentle and beautiful lady like teacher xu. she nodded immediately, took the pen, and signed chen xiluo’s name.

boxn ov el. c o m

on the side, young master mu’s face had already turned completely black.

this stupid woman ... dared to attract bees and butterflies in front of him now?

suddenly, teacher xu thought of something. “ mr. chen, why did you come to our kindergarten? ” don’t tell me ...”

this new prince charming wouldn’t have a child at such a young age, right?

that would be too heartbreaking ...

luo chenxi said with a smile, “ teacher xu, nice to meet you. i’m young master mu’s friend. i’m here with him to pick up mu tianxin. may i know where she is now? ”

“so you’re here to pick up mu tianxin too! she had just been playing in the garden at the back with bo shaoxuan. i’ll take you there.”

luo chenxi shook her head. “ there’s no need. we’ll go over on our own. ”

there shouldn’t be any problem for the little dumpling to be with her son-in-law.

the two of them went to the garden.

from a distance, he could hear the voices of two children.

“tang tang, don’t be unhappy. i’ll give you a lollipop, okay?”

“it’s not bad, it’s not bad at all! tang tang wants a big sister! wuwuwu ...”

the little boy was anxious. “ tang tang, don’t cry! uncle mu said that aunt mu is only out on a business trip and will be home soon.”

“ kesu, big sister hasn’t been home for a long time, and there’s a stinky auntie at home. wuwuwu, tang tang hates that stinky auntie! ”

“i’ll help you beat up that stinky auntie, okay?”

“not good! tang tang wants a big sister!”

the little dumpling was sitting on the swing, wiping her tears pitifully. bo shaoxuan squatted in front of her and coaxed her desperately.

however, no matter what he said, the little furball was not happy. she kept talking about his “ big sister “.

luo chenxi's heart ached terribly when she heard that. she immediately shook off mu yichen's hand and dashed toward the little dumpling.

"tangtang!"

the little furball was rubbing its eyes when it suddenly heard a familiar voice. its mouth opened wide, and its face was full of disbelief.

"big ... big sister?"

she blinked her big eyes, as if she was still in a daze.

after a while, she stood up from the swing all at once. she ran wildly with her short legs and pounced toward luo chenxi like a small cannonball.

luo chenxi bent down and opened her arms. she caught her soft little body and picked her up.

the little dumpling hugged her neck and burst into tears.

"big sister, wuwuwu, i hate big sister the most! don't like tang tang, don't like tang tang, leaving tang tang at home, wuwuwuwu ... big sister is bad! i don't like you anymore!"

although she said that she hated the elder sister, her small hands were gripping luo chenxi's collar tightly. her grip grew tighter and she refused to let go no matter what.

Chapter 504: it seems that the punishment of seven days and seven nights is too light?

the little princess, who was usually all smiles, was actually crying!

and she was crying so sadly!

luo chenxi's heart clenched into a ball.

at this moment, she regretted more than ever that she had left the mu family and the little dumpling.

she thought that tang tang was still young. even if tang tang liked her, she would not remember her for long. after she left, the little dumpling would definitely forget her very quickly with so many loved ones accompanying her.

but ... the truth was that she was too full of herself.

luo chenxi hugged the little dumpling tightly and gave her a kiss on the cheek.

"don't cry, tang tang, big sister likes you the most! this time, i left because i had something to do. i won't do it again. tang tang, can you forgive me?"

the little dumpling pouted. " i won't forgive you! i hate big sister!"

boxn ov el. c o m

luo chenxi blinked. " do you really hate big sister? then ... then big sister will leave ..."

just as she said " i'm leaving ", the little dumpling suddenly let out another " wah ".

she cried even louder and more emotionally than before.

it almost deafened luochenxi's ears.

"big sister is the most most most most most annoying!!!"

luochenxi was at a loss whether to laugh or cry.

his two-faced tsundere attitude was exactly the same as her father's.

as expected, he was her biological son!

"alright, alright, alright. don't cry, tangtang. it's big sister's fault. then tell me, what will it take for you to forgive eldest sister?"

the little dumpling's crying gradually stopped. she laid on luochenxi's chest and said while sniffing, "i want ... to have meals with tangtang every day ..."

luochenxi quickly nodded. "no problem!"

"i tell tangtang stories every day ..."

"one sentence!"

"combing tangtang's hair with braids every day ..."

"yes, yes!"

"i sleep with tangtang every day ..."

"but ..."

"no! big sister has to sleep with me. you're all grown up now, you can sleep alone."

the corners of muyichen's lips twitched as he suddenly interrupted.

he rejected his daughter's request.

the little ball obviously didn't expect this. it was stunned for a moment, and then suddenly burst into tears!

luochenxi was so angry that she kicked muyichen.

what was he saying? what kind of father is he?

she had finally managed to coax the little dumpling a little better, but in the end, he had ruined her efforts.

muyichen's expression did not look too good.

this stupid woman actually kicked him!

he was too bold!

it seemed that the punishment of seven days and seven nights was too light?

luo chenxi had no choice but to coax the little dumpling from the beginning again. she only managed to calm the little dumpling down after expending tremendous effort.

he hugged her neck and obediently let her carry him out.

bo shaoxuan saw this and hurriedly chased after them. "uncle mu, and ... this uncle ... are you guys going to take tangtang back?"

he had been watching from the side with a dumbfounded expression.

until now, he still didn't know what had happened.

it was only then that luo chenxi realized that her son-in-law was right there. she stopped walking for a moment. "little ... ahem, bo shaoxuan, didn't your father come to pick you up?" do you need us to send you back?"

"the bo family has a chauffeur, we don't need to worry about this."

mu yichen walked over. he stretched out his hand in an attempt to wrap it around luo chenxi's waist, but she avoided him.

the little woman even glared at him.

his mood instantly turned even worse.

after wearing this man's outfit, not only did he hook up with a bunch of infatuated women, but now, he was not even allowed to touch them?

with no place to vent his depressed mood, little bo shaoxuan suffered and was directly driven back to the bo family's car.

Chapter 505: the most handsome big brother, a hundred times more handsome than daddy!

the little dumpling had long since forgotten about 'brother shaoxuan'.

she only knew that her big sister was finally back!

as soon as she got into the car, her petite body stuck to luo chenxi's body. she hugged her neck and rubbed against her.

"big sister, you promised to accompany tang tang every day ... if you lie again, you're a little dog!"

"alright, if you lie, you're a dog!"

"then let's play pinky swear!"

the little ball reached out its chubby hand and raised its short little thumb.

luo chenxi raised her little finger and beckoned at her.

the little dumpling was happy.

boxn ov el. c o m

mu yichen looked at the mother-daughter duo who were so close to each other through the rearview mirror. he felt very gratified in his heart, but he was also a little upset.

he cleared his throat. " cough, cough, tang tang, daddy has something to tell you. "

the little dumpling seemed to have not heard him and ignored him. she was still begging for a kiss in her big sister's arms.

mu yichen's face darkened. he had no choice but to raise his voice. " tang tang, daddy's talking to you! "

however, the little dumpling still ignored him.

it was luo chenxi who could not bear to listen to him anymore for fear that young master mu would fly into a rage out of humiliation.

he quickly patted the little dumpling's head. " tang tang, your father has something to tell you. "

the little dumpling heard luo chenxi's words at once. she tilted her little head and turned to look at her father. " what's that? "

mu yichen was exasperated!

'great. the little dumpling has forgotten that she' loves daddi the most 'once luo chenxi is back.'

his status in the family had once again plummeted to the bottom.

he took a deep breath and said, "you can't call me big sister in the future. you can only call me big brother, especially when there are outsiders, understand?"

if anyone were to hear the little dumpling addressing luo chenxi as 'big sister', then luo chenxi's true identity would not be able to be concealed at all. one could guess it without much thought.

in the beginning, mu yichen had even considered not letting the little dumpling know about luo chenxi's return for the time being as he was afraid that the little dumpling would reveal such a fatal flaw.

however, the two children at home were begging him so pitifully, so he had no choice ...

he just didn't know if the little dumpling could control her mouth since she was still so small.

if she could not control him, luo chenxi would not be able to pick up the little dumpling personally in the future.

the little dumpling blinked her large eyes. she looked at young master mu before she looked at luo chenxi. her eyes were filled with puzzlement.

in fact, she had also just realized that her most fragrant and beautiful big sister had actually become a very, very handsome big brother today!

however, he was too excited to think about anything else when he saw luo chenxi earlier.

luo chenxi looked at her puzzled little face and gave her a kiss on her tiny face. " yes, call me big brother from now on, understand? "

as he kissed her, he sighed.

the little dumpling's face was not meaty anymore. he had to make more delicious food for her in the next few days and raise her back.

the little dumpling nodded, not fully understanding. "okay, big brother." the most handsome big brother, a hundred times more handsome than daddy!"

he did not know what the two adults were talking about.

however, what big sister said must be right!

"oh, tang tang is the most obedient!"

luo chenxi felt as if her heart was about to melt.

this little angel now belonged to her.

although she was not the little dumpling's biological mother, she would definitely raise the little dumpling like her own daughter and protect her well.

as for luo chenxin, that scumbag who even abused her own daughter, she would get as far away from him as possible!

however, she had a hunch that luo chenxin would not just let it go ...

Chapter 506: am i not as good as that little b \* tch, luo chenxi?

at the mu family's villa.

"dammit, dammit, dammit! why did it turn out like this? it was simply like seeing a living ghost! am i possessed?"

luo chenxin waved her hand and swept the teacups and table lamp on the table to the ground.

she only felt a little better when she heard the cracking sound.

after the mayor's charity auction ended, seven days had passed, and she didn't dare to leave the mu family's villa at all!

ever since she switched places with luo chenxi and became the mu family's young mistress once again, she went out almost every day to meet her friends from hua land in the past. she would treat them to afternoon tea to show off her status.

luo chen felt great when he heard everyone complimenting and praising her and surrounding her like a myriad of stars surrounding the moon!

however, all of this was shattered at the charity banquet!

when she recalled the guests' comments and mocking laughter after mu yichen shook her off, she could still feel her face burning.

boxn ov el. c o m

she just could not figure it out. mu yichen was still rather gentle toward luo chenxi, but why did he seem like a completely different person when he was with her?

could it be that ... he had already discovered the difference between the two of them?

but that shouldn't be the case?

she had already done plastic surgery to look exactly like luo chenxi. even her birthmark and every mole on her body had been perfectly replicated. how could she possibly tell the difference?

moreover, she had already reduced the time she appeared in front of the mu family.

this way, the possibility of flaws in their actions would be greatly reduced.

unless ...

as she was thinking, her phone suddenly rang.

luo chenxin looked down and saw that it was luo anguo.

she picked up the call and said impatiently, "dad, why are you calling again? didn't i tell you that this period of time is very important? don't contact me so much, or else you'll easily give yourself away?"

luo anguo's voice sounded like he was about to cry. "oh, chenxin! dad only came to find you because he had no other choice! what happened between you and young master mu? why did the mu corporation stop all of their cooperation with our luo corporation? if this continues, it won't be long before the luo corporation is declared bankrupt!"

"what? how is that possible?"

luo chenxin was taken aback.

"why is it impossible?" luo anguo asked. would daddy lie to you about this? what's going on between you and young master mu?"

"no... nothing happened?" of course, luo chenxin would not admit that her relationship with mu yichen had dropped to the freezing point.

they didn't look like a married couple at all.

in any case, with luo anguo's status, he was not qualified to attend the mayor's charity dinner.

he probably didn't know what happened that day.

luo anguo really didn't know, but he was really anxious this time, and his tone was a little more serious.

"chenxin, can you handle young master mu? 'why was young master mu taking care of the luo corporation when your younger sister was with the mu family at the time? i even asked luo chenxi to plead for leniency on that huge real estate project and young master mu even gave us a few small collaboration projects. what, now that it's your turn, you have nothing?"

upon hearing this, luo chenxin's face darkened.

“dad, what do you mean? what you’re trying to say now is that i can’t compare to that little b \* tch, luochenxi, and you wish that she’s the daughter who’s staying in the mu family, right?”

“ahem, i didn’t mean it that way ...” luoanguo coughed.

Chapter 507: why does everyone only have that b \* tch in their eyes!

“if that’s not what you mean, then what do you mean?” luochenxin snorted coldly.

luoanguo quickly said, “isn’t that ... isn’t that ... is dad really anxious?” the luo corporation’s profits this year are so high all because of the projects that the mu corporation gave us. now that the mu corporation is pulling out, we’re really done for! chenxin, quickly think of something. there’s no reason you can’t do what your sister can do!”

the more luochenxin listened, the more uncomfortable she felt.

what she hated the most right now was to hear others say that she was inferior to luochenxi!

luoanguo’s words had just stepped on her sore spot.

she thought that she was much more charming than luochenxi, yet muyichen’s attitude toward her could not compare to his attitude toward luochenxi at all.

it was useless even if the two of them had the same face!

luochenxin was so angry that her chest heaved up and down continuously. “ yes, yes, yes. luochenxi’s capable enough to pull in a project for the luofamily. ” then why don’t you just go and find that little b \* tch and bring her back? don’t you forget who gave birth to young master mu’s daughter and settled the entire mu family, which was why the luofamily could have a relationship with the mu family! and now, you’re calling me useless?”

“do you know what the mu family’s current situation is? how much pressure do i have to face every day? that little b \* tch, luochenxi, clearly left a mess for me!”

boxnovel.com

when luoanguo heard this, he realized that his elder daughter was really angry. he finally realized that he had said something wrong.

he laughed dryly and softened his tone.

“that ... ahem, chenxin, don’t be angry. i really didn’t mean to blame you! i know that you’re in a difficult position right now, but ... this ... cough cough, if the luofamily falls, it won’t do you any good, right? besides, what is young master mu thinking? you should at least tell dad ...”

luoanguo had always been a little afraid of his eldest daughter, so he didn’t dare to be so harsh.

however, he was really anxious this time.

because the mu family had given him a few big projects in the past few months, he had taken a large loan and accepted these projects knowing that he would definitely make a lot of money.

he had even mortgaged the villa he was living in and the sports car he was driving.

he never dreamed that the mu family would suddenly go back on their word and take back the project.

in this way, the mu clan would actually suffer greater losses than their luo clan!

however, the other party would rather lose money than withdraw their funds.

in this way, the luo clan would be completely unable to turn the tables!

luo chenxin gritted her teeth. 'how would i know what mu yichen is thinking? he had been busy with work recently and had no time to go home. i'll help you ask when he's back. alright, i'm hanging up if there's nothing else.'

luo anguo was anxious. " hey, hey, hey, chenxin, don't hang up yet! " he only listened to his father's advice. men could not resist the temptation of women. as long as you serve young master mu well and get him to give the luo group a few projects, wouldn't it be a piece of cake? you don't need your father to teach you this, do you? look, even luo chenxi is doing very well ..."

when luo chenxin heard luo chenxi's name, she could not bear to listen to it anymore.

he was so angry that he immediately hung up the phone and smashed it on the sofa.

"dammit! why does everyone only have eyes for that b \* tch!"

even luo anguo had abandoned his benefactor after he had outlived his usefulness. he began to favor luo chenxi when he saw that she was favored by young master mu.

although he did not say it explicitly, luo chenxin understood what his father meant.

Chapter 508: luo chenxin, you're not as charming as your sister!

if she wanted to become a true wealthy young lady, she had to win the favor of young master mu.

the best way to conquer a man was in bed.

she understood this principle better than anyone else.

furthermore, she had tried it on the first day she returned to the mu family!

it was just a failure.

"dammit, what's going on? it couldn't be that the mu family had already found out about the substitution, right? no, that's impossible. if i was discovered, young master mu would've flown into a rage long ago. he's not someone who can tolerate being deceived!"

" but if he didn't notice, why is his attitude toward me different from how he treats luo chenxi? "

luo chenxin smashed a few more expensive antique vases before she calmed down.

she picked up her phone again and quickly dialed reese's number.

boxn ov el. c o m

“reis, did you find that little b \* tch? how long will it take to catch her?”

when reese heard her question, he was a little displeased. “ luo chenxin, did you call just to ask this? ”  
i’ve already told you that your phone call might expose my whereabouts. don’t call me for nothing and disturb me. ”

luo chenxin almost could not breathe.

she had already suffered enough contemptuous looks from mu yichen over the past few days. she did not expect that even her old lover would be giving her attitude now.

“you ... reese, you still have the nerve to say that? if it wasn’t for the fact that you’re so useless that you couldn’t kill a woman and even let her escape, would i have so much trouble? it’s already been half a month. let me ask you, where’s luo chenxi?”

reese spat fiercely. “ you’re asking me. who should i ask? ”

“didn’t i already tell you to send your men to monitor the places where mu yichen is frequently active? ‘if luo chenxi wants to deal with me, her first choice might be to reveal her identity to young master mu.’ at that time, we’ll definitely walk right into the trap!”

reis sneered, “i really doubt whether your judgment is right or not.” i’ve been keeping an eye on young master mu for a while. he doesn’t even have a woman by his side, let alone meeting luo chenxi.”

luo chenxin was slightly stunned. when she heard what reese said, she shifted her focus.

“what? are you sure that young master mu doesn’t have any other woman by his side?”

“what?” reis sneered. do i still need to lie to you? young master mu had never been close to women, and it didn’t just happen these two days. it’s a pity that even if he doesn’t have any other women by his side, he can’t be bothered to touch you. tsk, tsk, luo chenxin, you’re not as charming as your sister!”

reese was also getting a little impatient.

he had thought that he would be able to kill luo chenxi in a few days ‘time and receive the huge reward from luo chenxin.

in the end, it had dragged on for so long. in china, he and his men were all illegal immigrants who could not see the light of day and had to hide all the time.

he regretted coming to china with luo chenxin.

” shut up! what does this have to do with you?! ” luo chenxin flew into a rage out of humiliation. ” quickly think of a way. you must catch luo chenxi. ” as long as she’s out there, i can’t be at ease ...”

she felt her heart and lungs being clawed at whenever she recalled the scene of luo chenxi kissing mu yichen.

she had never been treated this way since she got engaged to young master mu, so what right did that little b \* tch have?

“oh right! i have an idea. that little b \* tch didn't dare to show herself now because she was worried about lu wenjun's safety. since that's the case, we can make use of this to lure her out ...”

Chapter 509: where are my mother and sister-in-law?

just as lu chenxin was on the phone with reese ...

in the living room downstairs, housekeeper chen and aunt chen heard the continuous sound of things being smashed from the second floor, and their faces were filled with pain.

“that's great. all the vases in madam's collection are going to be smashed. that's money! should i go up and stop them?”

housekeeper chen coughed heavily. “ don't talk, be quiet, the walls have ears! ”

“but, madam only let the two of us know the truth and still let us stay here. she wanted us to watch over that impostor, right? it's like this now ...”

“what's the situation now? wasn't it just smashing a few vases? it's not like the mu family can't afford it! don't be rash and ruin young master's plans. if this woman realizes that something is wrong and does something to young madam, can you bear the responsibility?”

aunt chen was shocked. she could only nod. “ alright, i understand. ”

at this moment ...

the door of the villa was pushed open.

boxn ov el. c o m

mu weiwei dragged a small suitcase and walked into the room.

“mom! sister-in-law! i'm back! come out and welcome me! the final exam is finally over, i'm free!”

she ran in excitedly and found the living room empty. not only was there no one, but there was also a strange silence.

it was completely different from the heartwarming atmosphere that she had always felt when she came home.

mu weiwei was stunned for a moment. “ what ... what's going on? ” is everyone not at home? it's already night time ...”

aunt chen and housekeeper chen were both stunned.

“young ... young miss? why did she suddenly come back?”

mu yichen had no intention of telling her the truth since the beginning because mu weiwei was a straightforward person who could not keep her words to herself. he was worried that she would say something wrong and expose herself.

however, he was afraid that she would be led astray by lu chen if she were to stay in the villa.

therefore, tan yueru found an excuse to make her concentrate on the final exam and bought her an apartment next to the school for her to live in.

he had even found her a tutor.

mu weiwei's grades were really bad. she was worried that she would fail her exams and fail her graduation. so, she studied seriously in her apartment for half a month.

no one had expected her to return at this time.

"where are they? where was he? why is there no one here? is aunt chen around? where did my mom and sister-in-law go?"

mu weiwei was looking for him everywhere.

aunt chen had no choice but to walk out. " young miss, why didn't you give madam a call and tell her that you're coming back today? "

mu weiwei looked at her in puzzlement. " do i have to make a phone call before i go back to my own house? "

"cough, cough, this ... this ..."

aunt chen was tongue-tied.

mu weiwei said,"it seems that my mother is really not at home? did she go out with my dad again? sigh, my final exams ended early, so i rushed back just to give her a surprise! oh right, where's my sister-in-law? sister-in-law isn't here, is she?"

"young madam, she ..."

aunt chen was even more at a loss for words.

if he really wasn't around, then that would be fine.

the problem was ... it was worse than not being there!

just as aunt chen was racking her brains on how to get rid of mu weiwei, the sound of glass shattering came from the bedroom on the second floor.

mu weiwei was startled when she heard the voice. " what's going on? "

"this ... this is ..."

the door of the master bedroom was pushed open before aunt chen could finish her sentence. luo chenxin walked out angrily.

Chapter 510: the biggest advantage of living outside is that you don't have to eat the dog food of your brother and sister-in-law

“where are they? why wasn’t there even a person? the room was so messy that there was no one to clean it up! are you all dead? the mu family spent so much money to hire you just to let you enjoy your retirement?”

luo chenxin started cursing as soon as she stepped out of the door.

she had been pissing off luo anguo and reese just now, so she could only vent it on these servants.

mu weiwei raised her head and saw luo chenxin.

she blinked her eyes, unable to come back to her senses.

“sis-in-law? what’s wrong with you?”

in her impression, her sister-in-law had always had a good temper. even if she was in a bad mood, she would not vent her anger on the servants. at most, she would torment her older brother.

now, his ferocious expression was like a completely different person.

luo chenxin only noticed mu weiwei then.

boxn ov el. c o m

after a brief moment of shock, her expression suddenly changed. she suppressed her anger and revealed a smile.

“cough, cough. wei wei, you ... why are you back? i heard that you’re taking your final exams and won’t be able to go home for a while?”

mu weiwei heaved a sigh of relief when she saw her smile.

she threw her suitcase down and ran toward luo chenxin, giving her a hug.

“sister-in-law, you don’t seem to welcome me back. my exam ended early and i’m going home soon. i miss you so much, and i miss tang tang!”

luo chenxin could not help but smile when she saw her reaction.

during the time she was in the mu family, everyone’s attitude towards her was not very good.

mu yichen did not say anything else and avoided meeting her at once.

even tan yueru and mu yunfeng were always giving her a hard time. they didn’t even give her money when she asked them!

now, there was finally someone with a good attitude towards her.

luo chenxin immediately pretended to be enthusiastic. “ of course, i welcome you. how can i not? ” i just didn’t expect you to finish the exam so quickly!”

mu weiwei turned around and looked at him with a puzzled expression.

“by the way, sis-in-law, why are you alone at home? what about the others? where did my mom go? tang tang isn’t home either?”

luo chenxin curled her lips and explained, " " father, mother, and the rest went on a trip with their friends. as for tang tang ... sigh, i had a fight with your big brother. in a fit of anger, he took tang tang with him and has not returned for a few days ... "

"what? did you fight with my brother? how could my brother bear to quarrel with you?"

mu weiwei's face was filled with shock.

mu yichen was the no. 1 wife-slave in her heart now. he was the kind of person who dared not speak loudly to his wife usually.

to be honest, in the few days that she was away from home, she felt that the biggest advantage of living outside was that she did not have to eat the dog food of her brother and sister-in-law ...

this pair was actually quarreling?

moreover, even if they were quarreling, shouldn't the little dumpling be following his sister-in-law?

luo chenxin saw her confusion and coughed quickly. " well, in short, you ... you know that your brother is very jealous. i just had a meal with a few male friends and he got angry. he moved out without listening to my explanation ... "

mu weiwei felt a little strange.

however, it was a fact that young master mu was jealous.

moreover, she was especially fond of luo chenxi now. she would always stand on her sister-in-law's side in everything.

he was instantly filled with righteous indignation. " so that's what happened! how could my big brother be like this? sister-in-law, how could he not know what kind of person you are? i can't believe i broke your heart over such a small matter! this is too much!"
