

Sweetheart 511

Chapter 511: fortunately, there's still mu weiwei now ...

luo chenxin was pleased to see her take the bait.

luo anguo had been urging her to deal with young master mu.

of course, she wanted to.

however, mu yichen had been avoiding her all this while. she could not even see him and he did not pick up her phone either.

no matter how capable she was, she couldn't seduce a man she couldn't see!

fortunately, he had mu weiwei now ...

luo chenxin immediately cried to her and fabricated the process of their quarrel and cold war.

..."tell me, how could your big brother say that about me? who didn't have a few male friends? besides, he just left like that and even took tang tang away. as a mother, i can't see my daughter. it's really sad as if my heart is being cut by a knife ..."

as she spoke, she lowered her head and wiped her tears.

boxn ov el. c o m

he looked really heartbroken.

this time, mu weiwei was really furious.

"big brother is too much! i'll make a call now and help you scold him!"

luo chenxin quickly stopped her.

wouldn't she be exposed if she called?

luo chenxin quickly said, 'weiwei, you ... please don't add fuel to the fire!' if you go and scold your brother, won't he be even angrier? i think i'm at fault in this matter too. i should be more patient and explain it to him clearly. now that he's been avoiding me, can you help me ask him where he is? i want to talk to him face to face."

"sister-in-law, you're too kind!" mu weiwei said angrily. how can you bear with big brother talking about you like this?"

she frowned and thought for a while. " my brother has a luxury apartment in the city center. it's very close to the mu group and he used to live there often. i think you're most likely staying there this time. i'll take you there tomorrow!"

.....

on the evening of the second day.

as soon as it was time to get off work, mu yichen did not want to stay a minute longer and went home immediately.

mu yichen's heart leaped with joy at the thought that the little woman whom he had missed dearly was waiting for him at home.

finally, everything was back on track.

his anxious heart also calmed down.

as soon as he opened the door, waves of laughter came from the room.

"sister-in-law, look at this! this is a holographic gaming device that my second brother gave to big brother. it's really fun! it was said to be the most advanced black technology! however, big brother never played it. he just left it here to accumulate dust. i'm the only one who always comes over to help him play!"

mu weiwei's laughter was heard.

mu yichen could not help frowning.

when did this little girl come over?

could it be that she had already found out about luo chenxi's return and had come to see her on purpose?

but that shouldn't be the case.

he had not even told mu yiling about this!

he suddenly had a bad premonition and quickly walked in.

in the end, he saw mu weiwei sitting cross-legged on the ground and playing a game.

and beside her was a familiar figure ...

from the outside, he looked exactly like his little woman.

however, mu yichen recognized her at first glance. she was not the stupid woman, but she was ... luo chenxin!

his expression changed immediately. " who let you in? "

mu weiwei had yet to realize that something was wrong. when she turned around and saw her elder brother, she immediately took off her earphones and beamed.

"big brother, you're finally back! my sister-in-law and i have been waiting for you for a long time!"

luo chenxin racked his brains and finally met mu yichen in person again.

she had to admit that young master mu was indeed the most handsome and outstanding man she had ever seen. even though she had met countless people, none of them could compare to mu yichen!

"honey ..."

she stood up and walked toward mu yichen.

Chapter 512: this time, he won't be able to clear his name even if he jumped into the yellow river!

"hubby, you haven't been home for a few days. what did i do wrong to make you unhappy? are you still holding a grudge against me for what happened at the charity banquet? i ... i really didn't mean to ..."

luo chenxin looked pitiful and even squeezed out a few tears.

mu yichen squinted his eyes to hide the obvious disgust in his eyes.

seeing this face that was exactly the same as his little woman's, he was so disgusted that he wanted to vomit!

"hubby?"

luo chenxin was still unaware of it as she walked toward mu yichen.

in order to attract mu yichen's attention, she had intentionally learned some information from mu weiwei and learned luo chenxi's dressing style.

the casual shirt with a straight neck exposed her perfectly shaped collarbones, which attracted people's imagination.

however, mu yichen immediately took a step back when he saw her approaching.

boxn ov el. c o m

"i've already told you that i have a lot of work to do in the company these days, so i don't have time to go back," he said coldly. "don't come here and disturb me." the two of you, go back to cloud lake pavilion now!"

"hubby, i know you're busy with work, but you still need someone to take care of your life, don't you? " please let me stay here. i won't disturb you ... " luo chenxin's voice was soft as she begged.

upon seeing this, mu weiwei simply stood up and went into a guest room on the side.

" brother, don't worry about me. i'm not going to be a third wheel. i'll ... i'll get going first. i won't eavesdrop on you. you two can talk it out. also, do whatever you want to do. don't worry about me! "

she closed the door of the guest room, leaving mu yichen and luo chenxin alone in the living room.

mu yichen almost vomited blood.

this little sister ... was a typical troll!

when he was with the little woman, she would always be the third wheel.

why did the fake luo chenxin become so observant?

when luo chenxin saw that the irrelevant people had left, she no longer had any scruples.

she walked straight to mu yichen's side and stretched out her hand in an attempt to hold his arm.

mu yichen frowned and took another step back.

however, he did not notice that the sofa was right behind him.

she took a step back and tripped on the sofa. she lost her balance and fell backward.

falling on the soft leather sofa would not hurt him.

however, he could not get up for a while, so luo chenxin took the opportunity to climb onto the sofa and lay on his chest.

even through the shirt, she could clearly feel how strong the man's chest muscles were under the thin layer of cloth ...

a hint of infatuation flashed in luo chenxin's eyes. her lips, which were covered in bright red lipstick, kissed mu yichen's face ...

at this moment, there was a sudden " beep " from the door.

the sound of a fingerprint lock opening.

immediately, the little dumpling's soft voice sounded, " tang tang wants strawberry pudding! i want the kind with very, very big strawberries!"

"alright, this is good."

"i want two!"

" cough, cough, two is no good. you can only have one. if you eat too much sweet stuff, you'll eat ... "

luo chenxi suddenly stopped in the middle of her sentence.

his eyes were wide open as he stared at the man and woman on the sofa.

luo chenxin!

why was luo chenxin in their house?

was she hallucinating?

on the other hand, mu yichen's expression was so dark that ink could drip from his face as he sat on the sofa.

why did luo chenxi have to come back at this time of all times?

this time, he would not be able to clear his name even if he jumped into the yellow river!

Chapter 513: damn it, big sister su, the stinky auntie kissed daddy and hit her!

in fact, it was not only the two of them, but luo chenxin was also a little dazed.

she had never expected that someone would suddenly enter the room at this time.

and it was a young man with a little dumpling!

moreover, she still had an impression of this handsome young man. he was the handsome man chen xiluo, who had been pursued by all the socialites at the charity banquet ...

'he actually knows mu yichen?' he even brought xiao tuanzi with him ... what kind of weird combination was this?

while the three adults were still in a daze, the little dumpling couldn't stand it anymore.

she puffed up her petite face and let go of luo chenxi's hand. she then bounced to the front of the sofa.

he raised his chubby hand and slapped luo chenxi's face.

"stinky auntie! go away, quickly go away! you're not allowed to kiss my daddy!"

boxn ov el. c o m

luo chenxi was caught off guard and was slapped in the face.

although the little ball's strength was very small and it didn't hurt much, this was too embarrassing!

luo chenxi's expression suddenly changed. "you wretched girl, how dare you hit me?"

she waved her hand, wanting to hit back.

however, she had just extended her hand when luo chenxi suddenly dashed toward her and grabbed her wrist.

then, he pulled her up from mu yichen's body and flung her to the side forcefully.

luo chenxi's body fell backward and she sat on the ground.

a burst of intense pain came, and she felt that her butt had fallen into four pieces. her face immediately became distorted.

"you ... you ... you actually dare to hit me? don't you know that i'm mrs. mu?"

luo chenxi's heart ached so much that his vision turned black. when he finally regained his senses, he immediately glared at luo chenxi with a furious expression.

luo chenxi had already picked up the little dumpling and checked her up, down, left, and right.

after making sure that her little dumpling was fine, she turned around and sneered at luo chenxi.

"you still remember that you are mrs. mu? do you still remember that tang tang is your daughter? this is the first time i've seen a mother like her who hit such a young child over a disagreement! stop embarrassing the mu family!"

luo chenxi hugged the little dumpling tightly as she said, "don't be afraid, tang tang. i'll bring you to your room to play. ignore this stinky auntie!"

she did not even look at luo chenxi and mu yichen as she carried the little dumpling to the children's room.

luo chenxi placed the little dumpling on the princess bed.

in the end, she found that the little dumpling was blinking its big eyes and didn't look afraid at all.

on the contrary, he seemed to be a little ... excited?

luo chenxi suddenly recalled that the little dumpling had hit bai xinxin when she first arrived at the mu family's residence. at that time, she had even lectured the little dumpling not to hit anyone. even if she were to hit someone, she should let the bodyguards do it.

in the end ...

now, the facts had proven that her education had failed.

"tang tang ..." she cleared her throat.

the little dumpling immediately looked up, two dimples appearing on her little face. "sister su, the stinky auntie kissed daddy and hit her! isn't tangtang very greasy?"

"you're amazing ..." luo chenxi was dazzled by her innocent and adorable smile. she was almost led astray by her again.

he quickly coughed twice and said, "ahem, no, no. although you're powerful, you can't hit people, right?" does your hand hurt?"

"it doesn't hurt, it doesn't hurt. hit the stinky auntie!" the little ball shook its head with a smug look.

he did not take luo chenxi's words to heart at all.

just as luo chenxi was caught in a dilemma, the door suddenly opened. mu yichen squeezed his way in through the crack in the door.

Chapter 514: all the best, tangtang, beat this man who doesn't follow the husband's path to death!

he moved very quickly. he had already entered the room and closed the door behind him when luo chenxi was about to stop him.

luo chenxi pulled a long face at once when she saw him.

"what are you doing here? don't you need to keep your 'mrs. mu' company?"

mu yichen furrowed his brows ever so slightly and strode toward her.

luo chenxi took a step back, but the man still grabbed her wrist and pulled her into his arms.

"stupid woman, my mrs. mu is here. the one outside is just a fake. do you think i can't recognize her?"

"since you recognized her, why did she push you down? it can't be that he saw a beautiful woman throwing herself at him and couldn't hold back, right?" luo chenxi glanced at him and said in a chilly tone.

mu yichen was exasperated. "it was really an accident. it was an accident, you know?"

luo chenxi squinted her eyes and looked at him. what do you mean accidentally? did he accidentally let her in, or did he accidentally roll on the sofa with her? or ... did you accidentally kiss her and can't bear to part?"

boxn ov el. c o m

mu yichen gritted his teeth. " no, not a single piece! nothing happened!"

" yes, indeed, nothing happened, because i interrupted ... wuwu! "

mu yichen could not bear to listen to her anymore. he lowered his head and sealed the little woman's babbling little mouth at once.

luo chenxi shook her head in an attempt to shake him off.

however, young master mu's powerful palm was firmly locked on her slender waist, making her completely unable to move.

luo chenxi was so angry that she felt like kicking someone.

he kissed her without saying a word!

what a beast!

meanwhile, mu yichen suddenly felt a sharp pain on his leg. he loosened his grip.

"stinky daddy! let go of big sister! daddy bullied big sister, you annoying big bad wolf!"

the little furball had somehow made its way behind mu yichen and gave him a series of violent kicks.

mu yichen almost could not catch his breath.

this little fellow was actually causing trouble for him again!

can't you just kiss your wife properly?

on the other hand, luo chenxi had seized the opportunity to escape from his arms earlier. she hid in a corner while she was still shouting, " well played! come on, tangtang, beat this man who doesn't follow the husband's path to death!"

1

the little dumpling was even more energetic after receiving her elder sister's encouragement. she clenched her chubby little hands into fists and hurled them at mu yichen.

young master mu exerted a herculean effort before he managed to hug his daughter and stuff her into luo chenxi's arms.

"enough, can't you just listen to my explanation?"

luo chenxi finally vented her anger when she saw young master mu's miserable appearance after being tormented by her daughter. she hugged the little dumpling and sat on the side vigilantly.

"i can explain, but you just sit there. without my permission, you're not allowed to come over!"

mu yichen felt depressed as he looked at the two similar little faces in front of him. they had the same guarded expression.

he took a deep breath and told himself to endure it!

who asked her to be his wife and daughter?

“i really didn’t bring luo chenxin back, and i didn’t open the door for her. it’s weiwei ... weiwei lived here for a while before, so i entered the fingerprint lock. i don’t know how luo chenxin persuaded wei wei, but they entered the house by themselves while i was not at home. i wanted to chase him away just now ...”

“and you ended up on the sofa?” luo chenxi interrupted.

mu yichen was exasperated. “how’s that possible? i accidentally tripped on the sofa, and in the end, that woman came up to me and wanted to kiss me! your husband is already pitiful enough, and you don’t even pity him?”

Chapter 515: chen xiluo was the third party he kept outside!

mu yichen glared at luo chenxi.

his gaze made luo chenxi feel guilty.

after young master mu said that, she felt as if she had become the kind of scumbag who blamed his girlfriend for not being chaste when she was almost raped ...

luo chenxi pouted her lips. “alright then, let’s just assume that you’re telling the truth ... ”

“what do you mean by” even if “? this is the truth!” mu yichen emphasized.

luo chenxi’s lips curled up in secret when she saw mu yichen’s defeated expression.

in reality, she did not believe that mu yichen would roll onto the couch with luo chenxin.

even though she had witnessed the two of them almost kissing with her own eyes, she did not doubt mu yichen’s thoughts at all.

after all, mu yichen had too many opportunities to have an affair. as the nation’s husband, he had countless wife fans.

boxn ov el. c o m

however, this man had always accompanied her and the little dumpling and had never been disloyal.

the main reason why she was stunned earlier was because she was too angry and too agitated.

the moment she saw luo chenxin, she thought of lu wenjun, whose life and death were unknown, and the scenes of her escape on the mountain path.

at that moment, he almost wanted to rush up to her and kill her!

fortunately, she managed to regain her rationality in time and control herself.

at the same time, he was glad that he was cautious enough.

even though she was not with mu yichen when she left the house, she still changed into men's clothes and appeared as chen xiluo earlier.

otherwise, she would have been completely exposed when she came in and met luo chenxin face-to-face just now.

at the thought of this, luo chenxi nudged mu yichen. "that's enough. don't stay here anymore. go out quickly. "aren't you afraid that luo chenxin will be suspicious if you lock yourself in the room with me for so long?"

mu yichen glanced at her and spoke in an unpleasant tone,"what are you afraid of?" you're a man now!"

even though he hated it the most when luo chenxi dressed up as a man, he had no choice but to admit that she had managed to escape today's disaster because she was dressed as a man.

"so what if you're a man? it would be even stranger if he was a man! alright, go out and deal with luo chenxin. don't make her suspicious."

mu yichen's expression turned even colder upon hearing this.

"you want to push me to another woman?"

luo chenxi was stunned for a moment. "w-what? i'm not pushing you to luo chenxin. i'm just asking you to deal with her."

mu yichen scoffed coldly,'you still want to deal with him? i'll just drive her and mu weiwei out of here. it'll only take a minute. just you wait."

as he spoke, he turned around and was about to leave.

"hey, wait!"

luo chenxi stopped him in a hurry. she felt a slight headache coming on.

young master mu's iq was very high, but his eq was really in the negative!

it would save him a lot of trouble if he just drove luo chenxin away, but what would luo chenxin think?

he chased away his wife and sister, but left a man to take care of his daughter.

luo chenxin would probably think that mu yichen was gay and that chen xiluo was a mistress that he kept outside!

in that case, she would become a thorn in luo chenxin's side without even having to restore her identity ...

"don't chase them away. how about this, we'll go out for dinner tonight, and you'll get zhao feng to send them back after dinner. "i'll call mom again and let her decide whether to tell weiwei the truth or

not ... later, when we're having dinner, you'll have to perform well. don't let luo chenxin suspect you, okay?"

mu yichen's expression turned even uglier when he heard that. he glared at the petite woman fiercely.

"so you're saying that you're going to sell me out and let me have dinner with that disgusting woman?"

Chapter 516: oh my god, i actually saw chen xiluo in my brother's house!

"what do you think your husband is? you're going to push me into the fire pit like this?"

luo chenxi laughed drily, 'ahem, this ... it's not that serious, is it? it's just a meal ... just bear with it. "

it was obvious that mu yichen was furious.

luo chenxi moved closer to him in a hurry and gave him a kiss. she even promised him a bunch of 'compensation' for the night.

young master mu's face turned gloomy, and he turned to leave.

luo chenxi stayed in the children's room for a while longer to educate the little dumpling.

he mainly told her to call him "big brother" and not to call him wrongly.

the little dumpling pouted. " tangtang's strawberry pudding ... "

luo chenxi coaxed her hastily, " there'll be strawberry pudding. there'll definitely be one! " i'll order it for you when we get to the restaurant!"

boxn ov el. c o m

"i'm only second to big sister's cooking ..."

"okay, okay, okay. i'll make it for you when we get home, okay?"

after finally coaxing the little dumpling, he held her hand and went out.

in the living room, mu weiwei was trying her best to persuade mu yichen to reconcile with her brother and sister-in-law.

"big brother, how could you do this to sister-in-law? she came here especially to look for you. it's fine if you don't want to go home with her, but you don't even let her stay here and want to drive her away? how could you do this?"

"big brother, have you forgotten how good you were to sister-in-law in the past? why did you have a change of heart so soon? it turns out that you're also a scumbag who abandons others after having sex. i've really misjudged you!"

"mu weiwei, i'm warning you. if you spout any more nonsense, i'll throw you overseas to study in a university." mu yichen's voice was cold.

mu weiwei was both angry and anxious. " elder brother, you've gone too far! "

“i have more ...”

” cough, cough. young master mu, i’m ready. when do we leave? ”

when luo chenxi heard that the siblings ‘quarrel was gradually escalating, she quickly interjected and interrupted them.

if she had been a few minutes late, the insensible mu weiwei would have been thrown to the south pole by her brother to rear penguins!

mu weiwei was stunned for a moment when she heard her deliberately lowering her voice.

when he turned around, he immediately gasped and looked so happy that he almost fainted.

“chen, chen! chen ... chen xiluo! are you really chen xiluo? you actually ... heavens! i actually saw chen xiluo in my brother’s house!”

mu weiwei had completely forgotten about luo chenxin’s matter at that moment. she immediately went to luo chenxi’s side.

“god hilo, what are you doing here? are you my brother’s friend?”

luo chenxi nodded. ” that’s right. i came to visit young master mu today. no one brought tang tang with them. she was alone and was very pitiful, so i accompanied her to the children’s amusement park to play for a while. ” big miss mu, i’ve heard a lot about you. i’ve been hearing your brother mention you.”

“really? really?” mu weiwei was so excited that she almost jumped up. ” did my brother really mention that he has a sister like me? however, he never told me that he knew you!”

luo chenxi smiled. ” he might think that you’re still studying at a young age. he’s afraid that your idol-chasing will affect your studies. ”

“no way, my brother is just trying to make things difficult for me on purpose ...”

“cough, cough, mu weiwei!”

luo chenxin was dumbfounded when she saw mu weiwei’s reaction.

she had spent a long time trying to persuade mu weiwei to stand up for her and put in a good word for her in front of mu yichen.

she watched as mu yichen was annoyed by his younger sister to the point that he could not stand it anymore. it seemed like he was about to agree to go home.

in the end, mu weiwei had forgotten about her the moment chen xiluo appeared?

Chapter 517: she definitely had to put on the airs of mrs. mu and teach them a lesson!

“cough, cough, cough! wei wei, didn’t you say you were going to eat?”

luo chenxin coughed a few times. she felt like she was about to cough up blood. mu weiwei turned around and glanced at her.

“oh, right, it’s time to eat,” he said unwillingly. prince charming, do you want to come with us?”

“of course.” luo chenxi nodded.

mu weiwei immediately leaped up and dashed toward the door. “ let’s go then! ”

it was as if she wasn’t the one who had stuck her butt to the sofa and refused to leave.

young master mu’s face had long turned black.

if he wasn’t afraid that this little woman would be angry, he would have thrown his sister out long ago.

luo chenxi glared at him as a warning before she walked out of the door with the little dumpling.

boxn ov el. c o m

the few of them drove to T city’s most famous open-air restaurant, star dream garden.

this restaurant was located by qingshui lake, the most beautiful place in the suburbs of T city. not only could you see the beautiful scenery by the lake, but you could also see the stars in the sky on a clear night, just like a dream.

of course, the price was also extraordinarily high.

only the top celebrities in T city could afford it.

luo chenxin was excited when she saw that they were going to this restaurant.

as expected, young master mu still had feelings for her.

star dream garden was a famous dating spot in the upper-class circle! many young masters from rich and powerful families would book the entire venue here to propose.

the restaurant manager personally went out and welcomed young master mu in.

luo chen was overjoyed when he noticed that the guests around them were looking at them.

it was her first time having a meal with mu yichen.

moreover, the little dumpling and mu yichen’s younger sister were by her side.

only she, the young mistress of the mu family, could have such a grand display.

countless women were envious of her!

unfortunately, her fantasy was quickly shattered.

young master mu’s appearance at such an occasion quickly attracted the attention of many people.

some of the famous people who had business dealings with the mu family took the initiative to offer him a toast with wine.

” young master mu, what a coincidence to meet you here today. thanks to your help in the real estate project last time, i’ll toast you. ” two middle-aged men walked over.

mu yichen raised his glass and clinked it against his. " president hu, president liu, you're too kind. "

the two of them then turned to luo chenxi. " young master chen, i've heard so much about you. i didn't expect you to be so close to young master mu. let's work together more often if there's an opportunity in the future. "

chen xiluo had donated a butterfly brooch worth more than 100 million yuan at the charity banquet that day, and it had attracted the attention of the upper-class circle in T city.

although no one could guess his background, they all felt that he was definitely a young master from a famous family with a shocking background from his moves and temperament.

now that he had appeared together with mu yichen, it further confirmed everyone's suspicions.

therefore, the second person that president hu and president liu wanted to please was chen xiluo.

luo chenxi spoke courteously and picked up her wine glass.

just as she was about to drink it, a cold and sharp gaze suddenly swept over her.

luo chenxi pouted her lips and ignored the man's dark expression. she raised her head and took a big gulp.

president hu then greeted mu weiwei and praised the little dumpling.

luo chenxin was the only one left in the end.

luo chenxin had been waiting for a long time with a glass of wine in her hand, but she was still muttering in her heart.

did they even know social etiquette?

after toasting young master mu, the second one should be his wife. why was she the last one to be touched?

later on, she would definitely put on the airs of mrs. mu and teach them a lesson!

however, who knew that after president hu and president liu drank their juice with the little dumpling, they actually turned around and left.

Chapter 518: my heart really aches for young master mu to marry such a wife

luo chenxin had already picked up her glass, her hand still in the air.

this time, his entire person froze.

she had never expected that president hu and president liu would leave without giving her any face at all!

she was the young mistress of the mu family!

how dare they ignore her?

did he not see her, or did he forget to give her a toast?

luo chenxin's face turned green and white. she slammed the glass back on the table and turned around to look at mu yichen with an angry expression.

"honey, look at these two people. what do they mean? you actually treat me like i don't exist! i ... i'm the young mistress of the mu family. if they ignore me, they're not giving you face. they're too much!"

mu yichen did not even look at her, much less answer her.

boxn ov el. c o m

luo chenxin had deliberately spoken loudly just now so that the guests at the other tables could hear her.

this way, more people would notice her when mu yichen reprimanded president hu and president liu. she would then be able to regain her dignity.

who would have known that mu yichen would ignore her?

instead, the guests around them looked over curiously.

as a result, luo chenxin was even more embarrassed.

president hu and president liu also heard her voice and looked at each other.

"old liu, did you hear someone talking just now?" president hu asked. it seems to be ... mrs. mu?"

"what mrs. mu?" president liu sneered. it's not like you didn't go to the mayor's charity banquet that day. didn't you see what happened? young master mu doesn't even care about that so-called madam. from the looks of it, he'll probably get a divorce in a few days!"

"that's true. i heard that young master mu married her only because the old lady of the mu family was seriously ill and wanted to make up for it according to the ancient method. in addition, she gave birth to the little princess of the mu family, so she had to give the little princess a proper identity. otherwise, how could she marry into a rich family?"

"isn't it? i really feel bad for young master mu to marry such a wife. the fall at the charity banquet that day really embarrassed the entire mu family!"

luo chenxin was so angry that she almost vomited blood!

these two greasy middle-aged men actually dared to say that to her!

"you ... you guys ..."

she was so angry that she wanted to kill someone, but president liu and president hu turned around and left after saying that.

initially, they did not want to make it so clear, but luo chenxin was not tactful and deliberately criticized them loudly behind their backs.

unlike young master mu, who came from a rich and powerful family, people like them who worked their way up from the grassroots were very snobbish.

when luo chenxin was humiliated by young master mu in public at the charity banquet, they immediately guessed that young master mu wanted a divorce.

they knew that luo chenxin would not be able to secure her position as mrs. mu, so they would not give her face.

if luo chenxin had her own career and was the daughter of a rich family or a big star, it would be fine. people would still respect her.

however, she was only able to marry into the mu family by seducing young master mu and giving birth to a daughter.

with such an identity, once she got divorced and was kicked out of the mu family, no one would take her seriously.

the guests around them heard the conversation between the two ceos and started to discuss among themselves.

originally, many people did not know about the charity banquet, but now that they were asking each other out of curiosity, the news had spread to everyone.

as a result, everyone looked at luo chenxin with a hint of playfulness.

Chapter 519: have you forgotten the lesson that you've learned for seven days and seven nights?

"so ... there's such a thing!"

"it's indeed a drama about the wealthy!"

"i've always thought it was strange that young master mu would marry a woman like luo chenxin with his status. now i understand ..."

"hurry up and get a divorce! how can she still stick to young master mu?"

luo chenxin's breath was stuck in his chest, and he almost choked to death!

if it was another occasion, she might have already gone up to scold him.

but now, she was with young master mu, and she had to pay attention to her image ...

luo chenxin forced herself to suppress her anger. she looked at mu yichen as if she was about to cry.

"honey, listen to what they're saying! how could they do this? this was an insult to the entire mu family! hubby ..."

her voice was sharp and thin, and she sounded very pitiful.

it was as if she would cry if he spoke too harshly.

even luo chenxi could not help but take a few more glances at her when she heard that.

luo chenxin really understood a man's mind. most men would not be able to refuse such a beautiful woman's plea, right?

however, young master mu remained unmoved.

when he heard luo chenxin's constant pleading, a cold glint flashed in his eyes, and he said coldly, " " luo chenxin, you ... "

she had just started when she suddenly felt a pain in her calf.

he was suddenly kicked by the little woman beside him.

mu yichen corrected himself unwillingly, " ... don't take these people's words seriously. just pretend you didn't hear them. "

luo chenxin was extremely touched when she heard young master mu's words.

it was her first time hearing such comforting words from mu yichen's mouth ...

"hubby, thank you. i'll listen to you!"

she leaned over, wanting to give mu yichen a kiss.

however, mu yichen avoided her without a trace.

luo chenxi gave mu yichen an approving look as she picked up some food for the little dumpling.

young master mu glared at his little woman and felt depressed.

this stupid woman ... she still said that she had no intention of selling her husband.

he actually kicked me for the disgusting woman, luo chenxin! she even dared to drink in front of him!

you're quite bold, aren't you?

have you forgotten the lesson you've learned for seven days and seven nights?

luo chenxi suddenly felt a slight chill on her back when she was being stared at by him. she could not help but grasp the little dumpling's chubby little hand tightly in an attempt to find the courage to fight against the 'evil forces'!

the little furball was in pain from her grip. it turned its head and looked at her strangely. " big brother? "

"cough cough!" luo chenxi coughed once. " tang tang, i think you've eaten a little too much. do you want to go out for a walk? " the scenery in the garden outside was especially beautiful. besides, your aunt went to the bathroom just now and hasn't come back for so long. could she be lost? let's go and look for her. "

the little dumpling heard that her big sister wanted to take her out to play.

he immediately dropped his spoon without the slightest hesitation. he stretched out his chubby little hands and asked for luo chenxi's hug.

luo chenxi picked up the little dumpling and ran away while ignoring mu yichen's furious gaze.

the scenery in star dream garden was magnificent.

luo chenxi took the little dumpling for a walk around the lake and took a few cute photos of her.

she had originally planned to play for a while longer.

however, not long after, a group of young ladies found him and ran over to ask for her autograph and photo.

luo chenxi spent quite a bit of effort before she managed to deal with them.

seeing that the little dumpling was a little unhappy, she could only take her back.

however, just as she reached the entrance of the dining room, she heard a familiar voice.

"mu weiwei?"

Chapter 520: witness a scene of catching a mistress and beating her up

today, as soon as the dishes on their table were served, mu weiwei said that her stomach was not feeling well and that she needed to go to the bathroom.

in the end, mu weiwei did not return even when they were about to finish their meal.

she didn't expect that she would be quarreling with someone here.

a booth near the entrance was already crowded with people.

luo chenxi squeezed into the crowd with the little dumpling in her arms.

he heard a crisp "pa" sound.

mu weiwei's face was filled with rage. she raised her hand and slapped the girl in white next to her.

this slap was very heavy.

a clear palm print immediately appeared on the girl's face.

a boy of seventeen or eighteen years old rushed over from the side. he pushed mu weiwei away and shielded her behind him.

"mu weiwei! you're crazy! you ... how can you hit me? when will you change your missy temper? to think that mengya still treated you as her best friend!"

"lu zheqing, you're so disgusting. you still want to protect her, don't you? xu mengya, come out! you still have the face to say that we're best friends, and this is how you treat me?"

mu weiwei's face was red with anger. she pointed at the girl behind the boy with a trembling finger.

xu mengya walked out shakily. her face was covered in snot and tears. coupled with her red and swollen cheeks from mu weiwei's slap, she looked extremely pitiful.

"wei ... wei wei ... it's all my fault! please don't blame zheqing. actually, we ... we wanted to explain to you a long time ago, but ... it's all my fault. i was afraid that i would hurt you, so zheqing didn't tell you the truth ... i'm really sorry ..."

"you ... you're so thick-skinned! i should be thanking you, shouldn't i?"

when mu weiwei saw xu mengya pretending to be weak, she gritted her teeth. she wanted to tear her apart!

lu zheqing thought that she was going to hit him again, so he rushed over and stood between them.

a trace of anger appeared on his young and handsome face. " mu weiwei, have you had enough?! why are you being so overbearing? we didn't do anything wrong to you, aren't you being a little too much? yes, that's right, i did pursue you before, but we're not officially a couple, right? and you won't allow me to like someone else?"

mu weiwei's eyes widened. " what did you say? now you're saying that we're not official boyfriend and girlfriend? back then, who was the one who said that she'd liked me since she was young, that she'd only like me, and that she'd marry me no matter how fierce my brother was? now that you've climbed into xu mengya's bed, you've lost your memory?"

lu zheqing was furious. " stop talking nonsense. even if i did, it's ... it's because i'm young and insensible ... it's all my fault anyway. don't blame mengya ... "

"zheqing, don't speak up for me. i'm the one who has let wei wei down. you clearly know that she likes you ..."

"so what if she likes me? i can't stand her arrogant and domineering big miss temper!"

the two of them sang the same tune. they looked like a couple who had been separated.

mu weiwei was infuriated by them, but she could do nothing about it.

luo chenxi was standing in the crowd with the little dumpling in her arms. she was dumbfounded as she watched the scene.

when she saw mu weiwei hitting someone, she was a little stunned.

only now did she understand.

she seemed to have witnessed a scene where a mistress was caught and beaten up.

and the main character was her aunt, mu weiwei?
