

Sweetheart 561

Chapter 561: how many hundreds of family rules does the mu family have?

mu yichen was distracted and glanced at her.

“i’m too busy with work, i don’t want to disturb your sister-in-law’s rest.”

in fact, in order not to arouse luo chenxin’s suspicion, he, tan yueru, and the others had returned to the mu family’s villa every other day some time ago.

however, he had not gone back since his little woman had returned.

on the one hand, he was afraid of trouble. on the other hand, he was worried that luo chenxi would be jealous.

“but, you can’t take tang tang with you? you don’t know how pitiful sister-in-law is being alone at home! big brother, you can’t do this. since you’ve married sister-in-law, you have to take responsibility!”

mu yichen frowned impatiently. “that’s enough. children shouldn’t meddle in adults’ affairs. alright, we’re here. mom’s here to pick you up, you can get out of the car!”

his brother chased his unsightly sister out of the car.

before she left, mu weiwei looked at luo chenxi with a reluctant expression.

“brother xiluo, i’m really grateful to you today! i’ll treat you to a meal in a few days.”

“no need, you really don’t have to be so polite. it’s what i should do ...”

the alarm in luo chenxi’s heart went off when she saw the suspicious blush on mu weiwei’s face.

he felt that there was something wrong with the little girl’s expression ...

she seemed to have gone a little too far in the limelight tonight.

it wouldn’t be an exaggeration to say that he was a strong boyfriend.

mu weiwei, this little girl, was in love for the first time. she couldn’t ... she couldn’t have really developed feelings for him, could she?

if that was the case, then something big would happen!

luo chenxi was in a dilemma. she thought about it and felt that she should come clean to mu weiwei as soon as possible.

however, before she could say anything, mu weiwei had already turned around with a blushing face and ran toward tan yueru, who was waiting for her at the entrance of the apartment.

“forget it, i’ll tell mom first ...”

luo chenxi muttered to herself and opened the car door.

as soon as he got out of the car, he hit a wall of meat.

“stupid woman, let’s see where you can run now! today, you wore men’s clothes, came home late, raced cars, and fought with others ... how many family rules have you broken in total? do you want me to help you count?”

young master mu’s cold and deep voice sounded.

luo chenxi shuddered. ” mu yichen, don’t ... don’t be agitated! ” tang tang is still waiting for me to go home and coax her to sleep!”

“stop dreaming. mom already said it just now. after tang tang called you, she heard your voice and fell asleep. now, no matter how you scream, no one will come to save you ...”

.....

in the end, the pitiful little white rabbit still couldn’t escape the big bad wolf’s demonic claws.

he was pressed down on the soft bed and was eaten clean.

in the early morning, the little white rabbit bit the corner of the quilt and fell asleep.

life was too difficult!

why was it that no matter what she did, it was against the family rules?

how many hundreds of family rules did the mu family have?

.....

the next day, luo chenxi was woken up by the little dumpling’s mumbling.

“big sister, why aren’t you getting up? i’m hungry ...”

luo chenxi opened her eyes abruptly and looked straight into the little dumpling’s too little face.

the little dumpling was lying on the edge of the bed, her two small hands supporting her cheeks, and she looked at her with her head tilted.

luo chenxi sobered up at once.

when she turned around, the man who had tormented her the entire night yesterday was gone.

“where’s your father?”

the little dumpling blinked her big eyes. ” daddi went to work to cause trouble! daddi said we can’t disturb big sister’s sleep!”

luo chenxi raised her head to find that it was already past eight o’clock.

the little dumpling was going to be late for kindergarten.

she quickly got out of bed and washed up. then, she made the little dumpling a love fried egg and fruit soup, and even tied her hair into two beautiful braids.

Chapter 562: for some reason, she felt the heartache of an old mother

luo chenxi sent the little dumpling to the entrance of the kindergarten. she was five minutes away from being late.

the little dumpling stuck to luo chenxi's side in the back seat and refused to get out of the car.

"big sister, is tang tang's braids perking up?" she leaned over and pointed at the top of her head.

luo chenxi looked to her left and right. " no, i didn't. it's not easy to let my braids loose today. " tang tang looks especially beautiful with her braids!"

the little ball looked at itself in the mirror and stopped talking.

after two seconds, he said, " big sister, the bowtie on tang tang's side has loosened ... "

she twisted her little butt and turned her back toward luo chenxi.

the butterfly behind the princess dress finally let go.

luo chenxi blinked. she stretched out her hand and tied it into a fluffy and beautiful big bow in a few moves.

"big sister ..."

luo chenxi hugged the little dumpling who pounced on her. " tang tang, do you not want to go to kindergarten? " are there any kids bullying you?"

the little dumpling wriggled around in her arms and shook his head. " no, i didn't. "

luo chenxi stared at her pink and tender little face for a while. she also felt that it was unlikely that anyone would have the guts to bully the mu family's little princess.

in that case ...

the little dumpling just couldn't bear to leave her.

it was her first time sending the little dumpling to the kindergarten since she returned to mu yichen's side.

the little dumpling had been sticking to her for the past few days and refused to come to school.

it seemed that today was not the right time.

luo chenxi kissed the little dumpling's cheek. " let's not go to the kindergarten anymore. i'll take you to ... "

halfway through his sentence, someone suddenly knocked on the car door.

luo chenxi turned around and saw bo shaoxuan standing outside the car door. he was looking into the car with a serious expression.

of course, he couldn't see anything because of the window film ...

luo chenxi lowered the car window.

the little dumpling immediately pounced on the window. " brother shaoxuan!!! "

bo shaoxuan saw the little dumpling and immediately heaved a sigh of relief. " tang tang! why didn't you come to school for so many days? are you sick?"

the little dumpling shook its head. " no, tang tang isn't sick! "

"really? if you're not feeling well, you can rest at home for a few more days ..."

bo shaoxuan was in the middle of his sentence when suddenly, there was the sound of music from the kindergarten.

he was slightly stunned. " ah, it's time for school. i'll take my leave first! " tang tang, goodbye. aunt mu, again ..."

before he could finish, the little dumpling opened the car door.

her soft and cuddly little body pounced outside.

"brother shaoxuan, wait for me!"

luo chenxi had a dumbfounded expression on her face.

she watched as bo shaoxuan stopped, turned around, and held the little dumpling who had almost fallen.

then, the two little ones held each other's hands and walked towards the main door together.

for some reason, she felt a kind of old mother's heartache ...

seeing that the two little guys had entered the kindergarten safely, she took out her phone from her bag.

she decided to give sheng yu a call.

mu yichen had been searching for lu wenjun's whereabouts during this period of time, but he had encountered many obstacles.

all the relevant information had been destroyed, and every time they found a clue, it would be intercepted.

it was obvious that there was a force that was not inferior to the mu family obstructing them.

however, how could luo chenxin be related to such a powerful force?

this was something that would be difficult to find out in a short time.

luo chenxi recalled that sheng yu had said something similar before. she planned to contact him and gather the information that both sides had.

however, of course, he couldn't tell young master mu about this. he could only do it in secret ...

luo chenxi held the phone in her hand. before she could dial the number, it suddenly rang.

she subconsciously looked down and was shocked.

the caller was actually doctor lin from harmony hospital!

Chapter 563: however, what awaited her was the grievous news of lu wenjun's critical condition?

after lu wenjun went missing, luo chenxi had called lin sheng a few times.

mu yichen had also sent people to yihe international hospital to investigate a few times.

unfortunately, he didn't find many clues.

this was the first time lin sheng had taken the initiative to call.

could it be that there was a clue to lu wenjun's matter?

luo chenxi pressed the answer button.

"miss luo, we have news about ms. lu!" lin sheng's anxious voice was heard. i know where she is now, come over quickly!"

luo chenxi's hand trembled so much that she almost dropped her phone to the ground.

he immediately drove to harmony hospital.

boxn ov el. c o m

.....

"doctor lin, what's wrong with my mommy? do you have any new information?"

luo chenxi barged into lin sheng's office and immediately asked anxiously.

" don't worry, " lin sheng said. " sit down and listen to me. "

luo chenxi was not in the mood to sit down. she shook her head and urged, " "no, i'm not tired. doctor lin, don't keep me in suspense. tell me, how is my mommy?"

upon seeing that, lin sheng did not say anything more. he picked up a stack of documents from the table and passed them to luo chenxi.

"miss luo, when i was on duty just now, the front desk received a call to see lu wenjun's attending doctor. i remembered the time of the kidnapping that day, so i didn't dare to delay and immediately ran over to answer the call."

“the person on the other end of the phone claims to be the director of a private hospital in A city. he said that madam lu is being hospitalized in their hospital and her condition has not been very stable. this morning, ms. lu’s condition has even deteriorated. although she managed to save her life after emergency treatment, she is still in critical condition and is not out of danger ...”

“what?”

luo chenxi’s heart skipped a beat.

in an instant, a sense of fear struck her, and she almost couldn’t stand still.

she immediately rushed to lin sheng.

“doctor lin, how did this happen? where is my mommy now? hurry up and tell me the hospital’s address!”

luo chenxi felt as if she was about to stop breathing.

he had heard from lin sheng that he had found out about lu wenjun’s whereabouts and that she was receiving treatment in another hospital.

at that moment, she felt like she could finally heave a sigh of relief.

but who knew, lin sheng’s next sentence immediately threw her into hell.

lin sheng saw that she was so nervous that her face was red, so he quickly said, “miss luo, don’t worry, don’t worry! can’t you let me finish first? madam lu’s situation is not as bad as you think! calm down, take a deep breath ...”

“how can i not be excited? doctor lin, hurry up and tell me, what’s wrong with my mommy?”

luo chenxi was as anxious as an ant on a hot pan.

lu wenjun’s safety had always been her top priority.

otherwise, she would not have agreed to the substitution marriage, and she would not have agreed to leave mu yichen and the little dumpling for lu wenjun!

now that she finally found lu wenjun’s whereabouts, what awaited her was the grievous news of his critical condition?

“miss luo, please listen to me,” lin sheng said anxiously. madam lu was indeed in critical condition, but she was also very lucky. this morning, the private hospital just happened to receive a patient who was seriously injured in a car accident. he was now brain dead. the patient had signed a body donation agreement before. her family has also signed to donate her heart to ms. lu.”

Chapter 564: she suddenly felt that there was something fishy about this

upon hearing his words, luo chenxi’s heart, which had been in her throat, finally felt a little more at ease.

“what? there ... there was such a thing? oh my god, this ... this is really too lucky! i really have to thank this family ...”

lin sheng saw that she had calmed down a little, so he handed her a cup of tea.

“miss lu, i’ve told you before that you and madam lu are both kind-hearted and good people. you’ll definitely be rewarded, and didn’t it come true? don’t worry, there are still a few things i need to tell you slowly.”

luo chenxi heaved a long sigh of relief when she heard that lu wenjun had found a suitable donor.

he finally regained some of his rationality.

she sat down on the chair opposite lin sheng’s desk.

“doctor lin, please tell me.”

lin sheng nodded and said, “it’s very dangerous for ms. lu to undergo such a major operation.” therefore, the hospital needed to know all the information about madam lu’s condition in the past six months. part of the reason why they called me was because they wanted me to provide them with madam lu’s medical record.”

boxn ov el. c o m

as he spoke, he pointed to the folder on the table. “ i’ve already sorted it out and faxed it to them. you don’t have to worry. these are mrs. lu’s medical records from the private hospital. i asked them for them and they sent them to me. ”

“from the medical record, the patient they accepted should be ms. lu herself.”

luo chenxi had a grateful expression on her face. “ doctor lin, thank you so much! ” ever since my mom was hospitalized in yihe, we’ve been receiving your help. this time, it’s all thanks to you again ...”

lin sheng quickly waved his hand. “ miss lu, please don’t say that. i didn’t really help much. ” he kept saying that he would find a suitable donor for ms. lu, but to no avail. this time, madam lu is really lucky ... oh right, ms. lu, how did madam lu get transferred to A city?”

lin sheng could not figure this out.

luo chenxi frowned when she heard the question.

because this was also something that she could not understand.

A city wasn’t too close to T city, but it wasn’t too far either. it would take about four to five hours to get there by car.

she had thought that luo chenxi’s men would immediately move her away after kidnapping lu wenjun, and it was highly likely that they had already sent lu wenjun abroad.

however, the truth was very different from her speculation.

lu wenjun had been receiving treatment in A city’s hospital ...

“this ... i don’t know. doctor lin, then ... could you please tell me the address of the hospital? i want to go and see my mommy.”

lin sheng tore a piece of paper and wrote down the address of the hospital.

“here, this is the hospital. i’ve never heard of such a private hospital. besides, a small hospital doesn’t have the skills to perform a major surgery like a heart transplant. i’m a little surprised that they can do it.”

luo chenxi was slightly stunned upon hearing that.

seeing that she was a little worried, lin sheng quickly added, “the medical level in A city is the highest in the country. there are several internationally renowned hospitals. perhaps the other party would go to a big hospital to invite experts for a consultation. they would definitely not joke about the patient’s life and safety! don’t worry!”

even so, luo chenxi did not feel at ease at all.

she suddenly felt that this matter was a little strange.

Chapter 565: the phone rang more than ten times, but no one picked up

after luo chenxin kidnapped lu wenjun, she even sent her to the hospital for treatment.

not only that, but they had also found a heart donor for lu wenjun!

since when did luo chenxin become such a kind person?

however, to say that this was fake ...

the other party’s hospital also provided lu wenjun’s medical record. after lin sheng’s appraisal, he confirmed that there was no problem ...

just when luo chenxi was in a dilemma, the telephone on lin sheng’s desk suddenly rang.

lin sheng picked it up and was stunned for a second.

“ miss luo, this phone call came at the right time. it’s for you! ”

luo chenxi had a bad premonition in her heart. she immediately rushed over and took the phone.

boxn ov el. c o m

on the other end of the phone, he spoke in perfect mandarin, “ may i ask if you are madam lu wenjun’s daughter? ”

luo chenxi nodded hastily. “ yes, i am. you’re ... ”

“hello, i’m from renhe international hospital. according to the hospital’s regulations, this type of highly risky surgery requires the signature of the patient’s immediate family to confirm that they already know the possible risks of the surgery. otherwise, we won’t be able to bear the responsibility.”

“so, i would like to ask, miss lu, when can you come to the hospital to sign the papers? there’s also the issue of the fees ...”

luo chenxi immediately answered, “ you don’t have to worry about the cost. i have the money here no matter how much it is. please provide my mommy with the best medical conditions and the best medicine. money is not a problem! ”

“okay, i understand,” the nurse on the other end replied, “when will you be able to come to our hospital?” the time for the heart transplant operation is very tight. after receiving the donor, the operation must be carried out within a maximum of eight hours to achieve the best results. please come to my hospital in time and don’t miss the opportunity for treatment.”

“okay, okay, i understand. i’ll be right there!”

upon hearing that, luo chenxi immediately stood up without a second thought.

” doctor lin, thank you so much for today. i should have treated you to a meal to express my gratitude, but i’m in a hurry ... ”

“i’m fine. i really didn’t do anything. miss lu, please hurry to A city. ” this is a matter of life and death, we can’t afford to delay.”

luo chenxi nodded before she turned around and left the room.

when she came to the hospital today, she was afraid that lin sheng would not recognize her, so she did not wear men’s clothes. she only wore sunglasses.

he did not dare to take the mu family’s car for fear of attracting luo chenxi’s attention.

at this time, she was burning with anxiety. she called a taxi and rushed to A city.

the taxi driver was a little reluctant when he heard that they were going to such a far place.

luo chenxi immediately took out her wallet and took out a few hundred-dollar notes. she stuffed them into the driver’s hand. ” mr. driver, my mother needs to undergo surgery. i’m in a hurry to see her. it’s really urgent. please help me! ”

seeing how anxious she was and how willing she was to pay, the driver nodded in agreement.

luo chenxi was feeling extremely anxious in the car.

after driving for half an hour, she gradually calmed down, but she felt a little uneasy.

for some reason, she felt that this call came at too much of a coincidence.

however, she did not have any evidence to prove that something was wrong.

moreover, it was related to lu wenjun’s condition, and time was of the essence. she did not have much time to think.

luo chenxi pondered for a moment before she took out her phone and called mu yichen.

he had to inform his proud family members about such a big matter.

however, the phone rang more than ten times, but no one picked up.

Chapter 566: if you neglect the young madam, all of you can forget about working here!

“what’s going on? why isn’t mu yichen picking up his phone?”

luo chenxi frowned in puzzlement.

usually, she would pick up mu yichen’s call immediately no matter how important a meeting he was in.

why didn’t he pick it up at this critical moment?

“mu yichen, what’s the matter with you? quickly answer the phone, quickly answer it!”

luo chenxi kept repeating this in her heart. her hand that was holding the phone was trembling slightly.

however, no one picked up the phone.

in the end, there was even a busy tone.

luo chenxi refused to believe it. she called a few more times, but the results were the same.

boxn ov el. c o m

helplessly, he could only type a text message and send it.

.....

at the same time.

on the first floor of the mu group.

a silver-gray sports car stopped.

the car door opened, and a tall and elegant figure appeared at the company’s entrance.

she was wearing a v-neck red skirt that wrapped around her hips and was extremely sexy. she was also wearing 12-centimeter high heels and had an arrogant posture.

as soon as she appeared, the staff at the front desk immediately became excited.

“it’s the young madam!”

” young madam actually came to the company! ”

“it’s been a long time since she came to visit, right?”

manager han from the security department urged, ” alright, why are you all in a daze? young madam is here, why are you still standing there? hurry up and receive them properly! don’t say i didn’t warn you. if you neglect the young madam, none of you will be able to work here!”

upon hearing this, the front desk staff all went up to him eagerly.

ever since luo chenxi received a cold reception at the front desk when she first came to the mu corporation a few months ago, mu yichen gave her an order, " anyone who dared to make his wife unhappy would be fired!

the front desk staff who had given luo chenxi a hard time at the time was fired at once.

on the other hand, supervisor han, who took the initiative to curry favor with luo chenxi, was promoted to the rank of a manager immediately.

ever since then, luo chenxi was like a moon surrounded by a myriad of stars whenever she visited the mu clan.

the front desk staff swarmed forward and surrounded luo chenxin in the middle, fighting to lead the way and carry her bag.

luo chenxin had never enjoyed such treatment before, so she could not react for a while.

she thought of the cold reception she had received every time she came to the mu group three years ago, and compared it to the enthusiasm of all the employees today ...

she was so jealous that her face turned red.'that little b * tch luo chenxi! he even managed to settle the people from the mu group! he really had the ability! i don't know how good this b * tch is in bed to make young master mu pamper her like this!"

"but ... after today, it's useless no matter how wild she is! after all, a dead man can't compete with me!"

when they arrived at the top floor, the secretaries in the president's secretary's office were also very attentive to luo chenxin.

when he heard that she was looking for mu yichen, he rushed to answer,"young madam, the president has an important meeting today and is not in the office now. please go in and sit for a while. we'll immediately inform the president of your arrival. he'll be very happy."

"thank you, then."

luo chenxin's tender red lips curled up.

he pushed the door open and entered the president's office.

seeing the luxurious decorations inside, her heart was filled with jealousy.

mu yichen's office ... was a forbidden area!

but that little b * tch could come in as she pleased!

luo chenxin remembered what she had to do, so she suppressed the unwillingness in her heart.

he took out the dishes that the chef had specially prepared from the lunchbox in his hand and placed them on the small coffee table one by one.

after that, she looked at the door again.

seeing that there was no one around, she secretly took out a bag of medicinal powder from her pocket and sprinkled it into the coffee cup on the table.

Chapter 567: oh my god, why is this coffee so bad?

half an hour later, mu yichen came out of the meeting room with a slightly unpleasant expression.

he entered the office in a hurry.

zhuo feng lowered his head and followed behind him, looking defeated.

just as he was about to follow her in, he was stopped by a female secretary.

“special assistant zhuo, please wait! it’s not a good time to go in now. the president will be angry later!”

” what do you mean? ” zhuo feng frowned. the president will only get angry if i don’t go in! you don’t know how big of a mistake the person in charge of the northern european market made in the meeting just now. the president is now in a rage! if i don’t hurry up and hand over the information, i’ll really be done for.”

the female secretary revealed an ambiguous smile. ” special assistant zhuo, don’t worry! the president might even go home early and give us a holiday! that was because the young madam had just come over and was waiting in the office! when he saw young madam, no matter how angry the president was, he couldn’t let it out.”

zhuo feng was taken aback.

he was one of the few people who knew the truth about the substitute marriage.

luo chenxi had always been cautious and cautious. how could she possibly appear in the mu group all of a sudden in a female outfit?

unless it was luo chenxin ...

his expression suddenly changed. ” i’m finished, i’m finished! we’re finished! i have to get out of here quickly. you guys stay away from me, or else ... if you lose your job, don’t blame me for not warning you!”

“ah? what? special assistant zhuo, what’s wrong?”

the female secretaries were dumbfounded.

special assistant zhuo, who had always been calm and steady, rushed into the elevator as if his butt was on fire.

.....

in the president’s office.

mu yichen was still in a fit of anger as he was still thinking about what happened in the meeting earlier.

she didn't notice that something was wrong in the office.

he slammed the table, picked up the coffee on the table, and took a big gulp.

he almost vomited the moment the coffee entered his mouth.

"that damned zhuo feng! if you can't even handle such a small matter, why is the coffee so bad today? also, ask him to bring the data of the northern european market over. why isn't he here yet?"

he picked up the phone and was about to make a call to rush her.

suddenly, the door of the lounge was pushed open.

a pungent smell of perfume drifted out from inside.

mu yichen turned around instinctively. soon after, his brows were tightly knitted together.

"luo ... luo chenxin? what are you doing here?"

luo chenxin walked toward mu yichen in her high heels.

she had a slender waist and a graceful posture.

a pair of big eyes with delicate and heavy makeup blinked, casting a charming look at young master mu from time to time.

"hubby, you're asking a weird question. you haven't been home for so many days. i ... i miss you, can't i? i know you're busy with work and i'm afraid that you'll be working too hard, so i've specially prepared a table full of dishes for you. they're all your favorite dishes to nourish you."

luo chenxin lowered herself and spoke very tactfully.

mu yichen shot her a cold glance.

it was clearly the exact same face, and it was clearly also making a shy expression.

however, luo chenxin looked hypocritical!

his little woman, however, was shy and lovely, which made his heart flutter.

"i've already had lunch, so you don't have to worry about me," he sneered. i still have a meeting to attend, so you can go back now."

luo chenxin quickly said, 'husband, it's only twelve o' clock. why have you eaten?' you definitely didn't eat well. no, no, you have to eat more. no matter how busy you are with work, you can't ignore your health."

she approached mu yichen as she spoke.

she was about to stick to mu yichen's body.

Chapter 568: are you feeling uncomfortable now that you haven't resolved it?

mu yichen took a step back subconsciously to avoid her.

“i really can’t eat anymore.” he frowned. besides, i’m in a meeting and i don’t have time to eat.”

“but, honey ... how can i be at ease when you’re like this? come and have a look, these are really your favorite dishes. i specially asked aunt chen to make your favorite sweet and sour fish.”

luo chenxin tried to persuade him.

however, mu yichen’s face remained cold throughout. he remained unmoved.

if his little woman had not reminded him to act naturally in front of luo chenxin, he would have called the security guards to throw her out.

luo chenxin tried her best to persuade him, but to no avail. she could not help but clench her fists.

fortunately, she was smart enough to add some “ ingredients ” to her coffee.

otherwise, she would have wasted her time here today.

” luo chenxin, i’m going to a meeting now. i’ll ask brother liang to send you back ... ”

he was halfway through his sentence when he suddenly felt his legs go soft and he could not stand still.

a strange heat was rising from his lower abdomen.

he thought that the temperature of the air conditioner was too high.

he wiped the beads of sweat on his forehead and continued, ” “you go back first. i’ll be back today, and then ...”

another wave of heat came.

mu yichen lost his balance for a moment. he stretched out his arm subconsciously in an attempt to support himself on the table.

however, luo chenxin took the opportunity to walk up to him. she reached out in front of the table and held his arm.

then, her alluring figure in a tight-fitting skirt came close.

she leaned her head towards him and gently blew into his ear.

“honey, what’s wrong? is it because i’ve been too busy with work recently and haven’t been able to solve it, so i’m feeling uncomfortable? don’t worry, i’ll help you ...”

“i ...”

mu yichen closed his eyes for a moment before he opened them again.

what came into view was a patch of white.

luo chenxin was well-versed in the tricks of seducing men. she lowered her body so that mu yichen could see the exposed lust in her.

there were more beads of sweat on mu yichen's forehead.

he glanced at the empty coffee cup on the edge of the table and suddenly had an idea.

damn it, that cup of coffee!

in his daze, he seemed to hear the phone he had thrown on the sofa ringing.

however, she didn't have the strength nor the heart to take it ...

.....

on the highway.

the taxi driver drove to city A according to luo chenxi's instructions.

even though luo chenxi was burning with anxiety, the driver was unwilling to speed and get a ticket.

hence, it took them nearly five hours to arrive in A city.

after entering the city, they encountered a traffic jam.

it was seven o'clock in the evening, but they still had not arrived at the private hospital.

luo chenxi's cell phone rang.

she picked it up and heard the nurse from this morning.

"miss luo, have you arrived yet? it's already past seven o'clock. there's only an hour left before the best time for the surgery. can you make it in time?"

luo chenxi looked at the crowded traffic outside and frowned.

"soon, soon," he replied. "i'm already in A city. i'll be there soon!"

when the nurse heard this, she heaved a sigh of relief.

"good, that's great! please come quickly. also, when you arrive, don't go through the front desk. go straight to the parking lot at the back of the hospital. there's a door you can enter from there. this way, you don't have to squeeze with the patients at the entrance, and it can save you some time."

luo chenxi asked the taxi driver to stop the car after she hung up the call.

this place was only two streets away from the hospital. with the heavy traffic, it might be faster to run there.

she ran all the way and finally saw the hospital gate.

at this moment, she suddenly stopped.

Chapter 569: an imposter had the nerve to ask if he was satisfied?

the hospital was brightly lit.

it looked like a proper hospital, and a rather high-end one at that.

however, compared to the public hospitals that were always crowded from morning to night, this hospital seemed to have fewer patients.

of course, private hospitals were expensive, and it was normal to have fewer patients.

luo chenxi stood rooted to the ground with a frown.

everything seemed normal.

however, she still felt that something was not right.

why was this so?

she recalled the phone calls she had received today and suddenly realized the problem.

“this hospital isn’t very big. if you go in from the main entrance, it won’t take long for you to reach the inpatient department. plus, there aren’t many patients, so you don’t have to queue for the procedures. why do you have to go through the back door of the parking lot to save time?”

this point had already made her feel a little out of place.

however, he didn’t have time to think about it in his anxiety.

luo chenxi frowned. ‘no, this doesn’t mean anything!’ maybe it’s closer to go in through the back door, and the nurse just mentioned it casually ...”

the two different thoughts in her heart were tearing at each other.

on one hand, she was a little worried. after all, luo chenxin knew that she was looking for lu wenjun’s whereabouts. it was very likely that luo chenxin was deliberately making a fuss about this matter to lure her out. such a possibility could not be ignored.

on the other hand, she really hoped that this was true. if her mother had the chance to have a heart transplant but missed it because of her hesitation, she would never be able to forgive herself ...

luo chenxi stood in the cool night breeze and was in a dilemma for a while.

he gritted his teeth and walked forward.

.....

mu group.

in the president’s office.

luo chenxin gradually moved closer to mu yichen. her tender red lips were almost touching his face.

mu yichen could only feel a nauseating feeling surging up within him. he furrowed his straight brows and took two steps backward in an attempt to dodge the attack.

however, she bumped into the office chair behind her and sat down.

he wanted to get up, but luo chenxin simply bent her knees and wanted to sit on his thighs.

“hubby, let’s go to the lounge on the side? don’t tell me ... you prefer to be here? as long as you don’t mind, i’m willing to accompany you ...”

mu yichen raised his arm with all his might in an attempt to shake her off.

however, luo chenxin’s drug this time was very strong.

once it acted up, other than a certain part of the lower body, the other parts of the body would be sore and weak.

the only thought in his mind was to satisfy his own needs.

therefore, he did not manage to shake off luo chenxin completely even after he pushed her. she only staggered a few steps.

mu yichen gritted his teeth. “ luo chenxin, you ... get lost! ” you actually drugged me! you ... are so lacking in men? don’t you have any sense of shame?”

luo chenxin was furious. “ mu yichen, you ... why are you ignoring me like this? ” are you not satisfied with my face or my body? we were just fine a while ago, why did you suddenly change?”

upon hearing this, mu yichen squinted his eyes. a wisp of unnoticeable coldness flashed past his eyes.

he was extremely satisfied with his little woman’s face and figure.

but ... how could an imposter have the nerve to ask him if he was satisfied?

however, before he could answer, another burning sensation came.

Chapter 570: without young madam around, they really couldn’t live anymore!

he even began to feel a clear swelling pain.

when luo chenxin saw him closing his eyes, she leaned over again. “ hubby, what ... what’s wrong with you? ”

mu yichen’s forehead was already drenched in sweat.

he suddenly opened his eyes. “ i’ve said that i’ve been too busy recently and i’m not in the mood! moreover, i hate it the most when people force me or scheme against me! luo chenxin, i remember warning you on our wedding night that if you drug me again, i’ll divorce you immediately! ” have you forgotten?”

luo chenxin saw the anger in his eyes, so she was relieved.

her words just now were actually a test for mu yichen.

the things that had happened recently were too abnormal.

in particular, mu yichen refused to touch her even after he was drugged with an aphrodisiac. it made her even more suspicious that luo chenxi had secretly contacted mu yichen and exposed her identity.

fortunately, mu yichen's words earlier had dispelled her doubts.

it seemed like he just didn't like people who were too active ...

however, mu yichen did not have much experience in this area. he might say that he did not like taking the initiative, but in his heart ... he might be thinking the exact opposite.

young master mu ... was really a man among men!

however, just as she was about to touch the belt, she suddenly heard a crisp clang.

luo chenxin was stunned for a moment. before she could react to the situation, she was kicked to the ground.

mu yichen's kick was accurate and ruthless. it landed right on her chest.

luo chen saw stars and almost fainted on the spot.

mu yichen grabbed the phone on the table and pressed the number '1'. " zhuo feng, get your ass in here right now! "

in less than 30 seconds, zhuo feng 'rolled' into the room with a pale face.

the cold sweat on his forehead dripped to the ground as soon as he saw luo chenxin, who was lying on the ground and could not get up.

we're finished, we're finished!

he knew that he would be in deep trouble as soon as luo chenxin appeared!

it was all because of those frivolous female secretaries at the door!

zhuo feng missed his young mistress dearly.

without young lady around, they really couldn't live anymore!

"why are you still in a daze? call the guards and drag her out!"

zhuo feng quickly went to get his men.

the guards did not dare to be rough with the " young madam ", but luo chenxin refused to leave.

after mu yichen glared at them a few more times, they could not care about anything else. they grabbed luo chenxin's arm and dragged her outside.

"you guys let me go! let me go! a few low-class people dared to molest me, they were simply courting death! i'm the mu family's young mistress, you don't want to live anymore!"

luo chenxin kept shouting and disappeared behind the door.

zhuo feng heaved a sigh of relief and wiped the cold sweat off his forehead.

she shifted her gaze and noticed that mu yichen's right hand was covered in blood.

he turned pale with fright. " president, president! what ... what's wrong with you? your hand!"

mu yichen seemed to have just noticed the pain. he lowered his head and took a glance at the wound on his hand.

when he saw that luo chenxin was about to touch him, he knocked the coffee cup on the table down in a hurry.

the shard cut his hand and left a deep and long wound.

it was very painful, but it allowed him to recover a little strength, so he could kick luo chenxin away.
