

Sweetheart 581

Chapter 581: how could you be my sister-in-law?

as soon as mu yiling appeared, luo chenxi woke up from her daze.

her petite face blushed crimson when she realized that she had kissed mu yichen in public.

she immediately pushed mu yichen away with all her might and escaped from his arms.

the fragrant and soft little woman in his arms disappeared.

mu yichen's expression turned even gloomier. he kicked his stupid younger brother to the side again.

"take a good look, this is your sister-in-law! can't you grow some brains!"

mu yiling, who was about to pounce on her again and hug her thigh, suddenly stopped.

she raised her head and glanced at luo chenxi in a daze. then, she turned her head to look at mu yichen. she spoke in a tone that sounded like she expected better from him.

"brother, what did i say just now? the side effects of the tranquilizer were very severe, so he couldn't just inject it! you didn't listen to me, and now there's a problem. you're hallucinating! the person you were carrying just now looked like a man. how could she be sister-in-law?"

boxn ov el. c o m

he turned toward luo chenxi as he spoke.

"little brother, i'm sorry! there's something wrong with my brother's brain, so ... ouch!"

before mu yiling could finish his sentence, he was kicked away by his brother for the third time!

"brother! why did you kick me again! i'm your blood brother, how can you use violence!"

"what younger brother? i don't have such a stupid brother!"

mu yichen was so angry that his face turned pale.

if he wasn't his brother, he would have thrown him into the pacific ocean to feed the sharks!

at this moment, luo chenxi came to her senses as well. she quickly went forward and stood between the two brothers.

he opened his mouth to explain, "mu yiling, you've really misunderstood your brother! i'm your sister-in-law, luo chenxi!"

mu yiling was dumbfounded. " you ... what did you say?! "

"it's true, i'm your sister-in-law, for real! i'm only wearing men's clothes."

mu yiling's mouth was wide open. he looked as if he had been struck by lightning. "that's impossible. that's impossible. how can you be a woman? you're obviously ... you're a man, and although you're not as handsome as me, you're not that far off. how could you be my sister-in-law?"

the image of luo chenxi's graceful figure performing the flamingo dance at master bai's birthday banquet in her black evening gown emerged in the second young master mu's mind.

that kind of aura, that kind of amorous feeling, she was definitely a first class beauty!

how could he be related to this handsome young man in front of her?

luo chenxi felt helpless, so she could only explain in more detail.

"when i rushed to the hospital just now, i was worried that this was luo chenxi's scam, so i changed into men's clothes and wanted to ask about my mother's condition. everything was going well at first, but when i was about to leave the hospital, i was discovered by the killer ... "

at this point, luo chenxi recalled something. she turned around and looked at mu yichen. "by the way, the assassin who fired the shot earlier is chasing after me with a few men. they must be luo chenxi's men. stop them quickly!"

"don't worry. my men have already gone after them," mu yichen said calmly.

brother liang and the rest had followed closely behind mu yichen earlier when they jumped off the helicopter.

while mu yiling was pestering his brother, they had already rushed to the shopping mall.

however, before they could enter, they heard a series of police sirens.

several police cars were speeding over.

when the security guard at the entrance saw reese and the others carrying guns, he immediately called the police.

"young master, what should we do now?" brother liang and the others stopped and turned around.

Chapter 582: even if a knife fell from the sky, it wouldn't be able to stop him from hugging his woman!

mu yichen frowned slightly. "we'll wait for the police to go in first. you guys keep an eye on them. don't let the assassins get away! we'll go to the police station to get him later."

he didn't expect the police to arrive so quickly.

this had messed up his plan. he couldn't openly fight with the police for her.

he could only wait until after the matter was over to get the person.

"especially the killer who shot young madam. we must catch him! i'm going to personally entertain him!"

he was simply tired of living for daring to lay a hand on his little woman several times!

brother liang and the others quickly agreed and ran back to the mall.

gunshots were heard again.

it was also mixed with the screams of frightened customers.

boxn ov el. c o m

luo chenxi stood on her tiptoes nervously in an attempt to take a look at the situation in the shopping mall.

suddenly, her arm was pulled by someone.

the next second, she fell into the man's arms.

mu yichen hugged her tightly. he held her waist with one hand and supported her buttocks with the other. he then rubbed her entire body toward him.

the two bodies fit together seamlessly.

luo chenxi could acutely sense ... a certain part of her body that was unusually hot.

"you ... what are you doing? 'mu yichen, we're ... we're outside! you ... can you not be such a beast?"

however, these words had almost no effect on young master mu.

just now in the helicopter, he had completely relied on his own willpower and the tranquilizer to resist the drug's effect.

now, the tranquilizer had basically lost its effect.

moreover, the worries in his heart had completely vanished after he found luo chenxi.

this way, the medicinal effect was completely out of control and completely erupted.

now, not to mention the little woman's weak resistance, even if there were knives from the sky, they would not be able to stop him from hugging his woman!

luo chenxi struggled with all her might. her face had turned green.

is there a mistake?

they were outside, so many customers who had escaped from the supermarket looked over curiously.

if it wasn't for the mu family's bodyguards who looked fierce, they would have attracted a lot of attention as soon as they entered!

upon seeing that, zhao feng quickly walked to luo chenxi's back and coughed gently.

" young madam, you don't know this, but luo chenxi went to the company to look for the president this afternoon. she even gave him an aphrodisiac. in the end, young master didn't even touch her and chased her away! then, he forced himself to come all the way here to save you."

"the effect of this aphrodisiac is so strong that the president had to inject a few tranquilizers on the way here to survive. and he refused to go to the nightclub to find a woman to solve it. "

his back was facing luo chenxi when he was speaking. he did not even glance at the two people who were hugging each other tightly.

luo chenxi was stunned for a moment. a wisp of moisture appeared in her eyes.

she had experienced how powerful the luo family's aphrodisiac was.

on their wedding night, she did not have the strength to resist at all and had sex with mu yichen.

however, this man ... in order to save her, he had held on until now.

for a man like young master mu, even if he didn't go to a nightclub, he could have a bunch of women throwing themselves into his arms by just beckoning with his finger.

it would be as easy as blowing off dust if he wanted to solve it.

however, he just didn't want to ...

at the thought of this, luo chenxi's action of pushing and rejecting slowed down.

mu yichen was insatiable. he immediately began to pull her shirt off.

luo chenxi had an awkward expression on her face. " mu ... mu yichen! calm down, we ... we'll talk after we get back ..."

however, before she could finish her sentence, mu yichen grabbed her wrist and guided her downward ...

Chapter 583: ah ah ah ah, men are all big pig trotters!

luo chenxi's mind buzzed for a moment!

this man ... could it be that he really intended to put on a live show of having sex for others to see?

she gritted her teeth and desperately tried to pull her hand back.

"mu ... mu yichen ... don't be like this. let's ... ahem, let's board the helicopter first ... we'll go back first! you ... you're not allowed to pull my pants!"

luo chenxi felt like vomiting blood!

at this moment, mu yiling finally recovered from the shock of realizing that his brother was not straight.

thinking of what he had just done, he shivered.

when big brother wakes up, he'll probably chop him up!

in order to make up for his mistake, he quickly shouted, " "sister-in-law, quickly take big brother to the helicopter! don't worry, with me here, no one will be able to peek at you two being intimate!"

boxn ov el. c o m

"i ..."

luo chenxi almost swore.

the second master had reached new heights today!

initially, the others might not be able to see clearly what she was doing with mu yichen. was there anyone who did not know when he called out to them?

while she was still in a daze, mu yichen had already removed the belt from her waist and tossed it on the ground.

“mu yichen, you ... you stop! come with me!”

she couldn't care about anything else. she could only use all her strength to drag young master mu in the direction of the helicopter.

she only managed to drag mu yichen onto the plane with great effort.

the pilot did not dare to delay and immediately took off.

before luo chenxi could even heave a sigh of relief, a certain someone's sleazy hand had already reached under her clothes.

“what are you doing? ‘mu yichen, let go of me ... do you hear me? i just bought 10 durians from the supermarket yesterday ... ah!”

the pained cries of the little white rabbit echoed in the night sky.

.....

the next morning, luo chenxi woke up in the presidential suite of a hotel.

his entire body felt like it had been run over by a truck.

she wanted to get up, but the moment she exerted force, her whole body ached and she fell back onto the bed.

“stinky man! pervert! beast! you're shameless!”

luo chenxi clenched her teeth in hatred when she recalled the scene last night. she wished that she could bite that stinky man to death ferociously!

she finally understood why mu yichen kept saying that he had been merciful during those seven days and seven nights.

it turned out that he could be even more brutal ...

????,?????????!

it was the same no matter how handsome he was!

“who are you scolding? stupid woman?” the door was suddenly opened, and young master mu's tall and handsome figure appeared.

the flustered and disheveled look from yesterday could no longer be seen on him. in its place was a face of satisfaction.

his gaze swept over the petite woman's exposed shoulder on the bed, and his eyes darkened again.

luo chenxi shuddered. she clutched the blanket in her hand tightly."what ... what are you trying to do?"

"to wake you up? what do you think i'm trying to do?" mu yichen's eyes were filled with evil. " or perhaps ... you're staying in bed on purpose so that i can continue what i did last night? "

"of course not! i'm going to get up, you ... you get out of here!"

upon hearing this, mu yichen did not turn around to leave. instead, he walked to the bedside.

he placed his hands beside the pillow and covered the little woman under him.

he curled his lips ever so slightly when he saw luo chenxi's slightly nervous expression. " what ... did you just say? i didn't hear you clearly?"

luo chenxi blinked her large eyes. " i said earlier that you're the best, hubby. you're so considerate toward me. i'm going to get up soon. can i trouble you to go out for a while? "

Chapter 584: you're not 'other's girl, you're my girl

mu yichen could not stand her coquettish behavior the most.

when he met her big, watery eyes, his heart suddenly stopped for half a beat.

"hmph! don't think that acting cute will work! yesterday, you carried me and ran to such a dangerous place. i haven't even settled this score with you yet! i'll be waiting for you outside!"

he really wanted to press his little woman on the bed and continue what happened last night.

unfortunately, he still had a lot of important things to do today.

he could only let go of her hand and turn around to leave.

luo chenxi got down from the bed with great difficulty and went to the bathroom to wash up.

the huge full-body mirror reflected the bruises on her body.

she couldn't help but want to curse again.

boxn ov el. c o m

"you beast! damn lecher ... no, i mean lecher!"

"stupid woman, you're really bold. you're scolding me again? it seems that i, your husband, have neglected you this morning. let's go back to bed and continue ..."

the man's deep and sexy voice sounded not far away.

luo chenxi was so shocked that she almost jumped up.

” you, you, you ... didn’t you already go out?! ”

“can’t i come back in after going out? if i didn’t come in, how would i have guessed that you actually ‘missed’ me so much ...”

“who’s missing you? hurry up and get out! don’t you know to avoid arousing suspicion when a girl is taking a bath?”

“but you’re not ‘his’ girl, you’re my woman ...”

mu yichen curled his lips into a devilish smile. his gaze fell on luo chenxi and moved downward subconsciously ...

luo chenxi recalled that she was not wearing any clothes. she quickly grabbed the bath towel hanging on the side in an attempt to cover herself.

“what are you looking at? hurry up and get out!”

“if i go out, you’ll really have to run around naked.”

mu yichen only spoke slowly after he had enough of admiring the little woman’s bashful and furious expression.

she placed the clothes in her hands on the sink.

then, he quickly left.

if they continued to stay in the bathroom, they really wouldn’t be able to do anything else for the whole day!

luo chenxi was stunned for a moment. so, young master mu was here to deliver clothes to her?

she ran to the door and locked it.

then, he took a comfortable bath in the huge massage pool filled with hot spring water, changed his clothes, and walked out of the room.

in the living room, mu yichen raised his head when he heard the commotion. a hint of surprise flashed past his eyes.

it had been a long time since he had seen his little woman in a woman’s outfit.

her tall and slender figure was wrapped in a pearl-colored dress, looking elegant and sweet.

luo chenxi did not notice the man on the sofa at all. her attention was completely attracted by the breakfast on the table.

“aaaa! crab powder xiaolongbao! crystal shrimp dumplings! barbecued sausage rice noodle! i love you guys to death!”

she hadn’t eaten anything the entire day yesterday and had done “intense exercise,” so she was famished.

he immediately pounced on the dining table, grabbed the chopsticks, and gobbled down the food.

the man who was ignored was so angry that he felt his stomach ache. however, he could not vent his anger when he saw luochenxi eating the food in big mouthfuls with her pink cheeks puffed up like a little dumpling.

at this moment, someone knocked on the door.

mu yichen's expression was unpleasant. " get in here! "

zhuo feng 'rolled' into the room, trembling.

" president ... president ... young ... young madam ... "

what the hell? why did eldest young master still look so upset when young lady was back?

a man in love was also so unreasonable?

"what is it?"

"young master, bureau chief meng from A city's police department is here," zhuo feng quickly said.

Chapter 585: so it was mrs. mu!

luochenxi put down the chopsticks in her hand and became excited. " have you caught the few assassins from yesterday? what did the police find?"

yesterday, outside the shopping mall, although she was busy dealing with young master mu, she still heard the sound of police sirens not far away.

"please invite bureau chief meng in," mu yichen said.

luochenxi immediately left the dining table and sat next to mu yichen upon hearing that.

zhuo feng left the room and returned with a middle-aged man.

bureau chief meng's face was full of smiles when he saw mu yichen. " young master mu, i've heard so much about you. i didn't expect you to come to a city. it's such an honor. and this is ..."

he was stunned for a moment when he saw luochenxi. it was apparent that he did not know how to address her.

mu yichen's thin lips lifted slightly. " this is my wife. "

"ah, it's mrs. mu! you and young master mu are really a perfect match!"

boxnovel.com

bureau chief meng was indeed someone who worked in the government. he was good at flattering people.

the corners of mu yichen's lips curled up. there was a sense of pride in his smile.

the way she addressed him as " mrs. mu " made him very satisfied. he even found bureau chief meng more pleasing to the eye.

“chief meng, please have a seat.”

bureau chief meng quickly thanked them and sat down opposite them.

mu yichen noticed that luo chenxi was a little nervous. he immediately stretched out his hand and held her petite hand. he squeezed it a few times to comfort her.

“chief meng, last night, a group of criminals attacked one of my friends and even caused a shooting in the mall. have you caught these people?”

“young master mu, i’m here today to explain it to you personally,” chief meng quickly said. “ yesterday, the gangsters were armed with prohibited guns and refused to surrender. they even took hostages. we were in a stalemate with them for several hours before we broke into the mall and rescued the hostages. but ...”

luo chenxi had a bad premonition in her heart when she heard the ‘but’.

he hurriedly asked, “but what?” bureau chief meng, hurry up and tell us!”

“however, even though we caught most of the criminals, the leader managed to escape the market after being shot four times. the sky was too dark, and that area was in the suburbs. some places didn’t even have street lights. we searched all night and didn’t find anyone ...”

“what did you just say? did the killer get away?”

luo chenxi’s expression changed abruptly.

the leader of the assassins had tried to kill her on the mountain path and in front of the mu family’s villa. last night was the third time they had fought.

it could be seen that he was luo chenxi’s confidant and knew a lot of secrets.

now that he had escaped, it would be difficult to find lu wenjun. moreover, she might expose her identity.

even though the assassin might not be able to recognize that luo chenxi was the person he was after yesterday, chen xiluo had been in close contact with young master mu recently. it was easy to deduce that mu yichen already knew the truth from chen xiluo’s appearance at the private hospital.

mu yichen thought of this as well. his expression darkened. “ what’s wrong? how could he run away like this? liang bro and the others are also useless! you can’t even handle such a small matter!”

his voice was cold and his aura was strong. bureau chief meng’s face turned pale.

he hurriedly explained, “ young master mu, don’t ... don’t worry. although we didn’t catch the killer, he was shot four times, and one was shot in a vital part of the back of his waist. ”

Chapter 586: where is lu wenjun now?

“he’s so seriously injured that he definitely wouldn’t dare to go to the hospital for treatment. he might even die from excessive bleeding on the way. moreover, the police have already extracted his

appearance from the surveillance video and issued a nationwide arrest warrant. we will definitely be able to catch him soon!”

bureau chief meng tried his best to explain. cold sweat kept dripping from his forehead. he did not even dare to wipe it off.

mu yichen furrowed his brows. ” what about the rest of the assassins? ”

“we’ve caught the others! i’ve already sent people to escort them here! young master mu, do you want to see them now?” bureau chief meng said.

mu yichen nodded. ” bring her in. ” there’s nothing for you to do here, you can go back.”

bureau chief meng felt relieved and quickly left.

not long after, brother liang and the others came in with a few young men, some foreigners and some chinese.

the assassins’ legs turned to jelly the moment they saw mu yichen.

when they were caught yesterday, they were still very unyielding and did not take the mu family’s security guards seriously at all.

boxn ov el. c o m

however, after the “warm reception” of liang bro and the others for an entire night, everyone wished they had never been in this world!

now, in order to feel better, there was no problem with them saying anything.

one of the long-haired chinese men was the first to kneel on the ground and shouted, ” “don’t kill me! don’t kill me! young master mu, i can tell you everything i know. and ... and miss luo ...”

the assassins felt even more hopeless when they noticed luo chenxi sitting upright next to mu yichen.

luo chenxin thought that her plan was foolproof, but what was the result?

on the other hand, luo chenxi and mu yichen were sitting together like a married couple.

it was all over!

thinking of this, the long-haired man’s last trace of hesitation disappeared. without waiting for young master mu to speak, he told him everything he knew.

” luo chenxin is one of our boss’s lovers. a month ago, we met a woman with the surname bai in country F. she ... she seemed to have mistaken luo chenxin for little luo ... ahem, mrs. mu. then, luo chenxin found out about the substitution marriage and decided to return to the country ... ”

the moment he opened his mouth, he gave a piece of shocking news.

mu yichen furrowed his brows. ” what? bai xinxin is in your hands? where was she now? are you still alive?”

bai xinxin had disappeared after she had sneaked away from the bai family’s villa.

they all thought that she didn't want to be found by the bai family and went into hiding. who knew that she was actually imprisoned?

"miss bai ... cough, cough, she's no longer in our hands. boss sold her to an underground group in F country. i don't know her exact location either ..."

"alright, enough of this nonsense. first, tell me where lu wenjun is."

luo chenxi interrupted the long-haired man's recollection and asked, "it's the woman you took from yi he hospital, the one with heart disease! where is she?"

she would not sympathize with bai xinxin, so she would just let bai shixun find the person himself.

she only wanted to know where lu wenjun was.

the long-haired man paused and seemed a little hesitant. "this ... this ... actually, i don't know ..."

"you still want to play tricks in front of me? was the lesson last night not enough? do you need me to get someone to help you relax?" mu yichen said coldly.

the long-haired man trembled. "no, no, no... young master mu, it's ... it's not that i don't want to tell you, but it's true ... the situation that day was particularly strange!"

Chapter 587: mother-in-law might be fine

"that day, we took ms. lu away from yihe hospital. on the way, she suddenly had a relapse. the situation was really scary. she kept twitching and her face was pale, as if she could die at any time ..."

luo chenxi's heart was in her throat when she heard that.

"her condition is so serious and you still want to hold her hostage. hurry up and send her to the hospital."

"mrs. mu, we don't want to hurt ms. lu. we just want to make money. we won't kill anyone if we can!" the long-haired man cried out. 'our boss also asked if we should send him to the hospital, but luo chen said in his heart that we would be exposed if we go to any hospital at this time, and all our efforts would be in vain! if they're dead, it's much more efficient. we can just throw the body into the river and it'll all be settled."

"dammit! 'luo chenxin, that scum! there's no enmity between my mommy and her, but she's trying to kill someone just because of her own shameful motives?"

luo chenxi was so infuriated that her entire body was trembling.

if luo chenxin was in front of her now, she would have pounced on her and torn her into two!

even the long-haired man was frightened by the hatred in her eyes. he shrank back and did not dare to continue.

upon seeing this, mu yichen immediately stretched out his hands and pulled the petite woman by his side into his arms.

his long and powerful palm patted her back gently. "chenxi, don't be angry over this kind of person. it's not worth it. i will definitely avenge your mother-in-law! i won't let go of anyone who has hurt you! besides, mother-in-law might be fine. didn't you check her admission records at the hospital in A city?"

luo chenxi leaned against his firm and strong chest. her nose was filled with the familiar masculine scent which calmed her anxious and worried heart slightly.

she was so worried about lu wenjun's safety that she didn't even notice that a certain man had taken the initiative to call himself her son-in-law.

"yes, you're right!" she muttered to herself.

he turned to the long-haired man and asked, "what happened after? why did you go to the hospital in A city after that? has luo chenxin found her conscience?"

"this ..." the long-haired man paused again. "this is the place i'm not sure about ..."

"ms. lu was ill, so we could only force ourselves to drive forward. just then, a fleet of cars suddenly stopped us and demanded that we hand over ms. lu."

"what?"

luo chenxi and mu yichen looked into each other's eyes. they did not expect such an unexpected turn of events.

"it's true," the long-haired man said. "at that time, we were relying on our guns and our good skills, so we didn't take the other party seriously at all. in the end, the people opposite us saw that we were disobedient, so they rushed to the car, knocked us all down, and carried ms. lu away."

"so ... my mother-in-law is not in luo chenxin's hands at all. she was taken away by another force?" mu yichen frowned.

"we ... we don't know either because the people on the other side not only took away madam lu but also luo chenxin." "we all thought that luo chenxin was done for and might die, but she came back the next day, and she was sent back by the men in black in a special car ..."

at that moment, luo chenxi was completely dumbfounded.

he could not figure out the relationship between luo chenxin and the force that had taken lu wenjun away.

the two of them interrogated the long-haired man several times, and he said the same thing every time. it was clear that he was not lying.

Chapter 588: this brat dared to trick me, i'll beat him to death!

not only that, but they also asked the other killers separately, and they got the same answer.

there were only two things that could be confirmed.

first, the faction that took lu wenjun away was very mysterious. these assassins were unable to confirm the other party's background.

second, luo chenxin had a certain connection with this force.

mu yichen raised his hand when he realized that he could not get any more information from them. "take them away. i'll leave them to you. you should know how to handle them."

liang bro quickly lowered his head and answered yes!

she could tell that he had angered mu yichen by failing to capture reese.

however, his young master didn't have the time to deal with him.

therefore, he had to perform well and try to get more information from these killers to make up for his crimes.

boxn ov el. c o m

a cold glint flashed in his eyes as he thought of this.

"quick, drag them away! don't disturb eldest young master and young lady's rest!"

the bodyguards dragged her away in a flurry.

as soon as the door was closed, luo chenxi curled up on the sofa like a deflated ball. her petite face was completely drooped.

mu yichen's heart clenched when he saw that. he walked over hastily and lifted luo chenxi up.

"stupid woman! what's with the long face? it wasn't as if he didn't gain anything from this information. there are only a few powerful forces in the world that can hide mother-in-law so quietly. i'll send people to investigate the recent movements of these forces, and we'll have new clues soon."

"although we don't know what the other party's motive is, they sent mother-in-law to the hospital after finding her. at least, mother-in-law's life shouldn't be in danger ..."

he was halfway through his comforting words when the woman in his arms suddenly looked up and grabbed his shirt.

"the hospital ... oh, right! and the hospital! the nurse at the reception told me that when my mommy was sent to the hospital, there was a registration at the beginning, but it was later deliberately erased. the surveillance cameras around the hospital had probably been tampered with as well. if we can find a high-level hacker, we might be able to recover the records in the hospital's database. then, we'll have some clues!"

mu yichen was stunned for a moment before he fell into deep thought. "that's right. you've got a point."

"however, this mysterious force is so powerful. where can we find a hacker who can compete with them?" luo chenxi thought of a new problem.

mu yichen, on the other hand, looked relaxed. " i forgot to tell you that yiling is one of the top three hackers in the world! just leave this matter to him."

"okay, then quickly call him!" luo chenxi urged.

looking at the little woman's expectant eyes, young master mu naturally didn't waste a second.

he took out his phone and called mu yiling in front of her.

luo chenxi's eyes were wide open and she looked nervous.

mu yichen caressed her little face and said with a smile, "don't worry, i'll ask this kid to come help. he wouldn't dare to not come ..."

before he could finish his sentence, his phone suddenly rang.

"hello, i'm mu yiling. i've already gone to the north pole to see penguins. there's no signal and i can't pick up your call. please leave a message after the beeping sound."

mu yichen had the external function on.

as a result, luo chenxi could hear it clearly.

she frowned in confusion. " what's the situation? wasn't second young master here yesterday? he went to the north pole so quickly? also, there don't seem to be any penguins in the north pole."

mu yichen's face darkened instantly.

"this little brat dared to trick me! i'll beat him to death!"

Chapter 589: eh, i kissed the wrong person?

he called mu yiling again under luo chenxi's confused gaze.

another beeping sound came from the phone.

"hello, i'm mu yiling. i've already gone to the north pole ..."

" i don't care if you're in the north or south pole. i'll give you four hours to get the hell back to me. otherwise, i'll really send you to the north pole and you'll never come back! "

mu yichen curled his lips coldly.

then, in less than a second, the phone was picked up.

"brother, brother ... my dear brother! do you have the heart to send your brother to the north pole? i'm your only little brother!"

mu yichen snorted coldly. " didn't you want to go on your own? "

" i ... " mu yiling choked instantly.

boxn ov el. c o m

after a while, he carefully probed, "brother, you worked hard yesterday. shouldn't you rest with sister-in-law today? or you can continue what you did yesterday. why ..."

why did she have to think of this puny little brother of hers?

he was afraid that mu yichen would remember that he had misunderstood him as gay the day before, so he fled back to T city on purpose. he had even set his phone to reject young master mu's calls.

he didn't expect that young master mu would call him so early in the morning!

"mu yiling, do you still remember what you said last night?" mu yichen spoke with a faint smile.

"i, i, i ..." mu yiling's body stiffened. "i didn't mean it! really, big brother, you know that i don't use my brain when i speak. please don't take it to heart!"

"hmph, cut the crap! come to A city immediately, or i'll settle the score with you!"

mu yichen ignored his younger brother's shrieking and hung up the phone.

luo chenxi was dumbfounded as she listened to the brothers' conversation.

she only snapped back to her senses when she saw mu yichen walking toward her. "mu yichen, will second young master be able to make it in time?"

"you have to come over even if you don't have time!" mu yichen scoffed coldly. "alright, don't bother about him. it'll take him at least four to five hours to get here. you don't look too good. are you still sleeping?" go back to your room and sleep for a while more."

"i can't sleep ..." luo chenxi frowned and shook her head.

"you can't sleep? then i'll go with you. i promise you'll have a good sleep."

"ah? no need! there was really no need! hey!"

mu yichen lifted her up by force and placed her gently on the big bed.

luo chenxi had been tormented for the entire night. she had only managed to sleep for three hours, so she was truly exhausted.

however, she was too preoccupied with lu wenjun's matter to rest.

she thought that she would never be able to fall asleep when mu yichen forced her under the blanket.

who would have known that when mu yichen pulled her into his arms and coaxed her to sleep in a low voice, she would soon relax and gradually fall asleep.

she didn't know how long she had slept, but in her daze, she heard the doorbell ring.

she wanted to get up.

mu yichen pressed on her shoulder. "i'll go get the door first."

young master mu quietly left the bedroom and opened the door with a sneer on his face.

did this brat think that he could write off yesterday's incident?

it's not that easy!

let's see how he's going to teach him a lesson!

however, the moment he opened the door, a soft and cuddly little dumpling came pouncing at him.

"big sister! i miss you so much!"

the little dumpling pounced into his arms, wrapped her arms around his neck, and gave him a MUA kiss on the face.

after the kiss, her eyes widened and she covered her mouth. did i kiss the wrong person?"

the little dumpling had a look of disdain on her face. she pushed mu yichen's face away. "daddi, go away! " tang tang wants a big sister!"

Chapter 590: this daughter is my biological daughter, my biological daughter!

mu yichen was kissed by the little dumpling. he had yet to recover from the surprise when he heard the little fellow's disdainful tone.

his face immediately darkened.

what did he mean by 'wrong kiss'?

he was the little dumpling's father!

did he dislike a kiss so much?

however, the little dumpling didn't feel the chill from her father's body at all. she was still kicking her short little legs, wanting to get off the bed.

"daddi, quickly put me down. tang tang wants to go find big sister! "

young master mu's heart felt even more stifled.

however, he couldn't get angry at the little dumpling.

he could only repeatedly remind himself that this daughter was his biological daughter!

he bent over and put her down.

as soon as the little furball landed, it rushed into the room with its short legs.

"wait, your big sister is still resting ..."

he wanted to stop the little guy, but at this moment, a figure squeezed through the door.

"haha, big brother, hehe ... that ... good afternoon?"

the mu family's second young master appeared at the door with a flattering smile on his face.

mu yichen had a stomach full of anger but he had no place to vent it. he could not help but sneer upon seeing tang wulin's appearance.

"didn't i tell you to appear within four hours? how long had it been? you've grown up, so you've deliberately turned a deaf ear to my words?"

mu yiling choked. "w-what? where? i was clearly in four hours ..."

he subconsciously glanced at his watch and his face turned green. "brother! it's been four hours and five minutes, but i was definitely within four hours when i knocked on the door!"

"what's the use of knocking? i told you to appear in front of me. did you appear?" mu yichen pursed his lips coldly.

"this ... this ..."

mu yiling looked sullen and could not say a word.

mu yichen felt a little better in his heart when he saw tang wulin's expression.

finally, in their family, there was someone who had a lower status than him!

he was not at the bottom of the food chain!

"that's right!" mu yiling thought hard and finally came up with a reason to excuse himself.

"i came a little late because i had to pick up tang tang. tang tang is so pitiful. she didn't see her parents yesterday, so i brought her here to see you. where can you find such a good uncle like me? moreover, tang tang is in my car, so i can't race. i have to consider the child's safety!"

fortunately, he had an idea today and thought of the little dumpling's amulet, so he specially went to pick her up.

otherwise, he would be in deep trouble today!

mu yiling's face showed a proud smile.

the only thing missing was the words 'quickly praise me' written on his face.

unexpectedly, mu yichen's expression turned even uglier after he glanced at him. "why did you bring tang tang here when you knew it was dangerous? what kind of uncle are you? i'll be punished even more!"

if it wasn't for this fool, would he have been despised by the little dumpling for no reason?

"w-what?"

mu yiling was instantly petrified.

mu yichen squinted his eyes. "come over here! "

"no no no, i'm not coming over! big brother, please show mercy! don't ...!"

"mu yichen, what are you guys doing?"

all of a sudden, luo chenxi's sweet voice was heard.

mu yichen turned around instinctively and saw luo chenxi walking out of the bedroom in her home clothes with the little dumpling in her arms.

the two extremely similar little faces came together and blinked their big eyes, looking at them curiously.

the corners of his mouth twitched and he retracted the fist that was raised in front of mu yiling.
