

Sweetheart 591

Chapter 591: it's more efficient to work hungry!

mu yiling was extremely alert. he immediately retreated with a whoosh and hid behind luo chenxi.

"sis-in-law, help! my brother is going to beat me up!"

luo chenxi glared at mu yichen. " can you stop scaring your younger brother? "

he turned to mu yiling and said, "don't be afraid. your brother's just scaring you. you should know him better than i do." your brother has always had a sharp tongue but a soft heart."

mu yiling was trembling.

sister-in-law, my brother's tofu heart is only for you!

to others, his heart would definitely be made of stone!

when luo chenxi noticed that the two men had stopped talking, she thought that she had settled them.

she walked to the computer.

"yiling, i've troubled you to make a trip here today to ask for your help. when i went to the private hospital yesterday, i found out that the hospital had recorded my mommy's hospitalization records, but they were erased by someone. i heard from your brother that you're one of the top three hackers in the world. do you have any way to help me recover it?"

mu yiling was stunned for a moment when he heard this.

"what? my brother really has something to tell me, didn't he just call me back to give me a beating?"

mu yichen's expression darkened once again. " since you're so eager to be beaten up, i don't mind satisfying your wish. "

" no, no, no... no need, big brother!! "

mu yiling shuddered and jumped up. he rushed to the computer and sat down.

with an obedient expression, he coughed and said, " um ... sister-in-law, it's an honor to be able to help you. have you obtained the hospital's database? "

luo chenxi nodded. she took out a usb flash drive from her bag and passed it to mu yiling.

it was sent by the director of the private hospital in the afternoon.

mu yiling turned on his laptop, plugged in the usb drive, and immersed himself in work.

once he touched the computer, he immediately seemed to have changed into a different person. his usual lazy expression disappeared and was replaced by a serious and focused expression.

her fingers flew across the keyboard.

he looked more than ten times more handsome than usual!

“oh, it seems like second young master is really mu yichen’s younger brother now! they really look alike!”

luo chenxi stroked her chin in admiration.

suddenly, he felt a cold air coming from beside him.

she touched the goosebumps on her arm. when she came to her senses, she quickly moved to mu yichen’s side.

“hubby, you’re the most handsome! other men are just floating clouds in my eyes!”

“hmp, really? of course, the younger one is more handsome, don’t you think?”

“of course not!” luo chenxi blinked her eyes and said with a sincere expression, “ i like the mature ones. they’re flavorful! ”

even though he knew that the woman was just brushing him off, mu yichen was still pleased by her sweet words. the corners of his lips curled up ever so slightly.

at this moment, the little dumpling suddenly stretched out her hand and pulled luo chenxi’s sleeve.

“big sister, i’m hungry!”

luo chenxi suddenly recalled that the little dumpling must be hungry after such a long journey.

he quickly called room service.

twenty minutes later, the steaming hot seafood noodles were served on the table.

the little dumpling was holding her chopsticks and eating happily. she would even greet luo chenxi from time to time.

“big sister, f * ck this big shrimp, f * ck it!”

“thank you, tangtang. you can eat it yourself. big sister will help you peel the shell, okay?”

along with the laughter of the mother and daughter, there was the smell of seafood noodles.

mu yiling’s stomach growled. he turned around and looked at mu yichen who was standing behind him like a supervisor. “ big brother, i’m hungry too ... ”

mu yichen swept a glance at him and nodded. “ are you hungry? that’s good, it’s more efficient to work hungry!”

Chapter 592: even their little princess despised him ...

luo chenxi had been paying attention to the mu brothers ‘movements.

when he heard this, he almost spat out the soup in his mouth.

mu yiling could only continue to work hard under his elder brother's abuse of power.

however, the hacker from the mysterious force was very skilled. mu yiling spent more than half an hour and still could not restore the records.

as time passed, mu yichen's expression turned uglier.

"can you do it or not? as one of the top three hackers in the world, you can't even solve such a simple problem?"

he had boasted to this little woman.

if this brat dared to drop the ball and disappoint this little woman, he'd better be more careful!

mu yiling could not help but cry out, "is this a small matter? the person who erased this record used the most advanced encryption technique so far, and the calculation is very complicated!"

boxn ov el. c o m

"but you still can't solve it, right?"

"it's not that it can't be solved, it just needs time! this kind of algorithm is mainly based on calculation. you only have a laptop now, so the calculation speed can't keep up. of course, it only consumes time."

"uncle is stupid!"

the little dumpling finished eating and ran to the table.

when she heard her father's words, she immediately nodded her little head to help.

mu yiling's heart was pierced by thousands of arrows, and he almost fell to the ground.

even their little princess despised him ...

an hour later, the little dumpling was tired. luo chenxi carried her to the bedroom and coaxed her to sleep.

mu yiling stole a glance at his elder brother.

he had also been in the car for the entire afternoon, and he was also sleepy ...

"what are you looking at? you want to be lazy again? or do you want to go to the north pole?"

mu yiling shuddered. he was invigorated now and could only continue to work in the cold and hunger.

it was not until midnight that all the encrypted data was unlocked.

luo chenxi took the mouse eagerly and watched it carefully.

"lu wenjun's medical record ... ah, it's here!"

"he was admitted to the hospital on june 7th. when he was admitted, he had an acute heart attack and was in shock. five minutes later, he was notified that he was in critical condition ... half an hour later, he

decided to undergo a heart transplant ... eh? the surgery was done in half an hour? where did this heart donor come from?"

luo chenxi soon discovered a suspicious point.

the biggest problem with heart transplants was that there were too few donors.

everyone had to queue up for surgery, and no matter how rich they were, they could not get surgery just because they wanted to.

mu yichen was not surprised at all. "if the force that took mother-in-law away is involved in the underworld, it won't be difficult for them to get a heart ... but what happened after that? how was the operation?"

"uh ... eight hours later, the heart donor and a foreign medical team arrived at the hospital at the same time. they performed the operation on my mommy and it was very successful! the patient's vital signs are all very good!"

when she read up to this point, luo chenxi heaved a long sigh. her eyes were slightly moist.

no matter what, this at least meant that her mother was still alive!

moreover, the heart transplant surgery that had been giving her the most headache had been successfully completed.

such a situation was already much better than what she had guessed at the beginning!

luo chenxi was so agitated that she was speechless.

mu yichen moved closer and took a glance at the screen.

"after the operation, mother-in-law was discharged after staying in the hospital for a day. the records after her discharge ... are gone?"

he narrowed his eyes and turned to look at mu yiling.

"i've already deciphered all the files. these are definitely the only ones i have!" mu yiling quickly emphasized.

Chapter 593: his sister-in-law's cooking skills are absolutely first-class!

"are there really no more records? are you sure?" luo chenxi asked.

"i'm sure, of course i'm sure!"

mu yiling nodded repeatedly.

luo chenxi's face fell. "we still can't determine my mommy's current location with these records alone. we can't figure out luo chenxi's relationship with the mysterious force either ... "

she paused for a moment, as if she suddenly remembered something.

“oh right! there should be surveillance cameras around the hospital, right? although these surveillance cameras must have been tampered with, second young master is so powerful, he must have a way to restore it, right?”

luo chenxi looked at mu yiling with anticipation.

mu yiling was obviously stunned for a moment.

young master mu’s expression darkened. he took a step forward and blocked luo chenxi’s line of sight without anyone noticing.

boxn ov el. c o m

“your sister-in-law is asking you a question!”

“we can, but there’s a lot of data in the surveillance records. it’ll take more time to decode it,” mu yiling quickly said.

“it doesn’t matter if it takes more time. we don’t have any other clues now anyway. mu yichen ...”

mu yichen immediately nodded when he met the little woman’s gaze.

” okay, i’ll get someone to get all the surveillance cameras around here and give yiling a good computer. we’ll know the results tomorrow morning. ”

mu yiling’s face turned pale when he heard that.

from his brother’s words, he was planning to let him work through the night? you won’t even let me sleep?

he wanted to protest, but after being glared at by young master mu, he immediately became quiet.

” hehe, sister-in-law, don’t worry. i’ll definitely bring the results to you in one piece tomorrow morning!
”

luo chenxi said gratefully, “second young master, thank you for your hard work!” i’ll order some supper for you. the next time you come home, i’ll personally cook something delicious for you.”

“really?”

mu yiling was excited.

his sister-in-law’s cooking skills were absolutely first-class!

“then i want to eat sweet and sour fish, red braised pork, boiled beef, and ...”

he was halfway through his sentence when he suddenly noticed mu yichen’s icy cold gaze. he immediately stopped talking. ” that ... it’s been too hard on you, sister-in-law. no... no need ... ”

.....

after supper, liang bro brought the surveillance camera over.

mu yiling was resurrected on the spot with full health and threw himself back into work.

luo chenxi and mu yichen did not sleep the entire night either.

young master mu looked at the faint dark circles under the little woman's eyes and kept trying to coax her to sleep.

luo chenxi shook her head in refusal. "there's no need for that. i want to know where my mother is as soon as possible!"

mu yichen could not persuade her, so he could only sit by her side and accompany her.

by five in the morning, all the surveillance cameras had been decoded.

luo chenxi held her laptop and read the paragraphs one by one.

liang bro was very efficient. he'd gotten the entire area's surveillance over, including dozens of streets.

however, there were only two time points involved in this incident.

lu wenjun's hospitalization time and her discharge time.

this way, most of the surveillance data could be eliminated, and he only needed to look at a small part.

luo chenxi looked at it carefully for a while before she felt a little disappointed.

lu wenjun was discharged late at night, so the lighting was blurry. in addition, the person who took her away deliberately avoided being captured by the surveillance cameras, so she could only see a blurry shadow.

he couldn't even see the license plate.

mu yichen could not help frowning as well. "it seems like we can't go this way anymore ..."

"wait a moment!" luo chenxi called out immediately when she saw the new surveillance footage.

Chapter 594: i think i've seen this pinky ring somewhere before!

"slow down this part and play it again!"

luo chenxi urged.

mu yiling did as he was told.

luo chenxi shouted 'stop' after watching for a minute.

"alright, this is the place. look!"

the mu brothers opened their eyes wide and looked at the screen. after a long time, they were still confused.

"stupid woman, what did you see?" mu yichen frowned.

"guys, look here!"

luo chenxi pointed at the screen and explained.

boxn ov el. c o m

" this man should be one of the leaders of that force. i saw him command his men to move my mommy a few times, but his face was always hidden in the shadows and i couldn't see it clearly. "

mu yichen nodded. " that's right. what happened after that? "

" even though you can't see his face, his left hand was captured in the video. do you see the ring on his little finger? "

mu yichen furrowed his brows and looked at her closely for a while.

"your eyes are very accurate. this is indeed a pinky ring, but it's too blurry and i can't see the patterns on it. the leaders of many forces had carved their personal seals on their pinky rings, which was indeed a breakthrough. i'll get someone to zoom in on this video and carefully identify it ..."

"no, no, no, i didn't mean that!" luo chenxi interrupted him, " i'd like to say that i think i've seen this pinky ring of the same design somewhere before! "

mu yichen was stunned. " you've seen her before? where is he?"

"um ... i think i was at my mommy's house ... when i was young and my mommy adopted me, i lived with my grandparents in her hometown, B city. at that time, i once saw mommy take out a ring of the same design."

mu yiling was dumbfounded when he heard this.

"ahem, sis-in-law, are you sure you've seen the same model? this was the pinky ring of the leader of a mysterious force. it wasn't bought on the street. it was very likely a symbol of status! besides, the video is so blurry, how come i can't see what the ring looks like?"

luo chenxi rolled her eyes at him. " you can't see it, but that doesn't mean i can't! " anyway, i'm very sure!"

mu yichen was a little puzzled too.

however, he didn't want to pour cold water on his little woman.

"then ... where is this ring now?" he asked.

luo chenxi pondered for a moment. " i'm guessing that he's still in his hometown! in the past, his mother had a safe with her important collection. we didn't bring this safe with us when we moved to T city."

thinking of this, she immediately perked up.

" how about this? let's not delay any further. i'll go to B city today and bring this safe over. "

she stood up from the sofa as she spoke.

mu yichen quickly pulled her back. " wait a minute. are you going back now? let's wait until tomorrow! you didn't sleep last night, and besides ..."

his phone rang before he could finish his sentence.

mu yichen frowned. he picked up the call and said impatiently, "what is it?"

"president, you haven't forgotten that you have an appointment with country F's minister of business at 10 this morning, have you? "when the minister came to china, he only visited one of our companies. you said that you would attend this meeting in person ..."

"i'm not going ..."

before mu yichen could finish his sentence, his phone was snatched away by the little woman beside him.

"mu yichen will be back soon. special assistant zhuo, thank you for your hard work."

mu yichen immediately frowned. " i'm going back now? you've changed your mind, so you're not going to B city today?"

Chapter 595: did you forget that four years ago ...

luo chenxi shook her head. " no, i'm going back to B city today. this kind of thing can't be delayed for too long. i can only be at ease if i get the things in the safe as soon as possible."

luo chenxin might have been alarmed by the huge commotion that happened the night before.

although luo chenxin was under mu yichen's surveillance at the moment and could not do anything, mu yichen's eyes were still on her.

however, in order to avoid any more trouble, she wanted to hurry.

mu yichen could not persuade her. he wanted to send her home, but he was also rejected.

"your work is more important, go back quickly! B city is in the middle of A city and T city. it's very close. i'll make a turn there. i'll be able to go home in the afternoon after i'm done with my business. besides, luo chenxin's killers have been arrested, so she won't be in any danger."

"my dear, why are you so worried about me? don't you think that i'm smart and capable?"

mu yichen stared at her dainty little face. he lifted his thin lips slightly. " ... i don't think so. "

"get lost! kneel on the durian!"

boxn ov el. c o m

however, it did not take long for mu yunfeng to call and urge mu yichen to return.

he could only agree to let his woman go to B city by herself.

at the same time, he left liang bro and a few of his best bodyguards to her.

luo chenxi kissed the little dumpling's face as she was sound asleep. she then left secretly and took a bus to B city.

.....

B city was a small city, completely different from the bustling international city T city.

the streets were very quiet, and there were only a few cars coming and going.

liang bro looked around and asked curiously, "young madam, you grew up here?"

this question was actually not very polite.

however, luo chenxi was aware that brother liang was a little dim-witted, so she did not take it to heart.

"yeah, don't you think so?"

"judging from young madam's temperament, i've always thought that you must be the second generation of a rich and beautiful official!"

luo chenxi laughed and said, "speaking of which, i'm barely considered one!" my grandfather used to be the mayor of B city! on the day i was adopted by mommy, everyone said that i hit the jackpot! the biggest villa in the city center is his. it's right there. just stop in front of this house."

liang bro parked the car in front of a luxurious villa.

luo chenxi opened the door and got out of the car. " i'll leave after i get the safe. you can just wait for me here. "

she walked to the door and was stopped by the security guard.

" private villa, tourists, please stop! "

luo chenxi quickly said, 'uncle zhang, don't you remember me? i'm chenxi!"

"miss chenxi? it's really you!"

uncle zhang stared at her for a long time before he recognized her. " why did you come back alone? where's the young miss?"

"well ... my mommy's not in good health and has been hospitalized recently. she remembered that she had left something in her hometown and asked me to come and get it. "

luo chenxi lowered her voice and said, " uncle zhang, you know that my mother and ... they don't get along. just let me in secretly and don't make a sound. i'll leave after i've taken my things. "

uncle zhang nodded and was about to open the door for her.

"old zhang! what are you doing? the lu family hired you to guard the main door. how could you let any tom, dick, or harry in?"

all of a sudden, a sharp female voice was heard and stopped him.

luo chenxi frowned immediately when she heard the voice. she turned around.

a young woman in an SL suit with exquisite makeup walked over.

a contemptuous smile immediately appeared on his face when he saw luo chenxi.

“it’s really you, luo chenxi! you still have the face to come back to the lu family? don’t tell me you’ve already forgotten that four years ago ...”

Chapter 596: the daughter of an indecent woman is equally indecent

luo chenxi’s expression changed ever so slightly upon seeing the person.

this young woman was lu wenjun’s brother’s daughter, lu yajing.

she was considered luo chenxi’s younger cousin.

however, she had never gotten along well with luo chenxi. ever since the day luo chenxi came to the lu family, she had been at odds with her in the dark.

especially after the incident four years ago ...

luo chenxi sneered and interrupted the other party, “ so what if it was four years ago? lu yajing, don’t think that i don’t know what kind of rumors you’ve been spreading behind my back! i’m here to get something today, i don’t have time to talk to you about this.”

with that, she turned around and prepared to enter the villa.

however, lu yajing’s voice was heard again.

“old zhang! you dare to let this b * tch in! don’t even think about continuing! do you need me to remind you that your entire family relies on the lu family for a living?”

boxn ov el. c o m

when uncle zhang heard this, his face immediately revealed a difficult expression.

he had no choice but to step forward and stop luo chenxi. “ miss chenxi, you’d better ... come back another day ... ”

luo chenxi frowned. she shifted her gaze toward lu yajing. “ i told you that i’m only here to take the things that my mommy left behind in the lu residence. i’ll leave after i take them! ” i’m your cousin, you don’t have the right to stop me!”

a sneer appeared on lu yajing’s face, and she couldn’t help but laugh.

“hehe, cousin? i don’t have a cousin like you! a bastard adopted from an orphanage who knew where, did she really think she was the young lady of the lu family? i’m dying of laughter! moreover, lu wenjun was not fit to be the young lady of the lu family! when she was young, she was caught by her fiancé, causing the lu family’s marriage plan to fail. the entire lu family was implicated by her!”

“she still doesn’t know how to behave herself and adopt a little bitch like you! by the way, what happened to you four years ago, did you learn it from your mother? as the saying goes, “a dragon begets a dragon, a phoenix begets a phoenix,” and the daughter of a promiscuous woman is promiscuous too ...”

lu yajing stood at the entrance with her hands on her hips and spoke loudly.

he completely ignored the fact that this was a road section in the city center, and it was very lively with people coming and going.

she just wanted everyone to hear how cheap this little b * tch and her mother were!

but who knew, she was halfway through her sentence.

suddenly, there was a crisp "pa" sound!

lu yajing's face was burning with pain, and she was completely stunned.

she only reacted to the situation after a few seconds. she turned around and glared at luo chenxi ferociously. "you ... how dare you hit me?!"

luo chenxi's face was sullen while her eyes were filled with an icy chill.

"lu yajing, you can scold me, but don't blame me for insulting my mommy!"

"you ... i'll just scold that old woman. he was! if she had married into the chen family, her grandfather might have been a minister in the capital! a b * tch like her better die outside ..."

another "pa" sound!

luo chenxi gave her another slap without mercy.

this time, she didn't wait for lu yajing to come back to her senses and slapped her several times in succession.

she didn't stop until lu yajing's face was swollen.

lu yajing sneered, "lu yajing, you really have a bad memory!" why would i not dare to hit you? you've been beaten up by me many times in the past! why? i've only been gone for four years, and you've already forgotten everything? then i don't mind teaching you a lesson!"

lu yajing's face was burning with pain. she glared at luo chenxi with eyes that were about to spew fire.

Chapter 597: it was clearly luo chenxi who hit her first

"damn you, little b * tch ..."

lu yajing wanted to curse again.

however, she shuddered and suppressed her urge subconsciously when she saw the sneer at the corner of luo chenxi's lips.

"dammit! don't think i'm afraid of you! hurry up, what are you all standing there for? hurry up and chase this little slut out!"

lu yajing turned around and ordered the security guards to drive him away.

someone hesitated. "but it's rare for miss chenxi to come back. the old lady is still talking about ..."

“what miss chenxi? this b * tch and her mother were already chased out of the lu family four years ago. they’re not even part of the lu family. she’s obviously here to steal!”

luo chenxi frowned. “steal what? i’ve made it clear that the thing i want to take belongs to my mother!”

“hehe, after grandpa passed away, all of his inheritance was given to my father. lu wenjun has been chased out of the family, so he has no right of inheritance. everything in this house belongs to our family! it has nothing to do with you and lu wenjun!”

boxn ov el. c o m

“what are you guys doing? hurry up and chase them away! or do you all want to quit?”

the security guards immediately rushed over.

luo chenxi took two steps back but did not force her way in.

there were so many security guards. even if they were average, she couldn’t take on ten of them alone!

lu yajing thought that she was afraid, so she laughed even more proudly.

“wait, don’t drive her away, catch her first! she slapped me so many times just now, i’m going to slap her back!”

luo chenxi laughed upon seeing that. “are you sure you want to hit me?”

“nonsense, you little slut, you just need a beating!”

at this moment, a cough suddenly came from behind lu yajing. “you’re so brave now that you’re going to hit your sister?”

her entire body stiffened, and the vulgarities that were on the tip of her tongue were stuck in her throat.

“grandma ... grandma, why are you back?”

a white-haired old lady walked over with a walking stick.

when he heard this, he snorted coldly, “hmph!” if i didn’t come back just in time, you would have kicked my granddaughter out! i’ve been waiting for chenxi to come back to see me for four years. it’s not easy for her to come back, but you’re good. you’re driving cousin out! are you trying to anger me to death?”

she turned to luo chenxi as she spoke. “you still know to come back?”

luo chenxi walked over in a hurry and held the old lady. “grandmother, i wanted to come back to visit you, but ... isn’t it a little inconvenient?”

as she spoke, she deliberately looked at lu yajing.

old mrs. lu recalled the scene she had just seen and became even angrier. she hit the ground with her walking stick and said, “all of you think that i’m already dead, right? lu yajing, look at you, you don’t look like the mayor’s daughter at all!”

“i ... i didn’t! it was this little b * tch who hit me first!”

lu yajing argued.

luo chenxi spoke with a faint smile, " yes, that's right. i was the one who called her a little b * tch earlier. i was also the one who led a large group of security guards to beat her up. "

old mrs. lu was even angrier when she heard this.

his face was filled with anger. " enough! you still dare to quibble! i just heard you ask someone to hold your cousin down and say you wanted to slap her! hurry up and apologize to your cousin!"

lu yajing was so angry that she almost vomited blood.

it was obvious that luo chenxi was the one who hit her first and even gave her a few slaps.

however, old mrs. lu just had to come at such a good time, and all she saw was her swaggering.

Chapter 598: wouldn't the two of them be in a mess at home?

this time, no matter how she tried to explain, she couldn't.

faced with old mrs. lu's stern gaze, she could only lower her head unwillingly.

"i'm sorry!"

luo chenxi smiled faintly. " it's alright. even though you've had a bad temper and you haven't changed after so many years, i won't hold it against you as your elder sister. "

old mrs. lu smiled in satisfaction and patted her hand.

"you're so considerate. hurry up and come in with grandma."

luo chenxi followed old mrs. lu into the villa.

he didn't even look at lu yajing.

lu yajing covered her burning cheek, her eyes full of resentment. " damn bitch! " why did she come back? and it just had to be today ... i can't let her ruin my plans!"

boxn ov el. c o m

.....

luo chenxi followed old mrs. lu into the villa.

the lu family's villa's decorations were completely different from four years ago.

after her grandfather lu shiming passed away, the lu family ... was no longer the lu family of the past.

however, she had something on her mind, so she didn't have the time to lament about how things had changed.

as soon as she sat down, she couldn't wait to tell old mrs. lu what she was here for.

old mrs. lu looked a little surprised. "wenjun asked you to come and get that safe? why did she suddenly think of this?"

"there are some memories of her when she was young. she wants to see them."

old mrs. lu furrowed her brows. "to commemorate ... what's wrong with wenjun? it's been more than ten years, why are you thinking about the past again?"

"more than ten years?"

luo chenxi looked at her in puzzlement.

however, old mrs. lu didn't continue. she turned around and instructed the maids to help her find the box.

while they were waiting, old mrs. lu asked a lot of questions about lu wenjun.

luo chenxi knew that she was afraid to tell the truth because she missed her daughter. she was afraid that she would agitate the old lady, so she could only come up with a story on her own.

"yeah ... mommy's doing pretty well. she opened a flower shop in T city and her business is doing well. because mommy is young, many people say that we are sisters! there are many people chasing after her!"

luo chenxi was telling the truth.

however, this was before luo 'an kingdom came to find him.

old mrs. lu didn't think too much about it and believed it. she couldn't help but complain, "your mother is too outrageous. she's been away for four years and still hasn't come back! it's true that your grandfather mistook you and your mother for each other back then, but he's already dead ... besides, those words about kicking you out of the house were just words of anger. before he passed away, he even specially instructed me to leave a portion of his assets to you."

luo chenxi was stunned for a moment.

in her memory, old master lu was very, very strict.

lu wenjun's rejection of the marriage had displeased him with his daughter, and he was even more displeased with the little girl that his daughter had adopted.

only old mrs. lu had always treated them well.

after the incident four years ago, old master lu had chased her out without any reason.

lu wenjun fell out with his family because of this and took her away ...

from then on, she had no contact with her family. she only came back once when old master lu passed away.

just then, the maid brought the safe over.

luo chenxi checked and cracked into a smile.

“that’s great! this is the box! grandma, i have to send the box back quickly. my mommy is in a hurry. i’ll go to T city first ...”

“wait!” the old lady was unhappy. “ why are you in such a hurry to leave? you don’t even have time to have a meal with this old lady?”

“but ...”

luo chenxi recalled that she had promised mu yichen in the morning that she would definitely rush back to have dinner with him and tang tang.

if she dared to stand them up, wouldn’t the two of them at home be in trouble?

Chapter 599: stupid woman, don’t you have any sense of family?

old mrs. lu saw her hesitation and frowned.

“what’s wrong? are you afraid that your mom will be worried? give me your home phone number, grandma will call your mom and ask! she didn’t want to go home to see her daughter, and now her daughter was not allowed to eat here? do you still have any respect for your mother?”

luo chenxi dared not allow her to make the call.

she didn’t even know where lu wenjun was!

“that didn’t happen. i also wanted to have dinner with you, grandma,” he said. i’m just afraid that uncle and aunt will be unhappy.”

old mrs. lu snorted coldly. “ so what if they’re not happy? in this family, my words still carry weight!”

luo chenxi quickly flattered the old man.

then, she hid in a corner and gave mu yichen a call.

“stupid woman? why aren’t we home yet? where were they now? how long more?”

as soon as the phone was connected, young master mu’s impatient voice came out.

“uh ... this, this ...”

luo chenxi choked.

she was too embarrassed to admit that not only had she not left B city, but she also had no plans to go home ...

“what’s going on? where is he?”

luo chenxi quickly said, ‘well ... dear, my grandmother asked me to stay for a meal! i haven’t been back for years, and the old man misses me very much. i’m too embarrassed to refuse ... but don’t worry, i’ll go home as soon as i’m done eating!”

mu yichen was silent for a moment on the other end of the phone.

luo chenxi felt uneasy in her heart. she called out softly, "mu yichen, did you hear what i just said?"

"do you still remember what you promised me this morning? hmm?"

for some unknown reason, luo chenxi suddenly felt a chill on her back.

"mm ... that ... of course i remember! i said i wanted to go home before dinner to accompany you and tang tang ..."

"i stayed up all night last night and had a meeting today. i went home as soon as i got off work. i thought i would be able to eat sweet and sour fish ..."

"uh, this ..." luo chenxi lowered her head in guilt.

"tangtang even made a few wontons herself just now. she said that it was taught by her kindergarten teacher and wanted to cook them for you ..."

"uh, that ..." luo chenxi lowered her head more and more.

"stupid woman, do you have any concept of family?"

luo chenxi was so embarrassed by his words that she almost ran home.

but at this moment, old mrs. lu pushed the door open and entered.

"chenxi, who are you calling? it's almost time for dinner, why aren't you out yet?"

luo chenxi returned to her senses and answered hastily.

he turned to mu yichen and said, "mu yichen, please help me coax tang tang!" anyway, i'll be back in a few hours. oh right, i forgot to tell you the good news. i've got the safe. when i get back, we can continue the investigation. everything is going smoothly!"

"alright, that's it then. i'm hanging up!"

"wait, stupid woman ..."

mu yichen gritted his teeth when he heard the busy tone from the other end of the phone. he almost smashed the phone!

who was talking to his little woman?

why did this little woman abandon him the moment the other party spoke?

he had almost convinced luo chenxi to come home earlier!

"daddy, where's big sister? is big sister coming home?"

the little dumpling ran out of the kitchen with her short legs. her hands were still covered in flour as she rubbed them against mu yichen's black suit.

mu yichen shook his head. "no!"

“daddy is too useless! you don’t even know how to coax big sister to come back!” the little dumpling pouted.

Chapter 600: this dumpling ... is it filled with sesame rice?

mu yichen’s face darkened.

he was despised by the little princess again!

he gritted his teeth. ” who told you to only play with flour just now? since daddy is useless, you can coax big sister yourself!”

as he spoke, he took out his phone and called luo chenxi again.

the little dumpling leaned on her father’s shoulder and stared at the phone without blinking.

however, the phone rang again and again, but no one picked up.

the little furball’s expression of anticipation gradually turned into disappointment, and its round face fell.

she pouted her little mouth and glared at mu yichen.

“it must be that papa su is too stupid and made big sister angry! big sister isn’t picking up the phone, she doesn’t want tang tang anymore, waa ...!”

the little dumpling actually burst into tears.

her two little hands were still rubbing against mu yichen’s body continuously, crumpling his hand-sewn black suit.

mu yichen coaxed her for a long time, but she did not seem to improve.

he simply carried her up.

” wuwuwu, daddy is so annoying. i want a big sister! ”

“stop crying! i’ll take you to find big sister now, but if you continue to cry, i’ll go alone without you!”

“what?”

upon hearing this, the little ball stopped crying.

there were no tears in her big, watery eyes, and a smile appeared on her small face.

the corners of mu yichen’s lips twitched.

could it be that the little dumpling was just faking her tears and that he had been played by his daughter?

this dumpling ... is it made of sesame rice?

however, before his face could darken ...

“really? daddi is so good! i love to provoke daddi the most!”

the little dumpling pounced over, hugged his neck, and gave him a kiss on his handsome face.

mu yichen could not vent his anger no matter how furious he was.

he gritted his teeth. “ all of you have me in your grasp, don’t you? ”

the little dumpling had an innocent look on her face. “ what’s the second order? ” good times? can we go and find big sister now?”

.....

luo chenxi ended the call and followed old mrs. lu to the dining room on the first floor.

the three members of the lu family were already seated.

other than lu yajing, lu wenjun’s brother, lu haoxuan, and his sister-in-law, luo xiudi, were also present.

the three of them were astonished when they saw luo chenxi.

luo xiudi immediately stood up. “ mom! how could you let this wretched girl stay for a meal? dad kicked her out of the house four years ago. she’s no longer a member of the lu family!”

old mrs. lu looked displeased. “ but old master did say that he hoped that chenxi and wenjun could come back! why, can’t i have my granddaughter stay for a meal? you guys don’t even care about my old bones anymore?”

“but, this wretched girl ...”

“you’re not allowed to talk back to mom!”

luo xiudi still wanted to say something, but lu haoxuan, who was beside her, stopped her.

he got up and said, “mom, it’s fine if you want to have anyone stay for dinner, but isn’t today’s situation very special?” you’re also aware that today is ... can you let luo chenxi go back first?”

“go back? on what basis should we go back?” old mrs. lu slammed her walking stick on the ground. “ chenxi is a part of the lu family! why should they give way to outsiders? this matter was settled! whoever doesn’t want to eat this meal, get out!”

lu haoxuan didn’t dare to disobey his mother, so he could only nod.

“ dad, how can we do that? ” lu yajing said unwillingly. “ you know that she and yongan ... ”

luo xiudi tugged at her. “ forget it. just let her stay! ” mom has a way!”

luo chenxi was confused when she heard that. she was pulled by old mrs. lu to sit beside her.

five minutes later, she finally understood what had happened ...
