

# Sweetheart 601

Chapter 601: the tsundere was obviously angry again ...

the doorbell rang.

a refined-looking young man walked in with many bags.

as soon as he entered, he greeted them politely, "uncle lu, aunty lu, i'm really sorry. i'm late on my first official visit. i brought you ..."

his eyes swept across the dining table.

his gaze fell on luo chenxi at once. he was stunned for a moment, and the gifts in his hands fell to the ground.

... chenxi?! "

luo chenxi was sitting next to old mrs. lu. she was engrossed in fiddling with her phone.

she did not pick up mu yichen's call earlier. when she called him back, the man hung up on her immediately.

the tsundere was obviously angry again ...

boxn ov el. c o m

luo chenxi had no choice but to send a few wechat messages to coax her husband.

she posted all the emojis she had collected online.

however, mu yichen refused to answer her in his noble and cold manner!

luo chenxi was so angry that she almost sent the durian emoji package.

however, before she could click on it, she suddenly heard someone call her.

luo chenxi was also stunned when she raised her head. " ... xu yongan? "

she finally understood why lu yajing's family wanted her to leave so badly!

xu yongan was the third son of minister xu, who was the same age as her and lu yajing.

the three of them had grown up together.

xu yongan had once confessed to luo chenxi in the past.

luo chenxi did not have any feelings for him. she used the perfect excuse of studying abroad to reject him.

after that, she went to country Y to study. after that, she lost contact with xu yongan after what happened.

now it seemed that xu yongan and lu yajing were in a relationship, and they had already talked about marriage. today was the first time they had come to visit.

luo chenxi came back to her senses. she nodded at him with a smile. "third brother xu, it's been many years since we last met. you're as handsome as you were in the past!"

she was just being polite.

but xu yongan's face turned red. "ahem, really? chenxi, you haven't changed either ..."

"why didn't you change? my cousin has changed a lot!"

lu yajing suddenly interrupted their conversation.

"my cousin used to be a top student at the high school affiliated to the provincial academy of arts. she was also the first one to be guaranteed a full scholarship to country Y's royal academy of arts. but it's different now. i heard that she's studying at a third-tier university in T city. i've never even heard of that school!"

"what?" xu yongan was surprised. how was that possible? chenxi's artistic talent is so high, how could she only enter a third-tier university?"

lu yajing's face was full of pain. "that kind of thing happened to my cousin, and it affected her performance in the exam. sigh, cousin, even back then ... you shouldn't have given up on yourself like this! i've always felt sorry for you, it's such a pity! we used to think that you would become an internationally renowned top designer!"

"ai, isn't that so?" luo xiudi continued. everyone is feeling sorry for you!"

"it's not easy to find a job these days. you're just a graduate from a third-tier university. i don't think anyone would be willing to interview you, right? how about this, your cousin has already entered the SL group and knows a lot of people in the industry. let her recommend you a job. that's right! they don't care about academic qualifications, and you can even get two thousand yuan a month!"

the two of them were singing a song in concert. they appeared to be sympathizing with luo chenxi.

in fact, he was belittling her both openly and secretly.

he deliberately said these words to xu yongan.

Chapter 602: how could she miss this opportunity to hit him when he was down?

hearing these words, xu yongan was indeed shocked.

his face was filled with disbelief.

on the other hand, luo chenxi did not pay attention to him. she was attracted by luo xiudi's words.

"oh? my cousin is working in SL holdings? then why didn't she go to T city? isn't the headquarters of SL holdings in T city?"

lu yajing looked embarrassed.

“this ... what do you know? a large corporation like SL had many departments scattered all over the world! the department i’m in is in B city! forget it, you won’t understand even if i explain it to you.”

lu yajing hurriedly said, trying to change the topic.

she had indeed entered SL holdings, but she was only an employee of a branch company.

she could not even enter the headquarters of SL holdings, much less the core design department.

boxn ov el. c o m

however, this did not stop her from boasting about her own magnificence in front of luo chenxi.

after all, luo chenxi was a typical ‘child from another family’ when she was still studying in the past. her talent in the art was already revealed at a very early stage.

she easily got into the high school affiliated to the provincial academy of arts as the top student.

lu yajing also dreamed of becoming a designer, but her scores were too low to meet the admission requirements.

it was only after old master lu had used some connections and stuffed a lot of money into her that she was able to get into school.

lu yajing had been invisible in school.

on the other hand, luo chenxi was incomparably glorious due to her outstanding talent and the fact that she was the campus belle.

lu yajing was already extremely jealous.

it was not easy for her to have one now, but luo chenxi was in dire straits.

how could she miss this opportunity to hit him when he was down?

luo chenxi took a glance at her and curled her lips ever so slightly. “ oh, it seems like i’ve misunderstood. i thought that after going to a famous school, cousin would definitely want to be a designer after graduation. so, you’ve found an ordinary job?”

“what ordinary job? this was SL holdings! even if she couldn’t become a designer, it was still a good job that everyone envied! with your educational background, you won’t have a chance in this lifetime!” lu yajing’s nose twitched in anger after hearing her sarcastic words.

luo xiudi also chimed in, “ that’s right. do you know how difficult it is to enter the SL group? as a graduate of a third-tier university, you must not know that there are several rounds of interviews for big companies, right? those who could stay in the end were all elites! it’s already not easy for ya jing.”

“besides, the work of a fashion designer is too hard. i heard that they have to work overtime every day and often have to go on business trips when there are big shows. our ya jing’s family is good, why does she need to work so hard? she just needed to find a stable position in a big company and get married

early. our yajing has a good husband like yongan. his character, ability, and family background are all first-class. she is already a winner in life. why work so hard in the workplace?"

"yongan can't bear to see our ya jing suffer, right?"

luo xiudi had said a lot of things, and the last sentence was deliberately said to xu yongan.

she wanted luo chenxi to see that xu yongan was now lu yajing's boyfriend and that they were in love with each other!

but who knew that she would not get a reply even after she asked the question.

lu yajing thought it was strange. she turned around and her face turned green with anger.

xu yongan had been staring at luo chenxi all this while. he did not even bother to eat. of course, he did not hear luo xiudi's words either!

"yongan, my mom is asking you a question!"

she suppressed her anger and pulled on xu yongan's sleeve.

xu yongan then came back to his senses. aunty, you ... what did you just say?"

Chapter 603: it's time to start the second spring of life

luo chenxi almost burst out laughing as she watched from the side.

he saw that luo xiudi and her daughter were so angry that they could not speak.

she kindly repeated on their behalf,"oh, my aunt was complimenting you just now!" he said that you're a good man and that you'll definitely be reluctant to let my cousin go to work after you marry her. "

hearing this, xu yongan's face showed a bit of embarrassment.

"ah? this ... this ... actually, yajing and i are dating, but we haven't talked about marriage yet."

lu yajing was stunned for a moment, and her face immediately became stiff.

"yongan, what do you mean by this? didn't you agree to come home with me to meet my parents?"

xu yongan said in a low voice,"well ... we've been dating for a while and we've known each other since we were young. it's not right if we don't pay a visit to your parents." but we're still young and just graduated, so it's too early to say that ... besides, my mom doesn't want me to get married too early ..."

lu yajing's face turned red.

boxn ov el. c o m

she was planning to show off her love for luo chenxi.

unexpectedly, xu yongan didn't cooperate with her!

however, now that the lu family was in decline, the xu family was at the peak of their power. xu yongan was a rich man whom she had spent a lot of effort to get, and she dared not offend him.

he could only forcefully hold his breath, clench his teeth, and say, " " yes, i don't like to get married too early either. yongan is respecting me. "

"isn't that so?" luo xiudi quickly said. nowadays, there were not many men who were so considerate of their girlfriends! it's really not easy to be so considerate and live in such a good family!"

"our yajing has entered a big company and has to work hard. she can't get married too early, but chenxi, you're different! you can't find a good job, and your family doesn't have much capital. you should get married while you're still young!"

"do you want me to introduce you to a few? speaking of which, i have a cousin who isn't married yet! he used to say that he liked you. now that you're back, why don't you get to know him again? if this is successful, you'll be even closer to him. if he doesn't treat you well in the future, aunty can still help you!"

" besides, my nephew has a house and a car. with these conditions, many girls are fighting to get him. if you can find someone like him, your mother will not have to worry about you for the rest of her life! "

luo xiudi's face was full of smiles. she looked kind and concerned about her junior.

however, luo chenxi found it disgusting.

it was not as if she did not know about luo xiudi's nephew. he had always had a problem with his brain. he had the head of a pig and was less than 160 cm tall.

a man like this, and she even said it as if she was lucky enough to marry him ... how much did luo xiudi look down on her?

luo chenxi curled her lips into a mocking smile. 'why didn't aunty keep such a good man for yajing? oh, right, since cousin has a boyfriend, you can consider getting a divorce and marrying him, right? anyway, my uncle already has a family outside and only comes back a few times a year. you're no different from a living widow. it's time to start a second spring in your life."

"you! what do you mean by that?"

luo xiudi was extremely angry.

luo chenxi had an innocent expression on her face. " i don't mean anything. i think that nephew is already 40 years old. he's more compatible with your age, isn't he?"

"you ... are you even speaking the human language? i'm being kind and considerate for you! what an ungrateful little wolf!"

Chapter 604: she had a family now, and there were people waiting at home!

luo chenxi shrugged and stood up.

“that’s right, i really shouldn’t be sitting at this table today.”

the lu family had never been her home.

her home was only where her mother was.

of course, the place where mu yichen and the little dumpling were at now was also her home.

seeing that she was about to leave, old mrs. lu hurriedly pulled her back.

anger appeared on his face, and he slammed the table. ” enough! what were the two of them saying just now? luo xiudi, what kind of aunt are you?”

“i ... i’m doing this for her own good, mom! look at her, she doesn’t have a good education or a good family background. if she doesn’t get married soon, what will she do in the future?”

“chenxi’s mother will worry about her. you don’t have to meddle in her affairs! whoever dares to say another word, get out!”

boxn ov el. c o m

the hall only quieted down after old mrs. lu flared up.

for a moment, the situation was a little awkward.

xu yongan buried his head in his food and didn’t speak. no one knew what he was thinking.

he raised his head and peeked at luo chenxi from time to time.

lu yajing saw this, and she felt a lump in her throat.

today was supposed to be a good day for her and xu yongan. it was not easy for her to get this rich man’s husband. she didn’t expect that little b \* tch to suddenly appear and ruin her good day!

luo chenxi noticed lu yajing’s gaze, but she did not take it seriously at all.

she just wanted to finish this meal quickly and go home early.

after all, she had a family now, and there were people waiting for her at home!

on the other hand, old mrs. lu was especially warm to her and kept putting food into her bowl.

” chenxi, try this crystal shrimp. it was your favorite when you were young. grandma asked the kitchen to add more dishes just now. try it. is it good? ”

luo chenxi nodded hastily. ” it’s delicious! ”

“then try this beef and this tofu ...”

lu yajing was extremely jealous.

she was supposed to be the main character today, but why was everyone surrounding this little b \* tch?

due to old mrs. lu’s excessive enthusiasm, luo chenxi took a long time to finish the meal.

halfway through her meal, her phone rang.

luo chenxi lowered her head to take a look and realized that it was mu yichen calling. she picked up the call immediately.

“stupid woman, have you finished your meal yet?”

luo chenxi laughed drily. “uh, that ... i haven’t finished my meal yet ... why don’t you stop waiting for me today ... ”

“what do you mean? you’re prepared to stay out all night? woman, who gave you the guts to not even return home?”

mu yichen’s voice suddenly turned cold.

luo chenxi felt guilty for a moment. she was at a loss on how to explain herself when mu yichen spoke again.

“i’ve already gotten off the highway. i’ll be in B city in ten minutes. come out immediately and wait for the car at the intersection. if i don’t see you when i get there ...”

luo chenxi was stunned for a moment. she was in a daze. what ... what did you just say? you’re reaching B city soon? you ... when did you come over?”

it would take at least two hours to drive from T city to B city.

didn’t that mean that the man had come out after they had finished their call?

“big sister, you’re not home to accompany tang tang, you’re so disobedient! you said you would eat with tang tang every day!”

the little dumpling’s aggrieved voice came from the phone.

luo chenxi was shocked. “you ... you’ve brought tang tang with you? ”

luo chenxi dared not delay any further when she heard that the little dumpling was here. she hastily stood up and bid farewell to the lu family.

old mrs. lu wanted to send her out, but she was stopped by her.

“grandma, don’t be busy. it’s windy outside. don’t worry, someone from my family will come to pick me up. i won’t be in danger.”

luo chenxi carried the safe in her arms and left the lu family’s villa.

mu yichen’s car had yet to arrive, so she stood at the entrance for a while.

at this time, xu yongan’s voice suddenly came from behind. “chenxi, how are you going to go back so late? i’ll give you a ride?”

Chapter 605: my husband is here to pick me up

luo chenxi turned around to take a look. she raised her eyebrows in surprise.

“third brother xu, why did you come out? where’s lu yajing?”

“yajing is with her parents, i ... i’m just worried about you,” said xu yongan. it’s so late now. it’s not safe for you to go back to T city alone. i’ll give you a ride?”

luo chenxi shook her head. “there’s really no need. i just said that someone from my house is coming to pick me up.”

“someone’s here to pick you up? that’s impossible, right? don’t you live with aunty lu? who else can come to pick you up?” xu yongan asked in confusion.

luo chenxi blinked her eyes. “my husband is here to pick me up. ”

even though she was still in an underground relationship with mu yichen at the moment.

however, she was in city B now, so she was not afraid of luo chenxin finding out.

hearing this, xu yongan was obviously stunned for a moment. “what did you say? your ... your husband?”

boxn ov el. c o m

luo chenxi nodded.

“impossible! how was that possible? didn’t you just graduate from college this year? how could she have gotten married so early? besides, how could the lu family not know that you’re married? you must be lying to me!” xu yongan didn’t believe her at all.

luo chenxi explained softly, ‘i’m telling the truth! my husband and i ... the situation is a little complicated. we had a flash marriage! my mom hasn’t been in good health recently, so she hasn’t been in contact with grandma. the lu family definitely doesn’t know.”

“impossible! you’re just lying to me. you don’t want me to worry, do you?”

xu yongan didn’t believe it.

luo chenxi was speechless.

in this day and age, why did no one believe the truth?

seeing this, xu yongan thought he had guessed it right.

“as expected, you were lying to me! you’ve been like this since you were young, always like to show off. it’s obvious that others are bullying you, but you’re not willing to show weakness, because you’ve suffered a lot! sigh, how are you doing now? is what ya jing and the others said ... true?”

luo chenxi took a glance at him. she noticed that he was still the same as before. he was sweating profusely due to his nervousness. she could not help feeling complicated.

when she was young, she had a good impression of xu yongan.

xu yongan had always taken good care of her. even when she quarreled with lu yajing, he would stand on her side.

however, after the incident four years ago, xu yongan, like everyone else, thought that she was shameless and embarrassed the lu family, so he avoided her.

even though it was only human nature, luo chenxi did not blame him at all.

however, they couldn't keep everything to themselves like they did when they were young.

luo chenxi sighed to herself. 'what do you mean by 'true'? what lu yajing had said was true. at that time, i missed the college entrance examination and was expelled from a foreign university. there was a stain on my record, so i couldn't get into any better schools. only a third-rate school was willing to accept me. so i went.'

"you ... how can you give up on yourself like this? chenxi, don't you want to be strong? are you willing to study in a third-tier university? now that you've graduated, it'll be hard for you to find a job, right?"

luo chenxi shrugged. " you don't have to worry about that. i can still find a job. " besides, i'm already married! it's fine as long as my husband doesn't mind me. "

"you ... you're still saying such things. how can you get married? or are you just going to marry an uneducated man in that school?"

xu yongan was sweating profusely.

Chapter 606: only his face can deceive people, how can he get married?

luo chenxi was even more speechless now. " you're really overthinking ... "

"what are you two doing?"

a series of screams came over, interrupting the conversation between the two.

luo chenxi turned around and saw lu yajing running toward them. she had an exaggerated expression of shock and hurt on her face.

"luo chenxi, you ... didn't you already leave? why are you still here? could it be that you've been waiting here for yong 'an to destroy our marriage?"

she pointed at luo chenxi and started scolding her.

"you're simply too much! i knew it, you're a shameless woman! wasn't it enough for you to embarrass our lu family back then? you did it on purpose today, didn't you? you deliberately picked this day to harm me!"

luo chenxi could not help but laugh. 'lu yajing, aren't you very powerful? didn't you say that you graduated from a famous school, that you're pretty and capable, and that your boyfriend is gentle and considerate to you? then what are you afraid of? or are you not as powerful as you say you are, and you are just bragging?"

“what ... what bragging? i’m telling the truth!”

boxn ov el. c o m

lu yajing’s face froze.

luo chenxi curled her lips. “ then why are you so unconfident? do you think i’m going to seduce your boyfriend just because i said a word to him? ”

lu yajing’s face turned even uglier. “ it’s ... it’s all because you’re too shameless! ” i’m warning you, yongan’s father is the minister of the ministry of transportation. this kind of family background is not something a bastard like you with an unknown origin can reach! you stay away from him!”

xu yongan couldn’t stand it anymore. “ yajing, what nonsense are you talking about? chenxi is your cousin! there’s nothing going on between us ...”

“yongan, don’t be fooled by her! in the past, she had also pretended to be pure and innocent, but what was the result? he’s so shameless!”

the more luo chenxi listened, the funnier she found it.

“i’m not interested in xu yongan. but, lu yajing, do you think you can marry into the xu family easily? would aunt xu agree to this marriage?”

xu yongan’s mother was very snobbish.

back then, xu yongan’s mother didn’t like xu yongan to be too close to her, because she thought she was adopted.

in the past, when the lu family was at its peak, mother xu was quite fond of lu yajing, but now ...

lu yajing’s heart ached when she heard this.

lu yajing’s face turned pale when she thought of how xu’s mother still didn’t allow her to visit.

luo chenxi sneered, “ alright, my husband is here. i’m leaving! ” i hope we don’t meet again in the future!”

she had already seen mu yichen’s rolls-royce, so she quickly walked over.

lu yajing was still in a daze. “ what? what husband?”

xu yongan’s head was throbbing because of her. he said impatiently, “ luo chenxi’s husband! she just told me that she’s married! don’t you worry? can you stop targeting her? i used to like luo chenxi, but aren’t i dating you now? what else do you want?”

lu yajing’s first reaction was also disbelief.

“that’s not possible! with her conditions, only her face can deceive people. how can she get married?”

she looked around. “ besides, she said that her husband is here. where is he? ” where is there anyone on this street?”

hearing this, xu yongan also showed a puzzled look.

indeed, there was not a single pedestrian on the street in front of the lu family villa. there were only a few cars parked on the side of the road.

could it be that luo chenxi was really lying to him?

lu yajing's eyes lit up when she saw the rolls-royce at the intersection.

Chapter 607: calling the sugar daddy her husband, that's simply too shameless!

this was a luxury car worth tens of millions!

even the xu family could not afford such a car.

it would be great if she could find such a rich boyfriend.

unfortunately, she didn't even have the chance to get to know this kind of man, so she could only grab xu yongan.

lu yajing sneered. " hmph, you've been deceived by her! " she said she had a husband on purpose to lower your guard! she's in such a bad state now, which man would like her ..."

she was halfway through her sentence when she suddenly froze.

he saw luo chenxi jogging toward the silver-white rolls-royce.

just as she was approaching, the door of the back seat suddenly opened. a large, slender, and powerful hand stretched out and took the safe from luo chenxi's hands.

then, he grabbed her wrist and pulled her into the car.

boxn ov el. c o m

because the car was parked under a big tree by the road, the shadow just happened to cover the man's face, and he could not see his face clearly.

however, from the exquisite hand-made suit he was wearing and the luxury car he was sitting in that was worth tens of millions, it was already enough to guess his net worth.

lu yajing and xu yongan were both stunned.

no one had expected that the car was here to pick luo chenxi up!

wasn't she unable to even find a job? how could she know such a rich man? she could even get into his car?

xu yongan suddenly recalled something. he opened his mouth wide in shock. " this ... this is luo chenxi's husband?! " she only said that she was married, but she didn't say that she was married into a rich family!"

lu yajing's face stiffened when she heard this.

“what do you mean by marrying into a rich family? that was impossible! someone like her wanted to marry into a rich family? are all the rich people blind?”

she gritted her teeth and said, “oh, i know! luo chenxi must be a sugar baby of some rich man! that was definitely the case! she’s quite pretty, and she did it with a man when she was 18. her skills must be better now, and she can easily charm men in bed!”

“but she’s just a plaything of the rich, and it’s impossible for her to become a full-time employee in this life. i guess they’ll dump her after two years! and she even had the cheek to call her sugar daddy her husband, she’s simply too shameless!”

“what? that was impossible! chenxi would never do such a thing!” xu yongan frowned.

lu yajing’s face was full of mockery. “you believe her! then four years ago, didn’t you say that she would never do such an embarrassing thing? and the result? is there anything she can’t do?”

“but, this ...”

“besides, that man’s aura was so strong. one look and i can tell that he’s been in a high position for a long time. maybe he’s old enough to be her father and must have a family. she ... is obviously a mistress! hubby? i’m going to tell grandmother and let her see luo chenxi’s true colors!”

.....

in the car.

luo chenxi had also guessed that lu yajing would certainly curse and slander her behind her back.

however, she didn’t have the mood to care about this.

that was because she was under too much pressure right now. it was even greater than the mountain!

as soon as they got into the car, mu yichen and the little dumpling raised their chins in unison. they pursed their lips and did not look at her.

luo chenxi shifted the safe to another position.

he coughed twice and said, “ahem, that ... i’ve already successfully obtained the safe. isn’t it amazing?”

everyone ignored her.

luo chenxi had no choice but to say, “thank you for coming over to pick me up. when did you guys come out?”

still, no one paid her any attention.

luo chenxi was embarrassed ...

she thought for a moment and asked, “by the way, have you guys had dinner? i’ve specially left some super delicious strawberry pudding for tang tang!”

when she was young, she also loved to eat strawberry pudding. old mrs. lu had specially made it for her and asked her to take it with her.

now, he could use it to coax the little dumpling.

as expected, the little dumpling immediately swallowed when she heard that. her eyes widened and she turned to look at her. " really? " is it really good?"

the corners of mu yichen's lips twitched. he was exasperated.

this daughter ... was she his biological daughter?

didn't we agree to boycott the big sister who stayed out all night?

how did she lose to a strawberry pudding?

who did this little glutton take after?

Chapter 608: stupid woman, you've finally recognized your position in the family!

it was a pity that the little dumpling didn't understand his father's feelings at all.

luo chenxi took out the strawberry pudding and waved it in front of her.

like a puppy, the little ball was attracted to the big sister and pounced into her arms.

luo chenxi took out the matching spoon from the lunchbox and passed it to the little dumpling.

the little dumpling took a bite and immediately opened its mouth wide. " wow ... it's so good!! "

luo chenxi looked at her puffed up cheeks with a smile. " of course it's delicious. your great-grandmother made this! big sister made you strawberry pudding from your great-grandma!"

the little dumpling was too engrossed in eating to listen.

young master mu's eyes flashed with a smile.

she raised her hand and touched the little dumpling's head. " you're right. this is your great-grandmother's kind intentions. you should eat more. "

boxn ov el. c o m

luo chenxi blinked her eyes. she suddenly felt that there was something amiss with mu yichen's words ...

she only came back to her senses after the little dumpling finished eating.

"mu ... yichen! what nonsense are you spouting? my grandmother is my grandmother. how did she become little dumpling's great-grandmother?"

mu yichen cast her a sidelong glance. " didn't you say that yourself just now? "

luo chenxi was stunned for a moment. her petite face was blushed red in an instant.

she had just blurted out that old mrs. lu was xiao tuanzi's great-grandmother!

usually, she had always taken care of the little dumpling as if she was her own daughter. she was getting more and more into her character and had long forgotten that the little dumpling was not her biological daughter.

she had called her great-grandmother without thinking or using her brain ...

mu yichen would definitely think that she was being too thick-skinned, right?

she was so embarrassed that she didn't even dare to raise her head.

the smile on mu yichen's lips deepened upon seeing that. "stupid woman, you've finally recognized your position in the family! as a parent, you should act like one. how can you stay out all night?"

"you ...!" luo chenxi raised her head abruptly and glared at him furiously.

mu yichen looked at her coldly. did i say anything wrong?"

luo chenxi snorted, 'of course it's wrong! it's not like i didn't go back on purpose. isn't this an unexpected situation? i ..."

she was halfway through her sentence when she suddenly felt the car stop.

mu yichen lifted his lips. "we're here. let's get out of the car."

luo chenxi was stunned for a moment. "get off? we're home already? it can't be, right?"

from B city to T city, no matter how fast she drove, it would still take more than two hours, but she had only been in the car for less than ten minutes!

mu yichen swept a glance at her. "it's already so late. don't tell me we're going to rush back to T city overnight? what kind of mother are you? have you ever considered tangtang? yesterday, yiling took her on a four-hour car ride. today, she just went back and took a two-hour car ride to pick you up! in just two days, we've been sitting in the car for ten hours!"

luo chenxi was stunned for a moment. she felt a little guilty at once when she realized that it was as expected.

however, she felt a little unconvinced when she met mu yichen's condemning gaze.

"you ... you can't blame me for this, right? i didn't ask you to pick me up. even if you wanted to come, you didn't have to bring tang tang over, right? wouldn't it be better to let her rest at home?"

before she could finish, the little dumpling grabbed her sleeve.

"tang tang is here to pick up big sister! big sister doesn't want tang tang, don't you want tang tang?"

luo chenxi quickly corrected herself when she saw the little dumpling's pouted cheeks and aggrieved expression.

"no, no, big sister likes tang tang the most! i'm so happy that you came to pick me up!"

she lowered her head and kissed the little dumpling's face.

the little dumpling was still pouting.

Chapter 609: the air seemed to be filled with the smell of dog food

luo chenxi only managed to make the little dumpling happy after much persuasion.

he carried her out of the car and followed behind mu yichen into the hotel.

this five-star hotel was the most luxurious in B city.

the hotel's general manager had been waiting at the door for a long time. as soon as he saw young master mu appear, he came over to greet him with great hospitality.

"young master mu, welcome to our hotel. i've already arranged the best suite for you, and the entire floor on the other side has been cleared out. i guarantee that there won't be any unrelated people disturbing your rest. you ... uh, this is?"

the general manager looked behind him in shock.

young master mu actually walked in with a tall and elegant beauty with their fingers intertwined. the beauty was also holding a soft and cute little dumpling in her arms.

the little ball looked very much like the big beauty. it was hugging the big beauty's neck and yawning with its little mouth open. its beautiful big eyes were almost unable to open.

mu yichen held luo chenxi's hand tightly and spoke in a seemingly casual manner.

boxn ov el. c o m

"my wife, my daughter."

"ah ...?"

the general manager's jaw almost dropped to the ground.

the nation's most popular male god, mu yichen, was actually married!

moreover, his daughter was already so big!

looking at him and his wife standing hand in hand, the two of them were so loving that the air seemed to be flowing with the smell of dog food.

the general manager was stunned.

he only snapped back to his senses when mu yichen glanced at him in annoyance.

he bowed to luo chenxi hastily. "mrs. mu, i'm sorry. i was being rude just now! and miss mu, good evening!"

the corners of luo chenxi's lips curled up. she nodded graciously. "good evening!"

the little ball was obviously not used to being called "miss mu". it tilted its head in confusion.

luo chenxi kissed her. "tang tang, are you sleepy? let's go upstairs and sleep?"

the little dumpling nodded, hugged her neck, and rubbed against her face.

“tang tang wants to sleep ~”

“young master mu, mrs. mu, please follow me,” the general manager said hurriedly. “i’ll send you up!”

mu yichen nodded with an aloof expression.

however, the moment the hotel general manager turned around, the corner of his mouth raised into a smug smile.

this little woman ... was admitting that she was his wife so naturally now.

also, in the car just now, she had already treated herself as the little dumpling’s mother.

did this mean that his next proposal would not be rejected?

after the general manager sent them to the presidential suite, he left respectfully.

luo chenxi went to the bedroom first and coaxed the little dumpling to sleep.

when he came out again, he realized that zhuo feng had brought the safe over and placed it on the table in the living room. mu yichen was deep in thought as he looked at the safe.

she quickly walked over. “do you have a way to open the box?”

mu yichen turned around and frowned slightly. “i should be the one asking you that, right? don’t you know the password to the box?”

luo chenxi shook her head. “i don’t know. my mommy didn’t tell me about it.”

“can you guess it? come over and try it.”

luo chenxi walked to the table. she pondered for a moment before she unlocked the door.

she first tried lu wenjun’s birthday and realized that it was wrong. she then tried her own birthday, but it was still wrong.

she frowned and thought about it. she tried old mrs. lu’s birthday, but it was still wrong.

she retracted her hand gloomily.

“this safe can only be opened five times. if it fails, it will never open again. i don’t dare to try anymore.”

Chapter 610: i knew this man didn’t have good intentions when he suddenly suggested staying in a hotel!

“what’s wrong? even you can’t guess the password?” mu yichen raised his eyebrows.

luo chenxi was equally confused.

her mother was a person without much imagination. she had set her own birthday or luo chenxi’s birthday as the password for the family’s passbook.

luo chenxi thought that the safe would be in the same situation.

however, that was not the case.

“i really can’t guess. do you have any way to find an expert who can open this box?”

mu yichen nodded. “ i’ll get someone to look for it right away, but ... is it convenient for you to hand the box over to me to handle? ”

luo chenxi hesitated for a moment. “ i don’t know what’s in the box either. if it’s anything related to my mommy’s privacy ... ”

“ i’ll leave the box with you for now. i’ll get the person to open the lock when i find him. ” mu yichen did not insist.

boxn ov el. c o m

luo chenxi heaved a sigh of relief in secret.

“that’s the best. hubby, you’re so considerate ...”

before she could finish her sentence, she suddenly heard a “click” sound from the floor.

luo chenxi was stunned. she lowered her gaze to take a look subconsciously.

he had already removed mu yichen’s belt and tossed it on the ground.

the little white rabbit suddenly felt that something was wrong. it trembled and turned around, wanting to escape.

however, the big bad wolf pounced on her and held her down.

“mu ... mu yichen, i’m talking about serious business with you! why are you ... taking off your clothes again!”

“serious business? i’m also talking about serious business with you!”

“ what kind of official business is this?! ”

luo chenxi’s fair face was flushed red as she glared at him.

mu yichen stared at her and slowly curled his lips. “ isn’t it proper to punish a woman who dares to stay out all night? ”

“i ... i didn’t stay out all night, i didn’t ... wuwu!”

mu yichen pinched her chin and shut her up without giving her a chance to rebut.

soon after, luo chenxi felt her entire body become light. he carried her in his arms and walked toward the master bedroom.

“this hotel has king-sized waterbed. i heard it’s very interesting, so let’s try it out. if it’s good, i’ll buy one at home!”

trial, my ass!

she knew that this man didn't have any good intentions when he suddenly suggested staying in a hotel!  
to think that she had believed him and thought that he was really doing it for tang tang!

"wuwuwu, my waist ..."

.....

the next day, luo chenxi slept all the way until the afternoon because she was overly exhausted.

mu yichen had already received a call from brother liang.

"stupid woman, the locksmith you were looking for has been found. he promised to open this safe, but he'll be back in three days. can you wait?"

luo chenxi pondered for a moment before she nodded. "three days it is then."

knowing that lu wenjun's heart surgery was a success, she was relieved. at least, the people who took lu wenjun away did not have any intention of killing her.

moreover, ever since she saw the ring on the man's finger in the video, she had a strange feeling.

this matter ... seemed to be different from what she had imagined?

the two of them discussed again and decided to stay in B city for a few days and bring the little dumpling around to play.

B city was a famous tourist city in china with beautiful scenery. this was the first time the family of three had gone on a vacation together.

"will this delay your work?"

"why would i? i've already made the arrangements."

"you're the best, hubby!"

"daddi, you're the best!"

the two of them kissed him on both sides of his face.

mu yichen was secretly pleased with himself.

he couldn't have been more intelligent to come up with this idea of killing two birds with one stone!

it was one thing to go on vacation with a stupid woman, but more importantly, he had to investigate the lu family's matter!

don't think that he did not see luo chenxi talking to a man and a woman at the door when it was dark the day before.

his intuition told him that the man ... was a toad that only wanted to eat swan meat!
